Outlook of the industry

The innate nature of egg powder makes it a highly marketable product but within certain restricted parameters. Fresh eggs have limited shelf-life and are only available in raw form, which is not the case with egg powder. In fact, egg powder is all the goodness of a fresh egg without the extra weight per volume of whole egg equivalent. Although the global fresh egg consumption remains higher, egg powder is quickly taking up the role of a convenient food product. Meanwhile, the commercial use of egg powder is certainly picking up steam, with its increased demand from the bakery and confectionery industry.

Many Experts offers a comprehensive analysis of the current market scenario of egg powder. It includes an exhaustive discussion on the dynamics that are shaping the consumption trends of egg powder worldwide. As per research findings, a significant surge in the rate of health conscious people globally is working to boost the overall egg powder market. Since, egg powder products hold a longer shelf life, it has become an obvious selection among food industries. Furthermore, with the rise in meat prices, egg powder is seen as a good substitute ingredient, together with a renowned source of protein. All of these factors are believed to drive growth in the egg powder market

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

In 2017, more than USD 900 Mn worth of egg powder was consumed worldwide. The global market for egg powder is projected to surge at a compound annual growth rate of 4.34% between 2018 and 2023.

Our Company has identified Russia as one of the biggest users of egg yolk and we have been continuously putting our efforts to cement our position within next two years time. Now we have started of exporting egg liquid to the B2B markets in UAE and Saudi Arabia. The company is eyeing the domestic B2C segment by introducing tetra packs in various sizes, Egg white cubes, Egg Protein Health drinks, etc.

Our company is one of the largest egg processing companies in Asia contributing more than 50% of total exports from India. While its modern testing facility has kept it ahead on the quality front, constant focus on innovation and competitive prices have bagged it some of the biggest clients in key markets-Japan, Europe. Far East & South East Asian countries and Russia besides food majors Mondelez, Hydrozol, etc.

Our company is expanding client list largely attributed to its quality checks. The company has always been proactive when it comes to improving quality standards, own analysis system for pesticide residue and antibiotics.

Future Prospects

Our company has business expansion to export the salted egg yolk to Middle East countries and also having plan to import egg products and value addition thereon.

Reckoning with the customers' awareness improving for the quality parameters on the one hand and the pricing of the products are taking place in the supply side on the other hand, the future prospects of the company is ensured.

Though operating in a competitive environment, the uniqueness of the model ensures a comfortable level of net margin availability to our organization.

SALES AND MARKETING:

This egg products international market is highly competitive one. In this situation, we, SKM Egg Products Export (India) Limited has established a very wide network in Russia, Europe, Far East, South East and Middle East Asian countries successfully. Since we are able to maintain good relationship with customers, consistency in quality and timely delivery, we are able to maintain our success by getting repeat orders for the past 22 years, particularly from the major markets of Russia, Japan, Europe, Indonesia, Thailand, Vietnam, Nigeria, Taiwan, Dubai, etc.,

Normally it is very difficult to enter Japan and Europe markets where USA and European suppliers are delivering at competitive prices. But, with our management's kind support, our marketing and sales team has successfully established our market share in these markets and sells our products at competitive prices where quality of our products is at par with Europe and USA suppliers.

Further we are the first Asian company in egg products sector to enter Russian market. It is not so easy to enter this market as European suppliers are very strong in this region. Nearly after 4 years of hard work (fulfilling their Regulation is so difficult), successfully we entered in this market in 2015-16 and now we are selling considerable volume in this market.

Our new product of Egg Liquid is highly acceptable in Europe and Middle East countries, and successfully penetrated in these markets. We are continuously exporting our egg liquid products in UAE and Middle East countries. And also two main customers in Oman have already approved our liquid products We hope to start our

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

deliveries in Oman market from September '18 onwards . Like that now we have re-entered Korea market and we expect good volume of business in this market in this year. Further, now we are working for Frozen egg products also; we expect to start our shipments of this product early from next year 2019.

In order to increase our market share and understand customer requirements, we are visiting customers at their place at regular intervals and also visiting international food shows to expand market contacts.

Now we are working to enter into the news markets of Bangladesh, Iran, Lithuania, etc., also working to identify new customers in Nigeria, Russia, Korea, Germany, etc., We hope, to expand our sales in these markets within end of this financial year.

SUBSIDIARY COMPANY:

The subsidiary helps the company in a big way in identifying new customers in Europe and improved the confidence level of customers through timely and qualitative services. The subsidiary is also taking initiatives to explore into markets which are untapped by the company till now.

HUMAN RESOURCES:

Your Company believes that its greatest assets are its people and training is an investment in long term people development, for organizational excellence. During the year under review, your Company has taken several new initiatives to ensure that the knowledge and wisdom gained over decades is handed down to the next generation of employees. A well balanced mix of domain knowledge and behavioral training was taken up towards talent transformation. These initiatives have paid good dividends in the form of a strong group of in-house facilitators of domain knowledge and an inspired team of employees geared up to serve the needs of your company's valued customer.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF SKM EGG PRODUCTS EXPORT (INDIA) LIMITED

Report on the Standalone Ind AS financial statements

We have audited the accompanying standalone Ind AS financial statements of M/s. **SKM EGG PRODUCTS EXPORT (INDIA) LIMITED**, (*"the Company"*), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss (Including Other Comprehensive Income), Statement of changes in equity, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "standalone Ind AS financial statements").

