SPECIAL BUSINESS:

To consider and if thought fit, to pass with or without modification(s), the following resolutions:

As special Resolutions:

6. To reappoint Shri Dinesh J Hinduja as Executive Director.

To consider and if thought fit, to pass with or without modification(s), the following resolutions as a **Special Resolution:**

RESOLVED THAT pursuant to the provisions of Sections 198, 269, 309 and other applicable provisions, if any, of the Companies Act, 1956, read with Schedule XIII of the said Act, approval be and is hereby given to the appointment of Mr. Dinesh J Hinduja, as the Executive Director of the company from April 01, 2010 to March 31, 2012 (both days inclusive).

RESOLVED FURTHER THAT the consent of the members be and is hereby accorded for the payment of remuneration, as set out in the explanatory statement annexed hereto and forming part of this notice, to Shri Dinesh J Hinduja, Executive Director of the company for the period from April 01, 2010 to March 31, 2012 (both days inclusive).

RESOLVED FURTHER THAT the Board of Directors of the Company be and are hereby authorized to fix and vary remuneration and perquisites including monetary value thereof to the extent the Board of Directors may consider appropriate and as may be considered and permitted or authorized in accordance with the provisions of the Companies Act, 1956, for the time being in force and any statutory modifications or reenactment thereof, and any / or rules or regulations framed there under."

7. To consider and if thought fit, to pass with or without modification s, the following resolution as a **Special Resolution:-**

"RESOLVED THAT pursuant to the provisions of Section 81(1A), and all other applicable provisions, if any, of the Companies Act 1956, the Memorandum and Articles of Association of the Company, Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 (hereinafter referred to as "SEBI Guidelines") and subject to such other approvals, permissions and sanctions as may be necessary and subject to such conditions and modifications as may be prescribed or imposed while granting such approvals, permissions and sanctions, the consent of the Company be and is hereby accorded to the Board of Directors of the Company (hereinafter referred to as "the Board" which term shall be deemed to include any Committee, including the Compensation Committee which the Board has constituted to exercise its powers, including the powers, conferred by this resolution), to reserve 5% of the Paid-up Equity Share Capital (or 17,18,800 options convertible into 17,18,800 shares), of the Company, to offer and issue at any time to or to the benefit of such person(s) who are in permanent employment of the Company, including any Director of the Company, whether whole time or otherwise, equity shares of the Company, of a face value of Rs. 5 each fully paid-up on payment of the requisite exercise price to the Company, under Gokaldas Exports Limited – Employee Stock Option Scheme 2010 hereinafter referred as "GEL – ESOS 2010" or any other Employee Stock Option Scheme(s), in one or more tranches, and on such terms and conditions as may be fixed or determined by the Board in accordance with the provisions of the law or guidelines issued by the relevant authorities.

RESOLVED FURTHER THAT the Board be and is hereby authorized to issue and allot Equity shares to the employees upon exercise of options from time to time in accordance with the employee stock option scheme and such Equity shares shall rank pari passu in all respects with the then existing Equity Shares of the Company.

RESOLVED FURTHER THAT in case of any corporate action (s) such as rights issues, bonus issues, merger and sale of division and others, if any additional equity shares are issued by the Company to the Option Grantees for the purpose of making a fair and reasonable adjustment to the options granted earlier, the above ceiling of 5 % of the Paid-up Equity Share Capital (or 17,18,800 options convertible into 17,18,800 shares) shall be deemed to be increased to the extent of such additional equity shares issued.

RESOLVED FURTHER THAT in case the equity shares of the Company are either sub-divided or consolidated, then the number of shares to be allotted and the price of acquisition payable by the option grantees under the schemes shall automatically stand augmented or reduced, as the case may be, in the same proportion as the present face value of Rs. 5 per equity share bears to the revised face value of the equity shares of the Company after such sub-division or consolidation, without affecting any other rights or obligations of the said allottees.

RESOLVED FURTHER THAT the Board (including the Compensation Committee) be and is hereby authorized to take necessary steps for listing of the securities allotted under the GEL - ESOS 2010 or any other Stock Option Scheme (s) on the Stock Exchanges, where the securities of the Company are listed as per the provisions of the Listing Agreement with the concerned Stock Exchanges and other applicable guidelines, rules and regulations.

RESOLVED FURTHER THAT the maximum number of stock options that can be granted under the said GEL - ESOS 2010, to non-executive directors, including independent directors, in any financial year and in aggregate shall not exceed 1% of the Paid-up Equity Share Capital which shall be within the overall limit of 5 % of the Paid-up Equity Share Capital (or 17,18,800 options convertible into 17,18,800 shares) of the Company.

RESOLVED FURTHER THAT the Board be and is hereby authorized to make modifications, changes, variations, alterations or revisions in the said schemes as it may deem fit, from time to time in its sole and absolute discretion in conformity with the provisions of the Companies Act, 1956, the Memorandum and Articles of Association of the Company, SEBI Guidelines and any other applicable laws.”

8. To consider and if thought fit, to pass with or without modification(s), the following resolution as a ***Special Resolution***:

In respect of Item No.7 & 8

The objective of the GEL-ESOS 2010 is to align the employees to corporate goals and motivate them to contribute to the growth and profitability of the Company (including subsidiary companies). The Company views employee stock options as instrument that would enable the Employees to share the value they create for the Company in the years to come. The Company also intends to use this Scheme to attract and retain talent in the organization.

The main features of the employee stock option schemes are as under:

1. Total number of options to be granted:

Options up to 5 % of the Paid-up Equity Share Capital (or 17,18,800 options convertible into 17,18,800 shares) of the Company would be available for being granted to eligible employees of the Company and its subsidiaries under GEL-ESOS 2010. Each option when exercised would be converted into one Equity share of Rs. 5 each fully paid-up.

Vested options lapsed due to non-exercise and/or unvested options that get cancelled due to resignation of the employees or otherwise, would be available for being re-granted at a future date. The Board is authorized to re-grant such lapsed / cancelled options as per the GEL- ESOS 2010.

SEBI guidelines require that in case of any corporate action (s) such as rights issues, bonus issues, merger and sale of division and others, a fair and reasonable adjustment needs to be made to the options granted. Accordingly, if any additional equity shares are issued by the Company to the Option Grantees for making such fair and reasonable adjustment, the ceiling of 5 % of the Paid-up Equity Share Capital (or 17,18,800 options convertible into 17,18,800 shares) as stated above from time to time shall be deemed to be increased to the extent of such additional equity shares issued.

2. Identification of classes of employees entitled to participate in the Employee Stock Option Scheme(s):

All permanent employees of the company, including any subsidiaries companies in India, including the Directors but excluding the promoters of the Company, as may be decided by the Board from time to time, would be entitled to be granted stock options under GEL- ESOS 2010.

3. Transferability of employee stock options

The stock options granted to an employee will not be transferable to any person and shall not be pledged, hypothecated, mortgaged or otherwise alienated in any manner. However, in the event of the death of an employee stock option holder while in employment, the right to exercise all the options granted to him till such date shall be transferred to his legal heirs or nominees.

4. Requirements of vesting and period of vesting:

The Options granted shall vest so long as the employee continues to be in the employment of the Company. The Board may, at its discretion, lay down certain performance metrics on the achievement of which the granted options would vest, the detailed terms and conditions relating to such performance-based vesting, and the proportion in which options granted would vest (subject to the minimum and maximum vesting period as specified below).

