Management Discussion And Analysis

Wind Power : International Scenario

As per the report released by the Global Wind Energy Council (GWEC), more than 54 GW of renewable wind power was installed across the global market in 2016, which now comprises more than 90 countries, including 9 with more than 10,000 MW installed, and 29 which have now passed the 1,000 MW mark. Cumulative capacity grew by 12.6% to reach a total of 486.8 GW.

Wind power penetration levels continue to increase, led by Denmark pushing 40%, followed by Uruguay, Portugal and Ireland with well over 20%, Spain and Cyprus around 20%, Germany at 16%; and the big markets of China, the US and Canada get 4%, 5.5%, and 6% of their power from wind, respectively. GWEC's rolling five year forecast sees almost 60 GW of new wind installations in 2017, rising to an annual market of about 75 GW by 2021, to bring cumulative installed capacity of over 800 GW by the end of 2021.

Growth will be led by Asia: China will continue to lead all markets, but India set a new record for installations this past year and has a real shot to meet the government's very ambitious targets for the sector; and there are a number of exciting new markets in the region with great potential.

As the technology continues to improve, prices continue to go down and the call for clean, renewable power to reduce emissions, clean our air and create new jobs and new industries only gets stronger with each passing year.

Wind Power : Domestic Scenario

Wind power capacity in the country could be ramped up to 185GW - an eight-fold increase over 15 years from 2015. This would require \$42 billion worth of investment before 2030,

Additionally, power generated by renewable sources is expected to increase by 137TWh a year to 595TWh, with wind power making up 345TWh of this.

Ministry of New and Renewable Energy (MNRE) officially announced the government's target of 175GW installed renewable energy capacity by 2022 - including 60GW from wind - in its 2015-16 annual report.

India is projected to have approximately 32.6GW of wind power installed by this yearend.

Increasing renewable energy deployment could save India's economy 12 times more than its costs by the year 2030. This would also create jobs, reduce carbon dioxide emissions and ensure cleaner air and water, with savings on health-related costs.

Furthermore, increased renewables capacity would lower the demand for coal and oil products by 17-23% by 2030.

Company's Performance :

The operations were disturbed during the year due to problem at the service provider.

The Company has taken various steps to restart the machines with alternate means.

c. CONSOLIDATED ACCOUNTS

The Consolidated Accounts of the Company, with its subsidiaries for the year ended 31st March, 2017 are enclosed. The Auditors, in their report have qualified the Consolidated Accounts. The Boards explanation to the same is enclosed below.

Auditors Qualifications**Boards' explanation**

A) Financial Audit -**Consolidated Financial Statements****Basis of Qualified Opinion**

1. Based on the audit procedures carried out by us, the work of the other auditors' of Nandi Highway Developers Limited (NHDL) and Nandi Infrastructure Corridor Enterprise Limited (NICE) cannot be used with respect to certain required statutory disclosures in their respective audited financial statements; and since we have not been able to perform sufficient additional procedures regarding the financial information of the component audited by the other auditors', we qualify our opinion and we are unable to quantify the effect of the inadequate disclosures on the Consolidated Financial Statements of the Company with respect to NHDL and NICE.
2. As stated in Note No. 36 C, Nandi Economic Corridor Enterprises Limited (NECE) has advanced an amount aggregating to Rs. 1,227,682,883 as on 31 March 2017 (Rs. 1,227,243,251 as at 31 March 2016) to Nandi Engineering Limited (NEL) for carrying out the development of toll roads and townships and has given Inter-corporate deposits of Rs. 58,250,000 as on 31 March 2017 (Rs. 98,422,294 as at 31 March 2016) to NEL (including interest accrued but not due thereon of Rs. Nil as on 31 March 2017 (As at 31 March 2016 Rs. 11,678,748). These have been considered as good and recoverable by the Management of NECE based on the future additional work expected to be contracted to NEL. In the absence of sufficient appropriate audit evidence to assess the recoverability of these advances and inter-corporate deposits, we are unable to form an opinion on the recoverability of the carrying value of these balances and consequent adjustment that may be required on the consolidated financial statements. This matter was also qualified in our report on the consolidated financial statements for the year/period ended March 31,2016.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, *except for the possible effects of the matters described in the Basis for Qualified Opinion paragraph*, the consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting standards and accounting principles generally accepted in India

Management' Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, as applicable. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the Order under section 143 (11) of the Act.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2017, and its profit and its cash flows for the year then ended on that date.

Emphasis of Matters

Without qualifying our Audit Report we draw attention to the following matters in the Notes to the financial statements:

- (a) We draw attention to Note No.35 to the accompanying financial results. As mentioned therein there are certain litigations by and against the Company and the subsidiaries of the Company that are yet to be decided by various courts and the matter is subjudice. No cognizance thereof is taken in the preparation of the financial statements, pending the final outcome of these cases. During the year, due to dispute with the service provider, Company's windmills were partly non-operational there by adversely affecting power generation. The management has taken all possible steps to restore the operations.

Note 35-

Certain litigations by and against the Company and the subsidiaries of the Company are pending in various courts and the matter is subjudice. No cognizance thereof is taken in the preparation of the financial statements, pending final outcome of the cases. During the year, due to dispute with the service provider, Company's windmills were partly non-operational there by adversely affecting power generation. The management has taken all possible steps to restore the operations.

- (b) As stated in Note No.38, to the accompanying financial statements, Consolidated Financial Statements have not been prepared.

Note 38-

Nandi Highway Developers Ltd. (NHDL), Nandi Infrastructure Corridor Enterprises Ltd. (NICE) and Nandi Economic Corridor Enterprises Ltd. (NECE), which are the subsidiaries of the Company, are in the process of finalising their accounts for the financial year ended 31st March, 2017 and hence, they have not yet submitted the said audited financials to the Company.

The Company will prepare consolidated financials, once the audited accounts of all the above mentioned subsidiaries are made available to the Company.

- (c) As stated in Note No.39, to the accompanying financial statements, diminution other than temporary, if any, in the value of investment in Nandi Highway Developers Ltd (NHDL), Nandi Infrastructure Corridor Enterprise Ltd (NICE) and Nandi Economic Corridor Enterprise Ltd (NECE) could not be tested pending finalisation of accounts of NHDL, NICE and NECE for the financial year ended 31 March 2017, as explained in Note no. 38. The Company has recorded these investments at cost as on the date of Balance Sheet.

Note 39-

Diminution other than temporary, if any, in the value of investment in Nandi Highway Developers Ltd. (NHDL), Nandi Infrastructure Corridor Enterprise Ltd (NICE) and Nandi Economic Corridor Enterprise Ltd (NECE) could not be tested pending finalisation of accounts of NHDL, NICE and NECE for the financial year ended 31st March, 2017, as explained in Note no. 38. The Company has recorded these investments at cost as on the date of Balance Sheet.

Report on Other Legal and Regulatory Requirements

1. As required by section 143(3) of the Companies Act, 2013, based on our audit we report, to the extent applicable that:
 - (i) We have sought and obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (ii) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (iii) The Balance Sheet, the statement of Profit and Loss and the Cash Flow Statement dealt with by us in the Report are in agreement with the relevant books of account.
 - (iv) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, as applicable.
 - (v) On the basis of the written representations received from the directors as on 31 March 2017 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2017 from being appointed as a director in terms of Section 164 (2) of the Act.

-
- (vi) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- (vii) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- a) The Company has, in accordance with generally accepted accounting practice, disclosed the impact of pending litigations on its financial position in its financial statements Refer Note 26 & 27 to the financial statement;
 - b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - d) The Company had provided requisite disclosures in its standalone financial statements as regards holdings as well as dealings in Specified Bank Notes as defined in the Notification S.O. 3407(E) dated the 08 November 2016 of the Ministry of Finance, during the period from 08 November 2016 to 30 December 2016; and such disclosures are in accordance with the books of accounts maintained by the Company ñ Refer note no. 44.
2. As required by the Companies (Auditor's Report) Order, 2016 (the "Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure B" a statement on the matters specified in paragraph 3 and 4 of the Order .

ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT

(Refer to in paragraph 1 to 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of BF Utilities Limited ("the Company") as of 31 March, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safe guarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Re: BF Utilities Limited ("the Company")

- i. In respect of the Company's fixed assets:
 - (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation of fixed assets;
 - (b) There is a regular programme of verification which, in our opinion, is reasonable having regards to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
 - (c) According to the information and explanations given to us and the records examined by us and based on the examination of registered documents provided to us, we report that, the title deeds comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date.
- ii. The inventory has been physically verified by the management during the year. In our opinion, the frequency of verification is reasonable. No material discrepancies were noticed on such physical verification.

