Dear Shareholders,

Palred Technologies:

Bridging the Gap between Technology & People

It is with great pleasure that I present to you the 22nd Annual Report of Palred Technologies Limited. It captures the progress and developments of an eventful year that brought in several challenges and opportunities. Amidst the Global crisis of 2020, Palred Technologies fundamental purpose of innovation and leadership never wavered. We ended the year more certain and strong with our brand pTron emerging as one of the leaders in Digital Lifestyle Audio & Wearables space amongst several Global & top-rated Indian players.

Along with the entire board I take this opportunity to congratulate & thank our employees and partners for their great dedication & commitment as they adapted to the challenges of the global pandemic and delivered uninterrupted service for millions of pTron customers to set new benchmarks.

Leading the Battle against COVID-19

Throughout 2020, our company responded to the economic impacts and operational setbacks from COVID-19 with strong governance and oversight. The Board approved difficult but necessary financial decisions to maintain operating cash flow, preserve jobs and maintain continuous support for customers. Strong fiscal measures such as reducing capital expenditures helped strengthen our financial position and allowed pTron & Palred Technologies to bounce back quickly as market conditions improved.

Towards a Self-Reliant pTron x India

Tactical adjustments and pivotal business decisions such as the Make in India initiative enabled us to balance the risks inherent to the industry and capitalise on the considerable opportunities that exist there. We are constantly growing and to overcome the challenges of the manufacturing landscape induced by the COVID impact, we kick-started our India plant at Kurnool, Andhra Pradesh in August 2020. I feel proud to share that we are the 1st Indian company to design, engineer and manufacture a True Wireless Earbud in India under GOI's Make in India scheme. As we continue to drive the audio accessories market in India, we are focused on ramping up our capabilities in terms of skilled manpower, advanced machinery & equipment, and a dedicated team of trained and experienced resources for advanced testing and research as we scale up gradually to include more products under our Make in India catalog.

Delivering Results; Poised for Future Growth

pTron's vision is to make technology affordable and accessible to all. Revenue of pTron increased to INR 105.75 crores, compared to INR 34.69 crores i.e., a 205% growth. pTron is one the largest & bestselling brands on Amazon. We have also activated and expanded new channels of business including Flipkart, Myntra, Reliance Digital, Udaan and offline distributors that are also growing fast.

Also, I commend our Senior Leadership Team for so capably executing Palred Technologies business strategy in a turbulent year. Although some uncertainty remains in our industry, I feel confident that Palred Technologies is on a strong footing as we begin this New Year. It is my privilege to share this 2020 Palred Technologies Annual Report that celebrates the impact of our ceaseless dedication to connecting with purpose in all that we do.

Thank you,

Palem Supriya Reddy

Chairperson & Managing Director

Notes

1. In view of the COVID-19 pandemic and pursuant to the General Circular Nos. 14/2020, 17/2020, 20/2020, 02/2021 issued by the Ministry of Corporate Affairs ("MCA") and Circular no. SEBI/HO/CFD/CMD1/CIR/P/2020/79 and SEBI/HO/CFD/CMD2/ CIR/P/2021/11 issued by the Securities and Exchange Board of India ("SEBI") (hereinafter collectively referred to as "the Circulars"), companies are allowed to hold Annual General Meeting through VC/OAVM, without the physical presence of Members at a common venue. Hence, in compliance with the Circulars, the 22nd Annual General Meeting ("AGM") of the Company is being held through VC. Accordingly, the facility for appointment of proxies will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
2. The Company has engaged the services of Central Depository Services (India) Limited ("CDSL"), as the authorized agency for conducting the AGM and providing remote e-Voting and e-Voting facility for/during the AGM of the Company. The instructions for participation by Members are given in the subsequent notes.
3. Since the AGM will be held through VC, the Route Map is not annexed to this Notice. The registered office of the Company shall be deemed to be the venue for the AGM.
4. Members attending the AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum of the AGM under Section 103 of the Act.
5. Compliance with the MCA Circulars and SEBI Circular dated January 15, 2021 as aforesaid, Notice of the AGM along with the Annual Report (viz. Financial Statement) for Financial Year 2020-2021 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/Depositories/R&T Agent. Members may note that the Notice and Annual Report for Financial Year 2020-2021 will also be available on the Company's website www.palred.com, websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively and on the website of R&T Agent of the Company viz. KFin at <https://evoting.kfintech.com>.

Alternatively, Member may send signed copy of the request letter providing the e-mail address, mobile number, self-attested PAN copy, DP ID (in case of electronic mode shares), folio No (in case of physical mode shares) via e-mail at the Email Id – einward.ris@kfintech.com for obtaining the Annual Report and Notice of e-AGM of the Company electronically.
6. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.
7. The facility of joining the e-AGM through VC / OAVM will be opened 15 minutes before and will remain open upto 15 minutes after the scheduled start time of the e-AGM, and will be available for 1000 members on a first-come first-served basis. This rule would however not apply to participation in respect of large Shareholders (Shareholders holding 2% or more shares of the Company), Promoters, Institutional Investors, Auditors, Key Managerial Personnel and the Directors of the Company including Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee.
8. The Register of Members and Share Transfer Books of the Company will remain closed from Monday, 20.09.2021 to Saturday, 25.09.2021 (both days inclusive) for the purpose of AGM.
9. M/s. S.S. Reddy and Associates, Practicing Company Secretaries, has been appointed as the Scrutinizer to scrutinize the remote e-Voting/e-Voting process in a fair and transparent manner. The Scrutinizer will submit the report to the Chairman, or any person authorised by him after completion of the scrutiny and the results of voting will be announced after the AGM of the Company. Subject to receipt of requisite number of votes, the resolutions shall be deemed to be passed on the date of the AGM. The result will also be displayed on the website of the Company at www.bseindia.com, www.nseindia.com (where the Company is listed) and www.evotingindia.com (agency providing e-Voting facility).
10. Members of the Company under the category of Institutional/ Corporate Shareholders are encouraged to attend and vote at the AGM through VC. Corporate Members intending to authorize their representatives to participate and vote are requested to send a certified copy of the Board resolution / authorization letter to the Scrutinizer by email at ssrfcs@gmail.com and the same should also be uploaded on the VC portal / e-Voting portal of CDSL.
11. Members who have not yet registered their e-mail addresses are requested to register the same with their DP in case the shares are held by them in demat mode and with RTA in case the shares are held by them in physical mode.
12. To register e-mail address for all future correspondence and update the bank account details, please follow the below process:
 - a. Members holding shares in Demat mode can get their details registered/updated only by contacting their respective DP.
 - b. Members holding shares in physical mode may register their email address and mobile number with the RTA by sending an e-mail request to the email ID einward.ris@kfintech.com along with signed scanned copy of the request letter providing the email address and mobile number, self-attested copy of Permanent Account Number Card ("PAN") and copy of a share certificate for registering their email address. Additional details like name and branch of Bank along with bank account type, bank account number, 9-digit MICR code, 11-digit IFSC code and scanned copy of cancelled cheque will be required for updating bank account details.
13. SEBI has mandated submission of PAN by every participant in the securities market. Members holding shares in demat

mode are, therefore, requested to submit their PAN to their DP. Members holding shares in physical mode are required to submit their PAN details to the RTA.

14. As per the provisions of Section 72 of the Companies Act, 2013 ("the Act"), the facility for submitting nomination is available for Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same with their DP in case the shares are held by them in demat mode, and to the RTA, in case the shares are held in physical mode.

15. INSTRUCTIONS FOR E-VOTING AND JOINING THE AGM:

A. VOTING THROUGH ELECTRONIC MEANS

- In compliance with the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 and Regulation 44 of Listing Regulations and applicable circulars, the Members are provided with the facility to cast their vote electronically (through remote e-Voting as well as the e-Voting system on the date of the AGM), through the e-Voting services provided by CDSL, on all the resolutions set forth in this Notice.

[Pursuant to Section 102 of the Companies Act, 2013]

Item No. 3 & 4

Keeping in view the Company's existing and future financial requirements to support its business operations, the Company needs additional funds. For this purpose, the Company is desirous of raising finance from Banks and/or Financial Institutions and/or any other lending institutions and/or Bodies Corporate and/or such other persons/ individuals as may be considered fit.

