MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Company presents its performance for the financial year 2012-13 and outlook for the future based on the current business environment which may vary due to future economic, political and developments in India as well as overseas.

INDIAN ECONOMY SCENARIO

According to the first advance estimates of national income for the year 2012-13 of the Central Statistics Office (CSO), the Indian economy is expected to grow at its slowest pace in decade at a mere 5% in 2012-13, on a back of dismal performance by the farm, manufacturing and service sectors. The estimate is lower than the 6.2% growth clocked in 2011-12 and is the lowest since 2002-03, when the economy grew by 4% only. This is the lowest recorded annual growth rate in a decade. Monetary policy eased during 2012-13 in response to some softening of inflation and significant modernization in growth.

INDIAN CONSTRUCTION INDUSTRY

In India, Construction in second largest economic activity after agriculture. The outlook for the Indian Construction sector is stable compared to other Industry. Investment in the infrastructure sector plays a crucial role in the growth of economy and in turn the construction Industry. In the past few years, the rapid growth of the economy has put a tremendous pressure on the physical growth in infrastructure sector of the country. In order to sustain the economic growth, the government has lined up huge investments across various infrastructure segments. The total investment planned in the infrastructure sector during the 11th Five year plan is estimated to double that in the Tenth Five Year Plan.

The increase in competitive pressure is taking a toll on operating margins while a rising cost of debt would further slowdown earnings. The construction industry continues to face multiple challenges. Investment capax of the private sector continues to be weak due to slowdown in economic growth

In the recent years ahead, the construction industry in India has to overcome various challenges—be it with respect to housing, environment, transportation, power or natural hazards. Technocrats associated with the Indian Construction industry need to employ innovative technologies and skilled project handling strategies to overcome these challenges. The Outstanding performance under demanding situations in the past will stand in good stead and give confidence to the Indian Construction industry to bring about an overall development in the infrastructure of the nation. The gains of large investments in the mega-projects eventually will feedback to the construction industry itself in the form of better economy and improved work conditions.

Monetary tightening over the past couple of months along with volatility in commodity prices has induced delays in Capital Expenditure decisions. Once the macro environment begins to improve, government sector and private sector activity will pick up.

BUSINESS ACTIVITIES

Construction is the company's core business, which focuses on residential, commercial, power, hotel, hospital and institutional and industrial construction projects. The business has been extended to offering complete Engineering Procurement Services (EPC) services.

ACIL is developing a portfolio of assets from planning and conceptualization to execution, and retains ownership rights on the assets created. Returns are generated from utilization of the assets leading to expansion of value.

The Company's order backlog as on 31st March, 2013 was Rs 5425 Crores approx. The order backlog is well distributed across various sectors including industrial, commercial, institutional, residential, hotels, Hospitals, BOT, etc.

OPERATIONAL PERFORMANCE

The financial performance of the company on a standalone basis are:

- Order Book at Rs 5425 cr. at the close of 2012-13.
- Revenue from operations increased by from Rs 1395 cr. to Rs 1404 cr. 2012-13

Ahluwalia Contracts (India) Limited

The turnover & operating margin decline due to increase competition as well as higher raw material price for fixed price proposition of order book & increase in interest cost. In nutshell reasons of loss are:

- Due to overall Economy's Slowdown & Poor liquidity conditions
- Macro economics scenario of high interest rates, delay in project approval, land acquisition & environmental clearance related issue
- Order book was not reflected in revenue & profitability due to execution delay & easing cost of construction
- Increase in labour cost mainly Govt. has regularly increased minimum wages price also short fall of skilled labour
- Interest cost, on the other hand have been high, and largely due to an increase in working capital requirements given the delays in payment and settlement of claims by some clients and this impacted the bottom lone.

All the above has resulted slowdown in the economy ultimately adversely affecting the progress of the company.

