ITEM NO. 7

The Company had issued 65,93,490 (Sixty Five Lakhs Ninety Three Thousand Four Hundred Ninety) 5.46% Non-Convertible Cumulative Redeemable Preference shares of face value 100/- (Rupees Hundred only) each of the Company issued at a price of 100/- (Rupees Hundred only) each i.e. at a nominal value of 100/- (Rupees Hundred only) per share to M/s Vectra Limited, a Company incorporated under the laws of United Kingdom. The said preference shares were allotted on 27.12.2010 for a period of 7 years from the date of allotment with an option to the Company to vary the terms and conditions, if required. The rate of dividend payable on the preference shares is 5.46% on the face value of the shares.

These preference shares would have been redeemed at a par on 26.12.2017. As Company is not able to redeemed, the approval of the equity shareholders is required to roll over these preference shares. As the issue of these preference shares was approved by the equity shareholders at the Extra Ordinary General Meeting held on 1st February, 2009, their approval to the proposed roll over is being sought.

The Company had requested to the Preference Share holder for the extension of period of redemption for a further period of 10 years. The Preference Shareholder had agreed to the rollover of 5.46 % - 65,93,490 (Sixty Five Lakhs Ninety Three Thousand Four Hundred Ninety) 5.46% Non-Convertible Cumulative Redeemable Preference shares for a further period of 10 years from the date of the rollover (i.e. Ten Years from 26.12.2017) with an option to the Company / Preference Share holder to redeem the same at any time after 26.12.2022 or on or before 26.12.2027.

The Special Resolution is proposed pursuant to the provisions of Sections 55 and other applicable section and provision of the Companies Act, 2013. The Board of Directors accordingly recommends the resolution set out at Item No. 7 of the accompanying Notice for approval of the Members.

None of the other Directors and Key Managerial Personnel or their relatives are concerned or interested in any way in the said Resolution.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

Overview

Global Vectra Helicorp Limited (GVHL) is the largest private sector helicopter operator in India. **GVHL is listed on the National Stock Exchange of India Limited and the Bombay Stock Exchange Limited and is an ISO 9001-2015, ISO 14001-2015, and OHSAS 18001-2007 certified Company.** These certifications overarch all GVHL activities, including flight operations, engineering, safety, quality control and commercial systems. GVHL is also proud to be a long-term Corporate Member of the Rotary Wing Society of India (RWSI).

Its prime objective is to continue to deliver world class standards of safety and service to India's helicopter industry and to be the leader in Offshore Oil & Gas operations. We are extremely positive with regard to the continued growth in the helicopter industry in India and abroad. To capitalize on this, GVHL will continue to expand its fleet and adapt its services to meet the dynamic needs of these markets.

Flying hours and safety

Being the largest private sector helicopter operator in India, GVHL has always ensured that safety is paramount in its operations and has recorded over 2,60,000 accident free hours to date and has also been commended for our safety initiatives, including being awarded "Operator of the Year" in 2016 and 2017 by the India Business Aircraft Operators Association.

Operations, Maintenance & Personnel

The major maintenance base for offshore fleet is Mumbai where all maintenance work is carried out including 5000 hours / 05 years check on its Bell 412 and 1200 hours / 04 years check on AW 139 fleet of aircraft in a 6600 sqm state-of-the-art hangar. This facility meets international quality standards and maintains all relevant certifications from the Directorate General Civil Aviation (DGCA) as a CAR 145 & CAR-M sub part G approved organization.

GVHL has a total staff of over 400 personnel, including pilots, engineers and support staff.

Audits

GVHL is actively involved in regular and stringent audit activities from some of the most prominent oil companies in the world, including British Petroleum, Total, British Gas, ONGC, Reliance, Dolphin Geo, CGG and Cairn, through their renowned auditing agencies like Hart Aviation, GSR, Airclaim Services, Schlumberger Asia Services Limited and Aviation Management Services. It is also fully compliant with all Indian Directorate General Civil Aviation (DGCA) auditing schedules (Operations, Maintenance, Safety and Quality) and also follows a rigorous Internal Audit program. Further, GVHL undergoes thorough, independent financial auditing on a quarterly and annual basis.

Services

With a modern and technologically advanced fleet of helicopters, Global Vectra Helicorp Limited has a wide range of capability to provide essential onshore and offshore services to strategic sectors:

- Oil and Gas
- Geophysical Survey
- Corporate and VVIP flights
- Aerial Photography
- Religious Tourism

- Emergency services
- Underslung operations
- Power Grid Construction and Maintenance

Its unblemished safety track record also makes it preferred supplier for the top rung of the country for corporate, religious and leisure travel. It has world class maintenance facilities having highly skilled engineers and experienced pilots to ensure safe, secure and uninterrupted services to the nation. It is the only service provider that is capable of providing a replacement helicopter at short notice thus, ensuring unhindered operations for its clients.

Clients

Our offshore team is dedicated to providing Air logistics services to the Oil & Gas industry majors like **Oil and Natural Gas Corporation (ONGC), Cairn India, Reliance Industries Limited (RIL), Transocean (TSF), Shelf Drilling, British Petroleum, Schlumberger Asia Services Limited, Baker Hughes** and many more, under long term contracts with an outstanding market share in the offshore helicopter market in India.

Seawater Geo Pvt. Ltd., Polarcus, Fugro, CGG VERITAS, Results Marine & Western Geco have been our major Seismic partners for whom we have flown on the East and West Coast of India in the recent past and are hopeful for the same in the near future as well.

GVHL provides services to its clients under long-term contracts. These contracts range from one to five years with renewal options. Companies involved in offshore E&P activities have to use helicopter services extensively for Crew Change, Production, Cargo and Medevac.

Bases

GVHL has its main maintenance base at Juhu Airport, Mumbai with sub-bases in various parts of India including: Juhu, S. Yanam, Imphal, Rajahmundry, Suvali, Hyderabad, Sitapur, Patna, Uttarakhnad, Gadimoga, Vijayawada, Porbandar, Dimapur, Katra, Madurai, Itanagar, Manipur, Jagdalpur, Greater Noida and Behala.

internal financial control Systems and their adequacy

GVHL is totally committed to maintaining the highest possible standards in its operations, maintenance and safety. GVHL introduced in India a full and formal Safety Management System (SMS) as per international recommendations and requirements of the Global Oil/Gas Industry and International Civil Aviation Organisation.

As part of our continuing effort to further enhance our management systems we implemented an ERP (Enterprise Resource Planning) System from IFS AB, a Swedish company and one of the world's leading providers of business software. Through this system we have integrated the management data of Flight Operations, Maintenance, Repair and Overhaul (MRO) processes, Quality Control, Logistics, Inventory Management, Human Resources/ Payroll and Finance.

