DATAMATICS FOR THE NEW WORLD.

The new era of digital technologies is changing the world rapidly, and so is Datamatics. As the world is evolving towards an integrated, data-driven society and digital-first economies are reshaping business models and value creation paradigms, we at Datamatics see a larger role for ourselves in the markets in which we operate.

Our digital solutions like Robotics, Intelligent Automation, Digital Finance, Digital Workplace, and Cloud help our customers increase enterprise productivity. While, solutions such as Customer

Management, Digital Experience, and Digital Content Management help the customers build deeper customer relationships.

As our customers adopt digital technologies to drive their businesses in the coming times, we are well positioned to implement Digital Technologies for our customers. It provides us an excellent opportunity to partner with them in implementing digital transformation solutions that would ensure business continuity for our customers and enable them to remain competitive.

Strategic Focus

Strengthening digital solutions footprint Strategic Focus

We deliver a comprehensive suite of innovative services and solutions to customers including Fortune 500 companies for managing their end-to-end Application Life Cycle and Business Critical Processes.

Our stellar brand reputation in the market and strong foothold in the IT and ITeS space, along with a three-decade long legacy of delivering solutions tailored to client requirements have helped us create sustainable value for all our stakeholders.

We have identified the following strategic priorities to drive robust revenue growth and margin improvements going forward:

Digital Solutions – Robotic Process Automation, mobility, cloud, analytics

Focus on products and platforms

Establish partner and reseller channels

Automated Fare Collection opportunity

Increase account penetration

Invest in marketing and branding

Business continuity in times of COVID-19

Strategic Priorities

In FY 2019-20, we made significant investments in strengthening our digital footprint, and are now uniquely positioned to implement digital technologies such as Robotic Process Automation, Digital Experiences, Analytics, Cloud and Artificial Intelligence for our customers. We are focusing on deepening our account penetration with our customers, which include Fortune 500 companies, by cross-selling and up-selling through integrated sales and marketing efforts.

Our products and platforms, such as TruBot in Robotic Process Automation, TruCap+ in intelligent data capture, iPM in end-to-end workflow management, TruBI in business intelligence and data visualization, and TruFare in Automated Fare Collection, are gaining good traction.

As part of our product strategy, we are aggressively investing in expanding our partner network to increase the sales momentum

and ensure smooth implementation and support for our IP products globally. We are also investing in marketing and branding efforts to increase visibility and geographic reach.

Automated Fare Collection (AFC) has been one of our key focus areas. We see this as a huge opportunity in emerging economies around the world, including India. We are also actively pursuing US market and have won the AFC contract for Memphis Area Transit Authority (MATA), the public transportation provider for the Memphis area, USA in 2019.

In the wake of COVID-19 crisis, Datamatics priorities include focusing on employee well-being, servicing and retaining our customers and tightly managing our cash-flows. Team Datamatics has done exceedingly well in managing on all the three fronts in the face of the current crisis. Also, with a diversified customer base across industries, we believe, Datamatics is better prepared to face the challenge.

The worldwide IT spending is expected to total US\$ 3.4 trillion in 2020, a decline of 8% from 2019, mainly due to impact of COVID-19. As the pandemic continues to spur remote working, public cloud services, which is applicable into multiple categories, is expected to be a bright spot growing at 19% in 2020, as per Gartner .

Datamatics is well positioned to implement digital technologies such as Robotic Process Automation, Mobility, Analytics, Cloud and Artificial Intelligence (AI) for its customers. Datamatics with its experience and expertise has carved out a niche for itself towards becoming a strategic partner to its valued customers and offering intelligent solutions.

The global IT-BPM market is expected to touch US\$ 221-\$ 226 billion in 2020, growing at 4%-6%, the slowest in the last five years, exacerbated by slowdown due to the COVID-19 outbreak. India, which accounts for 40%-45% share of IT –BPM, is expected to see progress, albeit at a slower rate, weighed down by the COVID-19 impact, lower growth forecasts, tight credit policies, and slow economic reform. United States continues to remain biggest market for BPM.

Our BPM offerings help organizations drive cultural change through digitization and automation, providing tangible benefits to enterprises in terms of higher process efficiency, increased compliance, complete transparency, shorter time-to-market, and customer delight. We are seeing specific opportunities in the process automation and dynamic content management areas.

ROBOTIC PROCESS AUTOMATION (RPA)

Datamatics TruBot is an enterprise grade, multi-skilled bot programmed to enhance enterprise's productivity. It automates a range of simple as well as complex processes. With TruBot Designer, a business user with no programming knowledge, can design bots with ease. Also, with TruBot Cockpit entire bot workforce deployed across the enterprise can be managed centrally.

TruBot also comes with an intelligent data capture solution, TruCap+ which has integrated artificial intelligence (AI) & fuzzy logic and captures meaningful data from unstructured documents. In addition with TruBot Neuro, bots get reasoning capabilities enabling them to handle complex transactions which are generally reliant on human expertise and intervention.

Chairman's Message

Dr. Lalit S. Kanodia

Founder and Chairman

Dear Shareholders,

We are continuing to steer a careful path in keeping with the changing demands, caused by challenging times.

Paraphrasing the writings of Charles Dickens in "A Tale of Two Cities":

This is the best of times. This is the worst of times.

This is the age of opportunity and the age of unforeseen disaster.

This is simultaneously the age of hope and the age of despair.

First, let me dwell why this is the best of times.

The world continues to adopt Digital Technologies at an increasingly rapid pace. Both Governments and business enterprises are leveraging Digital Technologies, like never before, to increase their efficiency and provide better and more responsive services to all their stakeholders.

Advances in Artificial Intelligence, Machine Learning and Robotic Process Automation have added fuel to the worldwide growth of Digital Technology. Artificial Intelligence relates to machines behaving more and more like human beings. This encompasses the study of how we humans make decisions, and examines whether this can be encoded. It includes a confluence of pattern recognition, probability theory, heuristics and machine learning. This is opening up entirely new vistas for all of us. Personally, I believe this will increase

global opportunities and employment for all, in both the medium and long term, just as the Industrial Revolution resulted in increased employment and greater human welfare.

There is great pressure on all organizations to increase their efficiency to remain competitive, thereby fueling the demand for Software Products and Services. In brief, they are now driven by the maxim "Produce More For Less". Software Product Companies thus continued to be valued highly, as measured by their Market Cap.

On the flip side, we are confronted with two counter pressures.

The COVID-19 Pandemic has turned the world upside down and has confronted us with the biggest disruption and challenge since World War II.

Due to this pandemic, the universal expectation is that the world's GDP will shrink by about 10% in a year. This has caused pricing pressures worldwide, when customers are demanding more services at lower prices.

Also due to increasing unemployment in most countries, and in particular in the USA, there is increasing pressure on all Governments around the world to reduce or even eliminate Work Visas and to abstain from importing, both products and services. Fortunately, this has relatively a lower impact on the procurement of overseas Intellectual Property and Knowhow.

Your Company, besides all its traditional businesses of providing Technology, BPM and Digital Solutions, in keeping with the above trends is investing in developing Solutions based on Artificial Intelligence, Machine Learning and Robotic Process Automation.

Your Company derives 81% of its consolidated revenues from overseas geographies which has over the years fueled its growth. Our largest revenues continue to be derived from the US market. We see a global shift in almost all countries attempting to reduce their dependence on imports and the reducing impact of the World Trade Organization or WTO that had championed the cause of International Trade. In keeping with this, your Company is increasing its presence overseas, particularly in the US market, where we largely employ local Americans.

Indian IT Companies have now grown to a size in terms of both revenue and profits where they can invest in Software / Digital Products. This has impacted their short term margins but will simultaneously result in future cash flows and profits which will yield handsome results.

Your Company, besides all its traditional businesses of providing Technology, BPM and Digital Solutions, in keeping with the above trends is investing in developing Solutions based on Artificial Intelligence, Machine Learning and Robotic Process Automation. We are attempting to develop products based on them on the premise that this has the potential of generating substantial future revenue streams. We are also the only Indian company to have a robust Automated Fare Collection (AFC) solution.

We have participated in Exhibitions and have showcased our efforts to leading Analysts such as Gartner, Everest, Forrester, etc. and have won recognitions. We firmly believe that our key asset is our staff and we continue to invest in them at all stages including continuous training.

Our major operating subsidiaries are Lumina Datamatics and Cignex Datamatics. Lumina Datamatics, is in the business of ePublishing and eRetail business from India, the USA, Germany and ROW. Cignex Datamatics is in the business of Open Source, Cloud and Automation solutions and services having its presence in India, the USA, Singapore and ROW.

Our clients continue to repose confidence in us worldwide, as is evident from the kudos we continuously receive from them. We continue to win awards worldwide which reflect the quality of both our Products and Services.

We look forward with great hope and expectations, despite the pandemic that we are confronted with. I must thank all our shareholders for the confidence they have reposed in us.

Vice Chairman & CEO Message

Rahul L. Kanodia

Vice Chairman & CEO

Dear Shareholders,

Datamatics with its experience and expertise has carved out a niche for itself towards becoming a strategic partner to its valued customers and offering intelligent solutions that help businesses in their Digital Transformation journey. In FY20, we made significant efforts and investments in strengthening our digital footprint.

In FY20, we launched the new version of our Robotic Process Automation (RPA) product TruBot 4.0. It has over 25 new features making TruBot easier-to-use, more secure, and more intelligent to deliver automation benefits to the customers. TruBot 4.0 has built into it TruCap+ as an integrated cognitive capture module. We are getting a good response from the market to TruBot and have already started servicing some very marquee and leading logos around the world. To increase the sales momentum and ensure smooth implementation and support for TruBot, we have expanded our partner network to over 100 partners across the globe. Notable inclusions in the channel ecosystem are TCS as global strategic partner and Ingram Micro, a global broad-based IT distributor, as preferred reseller in India.

Cloud is a growing area and we have partnered with leading cloud solutions providers including Amazon Web Services and Microsoft Azure. We have successfully delivered several projects and are

witnessing high interest from customers.

Automated Fare Collection (AFC) has been our key focus area. We see this as a huge opportunity in emerging economies around the world, including India. Over the last 15 years, we have been instrumental in successfully executing over 25 marquee projects in tier 1 metropolitan cities across the globe. We are the only Indian Company to have a robust AFC, Smart Gates and Contactless Gates solutions. We are also actively pursuing US market and have won the AFC contract for Memphis Area Transit Authority (MATA), the public transportation provider for the Memphis area, USA in 2019.

Datamatics continued to invest in research on emerging technologies such as Artificial Intelligence, Machine Learning, Analytics, NLP and Robotics. Through DataLabs, our R&D center and incubation hub, we strive to create intelligent solutions for complex challenges faced by businesses and governments in today's data-driven economy. TruAI, our comprehensive Artificial Intelligence platform that businesses use for Pattern Detection, Text and Data Mining is a solution from DataLabs. TruAI will power other solutions from Datamatics' existing portfolio – Robotics, Analytics and Finance and Accounting, to provide cognitive capabilities that will further enhance productivity.

As our customers adopt digital technologies to drive their businesses in the coming times, we are well positioned to implement Digital Technologies - including Intelligent Data Capture, Robotics, Cloud, Digital Experiences, Analytics and Artificial Intelligence - for our customers.

In FY20 our consolidated revenue stood at ₹ 12,033 million reflecting a growth of 6.2% in Rupee terms. Of the total revenue, IT solutions - include application management services, digital solutions such as Robotic Process Automation, Digital Experiences, Cloud solutions, analytics as well as Automated Fare Collection - constitute 59% with EBITDA of 11.1%. On the other hand, Business Process Management constitute 41% of total revenues with EBITDA of 9.1%.

The Q4 of FY20 saw an adverse impact because of COVID-19. We had our business continuity plan ready and in matter of a few days, we were able to get most of our employees working from home. As a response for COVID-19, we have clearly defined our priorities which include focus on employee well-being, servicing and retaining customers, and managing our cash flows. I am very proud of fellow Datamaticians as they ensured that all our customers are serviced with negligible disruption.

To help enterprises navigate the business risk and mitigate their productivity losses, Datamatics has launched 'COVID-19 Enterprise Support Program'. Under this program, Datamatics is offering free use of three TruBots until 30th September 2020. With this program, the company aims to help the enterprises mitigate business risks and successfully manage their

operations remotely by using Datamatics TruBot. The company has seen a good response to this program not only from the existing customers, but also from the other enterprises, which are using RPA for the first time.

As our customers adopt digital technologies to drive their businesses in the coming times, we are well positioned to implement Digital Technologies - including Intelligent Data Capture, Robotics, Cloud, Digital Experiences, Analytics and Artificial Intelligence - for our customers. It provides us an excellent opportunity to partner with them in implementing digital transformation solutions that would ensure business continuity for our customers and enable them to remain competitive.

I take this opportunity to thank our valued shareholders and all our stakeholders – clients, partners, employees – for being an integral part of our growth journey, and their continued support and encouragement.

Yours Sincerely,

Rahul L. Kanodia

NOTES:

1. In view of the continuing Covid-19 pandemic, the Ministry of Corporate Affairs ("MCA") has vide its circular dated May 5, 2020 read with circulars dated April 8, 2020 and April 13, 2020 (collectively referred to as "MCA Circulars") permitted the holding of the Annual General Meeting ("AGM") through VC / OAVM, without the physical presence of the Members at a common venue. In compliance with the provisions of the Companies Act, 2013 ("Act"), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") and MCA Circulars, the AGM of the Company is being held through VC / OAVM.
2. The relevant details, pursuant to Regulations 26(4) and 36(3) of the SEBI Listing Regulations and Secretarial Standard on General Meetings issued by the Institute of Company Secretaries of India, in respect of Director seeking appointment/re-appointment at this AGM is annexed.

3. Pursuant to the provisions of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to the MCA Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
 4. Institutional / Corporate Shareholders (i.e. other than individuals / HUF, NRI, etc.) are required to send a scanned copy (PDF/JPG Format) of its Board or governing body Resolution/ Authorization etc., authorizing its representative to attend the AGM through VC / OAVM on its behalf and to vote through remote e-voting. The said Resolution/Authorization shall be sent to the Scrutinizer by email through its registered email address to swapneel@spassociates.co with a copy marked to evoting@nsdl.co.in.
 5. As per Regulation 40 of SEBI Listing Regulations, as amended, securities of listed companies can be transferred only in dematerialized form with effect from, April 1, 2019, except in case of request received for transmission or transposition of securities. In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Members can contact the Company or Company's Registrars and Transfer Agents, Datamatics Business Solutions Limited ("DBSL") for assistance in this regard.
 6. To support the 'Green Initiative', Members who have not yet registered their email addresses are requested to register the same with their DPs in case the shares are held by them in electronic form and with DBSL in case the shares are held by them in physical form.
 7. Members are requested to intimate changes, if any, pertaining to their name, postal address, email address, telephone/ mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, bank details such as, name of the bank and branch details, bank account number, MICR code, IFSC code, etc., to their DPs in case the shares are held by them in electronic form and to DBSL in case the shares are held by them in physical form.
 8. As per the provisions of Section 72 of the Act, the facility for making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. Members are requested to submit the said details to their DP in case the shares are held by them in electronic form and to DBSL in case the shares are held in physical form.
 9. Members holding shares in physical form, in identical order of names, in more than one folio are requested to send to the Company or DBSL, the details of such folios together with the share certificates for consolidating their holdings in one folio. A consolidated share certificate will be issued to such Members after making requisite changes.
 10. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.
 11. Shareholders are requested to forward their queries on the annual report for the financial year ended March 31, 2020 to the Company on investors@datamatics.com at least 10 days in advance, to enable us to keep the required information available at the Meeting.
 12. Members are requested to note that, dividends if not encashed for a consecutive period of 7 years from the date of transfer to Unpaid Dividend Account of the Company, are liable to be transferred to the Investor Education and Protection Fund ("IEPF"). The shares in respect of such unclaimed dividends are also liable to be transferred to the demat account of the IEPF Authority. In view of this, Members are requested to claim their dividends from the Company, within the stipulated timeline. The Members, whose unclaimed dividends/shares have been transferred to IEPF, may claim the same by making an online application to the IEPF Authority in web Form No. IEPF-5 available on www.iepf.gov.in. Members' attention is particularly drawn to the "Corporate Governance" section with respect to unclaimed and unpaid dividends.
 13. In compliance with the aforesaid MCA Circulars and SEBI Circular dated May 12, 2020, Notice of the AGM along with the Annual Report 2019-20 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/ Depositories. Members may note that the Notice and Annual Report 2019-20 will also be available on the Company's website www.datamatics.com at the link <https://www.datamatics.com/about-us/investor-relations/financials>, websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively, and on the website of NSDL <https://www.evoting.nsdl.com>.
 14. Members attending the AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
 15. Since the AGM will be held through VC / OAVM, the Route Map is not annexed in this Notice.
 16. Instructions for e-voting and joining the AGM are as follows:
- A. VOTING THROUGH ELECTRONIC MEANS**
- i. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and the Circulars issued by the Ministry of Corporate Affairs dated April 08, 2020, April 13, 2020 and May 05, 2020, the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with National Securities Depository Limited (NSDL) for facilitating voting through electronic means, as the authorized agency. The facility of casting votes by a member using remote e-voting system as well as voting on the date of the AGM will be provided by NSDL.

ii. The remote e-voting period commences on December 23, 2020 (9:00 a.m. IST) and ends on December 25, 2020 (5:00 p.m. IST). During this period, Members holding shares either in physical form or in dematerialized form, as on December 19, 2020 i.e. cut-off date, may cast their vote electronically. The e-voting module shall be disabled by NSDL for voting thereafter. Those Members, who will be present in the AGM through VC / OAVM facility and have not cast their vote on the Resolutions through remote e-voting and are otherwise not barred from doing so, shall be eligible to vote through e-voting system during the AGM. The Register of members and Share Transfer Books of the Company will be closed from December 20 2020 to December 26, 2020.

iii. The Registers required to be maintained under the Companies Act, 2013 and all other documents referred to in the Notice will be available for inspection in electronic mode. Members can inspect the same by sending an email to investors@datamatics.com.

iv. The Board of Directors has appointed Mr. Swapneel V. Patel, Company Secretary in Practice (Membership No. A41106/Certificate of Practice No. 15628) as the Scrutinizer to scrutinize the voting during the AGM and remote e-voting process in a fair and transparent manner.

v. The Members who have cast their vote by remote e-voting prior to the AGM may also attend/ participate in the AGM through VC / OAVM but shall not be entitled to cast their vote again.

vi. The voting rights of Members shall be in proportion to their shares in the paid-up equity share capital of the Company as on the cut-off date.

vii. A person, whose name is recorded in the register of members or in the register of beneficial owners maintained by the depositories as on the cut-off date, will only be entitled to avail the facility of remote e-Voting as well as voting through e-voting system during the AGM.

viii. Any person, who acquires shares of the Company and becomes a Member of the Company after sending of the Notice and holding shares as of the cut-off date, may obtain the login ID and password by sending a request at evoting@nsdl.co.in. However, if he/she is already registered with NSDL for remote e-voting then he/she can use his/her existing User ID and password for casting the vote.

ix. The details of the process and manner for remote e-voting are explained herein below:

Step 1: Log-in to NSDL e-voting system at <https://www.evoting.nsdl.com/>

EVP, Chief Legal Officer &
Company Secretary

Explanatory Statement Pursuant to Section 102 of the Companies Act, 2013

Item No. 3

Based on recommendation of Nomination and Remuneration Committee, the Board of Directors appointed Mrs. Asha L. Kanodia as an Additional Director of the Company with effect from September 10, 2020 under Section 161 of the Companies Act, 2013. In terms of Section 161(1) of the Act, Mrs. Asha L. Kanodia holds office only upto the date of the forthcoming AGM but is eligible for appointment as a Director. A notice under Section 160(1) of the Act has been received from a Member signifying its intention to propose Mrs. Asha L. Kanodia appointment as a Non-Executive Non-Independent Director, liable to retire by rotation.

