20. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES ADOPTED BY THE COMPANY AND NOTES FORMING PART OF THE ACCOUNTS

A. Statement of Significant Accounting Policies adopted by the Company:

(1) Basis of Accounting:

The financial statements are prepared under the historical cost convention on the accrual basis of accounting in accordance with the generally accepted accounting principles, the applicable mandatory Accounting Standards and the relevant provisions of the Companies Act, 1956.

(2) Fixed Assets and Depreciation :

(i) Fixed Assets :

Fixed Assets are stated at cost of acquisition/book value less accumulated depreciation/amortisation. Costs include all expenses incurred to bring the assets to its present location and condition. Fixed assets individually costing ₹ 5000/- or less are depreciated fully in the year of Acquisition.

(ii) Depreciation / Amortisation:

- (a) Depreciation on assets is provided on Straight Line Method at the rates prescribed in Schedule XIV to the Companies Act, 1956 except on assets acquired on second hand basis, where depreciation is provided over their remaining estimated useful life.
- (b) Cost of Intangibles capitalised is amortised over their useful life.
- (c) Cost of ERP Software capitalised is amortised over a period of five years.
- (d) Depreciation / Amortisation on additions or on sale/discardment of assets is provided on pro-rata basis from the month of such addition or up to the month of such sale / discardment as the case may be.

(iii) Amortisation of Facilities at Customers' site :

All facilities in the nature of assets created at the customers' site and which are to be abandoned at the end of the contract are written off / amortised in equal annual instalments over the period commencing from the year of completion of the facility upto the contracted year for completion of the contract. Billable reimbursements against such facilities, if separately identified in a contract, are similarly credited in equal annual instalments against the write-offs over the said period.

(3) Investments :

All Long term investments are stated at cost. Diminution, if any, in the value of investments, other than temporary, is provided for each investment individually.

(4) Inventories :

(i) Stores and Spares :

Stores and Spares are valued at cost or net realisable value whichever is lower, computed on 'First in First out' basis. Cost comprises of all costs of purchase and other costs incurred in bringing the inventories to its present location and condition.

(ii) Incomplete Contract Works under Contract Work-in-Progress:

"Incomplete Contract Works" are valued by the direct cost method. The direct cost rate is determined for each contract separately by considering all direct costs specifically

attributable to each contract. The concept of valuation of "Incomplete Contract Works" under "Contract Work-in-Progress" arises only after the stage when direct costs under each contract are not carried forward any further as "Accumulated Direct Costs" as contemplated in policy 5 (iii) below.

(5) Income and Expenditure :

Engineering construction business:

- (i) Income by way of revenue arising out of execution of contract work (including supply of materials), is credited as "Income" only after at least 15% of the total estimated contract costs (i.e. direct and indirect costs) in respect of each contract are incurred (on accrual basis). Such revenue is recognised, as the contract progresses, by reference to the stage of completion of each contract and the invoices acknowledged by the customer's representative. Procurement of goods and materials, prior to commencement of the contract activity, is not considered as a progress in the contract activity and hence, no revenue is recognised, although, value of such goods and materials procured, exceeds 15% of the estimated contract costs.
- (ii) The Company follows the "Percentage of Completion Method" of accounting for execution of contract work. The revenue from the execution of contracts is recognised proportionately with the degree of completion achieved under each contract, matching revenue with expenses incurred. Therefore, the invoices raised for claiming periodic payments from customers are not accounted as income and the "Sundry Debtors / Advances received against Contracts" are reflected accordingly. Claims made on account of escalation in costs and on account of variation in contract work approved by the customers, are both, recognised as revenue only when and to the extent of the acceptance/realisation of the amount of the claim or variation.
- (iii) Direct costs i.e. all costs related to contracts, which are accounted on accrual basis, are charged to revenue in respect of each contract undertaken, only after at least 15% of the total estimated contract costs (i.e. all direct and indirect costs) in respect of each contract are incurred. Till such time, all such direct costs accounted in respect of each contract are carried forward to the next accounting year as "Accumulated Direct Costs" under "Contract Work-in-Progress". Indirect costs are treated as expenses for the year in which they are incurred on accrual method of accounting and charged to revenue.
- (iv) Income from EDP services provided is accounted on accrual basis.