SAFETY, HEALTH AND ENVIRONMENTAL PERFROMANCE:

We, at ACIL, believe that our long term business success depends on our ability to continually improve the quality of services while protecting people and the environment. Hence, we are committed to meet the expectations of our customers and continuously strive to improve the effectiveness of our Quality, Health, Safety and Environment Management System. 8. Giving rewards to the workers for giving good suggestions.
9. Providing certificate training/ Workmen Training to the workers, at the end of which they are presented Certificates indicating their skills.

WORKMEN TRAINING

- ACIL has been making continued efforts to promote interface between various disciplines related to built environment. It has aimed at improved system of Administration, Planning, Design, Construction and Maintenance of Built Environment. Now, in the field of 'Workmen Training', ACIL has taken the initiative to give on site training as per programme launched by Ministry of Labour, Govt. of India, under the name of 'Skill Development Initiative' scheme.
- As a first step in this direction ACIL has already initiated 'On Job Training' of workmen in the category of Asstt. Shutter Carpenter & Scaffold, Asstt. Bar Bender, Asstt. Mason, Asstt. Plumber and Electrician Level-I. More than 200 workers in different categories have already been trained by ACIL and tested by an independent Testing Agency appointed by Directorate General of Employment & Training (DGE & T) based on Modular Employable Skills (MES).
- The Company has also launched an intensive drive in the field of Training the Workmen under the aegis of Indian Buildings Congress (IBC) and the move is spear headed by the Dy. Managing Director Sh. Shobhit Uppal who is also the Vice President of IBC.
- Officers from other Construction Company have also contacted IBC & M/s Ahluwalia Contracts (India) Ltd. for imparting training to their construction workers at our training centers. Modalities are being worked out.
- Batch of our trained masons and shuttering carpenters went through a grueling skill test at IBC's Dev Nagar Assessment Centre in New Delhi. The assessment was carried out by an independent agency on behalf of DGET, Govt. of India under Modular Employable Skills (MES) program of the Directorate General of Employment & Training (DGET). After Results the successful candidates is issued with certificates by Directorate of Apprenticeship and Training, DGET, GOI along with ACIL Certificate. Issue of these certificates which are valid both in India and abroad will imply a career progression for the successful construction workers and is likely to result in an increased output from the individuals on the ground. This will also motivate fellow construction workers to go in for training and similar certification and upgrade their skills in the field.

INDEPENDENT AUDITORS' REPORT

To
The Member of
AHLUWALIA CONTRACTS (INDIA) LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of Ahluwalia Contracts (India) Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2013, and the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in Sub-Section (3C) of Section 211 of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) In the case of Balance Sheet, of the state of affairs of the company as at 31st March, 2013
- b) In the case of the Profit & Loss Account, of the loss for the year ended on that date; and
- c) In the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Annexure Independent Auditors' Report

Referred to in paragraph (1) under the heading of "Report on Other Legal and Regulatory Requirements" our report of even date-