As explained to us, inventories of Certified Emission Reduction (CER) and Renewable Energy Certificate (REC) were verified electronically during the year by the management at reasonable intervals, since the same is not physically verifiable and no material discrepancies were noticed.
- iii. During the year, the Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the Register maintained under Section 189 of the Act.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- v. According to the information and explanations given to us, the Company has not accepted any deposits from the public.
- vi. The provisions of clause (3) (vi) of the Order are not applicable to the Company as the Company is not covered by the Companies (Cost Records and Audit) Rules, 2014.
- vii. According to the information and explanations given to us, in respect of statutory dues:
 - (a) The Company is generally regular in depositing undisputed statutory dues including provident fund, income tax, sales tax, wealth tax, service tax, value added tax, cess and any other statutory dues to the appropriate authorities and there are no arrears of outstanding statutory dues as at the last day of financial year concerned for a period of more than six months from the date they became payable, *except in case of electricity duty payable for the period 1 April 2014 to 31 August 2016 total amounting Rs. 17,856,207.*
 - (b) According to the information and explanations given to us, there were no dues of income tax, sales tax, service tax, duty of customs, duty of excise, value added tax which have not been deposited as at 31 March 2017 on account of disputes.
- viii. In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of loans from the government. The Company has not taken any loans or borrowings from financial institution and bank and has not issued debentures during the year.
- ix. The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under clause 3 (ix) of the Order is not applicable to the Company.
- x. To the best of our knowledge and belief and according to the information and explanations given to us, no fraud by the Company and no fraud on the Company by its officers or employees has been noticed or reported during the year.
- xi. Based on our audit procedures and as per the information and explanations given by the management, we are of the opinion that managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- xii. The Company is not a Nidhi Company and hence reporting under clause 3 (xii) of the Order is not applicable.
- xiii. In our opinion and according to the information and explanations given to us, the Company is in compliance with section 177 and 188 of Companies Act, 2013, where applicable, for all the transactions with the related parties and the details of related party transactions have been disclosed in the standalone Financial Statements etc., as required by the applicable accounting standards.
- xiv. During the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause 3 (xiv) of the Order is not applicable to the Company.
- xv. In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with any directors or persons connected with him and hence provisions of section 192 of the Companies Act, 2013 are not applicable.
- xvi. According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company.

1 A. Corporate Information:

BF Utilities Ltd. ("the Company" or "BFUL") is a public company domiciled in India and incorporated on 15 September, 2000 under the provisions of the Companies Act, 1956 ("the Act"). Its shares are listed on National stock exchange and Bombay stock exchange in India. The Company is engaged in the generation of electricity through wind mills. The Company's CIN is L40108PN2000PLC015323.

In Previous Year, the Company has changed its Financial Year as under.

Earlier Financial Year was 1st October to 30th September to New Financial year -1st April to 31st March, every year.

Accordingly, the Company has closed its Financial year on 31st March, 2016 for the broken period of 1st October, 2015 to 31st March, 2016. Therefore previous period's figures are for six months only.

This change in Financial year is made to align the Financial year of the Company with the provisions of the Companies Act, 2013.

1 B. Basis of preparation:

The financial statements of the Company for the year ended 31st March, 2017 have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP) to comply in all material respects with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with the Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013. These financial statements are prepared on an accrual basis and under the historical cost convention except financial instruments which have been measured at fair value. The accounting policies are consistently applied by the Company during the year and are consistent with those used in previous period. The Company has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities. The accounting policies adopted in the preparation of the financial statements are consistent with those of previous period.

1 C. Summary of significant accounting policies:

a) Use of estimates:

The preparation of the financial statements is in conformity with Indian GAAP and requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities and disclosure of contingent liabilities at the end of reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

b) Tangible fixed assets (Property, Plant and Equipment):

Tangible fixed assets (Property, Plant and Equipment) are stated at cost, less accumulated depreciation and accumulated impairment losses, if any. The cost comprises the purchase price and directly attributable costs of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. The Company has adopted the provisions of para 46A of AS 11 "The Effects of Changes in Foreign Exchange Rates", accordingly, exchange difference arising on settlement of long term foreign currency borrowing relating to acquisition of depreciable fixed assets are adjusted to the cost of the respective assets and depreciated over the remaining useful life of such assets. Capital work-in-progress includes cost of fixed assets that are not ready to be put to use. Subsequent expenditure related to an item of fixed asset (Property, Plant and Equipment) is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the year/period during which such expenses are incurred. Gains or losses arising from disposal of fixed assets (Property, Plant and Equipment) are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is disposed.

c) Intangible assets:

(i) Acquired intangible assets

Intangible assets acquired separately are measured on the initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the assets to its working condition for its intended use. Gains or losses arising from disposal of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is disposed.

Notes Forming Part of The Financial Statements for the Year ended 31st March, 2017 :

(ii) Research and development cost

Research costs are expensed as incurred. Development expenditure incurred on an individual project is recognized as an intangible asset when the Company can demonstrate:

- technical feasibility of completing the intangible asset so that it will be available for use or sale;
- its intention to complete the asset and use or sell it;
- its ability to use or sell the asset;
- how the asset will generate probable future economic benefits;
- the availability of adequate resources to complete the development and to use or sell the asset;
- the ability to measure reliably the expenditure attributable to the intangible asset during development.

Such capitalized expenditure is reflected as intangible under development.

Expenditure on New Projects and Expenditure during Construction etc. on Tangible and Intangible Assets :In case of new projects or expansion at the existing units of the Company, expenditure incurred including interest and financing costs of specific borrowings, prior to commencement of commercial production is being capitalised to the cost of assets.

d) Capital work-in-progress:

Projects under which assets are not ready for their intended use or projects which are suspended during extended period in which active development is interrupted and other capital work-in-progress are carried at cost, comprising direct cost, related incidental expenses and attributable /eligible interest.

e) Depreciation and amortization:

Depreciation on tangible fixed assets (Property, Plant and Equipment) is provided using the Straight Line Method ('SLM') except in respect of Furniture & Fittings and Vehicle is provided using Written down value ('WDV') over the useful lives of the assets estimated by the management.

The management estimates the useful lives for the fixed assets as follows:

Assets	Useful lives
Building	60 years
Plant & Machinery (Windmills)	22 years
Electrical Installation	10 years
Testing Meters	5 years
Furniture & Fixtures	10 years
Tools and equipments	10 years
Office Equipments	5 years
Vehicles	8 years

Useful lives of the above assets are as per prescribed under Part C of Schedule II of the Companies Act, 2013.

Individual assets whose cost does not exceed Rs. 5,000 are fully depreciated in the year of acquisition.

Depreciation on additions to assets during the year/ period is being provided on pro-rate basis from the date of acquisition/ installation. Depreciation on assets sold, discarded or demolished during the year, is being provided at their respective rates on pro-rate basis upto the date on which such assets are sold, discarded or demolished.

Intangible assets are amortized on a straight line basis over their estimated useful lives commencing from the day the asset is made available for use.

f) Impairment of tangible and intangible assets:

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. Recoverable amount of intangible under development that is not yet available for use is estimated at least at each year/ period end even if there is no indication that the asset is impaired. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present

Notes Forming Part of The Financial Statements for the Year ended 31st March, 2017 :

value using an appropriate discount factor that reflects current market assessments of the time value of money and risks specific to the asset. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

g) Investments:

Investments which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments. On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. Current investments are carried in the financial statements at lower of cost and fair value, determined on category of investment basis. Long-term investments presented in the financial statements are carried at cost. However, provision for diminution in value is made to recognize a decline, other than temporary decline, in the value of investments. On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

h) Inventory:

Cost of inventories have been computed to include all cost of purchases, cost of conversion and other cost incurred in bringing the inventories of their present location and condition.

Stores and spares and loose tools are valued at lower of cost or net realisable value. However, materials and other items held for operation and maintenance of fixed assets are not written down below cost.

Costs are determined on unsold Certified Emission Reduction (CER) and Renewable Energy Certificate (REC) are considered as Inventory and valued on the basis of costs which are directly allocated to it, as per guidance note issued by ICAI dated 11th February, 2012. The cost is assigned to inventories on First in First Out (FIFO) basis. This CERs and RECs are valued at lower of cost or net realisable value.

i) Cash and cash equivalents:

Cash and cash equivalents in the cash flow statement comprises of cash at bank, cash in hand and short term deposits with an original maturity period of three months or less.

j) Cash flow statement:

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

k) Borrowing Cost:

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings. Borrowing costs directly attributable to the acquisition, construction or development of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the year they occur.

l) Leases:

(i) Where the Company as a lessor, Leased assets under finance leases, such amounts are recognised as receivables at an amount equal to the net investment in the lease and the finance income is recognised based on a constant rate of return on the outstanding net investment. Leased assets under operating lease, lease income from such lease is recognised in the statement of profit and loss account on straight line basis over the lease term unless another systematic basis is more representative of the time pattern in which benefit derived from the use of leases asset is diminished.

(ii) Where the Company is the lessee, Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term.

m) Revenue Recognition:

Revenue recognition is generally postponed if the receipt can not be estimated with reasonable certainty.

