Annexure - B to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Kama Holdings Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of

Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that

transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with

the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The generally accepted accounting principles and the Accounting Standards referred under section 133 of the Companies Act, 2013 have been adopted by the Company and disclosures made in accordance with the requirements of Schedule III to the Companies Act, 2013 and Accounting Standards.

c) Use of Estimates:

The preparation of Financial Statements requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) as of the date of the Financial Statements and the reported income and expenses during the reporting period. The Management believes that the estimates used in the preparation of the Financial Statements are prudent and reasonable. Actual results could differ from these estimates.

Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

Annexure - A to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Parent, we have audited the internal financial controls over financial reporting of Kama Holdings Limited

(hereinafter referred to as "the Company") and its subsidiary companies, which are company incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent, its subsidiary company which are company incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Parent considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A

company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditor referred to in the Other Matters paragraph below, the Parent, its subsidiary companies, incorporated in India have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting with reference to these consolidated financial statements of the Parent, insofar as it relates to these two subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiary companies in India.

(b) Use Of Estimates

The preparation of Consolidated financial statements in conformity with the Indian GAAP requires the management of the Company to make estimates and assumptions that affect the reported balance of assets and liabilities, revenues and expenses and disclosures relating to contingent liabilities. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in the current and future periods.

(c) Property Plant And Equipment

Property Plant and Equipment are stated at cost of acquisition or construction less accumulated depreciation except for certain fixed assets which were revalued (before the time of acquisition) and are therefore, stated at their revalued book values. Cost of acquisition or construction is inclusive of freight, duties, taxes, incidental expenses and interest on loans attributable to the acquisition of qualifying assets, up to the date of commissioning of the assets.

The Group has adopted the provisions of para 46A of AS 11 "The Effect of Changes in Foreign Exchange Rates", accordingly exchange differences arising on restatement /settlement of long term foreign currency monetary items related to acquisition of depreciable fixed assets are adjusted to the cost of the respective assets and depreciated over the remaining useful life of such assets

Consideration is given at each balance sheet date to determine whether there is any indication of impairment of the carrying amount of the Company's fixed assets. If any indication exists, an asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value based on an appropriate discount factor.

Fixed assets retired from active use and held for sale are stated at the lower of their net book value and net realisable value and are disclosed separately.

Capital Work in Progress: Project under which tangible/intangible fixed assets are not yet ready for their intended use are carried at cost comprising direct cost, related incidental expenses and attributable interest.

(d) Depreciation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on tangible fixed assets has been provided on the straight line method on the basis of useful life of assets determined by the Companies concerned which are different from the useful life as prescribed in Schedule II of 2013 Act. The useful life of the assets have been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. and are as under:

Roads	: 40 - 50 years
Buildings	: 30 - 60 years
Plant & Machinery	: 2 - 30 years
Furniture & Fixtures	: 15 years
Office Equipment*	: 3 - 20 years
Vehicles	: 4 - 5 years
Leasehold Land	: Over the lease period and if lease is perpetual no amortization is made

*Includes Data Processing whose life is considered to be 3 years, General Office Equipment whose life is considered to be 10 years and Heat Ventilation Air Conditioner to be 20 years.

Depreciation is calculated on a pro rata basis except that, assets costing up to Rs. 5,000 each are fully depreciated in the year of purchase.

On assets sold, discarded, etc. during the year, depreciation is provided up to the date of sale / discard.

In case of perpetual lease, no write off is made in respect of leasehold land and in other nature of leases, leasehold land is amortised over the period of the lease.

(e) Foreign Currency Transactions And Translation

Transactions in foreign currencies are recorded on initial recognition at the exchange rate prevailing on the date of the transaction.

Exchange differences arising on settlement / restatement of short-term foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Statement of Profit and Loss.

The exchange differences relating to non-integral foreign operations are accumulated in a "Foreign currency translation reserve".

The exchange differences arising on settlement / restatement of long term foreign currency monetary items are capitalised as part of the depreciable fixed assets to which the monetary item relates and depreciated over the remaining useful life of such assets. If such monetary items do not relate to acquisition of depreciable fixed assets, the exchange difference is amortised over the maturity period / up to the date of settlement of such monetary items, whichever is earlier, and charged to the Statement of Profit and Loss. The unamortised exchange difference is carried in the Balance Sheet as "Foreign currency monetary item translation difference account" net of the tax effect thereon, where applicable.

