Notes:

1. An Explanatory Statement pursuant to Section 102 (1) of the Companies Act, 2013 (the “Act”), in respect of businesses to be transacted at the Annual General Meeting (“AGM”), with regards to ordinary business as set out under Item No(s). 2,3 and the special business as set out under Item No(s). 4 and Regulation 36(3) and Regulation 36(5) of SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015 (“Listing Regulation”) and Secretarial Standard on General Meeting (SS-2) issued by Institute of Company Secretaries of India, in respect of Directors and auditors seeking reappointment at this Annual General Meeting (“AGM”) are annexed herewith and forms part of this notice.
2. In view of the outbreak of COVID 19 pandemic early in the year 2020 and the restrictions on movement of people and social distancing norms which followed and which are still in place, the Ministry of Corporate Affairs allowed conducting Annual General Meetings (hereinafter referred to as ‘AGM’) through Video Conference (VC) or Other Audio-Visual Means (OAVM) during the calendar year 2022. Therefore, pursuant to the general circular no. 2/2022 dated 5th May, 2022 read with general circular nos. 21/2021 dated 14th December, 2021, no. 02/2021 dated 13th January, 2021, no. 14/2020 dated 8th April, 2020, no. 17/2020 dated 13th April, 2020 and no. 20/2020 dated 5th May, 2020 issued by the Ministry of Corporate Affairs (“MCA circulars”) read with circular no. SEBI/HO/CFD/CMD2/CIR/P/2022/62 dated 13th May, 2022 issued by the Securities and Exchange Board of India (“SEBI”), the 25th Annual general meeting (“AGM”) of the members of the Company will be held through video conferencing (VC). The Company has availed the services of National Securities Depository Limited (“NSDL”) for the VC and E-voting arrangements. The detailed procedure for participating in the meeting through VC is annexed herewith (Serial No. 18).
3. In compliance with the MCA Circulars and SEBI Circular no. SEBI/HO/CFD/CMD2/CIR/P/2022/62 dated 13th May, 2022 issued by the Securities and Exchange Board of India (“SEBI circular”), the Notice of AGM and Annual Report are being sent in electronic mode to Members whose e-mail address is registered with the Company or the Depository Participant(s). The Notice of AGM along with Annual Report for the financial year 2021-22, is available on the website of the Company at www.fazethreeautofab.com, on the website of Stock Exchange i.e. BSE Limited at www.bseindia.com, and on the website of NSDL at www.evoting.nsdl.com

4. Since the AGM is being conducted through Video Conferencing, there is no provision for the appointment of proxies and hence proxy form and attendance slip are not included in this notice. The members will have to make themselves available at the scheduled time if they wish to attend the meeting.
5. Members will be eligible to participate on a first come first serve basis, as participation through VC is limited and will be closed on expiry of 15 minutes from the scheduled time of the AGM. Members can login and join 15 (fifteen) minutes prior to the scheduled time of the meeting and the window for joining shall be kept open till the expiry of 15 (fifteen) minutes after the scheduled time.
6. Members who wish to raise queries/questions may write an email with their queries / questions in advance mentioning their Name, DP ID & Client ID/ Folio number and Mobile number at cs@fazethreeautofab.com. The same will be addressed to and answered by the Company representative at the AGM. Queries received by the Company till 5.00 p.m. on Thursday, September 15, 2022 shall only be considered and responded suitably.
7. The Register of Members and Share transfer books of the Company will remain closed from Wednesday, September 14, 2022 to Tuesday, September 20, 2022, both days inclusive.
8. Shareholders holding shares in identical order of names in more than one folio, are requested to write to the Company or to the office of the Registrar & Share Transfer Agent, M/s. Link Intime India Private Limited, C 101, 247 Park, LBS Marg, Vikhroli West, Mumbai - 400 083 (RTA) enclosing their share certificate(s) to enable the Company to consolidate shareholder's holdings in one single folio.
9. Members holding shares in physical form are requested to notify immediately any change in their address/ mandate/bank details to the Company or to the office of the RTA, quoting the folio number. The Members updation form is available on the website of the Company.
10. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Companies Act, 2013, the Register of Contracts or arrangements in which the Directors are interested under Section 189 of the Companies Act, 2013 and all other documents referred to in the Notice will be available for inspection in electronic mode. Members can inspect the same by sending an email to cs@fazethreeautofab.com.
11. Pursuant to Section 108 of the Companies Act, 2013, Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended and Regulation 44 of Listing Regulations, the Company is pleased to provide the facility to the Members to exercise their right to vote on the resolutions proposed to be passed at the AGM by electronic means. The Members, whose names appear in the Register of Members/list of Beneficial Owners as on **Tuesday, September 13, 2022**, being the cut-off date, are entitled to vote on the Resolutions set forth in this Notice. Members may cast their votes on electronic voting system from any place other than the venue of the meeting (remote e-voting). The remote e-voting period will commence on **Friday, September 16, 2022 at 9.00 a.m. (IST)** and will end on **Monday, September 19, 2022 at 5.00 p.m. (IST)**.
12. Institutional shareholders (i.e. other than individuals, HUF, NRI etc.) are required to send scanned copy (PDF/JPG Format) of the relevant Board Resolution/ Authority letter etc. with attested specimen signature of the duly authorized signatory(ies) who are authorized to vote, to the Scrutinizer by e-mail to ankitdparekh@adparekh.com with a copy marked to evoting@nsdl.co.in. Institutional shareholders (i.e. other than individuals, HUF, NRI etc.) can also upload their Board Resolution / Power of Attorney / Authority Letter etc. by clicking on "Upload Board Resolution/ Authority Letter" displayed under "e- voting" tab in their login.
13. Members who are present in the meeting through a video conferencing facility and have not cast their vote on resolutions through remote e-voting, shall be allowed to vote through the e-voting system during the meeting.
14. The attendance of the Members attending the AGM through VC will be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.
15. The Board of Directors has appointed A.D. Parekh & Associates, Practicing Company Secretary (Membership No. 31990, CP No. 24267), as the Scrutinizer for scrutinizing the voting process for the AGM in a fair and transparent manner and he

has communicated his willingness to be appointed for the said purpose.

