The new IEPF Rules mandate the companies to transfer the shares of those shareholders whose dividends remain unpaid/unclaimed for a period of Seven consecutive years to the demat account of IEPF Authority. The Company is required to transfer all unclaimed shares to the demat account of the IEPF Authority in accordance with the IEPF Rules.

10. Voting through Electronic means:

In compliance with the provisions of Section 108 of the Companies Act, 2013 and Rule 20 of the Companies [Management and Administration] Rules, 2014, the Company is providing e-voting facility as an alternative mode of voting which will enable the members to cast their votes electronically. Necessary arrangements have been made by the Company with Central Depository Services [India] Limited (CDSL) to facilitate e-voting.

- (i) Mr. Tushar M. Vora, Practicing Company Secretary [Membership No. FCS 3459] has been appointed as the Scrutinizer to scrutinize the voting and remote e-voting process in a fair and transparent manner.
- (ii) Members who have cast their vote by remote e-voting prior to the meeting may also attend the meeting but shall not be entitled to cast their vote again.
- (iii) Members can opt for only one mode of voting i.e. either by e-voting or poll paper. In case members cast their votes through both the modes, voting done by e-voting shall prevail and votes cast through poll paper shall be treated as invalid.
- (iv) The voting rights of members shall be in proportion to their shares in the paid-up equity share capital of the Company as on cut-off date. A person, whose name is recorded in the register of members or in the register of beneficial owners maintained by the depositories as on cut-off date i.e. 7th August 2017 only shall be entitled to avail facility of remote e-voting and poll process at the venue of the meeting.

- (v) Any person, who acquires shares of the Company and becomes a member of the Company after dispatch of the notice and holding shares as on cut-off date, may cast vote after following the instructions for e-voting as provided in the notice convening the meeting, which is available on the website of the Company and CDSL. However, if you are already registered with CDSL for remote e-voting then you can use your existing User ID and password for casting your vote.

The detailed process, instructions and manner of e-voting facility is annexed to the notice.

11. Re-appointment / Appointment of Directors:

Mrs. Khushali Samip Solanki (DIN 07008918), Non-Independent, Non-Executive Director of the Company, will retire by rotation at the ensuing 27th Annual General Meeting of the members of the Company and being eligible, has offered herself for re-appointment.

Mr. Yashwant M. Patel (DIN- 02103312), who was appointed as a Whole-Time Director on 30th May, 2013, for a period of 3 years to hold the office from 1st April, 2014 to 31st March, 2017 ceased to hold office as Whole-Time Director on 31st March, 2017. The Board, on the recommendation of Nomination and Remuneration Committee, has re-appointed him as Whole-Time Director for a further period of 5 years from 1st April, 2017 to 31st March, 2022 and proposed a resolution for member's approval at the ensuing Annual General Meeting.

Pursuant to the requirements under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") relating to Corporate Governance, a Statement containing brief resumes of the above Directors together with the details of shares held by them, if any, is annexed hereto.

REQUEST TO THE MEMBERS

1. Members desiring any relevant information on the Accounts at the Annual General Meeting are requested to write to the Company at least seven days in advance at its Registered Office/Corporate Office, so as to enable the Company to keep the information ready.
2. Members are requested to bring their copy of the Annual Report to the meeting.

EXPLANATORY STATEMENTS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 SETTING OUT ALL MATERIAL FACTS RELATING TO SPECIAL BUSINESSES MENTIONED IN THE ACCOMPANYING NOTICE:

ITEM NO. 6

The members at the 23rd Annual General Meeting of the Company held on 12th August 2013 re-appointed Mr. Yashwant M. Patel as Whole-Time Director of the Company for a period of 3 years with effect from 1st April, 2014 on a remuneration of ₹ 60,000 per month. The term of his present appointment expired on 31st March, 2017.

The Nomination and Remuneration Committee of the Company at its meeting held on 13th February, 2017 and subsequently, the Board at its meeting held on 13th February, 2017 has re-appointed Mr. Yashwant M. Patel as Whole-Time Director unanimously for a further period of 5 years on a monthly remuneration of ₹ 1,84,000 per month with effect from 1st April, 2017 subject to the approval of members in General Meeting. The other terms and conditions are set out in the draft Letter of Appointment to be issued by the Company, which is available for inspection to the members at the registered office of the Company on working days except Saturday between 9.00 a.m. and 5.00 p.m. till the date of Annual General Meeting.

Mr. Yashwant M. Patel is B.Sc. (Chemistry) and has rich and varied experience in Production, Administration, Human Resources and Accounts.

The Board of Directors felt that it is in the best interest of the Company to continue to avail the services of Mr. Yashwant M. Patel as Whole-Time Director. The Board recommends the resolution to the members for their approval.

Notwithstanding anything contained to the contrary herein contained, where in any financial year during the tenure of the Whole-Time Director, the Company has no profits or its profits are inadequate, the Company will pay salary and perquisites as specified above and in addition thereto perquisites not exceeding the limits specified under Section II of Part II of Schedule V to the Companies Act, 2013 from time to time.

The Whole-Time Director so long as he functions as such shall not be paid any sitting fees for attending the meetings of Board or Committees thereof.

Mr. Yashwant M. Patel shall be liable to retire by rotation under Section 152 of the Companies Act, 2013 and if he ceases from any date to be a Director of the Company for any reason whatsoever, he shall also cease to be the Whole-Time Director from such date.

Mr. Yashwant M. Patel is deemed to be interested in the said resolution as it relates to his re-appointment. None of

the other Directors and Key Managerial Personnel of the Company and their relatives, are in any way concerned or interested in the said Resolution.

The Board recommends passing of the said resolution by way of a Special Resolution for the approval of the Members of the Company.

ITEM NO. 7:

Welcast Steels Limited, (WSL), is a Subsidiary of the Company. The Company is holding 74.85% Shares in the Equity Share Capital of WSL. WSL is a Related Party as per definition under Section 2 (76) of the Companies Act, 2013 and SEBI Listing Regulations.

The provisions of Section 188 of the Companies Act, 2013 read with Companies (Meetings of Board and its Powers) Rules, 2014 as amended from time to time exempts any transactions entered into by the Company in its ordinary course of business and done at arm's length price, from the requirement of prior approval of the members by way of an Ordinary Resolution.

Transactions to be entered into / carried out with WSL are of purchase and sale of goods. Omnibus approval of the Audit Committee has been obtained at its meeting held on 13th February, 2017.

Mr. Bhadresh K. Shah, Managing Director, Mr. Rajendra S. Shah, Chairman, Mr. Sanjay S. Majmudar, Director, Mrs. Khushali S. Solanki, Director, all being Directors in WSL and Mr. S. N. Jetheliya, Company Secretary who is also a Company Secretary of WSL are related to WSL.

The annual consolidated turnover as per the Audited Financial Statements for the year ended 31st March, 2017 is ₹ 2,239.23 Crore. It is presumed that the transactions to be entered in the Current Financial Year of 2017-18 may exceed the threshold limit of 10% of annual consolidated turnover of the Company.

The approval of the members for the transactions proposed to be entered into and carried out with WSL during the financial year 2017-18, in ordinary course of business and at arm's length price, is being sought by way of abundant caution and as a proactive measure.

Further, Regulation 23 of the SEBI Listing Regulations requires that the entities/persons falling under the definition of related party to abstain from voting irrespective of whether the entity/person is a party to the transaction or not.

Except Mr. Bhadresh K. Shah, Managing Director, Mr. Rajendra S. Shah, Chairman, Mr. Sanjay S. Majmudar, Director, Mrs. Khushali S. Solanki, Director and Mr. S. N. Jetheliya, Company Secretary of the Company and their relatives, none of the Directors and Key Managerial Personnel of the Company and their relatives, are in any way concerned or interested in the said Resolution.

The Board recommends passing of the said resolution by way of an Ordinary Resolution for the approval of the members of the Company.

ITEM NO. 8.

The Board of Directors on the recommendation of the Audit Committee, re-appointed M/s. Kiran J. Mehta, Cost Accountants, Ahmedabad as the Cost Auditors to carry out the audit of cost records of the Company for the financial year 2017-18 and fixed remuneration of ₹ 4.00 Lacs plus service tax and out of pocket expenses.

As per the provisions of Section 148 of the Companies Act, 2013 read with the Companies [Audit and Auditors] Rules, 2014, the remuneration fixed by the Board of Directors shall be ratified by the members by passing a resolution.

Accordingly, consent of the members is being sought for passing an Ordinary Resolution for ratification of remuneration payable to the Cost Auditors to carry out the audit of cost records of the Company for the financial year 2017-18.

None of the Directors, Key Managerial Personnel or their relatives can be considered to be interested in or concerned with the resolution.

The Board recommends passing of the said resolution as an Ordinary Resolution for the approval of members of the Company.

ITEM NO. 9.

The Articles of Association of the Company, as presently in force, is in accordance with the provisions of the Companies Act, 1956. With the enactment of the Companies Act, 2013, most of the regulations contained in the Articles of Association of the Company have either become redundant or are not in line with the provisions of the said Act. Under the Companies Act, 2013, draft Articles of Association (in case of a Company limited by shares) are provided in Table F thereto.

In view of the aforesaid, it is proposed to replace the existing set of Articles of Association of the Company with a new set of Articles of Association containing regulations in

accordance with the provisions of the new Act and the Rules made thereunder.

The draft Articles of Association is available for your inspection at the registered office of the Company, at any time during the working hours on any working day till the date of Annual General Meeting. The same is also placed on the website of the Company.

Pursuant to the provisions of Section 14 of the Companies Act, 2013 read with the Companies (Incorporation) Rules, 2014, any alteration to the Articles of Association of the Company requires prior approval of the members by way of a Special Resolution.

Hence, The Board recommends passing of the said resolution as a Special Resolution for the approval of members of the Company.

None of the Directors, Key Managerial Personnel or their relatives can be considered to be interested in or concerned with the resolution except to the extent of their shareholding in the Company.

ITEM NO. 10:

It is proposed to accord the member's approval to maintain Register of Members together with the Index of Members of the Company under Section 88 and the copies of the Annual Return under Section 92 of the Act at the office premises of Registrar and Transfer Agent of the Company i.e. Link Intime India Private Limited at its office premises at 506-508, Amarnath Business Centre -1, (ABC-1), Besides Gala Business Centre, Near XT Xavier's College Corner, Off C. G. Road, Ellisbridge, Ahmedabad – 380 006 and such other places as the said RTA, shifts its office from time to time pursuant to Section 94 and such other applicable provisions of the Companies Act, 2013.

None of the Directors, Key Managerial Personnel or their relatives can be considered to be interested in or concerned with the resolution.

The Board recommends passing of the said resolution as a Special Resolution for the approval of members of the Company.

The philosophy of delivering better than required is embedded in our culture since our inception and has been the singular important factor driving our growth and leadership principles.

Our unique business offerings provide maximum value for our customers. It has helped us bring out the best in us.

We have strived through the economic uncertainties, adapted the changing business environment and successfully met the growing market needs and demands.

And in doing so, we have made a prominent progress in establishing our business credentials.

A NICHE PLAYER

AIA Engineering Ltd. (AIA) is one of the world's largest manufacturers of the value-added, impact abrasion, and corrosion resistant High Chrome Mill Internals (HCMI). It is engaged in the designing, development, manufacture and installation of products like grinding media, liners, diaphragms, and vertical mill parts (collectively referred to as mill internals). The Company's strength emerges through its strong focus on three core industry segments – Mining, Cement and Utility. These products find application for grinding and crushing operations in these segments.

MINING

Grinding of mineral ore before it is processed for further metal separation

CEMENT PLANTS

Grinding of limestone and clinker

THERMAL POWER

Grinding of coal before feeding into the boiler

GLOBAL NETWORK

AIA GROUP, THROUGH ITS WHOLLY OWNED SUBSIDIARIES OUTSIDE INDIA, SELLS DIRECTLY TO END CUSTOMERS LOCATED IN MORE THAN 125 COUNTRIES. THESE CUSTOMERS ARE SERVICED OUT OF ITS WHOLLY OWNED SUBSIDIARIES/BRANCHES/REPRESENTATIVE OFFICES IN USA, CANADA, UK, BRAZIL, UAE, AUSTRALIA, SOUTH AFRICA, PHILIPPINES, CHINA, EGYPT AND INDONESIA, AMONGST OTHERS.

MANAGING DIRECTOR'S MESSAGE

Dear Shareholders,

I feel honoured and privileged to present you with the 27th Annual Report. There is an old saying that a journey of a thousand miles begins with a single step.

