MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE AND DEVELOPMENTS

Paper Machine Clothings (PMC)

India embraces 15th rank among paper manufacturing nations in the world. The present demand is estimated at 13.1 ml tons which is projected to boost to 23.5 ml tons by 2024-25. India is the greatest growing market for paper in the world with a growth rate of about 6% yearly. Though India's per-capita paper utilization is quite low compared to global peers, things are looking up and requirement is set to rise for present 13 MT to an estimated 20 MT by 2020 indicating great potentiality for growth at home. Besides, the real growth in Paper making activity is taking place in Asian region due to availability of Raw Material & Cheaper Workforce while the other part of the world has already come to a saturating stage. Therefore, being stationed in the developing region and with sufficient knowledge about paper making condition of Asian sub-continent, we see a great future in export potentiality for PMC products. We are also in the process of developing new PMC products to fetch more business from export market.

EDM Wires

Use of EDM machines in Tool Room Industry is gaining popularity all over the world. The situation has become challenging to the EDM wire makers with the invention of developed EDM machines and it has increased demand of specialty EDM wires happily, which are the major product of Uttarpara Plant. Similar situation prevails all over the world and with our reputation in export market with our patented products especially to the developed countries, we see a bright future for this product. New products DYNA "XT" and "SAFE CUT" have been specially developed to fetch more business from the export market as well as home market.

OPPORTUNITIES AND THREATS

Paper Machine Clothings (PMC)

After a bad spell, the paper industry both at home and abroad has started doing well and as a result the PMC industries are also looking forward for brighter days. At this stage in the home market when our Company is all set for a better business, a great threat is foreseen from Overseas PMC suppliers of neighboring developing country who have started dumping their products in Indian Paper Mills at a price lower than Indian suppliers, which may drastically reduce the NSR of our products as well as the off-take. Further, PMC suppliers from developed countries have started supplying their latest patented design to large paper mills in India. This becomes biggest threat to the Company. Unless we upgrade our Plant & Machinery and continually develop our product it will be extremely difficult to sustain our market share and further enhance it that depends lot on availability of softer fund for your Company. Your Company is also expected to create new business horizon in Metal Weaving segment creating new domestic & export market.

EDM WIRES

Threat from imported material in Indian market is seriously felt although the speciality products of Shalimar are ruling the home market. In the export front, the market in the developed countries is very large and if quality of the product is maintained consistently the product has a very bright future. We have already obtained Industrial Patent for one of our speciality products while some varieties are waiting for approval. And with increase of price of NF metal, competition has become stiffer. But, we are confident with constant improvement in process, Shalimar would be able to take up the challenge.

OUTLOOK

The outlook of Company appears bright. The Company anticipates modest growth in its operations in coming years and have taken steps to improve further in following areas :-

- Maintain high Quality Standards consistently.
- Create wide based product range to cater to export market.
- Modernize after-sales service.
- Improve efficiency at all stages from procurement to disposal.
- Upgrading the Old machinery.
- Develop new design of fabric.
- Implementation of ISO : 9001 : 2015, QMS
14001 : 2015, EMS
18001 : 2007, OHSAS

RISKS AND CONCERNS

Volatile technological environment and tough competition from domestic as well as foreign markets are area of concern for which Company's focus is to make cost of production more competitive and reduce interest cost by financial restructuring with a view to withstand during downturn. Main area of concern are as under :

- Growth of Indian Paper Industry is yet to be satisfactory.
- Improved technology is expensive.
- Very high interest cost.
- Non availability of fund for expansion & Working Capital, delaying the Implementation of project on time.

INTERNAL CONTROL SYSTEM

The Company has adopted internal control system commensurate with its size. The Company has appointed external firm of Chartered Accountants as Internal Auditors and Company ensures its strict implementation so that assets and business interest of Company are adequately safeguarded. However, SAP implementation is also in progress.

HUMAN RESOURCES

The Company's human resources strategy revolves around development of the individual. The Company undertook various Human Resources Initiative, namely –

- A Performance Management System.
- Training Programmes in the area of behavioural, management and technical skill up-gradation.
- Development of leadership capability
- Maintaining high level of employment relationship

The total Number of Employees employed in the Company as on 31st March, 2018 was 535.

INFORMATION TECHNOLOGY

The Company is making full use of Information Technology, all the branches and the regional offices of the Company are connected with the units by means of internet and ERP is implemented in most of the departments. The Company's *website* namely www.shalimarwires.com provide all the details about the Company, its management and its products. SAP has also been implemented in its Uttarpara Factory.