Ahluwalia Contracts (India) Limited

- (i) (a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets except for shuttering and scaffolding materials for which considering the nature of the business of the company, maintenance of record is not feasible.
- (b) All fixed assets have not been physically verified by the management during the year. There is a regular programme of verification of fixed assets except for shuttering and scaffolding materials which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. In accordance with the said programme part of the fixed assets have been physically verified by the management during the year. As informed, no material discrepancies were noticed on such verification.
- (c) There was no substantial disposal of fixed assets during the year.
- (ii) (a) The management has conducted physical verification of major items of inventory at reasonable intervals during the year.
- (b) The procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- (c) The company is mainly engaged in the business of construction. In view of multifarious jobs at different sites spread at different locations and practical difficulties, proper records of inventory of only major inputs have been maintained. No material discrepancies were noticed on physical verification of such stocks.
- (iii) (a) *According to the information & explanations given to us, the company has granted interest free unsecured loans to its six subsidiary companies listed in the register maintained under Section 301 of the Companies Act, 1956. The maximum amount involved during the year was Rs. 2656.20 lacs and the year end balance of loans granted to such companies was Rs. 2485.51 lacs and the terms and conditions of the loans are not prima facie prejudicial to the interest of the company.*
- (b) The aforesaid loan is repayable on demand & there is no repayment schedule.
- (c) Since the loan is repayable on demand, we are unable to comment whether there has been default in repayment.
- (d) *According to the information & explanations given to us, the company has taken interest free unsecured loan taken from one party listed in the register maintained u/s 301 of the Companies Act 1956 & terms & conditions of the loan are not prima facie prejudicial to the interest of the company.. However no stipulation with regard to the payment have been made hence no comments are offer whether the company is regular in repayment of principal and if there is any overdue payment. The maximum amount involved during the year was Rs.3865.00 lacs and the year end balance of loan taken from such party was Rs 752.14 lacs.*
- (iv) In our opinion and according to the information and explanations given to us, there are adequate internal control procedures commensurate with the size of the company and the nature of its business for the purchase of inventory and fixed assets and also for the sale of goods and services. During the course of our audit, no major weakness has been noticed in the internal controls in respect of these areas.
- (v) (a) According to the information and explanations provided by the management, we are of the opinion that the transactions that need to be entered into the register maintained under section 301 of the Companies Act, 1956 have been so entered.
- (b) According to the information and explanations given to us, the transactions made in pursuance of contracts or arrangements entered into the register maintained under section 301 of the Companies Act 1956 have been made at prices which are reasonable having regard to prevailing market prices wherever available at the relevant time.
- (vi) According to the information and explanations given to us, the company has not accepted any deposits from the public within the meaning of section 58A & 58AA of the companies Act, 1956 and the rules framed there under.
- (vii) In our opinion, the company has an internal audit system commensurate with the size and nature of its business.

Ahluwalia Contracts (India) Limited

- (viii) We have broadly reviewed the books of account maintained by the company pursuant to the (Cost Accounting Records) Rules, 2011 prescribed by the Central Government under clause (d) of sub-section (1) of section 209 of the Companies Act, 1956, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out detailed examination of such accounts and records with a view to determining whether they are accurate or complete.
- (ix) (a) Undisputed statutory dues including provident fund, investor education and protection fund, employees state insurance, income-tax, value added tax, wealth-tax, custom duty, excise duty, service tax, cess have generally been regularly deposited with the appropriate authorities except for *delays in some cases in Service Tax & TDS*.

Ahluwalia Contracts (India) Limited

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31-03-2013.

1. NATURE OF OPERATION

Ahluwalia Contracts (India) Limited (hereinafter referred to as "the Company") is a Public Ltd. Company in India and incorporated under the provisions of the Companies Act, 1956. The Company is primarily engaged in the business of construction activities.

2. SIGNIFICANT ACCOUNTING POLICIES

(A) BASIS OF PREPARATION OF FINANCIAL STATEMENTS

- (i) The Financial statements are prepared under the historical cost convention, in accordance with the generally accepted accounting principles, in compliance with the Accounting Standards issued by the Institute of Chartered Accountants of India from time to time and provisions of the Companies Act, 1956 as adopted consistently by the company, unless otherwise stated.
- (ii) The company generally follows Mercantile System of accounting and recognizes items of Income and Expenditure on accrual basis except:-

Works contract tax deducted at source included in advances by clients are charged to statement of profit and loss in the year of deduction and the refunds, if any, are accounted for in the year of receipt.
- (iii) Expenditure incurred in respect of additional costs/delays is accounted in the year in which they are incurred. Claims made in respect thereof are accounted as work receipts in the year of receipt of arbitration award or acceptance by client or evidence of acceptance received from the client.

(B) USE OF ESTIMATES

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets and liabilities in future periods.