Mrs. Asha L. Kanodia is not disqualified from being appointed as a Non-Executive Non-Independent Director in terms of Section 164 and has also given her consent to act as Non-Executive Director of the Company.

Further as per Regulation 17(1A) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, with effect from April 1, 2019, no listed company shall appoint or continue the directorship of a non-executive director who has attained the age of 75 years, unless a special resolution is passed to that effect and justification thereof is indicated in the explanatory statement annexed to the notice for such appointment. Considering that Mrs. Asha L. Kanodia has already attained the age of 75 years, it is necessary to approve appointment of her directorship on the Board of Directors of the Company by way of a special resolution.

She holds 33,05,258 equity shares of the Company.

None of the Directors and Key Managerial Personnel of the Company and their relatives except Dr. Lalit S. Kanodia, Mr. Rahul L. Kanodia and Mr. Sameer L. Kanodia are concerned or interested, financially or otherwise, in the resolution set out at Item No. 3 of the accompanying Notice of the AGM.

The details of the directors seeking appointment/re-appointment as required by Regulation 36(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations) and Secretarial Standards-2 issued by the Institute of Company Secretaries of India and notified by Central Government are annexed hereto.

Brief Profile and Justification for appointment of Mrs. Asha Kanodia [DIN: 00008061] as Non-Executive Director of the Company:

Mrs. Asha Kanodia, wife of Chairman Dr. Lalit S. Kanodia has done her graduation in psychology from University of Mumbai. She studied Social Psychology at the Massachusetts Institute of Technology, USA. She is also an Interior Designer and has designed most of Datamatics offices.

Mrs. Asha Kanodia with her expertise, skills and knowledge, can articulate and provide valuable guidance and inputs in all matters pertaining business matters and the Board of the Company believes that her association will be valuable and positive.

The Board recommends Special Resolution set out at Item No. 3 of the Notice for approval by the Members.

Item No. 4

Based on recommendation of Nomination and Remuneration Committee, the Board of Directors appointed Mrs. Mona Bhide as an Additional Director under section 161 and also as Woman Independent Director of the Company, subject to approval of the Members, for a term of 5(five) year with effect from December 20, 2019 to December 19, 2024. In terms of Section 161(1) of the Act, Mrs. Mona Bhide holds office only upto the date of the forthcoming AGM but is eligible for appointment as a Director. A notice under Section 160(1) of the Act has been received from a Member signifying its intention to propose appointment of Mrs. Mona Bhide as Non-Executive Woman Independent Director, not liable to retire by rotation.

Mrs. Mona Bhide is not disqualified from being appointed as a Non-Executive Woman Independent Director in terms of Section 164 and has also given her consent to act as Non-Executive Woman Independent Director of the Company.

Further the Company has also received declarations from Mrs. Mona Bhide that she meets with the criteria of independence as prescribed both under sub-section (6) of Section 149 of the Act and under the Listing Regulations.

In the opinion of the Board, Mrs. Mona Bhide fulfils the conditions for appointment as Non-Executive Woman Independent Director as specified in the Act and the Listing Regulations.

Mrs. Mona Bhide does not hold any equity shares of the Company.

None of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in the resolution set out at Item No. 4 of the accompanying Notice of the AGM. Mrs. Mona Bhide is not related to any Director of the Company.

The details of the directors seeking appointment/re-appointment as required by Regulation 36(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations) and Secretarial Standards-2 issued by the Institute of Company Secretaries of India and notified by Central Government are annexed hereto.

Brief Profile of the Director seeking appointment - Mrs. Mona Bhide [DIN: 05203026]

Mrs. Mona Bhide is a commerce and law graduate and has done her LLM from Northwest University School of Law, Chicago. She has further studied Securities Law, Business Corporation and M&A at Kellogg Management School.

She is a Managing Partner at Dave & Girish & Co., law firm focusing on Corporate & Securities laws since 1992. She is presently in charge of International Corporate Law and structured finance. She has also advised on joint ventures, mergers/acquisitions, securities law (domestic and offshore issues) project finance, technology transfer, corporate restructuring, securitisation, derivatives, and intricate financial structures for Banks and Corporates.

She is rated as "Highly Recommended Lawyer" by Global Counsel 3000 for Projects, Restructuring and Insolvency, Company & Corporate Transactions and Project Finance and is a Member of:-

- (a) Bar Council of Maharashtra & Goa;
- (b) Law Society, London; and
- (c) International Bar Association.

Looking at Mrs. Mona Bhide's rich experience and expertise, the management feels that her appointment as Non-Executive Woman Independent Director will be beneficial to the Company and its stakeholders.

The Board recommends Ordinary Resolution set out at Item No. 4 of the Notice for approval by the Members.

Item No.5

The members of the Company had, at the 27th AGM of the Company held on August 28, 2015, re-appointed Dr. Lalit S. Kanodia as Chairman & Whole Time Director of the Company for a period of five years effective from May 15, 2015. As per the terms, tenure of his appointment expired on May 14, 2020.

Accordingly, on the recommendation of Nomination & Remuneration Committee, the Board of Directors have, at their meeting held on May 14, 2020, re-appointed Dr. Lalit S. Kanodia as Chairman & Whole Time Director for a further period of five years, with effect from May 15, 2020, subject to approval of the Members by way of Special Resolution.

Requisite Notice under Section 160 of the Act proposing the re-appointment of Dr. Lalit S. Kanodia has been received by the Company. Dr. Lalit S. Kanodia is not disqualified from being reappointed as a Chairman & Whole Time Director in terms of Section 164 and Section 196 of the Companies Act, 2013 and has also given his consent to act as Chairman & Whole-Time Director of the Company.

As per Section 196 of the Companies Act, 2013 no company shall appoint or continue the employment of any person as whole-time director who has attained the age of 70 years, unless a special resolution is passed to that effect and justification thereof is indicated in the explanatory statement annexed to the notice for such appointment. Considering that Dr. Lalit S. Kanodia has already attained the age of 70 years, it is necessary to approve reappointment of his directorship on the Board of Directors of the Company by way of a special resolution.

Further in terms of Regulation 17 (6)(e) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018 issued on May 09, 2018 ('Amended Listing Regulations'), the remuneration payable to Executive Directors who are promoters or members of promoter group, shall be subject to the approval of the shareholders by Special Resolution, where the aggregate annual remuneration payable to such directors exceeds five per cent (5%) of the net profits of the Company. Considering the said limits the Board recommends Special Resolution for paying remuneration exceeding the prescribed limits in any year during the tenure of this appointment, for the approval of the shareholders of the Company.

None of the Directors and Key Managerial Personnel of the Company and their relatives except Mr. Rahul L. Kanodia, Mr. Sameer L. Kanodia and Mrs. Asha Kanodia are concerned or interested, financially or otherwise, in the resolution set out at Item No. 6 of the accompanying Notice of the AGM.

The details of the directors seeking appointment/re-appointment as required by Regulation 36(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations)

and Secretarial Standards-2 issued by the Institute of Company Secretaries of India and notified by Central Government are annexed hereto.

Brief Profile and Justification for re appointment of Dr. Lalit S. Kanodia [DIN: 00008050] as Chairman & Whole Time Director of the Company:

Dr. Lalit S. Kanodia, the founder and Chairman of Datamatics Group of Companies is one of the pioneers in the Indian Software and Offshore Services Industry. He founded Datamatics in 1975, prior to which he was instrumental in setting up of Tata Consultancy Services in 1967.

As Chief Mentor at Datamatics, Dr. Kanodia drives all innovation, new product development and quality initiatives. His inspirational leadership has led Datamatics to be conferred with various awards over the years, including the Most Innovative Software Product Award, the International Asia Pacific Quality Award and being ranked among the top 50 best managed outsourcing vendors by 'The Black Book of Outsourcing'.

Currently, he has been nominated as a member of the Advisory Council of the University of Mumbai (having about 800 colleges and over 250,000 students) by the Hon'ble Governor of Maharashtra. Dr. Kanodia has held eminent positions in prestigious organizations, industry associations, such as-

- a. President of Management Consultants of India (1979 – 1980)
- b. Executive Board Member of MIT, USA (2009 – 2016)
- c. National President of the Indo American Chamber of Commerce (2015 – 2016)
- d. President of IMC Chamber of Commerce and Industry (2017 – 2018)
- e. Executive Member of NASSCOM, the apex body of the IT-BPO industry in India;

Dr. Kanodia was also on the Board of Directors of several large conglomerates. He was the Honorary Consul General of Chile in Mumbai, India by the Government of Chile (2002 – 2014).

After obtaining degree in engineering from India's premier technology institute, IIT, Bombay, Dr. Kanodia completed his Doctorate in Management and post-graduation in Computer Science from the MIT (USA).

Dr. Lalit S. Kanodia holds 36,88,265 equity shares of the Company.

Considering the significant contribution made by Dr. Kanodia in the development and growth of the Company, the Nomination and Remuneration Committee has recommended and the Board has, subject to approval of members, approved re-appointment of Dr. Lalit S. Kanodia, as Chairman & Whole Time Director of the Company for a further period of five (5) years with effect from May 15, 2020 to May 14, 2025.

The Board recommends the Special Resolution set out at Item No. 5 of the Notice for approval by the Members.

Item No. 6

At the 27th Annual General Meeting of the Company Mr. Vinay Aggarwal was appointed as Independent Director for term of 5(five) years from August 28, 2015 upto August 27, 2020 pursuant to the provisions of Section 149 of the Act read with

the Companies (Appointment and Qualification of Directors) Rules, 2014 read with Schedule IV to the Act and Regulation 16(1) (b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The Nomination and Remuneration Committee, on the basis of the report of performance evaluation of Independent Directors, has recommended and Board of Directors on basis of such recommendation have approved, subject to approval of members, re-appointment of Mr. Vinay Aggarwal as Independent Director for a second term of five (5) consecutive years with effect from August 27, 2020 to August 26, 2025.

The Company has also received declarations from Mr. Vinay Aggarwal that he meets with the criteria of independence as prescribed both under sub-section (6) of Section 149 of the Act and under the Listing Regulations.

The Board is of the view that the continued association of Mr. Vinay Aggarwal would be beneficial to the Company and it is desirable to continue to avail his services as Independent Director. Therefore, it is proposed to re-appoint Mr. Vinay Aggarwal as Independent Director of the Company, not liable to retire by rotation.

In the opinion of the Board, Mr. Vinay Aggarwal fulfil the conditions for re-appointment as Independent Director as specified in the Act and the Listing Regulations.

Mr. Vinay Aggarwal does not hold any equity shares of the Company.

None of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in the resolution set out at Item No. 6 of the accompanying Notice of the AGM. Mr. Vinay Aggarwal is not related to any Director of the Company.

The details of the directors seeking appointment/re-appointment as required by Regulation 36(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations) and Secretarial Standards-2 issued by the Institute of Company Secretaries of India and notified by Central Government are annexed hereto.

Brief Profile of the Director seeking re-appointment - Mr. Vinay Aggarwal [DIN: 00030483]

Mr. Vinay Aggarwal has an MBA in finance from North Eastern University, USA. After a stint with Unisys in Detroit, he became Vice President of Tata Unisys Ltd. (1981 – 89). Thereafter, he was appointed as CFO of TCS which position he occupied between 1990 and 2003. Mr. Vinay Aggarwal was the Chief Financial Officer at TCS for more than a decade, and also worked briefly as CFO of Flag Telecom, a subsidiary of Reliance Communications. He is now an independent consultant.

The Board recommends the Special Resolutions set out at Item No. 6 of the Notice for approval by the Members.

Item No. 7

Datamatics Global Technologies Limited, Mauritius (DGTL) is a wholly owned subsidiary of the Company. DGTL holds 62.51% stake in Cignex Datamatics Inc. ("Cignex US"), which is headquartered in USA. Therefore, Cignex US is a step down subsidiary of the Company.

Cignex US and DGTL are also considered to be "Material Subsidiaries" of the Company as per Regulation 16(1)(c) of the SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015.

Cignex US, in turn, is a Holding Company of (i) Cignex Datamatics Technologies Limited, India; (ii) Cignex Datamatics Pte. Ltd, Singapore; (iii) Cignex Datamatics GmbH, Germany; (iv) Cignex Datamatics UK Ltd, UK. However, Cignex Datamatics GmbH, Germany and Cignex Datamatics UK Ltd, UK are under liquidation.

The Proposed Divestment will be effected through a stock redemption agreement, pursuant to which Cignex US will buy back the entire 62.51% stake held by DGTL in Cignex US for an aggregate price of USD 16,568,903, of which USD 7,973,778 will be paid upfront to DGTL and the balance will be paid within 3 (three) years.

As a result of the Proposed Divestment, Cignex US and its subsidiaries shall ultimately cease to be step-down subsidiaries of the Company.

The Management believes that the Proposed Divestment is beneficial to the Company and its stakeholders because this divestment will help us free management bandwidth and provide funds to focus on our digital products and solutions and future business areas.

The Board of Directors at their meeting held on 24th November, 2020 has evaluated the Proposed Divestment and after considering the advantages and merits thereof and in the interest of the Company and its stakeholders, it has unanimously resolved to accept the offer and consummate the Proposed Divestment, subject to the approval of the members of the Company.

Regulation 24 (5) of the SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015, provides that a listed entity shall not dispose of shares in its material subsidiary resulting in reduction of its shareholding (either on its own or together with other subsidiaries) to less than 50% or cease the exercise of control over the subsidiary, without passing a special resolution in its General Meeting.

Further Regulation 24(6) of the SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 provides that a listed entity shall not sell, dispose of or lease assets amounting to more than 20% of the assets of material subsidiary on aggregate basis during a financial year, without passing a special resolution in its General Meeting.

Considering that the consummation of the Proposed Divestment would result in the (i) disposal of Cignex US (being a material subsidiary) held through DGTL (being a material subsidiary) and consequent reduction of the entire "indirect" shareholding of the Company in Cignex US and its subsidiaries and also cessation of control; and (ii) disposal of entire investment of DGTL (being a material subsidiary) in Cignex US constituting more than 20% of its assets, approval of the members of the Company is required by way of a special resolution.

Provisions of Section 180(1)(a) of Companies Act, 2013, restricts a company from disposing off the whole or substantially the whole of its undertaking without obtaining prior approval of the members by way of a special resolution. In terms of explanation to Section 180(1)(a), 'undertaking' means an undertaking in which the investment of the company exceeds 20% of its net worth as per the audited balance sheet of the preceding financial year or an undertaking which generates 20% of the total income of the company during the previous financial year.

The total income of Cignex US does not exceed 20% of the total consolidated income of the Company and it has also been held by the Hon'ble Bombay High Court that, the sale of shares of the subsidiary Company, howsoever controlling interest they may have, does not amount to, sale of an "undertaking". Therefore, based on the legal opinions received from the solicitors of the Company, the management of the Company is of the view that, the provisions of Section 180(1)(a) of the Act are not applicable. However, since Cignex US and its subsidiaries income is more than 20% of the total standalone income of the Company during the financial year ending March 31, 2020, it is thought as a matter of abundant caution to seek approval of the Shareholders in terms of Section 180(1)(a) of the Act as well.