For us, being unique is about being continuously focused on adding value at customer's end. We ensure we understand our customer's requirements, delve deep into their pain and improvement areas and provide unique solutions. As a result, we have established long-standing relationships with our customers across Mining, Cement and Power Segments.

In the Mining Segment, we cater to different mineral ores like Iron ore, Copper ore, Platinum ore, Gold ore, Lead ore, Zinc ore and Bauxite ore amongst

others, across different mill types. We have been constantly investing to enhance our presence in this segment. The growth prospects are primarily emanating out of the large annual replacement market of 2.5 to 3 million tons in this industry. Out of these, HCMI accounts for just about 15% of the demand. The Company is strategically poised to leverage the conversion opportunity from conventional mill parts to our high chrome wear parts.

Over the past few years, we have been progressively adding major customers in the Mining Segment across the globe with a stronger focus on major mining centres like North America, Latin America, Australia, Africa, and the Far East Asia. While our current focus is on the mining segment outside India, we will capture incremental domestic mining demand as and when the industry expands in India.

In the Cement Segment, the global demand continues to remain sluggish in the key markets of North America, Latin America, Western and Eastern Europe and Africa. However, certain specific markets in Asia, Africa and South America, may see capacity enhancements and increasing utilization. In India, the average capacity utilization of the cement companies have started improving on the back of Government's impetus towards improvement in infrastructure, especially, Road and Port segment. This will provide a much-needed stimulus to the industry. The results will be visible in the near term. We will be an immediate beneficiary to serve the additional requirement from the increasing cement production going ahead.

The strength of AIA Group stems from a strong manufacturing footprint including a full-fledged design shop which uses 3D technology for drafting, pattern shop equipped with latest CNC machines and state-of-the-art manufacturing facilities located in and around Ahmedabad, Nagpur, Bangalore and Trichy in India.

I would further like to convey that the Company's effective capacity reached 3,40,000 MT after successful commission of Phase I of Kerala GIDC brownfield expansion project during 2016-17. We are on track for implementing second phase of capital expenditure plan at GIDC Kerala in Ahmedabad. It involves augmenting the capacities by further 1,00,000 MT (expected to be commissioned in FY 2018-19), taking the total installed capacity to 4,40,000 MT.

We will continue to serve our customers, through our well-balanced team and a network of subsidiaries/warehouses situated at strategic locations globally. We are already servicing

world's major mining and cement groups and will continue to add customers and make further inroads in our chosen segments. The consolidated steps taken each day will bring us closer to our vision.

I would like to thank all our stakeholders for their continued faith and support. We look forward to your continue patronage in the Company's next level of growth.

Best Wishes,
Bhadresh K. Shah
Managing Director, AIA Engineering Limited

Two fundamentals driving the future growth:

 **THE LARGE MARKET OPPORTUNITY IN THE MINING SECTOR AMIDST POTENTIAL CONVERSION FROM FORGED TO HIGH-CHROME GRINDING MEDIA.**

 **PHASED EXPANSION TO 4,40,000 MT BY FY 2018-19 WHICH WILL MAKE AIA THE LARGEST HIGH-CHROME GRINDING MEDIA PRODUCER GLOBALLY.**

UNIQUE STRATEGIES ROBUST BUSINESS MODEL

THE GOLDEN TRIANGLE

The golden triangle represents the core competency of the Group - Knowledge of end application, metallurgy and design. The combination forms the Group's foundation that helps customers reduce wear and tear and operational costs. AIA's technical and service engineers, metallurgists and design engineers are one of the best in their craft.

UNIQUE SOLUTIONS CAPTURING GLOBAL OPPORTUNITIES

At AIA, we partner with customers for operational excellence. We provide solutions to our customers in the cement, mining and utility segments and engage with them to bring about tangible benefits to them in the form of

-  Longer wear life of parts, reducing wear costs
-  Optimized mill operations, thereby reducing power costs and improving throughputs

As a result we are being able to cater blue chip global organizations in their operational excellence journey.

Shah and the Company before the International Chamber of Commerce, London (ICC) claiming the reliefs of injunction and damages inter alia alleging infringement of its Patent by the Company (in relation to the Company's Sintercast Product) and breach of the Settlement Deed (in relation to Company's Sintercast product).

The amount involved in the said arbitral dispute is approximately US \$ 60 Mn, including costs and damages. However, the Company disputes the arbitration request and denies the allegations made therein and is confident of successfully defending the matter in accordance with law.

7. BUSINESS PROSPECTS:

Future growth prospects of the Company will rely on making further inroads in mining industry worldwide.

The growth prospects are primarily emanating out of the large annual replacement market in this industry, primarily in four major metal ore types, viz., Iron, Platinum, Gold and Copper. The Company is now focusing on certain strategic drivers in the Mining Segment over and above the cost reduction due to much lower wear rates owing to High Chrome, viz. improved process efficiencies, reduction in the cost of other consumables (other than high-chrome grinding media), significantly reduced environment hazards and consequently improved environmental benefits, etc. for providing comprehensive solution to the mining industry. This has helped your Company in creating a unique positioning which augurs well for the consistent and steady growth in this industry over medium to long term. Reliance on multiple ores means that declining fortunes of one commodity will not significantly impact your Company's growth prospects. During last few years, we have steadily increased our presence in the major mining groups across the globe with a stronger focus on major mining centers like North America, Latin America, Australia, Africa, and the

Far East Asia, etc. The Company has fairly aggressive growth plans so as to capitalize upon the available opportunity in the mining segment and the vision is to emerge as the leading global solution provider in this segment. While the current focus of the Company in mining segment is outside India, your Company also has a major share of the domestic mining demand and shall be able to capture incremental demand as and when the same arises.

In as much as the cement segment is concerned, the near term prospects continue to remain flat, although in India it seems that the average capacity utilization levels of cement companies have started to go up. It is also expected that with the government taking lot of initiatives on the infrastructure segment, more particularly the road construction and port infrastructure, it might provide much needed stimulus to the overall construction and industrial segments and it is hoped that from the current fiscal year onwards the positive impact of this stimulus should start coming in. As and when India's cement production will go up your company will be an immediate beneficiary in terms of incremental production going to service the additional requirement. On the global front, while most of the key markets like North America, Latin America, Western and Eastern Europe, Africa, etc. continue to remain sluggish, there are certain specific markets in Asia, Africa and South America, which continue to add capacity or have increased capacity utilization. In China, the Company currently maintains a limited presence by marketing specific products. On the whole, in near term, your Company continues to believe that the overall production and sales will remain flat in this segment.

In the Utility sector (Thermal Power Plants), which is more prominent in the domestic market, your Company continues to enjoy a niche position. The Company will strive to maintain a steady growth rate in this particular segment matching with the rate at which the sector grows.

8. FUTURE EXPANSION:

The Company's effective capacity reached 3,40,000 Metric Tonnes after successful commission of Phase I of Kerala GIDC brownfield expansion project during 2016-17. We are on track for of implementing second phase of capital expenditure plan at GIDC Kerala involving augmentation of the total capacity by further 1,00,000 MT, which is expected to be commissioned in FY 2018-19, which will take the total installed capacity to 4,40,000 MT. The incremental Capex to be incurred for the second

phase is estimated around ₹ 350 Crores and the same is being funded entirely from internal cash accruals.

9. SUBSIDIARY COMPANIES:

In accordance with the Indian Accounting Standard (Ind AS) - 110 on Consolidated Financial Statements as provided under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), the audited Consolidated Financial Statements are provided in the Annual Report, which show the financial resources, assets, liabilities, income, profits and other details of the Company and its subsidiaries as a single entity as per **Annexure "B"**.

The Company will make available the Annual Accounts of the Subsidiary Companies and the related detailed information to any member of the Company who may be interested in obtaining the same. The annual accounts of the Subsidiary Companies will also be kept open for inspection at the Registered Office of the Company. The Consolidated Financial Statements presented by the Company include financial results of its Subsidiary Companies.

Principle-Wise Performance

Ethics, Transparency & Accountability

Principle 1: Businesses should conduct and govern themselves with ethics, transparency and accountability

The Company has developed its governance structures, procedures and practices that ensure ethical conduct at all levels. Towards this end:

- The Code of Conduct for senior managers and directors is available.
- The Company discloses all information required by statutory laws.
- The corporate governance structures encompasses Audit, Nomination & Remuneration, Stakeholders' Relationship, CSR and Risk management committees.
- Risk councils under the risk management committee oversees, identification, assessment and mitigation of various risks in production, maintenance, EHS, human resources (HR), accounts and finance, and statutory compliances

Our ethics policy will be shared with all live vendors including contractors, suppliers and all third parties in a structured engagement. We will begin assessment of key suppliers and contractors on ethical, EHS and HR considerations in the next reporting period (FY 2017-18).

In order to lend focus to each of the nine Principles, the Company will have in place the necessary policies and processes in the next reporting period. These Guidelines have been placed before the Board and adopted on 13.02.2017.

Stakeholder complaints received in the past financial year have been satisfactorily resolved by the management where possible:

- a. Customers: 32 were received, 28 were resolved
- b. Employees: 9, all were resolved.
- c. Shareholders / Investors: None received in the reporting period.
- d. Suppliers / vendors and Contractors: 40 grievances were received, 5 remain pending

The Company has an effective vigil mechanism/whistle blower policy in place to report to the management instances on unethical behaviour and any violation of the Company's code of conduct. There were no complaints received in 2016-17.

The Company has an Internal Complaints Committee (ICC) to redress complaints received regarding sexual harassment. No complaints were received by the ICC in 2016-17.

Products contributing to sustainability

PRINCIPLE 2: Businesses should provide goods and services that are safe and contribute to sustainability throughout their lifecycle.

The Company manufactures high chrome alloy castings (grinding media, vertical mill parts and ball mill liners).

Product Design:

In designing the product, the Company ensures that the manufacturing processes and technologies required to produce it are resource efficient and sustainable. It has a continuous improvement management system in place that helps address product stewardship principles.

The Company assures safety and optimal resource use over the life-cycle of the product – from design to disposal – and ensure that everyone connected with it- designers, producers, value chain members, customers and recyclers are aware of their responsibilities.

Customers derive value from the product in the use phase through power reduction, increased durability (wear resistant casting) and increase in productivity. The Company provides wear resistant warranties for our products.

Customers in the mining and cement business are aware of the recyclability of the product at the end of life. The product composition being iron and steel, the customers hand over the worn-out products to recyclers for manufacture of recycled steel ingots, the Company also arranges for product buy-backs if required.

The Company regularly reviews and improve upon the process of new technology development, deployment and commercialization, incorporating social, ethical, and environmental considerations.

Input material, energy and water:

- o Over 65% of input material is sourced from scrap which is in turn sourced from the ship breaking industry.
- o In the reporting period the Company initiated the process of substituting its conventional cooling towers with dry type cooling towers which in turn improves water consumption and performance.
- o The Company has enhanced the quality of STPs by adopting membrane technology. Grey water is processed to increase its re-usability in cooling towers and certain processes resulting in saving of 30 KL/ day.
- o There were no incidents of non-compliance with regulations or voluntary codes resulting in fine, penalty or notices received concerning emissions, health and safety impacts of the Company's products in production, use or disposal.

	PNG for Heat Treatment/Metric Ton of Gas fired quenched production	SCM	0%	3%
Water	Usage of Water for Production unit(KL/MT)	KL/MT	8%	7%

Product Labelling:

The Company endeavours to provide customers with appropriate labelling and signages that details product weight, grade, and destination (customer), safe handling, safe usage and disposal of its products.

The Company discloses all information truthfully and factually including the risks to the individual. Where required, the Company also educates their customers on the safe and responsible usage of their products including:

Guidelines for product handling and storing at customers end.

The Company's liner product range which carries inherent risks is recommended to be installed under supervision of our experts.

Fairness in sourcing:

The Company identifies and evaluates new suppliers in a fair manner; supplier evaluation takes place in two phases:

I. Technical**II. Commercial**

Technical specs, detailed scope and expectations are discussed with the supplier before moving onto commercial quotes. This enables suppliers to understand requirements prior to finalisation of commercials.

Vendor performance rating:

Vendors are classified based on a system generated vendor performance rating report on a quarterly basis. Where performance improvement is essential, the purchase department interacts with the vendor and provides this feedback while agreeing on a timeline for completion of the same.

The Company currently has 3,711 live vendors, the Company sources engineering products such as fixtures and parts that go into manufacturing of grinding media. Spare parts include standard, tailor made parts, pre-fabricated parts and fasteners.