(C) REVENUE RECOGNITION

- (i) Revenue recognition and valuation of the contract WIP are as per Accounting Standard AS-7. Work receipts are taken on percentage completion method, stated on the basis of physical measurement of work actually completed at the balance sheet date, taking into account the contractual price and revision thereto. The site mobilisation expenditure is apportioned over the period of contract in proportion to value of work done. Foreseeable losses are accounted for when they are determined except to the extent they are expected to be recovered through claims presented or to be presented to the customer or in arbitration.
- (ii) In respect of Real Estate projects the sales are accounted for at the time of handing over the possession of the flat / space to the buyers.
- (iii) Stage / percentage of completion is determined with reference to the certificates given by the Clients / Consultants appointed by Clients as well as on the billing schedule agreed with them for the value of work done during the year.
- (iv) Dividend is recognized when the shareholders' right to receive payment is established by the balance sheet date.
- (v) Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate.

(D) FIXED ASSETS

- (i) Fixed Assets are stated at Cost of acquisition. Fixed Assets acquired under Hire Purchase Schemes are capitalised at their principal value and hire (finance) charges are charged off as revenue expenditure.
- (ii) Company's Land & Buildings have been revalued as on 31-03-1992 by Government approved registered valuer on the basis of their prevailing day value. Difference between the total value of these assets on revaluation and written down value as on 31.03.1992 of Rs. 10,691,246/- had been credited to revaluation reserve account.

(E) DEPRECIATION / AMORTISATION

- (i) Depreciation is provided on straight line method in accordance with Schedule XIV of the Companies Act, 1956.
- (ii) Depreciation on Addition/Deletion from the assets during the year is provided on pro-rata basis.
- (iii) Depreciation on shuttering material is provided @ 100% on prorata basis. Items costing below Rs. 5000/- are provided @ 100% on prorata basis.
- (iv) Depreciation is charged on the historical cost of Fixed Assets (Except for Revalued Assets) including taxes, duties and installation costs.
- (v) Depreciation on revalued amount of Fixed Assets is being charged to Revaluation Reserve Account.
- (vi) Lease hold land is amortised over the period of lease.

(F) INTANGIBLES

Software costs relating to acquisition of initial software licence fee and installation cost are capitalized in the year of purchase and amortized on straight line basis over its useful life, which is considered to be of a period of five years.

(G) IMPAIRMENT OF ASSETS

- (i) The company makes an assessment of any indicator that may lead to impairment of assets on an annual basis. An impairment loss is recognised wherever the carrying amount of the assets exceeds its recoverable amount. The recoverable amount is greater of the net selling price and value in use. In assessing value in use valuation is done by the estimated future cash flows (discounted to their present value, based on an appropriate discounting factor) are used. Impairment losses are recognised in the statement of Profit and Loss.
- (ii) Shuttering material included under the head Plant & Machinery, on becoming scrap is removed from the Gross Block of Plant & Machinery. The carrying value if any of shuttering material is amortised as per Accounting Standard – 28. As carrying value of the assets discarded / scrap during the year is nil, there is no impairment loss.

(H) BORROWING COST

Borrowing cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

(I) INVESTMENTS

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long term investments are carried at cost. However, provision for diminution in value is made to recognize a decline, other than temporary, in the value of such investments.

(J) INVENTORIES

- (i) Inventories are valued at cost or net realisable value whichever is lower.
- (ii) Unbilled revenue and uncertified bills are considered as Work-in-progress which is valued on the basis of expenditure directly related to project.

(K) EMPLOYEE BENEFITS

(a) Short-term employee benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized during the period.

Ahluwalia Contracts (India) Limited

(b) Post-employment benefits:

- (i) Retirement benefits in the form of the Company's contribution to Provident Fund etc. are charged to the statement of Profit & Loss of the year when the contributions to the respective funds are due.
- (ii) The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the projected unit credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plans, are based on the market yields on government securities as at the balance sheet date.

When the calculation results in a benefit to the company, the recognized asset is limited to the net total of any unrecognized actuarial losses and past service costs and the present value of any future refunds from the plan or reductions in future contributions to the plan.

Actuarial gains and losses are recognized immediately in the statement of profit & loss.

