O.P. Jindal Group- Founder & Futurist

Some stories are immortal...

Shri Om Prakash Jindal, Founder Chairman of the O.P. Jindal Group was a passionate believer in creating a self-reliant India. All throughout his life he pioneered development, application and dissemination of the most innovative and cost-effective technologies, which were in many ways unique and inimitable. In this quest for self-reliance and national pride, he created the foundations of a business empire, which would not only occupy a prominent position on the industrial map of India, but also contribute holistically towards the betterment of the society and the country at large. His undying passion for innovation and excellence is best reflected in the world class R&D Centre in the Group's Hisar Unit. His distinct vision of the future laid the foundation for "Shaping a Stainless India".

Savitri Devi Jindal

Chairperson

At Jindal Stainless, we are committed to doing business in a sustainable way. Our core approach while addressing social & development issues is to encourage all stakeholders to undertake sustainable interventions with the aim of achieving the overall vision of JSL becoming a socially responsible corporate.

I feel very encouraged to see that in the vicinity of the plant locations, JSL has engaged in a number of community development projects, thereby playing our part in creating growth for all. I am particularly touched by the projects directed towards 'Women's Empowerment' as I believe in the old adage, 'you empower a woman, you empower a family - you empower a family, you empower a community'. As part of the programme, women have been trained in book keeping skills and subsequently bank accounts were opened for each woman, which helped them use the credit facility prudently to grow their businesses.

We feel proud to have expanded the facilities of the NC Jindal Institute of Medical Sciences over the past year by adding a Cardio Centre and a specialized Cancer Centre. Now people in and around Hisar can easily access treatment for these ailments instead of travelling hundreds of miles to bigger cities around Hisar. In addition, mobile health vans, both in Hisar and Jajpur cover at least 40 villages on a daily basis to provide primary health care services.

Such initiatives help us to achieve our goal of inclusive growth within the communities we operate in. However, much more needs to be done and we remain committed to making positive contributions - today and tomorrow - that will benefit the world in which we live and future generations alike.

We are not only India's largest producer of Stainless Steel but, are also its biggest promoter.

Dear Shareholders,

Financial Year 12-13 was stable but challenging. Global economic recovery continues to be impaired by the euro zone crisis and the lingering impact of 2008-2009 economic meltdown. As a result unlike in 2010 and 2011, even emerging markets also did not perform as expected in 2012.

Global Stainless Steel Scenario

Global stainless steel production figures reveal a mixed picture. While overall the global production grew by 5.2% to reach a record high of 35.4 million metric tons (MT). Most of this was accounted for by China, while the rest of the World showed a negative growth, mainly due to de-stocking.

Asia's (excluding China) stainless steel production decreased marginally to 8.7 MT in 2012. But, the drop in EU and the America's was far more significant to 2.3% and 6% respectively.

Even during the recent years of reduced economic activity, China has been the principal growth area for stainless steel production. During 2012 it increased production by 14.2% to reach 16.1 MT (based on corrected figures for 2011 and 2012).

The data for the year 2012 clearly reveals that, today Asia accounts for almost 70% of the world's stainless steel production.

While, this creates challenges for us in terms of increased competition in our region but at the same time, it also creates ample opportunities for India to reposition itself as a dominant player in the sector.

Indian Stainless Steel Scenario

The Indian stainless steel market for 2012-13 was at 2.6 MT, of which flat products accounted for approx. 2 MT.

At around 2 kgs per capita stainless steel consumption in India is still very low. While, there is scope for growth, slowdown in sectors such as Infrastructure, Railways, Seaports, Airports, Highways, and Bridges etc. are major obstacles right now.

More importantly it is the cheap import of stainless steel especially from China, that is, denting the Indian Stainless Steel Industry

JSL's Business Performance

Jindal Stainless(JSL) has achieved SMS production of 1,032,611 tons with a growth of around 28% over 2011-12. Further, our total income from operation also witnessed an increase of around 30% to ₹ 10,286 crore in comparison to the previous year corresponding figure of ₹ 7,891 crore. However,

global economic slowdown, overcapacity in China and dumping of cheap stainless steel material into India and other countries by China has weakened demand for stainless steel internationally. Consequently margins have shrunk and EBITDA during the reported period is ₹ 615 crore as compared to ₹ 904 crore in previous year. Moreover, company had to slow down the ramp-up of Jajpur, Odisha stainless steel operations as it could not enjoy economies of scale due to compressed margins, resulting in lower profitability during FY 2012-13.

JSL's strategic initiatives to boost the usage of Stainless Steel Producing and Promoting Stainless Steel

Promoting Stainless Steel is just as important as producing it. As India's largest Stainless Steel producer we create innovative ideas & platforms for people to explore and experiment with the magical potential of Stainless Steel for art, architecture, lifestyle, engineering and much more.

In order to increase awareness about this magical metal, JSL has proposed to introduce a special course in stainless steel at MNIT Jaipur. This course is aimed at sensitizing budding engineers about the usage and applications of stainless steel in various sectors.

Moreover, JSL Lifestyle and JSL Architecture, subsidiaries of Jindal Stainless act as catalysts in promoting usage of stainless steel through innovative applications especially in Architecture, Building & Constructions (ABC), Infra, Lifestyle and Household sectors.

Apart from this, we have joined hands with the prestigious organizations like BARC for supplying high quality stainless steel as material quality is very critical in all nuclear applications. We are also in the process of tying up with leading automobile companies for supplying high quality stainless steel for varied applications in the auto sector.

JSL's Way Forward

For us innovation is a key business driver. Our increased production capacity at Jajpur and enhanced product range has enabled us to increase our product range upto 1650 mm (max. width). Moreover, we continue to remain focused on identifying and capturing niche and profitable segments to increase our bottom line.

Customer satisfaction is another key agenda for us. New initiatives like technical selling, increasing responsiveness and flexibility backed by an organizational restructuring, are all aimed at becoming the first choice for our customers.

Further, in this challenging atmosphere, JSL remains committed to continue towards path of complete transformation and is geared up to meet future challenges.

These initiatives are just a step further towards achieving sustained profitability. We have a long way to go to become a sustained value creator for not only our customers but for all our stakeholders, for which we remain committed.

Before I conclude, I would like to take this opportunity to thank all our stakeholders who have given their support, trust and faith in us as lenders, investors, analysts, and media.

I would also like to thank our employees, the management team, the directors on the board for their unwavering support during the challenging times.

I extend my sincere thanks to all our customers for their continued loyalty.

III Other Information	
(1) Reasons for loss or inadequate profits	The financial results of the Company during the year 2012-13 have been adversely impacted inter-alia on account of (i) Economic slowdown in Europe and most large countries in Asia, resulting into weak demand for Stainless Steel internationally, squeezing margins in markets; (ii) Over capacity in China and dumping of Stainless Steel material into India leading to reduced margins in the Company's markets; (iii) Owing to above factors, the Company slowed down the ramp-up of Jajpur, Odisha Stainless Steel operations leading to lower margins as the Company could not enjoy economies of scale at that plant; and (iv) Monopolistic pricing policies of certain PSU companies leading to erosion of margins in ferro chrome unit.
(2) Steps taken or proposed to be taken for improvement in productivity and profit	As an ongoing process, the Company has undertaken / is under the process of undertaking several measures to further improve the efficiency in its business processes and to optimize the cost. The Company is now focussing more on the domestic market and diversification into international markets so that it can mitigate challenges arising from external sources. Efforts are being made to ensure that Jajpur ramp-up is achieved as soon as possible to bring down the cost. The Company is also trying to bring to light the matter of dumping and price under-cutting to the Government authorities so that it is able to get a level playing field in the domestic market. Government's endeavour to promote exports by providing incentive through Export Incentivisation Scheme on incremental exports and inclusion of certain grades of Stainless Steel in Focus Product Scheme are also encouraging measures.
(3) Expected increase in productivity and profit in measurable terms	In the competitive environment, it is difficult to estimate the revenue/profits in measurable terms. As mentioned above, the Company is taking various efforts to increase its productivity and the management is confident of increase in revenue and profits in coming years.

During the year, the Gross Revenue from operations of your Company on standalone basis has increased by 31% at ₹ 11,121.88 crore as compared to ₹ 8,498.33 crore during previous financial year 2011-12. The Profit before other income, Finance Cost, Depreciation, Exceptional Items, Tax & Amortisation on standalone basis stood at ₹ 614.97 crore as compared to ₹ 904.04 crore during previous year.

Further, during the year, the Consolidated Gross Revenue from operations of your Company has increased by 30% at ₹ 12,128.47 crore as compared to ₹ 9,364.29 crore during previous financial year 2011-12. Consolidated Profit before other income, Finance Cost, Depreciation, Exceptional Items, Tax & Amortisation stood at ₹ 708.56 crore as compared to ₹ 947.65 crore during previous year.