HEALTH, SAFETY, SECURITY AND ENVIRONMENT

Health, safety, security and environment (HSSE) is a key priority for your Company. Simply stated, our goals are: no accidents, no harm to people and no damage to environment. The health, safety and security of everyone who works for your Company, is critical to the success of business.

CAUTIONARY STATEMENT

INDEPENDENT AUDITORS' REPORT

To the Members of
Shalimar Wires Industries Limited

Report on the Standalone Financial Statements

We have audited the accompanying Standalone Financial Statements of **SHALIMAR WIRES INDUSTRIES LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and a summary of the Significant Accounting Policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Standalone Financial Statements based on our audit. In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and the matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the Order issued under section 143(11) of the Act.

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Standalone Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Standalone Financial Statements. The procedures selected depend on the auditor's judgement, including assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Standalone Financial Statements.

Basis for Qualified Opinion

- (a) No provision has been made for Claims Receivable remaining outstanding for long, amounting to Rs. 26.98 lacs (Refer Note No. 8)
- (b) The Accounting Standard on Contingent Liabilities have not been fully complied with as disclosed in Footnote No. 2 to 4 of Note No. 35, the quantum of non-provision in respect whereof is not ascertained pending settlement / disposal of disputes.
- (c) Non-provision of Items indicated in (a) and (b) above constitute a departure from the Indian Accounting Standards referred to in Section 133 of the Act. Without considering Item Nos. (c) above, whose impact on the Company's Statement of Profit and Loss is presently non-ascertainable, had the provisions indicated in Item Nos. (a) been made,
 - (i) The Profit for the year would have decreased by Rs. 26.98 lacs
 - (ii) Other Non-Current Assets would have decreased by Rs. 26.98 lacs
 - (iii) The Retained Earnings would have been lower by Rs. 26.98 lacs.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matters described in the Basis for Qualified Opinion paragraph above, the aforesaid Standalone Financial Statements give the information by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2018 and its profit, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Emphasis of Matters

We draw your attention to the following matter in the Notes to the Standalone Financial Statements:

1. Note No. 35 to the financial statements, which describe the uncertainty related to the outcome of the lawsuits indicated therein.

Our opinion is not modified in respect of the above matter.

Report on Other Legal and Regulatory Requirements

- i) As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Sub-section (11) of Section 143 of the Act, we enclose in the **Annexure – A**, a statement on the matters specified in the said Order, to the extent applicable to the Company.
- ii) As required by Section 143(3) of the Act, based on our audit we report that
 - a) We have sought and, except for the matters described in the Basis for Qualified Opinion paragraph, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) Except for the possible effects of the matters described in the Basis for Qualified Opinion paragraph above, in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement Cash Flows dealt with by this Report are in agreement with the books of account;
 - d) Except for the possible effects of the matters described in the Basis for Qualified Opinion paragraph, in our opinion, the aforesaid Standalone Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act;
 - e) The matters described in the Basis for Qualified Opinion paragraph above, in our opinion, may have an adverse effect on the functioning of the Company;
 - f) On the basis of written representations received from the Directors as on 31st March, 2018 taken on record by the Board of Directors, none of the Director is disqualified as on 31st March, 2018 from being appointed as a director in terms of Section 164(2) of the Act.
 - g) With respect to the adequacy of the Internal Financial Controls over Financial Reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure – B. Our report expresses a qualified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting in the matters of Sales.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with amended Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position, wherever ascertainable – Refer Note No. 35
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable loss.
 - iii. The Order dated 10th June, 2010, of the erstwhile Board for Industrial and Financial Reconstruction, has exempted the Company from transferring any amount to the Investor Education and Protection Fund.

ANNEXURE - B TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Shalimar Wires Industries Limited ("the Company") as of 31 March 2018 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, the following material weakness has been identified as at 31 March, 2018:

- a) The Company's internal control system for customer acceptance, credit evaluation and establishing customer credit limits for sales need to be strengthened adequately so as to negate the potential possibility of recognising revenue without establishing reasonable certainty of ultimate collection.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement on the Company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the possible effects of the material weakness described above on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weakness identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2018 Financial Statements of the Company, and the material weakness does not affect our opinion on the Financial Statements of the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2018

