2. OPERATIONAL PERFORMANCE :

On Consolidated basis, for the financial year ended March 31, 2019, your Company has achieved a Gross Turnover of Rs.24, 871.95 Lacs as against Rs. 25,174.80 Lacs for the previous period.

On Standalone basis, your Company has achieved a Gross Turnover of Rs. 24,680.40 Lacs for the financial year 2018-19 as against (Rs. 24,929.50 Lacs in financial year 2017-18). The company has incurred a profit of Rs. 197.40 Lacs (after interest and depreciation charges) as against a profit of Rs. 168.47 Lacs for the previous year.

The financial year under review witnessed increase in cost of Subcontracting and Other Site Expenses and also Administrative Expenses resulting in escalation in total cost. Moreover, due to competitive pressure Infrastructure development in India has been going through a very difficult phase over the last few years, affecting the overall performance. Consequently players in the construction space, especially those in business of building large infrastructure for the state and central governments, have had to face severe financial, operational and regulatory challenges, such as very tight liquidity conditions, serious stress on cash flows, as well as other sundry issues.

The operations of the company's branch at Libya, was stopped due to prevailing political situation. However,

in view of the prolonged uncertainty of resumption, the company has initiated international Arbitration. The overseas order for construction work at Kuwait is going on smoothly.

Our focus area continues to be the execution of civil engineering projects with specialization in piling, building, bridge and flyovers. Further your Company had been successful in bagging various contracts for execution of Infrastructure Projects. The Company expects substantial improvements in the order book position.

3. DIVIDEND

With a view to conserve the resources for the future development of the Company the Board of Directors of the Company did not recommend any dividend during the year.

During the year under review, no amount which remained unclaimed and unpaid dividend for a period of seven years was transferred to Investor Education & Protection Fund.

4. RESERVES

There is no amount available for transfer to Reserves for the year ended March 31, 2019.

5. SUBSIDIARY, ASSOCIATES & JOINT VENTURES

As on 31st March, 2019, Your Company has one Subsidiary, namely Simplex Agri-Infra Services Pvt. Ltd.,

Associates namely, (i) Simpark Infrastructure Pvt Ltd. (ii) Simplex Projects Road & Highway Construction Pvt Ltd.

Simplex Agri-Infra Services Pvt. Ltd. which had been awarded contracts by FCI to construct and maintain warehouses at different parts of Jammu & Kashmir and Himachal Pradesh on Build, own and Operate/ Lease basis is running its commercial operation.

The Consolidated Financial Statements comprises the financial statements of the Company and its subsidiary, Joint Ventures and its Associate Companies. Pursuant to provisions of section 129(3) of the Act, a statement containing salient features of the financial statements of the Company's subsidiaries in Form AOC-1 is appended to this Report as Annexure I. The Consolidated Financial Statements of your Company are prepared in accordance with the Accounting Standard 21, issued by the Institute of Chartered Accountants of India.

Further, all the Independent Directors have confirmed that they meet the criteria of independence, as laid down under Section 149(6) of the Act, read with the Regulation 16(1) (b) of the SEBI Listing Regulations.

Pursuant to Listing Regulations, your Company had arranged a familiarization program for the Independent Directors of your Company on 29th December, 2018. The detail of the familiarization program is available on the website of the Company at https://www.simplexprojects.com/form_doc/1584600696.pdf

8. BOARD EVALUATION

The Nomination & Remuneration Committee of the Company has framed a Policy on evaluation of the Board, evaluation of Board Committees, their functioning and evaluation of individual Director. The Company believes that it is the collective effectiveness of the Board and the senior management that determines the Company performance.

The Board of Directors had carried out an annual evaluation of its own performance, board committees and individual directors pursuant to the provisions of the Act and the corporate governance requirements as prescribed by SEBI Listing Regulations. The performance of the Board was evaluated after seeking inputs from all the directors and the senior management of the Company, on the parameters derived from Board's core role of trusteeship to protect and enhance shareholder value as well as fulfill expectations of other stakeholders through strategic supervision. Board performance is assessed against the role and responsibilities of the Board as provided in the Act and the SEBI Listing Regulations.

The performance of the various committees of the Board was evaluated after seeking inputs from the committee members on the basis of the criteria such as the composition of committees, effectiveness of committee meetings, flow of information, etc. Reports on functioning of Committees were placed by the respective Committee before the Board.

The Board as well as the Nomination and Remuneration Committee of the Company reviewed the performance of the individual directors on the basis of the role played by each Director as a member of the Board, contribution to the Company, relationship with the stakeholders, peer evaluation, etc. In addition, the Chairman and Managing Director was also evaluated on the key aspects of his role.

The Company had only one Independent Director, therefore Separate meeting of Independent Director could not be held during the year. However, Mr. Bhabya Nath Thakur, Independent Director has done performance evaluation of non-independent directors, The Chairman of the Company and the Board as a whole for the financial year 2018-19. He expressed satisfaction with the quality, quantity and timeliness of flow of information between the Company's management and the Board.

Pursuant to Clause VII of the Schedule IV to the Act, in a separate meeting, the Independent Directors of the Company evaluated the performance of non-independent directors, performance of the board as a whole and performance of the Chairman, taking into account the views of the Non-independent Directors and the senior management. The same was discussed in the board meeting that followed the meeting of the independent directors, at which the performance of the board, its committees and individual directors was also discussed. Performance evaluation of Independent Directors was done by the entire board, excluding the director being evaluated.

9. MEETINGS OF THE BOARD

The Board of Directors held 10 (Ten) meetings during the financial year 2018-19, in accordance with the provisions of the Act and the rules made there under. The details of the Board meetings and the attendance of Directors are provided in the Corporate Governance Report, which forms a part of this report.

The intervening gap between the Meetings was within the stipulated period prescribed under the Act and the principles & guidelines prescribed by the Secretarial Standard-1, issued by The Institute of Company Secretaries of India, have also been followed by the Company.

10. DECLARATION BY INDEPENDENT DIRECTORS

The Company has received declarations from all the Independent Directors of the Company confirming that they meet the criteria of independence as laid down under section 149(6) of the Act, and Regulation 16 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

11. AUDIT COMMITTEE

Pursuant to Section 177 of the Act, 2013 and the SEBI Listing Regulations, the Company has in place Audit

Committee which acts in accordance with the terms of reference specified in the Act and the details of composition, terms of reference and number of meetings held for the Committee is provided in the Corporate Governance Report, which forms part of this report. The state of the Infrastructure sector since last few years is depleting and our Company is no exception. Several contracts have been illegally terminated and have gone into dispute. To safeguard the interests of all stakeholders including the lenders, the Company has to challenge the action by taking adequate legal recourse. Pursuant to the same and the continued stoppage of the Company's project at Libya, the liquidity crunch was affecting with increasing severity. As a result, majority of the operating staff left and the Company continues to operate with few staff. The

present financial situation of the Company makes it unable to attract new staff.

This has delayed the preparation and finalization of accounts and hence publication of the financial results for the Quarter and Financial Year ended 31st March, 2019. Accordingly, the Company could not disseminate the Quarterly / Annual Audited Financial Results of the Company during the Financial Year 2018-19 and the year ended 31st March, 2019 on the grounds as set out above. The same was also disclosed to the Stock Exchanges.

