Chairman's message

We have implemented adequate fire safety procedures, emergency response systems and trained employees to deal with such accidents, to ensure complete compliance to fire safety norms.”

Dear Shareholders,

The fiscal 2019-20 witnessed significant challenges as the global as well as the Indian economy continued to be affected by several macroeconomic factors. Amidst a challenging environment, your company continues to grow, backed by a robust business model and its strategic ability to navigate through troubled times. To retain our competitive advantage and consistently deliver value to all our stakeholders, we continue to focus on investments for research and development, technological enhancement and quality improvement to sustain profit margins and increase operational efficiency.

Rising trade barriers, increasing geopolitical tensions and the trade war between U.S. and China had a significant impact on global economic growth. Along with this, a sharp deterioration in manufacturing activity and global trade, higher tariffs and prolonged uncertainties around trade policies slowed investment and dampened demand for capital goods. Growth also plummeted due to country-specific factors in several emerging market economies and on account of structural forces such as low productivity and aging demographics in advanced economies.

Its effects trickled down to the Indian economy as well. Various domestic factors like declining consumer demand, slowdown in the Indian manufacturing sector, turbulence in non-banking financial institutions and reduction in investments further aggravated the situation. Adding fuel to the fire, towards the end of March 2020, the COVID-19 pandemic

unleashed unforeseen troubles. It further escalated the challenges for the global as well as the Indian economy, as it took a heavy toll of human lives, stopped businesses and resulted in massive jobs losses and pay cuts around the world. The Indian government imposed a nationwide lockdown and industries across sectors suffered heavy losses due to prolonged periods of inactivity.

To revive growth, favourable fiscal policies were introduced by the government and a stimulus package worth Rs. 20 lakh crores was announced recently. With policy support from the government and gradual resumption of business, the Indian economy is expected to bounce back stronger with a projected GDP growth of 6% in 2021.

Industry Overview

The textile industry plays a crucial role in the Indian economy, contributing approximately 5% to India's GDP and comprises 13% of the country's total exports. In the global textile and apparel sector, India ranks 2nd in terms of export.

However, the textile industry was severely hit by the end of FY 2019-20 due to the COVID-19 pandemic. Factories had to close temporarily due to the countrywide lockdowns and it led to massive lay-offs. Exports suffered a heavy blow as borders were shut and supply and production came to a halt. In the domestic market, demand for textile declined further during the crisis as people focused more on essential products and services.

With favourable policy support from the government, the industry

is expected to bounce back in the near future. Rising income levels, increased penetration of organised retail, favourable demographics and abundant raw material supply are some of the major factors that are likely to initiate growth in the textile sector. Moreover, the government has announced export promotion policies for the textiles sector and has also allowed 100% FDI, opening up new avenues of growth for the Indian textile industry.

A slowdown in the Chinese economy has rendered the cost of textile production in China high, and local textile manufacturers are therefore, losing the advantage of lower production cost. This has provided multiple opportunities for the Indian textile industry to make a mark in global markets, especially in the European Union and the United States. As Indian companies continue to leverage their advantages to capitalize on emerging prospects, the textile industry is looking forward to witness robust growth in the coming years.

Performance Review

Nandan Denim's unrefuted strengths and sustained market leadership allows us to consistently deliver strong financial performances, even amidst challenging circumstances, proving our determination to grow and succeed despite hurdles. During FY 2019-20, your company registered a revenue growth of Rs. 1,524.26 crores, as compared to Rs. 1456.04 crores in the previous year. Increasing expenses, especially with regards to higher cost of materials affected our PAT in the year under review.

During the year, a massive fire broke out at our manufacturing unit in Piplej.

The unfortunate incident resulted in substantial damage and to prevent such instances in future, we have considerably shored up our security standards. We have implemented adequate fire safety procedures, emergency response systems and trained employees to deal with such accidents, to ensure complete compliance to fire safety norms.

Looking ahead

As we move forward, we acknowledge the challenges on our way and realize the need to be resilient to sustainably grow our business in the post pandemic era. In order to emerge stronger, we are evolving to adapt to the 'new normal'. We are also developing strategies to optimize resources and improve our operational efficiency, focusing on higher investments in R&D to constantly offer innovative products that fulfil the demands of a dynamic business.

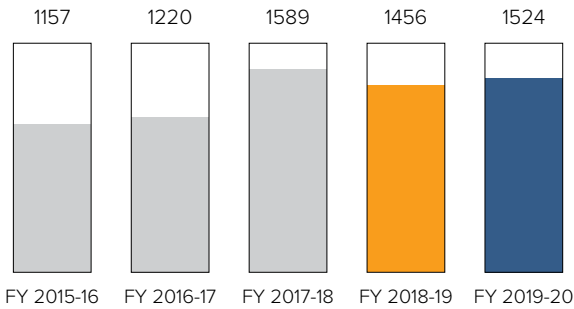

In conclusion, I would like to express my gratitude towards the Board, the Management and all our employees for their invaluable contribution to the success of Nandan Denim Limited. I am also sincerely thankful to all our shareholders for their continued support and trust in our abilities as we continue to explore possibilities to grow and expand further.

Regards,

Vedprakash Chiripal

Sustainability at core Fostering Viable Change

We are proud to drive positive environmental and social change within our organization and in the world around us. We recognize that as our company grows, so do our responsibilities. We, therefore, aspire to invest in sound environmental and social initiatives to responsibly lead change.

Water Management

As a basic necessity, we believe it is our collective responsibility to preserve water resources. To ensure our ecological well-being, we strive to ensure optimum utilization of water in our facilities. At Nandan Denim, we

remain committed to prevent water wastage and have implemented water management systems that maximize its utility. We have installed an Effluent Treatment Plant (ETP) and a Reverse Osmosis (RO) Plant

to reuse and recycle water. Waste water generated in our offices and manufacturing facilities is treated in a sewage treatment plant and reused for gardening.

Energy Management

To ensure sustainability across our operations, we are dedicated to reduce our energy footprints. Efficient energy utilization has not only helped to reduce operational costs but, has also improved our identity as a carbon neutral company. Recognizing the importance of energy management, we have implemented the following steps:

- ▶ Reuse of condensate recovery as process water
- ▶ Use of LED lights
- ▶ Creation of a greenbelt with over 25,000 trees
- ▶ Implementation of IMS (combination of QMS / EMS / OSHAS) systems are underway
- ▶ Consideration for implementing solar energy

Social, Health & Safety

For us, the health and safety of our workforce along with the communities in which we operate, is a priority. We aim to foster an effective health and safety culture across the organization and aspire to achieve 'zero fatality' rates through implementation of adequate health and safety measures. We also do not tolerate the use of child labour within our facilities and maintain zero tolerance towards suppliers who fail to abide by this practice. To ensure maximum safety of our factory workers, we have provided protective clothing, helmets, goggles and other Personal Protective Equipment (PPE) to prevent injuries and untoward incidents.

Waste Management

Waste management is crucial for achieving our sustainability goals. It reduces the impact of our operations on the environment and the people around us. We continue to promote the concepts of recycle and reuse to further strengthen our waste

management efforts. The denim waste generated in our manufacturing facilities is recycled through garninget function. To help reduce waste from our operations, we emphasize on strengthening our waste management policies further.

Building a spirited team

At Nandan, we are driven by the desire to provide our people a challenging, enriching and fulfilling working environment, ideally suited to maximise their potential and realize our organizational objectives. Our diverse and inclusive work culture nurtures all-round development and allows employees to learn and grow in a dynamic workplace.

We like to call our people 'members', and invite them to decide their role in Nandan's growth story. Our members are our pride and our sustainable growth rests on an empowering work culture that encourages them to take complete ownership of their work and make a difference to the business ecosystem.

NOTES:

1. In view of the continuing COVID-19 pandemic, the Ministry of Corporate Affairs vide its Circular No. 14/2020 dated April 08, 2020, Circular No.17/2020 dated April 13, 2020 and Circular No. 20/2020 dated May 05, 2020 ("MCA Circulars") permitted holding of Annual General Meeting ("AGM" or "meeting") through VC / OAVM, without the physical presence of the members at a common venue. In compliance with the provisions of the Companies Act, 2013 ("Act"), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") and MCA Circulars, the AGM of the Company for FY 20 is being held through VC / OAVM. The detailed procedure for participation in the meeting through VC / OAVM is as per Note No. 7 of the Notice of AGM.
2. In accordance with the provisions of Section 101 of the Act read with Rule 18 of the Companies (Management and Administration) Rules, 2014 read with the said MCA Circulars, the Annual Report of the Company is being sent through email only to the members whose email address are registered with the Company/Depositories, as the case may be. Member(s) however, are entitled to receive Annual Report in physical form, free of cost, on receipt of written request for the same. Members may also note that the Annual Report for the financial year 2020 together with the Notice of 26th Annual General Meeting is also available on the website of the Company.
3. Since the AGM is being held pursuant to the MCA Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM.
4. Members attending the AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum under section 103 of the Act.
5. Members of the Company who are Institutional Investors are encouraged to attend and vote at the AGM through VC / OAVM. Corporate Members intending to authorize their representatives to participate and vote through e-voting on their behalf at the meeting are requested to send a certified copy of the Board Resolution / Authorization Letter to the Company.
6. The Members can join the AGM through VC / OAVM mode 15 minutes before and after the scheduled time of the commencement of the meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC / OAVM will be made available for 1000 Members on a first come first served basis. This will not include large Members (Members holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairperson of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
7. An Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013, in respect of business to be transacted at the Annual General Meeting (AGM), as set out in Item Nos. 3,4 and 5 above and the relevant details of the Directors seeking re-appointment under Item No. 2 above as required by Regulation 26(4) and 36(3) of the Securities & Exchange Board of India (Listing Obligations & Disclosure Requirements), Regulations, 2015 and as required under Secretarial Standards – 2 on General Meetings issued by the Institute of Company Secretaries of India is annexed hereto.
8. Members who hold shares in physical form in multiple folios, in identical names or joint holding in the same order of names, are requested to send the share certificates to the RTA, for consolidation of such multiple folios into a single folio.
9. Members are requested to intimate changes, if any, pertaining to their name, postal address, email address, telephone / mobile numbers, PAN, mandates, nominations, power of attorney, bank details such as, name of Bank and branch details, bank account number, MICR code, IFSC code, etc., to their DPs in case the shares are held by them in electronic form and to RTA in case the shares are held by them in physical form.
10. Book Closure:

The Register of Members and Share Transfer Books of the Company will remain closed from Saturday, December 26, 2020 till Thursday, December 31, 2020 (both days inclusive).
11. Pursuant to Sections 124 of the Companies Act, 2013, the amount of dividend remaining unpaid or unclaimed for a period of seven years from the date of its transfer to the Unpaid Dividend Account of the Company is required to be transferred to Investor Education and Protection Fund ("IEPF") established by the Central Government. During the year, the Company has transferred amount to the Investor Education and Protection Fund of the Central Government. The shareholders who have not claimed their dividend for the financial year 2013 and all subsequent years are requested to claim their dividend as early as possible, failing which it would be transferred to IEPF as per the (tentative) dates mentioned below and no claim shall lie against the Company for the said amount of unclaimed dividend so transferred. The details of unclaimed dividends are available on the Company's

website and Ministry of Corporate Affairs website at www.mca.gov.in.