(L) FOREIGN EXCHANGE TRANSACTIONS

- (i) Transactions arising in Foreign Currency are converted at the exchange rates prevailing as on date of transactions. Monetary Assets & Liabilities denominated in Foreign Currencies are restated at year end exchange rates. All exchange difference arising on conversion are charged to statement of Profit & Loss.
- (ii) Forward Exchange Contracts (Derivative Instruments) not intended for trading or speculation purposes

The Company uses derivative financial instruments including forward exchange contracts to hedge its risk associated with foreign currency fluctuations. The premium or discount arising at the inception of forward exchange contracts is amortized as expense or income over the life of the contract. Exchange differences on such contracts are recognized in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or as expense for the year.

(M) CONCESSION ARRANGEMENT

udgments and estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are reasonable under the circumstances.

The company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal to the related actual results. Significant assumptions used in accounting for the intangible asset are given below:

The intangible assets are measured at cost, i.e. fair value of the construction service. The exchange of construction services for an intangible asset is regarded as a transaction that generates revenue and costs, which will be recognized by reference to the stage of completion of the Construction. The intangible asset is assumed to be received only upon completion of construction and recognized on such completion. Until then, the expenditure incurred on this project will be debited as "Intangible Assets under development" under the main head of "Fixed Assets". The value of the intangible asset shall be amortized over the estimated useful life. The carrying value of intangible asset is reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

(N) INCOME TAXES

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing difference for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Ahluwalia Contracts (India) Limited

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

(O) PROVISIONS

A provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best management estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current management estimates.

(P) LEASES

Where the Company is the lessee:

Finance leases, which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges are charged directly against income. Lease management fees, legal charges and other initial direct costs are capitalised.

If there is no reasonable certainty that the Company will obtain the ownership by the end of the lease term, capitalized leased assets are depreciated over the shorter of the estimated useful life of the asset or the lease term.

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognized as an expense in the statement of Profit & Loss on a straight-line basis over the lease term.

(Q) EARNINGS PER SHARE

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year. For the purpose of calculating Diluted Earnings per Share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential Equity shares.

(R) CASH AND CASH EQUIVALENTS

Cash and cash equivalents for the purpose of cash flow statement comprise cash at bank and in hand and short term investments with an original maturity of three months or less.

(S) CONTINGENT LIABILITY

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

CONSOLIDATED INDEPENDENT AUDITORS' REPORT

To The Board of Directors of
Ahluwalia Contracts (India) Limited

Report on the Consolidated Financial Statements

1. We have audited the accompanying consolidated financial statements of Ahluwalia Contracts (India) Limited (the "Company") and its subsidiaries (collectively referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2013, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

2. Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India including Accounting Standards referred to in Section 211(3C) of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

3. Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.
4. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Group's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

5. In our opinion and to the best of our information and according to the explanations given to us, and based on consideration of the reports of the other auditors on the financial statements of the subsidiaries as noted below, the consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:
 - (a) In the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at March 31, 2013;
 - (b) In the case of the Consolidated Statement of Profit and loss, of the loss of the Group for the year ended on that date and
 - (c) In the case of the Consolidated Cash Flow Statement of the cash flows of the Group for the year ended on that date.

Other Matters

6. We did not audit the financial statements of five subsidiaries namely Dipesh Mining Private Ltd, Jiwanyoti Traders Pvt. Ltd, Paramount Dealcomm Pvt. Ltd, PremSagar Merchants Pvt. Ltd & Splendor Distributors Pvt. Ltd, whose financial statements reflect total assets of Rs.512.22lacs as at 31st March, 2013 and total revenue of Rs. Nil for the year then ended and net cash flows from operating activities of Rs. (0.52lacs)lacs. These financial statements have been audited by other auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts included in respect of these subsidiaries is based solely on the report of the other auditors.

