Management Discussions and Analysis: 2017-18**Industry Structure and Analysis:**

During the current year of 2017-18 the Indian economy grew at a healthy pace of 6.7% while witnessing an incredible 7.4% GDP growth during the last quarter. As per the International Monetary Fund, India is pegged to grow at 7.8% in the year 2018-19. Though 2017-18 was an overall promising year, there were some short-term disruptions due to transitions in domestic regulatory framework as well as economic challenges on the global front. This resulted in temporary domestic uncertainty thereby resulting in reduction in hiring by corporate India.

Risks, Concerns and challenges:

As the need for skilling India continues to be on the rise, the last year has seen the emergence of a lot of new players entering the skilling domain. Even though this promotes healthy competition within the industry, there is also a risk of non-performance by these newer entrances. In order to tackle this, the government has been upgrading the compliance and monitoring systems to ensure quality of work. Even this is beneficial from a macro perspective; the increase in compliance and regulatory framework does pose a challenge during the transition period. However as we are already adopting global practices, this transition and its impact shall be only temporary.

Outlook & Opportunity:

With introduction of new skill development schemes and programs by various state and central government departments, the scope of growth in this domain continues to be on the rise. We are in working on partnering the government for various schemes and projects that will add significant revenue and growth to our company.

We have been expanding in the semi-rural areas of the country to cater to the training demands of the new emerging youth. As the need to satisfy the demand at a localized level is still very high, the need to create local infrastructure in on the rise. We are working on expanding our training center network along with our bouquets of courses.

Segment / Product wise Performance:**Training & Skill Development:**

As the government continues to roll of revised and upgraded skill development programs, our team is constantly working in creating new associations and alliances. The overall skill development sector continues to witness a steady growth and with our rich expereice in this domain, we continue to increase our footprint on the skill development map.

We continue to expand our training network with addition of new facilities across different states, with a strong focus on the semi- urban areas. We have witnessed a tremendous growth in the exposure and demand of the local youth and we are starting to reap the benefit from our business focus in these areas.

Internal Control Systems:

As we follow global practices for maintaining a dynamic and integrated online ERP, we are able to better manage our resources and the system allows us to take efficient and timely decisions. Our new MIS system provides us with better and more efficient operational controls.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF LCC INFOTECH LIMITED – 31ST MARCH 2018

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the internal financial controls over financial reporting of LCC Infotech Limited ("the Company") as at 31 March 2018 in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- (a) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (c) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements

due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. SIGNIFICANT ACCOUNTING POLICIES**A. BASIS OF PREPARATION OF FINANCIAL STATEMENTS**

These financial statements have been prepared to comply with the Indian Accounting Standards ('Ind AS') including the rules notified under the relevant provisions of the Companies Act, 2013. The financial statements are prepared on accrual basis under the historical cost convention.

B. USE OF ESTIMATES

The preparation of financial statements in conformity with Indian Accounting Standards ('Ind AS') requires judgments, estimates and assumptions to be made that affect the reported amount of assets and liabilities, disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Although these estimates are based upon the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amount of assets and liabilities in future periods.

C. FIXED ASSETS**Tangible Assets**

Tangible Assets are stated at cost less accumulated depreciation and impairment loss, if any. The cost of Tangible Assets comprises its purchase price, borrowing cost and any cost directly attributable to bringing the asset to its working condition for its intended use. Subsequent expenditures related to an item of Tangible Asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

D. DEPRECIATION, AMORTISATION AND DEPLETION**Tangible Assets**

Depreciation on Fixed Assets is provided to the extent of depreciable amount on the Straight Line Method (SLM). Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

Depreciation on Fixed Assets added/disposed off during the period is provided on prorata basis with reference to the date of addition/disposal.

In case of impairment, if any, depreciation is provided on the revised carrying amount of the assets over their remaining useful life.

E. IMPAIRMENT

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. An impairment loss is charged to the Profit and Loss Statement in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

F. INVESTMENTS

Investments that are readily realizable and intended to be held for not more than one year from the date on which such investment is made are classified as Current Investments. Current investments are carried at lower of cost and quoted/fair value, computed category-wise. Non Current investments are stated at cost. Provision for diminution in the value of Non Current investments is made only if such a decline is other than temporary.

G. INVENTORIES

Items of inventories are measured at lower of cost and net realizable value.

H. Cash and Cash Equivalents

Cash and cash equivalents in the cash flow statement comprise of cash at bank and Cash/Cheque on hand and short-term investments with an original maturity of three months or less.

I. Earnings per Share

Basic Earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

J. REVENUE RECOGNITION

- a.) Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.
- b.) Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rates applicable.
- c.) Dividend income is recognized when the shareholder's right to receive dividend is established by the balance sheet date.