16. The Scrutinizer shall after the conclusion of e-Voting at the 25th AGM, download the votes cast at the AGM and unblock the votes cast through remote e-voting and shall make a consolidated scrutinizer's report of the total votes cast in favour or against, invalid votes, if any, and whether the resolution has been carried or not, and such Report shall then be sent to the Chairman or a person authorized by him, within 48 (forty eight) hours from the conclusion of the 25th AGM, who shall then countersign and declare the result of the voting forthwith. Results of the voting will be declared by placing the same along with the Scrutinizer's report on the Company's website at www.fazethreeautofab.com and on the website of NSDL at www.evoting.nsdl.com and will also be communicated to BSE Limited at www.bseindia.com.
17. Since the AGM will be held through Video Conferencing, route map of venue of the AGM and admission slip is not attached to this Notice.
18. **THE INSTRUCTIONS FOR MEMBERS FOR REMOTE E-VOTING AND JOINING GENERAL MEETING ARE AS UNDER: -**

The remote e-voting period begins on **Friday, September 16, 2022 at 9.00 a.m. (IST)** and will end on **Monday, September 19, 2022 at 5.00 p.m. (IST)**. The remote e-voting module shall be disabled by NSDL for voting thereafter. The Members, whose names appear in the Register of Members / Beneficial Owners as on the record date (cut-off date) i.e. **Tuesday, September 13, 2022**, may cast their vote electronically. The voting right of shareholders shall be in proportion to their share in the paid-up equity share capital of the Company as on the cut-off date, being **Tuesday, September 13, 2022**.

**Explanatory Statement
(Pursuant to Section 102 of the Companies Act, 2013)**

The following Statement sets out material facts relating to the business under Item No. 3 to 4 of the Notice.

Item No. 3

In accordance with Section 139 of the Companies Act, 2013, read with the Companies (Audit and Auditors) Rules, 2014, M/s. Thakur Vaidyanath Aiyar & Co., Chartered Accountants, Mumbai, (Firm Registration No. 000038N) ("M/s. TVA"), Statutory Auditors of the Company shall retire at the conclusion of the 25th Annual General Meeting ("AGM") of the Company. The Board of Directors of the Company at their meeting held on May 25, 2022, on the recommendation of the Audit Committee, have recommended the re-appointment of M/s. TVA as the Statutory Auditors of the Company, by the members at the 25th AGM of the Company for a term of five consecutive years from the conclusion of 25th AGM till the conclusion of 30th AGM of the Company to be held in the year 2027, at an annual remuneration of Rs. 4.50 Lakhs for the year ending March 31, 2023, plus out of pocket expenses and applicable taxes. The remuneration for the subsequent year(s) of their term shall be determined based on the recommendation of the Audit Committee and as mutually agreed between the Board of Directors of the Company and the Statutory Auditors. There is no material change in the remuneration paid to M/s. TVA, the Statutory Auditors, for the statutory audit conducted for the year ended March 31, 2022 and the remuneration proposed to be paid to M/s. TVA for the year ending March 31, 2023. After evaluating the proposal and considering various factors such as independence, industry experience, technical skills, geographical presence, audit team, audit quality reports, etc., M/s. TVA has been recommended to be appointed as the Statutory Auditors of the Company.

M/s. TVA, is a firm of Chartered Accountants registered with the Institute of Chartered Accountants of India. M/s. TVA is a professional services Firm, with the principal office based out of Mumbai and works with clients of all sizes to deliver integrated services for every industry. The Firm possesses high level service capacity to address the full spectrum of the client's business needs. M/s. TVA is a member of PRIME GLOBAL USA, a global association of independent Accounting Firms who have come together to provide worldwide solutions for clients' business.

Pursuant to Section 139 of the Companies Act, 2013 and the rules framed thereunder, the Company has received written consent from M/s. TVA and a certificate that they satisfy the criteria provided under Section 141 of the Companies Act, 2013 and that the re-appointment, if made, shall be in accordance with the applicable provisions of the Act and rules framed there under. As required under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), M/s. TVA, has confirmed that they hold a valid certificate issued by the Peer Review Board of ICAI.

The Board of Directors of the Company recommends passing of the resolution set out in Item No. 3 of the notice as an Ordinary Resolution.

None of the Directors or Key Managerial Personnel of the Company or their relatives are concerned or interested, financially or otherwise in passing of the resolution set out at Item No. 3 of this Notice.

Item No. 4 – Approval of Material Related Party Transactions

In accordance with Regulation 23 of the SEBI Listing Regulations, all Related Party Transactions require prior approval of the Audit Committee and all material Related Party Transactions require approval of the shareholders through Ordinary Resolution. A transaction with a related party shall be considered material if the transaction(s) entered into/to be entered into individually or taken together with previous transactions during a financial year exceeds ten percent of the annual consolidated turnover of the Company as per the last audited financial statements of the Company or Rupees one thousand crores, whichever is less. Section 188 of the Companies Act, 2013 deals with Related party Transactions and Subsection (1) of Section 188 of the Companies Act, 2013 provides that nothing in this sub section shall apply to any transactions entered into by the Company with Related party, which are in its ordinary course of business, other than transactions which are not at arm's length basis. In Faze Three Autofab Ltd., all the related party transactions are in the ordinary course of business and at arm's length basis. However,

keeping in view of the Regulation 23 of the SEBI Listing Regulations and the Companies Act, 2013, the Audit Committee and the Board of Directors of the Company have approved in their respective meetings held on February 14, 2022 and recommended for seeking the approval of the shareholders for the financial year 2022-23 and onwards for the transaction(s) as detailed below:

Statement Pursuant to Section 134 (3) of the Companies Act, 2013 read with Rule 8(3) of Chapter IX of Companies (Accounts) Rules, 2014.

