“**RESOLVED FURTHER THAT** the Board of Directors of the Company be and is hereby authorized to settle any question, difficulty or doubt that may arise in giving effect to this Resolution and to do all acts and take all such steps as may

be deemed necessary, proper and expedient to implement this Resolution.”

To consider and if thought fit, to pass with or without modification(s), the following Resolution as a **Special Resolution**:

7. CONVERSION OF DEBT INTO EQUITY

“**RESOLVED THAT** pursuant to the provisions of Section 62 read with Companies (Share Capital and Debentures) Rules, 2014 and other applicable provisions, if any, of the Companies Act, 2013 (including any statutory modification(s) or re-enactment thereof for the time being in force) and in accordance with the provisions of the Memorandum of Association and Articles of Association of the Company, Reserve Bank of India circular no. RBI/2014-15/627/DBR.BPBC.No.101/21.04.132/2014-15 dated June 8, 2015 on the Strategic Debt Restructuring Scheme (including any amendment(s), modification(s), clarification(s) in regard thereto), Securities & Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009, Securities & Exchange Board of India (the Listing Obligations and Disclosure Requirements) Regulations, 2015 (the “Listing Regulations”), the applicable rules, notifications, guidelines issued by various authorities, including amendments thereof, including but not limited to the Government of India, Securities and Exchange Board of India, the Reserve Bank of India and subject to the approval, permission, sanctions and consents as may be prescribed by any of them while granting such approvals, permission(s), sanction(s) and consent(s), as are accepted by the Board of Directors of the Company (hereinafter referred to as the “Board”, which term shall be deemed to include any duly constituted Committee thereof), the consent of the Company be and is hereby accorded to the Board to accept Strategic Debt Restructuring Scheme (hereinafter called “the SDR Scheme”) on terms and conditions contained in the SDR Scheme, such terms and conditions to provide, inter alia, for an option to the Lenders (hereinafter called the “SDR Lenders”) to convert the whole or part of the outstanding dues (principal or interest on loan) of the Company (whether then due or payable or not), into fully paid up shares/securities of the Company, so as to acquire majority shareholding of the Company by the lenders, at a price as determined in accordance with the guidelines issued by the Reserve Bank of India from the date (which date is hereinafter referred to as the “date of conversion”) and in the manner specified in a notice in writing to be given by the SDR Lenders to the Company (which notice is hereinafter referred to as the “conversion notice”) and, inter-alia, in accordance with the following conditions:

- (i) The conversion right reserved as aforesaid may be exercised by the SDR Lenders upon the invocation of SDR Scheme, so as to acquire majority shareholding in the Company by the lenders.
- (ii) Any conversion in terms of SDR Scheme shall be subject to applicable guidelines issued by the Reserve Bank of India (RBI), under the Companies Act, 2013 and by SEBI. The Company shall take all corporate and other actions as may be required for issuance of shares/securities pursuant to the exercise of conversion right by the SDR Lenders, including but not limited to the passing of required resolution and intimation to the Stock Exchanges.

- (iii) The Company shall, at all times, maintain sufficient un-issued shares/securities for the above purpose and obtain all requisite corporate approvals and authorizations as may be required in this regard.
- (iv) The SDR Lenders may exercise the above conversion right so as to acquire majority shareholding in the Company.
- (v) On receipt of a conversion notice, the Company shall allot and issue the requisite number of fully paid-up shares/securities (such shares/securities referred to as the "conversion shares/securities") to the SDR Lenders and upon such issuance of the conversion shares/securities, the SDR Lenders shall accept the same in satisfaction of the part of the facilities so converted on and from the date of conversion.
- (vi) The part of the facilities so converted shall cease to carry interest as from the date of conversion and the facilities shall stand correspondingly reduced. Upon such conversion, the installments of the facilities payable after the date of conversion as per the documents shall stand reduced proportionately by the amounts of the facilities so converted.
- (vii) The conversion shares/securities so allotted and issued to the SDR Lenders shall carry, from the date of conversion, the right to receive proportionately the dividends and other distributions declared or to be declared in respect of the shares/securities of the Company and the said conversion of equity shares shall rank pari-passu with the existing equity shares of the Company in all respects.
- (viii) In the event of the SDR Lenders exercising the conversion right as aforesaid, the Company shall at its cost get the conversion shares, issued to the SDR Lenders as a result of the conversion, listed with such Stock Exchanges, where Shares of the Company are listed, as also comply with all statutory requirements and applicable laws in connection with the issue of the conversion shares/securities as stated above."

"RESOLVED FURTHER THAT the Board be and are hereby authorized to issue and allot to the SDR Lenders the number of securities for conversion of the said portion of the financial assistance including interest as may be desired by the SDR Lenders so as to acquire majority shareholding (i.e. 51% or more) by the lenders and if any of the lenders does not convert outstanding amount into equity as, mentioned under SDR, other lenders have option to increase its conversion amount subject to maximum of non converted amount."

"RESOLVED FURTHER THAT the Securities to be allotted by the Company upon such conversion of the Debt shall be in accordance with the terms & conditions agreed upon with the Lenders as above and shall be subject to the provisions of the Memorandum and Articles of Association of the Company and the provisions of the Companies Act, 2013 and the Equity Shares of the Company to be allotted upon such conversion shall rank pari passu in all respects, including as to dividend, with the existing fully paid up Equity Shares of Rs.10/- each of the Company."

"RESOLVED FURTHER THAT the Board be and are hereby authorized to accept such modifications and to accept such terms and conditions as may be imposed or required by the SDR Lenders arising from or incidental to the aforesaid terms providing for such option, if any, and to do all such acts and things as may be necessary to give effect to the above Resolution."

"RESOLVED FURTHER THAT the Board be and is hereby authorised to delegate all or any of the powers herein conferred by this Resolution to any Committee of the Board or any

Director or other executive(s)/ officer(s) of the Company to give effect to this Resolution."

To consider and if thought fit, to pass with or without modification(s), the following Resolution as a **Special Resolution:**

M/s. Kabra & Associates, Cost Accountants have, on the recommendation of the Audit Committee, been appointed as the Cost Auditor of the Company for the Financial Year 2016-17 by the Board of Directors, in its meeting held on 27th May, 2016 for auditing cost records relating to Power Generation and Cement Grinding Unit. The Board has fixed remuneration of Rs. 1,50,000/- (Rupees One Lac Fifty Thousand only) exclusive of applicable service tax and out-of-pocket expenses.

In terms of Section 148 of the Companies Act, 2013 and the Companies (Audit and Auditors) Rules, 2014, the remuneration of the Cost Auditors fixed by the Board of Directors shall be ratified by the members.

None of the Directors or Key Managerial Personnel (KMP) or relatives of Directors and KMP is concerned or interested, financially or otherwise, in this Resolution.

The Board commends the Resolution for approval of the members as an **Ordinary Resolution**.

Item No. 7

Reserve Bank of India (RBI) vide circular no. RBI/2014-15/627/ DBR.BPBC.No.101/21.04.132/2014-15 dated June 8, 2015, notified the guidelines for Strategic Debt Restructuring Scheme with a view to ensure more stake of promoters in reviving stressed accounts and provide banks with enhanced capabilities to initiate change of ownership in accounts which failed to achieve the projected viability milestones. Banks might, at their discretion, could undertake a 'Strategic Debt Restructuring Scheme (SDR)' by converting loan dues in to equity shares. RBI circular further stipulates that at the time of initial restructuring, the Joint Lenders' Forum (JLF) must incorporate, in the terms and conditions attached to the restructured loan/s agreed with the borrower, an option to convert the entire loan (including unpaid interest), or part thereof, into shares in the company in the event the borrower is not able to achieve the viability milestones and/or adhere to 'critical conditions' as stipulated in the restructuring package and the same should be supported by approval of Shareholders of the Borrower Company through Special Resolution.

RBI had in terms of its circular no. RBI/ 2015-16/ 330/ DBR.BPBC.No.82/ 21.04.132/ 2015-16 dated 25th February, 2016 has partially modified its guidelines and also clarified some aspects of its existing guidelines.

In view of the above RBI circular, lenders of the Company, while sanctioning financial assistance for Amelia (North) Coal Block, Flexible structuring under 5/25 Scheme of RBI and Short Term Liquidity Support for JNSTPP, has stipulated condition for such approvals from Board & Shareholders of the Company by way of an enabling Resolution giving an option to the lenders of the Company on the implementation of the SDR Scheme, to convert the whole or part of the outstanding dues (principal or interest) of the Company (whether that due or payable or not) into fully paid up shares/ securities of the Company, so as to acquire majority shareholding (i.e. 51% or more) by the lenders of the Company.

None of the Directors or Key Managerial Personnel (KMP) of the Company or their relatives is, in any way, concerned or interested financially or otherwise, in this Resolution.

The Board commends the Resolution for the approval of the members as a **Special Resolution** for incorporating necessary clauses required in all present & future loan agreements with the lenders of the Company.

Item No. 8

Section 186 of the Companies Act, 2013, provides that investment by way of subscription, purchase or otherwise the securities of any other body corporate, other than wholly owned subsidiary, requires prior approval of members by way of a Special Resolution.

Gujarat State Electricity Corporation Limited with the objective of ensuring a reliable supply of coal to its pre-defined end use plants would be organising an International Competitive Bidding to select a Mine Developer and Operator (MDO) to develop, operate and mine coal from the Gare Pelma coal block, located at Mand Raigarh Coalfields in the District Raigarh, Chattisgarh.

Your Company proposes to participate in the bidding for the above mentioned MDO work and for another such MDO work of another coal block through Bidding Consortium to be formed with The Griffin Coal Mining Company Pty. Ltd., a Company incorporated under the provisions of the Corporation Act, 2001 and having its Registered Office at Level-1, 677 Murray Street, West Perth, Western Australia-6005. Your Company would act as a Lead member of the Bidding Consortium with equity participation.

Keeping in view the need of equity for above mentioned proposals it is necessary to obtain approval of the shareholders by means of a Special Resolution, authorizing the Board to make investment in the subsidiary(ies)/joint venture company(ies)/bidding consortium of upto Rs.500 crore (Rupees Five hundred crore only) in one or more tranches by subscription or otherwise of equity shares/ preference shares in Special Purpose Vehicle Company (SPV)/ subsidiaries/ joint venture of the Company/bidding consortium, notwithstanding that the aggregate amount of all the loans & guarantees already given by the Company, securities provided by the Company, investments so far made together with the proposed investments exceed the prescribed limits under the Companies Act, 2013, as mentioned in the above Resolution.

The Board commends the Resolution for the approval of the members as a **Special Resolution**.

Save and except, Shri Manoj Gaur (DIN: 00008480), Shri Sunil Kumar Sharma (DIN:00008125), Shri Suren Jain (DIN:00011026) and Dr. Jagannath Gupta (DIN: 00397952), Directors of the Company, who are on the Board of PPGCL and apart from Shri Jaiprakash Gaur (relative of Shri Manoj Gaur and Shri G.P. Gaur), Shri Sunny Gaur, Shri Sameer Gaur, Smt. Urvashi Gaur (relatives of Shri Manoj Gaur), who are also on the Board of PPGCL, none of the Directors, Key Managerial Personnel of the Company and their respective relatives may be deemed to be interested or concerned, financially or otherwise, in passing of the Resolution set out at Item No. 8.

1. COMPANY'S PLANTS AND OPERATIONS

Your Company has power generation capacity of 2220 MW comprising of one Hydro Power Plant and two Thermal Power Plants, namely:

- i) 400 MW Jaypee Vishnuprayag Hydro Power Plant in Uttarakhand;
- ii) 500 MW – Phase I (of 1200 MW) Jaypee Bina Thermal Power Plant in Madhya Pradesh; and
- iii) 1320 MW Jaypee Nigrie Supercritical Thermal Power Plant in Nigrie, Distt. Singrauli, Madhya Pradesh.