Cignex US and DGTL belong to the Promoter Group of the Company, the management wishes to clarify that the proposed divestment is not regarded as a related party transaction either under the Companies Act, 2013 or under the SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015.

In view of the aforesaid, your Directors recommend the said special resolution for your approval, as they sincerely believe the same to be in the interest of the Company and its shareholders. None of the Directors or Key Managerial Personnel of the Company are in any way concerned or interested, financially or otherwise in this resolution, except as members to the extent of their shareholdings in the Company.

COVID also impacted our revenue and profit before taxes by ₹90 million and ₹80 million respectively.

The revenue from operations on a standalone basis is ₹4,158.35 million, higher by 6.7% as compared to ₹3,896.72 million in the previous year. The profit after tax for the current year was ₹307.40 million as against ₹292.36 million in the previous year.

DIVIDEND

The recent outbreak of novel coronavirus ("COVID-19") has caused worldwide unprecedented disruptions to business operations. The pandemic has impacted the ability of companies across the globe to maintain steady operations and perform their respective contractual obligations. This in turn has led to the collapse of stock

markets around the world, leading to the collapse of stock markets in India. A combination of all these factors has led to a decline in the overall volume of global economic activity.

Considering the above facts, no dividend was recommended by the Board of Directors to the shareholders for the financial year 2019-20.

The Board thinks that it is prudent to conserve cash in preparations for COVID-19 contingencies as well as sustaining and growing the operations.

TRANSFER TO RESERVES

During the year under review, the Company has not transferred any amount to General Reserve out of the amount available for appropriation. However, credit balance of Profit and Loss of ₹ 2,224.64 million is transferred to Balance Sheet under the head 'Reserves and Surplus'.

TRANSFER OF UNCLAIMED DIVIDEND TO INVESTOR EDUCATION AND PROTECTION FUND (IEPF)

In terms of Section 125 of the Companies Act, 2013 (**"the Act"**), unclaimed or unpaid Dividend relating to the financial year 2012-13 was due for transfer on November 28, 2020 to the IEPF established by the Central Government. More details are available on <http://www.datamatics.com/investors/unpaidunclaimed-dividend>.

The Shareholders of the Company who have not received or encashed their dividend warrants are requested to claim the unpaid/unclaimed dividend from the Company before its transfer to IEPF.

The Members, whose unclaimed dividends/shares have been transferred to IEPF, may claim the same by making an online application to the IEPF Authority in web Form No. IEPF-5 available on www.iepf.gov.in.

FUTURE GROWTH STRATEGY

With COVID-19 pandemic, there is a high uncertainty around the global growth forecast. Though the IT and BPM industry is going to get impacted because of COVID-19, it is too early to forecast how the worldwide IT and BPM industry will fare in the next 12 months.

DATAMATICS RESPONSE TO COVID-19

For Datamatics, the top priorities as an organization are:

1. Employee well-being
2. Focus on customers & retention
3. Manage cash flows & liquidity

Team Datamatics has done exceedingly well in managing on all the three fronts in the face of the current crisis. Also, with a diversified customer base across the industries, Datamatics believes that the company is better prepared to face the challenge:

1. **Employee well-being:** The employees are of foremost importance for Datamatics. Protecting the health and life of all Datamaticians and their families occupies center stage. At a company level, Datamatics is implementing all the guidelines recommended by the Government to ensure the safety and well-being of employees and to reduce the spread of the pandemic in the society at large.
2. **Focus on customers:** Servicing and retaining all Datamatics customers is of paramount importance. The current crisis and lockdowns with short notices have put high pressure on Team Datamatics to deliver to its customers. Datamatics has enabled over 99% of employees to work-from-home in a matter of very few days.

With the onset of a global economic slowdown, many Datamatics customers will come under stress with their business shrinking. It will naturally cause their priorities to change towards scaling back, conserving cash, and exploring ways of becoming more efficient by leveraging digital technologies, and perhaps redesign their core business. As the customers adopt digital technologies to drive their businesses, it provides the company an excellent opportunity to partner with them in implementing digital transformation solutions that would enable them to remain competitive.

3. **Managing cash-flow:** This is a top priority for the company. The Datamatics Management team is keeping a keen eye on the cash flow, taking all the necessary efforts to actively conserve cash, and curtail all discretionary spends.

COVID-19 Enterprise Support Program Powered By TruBot

To help enterprises navigate the business risk and mitigate their productivity losses, Datamatics has launched 'COVID-19 Enterprise Support Program'. Under this program, Datamatics is offering free use of three TruBots until 30th September 2020. With this program, the company aims to help the enterprises mitigate business risks and successfully manage their operations remotely by using Datamatics TruBot. The company has seen a good response to this program not only from the existing customers, but also from the other enterprises, which are using RPA for the first time.

KEY BUSINESS DRIVERS FOR DATAMATICS IN FY 21

- **Products & Platforms:** Datamatics is investing in developing as well as updating its own IP solutions in the digital technology space. Datamatics products and platforms such as TruBot for Robotic Process Automation, TruCap+ for intelligent data capture, iPM for end-to-end workflow management, TruBI for business intelligence & data visualization and TruFare for Automated Fare Collection, are getting good traction in the market.
- **Partner and reseller channels:** On the back of product strategy, Datamatics is aggressively investing in expanding its partner network and has over 100 partners across the

globe. The evolving partner ecosystem will increase the sales momentum and will ensure smooth implementation and support for Datamatics IP products globally. Notable inclusions in the channel ecosystem are TCS as global strategic partner and Ingram Micro, a global broad-based IT distributor, as preferred reseller in India.

- **Automated Fare Collection (AFC):** This has been a key focus area for Datamatics, with it being the only Indian company to have highly evolved AFC, Smart Gates, and Contactless Gates service offerings. Datamatics sees this as a huge opportunity in emerging economies around the world, including India. Datamatics is also actively pursuing US market and has recently won the automated fare collection contract for Memphis Area Transit Authority (MATA), the public transportation provider for the Memphis area, USA in 2019.
- **Digital Solutions – RPA, Digital Experiences, Cloud:** Datamatics is well positioned to implement digital technologies, such as Intelligent Data Capture, Robotic Process Automation, Digital Experiences, Analytics, Cloud, and Artificial Intelligence for its customers. Datamatics with its experience and expertise has carved a niche for itself towards becoming a strategic partner to its valued customers and offering intelligent solutions that will enable businesses to further evolve by improving productivity and enhancing customer satisfaction. In FY20, Datamatics made significant efforts and investments in strengthening its digital footprint.
- **Account Penetration:** Datamatics has customers across industries; many of these are Fortune 500 companies. Datamatics is focusing on deeper penetration within the customer accounts through account management for cross-selling and up-selling through its integrated sales and marketing efforts.
- **Branding & Marketing:** Datamatics has been investing in marketing and branding efforts for increasing visibility, strengthening digital footprint and geographic reach.

ROBOTICS PROCESS AUTOMATION (RPA)

This year, the company released TruBot 4, the latest version of TruBot RPA. It has over 25 new features making TruBot easier-to-use, more secure, and more intelligent to deliver automation benefits to the customers. Some of the key features in the latest version, such as universal recorder, integrated intelligent document capture, proactive health monitoring, dynamic bot station selector, etc., are unique to TruBot and give the product an edge over the competition.

The company continued to receive several rewards and recognitions for TruBot, including Gold Stevie Award 2019 by American Business Awards®. TruBot has also been recognized with Global FinTech Innovation Awards 2019 by IBS Intelligence.

Datamatics participated in major RPA events across the globe for enhancing the market visibility and to generate new leads. Datamatics experts have been invited as key speakers and panellists at these RPA events besides being present at the booths to exhibit the company's products and soliciting business requests.

The strong presence in the global events & seminars and continuous engagement has given a boost to the visibility of Datamatics solutions and the company has got a good coverage by reputed analyst firms including Gartner, Everest, NelsonHall, etc.

- TruCap+ featured in Everest Peak Matrix - Intelligent Document Processing (IDP) Technology Vendors 2020 as

‘MAJOR CONTENDER’;

- TruBot recognised by Gartner Peer Insights as ‘Voice of the Customer’: Robotic Process Automation Software, 2019;
- Datamatics acknowledged by Gartner in Critical Capabilities for Robotic Process Automation report;
- TruBot recognised by Quadrant Knowledge Solutions in SPARK Matrix: for Robotic Process Automation 2019;
- TruBot recognised by Gartner in Magic Quadrant for Robotic Process Automation Software;
- TruBot featured in the NelsonHall NEAT for Intelligent Automation Platforms 2019 as ‘HIGH ACHIEVER’;
- Datamatics featured in Everest Group PEAK Matrix Assessment, 2019: RPA – Technology Vendor Landscape as ‘STAR PERFORMER’;
- TruBot recognised by Juniper Research in Robotic Process Automation in Telecoms & Insurance, 2019.

Further, this year the Company has got good success in empanelling the partners for its RPA program and is getting good response from these channel partners. A separate dedicated team has been managing these partners. Datamatics has appointed over 100 such partners already across the globe. These will add to the sales engine besides direct sales.

QUALITY

Your Company holds Quality as one of its foremost guiding light for its way of working. Customer delight, continuous improvement and agile processes have been the objective of your Company for years and this has helped us to create and maintain a distinct edge over our competitors. The consistent high customer satisfaction ratings and effusive customer testimonials bear an eloquent testimony to this commitment for quality. Needless to say, quality at Datamatics has not only been a legacy but it has been strewn inseparably into its culture, tradition and character.

Your Company believes in the philosophy that quality encompasses and permeates every action and thought process. Quality at Datamatics goes beyond product and services, and forms an integral part of the Datamatics culture. Quality is the DNA of your Company. The industry has always been kind in recognizing the Company's performance, and this year too, Datamaticians and Datamatics featured prominently at various industry platforms by winning prestigious awards.

Your Company is the first and the only I.T. Company to have won the “International Asia Pacific Award” for Quality in services sector. The Award was won against competition from hundreds of companies from 38 countries spread across the world, including the US, Japan, Australia, New Zealand, Russia, Canada, China, Israel, South Korea, Peru and Mexico. Your Company also won the prestigious “IMC IT Award for Quality” in January 2014. We have won the Global Quality Challenge award of one of the fortune 100 organizations for the ninth time.

Further significant initiatives of the Company towards quality are:

1) Certifications:

The Company's quality management systems (QMS) that forms the backbone of all the processes and the way day-to-day operations are carried out is a very comprehensive and robust standard that draws from a host of international standards and benchmarks.

This includes ISO 9001:2015, SEI CMMI, ITIL, Agile, ISO 20000 and so on. The QMS has been successfully assessed and certified for ISO 9001:2015 and SEI CMMi Ver 1.3 high maturity level L4. During all the surveillance periodic assessment audits, there has been no major non-conformity observed. All the new centers that we added in the financial year have also been successfully assessed and certified to the above international standards.

As you are aware, with the growing complexity of the digital economy, the threat on the information security and data also increases in terms of complexity and impact. Your company is fully aware of this challenge and we constantly keep upgrading our information security management systems (ISMS). Our operations and ISMS have been successfully assessed and are compliant to ISO 27001:2013, SSAE 16 SOC 1 and SOC2 requirements and HIPAA requirements. The Company has also renewed its PCI-DSS certification. As you would be aware, these standards are extremely important for Financial, Insurance and Healthcare industries.

Our commitment to ensure a robust information security management system for our customers has been bolstered by these certifications. We have implemented Security Information and Event Management (SIEM) solution as well which will further strengthen the Information security management. During the COVID 19 lockdown and remote working methodology, there has been a palpable increase in the threat to information and data security. Pre-empting such threats we are in the process of further securing our networks from any such unwanted attacks. There is a conscious thrust on risk management as an organization strategy and the risks and mitigation plans are reviewed regularly at all pertinent levels.

A lot of thrust has also been put in enhancing the overall project management skills of our project managers. As you would be aware, your company is a Registered Education Provider (REP) with Project Management Institute (PMI) for imparting Project Management Professional (PMP) trainings. This financial year, 17 project managers were certified as PMP. In the next financial year, the focus on enhancing these skills across the organization will continue.

GDPR REGULATIONS AND DATA PRIVACY ACT

As you would be aware, General Data Protection Regulations (GDPR), the most important regulation around data privacy in the European Union region came into force last year. All our contracts with the customers in the EU region have been revised to incorporate the requirements of GDPR. Our processes have been further strengthened around the GDPR requirements. A dedicated Data Protection Officer (DPO) has been appointed to address issues, if any, raised around GDPR compliance. All the relevant employees and management have been trained on GDPR principles and requirements. GDPR awareness is an integral part of the employee induction program.

We are also gearing our processes to address all the requirements of the Data Privacy Act of India.

2) Customer Satisfaction Tracking:

Your company conducts a customer satisfaction surveys at the end of every major milestone to assess customer's perception of our services. The wholly automated survey asks the customers their feedback on a range of parameters that measure their near and long term perception about the company.

We feel proud to share with you that we continue a stellar performance on this count. Your company scored 5.18 on overall satisfaction rating on a scale of 1-6, 1 being the lowest and 6 being the highest. Another highlight of this survey has been that

79% of the respondents have rated us in the top 2 boxes of the rating i.e. extremely satisfied and Delighted. 41 customers have rated us as delighted on all the parameters. We believe that in the modern environment Customer Experience i.e. the impression that our customers make during their interaction with us, is extremely critical. Customer Experience, apart from the feedback on the hard deliverables, is an integral part of these surveys. We are glad to share that the results are very positive on this front.

Apart from this, the more frequent and real time Customer Feedback Capture mechanism that captures feedback through other formal and informal channels also reports an improving trend in the customer sentiment towards our processes and performance.

3) Continuous Improvement - Lean Six Sigma

The Company has a mature and well-entrenched continuous improvement program. This program is based on the principles of Lean, Six Sigma and Kaizen. The program focusses on making our processes more efficient, productive, accurate and cost effective. The program continues to deliver significant benefits to the organization with improvements in productivity, efficiency, accuracy and customer satisfaction. Overall 430 Lean Six Sigma projects and 1900 Kaizens were successfully completed since 2007.

The Company has about 25 Six Sigma Green Belt and 47 Six Sigma White Belt certified professionals along with 6 Six Sigma Black Belt and 1 Six Sigma Master Black Belt certified professionals. The Company spent over 2500 person hours of training around continuous improvement in the FY 2019-20.

HUMAN RESOURCES MANAGEMENT

During the Financial Year under review, Human Resources function continued its global transformation initiatives, in a volatile and complex business environment, to cater to the evolving organizational requirements. HR continued its catalyst role and enabled the process of change over to focus on resource planning for mid and long term. The organization continued its efforts to foster and drive the younger generation towards future leadership. Towards the last quarter, very dynamically the nation came to a standstill due to Covid-19 crisis and HR had to support employees dynamically, as the future of work changed rapidly. The team handled swift transitioning to work from home for employees across the globe to ensure near-BAU status. HR played a crucial role and has been at the forefront since the pandemic outbreak to protect employees' & employer's interests equally, to help transition to a workforce which is socially distanced yet mentally connected.

TALENT ACQUISITION

The Talent Acquisition Team ensured timely onboarding at the right cost & quality across diverse functions, skills and geographies. The team has been using innovative methods of hiring with an extensive focus towards mapping, networking & social media for niche & leadership hiring. The team has stayed ahead of the curve, with eminent industry practices relevant to resume sourcing, assessments, interviewing, background verification, negotiations and candidate engagement. Innovation has been the guiding principle towards relentless improvement, and the team has employed avant-garde strategies like brand-driven job posts, video interviewing, passive candidate engagement, research, social media usage, industry intelligence and effective referral programs. It has also been a continuous effort to establish Datamatics as an Employer of Choice, through powerful messaging around the key Employee Value Proposition.

LEARNING & DEVELOPMENT

The Learning and Development team believes in enabling, enriching and co-creating a continuous learning and improvement culture. It progressively strives to build and cultivate employee's career progression. A wide variety of blended learning opportunities are provided through various media like training workshops, online modules, on the floor training, LMS platform, certifications and cross-functional projects globally.

TALENT MANAGEMENT

At Datamatics, the Talent Management Strategy spreads across all the areas of talent capability. Datamatics is committed to attracting and employing passionate, skilled, and capable individuals who can thrive, through standardized and transparent competency-based people processes. The talent management team, in order to align the people practices with the business needs, has carried out initiatives like an online competency platform launched on e-Dialogue which outlined role-specific critical competencies along with the span of control, required for every role, 'Interviewing skills' workshops for all hiring managers/leaders across Mumbai and Nasik to enable them to conduct Competency Based Interviews, Technical / IT skills updation exercise for all software employees, creation of new and engaging Datamatics Website page for HR showcasing the Employee Value Proposition & best practices. After detailed study & analysis of leading B-schools in India, Datamatics partnered with NMIMS and KJ Somaiya for a sponsored part-time MBA program. The young & dynamic participants of Graduate Executive Program (GEP) take part in this program as they continue their journey with Datamatics.

CORPORATE HR

Human resources oversee the most important component of a successful business – a productive, thriving workforce. The fundamental belief is people are assets, whose work is directly related to current and future business success. Datamatics Global Services Limited was declared the winner of 1st Prize by the District Skill Development, Employment and Entrepreneurship Guidance Centre, Nasik, Government of Maharashtra on 15th July 2019 (World Youth Skill Development Day).

