Pursuant to the General Circular numbers 20/2020 dated May 5, 2020, 17/2020 dated April 13, 2020 and 14/2020 dated April 8, 2020, issued by the Ministry of Corporate Affairs (MCA) and SEBI Circular number SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020, issued by the Securities and Exchange Board of India (SEBI) (hereinafter collectively referred to as “the Circulars”), in the current Covid-19 pandemic, companies are allowed to hold AGM through VC/OAVM, without the physical presence of members at a common venue. Hence, in compliance with the Circulars, the AGM of the Company is being held through VC/OAVM.
2. Since the AGM is being held in accordance with the Circulars through VC/OAVM, where physical presence of the members has been dispensed with, accordingly the facility for appointment of proxies by the members will not be available. However, Bodies Corporate intending that their authorized representatives to attend AGM held through VC/OAVM, in pursuance of Section 113 of the Companies Act, 2013, are requested to send to the Company, a certified copy of the relevant resolution/authorisation, as passed by their Board of directors/governing bodies, as the case may be, authorizing the representative(s) named therein to attend and vote on their behalf at the Meeting held through VC/OAVM, the specimen signature of such representative(s) being duly attested in the relevant resolution/authorisation.
3. Participation of members through VC/OAVM will be reckoned for the purpose of quorum for the AGM as per Section 103 of the Companies Act, 2013 (“the Act”).
4. Members of the Company under the category of Institutional Members are encouraged to attend and vote at the AGM.
5. The Register of Members and Share Transfer Books of the Company shall remain closed from Tuesday, 22nd day of September, 2020 to Wednesday, 30th day of September, 2020 (both days inclusive), for the purpose of this AGM of the Company.
6. Explanatory Statement as required under Section 102(1) of the Companies Act, 2013, relating to the Special Business to be transacted at the Meeting is annexed to the notice.
7. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Act and other relevant registers and documents referred in the Notice will be available electronically for inspection by the members during the AGM.

All other documents referred to in the Notice will be available for electronic inspection during business hours, by the members from the date of circulation of this Notice up to the date of AGM, without any fee. Members seeking to inspect such documents can send an email to ir@rattanindia.com

8. The relevant details of the directors sought to be appointed/ reappointed, including their brief resume and the nature of their expertise in specific functional areas, are provided in the explanatory statement and Corporate Governance Report forming part of the Annual Report. Additional information, pursuant to Regulation 36 of the Listing Regulations, in respect of the director seeking appointment/ reappointment at the AGM, has been provided in the Corporate Governance section of the Annual Report.
9. In compliance with the Circulars, Notice of the AGM along with the Annual Report 2019-2020 is being sent through electronic mode to those Members whose email addresses are registered with the Company/Depositories. Members may note that the Notice and Annual Report 2019-2020 will also be available on the Company's website www.rattanindia.com/rpl and the websites of the Stock Exchanges where the equity shares of the Company are listed i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively and on the website of the Registrar and Transfer Agent of the Company, KFin Technologies Private Limited (“RTA”) at (“RTA”) <https://evoting.kfintech.com>.
10. Members are requested to address all correspondence, to the RTA, KFin Technologies Private Limited, Unit: RattanIndia Power Limited, Selenium Building, Tower B, Plot No. 31-32, Financial District, Nanakramguda Serilingampally Mandal, Hyderabad, Telangana – 500 032.
11. We urge members to support our commitment to environmental protection by choosing to receive the Company's communication through email. Members holding shares in demat mode, who have not registered their email addresses are requested to register their email addresses with the respective depository participants, and members holding shares in physical mode are requested to update their email addresses with the Company's RTA, KFin Technologies Private Limited at inward.ris@kfintech.com to receive copies of the Annual Report 2019-2020 or for making correspondence in electronic mode.
12. As per Regulation 40 of SEBI Listing Regulations, as amended, and vide SEBI Notification No. SEBI/LAD-NRO/ GN/2018/24 dated June 8, 2018 and further amendment through Notification No. SEBI/ LAD-NRO/GN/2018/49 dated November 30, 2018, securities of listed companies can be transferred only in dematerialized form with effect from April 1, 2019, except in

case of requests received for transmission or transposition of securities. In view of this and to eliminate all risks associated with physical shares and for ease of members with respect to their portfolio management, members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Members can contact Company's RTA, KFin Technologies Private Limited for assistance in this regard.

13. As per the provisions of Section 72 of the Act, the facility for making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. Members are requested to submit these details to their Depository Participants in case the shares are held by them in electronic form, and to the RTA, KFin Technologies Private Limited, in case the shares are held in physical form.
14. In case of joint holders, the Members whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.
15. Members seeking any information with regard to the accounts or any matter to be placed at the AGM, are requested to write to the Company atleast 7 days before the date of meeting through email on ir@rattanindia.com. The same will be replied by the Company suitably.
16. Since the AGM will be held through VC/OAVM, the route map, proxy form and attendance slip are not attached to this Notice.
17. The Securities and Exchange Board of India (SEBI) vide its circular no. SEBI/HO/MIRSD/DOP1/CIR/P/2018/73 dated April 20, 2018, with a view to protect the interest of the shareholders, has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit their PAN details to the Depository Participants with whom they maintain their demat accounts. Members holding shares in physical form should submit their PAN to the Registrar and Transfer Agent. The Securities and Exchange Board of India (SEBI) vide its circular no. SEBI/HO/MIRSD/DOS3/CIR/P/2019/30 dated February 11, 2019, decided to grant relaxation to Non-residents (NRIs, PIOs, OCIs and foreign nationals) from the requirement to furnish PAN and permit them to transfer equity shares held by them in the Company.
18. In compliance with the provisions of Section 108 of the Act, read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended from time to time, and Regulation 44 of the SEBI Listing Regulations, the Members are provided with the facility to cast their vote electronically, through the e-voting services provided by KFin Technologies Private Limited (KTPL).
19. The remote e-voting period commences on Sunday, September 27, 2020 (10:00 A.M. IST) and ends on Tuesday, September 29, 2020 (5:00 P.M. IST). During this period, Members holding shares either in physical form or in dematerialized form, as on Wednesday, September 23, 2020 i.e. cut-off date, may cast their vote electronically. The e-voting module shall be disabled by KTPL for voting thereafter. Those Members, who will be present in the AGM through VC/OAVM facility and have not cast their vote on the Resolutions through remote e-voting and are otherwise not barred from doing so, shall be eligible to vote through e-voting system during the AGM.
20. The Board of Directors has appointed Mr. Sanjay Khandelwal (Membership No. FCS 5945) of S. Khandelwal & Co., Practicing Company Secretary, as the Scrutinizer to scrutinize remote e-voting process and the voting during the AGM, in a fair and transparent manner.
21. The Members who have cast their vote by remote e-voting prior to the AGM may also attend / participate in the AGM through VC/OAVM but shall not be entitled to cast their vote again.
22. The voting rights of Members shall be in proportion to their shares in the paid-up equity share capital of the Company as on the cut-off date i.e. September 23, 2020.
23. The details of the process and manner for remote e-voting are explained herein below:
 - i) Open your web browser during the voting period and navigate to '<https://evoting.kfintech.com>'
 - ii) Enter the login credentials (i.e.- user-id & password) mentioned on the Notice. Your Folio/DP Client ID will be your User-ID.

