The company had discontinued its manufacturing activities (i.e. manufacturing of Ordinary Portland Cement) since January 2002 and not in operation since then. However during the year 2008-09, the management has started new trading activity (i.e. trading of Store and spares/Machinery spares and material for Cement and allied industry) and achieved the turnover of Rs.29.36 Lacs and Rs. 127.65 Lacs in the year 2008-09 and 2009-10 respectively. disposed off the part of remaining assets (i.e. Plant & Machinery, Electrical/Pollution/Laboratory Equipments, other assets and assets acquired under Capital work-in-progress new expansion scheme, which Cost/W.D.V. as on 31-03-2009 Rs. 3456166.11) for Rs. 2293530.00, thereby suffering a loss of Rs. 1162636.11. In the view of restructuring process initiated by the management of the company, it has already repaid all the dues towards Financial Institution/bank under one time settlement scheme after disposing off substantial part of the fixed assets and has also started new business activities (i.e. trading of Store and spares/Machinery spares and material and Services for installation of Machinery parts for Cement and allied industry). All these above efforts reflect that the Management of the Company is serious for revival of the company from the existing crisis. Hence, the management is hopeful to re-establish the business activities in the ensuing years and so the management has prepared the accounts of the company on the going concern concept.

**Ambala Cements Ltd.**

**AMBALA CEMENTS LIMITED**  
**MANAGEMENT DISCUSSION AND ANALYSIS**

**1. INDUSTRY STRUCTURE AND DEVELOPMENTS:**

Initially the company had set-up the unit for manufacturing of Ordinary Portland Cement (OPC) through the Vertical Shaft Kiln (VSK) technology. The company's product i.e. OPC through VSK could not stand the competition with the big plants manufacturing cement through the Rotary Kiln and had to face marketing difficulties and ultimate closure of the said activities due to heavy losses and non-acceptability of their product in the market. However, the company started new business activities (i.e. trading of Store and spares/Machinery spares and material and Services for installation of Machinery parts for Cement and allied industry) and achieved better results in the current year.

**2. OPPORTUNITIES, THREATS, RISKS AND CONCERN:**

The company had discontinued its manufacturing activities (i.e. manufacturing of Ordinary Portland Cement) since January 2002 and not in operation since then. However, during the year 2008-09 the management has started new trading activity (i.e. trading of Store and spares/Machinery spares and material for Cement and allied industry) and achieved the turnover of Rs.29.36 Lacs and Rs. 127.65 Lacs in the year 2008-09 and 2009-10 respectively. During the last quarter of the current financial year the management of the company has also added new line of activity i.e. Services for Installation of Machinery Parts of Cement and Allied industry and earned the receipt of Rs.26.00 Lacs. All these above efforts reflect that the Management of the Company is serious for revival of the company from the existing crisis.

**3. SEGMENT WISE OR PRODUCT-WISE PERFORMANCE:**

The company's business mainly comprised of manufacturing of Ordinary Portland Cement. However, the company is not in production since January 2002 and disposed off all the plant machinery and equipments. Hence no production and sales activities have been made since then. During the year 2008-09 the management has started new trading activity (i.e. trading of Store and spares/Machinery spares and material for Cement and allied industry) and achieved the turnover of Rs.29.36 Lacs and Rs. 127.65 Lacs in the year 2008-09 and 2009-10 respectively. During the last quarter of the current financial year the management of the company has also added new line of activity i.e. Services for Installation of Machinery Parts of Cement and Allied industry and earned the receipt of Rs.26.00 Lacs.

**4. OUTLOOK:**

In view of restructuring process initiated by the management of the company, the Company has already repaid all the dues towards Financial Institution/Bank under one time settlement scheme after disposing off substantial part of the fixed assets. Previously, the management has started new trading activity (i.e. trading of Store and spares/Machinery spares and material for Cement and allied industry) and achieved the turnover of Rs.29.36 Lacs and Rs. 127.65 Lacs in the year 2008-09 and 2009-10 respectively. During the last quarter of the current financial year the management of the company has also added new line of activity i.e. Services for Installation of Machinery Parts of Cement and Allied industry and earned the receipt of Rs.26.00 Lacs. All these above efforts reflect that the Management of the Company is serious for revival of the company from the existing crisis. Hence, the management is hopeful to re-establish the business activities in the ensuing years.

