Management Discussion and Analysis**a) Economy review:**

The long-term growth perspective of the Indian economy is changing due to good governance, stable policies and good initiatives like smart cities. Your Company (through its Subsidiary) is in the business of manufacturing electrical equipment, a significant portion of which is supplied to the power sector which has continued to be affected by the political & economic situation. We hope to see a gradual recovery.

b) Business and Industrial review and future outlook:

The Company mainly operated on Metal Recovery Plant and produces Low Ferro Manganese (Slag) through its profitable slag recovery process. However, there is no more re-useable waste of fine particles remaining in the manganese slag which was dumped at various places at the factory site which can be recovered. The technical consultants are of the same view that the entire stock have been depleted now and hence the company has disposed off the manganese slag recovery plant and closed the metal recovery operations.

The management of the company has foreseen this & thus entered another segment of business couple of years earlier via a majority stake in "The Motwane Manufacturing Company Private Limited", now a subsidiary company and is looking to develop its business in electrical sector. The company is also looking at other business opportunities including monetizing its assets and redeployment of the same in better business opportunities.

c) Risks, Concerns & Threats:

Depletion of slag dumps posed a major problem for the Company. In order to counter this, the Company entered into another business through its subsidiary company "The Motwane Manufacturing Company Private Limited" and is looking to develop it. The Sr. Management of the Company meets frequently to take the stock of all the impending and immediate threats to the business and takes necessary steps for positioning of the Company to meet the same in time. Any major threats affecting the Company in general and business environment indirectly affecting the functioning of the Company are discussed with the Board from time to time.

The Company has adequate internal control systems in place with reference to the financial statements. The Audit Committee of the Board periodically reviews the internal control systems with the management, Internal Auditors and Statutory Auditors and the adequacy of internal audit function, significant internal audit findings and follow-ups thereon.

e) Financial Performance / Overview of Operations:

During the year under review, the revenue from operation of the Company decreased to Rs. 7.52 Lakhs from Rs. 26.96 Lakhs in the previous year due to non-availability of any slag at the site. This decrease is mainly attributable to the depletion slag dumps as Company mainly operates on Metal Recovery plant and the profit margins have decreased due to lower realizations of Ferro Manganese slags in 2016-2017.

Subsidiary Company and Consolidated Statements

Your Company has one subsidiary i.e 'The Motwane Manufacturing Company Private Limited' (MMCPL). During the financial year 2016-17, total revenue of the MMCPL has decreased to Rs. 20.54 crores from Rs. 21.49 crores in the previous financial year and the net loss has reduced Rs. 0.24 crores against a loss of Rs. 0.99 crores in the previous financial year. ANNEXURE B TO THE AUDITOR'S REPORT ON THE ACCOUNTS FOR THE YEAR ENDED 31ST MARCH 2017**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the Act)**

- 1 We have audited the internal financial controls over financial reporting of NAGPUR POWER AND INDUSTRIES LIMITED ("the Company") as of March 31, 2017 in conjunction with our audit of the financial statements of the company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

- 2 The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that operate effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

- 3 Our responsibility is to express an opinion on the Company's Internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls, both issued by the ICAI. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

- 4 A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes

those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

- 5 Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

- 6 In our opinion, to the best of our information and according to explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

Auditor's Responsibility

- 3 Our responsibility is to express an opinion on the Holding Company's and its subsidiary Company's incorporated in India, Internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and audit evidence obtained by other auditor in the terms of their report referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's and its subsidiary Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

- 4 A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

- 5 Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

- 6 In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors, as referred to in other matters paragraph, the Holding Company and its subsidiary which are incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls system over financial reporting were operating effectively as at 31 March 2017, based on the internal controls over financial reporting criteria established by the respective companies, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

Other Matter

- 7 Our aforesaid reports under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over the financial reporting in so far as it relates to consolidated/standalone financial statements of a subsidiary company incorporated in India, is based on the corresponding report of the auditor of such company.