User – ID	For Members holding shares in Demat Form:- a) For NSDL:- 8 Character DP ID followed by 8 Digits Client ID b) For CDSL:- 16 digits beneficiary ID
-----------	--

	For Members holding shares in Physical Form:- • Electronic Voting Event Number (EVEN) followed by Folio Number registered with the company
Password	If you are already registered for e-voting, then you can use your existing password to login and cast your vote.
Captcha	Enter the Verification code i.e., please enter the alphabets and numbers in the exact way as they are displayed for security reasons.

- iii) Please contact on toll free No. 1-800-34-54-001 for any further clarifications.

The Company shall simultaneously forward the results to National Stock Exchange of India Limited and BSE Limited, where the shares of the Company are listed.

EXPLANATORY STATEMENT

The following Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 ("Act") sets out all material facts relating to the business mentioned at Item Nos. 3 and 4 of the accompanying Notice dated September 4, 2020.

Item no. 3

Appointment of an Independent Woman Director

In compliance with the requirements of Regulation 17(1)(a) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, Ms. Neha Poonia (DIN: 07965751) was pursuant to the recommendations made by the Nomination & Remuneration Committee inducted on the Board of Directors of the Company as an Independent woman Director, for a period of five consecutive years w.e.f July 30, 2020.

Having been appointed to the directorship of the Company as an Additional Director, Ms. Neha Poonia (DIN: 07965751) will hold office as such upto the date of the annual general meeting of the Company.

Ms. Neha Poonia, being eligible for appointment as an independent director, the Company has received from her:

- (a) a notice in terms of Section 160 of the Companies Act, 2013 offering her candidature for the office of director of the Company.
- (b) Consent in writing to act as Director in Form DIR-2 pursuant to Rule 8 of the Companies (Appointment & Qualification of Directors) Rules, 2014.
- (c) Intimation in Form DIR-8 in terms of the Companies (Appointment & Qualification of Directors) Rules, 2014, to the effect that she is not disqualified under Section 164(2) of the Act and
- (d) a declaration to the effect that she meets the criteria of independence as provided under Section 149(6) of the Act and is registered with the IICA.

The resolution seeks the approval of the Members in terms of Section 149 and other applicable provisions of the Act and the rules made thereunder, read with Schedule IV of the Act, for appointment of Ms. Neha Poonia (DIN: 07965751) as an Independent Director of the Company for a period of five consecutive year i.e. commencing on July 30, 2020 i.e. upto July 29, 2025.

Ms. Neha Poonia, once appointed, will not be liable to retire by rotation. In the opinion of the Board, she is a person of integrity, fulfills the conditions specified in the Act and the Rules made thereunder and is independent of the Management of the Company. A copy of the letter of appointment of Ms. Neha Poonia as an Independent Director setting out the terms and conditions is available for electronic inspection by the members without any fee, from the date of circulation of this Notice up to the date of AGM. The profile and specific areas of expertise of Ms. Neha Poonia is given below and also provided in the Corporate Governance Section of the Annual report, of which this notice forms a part. It may be noted that her appointment at the AGM shall be deemed to be a continuation of her appointment by the Board for a period of five consecutive years, as aforementioned.

Brief profile of Ms. Neha Poonia.

Ms. Neha Poonia, aged 34 years, holds a post graduate degree in management from Indian Institute of Management, Lucknow with specialization in Human Resources and Marketing and a graduate degree in Electronics and Instrumentation Engineering from Institute of Technology and Management, Gurgaon. She co-founded a Food and Beverage company which acquired rights from “Pepsi” to manufacture and distribute their packaged drinking water brand “Aquafina”. The company was acquired by Varahi Ltd in the year 2019. During this time, she was involved in setting up the manufacturing unit, acquiring government licenses, devising the supply chain with reverse logistics and talent/stakeholder management. Prior to her startup, she worked with an HR Consultancy firm with offices across London, Paris, Dubai, India, Hong Kong, Singapore and Brisbane. She partnered with global corporations, helping them hire senior leadership talent across the globe including US, Europe, MEA, India, ASEAN and Australia.

Ms. Neha Poonia does not hold any shares in the Company nor she is related to any director of the Company.

Ms. Neha Poonia is also a director in RattanIndia Infrastructure Limited. She does not hold any memberships/Chairpersonship in the any committee of the Board of Directors of the Company or any other Company.

This statement may also be regarded as an appropriate disclosure under Regulation 17 and other applicable regulations, if any, of the Listing Regulations. The Board therefore recommends the Ordinary Resolution set out at Item No. 3 of the Notice for approval by the members.

Except Ms. Neha Poonia to whom the resolution relates, none of the Director(s) and Key Managerial Personnel of the Company or their respective relatives, are concerned or interested financially or otherwise in the Resolution mentioned at Item No. 3 of the Notice.