In accordance with the provisions of Section 180(1)(a) and 180(1)(c) of the Companies Act, 2013, the following powers can be exercised by the Board of Directors with the consent of the Members by a Special Resolution:

- To pledge, mortgage, hypothecate and/or charge all or any part of the moveable or immovable properties of the Company and the whole or part of the undertaking of the Company;
- To borrow money, where the money to be borrowed, together with the money already borrowed by the Company will exceed the aggregate of the Company's paid-up share capital and free reserves and securities premium, apart from temporary loans obtained from the company's bankers in the ordinary course of business, except

The Board is of the view that in order to further expand the business activities of the Company and for meeting the expenses for capital expenditure, the Company may be further required to borrow money, either secured or unsecured, from the banks/ financial institutions/ other body corporate, from time to time, and to pledge, mortgage, hypothecate and/or charge any or all of the movable and immovable properties of the Company and/or whole or part of the undertaking of the Company.

The Board of Directors of the Company proposes to increase the limits to borrow money upto Rs. 100 Crores (one hundred crores) and to secure such borrowings by pledging, mortgaging, hypothecating the movable or immovable properties of the Company amounting up to Rs. 100 Crores (one hundred crores)

It is, therefore, required to obtain fresh approval of members by Special Resolution under Sections 180(1)(a) and 180(1)(c) of the Companies Act, 2013, to enable the Board of Directors to borrow money in excess of the aggregate of the paid-up share capital and free reserves of the Company and to create charge on the assets over the Company under the Companies Act, 2013.

The Board recommends the Special Resolution set out at Item No. 3&4 of the Notice for approval by the Members

None of the Directors/Key Managerial Personnel of the Company and their relatives are in any way, concerned or interested, financially or otherwise, in the Resolution set out in the Notice.

Item No. 5

The Company has been making investments in, giving loans and guarantees to and providing securities in connection with loans to various persons and bodies corporate (including its subsidiary) from time to time, in compliance with the applicable provisions of the Act.

The provisions of Section 186 of the Act read with the Companies (Meetings of Board and its Powers) Rules, 2014, as amended to date, provides that no company is permitted to, directly or indirectly, (a) give any loan to any person or other body corporate; (b) give any guarantee or provide security in connection with a loan to any other body corporate or person; and (c) acquire by way of subscription, purchase or otherwise, the securities of any other body corporate, exceeding sixty percent of its paid-up share capital, free reserves and securities premium account or one hundred per cent of its free reserves and securities premium account, whichever is more, with approval of Members by special resolution passed at the general meeting. In view of the aforesaid, it is proposed to take approval under section 186 of the Companies Act, 2013, by way of special resolution, up to a limit of Rs.100 Crores, as proposed in the Notice.

The investments, loans, guarantees and securities, as the case may be, will be made in accordance with the applicable provisions of the Companies Act, 2013 and relevant rules made there under. These investments are proposed to be made out of own/surplus funds/ internal accruals and or any other sources including borrowings, if necessary, to achieve long term strategic and business objectives.

The Board of Directors recommends resolution as set out in item No. 5 for approval of the members of the Company by way of passing a Special Resolution.

None of the Directors/Key Managerial Personnel of the Company and their relatives are in any way, concerned or interested, financially or otherwise, in the Resolution set out in the Notice.

Palred Electronics Private Limited (PEP) owns & operates an electronics / mobile accessories brand called pTron. Living by the slogan of #BeLoudBeProud - pTron is a lifestyle electronics & audio accessories brand offering high-quality audio & technology products that enhances life. pTron aims to make

Palred Technologies Limited

technology simple, affordable and accessible to all with gadgets that are easy-to-use yet futuristic & aesthetically modern, at pocket-friendly prices. Over the last couple of years the name pTron has become synonymous to quality mobile accessories backed by warranty at super affordable prices. We have extended our portfolio to include a wide range of audio products such as wireless neckbands, wireless earphones, wired & wireless headsets, wired earphones, and more. pTron's strength lies in its wide range of products whose quality is backed by warranty but offers them at competitive prices in the branded accessories category for the mid-market. pTron has sold 2.8 million units in FY 2021 and targets to sell 5 million units in FY 2022. It is one of the largest selling brands on Amazon.

We are an Indian company having an Indian brand and proud about it. We are confident that pTron as an Indian brand can be built successfully in India and in future as a global brand. We have our own office in China and we have built the capabilities to design, create a BOM (bill of materials/SKD kits), assemble them through contract manufacturers in China and import them currently. Over the last 3 years, PEP has gained in-depth knowledge of this business and we have already transferred some value addition to India such as Packing, testing and repair/refurbishing. The Company has 35,000 leased Warehouse / Fulfilment Centre in Kurnool. The facility employees 200+ direct & contract employees. pTron commissioned its manufacturing facility in the same premises in August 2020. With rigorous R&D pTron manufactured India's First True Wireless Earbuds from the India plant along with Power banks. pTron is committed to delight its customers with amazing, affordable, and well-built products that disrupts the fast paced lifestyle and audio accessories segment. We recognize the importance of strong QC & QA capabilities to continue meeting customer and stakeholders demand, leading to the establishment of a world-class brand. There is a strong emphasis on quality & assurance across all levels of design, manufacturing and assembly in terms of production test development, meticulous failure analysis, reliability testing, optimized final assembly, test, and pack processes from firmware programming and board test through customization, labeling, and packaging.

pTron aims to add more products to the Made in India portfolio & reduce dependency on its Chinese counterpart without compromising on the quality. The team is constantly working on adding multiple new products to the portfolio in the accessories & the audio category. For constant development and strengthening of our facilities, we are rigorously adding more machinery to the Kurnool facility and upgrading the skill set of the employees to be able to provide state-of-the-art products to our consumers.

pTron is positioned in mid-market segment which is characterized by low-price (Rs.500 to Rs.1200 depending on the product category), good quality, high volume & high margin products with warranty.

It has more than 200 SKUs as of now and plan to add more products in the following categories.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT FOR THE YEAR 20-21

The Company has three subsidiaries, Palred Electronics Private limited (formerly known as Palred Online Technologies Private Limited) (PEP), Palred Technology Services Private Limited (PTS) and Palred Retail Private limited (PRP). Palred together with its subsidiaries, is hereinafter referred to as "the Group."

The Company is a Public Limited Company incorporated and domiciled in India having its registered office in Hyderabad, Telangana. The Company is listed on Bombay Stock Exchange of India Limited and National Stock Exchange of India Limited.

1. SUBSIDIARIES:

Palred Electronics Private Limited (PEP)
(Formerly known as Palred Online Technologies Private Limited (POT))

Palred Electronics Private Limited (PEP) owns & operates an electronics / mobile accessories brand called pTron. Living by the slogan of #BeLoudBeProud - pTron is a lifestyle electronics & audio accessories brand offering high-quality audio & technology products that enhances life. pTron aims to make technology simple, affordable and accessible to all with gadgets that are easy-to-use yet futuristic & aesthetically modern, at pocket-friendly prices. Over the last couple of years the name pTron has become synonymous to quality mobile accessories backed by warranty at super affordable prices. We have extended our portfolio to include a wide range of audio products such as wireless neckbands, wireless earphones, wired & wireless headsets, wired earphones, and more. pTron's strength lies in its wide range of products whose quality is backed by warranty but offers them at competitive prices in the branded accessories category for the mid-market. pTron has sold 2.8 million units in FY 21 and targets to sell 5 million units in FY 22. It is one of the largest selling brands on Amazon.

We are an Indian company and an Indian brand and proud about it. We are confident that pTron as an Indian brand can be built successfully in India and in future as a global brand. We have our own office in China and we have built the capabilities to design, create a BOM (bill of materials/SKD kits), assemble them through contract manufacturers in China and import them currently. Over the last 3 years, PEP has gained in-depth knowledge of this business and we have already transferred some value addition to India such as Packing, testing and repair/refurbishing. The Company has 35,000 leased Warehouse / Fulfilment Centre in Kurnool. The facility employs 200+ direct & contract employees. pTron commissioned its manufacturing facility in the same premises in August 2020. With rigorous R&D pTron manufactured India's First True Wireless Earbuds from the India plant along with Power banks. pTron is committed to delight its customers with amazing, affordable, and well-built products that disrupts the fast paced lifestyle and audio accessories segment. We recognize the importance of strong QC & QA capabilities to continue meeting customer and stakeholders demand, leading to the establishment of a world-class brand. IV. STRATEGY, OUTLOOK, OPPORTUNITIES AND THREATS:

A. Objective and Strategy:

Palred Group aims to become a market leader in various products of Consumer Electronics business in India. The Company aims to achieve this unique position by combination of following factors:

- Creation of Innovative Products that are geared towards customer needs and that can be produced economically
- Focus on enhancing customer benefit in terms of products and services as well as on close consumer contact
- Proactive identification of future needs and technical applications
- High value addition through combination of technology, systems & processes
- Simplification of a complex business involving continuously changing products and thousands of stock keeping units (SKU)/items.
- End-to-end integration and implementation of Systems, Processes and Automation for efficient and scalable operations.
- High quality Products backed by warranty
- Steady and continuous development of brand (PTron)

b. Outlook, Risks and Concerns:

The Consumer Products Industry has been experiencing very intense competition for many years and we are operating in a market that is changing very quickly.

