INDUSTRY STRUCTURE AND DEVELOPMENT

The Indian economy witnessed challenging year with GDP growth slowing down to sub 5.00% for the second year in succession. Containment of the fiscal and current account deficits in the coming period is expected to provide cushion to the Indian economy from further volatility.

Inflation remained high and sticky for most part of the year leading to the RBI hiking the Repo rate by 75 basis points since May' 13. While headline inflation has moderated in recent months, Core CPI inflation remains elevated at around 8% leaving little room for the RBI to ease policy rates to spur growth.

Non Banking Financial Companies (NBFCs), continue to play a key role in the development of the Country, by being present in under banked and unbanked regions and participating in inclusive growth.

The Company was not exposed to the capital market at large during the year under review. It holds only a controlling stake in Maharashtra Seamless Ltd. (a Company with the same Management). Major operations of Maharashtra Seamless are focused on Oil & gas sector, which is currently a very prominent and global sector. Your Company is looking forward for a sustainable growth in the investee company in future, which would enhance the shareholders' value.

OPPORTUNITIES & THREATS

The Company foresees, new opportunities to come up to expand its operations by way of equity participation in new projects/expansion of existing projects, considering long term growth potential of the Country. The NBFC industry holds immense potential in view of the Government of India's increased focus towards Financial Inclusion.

The economic slowdown, coupled with inflationary pressure has the prospects of curtailing business growth, raise the delinquency rate and enhance credit costs. With multiple players invading the market, the ability to compete effectively will depend, to some extent, on the Company's ability to raise low cost funds in future.

SEGMENT-WISE PERFORMANCE

The Company is engaged in the business of Finance/Investment activities. There is no other segment. Therefore, there are no separate segments for reporting as per the Accounting Standard AS-17 issued by The Institute of Chartered Accountants of India.

BUSINESS OUTLOOK

The Company continues to hold investment in Maharashtra Seamless Limited and expect to earn reasonable return on the same. Maharashtra Seamless is focusing on Oil & Gas sector, which is currently a very prominent and global sector. The performance of your Company largely depends on the performance of the entity in which it holds investment. Your Company, therefore, closely monitors the working of the investee Company.

RISKS AND CONCERNS

As an NBFC, your Company is subjected to both external risk and internal risk. External risk due to interest rate fluctuation, slowdown in economic growth rate, political instability, market volatility, decline in foreign exchange reserves, etc. Internal risk is associated with your Company's business which includes the strategic investments in a specific sector. Any downward movement in the prospects of the sector could be a threat to Company Prospects.

At this juncture of rapidly evolving macroeconomics risk, it becomes imperative for business to track the macroeconomics performance on an ongoing basis. Your Company recognizes the importance of risk management and has invested in people, process and technologies to effectively mitigate the above risks, so as to arrive at a profitable investment decision.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has adequate internal control system, commensurate with its size and nature of operations, covering assurance of recording all the transaction details, regulatory compliance and protecting the Company assets from any kind of loss or misuse.