Mission Statement

Global Vectra Helicorp Limited shall provide safe, efficient and reliable helicopter services and we shall remain recognised as the operator of choice in our region. We shall also grow our brand internationally, by further enhancing our safety, quality and compliance functions, in line with internationally recognised standards and best practice principles for our industry.

- We are the first choice for helicopter services in India.

- Our commitment to maintaining our safety focus underpins all that we do.
- We deliver safe operations.
- We are cost effective and reliable, commensurate with high quality of service provided.
- We shall exceed our customer expectations.
- We shall achieve our objectives – because we know where we are today and where we are going tomorrow.

Our Mission is driven by our Management Team – but delivery comes from every member of our Company.

Oil and Gas Industry in India

Introduction

The oil and gas sector is among the eight core industries in India and plays a major role in influencing decision making for all the other important sections of the economy.

India's economic growth is closely related to energy demand; therefore, the need for oil and gas is projected to grow more, thereby making the sector quite conducive for investment.

The Government of India has adopted several policies to fulfil the increasing demand. The government has allowed 100 per cent Foreign Direct Investment (FDI) in many segments of the sector, including natural gas, petroleum products, and refineries, among others. Today, it attracts both domestic and foreign investment, as attested by the presence of Reliance Industries Ltd (RIL) and Cairn India.

India's energy demand is expected to double to 1,516 Mtoe by 2035 from 753.7 Mtoe in 2017. Moreover, the country's share in global primary energy consumption is projected to increase by 2-folds by 2035.

Petroleum product consumption registered a growth of 0.3% in April 2019.

Market Size

India is expected to be one of the largest contributors to non-OECD petroleum consumption growth globally. Oil imports rose sharply to US\$ 87.37 billion in 2017-18 from US\$ 70.72 billion in 2016-17. India retained its spot as the third largest consumer of oil in the world in 2017 with consumption of 4.69 mbpd of oil in 2017, compared to 4.56 mbpd in 2016.

India was the fourth-largest Liquefied Natural Gas (LNG) importer in 2017 after Japan, South Korea and China. LNG imports increased to 26.11 bcm in 2017-18 from 24.48 bcm in 2016-17.

Gas pipeline infrastructure in the country stood at 16,226 km at the beginning of February 2019.

Investments

According to data released by the Department for Promotion of Industry and Internal Trade Policy (DPIIT), the petroleum and natural gas sector attracted FDI worth US\$ 7.018 billion between April 2000 and March 2019.

Following are some of the major investments and developments in the oil and gas sector:

In September 2018, the Government of Gujarat selected Energy Infrastructure Limited (EIL), a subsidiary of the Netherlands-based Energy Infrastructure Butano (Asia) BV, to set up a Liquefied Petroleum Gas (LPG) terminal at Okha with an investment of Rs 700 crore (US\$ 104.42 million).

Foreign investors will have opportunities to invest in projects worth US\$ 300 billion in India, as the country looks to cut reliance on

oil imports by 10 per cent by 2022, according to Mr Dharmendra Pradhan, Minister of Petroleum and Natural Gas, Government of India.

Oil and Natural Gas Corporation (ONGC) is going to invest Rs 17,615 crore (US\$ 2.73 billion) on drilling oil and gas wells in 2018-19.

As of March 2019, Brookfield is going to acquire Reliance Gas Transportation Infrastructure, now known as East West Pipeline (EWPL) for Rs 13,000 crore (US\$ 1.80 billion).

Government Initiatives

Some of the major initiatives taken by the Government of India to promote oil and gas sector are:

- Investment of Rs 70,000 crore (US\$ 9.97 billion) to expand the gas pipeline network across the country is planned by the Government of India
- Government of India approved fiscal incentives to attract investments and technology to improve recovery from oil fields which is expected to lead to hydrocarbon production worth Rs 50 lakh crore (US\$ 745.82 billion) in the next twenty years.
- State-run oil firms are planning investments worth Rs 723 crore (US\$ 111.30 million) in Uttar Pradesh to improve the liquefied petroleum gas (LPG) infrastructure in a bid to promote clean energy and generate employment
- A gas exchange is planned in order to bring market-driven pricing in the energy market of India
- The Oil Ministry plans to set up bio-CNG (compressed natural gas) plants and allied infrastructure at a cost of Rs 7,000 crore (US\$ 1.10 billion) to promote the use of clean fuel.

Achievements

Following are the achievements of the government during 2018:

- Construction of around 13,500 km long gas pipeline is under way, at the end of 2018.
- Under City Gas Distribution (CGD) network, 86 Geographical Areas constituting 174 districts in 22 States/ Union Territories are covered
- More than 58.3 million connections have been released under Pradhan Mantri Ujjwala Yojana (PMUY) as of December 5, 2018

Road Ahead

Energy demand of India is anticipated to grow faster than energy demand of all major economies, on the back of continuous robust economic growth. Consequently, India's energy demand as a percentage of global energy demand is expected to rise to 11 per cent in 2040 from 5.58 per cent in 2017.

Crude oil consumption is expected to grow at a CAGR of 3.60 per cent to 500 million tonnes by 2040 from 221.76 million tonnes in 2017.

Natural Gas consumption is forecasted to increase at a CAGR of 4.31 per cent to 143.08 million tonnes by 2040 from 54.20 million tonnes in 2017.

ADVANTAGE TO INDIA

Growing demand

- India is the world's third largest energy consumer globally.
- Demand for primary energy in India is to expected increase threefold by 2035 to 1,516 million tonnes of oil
- Diesel demand in India is expected to double to 163 million tonnes (MT) by 2029-30.

Rapid expansion

- The oil and gas industry is growing robustly and players are undertaking investments to cater to the burgeoning demand.
- The industry is expected to attract US\$ 25 billion investments in exploration and production by 2022.
- Refining capacity in the country is expected to increase to 667 MTPA by 2040.

Supportive FDI Guidelines

- The government allows 100 per cent Foreign Direct Investment (FDI) in upstream and private sector refining projects
- The FDI limit for public sector refining projects has been raised to 49 per cent without any disinvestment or dilution of domestic equity in the existing PSUs

Policy Support

- Government has enacted various policies such as the OALP and CBM policy to encourage investments
- In September 2018, Government of India approved fiscal incentives to attract investments and technology to improve recovery from oil fields which is expected to lead to hydrocarbon production worth Rs 50 lakh crore (US\$ 745.82 billion) in the next twenty years.

Oil consumption in India (2010-17)

- Oil consumption has expanded at a CAGR of 4.78 per cent during 2007–17 to reach 4.69 mbpd by 2017.
- Due to the expected strong growth in demand, India's dependency on oil imports is likely to increase further.
- Rapid economic growth is leading to greater outputs, which in turn is increasing the demand of oil for production and transportation.
- India's crude oil demand is expected to increase over 150 per cent to 10.1 million tonnes per day by 2040.
- In FY19, total crude oil imports were valued at US\$ 111.96 billion as compared to US\$ 87.70 billion in FY18. In FY19, crude oil imports increased to 4.53 mbpd from 4.41 mbpd in FY18.

