Major Events of 2016-17

Rice Fructose Manufacturing Unit

Gulshan is the first company to manufacture Rice Fructose Syrup in India from its Rice Grinding Unit in Muzaffarnagar, U.P. having a Capacity of 300 MT per day.

The technology has been imported from China who is world leader in this product. At full capacity, there will be a Foreign Exchange saving of USD 20 million p.a. by substituting the import to the Country.

Rice Fructose Syrup is a sugar replacer, pallet enhancer, instant energizer, Non- GMO, Allergen free, having a low glycemic index and a low calorie sweetener.

Native Starch Production Unit

In August 2016, the Company has set up another unit under Grain Processing Division (GPD) for production of Native Starch with capacity to process 300 tons of corn per day.

The product is selling under the brand 'Rhino' and has been well accepted as a strengthening agent by the paper mills in and around 150 km of our Muzaffarnagar facility.

The Product has a huge location advantage as Western U.P. being a hub of Paper Mills, alone consuming 6000 MTPM

Split of Equity shares from face value of ₹ 5/to ₹ 1/-

The Company split its stock in the ratio 1:5 w.e.f. 28th December, 2016,in order to improve the float and liquidity of the stock in the interest of both existing and potential investors. The face value of the shares of the Company has been subdivided from ₹5/- per share to ₹1/- per share.

Declared 40% interim dividend

In line with our objective of enhancing the shareholder's value with every step, we declared an interim dividend of ₹ 2/- per share during the year, the highest ever by the company since inception.

FI India Exhibition, New Delhi

The company for the first time, participated in the exhibition of Food Ingredient (FI) 2016 held in New Delhi on 22nd -24th August 2016 at Pragati Maidan.

This was the first year that FI India took place in New Delhi, to take advantage of the growth of the food processing industry in Northern India.

With over 200 leading local and international exhibitors it was the largest edition to date.

Chairman's Statement

Dear Friends,

It gives me great pleasure to share with you an update on the overall performance of your Company in 2016-17. It was yet another difficult year for the global economy, characterised by low growth and geopolitical uncertainties. In India, rural demand continued to be sluggish in the early part of the year on the back of two consecutive poor monsoons. The overall market showed signs of recovery in the latter half of the year but faced a temporary slowdown in November due to demonetisation.

During the year under review, your Company has taken up major capex programme in potential areas of growth. As part of this programme, during the FY 2016-17, the Company has made additions of \mathfrak{T} 85.42 crores to its gross fixed assets as compared to previous year \mathfrak{T} 26.95 crores. In addition to this, the Company has capital work in progress of \mathfrak{T} 96.93 crores (previous year \mathfrak{T} 97.22 crores).

In the tune of progressive Dividend Policy, the Board of Directors declared and paid an interim dividend of 40 percent (₹ 2.00 per fully paid-up equity share of ₹ 5/- each) in October, 2016. The financial year 2016-17 concluded with recommending a final dividend of 30 percent (₹ 0.30 per fully paid-up equity share of ₹ 1/- each) aggregating to 70 percent i.e. amounting to ₹ 328.42 lakhs, subject to the approval of the shareholders at the Annual General Meeting.

Despite significant pressure on margins due to higher raw material prices, higher depreciation and slower economic growth, your Company has sustained its profitable growth story.

A focus on shareholder returns is at the heart of the strategy. The Board believes that high-quality and sustainable long-term revenue and earnings growth, combined with a disciplined approach to capital allocation and progressive dividend policy, will drive superior returns for shareholders.

Your Company is also committed to its social responsibility agenda and contribute meaningfully to the communities that it operates in. Your Company continues to focus in the areas of Education, Health & Hygiene, Rural development and Water management to enhance the livelihoods of people in its operating communities. These initiatives, along with several others, reaffirm our belief that addressing societal needs and business growth go hand-in-hand.