Options granted under GEL- ESOS 2010 would vest not less than one year and not more than seven years from the date of grant of such options. The exact proportion in which and the exact period over which the options would vest would be determined by the Board, subject to the minimum vesting period of one year from the date of grant of options.

5. Exercise Price:

The exercise price shall be the Market Price of the equity shares of the company discounted, if required, by such percentage not exceeding 20% to be determined by the Compensation Committee in the best interest of the various stakeholders in the prevailing market conditions.

Market Price for the purposes of the above clause shall be the closing market price one day prior to the date when the Compensation Committee finalizes the number of options to be granted, on a stock exchange where highest trading volume is registered.

6. Exercise Period and the process of Exercise:

The Exercise period would be a maximum of 7 years from the date of vesting of options. The shares arising out of exercise of vested options would not be subject to any lock-in period after such exercise.

The options will be exercisable by the Employees by a written application to the Company to exercise the options in such manner, and on execution of such documents, as may be prescribed by the Compensation Committee from time to time. The options will lapse if not exercised within the specified exercise period.

7. Appraisal Process for determining the eligibility of the employees to ESOS:

The appraisal process for determining the eligibility of the employee will be specified by the Compensation Committee, and will be based on criteria such as role / designation of the employee, length of service with the Company, past performance record, future potential of the employee and/or such other criteria that may be determined by the Compensation Committee at its sole discretion.

8. Maximum number of options to be issued per employee and in aggregate:

The number of options that may be granted to any specific employee under the Scheme shall not exceed 1% of the issued capital (excluding outstanding warrants and conversions) of the Company at the time of grant of options.

9. Disclosure and Accounting Policies:

The Company shall comply with the disclosure and the accounting policies prescribed as per SEBI Guidelines.

10. Method of option valuation

To calculate the employee compensation cost, the Company shall use the Intrinsic Value Method for valuation of the options granted.

The difference between the employee compensation cost computed using the Intrinsic Value method and the cost that shall have been recognized if it had used the Fair Value of the options, shall be disclosed in the Directors' Report and also the impact of this difference on profits and on EPS of the Company shall also be disclosed in the Directors' Report.

As the employee stock option scheme provides for issue of shares to be offered to persons other than existing shareholders of the company, consent of the members is being sought pursuant to Section 81(1A) and all other applicable provisions, if any, of the Act and as per clause 6 of the SEBI Guidelines.

None of the Directors of the Company are in any way, concerned or interested in the resolution, except to the extent of the securities that may be offered to them under the scheme.

CHAIRMAN'S STATEMENT

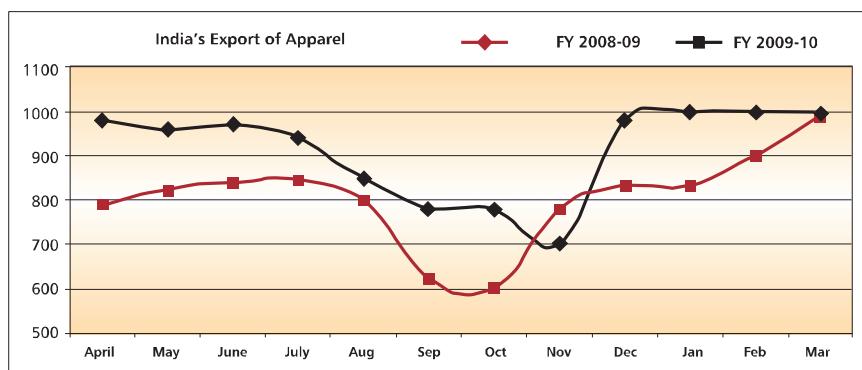

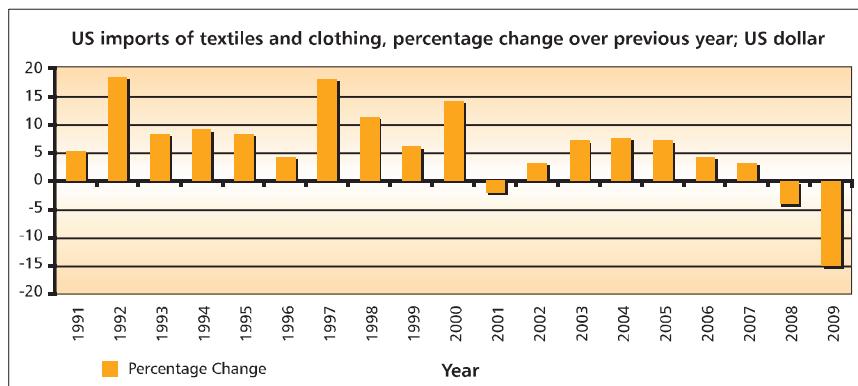

Shri Madanlal J. Hinduja
Chairman

In 2009-10, U.S. textile and clothing markets experienced their worst fall in over 20 years. The year, in fact, witnessed an upheaval. Compared to 2008, the \$ value of U.S. sector imports dropped by 14% in 2009. Coming on top of the decrease of 3.4% in the

previous year, it brought the total U.S. imports in the year down from \$100 billion in 2008 to \$ 86 billion in 2009. This is also lower by \$ 4.2 billion than the low level reached in 2004.

The country's apparel exports suffered an embarrassing decline for the first

time since 2004-05. During 2009-10, apparel exports witnessed a 2.6% dip i.e, \$ 10.6 Billion in 2009-10 against \$ 10.9 Billion in 2008-09.

The global recession, economic downturn, and the resulting slow-down in the textile and clothing industry took away a major chunk of the demand in the year 2009. Thankfully, the market improved in terms of orders and thereby fuelling the business confidence for most of the major exporters.

While the global recovery is still considered very slow and in some pockets still doubtful, the full confidence is yet to be built up. Though volumes have improved, the following factors are suppressing the industry's growth.

- Higher cotton fabric prices.
- Acute pricing pressures from European and U.S. markets.
- Higher wages paid in comparison to last year.
- Volatile forex markets.

The apparel industry has been adversely affected by recessionary conditions still prevailing in the U.S. and Europe. On the one hand, selling prices are on the decrease, and on the other raw material prices are increasing. The Indian apparel export industry is struggling with this low pricing structure.

The past 4 months have witnessed a mind-boggling 50% increase in prices of basic raw materials. Just when there were signs of initial recovery, the industry has plunged into gloom because of high raw material prices and erratic supplies.

The industry hopes to be back on the growth trajectory this year, on the back of revival trends in the U.S. But the sovereign debt crisis in Euro zone may upset the growth. Europe accounts for more than half of India's apparel exports. With Bangladesh already ahead of India, there are fears that Vietnam may also overtake India.

The financial crisis never really went away. The debt mountain which has brought down some of the world's biggest banks and dragged the international financial system to the brink of disaster has simply shifted to governments. It is threatening countries

around the globe and if left unchecked, could cause a heavy damage in European economic system and also affect the economic recovery in the U.S, China and Latin America.

The impact on markets has been severe. The Euro has slumped more than 12% against the US \$.