Item no. 4

Pursuant to Section 148 of the Act, the Company is required to have the audit of its cost records conducted by a cost accountant in practice. On the recommendation of the Audit Committee of Directors, the Board of Directors had approved the appointment of M/s. Nisha Vats & Co. Cost Accountants, as the Cost Auditors of the Company to conduct audit of cost records maintained by the Company for the Financial Year 2019-20, at a remuneration of ₹ 25,000 (Rupees Twenty Five Thousand Only) plus applicable taxes and actual out-of-pocket expenses.

In terms of Section 148 of the Companies Act, 2013 read with Rule 14 of the Companies (Cost Records and Audit) Rules, 2014 the remuneration of cost auditors appointed by a company, as fixed by its board of directors, upon recommendations of the audit committee of such board, is subsequently required to be ratified by the shareholders of the company concerned.

Accordingly, the Board commends the Ordinary Resolution set out at Item No. 4 of the Notice for approval by the members.

None of the Directors or KMP of the Company or their respective relatives is concerned or interested financially or otherwise in the Resolution at Item No.4 of the accompanying Notice.

Chairman's Message

RattanIndia

Dear Shareholders,

As you read this, the world's economy and financial landscape continues to reel under never-before witnessed turmoil as a result of the fast growing threat of the COVID-19 pandemic, which, if it continues to persist, poses a far greater threat to economic growth than even the Global Financial Crisis of 2008. As per the IMF's estimates, the global economy is expected to shrink by 3% - the steepest slowdown since the Great Depression of the 1930s.

The Indian economy too has been severely impacted due to the prolonged lockdown in most parts of the country. While India grew at 4.2 percent in 2019, it is expected to contract by 4.5% following a longer period of economic lockdown and a slower than anticipated recovery. As per Ministry of Statistics and Programme Implementation (MoSPI), released data for the first quarter (April, May, June) of the current financial year, GDP contracted by 24%. Though, the Government was quick to respond with a slew of policy measures and fiscal packages to provide much needed comfort to businesses and its citizens alike, its impact, in terms of economic recovery, will take some more time.

Mr. Rajiv Rattan
Chairman

In spite of the onset of the pandemic in the latter half of Financial Year 2020, it has been an exciting and extra-ordinary year for your company. The stress that the company had been facing over the past many years has been finally resolved. I am delighted to share that, on 31 December 2019, your company concluded a 'One Time Settlement' Scheme (OTS) with the original lenders (a group of 12 lenders with Power Finance Corporation Limited as Lead Lender) to the Amravati Project. All the lenders unanimously agreed on assigning the entire debt (post restructuring), to a set of new lenders and investors, backed by reputed international fund houses, for ₹ 4,050 Crores.

This is the first successful scheme to have been closed post the RBI Circular of 12 February 2018 and one of the biggest resolution schemes to have been closed outside the NCLT framework, attracting global investors, without any change in the existing management.

This comes in the backdrop of significant sectoral challenges that the Indian power sector has been undergoing in terms of dealing with stressed and non-performing assets. Given that this process has attracted some of the leading international funds, including the likes of Goldman Sachs and Varde Partners (through the Aditya Birla ARC Limited), in the backdrop of global financial markets continuing to fight turmoil, it clearly highlights the high quality of the assets, and the strong reputation of the management team of your Company.

Whilst the government has done incredible work in improving the business atmosphere, prima facie, the focus has been limited to sectors where the government is either a service provider or a facilitator. However, the sector wherein the Government is a supplier or consumer of goods has been totally ignored. For e.g., in the Power Sector, Independent Power Producers (IPPs) procure coal from Coal India Limited (a government owned company); coal transportation is primarily through the Indian Railways (another government owned organisation) and electricity generated by the generators is supplied to Discoms (most of which are government owned). Here, supplier of raw material (coal), services (transportation) and the procurers of electricity are directly under Central or State Governments. To improve the business atmosphere in the power sector, a lot of work needs to be done to improve efficiency – viz., quality and quantity of coal supplied to IPPs, allotment of rakes by Indian Railways, timely payment of bills by Discoms, etc. In this regard, the recent initiatives to open up coal mining (which has been under the monopolistic domain of government-owned Coal India) to commercial mining and sale to improve quality of coal at efficient market driven prices.

In order to support the recovery of the economy post the pandemic and the expected push to stimulate demand, electricity will continue to play a pivotal role in the recovery and in setting the country towards regaining lost ground. The power supply position of the country continues to improve with each passing year. During the 12th five year plan, electricity generation grew at a compounded growth of 5.74%. Peak power demand recorded was 164.07 GW, of which 160.75 GW was met. Per-capita consumption of electricity has increased to 1,122 units and is expected to increase further as the government initiatives and focus on manufacturing initiatives during the years will start paying-off. While the overall demand for power in the country was considerably impacted as a result of the necessary containment steps taken in light of the COVID-19 pandemic, with the gradual reopening of the economy, and supported by measures to stimulate recovery by the Central Government, demand for electricity continues to improve each day. This increasing demand for power can only be satisfied by ensuring that the country keeps on adding new generation capacity, much of which is likely to come from the private sector. Although the current focus of the government policies is tilted towards renewable energy sources and reducing the carbon footprint of the country, more than 65%

Chairman's Message (contd.)

of power requirement is still met from thermal power plants. Thermal power plants are the base load plants and will continue to play an important role in future too. This has also been ratified by Niti Aayog, which estimates 45-50% of the total power requirement will be met from conventional sources even in 2040.

India's energy sector has witnessed rapid growth, buoyed by policy interventions, reforms and investments. Various policy initiatives taken in the past, like 100% electrification and electricity for all under the SAUBHAGYA program and improvement in the transmission connectivity across various regions, will continue to be the key drivers contributing to the future increase in electricity demand in India. Demand for electricity is expected to grow further with the Government's commitment to move India to an ecosystem of electric vehicles. With no new investments being planned in the thermal generation sector, without any base load capacity addition in sight and plans of shutting down older plants by Maharashtra, our Nashik power plant is strategically very well positioned to cater to this projected demand. We would also try to extract greater profitability from selling our untied capacity from the plant by participating in upcoming opportunities in the near future as well as participating in the short term open market.