Management's Responsibility for the Standalone Ind AS financial statements:

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility:

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

ANNEXURE - A

TO THE INDEPENDENT AUDITORS' REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF SKM EGG PRODUCTS EXPORT (INDIA) LIMITED

Referred to in paragraph 1(f) under Report on Other legal and Regulatory Requirements of our Report of even date

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s. **SKM EGG PRODUCTS EXPORT (INDIA) LIMITED**, ("**the Company**") as of 31 March 2018 in conjunction with our audit of the Standalone Ind As financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls:

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility:

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

Meaning of Internal Financial Controls over Financial Reporting:

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting:

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion:

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

As required by the Companies (Auditor’s Report) Order, 2016 (“the Order”), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we report that,

1. a. The Company is maintaining proper records showing full particulars including quantitative details and situation of fixed assets.
- b. The fixed assets have been physically verified by the management at reasonable intervals and no material discrepancies were noticed on such verifications.
- c. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
2. The Management has conducted physical verification of inventory at reasonable intervals and no material discrepancies were noticed on physical verification.
3. The Company during the year has not granted any secured or unsecured loans to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Companies Act.
4. The Company during the year has not granted any loans, or made any investments, or given any security or guarantees and hence Section 185 and 186 of the Companies Act, 2013 are inapplicable.
5. The Company has not accepted any deposits from the public and hence this clause is inapplicable.
6. The Central Government has specified the maintenance of Cost Records under sub-section (1) of section 148 of the Companies Act, and such accounts and records have been made and maintained.
7. a. According to the records of the company, the company is regular in depositing undisputed statutory dues including provident fund, employee state insurance, income-tax, sales-tax, service Tax, duty of customs, duty of excise, value added tax, cess and other statutory dues, to the extent applicable, with the appropriate authorities. According to the information and explanation given to us, no undisputed amounts payable in respect of the aforesaid dues were outstanding as at 31st March, 2018 for a period of more than six months from the date they became payable.
- b. Disputed dues of income-tax, sales-tax, service Tax, duty of customs, duty of excise, value added tax, cess and other statutory dues, if any, pending as at 31st March, 2018 are given below:

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

Nature of the Statute	Nature of dues	Forum where the dispute is pending	Period to which the amount relates	Amount (Rs)

Inventories

Inventories are valued in line with Ind AS 2 - Inventories. Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any, except in case of by-products which are valued at net realisable value. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition. . The formula used for arriving at the cost for various items of inventories are as follows:

- | | |
|------------------------|-----------------------|
| i) Raw materials | FIFO |
| ii) Packing Materials | Weighted Average Cost |
| iii) Additives | Weighted Average Cost |
| iv) Stores & Spares | Weighted Average Cost |
| v) Semi-finished goods | FIFO |

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

vi) Finished goods	Standard Cost
vii) Livestock	Weighted Average Cost. The Carrying amount of the unamortised value of livestock in the financial statement is a close approximation of its fair value and hence in the best judgement of the management taking into consideration market and materiality factors it represents the fair value for livestock.

Revenue Recognition

Revenue from sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated cost can be estimated reliably, there is no continuing effective control or managerial involvement with the goods, and the amount of revenue can be measured reliably.

Revenue from sale of goods is measured at the fair value of consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Revenue is recognised and expenditure is accounted for on their accrual

Sales of Finished goods, Eggs, Birds & Feeds are recognised on accrual basis and are accounted for in the books of accounts on the dates on which the goods are actually despatched from the Factory, Farm, Feedmill respectively.

Interest Income :

Interest income from a financial asset is recognised using effective interest rate method.

Dividend Income :

Revenue on account of dividend income recognised when the Company's right to receive the payment has been established.

Government grants / assistance :

Revenue from grants, subsidies or government assistance in any form are recognised when the Company's right to receive the payment has been established.

Finance Cost

Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

Provisions

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, if it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Tax Expenses:

The tax expense for the period comprises current and deferred tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the comprehensive income or equity. In which case, the tax is also recognised in other comprehensive income or equity.

Current tax:

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities based on the tax rates that are enacted or substantively enacted at the Balance Sheet date.

Deferred Tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

Cash Flow Statements

Cash Flow Statement has been prepared under "Indirect Method". For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, in banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand and are considered part of the Company's cash management system. In the balance sheet, bank overdrafts are presented under borrowings within current liabilities.

Leases

Leases are classified as finance leases whenever the terms of the lease, transfers substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Assets held under finance leases are initially recognised as assets of the company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation.

Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately in Statement of Profit and Loss, unless they are directly attributable to the qualifying assets, in which case they are capitalized. Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term except where another systematic basis is more representative of time pattern in which economic benefits from the leased assets are consumed.

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

Property, plant & equipment:

Property, plant & equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net changes on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use are considered as pre-operative expenses and disclosed under Capital Work-in-progress

Depreciation on property, plant & equipment is provided on straight line method as per the useful life prescribed in Schedule II of the Companies Act 2013, except for imported plant & machinery for which the useful life has been taken based upon the technical evaluation by the expert committee on the useful life of the assets. In respect of assets added/adjusted during the year, depreciation is provided on pro-rata basis.

The residual values, useful lives and method of depreciation of property, plant & equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of a property, plant & equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Foreign currencies transactions and translation:

Transactions in foreign currencies are recorded at the exchange rate prevailing on the dates of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting rate.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets, are capitalized as cost of assets.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or Statement of Profit and Loss are also recognised in OCI or Statement of Profit and Loss, respectively.

Employee Benefits Expense:

Short Term Employment Benefits:

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

Post-Employment Benefits:

Defined Contribution Plans:

A defined contribution plan is a post-employment benefit plan under which the company pays specified contributions to the specific entity. The company makes specified monthly contributions towards Provident Fund and Pension Scheme. The company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined benefit plans:

The gratuity liability amount is contributed to the gratuity fund approved by the respective IT authorities. The present value of the obligation is determined based on actuarial valuation using the Projected Unit credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market.

Impairment of non-financial assets - property, plant and equipment:

The company assesses at each reporting date as to whether there is any indication that any property, plant and equipment or group of assets, called cash generating units (CGU) may be impaired. If any such indication exists, the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds the recoverable amount. The recoverable amount is the higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets. The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the company's financial statement requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Depreciation / amortisation and useful lives of property, plant and equipment and Livestock:

Property, plant and equipment / Livestock are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful lives and residual values are based on the company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for the future periods is revised if there are significant changes from previous estimates.