Financial Year	Final Dividend/ Interim Dividend	Tentative Date for transfer to IEPF
2012-13	Final	04-11-2020
2013-14	Interim	12-04-2021
2013-14	Final	21-11-2021
2014-15	Interim	11-04-2022
2014-15	Final	05-12-2022
2015-16	1st Interim	19-03-2023
2015-16	2nd Interim	16-04-2023
2016-17	Final	05-11-2024
2017-18	Final	05-11-2025

Further, pursuant to the provisions of Section 124 of the Act and Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("IEPF Rules"), shares on which dividend has not been paid or claimed for seven consecutive years or more have been transferred to Demat Account of IEPF.

12. Members are requested to note that the Company's shares are under compulsory electronic trading for all investors. Members are, therefore, requested to dematerialize their shareholding to avoid inconvenience. Members whose shares are in electronic mode are requested to inform change of address and updates of bank account(s) to their respective Depository Participants. Members are encouraged to use the Electronic Clearing Services (ECS) for receiving dividends.

In accordance with the amendments to Regulation 40 of SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015 vide Cir. No. LIST/COMP/15/2018 dated July 05, 2018, effective from December 5, 2018, the Securities and Exchange Board of India (SEBI) has revised the provisions relating to transfer of listed securities and has decided that requests for affecting transfer of listed securities shall not be processed unless the securities are held in dematerialized form with a Depository [National Securities Depository Limited and Central Depository Services (India) Limited]. This measure is aimed at curbing fraud and manipulation risk in physical transfer of securities by unscrupulous entities. Transfer of securities only in demat form will improve ease, facilitate convenience and safety of transactions for investors.

Members holding shares in physical form are requested to convert their holding(s) to dematerialized form to eliminate all risks associated with physical shares.

13. Transfer of Unclaimed Dividend Accounts to the Investor Education and Protection Fund (IEPF):
- A. Pursuant to applicable provisions of the Companies Act, 2013 read with the Investor Education and

Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 (Rules), all unpaid or unclaimed dividends are required to be transferred by the Company to the IEPF established by the Central Government, after completion of 7 (seven) years. Further, according to the Rules, shares in respect of which dividend has not been paid or claimed by the shareholders for 7 (seven) consecutive years or more shall also be transferred to the demat account created by the IEPF Authority.

- B. During the financial year 2019-20, the Company has transferred amount of unclaimed dividends to IEPF and corresponding shares thereto.
- C. The shares transferred to the IEPF can be claimed by the concerned members from the IEPF Authority after complying with the procedure prescribed under the IEPF Rules.

The details of unclaimed dividends are available on the Company's website under the heading 'Unpaid Dividend'.

14. Brief Profile of Director(s) seeking re-appointment at the ensuing Annual General Meeting of the Company as per Regulation 36(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, is annexed and forms integral part of the Notice
15. As per Securities and Exchange Board of India (SEBI) norms, submission of Permanent Account Number (PAN) is compulsorily required for participating in the securities market, deletion of name of deceased shareholder or transmission/transposition of shares. Members holding shares in dematerialized mode are requested to submit the PAN details to their Depository Participant, whereas Members holding shares in physical form are requested to submit the PAN details to the Company's Registrar and Transfer Agent. As per the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (effective from December 1, 2015), for registration of transfer of shares, the transferee(s) as well as transferor(s) are required to furnish a copy of their PAN card to Company's Registrar and Share Transfer Agent.
16. In terms of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, securities of listed Company can only be transferred in dematerialized form with effect from April 1, 2019. In view of the above, members are advised to dematerialize shares held by them in physical form.
17. Members desirous of obtaining any information concerning accounts and operations of the Company are requested to address their questions in writing to the Company at least 7 days before the date of the meeting

so that the information required may be made available at the meeting. The Company has connectivity from the CDSL & NSDL and equity shares of the Company may also be held in electronic form with any DP, with whom the members/ investors are having their depository account. The ISIN for the Equity Shares of the Company is INE875G01030. Members holding shares in physical form are requested to consider converting their holding to dematerialized form to eliminate risks associated with physical shares and for ease in portfolio management. Members can contact Company's Registrar and Share Transfer Agent for assistance in this regard.

18. Documents open for inspection:

All documents referred to in the Notice along with the Statutory Registers maintained by the Company as per the Act will be available for inspection in electronic mode upto the date of AGM of the Company and will also be available electronically for inspection by the members during the AGM. Members seeking to inspect such documents can send an email to cs.ndl@chiripalgroup.com;

19. In compliance with MCA Circulars and SEBI Circular dated May 12, 2020, Notice of AGM along with the Annual Report for the financial year 2019-20 are being sent only through electronic mode to those members whose email addresses are registered with the Company / DPs. Members may note that the Notice and Annual Report will also be available on the Company's website i.e. www.nandanddenim.com, websites of Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com

respectively and on the website of Central Depository Services Limited (CDSL) at www.evotingindia.com.

Members, who have not registered their email ids so far, are requested to register their email ids with their depository for receiving all communications including Annual Report, Notices, etc. from the Company electronically by updating their information with respective depositories.

20. Members who are holding shares in identical order of names in more than one folio are requested to send to the Company the details of such folios together with the share certificates for consolidating their holdings in one folio. The share certificates will be returned to the members after making requisite changes thereon.
21. Members desirous of obtaining any information concerning accounts and operations of the Company are requested to address their questions in writing to the Company at least 7 days before the date of the meeting so that the information required may be made available at the meeting.
22. As per the provisions of Section 72 of the Act and Rule 19(1) of the Companies (Share Capital and Debentures) Rules, 2014, Members holding shares in physical form may file nomination in the prescribed form SH-13 with the Company's Registrar and Share Transfer Agent. In respect of shares held in demat form; the nomination form may be filed with the respective Depository Participant.
23. Since the AGM will be held through VC / OAVM in accordance with the MCA Circulars, the route map, proxy form and attendance slip are not attached to this Notice.

Pursuant to the Act, Mr. Sharma, was appointed as an Independent Non-Executive Director to hold office for five consecutive years for a term upto September 28, 2020, by the Members of the Company in the 21st AGM held on September 29, 2015. As per Section 149(10) of the Act, an Independent Director shall hold office for a term of upto five consecutive years on the Board of a Company, but shall be eligible for re-appointment on passing a special resolution by the Company for another term of upto five consecutive years on the Board of a Company. Based on recommendation of Nomination and Remuneration Committee and approval by the Board at their meeting held on September 5, 2020 and in terms of the provisions of Sections 149, 150, 152 read with Schedule IV and any other applicable provisions of the Act and the Listing Regulations, Mr. Sharma, being eligible for re-appointment as an Independent Director and offering himself for re-appointment, is proposed to be re-appointed as an Independent Director for another term of five consecutive years from September 29, 2020 upto September 28, 2025.

Mr. Sharma does not hold by himself or for any other person on a beneficial basis, any shares in the Company. In the opinion of the Board, Mr. Sharma fulfils the conditions specified under the Act, the Companies (Appointment and Qualification of Directors) Rules, 2014 and Regulation 16(1) (b) of the Listing Regulations for his re-appointment as an Independent Non-Executive Director of the Company and is independent of the management. Copy of the draft letter for appointment of Mr. Sharma as an Independent Non-Executive Director setting out terms and conditions would be available for inspection electronically without any fee by the members during normal business hours (9:00 am to 5:00 pm) on any working day, except Saturday, upto and including the date of AGM of the Company. The Board considers that his continued association would be of immense benefit to the Company and it is desirable to continue to avail services of Mr. Sharma as an Independent Director. Accordingly, the Board recommends Special Resolution in relation to eligibility and re-appointment of Mr. Sharma as an Independent Director for another term of five consecutive years with effect from September 29, 2020 to September 28, 2025, for the approval by the shareholders of the Company.

This explanatory statement together with the accompanying Notice of the Annual General Meeting may also be regarded as a disclosure under Regulation 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard on General Meetings (SS-2) of Institute of Company Secretaries of India.

Except Mr. Giraj Mohan Sharma, none of the Directors and Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise, in the said Special Resolution, save and except as shareholder and to the extent of their shareholding in the Company.

The Board accordingly recommends the resolution as set out in Item No. 3 of the Notice for the approval of the members.

Item No. 4:

The Board of Directors at their meeting held on September 5, 2020, on the recommendation of the Audit Committee, had approved the appointment and remuneration of M/s A.G. Tulsian & Co., Cost Accountants, Ahmedabad (Firm Registration Number: 100629) as Cost Auditor to conduct the audit of the cost accounting records maintained by the Company in respect of textiles and related products for the financial year ending March 31, 2021 at a remuneration not exceeding Rs. 3.00 lacs (Rupees Three Lakhs Only) excluding taxes and reimbursement of out of pocket expenses at actuals, if any, in connection with the audit.

M/s A. G. Tulsian & Co., Cost Accountants (Firm Registration Number: 100629) have confirmed that they hold a valid certificate of practice under sub-section (1) of Section 6 of the Cost and Works Accountants Act, 1959.