Besides existing plants updation, your Company has undertaken three more projects as below:

- i. At Muzaffarnagar facility: In August 2016, the Company has started commercial production of Native Starch, by using Corn as raw material, with capacity to process 300 tons of corn per day. The product is selling under the brand 'Rhino' and has been well accepted as a strengthening agent by the paper mills in and around 150 km of our Muzaffarnagar facility. The Product has a huge location advantage as Western U.P. being a hub of Paper Mills, alone consuming 6000 tons of starch every month.
- ii. The Company has set up rice grinding unit to produce High Fructose Rice Syrup at Muzaffarnagar facility. In January, 2017, Company commenced the commercial production of HFRS.
- iii. At Chhindwara facility: Potable Alcohol Plant is also expected to be completed by the 2nd quarter of FY 18.

It has been a year of further progress – strategically, operationally and financially. In rapidly changing markets we continue to focus our energies on shorter decision timelines, rapid deployment and strong customer focus. We can only do this successfully with excellent people and, on behalf of the Board. I would like to thank all our employees and partners for their very considerable efforts in the past year. I look forward with confidence to your Company's response to further changing customer demands in the year ahead.

 $None\ of\ these\ achievements\ would\ have\ been\ possible\ without\ the\ passion\ and\ commitment\ of\ our\ employees\ -\ our\ biggest\ asset.$

B. Results of Operations

The Financial Year 2016-17 was a challenging year on multiple fronts, and your Company has delivered a resilient performance. The performance in FY 2016-17 should be viewed in light of the several challenges faced.

In the year 2016-17, Net revenue at ₹ 494.85 crores increased by 13.97 % primarily driven by new business of starch powder and HFRS commercial production at Muzaffarnagar plant. During the year , the Company faced margin pressure resulting in EBIDTA dropped by 200 bps due to input cost mainly raw material prices on higher side in compare to previous year. - (b) The Listing Agreement entered into by the Company with the Stock Exchange,/SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that,

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes (during the year under review there were no instance recorded in the minutes where any director has dissented to any particular resolution).

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I report further that during the audit period of the Company:

The Company has issued and allotted 1,22,562 equity shares upon conversion of 1,22,562 convertible warrants (out of 5,00,000 Convertible warrants issued to them) in multiple trenches, of $\stackrel{?}{}$ 5/- each at a premium of $\stackrel{?}{}$ 170/- each to a non promoter category shareholder.

During the year, the Company has approved the sub-division of equity shares from FV of $\stackrel{?}{\stackrel{?}{\stackrel{}}{\stackrel{}}}$ 5/- to FV $\stackrel{?}{\stackrel{?}{\stackrel{}}}$ 1/- per share in shareholders extra ordinary general meeting held on 08.12.2016. After shareholders approval, a record date i.e. 28^{th} December, 2016 has been fixed to get the list of members who will be entitled to shares after split.

CMD - Chairman & Managing Director, NE - Non-executive, CEO- Chief Executive Officer, ED- Executive Director, ID - Independent Director

As at 31st March, 2017, the Company's Board of Directors headed by a regular Chairman comprised total ten directors including two woman directors, out of which five directors are Independent Non-Executive Directors. None of the Independent Directors of the Company serve as an Independent Director in more than seven listed companies and where any Independent Director is serving as whole-time director in any listed company, such director is not serving as Independent Director in more than three listed companies.

During the year, the Board met four times on 28th May, 6th August, 5th November, 2016, and 11th February, 2017. The maximum gap between any two Board Meetings was less than one hundred and twenty days. All material information was circulated to the directors before the meeting or placed at the meeting, including minimum information required to be made available to the Board as prescribed under Part A of Schedule II of Sub-Regulation 7 of Regulation 17 of the Listing Regulations. During the year, separate meeting of the Independent Directors was held on 11th February, 2017 without the attendance of non-independent directors and members of the management. Four Independent Directors attended the said meeting out of total five members.