(a) Income from Electricity generated is accounted on the basis of electricity wheeled into MSEB grid and jointly certified.

(b) Interest is accrued over the period on the amount of loan/investment.

(c) Dividend is accrued in the year in which it is declared, whereby right to receive is established.

Notes Forming Part of The Financial Statements for the Year ended 31st March, 2017 :

- (d) Profit/Loss on sale of investment is recognised on contract date.
- (e) Income from Certified Emission Reduction (CERs) units and Renewable Energy Certificates (RECs) is recognised in the period of its actual sales.

n) **Foreign currency translation:**

Foreign currency transactions and balances:

Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are reported using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates at the date when the values were determined.

o) **Retirement and other employee benefits:**

(i) **Provident fund**

Eligible employees receive benefits from a provident fund, which is a defined benefit plan. Both the employee and the Company make monthly contributions to the provident fund plan equal to a specific percentage of the covered employee's salary. The Company contributes a part of the contributions to the "BFUL Staff Provident Fund Trust". The rate at which the annual interest is payable to the beneficiaries by the trust is being administered by the government. The Company has an obligation to make good the shortfall, if any, between the return from the investments of the trust and the notified interest rate. The guidance note on implementation of AS-15 (revised 2005) "Employee Benefits", states that benefits involving employer established provident funds, which requires interest shortfalls to be provided, are to be considered as defined benefit plans. On and From 1st March, 2017 Company deposit the required contribution to the Government Provident Fund.

(ii) **Gratuity**

Payment for present liability of future payment of gratuity is being made to approved gratuity fund, which fully cover the same under cash accumulation policy of the Life Insurance Corporation of India. The employee's gratuity is a defined benefit funded plan. The present value of the obligation under such defined benefit plan is determined based on the actuarial valuation using the Projected unit credit method as at the date of the Balance Sheet and the shortfall in the fair value of the Plan Assets is recognized as an obligation.

(iii) **Superannuation**

Retirement benefit in the form of superannuation plan is defined contribution plan. Defined contribution to Life Insurance Corporation of India for employees covered under Superannuation scheme are accounted at the rate of 15% of such employee's basic salary.

(iv) **Privilege Leave Benefits**

Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the reporting date. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the entire leave encashment liability as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for twelve months after the reporting date. Where the Company has the unconditional legal and contractual right to defer the settlement for a period beyond twelve months, the same is presented as non-current liability.

p) **Income taxes:**

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India

Notes Forming Part of The Financial Statements for the Year ended 31st March, 2017 :

and tax laws prevailing in the respective tax jurisdictions where the Company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current reporting period and reversal of timing differences of earlier reporting periods. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each reporting date, the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized. The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the same taxable entity and the same taxation authority.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. MAT credit available is recognized as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

q) **Provisions:**

A provision is recognized when the Company has a present obligation as a result of past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

r) **Earnings per share (EPS):**

Basic earnings per share are calculated by dividing the net profit for the year/ period attributable to equity shareholders by weighted average number of equity shares outstanding during the year/ period. The weighted average number of equity shares outstanding during the year is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares), if any, occurred during the reporting period, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit for the year/ period attributable to the equity shareholders and the weighted average number of equity shares outstanding during the year/ period, are adjusted for the effects of all dilutive potential equity shares.

s) **Contingent liabilities:**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

t) **Domestic transfer pricing:**

The Company enters into "domestic transactions" with specified parties that are subject to the Transfer Pricing regulations under the Income Tax Act, 1961 (the 'Regulations'). The pricing of such domestic transactions will need to comply with the arm's length principle under the Regulations. These Regulations,

Notes Forming Part of The Financial Statements for the Year ended 31st March, 2017 :

inter alia, also require the maintenance of prescribed documents and information including furnishing a report from an accountant which is to be filed with the Income Tax authorities. The Company has undertaken necessary steps to comply with the Regulations. The Management is of the opinion that the domestic transactions are at arm's length and hence the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expense and that of provision for taxation.

u) **Segment reporting:**

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance. The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors. Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under "unallocated revenue / expenses/ assets / liabilities".

27. Commitments:

- A. In case of Nandi Economic Corridor Enterprises Ltd. (NECE), the Company along with Nandi Infrastructure Corridor Enterprises Ltd. (NICE) as a joint sponsor, has given an Undertaking to IDFC Limited, acting as a Lenders' Agent, in connection with the consortium loan total amounting to Rs. 16,500 Million advanced to NECE, whereby the Company, along with NICE, has undertaken to ensure continuance of the of the Project undertaken by NECE, maintenance of shareholding and management control over NECE and provision of requisite technical, financial and managerial expertise, etc. until the final settlement date of the consortium loan.

Further the Company has agreed to grant to NECE, Operation & Maintenance Cost Overrun Support, Yield Equalisation Support, interest differential support under certain Facilities and Major Maintenance Reserve Support, on need basis.

- B. The Company, as a promoter and indirect holding company of Nandi Economic Corridor Enterprises Ltd. (NECE) has signed definitive agreements on 24 December, 2010, in relation to foreign direct investment of Rs. 5,000 million in NECE.

Pursuant to these definitive agreements, NECE has allotted convertible "Securities" to AIRRO (Mauritius) Holdings V (Investor), on the terms and conditions contained in the definitive agreements, whereby the investor would get a shareholding between 8.33% and 16.29% in NECE. However, during the current year, NECE has allotted Equity Shares upon conversion of the securities to the investor granting him 16.29% shares. Hence, the Company's obligation if any, stands extinguished to that extent.

28. A. The Company had given security to Axis Bank Limited to the extent of Rs. 300 million for securing the term loan facility granted by it to Nandi Highway Developers Limited (NHDL), a subsidiary of the Company, by way of hypothecation of movable assets and equitable mortgage of fixed assets pertaining to Wind Mill project of the Company located in village Boposhi and Maloshi, Dist Satara.

The said term loan has been repaid during the year by NHDL and charge satisfied

- B. The Company has given security to Kotak Mahindra Investments Limited to the extent of Rs.300 million securing the term loan facility granted by it to Nandi Highway Developers Limited (NHDL), a subsidiary of the Company, by way of pledge of 12,301,127 (previous period- 12,301,127) equity shares of Rs. 10 each of NHDL held by the Company.

I. Nature of Provisions

- A. In terms of various notifications / circulars issued by Government of Maharashtra, electricity duty is payable in respect of wind power sold to third parties. However in absence of clarity on the entire subject and also in view of various other issues the Company as a matter of prudence and without prejudice to dispute the claim, has made a provision for Electricity duty.
- B. All the Wind Power Projects have completed the tenure of wheeling agreement with the distribution licensee viz. Maharashtra State Electricity Distribution Company Limited (MSEDCL). All the projects of wheeling energy are under the open access provisions issued by the Hon' able Maharashtra Electricity Regulatory Commission (MERC).

II. Expected timing of resulting outflow:

- A. Since the matter is yet to be resolved / clarified in respect of applicability of Electricity duty for Wind Power Generation, the timing of outflow cannot be determined up to December 2011. However, the Company is generally paying the duty regularly since January 2012.
- B. The opening carrying amount of Wheeling and Transmission charges were pertaining to FY 2014-15 due to Open Access permission was withheld. During the year, on receipt of Open Access permission the Wheeling & Transmission charges have been adjusted in the proceeds received through consumers bills. And current provisions are being paid on due dates.

Consolidated Financial Statements

CONSOLIDATED FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS OF BF UTILITIES LIMITED

TO THE MEMBERS OF BF UTILITIES LIMITED

REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

We have audited the accompanying consolidated financial statements of **BF Utilities Limited** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31 March, 2017, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements")

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and Companies (Accounting Standards) Amendment Rules, 2016.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which has been used for the purpose of preparation of these consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and the auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India, as specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that, except for the matter referred to in paragraph Basis of Qualified Opinion below, the audit evidence obtained by us and the audit evidence obtained by other auditors in terms of their reports referred to in paragraph of the Other Matters below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Basis for Qualified Opinion

1. Based on the audit procedures carried out by us, the work of the other auditors' of Nandi Highway Developers Limited (NHDL) and Nandi Infrastructure Corridor Enterprise Limited (NICE) cannot be used with respect to certain required statutory disclosures in their respective audited financial statements; and since we have not been able to perform sufficient additional procedures regarding the financial information of the component audited by the other auditors', we qualify our opinion and we are unable to quantify the effect of the inadequate disclosures on the Consolidated Financial Statements of the Company with respect to NHDL and NICE.
2. As stated in Note No. 36 C, Nandi Economic Corridor Enterprises Limited (NECE) has advanced an amount aggregating to Rs. 1,227,682,883 as on 31 March 2017 (Rs. 1,227,243,251 as at 31 March 2016) to Nandi Engineering Limited (NEL) for carrying out the development of toll roads and townships and has given Inter-corporate deposits

of Rs. 58,250,000 as on 31 March 2017 (Rs. 98,422,294 as at 31 March 2016) to NEL (including interest accrued but not due thereon of Rs. Nil as on 31 March 2017 (As at 31 March 2016 Rs. 11,678,748)). These have been considered as good and recoverable by the Management of NECE based on the future additional work expected to be contracted to NEL. In the absence of sufficient appropriate audit evidence to assess the recoverability of these advances and inter-corporate deposits, we are unable to form an opinion on the recoverability of the carrying value of these balances and consequent adjustment that may be required on the consolidated financial statements. This matter was also qualified in our report on the consolidated financial statements for the year/period ended March 31, 2016.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, *except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph*, the consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting standards and accounting principles generally accepted in India:

- a) in the case of the consolidated Balance Sheet, of the states of affairs of the Group as at 31 March, 2017;
- b) in the case of the consolidated statement of profit and loss, of the profit for the year ended on that date; and
- c) in the case of the consolidated Cash Flow Statement, of the cash flows for the year ended on that date.