In accordance with the provisions of Section 148(3) of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014 and Companies (Cost Records and Audit) Rules, 2014 (including any statutory modification(s) and / or re-enactment(s) for the time being in force), the remuneration payable to Cost Auditor has to be ratified by the members of the Company.

Accordingly, ratification by members is sought to the remuneration payable to the Cost Auditors for conducting the audit of the cost records of the Company, if required, for the financial year ending March 31, 2021.

None of the Directors and Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise, in the said Ordinary Resolution, save and except as shareholder and to the extent of their shareholding in the Company.

The Board accordingly recommends the resolution as set out in Item No. 4 of the Notice for the approval of the members.

Item No. 5:

Section 62(1)(c) of the Companies Act, 2013, inter-alia, provides that where at any time, a Company having a share capital proposes to increase its subscribed capital by the issue of further shares, such shares shall be offered to any person, if it is authorized by a special resolution either for cash or for a consideration other than cash, if the price of such shares is determined by the valuation report of a registered valuer subject to such conditions as may be prescribed. Further, Section 62(3) of the Companies Act, 2013, provides that nothing in Section 62 shall apply to the increase of the subscribed capital of a Company caused by the exercise of an option as a term attached to the debentures issued or loan raised by the Company to convert such debentures or loans into shares in the company; provided that the terms of issue of such debentures or loan containing such an option have been approved before the issue of such debentures or the raising of loan by a special resolution passed by the company in general meeting.

In terms of the provisions of section 180(1)(a) and section 180(1)(c) of the Companies Act, 2013, the shareholders of the Company have already accorded approval to the Board of Directors of the Company to borrow money / moneys up to an amount of Rs. 2500.00 crores (Rupees Two Thousand Five Hundred Crores only) and to create charges on the Company's properties for securing the borrowing within the above limits and working capital facilities availed or to be availed by passing a special resolution at the Annual General Meeting of the Company held on 15th September, 2014. For the purposes of such Borrowings, the Company may, from time to time, be required to execute financing documents, which provides for an enabling option to the Lenders, to convert the whole or any part of such outstanding Financial Assistance (comprising loans, debentures or any other financial assistance categorized as loans), into fully paid up Equity Shares of the Company;

- (i) upon occurrence of a default in payment of Interest or repayment of any Instalment or Interest thereon or any combination thereof, subject to an appropriate notice of default and a cure period for the said default as may be agreed to; and /or
- (ii) in accordance with the rights conferred on the Lenders pursuant to any regulations of Reserve Bank of India as modified from time to time.

Such conversion, in the events as mentioned above, will be at a price in accordance with the relevant guidelines of the Securities Exchange Board of India and such other law as may be applicable.

In line with the regulatory changes in the recent past, the changes in the Companies Act and in line with the various directives issued by Reserve Bank of India, from time to time, the Company has been advised to pass special resolution under section 62(3) of the Companies Act, 2013 and other applicable provisions of the Companies Act, 2013 and Rules made thereunder to enable the banks and financial institutions lenders (hereinafter referred to as the "Lenders") to convert the Facilities together with the outstanding loans or any other financial assistance (hereinafter referred to as the "Loans"), in foreign currency or Indian Rupee, already availed from the lenders or as may be availed from the Lenders, from time to time, at their option, into equity shares of the Company upon such terms and conditions as may be deemed appropriate by the Board and at a price to be determined in accordance with the applicable laws at the time of such conversion.

Accordingly, the Board recommends the resolution as set out in Item No. 5 to enable the Lenders, in terms of the lending arrangements, entered or to be entered and as may be specified under the Financing Documents already executed or to be executed in respect of the Loans availed or to be availed, at their option, to convert the whole or part of their respective Loans into equity shares of the Company, upon such terms and conditions as may be deemed appropriate by the Board and at a price to be determined in accordance with the applicable law at the time of such conversion.

Since decision of raising the financial assistances or agreeing to terms and conditions for raising the financial assistances (including option to convert loan into equity) are required to be taken on quick basis, especially keeping in view the interest of the Company, it may not be feasible for the Company to seek shareholders consent each and every time, in view of the timings and the expenses involved, hence this resolution.

Pursuant to provisions of section 62(3) of the Companies Act, 2013, this resolution requires approval of the shareholders by way of passing of a special resolution. Hence, the Board recommended the said enabling resolution for the approval of shareholders.

None of the Directors and Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise, in the said resolution, save and except as shareholder and to the extent of their shareholding, if any, in the Company.

The Board accordingly recommends the resolution set out in Item No. 5 of the Notice for the approval of the shareholders.

Ms. Falguni Vasavada is an Independent Director of the Company. She was appointed by the Board through circular resolution on November 4, 2020. As per relevant

regulations of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, stipulating the conditions for the appointment of Independent Directors by a Listed Company, it is proposed to appoint Ms. Falguni Vasavada as Independent Director under the Companies Act and Listing Regulations to hold office for 5 (five) consecutive years for a term from November 4, 2020 to November 3, 2025. Ms. Falguni Vasavada is not disqualified from being appointed as Directors in terms of section 164 of the Act and have given her consent to act Director. The Company has also received declaration from Ms. Falguni Vasavada that she meets with the criteria of independence as prescribed both under the Companies Act and Listing Regulations. In the opinion of the Board, Ms. Falguni Vasavada fulfills the conditions for appointment as Independent Director as specified in the Act and the Listing Agreement. Ms. Falguni Vasavada is independent of the management.

This explanatory statement together with the accompanying Notice of the Annual General Meeting may also be regarded

as a disclosure under Regulation 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard on General Meetings (SS-2) of Institute of Company Secretaries of India.

None of the Directors and Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise, in the said Ordinary Resolution, save and except as shareholder and to the extent of their shareholding in the Company.

The Board accordingly recommends the resolution as set out in Item No. 6 of the Notice for the approval of the members.

MANAGEMENT DISCUSSION AND ANALYSIS

1. INDIAN ECONOMY SCENARIO

The Indian economy witnessed a decline in the growth rate, with a GDP of 4.2% in FY 2019-20. Many global factors like the trade war between the U.S. and China, affected the economy of India adversely. Certain domestic factors such as demonetisation, introduction of the new Goods and Services Tax, as well as the slowdown of manufacturing and construction industry, also contributed to the decline of the economy. Despite the headwinds faced by the country, the long term growth perspective of the Indian economy is positive due to its young population and corresponding low dependency ratio, healthy savings and investment rates, and its increasing integration with the global economy. In FY 2019, India was placed at 5th rank in terms of its nominal GDP and 3rd in terms of Purchasing Power Parity (PPP). It is considered as the fastest-growing emerging economy in the world.

In the beginning of 2020, the spread of COVID-19 began and affected economies worldwide. India was also adversely affected due to this and had to impose a lockdown in the entire country. This resulted in a further slowdown of the economy as businesses came to a standstill. The GDP declined to 3.1% in the last quarter of the FY 2019-2020, i.e., January-March, showing the impact of the first week of lockdown that began in March.

Projections made for the Indian economy for FY 2020-21 shows that the GDP will settle at 1.9%, which implies that the economy is headed towards a further decline in growth rate owing to COVID-19. The Indian government is taking measures to recuperate the economy as soon as the pandemic subsides. Government of India has allowed businesses to resume in phases, starting with the most essential services to the least required. The GOI has also introduced new policies and a stimulus package worth Rs. 20 lakh crore. The Indian economy is expected to bounce back in FY 2021-22 with a projected GDP of 7.4%. Government policies and investments will play a major role in this revival.

2. GLOBAL TEXTILE INDUSTRY

Global Textile Industry is an ever-growing market, with major contribution coming from US, China, the European Union & India. The growth is on the back of capacity expansion, growing demand and increasing consumption of natural fibres in the production of textile & apparels. China leads the textile and apparel market with exports of approx. 40% in the world¹, followed by India.

The global textile market size was valued at \$961.5 billion in 2019². The rising demand for organic Denims is picking up slowly, and manufacturers are shifting from inorganic jeans to organic jeans made from organic

cotton. Change in corporate dressing, from formal to casual wear, is also contributing to the growth in demand for denims.

2.1 Major Trends in Textile & Apparel Industry:

1. Emergence of new garmenting hubs: Increase in labour and raw material cost has brought a shift in global textile industry, forcing companies to shift their base from developed countries to developing countries like India, Ethiopia, Myanmar, Vietnam and Cambodia. These developing countries offer cheap labour and good quality raw material at lower prices.
2. Increasing importance of Industry 4.0: Textile 4.0 is a fourth industrial revolution focusing on automation of industry. This automation can be achieved by data exchange, robotics, the internet of things, cloud computing and through various other measures. This automation will result in lower operating cost with customary processes and improved quality standards.
3. Development of new trade Alliances: Trade alliances and Free Trade Agreement (FTA) are some measures by various governments to connect markets. Through this the exchange of technologies will become easier. These alliances will ultimately lead to increase in flow of FDI, improved infrastructure and more job opportunities helping economies to grow.
4. Shift towards Sustainable Fashion: With rising awareness about climate change, consumers prefer brands that adopt sustainable business practices. As a result, the textile industry has been witnessing a shift towards sustainable processes right from manufacturing of products to selling them. This shift will not only enable them to reduce their footprints on the environment but also offer sustainable fashion solutions.

About 4.4%

CAGR Growth in the Denim jeans market from CY2019-2024

44%

of the growth will originate from APAC region

2.2 Outlook:

Global textile industry is estimated to exhibit a CAGR of 4.3% from 2020 to 2027³ owing to the increased demand for apparels, especially in developing countries such as China, India, Mexico, and Bangladesh.

Asia Pacific region (APAC) will be the growth driver, which will contribute around 44% to the industry, followed by

US, the EU and Latin America⁴. China is a key market for denim jeans in APAC region, and considered to be growing faster when compared to other countries in the same region. To keep up the pace of a growing industry, it is necessary to adopt sustainable measures to cut operating costs and increase the economies of scale.

3. Indian Textile Industry:

Indian economy has a rich textile heritage with thousands of firms and skilled craftsmen associated with the industry. Around 50 million people are associated with the industry at the moment. The textile industry accounts for 5% of India's GDP and 13% of the country's export earnings⁵ till Nov-2019. The textile industry has seen moderate growth, despite slowdown in the manufacturing sector. Average IIP for apparel increased significantly, by 11% in first half of FY20 as compared to the first half of FY19, while that of textiles showed a decrease of 2% (Figure 3)⁶.