Imports and domestic oil production in India

- India's crude oil production reached 0.64 mbpd in 2017-18.
- In March 2017, the Indian Strategic Petroleum Reserve Ltd (ISPRL) and Abu Dhabi National Oil Company (ADNOC) of

UAE signed an agreement, to fill up 0.81 MMT or 5,860,000 million barrels of crude oil at ISPRL storage facility at Mangalore, Karnataka. In May 2018, India received the first shipment of 2 million barrels of crude oil from ADNOC.

Provisional for FY19*

Domestic gas production and imports (bcm)

- India's LNG imports increased at a CAGR of 8.14 per cent during FY08–FY18.
- Domestic gas production in India during 2017-18 increased to 31.83 bcm from 30.92 bcm in 2016-17.
- Auto LPG consumption advanced 0.1 per cent or about 20 MT in April 2018. Domestic production accounts for more than three-quarter of the country's total gas consumption

EXPLORATION AND DEVELOPMENT ACTIVITIES

- During FY18(P), 1,228,000 metres of wells were explored and developed and 545 wells were drilled in the country.
- State-owned oil companies undertake most of the upstream drilling and exploration work.
- In September 2018, investments worth Rs 5,900 crore (US\$840.70million) were committed in 55 oil and gas exploration areas awarded under Open Acreage Licensing Policy –1. The Government of India will soon undertake auction of 14 more blocks in these condround.
- The government is planning to invest US \$2.86 billion in the upstream oil and gas production to double the natural gas production to 60bcm and drill more than 120 exploration wells by 2022.

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2019

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies
(Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,

GLOBAL VECTRA HELICORP LIMITED

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Global Vectra Helicorp Limited** (*hereinafter called the Company*). The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/ statutory compliances and expressing my opinion thereon.

Based on our verification of the **Company's** books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year **ended on 31st March, 2019**, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on **31st March, 2019** according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

CERTIFICATE ON CORPORATE GOVERNANCE

The Members of

GLOBAL VECTRA HELICORP LIMITED,
A-54, Kailash Colony, New Delhi – 110048

We have examined the compliance of the conditions of Corporate Governance by **GLOBAL VECTRA HELICORP LIMITED** ('the Company') for the year ended on March 31, 2019 as stipulated in Regulation 27 of the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as "said Regulations") and the Listing Agreement of the said Company with the Stock Exchanges.

The compliance of the conditions of Corporate Governance is the responsibility of the management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Regulation 27 of the said Regulations. Ms. Rati Rishi (DIN: 0008185217) was appointed as a Non-Executive Woman Director on 23rd July, 2018 as per section 149(1) of the Companies Act, 2013 and Regulation 17(1)(a) of the said Regulations.

We state that as per the records maintained by the Registrars and Share Transfer Agents of the Company and presented to the Stakeholder Relationship Committee, no investor grievances are pending for a period exceeding one month against the Company.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT**TO THE MEMBERS OF****GLOBAL VECTRA HELICORP LIMITED****Report on the Audit of the Financial Statements****Qualified Opinion**

We have audited the Financial Statements of **GLOBAL VECTRA HELICORP LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2019, and the Statement of Profit and Loss, the Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and Notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the aforesaid financial statements give the information required by the Companies Act 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31st, 2019 and its profit, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

As detailed in Note no. 40 to the Ind AS Financial Statements, a customer has disputed service tax levied by the Company on reimbursement of expenses aggregating to Rs. 293.68 Lakhs (service tax liability Rs. 238.52 Lakhs upto June 30, 2017 and GST liability Rs. 55.16 Lakhs from July 2017 onwards). No provision has been made by the Company in respect of such outstanding as required by the accounting policies of the Company. However, Management believes that the Company has a strong case to collect the outstanding amounts. In the absence of a balance confirmation or other evidence, we are unable to comment on the recoverability of these amounts. Had the Company made the provision, the loss for the year would have been higher by Rs. 293.68 Lakhs and Trade Receivables as at that date would have been lower by Rs. 293.68 Lakhs.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Emphasis of Matters

We draw attention to Note no. 38 to the Ind AS Financial Statements, in respect of the order received from the Office of the Commissioner of Customs (Preventive) confirming the demand for differential duty of customs along with penalty aggregating to Rs. 2,621.95 lakhs. No provision has been made by the Company for the same nor the interest due thereon as at March 31, 2019, as the Management believes, based on a decision in the previous year from Customs Excise and Service Tax Appellate Tribunal (CESTAT), West Zonal Bench, in favour of the Company on a similar matter and an opinion from an external legal expert, that the demand will be set aside by a higher appellate authority.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion section we have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key audit matter description	How the scope of our audit addressed the key audit matter
1	<p>Revenue recognition and measurement</p> <p>Refer to Note 1 (Accounting policies) for revenue recognition and measurement, Note 26 of the financial statements for aggregate revenue recognised as required by the applicable Ind AS. As at March 31, 2019, the Company recognised revenues aggregating to INR 48,031.28 lakhs.</p> <p>Service income and reimbursement of expenses is recognised as and when services are rendered in accordance with the terms of the specific contracts, net of all contractual deductions. Revenue is recognised net of all taxes and levies. Unbilled revenue represents services rendered for which billing is pending at the end of the reporting period.</p> <p>There may be a risk of revenue being overstated due to pressure from Management to achieve performance targets at the reporting period end.</p>	<p>Our procedures included:</p> <p>Accounting policies: Assessing the Company's revenue recognition policies.</p> <p>Tests of controls: Evaluating the design and testing the operating effectiveness of controls over the accuracy and correct timing of revenue recognition.</p> <p>Tests of details:</p> <ul style="list-style-type: none"> -Verifying the supporting documentation for determining that the revenue was recognised in the correct accounting period. -Verifying the manual journals posted to revenue to identify unusual or irregular items. -To assess the recoverability of trade receivables, our procedures included an assessment of whether the provision against, or write off of, impacted our view as to the initial recognition of the related revenue. <p>Performing substantive analytical procedures: Developing an expectation of the current year revenue based on trend analysis and recent market conditions and growth of the Company and compared the same with the actuals, accompanied with further inquiries and testing.</p> <p>We also assessed as to whether the disclosures in respect of revenue were adequate.</p>
2	<p>Impairment</p> <p>As on March 31, 2019, the Written Down Value of Property, Plant and Equipment amounted to Rs. 40,294.11 lakhs which includes Written Down Value of Helicopters amounting to Rs. 39,681.87 lakhs as disclosed in note 2A to the financial statements.</p> <p>The Company reviews the carrying amount of its helicopters on an annual basis to determine if there is an indication of impairment.</p> <p>Management prepares an impairment assessment for helicopters as required under Ind AS, which is based on a value in use calculation. Management has concluded that there is no impairment as on March 31, 2019.</p> <p>The value in use is determined by discounting the estimated future cash flows of helicopters to present value using various estimates and assumptions and discount rate.</p> <p>Risk identified:</p> <p>This impairment assessment is sensitive to changes in assumptions (in particular the discount rate and the assumptions underlying future operating cash flows) which involves areas of judgement by the Management.</p> <p>The impairment assessment requires management to consider both internal and external sources of information, in determining whether there is any indication that any helicopter may have been impaired.</p>	<p>Our procedures included:</p> <ul style="list-style-type: none"> Evaluating the key controls and processes with regard to identification of impairment indications. Evaluating the key inputs and assumptions considered for cash flow forecasts for estimating the 'value in use'. Assessing the accuracy of the 'value in use' model by assessing the methodology applied in determining the value in use compared with the requirements of Ind AS 36 'Impairment of Assets' and checking the integrity of the 'value in use' model. Evaluating whether the Management's judgements used for impairment assessment are supportable by considering our knowledge of the business.

