The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under the Companies (Accounting Standards) Rules, 2006, (as amended) and the relevant provisions of the Companies Act, 1956.</p> <p>The accounting policies adopted in the preparation of financial statements are consistent with those of previous year, except for adoption of revised schedule VI, as detailed below.</p> <p>i. Adoption of Revised Schedule VI</p> <p>During the year ended March 31, 2013, the revised Schedule VI notified under the Companies Act, 1956, has become applicable to the Company, for preparation and presentation of its financial statements. The adoption of revised Schedule VI does not impact recognition and measurement principles followed for preparation of financial statements. However, it has significant impact on presentation and disclosures made in the financial statements. The Company has also reclassified the previous year figures in accordance with the requirements applicable in the current period.</p> <p>ii. Use of Estimates</p> <p>The preparation of financial statements in conformity with GAAP (generally accepted accounting principles) requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcome requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.</p> <p>iii. Fixed assets and Capital work-in-progress</p> <p>a. Tangible Assets:</p> <p>Fixed assets are stated at historical cost less accumulated depreciation. The cost comprises purchase price, borrowing costs if capitalization criteria are met and includes financing cost if any, relating to borrowed funds attributable to construction or acquisition of fixed assets, up to the date when the asset is ready for intended use, Any trade discounts and rebates are deducted in arriving at the purchase price.</p>