Index of Industrial Production (IIP*)

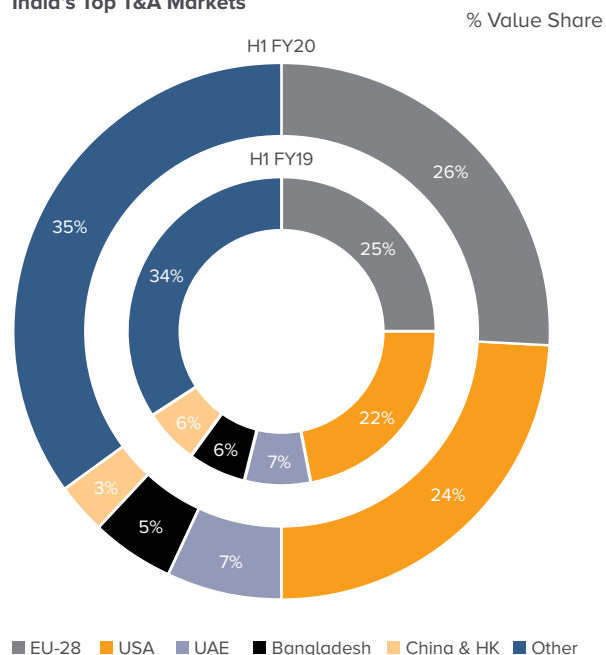

India ranks second in global export of textile and apparel sector⁷. India's exports of textile & apparel have shown a decline of 9% in first half of FY20 as compared to first half of FY19, mainly due to geopolitical tensions. EU and USA are the largest markets for India's textile

and apparels, accounting for 50% of the market share. The share of USA, in India's export of textile & apparel sector has increased by 2% in the first half of FY20 as compared to the first half of FY19, while that of China has declined by 3% (Figure 4)⁸.

4. Indian Denim industry:

Denim has always been the most versatile and favourite fabric for all age groups in India. The increasing influence of western culture on the clothing style of the youth and present work culture has made denim an important part of the wardrobe.

India's installed capacity for denim fabric manufacturing is estimated to be around 1,700 million metres with an additional 300 million metres manufacturing capacity in the pipeline (July 2019)⁹. The domestic demand for denim fabrics is estimated at 800 million metres, while the remaining 200 million metres is exported. CY 2019-20 recorded a growth at 14% in this industry. It is further projected to grow at a CAGR of 11% to reach US\$ 6.22 billion by 2023 (Figure 5)⁷.

4.1 Trends in Denim Industry:

Denim wear has dominated the garment space for a long time. With innovation & trends set by the fashion industry it is good to have a look at the product trends in the denim industry.

- Fits:** Nineties Denim is making its way in the market as a vintage trend concept, and attracting a lot of eyeballs, especially from the youth segment. A looser fit – varying from baggy, high-waisted jeans, oversized and slightly ill-fitted are making a comeback in the market. The sale of straight leg jeans is also gaining momentum and it could be the future of denims in the years to come.

- Colours:** The classic blue wash & greys are making a comeback. White is also making its mark in the denim sector as searches for white denim rose 42% since the beginning of March 2019 as per Global Fashion Search Platform, Lyst. The monochromatic trend is gaining momentum. The wide acceptance of the same has encouraged brands to continue it for the future as well

- Design:** Denim design and patterns like ruffled trims, embroidered patches, knots, cigarette hem ankle length, jeans with slits etc. are catching the youth's attention. The popularity of athleisure wear has influenced street wear in the last few years and denim has started following the same trend by incorporating side stripes, ribbons & pin-tucks etc. to lend a sporty chic feel to the pieces.

- Fashion Trends:** The one trend that has been going on for ages now is denim on denim. One can easily carry a casual look while wearing their favourite denim with a denim shirt. This trend ensures that the consumption of denim will grow at a higher rate in the coming years. In a report by Edited, the outerwear category in denim has grown 101% in the last two years. The printed and embroidered denims are appealing to the youth. Designs like slangs, flora & fauna are being used with denim jeans, jackets etc. The culottes are gaining a lot of popularity among the working population as smart casuals like denim is strongly holding up as a part of corporate wear.

- Fabric:** Denim fabric is primarily made up of cotton but in the last decade or so, the demand for stretch and soft handle denim is growing exponentially. People are looking for feel good factor in their denim, so

⁹Wazir advisors: Conference Theme Paper on Denims

comfortable and stretchable fabrics are taking centre stage. Mills continue to invest in elastic fabrications, be it stretch in the warp, bi-stretch or hyper-stretch. The use of blended fabric with Lycra, modal & tencel in denim will grow rapidly in the coming times.

4.2 Outlook:

Indian textile industry is expected to become a US \$ 300bn industry by 2025 and will create 35 million new job opportunities⁹. This growth can be achieved by converging on higher exports value added products, through modernisation of technology and implementation of sustainable business practices. Ministry of Textile is said to be formulating a new policy that will enable the textile industry to compete with global players, through fully integrated manufacturing and exporting hubs. Growing urbanization and rising per capita income will fuel the consumer spending and India will achieve the target of becoming approx. US \$300bn industry (Figure 6)¹⁰.

6. PRODUCTS

6.1 DENIMS

NDL is the largest supplier of denims in India. Its a versatile denim manufacturing company with various product lines like Core Classics, Reinvented Classics, Novelty, Structured, Knit Denim, Innovation, Light Weight Denim, Blends, Feather Touch, Stretch Tech and Prints. The company is dedicated to innovation and technology in service of creating new kinds of denim to meet current needs and desires. The net sales of denims stood at FY 20 at 828 cr. It has a XX percent share in the total revenue of the company.

6.2 SHIRTING

The company is also involved in the production of shirt fabrics. Its variations include Basics, Smart Casuals, Casuals, Textured, Indigoes, Sulphur, Fancy and Blends. High quality cotton fabric, which is manufactured in-house, is used to make these shirts. The technique of blending

multiple other types of fabrics like tencel, viscose, modal, linen etc. with cotton to create new kinds of shirts is also used to give an enriched look to the shirts. Having an in-house dyeing facility also gives NDL the advantage to have larger number of shades in products like its shirt fabrics. The net sales of shirts stood at 78 cr. in FY 20.

6.3 YARN

NDL offers high quality dyed yarn in various blend & count for hosiery & weaving segment. The yarn dyeing plant has a complete infrastructure to develop any shade in packaged yarn as per customer's requirement within 48-72 hrs. The art weaving facilities worth 10 MMPA with latest high speed looms with dobby attachments using air jets and rapier technology give an edge to the quality of yarn produced by the company. With that, it also ensures the production of the best plain, twill, dobby, oxford, chambray, fila fil, herringbone, basket weave and pin-point oxford, to name a few fabrics. The Large package size of 1200-1300 grams results in fewer cone changes on the knitting/warping/leading to higher knitting/warping/ efficiency and less wastage. The company keeps on working on these aspects of production to improve efficiency and effectiveness.

7. FINANCIAL PERFORMANCE

During the year under review, the company witnessed moderate growth in revenue from operation and decline in profitability and key ratios. This was largely on account of sluggish growth in the textile industry due to lower consumption, liquidity crisis and lower lending by financial institutions, followed by the outbreak of Covid-19 pandemic in early 2020. This also had an adverse impact on the Company's return on Net worth.

8. INNOVATION AND DESIGN

NDL offers a dynamic product basket by bridging the gap between functionality and fashion aspect of denim involving extensive research & development and product innovations. The company focuses on analysis and forecasting the next fashion trend to stay ahead of the fashion curve. Owing to these steadfast efforts of the company in terms of innovation and versatility, NDL has

multiple ranges in denims as well as shirt fabrics in terms of colors, textures, print designs and to suit classic as well as modern trends. It also invests in latest technology to compete with the global market and provide customers with the newest fashion in the industry. NDL is driven by its values to strive for excellence by everlasting innovation and diverse product collection, inspired by latest fashion perspectives.

9. PREDOMINANT QUALITY

NDL, backed with its infrastructure, technology and in-house manufacturing facilities, offers products with unbeatable quality. Special rewinding machines are used to ensure proper waxing during the production of yarn. The finished product undergoes stringent quality measures in order to achieve uniform quality structure for all the products. Before getting dispatched, each set of fabric undergoes quality check through international AATC and ASTM test methods. These methods check the tensile strength, washing speed, shrinkage, weight and movement, followed by a chemical test. Using latest technology as well as production techniques based on research ensures high quality.

10. STEPS TOWARDS SUSTAINABILITY

NDL puts continuous efforts to protect the environment and has achieved sustainability. It is proudly a zero liquid discharge company. The textile industry has high usage of water as it is used for cleaning the raw material and for many flushing steps during the whole production. The company takes the issue of water management seriously and that is why it reuses and recycles water by employing Effluent Treatment Plant (ETP) and Reverse Osmosis (RO) Plant. It also ensures treatment of wastewater with responsibility through Sewage Treatment Plant (STP) and reuses the same for gardening purposes.

NDL is a carbon neutral company as well. A major step in this was the plantation of its own greenbelt with over 25000 trees. Many other measures include usage of LEDs for department lighting, plans of implementation of solar panel systems, reuse of condensate recovery as process water etc.

Sustainable development is at the core of the company which is why NDL meets all necessary chemical compliances.

The company also manages its waste by recycling its denim. It has its own Caustic Recovery Plant (CRP) to reuse and process caustic. NDL constantly upgrades its waste management policies after closely examining its entire denim manufacturing process to further minimize any wastes that it may be generating.

11. EXPORTS

NDL is recognized globally and is a trusted supplier to over 27 countries. It has ties to major U.S. retailers.

It supplies jeans, denim and other garments to more than 20 global brands including U.S. companies such as Target, Ann Taylor, Mango and Wrangler, Walmart and H&M.