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

Recoverability of trade receivable:

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

Provisions:

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

Impairment of non-financial assets:

The company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a group of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

Impairment of financial assets:

Though there is no impairment of assets during the year, the Company generally follows the impairment provisions for financial assets which are based on assumptions about risk of default and expected cash loss rates. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

FIRST TIME ADOPTION OF IND AS

The Company has adopted Ind AS with effect from 1st April 2017 with comparable being restated and accordingly the company has prepared its first Financial Statements in accordance with Ind AS for the year ended 31 March 2018. For periods up to and including the year ended 31 March 2017, the company prepared its financial statements in accordance with Indian GAAP, including accounting standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended). The effective date for Company's Ind AS opening balance sheet is 1 April 2016 (the date of transition to Ind AS).

The accounting policies set out above have been applied in preparing the financial statements for the year ended 31 March 2018, the comparative information presented in these financial statements for the year ended 31 March 2017 and in preparation of an opening Ind AS Balance Sheet as at 1 April 2016 (the Company's date of transition). According to Ind AS 101, the first Ind AS financial statements must use recognition and measurement principles

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

that are based on standards and interpretations that are effective as at 31 March 2018, the date of first time preparation of financial statements according to Ind AS. These accounting principles and measurement principles must be applied retrospectively to the date of transition to Ind AS and for all periods presented within the first Ind AS financial statements.

Exemptions and exceptions availed

In the Ind AS opening balance sheet as at 1st April 2016, the carrying amounts of assets and liabilities from the Indian GAAP as at 31st March 2016 are generally recognized and measured according to Ind AS in effect as on 31 March 2018. For certain individual cases, however, Ind AS 101 provides for optional exemptions and mandatory exceptions to the general principles of retrospective application of Ind AS.

Optional exemptions availed

(a) Property, plant and equipment

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for decommissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 - Intangible Assets. Accordingly, the company has elected to measure all of its property, plant and equipment at their previous GAAP carrying value.

Mandatory exemptions

(a) Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS. Accordingly company has classified and measured all its financial assets at amortised cost on the basis of the facts and circumstances that exist at the date of transition to ind AS

(b) Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Notes to first time adoption

(i) Other Comprehensive Income

Under Indian GAAP, the company has not presented other comprehensive income (OCI) separately. Items that have been reclassified from statement of profit and loss to other comprehensive income. Income income re-measurement of defined benefit plans (net of tax). An amount of Rs.71,60,113/- is being reclassified from Profit or Loss to Other Comprehensive Income during year 2016-17.

(ii) Statement of cash flows

The transition from Indian GAAP to Ind AS has not had a material impact on the statement of cash flows except that the Cash Credit facility which was not netted off with the balance of cash and cash equivalents under erstwhile GAAP in the cash flow statement. But the Cash Credit facility is netted off with the balance of cash and cash equivalents under Statement of Cash flows under Ind AS.

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

There are no other adjustments to the amounts recognized as per Ind AS other than re-measurement of defined benefit obligations recognized on OCI. Hence, reconciliation statement required as per Para 24 of Ind AS 101 is not warranted.

2 (i).CONTINGENT LIABILITIES & COMMITMENTS:

Particulars	As at 31.03.2018	As at 31.03.2017
(a) Claims against the company / disputed liabilities not acknowledged as debts:		
i) Income Tax Liability	2,25,20,850	3,95,63,320
ii) Service Tax Liability	99,42,628	44,37,840
iii) Excise Duty Liability	5,96,640	11,41,510
(b) Other money for which the Company is contingently liable:		
i) Liability in respect of bills discounted with banks	21,36,29,525	14,53,29,805

(ii) No provision has been made in respect of the above demand of Excise Duties and Service Tax, for which the company has filed appeals with various Higher Appellate Forums, against the orders of the Lower Authorities since the company is confident of coming out successful in the Appeals as per the advice taken from the legal experts.

There are Income Tax Demands to the tune of of Rs.2,25,20,850/- for the Assessment year 2014-2015 (Net of Payments being 20% of the tax demand payable on appeal) which is on account of denial of the benefit of brought forward losses under the MAT Provisions of the Income Tax Act 1961. Based on the decisions of Appellate Authorities / interpretations of other relevant provisions, the company has been legally advised that the demand is likely to be either deleted or substantially reduced and accordingly no provision has been made for the balance amount of tax liability. Success in the appeal will result in the company receiving the refund of the tax paid and the result to the contrary would still benefit the company in availing a credit for Rs.1.90 crores out of the above tax demand under the MAT provisions, in the subsequent years and hence this constitutes a contingent asset.

The company was successful in the matter relating to the appeals filed for the Assessment year 2012-2013 which has the impact of restoring the brought forward losses to the tune of Rs.2.07 Crores.

The carried forward losses under the Income Tax Act, 1961 of the earlier assessment year A.Y.2013-14 has been reduced by the Assessing Officer while completing the assessment by making some adjustments to the returned Loss. The Company has preferred appeals before the immediate superior authority which appeals are pending for disposal as on the date of the financial reports. Since the adjustments have resulted only in the reduction of carry forward losses, there is no immediate demand raised for the relevant assessment years. The tax impact could not be immediately ascertained since it hinges upon the outcome of the appeals concerning the other assessment years.

During the year, on the outcome of the ITAT verdict on the issue concerning section 10B of the Income Tax Act 1961, the company's entire tax liability for the Assessment years 2008-2009 and 2009-2010 to the extent of Rs. 3,28,67,800/- and Rs.3,02,73,520/- respectively got nullified by way of adjustment of refunds for the earlier

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

assessment years and by way of payment of the balance amount. Hence the company has no liability for the above mentioned two assessment years. However the company, since denied the benefit because of the wrong interpretation of the department of the order of the Commissioner of Income Tax, CBE made under section 264 of the Income Tax Act 1961, had again preferred an appeal before the First Appellate Authority being the Commissioner of Income Tax, Appeals Coimbatore, which appeals are pending before the same Authority. The success in the appeals would result in the company receiving the refunds of taxes paid for the above mentioned two assessment years and also it will enable the company to enjoy the benefits, fully or partially, of tax credits available under the MAT provisions in the subsequent years. The company is confident of coming out successful in the appeals. Due to uncertainty in the outcome of the appeals for other years preferred by the Income Tax Department and the Company on other issues, the resulting exact benefit cannot be immediately quantified.

