(c) **Manner of determining the pricing and other commercial terms both included as part of contract and not considered as part of the contract:** All proposed transactions would be carried out as part of the business requirements of the Company and are ensured to be on arm’s length basis.

Members are hereby informed that pursuant to second proviso of section 188(1) of the Companies Act, 2013, no member of the company shall vote on such ordinary resolution to approve any contract or arrangement, if such member is a related party.

Your Directors recommend the resolution for your approval.

Except Mr. Peeyush Kumar Aggarwal & M/s. Omkam Global Capital Private Limited & their relatives, none of the Directors, Key Managerial Persons of the Company and their relatives is/are concerned or interested in the resolution except to the extent of their shareholding.

Item No. 7.

Your company is presently engaged in System Integration and Networking Solutions (including but not limited to trading in hardware), Telecommunication; Enterprise Software; Domain Registration and web hosting; VAS and It Enabled Services.

Consequent upon merger of Axis Convergence Pvt. Ltd. with MPS Infotecnics Limited., Axis Convergence Inc. and Greenwire Network Limited became subsidiaries of the Company, whereas in Opentech Thai Network Specialists Co. Ltd., hereinafter referred to as OTNS, your company had purchased stake from the erstwhile shareholders of the OTNS and through preferential allotment of shares by OTNS and presently holds approximately 99% shares in OTNS.

Axis Convergence Inc. and Greenwire Network Ltd. are in the business of providing International Long Distance telephony. Axis Convergence Inc. was at one point in time one of the top 5 customers for Bharti Airtel and biggest player in the retail market for international voice cards. However, due to advent of free internet telephony products in the mobile phone like skype, whatsapp, etc., the overall market size gradually went low. This has led to intense competition in the market to grab as much share as possible between players and Axis Convergence Inc. and Greenwire Network Ltd. were out played by the market forces. Mobile messaging business went down gradually due to advent of mobile messaging platforms like whatsapp and many others. As the business of these two subsidiaries have come down considerably and to revival of the business of these companies would need a sizable amount of investment which in the present scenario is not feasible.

Opentech Thai Network Specialist Co. Ltd., a Thailand based company is engaged in trading in Computer Hardware and Peripherals including Networking equipments. However, the past 5 years OTNS had been incurring losses & the Net Worth of the Company had been eroded. The revival of OTNS would need considerable amount of investment which in the present scenario is not feasible.

Further your company intends to focus on its existing business; hence the board of directors in its meeting held on 10th August 2018 had decided to disinvest entirely the whole or substantially the whole of its investment in the said subsidiaries, which in the opinion of the Board is in the overall interest of the Company. The proposed Special Resolution provide adequate flexibility and discretion to the Board to finalize the terms of sale in consultation with the advisors, experts and / or other authorities as may be required.

Pursuant to the provisions of Section 180(1)(a) of the Companies Act, 2013, as amended, a company cannot sell, lease, or otherwise dispose of the whole or substantially the whole of the undertaking without the consent of the

members by way of a special resolution at the general meeting of the Company. Further in terms of Regulation 24(5) of the Listing Regulations, 2015, as amended from time to time, a listed entity shall not dispose of shares in its material subsidiary resulting in reduction of its shareholding (either on its own or together with other subsidiaries) to less than fifty percent or cease the exercise of control over the subsidiary without passing special resolution in its general meeting. In view of the provisions contained in Companies Act, 2013 & Listing Regulations, 2015, the Company would require the approval of the Members of the Company through Special Resolution, for disinvesting its shareholding in the above mentioned three subsidiaries.

Accordingly, the consent of Members by way of Special Resolution is being sought for selling, transferring, the entire and/or substantially the entire shareholding in the company's wholly owned subsidiaries and / or substantially wholly owned subsidiaries.

None of the Directors and Key Managerial Personnel of the Company and their relatives, in any way and / or manner, deemed to be concerned or interested financially or otherwise, (except to the extent of their shareholding in the company) in the Special Resolution as set out in the Notice.

The Board recommends the resolution as set out in Item No. 6 of the notice for approval of the shareholders.

2. DIVIDEND

In view of the losses incurred by the Company, during the year under review, the Board of Directors of the Company has decided not to recommend any dividend.

3. CAPITAL STRUCTURE

There is no change in the issued, subscribed and paid-up equity share capital of the Company.

4. GLOBAL HEALTH PANDEMIC FROM COVID-19

During the last quarter of the year under review the incidence of Covid-19 developed into global pandemic. The World Health Organization declared a global pandemic of the Novel Corona virus disease (COVID-19) on February 11, 2020. The economic impact of the 2020 Corona virus pandemic in India has been largely disruptive. India's growth in the fourth quarter of the fiscal year 2020 went down to 3.1% according to the Ministry of Statistics. The COVID-19 pandemic developed rapidly into a global crisis, forcing governments to enforce lock-downs of all economic activity. For the Company, the focus immediately shifted to ensuring the health and well-being of all employees, and on minimizing disruption to services for all our customers. Our teams reacted with speed and efficiency, and quickly leveraged technology to shift the work force to an entirely new 'work-from-home' model. The work force was enabled in a rapid manner to work remotely and securely, thus ensuring that client commitments were not materially compromised. Continuous communication on the latest updates played a key role in enabling our employees to stay on top of the evolving situation. The Company would implement a phased and safe return-to-work plan as and when lockdown restrictions are relaxed.

5. DETAILS OF REVISION OF FINANCIAL STATEMENTS OR BOARD'S REPORT

The Company has not revised its Financial Statements or Board's report for any of the three preceding financial years.

6. RESERVE

In view of the losses, no amount is being carried to reserves.

7. CHANGE IN THE NATURE OF BUSINESS, IF ANY.

There is no material change in the nature of business of your company during the year under review and Your Company continues to engage itself in System Integration and Networking Solutions (Including Hardware); Enterprise Software; Domain Registration & Web hosting services; Telecommunication; VAS & IT enabled services.

With stiff competition from the organized and unorganized sectors of the IT, ITeS and Telecommunication segment, your company is exploring new avenues to generate revenues for the company. During the year under review, the company had engaged in export of mobile phones to Taiwan and Hong Kong on a trial basis. Your company, though had suffered losses in initial trades, but your company hopes to recover the losses and make good profits on continued supplies to these countries on account of better purchase prices on quantity buying. The export of Mobile phones got a set-back due to incidence of COVID-19 during the last quarter of Financial Year 2019-20 developing into a global pandemic

8. DETAILS OF SIGNIFICANT AND MATERIAL ORDER PASSED BY THE REGULATOR OR COURTS OR TRIBUNALS IMPACTING THE GOING CONCERN STATUS AND THE COMPANY'S OPERATIONS IN FUTURE

Your Company, being aggrieved by the order dated 6th March 2020 passed by SEBI, is in the process of filing an appeal before the Hon'ble Securities Appellate Tribunal and also exploring possibility of preferring a Writ before appropriate authority.

Apart from the above Show Cause Notice, SEBI has also served upon the company notice to show cause as to why SEBI should not hold inquiry and impose penalty which has been suitably replied by your company. Your Company has suitably replied to the Show Cause Notice and has sought a personal hearing in the matter. Your Company is awaiting response from SEBI in this regard.

- (B) Your Company had increased its Authorised Share Capital during the Financial Year 2010-11 to 2012-13 however, due to losses suffered by the company and also because of change in the global circumstances and financial constraints suffered by the Petitioner in business, the requisite e-form 5 in respect of increase in Authorised Capital could not be filed and paid. Meanwhile the schedule of fees was increased as per the Companies Act, 2013. However, the Authorised Share Capital was increased prior to the applicability of Companies Act, 2013. The company has filed a Writ Petition bearing No. WP(C) 5199 of 2015 before the Hon'ble High Court of Delhi challenging the applicability of provisions prescribed under Para 3 of Table B under Companies (Registration Offices and Fees)Rules 2014, which has been decided against the Company.

On the advice of Company's Advocates, Company Law experts, your company has preferred an appeal before the Hon'ble Supreme Court of India and the same is pending adjudication. Your Company's Counsels are of the opinion that your company has a fit case in the appeal however, in the eventuality, orders passed against the company, the same may not impact the going concern status and the Company's operations in future as necessary provision has been made in the books of the Company.

During the pendency of the Writ Petition, the Ministry of Corporate Affairs vide General Circular bearing no. 12/2020, introduced a Scheme namely "Companies Fresh Start Scheme, 2020" (hereinafter referred to as "scheme") condoning the delay in filing documents, statements, returns, etc. with the Registrar, with payment of only normal fees, (without imposition of penalties) as per the provisions of section 403 of the Companies Act, 2013. The Company intends to apply under the said scheme and file Form SH-7 for payment of dues for increase in Authorized Share Capital detailed above seeking immunity from any adverse action resulting from the delay in filing.

It is important to mention here that Clause 6(ix)(f) of the said scheme create a prejudicial discord and states that the "Companies Fresh Start Scheme, 2020" is not applicable to the cases which involves increase in authorize share capital "and also" charge related documents. In other words, Clause 6(ix)(f) of the scheme provides that all cases which involve issues related to Form SH-7 (for increase of authorized share capital) and charge related documents (CHG-1, CHG-4, CHG-8 and CHG-9)will not be covered under the scheme, as applicable in the case of Your company. As such Your Company is deprived of the benefits of the Scheme creating an unconstitutional and prejudicial division against companies, which could not file form SH-7 alongwith the companies involved in the non-filing of CHG-1, CHG-4, CHG-8 and CHG-9.