Sr. No.	Key audit matter description	How the scope of our audit addressed the key audit matter
3	<p>Inventories As at March 31, 2019, the value of inventory held by the Company was Rs. 2,545.99 lakhs as disclosed in note 6 to the financial statements.</p> <p>Risk identified: There is significant management judgement in assessing which items may be slow-moving or obsolete. No provision has been made for the old inventories.</p>	<p>Our procedures included: Management has undertaken technical review of such old inventories which comprises of critical components, general spares and specialist tools which have an indefinite shelf life and certified that the inventory is still in useable condition and not redundant. We evaluated that these inventories are useable on the existing fleet of helicopters and within aircraft repair operations.</p>
4	<p>Actuarial Obligations There is significant judgement involved in calculating the closing defined benefit liability and long term compensated absences. Whilst management utilises the service of third party actuarial advisors to determine their key assumptions, there is a risk that the discount rate, rate of inflation and mortality assumptions used in the calculation are inappropriate.</p>	<p>Our procedures included: We obtained the actuarial valuations prepared by management's experts and agreed the project unit methodology used to be appropriate. We assessed the appropriateness and adequacy of the disclosures in respect of the defined benefit liability in note 43 of the financial statement and agree these to be satisfactory and aligned to the requirements of Ind AS 19.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Director's Report, Management Discussion and Analysis Report, Report on Corporate Governance but does not include the financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion.
- Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016, ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the said Order, to the extent applicable.
2. As required by section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b) Except for the effects of the matter described in the Basis of qualified opinion paragraph above, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, except for the effects of matter described above, the aforesaid Financial Statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the Directors of the Company as on March 31, 2019 and taken on record by the Board of Directors, none of the Directors of the Company are disqualified as on March 31, 2019, from being appointed as a Director in terms of section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**".

- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its Ind AS Financial Statements. Refer Note No. 35 and 38 to the Ind AS Financial Statements.
 - ii. The Company has made provision, as required under the applicable laws or Accounting Standards for material foreseeable losses, if any, on long term contracts including derivative contracts. Refer Note No. 19, 25 and 50 to the Ind AS Financial Statements.

Annexure A to the Independent Auditor's Report

The Annexure referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in our Independent Auditors' Report to the members of the Company on the Financial Statements for the year ended March 31, 2019:

Statement on Matters specified in paragraphs 3 and 4 of the Companies (Auditor's Report) Order, 2016:

1. Fixed Assets:
 - a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - b) The Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified in a phased manner. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this programme, the Company has physically verified certain fixed assets during the year and no material discrepancies were noticed on such verification.
 - c) According to the information and explanations given to us and on the basis of the records examined by us, the title deeds of immovable properties are held in the name of the Company.
2. We have been informed that the Management has conducted physical verification of inventory at reasonable intervals. However, the process of physical verification needs to be formally documented. No material discrepancies were noticed on such verification.
3. During the year, the Company has not granted any loans, secured or unsecured to companies, firms, LLP or other parties covered in the register maintained under Section 189 of the Companies Act, 2013. Therefore, the provisions of sub-clauses (a), (b) and (c) of paragraph 3 (iii) of the Order are not applicable.
4. According to the information and explanations given to us, the Company has not advanced any loans or given guarantee or provided any security to parties covered under section 185 of the Companies Act, 2013.
5. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76, or any other relevant provisions of the Companies Act, 2013 and the rules framed thereunder.
6. According to the information and explanations given to us, the Central Government has not prescribed maintenance of cost records under sub section (1) of section 148 of the Companies Act, 2013, in respect of any of the activities of the Company.

Annexure B to the Independent Auditor's Report

Referred to in Paragraph 2(f) 'Report on Other Legal and Regulatory Requirements' in our Independent Auditor's Report to the members of the Company on the Ind AS Financial Statements for the year ended March 31, 2019.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of section 143 of the Companies Act, 2013.

We have audited the internal financial controls with reference to financial statements of **GLOBAL VECTRA HELICORP LIMITED** ("the Company") as of March 31, 2019, in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (the "Act" or the "Companies Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the

risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that:

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our knowledge and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2019, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Notes to Financial Statements for the year ended
31st March 2019**

(Currency Indian Rupees)

Note 1

Statement of significant accounting policies

A. General Information

Global Vectra Helicorp Limited ('the Company') was incorporated in 1998 as a private limited company and was subsequently listed on 27 October 2006 the Bombay Stock Exchange and the National Stock Exchange.

The Company is mainly engaged in helicopter charter services for offshore transportation, servicing the oil and gas exploration and production sector in India. The Company is also engaged in helicopter charter services for onshore transportation.

B. Basis of preparation of financial statements

a) Statement of compliance with Ind AS

The financial statements of the Company comply with all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The Financial statements are prepared in Indian rupees rounded off to the nearest lakhs except for share data and per share data, unless otherwise stated

All assets and liabilities are classified as current or non-current as per the company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities.

b) Standards issued but not yet effective

All the Indian Accounting Standards ("Ind AS") issued and notified by the Ministry of Corporate Affairs are effective and considered for the significant accounting policies to the extent relevant and applicable for the Company except for:

Ind AS 116 Leases:

This Standard is effective for annual periods beginning on or after 1 April, 2019, The Company is in the process of identifying such lease contracts which will impact the financial statements upon initial application of this standard.

c) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities including defined benefit plans - plan assets measured at fair value.

d) Use of estimates and judgements

The preparation of the financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

The areas involving critical estimates and judgements are:

- i. estimation of useful lives and residual value of Property, Plant and Equipment
- ii. estimation of defined benefit obligation
- iii. impairment of financial assets
- iv. recognition of deferred tax assets and deferred tax liabilities
- v. recognition and measurement of provisions and contingencies
- vi. recognition and measurement of Non-current assets held for sale

C. Summary of significant accounting policies

a) Property, plant and equipment

Property, Plant and Equipment are stated at cost of acquisition, including any attributable cost for bringing the asset to its working condition for its intended use, less accumulated depreciation/amortisation and impairment loss.

