MANAGEMENT DISCUSSIONS AND ANALYSIS REPORT**STRUCTURE AND DEVELOPMENTS, OPPORTUNITIES AND THREATS, PERFORMANCE, OUTLOOK, RISKS AND CONCERNS:**

Your Company is registered with Reserve Bank of India as Non- Banking Financial Institution and is categorized as 'Non- Deposit taking NBFC'. The Non-Banking Financial Companies ("NBFCs") in India have evolved over the last fifty years to emerge as notable alternate sources of credit intermediation, especially for the last mile credit delivery. The Non-Banking Financial Companies (NBFCs) sector is integral to the Indian financial landscape. It aids in boosting financial inclusion initiative by lending services to the unbanked population in rural/ semi-urban and urban areas.

The year was marked by major events namely demonetization of specified bank notes, passage of Goods and Services Tax (GST) Bill by the Parliament. While the former evoked a lot of heated debate both in Parliament and in the media, the disruptions caused by this move were only temporary; the intended benefits are expected to flow though in the future. Global economic growth, after a long period of stagnation, is projected to rise from 3.1 percent in 2016 to 3.5 percent in 2017. The improvement in the emerging markets and developing economies with proper investment in human and physical capital will help to facilitate the growth. The GDP for F.Y. 2016-17 touched 7.1%, demonstrating the fact that the country's economic fundamentals continue to be strong. In the current situation where the Government seeks to reduce the economy's dependence on cash, the increased focus on technology acceptance promises to take the sector on a path of rapid growth.

The Company is exposed to variety of risks such as credit risk, economy risk, interest rate risk, liquidity risk and cash management risk, among others. ANNEXURE B TO INDEPENDENT AUDITOR'S REPORT

(Referred to in our Report of even date)

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of Tokyo Finance Limited ('the Company') as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of the Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