Emphasis of Matter

3. We draw attention to Note No.37 to the accompanying consolidated financial statements, As mentioned therein there are certain litigations by and against the Holding Company and the subsidiaries of the Holding Company that are yet to be decided by various courts and the matter is subjudice. No cognizance thereof is taken in the preparation of the consolidated financial statements, pending the final outcome of these cases. During the year operations of windfarm of the Company were partially affected due to local issues and dispute with service provider, thereby adversely affecting power generation. The management has taken all possible steps to restore the operations.

Note no. 37

Certain litigations by and against the Company and the subsidiaries of the Company are pending in various Courts and the matter is subjudice. No cognizance thereof is taken in the above results, pending final outcome of the cases. During the year operations of windfarm of the Company were partially affected due to local issues and dispute with service provider, thereby adversely affecting power generation. The management has taken all possible steps to restore the operations.

Our opinion is not qualified in respect of the above matter.

4. We draw attention to Note No. 36 A to the accompanying consolidated financial statements regarding the reported constitution of an House Committee consisting of members of the Karnataka Legislative Assembly, and its findings on the alleged violations in implementation of the Framework Agreement ('FWA') in the construction of Peripheral Road, development of Townships and Utilities undertaken by NECE as part of the Bangalore Mysore Infrastructure Corridor Project ('BMIC Project'). As explained in the said Note, based on the legal opinion obtained by NECE in this regard, the Management of NECE has evaluated the above development and, in their assessment, since every aspect of the implementation of the BMIC Project has been judicially scrutinized in earlier instances by the Hon'ble High Court of Karnataka and Hon'ble Supreme Court of India and the Hon'ble Courts have pronounced detailed favourable judgments regarding the same, including upholding the process adopted by NECE in implementing the BMIC Project as per FWA, they are of the view that NECE has followed the FWA in letter and spirit and that all concerned laws have been adhered to in implementing the BMIC Project. Accordingly, NECE intends to legally contest any matter that may arise consequent to the reported findings of the Assembly Panel.

Note no.36 A

In respect of NECE, it had been reported in print media that in September 2014, the Karnataka Legislative Assembly has constituted a House Committee Assembly Panel (House Committee) consisting of members of Legislative Assembly, to study the alleged violations in implementation of the Framework Agreement in the construction of Peripheral Road, development of townships and utilities undertaken by NECE. Further, it had also been reported in the print media that the House Committee tabled its report during November 2016 in the Karnataka Legislative Assembly, wherein NECE and various department of GoK (Government of Karnataka) have been accused of violation of several terms of FWA and recommendations have been made to initiate appropriate actions which includes recovery of excess land given for the project, recovery of illegal toll collected by NECE and further probe by National Agencies such as Central Bureau of Investigation (CBI), Enforcement of Directorate, central vigilance commission or investigative agencies of equal standing.

While NECE has still not been provided with any notice of the formation of the committee or its reports, the Management of NECE has assessed the findings of said Committee reported in the print media and is of the

opinion that the allegations made therein are baseless, politically motivated and hence lack legal withstanding. Further, NECE had faced similar situations in the past, where NECE has received favorable orders from the Hon'ble High Court and the Supreme Court. NECE has also obtained a legal opinion in this regard and as per the said opinion, the constitution of the House Committee itself is unconstitutional, illegal, invalid and any findings / report, given by the aforesaid House Committee would also be illegal and untenable in law.

Based on the aforesaid legal opinion, the Management of NECE has evaluated the above developments and in its assessment, since every aspect of the implementation of the BMIC Project has been judicially scrutinized in earlier instances by the Hon'ble High Court of Karnataka and Hon'ble Supreme Court of India and as the Hon'ble Courts have pronounced detailed favorable judgments regarding the same, including upholding the process adopted by NICE/ NECE in implementing the BMIC Project as per FWA, the Management of NECE is of the view that NECE has followed the FWA in letter and spirit and that all concerned laws have been adhered to in implementing the BMIC Project. As such, NECE intends to legally contest any matters that may arise in this regard to safeguard its interests.

NECE's township development activities carried out as part of the BMIC Project are dependent upon receiving necessary approvals from the Bangalore Mysore Infrastructure Corridor Area Planning Authority.

Based on the above, in the opinion of the Management of NECE, the requisite regulatory approvals are expected to be received by NECE in the normal course of business for the township development activities of NECE and, hence, there would be no adverse effect on the operations of NECE.

Our opinion is not qualified in respect of the above matter.

5. We draw attention to Note No. 36 B to the accompanying consolidated financial statements with regard to the basis of preparation of the NECE financials on the basis of going concern. As mentioned therein, NECE had been incurring losses in prior years resulting in substantial erosion of its net-worth. NECE also faces shortage of funds required to meet day-to-day business operations should NECE not receive the necessary approvals for its development activities for its project. The consolidated financial statements have been prepared on the assumption that NECE will continue as a going concern based on the mitigation plans of the Management of NECE which, inter alia, includes (i) the business plans of NECE (which, inter alia, envisage the receipt of requisite approvals for disposal / development of parcels of land), (ii) NECE's intention to legally contest any matter that may arise pursuant to the reported findings of the Assembly Panel to study the implementation of the FWA referred to in above paragraph and (iii) the consideration of the undertaking provided by NICE and BFUL to extend financial support to NECE as stated in the Note No.36 B. The ability of NECE to continue as a going concern is dependent on the successful completion and outcome of the aforesaid mitigation plans.

Note no. 36 B

NECE has been incurring losses in prior years resulting in substantial erosion of its net-worth. NECE also faces shortage of funds required to meet day-to-day business operations should the necessary approvals not be received for its township development activities.

The Company and Nandi Infrastructure Corridor Enterprise Ltd (NICE) have entered into a Sponsor Support Agreement with the Senior Lenders of NECE, under which they have undertaken to financially support NECE in meeting any shortfall in the Operation and Maintenance of the Integrated Toll Road Project consisting of Toll Road and Township Development, as defined in the Agreement.

NECE believes that with a combination of the following mitigation plans, it would be able to meet all its obligations in the normal course of business:

- (i) the business plans of NECE which, inter alia, considers:
 - (a) its internal cash accruals from Toll revenues;*
 - (b) disposal / development of parcels of land where approvals have been received;*
 - (c) disposal / development of parcels of land subject to receipt of approvals, which is expected to be received pursuant to the favorable orders of the Hon'ble High Court of Karnataka;**
- (ii) legally contesting any matters that may arise consequent to the reported findings of the Assembly Panel*
- (iii) the undertaking provided by the Company and NICE under the Sponsor Support Agreement with the Senior Lenders of NECE, under which the said companies have undertaken to financially support NECE in meeting any shortfall in the Operation and Maintenance of the Integrated Toll Road Project consisting of Toll Road and Township Development, as defined in the Agreement.*

Accordingly, these consolidated financial statements have been prepared on a going concern basis

Our opinion is not qualified in respect of the above matter.

ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT

(Refer to in paragraph 1 to 'Report on Other Legal and Regulatory Requirements' of our report of even date on the consolidated financial statements of BF Utilities Ltd)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To The Members of

BF Utilities Ltd.

In Conjunction with our audit of the Consolidated Financial Statements of the Company as of and for the year ended 31 March, 2017, we have audited the internal financial controls over financial reporting of BF Utilities Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by Institute of Chartered Accountants of India (ICAI) and the Standards on Auditing deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, and solely based on the audit reports of its subsidiary companies, which are companies incorporated in India, has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2017, *except in case of one subsidiary as mentioned below*, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

In case of Nandi Economic Corridor Enterprises Limited (NECE)

Basis for Qualified opinion by the auditor of NECE is as follows:

"According to the information and explanations given to us and based on our audit, the material weakness has been identified as at March 31, 2017 in the NECE relating to inadequate internal financial controls over financial reporting relating to appropriate assessment with sufficient appropriate evidence, the recoverability of contractor advances and inter-corporate deposits given to its sole contractors for toll road development and township development activities of NECE's project. This could potentially result in the Company not identifying such balances as doubtful in the financial statements.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

Qualified opinion by the auditor of NECE is as follows:

In our opinion, to the best of our information and according to the explanations given to us, except for the possible effects of the material weakness described above on the achievement of the objectives of the control criteria, NECE has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting of the Holding Company, insofar as it relates to these 3 subsidiary companies, one step down subsidiary company, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries, associate and jointly controlled companies incorporated in India.