With this background, Your Company on 21st May 2020 made a representation with the Ministry to (a) modify/interpret Clause 6(ix)(f) of the "Companies Fresh Start Scheme, 2020" to include companies which had defaulted in making requisite deposit in cases of increase of Authorized Share Capital by filing of SH-7; (b)allow the applicant company to make deposit and take other requisite actions under the "Companies Fresh Start Scheme, 2020" and (c) not to take any coercive actions against the applicant company till the present application seeking permission to make deposit and take other requisite actions under the "Companies Fresh Start Scheme, 2020" is decided.

Your Company is awaiting response from the Ministry.

(C) Delay / Non-payment of Listing Fees: There is delay / Non-payment of Listing Fees due to losses suffered by the company in the past which has severely impacted the cash flows of the company. Since there has been a delay / non-payment of Listing Fees, the Stock Exchanges, in compliance of provisions contained in SEBI Circular bearing No. LIST/COMP/OPS/16/2019-2020 dated June 11, 2019, has advised the depositories to freeze the demat accounts of the Directors & Promoters of your company since December 2019. The Stock Exchanges have also suspended the trading of the scripts of the Company. Once the Listing Fees to Stock Exchanges is paid, the suspension in trading would be automatically revoked and normal trading in the scripts of Your Company would resume.

The entire business has three modes of execution of business i.e. Trading of Hardware and Peripherals; Establishing IT Infrastructure and Customization and up-gradation. Based on the orders, your company procures products / material from leading Dealers and Distributors of leading brands of IT and IT Infrastructure product manufacturers like HP, Samsung, LG, Lenovo, Dell, Acer, etc. thereafter the same are supplied.

Due to stiff and cut-throat competition, low margins coupled with high credit days in Computer Hardware and Peripherals your company had restrained itself doing any business during the year under review

- **IT Enabled Services comprising of:**

Domain Registration & Web Hosting Services
VAS & IT enabled Services
Software Development

SignDomains™ is India's first ICANN Accredited domain registrar which offers on-line domain registration of top level domains (TLD) including .com .net .org .info .biz .in etc. to name a few. The Company has tied up with various top level TLDs and offer these TLDs to our clients through its network of over 500 Re-sellers as well as directly by the Company.

Your Company is catering to a client base of over 6500 clients, through its on-line presence and secure payment gateway. Sign Domains TM has several corporates, large portals, resellers and end-users as its clientele.

V-APPSTM is MPS's Customised Software Development Division, which provides development services on web-based and client-server technologies. With MPS's complement of software specialists, the company responds to needs, to opportunities and to challenges, providing a growing ability to support operations either on an on-site or off-shore basis in the following areas:

- New product development
- Customized products
- Product enhancement
- Modification, conversion migration of existing applications

Skills towards the use of powerful computers, advanced equipment, sophisticated software and systems development methodologies and the latest productivity tools are available with your software group to provide high-quality services in the above areas.

Your Company also offers web-hosting solutions on MPS dedicated servers located at server farms and data centres located in US. Presently your company is hosting around 250 websites which includes websites of corporates, individuals, corporations, firms, etc.

Value added services like SMS, payment gateways, messaging, e-identity management, e-commerce are available for corporate clients and other businesses.

Your Company was engaged by CSC e-Governance Services India Ltd. a Central Government organization for providing support for the implementation of the Election project in the state of Gujrat. We were also engaged by CSC e-Governance Services India Ltd. for printing of Election Cards. Currently the contract with UIDAI had not been renewed, but your company is still trading on EPIC card.

During the year under review, the company had generated revenue of Rs. 52.58 lacs, the breakup of which is as under:

Web-Hosting	Rs. 0.87 Lacs
Domain Registration-which includes exports of Rs.1.68 Lacs	Rs. 33.76 Lacs
Software Development	Rs. 17.95 Lacs
Telecom (Sale of Mobile Phones) includes export of Rs. 301.78 Lacs	Rs. 761.61 Lacs
Server Management Charges	Nil
SMS Service Charges Sale	Nil
UID Aadhar Generation & Service Revenue	Nil

- **Telecommunication**

Your Company in the past had been offering a host of telecom enabled services to customers ranging from prepaid mobile top-up, post-paid mobile bill payment, DTH recharge, landline bill payments, data-card recharge / payments, bulk SMS, mobile application and software application. However, with stiff competition not only from the service provider themselves but also from various other e-commerce platform, very low margins, long credit days are some of the constraints with which your company was operating, due to which your company was constrained to shut down the operation.

As the overall business in this sector had considerably declined, your company's management started exploring new areas / avenues to generate revenues for long terms. With this intent in mind, your company has ventured in the field of trading in Mobile Phones in the domestic as well as in the International market.

During the year under review the revenues from Telecommunication segment (sale of Mobile handset) amounted to Rs. 761.61 lacs

During the fiscal year 2019-20, the revenues from operations (standalone & Consolidated) aggregated to Rs. 814.19 lacs (Previous year -Rs. 1700.39 lacs) registering a decline in revenues from operations by Rs. 886.20 lacs .

The Company (on standalone & Consolidated) has suffered a loss, before tax, of Rs. (561.66) Lacs and profit after tax (including other comprehensive income), of Rs. 332.20 Lacs.

The losses in the company are attributable to decline in business. Your Company is struggling to cope up with the tough Competition not only from the existing IT companies but also from small traders flooding the already saturated IT & ITeS Segment who are providing products at very low margins. The company is also facing tough competition from the players in the unorganized sector, who are operating for low margins and high credit. The management is of the view that with better utilization of resources, operations of the company will improve. The Company is also exploring other avenues of increasing its market share consequently increasing the stakeholders value.

Though the IT Solutions & Products segment has been underperforming, which is again mainly due to tough competition, low margins and long credit period yet your company is taking stern steps to increase its market share in IT Solution & Products segment and is optimistic of a steady growth in this sector in the coming years.

Majority of the revenues of the company are from the telecommunication segment, which in the recent past had been facing tough competition from the service provider as well as various e-commerce sites, which have ventured into B2B2C based multipurpose transaction platform, VAS and bill payment. The margins are very low in mobile and DTH recharge, which has resulted in company exploring other avenues to generate revenues in this sector. Which this approach in mind your company has ventured into exporting mobile phones on trial basis and in a very short span of time, the company has been able to export Blackberry make mobile phones aggregating to Rs. 761.61 lacs till December 2019. Though your company has suffered losses during initial trades, however, your company is optimistic to recover losses and make good profits in the times to come.

It is also important to mention here that since the outbreak of COVID-19 pandemic, which has rapidly grew into a global crisis forced governments to enforce lock-downs of all economic activities and consequent your company's focus immediately shifted to ensuring the health and well-being of all employees and consequently closed its operations and was since December 2019 when for the first time was detected in China, has not been able to export. However, the management of your company is hopeful of regaining the lost ground once the pandemic is over and normal economic activities resumes.

SEGMENT WISE PERFORMANCE

The segment wise revenues and profits / (loss) are tabulated hereunder:

Segment	Amount (Rs. in Lacs)

Profit before Tax	(561.66)	(534.77)	(561.66)	(534.77)

The decline in the business of the Company is continuing, which is mainly due to stiff competition both from the organized sector as well as unorganized sector, low margins, long credit periods, purchase of stock in cash and sale on credit; number of mobile applications for making long distance calls including video calls, various e-commerce sites which are providing similar / same services with lucrative schemes; etc. Though all the segments in which your company is operating are under performing, however, the company is exploring to venture into newer areas within the above segments to increase its revenues and consequently increase in the stakeholders value. Your company is optimistic that the steps that it is taking will eventually yield better results in the times to come. Your company has already ventured into exporting mobile phones and has started generating revenues for the company and also generating valuable foreign currency for the country.

Your Company is optimistic and expects to generate revenues in the times to come.

There are no material changes or commitments affecting the financial position of the Company between the end of the financial year and to the date of the report.

In summary, despite various limitation and adversaries which your company is facing, due to which the revenues had declined, yet your company is exploring exporting mobile phones, and also exploring newer avenues of business to increase its market share consequently increasing the stakeholders value.

10. DETAILS OF SUBSIDIARY/ JOINT VENTURE/ASSOCIATE COMPANIES

Presently your company has three (3) wholly owned foreign subsidiaries namely, M/s. Axis Convergence Inc, incorporated in Mauritius; Greenwire Network Limited, a company incorporated under the laws of Hong Kong; and Opentech Thai Network Specialists Co. Ltd., incorporated under the laws of Thailand. In the AGM held on 30th September 2019, the members, on the recommendation of the Board of Directors, had approved dis-investment in these wholly owned subsidiaries as it wanted to concentrate itself in its existing business. Your Company had deferred its decision to sell its stake as the market conditions were not conducive for such sale.

The main business of the subsidiary companies is sale & purchase of telecom services viz. International Voice minutes and promotional SMS pack. The work is online and the ground work is done by the agents / companies in their respective country. Further the management of the work is wholly software driven like SMS gateways and soft switches for voice.

Though there has not been any material change in the nature of the business of the subsidiaries, yet during the year under review, these subsidiary companies have not contributed to the consolidated revenues of the company on account to various factors some of which have already been mentioned above.

The Board of Directors of your company regularly reviews the affairs of the subsidiaries. The performance and financial position of the subsidiaries included in the consolidated financial statement is provided in accordance with the provisions of section 129(3) read with Rule 5 of the Companies (Accounts) Rules, 2014 and contains the salient features of the financial statement of the company's subsidiaries in form – AOC-1 in “Annexure - A” to this report.