The Group uses foreign exchange forward and option contracts to hedge its exposure to movements in foreign exchange rates relating to certain firm commitments and highly probable forecast transactions. The Group designates such contracts in a cash flow hedge relationship.

Forward and option contracts are fair valued at each reporting date. The resultant gain or loss from these contracts that are designated and effective as hedges of future cash flows are recognised directly in Cash Flow Hedge Reserve under Reserves and Surplus, net of applicable deferred income taxes and the ineffective portion is recognised immediately in Statement of Profit and Loss.

Amount accumulated in Cash Flow Hedge Reserve are reclassified to the Statement of Profit and Loss in the same periods during which the forecasted transaction affects the profit and loss.

Hedge Accounting is discontinued when the hedging instrument expires, or is sold or terminated or exercised or no longer qualifies for hedge accounting. Any cumulative gain or loss on the hedging instrument recognised in Cash Flow Hedge Reserve is retained there until the forecasted transaction occurs.

If the forecasted transaction is no longer expected to occur, the net cumulative gain or loss is immediately transferred from the Cash Flow Hedge Reserve to the Statement of Profit and Loss.

Contracts that are not designated as hedges of future cash flows are fair valued at each reporting date and the resultant gain or loss is recognised in the Statement of Profit and Loss.

(f) Research And Development

Expenditure on research and development of products is included under the natural heads of expenditure in the year in which it is incurred except which relate to development activities whereby research findings are applied to a plan or design for the production of new or substantially improved products and processes. Such costs are capitalized if they can be reliably measured, the product or process is technically and commercially feasible and the Company has sufficient resources to complete the development and to use or sell the asset.

Capital expenditure on research and development includes the cost of materials, direct labour and an appropriate proportion of overheads that are directly attributable to preparing the asset for its intended use and is treated in the same manner as expenditure on other fixed assets and depreciated as per Company policy.

(g) Inventories

Inventories are valued at cost or net realisable value, whichever is lower. The basis of determining the cost for various categories of inventory are as follows:

Stores, spares and raw materials	: Weighted average rate
Stock in trade, process stocks and finished goods	: Direct cost plus appropriate share of overheads and excise duty, wherever applicable
By products	: At estimated realizable value

The employee benefits of employees of the subsidiary companies incorporated outside India are accounted for as per the requirements of their local laws.

(i) Investments

Long term quoted investments are valued at cost unless there is a permanent fall in their value as at the date of Balance Sheet.

Current investments are stated at lower of cost or fair value.

(j) Revenue Recognition

Sale of goods is recognised, net of returns and trade discounts on the transfer of significant risks and rewards of ownership to the buyer which generally coincides with the dispatch of goods to customers. Gross sales are inclusive of excise duty and net of value added tax / sales tax.

Revenue from investments are recognized in accordance with the provisions of Non- Systematically Important Banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2015. Accordingly, wherever there are uncertainties in the ascertainment/ realization of income, the same is not accounted for.

Other items of revenue are recognized in accordance with the Accounting Standard (AS-9). Accordingly, wherever there are uncertainties in the ascertainment-realisation of income such as interest from customers (including the financial condition of the person from whom the same is to be realized), the same is not accounted for.

Dividend including interim dividend income is accounted for when the right to receive is established.

(k) Reserves

Revaluation reserve represents the difference between the revalued amount of the assets and the written down value of the assets on the date of revaluation net of withdrawals therefrom.

Capital receipts are credited to capital reserve.

Cash flow hedge reserve represents the gain or loss arising out of adjusting the hedging instruments to mark to market net of applicable deferred income taxes.

(l) Taxation

The income tax liability is provided in accordance with the provisions of the Income-tax Act, 1961.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognised, subject to the consideration of prudence, on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their realizability.

(m) Borrowing Cost

Borrowing costs include interest, amortization of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilized for qualifying assets, pertaining to the period from commencement of activities relating to construction/development of the qualifying asset up to the date of capitalisation of such asset is added to the cost of the assets.