The financial results of the Company during the year 2012-13 have been adversely impacted inter-alia on account of (i) Economic slowdown in Europe and most large countries in Asia, resulting into weak demand for Stainless Steel internationally, squeezing margins in markets; (ii) Over capacity in China and dumping of Stainless Steel material into India leading to reduced margins in the Company's markets; (iii) Owing to above factors, the Company slowed down the ramp-up of Jajpur, Odisha Stainless Steel operations leading to lower margins as the Company could not enjoy economies of scale at that plant; and (iv) Monopolistic pricing policies of certain PSU companies leading to erosion of margins in ferro chrome unit.

Operations

(A) Hisar Division:

Despite the slowdown in Global economy Hisar plant has been able to achieve 98% of its planned capacity at Steel melting shop by producing 719,353 MT of steel as compared to 723,418 MT during financial year 2011-12. Hot Rolling Mills were utilized as per market dynamics and produced 523,200 MT as compared to 540,671 MT during financial year 2011-12. During the year, Cold Rolled Annealed Pickled production was 243,458 MT as compared to 257,335 MT during financial year 2011-12.

Your Company focused on effective utilization of available resources and productivity improvement at various lines to achieve cost efficiency. Steel melting shop has achieved landmark of 50 heats in a day, similarly others lines have also performed efficiently in this slow down period to meet the expectations.

During the year, two new Grades JSLU – DD & JSLU - SD have been launched to cater to utensils market. Now, these Grades are welcomed and accepted by markets and are in regular production. During the year no major capital expenses have been incurred and ongoing projects have been completed in Special product division.

(B) Odisha Division

Your Company has been successfully operating stainless steel making facility at Jajpur, Odisha, with a capacity of 800,000 tons per annum and has been rolling of stainless steel products from this facility for over two years. The ramp-up and stabilization of finishing facilities are in progress. During the year under review, steel melting shop produced 313,258 tons, hot strip mill processed 300,435 tons and facilities in cold rolling mill processed 255,130 tons of stainless steel. The stainless steel facilities under operations at Odisha are state of art facilities and have substantially enhanced the product portfolio of the Company including wider width products of upto 1600 mm.

The ferro alloys production during the year stood at 83,290 tons. There were challenges in procuring the chrome ore from domestic sources at cost effective prices, which impacted the overall production and the capacity utilizations during the year. However, in order to reduce the costs, the Company worked on imported low Grade chrome ore from Gulf, improving chromium recoveries & higher usage of hard lumpy ore & replacing usage of coke with anthracite coal. The Company has also taken up the matter with various Government agencies to rationalize the chrome ore bidding process.

The operations at 250 MW thermal power plant were adversely affected on account of higher input prices of thermal coal and drop in prices of surplus power sold to the state Grid. It operated mostly on imported low ash coal from Indonesia blended with Indian coal. Both the two power plants were producing power and generated around 1089.53 million units (net), of which around 34.13 million units were exported to Hisar plant. The power plant has achieved highest ever PLF of 107.19% on 22nd January, 2013. It also achieved PLF of more than 100% for many days consistently during the 4th Quarter. The production at 14 MW power plant was 50.32 million units (net).

Jindal Chromite Mine produced 28,955 MT of chromite ore concentrate from its beneficiation plant and also achieved 96,022 MT chrome ore from Mines pit for the year, which is much higher than previous year production. The mines dispatched 20,568 MT of concentrate ore and 23,099 MT of chrome ore to Vizag plant during the year.

The coke oven facility was operated under lease with work arrangement for conversion of coal into coke. The coke oven battery successfully produced metallurgical coke with gradual ramp-up. For the year, the total production out of the coke oven facility stood at 251,593 tons of coke.

(C) Vizag Division

The Vizag Plant produces High Carbon Ferro Chrome with annual capacity of 40,000 Tons per annum. Vizag Unit uses Chrome Ore supplied from captive Sukhinda Chromite Mines and transfers the output to Hisar Plant. The division has achieved 50% of the installed capacity by producing 20,169 tons of High Carbon Ferro Chrome during the year 2012-13 as compared to 24,832 tons during the preceding year. The production was less during the year 2012-13 due to Power restrictions being imposed by the APEPDCL from September 2011 onwards.

Further Vizag Unit despatched 21,069 tons to JSL, Hisar during the year 2012-13 as compared to 24,805 tons during the preceding year on Job work account.

Debt Restructuring

During the year, your Company's proposal in relation to re-work of its term debt obligations ("Rework Scheme") under CDR mechanism was approved by CDR EG and Rework Letter of Approval ("Rework LOA") was issued on September 18, 2012. The Rework Scheme inter-alia includes reworking of repayment schedule, interest funding, adjustments in interest rates to ensure protection of net present value of the respective facilities, etc. w.e.f. 31st March, 2012 ("Reworking Cut-off Date"). Consequently, the Amended & Restated Master Restructuring Agreement ("Amended MRA") has been executed on September 25, 2012 with certain lenders. As on date of this report, except HDFC Bank, all CDR lenders have executed the necessary documents.

Besides reworking of its domestic term debt obligations, your Company during the year has also successfully completed the restructuring of its debt obligations in relation to ECB facilities of USD 250 million availed for the part financing of Odisha Phase II project and has executed requisite amendment agreements with all the ECB lenders. The revised terms inter-alia include deferment of repayment schedule and increase in interest rates etc.

Share Capital

During the year under review, the Company allotted 10,21,922 equity shares upon conversion of 560 Convertible Bonds of US\$ 5,000 each.

Further, in order to meet the requirements of approved Reworked Corporate Debt Restructuring (CDR) Scheme, the Company had obtained approval of the Shareholders by means of Special Resolutions passed through Postal Ballot on 15th February 2013, for issuance of equity shares to a Promoter Group Company (hereinafter referred to as "the proposed allottee" in following manner:

- (i) 1,35,50,000 equity shares of face value of ₹ 2/- each on or before 31st March, 2013, and
- (ii) 1,35,50,000 equity shares of face value of ₹ 2/- each on or before 30th June, 2013.

Pursuant to the aforesaid Shareholders' approval, the Company allotted the 1st tranche of 1,35,50,000 equity shares of face value of ₹ 2/- each at an issue price of ₹ 74/- each (including a premium of ₹ 72/- per equity share) amounting to ₹ 100.27 crore on preferential basis to a promoter group company, on 30th March, 2013. Consequently, the paid-up share capital of the Company has increased from ₹ 38,10,55,094 to ₹ 40,81,55,094 divided into 20,40,77,547 equity shares of ₹ 2/- each.

However, upon request of the proposed allottee, the Board of Directors, subject to necessary shareholders' approval, has approved the infusion of balance amount of ₹ 100.27 crore by way of preferential allotment of 1,35,50,000 equity shares at an issue price of ₹ 74/- each (including a premium of ₹ 72/- per equity share) on or before 31st March, 2014 instead of 30th June, 2013. This will align with the requirement of Reworked CDR approval which stipulates that the balance capital be infused into the Company on or before 31st March, 2014.

Dividend

The Board, considering the Company's performance and financial position for the year under review, has not recommended any dividend on equity shares of the Company for the year ended 31st March, 2013.

Transfer to Investor Education and Protection Fund

Pursuant to section 205C of the Companies Act, 1956, the Company has transferred unclaimed and unpaid amounts aggregating to ₹ 20,13,600 to Investor Education and Protection Fund of Government of India during the year 2012-13.

M/s. Lodha & Co. and M/s. S.S. Kothari Mehta & Co., joint statutory auditors of the Company, hold office until the conclusion of the ensuing annual general meeting and are eligible for re-appointment. The Company has received letters from them to the effect that their appointments, if made, would be within the prescribed limits under section 224 (1B) of the Companies Act, 1956 and also that they are not otherwise disqualified within the meaning of sub section (3) of section 226 of the Companies Act, 1956, for such appointment.

The notes to the accounts referred to in the auditors' report are self-explanatory and, therefore, do not call for any further comments.

Cost Auditors

The Board of Directors has re-appointed M/s. Ramanath Iyer & Co., Cost Accountants, the cost auditors for conducting the audit of cost audit records in respect of Steel business for the financial year 2013-14 subject to approval of the Central Government. Particulars of Cost Auditor and Cost Audit Report, as required vide General Circular No. 15/2011 dated 11th April, 2011 issued by Cost Audit Branch, Ministry of Corporate Affairs, Government of India, are as under:

Name of the Cost Auditor:	M/s. Ramanath Iyer & Co. Cost Accountants, 808, Pearls Business Park, Netaji Subash Place, Pitampura, New Delhi – 110 088
Names and Membership No. of Partners of Firm	Ms. R. Parvathy, M. No. 13848 Dr. D. Jagannathan, M. No. 5839 Mr. V. A. Sundaram, M. No. 818 Mr. S. Laxminarayana, M. No. 7664 Ms. Sona Sharma, M. No. 31446
Due date for filing of Cost Audit Report for the financial year 2011-12 by the Cost Auditor with the Central Government	Within 180 days from the close of company's financial year, i.e. upto 27th September, 2012. However, Central Government vide its various circulars issued from time to time extended the date of filing of Cost Audit Report in XBRL format upto 28th February, 2013.
Date of actual filing of Cost Audit Report for the financial year 2011-12 with the Central Government.	Cost Audit Report for the financial year 2011-12 was filed by the Cost Auditor with the Central Government on 18th January, 2013.