The Company has proper systems to enable the Board to periodically review compliance reports of all laws applicable to the Company, as prepared by the Company as well as steps taken by the Company to rectify instances of non-compliances, if any.

The Company has familiarization programme for Independent Directors with regard to their roles, rights, responsibilities in the Company, nature of the industry in which the Company operates, the business model of the Company etc. The familiarization programmes along with details of the same imparted to the Independent Directors during the year are available on the website of the Company (web-link http://www.gulshanindia/investorrelations/notes.

III. AUDIT COMMITTEE

a) Terms of Reference:

Pursuant to Regulation 18 read with Part C of Schedule II of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Section 177 of the Companies Act 2013, the Audit committee role includes oversight of Company's financial reporting process and disclosure of financial information to ensure

that the financial statements are correct, sufficient and credible; recommending the appointment, reappointment, remuneration and terms of appointment of auditors and approval of payment for any other services rendered by statutory auditors; reviewing with the management quarterly results and annual financial statements before submission to the Board for approval; approval or any subsequent modification of any transactions of the Company with related parties; review and monitor the auditor's independence and performance and effectiveness of audit process; scrutiny of inter corporate loans and investments, if any; evaluation of internal financial controls and risk management system; and reviewing the functioning of the whistle blower mechanism.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

1. FORWARD-LOOKING STATEMENT

The report contains forward-looking statements, identified by words like 'expects', 'will', 'foresee', 'hopes', 'confident', 'competent', 'believes', 'projects, 'estimates' and so on all statement that address expectations or projections about the future, but not limited to the Company's strategy for growth, product development, market position, expenditures and financial results, are forward-looking statements. Since these are based on certain assumptions and expectations of future events, the Company cannot guarantee that these are accurate or will be realized. The Company's actual results, performance or achievements could thus differ from those projected in any forward-looking statements.

Industry Structure & Development

The Country witnessed historic changes in terms of the passage of Goods and Services Tax (GST) Bill and demonetization during the year which altered the landscape of the industry and outlook of the economy. Coupled with the Government's focus on digitization.

The overall GDP witnessed moderation during the year, and the second half of the year witnessed a pronounced effect in this regard. While the year began on an optimistic note, and the growth rates continued to be scaled down particularly following the demonetization and the low credit offtake.

India's economic growth slowed for the fourth consecutive quarter in the three months ended March 2017, clearly showing the scars of demonetization on the economy. Gross domestic product (GDP) growth slowed to 6.1% in the fiscal fourth quarter from 7% in the third quarter.

Indian agriculture is highly dependent on monsoon. Not surprising then that two consecutive years (2014 and 2015) of deficit rainfall has been the single most important factor impacting the growth of the agriculture and other allied sectors for the period under review. The rising demand for maize from the feed and starch industry, increased usage of hybrid seeds and rise in export demands has led to steady growth in the production of maize. The Minimum Support Prices (MSP) for maize have significantly increased in the last few years to encourage farmers to enhance maize farming.

Agricultural growth accelerating to 4.1% as farms recovered from two consecutive years of drought. Higher growth in agriculture sector is not surprising as the monsoon rains were much better in the current year than the previous two years. Since major portion of raw material consumed by your company comprised of agro materials such as maize /corn and rice. The rise in input costs which were observed in preceding year is expected to be under control during this year.

The Calcium Carbonate industry which is produced from lime stone is dominated by the unorganized sector which are producing low grade of Calcium Carbonate. The Company is market leader in the organized sector contributing almost 25% of national production of Calcium Carbonate and is focusing on producing premium grades of it, delivering better margins in revenue of the Company.

The Company: Overview and recent developments

Gulshan Polyols Limited (GPL) is a multi location, multi product manufacturing company and has become a market leader in most of its products in India with global presence in 42 countries, across 3 continents. Its business portfolio covers Starch Sugars, Calcium Carbonate; Alcohol business; Agro based Animal Feed, & On-site PCC plants with production facilities at Muzaffarnagar in Uttar Pradesh, Bharuch in Gujarat, Dhaula Kuan in Himachal Pradesh, Abu Road in Rajasthan, Patiala in Punjab, Tribeni in West Bengal and Amlai in Madhya Pradesh.