1. BASIS OF PREPARATION, MEASUREMENT AND SIGNIFICANT ACCOUNTING POLICIES

1.1 BASIS OF PREPARATION AND MEASUREMENT

(a) Basis of preparation

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

These financial statements for the year ended 31st March, 2018 are the first the Company has prepared under Ind AS. For all periods up to and including the year ended 31st March, 2017, the Company prepared its financial statements in accordance with the accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (hereinafter referred to as 'Previous GAAP') used for its statutory reporting requirement in India immediately before adopting Ind AS. The financial statements for the year ended 31st March, 2017 and the opening Balance Sheet as at 1st April, 2016 have been restated in accordance with Ind AS for comparative information. Reconciliations and explanations of the effect of the transition from Previous GAAP to Ind AS on the Company's Balance Sheet, Statement of Profit and Loss and Statement of Cash Flows are provided in note 3.

The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements, including the preparation of the opening Ind AS Balance Sheet as at 1st April, 2016 being the 'date of transition to Ind AS'. All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

Transactions and balances with values below the rounding off norm adopted by the Company have been reflected as "0" in the relevant notes in these financial statements.

The financial statements of the Company for the year ended 31st March, 2018 were approved for issue in accordance with the resolution of the Board of Directors on 23rd May, 2018.

(b) Basis of measurement

These financial statements are prepared under the historical cost convention unless otherwise indicated.

1.2 KEY ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognised prospectively.

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

- (a) Measurement of defined benefit obligations – Note-44
- (b) Measurement and likelihood of occurrence of provisions and contingencies – Note-35.and
- (c) Recognition of deferred tax assets – Note-37

1.3 SIGNIFICANT ACCOUNTING POLICIES:

a) Recognition of Income & Expenditure:

Income and Expenditure are recognised on accrual basis.

b) Property, Plant and Equipment:

Property, plant and equipment are stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred.

Gains or losses arising on retirement or disposal of property, plant and equipment are recognised in the Statement of Profit and Loss.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

Depreciation is provided on a pro-rata basis on the straight line method based on estimated useful life prescribed under Schedule II to the Companies Act, 2013.

- Assets costing ₹ 5,000 or less are fully depreciated in the year of purchase.

Freehold land is not depreciated.

Leasehold land: Cost of Leasehold Land and installation and other expenses incurred on Machineries taken on lease are amortized over the period of the respective lease.

The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted prospectively, if appropriate.

Upon first-time adoption of Ind AS, the Company has elected to measure all its property, plant and equipment at the Previous GAAP carrying amount as its deemed cost on the date of transition to Ind AS i.e., 1st April, 2017.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2018

b) Intangible Assets:

Separately purchased intangible assets are initially measured at cost. Intangible assets acquired in a business combination are recognized at fair value at the acquisition date. Subsequently, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses, if any.

The useful lives of intangible assets are assessed as either finite or indefinite. Finite-life intangible assets are amortized on a straight-line basis over the period of their expected useful lives. Estimated useful lives by major class of finite-life intangible assets are as follows:

Patent - 20 years

Know-how - 5 years

Computer software - 5 years

The amortization period and the amortization method for finite-life intangible assets is reviewed at each financial year end and adjusted prospectively, if appropriate.

Indefinite life intangibles mainly consist of patents. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues, if not, it is impaired or changed prospectively basis revised estimates

c) Inventories:

Inventories are stated at 'cost or net realisable value, whichever is lower'. Cost comprises all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formulae used are 'Weighted Average Cost'.

d) Financial Instruments:

Financial Assets:

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument. On initial recognition, a financial asset is recognised at fair value, in case of financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction costs are recognised in the statement of profit and loss. In other cases, the transaction cost is attributed to the acquisition value of the financial asset.

Financial assets are subsequently classified as measured at

- amortized cost
- fair value through profit and loss (FVTPL)
- fair value through other comprehensive income (FVOCI).

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

Cash and Cash Equivalents:

Cash and cash equivalents are short-term (twelve months or less from the date of acquisition), highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

Investments:

Long Term Investments are carried at cost and Provision for impairment is made to recognise a decline, other than temporary, in the value of long term investments, script wise.

Trade Receivables and Loans:

Trade receivables are initially recognised at fair value. Subsequently, these assets are held at amortized cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

Debt Instruments:

Debt instruments are initially measured at amortized cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

a) Measured at amortized cost:

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortized cost using the effective interest rate ('EIR') method less impairment, if any. The amortization of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.

b) Measured at fair value through other comprehensive income:

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2018

Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to other income' in the Statement of Profit and Loss.

c) Measured at fair value through profit or loss:

A financial asset not classified as either amortized cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'other income' in the Statement of Profit and Loss.