The future of the power sector looks very optimistic and we remain fully committed in doing our part. Various Government initiatives for improving the domestic coal availability to the power plants by introducing commercial mining and allowing the private sector to mine and sell coal in the open market should lead to the reduction in overall cost of power generation (through competitive pricing of coal & improvement in coal quality) and also enhance availability and generation capability. These initiatives, along with other initiatives like the revised tariff policy and the proposed Electricity Bill will improve the financial health of the Discoms, thereby creating a conducive environment for addressing the stress to power generators and transmission players through timely payment of dues. The proactive and timely step by the Government in terms of supporting the Discoms as they recover from the aftermath of the pandemic through the Discom Liquidity Package of Rs. 90,000 Crores being disbursed to ensure Discoms meet their payment obligations has been a huge relief in generators like your company being able to continue to recover a major part of their outstandings.

RattanIndia Power Limited is one of the top 10 power generation companies with 2,700 MW of commissioned capacities (1,350 MW at Amravati and 1,350 MW at Nashik). Amravati Plant is supplying power to Maharashtra State Electricity Distribution Company Limited (MSEDCL) through a 25 year long term PPA. We are also working to execute a similar long term arrangement with MSEDCL for supply of 507MW power on long term basis (25 years). The two plants are among the very few in the country today, which have all clearances in place and adequate water & coal linkages.

Having successfully resolved the stress being faced by our Amravati Plant, we are now single-mindedly focused and working very closely with our Project Lenders in resolving the stress for the Nashik Plant. Your company is leaving no stone unturned to deal with the existing structural challenges and is working diligently in addressing the same, with an aim of optimising the returns for our shareholders. The Company is focused on continuous improvement in plant efficiency and availability and has the requisite expertise to ensure that we have some of the most efficient power plants in the country. We are in constant discussions with our lenders in trying to resolve the overall stress being faced by our Nashik Project.

Lastly, I take this opportunity to warmly thank all our Shareholders, Customers, Vendors, Employees, Bankers, Financial Institutions, new partners in the Amravati Project and other partners for reposing their faith in us and motivating us to excel across all facets of our business. I would like to end by reiterating our continued commitment to excel in everything we do.

Thank you

ECONOMIC SCENARIO

Today, the entire world is working together to come out of grips of the Covid-19 pandemic. The alarming speed at which the pandemic continues to spread, infecting millions of people across the globe and bringing economic activities to a stand still, as countries imposed lockdown and tighter restriction on movement of people and goods to contain the spread of the virus. However, the economic damage is already evident. It is the largest economic shock the world has experienced in decades. The preliminary forecasts of World Bank suggests contraction of world economy by 5.2 percent in the year 2020, which is one of the deepest global recessions faced till date much higher than the Global Financial Crisis of 2008. The impact of this recession could be far deeper if the effect of pandemic continues to persist, pushing most economies into recession. Developing economies will face pressure from multiple dimensions, including pressure from weak health care systems, loss of trade & tourism, tighter financial conditions and mounting debt. The immediate priority of policymakers is to address the health crisis and contain the short term economic damage and undertake comprehensive reform programs to improve the fundamental drivers of economic growth in the long term.

Our country is not insulated from this global turmoil. Timely action from the government and stricter lockdown rules has helped in containing the spread of pandemic. However, the impact of the pandemic is already visible with many people losing their jobs and businesses. Worst effected are the Small and Medium Scale Industries. Apart from these industries, Hotels, travel and tourism, entertainment, etc are also effected. Apart from these utilities directly catering to the public at large will also be impacted hugely. Utilities like power distribution companies will be impacted hugely, wherein they will not be able to recover their outstanding bills on the one hand and on the other hand they will be forced to pay their due to power generators. Failure of these sectors would lead to mounting of pressure on the banking system due to increase in the number of non-performing loans. To revive the households, companies and the lenders, huge amount of government spending is required in the short term. To gain the lost ground, major economic reforms will be required.

SECTOR AND POLICY OVERVIEW

India has already developed the required institutional framework for meeting its energy requirements and also attract investments across the globe to meet its energy requirements. Opening up of the oil & gas retail market and allowing private investment in commercial coal mining are welcome steps in this regards. Further, country wide wholesale market for trading of electricity is also a very important step in creating the backbone in infrastructure and to provide grid security. Country is currently facing challenge to ensure the financial health of the various power sector which are dealing with surplus power capacity, lower utilization of the fuel resources and increasing share of renewable energy.

Electricity is an essential constituent of infrastructure and a key contributor to economic growth of the country and contributes approximately 2.6% to the Country's GDP. Total installed capacity of the country as on 31st July, 2020 is 371.97 GW, of which 231.45 GW is thermal, 88.04 GW is renewable, 45.70 GW hydel, and the rest is nuclear. As per the National Electricity Plan presented by the Central Electricity Authority, the national electrical energy requirement is expected to be 2,047 Gigawatthours, with a peak demand of 298.77 GW by the year 2026-27.

A majority of the coal supplied to the Independent Power Producers (IPPs) is under the control of Coal India Limited (CIL), a Company, under the control of Government of India. In the financial year 2019-20 CIL supplied 391.06 million tonnes coal to the power utilities as compared to 439.55 million tonnes during the corresponding period last year.

DEMAND - SUPPLY POSITION

As per Central Electricity Authority (CEA) estimates, the gross energy generation target for financial year 2020-21 is 1,480 BU, which includes 150 BU of energy from RES during the year. In the wake of COVID-19 pandemic outbreak, the demand for electricity has witnessed a significant decline in the first quarter of the current financial year. A comparison of actual versus anticipated energy requirement and Peak demand during the months of April, 2020 and May, 2020 shows a reduction of 30% and 15% in Actual Peak Demand and 28% and 21% reduction in Actual Energy Requirement respectively, as compared to figures for the months of April-2019 and May-2019 respectively. It is expected that with easing of restrictions imposed during lockdown following the outbreak of COVID-19 pandemic the economic activity will gain pace and the demand for electricity will catch-up to the levels prior to the pandemic.

During the year 2019-20, the total ex-bus energy supplied increased by 1.3% over the previous year and the peak demand met increased by 4.0%. The energy requirement and peak demand registered a growth of 1.3% and 3.8% respectively during the year 2019-20 as compared to the previous year 2018-19.