The Consolidated Financial Statements have been prepared in accordance with Indian Accounting Standards (IND AS 110) issued by the “The Institute of Chartered Accountants of India” and shown the financial resources, assets, liabilities, income, profits and other details of your company and its subsidiaries as a single entity, after elimination of minority interest.

In accordance with section 136 of the Companies Act, 2013 Audited Financial Statements, including the consolidated financial statements and related information of the Company and Audited Accounts of each of its subsidiaries, are available on our website www.mpsinfotec.com. These documents will also be available for inspection till the date of the AGM during business hours at our registered office in New Delhi.

11. HUMAN RESOURCES

Human resources are the set of the people who make up the workforce of an organization, business sector, industry, or economy. No provision has been made for the possible loss on account of above.
- IV. Other non-current assets include other loans and advances of Rs. 223.33 Cr. which are considered to be good for recovery. However as the terms and conditions regarding these loans have not been provided to us we are unable to ascertain and comment on the extent of realiability of this asset
- V. The Company had increased its Authorized Capital from Rs. 52.45 Crores to Rs. 377.50 crores during the period from FY-2010-11 to FY 2012-13, ROC fees of Rs. 5.86 crores towards the above stands payable, under the head "Other Current Liabilities"
- VI. Income Tax for the Assessment year 2013-14 amounting to Rs. 20.80 lacs and interest thereon is still payable although provided for.

Observations made by the Statutory Auditors in their report on the consolidated financial statements:

1. The following items shown as Intangible Assets / Inventories, no provision for impairment of assets has been made in accordance with Ind AS 36 –
 - (a) Intangible Assets under development (Capital Work-in-progress) (software development) Rs. 56.44 Cr.;
 - (b) Software rights Rs. 23.06 Cr.; and
 - (c) Stock-in-trade (source codes) Rs. 62.20 Cr. which are being carried forward in the accounts since the last over 3 years.

In the absence of valuation reports of above assets the extent of impairment and its impact on profit and loss account, reserves and surplus is not ascertained.

2. Assets of subsidiaries –

The Holding company has no subsidiaries in India; the consolidated statements include those of 3 subsidiaries in Mauritius, Hong Kong and Thailand. There have been no operations in these overseas subsidiaries since the last few years, nor is there updated information in respect thereof.

The consolidated financial statements as of 31st March 2020 include the following, pertaining to the 3 subsidiaries:

- (a) Total assets of ₹. 16.78Cr. which are not material to the Group

- (b) Total revenue of ₹. Nil.
- (c) Net cash inflows of ₹. 0.32 Lacs for the year ended on that date.

The consolidated statements also include the holding company's share of net loss (and other comprehensive income) of ₹. NIL for the year under review.

No audit of the subsidiaries has been done either by us or by a local audit Firm; such unaudited financial statements and information have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosure included in respect of these subsidiaries and our report in terms of subsections 3 and 11 of section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on such un-audited financial information.

- (d) Investment aggregating to ₹. 61.75 Cr. in these subsidiaries, appear as "Non-current investments" (note 2) in the accounts of the Holding company for the year, at original cost.

The management has not been able to assess impairment loss, if any.

- (e) There is also uncertainty in the realization of receivables of these subsidiaries, aggregating to ₹. 16.49 Cr. The management has not been able to assess impairment loss, if any.

3. Goodwill aggregating to Rs. 61.69 Cr. - In the absence of valuation reports of Goodwill, the extent of impairment and its impact, if any, on profit and loss account, reserves and surplus is not ascertained;

4. In the absence of balance confirmation, there is also uncertainty in the realization of receivables of these subsidiaries aggregating to Rs. 16.49 Cr. hence as auditors of the Company we are unable to comment and ascertain its impact on profit and loss account, reserves and surplus..

5. Disputed bank balance in overseas Bank ₹. 34.79 Cr. Funds raised by MPS from a GDR issue in FY 2007-08 were kept in an account with Banco Efisa in Lisbon, Portugal to be deployed in terms of the Information Memorandum of the GDR issue.

During FY 2008-09, the Bank debited USD 8,883,210.75 out of the balance in this account; the company has denied and disputed this debit and initiated legal action against the Bank, under criminal jurisprudence of Portuguese Law. Based on information arising during the investigation, MPS has also initiated a civil suit against the Bank and its holding company for recovery of the disputed amount along with interest.

Though MPS' advocates have confirmed that the chances of recovery are very high, yet in our opinion, Bank Balances in the consolidated statements are overstated to the extent of Rs. 35 Cr.

6. Other non-current assets include other loans and advances of Rs. 223.42 Cr. which are considered to be good for recovery. However as the terms and conditions regarding these loans have not been provided to us we are unable to ascertain and comment on the extent of realisability of this asset.

7. Non-payment of fees to Registrar of Companies ₹. 5.86 Cr.

MPS had increased its authorized capital in stages during the period 2010 to 2013, but applicable fees were not deposited with the Registrar of Companies (RoC).

Meanwhile the schedule of fees was increased substantially by the Companies Act, 2013; MPS's writ petition challenging the revision in fees on the ground that the capital was increased prior to the 2013 Amendment, was dismissed by the Delhi High Court.

MPS has filed Special Leave Petition in the Supreme Court in April 2019 and the same is pending adjudication by the Hon'ble Apex Court.

The amount payable ₹. 5.86 Cr. (calculated as per Companies Act, 1956) appears as “other current liabilities” (notes 9 and 14); provision has been made for the additional fees, which is reflected under the head “Other Expenses – Rates & Taxes”.

8. Default in deposit of Income tax dues - ₹. 20.80 Lacs

MPS had defaulted in deposit of income tax dues aggregating to Rs. 20.80 Lacs for the AY 2013-14; provision appears under the head “Short Term Provisions” (note 12).

Report of the Statutory Auditor is annexed with the Annual Report, however, as regards qualifications made by the Auditors’ in their report your directors state as under:

Audit Qualification I (a) to (c) - In the opinion of the management matter regarding valuation of intangible assets, inventory including capital in work in progress, software rights as also any possible impairment needs to be seen in the context of the peculiar nature of the software industry and the prevailing circumstances. The management is confident that these assets will fetch more value than the cost incurred once the business environment stabilizes. The management has therefore not considered any provision on account of impairment of intangible assets;

Audit Qualification II - The management is making efforts to revive the business of subsidiaries and feels confident that investment made in subsidiaries will be realized. It has therefore not made any provision on account of impairment in value of investment in subsidiaries.

Audit Qualification III - The Company has filed a civil suit bearing No. 2446/12.2TVLSB before the 10th Lower Court of Lisbon, Portugal and the matter presently is pending and sub-judice. The Company has no additional explanation to offer as the matter is sub-judice.

Audit Qualification IV - The loans & advances include a sum of Rs. 220 Crores advanced by the Company for establishing a Data Centre at Bareilly. However, the builder Company could not develop the data center. The management of the company has initiated settlement with the builder and expects to recover the amount. Further these loans and advances are made in the normal course of business which are considered to be good for recovery.

Audit Qualification V - The Company had initiated writ petition bearing no. WP (C) 5199/2015 pending before the Hon'ble Delhi High Court challenging the applicability of provisions prescribed under para 3 of table B under Companies (Registration of Offices and Fees) Rules, 2014 had been dismissed vide order dated 15/01/2019. An SLP before the Hon'ble Supreme Court has been filed against the orders passed by the Hon'ble Delhi High Court and has been registered as SLP(C)019596/2019. As informed by our Advocates on records, the Hon'ble Apex Court vide its Order dated 09/08/2019 while issuing Notice to Union of India has directed the Company to deposit Rs. 3.22 crores within a period of 6 weeks;

Audit Qualification VI - The Company has already provided for the amount payable towards Income Tax for AY 2013-14 along with interest hence this liability has no further impact on the profits / retained earnings of the reported period of the Company.

Board of Directors comments on the qualified report submitted by the Statutory Auditors on the Consolidated Financial Statements is as under:

Audit Qualification 1 (a) to (c) - The company will be able to take business benefits once adequate funds are realised from other assets of the Company. Adequate measures are being taken by the Company to realise these assets. The management has therefore not considered any provision on account of impairment of intangible assets.

Audit Qualification 2 (a) to (c) - The Company is making all efforts to revive the business in these subsidiaries, however, the same is possible once the Company has realised funds from other assets of the Company. The Company is also in the process of selling its investment in its subsidiaries for which consent of the members have already been obtained. The management has therefore not considered any provision on account of impairment of intangible assets

Audit Qualification 2 (d), 3 & 4 - The Company has made investments in these foreign subsidiaries which are being reflected in the consolidated financial statement as Goodwill and have been shown at cost of acquisition. The company expects to take business benefits once adequate funds are realised from other assets of these subsidiaries. The Company is also making efforts to revive the business of these subsidiaries however, due to COVID-19 pandemic, the efforts of reviving these subsidiaries have suffered a setback but the company hopes to revive the business when ever this pandemic is over. The management has therefore not considered any provision on account of impairment of intangible assets

Audit Qualification 5 - The company has filed a civil suit bearing No. 2446/12.2TVLSB before the 10th Lower Court of Lisbon, Portugal. The Company has no additional explanation to offer as the matter is sub-judice.