The key initiatives undertaken during the year are highlighted as follows:

- **Datamatics Diversity Charter (DDC):** DDC was launched on the occasion of International Women's Day as our pledge to encourage Diversity further. At Datamatics, the concept of Diversity is extended not only to gender but also Generation, Qualification, Culture, Experience, Ability, Thoughts, and Opinions. The Charter will bring in more focus on a) Equity in the Workplace, b) Affirmative Actions, and c) Inclusive work Environment, all based on merit. The efforts got recognized by UNGC formally, when we earned appreciation for being amongst Top 10 private organisations to promote diversity at work.
- **Welcome back:** post-maternity second innings', formally welcoming a female employee back into the workforce post her Maternity Leave, is the first new initiative as part of the Charter.
- **Climate Survey:** An organization wide Climate Survey was launched with a focus on a comprehensive understanding of areas like Company practices, Work engagement, Total rewards, Opportunities, People & Culture etc. The analysis is a result of collaborative expertise from various teams like AICS, TruBot, R&A and ISG.

- **Apprentice Program:** In an endeavour to promote apprenticeship in India Datamatics is encouraging the hiring of apprentices under National Apprenticeship Promotion Scheme (NAPS). Company is organizing NAPS training which consists of basic training and on-the-job-training (OJT)/ practical training at Workplace. The organization is also participating in the state-level apprenticeship program in Maharashtra, for the training of new job seekers. Employment Promotion Programme (EPP). It is a scheme to provide on-job training to Job Seekers for acquisition and up-gradation of skills. As of 31 March 2020, Company had trained 1348 apprentices across various locations.
- **Work From Home (WFH) Policy:** Datamatics recognizes that WFH or remote working is suitable for employees in terms of cutting commuting time, adjusting to urban lifestyle, reducing stress and improving work-life balance. WFH was introduced as a part of our commitment towards introducing Progressive HR policies for the benefit of the employees. This policy laid down the foundation, on which Covid-19 induced crisis could be tackled relatively smoothly.
- **Retirement Planning:** National Pension System (NPS) option was introduced last year, for employees to plan their retirement benefit. NPS is an important milestone in the development of a sustainable and efficient voluntary defined contribution pension system in India to provide old age security.

US and Overseas HR Operations

US has been a very strategic and critical geography for us, contributing to significant chunk of the business. Throughout the year, Team HR in USA took robust strides to ensure that core Datamatics fabric remained consistent in the workforce.

With excellent execution of end-to-end employee lifecycle processes from hire to retire, they got recognized and got awarded with 'Stevie Award' in a prestigious ceremony last year.

Though different states within US had different regulatory guidelines, that were extremely dynamic in nature, the team handled the transition very well, of enabling employees to work from home and took care of keeping the employees connected to the organization. With all Overseas employees, HR business partners maintained close collaboration and responded promptly for all their needs.

Philippines Human Resource Operations

After the strategic acquisition of RJ Globus, Philippines by Datamatics, significant efforts have been undertaken, to integrate the operations across entities. The entire Philippines HR team worked with utmost efficiency, as a well-oiled machinery to manage employee lifecycle operations and corporate HR functions.

While acquiring Talent, the team stayed ahead of the curve throughout the year. The Talent Acquisition team was able to pull off business demands of bulk hiring with almost 90% target achievement, for several campaigns with minimal fallouts. The right talent is hired for the organization, with rigorous evaluations and engaging on-boarding process. With Employee Engagement being a key focus area, the team managed to have a motivated employee base with an energetic new hire orientation program to quickly align the newcomers with the organization. Employee

communication forum led by HR eg HR Talk, HR Counselling and Focus Group Discussions, guided the employees to course-correct, by identifying their work problems, causes and solutions. The most awaited event of the year was the Annual Recognition Party, an event that had a fine balance of recognizing and rewarding exceptional performance, as well as in-house talent entertaining the audience throughout. Last year, RJ Globus joined Call Center Association of Philippines also known as CCAP, and now the team benefits from several activities including seminars and other gatherings. As a Socially Responsible Corporate, RJ Globus was always there to help those in need. From the victims of typhoons to the evacuees of Taal, the employees led the way in helping the crisis-hit regions, in their own small way. The annual outreach programs touched the lives of many in the society very positively.

1. A brief outline of the Company's CSR policy, including overview of projects or programs proposed to be undertaken and a reference to the web-link to the CSR policy and projects or programs:

"Corporate Social Responsibility ("CSR") = Making a Difference"

Our social initiatives are an extension of our vision "To be a world-class organization admired for consistently delivering superior business value". In a world of radical socio-technological changes and critical environmental fluctuations, it is now imperative, more than ever, that we work towards addressing these areas of concern and contribute towards building a better tomorrow.

Over the years, the Company has developed a thoughtful approach and attempts to address critical areas of impact to society at large. 'Employability' and 'Holistic Child Care' are the key areas that Datamatics focuses on. Our objective is to have a structured approach, which will positively impact the population at large and drive long-term sustainable development in the society. Our corporate social responsibility (CSR) initiatives are carried out under a corporate body, ASHA, led by our senior leadership.

Much before CSR became a buzzword among Companies in India, Datamatics was already practicing it to make a difference and create a positive impact on the communities, cultures, societies, environment in which it operates.

Datamatics has prepared CSR policy in line with the provisions of Section 135 of the Companies Act, 2013. The Corporate Social Responsibility Policy of the Company, as approved by the Board of the Directors, is available on the Company's website at <http://www.datamatics.com/company/corporate-social-responsibility>.

TO THE BOARD'S REPORT

Datamatics considers social responsibility as an integral part of its business activities and endeavors to utilize allocable CSR budget for the benefit of society. Over the years, the Company has continuously worked towards improving quality of life of the Society in its operational areas.

However, the global economic competition has induced the corporates to become cost conscious. During the year under review, the margins of the Company have been reduced on account of increase in various costs. The Company's growth is dependent on the Company's capability to use the Company's resources in a channelized manner. Also the global economic recession due to COVID – 19 pandemic has resulted into loss of business. Therefore, considering the financial condition and goals of the Company, the Board of Directors have thought it prudent to conserve the resources of the Company so that they can be deployed for various future growth initiatives and

expansion plans by targeting new customer segments and markets across different geographies.

2. CSR Committee Responsibility Statement:

The CSR Committee confirms that the implementation and monitoring of the CSR activities of the Company are in compliance with the CSR objectives and CSR Policy of the Company.

For and on behalf of the Board

Rahul L. Kanodia
Chairman of CSR Committee

R. K. Saraswat
Director

Management Discussion and Analysis

Introduction

In the wake of COVID-19 crisis, Datamatics priorities include focusing on employee well-being, servicing and retaining customers and tightly managing cash-flows. Team Datamatics has done exceedingly well in managing on all the three fronts in the face of the current crisis. Also, with a diversified customer base across industries, Datamatics believes that the company is better prepared to face the challenge.

As enterprises adopt digital technologies to drive their businesses, Datamatics is well positioned to implement Digital Technologies, including Intelligent Data Capture, Robotics, Cloud, Digital Experiences, Analytics, and Artificial Intelligence for them. It provides the company an excellent opportunity to partner with customers in implementing digital transformation solutions that would ensure business continuity and enable them to remain competitive.

A. Economic Environment

As per World Economic Outlook, April 2020, as a result of the pandemic, the global economy is projected to contract sharply by -3% in 2020. There is high uncertainty around the global growth forecast. In a baseline scenario—which assumes that the pandemic fades in the second half of 2020 and containment efforts can be gradually unwound—the global economy is projected to grow by 5.8% in 2021. The risks of even more severe outcomes, however, are substantial.

As per the report, the key forecasts for markets are as follows:

- The forecast for the United States is expected to decline from 2.3% in 2019 to -5.9% in 2020 and recover to 4.7% in 2021.
- The forecast for Euro is set to decline sharply from 1.2% in 2019 to -7.5% in 2020 and recover to 4.7% in 2021. Many economies, notably Italy, Spain, France, and Germany are getting impacted severely because of the pandemic.
- Substantial uncertainty exists around the baseline projection of decline of -6.5% in the United Kingdom in 2020-21 because of prolonged uncertainty about the Brexit outcome as well as COVID-19 pandemic.
- Growth in emerging and developing Asian countries will dip from 5.5% in 2019 to 1% in 2020 and improve to 6.6% in 2021.
- India's economy is poised to slow down because of the pandemic and the forecast for India is expected to decline from 4.2% in 2019 to 1.9% in 2020 and increase to 7.4% in 2021.

Industry Review

A high uncertainty exists around the global growth forecast. The economic fallout depends on factors that interact in ways that are hard to predict, including the speed of COVID-19 transmission, the intensity and efficacy of containment efforts, the shifts in spending patterns, the extent of supply disruptions and the repercussions of the tightening in global financial market conditions. Though

IT and BPM industry is going to get severely impacted because of COVID-19, it is too early to forecast how the worldwide IT and BPM industry will fare in the next 12 months. However, to address the challenges posed by the pandemic to the enterprises, Datamatics is witnessing that the digital technologies, such as Robotic Process Automation, Digital Business Automation, and Cloud Services are performing better. IT and BPM companies will have to work towards achieving savings for their client through innovative methods and approaches.

C. Business drivers

Products & Platforms: Datamatics is investing in developing as well as updating its own IP solutions in the digital technology space. Datamatics products and platforms such as TruBot for Robotic Process Automation, TruCap+ for intelligent data capture, iPM for end-to-end workflow management, TruBI for business intelligence & data visualization and TruFare for Automated Fare Collection, are getting good traction in the market.

Partner and reseller channels: On the back of product strategy, Datamatics is aggressively investing in expanding its partner network and has over 100 partners across the globe. The evolving partner ecosystem will increase the sales momentum and will ensure smooth implementation and support for Datamatics IP products globally. Notable inclusions in the channel ecosystem are TCS as global strategic partner and Ingram Micro, a global broad-based IT distributor, as preferred reseller in India.

Automated Fare Collection (AFC): This has been a key focus area for Datamatics, with it being the only Indian company to have highly evolved AFC, Smart Gates, and Contactless Gates service offerings. Datamatics sees this as a huge opportunity in emerging economies around the world, including India. Datamatics is also actively pursuing US market and has recently won the Automated Fare Collection contract for Memphis Area Transit Authority (MATA), the public transportation provider for the Memphis area, USA in 2019.

Digital Solutions – RPA, Digital Experiences, Cloud: Datamatics is well positioned to implement digital technologies, such as Intelligent Data Capture, Robotic Process Automation, Digital Experiences, Analytics, Cloud, and Artificial Intelligence for its customers. Datamatics with its experience and expertise has carved a niche for itself towards becoming a strategic partner to its valued customers and offering intelligent solutions that will enable businesses to further evolve by improving productivity and enhancing customer satisfaction. In FY20, Datamatics made significant efforts and investments in strengthening its digital footprint.

Account Penetration: Datamatics has customers across industries; many of these are Fortune 500 companies. Datamatics is focusing on deeper penetration within the customer accounts through account management for cross-selling and up-selling through its integrated sales and marketing efforts.

Branding & Marketing: Datamatics has been investing in marketing and branding efforts for increasing visibility, strengthening digital footprint and geographic reach.

D. Business performance

Datamatics consolidated revenue rose to ₹ 12,033 million, up by 6.16%, in constant currency grew by 5.5% against FY19 but profit after tax reduced by 14%. Of the total revenue, IT solutions - include application management services, digital solutions such as Robotic Process Automation, Digital Experiences, Cloud solutions, analytics as well as Automated Fare Collection - constitute 59%. On the other hand, Business Process Management constitute 41% of total revenues. The revenues from IT solutions grew by 9% and Business Process Management grew by 3% year-on-year.

F. Risk management

The Company's global operations bring in considerable complexities and in response to that, Datamatics has established a robust enterprise risk and compliance management framework and process. This process provides an enterprise-wide view of risks and compliance which enables it to take a more holistic approach towards informed decision making. Some significant risks that could hinder Company operations are identified below:

Global Economic Risk

Datamatics derives majority of its revenues from overseas geographies. The changing economic conditions, inflation, reforms in tax laws, fiscal and monetary policies in these markets could enhance cost pressure and affect the Company adversely in several ways. The Company may also witness price reduction, lose key projects and customers, deterring financial performance.

Datamatics mitigates global economic risk by generating business from new market segments and enhances steeper growth in geographies other than the US and Europe.

Employee Related Risks

Datamatics' business is dependent on the quality of its workforce. Company's inability to attract, retain and motivate key employees would impair its ability to offer the right quality of service to the clients.

As a talent-driven organization, the Company's key goal is to have the best talent, with highly specialized skills in every business vertical, at the right levels and at the right locations, to enhance differentiation and competitiveness.

It strives to maintain its position as the employer of choice. Its Human Resources Department (HRD), is aligned with the Company's vision to attract, retain, and nurture high-quality talent.

The Company consistently tries to create a culture of learning and continuous improvement, to build and grow employee's career, across all HR functions.

Business Continuity and Information Security

Datamatics is fully aware of Business Continuity risks arising out of global disruptions such as natural disasters, IT outages, cyber, pandemic, terror and unrest, power disruptions, to name a few. This is likely to hinder availability of people and process, technology and infrastructure.

The Company has a well-defined, robust and tested Business Continuity Plan (BCP) and Disaster Recovery (DR) processes in place. There are primary and secondary locations identified and equipped with the necessary infrastructure and facilities to ensure that the business processes can continue uninterrupted. There are dedicated, trained and empowered cross-functional teams at various levels in all locations to ensure that the BCP and DR processes are implemented in shortest possible times. Readiness according to the BCP and DR processes are regularly tested through surprise mock drills and audits. The audit and mock-drill findings are reviewed by senior management in Management Information Security Forum (MISF). In the past, the readiness was successfully verified in real scenario during the floods in Nasik and Chennai / Puducherry locations. The Company could bring up customer processes at the BCP and DR locations well-within the defined timelines. The Company was appreciated by customers for the several such occasions.

The Company's operations and ISMS have been successfully assessed and are compliant to ISO 27001:2013, SSAE 16 SOC 1 and SOC2 requirements and HIPAA requirements. The Company

is in the final stages of renewing its PCI-DSS certification. These standards are extremely important for financial, insurance and healthcare industries.

Moreover, Datamatics successfully implemented Security Information and Event Management (SIEM) solution, strengthening Information security management framework.

Competition Risk

The technology market is evolving at a lightning speed. The world is moving towards smart automation and the emerging digital technologies are disrupting and changing the paradigm of business operations across Industries. This enhances the risk of competition. Datamatics manages to mitigate the competition risk by adopting the following measures:

- Datamatics invests in new technologies and product development in Robotics, Artificial Intelligence, Mobility and Analytics and consistently updates its own IP solutions in the digital technology space.
- With rapid urbanization, Datamatics is focusing on areas such as Automated Fare Collection, Smart Gates, and Contactless Gates service offerings to name a few. Datamatics has deep domain knowledge, skilled professionals, delivery capabilities and efficient sales force along with relationship managers to help retain its competitive positioning amongst peers.
- Adopting a customer centric approach together with its ability to innovate customer specific solutions, through its in-house incubation hub, DataLabs, Datamatics conducts research and development based on emerging trends and cutting-edge technologies.

- Datamatics aggressively invests in widening its partner network and believes that the evolving partner ecosystem will increase sales momentum and ensure smooth implementation and support for Datamatics IP solutions globally.

Legal and Regulatory Compliance Risk

Datamatics is exposed to greater compliance risks than ever before due to its presence in multiple developed and developing countries. Data Privacy and protection of personal data is a high priority concern globally. Legislations such as General Data Protection Regulation (GDPR) in Europe and California Consumer Privacy Act (CCPA) in the United States carry severe consequences for non-compliance or breach. Any violation or security breach, non-compliance or inadequacy of privacy policies and procedures can result in substantive liabilities, penalties and reputation impact.

To keep the Company protected against the risk of data privacy breach, all its contracts with the customers in the EU region have been revised to incorporate GDPR requirements. A dedicated

Data Protection Officer (DPO) has been appointed to address issues, if any, raised around GDPR compliance. Regular online training and workshops on Data Privacy and GDPR are conducted to foster a culture of awareness and responsibility among its employees. GDPR awareness is an integral part of the employee induction program.

Datamatics also uses services of professional consultants under the supervision of its dedicated in-house compliance team which is equipped to anticipate compliance risks and ensure compliance with domestic as well as overseas laws and regulations. Changes in the applicable regulations are monitored and tracked on a global basis.

Currency Risk

Datamatics derives majority revenues in foreign currencies. Volatility in currency exchange movements negatively impacts Company's financial performance. Through appropriate hedging strategy and business marketing practices aligned with market best practices, the management team takes adequate steps to minimize currency-related value erosion. The Company consistently reviews economic scenario and updates policies accordingly.

Internal Control Systems and their Adequacy

Datamatics has mechanisms in place to establish and maintain adequate internal controls over all operational and financial functions. The Company intends to undertake further measures as

necessary in line with its intent to adhere to procedures, guidelines, and regulations as applicable in a transparent manner.

The Company has appointed, M/s. SKPAG & Co., Chartered Accountants, Mumbai as Internal Auditors of the Company. During the year, the Internal Auditor has carried out Company audit on significant areas affecting the Company's business. The Audit Committee reviews its findings and recommendations at periodic intervals.

The Company's internal control system is adequate considering the nature, size and complexity of its business.

G. Outlook

The world has never experienced a challenge like the one faced today. Unlike the economic crises of the past, which primarily impacted consumer demand, the COVID-19 pandemic and

corresponding lockdowns have disrupted the supply chain as well as has resulted in global financial markets meltdown. Demand can be boosted through Government spends and stimulus; however, reviving the supply chain will be a herculean task. Consequently, the world will go through a period of a prolonged recovery.