Gulshan Polyols Ltd. caters to wide range of industry & niche markets in core sector encompassing pharmaceuticals, personal care products, footwear, tyres, rubber & plastics, paints, alcohol, value added paper, agrochemicals, food and agro products. It caters to leading industrial units of the country such as Hindustan Unilever Ltd, Dabur, Asian Paints and ITC etc.

The Company has consistently been exporting its products and is recognized by Government of India as STAR EXPORT HOUSE.

During the year, the Company has commenced commercial production of Native Starch, High Fructose Rice Syrup and Brown Rice Syrup by using corn / rice as raw material at the location of Muzaffarnagar (UP).

As stated in the last year Annual Report, the Company is setting up a grain based distillery for manufacturing potable alcohol in Borgaon industrial area in Chhindwara (M.P.). The construction and erection of plant is going on and is expected to be operational by end of second quarter of current Fy18.

2. COMPANY'S PRODUCT CATEGORIES:

2.1 Starch Sugars Business: includes product of Sorbitol-70% solution, Liquid Glucose, Maltro-Dextrin Powder (MDP), Dextrose Mono-Hydrate (DMH), Native Starch, High Fructose Rice Syrup (HFRS), Brown Rice Syrup and Rice Syrup Solids.

The rice based Grain Processing Plant at Muzaffarnagar has achieved optimum level of capacity utilization during the year. In this year, Starch Powder is the main growth driver and will remain growth driver in future also.

Native Starch / Maize Starch: It is the main carbohydrate nutrient from different sources of vegetation. Maize or corn starch powder is white, odorless and tasteless, which is extracted from kernel of maize/ corn. It is widely used as a thickener and a stiffening agent with numerous industrial applications.

Your company makes different grades of maize starch, which caters to industries ranging from food, textile, paper, pharmaceutical, adhesive etc. Starch powder is made from NON GMO Maize/corn at the company's plant in Muzaffarnagar, UP employing latest technology and best industry practices to ensure top quality of final product.

During the year, your Company invested resources to augment its manufacturing capacities to be in a position to support the increased future demand in a timely manner. Therefore, the Company has completed capacity expansion of Starch Sugar business at its Rice based Unit with grinding capacity of 45,000 TPA which includes the following products to be manufactured in our plant from Non-GMO rice using the latest technology:

High Fructose Rice Syrup (HFRS) which is naturally found in fruits, honey, corn syrup and molasses. Commercially, High Fructose Rice Syrup is used as a sweetener in flavored and unflavored syrups, energy drinks, processed food, bakery products.

Brown Rice Syrup, popularly known as Liquid Glucose. It is a preferred sweetener for natural/healthy foods. Rice syrup is used as base sweetener in edible sweet syrups (Flavored / Unflavored), blended honey, bakery foods, cakes, pastries, fillings, toppings, candies, canned fruits, health drinks, juices, soft drinks, Dairy products, ice-creams.

Rice Syrup Solids which is also known as dried glucose syrup or Glucose Powder. It is usually used as sweetener and stabilizers for moisture & texture in baked goods, confectionary (hard candy), dairy products, processed meats, seafood and also used by breweries to lighten beer color, add body, rice flavor and fermentable sugars. It is easily dispersed into water for ease of use in quick dissolving beverage mixes.

2.2 Agro based Animal Feed business: After extracting the starch sugars out of corn and rice as raw material, there are other key by-products such as Germ, Gluten, Animal feed. These high value added products contains high nutrition including proteins and fats and popularly used for cattle and poultry feed and corn oil extracting.