Besides the above mentioned power projects, your Company has a cement grinding facility 'Jaypee Nigrie Cement Grinding Unit' at Nigrie (M.P.) with a capacity of 2 MTPA, which commenced its operations w.e.f. 3rd June, 2015.

Your Company was the successful allottee in the e-auction of Amelia (North) Coal Mine in Distt. Singrauli, Madhya Pradesh. Entire coal produced by the said coal mine is being utilized for power generation at 1320 MW Jaypee Nigrie Supercritical Thermal Power Plant.

The Plant availability, Plant load factor (PLF) and net saleable energy generation of the Hydro Power Plant & Thermal Power Plants for the Financial Year 2015-16 were as under:

Plant	Plant Availability (%)	Plant Load Factor (%)	Net Saleable Energy Generation (M U)
Jaypee Vishnuprayag Hydro Power Plant (400 MW)	99.89	34.46	1048.29
Jaypee Bina Thermal Power Plant [500 MW - Phase I (of 1200 MW)]	99.79	30.03	1208.78
Jaypee Nigrie Supercritical Thermal Power Plant (1320 MW)	83.08	46.08	4995.16
*Jaypee Baspa-II Hydro Power Plant (300 MW) upto 31 st August, 2015	99.82	82.37	795.19
*Jaypee Karcham Wangtoo Hydro Power Plant (1091 MW) upto 31 st August, 2015	99.92	91.29	2931.56

*As mentioned hereinafter, these plants have been transferred to Himachal Baspa Power Company Limited (HBPCCL) through a Scheme of Arrangement sanctioned by High Court and subsequently entire securities of HBPCCL alongwith rights, interest, liabilities, etc. of these plants have been sold to M/s. JSW Energy Limited (JSW).

400 MW Jaypee Vishnuprayag Hydro Power Plant

The average tariff, during the year under report, for 400 MW Vishnuprayag Hydro Power Plant works out to Rs.2.28 per unit. The total generation of energy during the year was 1210.63 MUs. The net saleable energy during the year was 1048.29 MUs. Generation of 400 MW Jaypee Vishnuprayag H.E.P. was suspended between 25th June, 2015 and 10th September, 2015 (18:00 Hrs.) due to Force Majeure Event.

500 MW Phase I (of 1200 MW) Jaypee Bina Thermal Power Plant

Jaypee Bina Thermal Power Plant supplies 70% of the installed capacity on long-term basis to Govt. of Madhya Pradesh/Madhya Pradesh Power Management Company Ltd., in terms of the Power Purchase Agreements executed with them and balance of installed capacity to be sold as merchant power.

The total generation of energy during the year was 1318.86 MUs. The net saleable energy during the year was 1208.78 MUs. The annual fixed cost for the current year was Rs.527.85 crore (subject to true up) and per unit fixed cost was Rs.2.377 at normative level and the cost of coal is pass through.

Lower PLF during the year is on account of frequent back-down instructions by MPPMCL during most part of the year besides MPPMCL had restricted offtake to the extent of 70%/60% of the contracted capacity. Further, merchant sales could not be achieved due to very low pricing in short term market/power exchanges.

1320 MW Jaypee Nigrie Supercritical Thermal Power Plant (JNSTPP)

Unit 1 and Unit 2 of 660 MW each achieved commercial operations on 3rd September, 2014 and 21st February, 2015 respectively. Further, as mentioned above, your Company has acquired coal mine at Amelia (North) through e-auction conducted by Government of India for meeting part of the coal requirement of JNSTPP. Madhya Pradesh Electricity Regulatory Commission has approved the provisional blended tariff of JNSTPP. JNSTPP supplies 37.5% of

the installed capacity on long term basis to Government of Madhya Pradesh (7.5% on variable cost basis) and Madhya Pradesh Power Management Company Limited (30% on regulated tariff basis) in terms of Power Purchase Agreement executed with them and the balance capacity to be sold on merchant basis/short term basis.

Lower PLF is resultant of shut down of both units from 10th May, 2015 to 29th May, 2015 due to (i) non-availability of coal from Amelia (North) Coal Mine on account of delay in approval for transfer of Amelia (North) Coal Mine to the Company and (ii) restricted operations in view of the pending Long Term PPAs tie-ups.

Amelia (North) Coal Mine produced 27,99,975 MT of coal against the capacity of 28,00,000 MT out of which 27,96,007 MT was dispatched to JNSTPP.

Jaypee Nigrie Cement Grinding Unit at Nigrie

2 MTPA Jaypee Nigrie Cement Grinding Unit at Nigrie, Distt. Singrauli in Madhya Pradesh, started commercial operations w.e.f. 3rd June, 2015. An expenditure of Rs.305 crore (approx.) had been incurred till 31st March, 2016. The plant recorded cement production of 312,577 MT with a total revenue of Rs.90.70 crore.

OPERATIONS

The financials of current year are not comparable with that of previous year. Current year performance include operations of 400 MW Vishnuprayag H.E.P., 500 MW Jaypee Bina Thermal Power Plant, 1320 MW Jaypee Nigrie Supercritical Thermal Power Plant, Jaypee Nigrie Cement Grinding Unit, Amelia (North) Coal Mine and also performance for 300 MW Baspa II H.E.P., 1091 MW Karcham Wangtoo H.E.P. upto 31st August, 2015 as the Company concluded the sale of these plants to M/s. JSW Energy Limited w.e.f. 1st September, 2015.

The net loss after tax for the current year i.e. Rs.294.50 crore as compared to net profit of Rs.137.21 crore in the previous year was mainly on account of the following:-

- ▶ High financing cost.
- ▶ Profit of Jaypee Bina Thermal Power Plant in the previous year was higher due to receipt of arrears of Rs.126.38 crore consequent upon approval of final tariff.
- ▶ Generation at Jaypee Bina Thermal Power Plant was adversely affected due to backdown instructions by MPPMCL during most part of the year on account of lower power requirement by M.P. Government.
- ▶ Operations of Baspa II H.E.P. and Karcham Wangtoo H.E.P. were reckoned only upto 31st August, 2015 consequent upon sale of these Plants to M/s. JSW Energy Limited w.e.f. 1st September, 2015.
- ▶ An amount of Rs.150 crore paid to Himachal Baspa Power Company Limited as compensation arising out of Security Purchase Agreement executed between the Company, JSW Energy Limited and Himachal Baspa Power Company Limited.
- ▶ Operations of Jaypee Nigrie Supercritical Thermal Power Plant suffered mainly due to (i) restricted generation on account of non-availability of long term PPAs; (ii) current Revenue being based on Provisional Tariff (pending determination of final tariff); and (iii) non-availability of coal (a) from 10th May, 2015 to 29th May, 2015 on account of delay in getting approval for transfer of Amelia (North) Coal Mine from the authorities, (b) again, in March, 2016 as the entire capacity for the financial year 2015-16 from Amelia (North) Coal Mine was utilized by February, 2016.

- ▶ Lower Revenue of 400 MW Vishnuprayag H.E.P. due to stoppage of generation from 25th June, 2015 to 10th September, 2015 due to excess silt and boulders in river Alaknanda due to flood and shutdown of Plant from 20th February, 2016 to 11th March, 2016 due to shutdown instructions received from UPPCL for maintenance of transmission tower/lines.

2. SHARE CAPITAL

The paid up Equity Share capital as at 31st March, 2016 is Rs. 29,38,00,30,840. During the year under review, your Company has not issued any :

- shares with differential rights
- sweat equity shares
- equity shares under Employees Stock Option Scheme

3. DIVIDEND

Due to loss suffered by the Company in the current year, no dividend was recommended by the Board.

4. TRANSFER TO RESERVES

No amount is proposed to be transferred to reserves.

5.1 DIVESTMENT OF HYDRO POWER PROJECTS

As the members are aware, the assets, liabilities, rights, interest, privileges, etc. of 300 MW Jaypee Baspa-II Hydro - electric Plant and 1091 MW Jaypee Karcham Wangtoo Hydro - electric Plant were transferred and vested with the then Company's subsidiary, Himachal Baspa Power Company Limited (HBPCL) upon the Scheme of Arrangement sanctioned by the Hon'ble High Court of Himachal Pradesh under Section 391/394 of the Companies Act, 1956, in terms of its Order dated 25th June, 2015, becoming effective w.e.f. 1st September, 2015. Thereafter, the entire securities (Equity Shares & Non-Convertible Debentures) issued by HBPCL to the Company in terms of Scheme of Arrangement, were transferred & sold to JSW Energy Limited as per Security Purchase Agreement dated 16th November, 2014 at an enterprise value of Rs. 9,700 crore subject to mutually agreed adjustments. After the consummation of the said transaction, it resulted in reduction of debt & interest outgo for the Company.

5.2 Shifting of Registered Office of the Company

Consequent upon divestment of 300 MW Baspa II H.E.P. & 1091 MW Karcham Wangtoo H.E.P. both located in State of Himachal Pradesh, the members approved shifting of Registered Office of the Company from the State of Himachal Pradesh to the State of Madhya Pradesh and such shifting of Registered Office has been confirmed, on a petition filed by the Company, by an Order of Regional Director (Northern Region Bench) dated 2nd December, 2015, which has since been filed with Ministry of Corporate Affairs on 30th December, 2015.

6. SUBSIDIARIES

As on 31st March, 2016, the Company has six subsidiaries:

- i) Jaypee Powergrid Limited;
- ii) Prayagraj Power Generation Company Limited;
- iii) Jaypee Arunachal Power Limited;
- iv) Sangam Power Generation Company Limited;
- v) Jaypee Meghalaya Power Limited; and
- vi) Bina Power Supply Limited (Formerly known as Himachal Karcham Power Company Limited).

As mentioned hereinabove, Himachal Baspa Power Company Limited ceased to be a subsidiary of the Company w.e.f. 31st August, 2015 consequent upon sale of its entire securities to JSW.

The status of the projects implemented / being implemented through aforesaid subsidiaries is summarised below:

i) Jaypee Powergrid Limited (JPL)

The transmission system comprising of 400 kV Quad Bundle Conductor Double Circuit Line from Karcham Wangtoo HEP Pothead yard at Wangtoo to Abdullapur and LILo of Baspa-Nathpa-Jhakri Transmission Line set up by Jaypee Powergrid Limited (JPL) (a joint venture of Jaiprakash Power Ventures Limited and Power Grid Corporation of India Limited) for evacuation of Power is operating satisfactorily with cumulative availability of transmission system for F.Y. 2015-16 at 99.95%. Revenue of Rs.174.86 crore was earned from the system during F.Y. 2015-16. An interim dividend @ 6% was declared & paid during F.Y. 2015-16 and final dividend @ 6.5% has been recommended to the shareholders of the Company.

ii) Prayagraj Power Generation Company Limited (PPGCL)

Prayagraj Power Generation Company Limited, acquired from Uttar Pradesh Power Corporation Limited through competitive bidding process, is implementing 1980 MW (3x660 MW) Thermal Power Project (with permission to add two additional generation units of 660 MW each) in Tehsil Bara of District Allahabad, Uttar Pradesh.

Power Purchase Agreement executed with U.P. Power Corporation Limited (UPPCL) for sale of 90% of installed capacity for 25 years (the balance to be sold through merchant power) and Fuel Supply Agreement between PPGCL & NCL, for Coal linkages for Phase-I of 1980 MW, are in place.

All Statutory/ Regulatory approvals required for the project are in place. Major supplies from BHEL for Boiler, Turbine and Generator for Phase-I of the Project and from other vendors have been received and the balance are being supplied/installed.