B. Intellectual Property Infringement:

As product development depends on the intellectual property created by its employees, we need to ensure that the same do not infringe any other proprietary technology rights. We have intellectual property rights to take care of trade secrets, copyright and trademark laws and confidentiality agreements for our employees, third parties offering only limited protection. The steps taken by us as well as laws of most advanced countries do not offer effective protection of intellectual property rights. Third parties could claim infringement of property rights against the Company or also assert the same against our customers, which would require protracted defence and costly litigations on behalf of our customers.

C. Risks and risk management and their implementation:

The systematic analysis, evaluation and management of potential risks are decentralized within the Palred Group. Every organizational unit is responsible for detailing its own risk register, which it must then use to establish countermeasures for managing risks. The purpose is to identify and avert potential damage to the company at an early stage. All registers are centrally coordinated and aggregated so the Management Team has an overview at all times of the most significant risks and the measures being taken to manage them. Within the scope of independent audits, the Audit Department monitors the individual corporate entities with regard to early risk identification and compliance management by performing random inspections. The Management Team is informed directly and immediately of the findings.

The risks of procuring certain parts and components, product compliance and IT security are among the most important issues for which the Palred Group is taking countermeasures. IT security risks are addressed through technical and organizational measures. Effective customer management minimize the impact of potential defaults on receivables.

Financial Performance

Prudent Financial Planning, effective resource allocation and tight financial control have ensured that the cash flows of the Company remain healthy. The ability of the Company to raise credit remains unimpaired.

V. INTERNAL CONTROL SYSTEMS AND ADEQUACY:

The Company has adopted strong and automated internal business controls and a process framework that is not only adequate for its current size of operations but can effectively support increases in growth and complexity across our business operations. A well established and empowered system of internal financial audits and automated control procedures ensures prudent financial control, flexibility in terms of process changes to enable course correction.

Internal auditors submits reports and updates to the audit committee of the Board, which conducts frequent reviews and provides direction and operational guidance on new processes to be implemented to further enhance efficiencies within the Company.

The Company is in the process of implementing Enterprise Resource Planning along with various business controls which would have automatic internal control systems to identify errors and also provide better MIS.

VI. HUMAN RESOURCES:

INDEPENDENT AUDITOR'S REPORT

To the Members of Palred Technologies Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Palred Technologies Limited ("the Company"), which comprise the standalone balance sheet as at March 31, 2021, the standalone statement of Profit and Loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information (herein after referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended ("IND AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the loss including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's responsibilities for the Audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter

As disclosed in Note no. 32 to the standalone financial statements, the management has made an assessment of the impact of COVID-19 on the Company's operations, financial performance and position as at and for the year ended March 31, 2021 and has concluded that there is no impact which is required to be recognised in the financial statements. Accordingly, no adjustments have been made to the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

S. No.	Key audit Matters (Risk)	How Was the Key Audit Matter Addressed in the Audit
1.	<p>Valuation of Investments in Equity Shares of Subsidiaries</p> <p>Refer to the disclosures related to Investments in Note 5 of the standalone financial statements for the year ending March 31, 2021.</p> <p>The company has made investments in equity shares of its subsidiary companies amounting to Rs. 56,58,00,000/-. Such investments are accounted for at cost in accordance with Ind AS 27, Separate Financial Statements. Subsequently the company impaired its investment in subsidiaries by Rs. 47,77,23,100 in financial year 2018-19 and invested Rs. 4,00,00,000 in financial year 2019-20. The Company assesses the recoverable amount of the investment when impairment indicators exist, by comparing the fair value (less costs of disposal) and carrying amount of the investment as on the reporting date. The investments are tested for impairment on account of continuous losses incurred by the subsidiary entity. The process for measuring and recognizing impairment loss is complex and requires management judgement. The key assumptions underpinning management's assessment of valuation include, but are not limited to, projections of recoverable amounts of recognized assets and liabilities, revenue projections and market valuation of the company. The recovery of investments of the company depends on subsidiaries establishing profitable business in future.</p> <p>Based on the above impairment testing, the management has provided for impairment of the carrying value of the investment in Palred Technologies Services Private Limited for Rs. Rs. 4,75,14,438.</p> <p>Considering the materiality, complexity and significance of judgement involved, the valuation of aforesaid investments has been considered to be a key audit matter for current year's audit.</p>	<p>Our audit procedures in respect of this area included:</p> <ol style="list-style-type: none"> 1. Obtained an understanding and assessed management's process and controls with respect to determining valuation of investments. 2. Evaluated and tested the design and the operating effectiveness of the key controls in relation to valuation. 3. Verified the assumptions & arithmetical accuracy for the value per share of the subsidiaries in which investment is made by the company. 4. Compared the pro rata share of net assets of each of the subsidiaries to the investment held by the Company and market value of the company to the consolidated net worth. 5. Evaluated the appropriateness of the disclosures made in the financial statement in relation to such investments as required by applicable accounting standards.

Information other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Standalone Financial Statements.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act;
 - (e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure C"; and
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 29 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

Palred Technologies Limited

- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
3. As required by The Companies (Amendment) Act, 2017, in our opinion, according to information, explanations given to us, the remuneration paid by the Company to its directors is within the limits prescribed under Section 197 of the Act and the rules thereunder.

Annexure - A to the Independent Auditor's Report on even date on the Standalone Financial Statements of Palred Technologies Limited

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation prohibits public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure - C to the Independent Auditor's Report on even date on the Standalone Financial Statements of Palred Technologies Limited

[Referred to in paragraph (g) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of Palred Technologies Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with Reference to Standalone Financial Statements

A Company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2021, based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

Summary of significant accounting policies and other explanatory information for the year ended March 31, 2021

(All amounts in INR, unless otherwise stated)

1. Corporate Information

Palred Technologies Limited (the "Company") is a public company incorporated and domiciled in India and incorporated in accordance with the provisions of the erstwhile Companies Act, 1956. The Company's registered office is at 8-2-703/2/B/, Plot No.2, Road No.12, Banjara Hills, Hyderabad, Telangana-500 034. Its shares are listed on two recognised stock exchanges of India, the National Stock Exchange of India Limited and BSE Limited. The Company is engaged in the business of E commerce.

The Board of Directors approved the Standalone financial statements for the year ended March 31, 2021 and authorised for issue on June 26, 2021.

2. Basis of preparation of standalone financial statements

Statement of Compliance with Ind AS

These standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, as amended, issued by the Ministry of Corporate Affairs ("MCA").

Accounting policies have been consistently applied to all the years presented except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. These financial statements have been prepared for the Company as a going concern on the basis of relevant IND AS that are effective at the Company's annual reporting date March 31, 2021.

The financial statements have been prepared on a historical cost convention on accrual basis, except for the following material items in the Balance sheet:

- i) Certain financial assets and liabilities measured either at fair value; and
- ii) Net defined assets/ (Liability) are measured at fair value of plan assets, less present value of defined benefit obligations.

(i) Use of estimates and judgements

The preparation of financial statements in conformity with Ind AS requires the management to make judgements, estimate and assumptions that affect the application of accounting policies and the reported amount of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statements and reported amount of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the standalone financial statements in the period in which changes are made and in any future periods effected.

Information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the standalone financial statements is included in the following notes:

- i. Note (c) and (d) — Useful lives of property, plant and equipment and other intangible assets;
- ii. Note (e) — Impairment;
- iii. Note (g) — Financial instruments;
- iv. Note (k) — Employee benefits;
- v. Note (m) — Provisions, contingent liabilities and contingent assets; and
- vi. Note (l) — Income taxes

(ii) Summary of significant accounting policies

The standalone financial statements have been prepared using the accounting policies and measurement basis summarized below.

a. Functional Currency

The standalone financial statements are presented in Indian Rupee ("INR") which is also the functional and presentation currency of the Company. All financial information presented in Indian INR has been rounded to the nearest Rupee, unless otherwise stated.

b. Current and non-current classification

All the assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria set out in the Division II- Ind AS Schedule III to the Act. The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is classified as current when it is:

- i. Expected to be realised or intended to be sold or consumed in normal operating cycle.
- ii. Held primarily for the purpose of trading.
- iii. Expected to be realised within twelve months after the reporting period, or
- iv. Cash and cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is classified as current when:

- i. It is expected to be settled in normal operating cycle.
- ii. It is held primarily for the purpose of trading.
- iii. It is due to be settled within twelve months after the reporting period, or
- iv. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Current assets/ liabilities include the current portion of non-Current assets/liabilities respectively. All other assets/ liabilities including deferred tax assets and liabilities are classified as non-current.

c. Property, plant and equipment (PPE)

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, taxes (other than those subsequently recoverable from tax authorities), borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. If significant parts of an item of PPE have different useful lives, then they are accounted for as separate items (Major components) of PPE.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances. Capital Work-in-progress includes cost of property, plant and equipment under installation/ under development as at the balance sheet date.