Ahluwalia Contracts (India) Limited

SIGNIFICANT ACCOUNTING POLICIES & NOTES ON ACCOUNTS TO THE CONSOLIDATED FINANCIAL STATEMENTS OF AHLUWALIA CONTRACTS (INDIA) LIMITED AND ITS SUBSIDIARIES FOR THE FINANCIAL YEAR ENDED 31.03.2013

1. PRINCIPLES OF CONSOLIDATION

- a) The consolidated financial statements relate to Ahluwalia Contracts (India) Limited and its wholly owned subsidiary companies. The consolidated financial statements have been prepared on the following basis :
- The financial statements of the Parent company and its subsidiary companies have been combined on a line by line basis by adding together the book values of like items of assets, liabilities, income and expenses. Intra group balances and intra group transactions and resulting unrealized profits are eliminated in full as per Accounting Standard-21, Consolidated Financial Statements, as notified by Companies Accounting Standards Rules, 2006. Unrealized losses resulting from intra group transactions are also eliminated unless cost cannot be recovered.
 - The financial statements of the Subsidiary Companies used in the consolidation are drawn for the same period as that of the Parent Company i.e. year ended March 31, 2013.
 - Any excess/deficit of cost to the Parent Company of its investment over the Parent Company's proportion of equity in the subsidiaries as at the date of investment is recognized in the consolidated financial statements as Goodwill/ Capital Reserve.
- b) List of subsidiary companies which are considered in the consolidation and the Parent Company's holding therein are as under :

S.No.	Name of the Subsidiary Company	Country of Incorporation	Extent of holding (%) as on March 31, 2013
1.	Ahlcon Ready Mix Concrete Pvt. Ltd.	India	100
2.	Dipesh Mining Pvt. Ltd.	India	100
3.	Jiwan Jyoti Traders Pvt. Ltd.	India	100
4.	Paramount Dealcomm Pvt. Ltd.	India	100
5.	Premsagar Merchants Pvt. Ltd.	India	100
6.	Splendor Distributors Pvt. Ltd.	India	100

2. SIGNIFICANT ACCOUNTING POLICIES

(A) BASIS OF PREPARATION OF FINANCIAL STATEMENTS

- The Financial statements are prepared under the historical cost convention, in accordance with the generally accepted accounting principles, in compliance with the Accounting Standards issued by the Institute of Chartered Accountants of India from time to time and provisions of the Companies Act, 1956 as adopted consistently by the company, unless otherwise stated.
- The company generally follows Mercantile System of accounting and recognizes items of Income and Expenditure on accrual basis except:-

Works contract tax deducted at source included in advances by clients are charged to statement of profit and loss in the year of deduction and the refunds, if any, are accounted for in the year of receipt.
- Expenditure incurred in respect of additional costs/delays is accounted in the year in which they are incurred. Claims made in respect thereof are accounted as work receipts in the year of receipt of arbitration award or acceptance by client or evidence of acceptance received from the client.

(B) USE OF ESTIMATES

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets and liabilities in future periods.

(C) REVENUE RECOGNITION

- (i) Revenue recognition and valuation of the contract WIP are as per Accounting Standard AS-7. Work receipts are taken on percentage completion method, stated on the basis of physical measurement of work actually completed at the balance sheet date, taking into account the contractual price and revision thereto. The site mobilisation expenditure is apportioned over the period of contract in proportion to value of work done. Foreseeable losses are accounted for when they are determined except to the extent they are expected to be recovered through claims presented or to be presented to the customer or in arbitration.
- (ii) In respect of Real Estate projects the sales are accounted for at the time of handing over the possession of the flat / space to the buyers.
- (iii) Stage / percentage of completion is determined with reference to the certificates given by the Clients / Consultants appointed by Clients as well as on the billing schedule agreed with them for the value of work done during the year.
- (iv) Dividend is recognized when the shareholders' right to receive payment is established by the balance sheet date.
- (v) Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate.

(D) FIXED ASSETS

- (i) Fixed Assets are stated at Cost of acquisition. Fixed Assets acquired under Hire Purchase Schemes are capitalised at their principal value and hire (finance) charges are charged off as revenue expenditure.
- (ii) Company's Land & Buildings have been revalued as on 31-03-1992 by Government approved registered valuer on the basis of their prevailing day value. Difference between the total value of these assets on revaluation and written down value as on 31.03.1992 of Rs. 10,691,246/- had been credited to revaluation reserve account.