The company has since complied with the regulations and is in the process of taking with the regulators / stock exchanges for revocation of the order of suspension of trading of the equity shares of the Company and unfreezing of the Promoters Shareholding.

SECRETARIAL AUDIT REPORT

For the financial year ended 31.03.2019

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To
**The Members,
Simplex Projects Limited
12/1, Nellie Sengupta Sarani,
Kolkata – 700 087
West Bengal**

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Simplex Projects Limited** having its Registered Office at 12/1, Nellie Sengupta Sarani, Kolkata-700 087, West Bengal (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended 31.03.2019 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

Auditors' Responsibility

Maintenance of Secretarial Records is the responsibility of the management of the Company. My responsibility is to express an opinion on existence of adequate Board process and compliance management system, commensurate to the size of the Company, based on these secretarial records as shown to me during the said audit and also based on the information furnished to me by the officers' and the agents of the Company during the said audit.

I have followed the audit practices and processes as were appropriate to the best of my understanding to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. I believe that the processes and practices, I followed, provide a reasonable basis for my opinion.

I have not verified the correctness, appropriateness and bases of financial records, books of accounts and decisions taken by the Board and by various committees of the Company during the period under scrutiny. I have checked the Board process and compliance management system to understand and to form an opinion as to whether there is an adequate system of seeking approval of

respective committees of the Board, of the Board, of the members of the Company and of other authorities as per the provisions of various statutes as mentioned hereinafter.

Wherever required, I have obtained the management representation about the compliance of the laws, rules and regulations and happening of events, etc.

The Compliance of the provisions of Corporate and other applicable laws, rules, regulations and standards is the responsibility of the management. My examination was limited to the verification of compliance procedures on test basis.

My report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness or accuracy with which the management has conducted the affairs of the Company.

I report that, I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended 31.03.2019 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) Secretarial Standards as issued by The Institute of Company Secretaries of India;
- (iii) The Securities Contracts (Regulation) Act, 1956 and the rules made there under;
- (iv) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (v) Foreign Exchange Management Act, 1999 and the rules and regulation made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (vi) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992:
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulation, 2011;

Introduction

Simplex Projects Limited (SPL) is India's one of the premier Construction and Engineering Companies, straddling over two decades in all departments of civil, mechanical and engineering construction activities with pan India presence. SPL has constructed over 70 Road and Rail-over-Bridges, over half a million square feet of residential and commercial buildings, power plants to chemical factories, multiplexes to shopping malls and emerged as a reputed player in Piling and Foundation, Transportation Engineering, High-rise Buildings, Residential Housing Complexes, Commercial Complexes and Shopping Malls, Hospitals and Educational Institution Buildings, Irrigation, Water Supply & Sewerage Schemes and Installation & Operation of Multi-level Car Parking systems.

We always strive for innovative ideas in the field of civil and mechanical engineering and thereby adding several milestone achievements in the field of civil construction. Having a strong foothold in the Indian Construction industry, SPL also forayed into International market for mega projects.

Macroeconomic Review

The second advance estimates for FY2019 released by the Central Statistics Office (CSO) in February 2019 revised India's real gross domestic product (GDP) growth downwards to 7% from 7.2%. Domestic economic activity decelerated for the third consecutive quarter in Q3, FY2019 due to a slowdown in consumption. For the whole year, while private consumption growth increased from 7.4% in FY2018 to 8.3% in FY2019, public consumption growth decreased significantly from 15% in FY2018 to 8.9% in FY2019. Thankfully, growth in Gross Fixed Capital Formation (GFCF) remained in double digits for the fifth consecutive quarter in Q3 with the growth rate increasing from 9.3% in FY2018 to 10% in FY2019. This was supported primarily by the Government of India's (GoI) thrust on the road sector and affordable housing. The manufacturing component of the Index of Industrial Production (IIP) growth slowed down to 1.3% in January 2019 due to automobiles, pharmaceuticals, and machinery and equipment. Growth of eight core industries remained sluggish in February. Credit flows to micro and small as well as medium industries remained tepid. The business assessment index of the Industrial Outlook Survey (IOS) points to some improvement in overall sentiments in Q4, FY2019. However, the key indicators of investment activity production of capital goods in January and imports of capital goods in February contracted. Retail inflation, measured by the year-on-year change in the Consumer Price Index (CPI), rose to 2.6% in February 2019 after four months of continuous decline. This relatively modest uptick in inflation was driven by an increase in prices of items excluding food and fuel, coupled with weaker price deflation in the food group. Despite softer growth, the Indian economy still remains one of the fastest growing globally and one of the least affected by the world economic slowdown. Notwithstanding this positive outlook, it is worth cautioning that the economy remains vulnerable to certain domestic and geopolitical risks, especially economic and political changes that can affect relative prices and hurt current and

fiscal account deficits. While expectations of inflationary pressures remain benign, concerns have risen on the twin deficit problem the current account and the fiscal deficit- especially as foreign portfolio inflows remain subdued while trade deficit stays high. In the last few years, corporate India has been grappling with issues related to loan defaults and its effects on the availability of bank credit. Across all industries, bad loans more than doubled to over Rs.10 lakh crore since the Reserve Bank of India (RBI) started its asset quality review in October 2015.

This led to a slowdown in credit growth as banks faced severe capital crunch. Public sector banks were the worst-hit, forcing the GoI to infuse around Rs.3 lakh crore since 2015. The crisis in the banking and uncertainties associated with periodic regulatory changes have adversely affected investment related decision-making and the flow of credit. This has had a particularly adverse effect on the infrastructure development and construction industry, where typically investments are over a longer term.

India's Construction and Infrastructure Sector

The last couple of years has seen a gradual improvement in construction activity in India. After touching a low of 0.3% growth in FY2013, the construction sector stayed subdued till FY2016. A slow revival process began in FY2017 with 6.1% growth. In FY2019, the sector clocked 8.9% growth. This is better than before. But it is still insufficient to either meet the huge infrastructure needs of the country, or to help in creating the foundations for a 7.5% to 8% real GDP growth. The GoI has laid considerable stress on on-ground infrastructure development. Indeed, some of the improvements over the last four years are evident on the ground.

Highways are a good example of recent development. The total length of national highways increased from 92,851 km in FY2014 to 122,434 km in FY2018. In the process, India emerged as the fastest highway developer in the world with 27 km of highways being built each day during Calendar Year (CY) 2018. India's rank on 'Getting Electricity' from World Bank's Ease of Doing Business has jumped from 137 in FY2014 to 24 in FY2018. Consequently, the energy deficit reduced from 4.2% in FY2014 to 0.7% in FY2018. The total number of airports in the country has increased to 102 in 2018.

Having said so, it is a fact that infrastructure development in India was plagued by various implementation issues- as discussed in the Management Discussion and Analysis of the previous years. In the last 18 months, the GoI has recognized this problem and is now focusing on improving execution. In some sectors, it has started paying dividends. For instance, of 1,424 central government projects under implementation, each worth more than Rs. 150 crore, 101 have been completed between April-December 2018. This is quite an improvement over the previous years: the number of projects completed by March 31, 2019 is 50% more than the previous years. Of the 101 projects completed, 85 involved roads and highways.

