reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary is based solely on the reports of the other auditors.

- (b) SRF Limited had opted to apply the provisions under paragraph 46A of Accounting Standard (AS) - 11 "The Effects of Changes in Foreign Exchange Rates" with effect from April 1, 2013. Accordingly, exchange difference of Rs. 137.46 Crores (Previous Year – Rs. 71.91 Crores), arising on all long term monetary items relating to acquisition of depreciable assets are added to the cost of fixed assets/capital work in progress and will be depreciated over the balance useful life of assets. The unamortised portion carried forward as at March 31, 2016 is Rs. 276.90 Crores (Previous Year – Rs. 154.27 Crores). As a result of such change, the net profit after tax for the year is higher by Rs. 90.50 Crores (Previous Year – Rs. 40.57 Crores).

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

2. USE OF ESTIMATES

The preparation of Consolidated financial statements requires the management of the Company to make estimates and assumptions that affect the reported balance of assets and liabilities, revenues and expenses and disclosures relating to contingent liabilities. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in the current and future periods.

3. FIXED ASSETS

Fixed assets are stated at cost of acquisition or construction less accumulated depreciation except for certain fixed assets which are revalued and are therefore, stated at their revalued book values. Cost of acquisition or construction is inclusive of freight, duties, taxes, incidental expenses and interest on loans attributable to the acquisition of qualifying assets, up to the date of commissioning of the assets.

SRF Limited has adopted the provisions of para 46A of AS 11 "The Effect of Changes in Foreign Exchange Rates," accordingly exchange differences arising on restatement /settlement of long term foreign currency monetary items related to acquisition of depreciable fixed assets are adjusted to the cost of the respective assets and depreciated over the remaining useful life of such assets

The basis for revaluation is current cost of depreciated assets at the time of revaluation. If the revaluation shows an increase in the value of a category of assets, the same is added to the historical value net of any decline in value of any asset of that category; any such decrease is expensed. The decline in value of any individual asset in a category is charged to revenue over the remaining useful life of that asset and further corresponding adjustment has been made on the amount withdrawn from the revaluation reserve uptill March 31, 2014.

Consideration is given at each balance sheet date to determine whether there is any indication of impairment of the carrying amount of the Company's fixed assets. If any

indication exists, an asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value based on an appropriate discount factor.

Fixed assets retired from active use and held for sale are stated at the lower of their net book value and net realisable value and are disclosed separately.

Capital Work in Progress: Project under which tangible/intangible fixed assets are not yet ready for their intended use are carried at cost comprising direct cost, related incidental expenses and attributable interest.

4. DEPRECIATION

4.1 Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

4.2 Depreciation on tangible fixed assets has been provided on the straight line method on the basis of useful life of assets determined by the Companies concerned which are different from the useful life as prescribed in Schedule II of 2013 Act. The useful life of the assets have been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc and are as under:

Transactions in foreign currencies are recorded on initial recognition at the exchange rate prevailing on the date of the transaction.

Exchange differences arising on settlement / restatement of short-term foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Statement of Profit and Loss.

The exchange differences relating to non-integral foreign operations are accumulated in a "Foreign currency translation reserve"

The exchange differences arising on settlement / restatement of long term foreign currency monetary items are capitalised as part of the depreciable fixed assets to which the monetary item relates and depreciated over the remaining useful life of such assets. If such monetary items do not relate to acquisition of depreciable fixed assets, the exchange difference is amortised over the maturity period / upto the date of settlement of such monetary items, whichever is earlier, and charged to the Statement of Profit and Loss. The unamortised exchange difference is carried in the Balance Sheet as "Foreign currency monetary item translation difference account" net of the tax effect thereon, where applicable.

The Company uses foreign exchange forward and option contracts to hedge its exposure to movements in foreign exchange rates relating to certain firm commitments and highly probable forecast transactions. The Company designates such contracts in a cash flow hedge relationship by applying the principles set out in Accounting Standard (AS) – 30 - "Financial Instruments: Recognition and Measurement."

Forward and option contracts are fair valued at each reporting date. The resultant gain or loss from these contracts that are designated and effective as hedges of future cash flows are recognised directly in Cash Flow Hedge Reserve under Reserves and Surplus, net of applicable deferred income taxes and the ineffective portion is recognised immediately in Statement of Profit and Loss.

Amount accumulated in Cash Flow Hedge Reserve are reclassified to the Statement of Profit and Loss in the same periods during which the forecasted transaction affects the profit and loss.

Hedge Accounting is discontinued when the hedging instrument expires, or is sold or terminated or exercised or no longer qualifies for hedge accounting. Any cumulative gain or loss on the hedging instrument recognised in Cash Flow Hedge Reserve is retained there until the forecasted transaction occurs.

If the forecasted transaction is no longer expected to occur, the net cumulative gain or loss is immediately transferred from the Cash Flow Hedge Reserve to the Statement of Profit and Loss.

Contracts that are not designated as hedges of future cash flows are fair valued at each reporting date and the resultant gain or loss is recognised in the Statement of Profit and Loss.

- 5.2 The subsidiary Shri Educare Limited and its subsidiary follows the following policy:

***** In the matter of acquisition of the Tyrecord Division at Malanpur from Geat Limited the Collector of Stamps, Bhind (Madhya Pradesh) has by his order dated 07.11.2001 assessed the value of the subject matter of the Deed of Conveyance dated 13.06.1996 at Rs. 303.00 Crores and levied a stamp duty of Rs. 23.73 Crores and imposed a penalty of Rs. 5.09 Crores. Consequently, the High Court of Madhya Pradesh quashed the order and demands issued by the Collector of Stamps, Bhind (Madhya Pradesh) and allowed the writ petition by an order dated 29th November 2004. Against the said order, the State of Madhya Pradesh preferred a Special Leave Petition before the Hon'ble Supreme Court which the State of Madhya Pradesh has withdrawn to enable it to approach the Hon'ble High Court of Madhya Pradesh at Gwalior in view of the change in law in the State of Madhya Pradesh relating to Letters Patent Appeal.