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

Depreciation:

Depreciation has been provided under Straight Line Method on the basis of useful lives prescribed under Schedule II of the Companies Act, 2013, except for the Imported Plant & Machinery, whose useful life is different from that prescribed in Schedule II of the Companies Act, 2013 and its useful life is adopted on the basis of engineering & other expert guidance and depreciated accordingly as follows:

Imported Plant & Machinery acquired upto 31.03.2007	Useful life - 25 years
Imported Plant & Machinery acquired from 01.04.2007 to 31.03.2015	Useful life - 20 years

Impairment of Assets :

The recoverable amount of the CGU is determined on the basis of Fair Value less Cost of Disposal (FVLCD). The FVLCD of the CGU is determined based on the market capitalization approach, using the turnover and earnings multiples derived from observable market data. The fair value measurement is categorized as a level 3 fair value based on the inputs in the valuation techniques used.

Based on the above, no impairment was identified as of March 31, 2018 and 2017 as the recoverable value of the CGUs exceeded the carrying value. Further, none of the CGU's tested for impairment as of March 31, 2018 and 2017 were at risk of impairment. An analysis of the calculation's sensitivity to a change in the key parameters (revenue growth, operating margin, discount rate and long-term growth rate) based on reasonably probable assumptions, did not identify any probable scenarios where the CGU's recoverable amount would fall below its carrying amount.

Mortgage / Charge on Property, plant & equipments:

The fixed assets are under the second charge for short term borrowings with banks.

15.CAPITAL MANAGEMENT - ADDITIONAL CAPITAL DISCLOSURES:

The Company adheres to the Capital Management framework which is underpinned by the following guiding principles:

- The key objective is to ensure that it maintains a stable capital structure with the focus on total equity to uphold investor, creditor, and customer confidence and to ensure future development of its business.
- Leverage optimally in order to maximize shareholder returns while maintaining strength and flexibility of the Balance Sheet.
- The Company also focusses on keeping strong total equity base to ensure independence, security, as well as a high financial flexibility for potential future borrowings, if required without impacting the risk profile of the Company.
- Proactively manage exposure in forex, interest and commodities to mitigate risk to earnings.
- The Company's goal is to continue to be able to return excess liquidity to shareholders to distribute annual dividends in future years.

This framework is adjusted based on underlying macro-economic factors affecting business environment, financial market conditions and interest rates environment.

16. FINANCIAL INSTRUMENTS:

Valuation:

The financial instruments are initially recognized and subsequently re-measured at fair value as described below :

- The fair value of Forward Foreign Exchange contracts is determined using forward exchange rates and yield curves at the balance sheet date.
- The fair value of the remaining financial instruments is determined using discounted cash flow analysis.
- All foreign currency denominated assets and liabilities using exchange rate at the reporting date.

Fair Value measurement hierarchy:

The fair value of cash and cash equivalents, other bank balances, loans, trade receivables, trade payables and others approximates their carrying amount. The company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation techniques. The fair valuation of various financial assets are done by adopting Level 3 category valuation.

Level 1 :

Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2 :

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (derived from prices)

Level 3 :

Inputs for the asset or liability that are not based on observable market data (unobservable inputs)

f. Actuarial Assumptions:

(in Rs.)

Particulars	Gratuity (Funded)	
	31.03.2018	31.03.2017
Discount rate (Per annum)	8.00%	8.00%
Expected rate of return on Plan Assets (Per annum)	8.00%	8.00%
Rate of escalation in salary (Per annum)	6.50%	6.50%

The data required for disclosing information with regard to sensitivity analysis is not made available by the Actuary despite the concerted attempts made by the company to gather the information in this regard and hence the information relating to sensitivity analysis in terms of the amount of responsiveness and the financial impact consequent to change in discount rate, change in rate of salary escalation and change in rate of employee turnover (while holding all the other factors constant), have not been provided for during the year.

These plans typically expose the company to actuarial risks such as:

Investment risk:

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk:

A decrease in the bond interest rate will increase the plan liability, however, this will be partially offset by an increase in the return on the plan debt investments.

Longevity risk:

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk:

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

32(ii) Interest rate risk:

The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has availed significant Foreign Currency Working Capital Loan (In USD as well as Euro) by way of Packing Credit at floating interest rates. The interest rate is at 1.10% (spread) plus LIBOR rate of respective Bank and the interest rate is reset based on the LIBOR rate, as per the loan facility agreement. The Company has not entered into any of the interest rate swaps and hence, the Company is exposed to interest rate risk.

The Company considering the economic environment in which it operates has determined the interest rate sensitivity analysis (interest exposure) at the end of the reporting period. The interest rate for the Company are floating rates and hence, the analysis is prepared assuming the amount of the borrowings outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point +/- fluctuation in the interest rate is used for disclosing the sensitivity analysis.

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows
(in Rs.)

The interest rate sensitivity analysis is done holding on the assumption that all other variables remaining constant. The increase / decrease in interest expense is mainly attributable to the Company's exposure to interest rates on its variable rate of borrowings.

32(iii) Commodity price risk:

Commodity price risk arises due to fluctuation in prices of eggs, feeds and other products. The company has a risk management framework aimed at prudently managing the risk by reducing the external dependability and enhancement of self reliance by manufacturing the commodities in house to the extent possible.