Depreciation on property, plant and equipment is calculated on pro-rata basis on written down value method using the useful lives of the assets estimated by management. The useful life is as follows:

Asset	Useful life (in years)
Leasehold improvement	Lease period
Vehicles	10 years
Furniture and Fixtures	10 years
Office Equipment	5 years
Computers:	
- Servers	6 years
- End user devices such as, desktops, laptops etc.	3 years

Depreciation on additions/ disposals is provided on pro-rata basis i.e. from/ up to the date on which asset is ready for use/ disposed-off.

The useful lives are based on historical experience with similar assets as well as anticipation of future events. The residual values are not more than 5% of the original cost of the assets. The residual values, useful lives and method of depreciation are reviewed at each financial year end and adjusted retrospectively, if appropriate.

d. Intangible assets

Intangible assets are stated at cost of acquisition less accumulated amortization and impairment. These are derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Gains or losses arising from disposal of the intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the assets are disposed off

Intangible assets are amortized over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The other intangible assets comprise of computer software expenditure and are amortized over a period of three years. The amortization period and the amortization method for an intangible asset is reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortization period or method, as appropriate, and are treated as changes in accounting estimates.

e. Impairment

Impairment of non-financial assets

The carrying amounts of the Company's tangible and intangible assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated in order to determine the extent of the impairment loss, if any.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or the cash-generating unit for

Palred Technologies Limited

which the estimates of future cash flows have not been adjusted. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets.

An impairment loss is recognised in the statement of profit or loss if the estimated recoverable amount of an asset or its cash generating unit is lower than its carrying amount. If, at the reporting date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been previously recognised.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss ("ECL") model for measurement and recognition of impairment loss on financial assets measured at amortised cost.

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime expected credit losses. For all other financial assets, ECL are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

Loss allowance for financial assets measured at amortised cost are deducted from gross carrying amount of the assets.

f. Leases:

The Company has applied Ind AS 116 using the modified retrospective approach and therefore the comparative information has not been restated and continues to be reported under Ind AS 17.

Company as a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- i. Fixed payments, including in-substance fixed payments;
- ii. Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- iii. Amounts expected to be payable under a residual value guarantee; and
- iv. The exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company presents right-of-use assets that do not meet the definition of investment property in 'property, plant and equipment' and lease liabilities in 'loans and borrowings' in the statement of financial position. (Refer Note 4)

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short term leases of real estate properties that have a lease term of 12 months. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Comparative Information under Ind AS 17

In the comparative period, as a lessee the Company classified leases that transfer substantially all of the risks and rewards of ownership as finance leases. When this was the case, the leased assets were measured initially at an amount equal to the lower of their fair value and the present value of the minimum lease payments. Minimum lease payments were the payments over the lease term that the lessee was required to make, excluding any contingent rent.

Subsequently, the assets were accounted for in accordance with the accounting policy applicable to that asset.

Assets held under other leases were classified as operating leases and were not recognised in the Company's statement of financial position. Payments made under operating leases were recognised in profit or loss on a straight-line basis over the term of the lease. Lease incentives received were recognised as an integral part of the total lease expense, over the term of the lease.

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards incidental to the ownership of an asset to the Company. All other leases are classified as operating leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Land under perpetual lease for is accounted as finance lease which is recognised at upfront premium paid for the lease and the present value of the lease rent obligation. The corresponding liability is recognised as a finance lease obligation. Land under non-perpetual lease is treated as operating lease.

Operating lease payments for land are recognised as prepayments and amortised on a straight-line basis over the term of the lease. Contingent rentals, if any, arising under operating leases are recognised as an expense in the period in which they are incurred.

g. Financial Instruments

Initial Recognition and measurement

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value and, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

Classification and subsequent measurement

Financial Assets

On initial recognition, a financial asset is classified as measured at

- i. amortised cost;
- ii. fair value through other comprehensive income ("FVTOCI") – debt investment;
- iii. FVTOCI – equity investment; or
- iv. FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

Amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- i. the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- ii. the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in Other Income in the statement of profit or loss. The losses arising from impairment are recognised in the statement of profit or loss.

FVTOCI – debt investment

A debt investment is measured at FVTOCI if it meets both of the following conditions and is not designated as at FVTPL:

- i. the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- ii. the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive income (OCI). However, the Company recognises interest income, impairment losses & reversals and foreign exchange gain or loss in the statement of profit or loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to statement of profit or loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Equity investment

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVTOCI – equity investment). This election is made on an investment by- investment basis.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, including foreign exchange gain or loss and excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to profit or

Palred Technologies Limited

loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit or loss.

FVTPL

All financial assets not classified as measured at amortised cost as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in statement of profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in statement of profit or loss. Any gain or loss on derecognition is also recognised in statement of profit or loss.

De-recognition

Financial assets

A financial asset is primarily de-recognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Derivative financial instruments and hedge accounting

The Company uses derivative financial instruments such as forward exchange contracts and interest rate risk exposures to hedge its risk associated with foreign currency fluctuations and changes in interest rates. Derivatives are initially measured at fair value and subsequent to initial recognition, derivatives are measured at fair value, and changes therein are generally recognised in statement of profit or loss, since the Company's hedging instruments did not qualify for hedge accounting in accordance with the Ind-AS 39. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value. For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposit held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Dividend distribution to equity holders of the Company

The Company recognises a liability to make dividend distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

h. Foreign currency transactions

Transactions in foreign currencies are translated to the functional currency of the Company at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting period are translated into the functional currency at the exchange rate at that date. Non-monetary items denominated in foreign currencies which are carried at historical cost are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or any other similar valuation denominated in a foreign currency are reported using the exchange rates at the date when the fair value was measured.

Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognized in the statement of profit and loss in the year in which they arise.

i. Investments in the nature of equity in subsidiaries

The Company has elected to recognise its investments in equity instruments in subsidiaries at cost in the separate financial statements in accordance with the option available in Ind AS 27, 'Separate Financial Statements'.

The Company regardless of the nature of its involvement with an entity (the investee), determines whether it is a parent by assessing whether it controls the investee. The Company controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Thus, the Company controls an investee if and only if it has all the following:

- (a) power over the investee;
- (b) exposure, or rights, to variable returns from its involvement with the investee and
- (c) the ability to use its power over the investee to affect the amount of the returns.

Investments are accounted in accordance with Ind AS 105 when they are classified as held for sale. On disposal of investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

j. Revenue recognition

The Company has adopted Ind AS 115- Revenue from Contracts with customers, using modified retrospective application method with effect from April 1, 2018 and accordingly these financial statements are prepared in accordance with the recognition and measurement principles laid down in Ind AS 115. The application of Ind AS 115 did not have any significant impact on recognition and measurement of revenue and related items in the financial statements of the Company as the Company is yet to identify the business opportunities in the areas of IT Solutions and services.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services.

Other income - Interest income

Interest income is recognized on time proportion basis taking into account the amount outstanding and rate applicable. For all debt instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR) method. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Other income - Dividend income

Dividend income is recognised when the Company's right to receive the payment is established, which is generally, when shareholders approve the dividend.

k. Retirement and other employee benefits

Defined contribution plan

The Company's contributions to defined contribution plans are recognised as an expense as and when the services are received from the employees entitling them to the contributions.

Defined benefit plan

The liability in respect of defined benefit plans is calculated using the projected unit credit method with actuarial valuations being carried out at the end of each annual reporting period. The Company recognises the net obligation of a defined benefit plan as a liability in its balance sheet. Gains or losses through remeasurement of the net defined benefit liability are recognised in other comprehensive income and are not reclassified to profit and loss in the subsequent periods. The effect of any plan amendments are recognised in the statement of profit and loss.

Short-term employee benefits

Short-term employee benefits comprise of employee costs such as Salaries, bonus etc. is recognized on an undiscounted and accrual basis during the period when the employee renders service of the benefit.

l. Taxes

Tax expense recognized in statement of profit or loss consists of current and deferred tax except to the extent that it relates to items recognised in OCI or directly in equity, in which case it is recognised in OCI or directly in equity respectively.