Added to the problems of wage increase are raw material price increases. The apparel industry is reeling under the acute shortage of skilled labour. Prices in Bangalore, in terms of rentals and operational costs are increasing heavily and that leaves us with no other choice but to look into shifting our units to the smaller towns, viz. Tier-2 and Tier-3 categories.

This effort is on and to ensure regular availability of skilled hands and we are in the process of shifting some of our units into smaller towns, like Mysore, Tumkur, etc.

In the year 2009-10, we have established 2 new factories in Mysore, besides the existing old one.

During the year under review,

- a) The adverse impact of the global economic recession continued, adversely impacting the revenue and earnings of our company.
- b) Strengthening of the Rupee against the U.S. \$.
- c) Increase in raw material prices hit the profits of the company.

e) Despite implementation of all possible austerity measures, the year ended with a loss of Rs.1.93 Crores.

Recently, the long awaited announcement about the Chinese currency being made more flexible against the Dollar has been made by the Chinese government. The Indian export industry is upbeat on this announcement. Moreover Chinese wages have also been revised a few weeks ago by 25%.

Obviously, any strengthening of the Yuan will be to the advantage of Indian exporters. We are also optimistic that the strengthening of the Yuan may bring part of the Chinese apparel business to Gokaldas Exports.

The company reported turnover of Rs 1,06,874.26 lakhs (Standalone) for the year ending March 31, 2010 and loss after tax Rs 193.23 Lakhs, the reasons for the same were explained under Operations Review in details.

Operations Review

The global textile and clothing trade has undergone a sea-change in recent times. The economic recession in major importing countries last year and the gradual revival of the business optimism in the first few months of the current year have paved the way for consolidation in major producing countries like China and India and relatively new entrants like Vietnam.

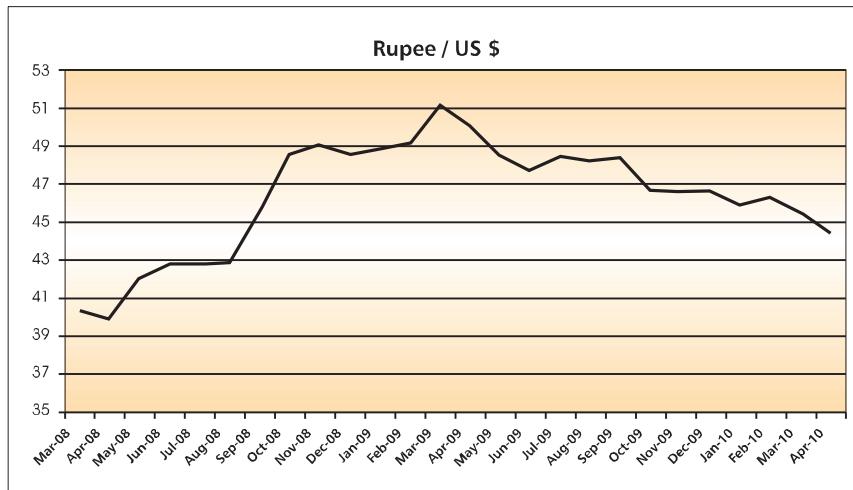

There is no doubt that a number of macro issues are ailing the apparel export industry today, like,

- a) Escalating cotton fabric prices which are more than 40% higher than a few months ago.
- b) Appreciating currency against both USD and the Euro, which have seen 4.2% and 10% hardening respectively, since January 1, 2010. See Graphs F & G.
- c) Rising wage rates.
- d) Shortage of labour as NREGA scheme takes a toll.

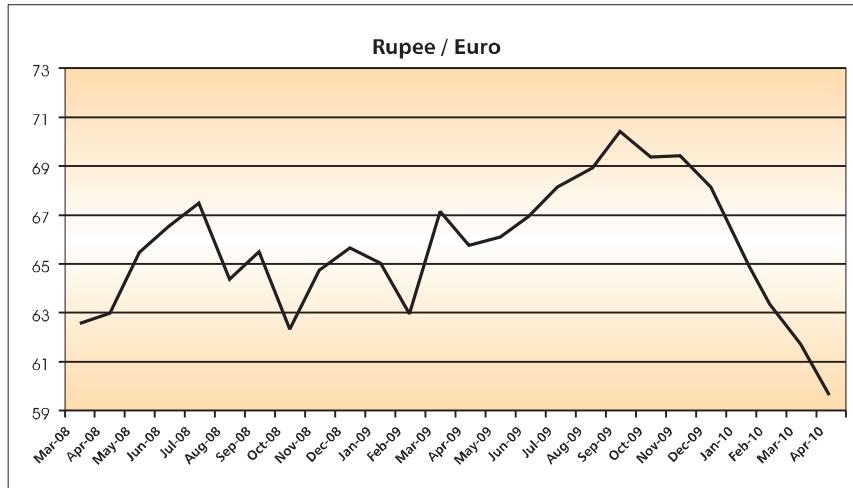

- e) Government apathy, with no relief or support directly to the industry.

Combined together, these immediate concerns have affected the competitiveness of the industry by around 25%.

Improvement are higher than ever before with significant improvements in sight.

The company is now in a cautious ramping up of resources so as to leverage from the sharp market recovery expected in the next few months. The company has adequate internal control systems as part of the Management Information System in place. Regular productivity audits are being conducted in all fronts and we feel confident that in the latter part of 2010-11 markets will take a turn for the better and the company will swing to better performance.

Fire at Yeshwanthpur Fabric Godown

In the early hours on April 16, 2010 a fire broke out in our Yeshwanthpur Fabric godown. An electric short circuit is suspected to have caused the fire. This grew into a big fire and about 70% of the godown was gutted. About 40 lakhs meters of fabric has been burnt. About 20 fire tenders were put into service & with their dedicated efforts the fire was brought under control and extinguished by 10 AM in the morning.

Ironically, at this point of time the industry is not short of business. In fact, predictions are that by October, 2010, India will run out of capacity. The challenge, of course, is meeting the price points.

Even with orders pouring in from the major export markets (the U.S. and E.U.) the Indian apparel exporters are not able to cash in on the opportunity due to the unprecedented rise in cotton prices.

Wage hike, labour shortage because of alternative opportunities elsewhere,

and skilling the unskilled are the new constraints of the garment industry.

Added to the above,

1. Recessionary trends,
2. Low prices,
3. Hardening Rupee
4. Reducing incentive.

There has been significant learning from the market upheavals of the last 2 years.

The godown was insured and the necessary insurance claim has been filed. As a consequence of this fire we lost 3 weeks of production time, as we had to wait for the supply of the fresh fabric.

Dividend

Despite the recovery trends, the profitability achieved during the year has been less than that of the previous year. Our Directors felt it appropriate to conserve the cash reserves and therefore do not recommend any dividend for this year.

Subsidiary companies

In line with the requirements of Accounting Standard AS - 21 issued by the Institute of Chartered Accountants of India, consolidated financial statements presented by the Company include the financial information of its subsidiaries.

We have examined the compliance of conditions of corporate governance by Gokaldas Exports Limited, for the year ended on March 31, 2010, as stipulated in clause 49 of the Listing Agreement of the said Company with stock exchange(s) in India.