Audit Qualification 6 - The loans & advances include a sum of Rs. 220 Crores advanced by the Company for establishing a Data Centre at Bareilly. However, the builder Company could not develop the data center. The management of the company has initiated settlement with the builder and expects to recover the amount. Further these loans and advances are made in the normal course of business and is considered to be good for recovery;

Audit Qualification 7 - The Company has filed a civil suit bearing No. 2446/12.2TVLSB before the 10th Lower Court of Lisbon, Portugal. The Company has no additional explanation to offer as the matter is sub-judice.

Audit Qualification 8 - The Company has already provided for the amount payable towards Income Tax for AY 2013-14 along with interest hence this liability has no further impact on the profits / retained earnings of the reported period of the Company

Management Discussion & Analysis Report

Industry Overview

India is regarded as the back office of the world owing mainly to its IT and ITES industry. The sector in India grew at a Compound Annual Growth rate (CAGR) of 15 per cent, which is 3-4 times higher than the global IT-ITES spend, and is estimated to expand at a CAGR of 9.5 per cent to US\$ 300 billion. India is also the world's largest sourcing destination for the information technology (IT) industry, accounting for approximately 67 per cent of the US\$ 124-130 billion market.

Technology has rapidly evolved for the past decade and so is the demand for Information Technology services and products leading to the industrial revolution in the Indian market. IT helped represent India as a big player in the global market is one of the finest growing economies in the world providing the high-end business solution and opening new export verticals.

Today, with 75% of global technological skilled profession India has become a global hub for the digital sourcing market and IT solutions.

The world economy was beginning to regain its vitality during the most part of this financial year, having emerged from multiple macro challenges recently. The US-China trade war and Brexit conflict continued, and the automobile slowdown caused a demand contraction in related sectors. However, a new unforeseen challenge in the form of the Coronavirus pandemic disrupted the socio-economic equilibrium, marking a turning point in world economic history.

With business of most of its clients getting impacted by the coronavirus outbreak and likely lower discretionary spending as a result, growth for India's IT services sector is going to be a big challenge in the coming fiscal.

With restriction on movement of people following the scare, Indian IT companies' ability to deliver services on-site could get severely impacted but that could be addressed to some extent by working remotely.

Most of the clients of the industry are getting impacted following the coronavirus outbreak and it will have a drastic impact on discretionary spending and some of the digital spending by clients. Probably we may see its full impact next year. Global markets such as the US, Europe and Japan are already witnessing significant slowdown in economic growth. The growth for Indian IT services industry is going to be a big challenge in the coming year as there will be significant impact on spending.

On the global economy front, IMF has predicted that the pandemic will wipe out \$12 trillion over two years, with worldwide business shutdowns destroying hundreds of millions of jobs. While it expects the global growth to contract by 4.9% in calendar year 2020, China is expected to grow at 1 per cent in 2020, despite sharp contraction in the first quarter, supported in part by policy stimulus. IMF projects India's economy to decline by 4.5 % in 2020, a "historic low" following a longer period of lockdown and slower recovery than anticipated in April. However, there's a pervasive uncertainty around these forecast as it depends on the length of pandemic, social distancing norms, workplace safety and global supply chain reconfiguration

During the year under review, the revenue generated from the segment was Rs. 11.51 lacs the breakup of which is as under:

Product	Amount in lacs
Web Hosting	Rs. 4.30 Lacs
Domain Registration – including export of Rs. 1.68 lacs	Rs. 30.33 Lacs
Software sale	Rs. 17.95 lacs
Telecom (Sale of Mobile Phones) includes export of Rs. 301.78 Lacs	Rs. 761.61 Lacs

• **VAS & IT enabled Services**

Value added services like SMS, payment gateways, messaging, e-identity management, e-commerce are available for corporate clients and other businesses.

The business of the company has considerably declined in all the sectors / areas in which it is engaged in. The main reason for the decline in the company’s business is due to stiff competition not only from the organised sector but also from un-organised sector; various e-commerce portals are providing their goods and services, along with lucrative schemes and that too on payment of cash; the company’s business has suffered as the company has to procure goods and services on cash and selling them on credit; there are number of mobile application available, which again provides their goods and services with lucrative discounts and schemes.

Since the company is facing stiff competition in the sectors in which it is operating, Your Company started exploring new avenues to increase its market share in the areas in which it operates. With this vision in mind your

company has ventured into trade in mobile phones, where not much investment is required and in case it is required, the investment can be recovered in short span of time.

With the above background the company has on a trial basis started exporting mobile phones since June 2019 to Taiwan and Hong Kong as well as sold mobile handsets in the Domestic Market. During the year under review, your company exported Blackberry make mobile handsets aggregating to Rs. 304.05 lacs. The Domestic sales of mobile handsets amounted to Rs. 457.57 lacs during the year under review. Your Company could not export mobile phones since December 2021 due to outbreak of COVID-19 pandemic and consequently complete lockdown imposed by the Governments across the globe to prevent the outbreak of the pandemic.

Though in the initial export trades, the company had incurred losses, however, the company hopes to recover the losses and make good profit on continued supplies to these countries on account of better purchase prices on quantity buying once the lockdown imposed by the Government is lifted.

Your Company also expects to trade mobile phones in the domestic market.

Apart from trading in Mobile phones your company is also exploring to provide consultancy and advisory services to entities in the field of Solar Power, which would include but not limited to setting up of Solar Power Plants, its management, supervision, development & trading of software, control the business of transmission of solar power, manufacturing and/or trading in parts of Solar Power Plants, supplying, generation, distribution, and dealing in electricity. The management of the company is in the process of negotiating with various strategic partners.

Opportunities and Challenges:

The changing economic and business conditions, rapid technological innovation, proliferation of the internet and globalization are creating an increasingly competitive environment. The role of technology has evolved from supporting corporations to transforming them. Global companies are increasingly turning to offshore technology service providers in order to meet their need for high quality and cost competitive technology solutions.

We understand that being in the IT and ITES industry, your company can encounter a wide variety of risks and challenges in their endeavor to create and maintain a seamless, successful, sustainable and scalable business.

Telecommunication

MPS's existing business model has been impacted by the uncertainty due to its high dependence on Telecommunication segment which has shown a significant decline due to various reasons, consequently losses have mounted leading to difficulty in bank financing and increasing dependence on loans from others. Your company has now diversified into export of telecommunication equipments and as well as sale of Mobile Handsets in the domestic market and exported Blackberry mobile to Hongkong and Taiwan on trial basis. Though it has suffered trading losses in initial trades, but your company hopes to recover losses and make good profits on continued supplies to these countries on account of better purchase prices on quantity buying. Your Company had also ventured into selling these mobile handsets in the domestic market as well.

Smartphones have been taking the world by storm. Earlier mobile phone advertisements talked only about the product however, these days they paint a picture of society. People can find directions on Google Maps instead of asking people.

This situation is even more widespread in India, which is the fastest-growing smartphone market in the world. India reportedly accounts for nearly 30 million smartphone purchases every quarter, and this percentage keeps increasing several times a year. According to IDC and the Ericsson Mobility Report, mobile subscriptions in India are expected to rise to 1.4 billion by 2021. Since India is a huge market for smartphones, manufacturers are aware that the wants and desires of Indian customers will have a significant impact on sales.

India is also the second-largest telecommunications market in the world (after China), with over 1.05 billion subscribers. The mobile phone market in India has grown exponentially in the past decade, and with the emergence of smartphones, the growth has increased substantially. The Indian economy is also affected by

smartphone sales, with the smartphone market accounting for a significant portion of the GDP. India is also the fourth largest economy in terms of usage of mobile applications.

Policies have been liberalized by the government which would see a strong and rapid growth of the smartphone market as there would be a huge consumer demand. The telecom industry today is among the top five employment opportunity generators in India, creating over four million direct and indirect jobs over the next few years, according to data released by Randstad India. Increase in smartphone sales and internet usage along with the government's efforts to increase the penetration of technology in rural regions have made this possible. The IDC also predicts India to overtake the US smartphone market in a few years.

Lot of factors have contributed to the rapid growth of the Indian smartphone market, but the two most important ones are the low cost of phones and their short shelf life. Our country is a cost-conscious economy, where affordable products sell the highest. Not surprisingly, the sub-10,000 segment of smartphones has seen the highest sales since 2012. Every smartphone maker wants to capitalize on the demand for budget devices with sub-10,000 offerings. From local brands to foreign brands, budget smartphones have flooded the market.

The growth of the online market has also strongly affected the smartphone industry.

With 4G services entering the Indian market, smartphone sales are expected to be at an all-time high. By 2025, India will have 700 million internet users, with the telecom market touching Rs. 10 trillion. The India government has been playing a vital role in making the country tech-savvy. Some of the policies planed by the government include providing wi fi to 550,000 villages by March 2019 and setting up a 5G India 2020 Forum for the early deployment of 5G in India.

The smartphone market in India is strong enough to ensure a healthy competition among new, upcoming, and existing brands. There are over 100 mobile phone brands in India right now, and new ones are coming up every quarter. A number of factors will ensure the market remains on an upward curve, including low smartphone penetration, ease of foreign investment in India, and the ascendancy of Long-Term Evolution (LTE).

Mobile phone exports from India have witnessed a boom in 2018 with the country jumping 21 positions to the 17th spot on the exporters list. Indian companies sold mobile phones worth \$1.07 bn in 2018, said a statement by the Federation of Indian Export Organizations. Mobile phone exports from India grew 17 per cent annually in the last 5 years, becoming the 23rd largest export item from the country. In July 2018, Hon'ble Prime Minister Shri. Narendra Modi inaugurated a Samsung facility in Noida which is the world's largest mobile phone manufacturing unit. The facility exports mobile handsets to overseas markets. Hong Kong, UAE, and Russia are the top 3 export destinations for Indian manufacturers.