It is too early to be able to predict the overall economic impact and the period it may take to get the pandemic under control. Several companies across every industry are experiencing a severe slowdown in their business. However, with a diversified customer base across multiple industries, Datamatics believes that the company is better prepared to face the challenge. Under these circumstances, the top priorities of Datamatics as an organization are:

1. Employee well-being
2. Focus on customers & retention
3. Manage cash flows & liquidity

Employee well-being is of foremost importance for Datamatics. Protecting the health and life of all Datamaticians and their families occupies center stage. At a company level, Datamatics is implementing all the guidelines recommended by the Government to ensure the safety and well-being of employees and to reduce the spread of the pandemic in the society at large.

Focus on customers. Servicing and retaining all Datamatics customers is of paramount importance. The current crisis and lockdowns with short notices have put high pressure on the company to deliver to customers. Datamatics has enabled over 99% of employees to work-from-home in a matter of very few days.

With the onset of a global economic slowdown, many Datamatics customers will come under stress with their business shrinking. It will naturally cause their priorities to change towards scaling back, conserving cash and exploring ways of becoming more efficient by leveraging digital technologies, and perhaps redesign their core business. As customers adopt digital technologies to drive their businesses, it provides an excellent opportunity to partner with

them in implementing digital transformation solutions that would enable them to remain competitive.

Managing cash-flow is a top priority for the company. The Datamatics Management team is keeping a keen eye on cash flow, taking all the necessary efforts to actively conserve cash and curtail all discretionary spends and look at alternative way to operate

Looking ahead, Datamatics will continue to focus on technologies, such as Intelligent Data Capture, Robotics, Cloud, Digital Experiences, Analytics, and Artificial Intelligence. These digital technologies are some of the thrust areas for Datamatics and the company is investing in developing intelligent innovative solutions in these areas.

Datamatics will continue to invest in developing as well as updating its own IP solutions in the digital technology space. Datamatics is aggressively expanding its partner network and believes that the evolving partner ecosystem will increase the sales momentum and will ensure smooth implementation and support for Datamatics IP solutions globally.

In addition to digital technologies, Datamatics has been focusing on areas, such as Automated Fare Collection and Smart Cities as growth areas in India as well as across the globe and will continue the focus.

To help enterprises navigate the business risk and mitigate their productivity losses, Datamatics has launched 'COVID-19 Enterprise Support Program'. Under this program, Datamatics is offering free use of three TruBots until 30th September 2020. With this program, the Company aims to help the enterprises mitigate business risks and successfully manage their operations remotely by using Datamatics TruBot. The Company has seen a good response to this program not only from the existing customers, but also from the other enterprises, which are using RPA for the first time.

Datamatics is well prepared to address the challenge posed by COVID-19 pandemic and is confident that as the world emerges from the pandemic, the company will come out stronger than ever and more resilient.

Report on Corporate Governance

I. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Corporate Governance is an integral part of Datamatics' philosophy. It is a reflection of the culture, values and policies of the Company. To meet its obligations towards its shareholders and other stakeholders, the Company has a corporate culture of conscience and consciousness; integrity, transparency and accountability for efficient and ethical conduct of business. It aims at highest standards of transparency, integrity, fairness, and accountability as well as equal treatment to all the stakeholders comprising of regulators, employees, investors, customers, vendors and the society at large.

Realizing the criticality of sound corporate governance practices to enhance shareholders and stakeholders trust, the Company observes the highest level of ethics in all its dealings. Apart from complying with the statutory requirements, effective systems and practices towards improving internal controls and promotion of ethics at work place have been institutionalized.

The Board of Directors provides leadership and guidance for establishing and executing Corporate Governance practices by balancing economic and social goals commensurate with individual and society goals at large. At Datamatics, Corporate Governance practices are effectively implemented and enforced through self-regulation as well as by adopting code of conduct & ethics.

The Company firmly believes that corporate governance standards should go beyond the law and must satisfy the spirit

of law and not just the letter of the law. This is a way of life at Datamatics and is driven relentlessly across the organization.

Your Company is in compliance with the requirements of Corporate Governance stipulated in the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations') and the Companies Act, 2013 ('the Act').

Independent Auditor's Report on the Audit of the Consolidated Financial Statements

To,

The Members of **DATAMATICS GLOBAL SERVICES LIMITED**
Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **DATAMATICS GLOBAL SERVICES LIMITED** ("Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), and its joint venture listed in Annexure A, which comprise the Consolidated Balance Sheet as at March 31, 2020, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information ("the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of their consolidated state of affairs of the Company as at March 31, 2020, their consolidated profit, the consolidated other comprehensive income, their consolidated

changes in equity and their consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibility for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group and its joint venture in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI), and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	Auditor's Response
<p>A. Revenue recognition in respect of fixed price contract</p> <p>The Company inter alia engages in fixed price contracts, wherein revenue is recognized using the percentage of completion method based on the company's estimate of contract cost. We identified revenue recognition of fixed price contract as a Key Audit Matter since:</p> <ul style="list-style-type: none"> accuracy and existence of revenues and onerous obligations, in respect of fixed price contracts, involves critical estimates. these estimates have high inherent uncertainty as it requires determination of the progress of the contract, costs incurred till date and future costs required to complete the remaining contract and performance obligations. estimate of costs is a critical estimate to determine the revenues and liability for a contract and these contracts may involve onerous obligations which require critical assessment of future costs. at the year-end significant amount of unbilled revenue is recognized on the balance sheet date. 	<p>Our audit procedures included discussion with the management to obtain an understanding of the systems, processes and controls implemented by the Company for recording and computing the costs, revenue and other estimates associated with such contracts. Our audit approach was a combination of test of internal controls and substantive procedures which included the following:</p> <ul style="list-style-type: none"> we evaluated the design of internal controls relating to recording of costs incurred and estimate of costs required to complete the performance obligations. we tested the access and application controls pertaining to time recording, allocation and budgeting systems which prevents unauthorised changes to recording of costs incurred. we selected a sample of contracts and tested the operating effectiveness of the internal controls relating to costs incurred and estimate of costs, through the inspection of performance of these controls. we selected a sample of contracts and performed a retrospective review of costs incurred with estimate of costs to identify significant variations and verify whether those variations have been considered in estimating the future costs required to complete the contract. we reviewed a sample of contracts with unbilled revenue to identify possible delays in achieving milestones, which require change in estimated costs to complete the remaining performance obligations. we performed analytical procedures and test of details for reasonableness of incurred and estimated costs.

Key Audit Matter	Auditor's Response
<p>B. Carrying Value of Goodwill</p> <p>The Group has goodwill of ₹ 2,030.81 million in respect of some of its Cash Generating Units. The Group is required to annually test the amount of goodwill for impairment. This annual impairment testing was significant to our audit because the balance of ₹ 2,030.81 million as of March 31, 2020 is material to the financial statements. The determination of recoverable amount requires judgment on the part of the management with respect to future revenue, estimated profit, discount rate and hence the assessment process is highly subjective and is based on assumptions.</p>	<p>We evaluated the appropriateness of management identification of Cash Generating Units and the continued satisfactory operation of the Holding Company's internal controls over the whole process. Our procedures included discussion with the management of the Holding Company on the suitability of the impairment model and reasonableness of the assumptions. Our review included the below:</p> <ul style="list-style-type: none"> • Benchmarking the Holding Company's key assumptions with industry comparables, the assumptions made in the prior years and also comparing the margin and revenue trend with the actual results relating to previous forecasts. • We reviewed the Holding Company's management's impairment assessment and reviewed the calculation methodology and sources for key assumptions. • We reviewed the key assumptions, being the cash flows, growth assumptions and discount rates. • We performed sensitivity analysis over significant assumptions used in the models to ascertain the point at which impairment would be triggered and considered the likelihood of such a change. • We reviewed the disclosure in the consolidated financial statements in respect of the Holding Company's management's impairment testing to confirm that these are consistent with the conclusions of our audit work and meet the disclosure requirements of the relevant accounting standards.

Other Information

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's Annual Report, but does not include the consolidated financial statements and our Auditors' Report thereon. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements if the subsidiaries and joint venture audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries and joint venture is traced from their financial statements audited by the other auditors. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group and its joint venture in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS")

specified under section 133 of the Act. The respective company's management and Board of Directors of the companies included in the Group and of its joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each entity and of its joint venture and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the management and Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective management and Board of Directors of the companies included in the Group and its joint venture are responsible for assessing the ability of the Group and its joint venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective management either intends to liquidate or cease operations, or has no realistic alternative but to do so.

The respective management and Board of Directors of the companies included in the Group and its joint venture are responsible for overseeing the financial reporting process of the Group and its joint venture.

Auditor's Responsibility for the Audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether

the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its joint venture to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities and business activities within the Group and its joint venture to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the business activities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of

the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

(a) We did not audit the financial statements / financial information of fourteen subsidiaries (including nine step down subsidiaries), and one joint venture, whose financial statements / financial information reflect unconsolidated total assets of ₹ 9,818.67 million as at March 31, 2020, unconsolidated total revenues of ₹ 8,882.47 million, unconsolidated other comprehensive income of ₹ 489.74 million, unconsolidated net profit after tax of ₹ 369.17 million and unconsolidated net cash inflows amounting to ₹ 830.25 million for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements, in respect of a joint venture include the Group's share of net profit of ₹ 12.16 million and other comprehensive income of ₹ 12.04 million, whose financial statements / financial information have not been audited by us. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and joint venture, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries are based solely on the reports of the other auditors.

(b) We did not audit the financial statements / financial information of ten subsidiaries (including nine step down subsidiaries), whose financial statements / financial information reflect unconsolidated total assets of ₹ 601.67 million as at March 31, 2020, unconsolidated total revenues of ₹ 1,066.72 million, unconsolidated other comprehensive income of ₹ 80.95 million, unconsolidated net profit after tax of ₹ 9.46 million and unconsolidated net cash inflows amounting to ₹ 86.33 million for the year ended on that date, as considered in the consolidated financial statements. These financial statements / financial information are unaudited and have been furnished to us by the management of the Holding Company and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries, is based solely on such unaudited financial

statements / financial information. In our opinion and according to the information and explanations given to us by the management of the Holding Company, these unaudited financial statements / financial information are not material to the Group.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the unaudited financial statements / financial information certified by the management of the Holding Company.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements / information of subsidiaries, unaudited financial statements / financial information referred to in the paragraph on 'Other Matters' section above, we report, to the extent applicable, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books, returns and the reports of the other auditors.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2020 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies and its joint venture incorporated in India, none of the directors of the Group companies and its joint venture incorporated in India is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164(2) of the Act.

- f) With respect to the adequacy of internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on the financial statements / information of the subsidiaries and its joint venture, the financial statements / information certified by the Management in the case of some subsidiaries, as noted in the paragraph on 'Other Matters':
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its joint venture – Refer Note No. 49 to the consolidated financial statements;
 - ii. The Group and its joint venture did not have any material foreseeable losses on long term contracts including derivatives contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies, and its joint venture incorporated in India.
 - h) With respect to the matter to be included in the Auditor's Report under section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid by the Holding Company, subsidiary companies and its joint venture incorporated in India, wherever applicable, to its directors during the current year is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director by the Holding Company, subsidiary companies and its joint venture incorporated in India is not in excess of the limit laid down under section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under section 197(16) which are required to be commented upon by us.

TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Referred to in paragraph (f) of 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report on the consolidated financial statements of the company for the year ended March 31, 2020.

Opinion

In conjunction with our audit of the consolidated financial statements of **DATAMATICS GLOBAL SERVICES LIMITED** ("the Holding Company") as of and for the year ended March 31, 2020, we have audited the internal financial control over financial reporting of the Holding Company and its subsidiary companies and its joint venture, incorporated in India, wherever applicable, as of that date.

In our opinion to the best of our knowledge and according to the opinion expressed in the report of other auditors, the Holding Company, its subsidiary companies and its joint venture incorporated in India, wherever applicable, in all material respects, have an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the criteria for internal controls over financial reporting established by the respective companies, wherever applicable, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The respective company's management and Board of Directors of Holding Company, its subsidiary companies and its joint venture incorporated in India, wherever applicable, are responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the respective companies, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and

evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the paragraph on 'Other Matters', is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company, its subsidiary companies and its joint venture incorporated in India, wherever applicable.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to 5 subsidiary companies and 1 joint venture company, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India and the information provided by the Management.

The financial statements of the Parent Group and its subsidiaries have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses after eliminating intra-Group balances / transactions and resulting unrealized profits in full. The amounts shown in respect of accumulated reserves comprises the amount of the relevant reserves as per the balance sheet of the Parent Group and its share in the post acquisition increase / decrease in the relevant reserves / accumulated deficit of its subsidiaries.

Non controlling interest in the net assets of consolidated subsidiaries consists of the amount of equity attributable to the non controlling shareholders at the dates on which investments are made by the Parent Group in the subsidiary companies and further movements in their share in the equity, subsequent to the dates of investments.

The Parent Group and its Indian subsidiaries maintain their records and prepare their financial statements under the Historical Cost Convention except certain financial assets and liabilities (including derivative instruments) which is measured at fair value or amortised cost, in accordance with generally accepted accounting principals in India while the foreign subsidiaries maintain their records and prepare their financial statements in conformity with GAAP prevalent in their respective countries of domicile.

Consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances except in case of charge of depreciation on fixed assets and other insignificant items for which the accounting treatment is given on the basis of local laws applicable in the respective country, for which using uniform accounting policies for the purpose of consolidation is impracticable.

ii) Joint ventures

Interests in joint ventures are accounted for using the Equity method, after initially being recognised at cost in the consolidated balance sheet.

Name of the Joint venture	2019 - 20		2018 - 19	
	Country of incorporation	% of shareholding	Country of incorporation	% of shareholding
Cybercom Datamatics Information Solutions Limited	India	50.50	India	50.50

Equity Method :

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from joint ventures are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Group and its joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

Notes forming part of the Consolidated Financial Statements (Contd.)

as at March 31, 2020

iii) Historical cost convention

The consolidated financial statements have been prepared on a historical cost basis, except for the following:

- * certain financial assets and liabilities (including derivative instruments) which is measured at fair value or amortised cost;
- * defined benefit plans – plan assets measured at fair value.

iv) Measurement of fair values

A number of Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Group has established policies and procedure with respect to measurement of fair values. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, mutual funds and forward contracts that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration.

v) Ind AS 116, Leases

Effective April 1, 2019, the Company has adopted Ind AS 116 "Leases" and applied to its Lease contracts existing on April 1, 2019, using the modified retrospective method and has taken the cumulative adjustment to retained earnings, on the date of initial application. Accordingly, the comparatives for the year ended March 31, 2019 have not been retrospectively adjusted. Refer Note 46 for further details.

vi) Appendix C to Ind AS 12, Uncertainty over Income tax treatment

The Ministry of Corporate Affairs ("MCA") has notified the companies (Indian Accounting Standards) Amendment Rules, 2019 Containing Appendix C to Ind AS 12, uncertainty over Income tax treatments which clarifies the application and measurement requirements in Ind AS 12 when there is uncertainty over income tax treatments. The current and deferred tax asset or liability shall be recognised and measured by applying the requirements in Ind AS 12 based on the taxable profit (tax loss), tax bases, unused tax losses, unused tax credit and tax rates determined by applying this appendix. The amendment is effective from April 1, 2019. The

Group has evaluated the effect of this amendment on the financial statements and concluded that there is no significant impact.

vii) Amendment to Ind AS 19, Employee Benefits

The Ministry of Corporate Affairs has notified limited amendments to Ind AS 19 'Employee Benefits' in connection with accounting for plan amendments, curtailments or settlements. The amendments require an entity to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement and to recognise in profit or loss as part of past service cost, or a gain or loss on settlement. Any reduction in a surplus, even if that surplus was not previously recognised because of impact of the assets ceiling. The amendment is effective from April 1, 2019. The Group has evaluated the effect of this amendment on the financial statements and concluded that this amendment is currently not applicable.

c) Use of Estimates

The preparation of consolidated financial statements in conformity with the generally accepted accounting principles require estimates and assumptions to be made that affect the reported amounts of the assets and liabilities on the date of financial statements and the reported amounts of revenues and expenses during the reporting period. Differences between actual results and estimates are recognised in the year in which the results are known / materialized.

d) Foreign currency translation

i) Functional and presentation currency

The consolidated financial statements are presented in Indian rupee (INR), which is Group's functional and presentation currency.

ii) Transactions, balances and translation

Transactions in foreign currency are recorded at the rates of exchange prevailing at the date of the transactions.

Monetary items denominated in foreign currencies at the balance sheet date are translated at the exchange rate prevailing on the balance sheet date. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction. Any income or expense on account of exchange difference either on settlement or on translation at the balance sheet date is recognised in Statement of Profit and Loss in the year in which it arises.

The consolidated financial statements are reported in Indian rupees. The translation of the local currency of each foreign subsidiary within the Group into Indian rupees is performed in respect of assets and liabilities including fixed assets using the exchange rate in effect at the balance sheet date and for revenue and expense items, using a monthly simple average exchange rate for the period. Net exchange difference resulting from the above translation of financial statements of foreign subsidiaries is recognised in Foreign Exchange Fluctuation Reserve. Exchange Difference arising on

Notes forming part of the Consolidated Financial Statements (Contd.)

as at March 31, 2020

investment in subsidiaries is recognised in Foreign Exchange Fluctuation Reserve.

e) Revenue recognition

Revenue from services is recognised based on time and material and billed to the clients as per the terms of the contract.