13. OUTLOOK

The Indian textile industry at large, as well as the denim industry in specific, is expected to grow further in the coming years. The global industry also has a promising future. This implies growth opportunities for Nandan Denim Limited, in the domestic as well as global market. Owing to the growth in demand of apparels, especially from developing countries, as well as rise in income, the demand for denim has significantly increased and will continue to grow. Over the last 4-5 years, denim demand has increased steadily and several Indian denim players, including NDL, have increased their capacity under the prevailing government incentive scheme. The industry has become more competitive in these terms. However, the recent outbreak of Covid-19 pandemic has significantly impacted the industry as well as the Company. The situation has caused temporary slowdown and is estimated to bounce back once the situation gets normalized. The Company's values that focus on constant evolution and product innovation will help it in maintaining its strong standing in the industry and will eventually help in growing further in the future.

MATERIAL CHANGES AND COMMITMENTS

Material changes and commitments affecting the financial position of the Company between the beginning of financial year and date of this report are given below:

Fire Accident:

A fire broke out on February 8, 2020 in Shirting Section (Part of Weaving Division) at the Piplej Unit of the Company. The fire was brought under control after joint efforts of Internal Fire Brigade Team, AMC Fire Brigade Team, and other employees of the Company.

It may be noted that Shirting section contributed ~6% to total turnover of the Company and will not impact much on overall financials of the Company. The Company is having fully integrated manufacturing facility at Piplej location i.e. Spinning, Weaving, Processing, Finishing for Denim fabric. Apart from this, Company is having Yarn dyeing facility at Piplej Unit and Spinning facility at Bareja which are operating at their full capacity. Spinning plant at Bareja consumes Cotton (Raw material) of approx. ~Rs. 75 Lac per day.

Global Pandemic (COVID-19):

The outbreak of Corona Virus (COVID-19) pandemic globally and in India is causing significant disturbance and slowdown of economic activity. Nandan Denim Limited (NDL) has been monitoring the COVID-19 outbreak since early February and had invoked its Risk Management Framework quite early to minimize the impact on its business and stakeholders. The World Health Organization (WHO) declared coronavirus a pandemic due to widespread of the outbreak. The situation arising out of this outbreak is unprecedented and dynamic. NDL has a well-defined policy in place keeping in view safety & health of employees and business commitments.

SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS

The State Government had issued closure notice to our Piplej unit owing to the fire that took place on February 8, 2020 and claimed 7 lives. Post fire incident, measures suggested by Government were implemented and factory was allowed to re-open.

Apart from above, there have been no significant and material orders passed by the Regulators or Courts or Tribunals impacting the going concern status of the Company and its operations in future.

Independent Auditors' Report

To,
The Members of
Nandan Denim Limited

Report on the Audit of the Financial Statements

Opinion

1. We have audited the financial statements of **Nandan Denim Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2020, and the Statement of Profit and Loss, the Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act, of the state of affairs of the Company as at March 31, 2020, and its Loss, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that

the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

4. Impact of COVID-19

As described in Note 43 to the Financial Statement, the extent to which the COVID-19 pandemic will impact the company's operations and financial performance is dependent on future developments, which are highly uncertain.

Impact due to fire at Piplej Plant of the Company on February 8, 2020

As described in Note 40 to the Financial Statement, there was a major fire at the factory premises of the Company on 08/02/2020, resulting in loss of Human lives and Assets of the Company. Since the assets destroyed were fully insured, the Company has recognised the loss of property, plant and equipment and inventory in the statement of Profit & Loss and has also recognised income from insurance claim separately in the Statement of Profit and Loss.

Our opinion is not modified in respect of the above matters.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole and in forming our opinion thereon and we do not provide a separate opinion on these matters.

6. Key audit matter identified in our audit is on assessment of revenue recognition as follows:

Key audit matter	How our audit addressed the key audit matter
<p>Revenue Recognition Revenue from the sale of goods is recognised upon the transfer of control of the goods to the customer, usually on delivery of goods. The Company uses a variety of shipment terms across its operating markets and this has an impact on the timing of revenue recognition. There is a risk that revenue could be recognised in the incorrect period for sales transactions occurring on and around the year end therefore revenue recognition has been identified as a key audit matter</p>	<ol style="list-style-type: none"> 1. Our audit procedures included reading the Company's revenue recognition accounting policies to assess compliance with Ind AS 115 "Revenue from contracts with customers". 2. We performed test of controls of management's process of recognizing the revenue from sales of goods and placed specific attention on the timing of revenue recognition as per the sales terms with the customers. 3. We performed test of details of the sales transactions testing based on a representative sampling of the sales orders to test that the related revenues and trade receivables are recorded appropriately taking into consideration the terms and conditions of the sale orders, including the shipping terms. 4. We also performed sales cut off procedures by agreeing deliveries occurring around the year end to supporting documentation to establish that sales and corresponding trade receivables are properly recorded in the correct period.

Information other than the Financial Statements and Auditors' Report thereon

7. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and as may be legally advised.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

8. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act

with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

9. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

10. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

12. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis of opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for our resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our

opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, related safeguards.
15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

16. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
17. As required by Section 143(3) of the Act, we report that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

- c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Ind AS Specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in the financial statements- Refer Note -32 to the Financial Statement;
- ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure “B” to the Independent Auditors’ Report

Referred to in paragraph 16(f) of “**Report on Other Legal and Regulatory Requirements**” of our Report of even date to the Members of **Nandan Denim Limited** for the year ended **March 31, 2020**.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Nandan Denim Limited as of March 31, 2020, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls,

material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020,

based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Financial Statements

for the year ended March 31, 2020

Note: 1

1.1 Company Overview

Nandan Denim Limited is a public limited Company incorporated and domiciled in India and its shares are publicly traded on the National Stock Exchange of India Ltd ('NSE') and BSE Limited ('BSE'), in India. The registered office of the Company is situated at Survey No. 198/1 & 203/2 Saijpur-Gopalpur, Pirana Road, Piplej, Ahmedabad-382405-Gujarat.

The Company is principally engaged in the manufacturing and Sale of fabrics including Denim, Yarn and Shirting. The Company has manufacturing facilities located at Pipalej and Bareja, Gujarat.

These financial statements presented in Indian Rupee with figures rounded off to nearest lakhs except otherwise indicated were approved and adopted by Board of Directors of the Company in their meeting held on July 28, 2020.

1.2 Basis of Preparation of Accounts

These individual financial statements are prepared in accordance with the Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis, except for certain financial instruments which are measured at fair values and the provisions of the Companies Act, 2013 ('the Act') (to the extent notified). The Ind AS is prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and amendments thereto.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The Company retains the presentation and classification of items in the financial statements from one period to the next.

1.3 Use of Estimates and Judgements

The preparation of the financial statements in conformity with Ind AS requires the Management to make estimates, judgements and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving

complex and subjective judgements and the use of assumptions in financial statements have been specified in Note 1.4 below. Accounting estimates could change from period to period. Actual results could differ from estimates. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in financial statements in the period in which the changes are made and, if material, their effects are disclosed in these notes to the individual financial statements.

1.4 Critical Accounting Estimates and Judgement used in application of Accounting Policies

a. Income Taxes

Significant judgements are involved in determining the provision for Income Taxes, including amount expected to be paid / recovered for uncertain tax positions. (Also refer Note 17 and 29)

b. Property, Plant and Equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful life and residual values of the Company's assets are determined by the Management at the time the asset is acquired and reviewed periodically, including at each financial year end. The life is based on historical experience with similar assets as well as anticipation of future events, which may impact their life such as changes in technology. (Refer Note 3)

c. Impairment of Financial Assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation based on empirical evidence available without under cost or effort, existing market conditions as well as forward looking estimates at the end of each reporting period. (Refer Note 9 and 31.3)

d. Defined Benefit Plan

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligations is determined using actuarial

Notes to Financial Statements for the year ended March 31, 2020

valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. (Refer Note 26, 26.1 and 26.2)

e. Fair Value Measurement of Financial Instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets, where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include consideration of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair values of financial instruments. (Refer Note 31.3)

Note 2

2.1 Significant Accounting Policies

2.1.1 Income Recognition

Revenue from Contacts with Customers

2.1.1.a Sale of Goods

The company manufactures Denim Cloth, Shirting Cloth and Yarn and trades Cotton and Coal. The company also render job work service. Revenue from the sale of goods is recognized at a point in time when the control of the products has transferred which generally coincides with dispatch of products to customers in case of domestic sales and on the basis of bill of lading in the case of export sales.

Revenue from the sale of goods is recognised when the control of the product is transferred, the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- The Company has transferred to the buyer the significant risks and rewards of ownership of the goods;

- The Company has a present right to payment for the asset.
- The Company has transferred physical possession of the asset, whereby the customer has the ability to direct the use of, and obtain substantially all of the remaining benefits from, the asset or to restrict the access of other entities to those benefits.

The time taken from entering into order and sale is less than 12 months and the normal credit period offered to customers is also less than 12 months. The company offers trade Discount, Quantity Discount, cash Discount, Discount for Shortage or quality issue discount which are factored while determining transaction price. Revenue is recognised such that significant reversal is not highly probable. The reconciliation between the contract price and revenue recognised is given in note 21.

When the consideration is received, before the Company transfers goods to the customer, the Company shall present the consideration as a contract liability.

2.1.1.b Rendering of Service

Revenue from divisible service contracts:

- service contracts are recognised over a period of time determined using the percentage completion method, synchronized to the billing schedules agreed by the customers, identical with others in similar business and
- the revenue relating to supplies are measured in line with policy set out in 2.1.1.a

In respect of indivisible contracts, the revenues are recognised over a period of time, measured as per (i) above.

When the consideration is received, before the Company transfers goods to the customer, the Company shall present the consideration as a contract liability and when the services rendered by the Company exceed the payment, a contract asset is recognised excluding any amount presented as receivable.

2.1.2 Dividend Income

Dividend income from investments is recognised when the Company's right to receive payment has been established (provided that it is probable that the

Notes to Financial Statements

for the year ended March 31, 2020

economic benefits will flow to the Company and the amount of income can be measured reliably).