The Project Cost was further revised to Rs. 14,596 crore. Such revised Project Cost would be financed through Rs. 4,202.50 crore as equity and the balance of Rs.10,393.50 crore through Debt. Unit-I had been commissioned on 29th February, 2016. Boiler Light Up of Unit-II had been achieved on 3rd March, 2016. PPGCL is in the process of tying-up of requirement(s) of debt & equity to ensure completion of remaining two units within the current Financial Year 2016-17.

An expenditure of approx. Rs. 13,120 crore has been incurred on the implementation of the project upto March, 2016.

iii) Jaypee Arunachal Power Limited (JAPL)

Jaypee Arunachal Power Limited (JAPL) incorporated by your Company as a wholly owned subsidiary of the Company, to set up 2700 MW Lower Siang and 500 MW Hironag H.E. Projects in the State of Arunachal Pradesh. Your Company alongwith its associates will ultimately hold 89% of the Equity of JAPL and the balance 11% will be held by the Government of Arunachal Pradesh.

For the 2700 MW Lower Siang Hydro Electric Project, techno-economic clearance has been granted by CEA.

Land acquisition is in progress. In-principle Approval has been granted and Power Purchase Agreement (PPA) is to be submitted for final approval with respect to the grant of Mega Power status of the project. Draft Rehabilitation & Resettlement Plan has been submitted to the State Government. The State Government has recommended the forest clearance case to Ministry of Environment and Forest (MoEF) and the same is under examination by Regional unit of MoEF since February, 2015.

For 500 MW Hironag Hydro Electric Project, techno-economic clearance has been granted by CEA. For the Environmental/Forest Clearance of the Project, the EIA & EMP reports have been submitted to MoEF. The State Government has recommended the forest clearance case to Ministry of Environment and Forest (MoEF) and the same is under examination by Regional Unit of MoEF since February, 2015.

An amount of Rs.228.29 crore has been incurred in respect of the aforesaid projects upto 31st March, 2016.

iv) Sangam Power Generation Company Limited (SPGCL)

Sangam Power Generation Company Limited was acquired by the Company from Uttar Pradesh Power Corporation Limited (UPPCL) through competitive bidding process, for the implementation of 1320 MW (2 x 660 MW) Thermal Power Project (with permission to add one additional unit at 660 MW) in Tehsil Karchana of District Allahabad, Uttar Pradesh.

SPGCL executed conveyance deed with Uttar Pradesh Power Corporation Limited (UPPCL) but the District Administration could not hand over physical possession of land to SPGCL due to local villagers agitation. As such, no physical activity could be started on the ground. SPGCL has written to UPPCL and all procurers that the Power Purchase Agreement is rendered void and cannot be enforced. As such, it was, inter-alia, requested that SPGCL's claims be settled amicably for closing the agreement(s). As already reported, UPPCL had requested the SPGCL to submit all supporting documents regarding the claim. All requisite documents in support of the company's claim have been furnished to UPPCL and the same is under their review.

A committee has been constituted under the chairmanship of Managing Director, Uttar Pradesh Rajya Vidyut Utpadan Nigam Limited for amicably closing the PPA.

An amount of Rs.549.81 crore has been spent on the Project upto 31st March, 2016.

v) Jaypee Meghalaya Power Limited (JMPL)

Jaypee Meghalaya Power Limited was incorporated by your Company as its wholly owned subsidiary to implement 270 MW Umngot H.E.P. in the Umngot River Basin of Meghalaya and 450 MW Kynshi-II H.E.P. in the Kynshi River Basin on BOOT (Build, Own, Operate and Transfer) basis. Your Company alongwith its associates will ultimately hold 74% of the equity of JMPL and the balance 26% will be held by the Government of Meghalaya.

For Kynshi-II HEP, the field work of survey & investigation and EIA studies have already been completed. Drilling and drifting in Power house area have been completed. The revised proposal for Kynshi-II HEP with involvement of lesser forest area has been submitted to State Government and Ministry of Environment and Forest (MoEF). Based

on the observation of the MoEF, Uranium Corporation of India issued No Objection Certificate with respect to uranium deposit in the vicinity of the Project. Accordingly, a revised proposal for issuance of term of reference for EIA studies was submitted. The control levels i.e. Full Reservoir Level & Tail Water Level for Kynshi-II Project have been approved by State Government. Approval of Central Electricity Authority has been accorded to the water availability series for power potential studies.

With respect to the 270 MW Umngot H.E.P, the State Government has advised that the project will not be operationalized as per MoA till further orders. The matter is being pursued with the State Government for permission to resume the works.

An aggregate amount of approx. Rs. 8.50 crore has been spent on the above said two projects upto March, 2016.

vi) Bina Power Supply Limited (Formerly known as Himachal Karcham Power Company Limited)

The Company was incorporated as Himachal Karcham Power Company Limited on 14th March, 2014 and it received Certificate of Commencement of Business on 24th March, 2014. The name of the Company was changed from Himachal Karcham Power Company Limited to Bina Power Supply Limited w.e.f. 28th September, 2015 and Registered Office of the Company has been shifted from the State of Himachal Pradesh to the State of Madhya Pradesh w.e.f. 23rd November, 2015. The Company is a wholly owned subsidiary of Jaiprakash Power Ventures Limited and presently it is not carrying on any operations.

The Company has obtained a written consent and a certificate from the Statutory Auditors under Section 139(1) of the Companies Act, 2013 to the effect that their re-appointment, if made, would be in accordance with the conditions as may be prescribed and they fulfill the criteria laid down in Section 141 of the Companies Act, 2013.

Based on the recommendations of the Audit Committee, the Board has recommended the ratification of appointment of M/s. R. Nagpal Associates, Chartered Accountants, as Statutory Auditors of the Company, to hold office till the conclusion of the Twenty Second Annual General Meeting to be held in the year 2017, subject to ratification of their appointment in the AGM.

15.2 Cost Auditors

For the Financial Year 2015-16, the Board of Directors of the Company had re-appointed, on the recommendations of the Audit Committee, M/s. Kabra & Associates, Cost Accountants (Firm Registration No. 000075) as Cost Auditors for auditing the Cost Accounts in respect of "Power Generation" of various Plants of the Company. The Cost Audit Report relating to the Power Plants of the Company, for the Financial Year ended 31st March, 2015 has been filed in prescribed Form CRA-4, with the Cost Audit Branch of the Ministry of Corporate Affairs. The Cost Audit Report for the Financial Year 2015-16 will be filed upon its approval by the Board.

Pursuant to the provisions of Section 148 of the Companies Act, 2013 read with the Rules made thereunder and the notifications/circulars issued by the Ministry of Corporate Affairs from time to time, the Board of Directors of the Company have, on the recommendations of Audit Committee, re-appointed M/s. Kabra & Associates, Cost Accountants, as Cost Auditors of the Company for auditing the Cost Records relating to "Power Generation" of various plants of the Company

and also for Cement Grinding Unit for the Financial Year 2016-17 and a Resolution for ratification of their remuneration has been included in the Notice for ensuing Annual General Meeting.

15.3 Secretarial Audit

In pursuance of Section 204 of the Companies Act, 2013 read with Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Board, on the recommendations of the Audit Committee, has appointed M/s. SGS Associates, a firm of Company Secretaries in Practice, to undertake the Secretarial Audit of the Company for the Financial Year ended 31st March, 2017.

Secretarial Audit Report for the Financial Year ended on 31st March, 2016, issued by M/s. SGS Associates, Company Secretaries, in Form MR-3 forms part of this report and marked as "Annexure-C".

The said report does not contain any qualification or observation requiring explanation or comments from Board under Section 134(3)(f)(ii) of the Companies Act, 2013.

16. AUDITORS' REPORT

The observations of Auditors' and Notes to the Financial Statements are self-explanatory:

The Directors wish to state that the qualification of Statutory Auditors in Para (1) of their Report on the Standalone Financial Statements pertain to outstanding dues for a period exceeding 6 (six) months as on the Balance Sheet date and pertains to non-deposit of Statutory Dues i.e. VAT, Development Cess/ Electricity Duty in respect of Company's 1320 MW Jaypee Nigrie Super Thermal Power Plant & Jaypee Nigrie Cement Grinding Unit and Para (2) pertains to non-repayment of principal amount of loan and interest on loans to banks and financial institutions as referred in the Report.

The Directors wish to state that the delays in payment of outstanding dues of the appropriate authorities, banks and financial institutions are primarily because of following reasons:-

- ▶ Current Revenue of 1320 MW Jaypee Nigrie Super Thermal Power Plant is based on provisional tariff (pending final tariff determination), restricted operation as long term PPA is yet to be tied up and non-availability of coal in March, 2016, as the entire capacity i.e. 2.80 MTPA coal from Amelia Coal Mine for the year 2015-16 was already utilized upto February, 2016.
- ▶ Generation of 500 MW Jaypee Bina Thermal Power Plant was adversely affected due to backdown instructions received from SLDC from time to time because of lower demand of power.
- ▶ The general depressed economic conditions affecting the power plants in the country.

The Company is generally depositing undisputed statutory dues applicable to it like PF, ESI, Income-tax, Service Tax, Sales-tax, VAT, Wealth tax, Custom Duty, etc. The above outstanding dues would also be cleared shortly.

As regards outstanding overdues of banks and financial institutions, overdue principal repayment borrowings except FCCBs have been fully cleared and interest dues stand reduced to Rs.1,532.17 Lacs.

It is stated that the Company has already redeemed part of outstanding FCCBs including premium on principal outstanding and the outstanding as on 31st March, 2016 was

US\$ 101.42 million. The Company is in discussion with the bondholders for redemption of outstanding FCCBs either from fresh FCCBs/ extending redemption period on mutually agreed terms and conditions or from financial assistance through Indian Banks.

The Directors further wish to state that the qualification of Statutory Auditors in Para (1) of their Report on the Consolidated Financial Statements pertain to outstanding dues for a period exceeding 6 (six) months as on the Balance Sheet date and pertains to non-deposit of Statutory Dues i.e. VAT, Development Cess/ Electricity Duty in respect of Company's 1320 MW Jaypee Nigrie Super Thermal Power Plant & Jaypee Nigrie Cement Grinding Unit and Para (2) pertains to non-repayment of principal amount of loan and interest on loans to banks and financial institutions as per the details given in the Report.

It is further stated that the delays in payment of outstanding dues of the appropriate authorities, banks and financial institutions are primarily because of following reasons:-

- ▶ Current Revenue of 1320 MW Jaypee Nigrie Super Thermal Power Plant is based on provisional tariff (pending final tariff determination), restricted operation as long term PPA is yet to be tied up and non-availability of coal in March, 2016, as the entire capacity i.e. 2.80 MTPA coal from Amelia Coal Mine for the year 2015-16 was already utilized upto February, 2016.
- ▶ The operation(s) of 500 MW Jaypee Bina Thermal Power Plant were adversely affected due to backdown instructions received from Madhya Pradesh State Load Despatch Centre from time to time because of lower demand of power.
- ▶ Prayagraj Power Generation Company Limited (PPGCL) has suffered both time and cost overrun mainly due to delay in allotment of land by UPPCL, exchange fluctuation, increase in duties/taxes, civil works and also delay in tie-up of financial assistance for cost overrun. We are in the process of tying up the balance financial assistance for cost overrun, which is expected shortly. It may be mentioned that Unit-I was commissioned on 29th February, 2016 and the Project COD is envisaged within current Financial Year 2016-17.
- ▶ The general depressed economic conditions affecting the power plants in the country.