Current income tax, assets and liabilities are measured at the amount expected to be paid to or recovered from the taxation authorities in accordance with the Income Tax Act, 1961 and the Income Computation and Disclosure Standards (ICDS) enacted in India by using tax rates and the tax laws that are enacted at the reporting date. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the end of the reporting period. Deferred tax assets and liabilities are offset if there is a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

Palred Technologies Limited

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised. Withholding tax arising out of payment of dividends to shareholders under the Indian Income tax regulations is not considered as tax expense for the Company and all such taxes are recognised in the statement of changes in equity as part of the associated dividend payment. As at March 31, 2021 and March 31, 2020, the Company has deferred tax asset on account of unabsorbed business loss, unabsorbed tax depreciation and other items, which have not been recognized on the grounds of prudence. Consequently, there is no deferred tax asset or liability recorded in the financial statements as at reporting periods presented.

m. Provisions, contingent liabilities and contingent assets

Provisions are recognized only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for:

- i. Possible obligations which will be confirmed only by future events not wholly within the control of the Company; or
- ii. Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are neither recognized nor disclosed. However, when realization of income is virtually certain, related asset is recognized.

n. Cash flow statement

The Cash flow statement is prepared as per the Indirect Method. Cash flow statement present the cash flows by operating, financing and investing activities of the Company. Operating cash flows are arrived by adjusting profit or loss before tax for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments, and items of income or expense associated with investing or financing cash flows.

o. Exceptional Items

Exceptional items are transactions which due to their size or incidence are separately disclosed to enable a full understanding of the Company's financial performance. Items which may be considered exceptional are significant restructuring charges, gains or losses on disposal of investments in subsidiaries, impairment losses/write down in value of investment in subsidiaries, significant disposal of fixed assets etc.

p. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential ordinary shares.

q. Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

r. Standards, not yet effective and have not been adopted early by the Company

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020. There are no standards that are issued but not yet effective on March 31, 2021.

The investment in subsidiaries are tested for impairment annually or more frequently if there are indications that investments might be impaired. During the financial year ended March 31, 2021, due to increase in the competition and the customer acquisition costs, the management has estimated the recoverable amount of investments in subsidiaries based on the projections of recoverable amounts of recognized assets and liabilities of Palred Group and market valuation of the Company. On the basis of management evaluation, the aggregate carrying amount of investment in Palred Technology Services Private Limited exceeds the aggregate recoverable amount by INR 4,75,14,438 and accordingly, the Board of Directors of the Company have considered to create a provision against such investments in Palred Technology Services Private Limited amounting to INR 4,75,14,438 for the year ended March 31, 2021 under exceptional item, considering the significance of them.

i. Capital Reserve

The reserve represents creation of capital reserve pursuant to the scheme of amalgamation. The Company uses capital reserve for transactions in accordance with the provisions of the Act.

ii. Securities Premium Account

The amount received in excess of face value of the equity shares is recognised in securities premium. In case of equity-settled share based payment transactions, the difference between fair value on grant date and face value of share is accounted as securities premium. This reserve is utilised in accordance with the provisions of the Act.

iii. General reserve

General reserve is used from time to time to transfer profits from retained earnings for appropriation purposes.

iv. Remeasurement of defined benefit plan

The reserve represents the remeasurement gains/(losses) arising from the actuarial valuation of the defined benefit plan of the Company. The remeasurement gains/(losses) are recognized in other comprehensive income and accumulated under this reserve within equity. The amounts recognized under this reserve are not reclassified to statement of profit or loss.

24. Earnings per equity share (EPES)

Basic earnings /(loss) per share amounts are calculated by dividing the loss for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings /(loss) per share amounts are calculated by dividing the profit/loss attributable to equity holders (after adjusting for interest on the convertible preference shares) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the loss and share data used in the basic and diluted EPS computations:

	March 31, 2021	March 31, 2020
Loss attributable to equity holders	(43,384,216)	(883,614)
Weighted average number of equity shares	9,732,566	9,732,566
Basic loss per share (INR)	(4.46)	(0.09)
Diluted loss per share (INR)	(4.46)	(0.09)

25. Fair value measurements

(i) Fair value hierarchy

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data either directly or indirectly.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(ii) Financial assets and financial liabilities measured at fair value

	As at March 31, 2021		As at March 31, 2020	
	Level 1	Level 2	Level 1	Level 2
Financial assets				
Current Investments	2,294,575	-	2,867,086	-

There are no transfers between levels during the year. The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels at the end of the reporting period.

(iii) Financial instruments by category

For amortised cost instruments, carrying value represents the best estimate of fair value.

	As at March 31, 2021		As at March 31, 2020	
	FVTPL	Amortised cost	FVTPL	Amortised cost

Financial liabilities				
lease liability	-	-	-	-
Other financial liabilities	-	6,630,325	-	6,593,680
Total financial liabilities	-	6,630,325	-	6,593,680

(iii) The Company's principal financial liabilities, comprise other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables, cash and cash equivalents and other bank balances that derive directly from its operations. The Company also holds FVTPL investments.

The carrying amounts of trade receivables, and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature. Difference between carrying amounts and fair values of bank deposits, other financial assets, other financial liabilities subsequently measured at amortised cost is not significant in each of the years presented. For all other amortised cost instruments, carrying value represents the best estimate of fair value.

For financial assets measured at fair values, the carrying amounts are equal to the fair values.

26. Financial instruments risk management

The Company is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include market risk, credit risk and liquidity risk. The Company's risk management policies are established to identify and analyse the risks faced by the Company and seek to, where appropriate, minimize potential impact of the risk and to control and monitor such risks. There has been no change to the Company's exposure to these financial risks or the manner in which it manages and measures the risks or the manner in which it manages and measures the risks.

The following sections provide details regarding the Company's exposure to the financial risks associated with financial instruments held in the ordinary course of business and the objectives, policies and processes for management of these risks:

A Market risk:

Market risk is the risk of loss of future earnings, fair values or future cash flows that may results from adverse changes in market rates (such as interest rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments. The Company's exposure to market risk is a function of investing activities.

B Credit risk

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies. Investments primarily include investment in liquid mutual fund units and certificate's of deposit which are funds deposited at a bank for a specified time period. None of the Company's cash equivalents, including term deposits (i.e. certificates of deposits) were past due or impaired as at the reporting periods.

C Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

The Company's principle sources of liquidity are cash and cash equivalents and current investments. The Company believes that the working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived. The Company closely monitors its liquidity position and maintains adequate source of funding. The Company had following working capital at the end of the reporting year.

Particulars	As at March 31, 2021	As at March 31, 2020
Current Assets	160,503,250	157,394,084
Current liabilities	6,859,599	7,640,996
Working Capital	153,643,651	149,753,088

27. Capital risk management

The Company manages its capital to ensure that it will continue as going concern while maximising the return to shareholders. The Company manages its capital structure and make adjustment in light of changes in business condition. The overall strategy remains unchanged as compared to last year. There is no debt in the Company as on the reporting dates presented and accordingly, gearing ratio is nil as at various reporting dates.

Note:

Pursuant to the income tax assessment for the Assessment year 2006-07 onwards, the Company had received various demands from the income tax authorities in relation to the inadmissibility of certain expenditure in accordance with the provisions of the income tax law and compliances with the arm's length guidelines in relation to international transactions with associated enterprises. The management, on the basis of its internal assessment of the facts of the case, the underlying nature of transactions, the history of judgements made by the various appellate authorities and the necessary advice received from the independent expert engaged in this regard, is of the view that the probability of the case being settled against the Company is remote and accordingly do not foresee any adjustment to the financial statements in this regard.

30 Segment reporting

The operations of the company are predominantly related to the trading in electronic products, fashion accessories and providing related services. As such there is only one primary reportable segment as per IND AS 108 'Operating Segments'.

31 The Code on Social Security 2020 ('the Code') relating to employee benefits, during the employment and post-employment, has received Presidential assent on September 28, 2020. The Code has been published in the Gazette of India. Further, the Ministry of Labour and Employment has released draft rules for the Code on November 13, 2020. However, the effective date from which the changes are applicable is yet to be notified and rules for quantifying the financial impact are also not yet issued.

The Company will assess the impact of the Code and will give appropriate impact in the financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

32 The World Health Organization announced a global health emergency because of a new strain of coronavirus ("COVID-19") and classified its outbreak as a pandemic on March 11, 2020. On March 24, 2020, the Indian government announced a strict 21-day lockdown across the country to contain the spread of the virus. This pandemic and response thereon have impacted most of the industries. Consequent to the nationwide lock down on March 24, 2020, the Company's operations were scaled down in compliance with applicable regulatory orders. Subsequently, during the year, the Company's operations have been scaled up in a phased manner taking into account directives from various Government authorities. The impact on future operations would, to a large extent, depend on how the pandemic further develops and it's resultant impact on the operations of the Company. The Company continues to monitor the situation and take appropriate action, as considered necessary in due compliance with the applicable regulations.