1 A. Corporate Information:

BF Utilities Ltd. ("the Company" or "BFUL") is a public company domiciled in India and incorporated on September 15,2000 under the provisions of the Companies Act,1956("the Act"). Its shares are listed on National stock exchange and Bombay stock exchange in India. The Company is engaged in the generation of electricity through wind mills. The Company's CIN is L40108PN2000PLC015323.

In the Previous Year, the Company has changed its Financial Year as under.

Earlier Financial Year was 1st October to 30th September to New Financial year -1st April to 31st March, every year.

Accordingly, the Company has closed its Financial year on 31st March, 2016 for the broken period of 1st October, 2015 to 31st March, 2016. Therefore previous period's figures are for six months.

This change in Financial year is made to align the existing Financial year of the Company with the provisions of the Companies Act, 2013.

1 B. Basis of preparation:

These consolidated financial statements comprise the financial statements of the Company, its subsidiaries (together referred to as the "Group").These consolidated financial statements of the Group have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply in all material respects with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with the Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013. These consolidated financial statements have been prepared on an accrual basis and under the historical cost convention except financial instruments which have been measured at fair value.

The accounting policies adopted in the preparation of these consolidated financial statements are consistent with those of previous year/ period.

1 C. Principles of consolidation:

These consolidated financial statements of the group are prepared in accordance with Accounting Standard (AS)-21 on 'Consolidated Financial Statements' as notified.

The financial statements in respect of "the Group" are drawn for the year ended comprising of April 2016 to March 2017. In Previous period the financial statements for BF Utilities Ltd. (BFUL) are drawn for the period ended comprising of October 2015 to March 2016 on 31 March 2016 as mentioned in 1 A above.

The financial statements of the Company and its subsidiary companies have been combined on line by line basis by adding together the book values of like items of assets, liabilities, income and expenses after eliminating intra group balances and intra group transactions except where cost cannot be recovered. Any excess of the cost to the Company of its investment in a subsidiary and the Company's portion of equity of subsidiary at the date at which investment in the subsidiary is made, is described as goodwill and recognised separately as an asset in the consolidated summary financial statements and is tested for impairment annually. The excess of the Company's portion of equity of the subsidiary over the cost of investment therein is treated as capital reserve.

The consolidated financial statements are prepared using uniform accounting policies for like transactions and events in similar circumstances and necessary required for deviations, if any, to the extent possible unless otherwise stated, are made in the consolidated financial statements and are presented in the same manner as the Company's standalone financial statements.

In the consolidated financial statements of 31st March, 2017, the Company has given effects of change of ultimate shareholding in Nandi Economic Corridor Enterprises Ltd. (NECE), a step down subsidiary, due to conversion of CCCPS held by the Investor into Equity shares on 17th March, 2017.(Ref. note no. 29 I a. 1.) While giving such effects the Company has apportioned of the closing balance of the Securities Premium Account and the profit and loss account between the Company and the Minority shareholders is done based on the respective shareholding ratio as of 31st March, 2017.

with effect from 16 March, 2016

1 D Summary of significant accounting policies:

(a) Use of estimates:

The preparation of the consolidated financial statements is in conformity with Indian GAAP and requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities and disclosure of contingent liabilities at the end of reporting year. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future years.

(b) Current-Non Current classification:

All assets and liabilities have been classified as current or non-current as per Group's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

(c) Operating Cycle:

Based on nature of business and activities carried out by Group, time between acquisition of assets and their realisation in cash and cash equivalent, Group has ascertained its operating cycle as 12 months for the purpose of current / non-current classification of assets and liabilities.

Refer unique accounting policies for operating cycle of subsidiaries.

- i) The Group follows the mercantile system of accounting and recognises income and expenditure on an accrual basis except those with significant uncertainties.
- ii) Financial Statements are based on historical cost. These costs are not adjusted to reflect the impact of the changing value in the purchasing power of money.
- iii) The preparation of Financial Statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses and disclosure of contingent assets and liabilities. The estimates and assumptions used in the Group financial statements are based upon Management's evaluations of the relevant facts and circumstances as of the date of the financial statements. Actual results may differ from estimates and assumptions used in preparing the Group financial statements. Any revisions to accounting estimates are recognized prospectively in current and future periods.

(d) Tangible fixed assets (Property, Plant and Equipment):

A. Tangible fixed assets (Property, Plant and Equipment) are stated at cost, less accumulated depreciation and accumulated impairment losses, if any. The cost comprises the purchase price and directly attributable costs of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. The Group has adopted the provisions of para 46A of AS 11 "The Effects of Changes in Foreign Exchange Rates", accordingly, exchange difference arising on settlement of long term foreign currency borrowing relating to acquisition of depreciable fixed assets are adjusted to the cost of the respective assets and depreciated over the remaining useful life of such assets. Capital work-in-progress includes cost of fixed assets that are not ready to be put to use.

Subsequent expenditure related to an item of fixed asset (Property, Plant and Equipment) is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the year/ period during which such expenses are incurred.

Gains or losses arising from disposal of fixed assets (Property, Plant and Equipment) are measured

as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is disposed.

Subsequent expenditure on fixed assets after its purchase / completion is capitalised only if it is probable that future economic benefits associated with these will flow to the Group and the cost of the item can be measured reliably.

Fixed assets retired from active use and held for sale are stated at the lower of their net book value and net realisable value and are disclosed separately in the Balance Sheet.

(e) Depreciation:

e.I. In respect of BF Utilities Ltd.

- i Depreciation on tangible fixed assets (Property, Plant and Equipment) is being provided on 'Straight Line Method' and on Furniture & Fittings and Vehicles is being provided on 'Written down value' basis, as per useful life of fixed assets prescribed in Schedule II of the Companies Act, 2013 in respect of tangible fixed assets, based on technical estimates that indicate the useful lives would be comparable with those arrived at using the life of the assets.
- ii Depreciation on additions to assets during the year is being provided at their respective rates on pro-rata basis from the date of acquisition /installation. Individual assets costing less than Rupees five thousand are depreciated in full in the period of purchase.
- iii Depreciation on assets sold, discarded or demolished during the year, is being provided at their respective rates on pro-rata basis up to the date on which such assets are sold, discarded or demolished.
- iv Project under which assets are not ready for their intended use are carried at cost comprising direct cost, related incidental expenses and attributable or eligible interest.
- v In case of certain class of assets, the Company uses different useful life than those prescribed in Schedule II to the Companies Act, 2013. The useful life has been assessed based on technical advice taking into account the nature of the asset, the estimated usage of its technical expertise along with historical and industry trends for arriving the economic life of an asset. Such class of assets and their estimated useful lives are as under:

Assets	Useful lives
Building	60 years
Plant & Machinery (Windmills)	22 years
Electrical Installation	10 years
Testing Meters	5 years
Furniture & Fixtures	10 years
Office Equipments	5 years
Tools and equipments	10 years
Computers	3 years
Vehicles	8 years

e.II. Refer unique accounting policies for depreciation of subsidiaries.

(f) Intangible assets:

(i) Acquired intangible assets:

Intangible assets acquired separately are measured on the initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the assets to its working condition for its intended use.

Gains or losses arising from disposal of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is disposed.

(ii) Research and development cost:

Research costs are expensed as incurred. Development expenditure incurred on an individual project is recognized as an intangible asset when the Group can demonstrate:

- technical feasibility of completing the intangible asset so that it will be available for use or sale;
- its intention to complete the asset and use or sell it;
- its ability to use or sell the asset;
- how the asset will generate probable future economic benefits;
- the availability of adequate resources to complete the development and to use or sell the asset;
- the ability to measure reliably the expenditure attributable to the intangible asset during development.

Such capitalized expenditure is reflected as intangible under development.

Expenditure on New Projects and Expenditure during Construction etc.on Tangible and Intangible Assets :

In case of new projects or expansion at the existing units of the Group, expenditure incurred including interest and financing costs of specific borrowings, prior to commencement of commercial production is being capitalised to the cost of assets.

(g) Capital work-in-progress:

Projects under which assets are not ready for their intended use or projects which are suspended during extended period in which active development is interrupted and other capital work-in-progress are carried at cost, comprising direct cost, related incidental expenses and attributable /eligible interest.

(h) Impairment of tangible and intangible Assets:

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors.

Recoverable amount of intangible under development that is not yet available for use is estimated at least at each year/ period end even if there is no indication that the asset is impaired.

An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using an appropriate discount factor that reflects current market assessments of the time value of money and risks specific to the asset.

