MANAGEMENT DISCUSSION AND ANALYSIS

India started the year FY 2014-15, on a very positive note after the general elections with significant improvement in the sentiment both in the capital markets and the business environment. In fact there was certain euphoria in the markets expecting rapid reforms across the economy in many areas such as FDI, Labour, GST, BFSI, Defense procurement, etc. However these expectations have not been fully met given the constraints faced by the Government in the Parliament. The drop in commodity

prices including crude oil helped in containing the inflation. While the economy has been reported to have grown at 7.5% in FY 2015 as per the new series, it is not getting fully reflected in the performance of the corporate sector or in creation of investment.

In the latter half of the financial year the economy and the markets have been affected by the global developments including the fiscal crisis faced by Greece, the less than expected performance of the Chinese economy, the volatility in commodity markets especially in metals and minerals.

The remarkable story in these circumstances has been the growth of the e-commerce business cutting across many sectors including retail, property, used cars, fashion, insurance, household services and many more. It is comparable to the growth of IT and the ITES sector in the earlier years and the interesting fact is that in both these businesses the government intervention has been minimal. The impact of this growth in e-commerce business on the economy would be felt in the coming years in terms of employment, investment in technology and logistics etc.

In the year under review the Company has maintained its focus on investment activities and will continue to do so in the current year also. Your Directors hope that the Government will be able to push through the critical reforms and on the international side resolution of the Greek crisis and growth in China. The economy and the markets could then see significant growth.

CORPORATE GOVERNANCE

The Company is committed to maintain the highest standards of corporate governance and adhere to the corporate governance requirements set out by SEBI. The Company has also implemented several best corporate governance practices as prevalent globally. The report on Corporate Governance as stipulated under the Listing Agreement forms an integral part of this Report. The requisite certificate from the Auditors of the Company confirming compliance with the conditions of corporate governance is attached to the report on Corporate Governance