32(iv) Credit risk:

Credit risk is a risk that a customer or counterparty to a financial instrument fails to perform or pay the amounts due, causing financial loss to the company. Credit risk arises from Company's outstanding receivables from customers and other parties. The company has a prudent and conservative process for managing its credit risk arising in the course of its business activities.

32(v) Liquidity risk:

Liquidity risk arises from the company's inability to meet its cash flow commitments on time. Prudent liquidity risk management implies maintaining sufficient stock of cash and cash equivalents (Rs.19.99 crores as on 31st March 2018) & (Rs.17.11 crores as on 31st March 2017) and maintaining availability of standby funding through an adequate line up of committed credit facilities (Rs.43.72 crores as on 31st March 2018) & (Rs.43.07 crores as on 31st March 2017).

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF SKM EGG PRODUCTS EXPORT (INDIA) LIMITED

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying Consolidated Ind AS Financial Statements of M/s. **SKM EGG PRODUCTS EXPORT (INDIA) LIMITED** (hereinafter referred to as "the Holding Company" and its subsidiary SKM Europe BV, Utrecht, The Netherlands (the Holding Company and its subsidiaries together referred to as "the Group"), comprising of the Consolidated Balance Sheet as at March 31, 2018, the Consolidated Statement of Profit and Loss including other comprehensive income, the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended , and a summary of the significant accounting policies and other explanatory information. (hereinafter referred to as "the Consolidated Ind AS Financial Statements").

Management's Responsibility for the Consolidated Ind AS Financial Statements:

The Holding Company's Board of Directors is responsible for the preparation of these Consolidated Ind AS Financial Statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Ind AS Financial Statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility:

Our responsibility is to express an opinion on these Consolidated Ind AS Financial Statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Consolidated Ind AS Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Ind AS Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the Consolidated Ind AS Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Holding Company has an adequate internal financial controls system over financial reporting

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the Consolidated Ind AS Financial Statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Ind AS Financial Statements.

Opinion:

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2018; and their consolidated Profit including other comprehensive income and their consolidated Cash flows and the consolidated changes in equity for the year ended on that date.

Other Matter

We did not audit the financial statements / financial information of 1 subsidiary whose financial statements / financial information reflect total assets of Rs.20,15,30,702/- as at 31st March, 2018, total revenues of Rs.35,56,96,868/- and net cash inflows amounting to Rs.1,44,42,253/- for the year ended on that date, as considered in the Consolidated Ind AS Financial Statements. The Consolidated Ind AS Financial Statements also include the Group's share of net profit of Rs.29,16,998/- for the year ended 31st March, 2018, as considered in the Consolidated Ind AS Financial Statements, whose financial statements / financial information have not been audited by us. These financial statements / financial information are unaudited and have been furnished to us by the Management and our opinion on the Consolidated Ind AS Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries, is based solely on such unaudited financial statements / financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements / financial information are not material to the Group.

Our opinion on the Consolidated Ind AS Financial Statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the financial statements / financial information certified by the Management.

Report on Other Legal and Regulatory Requirements:

- i. As required by section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated Ind AS Financial Statements.
 - b) In our opinion proper books of account as required by law relating to the preparation of aforesaid consolidated Ind AS Financial Statements have been kept so far as it appears from our examination of those books.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Ind AS Financial Statements.
 - d) In our opinion, the aforesaid Consolidated Ind AS financial statements comply with the Accounting Standards prescribed under Section 133 of the Act.

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

- e) On the basis of written representations received from the directors of the company as on March 31, 2018 taken on record by the Board of Directors of the company, none of the directors is disqualified as on March 31, 2018, from being appointed as a director in terms of Section 164(2) of the Act except the Director Shri.B.Ramakrishnan bearing Director Identification Number (DIN:00182214).
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, the company has only one foreign subsidiary and as the subsidiary is a company incorporated outside India and has business operations outside India, the company is not a company under the Companies Act, 2013 and hence the reporting on Internal Financial Controls over Financial Reporting on Consolidated Financial Statements is not warranted.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Consolidated Financial Statements disclose the impact of pending litigations on the consolidated financial position of the Group. – Also Refer Note No 2(ii) of Notes on Accounts to the Consolidated Ind AS financial statements;
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses and hence provisions are not warranted in consolidated financial statements.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company except for a sum of Rs.12.12 lakhs, which are held in abeyance due to pending legal cases.

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED

Notes to the Consolidated Financial Statements for the year ended 31st March ' 2018

01. CORPORATE INFORMATION

SKM Egg Products Export India Limited ("*the company*") is an Export Oriented Undertaking and engaged in the manufacture and sale of Egg Products. The company is a listed entity incorporated and domiciled in India.

The address of its registered office is No.185, Chennimalai Road, Erode - 638001 and the address of the principal place of business is Cholangapalayam, Erode which addresses are also disclosed in the introduction to the annual report. The Company has its primary listing with Bombay Stock Exchange and National Stock Exchange in India

SIGNIFICANT ACCOUNTING POLICIES:

BASIS OF PREPARATION AND PRESENTATION:

The financial statements have been prepared on the historical cost basis except for the following assets and liabilities which have been measured at fair value amount :

- i) Certain financial assets and liabilities (including derivative instruments)
- ii) Defined benefit plans - plan assets

The financial statements of the company have been prepared to comply with the Indian Accounting Standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013.

Upto the year ended March 31, 2017, the Company has prepared its financial statements in accordance with the requirement of Indian Generally Accepted Accounting Principles (GAAP), which includes Standards notified under the Companies (Accounting Standards) Rules, 2006 and considered as 'Previous GAAP'.