The compliance of conditions of corporate governance is the responsibility of the management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Agreement, subject to the following observation:

- (i) *For the period April 1, 2009 to July 12, 2009, the Company did not have at least half of its Board members as independent directors. Accordingly, the Company is not in compliance with sub clause I (A) (ii) in clause 49 of Listing Agreement.*

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS

Introduction

Gokaldas Exports Limited (GEL) is the largest and one of the leading exporter of apparel in India having worldwide presence with established manufacturing, marketing and research capabilities and is a ISO 9001:2002 certified company. GEL is vertically integrated with a presence across the apparel and textile products. GEL has more than 40 factories spread across in Bangalore, Chennai, Mysore, Tumkur Hyderabad, and Madanapalle manufacturing around 2.5 million garments per month.

The principal products that GEL produces are outer wear and bottom wear. Outerwear includes both sports wear and winter wear and bottom wear include casual pants, chinos, linen trousers, denim jeans etc. The following graph shows the product mix for the year 2009-10:

Industry Structure and Developments

The Indian economy has weathered the storm unleashed by the financial crisis. However, the impact of this crisis is different on various sectors.

Industries that depend on overseas markets (exporters) have continued to be subdued whereas those that depend on domestic demand have fared well.

We, as export industry, belong to the former category and are still getting out from the hangover of last year's economic slowdown.

The after effects from last year's economic slowdown continue to weigh on the business. Global retail sales are still subdued and will take some months more to come back to old levels. Consumer spending in both U.S. and European markets is sluggish and though the recession is "officially" over in most markets, their economic growth is marginal.

Pricing pressures are dominating the markets. All the buyers have got used to cheaper prices offered during the global crisis and are unwilling to reverse this trend. Their obvious answer has been that their retail prices have not improved. In the textile and apparel industry, the order book position has improved but the prices are maintained at the same old lower levels.

Cheaper countries like Bangladesh and Vietnam have hit Indian apparel exports and have captured substantial markets in U.S. and Europe.

The Government of India has withdrawn the 2% subvention which was given to the textile and apparel sector and this also has resulted in making our prices uncompetitive.

MANAGEMENT DISCUSSION AND ANALYSIS

Market share by value of US Apparel Imports (USD M)

	CY 2006	CY 2007	CY 2008	CY 2009
Total US Imports	71,630	73,923	71,569	63,104
Growth (%)		3.2%	(3.2%)	(11.8%)
China	25.9%	30.8%	32.0%	37.2%
Vietnam	4.5%	5.9%	7.3%	8.0%
India	4.4%	4.3%	4.3%	4.5%
Bangladesh	4.1%	4.2%	4.8%	5.4%
Indonesia	5.1%	5.4%	5.6%	6.1%

Total excl. China	21.1%	23.1%	25.3%	27.0%

China is the largest player in Asia but this country is also facing a difficult situation. The critical problems are:

- (1) anticipated currency appreciation.
- (2) increase in wage cost.
- (3) social compliance.

The competitive edge that Indian apparel industry has are:

- a) large fibre base.
- b) 2nd largest cotton growing country.
- c) design and development capabilities.
- d) integrated supply chain.
- e) higher level of social compliance.

However, against the above advantages, we have the following negatives.

- a) pricing pressures, coupled with increasing yarn prices.
- b) rising wage inflation.
- c) high infrastructure cost.
- d) volatile forex currency levels, making calculations difficult.
- e) Euro has fallen 14% and Rupee has appreciated 5% against the Dollar.
- f) acute shortage of skilled labour.

Opportunities and Threats

India seems to benefit due to raw material, design skills and skilled labour advantages. India is the world's second largest producer of cotton, second largest producer of cotton yarn, third largest exporter of cotton fabric and fourth largest exporter of synthetic fabric. With the establishment of training institutions like National Institute of Fashion Technology (NIFT), many high quality designers, who are able to create modern designs and interact with the buyers, are emerging. This is a distinctive advantage that Indian companies have, and not yet exploited.

The U.S. and EU markets constitute 86% of our company's exports and the slow down in these markets have impacted our exports in a significant way. Consumers in these major markets also seem to have shifted towards cheaper products and therefore more economic sources of supply. Countries which are able to supply cheaper goods have therefore been less affected. Several of the leading manufacturing countries have taken various steps to mitigate the hardship faced by their respective garment industries.

Outlook

Buyers are trying to reduce their Chinese exposure and are moving to other Asian countries. India stands a good chance to capture some of the Chinese orders because of the above reasons. Even if India captures 3% of the Chinese business, it will result into approx. \$ 2.5 billion additional revenue. This is a ray of hope for the Indian apparel industry and expectations are that post-September, India will go back to earlier pricing levels and volume levels. We expect our company also to fare better from the second half of the Financial Year 2010-11.

MANAGEMENT DISCUSSION AND ANALYSIS

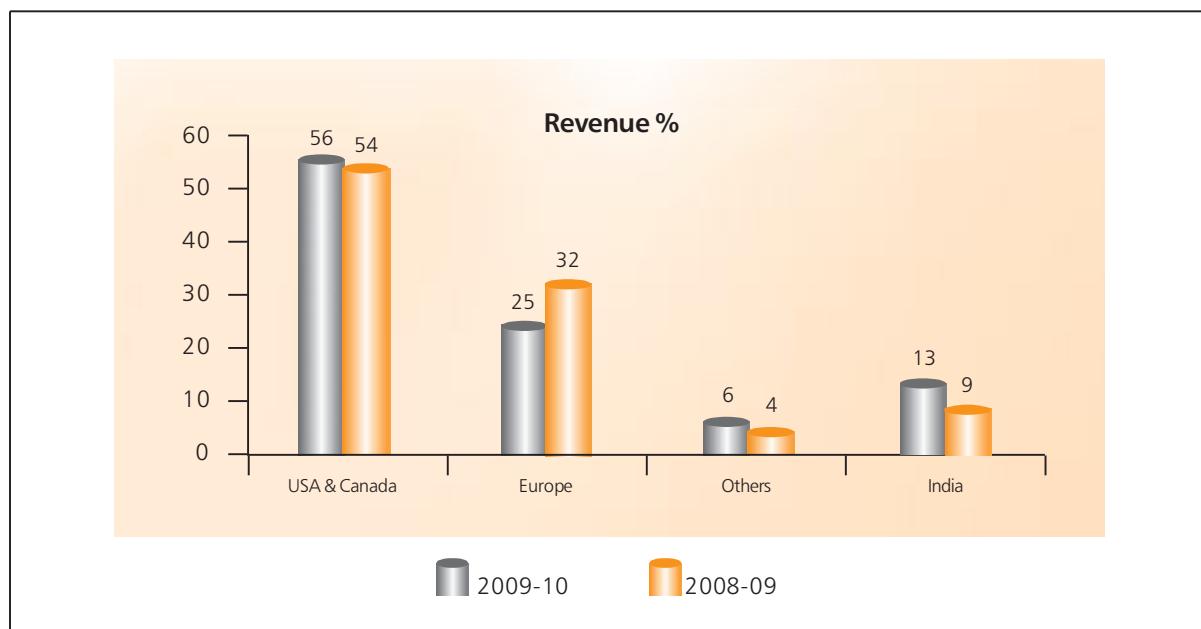

Operating Results / Financial Highlights

The financial statements have been prepared in compliance with the requirements of the Companies Act, 1956 and generally accepted accounting principles (GAAP) in India. The management accepts the responsibility for the integrity and objectivity of these financial statements and the basis for the various estimates and judgments used in preparing the financial statements.