Revenue related to fixed price maintenance and support services contracts where the Group is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.

In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method ('POC method') of accounting with contract cost incurred determining the degrees of completion of the performance obligation.

Revenue from the sale of distinct internally developed software and third party software is recognised upfront at the point in time when the software is delivered to the customer. In cases where implementation services rendered significantly modifies or customise the software, these services and software are accounted for as a single performance obligation and revenue is recognised over time on a POC method.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer.

Cost and earnings in excess of billings are classified as unbilled revenue while billings in excess of cost and earnings are classified as unearned revenue. Discount is recognised on cash basis in accordance with the contractual term of the agreement with the customers.

f) Income tax

Tax expense comprise of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act.

Current income taxes

The current tax expense include income tax expense payable by the Group. Current income taxes payable by overseas subsidiaries is computed in accordance with tax laws applicable in the jurisdiction in which the respective subsidiaries operates.

Advance taxes and provision for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in same tax jurisdictions.

Deferred tax

Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is a reasonable certainty that sufficient future taxable income will be available

against which such deferred tax assets can be realized.

In the situations where an entity in the Group is entitled to a tax holiday under the Income Tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where it operates, no deferred tax (asset or liability) is recognized in respect of timing differences which reverse during the tax holiday period, to the extent the entity's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of timing differences which reverse after the tax holiday period is recognized in the year in which the timing differences originate. However, the entity restricts recognition of deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the timing differences which originate first are considered to reverse first.

At each balance sheet date unrecognized deferred tax assets are re-assessed. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Minimum Alternate Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the Guidance Note on Accounting for credit available in respect of Minimum Alternate Tax under the Income Tax Act, 1961.

Dividend distribution tax paid on the dividends is recognised consistently with the presentation of the transaction that creates the income tax consequence. Dividend distribution tax is recognised in equity.

g) Leases

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Group is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

Notes forming part of the Consolidated Financial Statements (Contd.)

as at March 31, 2020

Refer Note 2(g) - Significant accounting policies - Lease of the Group's Annual report for the year ended March 31, 2019 for accounting policy of Ind AS 17.

h) Cash and cash equivalents

The Group considers all highly liquid financial instruments, which are readily convertible into cash and have original maturities of three months or less from date of purchase to be cash equivalents.

i) Cash Flow Statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

j) Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

k) Investments and other financial assets

i) Classification

The Group classifies its financial assets in the following measurement categories:

* those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and

* those measured at amortised cost.

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

ii) Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are

solely payment of principal and interest.

Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

* **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

* **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/(losses). Interest income from these financial assets is included in other income using the effective interest rate method.

* **Fair value through profit or loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

Equity instruments

The Group subsequently measures all equity investments, at fair value (except investment in joint venture which is valued at cost less impairment losses, if any). Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Group's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/(losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

Notes forming part of the Consolidated Financial Statements (Contd.)

as at March 31, 2020

iii) Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 36 details how the Group determines whether there has been a significant increase in credit risk.

For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

iv) Derecognition of financial assets

A financial asset is derecognised only when

* The Group has transferred the rights to receive cash flows from the financial asset or

* retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Group has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

v) Income recognition

Interest income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of the dividend can be measured reliably.

l) Derivatives and hedging activities

The Group uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments and forecasted transactions. Such forward contracts are utilised against the inflow of funds under firm commitments. The Group does not use the forward contract for speculative purposes. The Group designates these hedging instruments as cash flow hedge. The use of hedging instruments is governed by the Group's policies approved by the Board of Directors, which provide written principles on the use of such financial derivatives consistent with the Group's risk management strategy.

Hedging instruments are initially measured at fair value and are remeasured at subsequent reporting dates. Changes in the fair value of these derivatives that are designated and effective as hedges of future cash flows are recognised through other comprehensive income and the ineffective portion is recognised immediately in the Statement of Profit and Loss.

Changes in the fair value of derivative financial instruments that do not qualify for hedge accounting are recognised in the Statement of Profit and Loss as they arise.

The fair value of derivative financial instruments is determined based on observable market inputs including currency spot and forward rates, yield curves, currency volatility etc.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated or exercised or no longer qualifies for hedge accounting. At that time for forecasted transactions, any cumulative gain or loss on the hedging instrument recognised in other comprehensive income is retained until the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognised in other comprehensive income is transferred to the Statement of Profit and Loss for the year.

m) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

n) Property, Plant and Equipment

Property, Plant and Equipments are valued at cost, except for certain Property, Plant and Equipments which have been stated at revalued amounts as determined by approved independent valuer, after reducing accumulated depreciation until the date of the balance sheet. Direct costs are capitalised until the assets are ready to use and include financing costs relating to any specific borrowing attributable to the acquisition of fixed assets. Capital work-in-progress includes assets not put to use before the year end.

Notes forming part of the Consolidated Financial Statements (Contd.)

as at March 31, 2020

Depreciation methods, estimated useful lives and residual value

Depreciation on property, plant and equipment is provided on the Straight Line Method except for leasehold land, leasehold premises and freehold land as per the useful life and in the manner prescribed in Schedule II to Companies Act, 2013. Leasehold Premises is amortized on the Straight Line Method over the period of 30 years and Leasehold Land is amortized on the Straight Line Method over the period of 75 years.

o) Intangible assets

i) Goodwill

Goodwill on merger of subsidiaries is included in intangible assets. Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or Groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or Groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes, which in our case are the operating segments.

Goodwill on consolidation of subsidiaries is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses.

ii) Trademarks, copyrights and other rights

Separately acquired Trademarks and copyrights are shown at historical cost. Trademarks, copyrights and non-compete fees acquired in a business combination are recognised at fair value at the acquisition date. They have a finite useful life and are subsequently carried at cost less accumulated amortisation and impairment losses.

iii) Computer software

The intangible assets are recorded at cost and are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Directly attributable costs that are capitalised as part of the software include employee costs and an appropriate portion of relevant overheads.

Capitalised development costs are recorded as intangible assets and amortised from the point at which the asset is available for use.

iv) Other Intangible assets

Other intangible assets that do not meet the criteria in (i) to (iii) above are recognised as an expense as incurred. Development costs previously recognised as an expense are not recognised as an asset in a subsequent period.

v) Amortisation methods and periods

The Group amortises intangible assets with a finite useful life using the straight-line method as following :

Particulars	Useful Life
Goodwill	Reviewed for impairment every year.
Patents, Trademarks, Copyrights	3 - 5 years
Customer contracts	3 years
Computer Software	3 years
Other intangible assets	3 years

p) Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. The amounts are unsecured. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

q) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains/(losses).

Where the terms of a financial liability are renegotiated and the entity issues equity instruments to a creditor to extinguish all or part of the liability (debt for equity swap), a gain or loss is recognised in profit or loss, which is measured as the difference between the carrying amount of the financial liability and the fair value of the equity instruments issued.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan

Notes forming part of the Consolidated Financial Statements (Contd.)

as at March 31, 2020

arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

r) **Borrowing costs**

Borrowing costs, which are directly attributable to the acquisition, construction or production of a qualifying assets are capitalised as a part of the cost of the assets. Other borrowing costs are recognised as expenses in the year in which they are incurred.

s) **Provision, Contingent Liabilities and Contingent Assets**

The Group recognises a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for contingent liability is made when there is possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect current best estimates.

Contingent Assets are neither recognised nor disclosed.

t) **Employee benefits**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

In case of Parent Group and its Indian Subsidiaries; (i) Defined Contribution Plan - Contribution to defined contribution plans are recognised as expense in the Statement of Profit and Loss, as they are incurred. (ii) Defined Benefit Plan - Companies' liability towards gratuity and leave encashment are determined using the projected unit credit method as at Balance Sheet date. Actuarial gains / losses are recognised immediately in the Statement of Profit and Loss. Long term compensated absences are provided for based on actuarial valuation.

Foreign subsidiaries maintain a defined contribution retirement plan, which covers substantially all the employees of the foreign subsidiaries and qualifies as a deferred salary

arrangement under laws of respective countries. The Group matches employees' contributions at the discretion of the Group.

u) **Contributed equity**

Equity shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

v) **Earnings per share**

In determining Earnings per Share, the Group considers the net profit attributable to Group's owners. The number of shares used in computing basic Earnings per Share is the weighted average number of shares outstanding during the period. The number of shares used in computing diluted Earnings per Share comprises the weighted average shares considered for deriving basic Earnings per Share and also the weighted average number of equity shares that could have been issued on the conversion of all dilutive potential equity shares.

w) **Business Combinations**

The Group accounts for its business combinations under acquisition method of accounting. Acquisition related costs are recognised in the consolidated statement of profit and loss as incurred. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the condition for recognition are recognised at their fair values at the acquisition date. Purchase consideration paid in excess of fair value of net assets acquired is recognised as goodwill. Where the fair value of identifiable assets and liabilities exceed the cost of acquisition, after reassessing the fair value of identifiable assets and liabilities, the excess is recognised as capital reserve. The interest of non-controlling shareholders is initially measured either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interest is the amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity of subsidiaries. Business combinations arising from transfers of interests in entities that are under common control are accounted at historical cost. The difference between any consideration given and the aggregate historical carrying amounts of assets and liabilities of the acquired entity is recorded in shareholder's equity.

x) **Recent Indian Accounting Standards (Ind AS)**

Ministry of Corporate Affairs ("MCA"), notifies new standard or amendments to existing standards. There is no such notification which would have been applicable from April 1, 2020.

* A new section 115BAA was inserted in the IT Act 1961 by the Govt of India on Sept 20, 2019 wide the Taxation Laws (Amendment) Ordinance 2019, which provides the option to pay income-tax at reduce rate in accordance with the provision/conditions defined in the said section. Accordingly the company and its certain entities have exercised the option u/s 115BAA. However some subsidiaries have decided not to exercise the option. The entities where the option have been exercised have recognised the income tax on the basis of that section and remeasured the current tax and deferred tax during the year.

i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the consolidated financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard.

ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

* the use of quoted market prices or dealer quotes for similar instruments.

All of the resulting fair value estimates are included in level 3 except for unlisted equity securities, contingent consideration and indemnification asset, where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

iii) Valuation processes

The carrying amounts of trade receivables, trade payables, capital creditors and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

Note 39: Financial risk management

The Group's activities expose it to market risk, liquidity risk and credit risk. In order to minimise any adverse effects on the financial performance of the Group, derivative financial instruments, such as foreign exchange forward contracts are entered to hedge certain foreign currency risk exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments.

This note explains the sources of risk which the Group is exposed to and how the Group manages the risk and the impact of hedge accounting in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables and financial assets	Aging analysis, Credit ratings	Diversification of bank deposits, credit limits and letters of credit
Liquidity risk	Borrowings and Trade payable	Maturity analysis, cash flow forecasts	Availability of committed credit lines and borrowing facilities
Market risk – foreign exchange	Import Payables and Export Receivables	Cash flow forecasting Sensitivity analysis	Forward foreign exchange contracts
Market risk – security prices	Investments in equity securities	Sensitivity analysis	Portfolio diversification

The Board provides guiding principles for overall risk management, as well as policies covering specific areas such as credit risk, liquidity risk, and Foreign Exchange Risk effecting business operations. The company's risk management is carried out by the management as per guidelines and policies approved by the Board of Directors.

Notes forming part of the Consolidated Financial Statements (Contd.)

as at March 31, 2020

A) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk encompasses the direct risk of default, risk of deterioration of creditworthiness as well as concentration risks. The Group is exposed to credit risk from its operating activities (primarily trade receivables), deposits with banks and loans given.

Credit risk management

The Group's credit risk mainly from trade receivables as these are typically unsecured. This credit risk has always been managed through credit approvals, establishing credit limits and continuous monitoring the creditworthiness of customers to whom credit is extended in the normal course of business. The Group estimates the expected credit loss based on past data, available information on public domain and experience. Expected credit losses of financial assets receivable are estimated based on historical data of the Group. The Group has provisioning policy for expected credit losses. There is no credit risk in bank deposits which are demand deposits. The credit risk is minimum in case of entity / person to whom loan has been given.

The maximum exposure to credit risk as at March 31, 2020 and March 31, 2019 is the carrying value of such trade receivables as shown in note 12 of the financials.

Reconciliation of loss allowance provision – Trade receivables

Particulars	₹ In millions
Loss allowance on March 31, 2018	272.97
Changes in loss allowance	(16.26)
Loss allowance on March 31, 2019	256.71
Changes in loss allowance	23.41
Bad debts write off	(74.80)
Loss allowance on March 31, 2020	205.32

B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Group treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the Group's liquidity position and cash and cash equivalents on the basis of expected cash flows. In addition, the Group's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

C) Market risk

i) Foreign currency risk

The Group operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD, EUR and GBP. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Group's functional currency (INR). The risk is measured through a forecast of highly probable foreign currency cash flows. The objective of the hedges is to minimise the volatility of the INR cash flows of highly probable forecast transactions.

The Group's risk management policy is to hedge around 70% to 85% of forecasted revenue for the subsequent 24 months. As per the risk management policy, foreign exchange forward contracts are taken to hedge around 70% to 85% of the forecasted revenue.

b) Sensitivity

The Group is mainly exposed to changes in USD, GBP, CHF, AUD and EUR. The sensitivity analysis demonstrate a reasonably possible change in USD, GBP, CHF, AUD and EUR exchange rates, with all other variables held constant. 5% appreciation/depreciation of USD, GBP, EUR, CHF and AUD with respect to functional currency of the Group will have impact of following (decrease)/increase in Profit & vice versa.

USD	35.38	19.72
GBP	9.82	6.01
EUR	3.53	2.95
CHF	1.15	0.92
AUD	1.34	1.31

* Holding all other variables constant

ii) Cash flow and fair value interest rate risk

The Group's main interest rate risk arises from long-term borrowings with variable rates, which expose the Group to cash flow interest rate risk. Group policy is to maintain most of its borrowings at fixed rate using interest rate swaps to achieve this when necessary. During March 31, 2020 and March 31, 2019, the Group's borrowings at variable rate were mainly denominated in INR and USD.

The group's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

a) Interest rate risk exposure

The exposure of the company's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	(₹ in Millions)	
	March 31, 2020	March 31, 2019
Variable rate borrowings	477.14	55.31
Fixed rate borrowings	487.50	303.48
Total borrowings	964.64	358.79

Notes forming part of the Consolidated Financial Statements (Contd.)

as at March 31, 2020

As at the end of the reporting period, the Group had the following variable rate borrowings outstanding:

Interest rates – decrease by 70 basis points (70 bps) *	3.34	0.39

* Holding all other variables constant

iii) Price risk

a) Exposure

The Group's exposure to equity securities price risk arises from investments held by the Group and classified in the balance sheet either as fair value through OCI or at fair value through profit or loss.

To manage its price risk arising from investments in equity securities, the Group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Group.

The majority of the Group's equity investments are publicly traded.

Note 40: Capital management

a) Risk management

For the purpose of the Group's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders. The primary objective of the Group capital management is to maximise the shareholder value.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Group monitors capital using a debt equity ratio and is measured by borrowings divided by total equity. Borrowings include current maturities of non current borrowings.

Notes forming part of the Consolidated Financial Statements (Contd.)

as at March 31, 2020

Note 46: Leases

The Group adopted Ind AS 116 w.e.f. April 1, 2019 and applied the standard to its leases, retrospectively, with the cumulative effect of initially applying the standard, recognised on the date of initial application. Accordingly, the Group has not restated comparative information, instead, the cumulative effect of initially applying this standard has been recognised as an adjustment to the opening balance of retained earnings as on April 1, 2019.

The Group has adopted Ind AS 116, effective annual reporting period beginning April 1, 2019 and applied the standard to its leases, retrospectively, with the cumulative effect of initially applying the Standard, recognised on the date of initial application (April 1, 2019). Accordingly, the Group has not restated comparative information, instead, the cumulative effect of initially applying this standard has been recognised as an adjustment to the opening balance of retained earnings as on April 1, 2019. This has resulted in recognising a right-of-use asset of ₹ 215.92 million and a corresponding lease liability of ₹ 272.96 million by adjusting retained earnings net of taxes of ₹ 55.01 million (including the impact of deferred tax created of ₹ 2.03 million) as at April 1, 2019. In the profit and loss account for the current period, the nature of expenses in respect of operating leases has changed from lease rent in previous periods to depreciation cost for the right-to-use asset and finance cost for interest accrued on lease liability. EBITDA and Profit before tax is increased by ₹ 140.26 million and ₹ 20.39 million respectively due to change in accounting standard for the year ended March 31, 2020. During the year, interest on lease liability charged ₹ 13.81 million, Depreciation on Right-to-use asset ₹ 106.06 million. Hence Lease liability as on March 31, 2020 is ₹ 218.55 million and Right-to-use asset as on March 31, 2020 is ₹ 172.85 million.

Non-cancellable operating leases

The Group's significant leasing arrangements are mainly in respect of residential and office premises. The aggregate lease rentals payable on these leasing arrangements are charged as rent under "Other expenses" in Note 37. These leasing arrangements are for a period not exceeding five years and are in most cases renewable by mutual consent, on mutually agreeable terms.

