## MANAGEMENT DISCUSSION & ANALYSIS REPORT

### Indian Economy

Indian economy estimated to grow by 9.2 percent in real terms in 2021-22 (as per first advanced estimates) subsequent to a contraction of 7.3 percent in 2020-21. GDP projected to grow by 8- 8.5 percent in real terms in 2022-23. The year ahead poised for a pickup in private sector investment with the financial system in good position to provide support for economy's revival. Projection comparable with World Bank and Asian Development Bank's latest forecasts of real GDP growth of 8.7 percent and 7.5 percent respectively for 2022-23. On demand side, consumption estimated to grow by 7.0 percent, Gross Fixed Capital Formation (GFCF) by 15 percent, exports by 16.5 percent and imports by 29.4 percent in 2021-22. Economic impact of "second wave" was much smaller than that during the full lockdown phase in 2020-21, though health impact was more severe. The liquidity in the system remained in surplus. Repo rate was maintained at 4 per cent in 2021-22. RBI undertook various measures such as G-Sec Acquisition Programme and Special Long-Term Repo Operations to provide further liquidity. The economic shock of the pandemic has been weathered well by the commercial banking system: YoY Bank credit growth accelerated gradually in 2021-22 from 5.3 per cent in April 2021 to 9.2 per cent as on 31st December 2021. Sensex and Nifty scaled up to touch peak at 61,766 and 18,477 on October 18, 2021.

### Global Economy

The global economic recovery is continuing, even as the pandemic resurges. The fault lines opened up by COVID-19 are looking more persistent – near-term divergences are expected to leave lasting imprints on medium-term performance. Vaccine access and early policy support are the principal drivers of the gaps. The global economy is projected to grow 5.9 percent in 2021 and 4.9 percent in 2022, 0.1 percentage point lower for 2021 than in the July forecast. The downward revision for 2021 reflects a downgrade for advanced economies – in part due to supply disruptions – and for low-income developing countries, largely due to worsening pandemic dynamics. This is partially offset by stronger near-term prospects among some commodity-exporting emerging market and developing economies. As restrictions are relaxed, demand has accelerated, but supply has been slower to respond. Although price pressures are expected to subside in most countries in 2022, inflation prospects are highly uncertain. These increases in inflation are occurring even as employment is below pre-pandemic levels in many economies, forcing difficult choices on policymakers. Strong policy effort at the multilateral level is needed on vaccine deployment, climate change, and international liquidity to strengthen global economic prospects. Rapid spread of Delta and the threat of new variants have increased uncertainty about how quickly the pandemic can be overcome. Policy choices have become more difficult, with limited room to maneuver.

### Industry Overview

Fast-evolving technology landscapes, dynamic economic environments and the emergence of digital business has created a need for enterprises to look for a partner to advise, design and execute their technology transformation and support programs. Large multinational enterprises are engaging global IT Services companies who can deliver high quality service on a global scale and at competitive costs.

Over the past two decades, with the emergence of the internet and inexpensive connectivity, the global delivery model of service delivery has risen to become the preferred model in sourcing of IT services, business process services and research and development services. In this period, service providers have gained technological expertise, domain competency and delivery capability by either developing organically or by acquiring companies with these competencies. Large multinational enterprises are engaging global IT Services companies to deliver high quality service on a global scale and at competitive costs. We believe the IT Services industry has significant growth potential.

## **Industry Structure & Development**

The Indian IT industry growth was normal during the year

However, in the course of the last decade, India's IT software industry has scripted one of the most amazing success stories by contributing very substantially to India's flourishing forex reserves and to employment, along with radically altering the country's image and standing amongst nations.

## **Opportunities & Threats**

IT, when appropriately used, has proven to be of immense benefit in increasing efficiency, cutting costs, improving decision-making and providing better customer service. There are document case studies on how IT has helped reduce inventories, cut down time-to-market, and generally improved the bottom-line of companies.

As an enabler and enhancer, IT is clearly a major productivity too. India's software expertise has helped foreign companies - and countries - to become more competitive. So far, most of this has been to companies / countries that are not in direct competition with Indian companies or India. It would, indeed, be ironical if Indian software expertise were to enhance a competitor's productivity, and help it overtake Indian companies. (Source: NASSCOMM report)

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the **Companies Act, 2013** ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its profit & Loss (including the Other Comprehensive Income), Statement of Changes in Equity and cash flows for the year ended on that date.

#### **Basis for opinion**

We conducted our audit in accordance with the standards on auditing specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Information other than the financial statements and auditors' report thereon**

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the financial statements and our auditor's report there on.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

### **Management's responsibility for the financial statements**

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors is also responsible for overseeing the Company's financial reporting process.

### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of the internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Annexure “B” to the Independent Auditor’s Report on the standalone financial statements of M/s. Centerac Technologies Limited for the year ended 31st March 2022.**

Report on the Internal Financial Controls under Clause (f) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s. Centerac Technologies Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the

transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

These Financial Statements are prepared on an accrual basis under the historical cost convention or amortised cost, except for certain financial assets and liabilities that are measured at fair value as required by relevant Ind AS. All assets and liabilities have been classified as current and non- current as per company’s normal operating cycle. The company has considered an operating cycle of 12 months based on nature of services rendered and time elapsed between deployment of resources and realization in cash and cash equivalents of the consideration for such services rendered. The statements of cash flows have been prepared under Indirect Method .These standalone financial statements have been prepared in Indian Rupee which is the functional currency of the Company.