A. Conservation of energy-

i. Steps Taken for Conservation of Energy;

The Company is moving towards alternate source of energy and adapting processes and machines which are more sustainable and reduce energy use. The Company continuously looks after the areas where energy consumption can be minimised and alternative sources of energy can be availed. Your Company has undertaken a number of steps for conservation of energy. Some of which are highlighted as under:

- a) Upgradation of old Machinery with new latest Machinery improving overall equipment efficiency,
- b) Installation of LED lightings across all factories consuming less energy,
- c) Regulated compressed air supply in factories,
- d) Introduction of separate regulated air line for machines which has zero % leakage,
- e) Installation of rooftop solar project for generation of renewable energy,
- f) Installation of new energy saving equipment and appliances across the factory,
- g) Installation of energy efficient motors.
- h) General awareness to keep energy devices switched off when not required and use daylight as far as possible

ii. Steps taken by the company for utilizing alternate sources of energy;

Energy conservation is not about making limited resources last as long as they can, that would mean that you are doing nothing more than prolonging a crisis until you finally run out of energy resources altogether. Conservation is the process of reducing demand on a limited supply and enabling that supply to begin to rebuild itself. Many times, the best way of doing this is to replace the energy used with an alternate source.

The Company plans to gradually increase the alternate source of energy in the coming years. The Company has also converted our unused rooftop real estate into a clean-energy generating asset by installing the rooftop solar at our unit, this 110 KW solar plant that will help us in reducing our carbon footprint and being more sustainable. Our solar plant is expected to generate 1,50,000 units annually - saving 106 Metric Tons in CO2 Emissions per annum. This is equivalent to planting 1,754 trees every year.

iii. The capital investment on energy conservation equipments;

- The Company has made capital investment on installation of Solar Panels for energy conservation.
- The Company has also taken various steps to conserve energy such as Installation of Low kWh LED lights

across the unit.

- The Company has invested and installed a 110-kWh solar power plant at its unit in Dadra, further contributing towards the growth of clean energy.
- Since manufacturing is one of the most energy demanding industrial sector, Company has installed all new machines which are drive based thereby saving energy.

iv. Research & Development

a) Specific area in which R & D is carried out by the Company

- Introduction of new products and improvisation in the processes of existing products.
- Making new designs acceptable to international customers.
- Dedicated designing team for customized solution to clients.

b) Future Plan of Action

- Development of products for indigenous market.
- Substitute development of new designs for export of high value products, which are currently imported.
- Developing new product range to have edge over others with high standards of quality and unique design to compete with other indigenous manufacturers to improve the export turnover base.

B. Technology Absorption and Innovation

a) **the efforts made towards technology absorption;**

- Replacement of lighting systems with LED lights
- Switching to low energy higher illumination light sources for general lighting
- Older machineries are replaced with machines with AC drive system for reduction in power consumption.

b) **the benefits derived like product improvement, cost reduction, product development or import substitution;**

- Product range extension,
- Improvement of quality and yield,
- Cost reduction leading to competitiveness,
- Development of various designs as well as new products, with high standards in international market,

- Reduction in cost and time cycle, better effluent management and utilizing only indigenous products for offering finished products in domestic and international market.

Your Company being in the manufacturing sector has been instrumental in introducing and implementing new technology in the manufacturing processes with installation of high speed and energy efficient machines, which include domestic as well imported. The Research & Development along-with Technology Absorption has been an ongoing and continuous exercise in your company. We constantly look for process improvisation at manufacturing level to reduce energy consumption, minimise waste generation and to produce cost effective products in line with environmental policies.

REPORT ON CORPORATE GOVERNANCE

1. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Keeping with the commitment to the Management, the principle of integrity and transparency in business operations for good corporate governance, we aim at holding a balance between economic and social goals on one hand and individual & collective goals on other. The aim is to best align the interests of individual, Company and society at large. The Company's policy is to have an appropriate blend of independent and non-independent directors to maintain the independence of the Board and to separate the Board functions of governance from Management of the Company.

The Board plays a pivotal role in ensuring good governance and acts in a democratic manner. The Board members have complete freedom to express their opinion and decisions are taken on the basis of consensus arrived after due deliberation.

2. BOARD OF DIRECTORS**a) Composition and category of directors:**

FAZE THREE Autofab Limited's Board represents an appropriate mix of executive and non-executive directors which is in conformity with Section 149 of the Companies Act, 2013 (hereinafter referred to as "the Act") and Regulation 17 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as "SEBI Listing Regulations").

As on March 31, 2022, the Company's Board of Directors comprises of six members, out of whom one is Managing Director and one is Whole time Director & CFO and rest four are Non-Executive Directors (NEDs). MANAGEMENT DISCUSSION AND ANALYSIS REPORT**Global Economy and Outlook**

The global economy recovered well in Calendar Year (CY) 2021 thanks to the fiscal and monetary stimulus provided globally. However, CY 2022 start has been weaker than previously expected owing to Inflation led by rising food and energy prices and peculiar supply disruptions Global growth is expected to moderate from 5.9 in 2021 to sub 4% percent in 2022

The Russian invasion of Ukraine is anticipated to have a significant impact on the post-pandemic global economic recovery. The uncertainty on the evolution of both growth and inflation in the past three to four quarters has increased considerably. The prolonged war and its repercussions brought to light the adverse impact of monetary policy tightening that once began in several countries, especially on the growth front.