(E) DEPRECIATION / AMORTISATION

- (i) Depreciation on fixed assets (other than leasehold improvements) is provided on Straight Line Method as per Schedule XIV of the Companies Act, 1956 on pro-rata basis with reference to the days of addition/sale. The management of the company is of the view that this depreciation rate fairly represents the useful life of the assets. In the following cases, the depreciation rates are greater than the corresponding rates prescribed in Schedule XIV of the Companies Act, 1956:

Name of Asset	Rate (SLM) charged	Schedule XIV Rate (SLM)
Transit Mixture	13.57%	11.31%

- (ii) Depreciation is provided on straight line method in accordance with Schedule XIV of the Companies Act, 1956.
- (iii) Depreciation on Addition/Deletion from the assets during the year is provided on pro-rata basis.
- (iv) Depreciation on shuttering material is provided @ 100% on prorata basis. Items costing below Rs. 5000/- are provided @ 100% on prorata basis.
- (v) Depreciation is charged on the historical cost of Fixed Assets (Except for Revalued Assets) including taxes, duties and installation costs.
- (vi) Depreciation on revalued amount of Fixed Assets is being charged to Revaluation Reserve Account.
- (vii) Lease hold land is amortised over the period of lease.

(F) INTANGIBLES

Software costs relating to acquisition of initial software licence fee and installation cost are capitalized in the year of purchase and amortized on straight line basis over its useful life, which is considered to be a period of five years.

(G) IMPAIRMENT OF ASSETS

- (i) The company makes an assessment of any indicator that may lead to impairment of assets on an annual basis. An impairment loss is recognised wherever the carrying amount of the assets exceeds its recoverable amount. The recoverable amount is greater of the net selling price and value in use. In assessing value in use valuation is done by the estimated future cash flows (discounted to their present value, based on an appropriate discounting factor) are used. Impairment losses are recognised in the statement of Profit and Loss.

Ahluwalia Contracts (India) Limited

- (ii) Shuttering material included under the head Plant & Machinery, on becoming scrap is removed from the Gross Block of Plant & Machinery. The carrying value if any of shuttering material is amortised as per Accounting Standard – 28. As carrying value of the assets discarded / scrap during the year is nil, there is no impairment loss.

(H) BORROWING COST

Borrowing cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

(I) INVESTMENTS

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long term investments are carried at cost. However, provision for diminution in value is made to recognize a decline, other than temporary, in the value of such investments.

(J) INVENTORIES

- (i) Inventories are valued at cost or net realisable value whichever is lower.
- (ii) Unbilled revenue and uncertified bills are considered as Work-in-progress which is valued on the basis of expenditure directly related to project.

(K) EMPLOYEE BENEFITS

(a) Short-term employee benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized during the period.

(b) Post-employment benefits:

- (i) Retirement benefits in the form of the Company's contribution to Provident Fund etc. are charged to the statement of Profit & Loss of the year when the contributions to the respective funds are due.
- (ii) The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the projected unit credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plans, are based on the market yields on government securities as at the balance sheet date.

When the calculation results in a benefit to the company, the recognized asset is limited to the net total of any unrecognized actuarial losses and past service costs and the present value of any future refunds from the plan or reductions in future contributions to the plan.

Actuarial gains and losses are recognized immediately in the statement of profit & loss.

(L) FOREIGN EXCHANGE TRANSACTIONS

- (i) Transactions arising in Foreign Currency are converted at the exchange rates prevailing as on date of transactions. Monetary Assets & Liabilities denominated in Foreign Currencies are restated at year end exchange rates. All exchange difference arising on conversion are charged to statement of Profit & Loss.

Ahluwalia Contracts (India) Limited

(ii) *Forward Exchange Contracts (Derivative Instruments) not intended for trading or speculation purposes*

The Company uses derivative financial instruments including forward exchange contracts to hedge its risk associated with foreign currency fluctuations. The premium or discount arising at the inception of forward exchange contracts is amortized as expense or income over the life of the contract. Exchange differences on such contracts are recognized in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or as expense for the year.