India's feed industry is growing with poultry, cattle and aqua feed sectors emerging as major growth drivers. The demand for animal protein and dairy products in India will increase the compound feed consumption volumes. Consequently, cattle need to be developed, more requirement of nutritious food for them, which implies higher demand of grain by-products.

2.3 Calcium Carbonate business: Your Company also produces over 19 grades of Calcium Carbonate (Precipitated, Activated, Wet and Ground Natural Calcite Powder) used in various industries. The Company has four integrated facilities to manufacture Calcium Carbonate spread across the country.

The Calcium Carbonate is used in PVC irrigation and Cables, Paints, Dentifrice, Detergents, Rubbers, Plastics etc. Your company has imported technology from IVA Industrieberatung GmBH, Germany, for Ground Natural Calcite Powder. In order to make eco-friendly, all the plants of the company are well equipped with desired facilities.

In the Company's endeavor to add new products delivering value addition, the company is gradually shifting its focus from producing lower grade products to higher grade products which will increase the overall profitability of the Company in medium to long term perspective.

2.4 Onsite PCC/WGCC Plants: The Company is **'FIRST' in the country** to introduce the concept of On-site PCC manufacturing plant for Value Added Paper (VAP) industries. **Company's achievement has been recorded in the Limca Book of Records in 2010.** The Company has successfully installed six Onsite PCC plants for paper industry Companies.

The Management hopes for the exponential growth in this segment in the country, in line with the developed nations, where on-site PCC has become an integral part of Value Added Paper such as printing, photo copier, tissue paper and writing paper.

Your company is the only Indian company which is offering such technology & providing plants to Indian and overseas companies engaged in manufacturing Value Added Paper.

2.5 Alcohol Business: The Company has started implementing potable alcohol manufacturing facility, which will enhance the revenue and profitability of the Company as well as strengthen the positioning of the existing IMFL and Country Liquor business.

3. OPPORTUNITIES & THREATS

Despite a challenging operating environment and heightened competitive intensity, your Company continued to drive volume growth, improve realizations and sustain its market standing during the year. This was achieved by focusing on identified end-use segments, investments in quality systems and processes, and optimizing the energy cost. The Business consolidated its clear market leadership position in supplying On-site PCC plants for leading VAP manufacturers in the country as well as in export market.

The Company is also foreseeing significant growth in the On-site PCC plant for its clients by adding the adequate manpower and enhancing competence and other capabilities required to be a leading player in the market. The company is confident of winning and executing large contracts against stiff competition.

Calcium carbonate (Activated Calcium Carbonate and Precipitated Calcium Carbonate) is linked to growth of PVC irrigation & Cables, Paints, Dentifrice, Detergents, Plastics etc. Since the per capita consumption of these products is regularly increasing in our country, the growth in this field is evidently perpetual. There are inherent opportunities available to the Company to which it is catering for many decades such as pharmaceuticals, personal care products, footwear, tyres, rubber & plastics, paints, alcohol, value added paper, agrochemicals, food and agro products.

Besides domestic growth, the Company has identified exports as a key future growth driver and is seeing untapped opportunity in export markets for starch sugars business. Your company is continuing to earn valuable foreign exchange by exporting starch sugar and is further gearing up to cater to the growing demand in international markets.

The company operates in commodity types markets. It is therefore important to manage its cost, to ensure it has an edge in pricing over its competitors and delivering value to its customers.

In 2016-17, the monsoon was below normal in maize growing area resulted in lower availability of maize. Due to this, prices were higher of maize as compared to previous years. The impact of increase in raw material cost was not fully passed on to the customers. Inability of the Company to pass on costs to customers has resulted in subdued margins.

The Company regularly diversifies its products portfolio and also develops new export markets. It is also investing in projects to strengthen cost competitiveness.

The general threat perception on the company's products is linked to vagaries of weather, shortfall in rain resulting increase in raw material prices, Government policies linked to Energy cost, Foreign exchange volatility, Import-export policies and competition from un-organized sectors to a certain extent in Calcium Carbonate business.