During the year, the Company has achieved a revenue of Rs. 1,15,516.17 lakhs, out of which 82.56 % is in the form of foreign exchange. Loss before tax is at Rs. 453.23 lakhs and net loss after tax stood at Rs. 193.23 lakhs.

The low profit margin is mainly due to increase in the raw material cost.

Graphical representation of revenues from various geographical locations / countries:

Some of the key performance indications are given below:

Particulars	2009-10	(Rs. in lakhs) 2008-09
Gross Revenue	1,15,516.17	1,17,494.20
Profit Before Tax (PBT)	(453.23)	345.00
Ratio of PBT to Gross Revenue	(0.39)%	0.29%
Profit After Tax (PAT)	(193.23)	336.47
Ratio of PAT on Gross Revenue	(0.17)%	0.29%
Earnings Per Share (EPS) Rs.	(0.56)	0.98

Risks and Concerns

We are exposed to foreign currency risk. The company is an export oriented apparel manufacturer and approx. 90% of its revenue comes as foreign currency. Since the buyers compare our products with that of competitors in USD denominated rate, appreciation of Indian rupee vis-à-vis USD would weaken our competitive position and similarly, our profits would depend on the Indian rupee appreciation / depreciation.

Since the Company is Bangalore based and most of the factories/units are located in and around Bangalore If there is any localized social unrest, break down of services and utilities, it may affect the business and consequently its revenues. To minimize the locational risks, the Company set up factories / units in Chennai, Hyderabad, Mysore, Tumkur Madanapalle etc.

MANAGEMENT DISCUSSION AND ANALYSIS

The Government of India has instituted several policies to promote the growth and these include interest rate subsidies, duty/tax reimbursement schemes etc. Withdrawal/ termination of any of these policies / schemes may adversely impact the profitability of the Company. Also wage costs in India have been significantly lower than the wage costs in the developed countries for skilled professionals in the textile industry, which has been our competitive strength. Wage increase in India may prevent us from sustaining this competitive advantage and may negatively affect our profit margins.

Internal Control Systems and their adequacy

The Company is committed to maintaining an effective system of internal control to facilitate accurate, reliable and speedy compilation of financial information, safeguarding the assets and interests of the Company and ensuring compliance with all laws and regulations. The Company has an internal control department to monitor, review and update internal controls on an ongoing basis. The Company has put in place a well defined organisation structure, authority levels and internal guidelines for conducting business transactions.

The Company appointed independent internal auditors, who would monitor and review all transactions independently to get higher level of efficiency and would report directly to the Audit Committee, which consists of entirely independent directors, on quarterly basis. The Internal Auditors conducts audit on all key business areas as per the pre-drawn audit plan. All significant audit observations and follow up actions are reported to the Audit Committee along Internal Audit reports and management's responses/replies. The minutes of Audit Committee would be reviewed by the Board for its suggestions/recommendations to further improve the internal control systems.

The Audit Committee periodically reviews audit plans, observations and recommendations of the internal auditors as well as external (statutory) auditors with reference to significant risk areas and adequacy of internal controls.

Human Resources / Industrial Relations

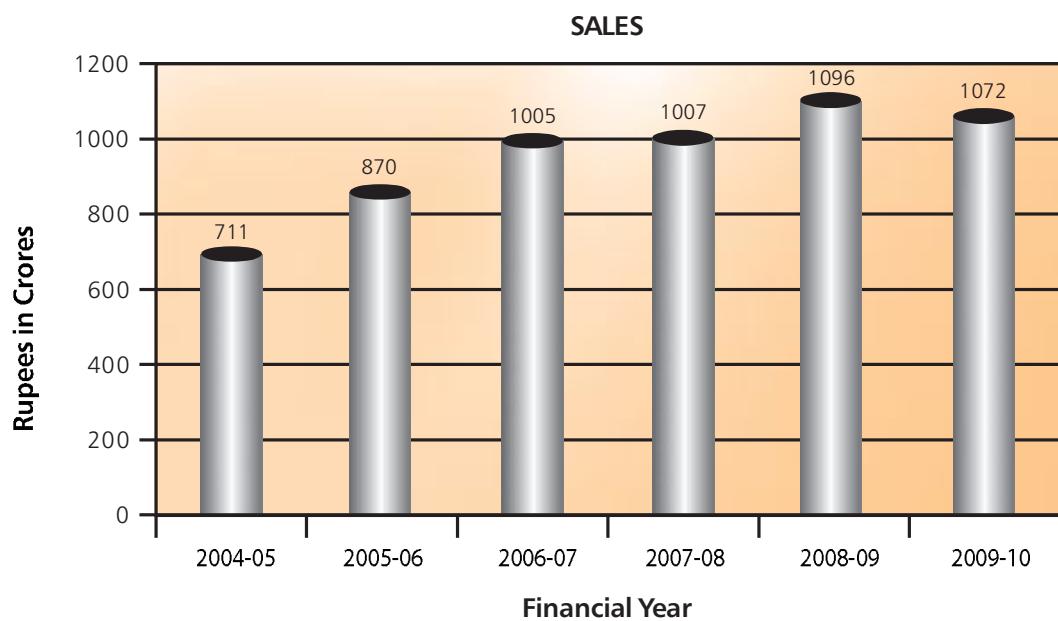

The Company believes that its people are a key differentiator, especially in knowledge driven, competitive and global business environment. Adapting work culture to suit the dynamic balancing of people requirements and employee needs is an ongoing process. Fundamental HR processes which enable higher performance orientation, speed, skill and competency development, talent management are corner stones for the success of any organization.

As in the past, the industrial relations continued to remain cordial at all factories / units of the Company. The Company has around 39000 employees as on March 31, 2010.

Caution Statement

Investors are cautioned that this discussion contains statements that involve risks and uncertainties. Words like anticipate, believe, estimate, intend, will, expect and other similar expressions are intended to identify such forward looking statements. The Company assumes no responsibility to amend, modify or revise any forward looking statements, on the basis of any subsequent developments, information or events. Besides, the Company cannot guarantee that these assumptions and expectations are accurate or will be realized and actual results, performance or achievements could thus differ materially from those projected in any such forward looking statements.

FINANCIAL HIGHLIGHTS

FINANCIAL STATEMENTS

For the year ended March 31, 2010

GOKALDAS EXPORTS LIMITED

AUDITORS' REPORT

To,

The members of Gokaldas Exports Limited

1. We have audited the attached Balance Sheet of Gokaldas Exports Limited ('the Company') as at March 31, 2010 and also the profit and loss account and the cash flow statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required by the Companies (Auditor's Report) Order, 2003 (as amended) issued by the Central Government of India in terms of sub-section (4A) of Section 227 of the Companies Act, 1956, we enclose in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said Order.
4. Further to our comments in the Annexure referred to above, we report that:
 - i. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - ii. In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - iii. The balance sheet, profit and loss account and cash flow statement dealt with by this report are in agreement with the books of account;
 - iv. In our opinion, the balance sheet, profit and loss account and cash flow statement dealt with by this report comply with the accounting standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956.
 - v. On the basis of the written representations received from the directors, as on March 31, 2010, and taken on record by the Board of Directors, we report that none of the directors is disqualified as on March 31, 2010 from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956.
 - vi. In our opinion and to the best of our information and according to the explanations given to us, the said accounts give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
 - a) in the case of the balance sheet, of the state of affairs of the Company as at March 31, 2010;
 - b) in the case of the profit and loss account, of the loss for the year ended on that date; and
 - c) in the case of cash flow statement, of the cash flows for the year ended on that date.