Directors' Responsibility Statement

Pursuant to the requirement under section 217(2AA) of the Companies Act, 1956 with respect to directors' responsibility statement, it is hereby confirmed that:

- (b) the Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at 31st March, 2013 and of the profit of the Company for the year ended on that date;
- (c) the Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities; and
- (d) the Directors have prepared the annual accounts of the Company on a 'going concern' basis.

Corporate Governance

A separate section on Corporate Governance and a certificate from the practicing company secretary regarding compliance of conditions of corporate governance as stipulated under clause 49 of the listing agreement with the stock exchanges, forms part of the annual report.

Management Discussion and Analysis Report

Management discussion and analysis report as required under the listing agreements with the stock exchanges is enclosed with this report.

Acknowledgement

Your Directors would like to express their gratitude for the valuable assistance and co-operation received from shareholders, banks, government authorities, customers and vendors. Your Directors also wish to place on record their appreciation for the committed services of all the employees of the Company.

For and on behalf of the Board of Directors

Statement pursuant to Clause 12 of the Securities and Exchange Board of India (Employees Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999.

Sr. No.	Description	Remarks
A	Options granted	: During the year 2012-13, 1,50,000 stock options were granted to the employees of the Company. 4,97,106 stock options lapsed due to resignation, retirement and low vesting due to performance rating during the year. No vested options were exercised by employees during the year. As on 31st March, 2013, 22,71,644 stock options were in force.
B	Pricing formula	: The options will be granted at either of the following exercise prices as decided by the Compensation Committee: <ol style="list-style-type: none"> 1) At a price upto maximum of 75% discount to the average of the closing market price (at a stock exchange as determined by the Compensation Committee) in the 30 trading days immediately preceding the date of grant of options: 2) At a price equal to the market price, being latest available closing price, prior to the date of the meeting of the Board of Directors in which options are granted/ shares are issued, on the stock exchange on which the shares of the company are listed. If the shares are listed on more than one stock exchange, then the stock exchange where there is highest trading volume on the said date shall be considered; or 3) At a price equal to the average of the closing market price (at a stock exchange as determined by the Compensation Committee) in the 30 trading days immediately preceding the date of grant.

a) Conservation of Energy

Energy Conservation measures taken:

- Optimizing air / fuel ratio in various preheating furnaces.
- Reducing idle time improved per ton fuel consumption in hot rolling pre-heat furnace.
- Replaced lower efficiency pumps with higher efficiency pumps and optimize line sizes to avoid throttle of valves.
- Manual Loading –unloading of compressor changed to auto VVVF drive.
- LED lights installed in some part of shed.

b) Additional investments and proposals, if any, being implemented for reduction in consumption of energy.

- Capacitor bank being installed at 11kv switch yard.

c) Impact of above measures.

- Harmonics in system will be reduced.
- Improved system power factor. Therefore reduced power consumption.

ODISHA

a) Conservation of Energy

With energy audit becoming mandatory for all energy intensive industries, Odisha division has diversified its activity in the most challenging field of energy management to cut down energy bill and save crores of money as well as natural resources. Initiatives have been taken to optimize the specific energy consumption and unnecessary wastage of energy thereby ensuring effective energy management practices within the plant.

Energy Conservation measures taken:

- Supply of steam from 14 MW AFBC boiler to CRM Boilers and PFS substituting steam earlier from LPG fired boilers installed at CRM.
- Compressor by-pass line to avoid the water mixing with cracked ammonia
- Auto-switch-off of three Edge blow-off valve after 10 min of line stop.
- Providing timer for shed lights.
- Operating WHRB & Economizer in line regularly.
- Plugging steam leakages
- Minimizing furnace idle time
- Increased use of Liquid Fe-Cr in furnace
- Reduction of retention and nos. of kick back of slabs
- Optimization of media system
- Optimization of De-scaling System, DCW-H, Scale Pit Pump House and Combustion Air Blowers according to Pareto Analysis.
- Alternate fuel used on furnaces and boilers to reduce fuel consumption.
- Manual controls replaced by automation interlocks to ensure consistency.
- Power is being generated using SAF gases by running Waste Heat Recovery boiler.
- Waste Coke Oven Gas was utilised in coke oven boiler replacing LDO as fuel.
- Cooling tower running operations were optimized to save energy.

b) Additional investments and proposals, if any, being implemented for reduction in consumption of energy.

- Installation of Variable Frequency Drive (VFD) in Boiler Feed Pump (4000 KW) of Unit-1 & Unit - 2 of captive power plant to reduce auxiliary consumption.
- Installation of energy efficient drives for Air Compressors to reduce auxiliary Consumption & better Air management at Supply & Delivery End.
- Energy Conservation by Condensate Extraction Pump (325 KW) destaging.

c) Impact of above measures.

Further reduction in specific energy consumption i.e. per ton of steel manufacturing and improved power quality

FORM OF DISCLOSURE OF PARTICULARS WITH RESPECT TO TECHNOLOGY ABSORPTION

1) Specific areas in which, the Company carried out Research & Development

Development of new products:

- Super Duplex Stainless Steel UNS S32750 with very high corrosion resistance.
- 304 Nitric Acid Grade with superior Inter-granular Corrosion resistance for spent nuclear fuel processing plant.
- 305 austenitic stainless steel with high chromium and nickel for high strength with non-magnetic behaviour
- 431 highly alloyed martensitic stainless steel which exhibits high hardness and toughness.
- 416 sulfur containing martensitic stainless steel for high machinability
- Development of more cost effective stabilized ferritic 436L and 439 Grades.
- Development of cold rolled thin Gauge UNS S32205 duplex stainless steel.
- Development of highly corrosion resistant ferritic stainless steel for roofing in corrosive environment
- Development of Clad Stainless steel plates on Lab scale.

Process Development:

- Development of 430 Grade without Bell annealing.
- Improvement in deep drawability and flaring properties of 409L

Quality Improvement

- Improvement in cold rollability, drawability and surface quality of some Chrome-Manganese stainless steels.
- Improvement in surface quality of stabilized austenitic stainless steels.

2) Benefits derived:

- More diversified product mix.
- Manufacture of high value added products.
- Cost reduction
- Improved product quality.

3) Future plan of action:

- Energy conservation by warm charging of slabs.
- Improvement in yield of certain grades by reduction in grinding of slabs.
- Development of new value added products.
- Input cost reduction in certain grades.

4) Expenditure on R & D

5) Technology absorption, adaptation and innovation**HISAR DIVISION****I. Efforts made, in brief, towards technological absorption, adaptation and innovation**

- Entire range of Duplex Grades of Stainless Steel including Lean Grades developed. The grades have varied applications in Oil & Gas, Desalination and Paper Industry. For penetrating these markets approvals from bodies such as EIL India, PDO Oman, Qatar Oil, ARMCO, Saudi Arabia are sought and are in advanced stages of getting our product and plant approval for Duplex Grades. Commercial supplies to these major Customers is expected to commence shortly.
- Successful installation and deployment of Automatic Ultrasonic Testing Machine at Jajpur Plant having capability to automatically scan the entire surface of the Plates critically. The System can also test plates of lower thickness down upto 6mm. This is first system of its kind in India and has enabled us to cater to the prestigious order of SS Plates for Atomic Power Installation of NRB, BARC.
- Further adaption of 409L Grade to enable Automobiles Engine Exhaust System Manufacturers to manufacture Silencer Components where shapes have become more complex after introduction of Euro5 norms for two wheelers and passenger cars.
- TUV Nord, Germany, has granted us CPD/89/106/EEC, European Certification CE thereby according approval for usage of our products for construction activities in European Union.
- Customer Complaint handling system made more effective by placing technical persons in regions to enable a faster response to the problems faced by them.

II. Benefits derived as a result of the above efforts:

- Enabling penetration of niche markets of duplex grades in oil and gas sector.
- Successfully supplied around 3000MT of SS to NRB, BARC for atomic energy applications. This has established our products in this fast growing sector.
- Throwing open the construction sector in EU for our products through 'CE' Certification.
- Building customers as our partners.

ODISHA DIVISION**Technology absorption, adaptation and innovation****A. Cold Rolling Mill:****I. Efforts made, in brief, towards technological absorption, adaptation and innovation**

CRM Complex is a state-of-the-art facility with India's only DRAP lines (Direct Rolling & Annealing Pickling Lines) for cold rolling and finishing the entire gamut of stainless steel flat products. In Line Rolling, Annealing & Pickling for Black Coils in HAPL Line imparts different finishes like No. 1& 2E and In Line Rolling through three (3) mill stands in tandem, Annealing, Pickling, Skin-Passing & Tension Levelling in CAPL Line imparts finishes like 2D & 2B which are unique technologies adopted for the Cold Rolling segment. Process has been established and technology has been successfully absorbed. HAPL is in production since March,11. Production in CAPL was stabilized during the year.