The management has made an assessment of the impact of COVID-19 on the Company's operations, financial performance and position as at and for the year ended March 31, 2021 and has concluded that there is no impact which is required to be recognised in the financial statements. Accordingly, no adjustments have been made to the financial statements.

33 The standalone financial statements are approved for issue by the Company's Board of Directors on June 26, 2021.

34 Previous year figures have been regrouped/ reclassified to confirm presentation as per Ind AS as required by Schedule III of the Act.

CONSOLIDATED FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

To the Members of Palred Technologies Limited
Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Palred Technologies Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the consolidated balance sheet as at 31st March 2021, and the Consolidated Statement of Profit and Loss (including other comprehensive income), the consolidated statement of changes in equity and consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (herein after referred to as the "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the other financial information of subsidiaries the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended, and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2021, of its consolidated loss and the consolidated total other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended.

Basis for Opinion

We conducted our audit of consolidated financial statements in accordance with the standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of ethics issued by Institute of Chartered Accountants of India ("ICAI") and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note 38 to the financial statements which states that management has made an assessment of the impact of COVID-19 on the group's operations, financial performance and position as at and for the year ended March 31, 2021 and has concluded that there is no impact which is required to be recognised in the financial statements. Accordingly, no adjustments have been made to the financial statements.

Information other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the information and we do not express any form of assurance conclusion there on.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. The respective Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the Companies included in the Group are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Palred Technologies Limited

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the Company's financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing ("SAs") will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the consolidated Financial Statements.

Other Matter

a. We did not audit financial statements of three subsidiaries whose financial information reflects total assets (before consolidation adjustments) of Rs. 165.98 lacs as at March 31, 2021, total revenues (before consolidation adjustments) of Rs. 161.63 lacs, total net loss and other comprehensive loss (before consolidation adjustments) of Rs. 20.33 lacs for the year ended on that date, as considered in the consolidated financial statements. These financial information are unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on such unaudited financial information. In our opinion and according to the information and explanation given to us by the management, this information is not material to the group.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of above matter with respect to our reliance on the financial information certified by the management.

Our opinion is not modified in respect of these matter.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Company so far as it appears from our examination of those books;
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2021 taken on record by the Board of Directors of the Holding Company, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in "Annexure B"; and
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group— Refer Note 36 to the consolidated financial statements;

Annexure - A to the Independent Auditor's Report on even date on the Consolidated Financial Statements of Palred Technologies Limited

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group's to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation prohibits public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure - B to the Independent Auditor's Report of even date on the Consolidated Financial Statements of Palred Technologies Limited

[Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the members of Palred Technologies Limited on the consolidated financial statements for the year ended March 31, 2021]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Palred Technologies Limited (the Holding Company) and its subsidiaries (the Holding Company and its subsidiaries together referred to as the "Group" as at and for the year ended March 31, 2021, we have audited the internal financial controls over financial reporting of the Holding Company and its three subsidiary companies which are companies covered under the Act at that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Holding Company is responsible for establishing and maintaining internal financial controls based on the internal control with reference to consolidated financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary companies as aforesaid, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls with Reference to Consolidated Financial Statements

A Company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, and to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary companies which are the companies covered under the Act, has in all material respects, adequate internal financial

controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2021, based on the internal control with reference to consolidated financial statements criteria established by the Holding Company and its subsidiary companies incorporated in India, considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Accounting policies have been consistently applied to all the years presented except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. These consolidated financial statements have been prepared for the Group as a going concern on the basis of relevant IND AS that are effective at the Company's annual reporting date March 31, 2021.

The consolidated financial statements have been prepared on a historical cost convention on accrual basis, except for the following material items in the Balance sheet:

- i) Certain financial assets and liabilities measured either at fair value; and
- ii) Net defined assets/ (Liability) are measured at fair value of plan assets, less present value of defined benefit obligations.

Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries. Control is achieved when the Group's exposed, or variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Especially, the Group controls an investee if and only if the Group has:

- i. Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- ii. Exposure, or rights, to variable returns from its involvement with the investee, and
- iii. The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, The Group considers all relevant facts and circumstances in assessing whether has power over an investee, including:

- i. The contractual agreement with the other voting holders of the investee
- ii. Rights arising from other contractual agreements.
- iii. The Group's voting rights and potential voting rights.
- iv. The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed off during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the Parent Company, i.e., year ended on March 31, 2021. When the end of the reporting period of the Parent Company is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the Parent Company to enable the Parent Company to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

Consolidation procedure:

- i. Combine like items of assets, liabilities, equity, income, expenses and cash flows of the Parent Company with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- ii. Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill or capital reserve.
- iii. Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary
- Derecognises the carrying amount of any non-controlling interests
- Derecognises the cumulative translation differences recorded in equity
- Recognises the fair value of the consideration received
- Recognises the fair value of any investment retained
- Recognises any surplus or deficit in profit or loss
- Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities

(i) Use of estimates and judgements

The preparation of consolidated financial statements in conformity with Ind AS requires the Management to make judgements, estimate and assumptions that affect the application of accounting policies and the reported amount of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statements and reported amount of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the consolidated financial statements in the period in which changes are made and in any future periods effected.

Information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the consolidated financial statements is included in the following notes:

- i. Note (c) and (d) — Useful lives of property, plant and equipment and other intangible assets;
- ii. Note (e) — Impairment;
- iii. Note (h) — Financial instruments;
- iv. Note (l) — Employee benefits;
- v. Note (o) — Provisions, contingent liabilities and contingent assets; and
- vi. Note (n) — Income taxes

(ii) Summary of significant accounting policies

The consolidated financial statements have been prepared using the accounting policies and measurement basis summarized below.

a. Functional Currency

The consolidated financial statements are presented in Indian Rupee ('INR') which is also the functional and presentation currency of the Group. All financial information presented in Indian rupees has been rounded to the nearest Rupee, unless otherwise stated.

b. Current and non-current classification

All the assets and liabilities have been classified as current and non-current as per the Group's normal operating cycle and other criteria set out in the Division II- Ind AS Schedule III to the Act. The Group presents assets and liabilities in the balance sheet based on current/ non-current classification.

Palred Technologies Limited

An asset is classified as current when it is:

- i. Expected to be realised or intended to be sold or consumed in normal operating cycle.
- ii. Held primarily for the purpose of trading.
- iii. Expected to be realised within twelve months after the reporting period, or
- iv. Cash and cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is classified as current when:

- i. It is expected to be settled in normal operating cycle.
- ii. It is held primarily for the purpose of trading.
- iii. It is due to be settled within twelve months after the reporting period, or
- iv. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Current assets/ liabilities include the current portion of non-Current assets/liabilities respectively. All other assets/ liabilities including deferred tax assets and liabilities are classified as non-current.

c. Property, plant and equipment (PPE)

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, taxes (other than those subsequently recoverable from tax authorities), borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. If significant parts of an item of PPE have different useful lives, then they are accounted for as separate items (Major components) of PPE.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances. Capital Work-in-progress includes cost of property, plant and equipment under installation/ under development as at the balance sheet date.

Depreciation on property, plant and equipment is calculated on pro-rata basis on written down value method using the useful lives of the assets estimated by management. The useful life is as follows:

Asset	Useful life (in years)
Leasehold improvement*	Lease period
Plant & Machinery	10 years
Furniture and Fixtures	10 years
Office Equipment	5 years
Computers:	
- Servers	6 years
- End user devices such as, desktops, laptops etc.	3 years

Depreciation on additions/ disposals is provided on pro-rata basis i.e. from/ up to the date on which asset is ready for use/ disposed-off.

The useful lives are based on historical experience with similar assets as well as anticipation of future events. The residual values are not more than 5% of the original cost of the assets. The residual values, useful lives and method of depreciation are reviewed at each financial year end and adjusted retrospectively, if appropriate.

d. Intangible assets

Other intangible assets are stated at cost of acquisition less accumulated amortization and impairment. These are derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Gains or losses arising from disposal of the intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the assets are disposed off.

Intangible assets are amortized over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The other intangible assets comprise of computer software expenditure and are amortized over a period of three years. The amortization period and the amortization method for an intangible asset is reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortization period or method, as appropriate, and are treated as changes in accounting estimates.

e. Impairment

Impairment of non-financial assets

The carrying amounts of the Company's tangible and intangible assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated in order to determine the extent of the impairment loss, if any.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or the cash-generating unit for which the estimates of future cash flows have not been adjusted. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets.