When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

(i) Investments:

Investments which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value, determined on category of investment basis. Long-term investments presented in the financial statements are carried at cost. However, provision for diminution in value is made to recognize a decline, other than temporary decline, in the value of investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

(j) a) Cash and cash equivalents (for purposes of Cash Flow Statement):

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of change in value.

b) Cash and Bank balance:

Cash and bank balance includes cash and cash equivalents (for the purpose of Cash Flow Statement) and deposits having maturity more than three months but less than twelve months.

(k) **Cash flow statement:**

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of Group are segregated based on the available information.

(l) **Revenue Recognition:**

Revenue recognition is generally postponed if the receipt can not be estimated with reasonable certainty.

- a) Income from Electricity generated is accounted on the basis of electricity wheeled into MSEB grid and jointly certified.
- b) Interest is accrued over the period and the amount of loan/investment.
- c) Dividend is accrued in the year in which it is declared, whereby right to receive is established.
- d) Profit/Loss on sale of investment is recognised on contract date.
- e) Income from Certified Emission Reduction (CERs) units and Renewable Energy Certificates (RECs) is recognised in the year of its actual sales.
- f) Income from toll road is recognised on the basis of actual collection.

(m) **Borrowing Cost:**

Borrowing costs include interest, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalisation of such asset is added to the cost of the assets. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

(n) **Foreign Currency Transactions and translation:**

Foreign currency transactions and balances:

Initial recognition:

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are reported using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates at the date when the values were determined.

(o) **Employee Benefits:**

Employee benefits include employee state insurance scheme, provident fund, superannuation fund, gratuity fund, and compensated absences.

Defined contribution plans:

Group's contribution to employee state insurance scheme, provident fund and superannuation fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by employees.

Defined benefit plans:

For defined benefit plans in the form of gratuity fund and post-employment medical benefits, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, as reduced by the fair value of scheme

assets. Any asset resulting from this calculation is limited to past service cost, plus - the present value of available refunds and reductions in future contributions to the schemes.

Short-term employee benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year/period when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under:

- a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- b) in case of non-accumulating compensated absences, when the absences occur.

Long-term employee benefits:

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation as at the Balance Sheet date less the fair value of the plan assets out of which the obligations are expected to be settled.

- i) **Provident Fund and Pension Scheme:**

Employee Benefit in the form of Provident Fund and Pension Scheme whether in pursuance of law or otherwise which are defined contributions are accounted on accrual basis and charged to Statement of Profit & Loss.

In BFUL, eligible employees receive benefits from a provident fund, which is a defined benefit plan. Both the employee and the Company make monthly contributions to the provident fund plan equal to a specific percentage of the covered employee's salary. The Company contributes a part of the contributions to the "BFUL Staff Provident Fund Trust". The rate at which the annual interest is payable to the beneficiaries by the trust is being administered by the government. The Company has an obligation to make good the shortfall, if any, between the return from the investments of the trust and the notified interest rate. The guidance note on implementation of AS-15 (revised 2005) "Employee Benefits", states that benefits involving employer established provident funds, which requires interest shortfalls to be provided, are to be considered as defined benefit plans. On and From 1 March 2017 the Company deposit the required contribution to the Government Provident Fund.

- ii) **Gratuity:**

In BFUL, payment for present liability of future payment of gratuity is being made to approved gratuity fund, which fully cover the same under cash accumulation policy of the Life Insurance Corporation of India. The employee's gratuity is a defined benefit funded plan. The present value of the obligation under such defined benefit plan is determined based on the actuarial valuation using the Projected Unit Credit Method as at the date of the Balance Sheet and the shortfall in the fair value of the Plan Assets is recognized as an obligation.

- iii) **Superannuation:**

In BFUL, defined contribution to Life Insurance Corporation of India for employees covered under Superannuation scheme are accounted at the rate of 15% of such employee's basic salary.

- iv) **Privilege Leave Benefits:**

Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Group treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the reporting date. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred.

The Group presents the entire leave encashment liability as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for twelve months after the reporting date. Where the Group has the unconditional legal and contractual right to defer the settlement for a period beyond twelve months, the same is presented as non-current liability.

(p) Taxation:

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Group operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current reporting period and reversal of timing differences of earlier reporting periods. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Group has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each reporting date, the Group re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Group writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the same taxable entity and the same taxation authority.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. MAT credit available is recognized as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

(q) Provisions:

A provision is recognized when the Group has a present obligation as a result of past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in notes.

(r) Inventory:

In BFUL, cost of inventories have been computed to include all cost of purchases, cost of conversion and other cost incurred in bringing the inventories of their present location and condition. Stores and spares and loose tools are valued at lower of cost or net realisable value. However, materials and other items held for operation and maintenance of fixed assets are not written down below cost. Costs are determined on weighted average basis.

Unsold Certified Emission Reduction (CER) and Renewable Energy Certificate (REC) are considered as Inventory and valued on the basis of costs which are directly allocated to it, as per guidance note issued by ICAI dated 11 February 2012. The cost is assigned to inventories on First in First Out (FIFO) basis. This CERs and RECs are valued at lower of cost or net realisable value.

Refer unique accounting policies for inventory valuation of subsidiaries.

(s) **Leases:**

i) Where the Group as a lessor,

Leased assets under finance leases, such amounts are recognised as receivables at an amount equal to the net investment in the lease and the finance income is recognised based on a constant rate of return on the outstanding net investment.

Lease arrangements where the risks and rewards incidental to ownership of asset substantially vest with the lessor are recognised as operating leases. Leased assets under operating lease, lease income from such lease is recognised in the statement of profit and loss account on straight line basis over the lease term unless another systematic basis is more representative of the time pattern in which benefit derived from the use of leases asset is diminished.

ii) Where the Group is the lessee,

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term.

(t) **Earnings per share (EPS):**

Basic earnings per share are calculated by dividing the net profit for the year attributable to equity shareholders by weighted average number of equity shares outstanding during the year/ period. The weighted average number of equity shares outstanding during the year is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares), if any, occurred during the reporting period, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit for the year attributable to the equity shareholders and the weighted average number of equity shares outstanding during the year, are adjusted for the effects of all dilutive potential equity shares.

(u) **Contingent liabilities:**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrences or non occurrences of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is liability that can not be recognised because it cannot be measured reliably. The Group does not recognise a contingent liability but discloses its existence in the financial statements.

(v) **Domestic transfer pricing:**

The Group enters into "domestic transactions" with specified parties that are subject to the Transfer Pricing regulations under the Income Tax Act, 1961 (the 'Regulations'). The pricing of such domestic transactions will need to comply with the arm's length principle under the Regulations. These Regulations, inter alia, also require the maintenance of prescribed documents and information including furnishing a report from an accountant which is to be filed with the Income Tax authorities.

The Group has undertaken necessary steps to comply with the Regulations. The Management is of the opinion that the domestic transactions are at arm's length and hence the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expense and that of provision for taxation.

(w) **Segment reporting:**

The Group identifies primary segments based on the dominant source, nature of risks and returns and the internal organization and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Group. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities".

Notes to Consolidated Financial Statements for the year ended 31st March 2017 :

- B. As at the Balance Sheet date of NECE, there are various cases pending against the Nandi Economic Corridor Enterprises Ltd. - NECE challenging the execution of the Bangalore-Mysore Infrastructure Corridor Project -BMICP (the 'Project'). NECE has been legally advised that none of these pending litigation or threatened litigation is likely to affect the execution of the project. Any costs that may arise out of such pending / threatened litigation will be accounted in the year in which such costs are determinable. Refer note no 36A
- C. NECE has received claim from certain of its suppliers in respect of statutory dues aggregating to Rs. 429,554,921 (Previous year Rs. 428,221,204). NECE has not acknowledged them as debt and is in discussion with vendors. Any amount agreed to be settled with the suppliers would be accounted for in the period in which such settlement is reached. This amount is included in Note No. 33A(i) above.
- D. In case of Nandi Economic Corridor Enterprises Ltd. (NECE), the Company along with Nandi Infrastructure Corridor Enterprises Ltd. (NICE) as a joint sponsor, has given an Undertaking to IDFC Limited, acting as a Lenders' Agent, in connection with the consortium loan total amounting to Rs. 16,500 Million advanced to NECE, whereby the Company, along with NICE, has undertaken to ensure continuance of the Project undertaken by NECE, maintenance of shareholding and management control over NECE and provision of requisite technical, financial and managerial expertise, etc. until the final settlement date of the consortium loan.

Further the Company has agreed to grant to NECE, Operation & Maintenance Cost Overrun Support, Yield Equalisation Support, interest differential support under certain Facilities and Major Maintenance Reserve Support, on need basis.

- E. The Company, as a promoter and indirect holding company of Nandi Economic Corridor Enterprises Ltd. (NECE) has signed definitive agreements on 24 December, 2010, in relation to foreign direct investment of Rs. 5,000 million in NECE.