2.1.3 Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis by reference to the principal amount outstanding and at the effective interest rate. Effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.1.4 Export Incentives

Export entitlements are recognized in the Statement of Profit and Loss when the right to receive credit as per the terms of scheme is established in respect of the exports made and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds. (Refer Note 2.1.10)

2.1.5 Subsidy

Subsidy under Textiles Upgradation Fund Scheme (TUFS), Gujarat Textile Policy or any other subsidy and claims in respect of insurance are recognized when there is reasonable certainty regarding the realization of the same. (Refer Note 2.1.10)

2.1.6 Inventories

Inventories are measured at cost and net realizable value, whichever is lower. Net realizable value is the estimated selling price in the ordinary course of business less estimated cost necessary to make the sale. Cost in respect of raw materials and stock in trade are determined on FIFO basis. Costs in respect of all other Inventories are computed on weighted average basis method. Finished goods and process stock include cost of conversion and other costs incurred in acquiring the inventory and bringing them to their present location and condition.

Inventories are written down to net realizable value item by item except where it is appropriate to group similar or related items. When a decline in the price of materials, indicates that the cost of the finished products exceeds net realizable value, the materials are written down to their replacement cost. When the circumstances that previously caused inventories to be written down below cost no longer exist or when there is clear evidence of an increase in net realizable value because of changed

economic circumstances, the amount of the write-down is reversed so that the new carrying amount is the lower of the cost and the revised net realizable value. Inventories are recognised as expense in the period in which the related revenue is recognised.

2.1.7 Property, Plant and Equipment

2.1.7.a Recognition of Property, Plant and Equipment

Property, plant and equipment are tangible items that are held for use in the production or supply of goods and services, rental to others or for administrative purposes and are expected to be used during more than one period. The cost of an item of property, plant and equipment is recognised as an asset if and only, if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Freehold land is carried at cost less accumulated impairment losses. All other items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses. Cost of an item of property, plant and equipment comprises:

- Its purchase price, all costs including financial costs till commencement of commercial production are capitalized to the cost of qualifying assets. Goods & Service Tax credit, if any, are accounted for by reducing the cost of capital goods;
- Any other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

2.1.7.b Depreciation of Property, Plant and Equipment

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately on straight-line method. Parts of plant and equipment that are technically advised to be replaced at prescribed intervals / periods of operation, insurance spares and cost of inspection / overhauling are depreciated separately based on their specific useful life provided these are of significant amounts. The depreciation charge for each period is recognised in profit or loss unless

Notes to Financial Statements for the year ended March 31, 2020

it is included in the carrying amount of another asset. Depreciable amount of an item of property, plant and equipment is arrived at after deducting estimated residual value. The depreciable amount of an asset is allocated on a systematic basis over its useful life as disclosed in Note 3. The Company reviews the residual value and useful life at each financial year-end and, if expectations differ from previous estimates, the residual value and useful lives are changed prospectively and accounted for as a change in accounting estimate. Depreciation commences when the item of property, plant and equipment is in the location and condition necessary for it to be capable of operating in the manner intended by management. Depreciation ceases at the earlier of the date that the asset is classified as held for sale (or included in a disposal group that is classified as held for sale) and the date that the asset is derecognized. The Company review the depreciation method at each financial year-end and if, there has been a significant change in the expected pattern of consumption of the future economic benefits embodied in the asset, the method is changed to reflect the changed pattern. Such a change is accounted as a change in accounting estimate on prospective basis.

2.1.7.c Compensation for Impairment

The Company recognises compensation from third parties for items of property, plant and equipment that were impaired, lost or given up in profit or loss when the compensation becomes receivable.

2.1.7.d Derecognition of Property, Plant and Equipment

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss from the derecognition of an item of property, plant and equipment is recognised in profit or loss when the item is derecognized.

2.1.8 Leases

As a Lessee

At inception of a contract, the company assesses whether a contract is, or contains, a lease. A contract is or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an

identified asset, the company assesses whether: (i) the contract involves the use of an identified asset (ii) the company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and (iii) the company has the right to direct the use of the asset.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of Property, Plant and Equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

The lease liability is subsequently measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-to-use assets and lease liabilities for short-term lease that

Notes to Financial Statements

for the year ended March 31, 2020

have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an operating expense as per the terms of the lease.

As a Lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the company makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

2.1.9 Employee Benefits

2.1.9.a Short-term Employee Benefits

Short-term employee benefits are employee benefits (other than termination benefits) that are expected to be settled wholly before twelve months after the end of the reporting period in which the employees render the related service. Short-term employee benefits include salaries, wages, social security contributions, bonus, paid annual leave etc. Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

2.1.9.b Post-employment Benefits

Post-employment benefits are benefits (other than termination benefits and short-term employee benefits) that are payable after the completion of employment. Post-employment benefits are identified under defined contribution plans and defined benefit plans.

2.1.9.b.i Defined Contribution Plans

Post-employment benefits are identified under defined contribution plans if the Company has no obligation other than to contribute a fixed amount of money to a fund. Employees may contribute to the fund along with the Company. Contributions to the Employees' Regional Provident Fund and Superannuation Fund are recognised as defined contribution plan.

Such contribution are recognised as liability and expenses during the period in which the employees perform the services. Any excess contributions to the fund are recognised as an asset.

2.1.9.b.ii Defined Benefit Plans

Post-employment benefits are identified under defined benefit plans if the Company is obligated to provide a defined return on contributions to the fund over and above its contributions to the fund. Such contributions to the fund may also include contributions by the employees. Post-employment benefits in the form of Gratuity are considered as defined benefit plan and determined on actuarial valuation using the projected unit credit method at the balance sheet date. Actuarial Gains or Losses through re-measurement of the net obligation of a defined benefit liability or asset is recognised in Other Comprehensive Income. Such re-measurements are not reclassified to Statement of Profit and Loss in subsequent periods.

Gratuity is funded through a trust for which a policy with SBI Life Insurance Corporation of India has been taken.

2.1.9.c Other long-term employment benefits

Employee Benefits that are neither short-term employee benefit nor post-employment benefit nor termination benefits are other long-term employee benefits. Entitlements to annual leave and sick leave are recognized when they accrue to employees. Sick leave can only be availed while annual leave can be either availed or encashed subject to a restriction on the maximum number of accumulation leave. The Company determines the liability for such accumulated leaves using the projected unit credit method. Actuarial gains and losses are recognised in the Statement of Profit and Loss.

2.1.10 Government Grants

Assistance by government in the form of transfers of resources to the Company in return for past or future compliance with certain conditions relating to operating activities of the entity other than those which cannot reasonably have a value placed upon them or those that cannot be distinguished from normal trading transactions of the Company are termed as government grants. All

Notes to Financial Statements for the year ended March 31, 2020

government grants are identified as either relating to assets or relating to income. Government grants whose primary condition is that a Company qualifying for them should purchase, construct or otherwise acquire long-term assets are identified as grants related to assets. Grants other than those related to assets are identified as related to income. Government grants are recognised when there is a reasonable assurance that the Company will comply with the conditions attaching to them and the grants will be received. A forgivable loan from government is treated as a government grant when there is a reasonable assurance that the entity will meet the terms for forgiveness of the loan. The Company recognises Government grants in profit or loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate. Grants related to assets, including non-monetary grants at fair value, are presented in the balance sheet as deferred income. Deferred income is recognised in profit or loss on the basis the related assets are depreciated or amortised if they are related to asset or under other income when the grant becomes receivable. Grants related to income are presented in profit or loss under other income. Grants received in advance before fulfilment of conditions are recognised as Other Liability classified into current or non-current, as appropriate in the circumstances of the case.

2.1.11 Foreign currency transactions and translations

Functional currency of the Company is Indian rupee. The financial statements have been presented under its functional currency. Any transaction that is denominated in a currency other than the functional currency is regarded as foreign currency transaction. All foreign currency transactions are recorded, on initial recognition in the functional currency, by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction. In case of consideration received or paid in advance, the exchange rate prevailing on the date of receipt or payment of advance is considered when subsequently the related asset is given up or received to the extent of advance consideration.

At the end of the reporting period:

- foreign currency monetary items are translated using the exchange rate for immediate delivery at the end of the reporting period;
- non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction; and

- non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange difference arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous financial statements are recognised in profit or loss in the period in which they arise.

2.1.12 Borrowing Costs

Interest and other costs that the Company incurs in connection with the borrowing of funds are identified as borrowing costs. The Company capitalises borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which it is incurred. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use. The Company identifies the borrowings into specific borrowings and general borrowings. Specific borrowings are borrowings that are specifically taken for the purpose of obtaining a qualifying asset. General borrowings include all other borrowings except the amount outstanding as on the balance sheet date of specific borrowings. Borrowing cost incurred actually on specific borrowings are capitalised to the cost of the qualifying asset. For general borrowings, the Company determines the amount of borrowing costs eligible for capitalisation by applying a capitalisation rate to the expenditures on the qualifying asset based on the weighted average of the borrowing costs applicable to general borrowings. The capitalisation on borrowing costs commences when the Company incurs expenditure for the asset, incurs borrowing cost and undertakes activities that are necessary to prepare the asset for its intended use or sale. The capitalisation of borrowing costs is suspended during extended periods in which active development of a qualifying asset is suspended. The capitalisation of borrowing costs ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are complete.

2.1.13 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The Company classifies financial instruments issued into financial liability and equity based on the substance of the

Notes to Financial Statements

for the year ended March 31, 2020

arrangement and the contractual terms. Significant judgement is required to assess whether a particular asset is a financial instrument or otherwise. An asset that represents a contractual right to receive cash that is subject to other than only passage of time or cannot be sold independently of other operating rights have not been presented as financial assets. Such assets are mainly in the nature of security deposits and investments in equity shares for receiving services from third parties including government-controlled organisations.

2.113.a Recognition, classification, measurements and derecognition of Financial Assets

Financial assets include cash and cash equivalents, trade and other receivables, investments in securities and other eligible current and non-current assets. At initial recognition, all financial assets are measured at fair value. Such financial assets are subsequently classified and measured under one of the following three categories according to the purpose for which they are held and contractual cash flow characteristics. Financial assets are reclassified only when the purpose for which they are held changes. Financial assets are derecognised when the right to cash flows from the financial asset expires or when the financial asset is transferred resulting in transfer of significant risks and rewards to the buyer. Where significant risks and rewards are retained on transfer of a financial asset, the financial asset is not derecognised, and a financial liability is recognised for the consideration received. Where the transfer of financial asset results in partial transfer of risks and rewards, the asset is derecognised if the buyer obtains the right to sell the asset to other party unilaterally without attaching any conditions otherwise the financial asset continues to be recognised to the extent of continuing involvement

2.113.a.i Financial Assets at amortised cost

Financial assets at amortised cost, at the date of initial recognition, are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates. These financial assets are intended to be held until maturity. Therefore, they are subsequently measured at amortised cost by applying the Effective Interest Rate (EIR) method to the gross carrying amount of the financial asset. The EIR amortisation is included as interest income in the profit or loss. The losses arising from

impairment are recognised in the profit or loss.