- **Stationery is procured from paper producers BILT and International Paper APPM whose plantations are sustainable managed.**
- **Key raw material comprises of metal scrap and Ferro chrome, the final product comprises 60-75% recycled materials such as scraps and returns. Ferro alloys are sourced from well established players such as Tata Steel, Dipak Ferro alloy, Essel mining and Team Ferro alloys.**
- **Sand procured is from the glass industry which produces high silica sand or from legally mined sand sources such as Ankleshwar and Surendra Nagar regions.**
- **In the last two years the Company has worked with the OEMs to improve power consumption in the foundries.**
- **The Company has partnered with quenching oil manufacturers to produce improved oils with a longer life.**
- **The Company monitors transport vehicle life and conditions, permissions and licenses. A monthly physical audit of the vehicle is done jointly by the HR and a company employee selected on a random basis.**
- **The Company partners with local vendors to develop their capacities for product packaging and machining of castings. Local vendor capacity has been developed for:**
 - a. Machining of castings
 - b. Fabrication of parts
 - c. Fasteners
 - d. Electrification requirements such as panel boards and automation

75% of our production is exported, Product packaging is completely local. The Company works with 2,543 local* vendors, 40% of our vendors are local, (*Local - Gujarat region)

The Company has initiated the process of understanding the capability of key suppliers and have already assessed 25-30 core vendors on supply parameters. Performance assessment on environmental and social criteria will be conducted with critical suppliers in 2017-18, this will also include physical audits.

The managerial staff also conduct informal surveys amongst workers to understand their genuine concerns, pay and benefits being received, and the timeliness of these.

The Company ensures that all individuals impacted by the business have access to grievance mechanisms, and no such complaints were received in the period under review.

Environment

Principle 6: Businesses should respect, protect, and make efforts to restore the environment

The Company seeks to minimise the environmental impacts due to its manufacturing activities, it utilizes natural and manmade resources in an optimal and responsible manner and strives to ensure the sustainability of resources.

The Company has initiated the implementation of Integrated Management Systems (ISO 14001:2015 OHSAS 18001:2007) and strives to improve its performances on a continuous basis.

The environment and health and safety policy extends to all units including Welcast Steels Ltd; Bangalore, the Business Heads reports to the MD on policy linked performance.

The Company has developed their Environment Management Systems (EMS) and contingency plans and processes that help them in preventing, mitigating and controlling environmental damages and disasters, which may be caused due to their operations.

The Company reports their environmental performance, including the assessment of potential environmental risks associated with their operations, to the stakeholders in a fair and transparent manner:

- Raw material

The main raw material which is steel is sourced through procurement of scrap from the ship-breaking industry.

The Company mitigates the challenge of raw materials (scrap) by maintaining minimum 2 months stock since during the monsoons mining of bentonite and sand is risky. The Company similarly stocks Ferro Chrome and maintains a high inventory of spares to ensure zero down time.

- Recycling of moulding sand

The Company has integrated mechanical and thermal reclaimers to recycle its moulding sand, this has helped reduce procurement of mined natural sand by 80%.

The Company continuously seeks to improve its environmental performance by adopting cleaner production methods, promoting use of energy efficient and environment friendly technologies and use of renewable energy.

- Clean technology

The Company has moved from LDO fired heat treatment furnaces to PNG fired in Kerala, 4 out of 5 heat treatment furnaces in Moraiya have also switched over, these initiatives were undertaken 2014 onwards.

- Energy

Targets for heat treatment (fuel), melting power, auxiliary power, productivity per man/per month are set annually. Projects undertaken in the reporting period include:

Changing the induction coils in the melting furnaces at our Moraiya units to reduce energy consumed per ton of liquid metal. The Company saved approx. 15 KWH/Metric ton of liquid metal.

Converting the high HP motors at Kerala to I 3 types. The same will also be initiated in Moraiya in the coming reporting period.

- Renewable energy

The Company has installed a 2.1 MW Wind Turbine Generator (WTG) in Kutch which provides power to Moraiya Units, 2.4% of the energy consumed is replaced by renewable energy.

Renewable energy generated in FY 2016-17 by the WTG is 37, 29,510 KWH against total energy requirement of 15,60,00,000 KWH/Annum.

- Water

The Company consumes 1,90,000 KL/Annum of ground water, this is supplied through Gujarat Industrial Development Corporation. Water meters are installed at points of withdrawal and discharge points and a water balance is maintained.

Water conservation projects:

- External spaces have been greened by planting tri-colour, red and white alternethra plants in the Kerala units, this replaced the conventional water intensive lawns.
- Moraiya and Kerala plants have recharge wells where roof top water is channelled for ground water recharge.
- Moraiya and Kerala plants are also zero discharge units
- Domestic (canteen, washroom) waste water is treated and reused in the sand and casting cooling processes.

- Waste

The Company takes waste management seriously and works towards reducing, reusing and recycling its waste wherever possible.

- Currently, 25% of waste sand generated (fines and waste/ slag residue) is reused for:
 - Co-processing in the cement industry
 - Re-use at industrial constructions (roads and pavements)
- 100kgs of canteen waste, dried leaves and vegetation generated at the Kerala plant is processed in the recently installed Bioneer composting plant. The manure generated is used in the horticulture garden and lawns.
- The Company plans to introduce the Bioneer machines in Moriya and Odhav over the next two years.

Oil quenching sludge and used oil is stored and disposed through designated waste handlers at pre-determined intervals.

	Key Criteria	Unit Of Measure	Grinding Media	Liners-VSMS
			FY-2016-17	FY-2016-17
Energy	Furnace Power/Metric Ton of Liquid metal charge	KWH	634.7	610.41
	PNG for Heat Treatment/Metric Ton of Gas fired quenched production	SCM	34.67	61.64
Water	Usage of Water for Production unit(KL/MT)	KL/MT	1.12	1.03
Waste	Waste sand & slag residue(MT) per Metric ton of production	MT/MT Of Production	0.05	0.05

The above information provided is for reductions achieved in the production process in the reporting period.

- Air Emissions

The Company takes the necessary measures to check and prevent pollution. All stacks are =>30 meters in height and have an online stack monitoring system that monitors Sox, NOx and PM. Apart from this the Company contracts with a third party to monitor air quality as per ambient air norms. These are also reported to SPCB as per the process prescribed by them every year.

The Dust Extraction (DE) system or Fume Extraction (FE) system is linked to the production equipment functioning, failure in any of these will trigger an alarm which automatically shuts down production.

- Industrial waste water

The induction furnace slag when formed is at 800deg C or more, high TDS cooling tower blow down water is re-used to quench the slag and cool it to room temperature.

There are no show cause and legal notices received during the year which are pending from the CPCB or SPCB at any of the Company's operations.

Policy Advocacy

Principle 7: Businesses, when engaged in influencing public and regulatory policy, should do so in a responsible manner

The Company is an active member of several industry and trade bodies and regularly participates in industry events and dialogue leading to policy formulation by various regulatory bodies.

The Company is a member of the Gujarat Chamber of Commerce and Industry, FICCI, CII, Institute of Indian Foundry Men, Indian Institute of Materials Management.

Inclusive Growth

Principle 8: Businesses should support inclusive growth and equitable development

The Company has adopted the Corporate Social Responsibility (CSR) policy and a CSR committee of the board guides policy implementation, monitoring and reporting. The CSR policy is available on the website of the Company.

The Company has made contributions to various NGO/Agencies for various CSR projects for the period under review and has spent ₹ 618.63 lakhs towards the same. The Company through feedback from the NGO/Agencies ensures that the contribution made by the Company is utilised for the purpose for which it was made and that the community development initiative is successfully adopted by the community.

Please refer to the CSR Report annexed to the Board's Report of FY 2016-17.

The Company has incorporated a Section 8 Company 'AIA CSR Foundation' and desires to spend its CSR funds through the Foundation. The Foundation is now evaluating suitable projects to finalise its CSR spends.

Value to customers

Principle 9: Businesses should engage with and provide value to their customers and consumers in a responsible manner

The Company makes continuous efforts to understand its customer needs, business requirements and develops products that add value to its customers.

The Company continuously researches on metallurgy that improves product performance, reduce costs for customers. Products like the high chrome grinding media, liners have increased longevity, thus reducing frequency of consumption at customer's end in the long run.

The Company conducts a detailed study of its customer's plants / equipment, applications, productivity, wear life-cycle, safety and energy efficiency. The technical and marketing teams propose optimum solutions and metallurgy of high quality to enhance its lifetime. Post sales services ensure that customers derive maximum benefit.

The Company ensures that they do not restrict the freedom of choice and free competition in any manner while designing, promoting and selling their products.

The Company promotes and advertises its products through direct marketing activities such as technical seminars, one-on-one meetings. The Company ensures that its representatives do not mislead or confuse the consumers or violate any of the principles in these Guidelines.

ANNEXURE - "D"

DIVIDEND DISTRIBUTION POLICY

Objective:

The objective of this Policy is to ensure the right balance between the quantum of Dividend and amount of profits retained in the business for various purposes. Towards this end, the Policy lays down parameters to be considered by the Board of Directors (the "Board") of the AIA Engineering Limited (the "Company") for declaration of Dividend from time to time.

Philosophy:

The philosophy of the Company is to maximise the shareholders' wealth in the Company through various means. The Company believes that driving growth creates maximum shareholder value. Thus, the Company would first utilise its profits for working capital requirements, capital expenditure to meet expansion needs, reducing debt from its books of accounts, earmarking reserves for inorganic growth opportunities and thereafter distributing the surplus profits in the form of dividend to the shareholders.

Regulatory Framework:

The Securities and Exchange Board of India ("SEBI") vide its Notification dated July 08, 2016 has amended the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "SEBI Listing Regulation") by inserting Regulation 43A in order to make it mandatory to have a Dividend Distribution Policy (the "Policy") in place by the top five hundred listed companies based on their market capitalization calculated as on the 31st day of March of every year.

The Company being one of the top five hundred listed companies as per the market capitalization as on the last day of the immediately preceding financial year, frames this policy to comply with the requirements of the SEBI Listing Regulation.

The Policy shall not apply to:

- Determination and declaring dividend on preference shares as the same will be as per the terms of issue approved by the shareholders.
- Distribution of dividend in kind, i.e. by issue of fully or partly paid bonus shares or other securities, subject to applicable law;
- Distribution of cash as alternative to payment of dividend by way of buyback of equity shares.

GENERAL POLICY OF THE COMPANY AS REGARDS DIVIDEND:

The general consideration of the Company for taking decisions with regard to dividend payout or retention of profits shall be as following:

1. Subject to the considerations as provided in the Policy, the Board shall determine the dividend payout in a particular year after taking into consideration the operating and financial performance of the Company, the advice of Advisory Board and other relevant factors.
2. The Board may also, where appropriate, aim at distributing dividends in kind, subject to applicable law, in form of fully or partly paid shares or other securities.
3. Company's Dividend Policy is to distribute 10-25% of its consolidated net profit as dividend (including Dividend Distribution Tax).

A. CIRCUMSTANCES UNDER WHICH DIVIDEND PAYOUT MAY OR MAY NOT BE EXPECTED:

The shareholders of the Company may not expect Dividend under the following circumstances:

- Whenever it undertakes or proposes to undertake a significant expansion project requiring higher allocation of capital;
- Significantly higher working capital requirements adversely impacting free cash flow;
- Whenever it undertakes any acquisitions or joint ventures requiring significant allocation of capital;
- Whenever it proposes to utilise surplus cash for buy-back of securities;
- In the event of inadequacy of profits or whenever the Company has incurred losses.

B. PARAMETERS FOR DECLARATION OF DIVIDEND:

In line with the philosophy stated above, the Board of the Company shall consider the following parameters for declaration of Dividend.

The Financial Parameters/Internal Factors:

The Board of the Company would consider the following financial parameters before declaring or recommending dividend to shareholders:

- Consolidated net operating profit after tax;

- Working capital requirements;
- Capital expenditure requirements;
- Resources required to fund acquisitions and/or new businesses
- Cash flow required to meet contingencies;
- Outstanding borrowings;
- Past dividend trends;
- Net sales of the Company;
- Return on invested capital; and
- Any other factor as deemed fit by the Board.

C. INTERNAL & EXTERNAL FACTORS TO BE CONSIDERED FOR DECLARATION OF DIVIDEND:

The Board of the Company would consider the following internal/external factors before declaring or recommending dividend to shareholders:

INTERNAL FACTORS

- Past performance/reputation of the Company
- Age of the Company and its product/market

EXTERNAL FACTORS

- Prevailing legal requirements, regulatory conditions or restrictions laid down under the Applicable Laws including tax laws;
- Dividend pay-out ratios of companies in the same industry;
- Product/Market expansion plan;
- Macroeconomic conditions; and
- Expectations of major stakeholders including small shareholders.