An impairment loss is recognised in the statement of profit or loss if the estimated recoverable amount of an asset or its cash generating unit is lower than its carrying amount. If, at the reporting date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been previously recognised.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss ("ECL") model for measurement and recognition of impairment loss on financial assets measured at amortised cost.

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime expected credit losses. For all other financial assets, ECL are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

Loss allowance for financial assets measured at amortised cost are deducted from gross carrying amount of the assets.

f. Leases:

The Company has applied Ind AS 116 using the modified retrospective approach and therefore the comparative information has not been restated and continues to be reported under Ind AS 17.

Group as a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- i. Fixed payments, including in-substance fixed payments;
- ii. Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- iii. Amounts expected to be payable under a residual value guarantee; and
- iv. The exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company presents right-of-use assets that do not meet the definition of investment property in 'property, plant and equipment' and lease liabilities in 'loans and borrowings' in the statement of financial position.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short term leases of real estate properties that

Palred Technologies Limited

have a lease term of 12 months. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Comparative Information under Ind AS 17

In the comparative period, as a lessee the Company classified leases that transfer substantially all of the risks and rewards of ownership as finance leases. When this was the case, the leased assets were measured initially at an amount equal to the lower of their fair value and the present value of the minimum lease payments. Minimum lease payments were the payments over the lease term that the lessee was required to make, excluding any contingent rent.

Subsequently, the assets were accounted for in accordance with the accounting policy applicable to that asset.

Assets held under other leases were classified as operating leases and were not recognised in the Company's statement of financial position. Payments made under operating leases were recognised in profit or loss on a straight-line basis over the term of the lease. Lease incentives received were recognised as an integral part of the total lease expense, over the term of the lease.

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards incidental to the ownership of an asset to the Company. All other leases are classified as operating leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Land under perpetual lease for is accounted as finance lease which is recognised at upfront premium paid for the lease and the present value of the lease rent obligation. The corresponding liability is recognised as a finance lease obligation. Land under non-perpetual lease is treated as operating lease.

Operating lease payments for land are recognised as prepayments and amortised on a straight-line basis over the term of the lease. Contingent rentals, if any, arising under operating leases are recognised as an expense in the period in which they are incurred.

g. Instruments:

Inventories comprise of stock-in-trade and packing materials

Stock-in-trade are valued at lower of cost and net realisable value after providing for obsolescence, if any. Cost includes purchase price, import duties and other taxes excluding taxes those are subsequently recoverable from the concerned authorities, freight inwards and other expenditure incurred in bringing such inventories to their present location and condition. Cost of inventories is determined using the weighted average cost method.

Packing material is carried at cost. Cost of packing material is determined using the weighted average cost method

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs to complete the sales.

The factors that the Group considers in determining the allowance for slow moving, obsolete and other non-saleable inventory include estimated life, planned product discontinuances, price changes, ageing of inventory and introduction of competitive new products, to the extent each of these factors impact the Group's business and markets. The Group considers all these factors and adjusts the inventory provision to reflect its actual experience on a periodic basis.

h. Financial Instruments

Initial Recognition and measurement

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value and, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

Classification and subsequent measurement

Financial Assets

On initial recognition, a financial asset is classified as measured at

- i. amortised cost;
- ii. fair value through other comprehensive income ("FVTOCI") – debt investment;
- iii. FVTOCI – equity investment; or
- iv. FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

Amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- i. the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- ii. the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in Other Income in the statement of profit or loss. The losses arising from impairment are recognised in the statement of profit or loss.

FVTOCI – debt investment

A debt investment is measured at FVTOCI if it meets both of the following conditions and is not designated as at FVTPL:

- i. the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- i. the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive income (OCI). However, the Company recognises interest income, impairment losses & reversals and foreign exchange gain or loss in the statement of profit or loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to statement of profit or loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Equity investment

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVTOCI – equity investment). This election is made on an investment by- investment basis.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, including foreign exchange gain or loss and excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to profit or loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit or loss.

FVTPL

All financial assets not classified as measured at amortised cost as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held- for- trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in statement of profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in statement of profit or loss. Any gain or loss on derecognition is also recognised in statement of profit or loss.

De-recognition

Financial assets

A financial asset is primarily de-recognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Derivative financial instruments and hedge accounting

The Company uses derivative financial instruments such as forward exchange contracts and interest rate risk exposures to hedge its risk associated with foreign currency fluctuations and changes in interest rates. Derivatives are initially measured at fair value and subsequent to initial recognition, derivatives are measured at fair value, and changes therein are generally recognised in statement of profit or loss, since the Company's hedging instruments did not qualify for hedge accounting in accordance with the Ind-AS 39. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Palred Technologies Limited

Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value. For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposit held at call with financial institutions, other short - term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Dividend distribution to equity holders of the Company

The Company recognises a liability to make dividend distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

i. Foreign currency transactions

Transactions in foreign currencies are translated to the functional currency of the Company at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting period are translated into the functional currency at the exchange rate at that date. Non-monetary items denominated in foreign currencies which are carried at historical cost are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or any other similar valuation denominated in a foreign currency are reported using the exchange rates at the date when the fair value was measured.

Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognized in the statement of profit and loss in the year in which they arise.

j. Investments in the nature of equity in subsidiaries

The Company has elected to recognise its investments in equity instruments in subsidiaries at cost in the separate financial statements in accordance with the option available in Ind AS 27, 'Separate Financial Statements'.

The Company regardless of the nature of its involvement with an entity (the investee), determines whether it is a parent by assessing whether it controls the investee. The Company controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Thus, the Company controls an investee if and only if it has all the following:

- (a) power over the investee;
- (b) exposure, or rights, to variable returns from its involvement with the investee and
- (c) the ability to use its power over the investee to affect the amount of the returns.

Investments are accounted in accordance with Ind AS 105 when they are classified as held for sale. On disposal of investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

k. Revenue recognition

The Company has adopted Ind AS 115- Revenue from Contracts with customers, using modified retrospective application method with effect from April 1, 2018 and accordingly these financial statements are prepared in accordance with the recognition and measurement principles laid down in Ind AS 115. The application of Ind AS 115 did not have any significant impact on recognition and measurement of revenue and related items in the financial statements of the Company as the Company is yet to identify the business opportunities in the areas of IT Solutions and services.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services.

Other income - Interest income

Interest income is recognized on time proportion basis taking into account the amount outstanding and rate applicable. For all debt instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR) method. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Other income - Dividend income

Dividend income is recognised when the Company's right to receive the payment is established, which is generally, when shareholders approve the dividend.

l. Retirement and other employee benefits

Defined contribution plan

The Company's contributions to defined contribution plans are recognised as an expense as and when the services are received from the employees entitling them to the contributions.

Defined benefit plan

The liability in respect of defined benefit plans is calculated using the projected unit credit method with actuarial valuations being carried out at the end of each annual reporting period. The Company recognises the net obligation of a defined benefit plan as a liability in its balance sheet. Gains or losses through remeasurement of the net defined benefit liability are recognised in other comprehensive income and are not reclassified to profit and loss in the subsequent periods. The effect of any plan amendments are recognised in the statement of profit and loss.

Short-term employee benefits

Short-term employee benefits comprise of employee costs such as Salaries, bonus etc. is recognized on an undiscounted and accrual basis during the period when the employee renders service of the benefit.

m. Borrowing Cost

Borrowing costs consists of interest, ancillary costs and other costs in connection with the borrowing of funds and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to interest costs.

Borrowing costs attributable to acquisition and/or qualifying assets are capitalised as a part of the cost of such assets are ready for their intended use. Other borrowing costs are charged to the statements of profit and loss.

n. Taxes

Tax expense recognized in statement of profit or loss consists of current and deferred tax except to the extent that it relates to items recognised in OCI or directly in equity, in which case it is recognised in OCI or directly in equity respectively.

Current income tax, assets and liabilities are measured at the amount expected to be paid to or recovered from the taxation authorities in accordance with the Income Tax Act, 1961 and the Income Computation and Disclosure Standards (ICDS) enacted in India by using tax rates and the tax laws that are enacted at the reporting date. Current tax assets and tax liabilities are offset where the Group has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the end of the reporting period. Deferred tax assets and liabilities are offset if there is a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Group.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised. Withholding tax arising out of payment of dividends to shareholders under the Indian Income tax regulations is not considered as tax expense for the Group and all such taxes are recognised in the statement of changes in equity as part of the associated dividend payment.

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent it is reasonably certain that the Group will pay normal income tax during the specified period. Such asset is reviewed at each Balance sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Group will pay normal income tax during the specified period.