Given the kind of economic growth that India needs, there continues to be a growing need for infrastructure investment in the country. The monetary value of

infrastructure investment gap in India is expected to increase to Rs.147,000 crore by 2023. Roads and water are the two infra- sectors which are expected to face largest infrastructure investment gap.

Much of this gap is to be supported by direct financing of the Gol. In fact, planned investments by the Gol increased at a CAGR of 13% over the last decade. Mega road projects such 'Bharatmala Pariyojana', introduction of schemes such as UDAN and creation of government fund for affordable housing are expected to fuel growth.

In FY2020, the Union Budget offered a large budgetary support for the infrastructure sector of around Rs. 4.56 lakh crore. Despite highways seeing the maximum projects being taken up during the last four years, roadways were given a relatively smaller increment of Rs.83,016 crore among the various infra-based sectors. Apart from National Highways, the Gol has increased its fiscal allocation on rural roads to Rs.19,000 crore under the Pradhan Mantri Gram Sadak Yojana (PMGSY). Hopefully, that will lead to better PMGSY performance, because rural roads have been relative laggards: during FY2019 rural road construction under PMGSY was only 24,610 km versus a target of 58,000 km.

The Indian Railways received an allocation of Rs. 66,770 crore. Of this, Rs. 64,587 crore was for capital expenditure. There has also been considerable activity in the urban metro railway systems and regional aviation hubs.

During April 2019, certain regulatory changes were announced which provide a new impetus to hydro-power. To begin with, hydro-power was given renewable energy status, which provides for a fixed percentage of hydro-power purchase obligation from the power distribution companies. The new policy also provides for direct budgetary support for infrastructure creation and flood control related to hydro-power projects. It also provides for tariff rationalisation measures, including providing flexibility to developers to determine tariff by back-loading it after increasing the project life to 40 years, debt repayment period to 18 years, and introducing escalating tariff of 2%.

Opportunities & Threats

The Company has a well diversified business portfolio viz., Buildings & Housing, Roads, Bridges, Tunnels, flyovers, Electrical, Irrigation, Power, Water & Environment, Mining and Railways.

The Company has more than years of experience in all departments of civil, mechanical and engineering construction activities with pan India presence and is recognized as one of the key construction players in the country. The Company has successfully executed complex engineering projects across the country and also in international geographies. The Company is recognized for timely completion of projects within budgets. Our core strength is our people who carry several years of industry experience in various domains including engineering, design, construction, procurement, planning, etc. We are continuously exploring business opportunities in other segments of the Industry and the business mix of the Company is determined taking all the factors into account. There are several constraints which affect the smooth

functioning of the industry, besides the recent global economic downturn. The Construction industry has always been adversely affected by high volatility in prices of major inputs, delays in approval by Authorities and lack of availability of skilled laborers. Natural calamities like poor weather conditions and manmade disruptions like encroachment, disruption of supply chain etc. continue to be a major constraint in project completion. The outburst of unprecedented political unrest in Libya and other North-African countries has restricted the emergence of new opportunities there, until the stability is restored.

Opportunities:

- Demand for world class infrastructure in India
- "Make in India" initiative would demand good infrastructure specifically roads, railways, etc thus offering opportunities for construction companies
- Government's "100 Smart Cities initiative".
- Higher budgetary allocation for infrastructure sector
- Pro-industry policies and initiatives such as lowering of corporate tax, setting up of REITs and Infrastructure Investment Trusts would drive investment in infrastructure sector, etc.
- Good construction opportunities in the new state of Andhra Pradesh.

Threats:

- Most of the measures taken up by the Government are yet to translate into development work on the ground.
- Recognised Industry leader in large civil construction and infrastructure projects.
- Revival of stalled projects which have accumulated due to the freeze in decision making over the years.
- Infusion of liquidity into the entire infrastructure and construction sector which is highly cash strapped as long as these issues exist, there is very little scope of revival in the sector as most of the companies do not have the financial strength to absorb the past losses & simultaneously continue financing new projects.
- Ensuring quality and timely completion of the projects without cost overruns.
- Diversified business portfolio and strong order book.
- Enduring relationships built on mutual trust and respect with our clients, sub-contractors, financial institutions and shareholders.
- Pan India presence.
- Large pool talented and skilled employees with low attrition rate.

Outlook

The Indian Economic growth is projected to remain robust in the years to come. The Public investment has picked up and we also envisage faster clearance of key projects; better infrastructure and greater ease of doing business. We believe that the government's fiscal policy will remain supportive and investments in the energy, transport, infrastructure and core areas would be promoted. The Company remains confident on the prospects of the business however an upside to its performance would

directly correlate to the way overall economy performs. If the overall capex activity picks up in India, the Company may have a quicker translation of orders into sales and thus a better performance. The Company believes that the government is taking effective measures to take care of economic activity revival. Sooner than later, it should see the momentum coming back in the economy.

The domestic economy is expected to steadily improve in the current year on the back of Structural reforms and supportive monetary policy. The Government has reiterated its emphasis on Infrastructure build-out in the areas of transportation, augmentation of water resources, power, affordable housing and smart cities. Increased private sector participation in the Defence business affords strong business opportunities for your Company. Various upcoming projects provide the Company with a broad perspective of the opportunity basket opening up in 2018-19.

Risk and Concerns

The Company is exposed to uncertainties, owing to the sectors in which it operates. The key issues like shortage of qualified workers and labours, technology adoption, Environment sustainability and project complexity were challenging during the year. However, your Company has surpassed all the internal challenges like, technology upgrades, lack of skilled labour, supply chain, etc. to continue the momentum in business operations. The external challenges can be met as economic reforms will get in place because of a stable government.

The Company has continuous project monitoring system in terms of quality, time and cost parameters. These are being further upgraded through greater use of modern technologies and also adopted a policy on the same which enables the Company to proactively manage uncertainties from changes in the internal and external environment and also capitalize on the opportunities.

Internal Control System and their adequacy

The Company has in place adequate system of Internal Controls commensurate with the size and nature of operations which ensure that the resources of the Company are used efficiently and effectively, all assets are safeguarded and protected against loss from unauthorized use or disposition and the transactions are authorised, recorded and reported correctly, financial and other data are reliable for preparing financial information and other data and for maintaining accountability of assets. The internal control is supplemented by extensive programme of internal audits, review by management, documented policies, guidelines and procedures. Significant audit observations and corrective actions thereon are presented to the Audit Committee. Based on the report of Internal Audit, corrective actions are undertaken in the respective areas, thereby strengthening and maintaining a healthy Internal Control System.

In compliance with Section 143(3)(i) of the Companies Act, 2013 the Statutory Auditors have issued a report on Internal Financial Controls forming part of this Annual Report.

Financial Performance

From a financial perspective, On Consolidated basis, for the financial year ended March 31, 2019, your Company has achieved a Gross Turnover of Rs. 24871.95 Lacs as against Rs. 25174.80 Lacs for the previous period (figures reclassified due to applicability of IND AS). Therefore there has been a decline in the turnover of the Company of 1.20%.