D. MANNER OF UTILISATION OF RETAINED EARNINGS:

The Board may retain its earnings in order to make better use of the available funds and increase the value of the stakeholders in the long run. The decision of utilisation of the retained earnings of the Company shall be based

on the following factors:

- Market expansion plan;
- Product expansion plan;
- Increase in production capacity;
- Modernization plan;
- Diversification of business;
- Long term strategic plans;
- Replacement of capital assets;
- Where the cost of debt is expensive; and
- Other such criteria as the Board may deem fit from time to time.

E. PARAMETERS FOR VARIOUS CLASSES OF SHARES:

1. The factors and parameters for declaration of dividend to different class of shares of the Company shall be same as covered above.
2. The payment of dividend shall be based on the respective rights attached to each class of shares as per their terms of issue.
3. The dividends shall be paid out of the Company's distributable profits and/or general reserves, and shall be allocated among shareholders on a pro-rata basis according to the number of each type and class of shares held.

Dividend when declared shall be first paid to the preference shareholders of the Company as per the terms and conditions of their issue.

AMENDMENT

This Policy would be subject to modification in accordance with the guidelines/clarifications as may be issued from time to time by the relevant statutory and regulatory authority. The Board may modify, add or amend any of the provisions of this Policy. Any exceptions to the Dividend Distribution Policy must be consistent with the Regulations and must be approved in the manner as may be decided by the Board.

MANAGEMENT DISCUSSION AND ANALYSIS

A. INDUSTRY OVERVIEW:

AIA Engineering Ltd. (AIAE) manufactures and markets a wide range of High Chromium consumable wear parts (mill internals) which are used in the process of Crushing/Grinding in the Cement, Mining, Thermal Power and Aggregate Industries. The Company employs alloy-casting process for manufacture of the products, which entails designing and choosing the high-chrome alloy composition in relation to the end application.

AIAE now sells and services customers in more than 120 countries. Most of the growth is now targeted from the large opportunity of converting conventional grinding media used in the mining industry which are manufactured using the forging process and replacing them by cast high chrome grinding media. In line with this mission, Company has grown its presence in the mining space by increasing its sales which includes customers in gold, platinum, iron ore and copper ores.

As a significant development in the FY 2016-17, raw material prices were very volatile. In the last financial year, commodity prices started with soft prices and then towards the end of the financial year, commodity prices moved up significantly in line with increased purchases from China. This is reflected in our quarterly raw material

prices also as they moved up in the 4th quarter. Along with raw material prices, shipping rates also saw a significant increase in most sea routes on account of major consolidation in the shipping industry.

On the business front, Cement markets continue to remain flat worldwide in line with trends observed over past many years. In mining segment, as per our internal estimates, the present annual requirement of consumable wear parts is in the region of around 3 million tons per annum. Bulk of this is presently met by forged components, with less than 15% being serviced by high chrome wear parts. The prospect of conversion of the conventional wear parts into high chrome use is a sizeable opportunity available to AIAE.

As far as prospects in India are concerned, GDP growth forecast of 7% in India pre-supposes an improved manufacturing base and infrastructural push, which makes domestic business prospect for AIAE better albeit on a smaller base.

B. SEGMENTWISE PERFORMANCE:

The Company primarily operates in only one segment i.e. manufacturing of High Chrome Mill Internals. In Fiscal Year 2016-17, 30.51% of its total sales came from India while balance 69.49% came from sales outside India.

C. OUTLOOK AND PROSPECTS:

AIAE has a strategic direction linked to growth in its market share in the mining segment. In FY 2016-17, significant contribution in your Company's growth has come from the mining industry. The growth prospects are primarily emanating out of the large annual replacement market in this industry. Here, we are currently catering to the requirements of four major metal ore types, viz., Iron, Platinum, Gold and Copper, with total emphasis on the replacement market. Again the Company is now focusing on certain strategic drivers in the Mining Segment over and above the cost reduction due to much lower wear rates owing to High Chrome, viz. improved process efficiencies, reduction in the cost of other consumables (other than high-chrome grinding media), significantly reduced environment hazards and consequentially improved environmental benefits, etc. for providing comprehensive solution to the mining industry. This has helped your Company in creating a unique positioning which augurs well for the consistent and steady growth in this industry over medium to long term. During last few years, we have steadily increased our presence in the major mining groups across the globe with a stronger focus on major mining centers like North America, Latin America, Australia, Africa, and the Far East Asia, etc. Over the coming years your Company has fairly aggressive growth plans so as to capitalize upon the available opportunity in the mining segment and the vision is to emerge as the leading global solution provider in this segment. While the current focus of the Company in mining segment is outside India, your Company also has a major share of the domestic mining demand and shall be able to capture incremental demand as and when the same arises.

In as much as the cement segment is concerned, the near-term prospects continue to remain flat, although in India it seems that the average capacity utilization levels of cement companies have started to go up. As and when India's cement production will go up your Company will be an immediate beneficiary in terms of incremental production going to service the additional requirement. On the global front, most developing and developed markets continue to be marginal growth phase reflecting flat sales for AIAE. In China, the Company currently maintains a limited presence by marketing specific products. On the whole in near term your Company continues to believe that the overall production and sales will remain flat in this segment.

In as much as the thermal power plants are concerned the Company continues to enjoy a niche position in this particular segment in India. The Company will strive to maintain a steady growth rate in this particular segment matching with the rate at which the sector grows.

D. CAPEX PLAN:

The Company's effective capacity reached 3,40,000 Metric Tonnes after successful commission of Phase I of Kerala GIDC brownfield expansion project during FY 2016-17. We are on track for implementing second phase of capital expenditure plan at GIDC Kerala involving augmentation of the total capacity by further 1,00,000 MT, which is expected to be commissioned in FY 2018-19 which will take the total installed capacity to 4,40,000 MT. The incremental Capex required to be incurred for the second phase is estimated around ₹ 350 crores and the same is being funded entirely from internal cash accruals.

E. RISKS AND CONCERNS:

Given its large exports, the Company is exposed to foreign exchange rate fluctuation risk. The Company closely monitors the Currency movements and has a prudent hedging policy to mitigate this risk.

Another major concern is with regard to fluctuation in the raw material prices. However, the Company has converted major portion of its contracts from fixed price to fluctuating price regime. Again, the Company is closely monitoring raw material price movements and is regularly buying the raw materials during low price cycles so as to average out the impact of price fluctuations.

The Company is exposed to certain operating business risks, similar to most manufacturing companies, which is mitigated by regular monitoring and corrective actions. To protect itself against debtor defaults, which risk has increased due to the state of global economy and commodity price melt down, the Company has taken a Comprehensive Credit Insurance Policy.

F. INTERNAL CONTROL SYSTEM AND THE ADEQUACY:

The Company has proper and adequate systems of internal controls commensurate with its size and nature of operations to provide reasonable assurance that all assets are safeguarded, transactions are authorized, recorded & reported properly and to ascertain operating business risks, which are mitigated by regular monitoring and corrective actions. The internal control systems have been designed so as to ensure that the financial and other records are reliable and reflect a true and fair

view of the state of the Company's business. The Company has successfully migrated to the SAP-ERP system which has also helped in further strengthening the Internal Control System.

Again, during the fiscal year 2016-17 your Company has comprehensively reviewed and re-designed the Internal Financial Controls across the organisation encompassing all key functional areas as well as covering the entire gamut of entity/operational level controls commensurate with the nature and size of business.

A qualified and independent Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of Internal Control Systems as well as Internal Financial Controls and suggests improvements for strengthening them. Similarly the Internal Auditors are also monitoring the Internal Control/ Internal Financial Control Systems.

The Members of
AIA Engineering Limited

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of AIA Engineering Limited ('the Company'), which comprise the Balance Sheet as at 31st March, 2017, the Statement of Profit and Loss (including other comprehensive income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended and a summary of the significant accounting policies and other explanatory information (herein after referred to as "standalone Ind AS financial statements").

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with relevant rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and

fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of standalone Ind AS financial statement in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the financial position of the Company as at 31st March, 2017, and its financial performance including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

ANNEXURE A

TO INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under the heading of "Report on Other Legal and Regulatory Requirements" of our report of even date)

- (i) In respect of its fixed assets:
 - (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation of fixed assets;
 - (b) As explained to us, majority of the fixed assets have been physically verified by the management during the year and there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
 - (c) Based on our audit procedures and on the basis of information and explanations given to us by the management, the title deeds of immovable properties are held in the name of the Company.
- (ii) The inventories have been physically verified during the year by the management. In our opinion, the frequency of verification is reasonable. As explained to us, there were no material discrepancies noticed on physical verification of inventories as compared to the book records.
- (iii) During the year, the Company has not given any loans, secured or unsecured to the companies, firms, LLP or other parties covered in the register maintained under Section 189 of the Companies Act, 2013. Hence, Clause (iii) (a), (b) and (c) are not applicable to the Company.
- (iv) Based on our audit procedures and on the basis of information and explanations given to us by the management, provisions of Section 185 and 186 of the Companies Act, 2013 in respect of loans, investments, guarantees, and security have been complied with.
- (v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposit and hence the provisions of Section 73 to 76 or any other relevant provisions of the Companies Act and the Companies (Acceptance of Deposits) Rules, 2014, with regard to the deposits accepted are not applicable to the Company. Therefore, the provisions of Clause (v) of paragraph 3 of the Order are not applicable to the company. According to the information and explanations given to us, no order has been passed by Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal.
- (vi) We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014 prescribed by the Central Government under Section 148(1) of the Companies Act, 2013 and are of the opinion that prima facie the prescribed cost records have been so made and maintained. We have, however, not made a detailed examination of the cost records with the view to determine whether they are accurate or complete.
- (vii) In respect of statutory dues:
 - (a) According to the records of the Company, the Company is regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other statutory dues applicable to it. According to the information and explanations given to us, no undisputed amounts payable in respect of the aforesaid statutory dues were in arrears as at 31st March, 2017 for a period of more than six months from the date they became payable.

- (b) The disputed statutory dues aggregating to ₹ 13,947.26 lacs, that have not been deposited on account of disputed statutory matters pending before appropriate authorities are as under:

ANNEXURE B

TO INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 2(f) under the heading of "Report on Other Legal and Regulatory Requirements" of our report of even date)

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls over financial reporting of AIA Engineering Limited ("the Company") as of 31st March, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on audit of internal financial controls over financial reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on audit of internal financial controls over financial reporting and the Standards on Auditing, both issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of

internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation

of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of

changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India.

Notes

to the Standalone Financial Statements for the financial year ended 31st March, 2017

Company Overview & Significant Accounting Policies

1. Reporting Entity

AIA Engineering Limited (the 'Company') is a Company domiciled in India, with its registered office situated at 115, G.V.M.M Estate, Odhav Road, Odhav, Ahmedabad-382410, Gujarat, India. The Company has been incorporated under the provisions of Companies Act applicable in India and its equity shares are listed on the National Stock Exchange of India Ltd. (NSE) and BSE Ltd. in India. The Company is primarily involved in manufacturing of High Chrome Mill Internals.

2. Basis of preparation

(a) Statement of compliance with Ind AS

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016 notified under Section 133 of Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

The Company has adopted all the relevant Ind AS and the adoption was carried out in accordance with Ind AS 101, "First Time Adoption of Indian Accounting Standards". The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (IGAAP), which was the previous GAAP. Reconciliation and description of the effect of the transition have been summarized in Note 46.

The transition to Ind AS has resulted in changes in the presentation of the financial statements, disclosures in the notes thereto and accounting policies and principles.

The financial statements were authorized for issue by the Company's Board of Directors on 25/05/2017

Details of Significant accounting policies are included in the Note 3

(b) Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the functional currency. All the amounts have been rounded off to the nearest lacs, unless otherwise indicated.

(c) Basis of Measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Investments in Mutual Funds	Fair value
Employee Defined Benefit Plans	Plan Assets measured at fair value less present value of defined benefit obligation
Certain Financial Assets & Liabilities (Including Derivative Instruments)	Fair value

(d) Use of Estimates and Judgements

In preparing these financial statements, management has made judgements, estimates, and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, incomes and expenses. Actual results may differ from these estimates.