The Company is generally depositing undisputed statutory dues applicable to it like PF, ESI, Income-tax, Service Tax, Sales-tax, VAT, Wealth tax, Custom Duty, etc. The above outstanding dues would also be cleared shortly.

As regards outstanding overdues of banks and financial institutions, overdue principal repayment borrowings except FCCBs have been fully cleared and interest dues stand reduced to Rs. 17,155 lacs as on date.

It is stated that the Company has already redeemed part of outstanding FCCBs including premium on principal outstanding and the outstanding as on 31st March, 2016 was US\$ 101.42 million. The Company is in discussion with the bondholders for redemption of outstanding FCCBs either from fresh FCCBs/ extending redemption period on mutually agreed terms and conditions or from financial assistance through Indian Banks.

The Directors further wish to state that the "Opinion" of the Independent Auditors' in Para (3) of their Report on the Consolidated Financial Statements pertain to wholly owned

subsidiary of the Company i.e. Sangam Power Generation Company Limited (SPGCL), incorporated for implementation of Thermal Power project at Karchana, Distt. Allahabad (U.P.) with 2 x 660 MW capacity in phase-I and 1 x 660 MW capacity in phase-II. SPGCL had executed conveyance deeds in respect of the land for the project but physical possession of the land could not be handed over by the District Administration due to continuous agitation by the local villagers. Despite various steps having been taken by SPGCL for implementation of the project, no physical activity could be started on the ground because of non-availability of the land for the reasons beyond the control of the SPGCL.

SPGCL is in correspondence with U.P. Power Corporation Limited and State Government to close Power Purchase Agreement/ other agreements and refund of amounts incurred by it and the matter is under examination of the authorities. However, the management of SPGCL does not expect any material adjustment in carrying value assets including Capital Work in Progress. The Auditors were unable to comment on whether any adjustment in carrying value of assets and liabilities were to be made and its possible effects on SPGCL. However, the management of SPGCL expects that the claims filed by SPGCL would be amicably settled soon.

In reply to para relating to Emphasis of matter of their Report on consolidated financial statements, it is stated that since SPGCL is lying dormant without any source of income, it could not appoint any Key Managerial Personnel except Company Secretary to meet the requirements of Companies Act, 2013.

17. EXTRACT OF ANNUAL RETURN

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2016

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

TO
THE MEMBERS

Jaiprakash Power Ventures Limited

Complex of Jaypee Nigrie Super Thermal Power Plant,
Nigrie, Tehsil Sarai, District Singrauli – 486669. Madhya Pradesh

I/We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **M/S. JAIPRAKASH POWER VENTURES LIMITED** (hereinafter called the "**Company**"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2016 ("audit period") complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter

I/We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2016 according to the provisions of:

- The Companies Act, 2013 (the Act) and the rules made there under;

ANNUAL REPORT ON CSR ACTIVITIES PURSUANT TO COMPANIES (CORPORATE SOCIAL RESPONSIBILITY POLICY) RULES, 2014
Corporate Social Responsibility

1. A brief outline of the Company's CSR policy, including overview of projects or programmes proposed to be undertaken and a reference to the web-link to the CSR policy and projects or programmes
In accordance with the requirements of Section 135 of the Companies Act, 2013 read with Companies (Corporate Social Responsibility Policy) Rules, 2014, the CSR Committee had framed a Policy on Corporate Social Responsibility and the same was adopted by the Board.

BRIEF FEATURES OF CSR POLICY

- The Company would spend not less than 2% of the average Net Profits of the Company, calculated in accordance with Section 198 of the Companies Act, 2013, made during the three immediately preceding financial years ;
- CSR activities shall be undertaken by the Company, as projects/programs of activities (either new or ongoing) as prescribed under Schedule VII to the Companies Act, 2013 excluding the activities undertaken in pursuance of its normal course of business by the Company;
- The Company will give preference to conduct CSR activities in the National Capital Region, Uttar Pradesh, Madhya Pradesh, Uttarakhand, Himachal Pradesh and such other State(s) in India wherein the Company/Jaypee Group has/will have its operations; and
- The Board may decide to undertake the Activities either by itself or through a registered trust or a registered society or a company established by the Company, or its holding or subsidiary or associate company under Section 8 of the Act or otherwise.

The Company has been carrying out the activities at its various plants and site offices, mainly in the field of promoting education, employment oriented vocational training, healthcare, rural development, empowerment of women, environment sustainability and protection of sites of historical importance, etc. The Board adopted the CSR Policy, which is uploaded at the Company's website, www.jppowerventures.com. The Company is promoting education and vocational training through a registered charitable trust of the Jaypee Group i.e. Jaiprakash Sewa Sansthan and education is imparting through Jay Jyoti School, Sardar Patel Uchchatar Madhyamik Vidyalaya, District Singrauli (M.P.), Sardar Patel Uchchatar Madhyamik Vidyalaya, Bina (M.P.), Sardar Patel Uchchatar Madhyamik Vidyalaya, Majhauri (M.P.), Jaypee Vidya Mandir, Vishnupuram (UK) and employment oriented vocational education imparted through the Gopala Industrial Training Institute at Bina. In addition to the above, prior to divestment of Baspa-II & Karcham Wangtoo Projects, the Company spent amounts at Jay Jyoti School, Sholtu and Jaypee ITI, Urni.

The Company is also making direct expenditure in promoting healthcare at hospitals and dispensaries located at its various sites and undertaking rural development projects and other activities at villages near its project sites, as detailed below:

At the Company's Bina Thermal Power Plant, healthcare covered a population of over 13,000 in eight villages. On an average around 1300 patients received treatment per month. Besides, support in terms of infrastructural facilities, assistance was provided to Government schemes such as pulse polio programme and sanjeevani programme for treating malnourished children. At the Company's Vishnuprayag Plant, the medical facilities covered a population of over 20,000 spread across 36 villages. Medical treatment and dental care facilities were provided to approx. 1900 patients per month during the year 2015-16 at Vishnuprayag Plant through the dispensaries at Vishnupuram, Shivpuram and the dental care centre. Free Medical camps were organised at Vishnupuram (Marwari) and Shivpuram (Lambagarh) with the help of various specialists in Medical, Surgical, Gynaecology and Dental from the Army on 26th and 31st March respectively wherein 532 local patients benefitted. At the Nigrie Super Thermal Power Plant, Singrauli, healthcare facilities covered a population of over 20,000 in 4 villages. On an average around 2200 patients per month received treatment in the hospital and dispensary set up at the site. At the Company's Amelia (North) Coal Mine, healthcare facilities covered a population of 18,000 in 12 Villages. On an average, around 3,000 patients received treatment every month. Villagers received free treatment and consultations at the hospitals, free pathological investigations, X-ray facilities, free indoor treatment and provision of ambulances for medical emergencies and advanced cardiac life support system. Besides, pulse polio, eye and camps for TB detection and cure were held on a regular basis.

Children under the project schools also received a comprehensive annual health check up with regular monitoring and care.

At the Company's Vishnuprayag site, the Company carried out rural development works including improvement of roads/tracks/bridges and retaining walls, concrete protection works at Pandukeshwar and Lambagarh, repair of water pipe line at Vinayak Chhatti, construction of cremation ground for Chain village, repair of dharamshala at Sri Badri Nath ji, construction of temporary bridge at Binakuli, foot bridge for locals at Paturi village, two rooms in Chain village school, main gate at Degree college, Joshimath, removing of road blocks and restoring traffic, provision of computers for the local communities, etc.

Rural development projects at the Company's Bina Thermal Power Plant included construction of road from Ambedkar Chowk to Bamhori Durjan village, renovation of Betwa river ghat, fire fighting services for villagers in distress, water supply to village Jodh and support to local sports, etc.

Rural development projects undertaken at Nigrie, included construction of village roads, bore well, support to local village sports, provision of water through tankers for the villagers, etc

At the Company's Amelia (North) Coal Mine, rural development works were carried out for establishing ground water recharge measures for augmentation of ground water resource. Preparation of water ponds were undertaken through the Gram Panchayat of Villages at Majhauri, Ujjaini, Pachore, Tendua, Jignahawa and Bandha, to meet the water requirement in the event of the village wells going dry. 10 handpumps were installed in the village of Ujjaini, Baghadeeh, Kunda, Majhauri, Bargawan, Temple Bhinsadari and Manihari.

Extensive plantation was undertaken in the township areas for improvement of the environment and also to create an awareness regarding conservation and protection of the environment. 40551 saplings were planted during FY 15-16. Besides, towards rainwater harvesting, ponds were created to capture the rain water, subsequently used for plantation purposes. Extensive plantation was undertaken both at the Base Camp covering the Township area, Coal Handling Plant, Railway Siding and the Mines for the improvement of environment and to create an awareness regarding conservation and protection of the environment. In the Mines, plantation was done in the overburden dumps and seedlings spread during monsoon on the sides of the dumps. 870 kg seeds were sown in the Overburden Area, Haul Road and Magazine Area. A network of garland drains were established to carry the rain water to the settling tanks. The water from these tanks was utilized for watering of Plants and Haul Roads in Mines thereby conserving the ground water. The details can be accessed on the Company's website at the weblink, <http://jppowerventures.com/csr/CSR-Report-2015-16.pdf>

(i) The ratio of the remuneration of each Director to the median remuneration of the employees of the company for the financial year:

Particulars	Ratio to Median Remuneration
Shri Suren Jain, Managing Director & CFO	85.79:1
Shri Praveen Kumar Singh, Whole-time Director	81.36:1

Shri Sunil Kumar Sharma is Vice-Chairman and Chief Executive Officer of the Company but does not draw any remuneration from the Company. He is also Executive Vice-Chairman of Jaiprakash Associates Ltd. (JAL) and draws remuneration from JAL.

(ii) The percentage increase in remuneration of each Director, Chief Financial Officer, Chief Executive Officer, Company Secretary or Manager, if any, in the financial year :

Particulars	% increase/ decrease in the Remuneration
Shri Suren Jain, Managing Director & CFO	-22.42%
Shri Praveen Kumar Singh, Whole-time Director	-11.05%
Shri M.M.Sibbal, Vice President & Company Secretary	2.57%

(iii) The percentage increase in the median remuneration of employees in the financial year.

There is increase of 5.92% in the median remuneration of the employees in the current financial year.

(iv) The number of permanent employees on the rolls of the Company:1526

(v) The explanation on the relationship between average increase in remuneration and Company performance :

The increase in average remuneration of all employees (excluding Key Managerial Personnel) in the financial year 2015-16 as compared to the financial year 2014-15 was 11.80%.

The increase in remuneration is due to normal increments in the salary of employees. The relationship between increase in remuneration needs to be compared over a long term horizon and cannot be strictly compared with annual performance.

Key indices of Company's performance are as under:

Particulars	2015-16	2014-15	Variation
Saleable Energy Generation (MUs)	10978.98	10420.06	5.36%
Net Revenue from Operations (Rs. in Lacs)	3,88,368	3,94,413	-1.53%
Net Profit/ (Loss) after tax (Rs. in Lacs)	(29,450)	13,721	-

Reasons for loss suffered during the financial year 2015-16 have been mentioned in the Director's Report.