On Standalone basis, your Company has achieved a Gross Turnover of Rs. 24680.40Lacs for the financial year 2018-19 against the previous year figure of Rs 24929.50 lacs, resulting in a decline of Rs 0.99% over the last year.

Our focus area continues to be the execution of civil engineering projects with specialization in piling, building, roads, canals, bridge, jetties and flyovers. Further your Company had been successful in bagging various contracts for execution of Infrastructure Projects. Our order book position as on 31st March 2019 was in tune of Rs. 310.920 Crores. The Company expects substantial increase in the order book position in next financial year.

Human Resources (HR)

The Company did a lot of consolidation in the area of Human Resource. Human Resource continues to be one of the biggest assets of the Company. Your Company's business is managed by a team of competent and passionate leaders, capable of enhancing your Company's standing in the sector. External hiring was done for junior & senior levels in the organization. Efforts have been made to induct fresh talent inducing more and more professionalism. The management is paying special attention to various aspects like training, welfare and safety and thereby further strengthening the human resources. Learning and Development continued to be a focus area. Safety related training also remained as one of the primary focus areas.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

4. The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

5. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

6. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether

due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider

quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016, ('the Order') issued by the Central Government of India in terms of Section 143(11) of the Act ("the Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the 'Annexure B', a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and except for the matters referred to in Basis for Qualified Opinion paragraph above, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, except for the matters referred to in Basis for Qualified Opinion paragraph above, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) In our opinion, except for the indeterminate effects of the matters referred to in 'Basis for Qualified Opinion' paragraph above, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except in case of branches which have not been audited and for which we are unable to give our comments. The reports on the accounts of the two branch offices of the company duly certified by the management have been given to us and have been properly dealt with by us in preparing this report;

- (d) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
- (e) In our opinion, except for the matters referred to in Basis for Qualified Opinion paragraph above, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended;
- (f) In view of the matters described in the Basis for Qualified Opinion paragraph above, we are unable to comment whether these may have an adverse effect on the functioning of the company;
- (g) On the basis of the written representations received from the directors as on March 31, 2019 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act;
- (h) The qualification relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph above;
- (i) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure A';
- (j) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our knowledge and belief and according to the information and explanations given to us:
 - i. The Company has disclosed the impact of pending litigations as at March 31, 2019 on its financial position in its standalone Ind AS financial statements – Refer Note 45 & 47 to the standalone Ind AS financial statements;
 - ii. The Company has made provision as at March 31, 2019, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been delay in transferring Rs. 49131/-, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended March 31, 2019.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act**

1. We have audited the internal financial controls over financial reporting of Simplex Projects Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the

auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for Qualified Opinion

8. According to the information and explanations given to us and based on our audit, the following material weaknesses have been identified in the operating effectiveness of the Company's internal financial controls over financial reporting as at March 31, 2019:
 - (a) The Company's internal financial controls relating to non-application of appropriate policies and procedures that provide reasonable assurance that

transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles were not operating effectively which resulted in non provisioning of interest on cash credit and term loan.

- (b) The Company's internal financial controls relating to review of Advances to Trade Creditors and Sub Contractors including Staff and Project Advance for appropriate provisioning did not operate effectively which resulted in non-ascertainment of adequate provision against advances to certain Trade Creditors, Sub Contractors including Staff.
9. A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis.

Qualified Opinion

10. In our opinion, to the best of our information and according to the explanations given to us, except for the effects of the material weakness described in the Basis for Qualified Opinion paragraph above, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2019, based on the criteria for internal control over financial reporting established

by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Explanatory Paragraph

11. We also have audited, in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India, as specified under section 143(10) of the Act, the standalone financial statements of Simplex Projects Limited, which comprise the Balance Sheet as at March 31, 2019, and the related Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information. These material weaknesses were considered in determining the nature, timing and extent of audit tests applied in our audit of the March 31, 2019 standalone financial statements of Simplex Projects Limited and this report does not affect our report dated 22nd October, 2019, which expressed a qualified opinion on those financial statements.

1. Corporate Information

Simplex Projects Limited (the company) is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on two stock exchanges in India. The Company is primarily engaged in Engineering and Construction activities in India and abroad and started trading in commodities in India during the year. The Company focuses on construction of Bridges for Railways, Industrial Projects, Urban Infrastructure and Automated Parking projects.

2. DISCLOSURE OF SIGNIFICANT ACCOUNTING POLICIES FORMING PART OF THE ACCOUNTS AS AT 31ST MARCH, 2019

This Note provides a list of the significant accounting policies adopted in the preparation of these standalone financial statements.

2.1 Basis of Preparation of Financial Statements

i) Compliance with Ind AS

These standalone financial statements have been prepared to comply in all material aspects with Indian Accounting Standards as prescribed under Section 133 of the Companies Act, 2013 (the Act) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other relevant provisions of the Act. Accounting policies have been consistently applied except where newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policies.

All assets and liabilities have been classified as current or noncurrent as per the Company's normal operating cycle which is more than 12 months considering the average project period in respect of its construction business and 12 months in respect of its other business and other criteria set out in the Schedule III of the Act.

These Standalone Financial Statement were approved and authorized for issue with the resolution of the Board of Directors on 22nd October, 2019.

ii) Historical Cost Convention

These financial statements have been prepared on a historical cost basis except for the following: assets and liabilities which have been measured at fair value amount :-

- Certain Financial assets and liabilities
- Defined benefit plans - Plan Assets

iii) Items reported in the financial statements are measured using the currency of the primary economic environment in which the entity operates (the functional currency). The financial statements of the company are presented in Indian Rupee (Rs.) which is the functional and presentation currency of the company.

2.2 Segment Reporting

The Company's operating segment are established on the basis of those components of the Company that are evaluated regularly by the 'Chief Operating Decision Making Group'(CODMG) as defined Ind-AS 108 -'Operating Segments', in deciding how to allocate resources and in assessing performance. CODMG examines the Company's performance both from business and geographical perspective and has identified to reportable business segments viz. Construction and others which comprises trading of goods and hiring of plant & equipment.

2.3 Property, Plant and Equipment.

All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The Carrying amount of any component accounted for as a separate asset is de-recognised when replaced. All other repair and maintenance are charged to Profit and loss during the reporting period in which they are incurred.

The items of property, Plant and equipment which are not yet ready for use are disclosed as Capital work-in-progress and are carried at historical cost.

An asset's carrying amount written down immediately to its recoverable amount if the asset's carrying is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Profit or loss within "Other Income/Expense."

Depreciation Methods, estimated useful lives and residual value

Depreciation is calculated using straight line method to allocate their cost, net of their residual values on the basis of useful lives prescribed in schedule II to the Act. In respect of the following assets, useful lives different from schedule II have been considered on the basis of technical evaluation:

Assets Category	Life
Plant and Machinery	12-15 Years
Trucks	8 Years
Motor Vehicles	8 Years
Computers	6 Years
Furniture and Fixtures	10 Years
Office Equipments	5 Years

2.4 Impairment of non-financial assets (including plant & equipment)

The Company assesses at each reporting date as to whether there is any indication that any non-financial asset or group of assets, identified as Cash Generating Units (CGU) may be impaired. If any such indication exists, the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any.