Pursuant to these definitive agreements, NECE has allotted convertible "Securities" to AIRRO (Mauritius) Holdings V (Investor), on the terms and conditions contained in the definitive agreements, whereby the investor would get a shareholding between 8.33% and 16.29% in NECE. However, during the current year, NECE has allotted Equity Shares upon conversion of the securities to the investor granting him 16.29% shares. Hence, the Company's obligation if any, stands extinguished to that extent.

- F. A) The Company had given security to Axis Bank Limited to the extent of Rs. 300 Million for securing the term loan facility granted by it to NHDL by way of hypothecation of movable assets and equitable mortgage of fixed assets pertaining to Wind Mill project of the Company located in village Boposhi and Maloshi, Dist. Satara. The said term loan has been repaid during the year by NHDL and charge satisfied.
- B) The Company has given security to Kotak Mahindra Investments Limited to the extent of Rs. 300 Million securing the term loan facility granted by it to NHDL by way of pledge of 12,301,127 (P.Y. 12,301,127) equity shares of Rs. 10 each of NHDL held by the Company.

G. Electricity Duty and Wheeling and Transmission Charges:

The disclosures required by Accounting Standard 29 "Provision, Contingent Liabilities and Contingent Assets" prescribed by Rules, as amended are as follows.

(Amount in Rupees)

Class of Provision	Carrying amount as on opening date	Provision made/ Increase (Decrease) in Provision	Amounts used during the year/period	Amount Adjusted during the year / period to payments made under protest.	Carrying amount as On Balance Sheet Date

Nature of Provisions

- A. In terms of various notifications / circulars issued by Government of Maharashtra, electricity duty is payable in respect of wind power sold to third parties. However, in absence of clarity on the entire subject and also in view of various other issues, the Company as a matter of prudence and without prejudice to dispute the claim has made a provision for Electricity duty.
- B. All the Wind Power Projects have completed the tenure of wheeling agreement with the distribution licensee viz. Maharashtra State Electricity Distribution Company Limited (MSEDCL). All the projects of wheeling energy are under the open access provisions issued by the Hon' able Maharashtra Electricity Regulatory Commission (MERC).

Expected timing of resulting outflow:

- a. Since the matter is yet to be resolved / clarified in respect of applicability of Electricity duty for Wind Power Generation, the timing of outflow cannot be determined up to December 2011. However, the Company is paying the duty regularly since January 2012.
- b. The opening carrying amount of Wheeling and Transmission charges were pertaining to FY 2014-15 due to Open Access permission was withheld. During the year, on receipt of Open Access permission the Wheeling & Transmission charges have been adjusted in the proceeds received through consumers bills. And current provisions are being paid on due dates.

36. In respect of Nandi Economic Corridor Enterprises Limited (NECE)**A. Basis of preparation**

In respect of NECE, it had been reported in print media that in September 2014, the Karnataka Legislative Assembly has constituted a House Committee Assembly Panel (House Committee) consisting of members of Legislative Assembly, to study the alleged violations in implementation of the Framework Agreement in the construction of Peripheral Road, development of townships and utilities undertaken by NECE. Further, it had also been reported in the print media that the House Committee tabled its report during November 2016 in the Karnataka Legislative Assembly, wherein NECE and various department of GoK (Government of Karnataka) have been accused of violation of several terms of FWA and recommendations have been made to initiate appropriate actions which includes recovery of excess land given for the project, recovery of illegal toll collected by NECE and further probe by National Agencies such as Central Bureau of Investigation (CBI), Enforcement of Directorate, central vigilance commission or investigative agencies of equal standing.

While NECE has still not been provided with any notice of the formation of the committee or its reports, the Management of NECE has assessed the findings of said Committee reported in the print media and is of the opinion that the allegations made therein are baseless, politically motivated and hence lack legal withstanding. Further, NECE had faced similar situations in the past, where NECE has received favorable orders from the Hon'ble High Court and the Supreme Court. NECE has also obtained a legal opinion in this regard and as per the said opinion, the constitution of the House Committee itself is unconstitutional, illegal, invalid and any findings / report, given by the aforesaid House Committee would also be illegal and untenable in law.

Based on the aforesaid legal opinion, the Management of NECE has evaluated the above developments and in its assessment, since every aspect of the implementation of the BMIC Project has been judicially scrutinized in earlier instances by the Hon'ble High Court of Karnataka and Hon'ble Supreme Court of India and as the Hon'ble Courts have pronounced detailed favorable judgments regarding the same, including upholding the process adopted by NICE/ NECE in implementing the BMIC Project as per FWA, the Management of NECE is of the view that NECE has followed the FWA in letter and spirit and that all concerned laws have been adhered to in implementing the BMIC Project. As such, NECE intends to legally contest any matters that may arise in this regard to safeguard its interests.

NECE's township development activities carried out as part of the BMIC Project are dependent upon receiving necessary approvals from the Bangalore Mysore Infrastructure Corridor Area Planning Authority.

Based on the above, in the opinion of the Management of NECE, the requisite regulatory approvals are expected to be received by NECE in the normal course of business for the township development activities of NECE and, hence, there would be no adverse effect on the operations of NECE.

B. Going concern assumption

NECE has been incurring losses resulting in substantial erosion of its net-worth. NECE also faces shortage of funds required to meet day-to-day business operations should the necessary approvals not be received for its township development activities for its project.

BFUL and NICE have entered into a Sponsor Support Agreement with the Senior Lenders of NECE, under which they have undertaken to financially support NECE in meeting any shortfall in the Operation and Maintenance of the Integrated Toll Road Project consisting of Toll Road and Township Development, as defined in the Agreement.

NECE believes that with a combination of the following mitigation plans, it would be able to meet all its obligations in the normal course of business:

- (i) the business plans of NECE which, inter alia, considers:
 - a) its internal cash accruals from Toll revenues;
 - b) disposal / development of parcels of land where approvals have been received;
 - c) disposal / development of parcels of land subject to receipt of approvals, which is expected to be received pursuant to the favorable orders of the Hon'ble High Court of Karnataka;
- (ii) legally contesting any matters that may arise consequent to the reported findings of the Assembly Panel; and
- (iii) The undertaking provided by BFUL and NICE under the Sponsor Support Agreement with the Senior Lenders of NECE, under which the said companies have undertaken to financially support NECE in meeting any shortfall in the Operation and Maintenance of the Integrated Toll Road Project, as defined in the Agreement.

Accordingly, these consolidated financial statements have been prepared on a going concern basis.

- C.** NECE has advanced amounts aggregating to Rs.1,227,682,883 (Previous Year Rs.1,227,243,251) to Nandi Engineering Limited (NEL) for undertaking development of toll roads and townships and has given Inter-corporate deposits Rs.58,250,000 (Previous Year Rs. 98,422,294) to NEL, [including interest accrued but not due of Rs. NIL (Previous Year Rs.11,678,748)]. These have been considered as good and recoverable in these consolidated financial statements by the Management of the NECE based on the future additional work that is expected to be contracted to NEL once NECE receives / acquires the requisite land parcels.

D. In respect of Managerial Remuneration paid by NECE:

- (a) During the previous year ended March 31, 2016, NECE's application for seeking approval of remuneration to the Managing Director of NECE for the period December 1, 2013 to November 30, 2016, has been rejected by the Ministry of Corporate Affairs ("MCA") vide its letter dated January 20, 2016. The letter also alleges that the MCA's approval of the remuneration to the Managing Director of NECE for the period December 1, 2010 to November 30, 2013 has been tampered with. On further investigation by NECE, it was noted that the alleged fraudulent act of tampering the MCA's letter by increasing the amount of remuneration payable to the Managing Director of NECE has been committed in an earlier year by a Consultant of NECE who was entrusted with the responsibility of assisting NECE in obtaining the approval from the MCA. NECE has subsequently filed a legal case against the Consultant of NECE for the alleged act.

In the absence of the original approval from the MCA for the period December 1, 2010 to November 30, 2013, NECE has, based on a reading of the communications with the MCA on the above subject and the MCA's letter dated January 20, 2016, inferred that the managerial remuneration approved by the MCA for the period December 1, 2010 to November 30, 2013 was a sum of Rs. 14,717,115 per annum.

Accordingly, NECE has determined that excess managerial remuneration paid for the period December 1, 2010 to November 30, 2013 amounted to Rs. 130,994,619. In addition, for the period December 1, 2013 to March 31, 2014, based on the effective capital of NECE in terms of Schedule XIII to the Companies Act, 1956, NECE has determined that Rs. 17,860,662 was the remuneration in excess of the limits specified in the said Schedule. The aforesaid excess remuneration aggregating to Rs. 148,855,281 was reversed in the Consolidated Statement of Profit and Loss under Exceptional items and NECE is in the process of obtaining refund of the same.