Equity Instruments:

All investments in equity instruments classified under financial assets are initially measured at fair value; the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument are recognised as other income in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognized in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

Derecognition:

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

Impairment of Financial Asset:

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financials assets in FVTPL category. For financial assets other than trade receivables, as per Ind AS 109, the Company recognises 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The Company's trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall. The impairment losses and reversals are recognised in Statement of Profit and Loss.

Financial Liabilities:

Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortized cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortized cost, using the effective interest method.

Subsequent measurement

Financial liabilities are subsequently measured at amortized cost using the EIR method. Financial liabilities carried at fair value through profit or loss and are measured at fair value with all changes in fair value recognised in the Statement of Profit and L

Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

e) Provisions, Contingent Liabilities and Contingent Assets:

Provisions are recognised in respect of obligations where, based on the evidence available, their existence at the Balance Sheet date is considered probable. Contingent Liabilities are shown by way of Notes to Accounts in respect of obligations where, based on the evidence available, their existence at the Balance Sheet date is not considered probable, hence not provided for. Contingent assets are not recognised in the accounts.

f) Revenue Recognition:

Revenue from sale of goods is recognised when all the significant risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract, there is no continuing managerial involvement with the goods and the amount of revenue can be measured reliably. The Company retains no effective control of the goods transferred to a degree usually associated with ownership and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. Revenue is measured at fair value of the consideration received or receivable, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government which are levied on sales such as sales tax, value added tax, etc.

Income from export incentives such as duty drawback and premium on sale of import licenses, and lease license fee are recognised on accrual basis. Income from services rendered is recognised based on agreements/arrangements with the customers as the service is performed in proportion to the stage of completion of the transaction at the reporting date and the amount of revenue can be measured reliably.

g) Employee Benefits:

Defined benefit plans

Defined benefit plans, the amount recognised as 'Employee benefit expenses' in the Statement of Profit and Loss is the cost of accruing employee benefits promised to employees over the year and the costs of individual events such as past/future service benefit changes and settlements (such events are recognised immediately in the Statement of Profit and Loss). The amount of net interest expense calculated by applying the liability discount rate to the net defined benefit liability or asset is charged or credited to 'Finance costs' in the Statement of Profit and Loss. Any differences between the interest income on plan assets and the return actually achieved, and any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustments within the plans, are recognised immediately in 'Other comprehensive income' and subsequently not reclassified to the Statement of Profit and Loss.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2018

The defined benefit plan surplus or deficit on the Balance Sheet comprises the total for each plan of the fair value of plan assets less the present value of the defined benefit liabilities (using a discount rate by reference to market yields on government bonds at the end of the reporting period).

All defined benefit plans obligations are determined based on valuations, as at the Balance Sheet date, made by independent actuary using the projected unit credit method. The classification of the Company's net obligation into current and non-current is as per the actuarial valuation report.

h) Foreign Currency Transactions:

- a) Transactions in Foreign currency are initially recorded at the exchange rate at which the transaction is carried out.
- b) Monetary Financial Assets and Liabilities related to foreign currency transactions remaining outstanding at the year end are translated at the year end rates.
- c) Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.
- d) Any income or expense on account of exchange difference either on settlement or on translation at the year end is recognized in the Statement of Profit & Loss.
- e) In case of items which are covered by forward exchange contracts, the difference between the yearend rate and the rate on the date of the contract is recognized as exchange difference. The premium or discount on forward exchange contracts is recognized over the period of the respective contract.

i) Research & Development Expenditure:

Revenue expenditure is charged to Statement of Profit & Loss and Capital expenditure is added to the cost of fixed assets in the year in which it is incurred.

j) Borrowing Costs:

Borrowing Costs that are attributable to the acquisition or construction of qualifying non financial assets are capitalised as part of the cost of such assets. A qualifying such asset is one that necessarily takes a substantial period of time to get ready for intended use. All other borrowing costs are charged to Statement of Profit and Loss in the period in which they are incurred.

k) Income Taxes:

Income-tax expense comprises Current tax and Deferred tax charge or credit. Provision for current tax is made on the assessable income at the tax rate applicable to the relevant assessment year. The Deferred tax Asset and Deferred tax Liability is calculated by applying tax rate and tax laws that have been applicable to the relevant assessment year. The Deferred tax Asset and Deferred tax Liability is calculated by applying tax rate and tax laws that have been depreciation under tax laws, are recognised only if there is a virtual certainty of its realization, supported by convincing evidence. Deferred tax Assets on account of other timing differences are recognised only to the extent there is a reasonable certainty that the assets can be realized in future.

l) Impairment of Non Financial Assets:

Impairment loss, if any, is recognised to the extent, the carrying amount of assets exceed their recoverable amount. Recoverable amount is higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life.