An impairment loss is recognized in the Statement of Profit & Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to assets.

The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

2.5 Inventories

Raw material, stores, work-in-progress and traded goods are stated at the lower of cost under FIFO method and net realisable value. Cost of inventories comprise all cost of purchase and other cost incurred in bringing them to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale.

2.6 Financial Instruments

(i) Financial Assets

(A) Initial Recognition and Measurement

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument on initial recognition, a financial asset is recognized at fair value. Transaction costs that are directly attributable to the acquisition of financial assets, which are not at fair value through Profit or Loss, are adjusted to the fair value on initial recognition.

(B) Subsequent Measurement

Financial Assets are subsequently classified as measured at

- **Amortized Cost:** A Financial Asset is measured at amortized cost if it is held within a business model whose objective is to hold the assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on the specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- Fair value: Through Other Comprehensive Income (FVOCI) - A financial assets is measured at FVOCI is it is held within a business model whose objects is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial assets give rise on the specified dates to cash flows that are payments of principal and interest on the principal amount outstanding.
- Fair Value through Profit or Loss (FVPL): a Financial Assets which is not classified in any of the above categories are measured at FVPL.

(C) Investments in Subsidiaries and Associates

Investments in subsidiaries and associates are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries and associates, the difference between net disposal proceeds and the carrying amounts are recognized in the statement of profit and loss.

(D) Other Equity Instrument

Equity instruments which are held for trading are required to measure at FVPL. All other equity instrument are initially measured at fair value, with value changes recognized in As statement of Profit and Loss, except for those equity investments for the Company has elected to present the value changes in “Other Comprehensive Income”.

For Investment in quoted equity instruments the Company has made an irrevocable election at the time of initial recognition to account for equity instruments at FVOCI. The Company makes such election on an instrument by instrument basis. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognized in OCI. Amounts recognized in OCI are non subsequently reclassified to the statement of Profit and Loss. Dividend income on the investments in equity instruments are recognized as ‘Other Income’ in the statement of Profit and Loss.

(E) Impairment of financial assets and contract assets

In accordance with Ind AS 109, the Company uses ‘Expected Credit Loss’ (ECL) model, for evaluating impairment of Financial Assets other than those measured at FVPL and contract assets.

Expected credit losses are measured through a loss allowances at an amount equal to:

- The 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date): or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument), as applicable.

The Company assesses on a forward looking basis the expected credit losses associated with its financial and contract assets considered for ECL. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables and contract assets only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

ECL allowances (or reversal) recognized during the period is recognized as expense/income in the Statement of Profit and Loss.

(ii) Financial Liabilities

A. Initial Recognition and Measurement

All Financial liabilities are recognized at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognized in the statement of Profit and Loss as finance cost.

B. Subsequent Measurement

Financial Liabilities are carried at amortized cost using the effective interest method.

For trade and other financial liabilities maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(iii) Derecognition of Financial Instruments

The Company derecognizes a Financial Asset when the contractual rights to the cash flows from the financial asset expire or it transfer the Financial Asset and the transfer qualifies for derecognition under Ind AS 109. A Financial liability (or a part of a Financial Liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

2.7 Cash and bank Balances

Cash and Bank balances as indicated in the Cash Flow Statement comprise cash at bank and in hand and highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

2.8 Employee Benefits

i) Short term benefits

Short terms employee benefits are charged off at the undiscounted amount in the year in which the related service is rendered.

ii) Post employment benefits

Post employment benefits are charged off in the year in which the employee has rendered services. The amount charged off is recognized at the present value of the amounts payable determined using actuarial valuation technique. Actuarial gains and losses in respect of post employment benefits are charged to profit and loss account.

2.9 Provision and Contingent Liabilities

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

2.10 Revenue Recognition

i Revenue from Construction Contracts

The Company has applied Ind AS 115 'Revenue from Customers' for the first time with effect from 1st April, 2018. Ind AS 115 supersedes Ind AS 11 "Construction Contracts" and Ind AS 18 "Revenue". The Company has applied Ind AS 115 using the modified retrospective method.

Contract Revenue is recognized under 'percentage-of-completion method'. Use of the 'percentage-of-completion method' requires the Company to measure the efforts or costs expended to date to the satisfaction of a performance obligation as a proportion of the total expected efforts or costs to be expended to the satisfaction of that performance obligation over the time. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. Costs incurred in the year in connection with future activity on contract are excluded from contract costs in determining the stage of completion. Further, the Company uses significant judgments while determining the transaction price allocated to performance obligation using the expected cost plus margin approach.

When it is possible that total contract costs will exceed total contract revenue, the expected loss is recognized as an expense immediately.

When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognized only to the extent of contract costs incurred that are likely to be recoverable. Variations in contract work, claims and incentive payments are included in contract revenue only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur and are capable of being reliably measured.

ii Other Revenue

A. Interest Income

Interest income from debt instruments is recognized using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to the gross carrying amount of a financial assets. When calculating the effective interest rate, the entity estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, pre-payment, extension and similar options) but does not consider the expected credit losses.

B. Dividends

Dividends are recognized in Profit & Loss only when the right to receive payment is established, it is probable that the economic benefits associated with dividend will flow to the Company, and the amount of the dividend can be measured reliably.

C. Sale of Trading Goods

Revenue from sale of trading goods is recognized upon transfer of significant risk and rewards of ownership of such goods without retaining effective control over the goods sold and when associated costs of purchase of such goods and related revenue can be measured reliably.

2.12 Borrowing Cost

Borrowing costs, attributable to acquisition and construction of qualifying assets, are capitalized as a part of the cost of such asset up to the date when such assets are ready for its intended use. Other borrowing costs are charged to the profit and loss account.

2.13 Foreign Currency transactions

i) Functional and presentation currency

Items reported in the financial statements are measured using the currency of the primary economic environment in which the entity operates (the functional currency). The financial statement of the Company are presented in Indian Rupee which is the functional and presentation currency of the Company.

ii) Transaction and balances

Foreign currency transactions are translated into the functional currency at the reporting date using the exchange rates at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transaction and from the transaction of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized as profit and loss. They are deferred in equity if they are attributable to part of the net investment in a foreign operation. A monetary item for which settlement is neither planned nor likely to occur in the foreseeable future is considered as a part of the Company's net investment in the foreign operation.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

2.14 Foreign Operation

The result and financial position of foreign operation (none of which has the currency of a hyper-inflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- Assets and liabilities are translated at the closing rate at the date of the Balance Sheet

- Income and Expenses are translated at average exchange rates (unless this is not a reasonable approximation of cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transaction), and
- All resulting exchange differences are recognized in Other Comprehensive Income.

2.15 Taxation

Current tax is determined as the amount of tax payable in respect of taxable income for the year. Deferred Tax liability is recognized being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods.