The mobile phones exports are expected to grow further as Chinese investments in the Indian mobile phone market is likely to come in the near future, he added.

Exports of telephones for cellular networks or for other wireless networks have dramatically shot up, registering a whopping 660 per cent year-on-year growth in the last financial year 2018-19. These phones worth around \$1.6 billion were exported from India in 2018-19, which were hovering around \$200 million in the past few years, according to the Department of Commerce.

Indian mobile phone makers are now seeking a paradigm shift to move far beyond — 'Make in India for Global'. Buoyed by the growing demand for mobile devices on domestic turf, the mobile handset companies in India now want to tap the global markets by shifting focus to exports of the home-made phones.

To fuel further growth, the mobile handset companies are now seeking a 10-year tax holiday and reforms to focus on exports that can enable them to grow by over eleven-fold to \$230 billion by 2025, a joint report by Indian Cellular and Electronics Association (ICEA) and McKinsey, that has been submitted to the government, showed.

The recommendations by the mobile handset companies also include reduction of various duties, greater flexibility in working hours, relaxing retrenchment of labour and closing of establishments rules, among others.

There is a potential to manufacture 1,250 million (125 crore) handsets by the end of 2025, the report said. This would also lead to providing an employment to about 47 lakh people across the country in assembly, programming, testing in packaging (APIP) operations in the process, it added

120 manufacturing units

It may be noted that approximately 120 manufacturing units in the mobile manufacturing segment have come up since 2014 on the back of strong domestic market demand and with the support of government policy.

22.5 crore mobile handsets made in 2017

In the last year 2017, a total of 225 million mobile handsets worth \$20 billion were manufactured in 2017, with exports of around \$100 million, the report showed.

Make in India vs Make for the World

India's mobile manufacturing industry currently produces primarily for the domestic market. If it continues to manufacture mobile handsets and components only for itself, it would be likely to produce only about 450 million handsets as compared with 1,250 million and employ just 80 lakh people for an industry worth nearly \$80 billion by 2025.

Changes in current policies

The companies have recommended to bring changes to the current policies on taxes, labour laws and e-waste for orientation of the industry towards the global markets and to attract core manufacturing processes of global brands. Just in the Apple supplier eco-system, the top 15 component suppliers in China earned over \$80 billion in annual revenues in 2016 alone, on investment of about \$96 billion since 2007, the report showed.

Exciting Future

The mobile phone manufacturing industry is expected to reach a size of USD 217 billion by 2020. Moreover, rise in mobile-phone penetration and decline in data costs will add 500 million new internet users in India over the next five years. Fast Track Task Force (FTTF), under the Indian Ministry of Electronics and IT, estimates a 500 million mobile phones production in India by 2019, valued at USD 46 billion. The target is also to create a component manufacturing production worth USD 8 billion and employment worth USD 1.5 million by 2019. The factors that will ensure the market remains on an upward curve, including low smartphone penetration, ease of foreign investment in India, and the ascendancy of Long-Term Evolution.

With the above background the company has on a trial basis started exporting mobile phones since June 2019 to Taiwan and Hong Kong. The exports sales made during the year under review aggregates to Rs. 761.61 lacs. Though in the initial export trades, Your company had incurred losses, however, Your company hopes to recover the losses and make good profit on continued supplies to these countries on account of better purchase prices on quantity buying.

The efforts of your company in reviving its operation in the Telecom sector got a dent due to outbreak of COVID-19 Corona Virus pandemic as your company could not generate revenues since December 2019. Your Company hopes to recover as soon as pandemic is over and the economic situation normalizes.

Despite the fact that the company is facing stiff competition, yet, Your Company is exploring new avenues to increase its market share in the areas in which it operates. Your company expects to gain substantial amount of the market share in the times to come.

AUDIT REPORT

July 30, 2020

To,
The Members of MPS Infotecnics Limited
Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying standalone Ind AS financial statements of **MPS Infotecnics Limited** ("MPS" or "the Company"), which comprise the Balance Sheet as at 31st March 2020, the Statement of Profit & Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and a summary of the Significant Accounting Policies and other explanatory information (hereinafter referred to as *Standalone Financial Statements*).

In our opinion and to the best of our information and according to the explanations given to us, except for the effect of the matters described in the "Basis for Qualified Opinion" section below, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2020, the **Loss** and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

Attention is invited to the following key matter – observations in the said financial statements:

- I. In case of the following items shown as intangible Assets / inventory, no provision for impairment of assets has been made in accordance with accounting policies E and F (Schedule to the accounts) and applying Ind AS 36 –
 - (a) Intangible Assets under development (Capital work-in-progress) - Rs. 56.44 Crores (Software development)
 - (b) Software rights - Rs. 23.06 crores
 - (c) Opening Stock (Source Codes) - Rs. 62.20 Crores

In the absence of valuation reports of above assets the extent of impairment and its impact on profit and loss account, reserves and surplus is not ascertained.

- II. Investment in subsidiaries Rs. 61.75 Crores - There are no operations in these overseas subsidiaries and no audit of accounts has been done and no updated information has been received. No provision has been made for the shortfall in value of the investment in accordance with accounting policies F and I (Schedule to the accounts) applying Ind AS 36.
- III. The Company has shown in the balance sheet, bank balances in Banco Efisa (Lisbon Portugal) amounting to Rs. 347,892,163 (USD 8,883,210.75) which the bank has adjusted and the matter is in the court of law. Consequently the bank balances shown in balance sheet are overstated by Rs. 347,892,163/- The above bank balance relates to FY 2008-09 which is treated as a current asset. No provision has been made for the possible loss on account of above.
- IV. Other non-current assets include other loans and advances of Rs. 223.33 Cr. which are considered to be good for recovery. However as the terms and conditions regarding these loans have not been provided to us we are unable to ascertain and comment on the extent of realisability of this asset.

- V. The Company had increased its Authorized Capital from Rs. 52.45 Crores to Rs. 377.50 crores during the period from FY-2010-11 to FY 2012-13, ROC fees of Rs. 5.86 crores towards the above stands payable, under the head "Other Current Liabilities"
- VI. Income Tax for the Assessment year 2013-14 amounting to Rs. 20.80 lacs and interest thereon is still payable although provided for.

Our opinion is modified in respect of above matters.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs).

Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our **qualified opinion** on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matters described in the *Basis for Qualified Opinion* section above, we have determined the matters described below to be the key audit matters to be communicated in our report.

1. Evaluation of uncertain tax positions:

The Company has material uncertain direct and indirect tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes. Refer Note 21 under the head "*Contingent Liabilities*" in the Standalone Financial Statements.

Auditor's Response.

We obtained from the Company's management, details of the status as of 31 March 2020 concerning tax assessments and demands for current as well as past years. We assessed the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes to evaluate whether any change was required to management's position on these uncertainties.

2. Company's business model

MPS's existing business model has been impacted by the uncertainty due to its high dependence on Telecommunication segment which has shown a significant decline due to very tough competition from online operators and other service providers such as Vodafone, Idea, Jio and others who have been providing similar services. This has resulted in losses leading to difficulty in bank financing and increasing dependence on loans from others.

During the year under review, MPS has diversified into export of telecommunication equipments on trial basis; MPS hopes to recover losses and make profit in due course by way of continued exports and better purchase prices on volume-buying but has been adversely impacted due to out-brake of COVID-19 pandemic since December 2019 and subsequent global lockdown of operation. The Company hopes to recover and recover losses and make profits as soon as the pandemic is over and the economic activities resumes globally.

- (a) The company has considered sundry debtors of Rs.1,326.16 Lacs due for more than six months as good. However in the opinion of auditors there should be a regular process of identification and making provision for bad and doubtful debts. Such a process has not been followed. We therefore are unable to comment on the extent of un-provided bad and doubtful debts and their impact on loss and reserves.
- (b) The company in some cases of made payment of salary in cash which is in contravention of provisions of Section 40A (3) of Income tax Act.
- (c) The Company has paid and filed GST returns till October 2019, however GST Returns & payments from November 2019 till 31st March 2020 is pending.
- (d) The Company has paid TDS and also filed returns till December 2019 but the TDS Challans and payments from January 2020 till 31st March 2020 is pending.
- (e) There is a delay in payment of Annual Listing Fees to the stock exchanges where the shares of the Company are listed. In term of circular bearing no. LIST/COMP/OPS/ 16 /2019-2020 dated June 11, 2019 and Notice bearing no. 20190903-37 dated September 3, 2019; action(s) is initiated against the company.
- (f) Deferred tax liability amounting to Rs. 230,73,349 has been reversed has been reversed during the current year due to excess provision made as per Ind-as 12 in previous years.
- (g) Audit fees amounting to Rs. 1,64,160/- for the FY 2018-19 is still payable by the Company.
- (h) National Stock Exchange, on directions from SEBI, initiated punitive action against MPS as a “**shell company**” and placed restrictions on sale of shares by the promoters; the company, vide its letter dated May 4, 2019 responded to the observations raised by the forensic auditor appointed by NSE. The committee constituted by NSE, vide its order dated 17th March 2020 observed that the company is currently operative, carrying on its business operations and there are no material observations regarding misrepresentation of financials / misuse of funds. Also there were no major non-compliance of rules and regulations of LODR observed in the company. The Committee therefore was of considered view that the actions envisaged in SEBI's letter dated August 7, 2017 against the company has been revoked.
- (i) SEBI had investigated the GDR issue of the Company and SEBI in exercise of the powers conferred upon me under Sections 11(1), 11(4) and 11B of the SEBI Act, 1992 read with Section 19 of the SEBI Act, 1992, inter alia, had directed the company to continue to pursue the measures to bring back the outstanding amount of \$ 8.90 million into its bank account in India and the than Directors and present Directors to ensure compliance of the directions issued by SEBI by furnish a certificate from a peer reviewed Chartered Accountant of ICAI certifying the compliance of the said directions.