The cost of Property, Plant and Equipment comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.

Property, Plant and Equipment not ready for the intended use on the date of Balance Sheet are disclosed as "Capital work-in-progress".

Depreciation/amortization for the year is recognised in the Statement of Profit and Loss.

Depreciation on Property, Plant and Equipment (including assets acquired under finance leases) except leasehold improvements are provided on the straight-line method over the useful lives of assets as prescribed under Schedule II of the Act which in management's opinion reflects the estimated useful economic lives of Property, Plant and Equipment. The estimated useful life of items of property, plant and equipment is mentioned below:

	Years
Hangar and administrative building	15
Plant and equipment	15
Office equipment	5
Furniture and fixtures	10
Helicopters	20
Computers	6
Network and servers	6
Vehicles	8

Leasehold improvements in the nature of hangar and administrative building are amortised over the primary lease period or the useful life of the assets, whichever is shorter.

Major components of helicopters which require replacement at regular intervals are identified and depreciated separately over their respective estimated remaining useful life. Accordingly, overhaul costs of engines and gear boxes are depreciated over 5,000 hours and 4,000 hours respectively, being their estimated useful life. Items such as Inventory spares are classified as Property, Plant and Equipment when they meet the recognition criteria in Ind AS 16.

Depreciation for the year is recognised in the statement of profit and loss. Losses arising from retirement or gains or losses arising from disposal of fixed assets which are carried at cost are recognised in the Statement of Profit and Loss.

The useful lives are reviewed by the management at each financial year-end and revised, if appropriate. In case of a revision, the unamortised depreciable amount is changed over the revised remaining useful life.

Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the company.

b) Intangible assets

Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its purchase price including directly attributable costs less any accumulated amortisation and any accumulated impairment loss, if any.

Subsequent expenditure is capitalised only when it increases the future economic benefits from the specific asset to which it relates. An intangible asset is derecognised on disposal or when no future economic benefits are expected from its use.

Losses arising from retirement and gains or losses arising from disposal of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss.

The assets are amortised on the straight-line method over a period of three years.

c) Impairment of asset

Assets are reviewed at each reporting date to determine if there is any indication of impairment. For assets in respect of which any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognised if the carrying amount of an asset exceeds its recoverable amount.

For the purpose of impairment testing, assets are grouped together into the smallest group of assets (cash generating unit or "CGU") that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of an asset or CGU is the greater of its value in use and its net selling price. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

Impairment losses are recognised in the Statement of Profit and Loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists or has decreased, the assets or CGU's recoverable amount is estimated. For assets other than goodwill, the impairment loss is reversed to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Such a reversal is recognised in the Statement of Profit and Loss; however, in the case of revalued assets, the reversal is credited directly to revaluation surplus except to the extent that an impairment loss on the same revalued asset was previously recognised as an expense in the Statement of Profit and Loss. Impairment loss recognised for goodwill is not reversed in a subsequent period unless the impairment loss was caused by a specific external event of an exceptional nature that is not expected to recur and subsequent external events have occurred that reverse the effect of that event.

d) Maintenance expenditure

Helicopter maintenance expenses including repairs and maintenance that are required to be performed at regular intervals as enforced by the Director General of Civil Aviation (DGCA) and in accordance with the maintenance programme laid down by the manufacturers are debited to the statement of profit and loss as and when incurred.

e) Inventories

Inventories comprising of consumables and spares supplies, are valued at lower of cost and net realisable value. Cost is determined on the basis of specific cost method. Cost of inventory comprises of all cost of purchase and other incidental cost incurred in bringing the inventories to their present location and condition.

f) Cash and cash equivalent

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short term (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

g) Revenue recognition

Service income and reimbursement of expenses is recognised as and when services are rendered in accordance with the terms of the specific contracts, net of all contractual deductions. Revenue is recognised net of all taxes and levies.

Unbilled revenue' included in 'other current financial assets' represents services rendered for which billing is pending at the end of the reporting period.

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

h) Leases

I. As a Lessee

Operating lease

Lease rentals under an operating lease are recognized as an expense in the statement of profit and loss on a straight line basis over the lease term.

Finance Lease

Assets acquired under finance lease are recorded as an asset and liability at the inception of the lease and are recorded at an amount equal to lower of fair value of the leased asset and the present value of the future minimum lease payments.

II. As a lessor

Lease income from operating lease where the Company is a lessor is recognised in revenue on straight line basis over the lease term unless the recipients are structured to increase in line with expected general inflation to compensate for the expected increase in inflationary cost increase.

Accounting for arrangements in the nature of lease:

Under appendix C to Ind AS 17, an entity may enter into an arrangement comprising a transaction or a series of related transactions, that do not take the legal form of lease but conveys a right to use an asset in return for a payment or series of payments. Arrangements meeting these criteria should be identified as either operating leases or finance leases. For determining whether an arrangement is, or contains, a lease shall be based on the substance of the arrangement and requires an assessment of whether:

- a) fulfilment of the arrangement is dependent on the use of specific asset or assets; and
- b) the arrangement conveys a right to use the asset.

The Company enters into agreements, comprising a transaction or series of related transactions that does not take the legal form of a lease but conveys the right to use the asset in return for a payment or series of payments. In case of such arrangements, the Company applies the requirements of Ind AS 17 – Leases to the lease element of the arrangement. For the purpose of applying the requirements under Ind AS 17 – Leases, payments and other consideration required by the arrangement are separated at the inception of the arrangement into those for lease and those for other elements.

i) Foreign currency transactions and balances

i. Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian Rupee (INR), which is the Company's functional and presentation currency.

ii. Foreign currency Transactions and Balances

Transactions denominated in foreign currency are recorded at the exchange rates prevailing on the date of transactions. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the Statement of Profit and Loss for the year.

Monetary assets and liabilities denominated in foreign currencies as at the balance sheet date are translated into Indian rupees at the closing exchange rates on that date. The resultant exchange differences are recognised in the Statement of Profit and Loss except that exchange differences pertaining to long term foreign currency monetary items outstanding as on the transition date that are related to acquisition of depreciable assets are adjusted in the carrying amount of the related Property, Plant and Equipment.

A foreign currency monetary item is classified as long term if the asset or liability is expressed in a foreign currency and it has an original maturity of one year or more.

j) Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as embedded derivatives.