Estimates

Estimates and underlying assumptions are reviewed on an ongoing basis. They are based on historical experience and other factors including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances. Revisions to the accounting estimates are recognised prospectively.

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is included in the respective note.

Assumptions and Estimation Uncertainties:

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment within the next financial year are included in the respective note.

(e) Measurement of Fair Values

The Company has established control framework with respect to the measurement of fair values. The Company regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the Company assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in fair value hierarchy in which the valuations should be classified.

Significant valuation issues are reported to the Company's Board of Directors.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1 - quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 - inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e as prices) or indirectly (i.e derived from prices).

Level 3 - inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in the respective note.

3. Significant Accounting Policies

a. Foreign Currency

Transactions in foreign currencies are translated into the functional currency of the Company at exchange rates at the date of transactions or an average rate if the average rate approximates the actual rate at the date of transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in foreign currency are translated at the exchange rate at the date of transaction. Exchange differences are recognised in the profit or loss, except exchange differences arising from the translation of qualifying cash flow hedges to the extent hedges are effective which are recognised in Other Comprehensive Income (OCI).

b. Financial Instruments

1. Financial Assets

i) Classification

The Company classifies its financial assets in the following measurement categories:

- Those measured at amortized cost and
- Those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss)

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

- A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL :
 - the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
 - the contractual terms of a financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL :
 - the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
 - the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- Financial assets are not reclassified subsequent to their initial recognition except if and in the period the Company changes its business model for managing financial assets.

ii) Measurement

At initial recognition, the Company measures a financial asset when it becomes a party to the contractual provisions of the instruments and measures at its fair value except trade receivables which are initially measured at transaction price. Transaction costs are incremental costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss. A regular way purchase and sale of financial assets are accounted for at trade date.

iii) Subsequent Measurement and Gains and Losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains including any interest or dividend income, are recognized in profit or loss.
Financial assets at amortized cost	These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognized in profit or loss. Any gain or loss on de-recognition is recognized in profit or loss.

iv) Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

2. Financial Liabilities

i) Classification, Subsequent Measurement and Gains and Losses

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held- for- trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.

ii) Derecognition

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in the profit or loss.

3. Offsetting

Financial assets and financial liabilities are off set and the net amount presented in the Balance Sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

4. Investment in Subsidiaries

Investment in subsidiaries is carried at cost in the separate financial statements.

c. Derivative Instruments and Hedge Accounting

The Company strictly uses foreign currency forward contracts/interest rate swap to hedge its risks associated with foreign currency/interest rate fluctuations relating to certain forecasted transactions. As per Ind AS 109-Financial Instruments- Foreign currency forward contract/interest rate swap derivative instruments are initially measured at fair value and are re-measured at subsequent reporting dates. Changes in the fair value of these derivatives that are designated and effective as hedges of future cash flows are recognized in Hedging Reserve (under reserves and surplus) through OCI and the ineffective portion is recognized immediately in the Statement of Profit and Loss.

The accumulated gains/losses on the derivatives accounted in Hedging Reserve are transferred to the Statement of Profit and Loss in the same period in which gains/losses on the underlying item hedged are recognized in the Statement of Profit and Loss.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. When hedge accounting is discontinued for a cash flow hedge, the net gain or loss will remain in Hedging Reserve and be reclassified to the Statement of Profit and Loss in the same period or periods during which the formerly hedged transaction is reported in the Statement of Profit and Loss. If a hedged transaction is no longer expected to occur, the net cumulative gains / losses recognized in Hedging Reserve is transferred to the Statement of Profit and Loss.

d. Property, Plant and Equipment

i. Recognition and Measurement

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation, and accumulated impairment losses, if any, except freehold land which is carried at historical cost.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labor, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Useful lives have been determined in accordance with Schedule II to the Companies Act, 2013. The residual values are not more than 5% of the original cost of the asset.

Capital Work-in-progress includes cost of assets at sites and constructions expenditure.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

ii. Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1st April, 2015, measured as per the previous GAAP, and use that carrying value as the deemed cost of such property, plant and equipment.

iii. Subsequent Expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

iv. Depreciation/Amortisation

Depreciation is calculated on cost of items of property, plant and equipment (other than freehold land and properties under construction) less their estimated residual values over their estimated useful lives using the straight-line method and is generally recognised in the statement of profit and loss. Amortization on leasehold land is provided over the period of lease.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives best represent the period over which management expects to use these assets.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (up to) the date on which asset is ready for use (disposed of).

v. Derecognition

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of assets.

e. Intangible Assets

i. Initial Recognition and Classification

Goodwill is not amortised. It is tested annually for impairment.

Other intangible assets including those acquired by the Company are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

ii. Subsequent Expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures are recognised in profit or loss as incurred.

iii. Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets recognised as at 1st April, 2015, measured as per the previous GAAP, and use that carrying value as the deemed cost of such intangible assets.

iv. Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over the estimated useful lives using the straight line method, and is included in depreciation and amortisation in Statement of Profit and Loss.

The estimated useful lives of software are 6 years. Patents are amortized over a period of 20 years on straight basis as the benefits are generally available to the company for more than 10 years. Goodwill is not amortized and is tested for impairment annually.

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

v. Derecognition

An item of an intangible asset is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of assets.

f. Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories includes expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their present location and condition. In the case of manufactured inventories and work-in-progress, cost includes an appropriate share of fixed production overheads based on normal operating capacity.

Cost of raw materials, stores and spares are determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

Raw materials, components and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value.

The comparison of cost and net realisable value is made on an item-by-item basis.

Excess/shortages if any, arising on physical verification are absorbed in the respective consumption accounts.

g. Impairment

i. Impairment of Financial Assets

The Company recognizes loss allowances for financial assets measured at amortized cost using expected credit loss model.

At each reporting date, the Company assesses whether financial assets carried at amortized cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

For trade receivables, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

For all other financial assets, the Company measures loss allowances at an amount equal to twelve months expected credit losses unless there has been a significant increase in credit risk from initial recognition in which those are measured at lifetime expected credit risk.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial asset. Twelve months expected credit losses are the portion of lifetime expected credit losses that represent the expected credit losses that result from default events on a financial instrument that are possible within the twelve months after the reporting date (or a shorter period if the expected life of the instrument is less than twelve months).

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than 360 days past due. The Company considers a financial asset to be in default when the borrower is unlikely to pay its credit obligations to the Company in full.

Measurement of Expected Credit Losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Presentation of Allowance for Expected Credit Losses in the Balance Sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines (on the basis of availability of the information) that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

ii. Impairment of Non-Financial Assets

The Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

An impairment loss is recognised if the carrying amount of an asset exceeds its estimated recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss.

In respect of assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

h. Employee Benefits

i. Short Term Employee Benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided.

ii. Defined Contribution Plan

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions towards Government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in profit or loss in the periods during which the related services are rendered by employees.

Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

iii. Defined Benefit Plan

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount using market yields at the end of reporting period on government bonds and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the Asset Ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

i. Provisions (other than Employee Benefits), Contingent Liabilities and Contingent Assets

A provision is recognized when the Company has a present legal obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognized but are disclosed in the notes to the financial statements. A contingent asset is neither recognized nor disclosed if inflow of economic benefit is probable.

j. Revenue Recognition

i. Sale of Goods:

Revenue from the sale of goods in the course of ordinary activities is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and volume rebates. Revenue is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing effective control over, or managerial involvement with, the goods, and the amount of revenue can be measured reliably.

Notes

to the Standalone Financial Statements for the financial year ended 31st March, 2017

The timing of transfers of risks and rewards varies depending on the individual terms of sale, usually in case of domestic, such transfer occurs when the product is sold on ex-works; however, for exports transfer occurs upon loading the goods onto the relevant carrier at the port of seller. Generally for such products buyer has no right to return.

- ii. **Export Benefits**
Export benefits are recognised as income on all the eligible exports and where there is no significant uncertainty regarding the ultimate collection of relevant exports.
- k. **Recognition of Dividend Income, Interest Income**
Dividend on financial instruments is recognized as and when realized. Interest is recognized on accrual basis.
- l. **Income Tax**
Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.
 - i. **Current Tax**
Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date. Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.
 - ii. **Deferred Tax**
Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.
Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets - unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.
Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.
The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.
Deferred tax assets and liabilities are offset only if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different taxable entities, but they intend to settle current tax liabilities and assets on net basis or their tax assets and liabilities will be realised simultaneously.
- m. **Cash and Cash Equivalents**
Cash and cash equivalents include cash and cheques in hand, bank balances, demand deposits with banks and other short term highly liquid investments that are readily convertible to know amounts of cash and which are subject to an insignificant risk of changes in value where original maturity is three months or less.
- n. **Borrowing Cost**
Borrowing cost are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest cost) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of cost of asset until such time the assets are substantially ready for their intended use. Other borrowing costs are recognised as an expense in the period in which they are incurred.
- o. **Earnings Per Share**
Basic earnings per share is calculated by dividing the net profit after tax for the year attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is calculated by dividing net profit attributable to equity shareholders (after adjustment for diluted earnings) by average number of weighted equity shares outstanding during the year plus potential equity shares.
- p. **Cash Flow Statement**
Cash flows are reported using the indirect method whereby the profit before tax is adjusted for the effect of the transactions of a non cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

The Methods and types of assumptions used in preparing the sensitivity analysis did not change compared to prior period.

Gratuity and Leave benefits liabilities of the Company are funded. There are no minimum funding requirements for Leave benefits plans in India and there is no compulsion on the part of the Company to fully pre fund the liability of the Plan. The trustees of the plan have outsourced the investment management of the fund to an insurance company. The insurance company in turn manages these funds as per the mandate provided to them by the trustees and the asset allocation which is within the permissible limits prescribed in the insurance regulations. Due to the restrictions in the type of investments that can be held by the fund, it may not be possible to explicitly follow an asset-liability matching strategy to manage risk actively in a conventional fund.

Credit Risk

Credit risk arises from the possibility that the counter party may not be able to settle the obligation as agreed. To manage this, the Company periodically assesses financial reliability of customers, taking into account the financial condition, current economic trends and analysis of historical bad debts and ageing of accounts receivable. Customer wise limits are set accordingly.

The Company considers the probability of default of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forward-looking information such as:

- i) Actual or expected significant adverse changes in business.
- ii) Actual or expected significant changes in the operating results of the counterparty.
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations.
- iv) Significant increase in credit risk on other financial instruments of the same counterparty.

The Company categorizes financial assets based on the assumptions, inputs and factors specific to the class of financial asset into High-quality assets, negligible credit risk; Quality assets, low credit risk; Standard assets, moderate credit risk; Substandard assets, relatively high credit risk; Low quality assets, very high credit risk; Doubtful assets, credit impaired.

Financial assets are written off when there are no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. The Company categorizes a loan or receivable for write off when a debtor fails to make contractual payments greater than one year past due. Where loans or receivables have been written off, the Company continues engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in profit or loss.

Market Risk-Foreign Currency Risk

The Company operates internationally and large portion of the business is transacted in several currencies. Consequently, the Company is exposed to foreign exchange risk through its sales in overseas and purchases from overseas suppliers in various foreign currencies. Exports of the Company are significantly higher in comparison to its imports. As a policy the Company does not cover the foreign exchange requirements for its imports and the same is managed from the export earnings in foreign currency. Foreign currency exchange rate exposure for exports is managed by prudent hedging policy.

Derivative financial instruments

The Company holds derivative financial instruments such as foreign currency forwards and interest rate swaps to mitigate the risk of changes in exchange rate on foreign currency exposures. The counterparty for these contracts is generally banks. These derivative financial instruments are value based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in the market place.

Commodity Risk

Principal Raw Material for Company's products is scrap and ferro chrome. Company sources its raw material requirement from domestic and international markets. Domestic market price generally remains in line with international market prices. Volatility in metal prices, currency fluctuation of rupee vis a vis other prominent currencies coupled with demand-supply scenario in the world market affect the effective price of scrap and ferrous metal. Company effectively manages availability of material as well as price volatility through:

- (i) Widening its sourcing base.
- (ii) Appropriate contracts and commitments.
- (iii) Well planned procurement & inventory strategy.

Risk committee of the Company has developed and enacted a risk management strategy regarding commodity price risk and its mitigation.

Consumption details of Scrap and Ferro Chrome:

(B) CAPITAL RISK MANAGEMENT

A. The Company's objectives when managing capital are to:

- safeguard their ability to continue as a going concern so that they can continue to provide return for shareholders and benefits for other stakeholders.
- maintain an optimal capital structure to reduce the cost of capital.