As at March 31, 2021 and March 31, 2020, the Group has deferred tax asset on account of unabsorbed business loss, unabsorbed tax depreciation and other items, which have not been recognized on the grounds of prudence. Consequently, there is no deferred tax asset or liability recorded in the consolidated financial statements as at reporting periods presented.

o. Provisions, contingent liabilities and contingent assets

Provisions are recognized only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for:

- i. Possible obligations which will be confirmed only by future events not wholly within the control of the Company; or
- ii. Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are neither recognized nor disclosed. However, when realization of income is virtually certain, related asset is recognized.

p. Cash flow statement

The Cash flow statement is prepared as per the Indirect Method. Cash flow statement present the cash flows by operating, financing and investing activities of the Company. Operating cash flows are arrived by adjusting profit or loss before tax for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments, and items of income or expense associated with investing or financing cash flows.

q. Exceptional Items

Exceptional items are transactions which due to their size or incidence are separately disclosed to enable a full understanding of the Company's financial performance. Items which may be considered exceptional are significant restructuring charges, gains or losses on disposal of investments in subsidiaries, impairment losses/write down in value of investment in subsidiaries, significant disposal of fixed assets etc.

r. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential ordinary shares.

s. Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

29. Earnings/ Loss per share

Earnings per equity share (EPES)

Basic earnings /(loss) per share amounts are calculated by dividing the loss for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings /(loss) per share amounts are calculated by dividing the profit/loss attributable to equity holders (after adjusting for interest on the convertible preference shares) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the loss and share data used in the basic and diluted EPS computations:

Particulars	March 31, 2021	March 31, 2020
Loss attributable to equity holders		
Weighted average number of equity shares	25,135,303	(46,561,352)

Diluted loss per share (INR)	2.58	(4.78)
	2.58	(4.78)

30. Fair value measurements

(i) Fair value hierarchy

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data either directly or indirectly.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3

(ii) Financial assets and financial liabilities measured at fair value

Particulars	March 31, 2021		March 31, 2020	
	Level 1	Level 2	Level 1	Level 2
Financial assets				
Current Investments	2,294,575	-	2,867,086	-

There are no transfers between levels during the year. The Group's policy is to recognise transfers into and transfers out of fair value hierarchy levels at the end of the reporting period.

(iii) Financial instruments by category

For amortised cost instruments, carrying value represents the best estimate of fair value.

Total financial liabilities	348,306,049	348,306,049	188,882,364	188,882,364

The carrying amounts of trade and other receivables, trade payables, investments, cash and cash equivalents and other bank balances are considered to be the same as their fair values, due to their fair values, due to their short term nature.

- (iii) The Group's principal financial liabilities, comprise other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include trade and other receivables, cash and cash equivalents and other bank balances that derive directly from its operations. The Group also holds FVTPL investments.

The carrying amounts of trade receivables, and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature. Difference between carrying amounts and fair values of bank deposits, other financial assets, other financial liabilities subsequently measured at amortised cost is not significant in each of the years presented. For all other amortised cost instruments, carrying value represents the best estimate of fair value.

For financial assets measured at fair values, the carrying amounts are equal to the fair values.

31. Financial instruments risk management

The Group is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include market risk, credit risk and liquidity risk. The Group's risk management policies are established to identify and analyse the risks faced by the Group and seek to, where appropriate, minimize potential impact of the risk and to control and monitor such risks. There has been no change to the Company's exposure to these financial risks or the manner in which it manages and measures the risks or the manner in which it manages and measures the risks.

The following sections provide details regarding the Group's exposure to the financial risks associated with financial instruments held in the ordinary course of business and the objectives, policies and processes for management of these risks:

A Market risk:

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates (such as interest rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments. The Group's exposure to market risk is a function of investing activities.

Interest rate risk:

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's investments in deposits are with banks and therefore do not expose the Group to significant interest rate risk. The Group's rate borrowing is subject to interest rate risk. However, the same is fixed at 1.5%+ interest rates on investments in deposits. Accordingly, no interest rate risk is perceived.

Particulars	March 31, 2021	March 31, 2020
Current Assets	611,614,716	424,699,625
Current liabilities	350,136,553	191,426,499
Working Capital	261,478,163	233,273,126

Except for other non-current financial liabilities, all the contractual maturities of significant financial liabilities are payable on demand or are expected to be paid within one year from the respective reporting years. Dealer deposits are expected to be settled beyond 1 year from the respective reporting years.

Foreign Currency Risk

The Group is exposed to foreign exchange risk arising from foreign currency transactions, mainly in the nature of purchases denominated in foreign currencies and other expenditures like sourcing commission. As a policy, the Group does not hedge any of its exposure to foreign currency.

D. Excessive risk concentration

Credit risk is the risk of financial loss to the Group if a customer or counter party to a financial instrument fails to meet its contractual obligations. Credit risk is managed through credit approvals and continuously monitoring the creditworthiness of collection agencies to which the Group grants credit terms in the normal course of business. The Group establishes an allowance for credit losses and impairment that represents its estimate of expected losses in respect of trade and other receivables.

Financial assets that are neither past due or nor impaired

Credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with banks with high credit ratings assigned by international and domestic credit rating agencies. Investments primarily include investment in liquid mutual fund units and certificates of deposit which are funds deposited at a bank for a specific time period. None of the Group's cash equivalents, including term deposits (i.e. certificates of deposits) were past due or impaired as at the reporting period.

Trade and other receivables

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and region in which the customer operates, also has an influence on credit risk assessment. The group has expected credit loss model to assess the impairment loss or gain. The Group uses a provision matrix to compute the expected credit loss allowance for trade and other receivables. The provision matrix takes into account available external and internal credit risk factors such as default risk of industry, credit ratings from credit rating agencies and historical experience for customers.

33. Capital risk management

The Group's objectives when managing capital are to safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other shareholders, and maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets. Gearing ratio is nil as at various reporting dates. There have been no material breaches in the financial covenants of any borrowing in the current period.

Disputed income tax liabilities		
Assessment year 2006-07 onwards - refer note below	60,200,000	6,543,580

Note:

Pursuant to the income tax assessment for the Assessment year 2006-07 onwards, the Group had received various demands from the income tax authorities in relation to the inadmissibility of certain expenditure in accordance with the provisions of the income tax law and compliances with the arm's length guidelines in relation to international transactions with associated enterprises. The management, on the basis of its internal assessment of the facts of the case, the underlying nature of transactions, the history of judgements made by the various appellate authorities and the necessary advice received from the independent expert engaged in this regard, is of the view that the probability of the case being settled against the Company is remote and accordingly do not foresee any adjustment to the financial statements in this regard.

36. Segment reporting

After considering the Company's business model and the internal financial reporting, the management has identified only one reportable segment which is "Trading in computers, mobiles, electronic products, fashion accessories and providing related services". Further, all operations and location of PPE of the Company are based in India and hence, no separate financial disclosures are applicable in accordance with the requirements of Ind AS 108- Operating segments.

- 37.** The Code on Social Security 2020 ('the Code') relating to employee benefits, during the employment and post-employment, has received Presidential assent on September 28, 2020. The Code has been published in the Gazette of India. Further, the Ministry of Labour and Employment has released draft rules for the Code on November 13, 2020. However, the effective date from which the changes are applicable is yet to be notified and rules for quantifying the financial impact are also not yet issued.
- 38.** The Group will assess the impact of the Code and will give appropriate impact in the financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

The World Health Organization announced a global health emergency because of a new strain of coronavirus ("COVID-19") and classified its outbreak as a pandemic on March 11, 2020. On March 24, 2020, the Indian government announced a strict 21-day lockdown across the country to contain the spread of the virus. This pandemic and response thereon have impacted most of the industries. Consequent to the nationwide lock down on March 24, 2020, the Group's operations were scaled down in compliance with applicable regulatory orders. Subsequently, during the year, the Group's operations have been scaled up in a phased manner taking into account directives from various Government authorities. The impact on future operations would, to a large extent, depend on how the pandemic further develops and its resultant impact on the operations of the Group. The Group continues to monitor the situation and take appropriate action, as considered necessary in due compliance with the applicable regulations. The management has made an assessment of the impact of COVID-19 on the Group's operations, financial performance and position as at and for the year ended March 31, 2021 and has concluded that there is no impact which is required to be recognised in the financial statements. Accordingly, no adjustments have been made to the financial statements.

- 39.** The consolidated financial statements are approved for issue by the Company's Board of Directors on June 26, 2021.
- 40.** Previous year figures have been regrouped/ reclassified to confirm presentation as per Ind AS as required by Schedule III of the Act.