I. Financial Assets:

Classification

On initial recognition the Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Initial recognition and measurement

All financial assets (not measured subsequently at fair value through profit or loss) are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Financial assets at amortised cost

A 'financial asset' is measured at the amortised cost if both the following conditions are met:

- i) the asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- ii) contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. This category generally applies to trade and other receivables.

Financial assets included within the fair value through profit and loss (FVTPL) category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at fair value through other comprehensive income (FVTOCI) or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value

changes on the instrument, excluding dividends, are recognized in other comprehensive income (OCI). There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of such investments.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a company of similar financial assets) is primarily derecognised (i.e. removed from the Company's financial statements) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:
 - i) the Company has transferred substantially all the risks and rewards of the asset, or
 - ii) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- i) Financial assets that are debt instruments, and are measured at amortised cost e.g.,

loans, debt securities, deposits, and bank balance.

ii) Trade receivables.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables which do not contain a significant financing component.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

II. Financial Liabilities

Classification

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities measured at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value with changes in fair value being recognised in the Statement of Profit and Loss.

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss or at amortised cost (loans and borrowings, and payables), or as derivatives designated as hedging instrument in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risk are recognized in OCI.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and

losses are recognised in Statement of Profit and Loss when the liabilities are derecognised.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

This category generally applies to interest-bearing loans and borrowings.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Embedded Derivatives

If the hybrid contract contains a host that is a financial asset within the scope Ind-AS 109, the Company does not separate embedded derivatives. Rather, it applies the classification requirements contained in Ind AS 109 to the entire hybrid contract. Derivatives embedded in all other host contracts are accounted for as separate derivatives and recorded at fair value if their economic characteristics and risks are not closely related to those of the host contracts and the host contracts are not held for trading or designated at fair value through profit or loss. These embedded derivatives are measured at fair value with changes in fair value recognised in profit or loss, unless designated as effective hedging instruments. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Hedge Accounting

The Company enters into USD sales contracts with Indian customers to hedge its risks associated with foreign currency fluctuations in USD lease payments. The Company treats such arrangements as embedded derivatives. The Company designates such contracts in a cash flow hedging relationship by applying the hedge accounting principles. These contracts are stated at fair value at each reporting date. Changes in the fair value of these contracts that are designated and effective as hedges of future cash flows

are recognised directly in Other Comprehensive Income ('OCI') and accumulated in "Effective portion of cash flow hedges" under Reserves and Surplus, net of applicable deferred income taxes and the portion that is not designated as hedges is recognised immediately in the Statement of Profit and Loss. Amounts accumulated in the "Effective portion of cash flow hedges" are reclassified to the Statement of Profit and Loss in the same period during which the forecasted transaction affects Statement of Profit and Loss. Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting.

k) Fair value measurement

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. When one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. If there is no quoted price in an active market, then the Company uses valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

The best evidence of the fair value of a financial instrument on initial recognition is normally the transaction price – i.e. the fair value of the consideration given or received.

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Significant valuation issues are reported to the Company's audit committee.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or

liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred

l) Employee benefit

i. Short-term employee benefits

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognised as an expense at an undiscounted amount in the Statement of Profit and Loss as the related service is rendered by employees.

ii. Post-employment benefits

Defined Contribution Plan

The Company's contributions during the year to Provident Fund administered by government authority are recognized in the Statement of profit and loss.

Defined Benefit Plan

The Company's net obligation in respect of gratuity is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value, and the fair value of any plan assets is deducted. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation by an independent actuary using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government securities as at the Balance Sheet date.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

iii. Compensated absences

Provision for compensated absences cost has been made based on actuarial valuation by an independent actuary at balance sheet date.

The employees of the Company are entitled to compensated absences. The employees can carry-forward a portion of the unutilized accrued compensated absence and utilize it in future periods or receive cash compensation at termination of employment for the unutilized accrued compensated absence. The Company records an obligation for compensated absences in the period in which the employee renders the services that increase this entitlement. The Company measures the expected cost of compensated absence as the additional amount that the Company expects to pay as a result of the unused entitlement that has accumulated at the balance sheet date.

m) Income taxes

Tax expense is the aggregate amount included in the determination of profit or loss for the period in respect of current tax and deferred tax.

Current taxes

Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing in the respective jurisdictions.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and set off the liability on a net basis or simultaneously.

Deferred taxes

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used. Deferred tax is measured at the tax rates that are expected to be applied to deferred tax assets when they are realised or deferred tax liabilities when they are settled, using tax rates enacted or substantively enacted at the reporting date.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current

tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

n) Earnings per share ('EPS')

Basic and diluted earnings per share are computed by dividing the net profit attributable to equity shareholders for the year, by the weighted average number of equity shares outstanding during the year.

The number of shares used in computing diluted earnings per share comprises of weighted average number of shares considered for deriving basic earnings per share, and also the weighted average number of equity shares which may be issued on conversion of all dilutive potential shares, unless the results would be anti – dilutive.

o) Provisions and contingent liabilities

Provisions are recognized when the Company recognizes that it has a present obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount can be reasonably estimated.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.

p) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The CODM assesses the financial performance and position of the company, and makes strategic decisions.

q) Non-Current Assets held for sale

The Company classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use of the assets and actions required to complete such sale indicate that it is unlikely that significant changes to the plan to sell will be made or that the decision to sell will be withdrawn. Also, such assets are classified as held for sale only if the management expects to complete the sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and the fair value less cost to sell. Non-current assets are not depreciated or amortized.

	<u>-</u>	<u>6,593.49</u>

The Company had filed an application with the National Company Law Tribunal (NCLT) to alter the term of their existing non-convertible redeemable preference shares which were redeemable on December 27, 2017 and convert the same to 659,34,900.

Optionally Convertible Cumulative Redeemable Preference Shares of Rs. 10/- with an option to convert the same into 73,26,100 Equity Shares of Rs. 10/- each issued at a premium of Rs. 80/- per share.

The NCLT had issued a notice inviting objections, if any, to the petition, filed by the company.

Since the NCLT received an objection, the company has withdrawn their petition and NCLT has passed an order stating that the petition is dismissed and withdrawn

The preference shares which were classified as equity in the financial statements as at March 31, 2018, have now been reclassified as Other Financial Liability.

No interest has been provided for this liability as the Company has received a consent to waive the interest for the year.

Nature and purpose of reserves

1. Capital reserve

Capital reserve is created on waiver of Preference dividend to 5.46% Non convertible cumulative redeemable preference shareholders. No distributions are permitted.

2. Securities Premium reserve

The amount received in excess of face value of the equity shares is recognised in Securities Premium Reserve. The reserve is utilised in accordance with the provisions of the Companies Act.