(vi) Comparison of the remuneration of the Key Managerial Personnel against the performance of the Company :

(Rs. in Lacs)

Particulars	Chief Executive Officer	MD & Chief Financial Officer	Whole-time Director	Company Secretary
Remuneration of Key Managerial Personnel (KMP) during financial year 2015-16 (aggregated) (Rs. in Lacs.)	-	170.67	161.86	34.76
Revenue from operations (Rs. in lacs)	-	3,88,368	3,88,368	3,88,368
Remuneration (as % of revenue)	-	0.04%	0.04%	0.01%
Profit/ (Loss) before tax	-	(56,939)	(56,939)	(56,939)
Remuneration (as % of Profit/ (Loss))	-	-	-	-

(vii) Variations in the market capitalization of the Company, price earnings ratio as at the closing date of the current financial year and previous financial year and percentage increase over decrease in the market quotations of the shares of the Company in comparison to the rate at which the Company came out with the last public offer in case of listed companies, and in case of unlisted companies, the variations in the net worth of the Company as at the close of the current financial year and previous financial year :

Particulars	Unit	At at 31st March, 2016	At at 31st March, 2015	Variation
Closing price of shares at BSE	Rs.	4.68	10.22	(54.21%)
EPS (standalone)	Rs.	(1.00)	0.47	(312.76%)
Market Capitalization	Rs. in crore	1374.99	3002.64	(54.21%)
Price Earnings Ratio	Ratio	-	20.04	-

The market price of equity share of the Company as on closing date of the financial year has declined by 85.38% of the issue price of Rs.32/- per share in the Public offer made in the year 2005.

(viii) Average percentile increase already made in the salaries of employees other than the managerial personnel in the last financial year and its comparison with the percentile increase in the managerial remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the managerial remuneration :

Average percentage increase in salary of the Company's employees was 11.80%. The percentage decrease in remuneration of Managing Director & CFO and Whole-time-Director was 22.42% and 11.05% respectively whereas percentage increase in remuneration of Company Secretary was 2.57%.

(ix) Comparison of the each remuneration of the Key Managerial Personnel against the performance of the Company :

Each KMP is granted salary based on his qualification, experience, nature of job, industry benchmark and many other factors, comparison of one against other is not feasible. The comparison of remuneration against performance is detailed in point no. (vi) above.

The remuneration of Managing Director & CFO and Whole-time-Director decreased by around 17.27% in 2015-16 compared to 2014-15 due to voluntarily reduction in certain allowances by them.

The Company suffered net loss of Rs.29,450 Lacs in the year 2015-16 as compared to Profit after tax of Rs.13,721 Lacs in the year 2014-15.

(x) The key parameters for any variable component of remuneration availed by the Directors : Nil

(xi) The ratio of the remuneration of the highest paid Director to that of the employees who are not Directors but receive remuneration in excess of the highest paid Director during the year : Nil

(xii) Affirmation that the remuneration is as per the remuneration policy of the Company : The Company affirms that the remuneration paid to the Directors, Key Managerial Personnel and Senior Management is as per the Remuneration Policy of our Company.

ANNEXURE 'G'

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

CONSERVATION OF ENERGY

(A) 400MW Jaypee Vishnuprayag Hydro Power Plant

- i) To flush out sediments from Sluice Bay No. 4, an Ejector System based on Hydro Suction principle has been developed. It enables removal of silt deposits without using power source. Hydro Suction System utilises excess water during the monsoon, hence no water is lost for generation of power. This helps in reducing flushing operations resulting in saving of approx. 6 to 8 million units per year.
- ii) Supply of Station Auxiliaries of Power House Complex is mostly taken from one of the running unit reducing dependence on grid/diesel supplies. System losses are reduced.
- iii) Use of centralised DG sets for feeding barrage and other sites has helped in reducing diesel consumption.

(B) Thermal Power Plants:

1. 500MW Jaypee Bina Thermal Power Plant

- i) Modified ventury of mills has been installed to optimise air flow in mill. This has resulted in reduction in PA Fan power consumption. Saving of 194.33 kW power has been achieved.
- ii) For 250 MW Boiler, as against 4 mills to be in service at 70% load as per normal/recommended practice, we are presently operating with 3 mills at 70% load with stable and reliable Boiler operation. This results in considerable energy saving.
- iii) Energy conservation is done by running one cooling water pump instead of two in winter season and achieve 0.05 kg/cm² to 0.7 kg/cm² vacuum at 150 to 180 MW.
- iv) Modification in heavy fuel oil pressurising discharge line has reduced the boiler light up time from 2.30 hrs to 2.00 hrs. Only one heavy fuel oil pump of 37 kW is required to run now instead of two pumps.
- v) Extra trap has been provided parallel to the existing one which leads in reduction of specific demineralised water consumption from 1.5% - 2.0% to 0.55% - 0.8%. This results in significant energy conservation.

2. 1320MW Jaypee Nigrie Supercritical Thermal Power Plant

- i) Supercritical technology has been adopted for Jaypee Nigrie Super Thermal Power Plant to get higher boiler efficiency and less fuel consumption.

- ii) Variable frequency drives have been installed in regenerative air pre heater and coal feeders to minimise energy consumption.
- iii) Turbine driven Boiler Feed Pumps have been installed in both units for power saving
- iv) VAM airconditioning system has been adopted for station air conditioning resulting into energy saving.
- v) Natural Draft Cooling Towers (NDCT) have been used in place of induced draft cooling water system (IDCT) resulting in power conservation.
- vi) Advantage of reduced cooling water temperature during winter season has been taken by stopping one cooling water pump (Capacity 39,500 M³/hr.) out of four normally in operation and maintaining the design value of condensor vacuum. This has resulted into considerable energy consumption.
- vii) During cold startup of unit, fuel oil flow has been reduced from 2.1 to 1.6 TPH per oil gun by optimising the oil pressure of individual burners, resulting into oil saving of approx. 150 KL per startup.
- viii) During startup of one unit when second unit is running, practice of unit synchronisation with combination of one MDBFP & one TDBFP has been made instead of two MDBFPs in operation. This has resulted in power saving of 20,000 kWh per startup.
- ix) Power cycle DM water make-up has been reduced from 2.19 % to 1.21 % by adopting better operation & maintenance practices.

(C) Amelia(North) Coal Mine

- i) Water Sprinkling System by electrical pump has been installed for dust suppression of around 2.5 km Coal Transportation Road in place of wheel mounted Diesel operated water sprinklers. Thus saving in consumption of HSD has been achieved.
- ii) Variable Frequency Drive has been installed in Apron Feeder, Feeder Breaker & BWSR boom resulting in energy saving.
- iii) Power Saving Luminaries and Electronic type chokes and ballasts are being used for saving in energy consumption.
- iv) Water from different parts of Coal mine is being channelised to one/two sumps for dewatering. Thus number of pumps have been reduced resulting in energy saving.

TECHNOLOGY ABSORPTION

(A) 400MW Jaypee Vishnuprayag Hydro Power Plant

- a) Development of indigenous spares in place of costly imported spares i.e. MIV seals, needle tips, nozzle seats, Pelton runners and wear plates, etc.

- b) Use of new techniques i.e. tungsten carbide High Velocity Oxy Fuel coating for minimising damage to parts susceptible to erosion from silt i.e. needle tips, nozzle & runner
- c) Development of new 13:4 NiCr needles and seat rings having stellite and Tungsten carbide coating for increased life.
- d) For on-line health monitoring, following systems are installed.
 - (i) Online Partial Discharge Monitoring System for generator and 400 kV GIS
 - (ii) Distributive Temperature Sensing cum Monitoring System for 400 kV XLPE Cables
 - (iii) Online oil and gas monitoring system for transformers

The above technology is being successfully deployed.

(B) Thermal Power Plants

- a) Super critical technology based 2x660 MW units have been commissioned in FY 2014-15 and operation and maintenance team have successfully absorbed this new technology.
- b) Online DGA monitoring system has been installed on important power transformers for continuous health monitoring.

- c) Simulators for training have been installed for training of O&M Staff.
- d) Low Nox emission coal burners have been installed in Boilers for environment protection.
- e) Ash Water Recirculation System (AWRS), Effluent Treatment Plant (ETP), Reverse Osmosis (RO) based used Water Purification System and Oil Water Separator (OWS) have been installed to optimise water consumption, without any discharge and control of effluents.

(C) Amelia(North) Coal Mine

- a) SCADA System has been installed for control & monitoring of Coal Handling Plant.
- b) 6000 MT SILO with PLC controlled SCADA operated Rapid Loading System has been installed for loading of coal into wagons.

FOREIGN EXCHANGE EARNINGS AND OUTGO

Particulars of Foreign Exchange expenditure and earnings are given in note no 35 of notes to the financial statement for the year ended 31st March, 2016.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

(Forming part of Directors' Report for the year ended 31st March, 2016)

Economic Review

Global Economy

Global growth recovery has weakened amid increasing financial turbulence. Global growth remained at around 3.2% in 2016 and is likely to strengthen in 2017 and thereafter. Emerging markets and developing economies are expected to be the primary drivers of growth momentum as stressed economies have gradually begun to normalize. Global demand remains subdued as is reflected in weak manufacturing and trade activity. However, in view of increasing uncertainties, risks of weaker global economy may hover for some more time.

At present, Global economy is being influenced by three key factors:

- 1) rebalancing the Chinese economy – away from investment and manufacturing towards consumption and services led growth;
- 2) lower commodity and energy prices; and
- 3) US Fed's transition from an extraordinarily accommodative to relatively tight monetary policy.

In India, a need is felt to build resilience against potential global shocks emanating from volatile financial markets while simultaneously focusing on reviving domestic economy.

Indian Economy

According to the Advance Estimates published by the Ministry of Statistics & Programme Implementation, India's GDP growth rate is around 7.6% in the FY 2015-16, as compared to the growth rate of 7.2% in 2014-15 resulting in an increase of 0.4% mainly on the back of recent government's policy initiatives, pick up of investments and lower oil prices. In fact, this is achieved mainly because of restoring macroeconomic stability which is achieved on account of fiscal consolidation, control over inflation and support from fall in the global commodity prices. Going forward, the growth rate is estimated at 7.5% by IMF (7.6% by RBI), which would mean that India is expected to outpace most emerging economies including China, Association of Southeast Asian Nations, Latin America and Africa.

Inflation continued to remain moderate. Average CPI inflation during FY 2015-16 decelerated to 4.9% from 6.0% in FY 2014-15. Sharp drop in crude oil prices helped moderate fuel inflation.

India's external position strengthened further in 2016. As per the Economic Survey 2016-17, the current account deficit is expected to remain within the comfort zone at 1.0-1.5% of GDP. On the fiscal front, the government is expected to meet its 2016 fiscal deficit target of 3.9% of GDP.

The government also provided a way forward for increased investments as well as opportunities to private players in the development of the infrastructure sector. The certainty and prospect of high and rising growth, pooled with macroeconomic strength, promises continuous growth for India.

Industry Structure and Developments

General

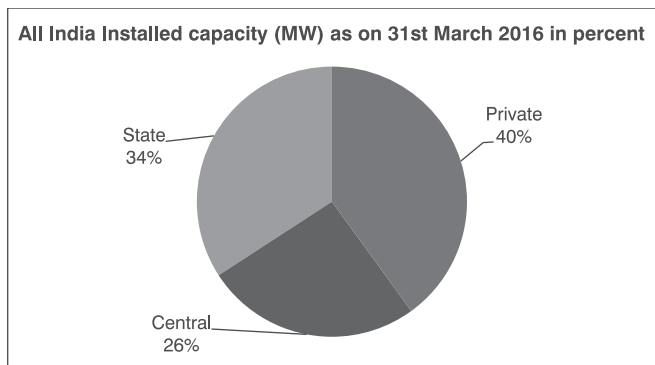

The Indian Power Industry is one of the largest and most important business in India as it fulfills the energy requirements of domestic consumption and various industrial consumption. It is one of the most critical components of Infrastructure that affects economic growth and the well being of our nation. India's GDP growth rate is related to the growth of power sector and hence, in order to achieve

the growth of 8% to 9% in GDP, India needs to continuously add the power generation capacity commensurate with this pace.