Indian Economy and Outlook

India recorded the strongest GDP rebound in the G20 in 2021, the economy is progressively losing momentum as inflationary expectations remain elevated due to rising global energy and food prices, monetary policy changes and global conditions deteriorate. Real GDP is projected to grow around 6-7% in fiscal year (FY) 2022-23 and around 6% thereafter

To provide an impetus to manufacturing in India and boost exports from the country, Government announced Production-Linked Incentive (PLI) scheme in ten key sectors (in addition to the three sectors approved earlier) for five years. The scheme will also have beneficial spillover effects by creating a wide supplier base for the anchor units established under the scheme.

India is likely to reap the benefits of improved vaccination coverage in FY2023 in the form of higher consumer confidence, improved labour supply and normalisation of supply chains. Government revenues are likely to improve based on economic recovery and tax efficiency gains. Government is also focusing on developing modern infrastructure, the proposed plan is driven by seven engines viz. roads, railways, airports, ports, mass transport, waterways, and logistics infrastructure for economic transformation, seamless multimodal connectivity and logistics efficiency. The government is also working on digital infrastructure such as RBI digital rupee, digital banking and payment systems, digitisation of land and health records, e-passport, etc.,

INDUSTRY STRUCTURE AND DEVELOPMENTS

Automobile is the lifeline of present society. Trade, Industry and Commercial activity are extremely dependent on this sector. Therefore, it is no exception that tremendous growth and development is taking place in this sector. This automotive sector consumes a lot of textile materials that may be visible or concealed in automobile. The global consumption of textiles used in automobile industry is estimated to be over 4.5 lakh tonnes. The percentage of textile material used in motor car amounts to 2.2% of the overall weight of the car.

India's textiles sector is one of the oldest industries in the Indian economy, dating back to several centuries. India's strengths have already been defined in traditional textiles and natural fibres globally. It is the second largest producer of polyester in the world and is now emerging as a key player in the technical textiles industry contributing to a market size of \$ 19 Bn. Technical textiles is a fast-growing sub-segment that finds its usage in an array of sectors. The end use application of technical textiles is widespread and seen in industries such as agriculture, automotive, construction, sports apparel, healthcare etc.

Technical textiles provide new opportunity to the Indian textile industry to have long term sustainable future and as a segment is directly proportional to the stage of industrialization and economic growth of any country. Developing countries undergoing large scale industrialization fuel the demand for technical textile products. India's leap

towards modernization and its manufacturing competitiveness are some of the key contributors to the growth of this segment. India has the advantage of having a strong raw material (fiber) base – of cotton, man-made fiber, silk, wool and jute. Moreover, India possesses excellence in the entire value chain extending from fiber to fabric to garments.

The Indian market also witnessed an impact due to shortage of semiconductors, non-availability of essential commodities, steep increase of inputs costs etc. The Indian market in many ways is also influenced by Government policies and regulations notified from time to time. Favorable government policies and improved incentives will provide support and impetus to the industrial growth. Other enabling factors in the growth of the industry include domestic market demand, FDI, JVs, and competitive strategies by the corporations.

The underlying demand for Passenger Vehicles appears robust, partly helped by the increased need for personal mobility due to the covid-19 pandemic. However, the effect of sharp rise in fuel prices may have dampening effect on the demand of passenger vehicles in 2022-23. As the supply situation of electronic components continues to be unpredictable, it might have some impact on the production volume in FY 2022-23 as well. Demand is growing but the costs of transition to Electric Vehicle (EV) are significant. These changes are giving rise to intense competition that is undermining existing brand strategies and have given huge new opportunities for both existing Original Equipment Manufacturer (OEM) and new brands alike. Despite these head winds, there is a huge opportunity in EVs that most of the OEMs are seizing strongly.

OPPORTUNITIES AND THREATS/CHALLENGES

Opportunities

Innovation is an outcome of Capital, Knowledge and Skill (CKS) and unless the grades of CKS are really high the question of Innovation will never arise and unless Innovation is possible, the Eco System is as good as dud apparatus. To manage assembling and manufacturing low grade products, an eco-system that is technical textile specific is not required, as a matter of fact if the industry fails to go above the business of importing and converting, the question of an Eco System forming in India does not arise at all.

The Company operates in the Automotive Technical Textile Sector and its performance is directly linked to the performance of the automotive sector. In FY 2021-22, the government approved the 'Production linked incentive'(PLI) scheme for automobile and auto component industry. The focus of PLI scheme is on emerging industry capabilities as it aims to push forward India's transition to clean energy along with accelerating the country's share in the global automotive trade. The PLI scheme will incentivize cost efficient manufacturing of high value advanced automotive technology vehicles. According to recently released reports by credit rating agency ICRA, the PLI scheme will not only boost localization, but also accelerate investments towards developing a local EV eco system and has the potential to make India an export hub in the global auto supply chain. A high degree of uncertainty surrounds these projections, with many possible downside and upside risks.

Threats / Challenges

Uncertainty is always a part of the business environment and the emergence of new Covid variant is not the only threat that have emerged in the recent months but also the Inflation has continued to rise in the second half of 2021.

The Government is eager to assist inflation management in order to keep monetary tightening to a minimum, as a sudden increase in interest rates might derail the economic recovery. The main raw materials for the company are Polyester yarn, PU Form and Dyes. Further Purified Terephthalic Acid refers to an organic compound that is produced on a commercial scale by the oxidation of paraxylene in the air and most of the PTA is used in the manufacture of polyester resins, which include polyester fiber, polyester yarn and films. These products are procured from the local market however their prices are benchmarked against the Crude Prices.