The Company monitors capital on the basis of the following debt equity ratio

(₹ in Lacs)

Particulars	As at 31st March, 2017	As at 31st March, 2016	As at 1st April, 2015
Debt	14,031.14	16,968.28	8,956.78
Total Equity	2,42,207.97	2,05,133.68	1,74,070.96
Debt to Total Equity	0.06	0.08	0.05

Debt includes borrowings and other financial liabilities.

Company believes in conservative leverage policy.

Company's moderate capex plan over the medium term shall be largely funded through internal accruals and suppliers' credit.

Notes

- B. The Company follows the policy of Dividend for every financial year as may be decided by the Board considering financial performance of the Company and other internal and external factors enumerated in the Company's dividend policy.

Company's Dividend policy is to distribute 10-25% of its net profit as dividend (including Dividend Distribution Tax)

Note - 43. FINANCIAL INSTRUMENTS :

The Company uses the following hierarchy for determining the fair value of financial instruments by valuation technique :

Level 1 : Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2 : Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3 : Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Note - 46. FIRST TIME ADOPTION OF IND AS

As stated in Significant Accounting Policies these are the first Financial Statements prepared in accordance with Ind AS. For the year ended 31st March, 2016 the Company had prepared its Financial Statements in accordance with the Accounting Standards specified under Section 133 of the Companies Act, 2013 ("the Act") read with rule 7 of the Companies (Accounts) Rules, 2014 and the other relevant provisions of the Act.

The accounting policies set out in Significant Accounting Policies have been applied in preparing these Financial Statements for the year ended 31st March, 2017 including the comparative information for the year ended 31st March, 2016 and the opening Ind AS Balance Sheet on the date of transition i.e 1st April, 2015.

In preparing its Ind AS Balance Sheet as at 1st April, 2015 and in presenting the comparative information for the year ended 31st March, 2016, the Company has adjusted amounts reported previously in Financial Statements prepared in accordance with IGAAP. This note explains the principal adjustments made by the Company in restating its Financial Statements prepared in accordance with IGAAP and how the transition from IGAAP to Ind AS has affected the Company's financial position, financial performance and cash flows.

Notes

to the Standalone Financial Statements for the financial year ended 31st March, 2017

Set out below are the applicable Ind AS 101 Optional Exemptions and Mandatory Exceptions applied in the transition from IGAAP to Ind AS.

A. Optional Exemptions availed :

1 Business Combinations :

The Company has elected not to apply Ind AS 103 Business Combinations retrospectively to past business combinations that occurred before the date of transition of 1st April, 2015. Consequently,

- i. The Company has kept the same classification for the past business combinations as in its IGAAP Financial Statements.
- ii. The Company has tested the goodwill for impairment at the date of transition based on the conditions as of the date of transition.
- iii. Goodwill previously included within intangible assets under IGAAP has been recognised separately in the opening Balance Sheet in accordance with Ind AS 103.
- iv. Goodwill represents the amount recognized under the IGAAP subject to specific adjustments as prescribed under Ind AS 101.

2 Deemed Cost - Property, Plant and Equipment and Intangible Assets:

As permitted by Ind AS 101, the Company has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets recognised as of 1st April, 2015 (date of transition) measured as per the IGAAP and used that carrying value as its deemed cost as of the date of transition.

3 Cumulative Translation Differences on foreign operations:

As per Ind AS 101, an entity may deem that the cumulative translation differences for all foreign operation to be zero as at the date of transition by transferring any such cumulative difference to retained earnings. The Company has elected to avail of this exemption.

4 Long Term Foreign Currency Monetary Items:

The Company has opted for the exemption given in para D-13 AA of Ind AS 101 in respect of long term foreign currency monetary items. The exchange differences arising on reporting of long term foreign currency items at rates different from those at which they were initially recorded during the period, or reported in previous Financial Statements, in so far as they relate to the acquisition of a depreciable capital asset are added to or deducted from the cost of the asset and are depreciated over the balance life of the asset.

B. Mandatory Exceptions:

1 Estimates

As per Ind AS 101, an entity's estimates in accordance with Ind AS at the date of transition to Ind AS presented in the entity's first Ind AS Financial Statements as the case may be, should be consistent with estimates made for the same date in accordance with the IGAAP unless there is objective evidence that those estimates were in error. However, the estimates should be adjusted to reflect any differences in accounting policies.

As per Ind AS 101, where application of Ind AS requires an entity to make certain estimates that were not required under IGAAP, those estimates should be made to reflect conditions that existed at the date of transition (for preparing opening Ind AS Balance Sheet) or at the end of the comparative period (for presenting comparative information as per Ind AS).

The Company's estimates under Ind AS are consistent with the above requirements. Key estimates considered in preparation of the Financial Statements that were not required under the previous GAAP are listed below.

- i. Fair valuation of financial instruments carried at FVTPL and/or FVOCI.
- ii. Impairment of financial assets based on the expected credit loss model.
- iii. Determination of the discounted value for financial instruments carried at amortized cost.

2 Derecognition of Financial Assets and Liabilities

As per Ind AS 101, an entity should apply the derecognition requirements in Ind AS 101, Financial Instruments, prospectively for transactions occurring on or after the date of transition to Ind AS.

However, an entity may apply the derecognition requirements retrospectively from a date chosen by it if the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognized as a result of past transactions was obtained at the time of initially accounting for those transactions.

The Company has elected to apply the derecognition principles of Ind AS 109 prospectively.

3 Classifications and Measurement of Financial Assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of facts and circumstances that exist at the date of transition to Ind AS.

Notes to first time adoption

a. Goodwill :

Under previous GAAP Goodwill had been amortized. Under Ind AS Goodwill is not amortized and is tested annually for impairment.

Accordingly, amortized amount of Goodwill is written back.

b. Investment :

Under previous GAAP, investment in Mutual Funds were classified in to current Investments. Current Investment were carried at lower of cost or fair value. Under Ind AS these Investments are required to be measured at Fair Value either Through OCI (FVTOCI) or through Profit & Loss (FVTPL). The Company has opted to Fair Value these Investments Through Profit & Loss (FVTPL). Accordingly, resulting fair value change of these Investments have been recognised in retained earnings as at the date of transition and subsequently in the Profit & Loss account for the year ended 31st March, 2016.

Notes

to the Standalone Financial Statements for the financial year ended 31st March, 2017

c. Hedging Instruments :

Under the previous GAAP, Company had used principle of AS – 30 to the extent it does not conflict with Accounting Standards specified under Section 133 of Companies Act, 2013, read with Rule 7 of Companies (Accounts) Rules, 2014 i.e. AS-11. Now under Ind AS-109, all Derivatives are recognised at fair value and are re-measured at subsequent reporting dates. Hence, there is change in accounting treatment of Derivatives which had earlier been recognised under AS-11.

d. Deferred Taxes :

Under previous GAAP, Deferred Taxes were recognised based on Profit & Loss approach i.e. tax impact on difference between the accounting income and taxable income. Under Ind AS, Deferred Tax is recognised by following Balance Sheet approach i.e. tax impact on temporary difference between the carrying value of assets and liabilities in the books and their respective tax base.

e. Proposed Dividend :

Under the previous GAAP, Dividend proposed by the Board of Directors after the Balance Sheet date but before the approval of the Financial Statements were considered as subsequent events. Accordingly, provision for Proposed Dividend including Distribution Tax was recognised as liability. Under Ind AS, such Dividends are recognised when the same is approved by the shareholders in the general meeting.

f. Excise Duty :

Under the previous GAAP, revenue from sale of goods was presented exclusive of Excise Duty. Under Ind AS, revenue from Sale of Goods is presented inclusive of Excise Duty. The Excise Duty paid is presented on the face of the Statement of Profit and Loss as part of expenses.

g. Remeasurement of Post Employment Benefit Obligations :

Under the previous GAAP, cost relating to Post Employment Benefit Obligations including actuarial gain / losses were recognised in Profit & Loss. Under Ind AS, actuarial gain / losses on the net Defined Benefit Liability are recognised in Other Comprehensive Income instead of Profit & Loss.

AUDITOR'S REPORT

To the Members of AIA Engineering Limited

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of AIA Engineering Limited ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), which comprise the consolidated balance sheet as at 31st March, 2017, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS Financial Statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with relevant rules issued thereunder. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether

due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind

AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the consolidated financial position of the Group, as at 31st March, 2017 and its consolidated financial performance including other comprehensive income, its consolidated cash flows and the consolidated changes in equity for the year then ended.

ANNEXURE A

TO INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under the heading of "Report on Other Legal and Regulatory Requirements" of our report of even date)

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (i) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the Internal Financial Controls over financial reporting of AIA Engineering Limited ("the Holding Company") and its subsidiary Company which is Company incorporated in India as of 31st March, 2017 in conjunction with our audit of the Consolidated financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The management of the Holding Company and its Subsidiary Company, which is incorporated in India, are responsible for establishing and maintaining Internal Financial Controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of

India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company;

and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Holding Company and its Subsidiary Company, which is Company incorporated in India has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes

to the Consolidated Financial Statements for the financial year ended 31st March, 2017

1. REPORTING ENTITY

AIA Engineering Limited (the 'Group') is a company domiciled in India, with its registered office situated at 115, G.V.M.M Estate, Odhav Road, Odhav, Ahmedabad-382410, Gujarat, India. The Group has been incorporated under the provisions of Companies Act applicable in India and its equity shares are listed on the National Stock Exchange (NSE) and Bombay Stock Exchange (BSE) in India. These consolidated financial statements comprise the Group and its subsidiaries (referred to collectively as the 'Group'). The Group is primarily involved in manufacturing High Chrome Mill Internals.

2. BASIS OF PREPARATION

(a) Statement of compliance with Ind AS

These consolidated financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016 notified under section 133 of Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

The Group has adopted all the relevant Ind AS standards and the adoption was carried out in accordance with Ind AS 101, "First Time Adoption of Indian Accounting Standards". The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (IGAAP), which was the previous GAAP. Reconciliation and description of the effect of the transition have been summarized in Note 49.

The transition to Ind AS has resulted in changes in the presentation of the consolidated financial statements, disclosures in the notes thereto and accounting policies and principles.

The consolidated financial statements were authorized for issue by the Group's Board of Directors on 25-05-2017.

Details of Group's Significant accounting policies are included in the Note 3.

(b) Functional and presentation currency

These consolidated financial statements are presented in Indian Rupees (INR), which is also the functional currency. All the amounts have been rounded off to the nearest lacs, unless otherwise indicated.

(c) Basis of Measurement

The consolidated financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Investments in mutual funds	Fair value
Employee defined benefits plans	Plan Assets measured at Fair value less present value of defined benefit obligation
Certain Financial Assets & Liabilities (Including Derivative Instruments)	Fair value

(d) Use of estimates and judgments :

In preparing these consolidated financial statements, management has made judgments, estimates, and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, incomes and expenses. Actual results may differ from these estimates.

Estimates:

Estimates and underlying assumptions are reviewed on an ongoing basis. They are based on historical experience and other factors including expectations of future events that may have a financial impact on the Group and that are believed to be reasonable under the circumstances. Revisions to the accounting estimates are recognised prospectively.

Notes

to the Consolidated Financial Statements for the financial year ended 31st March, 2017

Judgements:

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is included in the respective note.

Assumptions and Estimation Uncertainties:

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment within the next financial year are included in the respective note.

(e) Measurement of Fair Values :

The Group has established control framework with respect to the measurement of fair values. The Group regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the Group assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in fair value hierarchy in which the valuations should be classified.

Significant valuation issues are reported to the Group's Board of Directors.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- A. Level 1 - quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- B. Level 2 - inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- C. Level 3 - inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in the respective note.

3. SIGNIFICANT ACCOUNTING POLICIES

Basis for Consolidation

Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

Transactions eliminated on consolidation

The Consolidated financial statements have been prepared on the following basis:

- I. The consolidated financial statements of the Subsidiaries are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses in accordance with Indian Accounting Standard-(Ind AS).
- II. In case of Foreign Subsidiaries, being non-integral foreign operations, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the yearend; any exchange difference arising on same is recognized in "Foreign Currency Translation Reserve".

Notes

to the Consolidated Financial Statements for the financial year ended 31st March, 2017

- III. The difference between the costs of investments in the subsidiaries over the net assets at the time of acquisition of the investment in the subsidiaries is recognized in the consolidated financial statements as Goodwill or Capital Reserve as the case may be.
- IV. Non-controlling interest's share of net profit/loss of consolidated subsidiaries for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to Shareholders of the Group.
- V. Non-controlling interest's share of net assets of consolidated subsidiaries for the year is identified and presented in the Consolidated Balance Sheet separate from liabilities and the equity of the Group's Shareholder.
- VI. As far as possible, the consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and necessary adjustments required for deviations if any have been made in the consolidated financial statements.