Infotech Business:

Other Income and Expenditure:

- (v) Other Revenue / Income and Costs / Expenditure are generally accounted on accrual, as they are earned or incurred.

(6) Use of Estimates :

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reported period. Differences between actual results and estimates are recognised in the period in which results are known.

(7) Retirement and other Employee Benefits:

- (i) **Short term employee benefits** are recognised as an expense at the undiscounted amount in the Profit and Loss Account for the year in which the related service is rendered.
- (ii) **Post employment benefits**
 - (a) Defined contribution plans: Company's contribution to the superannuation scheme, state governed provident fund scheme, etc. are recognised during the year in which the related service is rendered.
 - (b) Defined benefit plans: The present value of the gratuity obligation is determined based on an actuarial valuation, using the Projected Unit Credit Method. Actuarial gains and losses arising on such valuation are recognised immediately in the Profit and Loss Account. The gratuity liability is funded with the Life Insurance Corporation of India and the fair value of the plan assets, is reduced from the gross obligation under the defined benefit plan, to recognise the obligation on a net basis.
- (iii) **Long term compensated absences** are provided on the basis of an actuarial valuation.
- (iv) **Termination Benefits** are recognised as an expense in the Profit and Loss Account for the year in which they are incurred.

(8) Foreign Currency Fluctuations:

- (i) All transactions in foreign currency, are recorded at the rates of exchange prevailing on the dates when the relevant transactions take place;
- (ii) Monetary items in the form of Current Assets and Current Liabilities in foreign currency, outstanding at the close of the year, are converted in Indian Currency at the appropriate rates of exchange prevailing on the date of the Balance Sheet. Resultant gain or loss is accounted during the year;

(9) Borrowing Costs :

Interest and other borrowing costs attributable to qualifying assets are Capitalised. Other interest and borrowing costs are charged to revenue.

(10) Taxation :

Income-tax expense comprises Current tax and Deferred tax charge or credit.

- (i) Provision for current tax is made on the assessable income at the tax rate applicable to the relevant assessment year. Minimum Alternate Tax (MAT) eligible for set off in subsequent years, (as per tax laws) is recognized as an asset by way of credit to the Profit and Loss Account only if there is convincing evidence of its realisation. At each balance sheet date, the carrying amount of MAT Credit Entitlement receivable is reviewed to reassure realisation.
- (ii) The Deferred tax Asset and Deferred tax Liability is calculated by applying tax rate and tax laws that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax Assets arising mainly on account of brought forward losses and unabsorbed depreciation under tax laws, are recognised, only if there is a virtual certainty of its realisation, supported by convincing evidence. Deferred tax Assets on account of other timing differences are recognised, only to the extent there is a reasonable certainty of its realisation. At each Balance Sheet date, the carrying amount of Deferred tax Assets are reviewed to reassure realisation.

(11) Impairment of Assets:

The Company, at each balance sheet date, assesses whether there is any indication that an individual asset or group of assets constituting a Cash Generating Unit (CGU) may be impaired. Provision for impairment loss is recognised where the recoverable amount of an asset or a CGU, is less than its carrying amount. Provisions for impairment losses recognised in earlier years are further reviewed at each balance sheet date and adjusted for changes in the estimated recoverable amount of asset / CGU.

(12) Provisions, Contingent Liabilities and Contingent Assets:

Provisions involving a substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognised but are disclosed in the financial statements. Contingent Assets are neither recognised nor disclosed in the financial statements.