The per capita consumption of technical textiles in India is 1.7 per kg vis-a-vis 10-12 kg in developed countries. Globally, the technical textiles contribute to about 27 percent of textile industry, in some of the western countries its share is even 50 percent while in India it is a meagre 11 percent. However, rising awareness regarding the benefits of technical textile is projected to propel its demand across various end-use industries.

A recent study revealed that the Global Purified Terephthalic Acid was worth USD 54. Billion in 2021 and is projected to reach USD 78.1 Billion by the year 2028, growing at a CGAR OF 5.6% over the analysis period of 2022-2028. The expansion in the purified terephthalic acid market is primarily attributed to the increment in demand for purified terephthalic acid (PTA) in packaging as well as textile industries coupled with the ongoing trend towards urbanization and industrialization. Moreover, the improved lifestyle of consumers in the Asia-Pacific is also a significant factor driving the growth of the global terephthalic acid market during the forecast period 2022-2028.

SEGMENT WISE/ PRODUCT WISE PERFORMANCE

The Company is currently operating primarily under single business segment of manufacturing of technical textiles for Automotives.

COMPANY OVERVIEW AND OUTLOOK

The Company caters to Original Equipment Manufacturers (OEMs) and are largely concentrated in the domestic market. The Company derives more than 90% of its revenue from the domestic market. The Company currently estimates a market share of over 40%-45% in the automotive fabrics business in India and aims to increase its market share with existing OEMs. The company has grown its Export business during the last few years and is actively looking to grow it further.

Company has an in-house research and development department to develop new designs as per the market trends. Further, Company works closely with its existing customers for development of latest designs and regular upgradation of technologies and know-how of its product enable it to continuously evolve technologically and remain competitive. The Long-term presence in the industry and its consistent performance in the terms of reliable & innovation, helps the company in getting regular orders as a preferred supplier. The Company believes that it will continue to benefit from its long presence in the automotive fabric industry and established relations with OEMs over the medium term.

The Company has continuously evolved in development planning and execution strategy to align with specific product needs and standardization of processes. There is constant interaction taking place with OEMs to showcase innovative capabilities which are in sync with the themes / vision of the OEM's for the future launches. The other set of factors that drive all new developments towards FTAL is QDS (Quality, Delivery & Service). Quality levels were drastically improved and 100% compliance to delivery schedules followed with all OEMs. Since all OEMs are Just in Time customers, the inventory flow management is key to gain QDS points.

RISKS AND CONCERNS

The Company is exposed to external and internal risks associated with the business. The operations of the Company are directly dependent on the growth of the Indian automotive industry.

The company's business may be impacted by introduction of new policies or changes in existing policies. The company's management team keeps a close eye on policy regulations and formulates company plans appropriately.

The company's raw material prices are influenced directly by global crude oil and INR depreciation, therefore ongoing geopolitical crises poses material risks.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The company has a proper and adequate system of internal controls to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposition and that all transactions are properly authorized, recorded and reported correctly. Further, the internal control system is designed to ensure that all the financial and other records are reliable for preparing financial statements and for maintaining accountability of the assets.

Further, the adequacy of Internal Control Systems has also been mentioned in the Auditors' Report.

Independent Auditor's Report

To the Members of
FAZE THREE AUTOFAB LIMITED

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of **FAZE THREE AUTOFAB LIMITED** ('the Company'), which comprise the balance sheet as at 31st March, 2022, and the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the cash flow statement for the year then ended, and notes to the Ind AS financial statements, including a summary of the significant accounting policies and other explanatory information (herein after referred to as 'Ind AS financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2022, its Profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Ind AS financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current year. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is no material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Ind AS Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS financial statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditors' Report) Order, 2020 ('the Order') issued by the Central Government in terms of Section 143 (11) of the Act, we give in the 'Annexure A' a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

(v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits or amounts which are deemed to be deposits, to which directives issued by Reserve Bank of India and the provision of Sections 73 to 76, or any other relevant provisions of the Companies Act and rules made there under, are applicable According to the information. and explanations given to us, no order has been passed by the Company

Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal. Accordingly, reporting under clause 3(v) of the Order is not applicable.

(vi) The requirement of maintenance of cost record under section 148(1) of the Companies Act 2013 is not applicable to the Company for the year.

(vii) (a) According to information and explanations given to us and on the basis of our examination of the books of account and records, the Company has been generally regular in depositing undisputed statutory dues including Provident Fund, Employees, State Insurance, Income-Tax, Sales tax, Service Tax, Goods and Service Tax (GST), Duty of Customs, Duty of Excise, Value added Tax, Cess and any other material statutory dues with the appropriate authorities, wherever applicable. According to the information and explanations given to us, no undisputed amounts payable in respect of the above were in arrears as at March 31, 2022 for a period of more than six months from the date on when they become payable.

(b) According to the information and explanations given to us and on the basis of the books and records examined by us, there are no statutory dues referred to in sub-clause (a) above, which have not been deposited on account of disputes as on March 31, 2022.

(viii) According to the information and explanations given to us, the Company did not have any transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

(ix)(a) According to the records of the Company examined by us and the information and explanations given to us, the Company has not defaulted in repayment of loans or borrowings to a financial institution, bank, Government or dues to debenture holders.

(b) According to the information and explanations given to us and on the basis of our audit procedures, the Company is not declared wilful defaulter by any bank or financial institution or other lender.