ANNEXURE TO AUDITORS' REPORT

Annexure referred to in paragraph 4 of our report of even date

Re: Gokaldas Exports Limited ('the Company')

- (i) (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - b) All fixed assets have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
 - c) There was no substantial disposal of fixed assets during the year.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year.
 - b) The procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
 - c) The Company is maintaining proper records of inventory and no material discrepancies were noticed on physical verification.
- (iii) (a) As informed, the Company has not granted any loans, secured or unsecured to companies, firms or other parties covered in the register maintained under section 301 of the Companies Act, 1956.
 - b) As informed, the Company has not taken any loans, secured or unsecured from companies, firms or other parties covered in the register maintained under section 301 of the Companies Act, 1956.
- (iv) In our opinion and according to the information and explanations given to us, having regard to the explanation that certain items purchased are of special nature for which suitable alternative sources do not exist for obtaining comparative quotations, there is adequate internal control system commensurate with the size of the Company and nature of its business, for the purchase of inventory and fixed assets and for the sale of goods and services. During the course of our audit, no major weakness has been noticed in the internal control system in respect of these areas.
- (v) (a) According to the information and explanations provided by the management, we are of the opinion that the particulars of contracts or arrangements referred to in section 301 of the Act that need to be entered into the register maintained under section 301 have been so entered.
 - b) In our opinion and according to the information and explanations given to us, the transactions made in pursuance of such contracts or arrangements exceeding value of Rupees five lakhs have been entered into during the financial year at prices which are reasonable having regard to the prevailing market prices at the relevant time.
- (vi) The Company has not accepted any deposits from the public.
- (vii) In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (viii) To the best of our knowledge and as explained, the Central Government has not prescribed maintenance of cost records under clause (d) of sub-section (1) of section 209 of the Companies Act, 1956 for the products of the Company.
- (ix) (a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, investor education and protection fund, employees' state insurance, income-tax, sales-tax, wealth-tax, service tax, customs duty, excise duty, cess and other material statutory dues applicable to it. Further, since the Central Government has till date not prescribed the amount of cess payable under section 441 A of the Companies Act, 1956, we are not in a position to comment upon the regularity or otherwise of the company in depositing the same.
 - b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, investor education and protection fund, employees' state insurance, income-tax, wealth-tax, service tax, sales-tax, customs duty, excise duty, cess and other undisputed statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

ANNEXURE TO AUDITORS' REPORT

- (c) According to the records of the Company, the dues outstanding of income-tax, sales-tax, wealth-tax, service tax, customs duty, excise duty and cess on account of any dispute, are as follows:

Name of the statute	Amount Rs (in lakhs)	Period to which the amount relates Assessment Year	Forum where dispute is pending
Income Tax Act, 1961	132.99	1995-1996	High Court Karnataka

- (x) The Company has no accumulated losses at the end of the financial year and it has not incurred cash losses in the current and immediately preceding financial year.
- (xi) Based on our audit procedures and as per the information and explanations given by the management, we are of the opinion that the Company has not defaulted in repayment of dues to a financial institution, bank or debenture holders.
- (xii) Based on our examination of documents and records, we are of the opinion that the Company has not granted loans and advances on the basis of security by way of pledge of shares, debentures and other securities.
- (xiii) In our opinion, the Company is not a chit fund or a nidhi / mutual benefit fund / society. Therefore, the provisions of clause 4(xiii) of the Companies (Auditor's Report) Order, 2003 (as amended) are not applicable to the Company.
- (xiv) In our opinion, the Company is not dealing in or trading in shares, securities, debentures and other investments. Accordingly, the provisions of clause 4(xiv) of the Companies (Auditor's Report) Order, 2003 (as amended) are not applicable to the Company.
- (xv) According to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from bank or financial institutions.
- (xvi) Based on information and explanations given to us by the management, term loans were applied for the purpose for which the loans were obtained.
- (xvii) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term investment.
- (xviii) The Company has not made any preferential allotment of shares to parties or companies covered in the register maintained under section 301 of the Companies Act, 1956.
- (xix) The Company did not have any outstanding debentures during the year.
- (xx) The Company has not raised any money through a public issue during the year.
- (xxi) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and as per the information and explanations given by the management, we report that no fraud on or by the Company has been noticed or reported during the course of our audit.

SCHEDULES ANNEXED TO AND FORMING PART OF ACCOUNTS FOR THE YEAR ENDED MARCH 31, 2010

SCHEDULE XV - NOTES TO ACCOUNTS

A. Background

Gokaldas Exports Limited ('the Company') was incorporated on March 1, 2004 by converting the erstwhile partnership firm Gokaldas India under Part IX of the Companies Act, 1956. Pursuant to the order of the Hon'ble High Court of Karnataka dated November 20, 2004, Gokaldas Exports Private Limited and The Unique Creations (Bangalore) Private Limited have been amalgamated with the Company, with April 1, 2004 being the appointed date. The Company currently operates a 100% Export Oriented Unit, a Domestic Tariff Area Unit and a Special Economic Zone Unit.

The Company is engaged in the business of design, manufacture and sale of a wide range of garments for men, women and children and caters to the needs of several leading international fashion brands and retailers. The principal source of revenue for the Company is from export of garments and related products.

B. Significant accounting policies

a) Basis of preparation of financial statements

The financial statements have been prepared to comply in all material respects in respects with the notified accounting standards under Companies (Accounting Standards) Rules, 2006 and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared under the historical cost convention on an accrual basis except in case of assets for which provision for impairment is made and revaluation is carried out. The accounting policies have been consistently applied by the Company and are consistent with those used in the previous year.

b) Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

c) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Revenue from sale of goods is recognized when significant risks and rewards of ownership of the goods are transferred to the customer.

Export incentives are recognized on accrual basis in accordance with the applicable schemes formulated, by the Government of India.

Revenues from job work contract are recognized as and when services are rendered.

Dividend income on investments is accounted when the right to receive the dividend is established.

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

Insurance / other claims are recognized on acceptance basis.

d) Hedge accounting

The Company is exposed to foreign currency fluctuations on foreign currency assets, liabilities and forecasted cash flows denominated in foreign currencies. The Company limits the effects of foreign exchange rate fluctuations by following established risk management policies including the use of forward cover derivatives. The Company enters into derivative contract for sale of US dollars and Euros, where the counterparty is a bank.

The Company has adopted principles of hedge accounting as set out in Accounting Standard (AS) 30, "Financial Instruments: Recognition and Measurement", to the extent that the adoption does not conflict with existing accounting standards and other authoritative pronouncements of Company Law and other regulatory requirements.