II. Benefits derived as a result of the above efforts:

The cutting edge equipments are ensuring unmatched quality and cost effectiveness with a minimum carbon footprint to the environment. In contrast to prevailing SS production facilities, CRM complex with inline rolling-annealing-pickling facility has resulted in improved quality and yield with minimal operating and maintenance costs. The above benefits coupled with higher coil weight and line speeds ensure cost-competitiveness.

B. Steel Melting Shop

I. Efforts made, in brief, towards technological absorption, adaptation and innovation

Usage of DPP (purging mechanism in Furnace bottom) and continuous Nitrogen purging practice are in use for Carbon steel manufacturing to reduce hot areas in furnace where use of hot-metal and profuse oxygen is done. This practice has been adopted in our furnace making stainless steel.

Transfer of ferro chrome liquid metal in its semi-molten state by rail ladle car was effectively adopted for direct charging in EAF furnace. Induction Furnace was also commissioned at the scrap yard for quality of testing of imported scrap

II. Benefits derived as a result of the above efforts:

Use of Nitrogen for the purging from bottom has resulted in non stratification of molten liquid steel. This has helped in reducing bottom built-up and has led to uniform temperature bath, reduced refractory consumption and improved Chromium recovery.

Charging of Ferro-Chrome liquid metal into EAF resulted in significant energy savings.

C. Hot Strip Mill

I. Efforts made, in brief, towards technological absorption, adaptation and innovation

Hot Strip Mill is provided with all latest features like digital controlled Reheating Furnace for optimizing heat input for a uniform slab temperature, automatic width control in Edger attached to the Roughing Stand, Coil Box, 6-Stand tandem Finishing Mill Group with Roll bending, Roll shifting with 'Smart crown' for controlling variable strip crown and Level-2 controls for Mill operation. Another feature of the Mill is provision of 2-Robot Plazma stations for accurately dividing heavy plates to customer lengths ahead of the cooling bed in the furnace area. The entire mill has been commissioned and stabilized in the shortest possible time and the technology for a stable production in all grades of Stainless steel has been successfully absorbed.

Plate mill shop was commissioned to process the plates of required finish and size.

II. Benefits derived as a result of the above efforts:

Black Coils with strips having excellent gauge tolerance and flatness as per international standards could be produced which have a wide market in Pipe & Tube sector. Also the high quality strips provide a quality input to our Cold Rolling mill group increasing the yield and cost competitiveness.

D. Thermal Captive Power Plant

I. Efforts made, in brief, towards technological absorption, adaptation and innovation

Both the power plants were operated successfully with 100% of low ash, high calorific value and low cost imported coal. It was used in blending with Indian coal to achieve PLF of more than 100%.

II. Benefits derived as a result of the above efforts:

100% of imported coal usage resulted in achieving highest ever PLF above 100% up to 107% during 4th Quarter.

6) Foreign Exchange Earnings & Outgo

a) Activities relating to exports, initiatives taken to increase exports, development of new export markets for products and services and export plans

Financial year 2012-13 saw JSL Odisha's Products gaining acceptance worldwide. The expanded product range from the new mill has opened new markets and product segments for the Company. Company managed to gain market share in matured markets like Europe and USA. The Company also initiated approval process with Global majors in Petroleum sector and has achieved encouraging results, the approvals are likely to come through in the first half of 2013-14 and will enable JSL to enter the high end Petroleum projects market.

Exports grew by 73% and reached 2,41,272 MT in FY12-13 as compared to 1,39,803 MT in FY11-12. The biggest jump came from 300 series and 400 series which grew by 246% and 194% respectively from FY 11-12 to FY 12-13. In the new year, focus would be to build OEM business with special focus on Auto and White Goods sector.

Your Company recognizes communication as a key element of the overall corporate governance framework and therefore, emphasizes on seamless and efficient flow of relevant communication to all external constituencies. Your Company follows the principles of fair representation and full disclosure in all its dealings and communications. The Company's annual reports, results, presentations and other forms of corporate and financial communications provide extensive details and convey important information on a timely basis. Your Company has fully complied with all mandatory requirements of corporate governance in all material aspects. A report on corporate governance as per listing agreement is given below:

1. Company's philosophy on the code of corporate governance:

Your Company's philosophy on corporate governance envisages the alignment of the highest levels of transparency, accountability and equity, in all facets of its operations and in all its interactions with its stakeholders including shareholders, employees, government and lenders. The Company believes that all its operations and actions must serve the underlying goal of enhancing overall shareholders value, over a sustained period of time.

2. Board of Directors:

(i) Composition of Board

The Board of Directors presently consists of ten directors as detailed hereunder indicating their status as independent or otherwise against their respective names:

Global outlook

2011-2012 has been an economically challenging time world over. Global GDP growth is forecasted to reach 3.25% in 2013 and 4% in 2014. Second half of 2013 is expected to witness gradual acceleration in growth.

Due to sharp deceleration in demand from advanced economies, there was a slow-down in economies of developing countries as well in 2012. Though quite a few Asian economies are seeing higher growth since starting of 2013, but, it would be too early to rejoice as high inflation and exchange market pressures in some countries can bring in tumultuous times again.

Indian Economy

Financial year 2012-13 saw the Indian economy grow at a decade low of 5%. Burden of various state and central subsidies had led to a steep deterioration in the fiscal health of the country in the last two financial years. A widening current account deficit has resulted into precipitous fall of the currency and the country has become highly dependent and vulnerable to foreign currency capital inflows. All these factors put together have brought the country to the verge of a possible ratings relegation to non investment grade by the international ratings agencies which have already changed the outlook to negative. Inflation levels indicated by WPI stayed beyond the comfort level of the central bank (RBI) creating a stumbling block for it to inject significant amount of monetary stimulus in the Indian economy to revive growth.

Global Stainless Steel scenario

As per the figures released by International Stainless Steel Forum (ISSF) for 2012, stainless steel production grew by mere 5.2 % MT from 33.6 million metric tons (MT) in 2011 to 35.4 million metric tons (MT) in 2012.

Stainless production in the Americas was 4.7% lower than in 2011 with a total output of 2.4 MT. In Central and Eastern Europe output dropped by an average 8.2% and was only around 0.4 MT. Western Europe (and Africa) produced 7.8 Mt, which is down by 0.7% compared to 2011.

However, China maintained its strong growth and emerged as the leader with stainless steel production increasing by 14.2% to reach 16.1million MT. Together with China, Asian stainless steel producers now account for 70% of global production.

Higher production in China also meant that Cr-Mn (200 series) steels now account for a higher percentage of total production. As per ISSF, the grade mix of 2012, broken into different quarters is as below:

Stainless Crude Steel Production by Categories					
Type of Stainless Steel	Year 2012 (%)				
	Q1	Q2	Q3	Q4	Total %
200 Series	15.6	17.8	24.5	23	20.2
300 Series	57.4	54.7	49.9	51.5	53.4
400 Series	25.5	26	24.1	24.4	25.0
Others	1.5	1.5	1.5	1.1	1.4

Indian Stainless Steel Scenario

The Indian stainless steel market for 2012-13 was at 2.4 MT, of which flat products accounted for approx. 2 MT, this is almost same as the preceding year. At 1.8 kgs per capita stainless steel consumption in India is still very low. While, there is scope for growth, slowdown in sectors such as Infrastructure, Railways, Seaports, Airports, Highways, and Bridges etc. are the major obstacles right now.

More importantly it's the cheap import of stainless steel especially from China that's denting the Indian stainless steel industry. Some of the other major challenges faced by the industry are:

- Unfavourable duty structure
- High cost of funds
- Fluctuation in raw material pricing
- Shortage of coking coal
- Land acquisition and environment regulations
- Availability and pricing of domestic iron ore / chrome ore
- Insufficient infrastructure and logistics
- Downstream value addition

Another major concern is that in 2012-13 the market share of imported stainless steel flat products has increased from 29% to 33%. This in combination with the factors mentioned above has created severe under-utilization of capacities within the stainless steel sector. The national capacity utilization figure is just 38.63% and unless this number increases drastically, the domestic stainless steel producers would continue to remain under pressure.

Way Forward

At JSL we treat challenges as opportunities. Which is why, we have rolled out a series of initiatives aimed at improving quality, logistics, product mix and cost competitiveness, so as to help us in strengthening the bonds with our clients.

Jajpur plant in Odisha has ramped up and is nearing stabilization. With this JSL has a whole new range of products which have enabled the Company to enter new market segments, not accessible before.

At JSL customers always come first. We are focusing on an overall customer satisfaction approach with initiatives for improved responsiveness and flexibility, which is now backed by an organizational restructuring as well. The objective is to bring 'customer satisfaction' to the centre of the organization.