**5. INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY:**

There are adequate internal control procedures commensurate with the size of the company and the nature of its business. However, due to discontinuance of main activity since January 2002 and in view of low volume of its transactions, the company does not have a formal system of internal audit. However, there is an audit committee which interacts with the statutory auditors at regular intervals of time. The management also regularly reviews the utilization of fiscal resource, compliance with law, efficiencies, so as to ensure optimum utilization of resources and achieve better efficiencies.

**6. MATERIAL DEVELOPMENT IN HUMAN RESOURCES/INDUSTRIAL RELATIONS FRONT INCLUDING NUMBER OF PEOPLE EMPLOYED:**

*Sanil Chandra*

Due to discontinuance of main activities since January 2002 and in view of low volume of its transactions, the company is not having regular workforce.

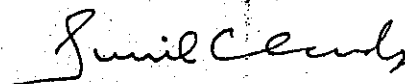

7. **CAUTIONARY STATEMENT:**

Statements in the management discussion and analysis may be "forward looking" statements within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to your Company's operations include economic conditions affecting demand/supply and price conditions in the domestic and international markets, changes in the Government regulations, tax laws, other statutes and other incidental factors.

**ANNEXURE I REFERRED TO IN PARAGRAPH 2 OF AUDITOR'S REPORT OF EVEN DATE ON THE  
ACCOUNTS OF AMBALA CEMENTS LIMITED FOR THE YEAR ENDED 31<sup>ST</sup> MARCH 2010**

1.
  - (a) The company has maintained proper records showing full particulars including quantitative details and situation of fixed assets
  - (b) As explained to us that, due to disposal of substantial part of assets, no physical verification has been conducted during the year. However, the necessary verification regarding wear and tear of the remaining assets has been conducted by the responsible staff during the year at regular intervals of time. No material discrepancies were noticed on such verification.
  - (c) The company had previously disposed off substantial part of fixed assets and it also has disposed off the part of remaining assets (i.e. Plant & Machinery, Electrical/Pollution/Laboratory Equipments, other assets and assets acquired under Capital work-in-progress new expansion scheme) during the year. However, as explained by the management that the account has been prepared on the basis of going concern concept in view of restructuring process initiated by the management of the company. Because the company has already repaid all the dues towards Financial Institution/Bank under one time settlement scheme after disposing off substantial part of the fixed assets and has also started new business activities (i.e. trading of Store and spares/Machinery spares and material and Services for installation of Machinery parts for Cement and allied industry). All these above efforts reflect that the Management of the Company is serious for revival of the company from the existing crisis. Hence, the management is hopeful to re-establish its business activities in the ensuing years.
2.
  - (a) As explained to us that, the entire old stock (i.e. raw material, finished and semi-finished goods) except stores and spares of the company has been disposed off during the year and started the new business activities. The stock of raw material, stores & spares and finished/semi-finished goods of the company regarding new activities have been physically verified at frequent intervals during the year by the management and in our opinion, the frequency of verification is reasonable.
  - (b) The procedure of physical verification of inventories followed by the management regarding new activities, are reasonable and adequate in relation to the size of the company and the nature of its business.
  - (c) The company has maintained proper records of inventories and the discrepancies noticed on the physical verification of stocks as compared to book records, which in our opinion were not material, have been properly dealt with in the books of accounts.
  - (d) The management has valued the old stock of store and spares as per stock records maintained by the company and no physical verification was carried out during the year under consideration to work out damaged stock. The company has taken book value as value of the old stock of store and spares. So, we do not offer any comments on the value of the old stock of store and spares as shown in the Balance Sheet, as we have relied on the management's certificate regarding the value and quality of it.
3.
  - (a) The company has not granted any loans, secured or unsecured, to companies, firms and other parties listed in the register maintained under section 301 of the Companies Act, 1956, where the rate of interest and other terms and conditions are, prima facie, prejudicial to the interest of the company.

5. The balance appearing under the head Sundry Creditors, other creditors, advances recoverable and sundry debtors are not confirmed.

7. The amount outstanding under the head Capital work-in-progress amounting to Rs.893395.13 (Previous year Rs.893395.13), which consist of capital expenditure on Plant & Machinery and Electrical equipments, etc., has been disposed off during the current year for Rs.540730.00, thereby suffering a loss of Rs. 352665.11.

Because the company has already repaid all the dues towards Financial Institution/Bank under one time settlement scheme after disposing off substantial part of the fixed assets. During the last quarter of the current financial year the management of the company has also added new line of activity (i.e. Services for Installation of Machinery Parts of Cement and Allied industry) and earned the receipt of Rs.26.00 Lacs. All these above efforts reflect that the Management of the Company is serious for revival of the company from the existing crisis.