Installed Power Generation Capacity in India

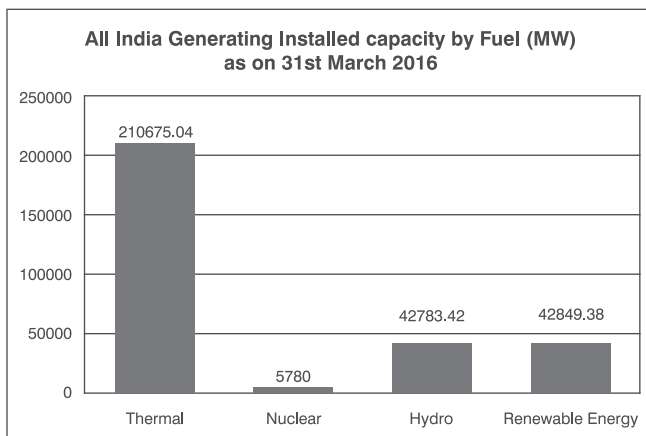

The total Installed Capacity as on 31st March, 2016 stood at 298 GW. Out of the total installed power generation capacity, 34% is owned by the State, 26% is owned by the Central and the balance 40% is owned by Private Sector. The break-up of fuel wise and ownership wise installed capacity is given below.

Electricity Demand

Per capita consumption of electricity in India has reached 1010 kilowatt hours (KWH) in 2014-15 compared to 957 KWH in the previous year. Though, per capita consumption in India has reached a milestone, however, remains relatively low compared to other leading developed and emerging economies.

The low per capita electricity consumption in India compared to the world average presents potential for sustainable growth in demand. Even at the consumption levels of recent years, demand for electricity in India is substantially higher than the available supply.

Power generation in India grew 5.60% during the financial year 2015-16. The country generated 1107.385 billion units in FY 2015-16 as compared to 1048.672 billion units generated in FY 2014-15. Thermal power generation shows a surge of 7.41% year-on-year basis, generating 943.407 billion units in FY 2015-16 but hydro power generation declined by 6.11% year-on-year basis, generating 121.341 billion units in FY 2015-16. The nuclear power generation grew by 3.58% in FY 2015-16.

Transmission System

In India, an extensive network of Transmission lines has been developed over the years for evacuating power produced by different electricity generating stations and distributing the same to the consumers. Depending upon the quantum of power and the distance involved, lines of appropriate voltages are laid. The nominal Extra High Voltage lines in vogue are ± 800 kV HVDC & 765kV, 400 kV, 230/220 kV, 110 kV and 66 kV AC lines. These have been installed by all the SEBs and by Generation, Transmission and Distribution utilities including those in Central Sector.

Power Grid Corporation of India Limited (POWERGRID), a Central Transmission Utilities (CTU), is responsible for planning inter-state transmission system (STS).

Power System Operation Corporation Limited (POSOCO) is managing the National and Regional grid from National Load Despatch Centre (NLDC) and its five Regional Load Despatch Centres (RLDC) through state-of-the-art unified load dispatch & communication facilities.

Government Initiatives

(i) National Smart Grid Mission

The Government of India has approved the National Smart Grid Mission (NSGM). The mission is an institutional mechanism for planning, monitoring and implementation of policies and programmes related to Smart Grid activities. The main aim is to bring efficiency in power supply network and facilitate reduction in losses and outages.

(ii) New scheme UDAY

The Union Cabinet has given its approval to a new scheme Ujwal DISCOM Assurance Yojana (UDAY) moved by the Ministry of Power. UDAY provides for the financial turnaround and revival of Power Distribution Companies (DISCOMs) and importantly also ensures a sustainable financial solution. It envisages reducing interest burden, cost of power and AT&C losses in its endeavour to make the DISCOMs viable to supply adequate and reliable power.

(iii) Deendayal Upadhyaya Gram Jyoti Yojana (DUGJY)

The Ministry of Power has planned to provide electricity to 18,500 villages in three years under the Deendayal Upadhyaya Gram Jyoti Yojana (DUGJY). Out of these, 3,500 villages would receive electricity through off-grid or renewable energy solutions.

(iv) Integrated Power Development Scheme (IPDS)

For facilitating State utilities with a view to ensure quality and reliable 24X7 Power supply in urban areas, Government approved the IPDS. The main component of the scheme is establishment of sub-transmission and distribution networks in urban areas, including IT enablement in the distribution sector.

(v) Coal Mines (Special Provision) Act, 2015

The Coal Mines (Special Provision) Act, 2015 aims to provide for allocation of coal mines and vesting of the right, title and interest in and over the land and mine infrastructure to successful bidders and allottees with a view to safeguarding continuity in coal mining operations and production of coal in order to avoid fuel shortage for power generation.

(vi) Government initiative on procurement of power through reverse auction bidding

Government has added a new chapter to enhance transparency in power transmission sector of the country by launching 'TARANG' (Transmission App for Real Time Monitoring and Growth), 'e-Trans' web platform for e-bidding and e-reverse auction for Tariff Based Competitive Bidding (TBCB) in transmission projects and 'DEEP' (Discovery for Efficient Electricity Price) e-bidding portal for medium term (1-5 years) purchase of power.

Outlook

There is a huge potential in the Indian power sector particularly in view of the fact that many households still do not have access to electricity. The government has embarked upon a program to provide affordable and uninterrupted electricity supply to all households by 2020. There are still bottlenecks in the form of lack of long term PPAs, clarity regarding coal mines allocation and severe congestion in the transmission corridors. The slowdown in industrial activity has severely affected the healthy growth of power generators. This resulted in non-availability of continuous power supply to the consumers. Introduction of UDAY scheme to improve the financial stability of the ailing DISCOMS and the increasing number of states embracing the scheme augurs well for the sector in the long run. Good monsoon is expected to provide the much needed boost to the economy after two consecutive years of deficient rainfall.

Domestic coal production has improved considerably and India has moved from a coal deficit to a surplus situation. It is expected that coal imports into the country are expected to go down further in the coming years as more domestic mines come into operation. International coal prices are also expected to remain subdued due to lack of demand from China and developed nations reducing their dependence on fossil fuels for electricity generation.

Opportunities

1. As Indian Economy continues to grow, it is expected that India's energy consumption will grow as well. India's GDP growth at present is hovering around 7%. The Government envisages to have GDP growth of 8-9% and in order to achieve the same, India needs to continuously add the power generation. Besides, the addition of power would enhance the opportunities for employment.
2. 100 per cent foreign direct investment (FDI) under automatic route is permitted in power sector except atomic energy.
3. With an objective to provide 24x7 power across the country by 2020, the Government has taken several landmark decisions for generation of power, strengthening of transmission and distribution, separation of feeder and metering of power to consumers.
4. As per Section 80 –IA of Income Tax Act, 1961, power generation companies are eligible for 100% deduction of the profits for 10 consecutive years during the first 15 years of operations. This is a major advantage to project developers, as it will substantially reduce their tax burden.

Threats

1. India has historically failed to meet its power sector targets by a significant margin. The power sector continues to be affected by a shortfall both in respect of generation as well as transmission.
2. Strengthening of Distribution sector is one of the most critical challenges for the progress of Power sector in India. Electricity Distribution Companies (DISCOMs) at present are in poor financial health and have low economical viability. This alarming situation poses a serious risk not only to the future of the power sector, but also to the overall growth of the Indian economy. It is apprehended that financial health of the power sector will be severely impacted and discourage private participation in generation and transmission as well.
3. Delay and cancellation of projects could lead to large power infrastructure deficits that can potentially deter the growth across all sectors in the economy. Potential delays in land acquisition, environment/forest clearances, right of way issues, shortage of talent, fuel linkage issues and limited availability of low-cost finance and equipment are the major factors leading to the delay of generation and transmission projects. While steps have been taken to overcome these challenges, more is required to be done.
4. Given the considerably higher capacity-addition target envisaged in the future, the shortage of skilled manpower such as engineers, supervisors and technicians could be a challenge. There is an urgent need to augment availability of skilled and specialized labor. Skills for labor including high pressure welders, erection and commissioning teams plants would required to be developed.
5. Higher financial stake involved through private investments and financing for capital intensive projects is a challenge.
6. Hon'ble Supreme Court of India in September, 2014 had cancelled allotment of 204 coal blocks including dedicated coal blocks for the thermal power plants and had put up certain coal blocks for auction. The power producer(s) bid quite aggressively for acquisition of the coal blocks for captive use for the generation of power. Since the cost of production of coal and negative bidding was not be pass through cost for the regulated sale of power, it has resulted in poor financial health of power generators on account of the same.

Segment-wise or product-wise performance

The Company is primarily engaged in generation of power and thus has only one segment. The turnover from cement grinding unit is very small compared to the total turnover.

Risks and Concerns

The key risks facing the power sector in India are as follows:

- Pace of economic growth can slow down leading to lower growth in demand for power in India.
- Political and economic instability, global financial turmoil and currency depreciation may result in increase of cost and thus posing resultant pressure on Power Sector.
- Hydro power sector carry normal hydrological risks.
- Lack of long-term Power Purchase Agreement(s).
- Lower demand by the off-taker has caused lower Plant Load Factor (PLF) of power plants.
- Extremely low prices of power in the short-term market has severely affected merchant power sale and thus power generation.

Internal Control Systems and their adequacy

The Company has an adequate internal control system which commensurate with the nature and size of its operation and are manned by qualified and experienced personnel.

The Internal Control System involves adoption of policies and procedures regarding financial and operating functions for ensuring the orderly and efficient conduct of its business, ensuring prevention & detection of frauds & errors and timely preparation of reliable financial information.

The Internal Control Systems are further supplemented by internal audit carried out by an independent firm of Chartered Accountants and periodical review by the management and Statutory Auditors. The Internal Audit reports are reviewed by the Audit Committee on quarterly basis.

The Internal Control Systems are implemented:-

- To safeguard the Company's assets from loss or damage.
- To keep constant check on cost structure.
- To provide adequate financial and accounting controls and implement accounting standards.

The senior management regularly review the findings and recommendations of the Internal Auditors so as to continuously monitor and improve internal controls to match the organisation's pace of growth and increasing complexity of operations as well as to meet the changes in statutory and accounting requirements.

Discussion on financial performance with respect to operational performance

The senior management team is striving to bring the Company to a satisfactory financial performance level. While it has managed to bring about the operational performance to desirable levels, the financial performance is being affected for certain reasons beyond the Company's control. The Company is putting in its best efforts to enhance the value for all its stakeholders and will continue to strive for the same.

Material developments in Human Resources/Industrial relations

Human Resources are considered as one of the most critical resources in the business which can be continuously smoothed

to maximize the effectiveness of the Organisation. The Company recognizes its human resources as the most valued asset. The Company has appointed specialized professionals in the fields of engineering, finance, administration and technical and non-technical staff to take care of its operations and allied activities.

Total manpower of the Company at the end of the financial year is 1526 which include engineers, chartered accountants, managers and other skilled and unskilled employees. Teams are put in place both at Corporate Office and in all the project locations.

Various initiatives have been taken up for developing employees at all levels and to make them future ready for higher roles and responsibility. Necessary training was imparted to the staff for operations and maintenance of power stations by specialist from related fields including the equipment suppliers from time to time.

Industrial relations remained cordial throughout the year.

Cautionary Statement

Statement in the Management Discussion & Analysis Report describing the Company's objectives, projections, estimates and expectations may be 'forward looking statements' within the meaning applicable under the securities laws and regulations. As 'forward looking statements' are based on certain assumptions and expectations of future events over which the Company exercises no control, the Company cannot guarantee their accuracy nor can it warrant that the same will be realized by the Company. Actual results could differ materially from those expressed or implied. Significant factors that could make a difference to the Company's operations include domestic economic conditions affecting domestic demand, supply and price conditions in the electricity industry, finished goods prices, changes in Government Regulations, Financial Sector, Tax Regime and other statutes.