2.113.a.ii Financial asset at Fair Value through Other Comprehensive Income (FVOCI)

Financial asset at FVOCI, at the date of initial recognition, are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates, as well as held for selling. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognised in Other Comprehensive Income (OCI). Interest income calculated using the Effective Interest Rate (EIR) method, impairment gain or loss and foreign exchange gain or loss are recognised in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from the OCI to Statement of Profit and Loss.

2.113.a.iii Financial assets at Fair Value through Profit or Loss (FVPL)

Financial Assets at FVPL, at the date of initial recognition, are held for trading, or which are measured neither at Amortised Cost nor at Fair Value through OCI. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognised in the Statement of Profit and Loss.

2.113.b Impairment of Financial Assets

The Company recognizes the impairment on financial assets based on the expected credit loss model for the financial assets which are not measured at fair value through profit or loss. In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance. In case of other financial assets, expected credit losses are measured at an amount equal to 12-month ECL unless there has been significant increase in credit risk from initial recognition in which case these are measured at lifetime expected credit loss. The amount of expected credit losses or reversal that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in the profit and loss for the period.

Notes to Financial Statements for the year ended March 31, 2020

2.1.13.c Recognition, classification, measurement and derecognition of financial liabilities

Financial liabilities include long-term and short-term loans and borrowings, trade and other payables and other eligible current and non-current liabilities. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and other payables, net of directly attributable transaction costs. The Company derecognises a financial liability when the obligation specified in the contract is discharged, cancelled or expires.

After initial recognition, financial liabilities are classified under one of the following two categories:

2.1.13.c.i Financial liabilities at amortised cost

After initial recognition, such financial liabilities are subsequently measured at amortised cost by applying the Effective Interest Rate (EIR) method to the gross carrying amount of the financial liability. The EIR amortisation is included in finance expense in the statement profit or loss.

2.1.13.c.ii Financial liabilities at Fair Value through Profit or Loss (FVPL)

Financial Liabilities at FVPL are those which are designated as such on initial recognition, or which are held for trading. Fair value gains / losses attributable to changes in own credit risk is recognised in OCI. These gains /losses are not subsequently transferred to Statement of Profit and Loss. All other changes in fair value of such liabilities are recognised in the Statement of Profit and Loss.

2.1.13.d Derivative Financial Instruments

Derivative instruments such as forward foreign currency contracts, interest rate swaps and option contracts are used to hedge foreign currency risks and interest rate risk. Such derivatives are initially recognised at their fair values on the date on which a derivative contract is entered into and are subsequently re-measured at fair value on each reporting date. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

2.1.14 Off-setting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the standalone balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

2.1.15 Earnings per Share

Basic earnings per share is calculated by dividing the profit or loss for the period attributable to the equity holders of the Company by the weighted average number of ordinary shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. (Refer Note 30)

2.1.16 Impairment of Non-Financial Assets

The Company reviews the carrying amount of its Property, Plant and Equipment, including Capital Work in progress of a "Cash Generating Unit" (CGU) at the end of each reporting period to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the Cash Generating Unit to which the asset belongs.

Recoverable Amount is determined:

- i) In case of individual asset, at higher of the fair value less cost to sell and value in use; and
- ii) In case of cash generating unit (a Company of assets that generates identified, independent cash flows), at the higher of the cash generating unit's fair value less cost to sell and the value in use.

If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in the Statement of Profit and Loss.

2.1.17 Provisions, Contingent Liabilities and Contingent Assets

The Company recognizes provisions when a present obligation (legal or constructive) as a result of a past

Notes to Financial Statements

for the year ended March 31, 2020

event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated. If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made. Contingent assets are not recognised but disclosed where an inflow of economic benefits is probable.

2.1.18 Intangible Assets

The Company identifies an identifiable non-monetary asset without physical substance as an intangible asset. The Company recognises an intangible asset if it is probable that expected future economic benefits attributable to the asset will flow to the entity and the cost of the asset can be measured reliably. An intangible asset is initially measured at cost unless acquired in a business combination in which case an intangible asset is measured at its fair value on the date of acquisition. The Company identifies research phase and development phase of an internally generated intangible asset. Expenditure incurred on research phase is recognised as an expense in the profit or loss for the period in which incurred. Expenditure on development phase are capitalised only when the Company is able to demonstrate the technical feasibility of completing the intangible asset, the ability to use the intangible asset and the development expenditure can be measured reliably. The Company subsequently measures all intangible assets at cost less accumulated amortisation less accumulated impairment. An intangible asset is amortised on a straight-line basis over its useful life. Amortisation commences when the asset is in the location and condition necessary for it to be capable of operating in the manner intended by management. Amortisation ceases at the earlier of the date that the asset is classified as held for sale (or included in a disposal group that is classified as held for sale) and the date that the asset is derecognised. The amortisation charge for each period is recognised in profit or loss

unless the charge is a part of the cost of another asset. The amortisation period and method are reviewed at each financial year end. Any change in the period or method is accounted for as a change in accounting estimate prospectively. The Company derecognises an intangible asset on its disposal or when no future economic benefits are expected from its use or disposal and any gain or loss on derecognition is recognised in profit or loss as gain / loss on derecognition of asset.

2.1.19 Income Taxes

Income tax expense represents the sum of tax currently payable and deferred tax. Tax is recognised in profit or loss except to the extent that it relates to items recognised directly in equity or in other comprehensive income.

2.1.19.a Current Tax

Current tax is determined on income for the year chargeable to tax in accordance on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Effective from April 1, 2019, the Company has adopted Appendix C of Ind AS-12 and has provided for the tax liability based on the significant judgment that the taxation authority will not accept the tax treatment. However adoption of the same does not have any impact on the Balance Sheet, Statement of Change in Equity and Statement of Profit & Loss Account.

2.1.19.b Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the balance sheet and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences, unabsorbed losses and tax credits to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences, unabsorbed losses and tax credits will be utilised. The carrying amount of deferred tax assets is reviewed at the end of financial year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax assets and liabilities are measured at

Notes to Financial Statements for the year ended March 31, 2020

the tax rates that are expected to apply in the period in which the liability is expected to be settled or the asset realised, based on tax rates and tax laws that have been substantively enacted by the balance sheet date. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

2.1.20 Assets Held for Sale

The Company classifies assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use of the assets and actions required to complete such sale indicate that it is unlikely that significant changes to the plan to sell will be made or that the decision to sell will be withdrawn. Also, such assets are classified as held for sale only if the management expects to complete the sale within one year from the date of classification. Assets classified as held for sale are measured at the lower of their carrying amount and the fair value less cost to sell. Non-current assets are not depreciated or amortized.

2.1.21 Fair Value Measurement

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for asset or liability, or
- In the absence of a principal market, in the most advantageous market for asset or liability

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

Level 1 —quoted market prices in active markets for identical assets or liabilities

Level 2 — inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3 — inputs that are unobservable for the asset or liability

For assets and liabilities that are recognized in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

2.1.22 Segment Reporting

The Chief Operational Decision Maker (CODM) monitors the operating results of its business Segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements. Operating segments are reported in a manner consistent with the internal reporting to the CODM.

Accordingly, the Board of Directors of the Company is CODM for the purpose of segment reporting. Refer note 37 for segment information presented.

2.1.23 Dividend

The Company recognises a liability for dividends to equity holders of the Company when the dividend is approved by the shareholders. A corresponding amount is recognized directly in equity.

2.1.24 Cash and cash equivalents:

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

2.1.25 Statement of Cash flows:

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non cash nature and any deferrals or accruals of past or future cash receipts or payments.

Notes to Financial Statements

for the year ended March 31, 2020

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

Note:2.2

2.2 Standards issued but not yet effective

Companies (Indian Accounting Standards) Amendment Rules 2020 notified on July 24, 2020 has notified the changes to Ind AS that shall be effective from April 1, 2020 except in case of the amendment to Ind AS 116, Leases, which is applicable to the company in the current year also. Given below is given an explanation of significant amendments and their possible impact on the assets, liabilities and results:

a) Ind AS 103, Business Combinations: The definition of business has been revised and further guidance has been provided in identifying whether the set of assets and liabilities acquired is a business. These changes are applicable for business combinations occurring on or after April 1, 2020. Therefore, on initial application of these amendments there shall be no impact on the financial statements of the company.

b) Ind AS 107, Financial Instruments: Disclosures: Disclosures have been specified for an entity that applies the exceptions to hedge accounting requirements due to interest rate benchmark reform stated in Ind AS 109, Financial Instruments. As the company has not applied hedge accounting, the amendments notified do not have any impact on the entity's financial statements on initial application.

c) Ind AS 109, Financial Instruments: The amendments to Ind AS 109 address the need to ensure that hedging relationships do not get discontinued because of interest rate benchmark reform. It provides that the hedge relationship shall not be discontinued simply because of the reform. As the company has not designated any derivative as hedge instrument, the amendments do not have any impact on the financial statements of the company due to initial application.

d) Ind AS 116, Leases: The amendments have provided practical expedient from accounting for modification of lease as a direct consequence of COVID-19 pandemic and only if all the following conditions are met:

- (i) the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;

- (ii) any reduction in lease payments affects only payments originally due on or before the June 30, 2021 (for example, a rent concession would meet this condition if it results in reduced lease payments on or before the June 30, 2021 and increased lease payments that extend beyond the June 30, 2021); and

- (iii) there is no substantive change to other terms and conditions of the lease There has not been any material changes to the payments or receipts under leases as a direct consequence of COVID-19 for the company. Therefore, the said amendments though effective for the company from April 1, 2019 do not have any impact on the financial statements for the year ended on March 31, 2020 and for the first quarter of the financial year ending on March 31, 2021.

e) Ind AS 1, Presentation of Financial Statements and Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors: The notification has amended the definition of material as under:

Information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity.