The SEBI has further restrained the company from accessing the securities market and further prohibited the company from buying, selling, or dealing in securities, directly or indirectly, in any manner what so ever, or being associated with the securities market in any manner, whatsoever, till compliance with the above directions and thereafter for an additional period of years from the date of bringing back the money.

The orders passed by SEBI has also restrained the then directors of the company from accessing the securities market and further prohibited from buying, selling or otherwise dealing in securities including units of mutual funds, directly or indirectly, or being associated with the securities market in any manner, whatsoever, for a period of 5 years from the date of this order and during the period of restraint, the existing holding of securities including units of mutual funds of these Directors shall also remain frozen.

(a)

(j) Default in payment of working capital dues

The cash-credit account of the company with Allahabad Bank was declared as NPA by the Bank; against the one-time settlement with the Bank for ₹. 2.66 cr, the overdue arrears as on 31 Mar 2020 is ₹. 2.81 Cr.

Provision for interest at the contracted rates have been made in the books of accounts though have not been paid.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis Report, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for

- safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities
- selection and application of appropriate accounting policies
- making judgments and estimates that are reasonable and prudent
- and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also :

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced.

We consider quantitative materiality and qualitative factors in ;

- (i) planning the scope of our audit work and in evaluating the results of our work; and
- (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters.

We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our

report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "**Annexure 1**" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, please refer to our separate Report in "**Annexure 2**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us :
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
 - ii. There are no long term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of MPS Infotecnics Ltd. (“the Company”) as of 31 March 2020 in conjunction with our audit of the stand-alone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding

prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

	Notes:		
	1. The Company has only one class of equity shares having a par value of Re.1/- each per share. Each holder of equity share is entitled to one vote per share.		
	2. In the event of liquidation of the Company, holders of equity shares will be entitled to receive any of the remaining assets of the Company after discharging the liabilities of the Company.		
	3. The Company had increased the authorized capital during the Financial Year 2010-11 to 2012-13, however due to technical issues necessary forms along with the fees w.r.t. increase in Authorised Capital, could not be filed and paid. Measwhile the schedule of fees was increased as per the companies act, 2013. However, the authorised capital was increased prior to the applicability of companies act, 2013. The company has filed a Writ Petition bearing No. WP(C) 5199 of 2015 before the Hon'ble High Court of Delhi, challenging the applicability of provisions prescribed under Para 3 of Table B under Registration of Offices and Fees Rules 2014 and the same is pending adjudication.

SIGNIFICANT ACCOUNTING POLICIES

Statement of Compliance with Ind AS

In accordance with the notification dated 16th February, 2015, issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) with effect from 1st April, 2016 with restatement of previous year figures presented in this financial statements. Accordingly, the financial statements have been prepared in accordance with Ind AS prescribed under Section 133 of the Companies Act, 2013 ("Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and the Companies (Indian Accounting Standards) (Amendment) Rules, 2016.

The Company has adopted all the applicable Ind AS and the adoption was carried out in accordance with Ind AS-101 First time adoption of Indian Accounting Standards.

The transition was carried out from Generally Accepted Accounting Principles in India which comprised of applicable Accounting Standards specified under section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014, other pronouncements of the Institute of Chartered Accountants of India (ICAI), relevant applicable provisions of the Companies Act, 1956, and the Companies Act, 2013 to the extent applicable and the applicable guidelines issued by the Securities and Exchange Board of India (SEBI) ("Previous GAAP").

These financial statements for the year ended 31st March, 2020 are the second financial statements of the Company prepared in accordance with Ind AS. The date of transition to Ind AS was 1st April, 2016.

All the Ind AS issued and notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the financial statements are approved for issue by the Board of Directors has been considered in preparing these financial statements.

A. Basis of Accounting & Preparation of Financial Statements

These financial statements are prepared on the accrual basis of accounting, under the historical cost convention except for the following:

- (i) Certain financial assets and financial liabilities measured at fair value;

There is no change in the system of accounting as being consistently followed from earlier years unless otherwise stated.

All assets and liabilities have been classified as current or non-current as per company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of operations and time between procurement of raw material and realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

B. Use of Estimates

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognised in the period in which the results are known/ materialised.

C. Property, plant and equipment (PPE) and Capital work-in-progress (CWIP)

Transition to Ind AS

The Company has elected to continue with carrying value of all Property, plant and equipment and Capital work-in-progress (CWIP) under the previous GAAP as deemed cost as at the transition date i.e. 1st April, 2016.

Under the previous GAAP, Property, plant and equipment were stated at their original cost (net of accumulated depreciation and impairment) adjusted by revaluation of certain assets.

The Property, plant and equipment (PPE) and Capital work-in-progress (CWIP) are stated at cost net of cenvat credit and/or at revalued price less accumulated depreciation and Accumulated Impairment.

Useful life of assets are considered on the basis of schedule-II of Companies Act 2013.

Subsequent costs are included in the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably.

D. Leased Assets

Operating Leases: Rentals are expensed with reference to lease terms and other considerations.

E. Intangible Assets

Transition to Ind AS:

The Company has elected to continue with carrying value of computer software under the previous GAAP, as deemed cost as at the transition date i.e. 1st April, 2016. Under the previous GAAP, computer software was stated at their original cost (net of accumulated amortization and accumulated impairment, if any).

Intangible assets expected to provide future enduring economic benefits are recorded at the consideration paid for acquisition of such assets and are carried at cost of acquisition less accumulated amortization and impairment, if any.

F. Depreciation and Amortisation

Depreciation on fixed assets is provided to the extent of depreciable amount on straight line method (SLM) at the rates and in the manner prescribed in Schedule XIV to the Companies Act, 1956 over their useful life. Intangible Assets are amortised over a period of 10 years considering the useful life of the underlying assets on Straight Line Basis.

G. Impairment of Assets

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. An impairment loss is charged to the Profit and Loss Account in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

H. Foreign Currency Transactions

- (a) Transactions denominated in foreign currencies are recorded at the exchange rate prevailing on the date of the transaction or that approximates the actual rate at the date of the transaction.
- (b) Monetary items denominated in foreign currencies at the yearend are restated at year end rates. In case of items which are covered by forward exchange contracts, the difference between the yearend rate and rate on the date of the contract is recognised as exchange difference
- (c) Non monetary foreign currency items are carried at cost.

- (d) Any income or expense on account of exchange difference either on settlement or on translation is recognised in the Profit and Loss account except in case of long term liabilities, where they relate to acquisition of fixed assets, in which case they are adjusted to the carrying cost of such assets.

I. Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations.

External valuers are involved for valuation of significant assets, such as properties. Involvement of external valuers is decided by the management after discussion with and approval by the Company's management. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. The management decides, after discussions with the Company's external valuers, which valuation techniques and inputs to use for each case.

At each reporting date, the management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The management, in conjunction with the Company's external valuers, also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Financial instruments

Financial assets and financial liabilities are recognised in the Balance sheet when the Company becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. The financial assets include equity and debt securities, trade and other receivables, loans and advances, cash and bank balances and derivative financial instruments.

Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- 1) At amortised cost,
- 2) At fair value through other comprehensive income (FVTOCI), and
- 3) At fair value through profit or loss (FVTPL).

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- 1) The asset is held within a business model whose objective is to hold the asset for collecting contractual cash flows, and
- 2) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

Equity investments

All equity investments in the scope of Ind AS 109 are measured at fair value except in case of investment in subsidiary carried at deemed cost and associate carried at cost.

Deemed cost is the carrying amount under the previous GAAP as at the transition date i.e. 1st April, 2016. Equity instruments included within the FVTPL category, if any, are measured at fair value with all changes recognized in profit or loss. The Company may make an irrevocable election to present in OCI subsequent changes in the fair value.

The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. When the fair value has been determined based on level 3 inputs, the difference between the fair value at initial recognition and the transaction price is deferred and after initial recognition deferred difference is recognised as gain or loss to the extent it arises from change in input to valuation technique. If the Company decides to classify an equity instrument at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in OCI.

There is no recycling of the amounts from OCI to profit or loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

De-recognition

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expires or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset.

Inventories

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, charges in bringing them to their respective present location and condition.

J. Revenue Recognition

Revenue from Fixed Price Software Contracts is recognised principally on the basis of completed Milestones as specified in the contracts.

Software Development and Services are recognised on time basis as per terms of specified contracts

Sale of Software / Hardware products is recognised on the dispatch of goods from company's premises. No provision has been made for possible returns or expenses during the warranty period.

Income from Annual Maintenance Contracts, Web Hosting and Domain Registration are accounted for in the ratio of period expired to the total period of the contract and the amount received from the customers towards the un-expired portion of such contract is treated as advance received.

Interest Income is recognized on time proportion basis.

K. Employee Benefits

(a) Short-term employee benefits are recognised as an expense at the undiscounted amount in the Profit and Loss account of the year in which the related service is rendered.

(b) Post employment benefits:

Defined contribution plans:

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts. The company makes specified monthly contributions towards provident fund. The Company's contribution is recognized as an expense in the statement of profit and loss during the period in which employee renders the related service.