INDEPENDENT AUDITOR'S REPORT

To the Members of

JAIPRAKASH POWER VENTURES LIMITED

Report on the Standalone Financial Statements

We have audited the accompanying Standalone financial statements of JAIPRAKASH POWER VENTURES LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2016, the Statement of Profit and Loss, and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, as applicable

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the Order under section 143 (11) of the Act.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone financial

statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2016, and its Loss and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

Annexure 'A' to the independent auditor's report of even date on the financial statements of JAIPRAKASH POWER VENTURES LIMITED**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **JAIPRAKASH POWER VENTURES LIMITED** ("the Company") as of March 31, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintain internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act. to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable details, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the Inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changed in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountant of India.

- b) Mining Rights and related development expenditure are treated as Intangible Assets from the date the mine is put for commercial use.

(v) Depreciation

- a) Depreciation on tangible assets is provided to the extent of depreciable amount on Straight Line Method (SLM) based on useful life of the assets as prescribed in Part C of Schedule II to the Companies Act, 2013.
- b) Premium on Leasehold Land is amortised over the period of lease.
- c) Cost of acquisition of Coal Mine & other Mine related Expenditure are amortised on the basis of the balance life of the Project. Fixed assets of Mine having depreciable life as per Schedule II of The Companies Act, 2013, more than the mining period are being depreciated over the lease period of Mine.

(vi) Expenditure during Construction Period

Expenditure incurred on projects/assets during construction/ implementation is apportioned and capitalized to projects/ assets on commissioning.

(vii) Overburden Removal (OBR) Expenses

In coal mining, cost of OBR is charged on technically evaluated average ratio (COAL: OB) with due adjustment for advance stripping and ratio-variance account after the mine become operational. Net of balances of advance stripping and ratio variance at the Balance Sheet date is shown as cost of removal of OB under the head for Work in Progress in inventories.

(viii) Provision for Mine Closure expenses

Provision for Mine closure expenses is made as per guidelines from Ministry of Coal, Government of India.

(ix) Foreign Currency Transactions

- a) Transactions denominated in Foreign Currency are

recorded in the Books of Account in Indian Rupees at the rate of exchange prevailing on the date of transaction.

- b) Monetary Assets and Liabilities related to Foreign Currency transactions and outstanding, except assets and liabilities hedged by a hedge contract, at the close of the year, are expressed in Indian Rupees at the rate of exchange prevailing on the date of Balance Sheet. The exchange difference arising either on settlement or at reporting date is recognised in the Statement of Profit & Loss except in cases where they relate to acquisition of fixed assets, in which case they are adjusted to the carrying cost of such assets.
- c) Monetary Assets and Liabilities hedged by a hedge contract are expressed in Indian Rupees at the rate of exchange prevailing on the date of Balance Sheet adjusted to the rates in the hedge contracts. The exchange difference arising either on settlement or at reporting date is recognised in the Statement of Profit & Loss except in cases where they relate to acquisition of fixed assets, in which case they are adjusted to the carrying cost of such assets. Premium paid in respect of Hedge Contracts are recognised in the Statement of Profit & Loss, except in case where they relate to the acquisition or construction of fixed assets, in which case, they are adjusted to the carrying cost of such assets.
- d) The Company uses foreign currency contracts to hedge its risks associated with foreign currency fluctuations. The Company does not use derivative financial instrument for speculative purposes.
- e) Non Monetary foreign currency items are carried at weighted average cost.

(x) Investments

Long-term investments are carried at cost. However, provision for diminution is made to recognise a decline, other than temporary, in the value of the investments, such reduction being determined of value of long-term investments and made for each investment individually. Current investments are valued at lower of cost and fair value.

(xi) Inventories

- a) Inventories are valued at Cost or Net Realisable Value whichever is lower. Cost of Inventories comprises of cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.
- b) Cost of Raw Materials, Construction Materials, Stores & Spares, Packing Materials, Operating Stores and supplies is determined on Weighted Average basis.
- c) Stock of Finished Goods (Coal at Mine and Cement at factory) includes excise duty, pursuant to Accounting Standard [AS-2] [Revised].
- d) Work in Progress of overburden is valued at Weighted Average Cost.

Projected Unit Credit Method adopted in the actuarial valuation made at the end of each financial year.

(xiii) Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

(xiv) Premium on Redemption of Debentures

Premium paid/payable on Redemption of Debentures are adjusted against Securities premium reserve/ Surplus.

(xv) Taxes on Income

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to the tax authorities, using the applicable tax rates. Deferred income tax reflects the current period timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier years/ period. Deferred tax assets are recognised only to the extent that there is a reasonable certainty that sufficient future income will be available except that deferred tax assets, in case there are unabsorbed depreciation or losses, are recognised if there is virtual certainty that sufficient future taxable income will be available to realise the same. Deferred tax assets and liabilities are measured using the tax rates and tax law that have been enacted or substantively enacted by the Balance Sheet date.

(xvi) Provisions, Contingent Liabilities and Contingent Assets

Provisions: Provisions are recognised when there is present obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation in respect of which reliable estimate can be made of the amount of the obligation.

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or reliable estimate of the amount cannot be made, is termed as contingent liability.

Where there is a possible obligation or a present obligation but the likelihood of outflow of resources is remote, no provision or disclosure is made as specified in Accounting Standard 29 – “Provisions, Contingent Liabilities and Contingent Assets”.

Contingent assets: A contingent asset is neither recognised nor disclosed in the Financial Statements.

(xvii) Earnings Per Share

Basic earnings per equity share is computed by dividing net profit after tax by the weighted average number of equity shares outstanding during the year.

Diluted earnings per equity share is computed by dividing adjusted net profit after tax by the aggregate of weighted average number of equity shares and dilutive potential equity shares outstanding during the year.

(xviii) Impairment of Assets

At each balance sheet date, the management reviews the carrying amounts of its assets included in each cash generating unit to determine whether there is any indication that those assets were impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the asset.

Reversal of impairment loss is recognised immediately as income in the statement of profit and loss only when the situation becomes favorable.

(xix) Lease Rentals :

- (a) Operating Leases : Rentals are expensed with reference to lease terms.
- (b) Finance Leases : The lower of the fair value of the assets and present value of the minimum lease rentals is capitalized as fixed assets with corresponding amount shown as lease liability. The principal component in the lease rental is adjusted against the lease liability and the interest component is charged to statement of Profit & Loss.

(xx) Segment Reporting

Revenue, operating results, assets and liabilities have been identified to represent separate segments on the basis of their relationship to the operating activities of the segment. Assets, liabilities, revenue and expenses which are not allocable to separate segment on a reasonable basis, are included under “Unallocated”.

(xxi) Cash & Bank Balance

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

(xxii) Cash Flow Statements

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

6.11 Overdue instalments and interest to Banks and Financial Institutions :

Outstanding amount of loans from banks and financial institutions as mentioned in Current Liabilities (current maturities of long term debts) as at 31.03.2016, includes repayment of principal amount of loans overdue of Rs.68,848.30 Lacs, which was due for payment up to 31.03.2016. It includes redemption of FCCBs of Rs.67,718.94 Lacs (US\$ 101.421 Million) which was due for payment on 31.03.2016. Further the interest amount of Rs.15,218.32 Lacs on various loans was overdue for payment as on 31.03.2016. This was on account of following reasons:-

- (i) Current Revenue of 1320 MW Jaypee Nigrie Super Thermal Power Plant is based on provisional tariff (pending final tariff determination), restricted operation as long term PPA is yet to be tied up and non-availability of coal in March, 2016, as the entire capacity i.e. 2.80 MTPA coal from Amelia Coal Mine for the year 2015-16 was already utilized upto February, 2016.
- (ii) Generation of 500 MW Jaypee Bina Thermal Power Plant was adversely affected due to backdown instructions received from SLDC from time to time because of lower demand of power.
- (iii) The general depressed economic conditions affecting the power plants in the country.

On the date of adoption of accounts by the Board of Directors, principal amount of loans over due have been paid except for FCCBs of Rs.67,718.94 Lacs for which the Company is in discussions with the Bondholders for redemption of outstanding FCCBs either from fresh FCCBs/ extending redemption period on mutually agreed terms and conditions or from financial assistance from Indian banks. The amount of interest overdue as above has been brought down to Rs.1,532.17 Lacs.

6.12 Unsecured Loans

- i) Unsecured loan of Rs.1,000 Lacs is repayable to Government of Uttarakhand/ Uttar Pradesh, which

would be paid after having decision arrived between Government of Uttar Pradesh and Government of Uttarakhand for receipt of said payment.

- ii) The Company had issued 2,000 Nos. 5% Foreign Currency Convertible Bonds (FCCBs) of US\$ 1.00 Lac each aggregating to US\$ 2,000 Lac at par on 12.02.2010. These Bonds were convertible at the option of the bond-holders into equity shares of Rs. 10/- each fully paid up at the conversion price of Rs. 85.8139 per share, subject to the terms of issue with a fixed exchange rate of Rs. 46.14 equal to US\$ 1 at any time on or after 25.03.2010 and prior to the close of business on 06.02.2015.

The bonds were redeemable at maturity on 13.02.2015 at a YTM of 7% p.a. (inclusive of coupon rate of 5% p.a.). The Company entered into a Standstill and Voting Agreement on 3rd March, 2015 with majority of bond-holders for re-schedulement of bonds on certain terms and conditions. Reserve Bank of India had on 26th March, 2015 approved the aforesaid re-schedulement, the details whereof were incorporated in the Notes to the Financial Statements for the Financial Year 2014-15. Other existing terms & conditions of the said FCCBs remaining unchanged.

Out of the total redemption amount of US\$ 2,234.78 Lacs (including the yield) as on 13th February, 2015, the Company remitted an amount of US\$ 1,220.57 Lacs to the bond-holders till 31.03.2016 (as detailed below), as part payment towards redemption of FCCBs in accordance with the first Standstill Agreement dated 12th February, 2015, standstill and Voting Agreement dated 3rd March, 2015 and Supplemental Trust Deed dated 31st March, 2015, executed with the said bond-holders for reschedulement of FCCBs.

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS TO THE MEMBERS OF JAIPRAKASH POWER VENTURES LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying Consolidated Financial Statements of JAIPRAKASH POWER VENTURES LIMITED (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") comprising of the Consolidated Balance Sheet as at 31st March 2016, the Consolidated Statement of Profit & Loss, the Consolidated Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these Consolidated financial statements based on our audit. While conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with standards on auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used

and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Other Matters

We did not audit the financial statements of 3 (Three) subsidiary whose financial statements reflect total assets of Rs. 16,03,157 Lacs as at 31st March 2016, total revenues of Rs. 23,356 Lacs and total Net cash out flows amounting to Rs. 13,885 Lacs for the year then ended on that date, as considered in the consolidated financial statements.

These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, insofar as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements/financial information certified by the Management.

Basis of Qualified opinion

We refer to Note No. 44 to the Consolidated Financial statements wherein Expenditure incurred during the construction and incidental to setting up of the project by Sangam Power Generation Company Limited (SPGCL) a subsidiary of the Company for development of 1320 MW Power Project at Tehsil Karchana, Distt. Allahabad, Uttar Pradesh, have been carried forward as 'Capital Work in progress'. In view of abnormal delay in handling over the possession of land, the company has requested Uttar Pradesh Power Corporation Ltd. (UPPCL) to take over the project and refund of investment made by it. The matter is under consideration of UPPCL. The management does not expect any material adjustment in the carrying value of assets including Capital Work in Progress. We are therefore, unable to comment whether any adjustment is required in the carrying value of assets and liabilities.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, *except for the possible effects of the matters described in the Basis of Qualified Opinion paragraph mentioned above*, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2016, and its consolidated loss and their consolidated cash flows for the year ended on that date.