In this scenario, your Company is fully competent to counter such threat from time to time and gearing up to minimize the effect of these threat by improving the efficiency in terms of consumption and yield.

4. RISK AND CONCERNS

While there is a proper structure for risk management, which is regularly implemented across the organization, there are certain regular risks and concerns that surface in the business. Our primary raw material is "Corn and Rice" for Starch Sugar business as well as for Animal Feed & Alcohol business. Corn and rice are agricultural products and its supply and quality are subject to forces of nature. Being items of commodity market, their pricing is to be carefully managed in order to ensure that the company maintains an edge in pricing over its competitive. The Company is exposed to various risks such as rising competition, availability of better quality seeds and increase in supply of product options at lower costs may result in loss of market share for the Company. The main ones and the steps undertaken to mitigate these risks are mentioned below:

As a risk mitigating strategy, the company has diversified its product portfolio, and uses alternative raw material considering its viability in terms of prevailing market conditions. The other main raw material is lime stone for Calcium Carbonate business, which we source from the domestic market. The location of our plants is in close vicinity to the source of lime stone due to which we are able to maintain our edge effectively to manage our cost and quality of procuring lime stone.

Power and Fuel are the other major inputs of manufacturing cost. Increase in cost of Power and Fuel has negative impact on the profits of the company. Over the past year, tariff prices for power have been increasing. The Company has set up captive power plant for co-generation of energy to mitigate the adverse impact of rising cost of power. Advancement in technology may require us to make additional capital expenditure for upgrading our manufacturing facilities. However, the Company's diversified product profile, quality approach, value-added segments,

manufacturing flexibility, modern technology & strong marketing network has saddled the company to successfully counter the effect of such adversities.

The Management being well acquainted within business risks, is saddled to take care of the risks and concerns and takes appropriate and timely measures as and when the need arises.

5. INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The Company has proper and adequate internal control system commensurate with its size and complexity. The Company has a system of monthly physical verification of all types of stocks viz. finished goods, semi-finished goods and raw materials by Internal Auditor in addition to yearly verification of stores. The monthly monitoring and verification of these stocks helps the management to analyse and focus on the consumption and efficiency of raw materials viz. a viz. production output.

The remedial measures, as and when required, in any process or plant with respect to adverse variation in raw material consumption, etc is taken up immediately to avoid re-occurrence.

The financial statements are prepared in conformity with the established Accounting Standards and Principles. Regular Internal Audit is carried out to ensure that the systems are adequate.

The Company has appointed Internal Auditors to observe the Internal Controls, to ensure that the work flow of organization is being done through the approved policies of the Company. In every Quarter during the approval of Financial Statements, Internal Auditors will present the Internal Audit Report and Management Comments on the Internal Audit observations.

The Board of Directors of the Company have adopted various policies such as Related Party Transactions Policy, Whistle Blower Policy, Policy to determine Material Subsidiaries and such other procedures for ensuring the orderly and efficient conduct of its business for safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information

6. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The financial performance during the year under reference has been impressive in terms of sales. Even though there has been a decent increase in the turnover, the volume of profits has marginally decreased. The decrease in profitability is due to increase in depreciation and higher cost of raw material mainly Corn / Maize.

During the year under review, your company has achieved gross revenue from operations of ₹ 52891.32 lakhs as compared to ₹ 46692.68 lakhs in the previous year. Profit before tax stood at ₹ 3089.59 lakhs as compared to ₹ 3781.45 lakhs during the previous year. After providing for taxes and other adjustments, Profit after tax is ₹ 2791.00 lakhs as compared to ₹ 3049.41 lakhs during the previous year

7. HUMAN RESOURCE DEVELOPMENT AND INDUSTRIAL RELATIONS

Human resources are the most valued assets of the Company. They work individually and collectively contributing to the achievement of the objectives of the business. The relation between the employees and the Company remained cordial throughout the year. Your Company's corporate culture and the vision and values help unite the workforce and provide standards for how your Company conducts the business.