##### b) Use of Estimates

The preparation of these standalone financial statements in conformity with the recognition and measurement principles of IND AS requires the management of the company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the period presented. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which estimates are revised and future periods are affected.

##### c) Revenue recognition

The company provides Information Technology Support service and recognizes revenue only when the Company satisfies performance obligation by transferring promised services to the customer at consideration which the Company is expected to be entitled to in exchange for those services. Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable interest rates. Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of

income can be measured reliably. Interest income from a financial asset is recognized using the effective interest rate (EIR), which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition. Dividend Income is recognised when the right to receive the payment is established. Incomes from investments are accounted on an accrual basis.

d) **Property Plant & Equipment**

Property plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use less accumulated depreciation (other than freehold Land) and impairment loss if any. The carrying amount of an item of Property Plant & Equipment is derecognised upon disposal or when no future economic benefit is expected to arise from its continued use. Any gain or loss arising on the derecognition of an item of Property Plant & Equipment is determined as the difference between the net disposal proceeds and the carrying amount of the item and is recognised in Statement of Profit and Loss. The estimated useful life and residual values are reviewed at the end of each reporting period with the effect of any change in estimate accounted for on a prospective basis.

f) **Impairment of Non Financial Assets**

The Carrying value of assets/cash generating units at each Balance sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognized if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived by discounting the future cash flows to their present value based on appropriate discount factor. When there is an indication that an impairment loss recognized for an asset in earlier accounting periods no longer exists or may have decreased such reversal of impairment loss is recognized in the statement of Profit and Loss.

g) **Financial Assets Financial Liabilities and equity instruments**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial assets or financial liabilities. The Company derecognizes a financial asset only when the contractual rights to the cash flows from the financial asset expire or when the Company transfers its contractual rights to receive the cash flows of the financial asset and substantially all the risks and rewards of ownership of the financial asset are transferred to another entity. The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled or expired. The Company also derecognizes a financial liability when its terms are modified and the cash flows under the modified terms are substantially different.

**Classification and Subsequent Measurement: Financial Assets:**

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

A financial asset are subsequently measured at amortized cost if these financial asset are held within a business whose objective is to hold financial assets in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial Assets at Fair Value through Other Comprehensive Income:**

Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at original effective rate of interest. For Trade Receivables, in view of the Company's credit policy and past history of not so significant default in Trade Receivables, instead of recognizing allowance for expected credit loss based on provision matrix, which uses an estimated default rate, the Company makes provision for doubtful debts based on specific identification. The Company continuously monitors defaults of customers and other counter parties and makes necessary adjustments for loss allowance, if required.

#### **h) Foreign Currency Transactions**

Transactions denominated in foreign currencies is normally recorded at the exchange rate prevailing on the date of transaction. Monetary items denominated in foreign currencies at the year end are restated at the year end rates. Non-monetary items, if any, that are measured at historical cost denominated in a foreign currency are translated using the exchange rate as at the date of initial transaction. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

#### **i) Employee Benefits**

##### **Short term employee benefits**

All employee benefits payable wholly within twelve months of rendering service are classified as short-term employee benefits. Benefits such as salary, wages etc are accounted for in the year in which the related services are rendered by the employees.

##### **Long-term employee benefits**

###### **Defined Contribution Plan:**

Contributions to Defined contribution plans are recognized as expense when employees have rendered services entitling them to such benefits.

###### **Defined benefit plan**

For Defined benefit plans the cost of providing benefits is determined using the Projected Unit Credit Method with actuarial valuations being carried out at each Balance Sheet date. Re-measurement, comprising actuarial gains and losses is reflected immediately in the Balance Sheet with a charge or credit to retained earnings through Other Comprehensive Income (OCI). Past service cost is recognised immediately for both vested and the non-vested portion. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation.

j) **Fair Value measurements of Financial Instruments**

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets (Net Assets Value in case of units of Mutual Funds), their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

k) **Provisions**

The company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

l) **Contingent Liabilities**

The company uses significant judgements to disclose contingent liabilities. Contingent Liabilities are disclosed when there is a possible obligation arising from past events the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made .

Contingent Assets are neither recognized nor disclosed in the Financial Statements.

m) **Provision for Income Tax and Deferred tax assets**

The company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue cost, allowances and disallowances which is exercised while determining the provision for income tax. A Deferred Tax Asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized .Accordingly the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

n) **Earning per share**

The basic earnings per share is computed by dividing the net profit / (loss) attributable to the equity shareholders of the company by the weighted average number of equity shares outstanding during the reporting period. Diluted earnings per share is computed by dividing the net profit / (loss) attributable to the equity shareholders for the year, as adjusted for the effects of potential dilution of equity shares, if any, by the weighted average number of equity and dilutive equity equivalent shares outstanding during the reporting period.

- 3) No provision for deferred tax asset is made on account of the business loss and unabsorbed depreciation carried forward under the Income Tax Act. The deferred tax assets has not been recognized as there is no reasonable certainty of sufficient taxable income being available against which such deferred tax assets can be realized.