Future lease rentals payable from the balance sheet date in respect of non cancellable residential and office premises:

	(₹ in millions)	
	March 31, 2020	March 31, 2019
Within one year	-	125.17
Later than one year but not later than five years	-	178.62
Later than five years	-	-

Rental expense relating to operating leases

	(₹ in millions)	
	March 31, 2020	March 31, 2019
Total rental expense relating to operating leases	155.70	248.57

Notes:

- Future lease payments are determined on the basis of terms of the lease agreement.
- At the expiry of term of the agreement, the Group has an option either to return the leased asset or extend the term by giving a notice in writing.
- There are no sublease payments as well as no contingent rent.

Note 47: Restricted Stock Unit Plan 2016

One of the subsidiary has granted "Restricted Stock Units" (RSU) under "LDL RSU PLAN 2016." The plan shall extend to Senior Executive employees as identified by the Board/ Nomination and Remuneration Committee, being the permanent employees of the Company including its Subsidiaries and its directors. RSU shall vest at the end of 3 years from the date of grant and based upon satisfaction of the performance criteria. The continuation of employee in the services of the Company shall be the primary requirement of the vesting.

Under the LDL RSU PLAN 2016, 432,000 options were granted at exercise price of ₹ 10 per option. The plan shall extend to Senior Executive employees as identified by the Board/ Nomination and Remuneration Committee, being the permanent employees of the Company including its Subsidiaries and its directors. RSU shall vest at the end of 3 years from the date of grant.

During the year, NIL amount (P.Y. ₹ 9.83 million) has been expensed out considering the proportionate vesting period, which has been included in Salaries, Wages & Allowances and the same has been disclosed under Reserves and Surplus - ESOP reserve.

Notes forming part of the Consolidated Financial Statements (Contd.)

as at March 31, 2020

Note 48: Events occurring after the reporting period

Dividend

Dividends paid during the year ended March 31, 2020 include an amount of ₹ 1 per equity share towards final dividend for the year ended March 31, 2019.

Dividends declared by the Group are based on the profit available for distribution. Distribution of dividend out of general reserve and Retained earnings is subject to applicable dividend distribution tax. On May 14, 2020, the Board of Directors of the Company have not proposed any dividend in respect of the year ended March 31, 2020.

Note 49: Contingent Liability and Commitments

Provision is made in the financial statements if it becomes probable that an outflow of resources embodying economic benefits will be required to settle the obligation.

Note 50: Forward contracts in foreign currencies

The Group in accordance with its risk management policies and procedures, enters into foreign currency forward contracts to manage its exposure in foreign exchange rates. The counter party is generally a bank. The foreign exchange forward contracts mature within a period of one month and two years.

The Group uses forward exchange contracts to hedge its exposure in foreign currency on highly probable forecast transactions. The information on derivative instruments is given below. The table below analyzes the derivative financial instruments into relevant maturity groupings based on the remaining period as of the balance sheet date:

Net loss on derivative instruments of ₹ 70.86 million (gain of ₹ 121.18 million in March 2019) recognised in Hedging Reserve as of March 31, 2020, is expected to be reclassified to the Statement of Profit and Loss by February 28, 2022.

Note 51: Revenue from contract with major customers

No single customer represents 10% or more of the Group's total revenue during the year ended March 31, 2020 and March 31, 2019.

While disclosing the aggregate amount of transaction price yet to be recognised as revenue towards unsatisfied (or partially satisfied) performance obligations, along with the broad time band for the expected time to recognise those revenues, the Group has applied the practical expedient in Ind AS 115. Accordingly, the Group has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognise corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts. Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of estimates, economic factors (changes in currency rates, tax laws etc).

Changes in contract assets of major customers are as follows:

(₹ in Millions)

Particulars	March 31, 2020	March 31, 2019

Invoices raised during the year	118.32	157.68
Balance at the end of the year	176.04	44.13

Note 52: Employee benefits

The disclosure as required by Ind AS 19 on "Employee Benefits" are given below:

The present value of gratuity obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation of leave benefits (unfunded) is also recognised using the projected unit credit method.

INDEPENDENT AUDITOR'S REPORT

To,

The Members of DATAMATICS GLOBAL SERVICES LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **DATAMATICS GLOBAL SERVICES LIMITED** ("the Company"), which comprise the Standalone Balance Sheet as at March 31, 2020, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity, the Standalone Statement of Cash Flows for the year then ended and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information ("the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the profit, other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibility for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	Auditor's Response
A. Revenue recognition in respect of fixed price contract The Company inter alia engages in fixed price contracts, wherein revenue is recognized using the percentage of completion method based on the company's estimate of contract cost. We identified revenue recognition of fixed price contract as a Key Audit Matter since: <ul style="list-style-type: none"> accuracy and existence of revenues and onerous obligations, in respect of fixed price contracts, involves critical estimates. these estimates have high inherent uncertainty as it requires determination of the progress of the contract, costs incurred till date and future costs required to complete the remaining contract and performance obligations. estimate of costs is a critical estimate to determine the revenues and liability for a contract and these contracts may involve onerous obligations which require critical assessment of future costs. at the year-end significant amount of unbilled revenue is recognized on the balance sheet date. 	Our audit procedures included discussion with the management to obtain an understanding of the systems, processes and controls implemented by the Company for recording and computing the costs, revenue and other estimates associated with such contracts. Our audit approach was a combination of test of internal controls and substantive procedures which included the following: <ul style="list-style-type: none"> we evaluated the design of internal controls relating to recording of costs incurred and estimate of costs required to complete the performance obligations. we tested the access and application controls pertaining to time recording, allocation and budgeting systems which prevents unauthorised changes to recording of costs incurred. we selected a sample of contracts and tested the operating effectiveness of the internal controls relating to costs incurred and estimate of costs, through the inspection of performance of these controls. we selected a sample of contracts and performed a retrospective review of costs incurred with estimate of costs to identify significant variations and verify whether those variations have been considered in estimating the future costs required to complete the contract. we reviewed a sample of contracts with unbilled revenue to identify possible delays in achieving milestones, which require change in estimated costs to complete the remaining performance obligations. we performed analytical procedures and test of details for reasonableness of incurred and estimated costs.

Key Audit Matter	Auditor's Response
B. Transactions with Related Parties <p>The company has material related party transactions during the year. Related party transactions impose limitations on the auditor's ability to obtain audit evidence that all other aspects of related party transactions (other than price) are equivalent to those of a similar arm's length transaction. Further the nature and complexity of such transactions and the involvement of management with respect to the roles and responsibilities of the entities involved in the transactions, makes it subjective.</p>	<p>Our audit procedures on transactions with related parties included the following:</p> <ul style="list-style-type: none"> we obtained a comfort letter issued by the independent professional who is in charge of Transfer Pricing matters of the Company which states that the transactions are conducted at arm's length price. we also reviewed the income tax assessments of earlier years to corroborate whether the methodology adopted by the Company has been accepted by the income tax authorities in previous years. we also compared the pricing model and other terms of the current agreements with agreements of the previous years.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's Annual Report, but does not include the standalone financial statements and our Auditors' Report thereon. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Accounting Standards specified under Section 133 of the Act ("Ind AS"). This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The management and Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures

are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Emphasis of Matter

Attention is drawn to Note No. 41 to the standalone financial statements; the Company has an investment of ₹ 646.30 million in two wholly owned subsidiaries and has also extended loans and advances of ₹ 13.14 million to these subsidiaries as on March 31, 2020. The total net worth of these subsidiaries as on March 31, 2020 is ₹ 539.57 million which is lower than the amount of investment. The investment is for long term and of strategic nature. As the management is confident of turning around these subsidiaries in the near future hence, no provision for diminution in the value of investment has been considered necessary by the management.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid standalone financial statements have been kept by the Company so far as it appears from our examination of those books.

- (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss including Other Comprehensive Income, Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note No. 44 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under section 197(16) which are required to be commented upon by us.

ANNEXURE A

TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 1 of 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report on the standalone financial statements of the company for the year ended March 31, 2020, we report the following:

- i. (a) The Company is generally maintaining proper records showing full particulars including quantitative details and situation of fixed assets.
- (b) The fixed assets are physically verified by the management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the fixed assets at reasonable intervals. Pursuant to the program, certain fixed assets were physically verified during the year and no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties included in property, plant and equipment, are held in the name of the Company. In respect of immovable properties, taken on lease and disclosed as right-of-use-assets in the standalone financial statements, the lease agreements are in the name of the Company.
- ii. According to the information and explanations provided to us, the Company's nature of operations does not require it to hold inventories. Consequently, clause 3(ii) of the order is not applicable.
- iii. According to the information and explanations provided to us, the Company has not granted any loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Act. Hence sub clauses (a) to (c) of clause 3(iii) of the order are not applicable to the Company.
- iv. In our opinion and according to information and explanations provided to us in respect of loans, investments, guarantees and securities, the company has complied with the provisions of Section 185 and 186 of the companies Act, 2013.
- v. According to the information and explanations provided to us, the Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the rules framed there under to the extent notified, and therefore clause 3(v) of the order is not applicable.
- vi. The Central Government has not prescribed maintenance of cost records under sub section (1) of section 148 of the Companies Act, 2013, for any of the products of the company.
- vii. (a) According to the information and explanations provided to us and on the basis of our examination of the records, the Company is generally regular in depositing with appropriate authorities undisputed statutory dues

including provident fund, employees' state insurance, income tax, sales tax, service tax, custom duty, excise duty, value added tax, cess, goods and services tax and any other material statutory dues applicable to it. According to the information and explanations given to us, no undisputed arrears of statutory dues were outstanding as at March 31, 2020 for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us and on the basis of our examination of the records, there are no dues of sales tax, service tax, custom duty, excise duty, value added tax, cess and goods and services tax, which have not been deposited on account of any dispute. The disputed amounts that have not been deposited in respect of income tax are as under:

Name of the Statute	Nature of the dues	Financial Year to which it relates	Forum where the dispute is pending	₹ in million
Income Tax Act, 1961	Income Tax dues	2011-12	Assistant Commissioner of Income Tax	17.49

- viii. In our opinion and according to information and explanations provided to us, the Company has not defaulted in repayment of dues to banks during the year. The company has not taken any loans or borrowings from government, financial institution, and has not issued debentures during the year.
- ix. In our opinion and according to information and explanations provided to us, the Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and through term loans during the year. Accordingly, clause 3(ix) of the order is not applicable to the Company.
- x. To the best of our knowledge and according to the information and explanations provided to us, no fraud by the Company and no fraud on the Company by its officers or employees has been noticed or reported during the year.

ANNEXURE B

TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Referred to in paragraph 2(f) of '**Report on Other Legal and Regulatory Requirements**' in the Independent Auditor's Report on the standalone financial statements of the company for the year ended March 31, 2020.

Opinion

We have audited the internal financial controls over financial reporting of DATAMATICS GLOBAL SERVICES LIMITED ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, to the best of our knowledge and according to the information and explanations provided to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over

financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes forming part of the Standalone Financial Statements

as at March 31, 2020

Note 1: General Information

Datamatics Global Services Limited (DGSL) having CIN L72200MH1987PLC045205 was incorporated on November 3, 1987 as Interface Software Resources Private Limited. The name of the Company was changed to Datamatics Technologies Private Limited on December 18, 1992. On December 27, 1999, the Company converted itself from a Private Limited Company into a Public Limited Company and the name of the Company was changed to Datamatics Technologies Limited on January 13, 2000. The name of the Company was changed from "Datamatics Technologies Limited" to "Datamatics Global Services Limited" (DGSL) with effect from January 17, 2009. The Company is incorporated in Maharashtra, India and is listed on Bombay Stock Exchange (BSE) and National Stock Exchange (NSE) in India.

DGSL, a trusted partner to several Fortune 500 Companies is a global provider of Information Technology (IT), Business Process Management (BPM) and Consulting services. The Company provides business aligned next-generation solutions to a wide range of industry verticals that help enterprises across the world overcome their business challenges and achieve operational efficiencies. These solutions leverage innovations in technology, knowledge of business processes and domain expertise to provide clients a competitive edge.

Note 2: Significant Accounting Policies

a) Basis of Preparation of Financial Statements:

i) Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (IndAS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The standalone financial statements were approved by the Company's Board of Directors and authorised for issue on May 14, 2020.

ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

*certain financial assets and liabilities (including derivative instruments) which is measured at fair value;

*defined benefit plans – plan assets measured at fair value

iii) Measurement of fair values

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has established policies and procedure with respect to measurement of fair values. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, mutual funds and forward contracts that have quoted price. The fair value of all equity instruments (including

bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration.

iv) Ind AS 116, Leases

Effective April 1, 2019, the Company has adopted Ind AS 116 "Leases" and applied to its Lease contracts existing on April 1, 2019, using the modified retrospective method and has taken the cumulative adjustment to retained earnings, on the date of initial application. Accordingly, the comparatives for the year ended March 31, 2019 have not been retrospectively adjusted. Refer Note 40 for further details.

v) Appendix C to Ind AS 12, Uncertainty over Income tax treatment

The Ministry of Corporate Affairs ("MCA") has notified the companies (Indian Accounting Standards) Amendment Rules, 2019 Containing Appendix C to Ind AS 12, uncertainty over Income tax treatments which clarifies the application and measurement requirements in Ind AS 12 when there is uncertainty over income tax treatments. The current and deferred tax asset or liability shall be recognised and measured by applying the requirements in Ind AS 12 based on the taxable profit (tax loss), tax bases, unused tax losses, unused tax credit and tax rates determined by applying this appendix. The amendment is effective from April 1, 2019. The Company has evaluated the effect of this amendment on the financial statements and concluded that there is no significant impact.

vi) Amendment to Ind AS 19, Employee Benefits

The Ministry of Corporate Affairs has notified limited amendments to Ind AS 19 'Employee Benefits' in connection with accounting for plan amendments, curtailments or settlements. The amendments require an entity to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement and to recognise in profit or loss as part of past service cost, or a gain or loss on settlement. Any reduction in a surplus, even if that surplus was not previously recognised because of impact of the assets ceiling. The amendment is effective from April 1, 2019. The Company has evaluated the effect of this amendment on the financial statements and concluded that this amendment is currently not applicable.

b) Use of Estimates

The preparation of financial statements in conformity with

Notes forming part of the Standalone Financial Statements (Contd.)

as at March 31, 2020

the generally accepted accounting principles require estimates and assumptions to be made that affect the reported amounts of the assets and liabilities on the date of financial statements and the reported amounts of revenues and expenses during the reporting period. Differences between actual results and estimates are recognised in the year in which the results are known / materialized.

c) Foreign currency translation

i) Functional and presentation currency

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

ii) Transactions and balances

Transactions in foreign currency are recorded at the rates of exchange prevailing at the date of the transactions.

Monetary items denominated in foreign currencies at the balance sheet date are translated at the exchange rates prevailing at the balance sheet date. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

Any income or expense on account of exchange difference either on settlement or on translation at the balance sheet date is recognised in the Statement of Profit and Loss in the year in which it arises.

d) Revenue recognition

Revenue from services is recognised based on time and material and billed to the clients as per the terms of the contract.

Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.

In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method ('POC method') of accounting with contract cost incurred determining the degrees of completion of the performance obligation.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer.

Revenue from subsidiaries is recognised based on transaction price of services which is at arm's length.

Cost and earnings in excess of billings are classified as unbilled revenue while billings in excess of cost and earnings are classified as unearned revenue. Discount is recognised on cash basis in accordance with the contractual term of the agreement with the customers.

e) Income tax

Tax expense comprise of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act.

Current income taxes

The current tax expense include income tax expense payable by the company in India. Advance taxes and provision for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in same tax jurisdictions.

Deferred tax

Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

In the situations where Company is entitled to a tax holiday under the Income Tax Act, 1961 enacted in India, no deferred tax (asset or liability) is recognized in respect of timing differences which reverse during the tax holiday period, to the extent the Company's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of timing differences which reverse after the tax holiday period is recognized in the year in which the timing differences originate. However, the Company restricts recognition of deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the timing differences which originate first are considered to reverse first.

At each balance sheet date unrecognized deferred tax assets are re-assessed. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Minimum Alternate Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the Guidance Note on Accounting for credit available in respect of Minimum Alternate Tax under the Income Tax Act, 1961.

Dividend distribution tax paid on the dividends is recognised consistently with the presentation of the transaction that creates the income tax consequence. Dividend distribution tax is recognised in equity.

f) Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

Refer note 2 (f) - Significant accounting policies - Leases in the annual report of the Company for the year ended March 31, 2019, for the policy as per Ind AS 17.

g) Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into cash and have original maturities of three months or less from date of purchase to be cash equivalents.

h) Cash Flow Statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

i) Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

j) Investments and other financial assets

i) Classification

The company classifies its financial assets in the following measurement categories:

* those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and

* those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The company reclassifies debt investments when and only when its business model for managing those assets changes.

ii) Measurement

At initial recognition, the company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Debt instruments

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the company classifies its debt instruments:

* Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

* Impairment of investment in subsidiary: The Company reviews its carrying value of investments carried at amortised cost annually, or more frequently, when there is indication for impairment. If the recoverable amount is less than carrying amount, the impairment loss is accounted for.

* Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/(losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Notes forming part of the Standalone Financial Statements (Contd.)

as at March 31, 2020

* Fair value through profit or loss: Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

Equity instruments

The company subsequently measures all equity investments at fair value (except investment in subsidiaries and joint venture which are at amortised cost). Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/(losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

iii) Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 37 details how the company determines whether there has been a significant increase in credit risk.