Despite the slow growth, Automotive, Railway & Transport and Architecture, Building & Construction sectors still remain as the best bet for the growth of the stainless steel sector.

Business Highlights (Standalone)

JSL's (Standalone) gross revenue for the financial year ended 31st March, 2013 at ₹ 11,090 crore has been highest ever, a growth of 31% Year-on-Year, mainly due to increased volume of sales at the new plant at Jajpur. Exports sales surged to ₹ 3,220 crore with Year-on-Year growth of 80% and Domestic sales grew by 18% to ₹ 7,870 crore from ₹ 6,678 crore in FY11-12.

Profit before depreciation, interest and taxes stood at ₹ 615 crore as against ₹ 904 crore in FY12 Net profit/ (loss) stood at ₹ (820) crore as compared to ₹ (104) crore mainly on account of Interest cost of ₹ 990 crore in comparison to ₹ 516 crore in FY11-12 and depreciation of ₹ 701 crore as compared to ₹ 408 crore in FY11-12. The increase in Interest is mainly on account of full year impact of Capitalization of Odisha Ph II project and conversion of some of the Foreign Currency borrowings into Rupee term loans. The increase in depreciation is also on account of the full year impact of new plant at Jajpur. The exceptional losses stood at ₹ (167) crore on account of fluctuation in foreign currency assets/liabilities as against ₹ (207) crore in FY12.

This was an exceptionally challenging year for JSL on account of tough economic conditions both Indian and Global, stabilization of new plant and government policies logjam. However, the company was able to achieve good progress in ramping up of Jajpur plant and achieve the highest ever sales and further expects to gain from this state of art plant in the years to come.

Risks and Concerns

JSL is exposed to normal industry risk factors like market fluctuation, economic slow down, government policies logjam, imports from global competitors etc. and manages these risks by deploying prudent business and risk management practices. The company has been undertaking continuous modernization programmes to maintain efficient operation of its products and engineering activities. The company has also made efforts to mitigate risk by enhancing the quality of its products, use of hot metal in Electric Arc Furnaces, reduction in energy consumption and emissions, and improved productivity. The company is also looking at various options to maintain an adequate level of liquidity for smooth running of its operations.

Internal Controls System

JSL's internal controls system is designed to provide a high degree of assurance regarding the effectiveness and efficiency of operations, reliability of financial controls and compliance with all relevant laws and regulations. Periodic independent internal checks and audits are conducted for monitoring effectiveness of controls. Necessary quality control systems and procedures have been established and clear demarcation of roles and responsibilities have been defined at various levels of operations.

The Whistle Blower Policy (Policy) adopted by the company provides an effective mechanism, which safeguards employees against any kind of victimization or unfair treatment to them. The Policy also encourages all employees, officers and directors to promptly report any suspected fraud, unethical behavior or any violation of the company's Code of Conduct within the organization.

Quality Management Systems

JSL is committed to continual quality improvement of all of its products, processes and services to meet customer requirements and expectations by means of a stringent Quality Management System (ISO 9001:2008).

Apart from QMS, Jindal Stainless Limited is also ISO 14001:2004 (EMS) & OHSAS 18001:2007 certified. These systems ensure that quality of the product is world class, and at the same time, the processes that go into making such products, are environmental friendly and risk free, thus providing a conducive work environment for all. The products of Odisha Division of JSL are also certified for Pressure Equipment Directive (PED-97/23/EC) & AD 2000 W0 and for Construction Product Directive (CPD 89/106/EEC) for using "CE" marking. These certifications demonstrate the capability of our product to meet the stringent requirements of the European Union for Pressurized Vessel applications like boilers, pressure vessels, valves etc. and for Architecture, Building and Construction (ABC) Sector respectively.

Research & Development

JSL produces wide range of stainless steel flat products including austenitic, ferritic, martensitic and duplex grades and has global recognition for pioneering work towards development and commercialization of chrome-manganese stainless steels. The wide spectrum encompasses from lean austenitic to super-austenitic, lean duplex to super-duplex, low cost ferritic to high chromium ferritic, stabilized austenitic to stabilized ferritic & lean martensitic to highly alloyed martensitic stainless steels. The products cover complete requirements of customers seeking materials that are lustrous, resistant to corrosion, withstand high as well as cryogenic temperatures, easy to deep draw and are highly weldable.

Manufacturing units at Hisar and Jajpur have been certified to IMS (Integrated Management System) comprising ISO 9001:2008 Quality Management System, ISO 14001:2004 Environment Management System and OHSAS 18001:2007 Occupational Health & Safety Management System by M/s TUV India (member of TUV NORDE). Besides instituting an E-based compliance management tool, company strives continually to exceed beyond the regulatory requirements and stakeholders expectations.

Environment

In its pursuit of sustaining and green environment, efficient use of all key resources (water, energy, raw materials, wastes etc) are being practiced through its effective management, technological measures and environmentally aware workforce. An environmental laboratory accredited by State Pollution Control Board and NABL, Ministry of Science & Technology, GoI is set up for environmental surveillance. Surface rain water is harvested for captive use. Entire Fly ash is used to develop degraded quarries as a land of potential utility. The company firmly believes in maintaining good environment for the society at large.

Health

Hisar and Jajpur units set up have a well equipped Occupational Health Centers manned by qualified occupational health specialists to provide basic diagnostic and therapeutic treatment. Company managed state of art hospital at Hisar serves the community as well.

Safety

Safety has been institutionalized around objectives, guiding principles and processes. The company continues to pursue EHS excellence through structured governance, rigorous self-assessment of operational discipline and employee involvement. Elaborative emergency preparedness has been devised to meet eventualities. M/s Cholamandalam Risk Management (P) Ltd., Chennai and M/s Chillworth Technology (P) Ltd, Delhi audited.

Awards & Accolades

- “Prakruti Mitra Award – 2012” from State Ministry of Forest & Environment, Government of Odisha for excellence in environmental conservation and promotion of environmental awareness & education.
- NABL Accreditation (National Accreditation Board for Testing & Calibration Laboratories), New Delhi, Department of Science & Technology, Ministry of Science & Technology, GoI for Environmental Laboratory.

Quality

JSL is committed to continual quality improvement of all of its products, processes and services to meet customer requirements and expectations by means of a stringent Quality Management System (ISO 9001:2008). The QMS is the foundation of our company's culture and is the responsibility of all employees. Our culture is built on integrity, excellence, entrepreneurship, and attention to detail. This is manifested in our insistence on meeting commitments, the use of advanced technologies, on-time delivery of unquestioned quality and the continuous improvement of our Quality Management System.

These systems ensure that quality of the product is world class, and at the same time, the processes that go into making such products, are environmental friendly and risk free, thus providing a conducive work environment for all. The internal control systems are continuously monitored and improved by means of a rigorous internal audit system that includes a cross functional team of auditors specifically trained for the above purpose. Addressing environmental aspects/risks in order to reduce/minimize their impact is a normal part of our business. With these systems in place, we aim to strive from customer satisfaction to customer delight.

The products are also certified for Pressure Equipment Directive (PED-97/23/EC) & AD 2000 W0 and for Construction Product Directive (CPD 89/106/EEC) for using “CE” marking. These certifications demonstrate the capability of our product to meet the stringent requirements of the European Union for Pressurized Vessel applications like boilers, pressure vessels, valves etc. and for Architecture, Building and Construction (ABC) Sector respectively.

Company CSR Vision

JSL, during the Financial Year 2012–13, has aligned its Corporate Social Responsibility activities toward its overall vision of becoming a Socially Responsible Corporate. Towards this end, the key social developmental issues have focused on the education & skill development, women empowerment, community development, integrated health care, infrastructure development and has been championing the issue on ‘Business & Human Rights’. There have been significant outcomes, which besides scaling up the activities are indicative of focused achievements aimed at touching lives of many in varied ways. Some of the highs are appended below:

Education - Initiatives have benefitted over 3000 children through different approaches like formal, OP Jindal School and Vidya Devi Jindal School and non formal, remedial and education through sports programs.

- Skill Training - The institutes at different locations have trained youth in Industrial electrical, IT, Sign Language (for I deaf), Dress Designing and Beauty Culture.

- Business & Human Rights – The Company has been engaged in creating greater awareness amongst various stakeholders on issues relating to rights, especially in the domain of environmental and security and has been developing internal grievance mechanism processes.

During the ensuing year, JSL management will continue to focus on skill development, education with a difference and women empowerment. To demonstrate our resolve, we have initiated a new project in partnership with the Ministry of Rural Development (MoRD), with the aim of imparting skill training to unemployed youth of the State of Jammu & Kashmir. Under 'Education with a difference' programme our focus is on providing quality education through a combination of various tools with particular reference to establishing a 'Coaching Centre', for students to compete in various entrance examinations with a special reference to the JEE examination. Towards women empowerment the focus of our activities is to promote and create model production centres at the village level run by women groups themselves with background support from Jindal Stainless Foundation.