K. ACCOUNTING FOR TAXES ON INCOME

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to the tax authorities, using the applicable tax rates. Deferred income tax reflect the current period timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier years/period. Deferred tax assets are recognized only to the extent that there is a reasonable certainty that sufficient future income will be available except that deferred tax assets, in case there are unabsorbed depreciation or losses, are recognized if there is virtual certainty that sufficient future taxable income will be available to realize the same. Deferred tax assets and liabilities are measured using the tax rates and tax law that have been enacted or substantively enacted by the Balance Sheet date.

L. PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provision is recognized in the accounts when there is a present obligation as a result of past event(s) and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognized nor disclosed in the financial statements.

M. Employee Benefit Expense

Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognized as an expense during the period when the employees render the services.

Post Employment Benefits

Defined Contribution Plans

The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to a reduction in future payment or cash refund.

N. FINANCE COST

Borrowing cost that are directly attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

1. SIGNIFICANT ACCOUNTING POLICIES**A. BASIS OF PREPARATION OF FINANCIAL STATEMENTS**

The Consolidated Financial Statements have been prepared on the historical cost basis. The Consolidated Financial Statements have been prepared to comply with the Indian Accounting Standards ('Ind AS'), including the rules notified under relevant provisions of the Companies Act 2013.

The Consolidated Financial Statements of LCC INFOTECH LIMITED and its subsidiary, being the entity that it controls. Controls are assessed in accordance with the requirement of Ind AS 110 – Consolidated Financial Statements.

B. PRINCIPLES OF CONSOLIDATION

1. The financial statements of the Holding Company and its subsidiary are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.
2. There is no difference in accounting policies adopted by the holding company and its subsidiary. The Consolidated Financial Statements have been prepared using uniform accounting policies.

C. USE OF ESTIMATES

The preparation of financial statements in conformity with Indian Accounting Standards ('Ind AS') requires judgments, estimates and assumptions to be made that affect the reported amount of assets and liabilities, disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Although these estimates are based upon the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amount of assets and liabilities in future periods.

D. FIXED ASSETS**Tangible Assets**

Tangible Assets are stated at cost less accumulated depreciation and impairment loss, if any. The cost of Tangible Assets comprises its purchase price, borrowing cost and any cost directly attributable to bringing the asset to its working condition for its intended use. Subsequent expenditures related to an item of Tangible Asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

E. DEPRECIATION, AMORTISATION AND DEPLETION**Tangible Assets**

Depreciation on Fixed Assets is provided to the extent of depreciable amount on the Straight Line Method (SLM). Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

Depreciation on Fixed Assets added/disposed off during the period is provided on prorata basis with reference to the date of addition/disposal.

In case of impairment, if any, depreciation is provided on the revised carrying amount of the assets over their remaining useful life.

F. IMPAIRMENT

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. An impairment loss is charged to the Consolidated Statement of Profit and Loss Statement in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

G. INVESTMENTS

Investments that are readily realizable and intended to be held for not more than one year from the date on which such investment is made are classified as Current Investments. Current investments are carried at lower of cost and quoted/fair value, computed category-wise. Non Current investments are stated at cost. Provision for diminution in the value of Non Current investments is made only if such a decline is other than temporary.

H. INVENTORIES

Items of inventories are measured at lower of cost and net realizable value.

I. Cash and Cash Equivalents

Cash and cash equivalents in the cash flow statement comprise of cash at bank and Cash/Cheque on hand and short-term investments with an original maturity of three months or less.

J. Earnings per Share

Basic Earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

K. REVENUE RECOGNITION

- a) Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.
- b) Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rates applicable.
- c) Dividend income is recognized when the shareholder's right to receive dividend is established by the balance sheet date.

L. ACCOUNTING FOR TAXES ON INCOME

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to the tax authorities, using the applicable tax rates. Deferred income tax reflect the current period timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier years/period. Deferred tax assets are recognized only to the extent that there is a reasonable certainty that sufficient future income will be available except that deferred tax assets, in case there are unabsorbed depreciation or losses, are recognized if there is virtual certainty that sufficient future taxable income will be available to realize the same. Deferred tax assets and liabilities are measured using the tax rates and tax law that have been enacted or substantively enacted by the Balance Sheet date.

M. PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provision is recognized in the accounts when there is a present obligation as a result of past event(s) and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognized nor disclosed in the financial statements.

N. Employee Benefit Expense

Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognized as an expense during the period when the employees render the services.

Post Employment Benefits

Defined Contribution Plans

The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to a reduction in future payment or cash refund.

P. FINANCE COST

Borrowing cost that are directly attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Consolidated Statement of Profit and Loss for the period for which they are incurred.
