NOTE – 1 : SIGNIFICANT ACCOUNTING POLICIES**Basis of Accounting :**

These financial statements have been prepared under the historical cost convention, in accordance with Indian Generally Accepted Accounting Principles (GAAP) and the provisions of the Companies Act, 1956.

The Ministry of Corporate Affairs revised Schedule VI to the Act for financial years commencing on or after 1st April, 2011. The Balance Sheet, Statement of profit and Loss and the comparative financial information for the previous year have accordingly been prepared and presented with disclosures as required under the Revised Schedule VI.

Accounting Convention

The financial statements are prepared under the historical cost convention on the “Accrual Concept” of accountancy in accordance with the accounting principles generally accepted in India and comply with the accounting standards issued by the Institute of Chartered Accountants of India to the extent applicable and with the relevant provisions of the Companies Act, 1956.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which results are known / materialized.

Fixed Assets

Fixed Assets are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises of all expenses incurred to bring the assets to its present location and condition. Borrowing costs directly attributable to the acquisition / construction are included in the cost of fixed assets. Adjustments arising from exchange rate variations attributable to the fixed assets are capitalized.

In case of new projects / expansion of existing projects, expenditure incurred during construction / preoperative period including interest and finance charges on specific / general purpose loans, prior to commencement of commercial production are capitalized. The same has been allocated to the respective fixed assets on completion of construction / erection of the capital project / fixed assets.

Capital assets (including expenditure incurred during the construction period) under erection / installation are stated in the Balance Sheet as “Capital Work in Progress.”

Impairment of Assets

At each balance sheet date, the Company reviews the carrying amounts of its fixed assets to determine whether there is any indication that those assets suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the asset.

Depreciation

All fixed assets, except capital work in progress, are depreciated on a STRAIGHT LINE METHOD as per the manner prescribed in Schedule II of the Companies' Act, 2013.

Depreciation on additions to / deletions from fixed assets made during the period is provided on pro-rata basis from / up to the month of such addition / deletion as the case may be. However, the company did not hold any depreciable assets during the year.

Investments

Long term investments are stated at cost. Current investments are stated at lower of cost and market price. Provision for diminution in the value of long term investments is made only if such a decline is other than temporary in the opinion of the management.

Inventories

Inventories are valued at the lower of cost and net realizable value. Cost of raw materials, stores & spares parts are ascertained on FIFO basis. Cost for finished goods and process stock is ascertained on full absorption cost basis. Cost of inventories comprise all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location & condition.

Revenue Recognition

Sales are recognized when goods are supplied. Sales are net of trade discounts, rebates and vat. It does not include interdivisional sales.

Revenue in respect of other item is recognized when no significant uncertainty as to its determination or realization exists.

Borrowing Cost

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

Employee Benefits

Short term employee benefits are recognized as an expense at the undiscounted amount in the profit and loss account of the year in which the related service is rendered.

Post employment and other long term employee benefits are recognized as an expense in the profit and loss account for the year in which the employee has rendered services.

Taxes on Income

Income tax expenses for the year comprises of current tax and deferred tax. Current tax provision is determined on the basis of taxable income computed as per the provisions of the Income Tax Act. Deferred tax is recognized for all timing differences that are capable of reversal in one or more subsequent periods subject to conditions of prudence and by applying tax rates that have been substantively enacted by the balance sheet date.

Provision, Contingent Liabilities and Contingent Assets

Contingent liabilities as defined in Accounting Standard-29 “Provisions, Contingent Liabilities and Contingent Assets” are disclosed by way of notes to the accounts. Disclosure is not made if the possibility of an outflow of future economic benefits is remote.

Provision is made if it is probable that an outflow of future economic benefits will be required to settle the obligation.

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources.

Contingent assets are neither recognized nor disclosed in the financial statements.

Earning Per Share

The Company reports basic and diluted earnings per share (EPS) in accordance with Accounting Standard 20 "Earnings per Share". Basic EPS is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all dilutive potential equity shares, except where the results are anti-dilutive.

Cash Flow Statement

The cash flow statement is prepared using the "indirect method" set out in Accounting Standard-3 "Cash Flow Statements" and presents the cash flows by operating, investing and financing activities of the Company.

Cash and cash equivalents presented in the cash flow statement consist of cash on hand and unencumbered, highly liquid bank balances.

Micro & Small Enterprises Dues

PROVISION FOR CONTINGENT LIABILITIES

Contingent liabilities (not provided for) is Nil.

CURRENT INCOME TAX

Tax provision has been made as per tax on the profits available to the company under Income tax Act, 1961.

DEFERRED INCOME TAX

Considering the volume of huge accumulated losses, the management is of the opinion that it is not necessary to recognise "Deferred Tax Assets" as there is no reasonable certainty of recoupment past carry forward losses. Hence no provision

for "Deferred Tax Assets" as per the Accounting Standard-22 on "Accounting for Taxes on Income" issued by the Institute of Chartered Accountants of India, is being made in the accounts.

In the opinion of the directors, current assets, loan and advances, other than doubtful have the value at which they are stated in the balance-sheet if realized in the ordinary course of business.