2.16 Earnings per share

Earnings per shares are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

2A Critical estimates and judgements

The preparation of the financial statements in conformity with Ind AS requires the Management to make estimates, judgement and assumptions which affect the reported amount of assets, liabilities, revenue and expenses and the accompanying disclosures. The application of accounting policies that require critical accounting estimates involving complex and subjective judgements and the use of assumptions in these financial statements have been discussed below. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Change in estimates are reflected in the financial statements in the period in which such changes are made.

- a. Depreciation/Amortisation and useful lives of Property, Plant and Equipment: **Refer Note - 2.3, 2.4 & 3.**
- b. Revenue Recognition: **Refer Note 2.10.**
- c. Provisions: **Refer Note 2.9.**

Nature and purpose of Reserves

Securities Premium Reserve : The amount received from share holders in excess of face value of the equity shares is recognised in Securities Premium Reserve and will be utilised as per provisions of the Companies Act, 2013.

General Reserve : The Company has transferred a portion of the net profit of the company before declaring to dividend to General Reserve pursuant to the earlier provisions of companies act, 1956. Mandatory transfer to General Reserve is not required under the companies act, 2013. General Reserve will be utilised as per provisions of the companies act, 2013.

For VOCI-Equity Instruments : The company has elected to recognise changes in the fair value of certain investments in equity securities through other comprehensive income. These changes are accumulated within the FVOCI-Equity Instruments reserve within equity. Transfer of amounts from this reserves to retained earnings are effected when the relevant equity securities are de-recognised.

Foreign Currency Translation Reserve : Exchange differences arising on translation of the foreign operations are recognised in other comprehensive income and accumulated in a foreign currency translation reserve within equity. The cumulative amount of foreign currency translation reserve is re classified to profit or loss when the net investment is disposed-off.

Basis for Qualified Opinion

a. Note 36 regarding holding company's branch at Libya where operation was stopped due to prevailing political situation. The company has signed a supplementary agreement with the government for realization of dues and resumption of contract. As such in the opinion of the management the amount of dues and assets deployed in Libya are realizable and no provision thereof are required at this stage. However, in view of prolonged uncertainty of resumption the company has moved an application with the Hon'ble High court at Delhi for proceeding with arbitration and has granted a stay for further extension / invocation of Bank Guarantees for the project. The Company

has filed a claim of INR 770.00 Crores against State of Libya in International Arbitration.

We are unable to comment on the extent of the recoverability of the amounts due and the assets at Libya due to lack of adequate information. The matters (a to k) mentioned above were also qualified in our last audit report for the year ended March 31, 2018.

2. We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the consolidated Ind AS financial statements.

Key Audit Matters

3. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the 'Basis for Qualified Opinion' section we have determined the matters described below to be the key audit matters to be communicated in our report.

Sr.No.	Key Audit Matter	Auditor's Response
Correctness of Project Revenue recognition Construction Contracts (as described in note 2.10 and 46(a) of the consolidated Ind AS financial statements)		
1	<p>Revenue from construction contracts is recognised over a period of time in accordance with the requirements of Ind AS 115, Revenue from Contracts with Customers. Revenue recognition involves usage of percentage of completion method which is determined based on proportion of contract costs incurred to date compared to estimated total contract costs, which involves significant judgments, reliable estimation of total project cost, identification of contractual obligations in respect of Company's rights to receive payments for performance completed till date, estimation of period of recovery of receivables, changes in scope and consequential revised contract price and recognition of the liability for loss making contracts/ onerous obligations.</p> <p>Project revenue recognition is significant to the financial statements based on the quantitative materiality and the degree of management judgment required to apply the percentage of completion method. Management has also considered this area to be a key accounting estimate as disclosed in the 'critical estimates and judgements' note 2A to the consolidated financial statements. We therefore determined this to be a key audit matter.</p>	<p>Our procedures included :</p> <ul style="list-style-type: none"> ● Testing of the design and implementation of controls involved for the determination of the estimates used as well as their operating effectiveness; ● Testing the relevant information technology systems' access and change management controls relating to contracts and related information used in recording and disclosing revenue in accordance with the new revenue accounting standard; ● Testing a sample of contracts for appropriate identification of performance obligations; ● For the sample selected, reviewing for amendments of orders and the impact on the estimated costs to complete; ● Engaging experts to review estimates of costs to complete for sample contracts; and ● Performed analytical procedures for reasonableness of revenues disclosed by type and service offerings.
Unbilled Revenue balance, Trade Receivables and Retention Money relating to construction contracts of the Company (as described in note 8 & 13 of the consolidated Ind AS financial statements)		
2	<p>Unbilled Revenue balance, Trade Receivables and Retention Money of the Group aggregates Rs. 1,70,224.67 lakh as at March 31, 2019.</p> <p>The collectability of above balances is a key element of the Company's working capital management. In assessing the recoverability of the aforesaid balances, management's judgement involves consideration of status of the project, the likelihood of collection based on the terms of the contract and evaluation of litigations, if any.</p> <p>We considered this as key audit matter due to the materiality of the amounts and significant estimates and judgements as stated above.</p>	<p>As part of our audit procedures:</p> <ul style="list-style-type: none"> ● Testing of the design and implementation of controls involving management's assessment of recoverability of Unbilled Revenue balance, Trade Receivables and Retention Money relating to construction contracts. ● We performed test of details, and tested relevant contracts and documents on the basis of materiality for Unbilled Revenue, Trade Receivables and Retention Money balances. ● We also carried out additional test procedures, in respect of long outstanding balances, i.e. tested subsequent documents with customers with respect to recoverability of the same. ● We tested contracts to determine the provisioning requirement for loss making contracts/onerous obligations, if any.
Pending litigations including arbitrations (as described in note 48 & 50 of the consolidated Ind AS financial statements)

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

4. The Parent's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Report on Corporate Governance, Shareholder information and Report of the Board of Directors & Management Discussion and Analysis, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

5. The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group including its Associate in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and

its associate and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associate are responsible for assessing the ability of the Group and of its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate or cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associate are also responsible for overseeing the financial reporting process of the Group and of its associate.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

6. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the

economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its

associate to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the consolidated financial statements of which we are the independent auditors. For the other entities or business activities included in the consolidated financial statements, which remains unaudited by the other auditors, company's management remains responsible for the direction, supervision and performance of the work carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and except for the matters referred to in Basis for Qualified Opinion paragraph above, obtained all the information and explanations which

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act**

1. In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2019, we have audited the internal financial controls over financial reporting of Simplex Projects Limited (hereinafter referred to as "the Holding Company"), its subsidiary company and associate company, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding Company, its subsidiary company and associate company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial

controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Holding Company's internal financial controls over financial reporting with reference to these consolidated financial statements.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

8. According to the information and explanations given to us and based on our audit, the following material

weaknesses have been identified in the operating effectiveness of the holding company's internal financial controls over financial reporting as at March 31, 2019:

- (a) The holding company's internal financial controls relating to non-application of appropriate policies and procedures that provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles were not operating effectively which resulted in non provisioning of interest on cash credit and term loan.
 - (b) The holding company's internal financial controls relating to review of Advances to Trade Creditors and Sub Contractors including Staff and Project Advance for appropriate provisioning did not operate effectively which resulted in non-ascertainment of adequate provision against advances to certain Trade Creditors, Sub Contractors including Staff.
9. A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the holding company's annual

or interim financial statements will not be prevented or detected on a timely basis.