Our People: Our Central Nervous System

JSL remains focused on its long-term commitment towards development and nurturing of employees. As a learning organization, JSL aims at creating, acquiring and transferring knowledge to its employees and motivate them to reinvent their individual capabilities. The year saw focus on strengthening of HR processes, enhancement of leadership potential, building organization capability and employee communication.

In order to build organizational capabilities, we continue to bring key talents on board. Overall employees added were approx. 440 during the year which included approx. 90 GETs.

JSL believes that development of leaders is directly proportionate to organization's high performance. JSL has focused on developing the skills and competencies required for the employees to deliver against different business complexities. In line with the same, company has made considerable effort and investment towards emerging leaders program – "EXCEED" and "LEAP". These programs are aimed at enhancing leadership potential and providing a full spectrum of leadership development opportunity through various interventions.

- (b) As informed to us, the company has not taken any loan, secured or unsecured, from companies, firms, or other parties covered in the register maintained under section 301 of the Act. Accordingly, the provisions of clause 4 (iii) (f) & (g) of the Order are not applicable.
4. In our opinion and according to the information and explanations given to us, having regard to the explanations that certain items purchased/sold are of special nature for which, as explained, suitable alternatives sources do not exist for obtaining comparative quotations, taking into consideration the quality, usage and such other factors, there are adequate internal control systems commensurate with the size of the company and nature of its business with regard to purchase of inventory, fixed assets and for the sale of goods and services. Further, on the basis of examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given, we have neither come across nor have we been informed of any instance of major weaknesses in aforesaid internal control systems.
5. (a) To the best of our knowledge and according to the information and explanations given to us, we are of the opinion that the particulars of contracts or arrangements that need to be entered in the register maintained under section 301 of the Act, have been so entered.
- (b) In our opinion and having regard to our comments in paragraph 4 above, and according to the information and explanations given to us, transactions made in pursuance of contracts or arrangements entered into the register maintained under section 301 of the Act, and exceeding the value of rupees five lacs in respect of each party during the year have been made at prices which are reasonable having regard to prevailing market prices at the relevant time where such market prices are available.
6. In our opinion and according to the information and explanations given to us, the company has complied with the directives issued by the Reserve Bank of India and the provisions of Section 58A, 58AA or any other relevant provisions of the Act, and the Rules framed there under with regard to deposits accepted from public. We have been informed that no order has been passed by Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal in this regard.
7. In our opinion, the company has an internal audit system commensurate with the size of the company and nature of its business.
8. We have broadly reviewed the books of accounts maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under section 209(1) (d) of the Act, in respect of the Company's products and are of the opinion that, prima facie, the prescribed records have been made and maintained. We are, however, not required to make a detailed examination of such books and records.
9. (a) In our opinion and according to the information and explanations given to us, undisputed statutory dues including Provident Fund, Investor Education and Protection Fund, Employees' State Insurance, Income Tax, Sales Tax, Wealth Tax, Service Tax, Custom Duty, Excise Duty, Cess and other material statutory dues have generally been regularly deposited during the year with appropriate authorities. No undisputed amount payable in respect of the aforesaid statutory dues were outstanding as at last day of the financial year for a period of more than six months from the date they became payable.

- (b) In our opinion and according to the information and explanations given to us, there are no dues in respect of Wealth Tax that have not been deposited with appropriate authorities on account of disputes and the dues in respect of Income Tax, Excise duty, Service Tax, Sales Tax and Custom Duty that have not been deposited with appropriate authorities on account of dispute and the forum where the dispute is pending are as given below:

Note No - 1 Significant Accounting Policies**i) Basis of Preparation of Financial Statements**

The financial statements are prepared under the historical cost convention, on accrual basis of accounting, in accordance with the generally accepted accounting principles as applicable, accounting standards issued by the Institute of Chartered Accountants of India and the relevant provisions of the Companies Act, 1956.

ii) Use of Estimates

The preparation of financial statements requires use of estimates and assumptions to be made that affect the reported amounts of assets, liabilities and disclosure of contingent liabilities on the date of financial statements and the reported amounts of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known / materialized.

iii) A) Fixed Assets & Depreciation**a) Fixed Assets**

Fixed Assets are stated at their cost of acquisition / construction less accumulated depreciation and impairment losses. Cost comprises of all cost, net of income (if any), incurred to bring the assets to their present location and working condition and other related overheads till such assets are ready for intended use. Assets vested in the company pursuant to the scheme of Arrangement and Demerger are stated at their fair market values based on the valuation report of financial consultant.

b) Depreciation and Amortisation

Depreciation on Fixed Assets is provided on Straight Line Method basis at the rates and in the manner specified in Schedule XIV of the Companies Act, 1956 (except on power plant where depreciation is provided @7.84% considering the estimated useful life). For assets acquired pursuant to the Scheme of Arrangement and Demerger where the residual life of assets are estimated at less than that worked out on the basis of rates under Schedule XIV, the same are depreciated over their respective residual lives.

c) Assets not owned by the Company are amortised over a period of ten years.

d) Lease Hold Assets are amortised over the period of lease.

e) Classification of plant & machinery into continuous and non-continuous is made on the basis of technical assessment and depreciation is provided for accordingly.

B) Intangible Assets

Intangible Assets are stated at cost which includes any directly attributable expenditure on making the asset ready for its intended use. Intangible Assets are amortized over the expected duration of benefit or 10 years, whichever is lower.

C) Impairment

Impairment loss is recognized wherever the carrying amount of an asset is in excess of its recoverable amount and the same is recognized as an expense in the statement of profit and loss and carrying amount of the asset is reduced to its recoverable amount. Post impairment, depreciation is provided on the revised carrying value of the asset over its remaining useful life.

Reversal of impairment losses recognized in prior years is recorded when there is an indication that the impairment losses recognized for the asset no longer exist or have decreased.

iv) Revenue Recognition

Revenue is recognized when it is earned and no significant uncertainty exists to its realization or collection.

Revenue from sale of goods: is recognized on delivery of the products, when all significant contractual obligations have been satisfied, the property in the goods is transferred for a price, significant risks and rewards of ownership are transferred and no effective ownership is retained.

Revenue from other activities: is recognized based on the nature of activity, when consideration can be reasonably measured. Certain claims like those relating to Railways, Insurance, Electricity, Customs, and Excise are accounted for on acceptance/when there is a reasonable certainties.

v) Borrowing Costs

Borrowing costs attributable to the acquisition /construction of qualifying assets are capitalized as part of cost of such assets and other borrowing costs are recognized as expense in the period in which these are incurred.

vi) Foreign Currency Transactions

Foreign currency transactions are recorded at the rate of exchange prevailing on the date of the transactions. Monetary assets and liabilities related to foreign currency transactions remaining unsettled are translated at year end rate.

The difference in translation of Monetary assets and liabilities and realized gains and losses on foreign exchange transaction are recognized in profit & loss account except of loan/liability related with acquisition of depreciable fixed asset where the same is treated as cost of the asset.

Foreign currency gain/loss relating to translation of net investment in non-integral foreign operation is recognized in the foreign currency translation reserve.

Premium/Discount on forward foreign exchange contracts are pro-rated over the period of contract.

vii) Investments

Long term investments are carried at cost. When there is a decline other than temporary in their value, the carrying amount is reduced on an individual investment basis and decline is charged to the Profit & Loss Account. Appropriate adjustment is made in carrying cost of investment in case of subsequent rise in value of investments.

Current Investments are carried at lower of cost or market value.

viii) Valuation of Inventories

Inventories are valued at the lower of cost and net realisable value except scrap which is valued at net realisable value. The cost is computed on Weighted Average basis. Finished goods and Work in Progress includes cost of conversion and other overheads incurred in bringing the inventories to their present location and condition.

ix) Employee Benefits

a) Short term Employee Benefits

Short term employee benefits are recognized during the year in which the services have been rendered and are measured at cost.

b) Defined Contribution Plans

The Provident Fund and Employee's State Insurance are defined contribution plans and the contributions to the same are expensed in the Profit and Loss Account during the year in which the services have been rendered and are measured at cost.

c) Defined Benefit Plans

The Provident Fund (Funded), Leave Encashment and Gratuity are defined benefit plans. The Company has provided for the liability at year end based on actuarial valuation using the Projected Unit Credit Method. Actuarial gains and losses are recognized as and when incurred.

d) Employee Stock Option Scheme

The excess of market price on the date of grant over the exercise price is recognized as deferred compensation expenses amortized over the vesting period on a straight- line basis, as per the accounting treatment prescribed by the Employee Stock Option Scheme and Employee Stock Purchase Scheme Guidelines, 1999 issued by the Securities and Exchange Board of India.

x) Miscellaneous Expenditure

a) Preliminary expenses are written off over the period of ten years.

b) Bonds issue expenses and premium on redemption are written off over the expected duration of benefit or life of the bonds, whichever is earlier.

c) Mines development expenses incurred for developing and preparing new mines are written off over the period of expected duration of benefits or ten years, whichever is earlier.

xi) Taxation

Provision is made for income-tax liability in accordance with the provisions of Income-Tax Act, 1961.