Defined benefit plan:

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted.

The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the balance sheet date.

When the calculation results in a benefit to the Company, the recognized asset is limited to the net total of any unrecognized actuarial losses and past service costs and the present value of any future refunds from the plan or reductions in future contributions to the plan.

Actuarial gains and losses are recognized in the other comprehensive income

Long term employment benefits

The Company's net obligation in respect of long-term employment benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. The obligation is calculated using the projected unit credit method and is discounted to its present value and the fair value of any related assets is deducted. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the balance sheet date.

L. Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to Profit and Loss account.

M. Provision for Current and Deferred Tax

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income-tax Act, 1961.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statement and the corresponding tax bases used in the computation of taxable profit.

Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of an asset or liability in a transaction (other than a business combination) affects neither accounting profit nor taxable profit (tax loss).

Deferred tax assets are recognised for the carry forward of unused tax losses and unused tax credit to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax liabilities are generally recognised on all taxable temporary differences.

N. Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognised but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements.

O. Estimated fair value of unlisted securities

The fair values of financial instruments that are not traded in an active market and cannot be measured based on quoted prices in active markets is determined using valuation techniques including the net assets value (NAV) model. The Group uses its judgment to select a variety of method / methods and make assumptions that are mainly based on market conditions existing at the end of each financial year. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

To,
The Members of MPS Infotecnics Limited
Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of MPS Infotecnics Limited (“MPS” or “Holding company”) and its subsidiaries, (the Company and its subsidiaries together referred to as “the Group”), which comprise the Consolidated Balance Sheet as at 31st March 2020, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information (herein after referred to as “the Consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended (‘Ind AS’), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March 2020, consolidated Loss, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows for the year ended on that date.

Basis for Qualified Opinion

1. The following items shown as Intangible Assets / Inventories, no provision for impairment of assets has been made in accordance with Ind AS 36 –
 - (a) Intangible Assets under development (Capital Work-in-progress) (software development) Rs. 56.44 Cr.;
 - (b) Software rights Rs. 23.06 Cr.; and
 - (c) Stock-in-trade (source codes) Rs. 62.20 Cr. which are being carried forward in the accounts since the last over 3 years.

In the absence of valuation reports of above assets the extent of impairment and its impact on profit and loss account, reserves and surplus is not ascertained.

2. Assets of subsidiaries –

The Holding company has no subsidiaries in India; the consolidated statements include those of 3 subsidiaries in Mauritius, Hong Kong and Thailand. There have been no operations in these overseas subsidiaries since the last few years, nor is there updated information in respect thereof.

The consolidated financial statements as of 31st March 2020 include the following, pertaining to the 3 subsidiaries:

- (a) Total assets of ₹. 16.78Cr. which are not material to the Group
- (b) Total revenue of ₹. Nil .
- (c) Net cash inflows of ₹. 0.95 Lacs for the year ended on that date.

The consolidated statements also include the holding company’s share of net loss (and other comprehensive income) of ₹. NIL for the year under review.

No audit of the subsidiaries has been done either by us or by a local audit Firm; such unaudited financial statements and information have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosure included in respect of these subsidiaries and our report in terms of subsections 3 and 11 of section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on such un-audited financial information.

Investment aggregating to ₹. 61.69 Cr. in these subsidiaries, appear as “Non-current investments” (note 2) in the accounts of the Holding company for the year, at original cost.

The management has not been able to assess impairment loss, if any. There is also uncertainty in the realization of receivables of these subsidiaries, aggregating to ₹. 16.49 Cr.

3. **Goodwill aggregating to Rs. 61.69 Cr.** - In the absence of valuation reports of Goodwill, the extent of impairment and its impact, if any, on profit and loss account, reserves and surplus is not ascertained;

In the absence of balance confirmation, there is also uncertainty in the realization of receivables of these subsidiaries aggregating to Rs. 16.49 Cr. hence as auditors of the Company we are unable to comment and ascertain its impact on profit and loss account, reserves and surplus..

4. **Disputed bank balance in overseas Bank ₹. 34.79 Cr.**

Funds raised by MPS from a GDR issue in FY 2007-08 were kept in an account with Banco Efisa in Lisbon, Portugal to be deployed in terms of the Information Memorandum of the GDR issue.

During FY 2008-09, the Bank debited USD 8,883,210.75 out of the balance in this account; the company has denied and disputed this debit and initiated legal action against the Bank, under criminal jurisprudence of Portuguese Law. Based on information arising during the investigation, MPS has also initiated a civil suit against the Bank and its holding company for recovery of the disputed amount along with interest.

Though MPS’ advocates have confirmed that the chances of recovery are very high, yet in our opinion, Bank Balances in the consolidated statements are overstated to the extent of Rs. 34.79 Cr.

5. Other non-current assets include other loans and advances of Rs. 223.42 Cr. which are considered to be good for recovery. However as the terms and conditions regarding these loans have not been provided to us we are unable to ascertain and comment on the extent of realisability of this asset.

6. Non-payment of fees to Registrar of Companies ₹. 5.86 Cr.

MPS had increased its authorized capital in stages during the period 2010 to 2013, but applicable fees were not deposited with the Registrar of Companies (ROC).

Meanwhile the schedule of fees was increased substantially by the Companies Act, 2013; MPS’s writ petition challenging the revision in fees on the ground that the capital was increased prior to the 2013 Amendment, was dismissed by the Delhi High Court.

MPS has filed Special Leave Petition in the Supreme Court in April 2019 and the same is pending adjudication by the Hon’ble Apex Court.

The amount payable ₹. 5.86 Cr. (calculated as per Companies Act, 1956) appears as “other current liabilities” (notes 9 and 14); provision has been made for the additional fees, which is reflected under the head “Other Expenses – Rates & Taxes”.

7. Default in deposit of Income tax dues - ₹. 20.80 Lacs

MPS had defaulted in deposit of income tax dues aggregating to Rs. 20.80 Lacs for the AY 2013-14; provision appears under the head “Short Term Provisions” (note 12).

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs).

Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matters described in the Basis for Qualified Opinion section above, we have determined the matters described below to be the key audit matters to be communicated in our report.

1. Evaluation of uncertain tax positions: The Holding Company has material uncertain direct and indirect tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes. Refer Note 21 under the head "Contingent Liabilities" in the Consolidated Financial Statements.

Auditor's Response.

We obtained from the Company's management, details of the status as of 31st March 2020 concerning tax assessments and demands for current as well as past years. We assessed the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes to evaluate whether any change was required to management's position on these uncertainties.

2. Holding Company's business model
MPS's existing business model has been impacted by the uncertainty due to its high dependence on Telecommunication segment which has shown a significant decline due to very tough competition from online operators and other service providers such as Vodafone, Idea, Jio and others who have been providing similar services. This has resulted in losses leading to difficulty in bank financing and increasing dependence on loans from others.

During the year under review, MPS has diversified into export of telecommunication equipments on trial basis; MPS hopes to recover losses and make profit in due course by way of continued exports and better purchase prices on volume-buying but has been adversely impacted due to out-brake of COVID-19 pandemic since December 2019 and subsequent global lockdown of operation. The Company hopes to recover and recover losses and make profits as soon as the pandemic is over and the economic activities resumes globally.

3. Sundry Debtors of holding company includes sundry debtors aggregating to Rs. 16.49 Crores pertaining to Subsidiaries which are more than 3 years. However in the opinion of auditors there should be a regular process of identification and making provision for bad and doubtful debts. Such a process has not been followed. We therefore are unable to comment on the extent of un-provided bad and doubtful debts and their impact on loss and reserves.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion & Analysis, Board's report including

the Annexures and the Corporate Governance Report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India.

The respective Board of Directors of the companies included in the Group are responsible for:

- maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities
- selection and application of appropriate accounting policies
- making judgments and estimates that are reasonable and prudent, and
- design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Group or cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of each company.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users, taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a

material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiary companies which are companies incorporated in India, have adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion.
- Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities and business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in the aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance, regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Our opinion on the consolidated financial statements and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and consideration of financial information of the 3 subsidiaries, as were certified by the Management, and as referred to in para 2 in the Basis for Qualified Opinion section above, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations, as on 31st March 2020, received from the directors of the Holding company incorporated in India and certificate of Non-disqualification of Directors pursuant to section 164 (2) issued by the Secretarial Auditor M/s. Kundan Aggarwal & Associates, both taken on record by the Holding company's Board of Directors, none of the directors are disqualified as on 31st March 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, please refer to our separate Report in "Annexure A" which is based on our audit report of the Holding company and the unaudited information given by Management concerning the 3 subsidiary companies. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended, according to the information and explanations given to us, no remuneration has been paid by the Company to its directors during the year.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us :
 - i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group.
 - ii) There are no long-term contracts including derivative contracts and hence no provision is required to be made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any.
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund, by the Holding company; there are no Indian subsidiaries.