Other Matters

10. We also have audited, in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India, the consolidated financial statements of the Holding Company, which comprise the Consolidated Balance Sheet as at March 31, 2019, and the Consolidated Statement of Profit and Loss and Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information, and our report dated January 31, 2020 expressed a qualified opinion thereon.

1. Corporate Information

Simplex Projects Limited (the company) and its subsidiary is a public company domiciled in India and incorporated under the provisions of the Companies Act. Its shares are listed on two stock exchanges in India. The Group's is primarily engaged in Engineering and Construction activities in India and abroad and started trading in commodities in India during the year. The Group's focuses on construction of Bridges for Railways, Industrial Projects, Urban Infrastructure and Automated Parking projects.

2. DISCLOSURE OF SIGNIFICANT ACCOUNTING POLICIES FORMING PART OF THE ACCOUNTS AS AT 31ST MARCH, 2019

This Note provides a list of the significant accounting policies adopted in the preparation of these standalone financial statements.

2.1 Basis of Preparation of Financial Statements

i) Compliance with Ind AS

These consolidated financial statements have been prepared to comply in all material aspects with Indian Accounting Standards as prescribed under Section 133 of the Companies Act, 2013 (the Act) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other relevant provisions of the Act. Accounting policies have been consistently applied except where newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policies.

All assets and liabilities have been classified as current or noncurrent as per the Group's normal operating cycle which is more than 12 months considering the average project period in respect of its construction business and 12 months in respect of its other business and other criteria set out in the Schedule III of the Act.

These Consolidated Financial Statements were approved and authorized for issue with the resolution of the Board of Directors on 31st January, 2020.

ii) Historical Cost Convention

These financial statements have been prepared on a historical cost basis except for the following: assets and liabilities which have been measured at fair value amount:-

- Certain Financial assets and liabilities
- Defined benefit plans - Plan Assets

iii) Items reported in the financial statements are measured using the currency of the primary economic environment in which the entity operates (the functional currency). The financial statements of the Group's are presented in Indian Rupee (Rs.) which is the functional and presentation currency of the Group.

2.2 Segment Reporting

The Group's operating segment are established on the basis of those components of the Group that are evaluated regularly by the 'Chief Operating Decision Making Group'(CODMG) as defined Ind-AS 108 -'Operating Segments', in deciding how to allocate resources and in assessing performance. CODMG examines the Group's performance both from business and geographical perspective and has identified to reportable business segments viz. Construction and others which comprises trading of goods and hiring of plant & equipment.

2.3 Property, Plant and Equipment.

All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The Carrying amount of any component accounted for as a separate asset is de-recognized when replaced. All other repair and maintenance are charged to Profit and loss during the reporting period in which they are incurred.

The items of property, Plant and equipment which are not yet ready for use are disclosed as Capital work-in-progress and are carried at historical cost.

An asset's carrying amount written down immediately to its recoverable amount if the asset's carrying is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Profit or loss within "Other Income/Expense."

Depreciation Methods, estimated useful lives and residual value

Depreciation is calculated using straight line method to allocate their cost, net of their residual values on the basis of useful lives prescribed in schedule II to the Act. In respect of the following assets, useful lives different from schedule II have been considered on the basis of technical evaluation:

Assets Category	Life
Plant and Machinery	12-15 Years
Trucks	8 Years
Motor Vehicles	8 Years
Computers	6 Years
Furniture and Fixtures	10 Years
Office Equipments	5 Years

2.4 Impairment of non-financial assets (including plant & equipment)

The Group assesses at each reporting date as to whether there is any indication that any non-financial asset or group of assets, identified as Cash Generating Units (CGU) may be impaired. If any such indication exists, the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any.

An impairment loss is recognized in the Statement of Profit & Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher often asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to assets.

The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

2.5 Inventories

Raw material, stores, work-in-progress and traded goods are stated at the lower of cost under FIFO method and net realisable value. Cost of inventories comprise all cost of purchase and other cost incurred in bringing them to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale.

2.6 Financial Instruments

(i) Financial Assets

(A) Initial Recognition and Measurement

Financial assets are recognized when the Group becomes a party to the contractual provisions of the instrument on initial recognition, a financial assets is recognized at fair value. Transaction costs that are directly attributable to the acquisition of financial assets, which are not at fair value through Profit or Loss, are adjusted to the fair value on initial recognition.

(B) Subsequent Measurement

Financial Assets are subsequently classified as measured at

- Amortized Cost: A Financial Assets is measured at amortized cost if it is held within a business model whose objective is to hold the assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on the specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- Fair value: Through Other Comprehensive Income (FVOCI) - A financial assets is measured at FVOCI is it is held within a business model whose objects is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial assets give rise on the specified dates to cash flows that are payments of principal and interest on the principal amount outstanding.
- Fair Value through Profit or Loss (FVPL): a Financial Assets which is not classified in any of the above categories are measured at FVPL.

(C) Other Equity Instrument

Equity instruments which are held for trading are required to measure at FVPL. All other equity instrument are initially measured at fair value, with value changes recognized in As statement of Profit and Loss, except for those equity investments for the Group has elected to present the value changes in "Other Comprehensive Income".

For Investment in quoted equity instruments the Group has made an irrevocable election at the time of initial recognition to account for equity instruments at FVOCI. The Group makes such election on an instrument by instrument basis. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognized in OCI. Amounts recognized in OCI are non subsequently reclassified to the statement of Profit and Loss. Dividend income on the investments in equity instruments are recognized as 'Other Income' in the statement of Profit and Loss.

(D) Impairment of financial assets and contract assets

In accordance with Ind AS 109, the Group uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of Financial Assets other than those measured at FVPL and contract assets. Expected credit losses are measured through a loss allowances at an amount equal to:

- The 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date): or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument), as applicable.

The Group assesses on a forward looking basis the expected credit losses associated with its financial and contract assets considered for ECL. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables and contract assets only, the Group applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

ECL allowances (or reversal) recognized during the period is recognized as expense/income in the Statement of Profit and Loss.

(ii) Financial Liabilities**A. Initial Recognition and Measurement**

All Financial liabilities are recognized at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognized in the statement of Profit and Loss as finance cost.

B. Subsequent Measurement

Financial Liabilities are carried at amortized cost using the effective interest method.

For trade and other financial liabilities maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(iii) Derecognition of Financial Instruments

The Group derecognizes a Financial Asset when the contractual rights to the cash flows from the financial asset expire or it transfer the Financial Asset and the transfer qualifies for derecognition under Ind AS 109. A Financial liability (or a part of a Financial Liability) is derecognized from the Group's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

2.7 Cash and bank Balances

Cash and Bank balances as indicated in the Cash Flow Statement comprise cash at bank and in hand and highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

2.8 Employee Benefits**i) Short term benefits**

Short terms employee benefits are charged off at the undiscounted amount in the year in which the related service is rendered.

ii) Post employment benefits

Post employment benefits are charged off in the year in which the employee has rendered services. The amount charged off is recognized at the present value of the amounts payable determined using actuarial valuation technique. Actuarial gains and losses in respect of post employment benefits are charged to profit and loss account.