All India generation during FY 2019-20 was 1,389.121 BU, out of which only 138.32 BU (i.e., approx. 10% of total generation) was from renewable sources. Now, even if an additional 100 GW of new renewable capacity is added to the system over the next 5

Management Discussion and Analysis (contd.)

years, the generation from renewables is expected to increase to approx. 350 BU against the expected all India generation of approx. 1,650 BU. This means that, even after 5 years from now, the generation from renewables shall only be ~22% of total generation. However, if the addition from renewables is only 50GW, then the corresponding share of Renewables shall be 250 BUs (~15% share). Even NitiAayog's report on Energising India estimates that coal will continue to be the major contributor in India's electricity mix, contributing at as much as 50% of the total mix by 2047. Accordingly, it can be reasonably concluded that, in India, coal fired power plants will continue to serve as the primary source of fuel for providing electricity to the people of the Country.

RISKS AND CONCERNS

The Power Sector, directly or indirectly, impacts almost all the sectors contributing to the growth of the nation. Setting up of a power project requires huge capital investments and take years of concentrated efforts for successful completion and commissioning. Hence, any slowdown in the power sector has a domino effect on overall economic growth of the country. Some of the Critical issues impacting the performance of the sector are mentioned below:

Fuel

Fuel forms approximately 55% - 60% of the total cost of delivered electricity. Hence, availability of quality coal at reasonable prices is one of the key components for the long term success of this sector. While the supply of domestic coal has improved over the past couple of years, Coal India Limited (CIL) continues to fall short of its intended targets over the past years. The government is targeting coal production of 1.5 billion tonnes by 2030, with Coal India Limited (CIL) currently accounting for 80% of the domestic coal production. As a result, the nation has been importing considerable amount of coal from various different nations, which has had a significant impact on the country's economy. With an intent to make domestic coal production more efficient and market driven, the Government of India, in June 2020, allowed private participation in commercial coal production, which would further help in improving the availability and quality of coal in the country, at more competitive prices. Better coal availability will result in improved availability of the power plants. Currently, CIL supplies only 75% of the coal quantity committed under the Fuel Supply Agreements to generators, forcing power generators to source balance coal from costly alternate sources. Regulatory issues pertaining to pass-through of this additional cost of coal has to be addressed in an expeditious manner to enhance cost recovery of power producers and ensure quicker recovery of costs and enhance liquidity.

Inadequate transmission network

Large parts of India continue to remain power deficit, despite considerable capacity additions in generation capacity over the last several years. One of the major reasons for the current situation is insufficient transmission capacity, that limits free flow of electricity from power surplus areas to the power deficit areas. Power evacuation remains a bottleneck in the power supply chain of the country resulting in frequent back downs of plants as requested by State/Regional Load Dispatch Center leading to underutilization of the generation capacity.

With the industry moving towards enhanced competition, with significant capacity addition from renewables and in an era of open access, demand for power is expected to increase, putting additional stress on the already stretched transmission network across the country. If India's transmission capacity is not augmented in a timely manner, this problem is expected to further aggravate.

According to the CEA, during the year 2019-20, a total of 11,664 circuit-km of transmission lines were added to the nation's transmission grid, against the plan to add 23,621 circuit-km lines, while enhancing the transformation capacity by an additional 68,230 MVA, against a plan of 81,716 MVA. With the commissioning of these new transmission lines, congestion in transmission of electricity within inter-state and intra-state grids is expected to reduce in the near future. Also, going forward, with power generation from solar and wind coming up in remote areas, and with the efforts to enhance connectivity among the electrical regions in the country, this will help reducing the non-congestion zones.

Financial health of state Discoms

Poor financial health of discoms is one of the major risks faced by power producers. To bail out debt-laden distribution utilities, the Ministry of Power implemented the Ujwal DISCOM Assurance Yojana (UDAY). A total of 27 states and 5 UTs have adopted UDAY scheme till date. UDAY states have reduced book losses to ₹ 15,049 crore in FY 2017-2018 from ₹ 51,480 Cr in FY 2015-2016. In addition, the government has been taking measures – like introduction of issuance Letters of Credit for supply of coal, support to the Discoms to the tune of ₹ 90,000 Crores under the Atmanirbhar Bharat liquidity package, etc. All these initiatives will add to reducing the financial burden on the Discoms and help improve the financial health of discoms and increase liquidity, that would further help in reducing the stress of generation projects. The primary reason for poor financial health is the huge AT&C losses, operational inefficiencies and populist schemes.

Distribution Reforms

The Distribution Sector plays a crucial role in the overall functioning of the Power Sector as it provides final connectivity of power to consumers and generates the cash flow for the entire value chain. However, it also is the weakest link in the entire power sector value chain. The Government is putting significant effort to improve the financial health of utilities so as to enable them to provide reliable and quality power supply and universal access to power. The Government has done remarkable job in enhancing the access to electricity – by reducing the time taken by any person to obtain a new electricity connection, improving the connectivity of villages with the state grids under the scheme for electrification of all villages, etc. We hope that the steps taken by government will help in ameliorating the current situation. In this regard, impending segregation of content from carriage will be a game changer for the Indian power distribution sector.

BUSINESS REVIEW

Your company has a well formulated strategy to tackle the challenges that the sector is facing currently. Both the plants of the company have all key resources-viz., land, fuel linkage, water, financing arrangements, etc – in place. With 2,700MW commissioned capacity, the Company is amongst the top 10 private power producers in the country. Amravati thermal power plant has a long term arrangement for supply of 1,200 MW to the Maharashtra State Electricity Distribution Company Ltd (MSEDCL) and all the five units of Amravati TPP are available for supplying power. The Nashik thermal power plant was commissioned in June-2017.

The Company continued to operate at sub-optimal levels due to lower demand of electricity in the state, and hence subdued take-off by MSEDCL. As a result, Company had been under deep financial stress for the last few years. With an aim to resolve the severe financial stress, the Promoters, along with the Company, have been constantly working towards a sustainable resolution of its debt in order to overcome the financial stress. In this context, the Company offered a binding One Time Settlement Proposal to the original lenders on 6-Dec-2018 (Binding Settlement Proposal), post which the Company received the letter of intent from erstwhile lenders with respect to the Binding Settlement Proposal. Subsequently, post various rounds of discussions, the Company, on 31 December 2019, successfully concluded a One Time Settlement (OTS) Scheme for resolution of its Debt.