Emphasis of Matter:

Sangam Power Generation Company Limited (SPGCL) a subsidiary of the Company is yet to appoint management person as per the requirement of the Act. Our Opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

- As required by Section 143 (3) of the Act, we report that:
 - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) Except for the effect of the matters described in the basis for qualified opinion paragraph, in our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2016 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary company, none of the directors of the Group companies, is disqualified as on 31st March, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Group's internal financial controls over financial reporting.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Consolidated Financial statement disclose the impact of pending litigations on the consolidated financial position of the group - Refer Note 36 to the consolidated financial statements.
 - ii. Except for the possible effect of matter described in the basis of qualified opinion, the effect whereof is not presently ascertainable, the Group does not have any material foreseeable losses in respect of any long-term contracts including derivative contracts;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and subsidiary companies.

Annexure to the independent auditor's report of even date on the CONSOLIDATED financial statements of JAIPRAKASH POWER VENTURES LIMITED**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

In Conjunction with our audit of consolidated financial statement of the Company as of and for the year ended 31 March 2016, we have audited the internal financial controls over financial reporting of JAIPRAKASH POWER VENTURES LIMITED ("the Holding Company") and its subsidiary companies for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary companies are responsible for establishing and maintain internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable details, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the Inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changed in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountant of India.

(h) Advance against depreciation claimed/ to be claimed as part of tariff in terms of PPA (in respect of Baspa II HEP and Vishnuprayag HEP) during the currency of loans to facilitate repayment installments is treated as `Deferred Revenue`. Such Deferred Revenue shall be included in Sales in subsequent years.

(i) Interest is recognized on a time proportion basis taking into account outstanding and the rate applicable.

(j) Inter Divisional Transfer/ Captive sales:

Captive sales in regard to Coal produced from Captive Mine to be utilized for generation of power are transferred at cost as per Cost Accounting Standard-4.

The value of inter-divisional transfer and captive sales is netted off from sales and corresponding cost under cost of materials consumed and total expenses respectively. The same is shown as a contra item in the statement of profit and loss.

(iv) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Differences between actual results and estimates are recognised in the period in which the results are known/ materialised.

(v) Fixed Assets

(a) Fixed Assets both tangible and intangible are stated at cost of acquisition or construction inclusive of freight, erection & commissioning charges, duties and taxes, expenditure during construction period, Interest on borrowings, financing cost and foreign exchange loss/ gain, up to the date of commissioning. Foreign Exchange Rate Difference on long term monetary items arising on settlement or at reporting dates attributable to Fixed Assets is capitalised/ adjusted in the carrying value of the Fixed Assets.

(b) Mining Rights and related development expenditure are treated as Intangible Assets from the date the mine is put for commercial use.

(b) Premium on Leasehold Land is amortised over the period of lease.

(c) Cost of acquisition of Coal Mine & other Mine related Expenditure are amortised on the basis of the balance life of the Project. Fixed assets of Mine having depreciable life as per Schedule II of The Companies Act, 2013, more than the mining period are being depreciated over the lease period of Mine.

(d) Depreciation on transmission lines and its elements and intangible assets are provided on straight line method at the rates specified in norms by Central Electricity Regulatory Commission (CERC) for the purpose of recovery of tariff on pro-rata basis.

(vii) Expenditure during Construction Period

Expenditure incurred on projects/assets during construction/implementation is apportioned and capitalized to projects/ assets on commissioning.

(viii) Overburden Removal (OBR) Expenses

In coal mining, cost of OBR is charged on technically evaluated average ratio (COAL: OB) with due adjustment for advance stripping and ratio-variance account after the mine become operational. Net of balances of advance stripping and ratio variance at the Balance Sheet date is shown as cost of removal of OB under the head for Work in Progress in inventories.

(ix) Provision for Mine Closure expenses

Provision for Mine closure expenses is made as per guidelines from Ministry of Coal, Government of India.

(x) Foreign Currency Transactions

(a) Transactions denominated in Foreign Currency are recorded in the Books of Account in Indian Rupees at the rate of exchange prevailing on the date of transaction.

(b) Monetary Assets and Liabilities related to Foreign Currency transactions and outstanding, except assets and liabilities hedged by a hedge contract, at the close of the year, are expressed in Indian Rupees at the rate of exchange prevailing on the date of Balance Sheet. The exchange difference arising either on settlement or at reporting date is recognised in the Statement of Profit & Loss except in cases where they relate to acquisition of fixed assets, in which case they are adjusted to the carrying cost of such assets.

(c) Monetary Assets and Liabilities hedged by a hedge contract are expressed in Indian Rupees at the rate of exchange prevailing on the date of Balance Sheet adjusted to the rates in the hedge contracts. The exchange difference arising either on settlement or at reporting date is recognised in the Statement of Profit & Loss except in cases where they relate to acquisition of fixed assets, in which case they

are adjusted to the carrying cost of such assets. Premium paid in respect of Hedge Contracts are recognised in the Statement of Profit & Loss, except in case where they relate to the acquisition or construction of fixed assets, in which case, they are adjusted to the carrying cost of such assets.

- (d) The Company uses foreign currency contracts to hedge its risks associated with foreign currency fluctuations. The Company does not use derivative financial instrument for speculative purposes.
- (e) Non Monetary foreign currency items are carried at weighted average cost.

(xi) Investments

Long-term investments are carried at cost. However, provision for diminution is made to recognise a decline, other than temporary, in the value of the investments, such reduction being determined of value of long-term investments and made for each investment individually. Current investments are valued at lower of cost and fair value.

(xii) Inventories

- (a) Inventories are valued at Cost or Net Realisable Value whichever is lower. Cost of Inventories comprises of cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.
- (b) Cost of Raw Materials, Construction Materials, Stores & Spares, Packing Materials, Operating Stores and supplies is determined on Weighted Average basis.

- (b) Gratuity and Leave Encashment is defined benefit obligation. The liability is provided for on the basis on Projected Unit Credit Method adopted in the actuarial valuation made at the end of each financial year.

(xiv) Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

(xv) Premium on Redemption of Debentures

Premium paid/payable on Redemption of Debentures are adjusted against Securities premium reserve/Surplus.

(xvi) Taxes on Income

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to the tax authorities, using the applicable tax rates. Deferred income tax reflects the current period timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier years/ period. Deferred tax assets are recognised only to the extent that there is a reasonable certainty that sufficient future income

will be available except that deferred tax assets, in case there are unabsorbed depreciation or losses, are recognised if there is virtual certainty that sufficient future taxable income will be available to realise the same. Deferred tax assets and liabilities are measured using the tax rates and tax law that have been enacted or substantively enacted by the Balance Sheet date.

(xvii) Provisions, Contingent Liabilities and Contingent Assets

Provisions: Provisions are recognised when there is present obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation in respect of which reliable estimate can be made of the amount of the obligation.

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or reliable estimate of the amount cannot be made, is termed as contingent liability.

Where there is a possible obligation or a present obligation but the likelihood of outflow of resources is remote, no provision or disclosure is made as specified in Accounting Standard 29 – “Provisions, Contingent Liabilities and Contingent Assets”.

Contingent assets: A contingent asset is neither recognised nor disclosed in the Financial Statements.

(xviii) Earnings Per Share

Basic earnings per equity share is computed by dividing net profit after tax by the weighted average number of equity shares outstanding during the year.

Diluted earnings per equity share is computed by dividing adjusted net profit after tax by the aggregate of weighted average number of equity shares and dilutive potential equity shares outstanding during the year.

(xix) Impairment of Assets

At each balance sheet date, the management reviews the carrying amounts of its assets included in each cash generating unit to determine whether there is any indication that those assets were impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the asset.

Reversal of impairment loss is recognised immediately as income in the statement of profit and loss only when the situation becomes favorable.

(xx) Lease Rentals :

(a) Operating Leases : Rentals are expensed with reference to lease terms.

(b) Finance Leases : The lower of the fair value of the assets and present value of the minimum lease rentals is capitalized as fixed assets with corresponding amount shown as lease liability. The principal component in the lease rental is adjusted against the lease liability and the interest component is charged to statement of Profit & Loss.

(xxi) Segment Reporting

Revenue, operating results, assets and liabilities have been identified to represent separate segments on the basis of their relationship to the operating activities of the segment. Assets, liabilities, revenue and expenses which are not allocable to separate segment on a reasonable basis, are included under "Unallocated".

(xxii) Cash & Bank Balance

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

(xxiii) Cash Flow Statements

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Note: 44

The Company had acquired 100% shareholding of Sangam Power Generation Company Limited (SPGCL) from UPPCL and executed the Share purchase agreement with UPPCL in the year 2009 against the consideration under Case-II bidding guidelines and assumed the responsibility of implementing the 1320 MW Karchhana Thermal Power Project at Tehsil-Karchhana, Dist. Allahabad, Uttar Pradesh (which was awarded to JAL), as per guidelines on Build, Own, Operate and Maintain (BOOM) basis. As part of agreement 583 Ha. land was to be handed over to SPGCL for development of the Karchhana TPP. UPPCL is yet to hand over physical possession of land to SPGCL.

The farmers/ land owners of Tehsil-Karchhana had filed Writ Petition before Hon'ble High Court of Allahabad challenging the acquisition of their Land. The Hon'ble High Court vide its order dated April 13, 2012 allowed the petitions of the farmers of Karchhana, subject to deposit of compensation with Chairman, U.P. Electricity Regulatory Commission, received by the farmers, if any.

Due to abnormal delay in handing over the possession of land and steps to be taken by Govt. of U. P. as per the Orders of Hon'ble High Court, SPGCL has requested UPPCL for takeover of the Project and refund of investment made. The matter is under consideration of UPPCL.

Hence, expenditure incurred during the construction and incidental to setting up the project are carried forward as 'Capital Work in Progress'. Considering the current status, the Company does not envisage provision for impairment/ write off as at the Balance Sheet date.

Note 45

- (i) Jaypee Powergrid Limited (JPL) has recognized transmission income in accordance with final tariff order dated 07.05.2015 issued by Central Electricity Regulatory Commission (CERC).
- (ii) Recovery of Rs. 1,676.70 Lacs has been done by Power Grid Corporation of India Ltd. during the financial year 2015-16, being the difference between tariff received as per provisional tariff orders and amount due as per Final Tariff Order (from COD till December,2014 including incentive).
- (iii) Transmission tariff (including incentive) of Rs. 4,734.22 Lacs for the last quarter of the year has been recognized provisionally based on site verification, as the Certificate of availability of Transmission System by NRPC is pending for Certification and will be adjusted, if necessary in the next financial year.

Note 46

- (a) The Company is engaged in generation of Power (hydro & thermal), Cement grinding, Captive coal mining and Transmission of Power. The Company has been allotted Amelia Coal Block by Government of India for exertion of coal for supply to Jaypee Nigrie Super Thermal Power Plant. Further, the Company has set up Cement Grinding Unit at Jaypee Nigrie Super Thermal Power Plant, for gaurful utilisation of dry fly ash and as mandated by Ministry of Environment and Forests. As total assets employed in Cement Grinding Unit, Coal Mine and Transmission of Power are less than 10% of the total assets of the Company and the revenue for the same is also less than 10% of the total revenue of the Company, therefore separate segment reporting is not applicable.
- (b) The operations of the Company are carried with similar economic and political conditions having similar kind of risks, therefore geographical segments are not applicable.