Notes to Consolidated Financial Statements for the year ended 31st March 2017 :

- (b) In respect of the financial year 2015-16, remuneration paid to the Managing Director in excess of limits laid out under Schedule V to the Companies Act, 2013 for the year ended March 31, 2016, amounting to Rs. 3,099,286 was also considered to be held in trust by the Managing Director of NECE as at the March 31, 2016 and NECE has initiated the process of obtaining refund of the same.

The aggregate of amounts held in trust by the Managing Director to be refunded to NECE as at March 31, 2016 on account of the aforesaid remuneration in excess of the limits / approvals was Rs. 151,954,567 (included under other current assets).

During the year ended March 31, 2017, the Managing Director refunded RS 12,898,581 towards the aforesaid excess Managerial Remuneration recoverable and NECE has initiated the process of obtaining refund of the remaining balance of Rs. 139,055,986 as at March 31, 2017 (included under Other current assets). The Remuneration to the Managing Director for the year ended March 31, 2017 of Rs. 23,298,840 is within the limits laid out under Schedule V to the Companies Act, 2013.

37. Certain litigations by and against the Company and the subsidiaries of the Company are pending in various courts and the matter is subjudice. No cognizance thereof is taken in the preparation of the consolidated financial statements, pending final outcome of the cases. The operations of wind farm of the Company were partially affected due to the local issues at the wind farm site and disputes with the service provider thereby adversely affecting power generation. The management has taken all possible steps to restore the operations.
38. The Company's appeal no.9/2015 with MERC with respect to issue of Open Access Permission for the period April 2014 to March 2015, was decided in favor of the Company by MERC on February 8, 2016.
During the Current year, MSEDCL has given Credit with respect to the said power (Generated during period April 2014 to March 2015) in the power bills of consumer. 39. Segment information based on Consolidated Financial Statements, as required by Accounting Standard 17 "Segment Reporting" as prescribed by Rules, as amended is set out in a separate statement annexed thereto.
40. Statement of Financials of Subsidiary Companies in terms of Section 129(3) of the Companies Act, 2013 is annexed.
41. In respect of Nandi Highway Developers Ltd. (NHDL), the Ministry of Corporate Affairs vide gazette notification dated April 17, 2012, has amended the Schedule II of New Companies Act, 2013 (the 'Act') and a new entry is inserted for Intangible Assets in the nature of toll road which is created under Build, Operate and Transfer (BOT), Build, Own, Operate and Transfer (BOOT) or any other form of Public Partnership Route. Effective from the beginning of this year i.e. April 1, 2012, NHDL has revised its policy for amortization of the intangible asset "Toll Road- Phase I and II" as per the amended schedule XIV. Refer Unique Accounting Policies of B(i).
42. In respect of Nandi Highway Developers Ltd. (NHDL), during the year April 2015 to March 2016, NHDL noticed misappropriation of funds by an ex-employee while in services with NHDL. Investigations conducted so far reveal that a sum of Rs 121.7 Million has been misappropriated over the past few years. Further investigations are in progress. NHDL has initiated necessary legal steps for recovery of the misappropriated funds.
With regard to the above, a sum of Rs.46.5 Million has been charged off to the Profit & Loss Account under the head "Extraordinary items" during the previous year in the books of NHDL.
Management of NHDL has through its vigil mechanism identified the above misappropriation. Adequate disclosures, adjustments and rectifications have been made in the previous financial statements of NHDL wherever necessary. Since the matters relating to financial irregularities are sub-judice and interrogations are on-going, any further adjustments/disclosures, if required, would be made in financials of NHDL as and when the outcome of the above uncertainties are known and the consequential adjustments / disclosures are identified. Management of NHDL has taken adequate steps to ensure that such irregularities are not repeated.
43. The Company supplies entire power generated from its Wind Farm located at Thoseghar in Satara to Bharat Forge Ltd. under the long term agreement. Bharat Forge Ltd. has given notice of partial / total suspension of above power purchase from or after 1st March, 2016.
Consequently, the Company and Bharat Forge Ltd. have signed a Revised Power Purchase Agreement, whereby the parties have agreed for Take or Pay mechanism. Under the Take or Pay mechanism, Bharat Forge Ltd. has agreed to pay power tariff to the Company as per the long term agreement for the electricity generated but not supplied to Bharat Forge Ltd. during the partial / total suspension period. If the electricity generated is sold

Notes to Consolidated Financial Statements for the year ended 31st March 2017 :

Annexure referred to in Note No. 30 of the Consolidated Financial Statements for the Year ended 31st March, 2017

Unique Accounting Policies followed by the Subsidiary Company :

A. Nandi Economic Corridor Enterprises Limited (NECE)

i) Operating cycle:

The business operations of NECE are classified into a) Toll road and b) Township development. Based on the nature of business operations of NECE and the normal time between acquisition of assets and their realisation in cash or cash equivalents, NECE has determined the operating cycle as 12 months for Toll Road operations and 5 years for Township Development from the date of registration of land in the name of NECE and after getting the required regulatory approval for commencing the development activities.

ii) Depreciation and amortisation:

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on tangible fixed assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013. In respect of tangible fixed assets purchased during the year, depreciation is provided on a pro-rata basis from the date on which such asset is put to use. Individual assets costing less than Rs.5,000/- are depreciated in full in the year of purchase.

Toll road assets - Section A, created under Build, Own, Operate and Transfer ('BOOT') is considered as Intangible Asset since NECE has right to collect toll during the concession period after which the asset will be transferred to GoK at the end of the concession period. Since the concession period is not determinable pending fulfillment of the conditions precedent in the FWA and TCA (as more fully described in Note 1 above), NECE has, as a matter of prudence, commenced amortization of the Toll Road in accordance with Schedule II to the 2013 Act as follows:

- Solely for purposes of amortization of the Toll Road assets - Section A, NECE has considered a period of 40 years (i.e., 10 years of Construction period and 30 years of Concession period) from the Initial Financial Closure achieved in year 2004)
- The amortisation is based on proportion of actual toll road revenues earned during the period over the projected toll revenues estimated over the above mentioned period beginning from the date of Initial Final Closure.

iii) Share issues expenses:

Share issue expenses are adjusted against the Securities premium account as permissible under Section 52 of the Companies Act, 2013, to the extent any balance is available for utilisation in the Securities Premium Account. Share issue expenses in excess of the balance in the Securities Premium Account is expensed in the Statement of Profit and Loss.

iv) Inventory valuation:

Stock of Land and related developments are valued at lower of cost or net realisable value. Cost is the aggregate of Land cost and development cost which includes materials, contract works, direct expenses and apportioned borrowing cost.

v) Service tax input credit:

Service tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is no uncertainty in availing / utilising the credits.

vi) Revenue recognition:

- a) Toll Income is recognised on the basis of actual collections.
- b) Income from sale of land is recognised when the possession of land is transferred along with all risks and rewards of ownership of land to buyer.

vii) Intangible assets

Intangible assets in the nature of toll road assets / rights are carried at cost less accumulated amortization and impairment losses, if any. The cost of such intangible asset comprises of land acquisition cost, direct and indirect expense incurred on procurement / construction of roads, bridges, culverts, including toll plazas, other equipment and utilities used in or in connection with operation of toll road including any import duties and other taxes (other than those subsequently recoverable from the taxing authorities), and any directly attributable expenditure for

making the asset ready for its intended use and net of any trade discounts and rebates. Subsequent expenditure on an intangible asset after its completion is recognised as an expense when incurred unless it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably, in which case such expenditure is added to the cost of the asset.

B. Nandi Highway Developers Limited (NHDL)

i) Fixed assets and depreciation:

Fixed Assets :

Fixed Assets are carried at Cost of Acquisition (including cost of specific borrowings and expenses during construction period, directly attributable for bringing the assets in working condition) or Construction, less accumulated Depreciation.

Depreciation and Amortisation:

Depreciation has been provided on "Straight Line Method" and "Written Down Method" basis as per the useful life of the Assets prescribed in Schedule II of the Companies Act,2013 in respect of tangible fixed assets, based on the technical estimates that indicate the useful lives would be comparable with or higher than those arrived at using the life of assets.

In respect of tangible fixed assets purchased during the year, depreciation is provided on pro-rata basis from the date on which such asset is put to use. Individual assets costing less than Rs.5000/- are depreciated in full in year of purchase.

Toll road assets - Toll Roads Phase I and II, created under Build, Operate and Transfer ('BOT') is considered as Intangible Asset since the asset will be transferred to Government of Karnataka (GoK) at the end of the concession period. NHDL has, as a matter of prudence, commenced amortization of the Toll Road based in accordance with Schedule XIV to the Companies Act, 1956 as follows:

- Solely for purposes of amortization of the Toll Road assets - NHDL has considered a period of 26 years (i.e., 2 years of Construction period and 24 years of Concession period) from the Initial Financial Closure achieved in year 2000.
- The amortization is based on a proportion of actual toll revenues earned during the period over the projected toll revenues estimated for the balance concession period of 12 years.