Based on the recognition and measurement principles of hedge accounting set out in AS 30, changes in the fair values of derivative financial instruments designated as cash flow hedges are recognized directly in reserves/ equity and are reclassified to the profit and loss account upon the occurrence of the hedged

SCHEDULES ANNEXED TO AND FORMING PART OF ACCOUNTS FOR THE YEAR ENDED MARCH 31, 2010

transaction. Changes in fair value relating to derivatives not designated as hedges are recognized in the profit and loss account.

e) Fixed assets and depreciation/ amortization (tangible and intangible)

Fixed assets are stated at cost of acquisition/construction less accumulated depreciation and impairment losses if any, net of grants received, where applicable and subsequent improvements thereto including taxes, duties, freight and other incidental expenses related to acquisition/construction.

Depreciation is provided using the written down value method as per the useful lives of the assets estimated by the management, or at the rates prescribed under Schedule XIV of the Companies Act, 1956 whichever is higher.

	Rate of depreciation (WDV)
Buildings	10%
Plant & Machinery	13.91%
Electrical Equipments	13.91%
Office Equipments	13.91%
Furniture & Fixtures	18.10%
Computers (including software)	40%
Vehicles	25.89%

Assets individually costing Rs. 5,000 or less are fully depreciated in the year of addition.

Leasehold improvements are depreciated over the primary lease period or useful life, whichever is lower.

Process improvement costs capitalized as intangible assets are amortized over three years.

f) Borrowing Costs

Borrowing costs attributable to acquisition and construction of qualifying assets are capitalized as a part of the cost of such asset. Other borrowing costs are charged to Profit and Loss Account.

g) Impairment of assets

At each Balance Sheet date, the Company assesses whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount. If the carrying amount of the asset exceeds its recoverable amount, an impairment loss is recognized in the Profit and Loss Account to the extent the carrying amount exceeds the recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.

h) Inventories

Raw materials, packing materials, stores, spares and consumables are valued at lower of cost and net realizable value. Cost is determined on a weighted average basis. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

Finished goods and work in progress are valued at lower of cost and net realisable value after considering provision for obsolescence and other anticipated loss, wherever considered necessary. Finished goods and work in progress includes cost of conversion and other production overheads. Cost is determined on a weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

i) Foreign currency transactions

(i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

SCHEDULES ANNEXED TO AND FORMING PART OF ACCOUNTS FOR THE YEAR ENDED MARCH 31, 2010

(ii) Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

(iii) Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting monetary items of company at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise.

j) Government Grants

Grants and subsidies from the government are recognized when there is reasonable assurance that the grant/subsidy will be received and all attaching conditions will be complied with.

When the grant or subsidy relates to an expense item, it is netted off with the relevant expense. Where the grant or subsidy relates to an asset, its value is deducted in arriving at the carrying amount of the related asset.

k) Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

l) Retirement and Other Employee Benefits

Defined Contribution Plans:

Contributions to Provident Fund are made at pre-determined rates and charged to the Profit & Loss Account. The company's liability is limited to the extent of contributions made.

Defined Benefit Plans:

Gratuity liability is accrued in the books based on actuarial valuation on projected unit credit method as at Balance Sheet date. Actuarial gains or losses are recognized immediately in the Profit and Loss Account.

Other Employee Benefits:

Compensated absences are provided for, on the basis of an actuarial valuation on projected unit credit method at the end of each financial year. Actuarial loss / gain are immediately taken to profit and loss account and are not deferred.

m) Taxation

Tax expense comprises current, deferred and fringe benefit tax. Current income tax and fringe benefit tax are measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the company has unabsorbed depreciation or carry forward tax losses, deferred tax asset is recognised only to the extent that it has timing differences the reversal of which will result in sufficient income or there is other convincing evidence that sufficient taxable income will be available against which such deferred tax assets can be realised.

At each balance sheet date the Company re-assesses unrecognised deferred tax assets. It recognises deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realised.

SCHEDULES ANNEXED TO AND FORMING PART OF ACCOUNTS FOR THE YEAR ENDED MARCH 31, 2010

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The company writes down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised.

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the Minimum Alternative tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the profit and loss account and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

n) Accounting for leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss account on a straight-line basis over the lease term.

o) Provisions

A provision is recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

p) Segment Reporting Policies

Identification of segments:

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

Basis of allocation:

Assets, liabilities, income and expenditure are allocated to each segment according to the relative contribution of each segment to the total amount. Unallocated items include general corporate items which are not allocated to any segment.

Segment Policies:

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the company as a whole.

q) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue; bonus element in a rights issue to existing shareholders; share split; and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

r) Cash and Cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

CONSOLIDATED FINANCIAL STATEMENTS

For the year ended March 31, 2010

GOKALDAS EXPORTS LIMITED

AUDITORS' REPORT

To,

The Board of Directors of Gokaldas Exports Limited

1. We, Girish Murthy and Kumar and S.R. Batliboi and Co., have audited the attached consolidated Balance Sheet of Gokaldas Exports Limited ('the Company') and its subsidiaries (collectively called 'Gokaldas Group'), as at March 31, 2010, and also the consolidated Profit and Loss Account for the year ended March 31, 2010 and the consolidated Cash Flow statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management and have been prepared by the management on the basis of separate financial statements and other financial information regarding components. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. We did not jointly audit the financial statements of certain subsidiaries, whose financial statements reflect total assets of Rs. 388,161,713 as at March 31, 2010; total revenues of Rs. 765,507,987; total expenditure of Rs. 768,435,248 and cash inflows, net amounting to Rs. 8,593,330 for the year then ended. These financial statements and other financial information have been audited solely by Girish Murthy and Kumar on which, S.R. Batliboi and Co. has placed reliance for the purpose of this report.
4. We did not audit the financial statements of certain subsidiaries, whose financial statements reflect total assets of Rs. 428,321,576 as at March 31, 2010; total revenues of Rs. 1,773,643,472; total expenditure of Rs. 1,764,210,546 and cash inflows, net amounting to Rs. 27,055,295 for the year then ended. These financial statements and other financial information have been audited by other auditors whose reports have been furnished to us, and our opinion is based solely on the reports of the other auditors.
5. We report that the consolidated financial statements have been prepared by the Company's management in accordance with the requirements of Accounting Standards (AS) 21, Consolidated Financial Statements issued by the Institute of Chartered Accountants of India.
6. Based on our audit and on consideration of reports of other auditors on separate financial statements and on other financial information of the subsidiaries, and to the best of our information and according to the explanations given to us, we are of the opinion that the attached consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:
 - a) in the case of the Consolidated Balance Sheet, of the state of affairs of the Gokaldas Group as at March 31, 2010;
 - b) in the case of the Consolidated Profit and Loss Account, of the loss for the year ended on that date; and
 - c) in the case of the Consolidated Cash Flow Statement, of the cash flows for the year ended on that date.

NOTES TO ACCOUNTS

SCHEDULES ANNEXED TO AND FORMING PART OF CONSOLIDATED ACCOUNTS FOR THE YEAR ENDED MARCH 31, 2010

SCHEDULE XV - NOTES TO ACCOUNTS

A. Background

Gokaldas Exports Limited ('the Company' or 'Gokaldas') and its subsidiaries (hereinafter collectively referred to as "the Group") is engaged in the business of design, manufacture and sale of a wide range of garments for men, women and children and caters to the needs of several leading international fashion brands and retailers. The principal source of revenue for the Group is from export of garments and related products.