Impairment losses recognised in prior years are reversed when there is an indication that the impairment losses recognised no longer exist or have decreased. Such reversals are recognised as an increase in carrying amount of assets to the extent that it does not exceed the carrying amount that would have been determined (net of amortization or depreciation) had no impairment loss been recognised in previous years.

After impairment, depreciation or amortization on assets is provided on the revised carrying amount of the respective asset over its remaining useful life.

m) Operating Cycle:

All Financial Assets and Liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies' Act, 2013. Based on the nature of services provided and time between the rendering of services and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as less than 12 months for the purpose of current and non-current classification of financial assets and liabilities.

n) Cash flow statement:

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing flows. The cash flows from operating, investing and financing activities of the Company are segregated.

o) Segment Reporting:

Segments are identified based on the dominant source and nature of risks and returns and the internal organization and management structure. The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. In addition, the following specific accounting policies have been followed for segment reporting:

- (a) Inter segment revenue is accounted for based on the transaction price agreed to between segments which is primarily market led.
- (b) Revenue and expenses are identified to segments on the basis of their relationship to the operating activities of the segment. Revenue and expenses, which relate to the enterprise as a whole and are not allocable to segments on a reasonable basis, have been disclosed as "Un-allocable".

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2018

2. FIRST TIME ADOPTION OF IND AS:

The Company has adopted Indian Accounting Standards (Ind AS) as notified by the Ministry of Corporate Affairs with effect from 1st April, 2017, with a transition date of 1st April, 2016. These financial statements for the year ended 31st March, 2018 are the first financial statements the Company has prepared under Ind AS. For all periods up to and including the year ended 31st March, 2017, the Company prepared its financial statements in accordance with the accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 ('Previous GAAP').

The adoption of Ind AS has been carried out in accordance with Ind AS 101, First-time Adoption of Indian Accounting Standards. Ind AS 101 requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements be applied retrospectively and consistently for all financial years presented. Accordingly, the Company has prepared financial statements which comply with Ind AS for year ended 31st March, 2018, together with the comparative information as at and for the year ended 31st March, 2017 and the opening Ind AS Balance Sheet as at 1st April, 2016, the date of transition to Ind AS.

In preparing these Ind AS financial statements, the Company has availed certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and Previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity). This note explains the adjustments made by the Company in restating its financial statements prepared under previous GAAP, including the Balance Sheet as at 1st April, 2016 and the financial statements as at and for the year ended 31st March, 2017.

A. Mandatory Exceptions from retrospective application:

The Company has applied the following exceptions to the retrospective application of Ind AS as mandatorily required under Ind AS 101:

(i) Estimates

On assessment of the estimates made under the Previous GAAP financial statements, the Company has concluded that there is no necessity to revise the estimates under Ind AS, as there is no objective evidence of an error in those estimates. However, estimates that were required under Ind AS but not required under Previous GAAP are made by the Company for the relevant reporting dates reflecting conditions existing as at that date.

(ii) Classification and measurement of financial assets

The classification of financial assets to be measured at amortized cost or fair value through other comprehensive income is made on the basis of the facts and circumstances that existed on the date of transition to Ind AS.

B. Transition to Ind AS – Reconciliations:

The following reconciliations provide the explanations and quantification of the differences arising from the transition from Previous GAAP to Ind AS in accordance with Ind AS 101:

I. Reconciliation of Equity as at 1st April, 2016

II. A. Reconciliation of Equity as at 31st March, 2017

B. Reconciliation of Statement of Profit and Loss for the year ended 31st March, 2017

III. Adjustments to Statement of Cash Flows for the year ended 31st March, 2017.

Previous GAAP figures have been reclassified/regrouped wherever necessary to conform with financial statements prepared under Ind AS.

III. Adjustments to Statement of Cash flows

There were no material differences between the Statement of Cash Flows presented under Ind AS and the Previous GAAP.