(n) Provisions And Contingent Liabilities

The Group recognizes a provision when there is a present obligation as a result of past events and it is more likely than not that an outflow of resources would be required to settle the obligation and a reliable estimate can be made. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

(o) Lease

Finance leases which effectively transfer to the company substantial risks and benefits incidental to ownership of the leased item, are capitalized and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged directly against income.

Leases where the Lessor retains substantially all the risks and benefits of ownership of the asset are classified as operating leases. Operating lease payments are recognised as an expense in the income statement on the straight line basis over the lease term.

(p) Government Grant

“Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

A government grant that becomes receivable as compensation for expenses or losses incurred in a previous period. Such a grant is recognised in profit or loss of the period in which it becomes receivable

Government grants related to assets are presented in the balance sheet as deferred income and is recognised in profit or loss on a systematic basis over the expected useful life of the related assets.”

***** In the matter of acquisition of the Tyrecord Division at Malanpur from Ceat Limited the Collector of Stamps, Bhind (Madhya Pradesh) has by his order dated 07.11.2001 assessed the value of the subject matter of the Deed of Conveyance dated 13.06.1996 at Rs. 30300.00 lakhs and levied a stamp duty of Rs. 2,372.50 lakhs and imposed a penalty of Rs. 509.05 lakhs. The High Court accepted the case of the Company that the subject matter of the Deed of Conveyance dated 13.06.1996 is only the superstructures valued at Rs. 2,776.18 lakhs and not the entire undertaking valued at Rs. 30,300.00 lakhs as claimed by the State. Consequently, the High Court of Madhya Pradesh quashed the order and demands issued by the Collector of Stamps, Bhind (Madhya Pradesh) and allowed the writ petition by an order dated 29th November 2004. Against the said order, the State of Madhya Pradesh preferred a Special Leave Petition before the Hon'ble Supreme Court which the State of Madhya Pradesh has withdrawn to enable it to approach the Hon'ble High Court of Madhya Pradesh at Gwalior in view of the change in law in the State of Madhya Pradesh relating to Letters Patent Appeal.

The expenses incurred on account of the above defined contribution plans have been included in Note 26 "Employee Benefits Expenses" under the head "Contribution to provident and other funds"

(i) Superannuation fund

The group makes contributions to a Trust which in turn contributes to ICICI Prudential Life Insurance company Limited. Apart from being covered under the Gratuity Plan described below, the employees of the group also participate in a defined contribution superannuation plan maintained by the group. The group has no further obligations under the plan except making annual contributions based on a specified percentage of each covered employee's salary. From November 1, 2006, the group provided an option to the employees to receive the said benefit as cash compensation along with salary in lieu of the superannuation benefit. Thus, no contribution is required to be made for the category of employees who opted to receive the benefit in cash.

(ii) Provident fund administered through Regional Provident Fund Commissioner

All employees are entitled to Provident Fund benefits as per the law. For certain category of employees the group administers the benefits through a recognized Provident Fund Trust. For other employees contributions are made to the Regional Provident Fund Commissioners as per law. The Government mandates the annual yield to be provided to the employees on their corpus. This plan is considered as a Defined Contribution Plan. For the first category of employees (covered by the Trust), the group has an obligation to make good for the shortfall, if any, between the yield on the investments of the trust and the yield mandated

by the Government and these are considered as Defined Benefit Plans accounted for on the basis of an actuarial valuation.

b) Defined benefit plans

The group sponsors funded defined benefit plans for qualifying employees. The defined benefit plans are administered by separate funds which are legally separate from the group. These plans are:

- (a) Gratuity
- (b) Provident fund for certain category of employees administered through a recognized provident fund trust
- (c) Legal Severance pay & Health care (Unfunded) as applicable with respect to foreign subsidiaries
 - (i) The principal assumption used for the purpose of the actuarial valuation were as follows:

The cost of the defined benefit plans and other long term benefits are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These includes the determination of the discount rate, future salary increases and mortality rate. Due to these complexity involved in the valuation it is highly sensitive to the changes in these assumptions. All assumptions are reviewed at each reporting date

The present value of defined benefit obligation and the related current service cost and past service cost were measured using projected unit credit method.