A. Foreign Currency

Transactions in foreign currencies are translated into the functional currency of the Group at exchange rates at the date of transactions or an average rate if the average rate approximates the actual rate at the date of transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Foreign Exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary-assets and liabilities denominated in foreign currency at year end exchange rate are generally recognised in profit or loss. A Monetary item for which settlement is neither planned nor likely to occur in the foreseeable future is considered as a part of the entity's net investment in that foreign operation.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit or loss, within finance costs.

Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in foreign currency are translated at the exchange rate at the date of transaction. Exchange differences are recognised in the profit or loss, except exchange differences arising from the translation of qualifying cash flow hedges to the extent hedges are effective which are recognised in Other Comprehensive Income (OCI).

B. Financial Instruments

1. Financial Assets:

i) Classification

The Group classifies its financial assets in the following measurement categories:

- Those measured at amortized cost and
- Those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss)

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows.

- A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL :
 - the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
 - the contractual terms of a financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Notes

to the Consolidated Financial Statements for the financial year ended 31st March, 2017

- A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL :
 - the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
 - the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- Financial assets are not reclassified subsequent to their initial recognition except if and in the period the Group changes its business model for managing financial assets.

ii) Measurement

At initial recognition, the company measures a financial asset when it becomes a party to the contractual provisions of the instruments and measures at its fair value except trade receivables which are initially measured at transaction price. Transaction costs are incremental costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss. A regular way purchase and sale of financial assets are accounted for at trade date.

iii) Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains including any interest or dividend income, are recognized in profit or loss.
Financial assets at amortized cost	These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognized in profit or loss. Any gain or loss on de-recognition is recognized in profit or loss.

iv) Derecognition

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Group enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

2. Financial Liabilities:

i) Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held- for- trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.

ii) Derecognition

The Group derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expire.

Notes

to the Consolidated Financial Statements for the financial year ended 31st March, 2017

The Group also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in the profit or loss.

3. Offsetting

Financial assets and financial liabilities are off set and the net amount presented in the balance sheet when and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

4. Investment in Subsidiaries

Investment in subsidiaries is carried at cost in the separate financial statements.

C. Derivative Instruments and Hedge Accounting

The Group strictly uses foreign currency forward contracts / interest rate swap to hedge its risks associated with foreign currency / Interest rate fluctuations relating to certain forecasted transactions. As per Ind AS 109-Financial Instruments- Foreign currency forward contract / interest rate swap derivative instruments are initially measured at fair value and are re-measured at subsequent reporting dates. Changes in the fair value of these derivatives that are designated and effective as hedges of future cash flows are recognized in Hedging Reserve (under reserves and surplus) through OCI and the ineffective portion is recognized immediately in the Statement of Profit and Loss.

The accumulated gains / losses on the derivatives accounted in Hedging Reserve are transferred to the Statement of Profit and Loss in the same period in which gains / losses on the underlying item hedged are recognized in the Statement of Profit and Loss.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. When hedge accounting is discontinued for a cash flow hedge, the net gain or loss will remain in Hedging Reserve and be reclassified to the Statement of Profit and Loss in the same period or periods during which the formerly hedged transaction is reported in the Statement of Profit and Loss. If a hedged transaction is no longer expected to occur, the net cumulative gains / losses recognized in Hedging Reserve is transferred to the Statement of Profit and Loss.

D. Property, Plant and Equipment

i. Recognition and Measurement

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation, and accumulated impairment losses, if any, except freehold land which is carried at historical cost.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labor, any other costs directly attributable to bringing the item to working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Useful lives have been determined in accordance with Schedule II to the Companies Act, 2013. The residual values are not more than 5% of the original cost of the asset.

Notes

to the Consolidated Financial Statements for the financial year ended 31st March, 2017

Capital Work-in-progress includes cost of assets at sites and constructions expenditure.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

ii. Transition to Ind AS

On transition to Ind AS, the Group has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April, 2015, measured as per the previous GAAP, and use that carrying value as the deemed cost of such property, plant and equipment.

iii. Subsequent Expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

iv. Depreciation:

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method, and is generally recognised in the statement of profit and loss. Amortization on leasehold land is provided over the period of lease.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (up to) the date on which asset is ready for use (disposed of).

Depreciation method followed by subsidiaries is as under:

	Name of Subsidiaries	Basis of Depreciation
1	Welcast Steels Limited, India	Depreciation on fixed assets is charged on written down value method over the useful life of assets as prescribed by Schedule II (except for Plant & Machinery for which useful life determined as per technical estimate) of Companies Act, 2013
2	Vega Industries (Middle East) F.Z.C, U.A.E.	Equal annual installments over estimated useful lives of the assets.
3	Vega Industries Limited, U.S.A.	Straight-line method over the estimated useful lives of the assets.
4	Vega Industries Limited, U.K.	Written Down Value Method over the estimated useful lives of the assets.
5	Wuxi Vega Trade Co. Ltd., China	Straight-line method over the estimated useful lives of the assets.
6	Vega Steel Industries (RSA) Proprietary Limited, South Africa	Straight-line method over the estimated useful lives of the assets.

v. Derecognition

An item of Property, Plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of assets.

E. Intangible Assets

a. Initial Recognition and Classification

Goodwill is not amortised and tested annually for impairment.

Other Intangible assets including those acquired by the Group are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

Notes

to the Consolidated Financial Statements for the financial year ended 31st March, 2017

b. Subsequent Expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures are recognised in profit or loss as incurred.

c. Transition to Ind AS

On transition to Ind AS, the Group has elected to continue with the carrying value of all of its intangible assets recognised as at 1 April, 2015, measured as per the previous GAAP, and use that carrying value as the deemed cost of such intangible assets.

d. Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over the estimated useful lives using the straight line method, and is included in depreciation and amortisation in statement of profit and loss.

The estimated useful lives of software are 6 years. Patents are amortized over a period of 20 years on straight basis as the benefits are generally available to the Group for more than 10 years. Goodwill is not amortized and is tested for impairment annually.

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

e. Derecognition

An item of an intangible asset is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of assets.

F. Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories includes expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their present location and condition. In the case of manufactured inventories and work-in-progress, cost includes an appropriate share of fixed production overheads based on normal operating capacity.

Cost of raw materials, stores and spares are determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

Raw materials, components and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value.

The comparison of cost and net realisable value is made on an item-by-item basis.

Excess/shortages if any, arising on physical verification are absorbed in the respective consumption accounts.

G. Impairment

i. Impairment of Financial Assets

The Group recognizes loss allowances for financial assets measured at amortized cost Using expected credit loss model.

At each reporting date, the Group assesses whether financial assets carried at amortized cost are credit- impaired. A financial asset is 'credit- impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Notes

to the Consolidated Financial Statements for the financial year ended 31st March, 2017

For trade receivables, the Group always measures the loss allowance at an amount equal to lifetime expected credit losses.

For all other financial assets, the Group measures loss allowances at an amount equal to twelve months expected credit losses unless there has been a significant increase in credit risk from initial recognition in which those are measured at lifetime expected credit risk.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial asset. Twelve months expected credit losses are the portion of lifetime expected credit losses that represent the expected credit losses that result from default events on a financial instrument that are possible within the twelve months after the reporting date (or a shorter period if the expected life of the instrument is less than twelve months)

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and including forward-looking information.

The Group assumes that the credit risk on a financial asset has increased significantly if it is more than 360 days past due. The Group considers a financial asset to be in default when the borrower is unlikely to pay its credit obligations to the Group in full.

Measurement of expected Credit Losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive).

Presentation of Allowance for expected Credit Losses in the Balance Sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines (on the basis of availability of the information) that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

ii. Impairment of Non-Financial Assets

The Group's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

An impairment loss is recognised if the carrying amount of an asset exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss.

In respect of assets for which impairment loss has been recognised in prior periods, the Group reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

I. Employee Benefits

i. Short Term Employee Benefits

Short Term Employee Benefit Obligations are measured on an undiscounted basis and are expensed as the related service is provided.

Notes

to the Consolidated Financial Statements for the financial year ended 31st March, 2017

ii. Defined Contribution Plan

A Defined Contribution Plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Group makes specified monthly contributions towards Government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in profit or loss in the periods during which the related services are rendered by employees.

Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

iii. Defined Benefit Plan

A Defined Benefit Plan is a post-employment benefit plan other than a defined contribution plan. The Group's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount using market yields at the end of reporting period on government bonds and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Group recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

J. Provisions (other than Employee Benefits), Contingent Liabilities and Contingent Assets

A provision is recognized when the Group has a present legal obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the Current best estimates. Contingent liabilities are not recognized but are disclosed in the notes to the Financial Statements. A contingent asset is neither recognized nor disclosed if inflow of economic benefit is probable.

K. Revenue Recognition

i. Sale of Goods:

Revenue from the sale of goods in the course of ordinary activities is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and volume rebates. Revenue is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing effective control over, or managerial involvement with, the goods, and the amount of revenue can be measured reliably.

Notes

to the Consolidated Financial Statements for the financial year ended 31st March, 2017

The timing of transfers of risks and rewards varies depending on the individual terms of sale, usually in case of domestic, such transfer occurs when the product is sold on ex-works; however, for exports transfer occurs upon loading the goods onto the relevant carrier at the port of seller. Generally for such products buyer has no right to return.

ii. Export Benefits

Export Benefits are recognised as income on all the eligible exports and where there is no significant uncertainty regarding the ultimate collection of relevant exports.

L. Recognition of Dividend Income, Interest Income

Dividend on Financial Instruments is recognized as and when realized. Interest is recognized on accrual basis.

M. Income Taxes:

The Group and other Indian subsidiaries:

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

i) Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Foreign Companies:

Foreign Companies recognize tax liabilities and assets in accordance with the local laws.

ii) Deferred Tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Group recognizes a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets - unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets or liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different taxable entities, but they intend to settle current tax liabilities and assets on net basis or their tax assets and liabilities will be realised simultaneously.

N. Cash and Cash Equivalents

Cash and Cash equivalents include cash and cheques in hand, bank balances, demand deposits with banks and other short term highly liquid investments that are readily convertible to know amounts of cash and which are subject to an insignificant risk of changes in value where original maturity is three months or less.

O. Borrowing Cost

Borrowing Cost are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest cost) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of cost of asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

P. Lease

Lease arrangements, where the risks and rewards incident to ownership of an asset substantially vests with the Lessor, are recognized as operating lease. Lease rentals under operating lease are recognized in the statement of Profit and Loss.

Q. Earnings Per Share

Basic earnings per share is calculated by dividing the net profit after tax for the year attributable to Equity Shareholders of the Group by the weighted average number of Equity Shares outstanding during the year. Diluted earnings per Share is calculated by dividing net profit attributable to equity Shareholders (after adjustment for diluted earnings) by average number of weighted equity shares outstanding during the year plus potential equity shares

R. Cash Flow Statement

Cash flows are reported using the indirect method whereby the profit before tax is adjusted for the effect of the transactions of a non cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

- (a) Most of the issues of litigation pertaining to Central Excise/Service tax/Income tax are based on interpretation of the respective law & rules thereunder. Management has been opined by its counsel that many of the issues raised by revenue will not be sustainable in law as they are covered by judgements of respective judicial authorities which supports its contention. As such no material impact on the financials of the Company is envisaged.
- (b) Sales tax / Central Sales tax related litigation / demand primarily pertains to non-submission of required declaration forms in time due to non-receipt of the same from customers and / or some interpretation related issues. However in most of the cases, required documents are being filed and minor impact if any, shall be given in the year of final outcome of respective matter in appeal.

NOTE - 43 RISK MANAGEMENT:

(A) Financial Risk Management

The Group's business activities expose it to a variety of financial risks, namely credit risk, liquidity risk, market risk and commodity risk. The Group's senior management has overall responsibility for the establishment and oversight of the Group's risk management framework. The Company has constituted a Risk Management Committee which is responsible for developing and monitoring the Group's risk management policies. The key risks and mitigating actions are also placed before the Audit Committee of the Group. The Group's risk management policies are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities.

The Risk Management Committee of the Group is supported by the Finance team and experts who provide assurance that the Group's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives. The activities are designed to protect the Group's financial results and position from financial risks, maintain market risks within the acceptable parameters while optimizing returns and protect the Group's financial investments while maximizing returns.