This amendment provides guidance on application of the revised definition and when can it be considered that a material information is being obscured as under:

- (i) information regarding a material item, transaction or other event is disclosed in the financial statements but the language used is vague or unclear;
- (ii) information regarding a material item, transaction or other event is scattered throughout the financial statements;
- (iii) dissimilar items, transactions or other events are inappropriately aggregated;
- (iv) similar items, transactions or other events are inappropriately disaggregated; and
- (v) the understand ability of the financial statements is reduced as a result of material information being hidden by immaterial information to the extent that a primary user is unable to determine what information is material.

Notes to Financial Statements for the year ended March 31, 2020

The revised definition is applicable for transactions, events or conditions occurring on or after April 1, 2020. However, the company has always tested its disclosures from the perspective of making the financial statements understandable to users with proper cross-references such any note can be linked to the amount presented in Balance Sheet, Statement of Profit and Loss, Statement of Cash Flows or Statement of Changes in Equity, as may be applicable. Therefore, the revision to the definition of material has no impact on the financial statements of the company due to its initial application.

- f) **Ind AS 10, Events after the Reporting Period:** The amendments clarify that the financial statements to which the non-adjusting events are material, provide financial information about a specific reporting entity. The reporting entity concept is defined in the Conceptual Framework for financial reporting issued by the International Accounting Standards Board which is under formulation in India. This amendment has no impact on the financial statements for the year ended March 31, 2020 due to its initial application.
- g) **Ind AS 34, Interim Financial Reporting:** The amendments are consequential to the amendments in Ind AS 1 and Ind AS 8 revising the definition of material and do not impact the fourth quarter results for the financial year ending on March 31, 2020 due to their initial application.
- h) **Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets:** The amendments are consequential to the amendments in Ind AS 10 stated above and thus have no impact on the financial statements for the financial year ended on March 31, 2020 due to their initial application.

Fair Value Hierarchy

Level 1 : Quoted prices (unadjusted) in active markets for identical assets and liabilities

Level 2 : Inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices)

Level 3 : Inputs for the assets and liabilities that are not based on observable market data (unobservable inputs)

The fair value hierarchy of assets and liabilities measured at fair value are as under:

(₹ in lakhs)

Particulars	Note Reference	Level 1	Level 2	Level 3
a. Investment in equity shares other than subsidiaries and joint ventures				
As at March 31, 2020	5	7.01	Nil	0.25

As at March 31, 2019	5	Nil	Nil	13.46

Note 31.2.1

Investment in equity shares other than subsidiaries and joint ventures quoted on recognised stock exchanges

The fair value of investment in equity shares other than subsidiaries and joint ventures is based on quoted price.

Note 31.2.2

Investment in unquoted preference shares

The fair value of unquoted preference shares has been determined using Level 3 inputs based on Discounted Cash Flow method. A one percentage point change in the unobservable inputs used in fair valuation of Level 3 does not have a significant impact on its value. The movement in unquoted investments is on account of sale of shares during the comparative period (Refer Note 5).

Notes to Financial Statements for the year ended March 31, 2020

Note 31.2.3

Transfers between levels of fair value hierarchy

There have been no transfers between levels of fair value hierarchy during the year ended March 31, 2020 and during the comparative period ended March 31, 2019.

Note 31.2.4

Valuation Process

The finance department of the company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. The fair valuation of level 1 and level 2 classified assets and liabilities are readily available from the quoted prices in the open market and rates available in secondary market respectively. The valuation method applied for various Financial assets and liabilities are as follows-

1. Quoted price in the primary market considered for the fair valuation of the non-current investment. Gain/ (loss) on fair valuation is recognised in profit and loss.
2. The carrying amount of trade receivable, trade payable, cash and bank balances, short term loans and advances, statutory/ receivable, short term borrowing, employee dues are considered to be the same as their fair value due to their short-term nature.

Note 31.3

Financial Risk Management

The company is exposed to market risk, credit risk and liquidity risk. The company's senior management oversees the management of these risks. The Board of Directors review and agree policies for managing each of these risks, which are summarised below:

Note 31.3.1

Market Risk

Market risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate instrument because of changes in market factors. Market risk comprises three type of risks:

- a. Currency Risk
- b. Interest Rate Risk
- c. Price Risk

The company is exposed to currency risk and price risk. The same are analysed below:

a. Currency Risk

The company is exposed to foreign exchange risk arising from foreign currency borrowing denominated in US dollars (US\$) and foreign currency notes denominated in various foreign currencies. The company also imports certain material which are denominated in US\$ which exposes it to foreign currency risks. If the value of the Indian Rupee depreciates relative to these foreign currencies, the related costs may increase. The exchange rates between the Indian Rupee and US\$ has changed substantially in recent periods and may continue to fluctuate substantially in the future. In order to mitigate the foreign Currency exposure risk, as on March 31, 2020, the company has entered into derivative contract of ₹ 487.71 lakhs (PY. ₹ 2299.01 lakhs) to hedge exposure to fluctuation risk. The below sensitivity include the impact of foreign currency forward contracts which largely mitigate the risk:

Notes to Financial Statements

for the year ended March 31, 2020

Foreign currency risks from non derivative financial instruments as at March 31, 2020 are given below:

Particulars	(₹ in lakhs)				
	USD	EURO	CHF	JPY	Total
Trade Receivables (Refer note 9)	1,422.63	Nil	Nil	Nil	1,422.63
Advance to Supplier (Refer note 7)	338.33	42.22	Nil	Nil	380.55
Trade Payables (Refer note 19)	(134.53)	Nil	Nil	Nil	(134.53)
Advance from Customer (Refer note 18)	(116.55)	Nil	Nil	Nil	(116.55)
Net Foreign Currency Risk Exposure	1,509.58	42.22	Nil	Nil	1,552.10

Foreign currency risks from non derivative financial instruments as at March 31, 2019 are given below:

Particulars	(₹ in lakhs)				
	USD	EURO	CHF	JPY	Total
Trade Receivables (Refer note 9)	285.77	Nil	Nil	Nil	285.77
Advance to Supplier (Refer note 7)	76.35	38.52	16.87	7.91	139.65
Trade Payables (Refer note 19)	(792.33)	Nil	Nil	Nil	(792.33)
Advance from Customer (Refer note 18)	(71.96)	Nil	Nil	Nil	(71.96)
Net Foreign Currency Risk Exposure	(502.17)	38.52	16.87	7.91	(438.87)

For each of the years ended March 31, 2020 and March 31, 2019, every percentage point depreciation / appreciation in the exchange rate between the Indian rupee and U. S. Dollars, has affected company's incremental operating margins by approximately 1.79% & 0.70% respectively.

Sensitivity analysis is computed based on the changes in the income and expenses in foreign currency upon conversion into functional currency, due to exchange rate fluctuations between the previous reporting period and the current reporting period.

b. Price Risk

The company's exposure to price risk arises from investments in equity shares of other companies (Refer Note 5 and 31.1). The company has not undertaken any risk mitigation measures to reduce the price risk. The table below summarises the impact of increases / decreases of share price of the investments and profit for the period. The analysis is based on the assumption that the market price of those investments in equity shares of other companies move by 5% point on either side with all other variables held constant.

Period	No. of Shares	Average Market price per share in ₹	Fair Value ₹ in lakhs	% Change in Fair Value	Effect on Profit before Tax in Lakhs
31/03/2020	67700	10.36	7.01	5.00%	0.35
				-5.00%	(0.35)
31/03/2019	67700	22.30	15.10	5.00%	0.75
				-5.00%	(0.75)

Notes to Financial Statements for the year ended March 31, 2020

c. Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

According to the Company interest rate risk exposure is only for floating rate borrowings. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

Note 31.3.3

Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The Company maintains its cash and cash equivalents and bank deposits with banks having good reputation, good past track record and high quality credit rating and also reviews their credit-worthiness on an on-going basis.

The maximum exposure to credit risk at the reporting date is primarily from trade receivables. Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

On account of the adoption of Ind AS 109, the Company uses ECL model to assess the impairment loss or gain. The Company uses a provision matrix to compute the ECL allowance for trade receivables and unbilled revenues. The provision matrix takes into account available external and internal credit risk factors and the Company's experience for customers.

Notes to Financial Statements for the year ended March 31, 2020

Note 31.3.3

Credit Risk (Contd..)

The Company reviews trade receivables on periodic basis and makes provision for doubtful debts if collection is doubtful. The Company also calculates the expected credit loss (ECL) for non-collection of receivables. The Company makes additional provision if the ECL amount is higher than the provision made for doubtful debts. In case the ECL amount is lower than the provision made for doubtful debts, the Company retains the provision made for doubtful debts without any adjustment.

The allowance for lifetime ECL on customer balances for the year ended March 31, 2020 was ₹ 1775.56 lakhs for the year ended March 31, 2019 was ₹ 1496.16 lakhs.

Capital Management Disclosures

Company's objective when managing capital is to safeguard the Company's ability to continue as a going concern in order to provide return to shareholders and benefits to other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

Company manages the capital structure and makes the adjustment to it in the light of changes in economic conditions and risk characteristics of the underlying assets. The company monitors capital on the gearing ratio basis. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (Non-Current borrowing and current borrowings) less cash and cash equivalents. Total capital is calculated as total shareholder's equity.

Note 43

"Due to outbreak of COVID-19 globally and in India, the company's management has made initial assessment of likely adverse impact on business and financial risks, and believes that the impact is likely to be short term in nature. The management does not see any medium to long term risks in the company's ability to continue as a going concern and meeting its liabilities as and when they fall due.

The Management based on current estimates expects that the carrying amounts of Receivables, Inventories & Advances will be recovered, net of provisions made.

The extent to which the COVID-19 pandemic will impact the company's financial performance is dependent on future developments, which are highly uncertain including among other things, any new information concerning the severity of the COVID-19 pandemic and any action to contain its spread or mitigate its impact whether government mandated or elected by the Company. Given the uncertainty over the potential macro-economic conditions the impact of COVID-19 pandemic may be different from that estimated as at the date of approval of these financial statements and the company will continue to closely monitor any material changes to future economic conditions, which will be given effect to in the respective future period.