Deferred tax resulting from timing differences between book profits and tax profits is accounted for applying the tax rates and laws that have been enacted or substantively enacted till the Balance Sheet date.

Deferred Tax Assets arising from timing differences are recognized to the extent there is a reasonable/virtual certainty that the assets can be realized in future.

xii) Management of Metal Price Risk/ Derivatives

Risks associated with fluctuations in the price of the raw material metal are mitigated by hedging on futures/option market. The results of metal hedging contracts/transactions are recorded upon their settlement as part of raw material cost.

Risk of movements in the interest rates, foreign currencies are hedged by derivatives contract such as Interest Rate Swaps, Currency Swaps, Forward Contracts and Currency Options.

All outstanding derivative instruments at year end are marked-to-market by type of risk and the resultant losses, if any, are recognized in the Profit & Loss Account/Pre-operative expenses, gains are ignored.

xiii) Contingent Liabilities

Contingent liabilities, if material, are disclosed by way of notes.

43. The Haryana Government levied w.e.f. 05.05.2000 a Local Area Development Tax (the LADT Act) on the Manufacturing units in the State of Haryana on the entry of goods for use and consumption. JSL and other units have challenged the Act in the Hon'ble Punjab and Haryana High Court. The Hon'ble Punjab and Haryana High Court disallowed the petition in December, 2001 and the company had by a Special Leave Petition challenged the Order of High Court in the Hon'ble Supreme Court. The Hon'ble Supreme Court referred the matter to a 'five judges' Constitutional Bench, which laid certain parameters to examine the Act on those lines. On the basis of these parameters the Hon'ble High Court have declared the Act to be ultra virus on 14th March, 2007. Since, this issue was being canvassed by various High Courts, the Hon'ble Supreme Court gave an Interim Order that those states where the High Courts have given judgment in favour of the petitioner, no tax would be collected. In the mean time the Haryana Government has repealed the LADT Act and introduced another Act by the name of 'Entry Tax' on the same lines. That Act was also been held ultra virus by the High Court. However, on prudence basis, the liability has been fully provided for. The order of Punjab and Haryana High Court and other judgements of all the Courts of India have been long pending. The State Governments have requested the Hon'ble Supreme Court that it is very difficult for them to run the Government. So at least till the pendency of the cases in the Hon'ble Supreme Court they may be allowed to charge from past liability and also from the future liability to be accrued. On 30th October, 2009, the Hon'ble Supreme Court have directed that 1/3rd of the liability is to be paid by all the assesses whose cases are pending in the High Courts. As, at present, there is no Act either LADT/Entry Tax prevalent in Haryana State, no tax is being collected from the assesses however undertaking have given by assesses that in case they lose they will make the payment. As such on prudence basis, full liability has been provided for. In the meantime, i.e. on 16.04.2010 the Entry Tax matters of the states have been referred to a larger 9-Judges Constitutional Bench of the Supreme Court, where the judgement of 7-Judges Constitutional Bench passed 49 years ago would be revisited. Constitution Bench has not been constituted as yet and the status of the case is as it is and at present no tax is being collected/paid in Haryana.

The estimates of future salary increase, considered in actuarial valuation, taking into account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

- (f) The company makes monthly contributions to Provident Fund managed by Trust for qualifying employees. Under the scheme, the company is required to contribute a specified percentage of the payroll costs to fund the benefits.

In keeping with the Guidance on Implementing Accounting Standard (AS) 15 (Revised) on Employee Benefits notified by the companies (Accounting Standards) Rules, 2006, employer established provident fund trusts are treated as Defined Benefit Plans, since the Company is obliged to meet interest shortfall, if any, with respect to covered employees. Accounting to the actuarial Valuation, the Defined Benefit Obligation of Interest Rate Guarantee on exempted Provident Fund in respect of employees of the company as on 31st March, 2013 works out of ` Nil and hence no provision is required to be provided for in the books of account towards the guarantee for notified interest rates.

Actuarial assumptions made to determine Interest Rate Guarantee on Exempt Provident Fund Liabilities are as follows:

Particulars	31st March 2013
Rate of Discounting	8.15%
Rate of return on assets	9.03%
Guaranteed Rate of Return	8.50%

TO THE BOARD OF DIRECTORS OF JINDAL STAINLESS LIMITED ON THE CONSOLIDATED FINANCIAL STATEMENTS OF JINDAL STAINLESS LIMITED, ITS SUBSIDIARIES AND ASSOCIATE

We have audited the accompanying consolidated financial statements of Jindal Stainless Limited and its subsidiaries and its interest in an associate (collectively referred to as "the Group"), which comprises the Consolidated Balance Sheet as at 31st March 2013, and the statement of the Consolidated Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal controls relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the Group's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) In the case of consolidated Balance Sheet, of the state of affairs of the Group as at 31st March, 2013;
- (b) In the case of consolidated Statement of Profit & Loss Account, of the Loss for the year ended on that date; and
- (c) In the case of consolidated Cash Flow Statement, of the cash flows for the year ended on that date.

Emphasis of Matter

Attention is drawn to the following:

- (a) Note no. 48 regarding pending necessary approvals for managerial remuneration as explained in the said note;
- (b) Note no. 30(A)(v)e regarding pending confirmations of balances of secured loans as stated in the said note;
- (c) Note no. 39 regarding loss of Intangible Assets not provided for pending decision of Arbitration Proceedings; and
- (d) Note no. 41(a) regarding pending necessary approval as stated in the said note.

Our opinion is not qualified in respect of these matters.

Other Matters

- (a) We did not audit the financial statements of subsidiaries except as stated in Para (b) herein below, whose financial statements reflect total assets of ` 130,405.96 lacs as at 31st March 2013, total revenue of ` 220,872.40 lacs and total cash flow of ` 457.93 lacs for the year then ended. We also did not audit the financial statements of an associate in whose financial statements the Group's share of loss is ` 41.28 lacs for the year ended on 31st March 2013. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion is solely based on the report of the other auditors.
- (b) Audited financial statements of a subsidiary reflecting total assets of ` 555.80 lacs as at 31st March 2013, total revenue of ` 516.53 lacs and total cash flow of ` (8.83) lacs for the year then ended have been audited by one of the joint auditors of the Company whose report has been furnished to us by the management and our opinion is based solely on the report of the said auditor.
- (c) We did not audit the financial statements of other subsidiaries as stated in Note no. 1(i), whose unaudited financial statements reflect total assets of ` 13,164.47 lacs as at 31st March 2013, total revenues of ` 12,100.46 lacs and total cash flow of ` (0.46) lacs for the year then ended. The said financial statements, which were furnished to us by the management, were unaudited. We are unable to express an opinion on true and fair view in so far as it relates to amounts considered in the consolidated financial statements in respect of these subsidiaries.

30. (A) Corporate Debt Restructuring

- i) The Company's proposal in relation to re-work of its term debt obligations ("Rework Scheme") under CDR mechanism has been approved by CDR EG through Rework Letter of Approval ("Rework LOA") vide its letter dated September 18, 2012. The Rework Scheme inter-alia includes reworking of repayment schedule, interest funding, adjustments in interest rates to ensure protection of net present value of the respective facilities, etc w.e.f. 31st March 2012 ("Reworking Cut-off Date"). Consequently, the amended & restated master restructuring agreement ("Amended MRA") & other necessary documents have been executed with all the lenders, except one.
- ii) Under the Rework Scheme, the interest rates are shifted from fixed rate of interest to floating rate of interest. Interest has been accounted for based upon terms of Rework Scheme / confirmation so far received from banks.
- iii) The Funded Interest Term Loan (FITL-II) has been created on certain credit facilities. Accordingly, the value of debt service (including interest paid) post Reworking Cut-off Date amounting to ` 906.61 Lacs (including refunds due of CDR 2009-10) to be refunded by banks/institutions is included under loans and advances.

Further, subject to necessary applicable approvals including regulatory and CDR EG, each CDR Lender have the option to convert up to an amount equivalent to 30% of FITL – II (being created out of interest for the financial year 2012–13 in the Rework Scheme), into equity shares on certain terms and conditions.

- iv) As per the Rework Scheme, the company/promoters are to arrange equity of ` 200 crores out of which the promoters have already brought in ` 100 crores by way of preferential subscription and balance equity is to be introduced by 31st March, 2014.