Notes

to the Consolidated Financial Statements for the financial year ended 31st March, 2017

This note explains the sources of risk which the Group is exposed to and how the Group manages the risk in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and Cash equivalents, trade receivables, financial assets measured at amortized cost	Ageing analysis Credit rating	Credit limit set and ageing analysis protect Group from potential losses due to excess credit to the customers.
Liquidity Risk	Borrowing and other liabilities	Rolling Cash flow forecasts	Availability of committed credit lines and borrowing facilities.

Market Risk- Foreign Exchange	Future commercial transactions recognized financial assets and liabilities not denominated in INR	Cash flow forecasting Sensitivity analysis	Forward foreign exchange contracts
Commodity Risk	Purchase of Raw Material	Fluctuation in Imported Scrap and Ferro Chrome Prices and Currency Rates	Procurement and Inventory strategy

Credit Risk

Credit risk arises from the possibility that the counter party may not be able to settle the obligation as agreed. To manage this, the Group periodically assess financial reliability of customers, taking into account the financial condition, current economic trends and analysis of historical bad debts and ageing of accounts receivable. Customer wise limits are set accordingly.

The Group considers the probability of default of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Group compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forward-looking information such as:

- i) Actual or expected significant adverse changes in business
- ii) Actual or expected significant changes in the operating results of the counterparty
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations.
- iv) Significant increase in credit risk on other financial instruments of the same counterparty.

The Group categorizes financial assets based on the assumptions, inputs and factors specific to the class of financial asset into High-quality assets, negligible credit risk; Quality assets, low credit risk; Standard assets, moderate credit risk; Substandard assets, relatively high credit risk; Low quality assets, very high credit risk; Doubtful assets, credit impaired.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Group. The Group categorizes a loan or receivable for write off when a debtor fails to make contractual payments greater than one year past due. Where loans or receivables have been written off, the Group continues engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in profit or loss.

Market Risk-Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Group's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

Market Risk-Foreign Currency Risk

The Group operates internationally and large portion of the business is transacted in several currencies. Consequently the Group is exposed to foreign exchange risk through its sales in overseas and purchases from overseas suppliers in various foreign currencies. Exports of the Group are significantly higher in comparison to its imports. As a policy the Group does not cover the foreign exchange requirements for its imports and the same is managed from the export earnings in foreign currency. Foreign currency exchange rate exposure for exports is managed by prudent hedging policy.

Derivative Financial Instruments

The Company holds derivative financial instruments such as foreign currency forwards and interest rate swaps to mitigate the risk of changes in exchange rate on foreign currency exposures. The counterparty for these contracts is generally banks. These derivative financial instruments are value based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in the market place.

Commodity Risk

Principal Raw Material for Group's products is scrap and ferrous alloy. Group sources its raw material requirement from domestic and international markets. Domestic market price generally remains in line with international market prices. Volatility in metal prices, currency fluctuation of rupee vis a vis other prominent currencies coupled with demand-supply scenario in the world market affect the effective price of scrap and ferrous metal. Group effectively manages availability of material as well as price volatility through :

- (i) Widening its sourcing base
- (ii) Appropriate contracts and commitments
- (iii) Well planned procurement & inventory strategy

Risk committee of the Group has developed and enacted a risk management strategy regarding commodity price risk and its mitigation.

(C) Capital Risk Management

A. The Group's objectives when managing capital are to:

- i safeguard their ability to continue as a going concern so that they can continue to provide return to Shareholders and benefits to other stakeholders.
- ii maintain an optimal capital structure to reduce the cost of capital.

The Group monitors capital on the basis of the following debt equity ratio :

(₹ in Lacs)

Particulars	As at 31st March, 2017	As at 31st March, 2016	As at 1st April, 2015
Debt	14,035.83	18,396.28	9,872.65

Debt to Total Equity	0.05	0.08	0.05

Debt includes borrowings and other financial liabilities.

Group believes in conservative leverage policy.

Group's moderate capex plan over the medium term shall be largely funded through internal accruals and suppliers' credit.

- B. The Company follows the policy of Dividend for every financial year as may be decided by the Board considering financial performance of the Company and other internal and external factors enumerated in the Company's dividend policy. Company's Dividend policy is to distribute 10-25% of its net profit as dividend (including Dividend Distribution Tax).

NOTE - 44 FINANCIAL INSTRUMENTS :

The Group uses the following hierarchy for determining the fair value of financial instruments by valuation technique :

Level 1 : Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2 : Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3 : Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

NOTE-49. FIRST TIME ADOPTION OF IND AS :

As stated in Significant Accounting Policies these are the first financial statements prepared in accordance with Ind AS. For the year ended 31st March, 2016 the Group had prepared its financial statements in accordance with the Accounting Standards specified under Section 133 of the Companies Act, 2013 ("the Act") read with rule 7 of the Companies (Accounts) Rules, 2014 and the other relevant provisions of the Act.

The accounting policies set out in Significant Accounting Policies have been applied in preparing these financial statements for the year ended 31st March, 2017 including the comparative information for the year ended 31st March, 2016 and the opening Ind AS balance sheet on the date of transition i.e 1st April, 2015.

In preparing its Ind AS balance sheet as at 1st April, 2015 and in presenting the comparative information for the year ended 31st March, 2016, the Group has adjusted amounts reported previously in financial statements prepared in accordance with IGAAP. This note explains the principal adjustments made by the Group in restating its financial statements prepared in accordance with IGAAP and how the transition from IGAAP to Ind AS has affected the Group's financial position, financial performance and cash flows.

Set out below are the applicable Ind AS 101 optional Exemptions and Mandatory Exceptions applied in the transition from IGAAP to Ind AS:

A. Optional exemptions availed :

1 Business Combinations :

The Group has elected not to apply Ind AS 103 Business Combinations retrospectively to past business combinations that occurred before the date of transition to Ind AS. Consequently,

- i. The Group has kept the same classification for the past business combinations as in its IGAAP financial Statements.

Notes

to the Consolidated Financial Statements for the financial year ended 31st March, 2017

- ii. The Group has tested the goodwill for impairment at the date of transition based on the conditions as of the date of transition.
- iii. Goodwill previously included within Intangible assets under IGAAP have been recognised separately in the opening Balance Sheet in accordance with Ind AS 103.
- iv. Goodwill represents the amount recognized under the IGAAP subject to specific adjustments as prescribed under Ind AS 101.

2 Deemed Cost - Property, Plant and Equipment and intangible assets:

As permitted by Ind AS 101, the Group has elected to continue with the carrying value of all of its Property, Plant and Equipment and intangible assets recognised as of 1st April, 2015 (date of transition) measured as per the IGAAP and used that carrying value as its deemed cost as of the date of transition.

3 Cumulative Translation Differences on foreign operations:

As per Ind AS 101, an entity may deem that the cumulative translation differences for all foreign operation to be zero as at the date of transition by transferring any such cumulative difference to retained. The Group has elected to avail of this exemption.

4 Long Term Foreign Currency Monetary Items:

The Group has opted for the exemption given in para D-13 AA of Ind AS 101 in respect of long term foreign currency monetary items. The exchange differences arising on reporting of long term foreign currency items at rates different from those at which they were initially recorded during the period, or reported in previous financial statements, in so far as they relate to the acquisition of a depreciable capital asset are added to or deducted from the cost of the asset and are depreciated over the balance life of the asset.

B. Mandatory Exceptions:

1 Estimates

As per Ind AS 101, an entity's estimates in accordance with Ind AS at the date of transition to Ind AS presented in the entity's first Ind AS financial statements as the case may be, should be consistent with estimates made for the same date in accordance with the IGAAP unless there is objective evidence that those estimates were in error. However, the estimates should be adjusted to reflect any differences in accounting policies.

As per Ind AS 101, where application of Ind AS requires an entity to make certain estimates that were not required under IGAAP, those estimates should be made to reflect conditions that existed at the date of transition (for preparing opening Ind AS balance sheet) or at the end of the comparative period (for presenting comparative information as per Ind AS).

The Group's estimates under Ind AS are consistent with the above requirements. Key estimates considered in preparation of the financial statements that were not required under the previous IGAAP are listed below.

- i. Fair valuation of financial instruments carried at FVTPL and/or FVOCI.
- ii. Impairment of financial assets based on the expected credit loss model.
- iii. Determination of the discounted value for financial instruments carried at amortized cost.

2 Derecognition of financial assets and liabilities

As per Ind AS 101, an entity should apply the derecognition requirements in Ind AS 101, Financial Instruments, prospectively for transactions occurring on or after the date of transition to Ind AS.

However, an entity may apply the derecognition requirements retrospectively from a date chosen by it if the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognized as a result of past transactions was obtained at the time of initially accounting for those transactions.

The Group has elected to apply the derecognition principles of Ind AS 109 prospectively.

3 Classifications and Measurement of Financial Assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of facts and circumstances that exists at the date of transition to Ind AS

4 Non- Controlling Interests

Ind AS 110 requires that total comprehensive income should be attributed to the owners of the parent and the NCI even if this results in the NCI having a negative balance. Ind AS 101 requires this requirement to be applied prospectively from the date of transition to Ind AS. However, if an entity elects to apply Ind AS 103 retrospectively to past business conditions, it has to also apply Ind AS 110 from the same date.

The Group has elected to apply Ind AS 103 prospectively to business combinations.

Notes to first time adoption

a. Goodwill :

Under previous GAAP goodwill had been amortized. Under Ind AS Goodwill is not amortized and is tested annually for impairment. Accordingly, amortized amount of goodwill is written back.

b. Investment :

Under previous GAAP, investment in mutual funds were classified in to current investments. Current Investment were carried at lower of cost or fair value. Under Ind AS these investments are required to be measured at Fair Value either Through OCI (FVTOCI) or through Profit & loss (FVTPL) .The group has opted to Fair Value these investments Through Profit & loss (FVTPL). Accordingly, resulting fair value change of these investments have been recognised in retained earnings as at the date of transition and subsequently in the profit & loss account for the year ended 31st March, 2016.

Notes

to the Consolidated Financial Statements for the financial year ended 31st March, 2017

c. Hedging Instruments :

Under the previous GAAP, Group had used principle of AS – 30 to the extent it does not conflict with accounting standards specified under section 133 of Companies act, 2013, read with rule 7 of Companies (Accounts) Rules, 2014 i.e. AS-11. Now under Ind AS-109, all Derivatives are recognised at fair value and are re-measured at subsequent reporting dates. Hence, there is change in accounting treatment of derivatives which had earlier been recognised under AS-11.

d. Deferred Taxes :

Under previous GAAP, deferred taxes were recognised based on Profit & loss approach i.e. tax impact on difference between the accounting income and taxable income. Under Ind AS, deferred tax is recognised by following balance sheet approach i.e. tax impact on temporary difference between the carrying value of assets and liabilities in the books and their respective tax base.

e. Proposed Dividend :

Under the previous GAAP, dividend proposed by the board of directors after the balance sheet date but before the approval of the financial statements were considered as subsequent events. Accordingly, provision for proposed dividend including distribution tax was recognised as liability. Under Ind AS, such dividends are recognised when the same is approved by the shareholders in the general meeting.

f. Excise Duty :

Under the previous GAAP, revenue from sale of goods was presented exclusive of excise duty. Under Ind AS, revenue from sale of goods is presented inclusive of excise duty. The excise duty paid is presented on the face of the statement of profit and loss as part of expenses.

g. Remeasurement of post Employment Benefit Obligations :

Under the previous GAAP, cost relating to post employment benefit obligations including actuarial gain / losses were recognised in Profit & Loss. Under Ind AS, actuarial gain / losses on the net defined benefit liability are recognised in other comprehensive income instead of profit & loss.

h. Capitalisation of Stores as per Ind AS 16.

Under Ind AS, stores which meet the definition of Property, Plant and Equipment are to be capitalised. Accordingly Stores have been capitalised & Correspondingly depreciation has been changed.

i. Re-classification between Cash and Cash equivalents and Other Bank Balances & other current and non current assets

In terms of Ind AS few items has been re-classified between Cash and Cash Equivalents and other bank balances & other current and non current assets.

j. Loans

As per Ind AS, the loans have been reclassified to advance to staff.

k. De-recognition of Prior Period Expense:

As per Ind AS prior period expenses are to be accounted in the financial year to which they relate to. Accordingly the prior period expenses de-recognised and adjusted in Retained Earnings.

As per our report of even date attached.