Successful Resolution of Debt through a One Time Settlement Scheme for Amravati Thermal Power Project

Your Company successfully closed a One Time Settlement (OTS) of its debt with existing lenders in the 1,350 MW Amravati Power Plant, whereby foreign funds (rupee-based loan) replaced Indian banks and institutions. This one of its kind debt resolution in the power sector by foreign funds without any change in management and not only reaffirms faith in the current management but also reposes faith in power sector in the country.

As part of this One Time Settlement (OTS) of debt, the existing Indian lenders (12 lenders led by PFC and SBI) have assigned the existing principal debt of approx. ₹ 6,574 Crores to a set of new foreign investors and lenders, led by marquee foreign funds like Goldman Sachs and Varde Partners through the Aditya Birla ARC Limited for ₹ 4,050 Crores.

Sinnar Thermal Power Limited is in active discussion with lenders for successful resolution of the its debt. STPL has received letter of intent for execution of PPA of 507 MW (net capacity). Lenders have also shown interest in starting operations and in granting required working capital and non-fund based facilities to implement aforementioned PPA with MSEDCL.

COMPETITIVE STRENGTHS

Your company has following competitive strengths which will enable it to achieve a strong position in the Power Sector:

Statutory and Non-statutory Clearances

Your company has obtained all required clearances, necessary for successful operations of the Amravati Thermal Power Project and Nasik Thermal Power Project.

For the Amravati Thermal Power Project, the Company has leased 1,350 acres of land from Maharashtra Industrial Development Corporation, signed a Fuel Supply Agreement for 5.493 MTPA coal with South Eastern Coalfields Limited, obtained 87.6 million cubic meter water allocation from upper Wardha dam from Vidarbha Irrigation Development Corporation and has secured the consent to operate from Maharashtra State Pollution Control Board.

For Nasik Thermal Power Project, Sinnar Thermal Power Limited has leased 1,069.35 acres of land in Nasik SEZ, have coal allocation for total 5.226 MTPA coal from South Eastern Coalfields Limited & Mahanadi Coalfields Limited and 36.5 million cubic meter water allocation from Water Resource Department, Nasik.

Management Discussion and Analysis (contd.)

Financial Closure

Both Amravati and Nasik power projects have achieved financial closure.

Power Purchase Agreement

Amravati thermal power project has a 1,200 MW PPA with MSEDCL for period of 25 years from the date of commercial operation. This PPA has provision for further extension of term based on mutual agreement between the parties. Power plant is supplying power generated from this power plant to MSEDCL at pre-determined tariff.

Further, Sinnar Thermal Power Limited (SPV for development of the Sinnar Thermal Power Project) received a letter of Intent from MSEDCL for entering into a PPA for supplying 507 MW from Nasik thermal power project for period of 25 years.

Fuel Security

Your Company has Fuel Supply Agreements (FSA) with Coal Companies, supplying coal at prices notified by Ministry of Coal, covering the entire requirement for operating the plant at normative PLF. This puts your Company in a very strong competitive position as compared to the present mechanism wherein coal linkages are granted through e-auction process where bidders either offer premium over notified prices of coal or offer discount on the tariff for supply of power under PPA.

Execution Team

One of key strengths of your company is the team of experts who have vast experience of constructing, commissioning and operating large power projects. Senior management people of the Company comprises of people from Navratna Companies of the country - like NTPC, BHEL to name a few and who have vast experience in the implementation and operation of thermal power projects. This team is capable of addressing the challenges currently being faced by thermal power projects in the country.

STRATEGY

The key elements of the Company's strategy include:

Capitalizing on the opportunities in Indian power generation sector

Your Company has planned significant long term initiatives to capitalize on the huge potential presented by the Indian power sector. With a growing economy, there will be increase in electricity demand and therefore, significant investment will be required in generation, transmission and distribution to fulfill this demand and fulfill Government of India's ambitious target of providing 'Power for All'. We have the expertise, ability to raise capital and execute large scale power projects to reap the benefits of growth in the sector.

Leveraging of project execution and operating skills

Your Company has developed good project planning and project execution capabilities and keeping in mind the complexity of power projects, we have hired project managers with the ability and skill sets to drive projects to successful completion and commissioning. Your Company has a robust workforce with good project execution and plant operating skills that will enable the Company to build world class power plants with a focus on operational efficiency.

Ensuring fuel security

Your Company has adequate coal linkages/FSA with Coal India Limited to ensure a steady supply of coal to fire the power plants. Further, any shortfall in coal supply will be met through the use of imported coal in line with prevailing procurement guidelines and the PPAs. The Company is also actively evaluating the opportunities currently available for securing coal blocks for mining of coal for captive use under the auction process.

Engaging in an optimal mix of off-take arrangements with state-owned and industrial consumers

Your Company intends to maintain an appropriate mix of off-take arrangements. Your Company believes that secured off-take arrangements will provide a level of committed revenues whilst short-term arrangements will enable the Company to realize higher tariffs from time to time, depending upon market conditions. The Company intends to utilize its marketing and trading capacities and capabilities to secure off-take arrangements with state-run utility companies and industrial consumers, as well as carry out merchant sales of power at market rates. The Company intends to enter into bilateral contracts on a term-ahead basis with industrial consumers and Discoms through open access. Government of India has created the DEEP portal through MSTC for conducting bid process for short term purchase of power by Discoms. Your Company is also exploring opportunities for short term sale through this portal.

Operating power plant at the highest availability:

It is vital that a power station has a high plant availability factor (PAF), which is a necessary pre-condition to achieving a higher Plant Load Factor (PLF). Unplanned outages can result in loss of revenue. Your Company has in place a team of very experienced and skilled O&M experts to run its power plants smoothly with the highest possible availability.