1. SIGNIFICANT ACCOUNTING POLICIES & NOTES ON ACCOUNTS

1.1 Basis of Preparation of Financial Statements

The Financial Statements have been prepared in accordance with the applicable Accounting Standards issued by the Institute of Chartered Accountants of India and the relevant disclosure requirements of the Companies Act, 2013 under historical cost convention and on the basis of going concern.

Accounting policies not specifically referred to otherwise are consistent and are in consonance with generally accepted accounting principles followed by the company.

1.2 Fixed Assets

Fixed Assets are stated at acquisition cost (net of cenvat if any) including directly attributable cost of bringing them to their respective working conditions for the intended use less accumulated depreciation. Assets acquired on Hire Purchase are stated at their cash values.

1.3 Depreciation

Depreciation on fixed Assets is provided to the extent of depreciable amount on Written Down Value Method. Depreciation is provided on useful life of the assets as specified in Part C of Schedule II of Companies Act 2013.

1.4 Impairment

The Management periodically assesses, using external and internal sources, whether there is an indication that an asset may be impaired. An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. The recoverable amount is higher of the asset's net selling price and value in use, which means the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal.

1.5 Inventory Valuation

The company has valued its inventory on "cost or net realizable value whichever is lower" basis and is in compliance with the Accounting Standard-2 issued by ICAI . However, stock-in-process has been valued on estimated cost. Further, the valuation of inventory is inclusive of Excise Duty component wherever applicable as required u/s 145A of the Income Tax Act, 1961.

1.6 Consumption of Raw Materials, Stores, Fuels, Chemicals, Consumables & Packing are accounted for after reckoning the Closing Stock of respective items as ascertained by the Company's experts at the end of the year from the total of the Opening Stock and purchases.

1.7 Revenue Recognition

The Company follows mercantile system of accounting where all the Income and Expenditure items having material bearing on the financial statements are recognized on accrual basis.

1.8 Foreign Currency Transactions

- (i) Transactions denominated in foreign currencies are normally recorded at the exchange rate prevailing at the time of the transaction.
- (ii) Any income or expense on account of exchange difference either on settlement or on transaction is recognized in the Profit & Loss Account except in the case of long term liabilities, where they related to acquisition of fixed assets in which case they are adjusted to the carrying cost of such assets and corresponding effect of long term liabilities.

1.9 Retirement Benefits

The retirement benefits such as Contribution to Provident Fund, Leave encashment etc. are accounted for on accrual basis and the payment and provision for Gratuity is made on the basis of actuarial valuation done by life Insurance Corporation of India.

1.10 Excise Duty

Excise Duty is recognized at the point of Production and the value of finished goods lying in the factory as well as at depots are inclusive of Excise Duty. Other inventories are also inclusive of Excise Duty Component wherever applicable.

1.11 Turnover

Turnover include sale of goods, excise duty, trade/sales tax and other recoverable expenses charged in invoice.

1.12 Borrowing Costs

Borrowing cost that is attributable to the acquisition or construction of qualifying asset is capitalized as part of the cost of such asset. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to revenue.

1.13 Provision for Current & Deferred Tax

The provision for Current Tax is made after taking into consideration benefits admissible under the provisions of Income Tax Act, 1961. The deferred tax liability as per Accounting Standard (AS-22) resulting from "timing difference" between book and taxable profit is accounted for using the tax rates and laws that have been enacted or subsequently enacted as on the Balance Sheet date. The deferred tax Asset/credit is recognized and carried forward only to the extent that there is a reasonable certainty that the asset will be realized in future.

1.14 Investments

The Investments being long-term investments are valued at cost, after providing for any diminution in value, if such diminution is of a permanent nature.

1.15 The interest accrued and due on secured and unsecured loans have been paid on due dates. Therefore, the amount outstanding is Nil and has not been disclosed under respective heads.