These financial statements are the Company's first Ind AS standalone financial statements

FUNCTIONAL AND PRESENTATION CURRENCY

The financial statements are presented in Indian rupees, the national currency of India, which is the functional currency of the company.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Inventories

Inventories are valued in line with Ind AS 2 - Inventories. Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any, except in case of by-products which are valued at net realisable value. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition. . The formula used for arriving at the cost for various items of inventories are as follows:

- | | |
|-----------------------|-----------------------|
| i) Raw materials | FIFO |
| ii) Packing Materials | Weighted Average Cost |
| iii) Additives | Weighted Average Cost |
| iv) Stores & Spares | Weighted Average Cost |

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

v) Semi-finished goods	FIFO
vi) Finished goods	Standard Cost
vii) Livestock	Weighted Average Cost. The Carrying amount of the unamortised value of livestock in the financial statement is a close approximation of its fair value and hence in the best judgement of the management taking into consideration market and materiality factors it represents the fair value for livestock.

Revenue Recognition

Revenue from sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated cost can be estimated reliably, there is no continuing effective control or managerial involvement with the goods, and the amount of revenue can be measured reliably.

Revenue from sale of goods is measured at the fair value of consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Revenue is recognised and expenditure is accounted for on their accrual

Sales of Finished goods, Eggs, Birds & Feeds are recognised on accrual basis and are accounted for in the books of accounts on the dates on which the goods are actually despatched from the Factory, Farm, Feedmill respectively.

Interest Income :

Interest income from a financial asset is recognised using effective interest rate method.

Dividend Income :

Revenue on account of dividend income recognised when the Company's right to receive the payment has been established.

Government grants / assistance :

Revenue from grants, subsidies or government assistance in any form are recognised when the Company's right to receive the payment has been established.

Finance Cost

Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

Provisions

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, if it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Tax Expenses:

The tax expense for the period comprises current and deferred tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the comprehensive income or equity. In which case, the tax is also recognised in other comprehensive income or equity.

Current tax:

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities based on the tax rates that are enacted or substantively enacted at the Balance Sheet date.

Deferred Tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

Cash Flow Statements

Cash Flow Statement has been prepared under "Indirect Method". For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, in banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand and are considered part of the Company's cash management system. In the balance sheet, bank overdrafts are presented under borrowings within current liabilities.

Leases

Leases are classified as finance leases whenever the terms of the lease, transfers substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Assets held under finance leases are initially recognised as assets of the company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation.

Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately in Statement of Profit and Loss, unless they are directly attributable to the qualifying assets, in which case they are capitalized. Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term except where another systematic basis is more representative of time pattern in which economic benefits from the leased assets are consumed.

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

Property, plant & equipment:

Property, plant & equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net changes on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use are considered as pre-operative expenses and disclosed under Capital Work-in-progress

Depreciation on property, plant & equipment is provided on straight line method as per the useful life prescribed in Schedule II of the Companies Act 2013, except for imported plant & machinery for which the useful life has been taken based upon the technical evaluation by the expert committee on the useful life of the assets. In respect of assets added/adjusted during the year, depreciation is provided on pro-rata basis.

The residual values, useful lives and method of depreciation of property, plant & equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of a property, plant & equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Foreign currencies transactions and translation:

Transactions in foreign currencies are recorded at the exchange rate prevailing on the dates of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting rate.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets, are capitalized as cost of assets.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or Statement of Profit and Loss are also recognised in OCI or Statement of Profit and Loss, respectively.

Employee Benefits Expense:

Short Term Employment Benefits:

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

Post-Employment Benefits:

Defined Contribution Plans:

A defined contribution plan is a post-employment benefit plan under which the company pays specified contributions to the specific entity. The company makes specified monthly contributions towards Provident Fund and Pension Scheme. The company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined benefit plans:

The gratuity liability amount is contributed to the gratuity fund approved by the respective IT authorities. The present value of the obligation is determined based on actuarial valuation using the Projected Unit credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market.

Impairment of non-financial assets - property, plant and equipment:

The company assesses at each reporting date as to whether there is any indication that any property, plant and equipment or group of assets, called cash generating units (CGU) may be impaired. If any such indication exists, the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds the recoverable amount. The recoverable amount is the higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets. The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the company's financial statement requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Depreciation / amortisation and useful lives of property, plant and equipment and Livestock:

Property, plant and equipment / Livestock are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful lives and residual values are based on the company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for the future periods is revised if there are significant changes from previous estimates.

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

Recoverability of trade receivable:

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

Provisions:

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

Impairment of non-financial assets:

The company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a group of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

Impairment of financial assets:

Though there is no impairment of assets during the year, the Company generally follows, the impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

FIRST TIME ADOPTION OF IND AS

The Company has adopted Ind AS with effect from 1st April 2017 with comparable being restated and accordingly the company has prepared its first Financial Statements in accordance with Ind AS for the year ended 31 March 2018. For periods up to and including the year ended 31 March 2017, the company prepared its financial statements in accordance with Indian GAAP, including accounting standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended). The effective date for Company's Ind AS opening balance sheet is 1 April 2016 (the date of transition to Ind AS).

The accounting policies set out above have been applied in preparing the financial statements for the year ended 31 March 2018, the comparative information presented in these financial statements for the year ended 31 March 2017 and in preparation of an opening Ind AS Balance Sheet as at 1 April 2016 (the Company's date of transition). According to Ind AS 101, the first Ind AS financial statements must use recognition and measurement principles that are based on standards and interpretations that are effective as at 31 March 2018, the date of first time preparation of financial statements according to Ind AS. These accounting principles and measurement principles must be applied retrospectively to the date of transition to Ind AS and for all periods presented within the first Ind AS financial statements.

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

Exemptions and exceptions availed

In the Ind AS opening balance sheet as at 1st April 2016, the carrying amounts of assets and liabilities from the Indian GAAP as at 31st March 2016 are generally recognized and measured according to Ind AS in effect as on 31 March 2018. For certain individual cases, however, Ind AS 101 provides for optional exemptions and mandatory exceptions to the general principles of retrospective application of Ind AS.

Optional exemptions availed

(a) Property, plant and equipment

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for decommissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 - Intangible Assets. Accordingly, the company has elected to measure all of its property, plant and equipment at their previous GAAP carrying value.