Annexure A

(Referred to in paragraph 1 (f) under “Report on other Legal and Regulatory requirements” section in our Report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March, 2020, we have audited the internal financial controls over financial reporting of the Holding company, MPS Infotecnics Limited; we have relied on the unaudited information given by Management with respect to the 3 overseas subsidiary companies which form part of the consolidated statements covered by this Report.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Holding company and its subsidiaries are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (“Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding company only as the 3 subsidiary companies, are incorporated outside India and have not been audited. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding company excluding its subsidiary companies which are companies incorporated outside India and have not been audited.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the

company are being made only in accordance with authorizations of management and directors of the company and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us and based on Management's certificate concerning the subsidiaries incorporated outside India, the Group has, in all material respects, a reasonably adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating reasonably effectively as at 31 March 2020 in accordance with the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SIGNIFICANT ACCOUNTING POLICIES ON CONSOLIDATED FINANCIAL STATEMENT

Statement of Compliance with Ind AS

In accordance with the notification dated 16th February, 2015, issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) with effect from 1st April, 2016 with restatement of previous year figures presented in this financial statements. Accordingly, the Consolidated Financial Statements have been prepared in accordance with Ind AS prescribed under Section 133 of the Companies Act, 2013 ("Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and the Companies (Indian Accounting Standards) (Amendment) Rules, 2016.

The Company has adopted all the applicable Ind AS and the adoption was carried out in accordance with Ind AS-101 First time adoption of Indian Accounting Standards.

The transition was carried out from Generally Accepted Accounting Principles in India which comprised of applicable Accounting Standards specified under section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014, other pronouncements of the Institute of Chartered Accountants of India (ICAI), relevant applicable provisions of the Companies Act, 1956, and the Companies Act, 2013 to the extent applicable and the applicable guidelines issued by the Securities and Exchange Board of India (SEBI) ("Previous GAAP").

These Consolidated Financial Statements for the year ended 31st March, 2020 are the second Consolidated Financial Statements of the Company prepared in accordance with Ind AS. The date of transition to Ind AS was 1st April, 2016.

All the Ind AS issued and notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the Consolidated Financial Statements are approved for issue by the Board of Directors has been considered in preparing these financial statements.

A. Basis of Accounting & Preparation of Consolidated Financial Statements

These Consolidated Financial Statements are prepared on the accrual basis of accounting, under the historical cost convention except for the following:

i) Certain financial assets and financial liabilities measured at fair value;

There is no change in the system of accounting as being consistently followed from earlier years unless otherwise stated.

All assets and liabilities have been classified as current or non-current as per company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of operations and time between procurement of raw material and realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities

Principles of Consolidation

The consolidated financial statements relate to MPS Infotecnics Limited ('the Holding Company') and its subsidiary companies. The consolidated financial statements have been prepared on the following basis:

a). The financial statements of the Company and its subsidiary companies are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions in accordance with Accounting Standard (AS) 21 - "Consolidated Financial Statements".

b).The difference between the cost of investment in the subsidiaries, over the net assets at the time of acquisition of shares in the subsidiaries is recognised in the financial statements as Goodwill or Capital Reserve, as the case may be.

c). The difference between the proceeds from disposal of investment in subsidiaries and the carrying amount of its assets less liabilities as of the date of disposal is recognised in the consolidated Profit and Loss Statement being the profit or loss on disposal of investment in subsidiary.

d). Minority Interest's share of net profit of consolidated subsidiaries for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the Company.

e). Minority Interest's share of net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet separate from liabilities and the equity of the Company's shareholders.

B. Use of Estimates

The preparation of Consolidated Financial Statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the Consolidated Financial Statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognised in the period in which the results are known/ materialised.

C. Property, plant and equipment (PPE) and Capital work-in-progress (CWIP)

Transition to Ind AS

The Company had elected to continue with carrying value of all Property, plant and equipment and Capital work-in-progress (CWIP) under the previous GAAP as deemed cost as at the transition date i.e. 1st April, 2016.

Under the previous GAAP, Property, plant and equipment were stated at their original cost (net of accumulated depreciation and impairment) adjusted by revaluation of certain assets.

The Property, plant and equipment (PPE) and Capital work-in-progress (CWIP) are stated at cost net of cenvat credit and/or at revalued price less accumulated depreciation and Accumulated Impairment.

Useful life of assets are considered on the basis of schedule-II of Companies Act 2013.

Subsequent costs are included in the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably.

D. Leased Assets

Operating Leases: Rentals are expensed with reference to lease terms and other considerations.

E. Intangible Assets

Transition to Ind AS:

The Company has elected to continue with carrying value of computer software under the previous GAAP, as deemed cost as at the transition date i.e. 1st April, 2016. Under the previous GAAP, computer software was stated at their original cost (net of accumulated amortization and accumulated impairment, if any).

Intangible assets expected to provide future enduring economic benefits are recorded at the consideration paid for acquisition of such assets and are carried at cost of acquisition less accumulated amortization and impairment, if any.

F. Depreciation and Amortisation

Depreciation on fixed assets is provided to the extent of depreciable amount on straight line method (SLM) at the rates and in the manner prescribed in Schedule XIV to the Companies Act, 1956 over their useful life. Intangible Assets are amortised over a period of 10 years considering the useful life of the underlying assets on

Straight Line Basis.

G. Impairment of Assets

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. An impairment loss is charged to the Profit and Loss Account in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

H. Foreign Currency Transactions

(a) Transactions denominated in foreign currencies are recorded at the exchange rate prevailing on the date of the transaction or that approximates the actual rate at the date of the transaction.

(b) Monetary items denominated in foreign currencies at the yearend are restated at year end rates. In case of items which are covered by forward exchange contracts, the difference between the yearend rate and rate on the date of the contract is recognised as exchange difference

(c) Non monetary foreign currency items are carried at cost.

(d) Any income or expense on account of exchange difference either on settlement or on translation is recognised in the Profit and Loss account except in case of long term liabilities, where they relate to acquisition of fixed assets, in which case they are adjusted to the carrying cost of such assets.

I. Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Consolidated Financial Statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the Consolidated Financial Statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations.

External valuers are involved for valuation of significant assets, such as properties. Involvement of external valuers is decided by the management after discussion with and approval by the Company's management. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. The management decides, after discussions with the Company's external valuers, which valuation techniques and inputs to use for each case.

At each reporting date, the management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The management, in conjunction with the Company's external valuers, also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Financial instruments

Financial assets and financial liabilities are recognised in the Balance sheet when the Company becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. The financial assets include equity and debt securities, trade and other receivables, loans and advances, cash and bank balances and derivative financial instruments.

Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- 1) At amortised cost,
- 2) At fair value through other comprehensive income (FVTOCI), and
- 3) At fair value through profit or loss (FVTPL).

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- 1) The asset is held within a business model whose objective is to hold the asset for collecting contractual cash flows, and
- 2) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

Equity investments

All equity investments in the scope of Ind AS 109 are measured at fair value except in case of investment in subsidiary carried at deemed cost and associate carried at cost.

Deemed cost is the carrying amount under the previous GAAP as at the transition date i.e. 1st April, 2016. Equity instruments included within the FVTPL category, if any, are measured at fair value with all changes recognized in profit or loss. The Company may make an irrevocable election to present in OCI subsequent changes in the fair value.

The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. When the fair value has been determined based on level 3 inputs, the difference between the fair value at initial recognition and the transaction price is deferred and after initial recognition deferred difference is recognised as gain or loss to the extent it arises from change in input to valuation technique. If the Company decides to classify an equity instrument at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in OCI.

There is no recycling of the amounts from OCI to profit or loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

De-recognition

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expires or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset.

J. Inventories

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, charges in bringing them to their respective present location and condition.

K. Revenue Recognition

Revenue from Fixed Price Software Contracts is recognised principally on the basis of completed Milestones as specified in the contracts.

Software Development and Services are recognised on time basis as per terms of specified contracts

Sale of Software / Hardware products is recognised on the dispatch of goods from company's premises. No provision has been made for possible returns or expenses during the warranty period.

Income from Annual Maintenance Contracts, Web Hosting and Domain Registration are accounted for in the ratio of period expired to the total period of the contract and the amount received from the customers towards the un-expired portion of such contract is treated as advance received.

Interest Income is recognized on time proportion basis.

L. Employee Benefits

(a) Short-term employee benefits are recognised as an expense at the undiscounted amount in the Profit and Loss account of the year in which the related service is rendered.

(b) Post employment benefits:

Defined contribution plans:

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts. The company makes specified monthly contributions towards provident fund. The Company's contribution is recognized as an expense in the statement of profit and loss during the period in which employee renders the related service.

Defined benefit plan:

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted.

The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the balance sheet date.

When the calculation results in a benefit to the Company, the recognized asset is limited to the net total of any unrecognized actuarial losses and past service costs and the present value of any future refunds from the plan or reductions in future contributions to the plan.

Actuarial gains and losses are recognized in the other comprehensive income

Long term employment benefits

The Company's net obligation in respect of long-term employment benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. The obligation is calculated using the projected unit credit method and is discounted to its present value and the fair value of any related assets is deducted. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the balance sheet date.

M. Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to Profit and Loss account.

N. Provision for Current and Deferred Tax

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income-tax Act, 1961.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statement and the corresponding tax bases used in the computation of taxable profit.

Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of an asset or liability in a transaction (other than a business combination) affects neither accounting profit nor taxable profit (tax loss).

Deferred tax assets are recognised for the carry forward of unused tax losses and unused tax credit to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax liabilities are generally recognised on all taxable temporary differences.

O. Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognised but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements.

P. Estimated fair value of unlisted securities

The fair values of financial instruments that are not traded in an active market and cannot be measured based on quoted prices in active markets is determined using valuation techniques including the net assets value (NAV) model. The Group uses its judgment to select a variety of method / methods and make assumptions that are mainly based on market conditions existing at the end of each financial year. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Q. The previous year figures have been regrouped / reclassified, wherever necessary to confirm to the current year presentation