B. Significant accounting policies

a) Basis of presentation and consolidation

The accompanying consolidated financial statements include the accounts of Gokaldas and its subsidiaries as follows:

Name of the Subsidiary	% Holding	Country of Incorporation
All Colour Garments Private Limited	100%	India
Deejay Trading Private Limited	100%	India
Glamourwear Apparels Private Limited	100%	India
Madhin Trading Private Limited	100%	India
Magenta Trading Private Limited	100%	India
Rafter Trading Private Limited	100%	India
Rajdin Apparels Private Limited	100%	India
Reflexion Trading Private Limited	100%	India
Rishikesh Apparels Private Limited	100%	India
Robot Systems Private Limited	100%	India
Seven Hills Clothing Private Limited	100%	India
SNS Clothing Private Limited	100%	India
Vignesh Apparels Private Limited	100%	India

The consolidated financial statements have been prepared to comply in all material respects in respects with the notified accounting standards under Companies (Accounting Standards) Rules, 2006 and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared under the historical cost convention on an accrual basis except in case of assets for which provision for impairment is made and revaluation is carried out. The accounting policies have been consistently applied by the Group and are consistent with those used in the previous year.

The consolidated financial statements have been prepared based on a line-by-line consolidation of balance sheet, statement of profit and loss and cash flows of Gokaldas and its subsidiaries. All material inter-company transactions and balances between the entities included in the consolidated financial statements have been eliminated.

The excess of the cost to the Company of its investments in subsidiaries over its proportionate share in equity of the investee company as at the date of acquisition, is recognised in the financial statements as Goodwill. In case the cost of investment in subsidiary companies is less than the proportionate share in equity of the investee company as on the date of investment, the difference is treated as capital reserve and shown under Reserves and Surplus.

b) Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

c) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured.

NOTES TO ACCOUNTS

Revenue from sale of goods is recognized when significant risks and rewards of ownership of the goods are transferred to the customer.

Export incentives are recognized on accrual basis in accordance with the applicable schemes formulated, by the Government of India.

Revenues from job work contract are recognized as and when services are rendered.

Dividend income on investments is accounted when the right to receive the dividend is established.

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

Insurance / other claims are recognized on acceptance basis.

d) Hedge accounting

The Group is exposed to foreign currency fluctuations on foreign currency assets, liabilities and forecasted cash flows denominated in foreign currencies. The Group limits the effects of foreign exchange rate fluctuations by following established risk management policies including the use of forward cover derivatives. The Group enters into derivative contract for sale of US dollars and Euros, where the counterparty is a bank.

The Group has adopted principles of hedge accounting as set out in Accounting Standard (AS) 30, "Financial Instruments: Recognition and Measurement", to the extent that the adoption does not conflict with existing accounting standards and other authoritative pronouncements of Company Law and other regulatory requirements.

Based on the recognition and measurement principles of hedge accounting set out in AS 30, changes in the fair values of derivative financial instruments designated as cash flow hedges are recognized directly in reserves/equity and are reclassified to the profit and loss account upon the occurrence of the hedged transaction. Changes in fair value relating to derivatives not designated as hedges are recognized in the Profit and Loss Account.

e) Fixed assets and depreciation/ amortization (tangible and intangible)

Fixed assets are stated at cost of acquisition/construction less accumulated depreciation and impairment losses if any, net of grants received, where applicable and subsequent improvements thereto including taxes, duties, freight and other incidental expenses related to acquisition/construction.

Depreciation is provided using the written down value method as per the useful lives of the assets estimated by the management, or at the rates prescribed under Schedule XIV of the Companies Act, 1956 whichever is higher.

	Rate of depreciation (WDV)
Buildings	10%
Plant & Machinery	13.91%
Electrical Equipments	13.91%
Office Equipments	13.91%
Furniture & Fixtures	18.10%
Computers	40%
Vehicles	25.89%

Assets individually costing Rs. 5,000 or less are fully depreciated in the year of addition.

Leasehold improvements are depreciated over the primary lease period or useful life, whichever is lower.

Process improvement costs capitalized as intangible assets are amortized over three years.

f) Borrowing Costs

Borrowing costs attributable to acquisition and construction of qualifying assets are capitalized as a part of the cost of such asset. Other borrowing costs are charged to Profit and Loss Account.

g) Impairment of assets

At each Balance Sheet date, the Group assesses whether there is any indication that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount. If the carrying amount of the asset exceeds its recoverable amount, an impairment loss is recognized in the Profit and Loss Account to the extent the carrying amount exceeds the recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.

NOTES TO ACCOUNTS

h) Inventories

Raw materials, packing materials, stores, spares and consumables are valued at lower of cost and net realizable value. Cost is determined on a weighted average basis. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

Finished goods and work in progress are valued at lower of cost and net realisable value after considering provision for obsolescence and other anticipated loss, wherever considered necessary. Finished goods and work in progress includes cost of conversion and other production overheads. Cost is determined on a weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

i) Foreign currency transactions

(i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

(iii) Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting monetary items of Group at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise.

j) Government Grants

Grants and subsidies from the government are recognized when there is reasonable assurance that the grant/subsidy will be received and all attaching conditions will be complied with.

When the grant or subsidy relates to an expense item, it is netted off with the relevant expense. Where the grant or subsidy relates to an asset, its value is deducted in arriving at the carrying amount of the related asset.

k) Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

l) Retirement and Other Employee Benefits

Defined Contribution Plans:

Contributions to Provident Fund are made at pre-determined rates and charged to the Profit & Loss Account. The Group's liability is limited to the extent of contributions made.

Defined Benefit Plans:

Gratuity liability is accrued in the books based on actuarial valuation on projected unit credit method as at Balance Sheet date. Actuarial gains or losses are recognized immediately in the Profit and Loss Account.

Other Employee Benefits:

Compensated absences are provided for, on the basis of an actuarial valuation on projected unit credit method at the end of each financial year. Actuarial loss / gain are immediately taken to Profit and Loss Account and are not deferred.

NOTES TO ACCOUNTS

m) Taxation

Tax expense comprises current, deferred and fringe benefit tax. Current income tax and fringe benefit tax are measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Group has unabsorbed depreciation or carry forward tax losses, deferred tax asset is recognised only to the extent that it has timing differences the reversal of which will result in sufficient income or there is other convincing evidence that sufficient taxable income will be available against which such deferred tax assets can be realised.

At each balance sheet date the Group re-assesses unrecognised deferred tax assets. It recognises deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Group writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised.

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the Group will pay normal income tax during the specified period. In the year in which the Minimum Alternative tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Profit and Loss Account and shown as MAT Credit Entitlement. The Group reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Group will pay normal Income Tax during the specified period.

n) Accounting for leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss Account on a straight-line basis over the lease term.

o) Provisions

A provision is recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

p) Segment Reporting Policies

Identification of segments:

The Group's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Group operate.

Basis of allocation:

Assets, liabilities, income and expenditure are allocated to each segment according to the relative contribution of each segment to the total amount. Unallocated items include general corporate items which are not allocated to any segment.

Segment Policies:

The Group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Group as a whole.

NOTES TO ACCOUNTS

q) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue; bonus element in a rights issue to existing shareholders; share split; and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

r) Cash and Cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.