Mandatory exemptions

(a) Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS. Accordingly company has classified and measured all its financial assets at amortised cost on the basis of the facts and circumstances that exist at the date of transition to ind AS.

(b) Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Notes to first time adoption

(i) Other Comprehensive Income

Under Indian GAAP, the company has not presented other comprehensive income (OCI) separately. Items that have been reclassified from statement of profit and loss to other comprehensive income. Income income re-measurement of defined benefit plans (net of tax). An amount of Rs.71,60,113/- is being reclassified from Profit or Loss to Other Comprehensive Income during year 2016-17.

(ii) Statement of cash flows

The transition from Indian GAAP to Ind AS has not had a material impact on the statement of cash flows except that the Cash Credit facility which was not netted off with the balance of cash and cash equivalents under erstwhile GAAP in the cash flow statement. But the Cash Credit facility is netted off with the balance of cash and cash equivalents under Statement of Cash flows under Ind AS.

There are no other adjustments to the amounts recognized as per Ind AS other than re-measurement of defined benefit obligations recognized on OCI. Hence, reconciliation statement required as per Para 24 of Ind AS 101 is not warranted.

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

02. CONTINGENT LIABILITIES & COMMITMENTS:

Particulars	As at 31.03.2018	As at 31.03.2017
(a) Claims against the company / disputed liabilities not acknowledged as debts:		
i) Income Tax Liability	2,25,20,850	3,95,63,320
ii) Service Tax Liability	99,42,628	44,37,840
iii) Excise Duty Liability	5,96,640	11,41,510
(b) Other money for which the Company is contingently liable:		
i) Liability in respect of bills discounted with banks	12,42,72,431	12,05,51,611

No provision has been made in respect of the above demand of Excise Duties and Service Tax, for which the company has filed appeals with various Higher Appellate Forums, against the orders of the Lower Authorities since the company is confident of coming out successful in the Appeals as per the advice taken from the legal experts.

There are Income Tax Demands to the tune of of Rs.2,25,20,850/- for the Assessment year 2014-2015 (Net of Payments being 20% of the tax demand payable on appeal) which is on account of denial of the benefit of brought forward losses under the MAT Provisions of the Income Tax Act 1961. Based on the decisions of Appellate Authorities / interpretations of other relevant provisions, the company has been legally advised that the demand is likely to be either deleted or substantially reduced and accordingly no provision has been made for the balance amount of tax liability. Success in the appeal will result in the company receiving the refund of the tax paid and the result to the contrary would still benefit the company in availing a credit for Rs.1.90 crores out of the above tax demand under the MAT provisions, in the subsequent years and hence this constitutes a contingent asset.

The company was successful in the matter relating to the appeals filed for the Assessment year 2012-2013 which has the impact of restoring the brought forward losses to the tune of Rs.2.07 Crores.

The carried forward losses under the Income Tax Act,1961 of the earlier assessment year A.Y.2013-14 has been reduced by the Assessing Officer while completing the assessment by making some adjustments to the returned Loss. The Company has preferred appeals before the immediate superior authority which appeals are pending for disposal as on the date of the financial reports. Since the adjustments have resulted only in the reduction of carry forward losses, there is no immediate demand raised for the relevant assessment years. The tax impact could not be immediately ascertained since it hinges upon the outcome of the appeals concerning the other assessment years.

During the year, on the outcome of the ITAT verdict on the issue concerning section 10B of the Income Tax Act 1961, the company's entire tax liability for the Assessment years 2008-2009 and 2009-2010 to the extent of Rs. 3,28,67,800/- and Rs.3,02,73,520/- respectively got nullified by way of adjustment of refunds for the earlier assessment years and by way of payment of the balance amount. Hence the company has no liability for the above mentioned two assessment years. However the company, since denied the benefit because of the wrong interpretation of the department of the order of the Commissioner of Income Tax, CBE made under section 264 of the Income Tax Act 1961, had again preferred an appeal before the First Appellate Authority being the Commissioner of Income Tax, Appeals Coimbatore, which appeals are pending before the same Authority. The success in the appeals would result in the company receiving the refunds of taxes paid for the above mentioned two assessment years and also it will enable the company to enjoy the benefits, fully or partially, of tax credits available under the MAT provisions in the subsequent years. The company is confident of coming out successful in the appeals. Due to uncertainty in the outcome of the appeals for other years preferred by the Income Tax Department and the Company on other issues, the resulting exact benefit cannot be immediately quantified.

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

Depreciation:

Depreciation has been provided under Straight Line Method on the basis of useful lives prescribed under Schedule II of the Companies Act, 2013, except for the Imported Plant & Machinery, whose useful life is different from that prescribed in Schedule II of the Companies Act, 2013 and its useful life is adopted on the basis of engineering & other expert guidance and depreciated accordingly as follows:

Imported Plant & Machinery acquired upto 31.03.2007	Useful life - 25 years
Imported Plant & Machinery acquired from 01.04.2007 to 31.03.2015	Useful life - 20 years

Impairment of Assets :

The recoverable amount of the CGU is determined on the basis of Fair Value less Cost of Disposal (FVLCD). The FVLCD of the CGU is determined based on the market capitalization approach, using the turnover and earnings multiples derived from observable market data. The fair value measurement is categorized as a level 3 fair value based on the inputs in the valuation techniques used.

Based on the above, no impairment was identified as of March 31, 2018 and 2017 as the recoverable value of the CGUs exceeded the carrying value. Further, none of the CGU's tested for impairment as of March 31, 2018 and 2017 were at risk of impairment. An analysis of the calculation's sensitivity to a change in the key parameters (revenue growth, operating margin, discount rate and long-term growth rate) based on reasonably probable assumptions, did not identify any probable scenarios where the CGU's recoverable amount would fall below its carrying amount.

Mortgage / Charge on Property, plant & equipments:

The fixed assets are under the second charge for short term borrowings with banks.