Notes to the Reconciliations

a) Non Current Investment

Equity Instruments - Under Previous GAAP, the such instruments were carried at cost and provision for diminution was made to recognised a decline, other than temporary, in the value of long term investment. Under Ind AS, the Company has designated these investments at fair value through other comprehensive income (FVTOCI) which are recognised in the Statement of Profit and Loss for the year ended 31st March, 2017. At the date of transition to Ind AS, no difference between the fair value of the instruments and the carrying value under Previous GAAP.

(b) Excise Duty

Under Previous GAAP, excise duty was netted off against sale of goods. However, under Ind AS, excise duty is included in sale of goods and is separately presented as expense on the face of Statement of Profit and Loss. Thus, sale of goods under Ind AS has increased with a corresponding increase in expenses

(c) Revenue from Sale of Goods

Under Previous GAAP, revenue was recognised net of, trade discounts, rebates, sales taxes and excise duties. Under Ind AS, revenue is recognised at the fair value of the consideration received or receivable, after deduction of any trade discounts, volume rebates in any form and any taxes or duties collected on behalf of the government such as sales tax and value added tax except excise duty. Discounts given include Warrantee Compensation given to customers, which have been reclassified from 'Customer Warrantee Compensation' within other expenses under Previous GAAP and netted from revenue under Ind AS.

(d) Defined Benefit Plans

i) Actuarial gain/(loss) - Under Previous GAAP, the actuarial gain/(loss) of defined benefit plans had been recognised in Statement of Profit and Loss as an employees benefit expense. Under Ind AS, the remeasurement gain/(loss) on net defined benefit plans is recognised in Other Comprehensive Income net of tax.

ii) Net interest cost on defined benefit plans - Under Previous GAAP, the interest cost on defined benefit liability and expected return on plan assets was recognised as employee benefit expenses in the Statement of Profit and Loss. Under Ind AS, the Company has recognised the net interest cost on defined benefit plans as finance cost.

B. Nature and purpose of reserves

- General Reserve:** General Reserve was created in the past by way of appropriation of profits of the Company. This is a free reserve and can be utilised for any general purpose like for issue of bonus shares, payment of dividend, buy back of shares etc.
- Retained Earnings:** Retained earnings are the profits that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders.
- Equity Instruments through Other Comprehensive Income:** The fair value change of the equity instruments measured at fair value through other comprehensive income is recognised in equity instruments through Other Comprehensive Income. Upon derecognition, the cumulative fair value changes on the said instruments are reclassified to the Statement of Profit and Loss.

44 Employees Benefits under Indian Accounting Standard (Ind As) - 19 :

As per Indian Accounting Standard (Ind As) - 19 "Employee Benefits", the disclosure of Employee Benefits as defined in the Indian Accounting Standard (Ind As) 19 are as follows :

a) Defined Contribution Plan :

- Employee benefits in the form of Provident Fund, Superannuation Fund, Employee State Insurance Scheme and Labour Welfare Fund are considered as defined contribution plan except that Provident Fund in respect of certain employees is contributed to a fund set up by the Company which is treated as a Defined Benefit Plan since the Company has to meet the interest shortfall.
- The contributions to the funds are made in accordance with the relevant statute and are recognized as an expense when employees have rendered service entitling them to the contributions. The contribution to Defined Contribution Plan, recognized as expense for the year are as under :

Defined Contribution Plan	As at 31st March, 2018 (Rs.in lacs)	As at 31st March, 2017 (Rs.in lacs)
Employer's Contribution to Provident Fund	123.23	124.38
Employer's Contribution to Superannuation Fund	-	-
Employer's Contribution to Employee State Insurance Scheme	24.09	13.23
Employer's Contribution to Labour Welfare Fund	0.08	0.09

b) Defined Benefit Plan :

- Post employment and other long-term employee benefits in the form of gratuity and leave encashment are considered as Defined Benefit Obligation. The present value of obligation is determined based on actuarial valuation using projected unit credit method as at the Balance Sheet date. The amount of defined benefits recognized in the Balance Sheet represent the present value of the obligation as adjusted for unrecognized past service cost and as reduced by the fair value of plan assets.
- Provident Fund in respect of certain employees is contributed to a fund set up by the Company which is treated as a Defined Benefit Plan since the Company has to meet the interest shortfall. There is no interest shortfall as at the year end. As advised by an independent actuary, it is not practical or feasible to actuarially value the liability considering that the rate of interest is notified by the Government. Accordingly other related disclosures in respect of Provident Fund have not been made.
- Any asset resulting from this calculation is limited to the discounted value of any economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan. The amount recognized in the Profit and Loss Account for the year in respect of Employees Benefit Schemes based on actuarial reports is as follows :