(c) According to the information and explanations given to us and on the basis of the books and records examined by us, the loans taken during the year have been applied for the purposes for which those were obtained.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that funds raised on short-term basis have not been utilised for long-term purposes.

(e) & (f) Company does not have any subsidiaries or associate companies. Accordingly, the provisions of clause 3(ix) (e) & (f) of the Order are not applicable to the Company and hence not commented upon.

(x)(a) According to the information and explanations given to us and on the basis of the books and records examined by us, the Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, reporting under clause 3 (x) (a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of the books and records examined by us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, reporting under clause 3(x) (b) of the Order is not applicable.

(xi)(a) On the basis of books and records of the Company examined by us and according to the information and explanations given to us, we report that no material fraud by the Company or any fraud on the Company has been noticed or reported during the year in the course of our audit.

(b) According to the information and explanations given to us, no report under section 143(12) of the Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c) As represented to us by the management, the Company has not received any whistle-blower complaint during the year and up to the date of this report.

(xii) The Company is not a Nidhi Company. Accordingly, reporting under clause 3(xii) of the Order is not applicable.

(xiii) According to the information and explanations given to us and on the basis of records of the Company examined by us, transactions with the related parties are in compliance with Sections 177 and 188 of the Act, where applicable, and the details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) According to the information and explanations given to us, in our opinion the Company has an adequate internal audit system commensurate with the size and nature of its business.

(b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.

(xv) According to the information and explanations given to us and on the basis of the books and records examined by us, the Company has not entered into non-cash transactions with directors or persons connected to its directors to which provision of section 192 of Companies Act are applicable. Accordingly, reporting under clause 3(xv) of the Order is not applicable.

(xvi)(a) As per the information and explanations given to us and on basis of books and records examined by us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934; the Company has not conducted any Non-banking Financial or Housing Finance activities during the year; the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India and company is not part of any group that has CIC as a part of the group. Accordingly, reporting under clauses 3(xvi)(a), 3(xvi)(b), 3(xvi)(c) and 3(xvi)(d) of the Order are not applicable to the Company.

(xvii) Based upon the audit procedures performed and the information and explanations given by the management, the Company has not incurred cash losses in the financial year and in the immediately preceding financial year. Accordingly, reporting under clause 3 (xvii) of the Order are not applicable to the Company.

(xviii) There has been no resignation by the statutory auditors of the Company during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix.) On the basis of financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and more particularly, our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) As per the information and explanations given to us and on basis of books and records examined by us, we report that the Company has no unspent amount for ongoing projects and other than for ongoing projects, which is required to be transferred to a Fund specified in Schedule VII to the Companies Act in compliance with second

proviso to sub-section (5) of section 135 of the said Act; and provision of subsection (6) of section 135 under clause (xx) of the Order is not applicable to the Company for the year.

(xxi) Since the company does not have any subsidiary, joint venture or associate accordingly reporting under clause 3(xxi) of the Order is not applicable to the Company for the year.

Annexure B to the Independent Auditor's Report of even date on the Ind AS Financial Statements FAZE THREE AUTOFAB LIMITED for the year ended 31st March 2022

Report on the Internal Financial Controls over financial reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").

We have audited the internal financial controls over financial reporting of **FAZE THREE AUTOFAB LIMITED** ("the Company") as of 31st March, 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide

reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes forming part of the Financial Statements for the year ended March 31 2022:**1. General Information**

Faze Three Autofab Limited (the "Company") is a public company domiciled in India and was incorporated on October 03, 1997 under the provisions of the Companies Act, 1956 applicable in India. The Company's equity shares are listed on the Bombay Stock Exchange. Its registered and principal office of business is located at Dadra & Nagar Haveli. The Company is primarily engaged in the manufacturing of Automotive fabrics and is nominated supplier to all the major O.E.M.'s in India viz. Hyundai, Ford, Maruti Suzuki, Honda, Mahindra, Toyota, Renault, Tata, Nissan, Skoda etc.

2. Significant accounting policies

Significant accounting policies adopted by the company are as under:

2.1 Basis of Preparation of Financial Statements**a) Statement of Compliance with Ind AS**

These financial statements of Faze Three Autofab Limited ("the Company") have been prepared in accordance with Ind AS notified under Section 133 of the Companies Act, 2013 (the 'Act') read with Rule 3 of Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III) and other relevant provisions of the Act.

The financial statements are approved by the Company's Board of Directors and authorised for issue on May 25, 2022.

These financial statements are presented in Indian National Rupee ('INR') and all values rounded to the nearest crores, except otherwise indicated.

Accounting policies have been consistently applied to all the years presented except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

b) Use of estimates

The preparation of financial statements in conformity with Ind AS requires the Management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year and disclosures of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and future years affected.

2.2 Property, plant and equipment

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component

accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the year in which they are incurred.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

Depreciation methods, estimated useful lives

The Company depreciates property, plant and equipment over their estimated useful lives using the straight line method. The estimated useful lives of assets are as follows:

Property, plant and equipment	Useful life in years
Factory Building	30 years
Plant & Machinery	15 years
Laboratory Equipments	10 years
Furniture and Fixtures	10 years
Office Equipment	10 years
Electrical Installations	10 years
Fire Hydrant Systems	15 years
Vehicles	8 years
Computers:	
-Servers	5 years
-End user devices such as, desktops, laptops etc.	3 years

Depreciation on addition to property plant and equipment is provided on pro-rata basis from the date of acquisition. Depreciation on sale/deduction from property plant and equipment is provided up to the date preceding the date of sale, deduction as the case may be. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Statement of Profit and Loss under 'Other Income'.

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, as appropriate.

2.3 Other Intangible Assets

Intangible assets are stated at acquisition cost, net of accumulated amortization.