16. CAPITAL MANAGEMENT - ADDITIONAL CAPITAL DISCLOSURES:

The Company adheres to the Capital Management framework which is underpinned by the following guiding principles:

- The key objective is to ensure that it maintains a stable capital structure with the focus on total equity to uphold investor, creditor, and customer confidence and to ensure future development of its business.
- Leverage optimally in order to maximize shareholder returns while maintaining strength and flexibility of the Balance Sheet.
- The Company also focusses on keeping strong total equity base to ensure independence, security, as well as a high financial flexibility for potential future borrowings, if required without impacting the risk profile of the Company.
- Proactively manage exposure in forex, interest and commodities to mitigate risk to earnings.
- The Company's goal is to continue to be able to return excess liquidity to shareholders to distribute annual dividends in future years.

This framework is adjusted based on underlying macro-economic factors affecting business environment, financial market conditions and interest rates environment.

17. FINANCIAL INSTRUMENTS:

Valuation:

The financial instruments are initially recognized and subsequently re-measured at fair value as described below :

(a) The fair value of Forward Foreign Exchange contracts is determined using forward exchange rates and yield curves at the balance sheet date.

(b) The fair value of the remaining financial instruments is determined using discounted cash flow analysis.

(c) All foreign currency denominated assets and liabilities using exchange rate at the reporting date.

Fair Value measurement hierarchy:

The fair value of cash and cash equivalents, other bank balances, loans, trade receivables, trade payables and others approximates their carrying amount. The company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation techniques. The fair valuation of various financial assets are done by adopting Level 3 category valuation.

Level 1 :

Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2 :

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (derived from prices)

Level 3 :

Inputs for the asset or liability that are not based on observable market data (unobservable inputs)

Rate of escalation in salary (Per annum)	6.50%	6.50%

SKM EGG PRODUCTS EXPORT (INDIA) LIMITED - ANNUAL REPORT 2017-18

The data required for disclosing information with regard to sensitivity analysis is not made available by the Actuary despite the concerted attempts made by the company to gather the information in this regard and hence the information relating to sensitivity analysis in terms of the amount of responsiveness and the financial impact consequent to change in discount rate, change in rate of salary escalation and change in rate of employee turnover (while holding all the other factors constant), have not been provided for during the year.

These plans typically expose the company to actuarial risks such as:

Investment risk:

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk:

A decrease in the bond interest rate will increase the plan liability, however, this will be partially offset by an increase in the return on the plan debt investments.

Longevity risk:

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk:

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Since the company does not have any Potential Equity Shares, the denominator used for calculating Basic EPS and Diluted EPS are the same and consequently Basic EPS and Diluted EPS are the same.

29. INCOME TAXES:

The management feels that reconciliation between the provision of income tax and amounts computed by applying the statutory income tax rate to profit before taxes to the consolidated statement of profit and loss account is onerous and will not serve any useful purpose, since the subsidiary is a foreign company in Europe and taxation laws of both the companies are different and hence it is impracticable to reconcile the tax amounts in the consolidated statement of Profit & Loss

30. APPROVAL OF FINANCIAL STATEMENTS:

The Financial Statements were approved for issue by the board of directors at their meeting held on 28.05.2018

31. SEGMENT INFORMATION:

The Company has one reportable operating segment which is the manufacture of Egg Products. Accordingly, as required by Ind AS 108 - 'Operating Segments', the following secondary segment information is disclosed as follows:

33(i) Foreign currency risk:

The company is essentially an Export Oriented Unit and makes significant exports and has availed Working Capital Loan (Packing Credit) in Foreign currency and also imports goods, stores & spares occasionally. The Company is exposed to foreign currency risk on these transactions. The Company follows a conservative and sound policy by entering into simple Forward Exchange Contracts to hedge the foreign currency risk whose maturity is coterminous with the maturity period of the foreign currency liabilities and receivables.

The following table shows the foreign currency exposure in USD and EUR on financial statements at the end of the reporting period. The exposure to foreign currency for all other currencies are not material.

33(ii) Interest rate risk:

The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has availed significant Foreign Currency Working Capital Loan (In USD as well as Euro) by way of Packing Credit at floating interest rates. The interest rate is at 1.10% (spread) plus LIBOR rate of respective Bank and the interest rate is reset based on the LIBOR rate, as per the loan facility agreement. The Company has not entered into any of the interest rate swaps and hence, the Company is exposed to interest rate risk.

The Company considering the economic environment in which it operates has determined the interest rate sensitivity analysis (interest exposure) at the end of the reporting period. The interest rate for the Company are floating rates and hence, the analysis is prepared assuming the amount of the borrowings outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point +/- fluctuation in the interest rate is used for disclosing the sensitivity analysis.

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows

The interest rate sensitivity analysis is done holding on the assumption that all other variables remaining constant. The increase / decrease in interest expense is mainly attributable to the Company's exposure to interest rates on its variable rate of borrowings. interest rates on its variable rate of borrowings.

33(iii) Commodity price risk:

Commodity price risk arises due to fluctuation in prices of eggs, feeds and other products. The company has a risk management framework aimed at prudently managing the risk by reducing the external dependability and enhancement of self reliance by manufacturing the commodities in house to the extent possible.

33(iv) Credit risk:

Credit risk is a risk that a customer or counterparty to a financial instrument fails to perform or pay the amounts due, causing financial loss to the company. Credit risk arises from Company's outstanding receivables from customers and other parties. The company has a prudent and conservative process for managing its credit risk arising in the course of its business activities.

33(v) Liquidity risk:

Liquidity risk arises from the company's inability to meet its cash flow commitments on time. Prudent liquidity risk management implies maintaining sufficient stock of cash and cash equivalents (Rs.21.51 crores as on 31st March 2018) & (Rs.17.31 crores as on 31st March 2017) and maintaining availability of standby funding through an adequate line up of committed credit facilities (Rs.43.72 crores as on 31st March 2018) & (Rs.43.62 crores as on 31st March 2017).