For trade receivables only, the company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

iv) Derecognition of financial assets

A financial asset is derecognised only when

* The company has transferred the rights to receive cash flows from the financial asset or

* retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of

the financial asset, the financial asset is derecognised if the company has not retained control of the financial asset. Where the company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

v) Income recognition

Interest income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the company, and the amount of the dividend can be measured reliably.

k) Derivatives and hedging activities

The Company uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments and forecasted transactions. Such forward contracts are utilised against the inflow of funds under firm commitments. The Company does not use the forward contract for speculative purposes. The Company designates these hedging instruments as cash flow hedge. The use of hedging instruments is governed by the Company's policies approved by the Board of Directors, which provide written principles on the use of such financial derivatives consistent with the Company's risk management strategy.

Hedging instruments are initially measured at fair value and are remeasured at subsequent reporting dates. Changes in the fair value of these derivatives that are designated and effective as hedges of future cash flows are recognised in other comprehensive income and the ineffective portion is recognised immediately in the Statement of Profit and Loss.

Changes in the fair value of derivative financial instruments that do not qualify for hedge accounting are recognised in the Statement of Profit and Loss as they arise.

The fair value of derivative financial instruments is determined based on observable market inputs including currency spot and forward rates, yield curves, currency volatility etc.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated or exercised or no longer qualifies for hedge accounting. At that time for forecasted transactions, any cumulative gain or loss on the

Notes forming part of the Standalone Financial Statements (Contd.)

as at March 31, 2020

hedging instrument recognised in Other comprehensive income is retained until the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognised in other comprehensive income is transferred to the Statement of Profit and Loss for the year.

l) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company or the counterparty.

m) Property, Plant and Equipment

Property, Plant and Equipment are valued at cost, except for certain Property, Plant and Equipment which have been stated at revalued amounts as determined by approved independent valuer, after reducing accumulated depreciation until the date of the balance sheet. Direct costs are capitalised until the assets are ready to use and include financing costs relating to any specific borrowing attributable to the acquisition of fixed assets. Capital work-in-progress includes assets not put to use before the year end.

Depreciation methods, estimated useful lives and residual value

Depreciation on property, plant and equipment is provided on the Straight Line Method except for leasehold land, leasehold premises and freehold land as per the useful life and in the manner prescribed in Schedule II to Companies Act, 2013. Leasehold Premises is amortized on the Straight Line Method over the period of 30 years and Leasehold Land is amortized on the Straight Line Method over the period of 75 years.

n) Intangible assets

i) Goodwill

Goodwill on merger of subsidiaries is included in intangible assets. Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes, which in our case are the operating segments.

ii) Trademarks, copyrights and other rights

Separately acquired Trademarks and copyrights are shown at historical cost. Trademarks, copyrights and non-compete acquired in a business combination are recognised at fair value

at the acquisition date. They have a finite useful life and are subsequently carried at cost less accumulated amortisation and impairment losses.

iii) Computer software

The intangible assets are recorded at cost and are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Directly attributable costs that are capitalised as part of the software include employee costs and an appropriate portion of relevant overheads.

Capitalised development costs are recorded as intangible assets and amortised from the point at which the asset is available for use.

iv) Other intangible assets

Other intangible assets that do not meet the criteria in (i) to (iii) above are recognised as an expense as incurred. Development costs previously recognised as an expense are not recognised as an asset in a subsequent period.

v) Amortisation methods and periods

The company amortises intangible assets with a finite useful life using the straight-line method as following:

Particulars	Useful Life
Computer Software	3 years
Non-Compete Fees	5 years
Copy Rights	3 years
Trade Mark	3 years
Other Intangible assets	3 years

o) Trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid. The amounts are unsecured. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

p) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Notes forming part of the Standalone Financial Statements (Contd.)

as at March 31, 2020

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains/(losses).

Where the terms of a financial liability are renegotiated and the entity issues equity instruments to a creditor to extinguish all or part of the liability (debt for equity swap), a gain or loss is recognised in profit or loss, which is measured as the difference between the carrying amount of the financial liability and the fair value of the equity instruments issued.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

q) **Borrowing costs**

Borrowing costs, which are directly attributable to the acquisition, construction or production of a qualifying assets are capitalised as a part of the cost of the assets. Other borrowing costs are recognised as expenses in the year in which they are incurred.

r) **Provision, Contingent Liabilities and Contingent Assets**

The Company recognises a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for contingent liability is made when there is possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect current best estimates.

Contingent Assets are neither recognised nor disclosed.

s) **Employee benefits**

i) **Defined Contribution Plan**

Contribution to defined contribution plans are recognised as expense in the Statement of Profit and Loss, as they are incurred.

ii) **Defined Benefit Plan**

Company's liabilities towards gratuity and leave encashment are determined using the projected unit credit method with actuarial valuation being carried out as at Balance Sheet date. Actuarial gains / losses are recognised immediately in the Statement of Profit and Loss. Long-term compensated absences are provided for based on actuarial valuation.

iii) **Short-term obligations**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

t) **Contributed equity**

Equity shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

u) **Earnings per share**

In determining Earnings per Share, the Company considers the net profit attributable to company's owners. The number of shares used in computing basic Earnings per Share is the weighted average number of shares outstanding during the period. The number of shares used in computing diluted Earnings per Share comprises the weighted average shares considered for deriving basic Earnings per Share and also the weighted average number of equity shares that could have been issued on the conversion of all dilutive potential equity shares.

v) **Recent Indian Accounting Standards (Ind AS)**

Ministry of Corporate Affairs ("MCA"), notifies new standard or amendments to existing standards. There is no such notification which would have been applicable from April 1, 2020.

(₹ in millions)	
Particulars	Amount
Balance as on March 31, 2018	136.29
Change in the value	47.39
Balance as on March 31, 2019	183.68
Change in the value	137.23
Balance as on March 31, 2020	320.91

ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

* the use of quoted market prices or dealer quotes for similar instruments

All of the resulting fair value estimates are included in level 3 except for unlisted equity securities, contingent consideration and indemnification asset, where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

iii) Valuation processes

The carrying amounts of trade receivables, trade payables, capital creditors and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

Note 37: Financial risk management

The company's activities expose it to market risk, liquidity risk and credit risk. In order to minimise any adverse effects on the financial performance of the company, derivative financial instruments, such as foreign exchange forward contracts are entered to hedge certain foreign currency risk exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables and financial assets	Aging analysis Credit ratings	Diversification of bank deposits, credit limits and letters of credit
Liquidity risk	Borrowings and Trade payable	Maturity analysis, cash flow forecasts	Availability of committed credit lines and borrowing facilities
Market risk – foreign exchange	Import Payables and Receivables on Indenting services	Cash flow forecasting Sensitivity analysis	Forward foreign exchange contracts
Market risk – security prices	Investments in equity securities	Sensitivity analysis	Portfolio diversification

The Board provides guiding principles for overall risk management, as well as policies covering specific areas such as credit risk, liquidity risk, and Foreign Exchange Risk effecting business operations. The company's risk management is carried out by the management as per guidelines and policies approved by the Board of Directors.

A) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk encompasses the direct risk of default, risk of deterioration of creditworthiness as well as concentration risks. The Company is exposed to credit risk from its operating activities (primarily trade receivables), deposits with banks and loans given.

Credit risk management

The company's credit risk mainly from trade receivables as these are typically unsecured. This credit risk has always been managed through credit approvals, establishing credit limits and continuous monitoring the creditworthiness of customers to whom credit is extended in the normal course of business. The Company estimates the expected credit loss based on past data, available information on public domain and experience. Expected credit losses of financial assets receivable are estimated based on historical data of the Company. The company has provisioning policy for expected credit losses. There is no credit risk in bank deposits which are demand deposits. The credit risk is minimum in case of entity / person to whom loan has been given.

The maximum exposure to credit risk as at March 31, 2020 and March 31, 2019 is the carrying value of such trade receivables as shown in note 12 of the financials.

Reconciliation of loss allowance provision – Trade receivables

Particulars	(₹ in millions)
Loss allowance on March 31, 2018	117.56
Changes in loss allowance	(23.35)
Loss allowance on March 31, 2019	94.21
Changes in loss allowance	29.33
Bad debts write off	(20.56)
Loss allowance on March 31, 2020	102.98

B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the company's liquidity position and cash and cash equivalents on the basis of expected cash flows. In addition, the company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

Notes forming part of the Standalone Financial Statements (Contd.)

as at March 31, 2020

C) Market risk

i) Foreign currency risk

The company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD, EUR and GBP. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the company's functional currency (INR). The risk is measured through a forecast of highly probable foreign currency cash flows. The objective of the hedges is to minimise the volatility of the INR cash flows of highly probable forecast transactions.

The company's risk management policy is to hedge around 50% to 70% of forecasted receivables for the subsequent 18 months. As per the risk management policy, foreign exchange forward contracts are taken to hedge around 50% to 70% of the forecasted receivables.

a) Foreign currency risk exposure:

Details of foreign currency exposures not covered by derivative instruments as at March 31, 2020 and March 31, 2019 are given below :

Particulars	Currency	(₹ in millions)

	GBP	0.00	0.02	0.07	6.16
	SGD	0.00	0.04	-	-

b) Sensitivity

The Company is mainly exposed to changes in USD, GBP, CHF, AUD and Euro. The sensitivity analysis demonstrate a reasonably possible change in USD, GBP, CHF, AUD and Euro exchange rates, with all other variables held constant. 5% appreciation/depreciation of USD, GBP, CHF, AUD and Euro with respect to functional currency of the company will have impact of following (decrease)/increase in Profit & vice versa.

Particulars	(₹ in millions)	
	March 31, 2020	March 31, 2019
USD	13.21	10.68
GBP	14.90	0.00
EUR	2.29	1.70
CHF	1.09	0.62
AUD	0.56	0.01

* Holding all other variables constant

ii) Cash flow and fair value interest rate risk

The company's main interest rate risk arises from long-term borrowings with variable rates, which expose the company to cash flow interest rate risk. company policy is to maintain most of its borrowings at fixed rate using interest rate swaps to achieve this when necessary.

The company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Notes forming part of the Standalone Financial Statements (Contd.)

as at March 31, 2020

a) Interest rate risk exposure

The exposure of the company's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	(₹ in millions)	
	March 31, 2020	March 31, 2019
Fixed rate borrowings	487.50	262.50
Total borrowings	487.50	262.50

b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates. Other components of equity change as a result of an increase/decrease in the fair value of the cash flow hedges related to borrowings.

iii) Price risk

a) Exposure

The company's exposure to equity securities price risk arises from investments held by the company and classified in the balance sheet either as fair value through OCI or at fair value through profit or loss.

To manage its price risk arising from investments in equity securities, the company diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the company.

All of the company's equity investments are publicly traded.

Note 38: Capital management

a) Risk management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders. The primary objective of the Company capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Company monitors capital using a debt equity ratio and is measured by borrowings divided by total equity. Borrowing includes current maturities of long term borrowings.

Note 40: Leases

The Company adopted Ind AS 116 w.e.f. April 1, 2019 and applied the standard to its leases, retrospectively, with the cumulative effect of initially applying the standard, recognised on the date of initial application. Accordingly, the Company has not restated comparative information, instead, the cumulative effect of initially applying this standard has been recognised as an adjustment to the opening balance of retained earnings as on April 1, 2019.

This has resulted in recognising a right-of-use asset of ₹ 34.49 million and a corresponding lease liability of ₹ 39.11 million by adjusting retained earnings net of taxes of ₹ 3.44 million (including the impact of deferred tax created of ₹ 1.16 million) as at April 1, 2019. In the profit and loss account for the current period, the nature of expenses in respect of operating leases has changed from lease rent in previous periods to depreciation cost for the right-to-use asset and finance cost for interest accrued on lease liability. EBIDTA and Profit before tax is increased by ₹ 25.85 million and ₹ 1.88 million respectively due to change in accounting standard for the quarter and year ended March 31, 2020. During the year, interest on lease liability charged ₹ 2.40 million, Depreciation on Right-to-use asset ₹ 21.57 million. Hence Lease liability as on March 31, 2020 is ₹ 15.66 million and Right-to-use as on March 31, 2020 is ₹ 12.92 million.

a) Non-cancellable operating leases

The Company's significant leasing arrangements are mainly in respect of residential and office premises. The aggregate lease rentals payable on these leasing arrangements are charged as rent under "Other expenses" in Note 35. These leasing arrangements are for a period not exceeding five years and are in most cases renewable by mutual consent, on mutually agreeable terms.

Future lease rentals payable from the balance sheet date in respect of non cancellable residential and office premises:

Total rental expense relating to operating leases	45.34	55.09

Notes:

- Future lease payments are determined on the basis of terms of the lease agreement.
- At the expiry of term of the agreement, the Company has an option either to return the leased asset or extend the term by giving a notice in writing.
- There are no sublease payments as well as no contingent rent.

Note 41: Investment in subsidiaries

The Company has an investment in the standalone financial statements of ₹ 646.30 million (Previous year ₹ 646.30 million) in two of its wholly owned subsidiaries and has also extended advances of ₹ 13.14 million (Previous year ₹ 12.09 million) to these subsidiaries as on March 31, 2020. The net worth of these subsidiaries as on March 31, 2020 is ₹ 539.57 million (Previous year ₹ 539.48 million) which is lower than the amount of investment. The investment is for long term and of strategic nature. As the management is confident of turning around these subsidiaries in the near future and hence, no provision for diminution in the value of investment and advances has been considered necessary by the management.

Note 43: Employee benefits

The disclosure as required by Ind AS 19 on "Employee Benefits" are given below:

The present value of gratuity obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation of leave benefits (unfunded) is also recognised using the projected unit credit method.

Note 45: Forward contracts in foreign currencies

The Company in accordance with its risk management policies and procedures, enters into foreign currency forward contracts to manage its exposure in foreign exchange rates. The counter party is generally a bank. The foreign exchange forward contracts mature within a period of one month and two years.

The Company uses forward exchange contracts to hedge its exposure in foreign currency on highly probable forecast transactions. The information on derivative instruments is given below. The table below analyzes the derivative financial instruments into relevant maturity groupings based on the remaining period as of the balance sheet date:

Note 50: Impairment

As per Companies (Accounting Standards) Rules, 2013 issued by the Central Government, in consultation with National Advisory Committee on Accounting Standards ('NACAS') and the relevant provisions of the Companies Act, 2013, to the extent applicable, the carrying value of the asset has been reviewed for impairment of assets and there is no impairment of assets.

Note 51: Transfer pricing

The Management is of the opinion that its international transactions are at arm's length as per the independent accountants certificate for the year ended March 31, 2020. The Management continues to believe that its international transactions during the current financial year are at arm's length and that the transfer pricing legislation will not have any impact on these financial statements, particularly on amount of tax expense and that of provision for taxation.

Note 52: Revenue from contract with major customers

No single customer represents 10% or more of the Company's total revenue during the year ended March 31, 2020 and March 31, 2019.

While disclosing the aggregate amount of transaction price yet to be recognised as revenue towards unsatisfied (or partially satisfied) performance obligations, along with the broad time band for the expected time to recognise those revenues, the Company has applied the practical expedient in Ind AS 115. Accordingly, the Company has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognise corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts. Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of estimates, economic factors (changes in currency rates, tax laws etc).

Changes in contract assets of major customers are as follows:		
Particulars	March 31, 2020	March 31, 2019
Balance at beginning of the year	44.13	62.51
Revenue recognised during the year	250.23	139.30
Invoices raised during the year	118.32	157.68
Balance at the end of the year	176.04	44.13

Note 53: Merger of Datamatics Digital Limited with company

The Company had earlier stake in Datamatics Digital Limited (formerly known as Techjini Solutions Private Limited) ("DDL") various tranches and owned 81.09% stake in DDL as on 1 April 2019. Thereafter, the Company had acquired the balance 18.91% stake on 14 May 2019, thereby making DDL a wholly owned subsidiary of the Company. Thereafter, vide Board Meeting dated 13 November 2019, the Company had approved the amalgamation of DDL with itself through a Scheme of Arrangement u/s 230-232 of the Companies Act, 2013 ("Scheme") with an Appointed Date of 1 June 2019.

Since DDL is a wholly owned subsidiary of the Company, no further shares would be required to be issued by the Company to the shareholders of DDL since the entire share capital of DDL is held by the Company. Further, since this Scheme provides for amalgamation of a wholly owned subsidiary with its 100% holding company, the requirement of obtaining a No Objection Letter from the stock exchanges and SEBI under SEBI Circular dated 10 March 2017 was not applicable. However, for the purposes of disclosure, the Company had filed a copy of the board resolution and draft Scheme with the stock exchanges.

Subsequent to the above, the Company had filed an application (C.A. (CAA) No. 3749 of 2019) with the National Company Law Tribunal, Mumbai Bench, ("NCLT") for seeking dispensation for convening meeting of shareholders and the creditors of the Company and DDL and also seeking directions to, inter alia, serve notices to various regulatory authorities viz., the concerned Income-tax Authority, the Regional Director, Western Region, Mumbai, the Registrar of Companies, Mumbai, the Official Liquidator, Mumbai (in so far as DDL is concerned) and SEBI and the stock exchanges (in so far as the Company is concerned). The NCLT was pleased to dispense with the meeting of the shareholders and the creditors of the Company and DDL and also direct the Company and DDL to, inter alia, serve notices as above, vide its order dated 20 February 2020.

The Company and DDL are now in the process of filing petition with the NCLT seeking sanction for the Scheme for approval of amalgamation of DDL with the Company.

Notes forming part of the Standalone Financial Statements (Contd.)

as at March 31, 2020

Since the Company and DDL are still in the process of seeking approval of the NCLT sanctioning the Scheme, the standalone financial statements of the Company do not include the impact of the merger of DDL with the Company.

Note 54: Events occurring after Balance Sheet date