- v) The credit facilities / loans under Rework Scheme will also be secured by:
- a. Unconditional & irrevocable personal guarantee of VC & MD Mr. Ratan Jindal;
 - b. Unconditional & irrevocable corporate guarantee of promoter group companies in proportion to the number and to the extent of equity shares pledged or required to be pledged by each body corporate.
 - c. Pari-passu pledge/ non disposal undertaking / lodgment of 65,306,625 nos. of equity shares held in the company by promoters. The pledge to the extent of 87.7% in respect of additional equity shares allotted to, a member of the promoter group, on 30th March 2013; and
 - d. Under the Scheme, the company has created pari passu pledge and submitted non-disposal undertaking for all its investment in subsidiaries as listed below:
 - JSL Lifestyle Limited
 - JSL Logistics Limited
 - PT. Jindal Stainless Indonesia
 - Jindal Stainless UK Limited

31. The Haryana Government levied w.e.f. 05.05.2000 a Local Area Development Tax (the LADT Act) on the Manufacturing units in the State of Haryana on the entry of goods for use and consumption. JSL and other units have challenged the Act in the Hon'ble Punjab and Haryana High Court. The Hon'ble Punjab and Haryana High Court disallowed the petition in December, 2001 and the company had by a Special Leave Petition challenged the Order of High Court in the Hon'ble Supreme Court. The Hon'ble Supreme Court referred the matter to a 'five judges' Constitutional Bench, which laid certain parameters to examine the Act on those lines. On the basis of these parameters the Hon'ble High Court have declared the Act to be ultra virus on 14th March, 2007. Since, this issue was being canvassed by various High Courts, the Hon'ble Supreme Court gave an Interim Order that those states where the High Courts have given judgment in favour of the petitioner, no tax would be collected. In the mean time the Haryana Government has repealed the LADT Act and introduced another Act by the name of 'Entry Tax' on the same lines. That Act was also been held ultra virus by the High Court. However, on prudence basis, the liability has been fully provided for. The order of Punjab and Haryana High Court and other judgements of all the Courts of India have been long pending. The State Governments have requested the Hon'ble Supreme Court that it is very difficult for them to run the Government. So at least till the pendency of the cases in the Hon'ble Supreme Court they may be allowed to charge from past liability and also from the future liability to be accrued. On 30th October, 2009, the Hon'ble Supreme Court have directed that 1/3rd of the liability is to be paid by all the assesses whose cases are pending in the High Courts. As, at present, there is no Act either LADT/Entry Tax prevalent in Haryana State, no tax is being collected from the assesses however undertaking have given by assesses that in case they lose they will make the payment. As such on prudence basis, full liability has been provided for. In the meantime, i.e. on 16.04.2010 the Entry Tax matters of the states have been referred to a larger 9-Judges Constitutional Bench of the Supreme Court, where the judgement of 7-Judges Constitutional Bench passed 49 years ago would be revisited. Constitution Bench has not been constituted as yet and the status of the case is as it is and at present no tax is being collected/paid in Haryana.
32. (a) The company has filed Writ Petition (C) before the Hon'ble High Court of Orissa, challenging the order passed by the Dy Commissioner of Commercial Tax, Jajpur for the period from 01/10/2006 to 30/09/2010, for payment of Entry Tax under the Orissa Entry Tax Act 1999 on the goods procured from outside the territory of India. The demand is on 2/3rd amount of Entry Tax on the goods imported from outside the territory of India on which the payment of 1/3rd amount of entry tax deposited as per the interim order of the Hon'ble Supreme Court. Considering the prudence demand of entry tax have been fully provided for and pending final decision interest and penalty have been shown under note no. 26(A)(d)(i) (Contingent Liability).

The Hon'ble Court has heard the matter and vide its interim order dated 14.03.2012, directed the company to deposit 50% of the amount of interest i.e. ` 1.08 crores by 25.03.2012 and granted stay for the balance amount of demand till disposal of the case. The company has deposited the amount within the permitted time and informed to the Hon'ble Court.

- (b) The Company had also challenged the levy of entry tax on goods not produced in Orissa and same is pending before decision of the Hon'ble Supreme Court. Considering the prudence full liability in this regards have been provided. Interest/ penalty if any, will be accounted for as and when finally settled/determined and the same is included in note no. 26(A)(d)(i) (Contingent Liability).

39. In the case of Green Delhi BQS Limited (GDBQS) has Concession Agreement with Delhi Transport Corporation (DTC) for BOT Project of Bus-Q-Shelter (BQS) wherein the Company is to pay ` 93,800/- per BQS per month as concession fee. However, DTC did not hand over some of the premium sites at Airport area of Delhi for construction of BQS as per the agreed Contract and breached the terms of Concession Agreement. The advertisement revenue of the aforesaid sites is much higher than the sites proposed to be handed over, The Company has approached, Hon'ble Delhi High Court, to resolve the dispute for the injustice done to the Company in non allotment of the premium sites. Meanwhile, DTC has terminated the contract because of non payment of full concession fee to DTC. However, Hon'ble Delhi High Court vide order dated 31st March, 2011 upheld the decision of termination of contract by DTC wherein the Hon'ble Court had given the order that as per the contract agreement, the matter is to be contemplated in Arbitration Proceedings. BQS were handed over to DTC. Case is being heard in the Arbitration Proceedings. One of the outcomes of Arbitration could be that GDBQS may get back all the shelters and will resume the business. Hence pending decision of Arbitration proceedings, loss of Intangible Assets of Bus-Q-Shelters (Concession rights) of ` 2,533.96 Lacs has not been provided for. However, the full concession fee ranging from ` 93,800/- to ` 98,490/- per BQS per month as per agreement is provided for in accounts.
40. In case of Green Delhi BQS Limited and JSL Media Limited, in view of non availability of convincing evidence as to the certainty of the future taxable profit, no deferred tax has been created for the current year.
41. a) In the year 2008, the company (JSL Stainless Ltd.) and PT Antam (Persero) Tbk, Indonesia had entered into Joint Venture agreement (50:50) to establish integrated stainless steel facilities in Indonesia and for that purpose initial equity contribution of USD 45,00,000 was remitted to JSL Venture Pte. Ltd. through JSL Group Holding Pte. Ltd., Singapore. Pending utilization and because in 2008 Joint Venture was in the initial stage of project report preparation, initial Equity Contribution by JSL Venture Pte. Ltd. of USD 45,00,000 was parked with PT Jindal Stainless Indonesia (PTJSI, a subsidiary company in Indonesia). However, on account of certain issues the JSL (JSL Stainless Ltd.) and PT Antam decided to abandon the JV in 2010 as the equity received by JV company was parked with PTJSI on behalf of the company (JSL), the JSL Venture Pte. Ltd. has knocked off the equity liability against loan receivable from PTJSI. Subsequent to the above based on the MOU signed on 31st March, 2011 by JSL Venture Pte. Ltd. and PTJSI the above USD 45,00,000 been converted into an arrangement as "Cumulative Non-Convertible 0.01% subordinate un-secured term loan due in January, 2061 and outstanding and payable by PTJSI to JSL Venture Pte. Ltd., pending necessary approvals.
- b) Further in addition to above unsecured loan from the company (JSL) to PTJSI of US \$ 2,500,000 for purchase of assets from PT Maspion Stainless Steel Indonesia is outstanding till date where there is no terms of definite repayment.
42. Subsidiary company PTJSI had entered into a joint venture agreement with following two partners for activities of production, mining and trading of chrome and smelting in Vietnam with invested capital of US \$ 18,000,000 and charter capital of US \$ 5,400,000. Such co-operation activities are under suspension since 2008 on account of slowdown in economic activities. Till 31st March 2013 PTJSI has contributed US \$ 1,606,000 and the same is disclosed as investment advance, pending allotment of shares and receipt of confirmation. As the financial statement till 31st March 2013 are not available with the PTJSI no disclosure as per Accounting Standard 27 on "Financial Reporting of Interest in Joint Ventures", except as stated below as given;
- a) Name of JV Company - Jindal – Nong Cong Ferro – Chrome Limited Company

2	Nong Cong Joint Stock Company Trading (Vietnam)	10%	540,000
3	LM Camus Engineering Corporation Company (Philippines)	10%	540,000
	Total	100%	5,400,000

43. During the year, Company has issued and allotted 13,550,000 Nos. fully paid up equity shares of ₹ 2 each at ₹ 74 per share (including premium of ₹ 72 per share) on preferential basis in terms of approval taken from shareholder. Amount received of ₹ 100.27 crores have been fully utilized for the purpose the issue was made.
44. In PT Jindal Stainless, Indonesia with effect from January 1, 2012, it applied PSAK number 10 (revised 2010) "The Effects of Changes in Foreign Exchange Rates", which describes how to include foreign operations in the financial statements of an entity and translate financial statements into a presentation currency. The company considers the primary indicators and other indicators in determining its functional currency. The Company determined that its Company's functional currency is the US Dollar and decided that the presentation currency for the financial statements is the US Dollar. In relation to such change in the presentation currency, the statements of financial position as of March 31, 2012 and April 1, 2011/March 31, 2011 and the statements of comprehensive income, changes in equity and cash flows for the year ended March 31, 2012 were restated and presented using the US Dollar as the presentation currency.
