i. Provisions and Contingent Liabilities

Provision are recognized for present obligations , of uncertain timing or amount, arising as a result of a past event where a reliable estimate can be made and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation. Possible obligations whose existence will only be confirmed by the occurrence or non occurrence of one or more uncertain future events, are also disclosed as contingent liabilities unless the possibility of outflow of resources embodying economic benefits is remote.

j. Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares during the year.