The Company amortized intangible assets over their estimated useful lives using the straight-line method. The estimated useful lives of intangible assets are as follows:

Intangible assets	Useful Life
Software	3 years

Intangible assets with finite lives are assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at each financial year end.

2.4 Foreign Currency Transactions

Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian National Rupee (INR), which is the Company's functional and presentation currency.

Transactions and balances

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction. Gains/Losses arising out of fluctuation in foreign exchange rate between the transaction date and settlement date are recognised as income or expense in the period in which they arise in the Statement of Profit and Loss.

All monetary assets and liabilities in foreign currencies are restated at the year end at the exchange rate prevailing at the year end and the exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

2.5 Revenue Recognition

Sale of goods:

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns and allowances, trade discounts and volume rebates, value added taxes, goods and service tax (GST) and amounts collected on behalf of third parties.

Rendering of Services:

Revenue is recognised when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met as described below.

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of indirect taxes, trade allowances, rebates and amounts collected on behalf of third parties and is not recognised in instances where there is uncertainty with regard to ultimate collection. In such cases revenue is recognised on reasonable certainty of collection.

Interest Income:

Interest income is recognized on a time proportion basis taking into account outstanding and the applicable interest rate. Interest income is included under the head "other income" in the Statement of Profit and Loss.

Export Incentives

Export Incentive from the government is recognised when there is a reasonable assurance that (i) the company will comply with the conditions attached to them and (ii) the incentive will be received.

When the incentive relates to revenue, it is recognised as income on a systematic basis in the statement of profit or loss over the periods necessary to match them with the related income, which they relate to.

2.6 Taxes

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year.

(A) Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the year-end date. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

(B) Deferred tax

Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in financial statements. Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current and deferred tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(C) Minimum Alternate Tax (MAT)

Minimum Alternate Tax ('MAT') credit entitlement is recognized as a deferred tax asset if it is probable that MAT credit will reverse in the foreseeable future and taxable profit will be available against which the deferred tax asset can be utilised.

2.7 Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

Raw materials, packaging materials and stores and spare parts are valued at lower of cost and net realizable value. Cost includes purchase price, (excluding those subsequently recoverable by the enterprise from the concerned revenue authorities), freight inwards and other expenditure incurred in bringing such inventories to their present location and condition. In determining the cost, weighted average cost method is used.

Work in progress, manufactured finished goods and traded goods are valued at the lower of cost and net realisable value. Cost of work in progress and manufactured finished goods is determined on the weighted average basis and comprises direct material, cost of conversion and other costs incurred in bringing these inventories to their present location and condition. Cost of traded goods is determined on a weighted average basis.

Provision of obsolescence on inventories is considered on the basis of management's estimate based on demand and market of the inventories.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated cost of completion and the estimated costs necessary to make the sale.

The comparison of cost and net realizable value is made on item by item basis.

2.8 Trade Receivables

Trade Receivables are amounts due from customers for sale of goods or services performed in the ordinary course of business. Trade Receivables are recognised initially at fair value. They are subsequently measured at amortised cost using the effective interest method, net of provision for impairment. The carrying value less impairment provision of trade receivables, are assumed to be approximate to their fair values.

2.9 Impairment of non-financial assets

The Company assesses at each year end whether there is any objective evidence that a non-financial asset or a group of non-financial assets is impaired. If any such indication exists, the Company estimates the asset's recoverable amount and the amount of impairment loss.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in Statement of Profit and Loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through Statement of Profit and Loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

2.10 Provisions and contingent liabilities

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

The Company records a provision for decommissioning costs. Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognized as part of the cost of the particular asset. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the decommissioning liability. The unwinding of the discount is expensed as incurred and recognized in the Statement of Profit and Loss as a finance cost. The estimated future costs of decommissioning are reviewed annually and adjusted as appropriate. Changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

2.11 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks, cash on hand and demand deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, cash in banks and demand deposits.

2.12 Employee Benefits

(A) Short-term employee benefits

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the year in which the employees render the related service are recognized in respect of employees' services up to the end of the year and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(B) Post-employment benefits

(i) Defined contribution plan

Provident Fund: Contribution towards provident fund is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

(ii) Defined benefit plans

Gratuity: The Company provides for gratuity, a defined benefit plan (the 'Gratuity Plan') covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary. The Company's liability is

actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the other comprehensive income in the year in which they arise.

2.13 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit or loss for the year. The number of equity shares outstanding during the year and for all the years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

2.14 Rounding off amounts

All amounts disclosed in financial statements and notes have been rounded off to the nearest crores as per requirement of Schedule III of the Act, unless otherwise stated. Amounts represented by '0' (zero) construes value less than Rupees fifty thousand.

2.15 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM)(Managing Director) of the Company. The Managing Director is responsible for allocating resources and assessing performance of the operating segments of the company.

During the period, entity was engaged in the business of automotive fabrics, which is the only operating segment as per Ind AS 108.

2.16 Recent Accounting Developments

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from 1st January 2022. MCA issued notifications dated 24th March, 2021 to amend Schedule III to the Companies Act, 2013 to enhance the disclosures required to be made by the Company in its financial statements. These amendments are applicable to the Company for the financial year starting 1st January 2022.

31 Earnings per share

Basic earnings per share amounts are calculated by dividing the profit for the year attributable to equity holders by the number of equity shares outstanding during the year.