3. General reserve

The Company has transferred a portion of the net profit of the Company before declaring dividend to general reserve pursuant to the earlier provisions of Companies Act 1956. Mandatory transfer to general reserve is not required under the Companies Act 2013.

4. Retained earnings

The balance held in this reserve is the accumulated retained profits and includes impact of fair valuation of helicopter on transition to Ind AS.

Excluding the amount of fair valuation balance is permitted to be distributed to shareholders as part of dividend.

5. Effective portion of cash flow hedges

The cash flow hedging reserve represents the cumulative portion of gains or losses arising on changes in fair value of designated portion of hedging instruments entered into for cash flow hedges. The cumulative gain or loss arising on changes in fair value of the designated portion of the hedging instruments that are recognised and accumulated under the heading of cash flow reserve will be reclassified to Statement of Profit and Loss only when the hedged transaction affects the profit or loss or included as a basis adjustment to the non financial hedged item.

6. Remeasurement of defined benefit obligation

Remeasurements of defined benefit (liability)/ asset comprises actuarial gains and losses and return on plan assets (excluding interest income)

Demand notice issued by the Customs authorities

During the year ended 31 March 2009, the Office of the Commissioner of Customs (Preventive) had seized three helicopters for alleged non-compliance of the duty waivers given to non-scheduled operators (passenger). The Company had received a Show Cause Cum Demand Notice (SCN) citing an amount of Rs 2,379.24 Lakhs (previous year: Rs 2,379.24 Lakhs) towards custom duty under Section 28 of the Customs Act, 1962 and applicable interest and penalty thereon. Pursuant to the receipt of the said SCN, the Commissioner of Customs (Preventive) had confirmed a demand of Rs 2,621.95 Lakhs (previous year: Rs 2,621.95 Lakhs) towards differential duty of customs and penalty thereon for two helicopters. The management believes that the Company is in compliance with the relevant customs and other regulatory guidelines in this respect, based on decision in the previous year from Custom Excise and Service Tax Appellate Tribunal (CESTAT) West Zonal Bench, in favour of the Company on a similar matter and on an opinion from an external legal expert and the demand being contested by the Company will be set aside by the higher appellate tribunal. An amount aggregating Rs 538.26 Lakhs (previous year: Rs 538.26 Lakhs) has been paid as duty under protest during the year ended 31 March 2010.

Note - 39

Transfer Pricing

The Company's international transactions with related parties are at arms length as per the independent accountants report for the year ended 31 March 2019. Management believes that the Company's international transactions with related parties post 31 March 2017 continue to be at arm's length and that the transfer pricing legislation will not have any impact on these financial statements, particularly on amount of tax expenses and that of provision of taxation. Management is in the process of obtaining the transfer pricing study / report for the year ended 31 March 2019.

Note - 40

Recoverable from customers

A customer of the Company has been retaining amounts aggregating Rs 293.68 lakhs (Service Tax liability Rs.238.52 Lakhs upto June 30, 2017 and GST liability Rs. 55.16 Lakhs from July 2017 onwards) in respect of service tax/GST levied by the Company on reimbursement of expenses. The Company is currently in discussion with this customer for recovering the retained amounts and Management believes that they have a strong case to collect the outstanding amounts and accordingly no provision has been made thereon. The audit report has been modified in this respect.

Note - 41

Corporate Social Responsibility

The Company has constituted a Corporate Social Responsibility (CSR) Committee as per Section 135 and Schedule VII of the Act read with the Companies (Corporate Social Responsibility Policy) Rules 2014.

The CSR activities of the Company will be undertaken either through a Registered Trust or in collaboration with other Group Companies.

The Company is in the process of identifying the Projects for CSR spending. The efforts are being undertaken to implement the same in financial year 2019-20.

Notes to Financial Statements for the year ended 31st March 2019

(All amounts are in lakhs, except share data and as stated)

(iii) Defined benefit plan and long term employment benefit

A. General description

Gratuity (Defined benefit plan)

The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of services gets gratuity on death or resignation or retirement at 15 days salary (last drawn salary) for each completed year of service.

Leave wages (Long term employment benefit)

Eligible employees can carry forward leave with a maximum accumulation of thirty (30) days. All leave balances in excess of thirty (30) days at the end of the calendar year are compulsorily encashed on the basis of basic salary last drawn. Leave wages are also payable to all eligible employees at the rate of daily basic salary on accumulated leave at the time of death / resignation / retirement or on attaining superannuation age.

Sick leave (Long term employment benefit)

The sick leave is not encashable and can be accumulated till 90 days for employees other than pilots, whose leave balance will lapse at the end of the year.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity plan and the amounts recognised in the Company's financial statements as at balance sheet date:

	31-Mar-19	31-Mar-18
	Gratuity	
Defined benefit obligation	(890.06)	(771.83)

C. Plan assets

Plan assets comprise the following :

	31-Mar-19	31-Mar-18
Investment in scheme of insurance	100%	100%

D. Defined benefit obligations

i. Actuarial assumptions

The following were the principal actuarial assumptions at the reporting date (expressed as weighted averages).

	31-Mar-19	31-Mar-18
Discount rate	7.64%	7.80%
Expected rate of return on plan assets	7.64%	7.80%
Salary escalation	5.00%	5.00%
Mortality pre retirement	Indian Assured Lives Mortality (2006-08) (modified) Ult	Indian Assured Lives Mortality (2006-08) (modified) Ult
Mortality post retirement	N.A	N.A
Employee turnover rate (for different age groups)	9.00%	9.00%

The estimate of future salary increases, considered in actuarial valuation takes into consideration inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market.

The overall expected rate of return on assets is determined based on the market prices prevailing on that date, applicable to the period over which the obligation is to be settled.

Weighted average duration of the Projected Benefit Obligation is 7 years.

Notes to Financial Statements for the year ended 31st March 2019

(All amounts are in lakhs, except share data and as stated)

E. Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	31-Mar-19
	Gratuity
+ 1% change in rate of Discounting	(40.06)
- 1% change in rate of Discounting	44.07
+ 1% change in rate of Salary increase/ inflation	33.67
- 1% change in rate of Salary increase/ inflation	(32.92)
+ 1% change in rate of Employee Turnover	7.48
- 1% change in rate of Employee Turnover	(8.20)

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

Other long term employee benefits.

Compensated absences are payable to employees. The charge towards compensated absences for the year ended 31 March 2019 based on actuarial valuation using the projected accrued benefit method is Rs.136.63 Lakhs (31st March 2018 : Rs.90.68 Lakhs, 01st April 2017 : Rs. 83.04Lakhs).

Financial instruments – Fair values and risk management

A. Accounting classification and fair values

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities if the carrying amount is a reasonable approximation of fair value.

A substantial portion of the Company's long-term debt has been contracted at floating rates of interest, which are reset at short intervals. Accordingly, the carrying value of such long-term debt approximates fair value.