HUMAN RESOURCES

Your Company's human resource policy provides an environment that motivates its employees to realize their full potential. Your Company respects each employee, motivates them and tries to offer opportunities based on their skill-sets, and in this process builds mutually benefiting relations between the Company and its employees. Your Company has put in place a policy that not only increases productivity but also increases job satisfaction of its employees.

Your Company has put in place a recruitment system in the organization wherein right candidates with the right skills are recruited. Your company has established systems, which aim to provide training to employees at every level of the organization that leads to quality work output in their assigned work, in turn helping in improving the bottom-line of your company.

In addition to this, proper remuneration, regular appraisal and development opportunities provided to the employees have enabled your Company to achieve its goal in a highly competitive market. Your Company believes that its employees are most productive when they have a good work-life balance to enable them to meet their responsibilities outside work and minimizes employee turnover.

CORPORATE SOCIAL RESPONSIBILITY

Corporate Social Responsibility Policy (CSR Policy) was framed in the year 2014 and a Corporate Social Responsibility Committee comprising members from the Board of Directors of the company was constituted. The committee is entrusted with the responsibility of effectuating and operationalizing the CSR Policy of the Company.

INTERNAL CONTROL SYSTEMS

The Company has a system of internal controls commensurate with the nature and size of its operations, which effectively and adequately encompasses every facet of its operations and functional areas.

The system involves a compliance management team with established policies, norms and practices as also the applicable statutes and rules and regulations with an inbuilt system of checks and balances, so that appropriate and immediate corrective actions are initiated in right earnest in the event of any deviations from the stipulated standards and parameters.

The effectiveness and deliverability of the internal control system is reviewed periodically so that measures, if any, needed for strengthening of the same, with the changing business needs of the Company, can be taken.

Operational Performance:

During FY 2019-20, Amravati Thermal Power Project achieved an availability of 90.44% and Plant Load Factor of 26.95% as against 73.57% availability and 34.45% PLF in the previous FY 2018-19. Plant Availability was affected due to shutdown of Unit-1 from Sep-2019 to Jan-2019 month on account of fault in the TG machine and subsequently, due to more than normal rains in Maharashtra in the later part of the year, leading to lower despatch schedule from MSEDCL. The Company sold 2,904.83 million units (MU) of electricity to MSEDCL during the financial year under its long term PPA.

Financial Performance:

BUSINESS REVIEW

The financial year 2019-20 was a phenomenal year for the Company, which saw it achieve a one- time full and final settlement ("OTS") of its outstanding debt with the consortium of various banks and financial institutions ("Erstwhile Lenders"), enabling the Company to ward off the challenge of NCLT proceedings, while at the same time achieving a substantial reduction in the humongous amount of the external debts, which had been a constant cause of serious concern, of the Company.

Prior to the effectuation of the OTS the fund based bank and institutional debt of the Company was around ₹ 8074.55 crores

The Company had in the past two years, been working extensively with the Erstwhile Lenders, for the purpose of bringing about a restructuring of its burgeoning debt and the resultant financial stress, which was threatening to assume proportions which would completely impede the growth and progress of the Company, ultimately impacting the continuance of its business existence.

All the efforts in this direction, were being made within the ambit and framework of the various schemes and guidelines as had issued by the RBI, as in force at the relevant points of time. These majorly included the RBI's Scheme for Sustainable Structuring

Board's Report (contd.)

of Stressed Assets (S4A), the "Resolution of Stressed Assets – Revised Framework" dated 12 February 2018 ("**February 12 Circular**"), which replaced S4A and finally Reserve Bank of India (Prudential Framework for Resolution of Stressed Assets) Directions 2019 issued by Reserve Bank of India on 7 June 2019 ("**Prudential Framework**"). The Prudential Framework formed the basis for the Company's settlement with the Erstwhile Lenders.

In the past, the Company has worked extensively with the Lenders to implement restructuring of its debt under the various schemes and guidelines issued by RBI to address its burgeoning debt and the financial stress faced by the Company, including under RBI's Scheme for Sustainable Structuring of Stressed Assets (S4A). However, with the issuance of RBI's circular on "Resolution of Stressed Assets – Revised Framework" dated 12 February 2018 ("February 12 Circular"), the S4A scheme was withdrawn. Subsequently, the Company engaged with the Lenders to work out a Resolution Plan in line with the February 12 Circular which could however not be implemented, as the Company was not able to get the required RP4 rating.

It would be pertinent to mention here that the financial stress which had hit the Company, had emanated majorly from the sectoral issues being faced by the Amravati Thermal Power Plant.

The OTS was achieved by the Company through a settlement plan (the "**Binding Settlement**") pursuant to which, a portion of the outstanding debt being ₹ 3315,00,00,000/- (Rupees Three Thousand Three Hundred and Fifteen Crore only), was settled in cash.

The remaining ₹ 4050,00,00,000/- (Rupees Four thousand Fifty Crores) was settled majorly through fund infusions from certain global investors through Aditya Birla ARC Limited ("**ABARC**") and the Promoters of the Company, which stepped into the shoes of the Erstwhile Lenders and the rest through issuances of equity and preference shares to the Erstwhile Lenders.

However, the last quarter of the FY 2019-20 witnessed the outbreak of the Pandemic COVID-19, one of the worst calamities to hit the world, which had severely impacted the human lives as well as the economies of almost every single country, India being no exception.

Therefore, the business in the Country, as in the rest of the world, has suffered huge blows bringing business across all industrial sectors, to a virtual standstill.

However what sustains your company and its hopes of surviving the crisis and emerging minimally impacted, out of the same, is the fact that it owns two mega power projects, of 1350 MW each at Amravati and Nasik, both fully commissioned, with the Amravati Project already in a twenty five year Power Purchase Agreement with Maharashtra State Electricity Development Corporation Limited and the Nasik Project negotiating a suitable PPA so that it could begin the supply of power.

All the Independent Directors of your Company have successfully registered their names for inclusion in the said 'Independent Director's Data Bank', and also provided the declaration to that effect as required under the said rule.

