Annexure to the Directors' Report**Management Discussion and Analysis**

At CERA, the growth saga continues, despite not-so-conducive market conditions. The fact that CERA registered a healthy topline growth of 24% itself shows that the brand has gathered strength to wither any market upheavals.

The growth of your Company, much above the market growth, is largely on account of its continued efforts in leveraging the high brand value and product optimization besides deeper penetration in tier 2 markets. These efforts are further fortified by strong and structured marketing efforts, good product quality and after-sales service, and backed by a very loyal distribution network across India.

Your Company's initiative to provide touch and feel experience to its customers through its CERA Style Studios, has paid off well. CERA Style Studios are located in upmarket locations in Ahmedabad, Mumbai, Kochi, Bengaluru, Hyderabad, Gurgaon, Chandigarh, Chennai and Kolkata.

CERA Style Galleries, display and sales touch points of CERA, owned and managed by its trade partners, are increasing month after month. Soon the number of such CERA Style Galleries would touch 200.

For smaller trade retail partners, CERA encourages display in the form of CERA Style Centre. This will help further penetrate into smaller towns and outlets, thereby increasing the visibility of brand CERA.

Your Company's current brand ambassador, Bollywood style and fashion icon and acclaimed actress, Sonam Kapoor, has added the brands visibility. High decibel television campaigns were unleashed on national and regional channels showcasing sanitaryware, faucets and tiles. The television campaign was supplemented by print advertisements in magazines.

Your Company also strengthened CERA Care, its after-sales division with induction of technicians for taking care of its services in all key cities of the country.

a) Industry Structure and Developments

Your Company's growth continues by virtue of its brand power, customer loyalty, product quality and distribution strength, built over a period of 34 years. Your Company's brand extension to other related categories like faucets and tiles has helped in accelerating the growth.

The industry structure remains unchanged viz. Indian manufacturers in organized and unorganized sectors; International brands with or without manufacturing in India and imports from countries like China.

b) Opportunities and Threats

Your Company has been growing despite the two threats—international brands and slow down in housing construction. The demand in mid-segment housing is affected least and your Company's ability to pitch in the mid-segment will help maintain the growth rate.

The announcement by Central Government about launch of 100 smart cities across India, can give a boost to construction industry and thereby for demand for sanitaryware.

Another significant action plan by Central Government, "Swachh Bharat Abhiyan", can also be a booster to sanitaryware in general.

c) Outlook

Your Company's two-pronged aggressive marketing push of mass media advertising over television and print and partnering with industry organisations like CREDAI (Confederation of Real Estate Developers Associations of India), IIA (Indian Institute of Architects), IIID (Institute of Indian Interior Designers) and IPA (Indian Plumbing Association) has helped increase the value and equity of brand CERA. Also, the sales and distribution efforts to penetrate into tier 2 towns, supported by sales and after-sales teams, is certainly going to help your Company grow in the coming years also.

d) Risks and Concerns

Any drastic change in Government policy may affect your Company.

(e) Internal Control Systems and their adequacy

The Company has an adequate system of internal financial controls with reference to the financial statements and also relating to the purchase of stores, raw materials, plant & machineries, equipments and various components and for the sale of goods commensurate with the size of the Company and the nature of business.

The system of internal control of the Company is adequate keeping in mind the size and complexity of your Company's business. Systems are regularly reviewed to ensure effectiveness.

The internal auditors monitor and evaluate the efficacy and adequacy of internal control system in the company, its compliance with operating systems, accounting procedures and policies. Based on the report on the internal audit function, necessary corrective actions in the respective areas are taken and thereby strengthen the controls. Significant audit observations and corrective actions thereon are presented to the audit committee of the board.

(f) Financial performance with respect to operational performance is discussed in the main part of the Report.

(g) Material Developments in Human Resources, Industrial Relations, Environment, Health & Safety

Faced with the shortage of quality manpower, the thrust of your Company has been on talent improvement through training programmes.

Your Company continues to invest in training and development of its employees and has been organizing various training programmes from time to time. CERA's manpower strength as on March 31, 2015 stands at 2380.

The company is ISO 9001, 14001 and BS 18001 certified. Your Company is also a member of Indian Green Building Council (IGBC), promoted by Confederation of Indian Industry (CII).