2.9 Provision and Contingent Liabilities

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

2.10 Revenue Recognition**i. Revenue from Construction Contracts**

The Group has applied Ind AS 115 'Revenue from Customers' for the first time with effect from 1st April, 2018. Ind AS 115 supersedes Ind AS 11 "Construction Contracts" and Ind AS 18 "Revenue". The Group has applied Ind AS 115 using the modified retrospective method.

Contract Revenue is recognized under 'percentage-of-completion method'. Use of the 'percentage-of-completion method' requires the Group to measure the efforts or costs expended to date to the satisfaction of a performance obligation as a

proportion of the total expected efforts or costs to be expended to the satisfaction of that performance obligation over the time. Efforts or costs expended have been used measures progress towards completion as there is a direct relationship between input and productivity. Costs incurred in the year in connection with future activity on contract are excluded from contract costs in determining the stage of completion.

Further, the Group uses significant judgments while determining the transaction price allocated to performance obligation using the expected cost plus margin approach.

When it is possible that total contract costs will exceed total contract revenue, the expected loss is recognized as an expense immediately.

When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognized only to the extent of contract costs incurred that are likely to be recoverable. Variations in contract work, claims and incentive payments are included in contract revenue only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur and are capable of being reliably measured.

ii. Other Revenue

A. Interest Income

Interest income from debt instruments is recognized using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to the gross carrying amount of a financial assets. When calculating the effective interest rate, the entity estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, pre-payment, extension and similar options) but does not consider the expected credit losses.

B. Dividends

Dividends are recognized in Profit & Loss only when the right to receive payment is established, it is probable that the economic benefits associated with dividend will flow to the Group and the amount of the dividend can be measured reliably.

C. Sale of Trading Goods

Revenue from sale of trading goods is recognized upon transfer of significant risk and rewards of ownership of such goods without retaining effective control over the goods sold and when associated costs of purchase of such goods and related revenue can be measured reliably.

2.11 Borrowing Cost

Borrowing costs, attributable to acquisition and construction of qualifying assets, are capitalized as a part of the cost of such asset up to the date when such assets are ready for its intended use. Other borrowing costs are charged to the profit and loss account.

2.12 Foreign Currency transactions

i) Functional and presentation currency

Items reported in the financial statements are measured using the currency of the primary economic environment in which the entity operates (the functional currency). The financial statement of the Group are presented in Indian Rupee which is the functional and presentation currency of the Group.

ii) Transaction and balances

Foreign currency transactions are translated into the functional currency at the reporting date using the exchange rates at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transaction and from the transaction of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized as profit and loss. They are deferred in equity if they are attributable to part of the net investment in a foreign operation. A monetary item for which settlement is neither planned nor likely to occur in the foreseeable future is considered as a part of the Group's net investment in the foreign operation.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

2.13 Foreign Operation

The result and financial position of foreign operation (none of which has the currency of a hyper-inflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- Assets and liabilities are translated at the closing rate at the date of the Balance Sheet
- Income and Expenses are translated at average exchange rates (unless this is not a reasonable approximation of cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transaction), and
- All resulting exchange differences are recognized in Other Comprehensive Income.

2.14 Taxation

Current tax is determined as the amount of tax payable in respect of taxable income for the year. Deferred Tax liability is recognized being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods.

2.15 Earnings per share

Earnings per shares are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Group's earnings per share is the net profit and loss for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, if any.

2.16 Principles of consolidation and equity accounting.

i) **Subsidiary**

Subsidiary is entity (including structured entity) over which the Group has controlled. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiary is fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group combines the financial statements of the parent and its subsidiary line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealized gains on transactions between group companies are eliminated. Accounting policies of subsidiary is changed, where necessary, to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiary is shown separately in the consolidated statement of profit & loss, consolidated statement of changes in equity and balance sheet.

ii) **Associate**

Associate is entity over which the Group has significant influence but not control or joint control. This is generally the case where the group holds between 20 % and 50% of the voting rights. Investment is accounted for using the equity method of accounting.

iii) **Joint Arrangements**

Under Ind AS 111 joint arrangements, investment in joint arrangements are classified as either joint operations or joint-ventures. Presently the Group has no joint operations.

iv) **Equity Method**

Under the equity method of accounting, the investments are initially recognized at cost and adjusted thereafter to recognize the Group's share of the post-acquisition profits or losses of the investee in profit & loss, and the Group's share of other comprehensive income of the investee in other comprehensive income.

When the Group's share of losses in an equity- accounted investment equals or exceeds its interest in the entity including any other unsecured loan term receivables the Group does not recognize further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains or transactions between the Group and its associate is eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees are changed where necessary to ensure consistency with the policies adopted by the Groups.

v) **Changes in ownership interests**

The Group treats transaction with non controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non controlling interests to reflect their relative interest in the subsidiary. Any difference between the amount of the adjustment to non controlling interests and any consideration paid or received is recognized within equity.

2A **Critical estimates and judgements**

The preparation of the financial statements in conformity with Ind AS requires the Management to make estimates, judgement and assumptions which affect the reported amount of assets, liabilities, revenue and expenses and the accompanying disclosures. The application of accounting policies that require critical accounting estimates involving complex and subjective judgements and the use of assumptions in these financial statements have been discussed below. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Change in estimates are reflected in the financial statements in the period in which such changes are made.

52 Financial Risk Management

The Company's business activities are exposed to variety of financial risks namely liquidity risk, market risks and credit risk. The Company's senior management has the overall responsibility for establishing and governing the Company's financial risk management framework. The Company has constituted a Risk Management Committee, which is responsible for developing and monitoring the Company's financial risk management policies. The Company's financial risk management policies are established to identify and analyse the risk faced by the Company, to set and monitor appropriate controls.

(A) Credit Risk

Credit risk refers to risk that counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, bank balances, loans, investments and other financial assets.

At each reporting date the Company measures loss allowance for certain class of financial assets and based on historical trend, industry practices and the business environment in which the company operates.

Credit risk with respect to trade receivable are limited, due to the Company's customer profile are well balanced in Government and Non-Government customers and diversified amongst in various construction verticals and geographies. All trade receivable are reviewed and assessed on a quarterly basis.

Credit risk arising from investments, derivative financial instruments and balances with bank is limited because the counterparties are banks and recognised financial institutions with high credit worthiness.

Provision for expected credit losses

The Company measures Expected Credit Loss (ECL) for financial instruments based on historical trend, industry practices and the business environment in which the Company operates

For financial assets, a credit loss is the present value of the difference between:

- (a) the contractual cash flows that are due to an entity under the contract: and
- (b) the cash flows that the entity expects to receive

The Company recognises in profit or loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date.

(B) Liquidity risk

Liquidity risk is the risk that the Company will face in meeting its obligations associated with its financial liabilities. The Company has an established liquidity risk management framework for managing its short term, medium term and long term funding and liquidity management requirements. The Company manages the liquidity risk by maintaining adequate funds in cash and cash equivalents.