(13) Assets taken on lease :

Assets taken on finance lease are accounted in accordance with Accounting Standard 19 on Leases. Lease payments are apportioned between finance charges and reduction of outstanding liabilities.

B. Notes forming part of the Accounts :

1. Loan Funds :

3. In the opinion of the Board of Directors, all items of Current Assets, Loans and Advances continue to have a realisable value of at least the amounts at which they are stated in the Balance Sheet, unless otherwise stated.

The employee-wise break-up of liability on account of employee benefits based on actuarial valuation is not ascertainable. The amounts relating to the Manager are, therefore, disclosed in the year of payment.

7. The Company has, as at 31st March, 2011 loans aggregating ₹ 119,675,000/- (Previous Year - ₹ 151,675,000/-) and interest

recoverable aggregating ₹ 56,589,934/- (Previous Year - ₹ 62,332,753/-) due from investment companies. The net worth of these companies has eroded. On the undertaking by these companies to pay the principal amount along with interest, (accrued upto 31st March, 2003) the Company had agreed to waive interest on these loans with effect from 1st April, 2003. As a matter of prudence, the Company had already stopped accounting for interest income on these loans with effect from 1st April, 2003. The management, based on its assessment of the estimated realisable values of the financial assets of these companies, believes that the Company would still be able to recover the loans and interest as mentioned above.

8. During the year, the Company has approved one time settlement with an investment company, referred to in Note No. B (7) above, to settle the total outstanding amount as on 30.12.2010. Accordingly, the investment company has paid an amount of ₹ 7,071,410/- towards principal outstanding. The balance amount of ₹ 7,071,409/- (Principal ₹ 1,328,590/- and interest ₹ 5,742,819/-) is written off during the year.
9. As per the understanding reached by Mukand Limited with Commerzbank AG as recorded in the Consent Terms filed in the Debt Recovery Tribunal, the Company during financial year 2002-2003 joined as a surety under the said Consent Decree to pay a sum of ₹ 76,000,000/- in the manner specified in the Consent terms, whereby the Company became entitled to assignment of the entire outstanding debt of ₹ 160,858,072/- due by Mukand Limited to the Bank together with the security held by the Bank. The Company discharged its obligations under the said Consent Terms and the aforesaid debt has been assigned in its favour. The difference between the face value of debt assigned to the Company and the obligation discharged by it aggregating ₹ 84,858,072/- was credited to the Profit and Loss Account as "Exceptional Income" during 2002-2003.

During the year 2009-10, the Company re-participated along with other secured creditors in restructuring of Mukand Limited's debts to receive the payment of principal amount and interest only over a period of 9 years (earlier 12 years), on similar lines, as other secured creditors, who have accepted the Financial Restructuring Package (FRP) approved by the Corporate Debt Restructuring Cell for Mukand Limited. As per the aforesaid FRP, interest for the period 1st April, 2002 to 30th September, 2004 was converted into a loan to be repaid till March 2013. The Principal amount will be repaid till March, 2015 as per the said FRP. The Company has ceded pari-passu charge on certain current assets and fixed assets of Mukand Limited to the extent of Priority Debt raised by Mukand Limited.

10. As per the practice, the Company assigns certain specific jobs to sub-contractors at various sites. As per the terms, the sub-contractors are primarily responsible for payment of

wages and all other employee benefits to its workmen engaged at the site. Whenever the sub-contractors had left the site and abandoned the contract without fulfilling their obligation to the workmen, the Company, as a principal employer, had paid an amount of ₹160,032,791/- in earlier years, to sub-contractors' workmen engaged and working on the site under Company's supervision. As the sub-contractors have not settled their accounts for a long time, the balances appearing in provision for expenses account and in sub-contractors' accounts are reversed during the year.

11. During the year, the Company reconciled old balances appearing in Contract Control Accounts (grouped under Debtor's balances) and accordingly an amount of ₹ 5,813,417/- (Net) is written off and included in "Sundry Balances Appropriated" in schedule 18.