Diluted earnings per share amounts are calculated by dividing the profit/loss attributable to equity holders by the number of equity shares outstanding during the year plus the number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

32 Employee benefits

(A) Defined Contribution Plans	March 31, 2022	March 31, 2021
During the year, the Company has recognized the following amounts in the Statement of Profit and Loss		
Employers' Contribution to Provident Fund (Refer note 26)	0.39	0.29

(B) Defined benefit plans

The Company provides for gratuity for employees as per the Payment of Gratuity Act, 1972. The amount of gratuity shall be payable to an employee on the termination of employment after rendering continuous service for not less than five years, or on their superannuation or resignation. However, in case of death of an employee, the minimum period of five years shall not be required. The amount of gratuity payable on retirement / termination is the employee's last drawn basic salary per month computed proportionately for 15 days salary multiplied by the number of years of service completed. The gratuity plan is a funded plan administered by a separate fund that is legally separated from the entity. The Company does not fully fund the liability and maintains the funding from time to time based on estimations of expected gratuity payments.

These plans typically expose the Company to the following actuarial risks:

Investment risk - The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Interest risk - A fall in the discount rate, which is linked, to the G-Sec rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Salary risk - The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Asset Liability matching risk - The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.

Mortality risk - Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

Concentration risk - Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out at March 31, 2022 by M/S K. A. Pandit Consultants & Actuaries. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

(D) Terms and conditions of transactions with related parties

The transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. There have been no guarantees provided or received for any related party receivables or payables. For the year ended March 31, 2022, the Company has not recorded any impairment of receivables relating to amounts owed by related parties. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

34 Segment reporting

The Company has only one segment of activity namely "Automotive Fabrics" and as such there is no separate reportable segment as per Ind AS 108 Operating Segments.

35 Fair values measurement

The fair value of other current financial assets, cash and cash equivalents, trade receivables, investments trade payables, short-term borrowings and other financial liabilities approximate the carrying amounts because of the short term nature of these financial instruments.

Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

No financial assets/liabilities have been valued using level 1 fair value measurements.

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

Fair value measurement hierarchy of assets

	March 31, 2022	March 31, 2021
Level 3:		
Financial assets measured at amortized cost		
Trade receivables (Refer note 6)	47.63	48.01
Security deposits (Refer note 4)	0.79	0.82
Other current assets	5.36	2.61
The carrying amount of assets measured at amortised rate mentioned above is considered to approximate their fair values. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs.		
Financial liability measured at amortized cost		
Borrowings	48.99	41.88
Trade payables	9.67	15.66
Interest accrued but not due on loan	0.29	0.25
Other current liabilities	2.61	3.47
The carrying amount of liabilities measured at amortised rate mentioned above is considered to approximate their fair values. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs.

36 Financial risk management objectives and policies

The Company is exposed to various financial risks. These risks are categorized into market risk, credit risk and liquidity risk. The Company's risk management is coordinated by the Board of Directors and focuses on securing long term and short term cash flows. The Company does not engage in trading of financial assets for speculative purposes.

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include borrowings and derivative financial instruments.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.

	March 31, 2022	March 31, 2021
Variable rate borrowings	35.82	28.71

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Increase/ decrease in basis points	Effect on profit before tax (₹ in Crores)
2021-2022	25 bps	0.09
2020-2021	25 bps	0.07

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company operating activities.

The Company is exposed to foreign currency risk arising mainly on export of finished goods and import of raw material.

The carrying amounts of Company's foreign currency denominated financial assets and financial liabilities at the end of the reporting period are as follows:

Exposure to Currecny risk	March 31, 2022	March 31, 2021
Trade receivables (unhedged) (INR)	2.58	6.71
Trade receivables (unhedged) (USD)	0.03	0.09
The following significant rate have been applied during the year	Year End Spot Rate	
	March 31, 2022	March 31, 2021
USD 1	75.81	73.50

Notes forming part of the Financial Statements for the year ended March 31, 2022

(Amount in crores, unless otherwise stated)

Foreign currency sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in the US dollar exchange rate (or any other material currency), with all other variables held constant, of the Company's profit before tax (due to changes in the fair value of monetary assets and liabilities). The Company's exposure to foreign currency changes for all other currencies is not material.

	Change in US \$ rate	Effect on profit before tax
2022 (USD/INR)	1.00%	0.03
2021 (USD/INR)	1.00%	0.07

(B) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Credit risk arises principally from the Company's receivables from deposits with landlords and other statutory deposits with regulatory agencies and also arises from cash held with banks and financial institutions. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

	Less than 12 months	More than 12 months	Total
<u>March 31, 2022</u>			
Trade receivables	47.59	0.04	47.63
Security deposits	-	0.79	0.79
Deposit account with banks (remaining maturity of more than 12 months)	-	0.02	0.02
<u>March 31, 2021</u>			
Trade receivables	47.83	0.18	48.01
Security deposits	-	0.82	0.82
Interest accrued on fixed deposits	0.00	-	0.00
Deposit account with banks (remaining maturity of more than 12 months)	-	0.02	0.02

The Company limits its exposure to credit risk of cash held with banks by dealing with highly rated banks and institutions and retaining sufficient balances in bank accounts required to meet a month's operational costs. The Management reviews the bank accounts on regular basis and fund drawdowns are planned to ensure that there is minimal surplus cash in bank accounts. The Company does not foresee any credit risks on deposits with regulatory authorities.

(C) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The table below summarizes the maturity profile of the Company's financial liabilities:

	Less than 3 months	3 to 12 months	1 to 5 years	More than 5 years	Total
<u>March 31, 2022</u>

37 Capital management

For the purpose of the Company's capital management, capital includes issued equity capital and all equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximize the shareholder value and to ensure the Company's ability to continue as a going concern.

The Company has not distributed any dividend to its shareholders. The Company monitors gearing ratio i.e. total debt in proportion to its overall financing structure, i.e. equity and debt. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Particulars		March 31, 2022	March 31, 2021
Total equity	(i)	49.61	36.65