(M) CONCESSION ARRANGEMENT

Judgments and estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are reasonable under the circumstances.

The company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal to the related actual results. Significant assumptions used in accounting for the intangible asset are given below:

The intangible assets are measured at cost, i.e. fair value of the construction service. The exchange of construction services for an intangible asset is regarded as a transaction that generates revenue and costs, which will be recognized by reference to the stage of completion of the Construction. The intangible asset is assumed to be received only upon completion of construction and recognized on such completion. Until then, the expenditure incurred on this project will be debited as "Intangible Assets under development" under the main head of "Fixed Assets". The value of the intangible asset shall be amortized over the estimated useful life. The carrying value of intangible asset is reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

(N) INCOME TAXES

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing difference for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

(O) PROVISIONS

A provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best management estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current management estimates.

(P) LEASES

Where the Company is the lessee:

Finance leases, which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges are charged directly against income. Lease management fees, legal charges and other initial direct costs are capitalised.

If there is no reasonable certainty that the Company will obtain the ownership by the end of the lease term, capitalized leased assets are depreciated over the shorter of the estimated useful life of the asset or the lease term.

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognized as an expense in the statement of Profit & Loss on a straight-line basis over the lease term.

Ahluwalia Contracts (India) Limited

(Q) EARNINGS PER SHARE

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year. For the purpose of calculating Diluted Earnings per Share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential Equity shares.

(R) CASH AND CASH EQUIVALENTS

Cash and cash equivalents for the purpose of cash flow statement comprise cash at bank and in hand and short term investments with an original maturity of three months or less.

(S) SEGMENT REPORTING POLICIES

(i) Identification of segments:

The Company's operating businesses are organized and managed separately according to the nature of products, with each segment representing a strategic business unit that offers different products and serves different markets.

(ii) Inter Segment Transfers:

Inter segment transfers have been priced based on market prices charged to external customers for similar goods. These are then eliminated.

(iii) Unallocated items:

Common unallocable costs and corporate income and expenses are considered as a part of un-allocable income and expense, which are not identifiable to any business segment.

(T) GOING CONCERN

In relation to Ahlcon Ready Mix Concrete Pvt. Ltd. a wholly owned subsidiary of parent company :-

- i) The net worth of the company has eroded substantially and there is a negative net worth as on the balance sheet date. The company has disposed off and is in the process of disposing off its substantial part of its fixed assets to liquidate its short term liabilities. The overall short term liabilities exceed the short term assets by Rs. 6,53,07,979/- . The net cash inflows during the year ended 31.03.2013 are significantly lower than the projections for the same period provided to the bankers for availing term loan/ credit facilities. The above factors may lead to uncertainties and the ability of the company to carry on as a going concern.
- ii) There is a significant fall in revenue during the current financial year by 48% approx. as compare to last financial year since the company has discontinued part of its operation from December 2012 with a view to consolidate & re-organise the business operations.
- iii) The Company has incurred huge losses of Rs.19,96,89,542/ during the current financial year and has accumulated loss of Rs. 24,88,83,501/- as on 31.3.2013 and also incurred cash losses during the current financial year.
- iv) The adverse key financial ratios indicate that the going concern status of the company is significantly dependent on its ability to arrange the adequate funds from its holding company to meet its financial obligations to enable it to maintain the operations once the consolidation process with respect to discarding of unviable locations & plants get completed.
- v) The Management of the Company is of the view to restart the operations as it still holds 6 to 7 Plants for the key locations in NCR and Bangalore. The management expects to re-start the operations on a firm footing based on the revised projections on consolidating the business, and accordingly financial statement have been prepared on going concern basis and the status of the company as going concern is not effected.

In view of the above the financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amount or the amounts and classification of liabilities that might be necessary should the company be unable to continue as a going concern.

(U) CONTINGENT LIABILITY

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.