B. Measurement of fair values

The three levels of the fair-value-hierarchy under Ind AS 107 are described below:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

The following tables show the valuation techniques used in measuring Level 2 fair values.

Financial instruments measured at fair value

Type	Valuation technique	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Derivatives	Market valuation techniques : The fair value is determined using forward rates at the balance sheet date	Not applicable	Not applicable
Other financial assets and financial liabilities	The fair value of other financial assets and financial liabilities falling into level 2 have been determined based on observable inputs available for financial assets and financial liabilities.	Not applicable	Not applicable

C. Fair value of Financial assets and liabilities measured at amortised cost

The carrying amounts of cash and cash equivalents, other bank balances, current loans, trade receivables, short-term borrowing, trade payables, other short term financial assets and financial liabilities are considered to be the same as their fair values due to their short-term nature.

B. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk ; and
- Market risk

i. Risk management framework

The Company’s activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company’s primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Company’s risk management assessment and policies and processes are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company’s activities. The Board of Directors and the Audit Committee is responsible for overseeing the Company’s risk assessment and management policies and processes.

ii. Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company’s receivables from customers. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

Trade and other receivables

The Company’s exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

Summary of the Company’s exposure to credit risk by age of the outstanding from various customers is as follows:

	March 31, 2019	March 31, 2018
Neither past due nor impaired	180.05	-
Past due but not impaired		
Past due 1–90 days	4,479.52	1,277.04
Past due 91–180 days	379.52	816.16
Past due 181–270 days	141.04	101.11
Past due 271–360 days	353.89	157.94
More than 360 days	805.21	516.60
	6,339.23	2,868.85

Cash and cash equivalents

The Company held cash and cash equivalents with credit worthy banks and financial institutions of INR 159.56 Lakhs as at 31st March 2019 & INR 684.11 Lakhs as at 31st March 2018. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

Impairment

The management has written off the following amounts of trade receivables during the years:

Particulars	Amount	
	March 31, 2019	March 31, 2018
Amount of impairment	40.26	-

Management believes that the unimpaired amounts that are past due by more than 30 days are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk, including underlying customers' credit quality and prevailing market conditions.

Note - 47

Financial instruments – Fair values and risk management

iii. Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

The Company has obtained fund and non-fund based working capital lines from various banks. The Company also constantly monitors, as and when required, funding options available in the debt and capital markets with a view to maintain financial flexibility.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments.

iv. Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates and foreign currency exchange rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short term and long-term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk and interest rate risk.

Currency risk

The fluctuation in foreign currency exchange rates may have potential impact on the Statement of Profit and Loss and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the entity.

The Company, as per its risk management policy, uses foreign exchange and other derivative instruments primarily to hedge foreign exchange exposure. The Company does not use derivative financial instruments for trading or speculative purposes.

Exposure to currency risk

The Company's exposure to foreign currency risk at the end of the reporting period are expressed in INR:

	31 March 2019				31 March 2018

Sensitivity analysis

The Company is mainly exposed to changes in USD, EUR and GBP. The below table demonstrates the sensitivity to a 1% increase or decrease in the USD, EUR and GBP against INR, with all other variables held constant. The sensitivity analysis is prepared on the net unhedged exposure of the Company as at the reporting date. 1% represents management's assessment of reasonably possible change in foreign exchange rate.

Financial Risk Management

(ii) Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates. The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk.

Interest rate sensitivity - fixed rate instruments

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of change in market interest rates.

Interest rate sensitivity - variable rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / decreased equity and profit or loss by amounts shown below. This analysis assumes that all other variables, in particular, foreign currency exchange rates, remain constant. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period.

(a) Interest rate exposure

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period is as follows:

	31-Mar-19	31-Mar-18
Fixed-rate instruments		
Financial assets	3,078.49	3,969.98
Financial liabilities	1,161.28	1,345.61
Variable-rate instruments		
Financial assets	-	-
Financial liabilities	16,787.76	13,151.23

As at the end of the reporting period, the Company had the following variable rate borrowings outstanding:

	31-Mar-19		31-Mar-18	
	Balance	% of total loans	Balance	% of total loans
Borrowings	16,787.76	93.53%	13,151.23	90.72%
Net exposure to cash flow interest rate risk	16,787.76		13,151.23	

(b) Sensitivity

Impact on profit before tax

	31-Mar-19	31-Mar-18
Interest rates - Increase by 100 basis points (100 basis points)	(167.88)	(131.51)
Interest rates - decrease by 100 basis points (100 basis points)	167.88	131.51

Note - 50

Hedge accounting

The Company's risk management policy is to hedge its USD lease payments, thereby the company's sales contracts are entered in USD. In these type of contracts, there is an embedded derivative element which helps the company in hedging the currency risk. Such contracts are generally designated as cash flow hedges.

The embedded derivative contracts are denominated in the same currency as the underlying hedged item, therefore the hedge ratio is 1:1. Most of these contracts have a maturity of more than 12 months from the reporting date.

The Company determines the existence of an economic relationship between the hedging instrument and hedged item based on the currency, amount and timing of their respective cash flows. The Company assesses whether the derivative designated in each hedging relationship is expected to be and has been effective in offsetting changes in the cash flows of the hedged item using the hypothetical derivative method.

In these hedge relationships, changes in timing of the hedged transactions is the main source of hedge ineffectiveness.

Capital Management

The primary objective of the Company's capital management is to ensure that it maintains an efficient capital structure and healthy capital ratios to support its business and maximize shareholder value. The Company makes adjustments to its capital structure based on economic conditions or its business requirements. The funding requirements are met through a mixture of equity and other borrowings. The Company's policy is to use short-term and long-term borrowings to meet anticipated funding requirements.

The Company monitors capital using the metric of Net Debt to Equity. Net Debt is defined as borrowings less cash and cash equivalents and fixed Deposits.

Note - 52

Exceptional Items

The Airports Authority of India (AAI) had revised the licence fees for use of land with effect from October 2014. The Company had disputed the revision as unreasonable and had requested for arbitration and conciliation. The Arbitrator has passed the final order dated August 24, 2018, wherein the total amount payable by the Company for the period from October 2014 up to March 2019, including GST, has been determined at Rs. 1,488.25 lakhs.

In accordance with the arbitration award, the Company has accounted for an additional amount of Rs. 233.65 lakhs under Hangar Rent Expense during the current year after adjusting the provision made in earlier periods.

The Company had also provided for anticipated interest amounting to Rs. 209.34 lakhs till the year ended March 31, 2018 on the disputed license fees payable. Since the arbitration award has not provided for any interest payable on the above amount, this amount has been reversed and disclosed under Exceptional Item.

Note - 53

Previous years's figures have been regrouped and rearranged to confirm to current year's presentation, whenever necessary.