COMPANY'S POLICY ON APPOINTMENT AND REMUNERATION OF DIRECTORS

The Company's Nomination and Remuneration Policy for Directors and Key and Senior Managerial Personnel can be accessed on the Company's website at the web-link <http://www.rattanindia.com/rpl/policies>

In seeking to select individuals for induction as directors on the Board of Directors of the Company, the criteria as set out in the Nomination and Remuneration Policy, are strictly adhered to, these majorly include the criteria as to, qualifications, positive attributes, independence (especially in the case of persons sought to be inducted as Independent Directors). Additionally, the knowledge, experience and expertise of the incumbent and their relevance to the Company, are other aspects covered by the policy, which are considered.

The basic tenets of the Policy seek to ensure that with the applicable legal and regulatory requirements and the corporate governance norms as the premises, the persons sought to be inducted on the Board of the Company as Directors and into the Company as Key or Senior Management Personnel, are so chosen that commensurate with the nature, size and intricacies of its business and operations, those chosen for such offices are people with the best of knowledge of talent and rich in experience. Furthermore if a person is sought to be appointed as an independent director, the policy seeks to ensure that the proposed appointee fulfills the criteria for independence as laid down under the Companies Act, 2013 and the Listing Regulations.

In remunerating the Directors (in the case of executive directors), Key and Senior Management Personnel, meticulous planning and hard work goes into drawing up the remuneration packages, which while ensuring adequate compensation to the persons chosen, in line with the market standards and prevailing economic scenario, does not lead to any unfairness or imbalances in the overall remuneration structure of the Company across different hierarchical levels.

EVALUATION OF PERFORMANCE OF THE BOARD, ITS COMMITTEES AND INDIVIDUAL DIRECTORS

In compliance with the requirements of the Companies Act, 2013 and the SEBI (Listing Obligations And Disclosure Requirements) Regulations, 2015, as in the previous financial years, for the year under review, the Board of Directors carried out an annual evaluation of its own performance, the performance of various Board committees and that of individual directors, as detailed hereunder:

A. Board and Board Committees

The performance of the Board and its committees was reviewed and evaluated by the entire Board. The process involved seeking views and inputs from various directors and committee members. The criteria used for the purpose were as follows:

- (a) the composition of the Board of Directors and whether it was commensurate with the nature and volume of the business of the Company and the needs emanating therefrom.
- (b) composition of various committees and whether the said composition effectively served the purpose for which a committee had been created.
- (c) whether all the information required to be placed before the Board or before the various committees of the Board, was being placed in a timely, adequate and effective manner so as to enable the Board or the relevant committee to arrive at considered and well thought out conclusions and decisions, in a proper time.
- (d) Whether the flow of information between the Board and the management in general and between the Board and its committees, was impediment free, timely and effective.

B. Individual non-independent Directors and committee members

Board's Report (contd.)

The performance of the non-independent directors and committee members, on an individual basis, was carried out by the Independent directors.

The performance of the Chairman was also evaluated by the Independent Directors, taking into account the views and suggestions of various executive and non-executive directors.

The above evaluation was based on such criteria as the knowledge and expertise of the director / committee member concerned and the interest taken by him/her in the affairs of the Company as evidenced by his/her inputs/ suggestions to the Company whether at the Board and /or committee meetings or otherwise.

C Independent Directors

The performance of the Independent Directors was reviewed and evaluated by the entire Board and in such exercise, the director concerned whose performance was being evaluated, did not participate

The criteria used for evaluation were, the performance of each director as evidenced by the level of participation in the affairs of the Company, gauged by the inputs/ suggestions received from such a director and as to whether the concerned director fulfilled each of the criteria for independence, laid down in law.

Towards the evaluation of performance questionnaires were circulated and individual feedback meetings were held with various directors, committee members and the Chairman, all of which were compiled into detailed reports at the end of the financial year, the consolidated report being once again finally discussed and reviewed and thereupon documented and preserved in records.

DECLARATIONS FROM INDEPENDENT DIRECTORS

The Company has received declarations from the Independent Directors to the effect that (a) they fulfill the criteria for independence as laid down under Section 149(6) of the Companies Act, 2013 and the rules framed thereunder, read with Regulation 16(1)(b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended upto date ("Listing Regulations") (b) that they have got themselves registered in the data bank for Independent Directors being maintained by the Indian Institute of Corporate Affairs (IICA), of the Ministry of Corporate Affairs, Government of India and (c) they are not aware of any circumstance or situation, existing or anticipated, which may impact or impair their ability to discharge duties. (d) that they complied with the Code for Independent Director prescribed in Schedule IV to the Act.

MEETINGS OF THE BOARD OF DIRECTORS

During the year under review 13 meetings of the Board of Directors of the Company were held. The details as to the dates of such meetings and the attendance of various directors of the Company thereat, have been provided in the Corporate Governance Report.

Additionally a meeting of the Independent directors of the Company was held on November 6, 2019, with the participation of all Independent Directors of the Company at the meeting except one.

CORPORATE SOCIAL RESPONSIBILITY

As a good corporate citizen, the Company has always been aware and conscious of the fact that a business entity does not exist in isolation, but as a part of the ecosystem which comprises of the society in which it operates and that it therefore owes a responsibility to towards the welfare and wellbeing of such society.

Thus towards fulfilling this moral responsibility and in compliance with the requirements of the Companies Act, 2013, the Company has in place, a well-defined and well structured, Corporate Social Responsibility Policy (CSR Policy) as drawn up by the Corporate Social Responsibility Committee ("CSR Committee") and approved by the Board.

The CSR Committee of the Company consists of three directors namely Mr. Sanjiv Chhikara, Independent Director, who is the Chairman of the Committee and Mr. Himanshu Mathur and Mrs. Namita, Non-Independent Directors. The Committee has been formed with the objective of implementing and monitoring the CSR Policy of the Company under the control and supervision of the Board of Directors.

The CSR Policy of the Company lays down the various causes to which the Company would be making its CSR contribution, towards effectuation of the policy.

It would however be pertinent to mention here that the Company has not made any profits in any of the preceding financial years primarily due to the huge burden of servicing the debt of banks and financial institutions, owed by the Company. Thus the Company was not statutorily required to make any contributions, towards CSR, during the year under review.

Furthermore, while the Company would have liked to contribute towards CSR, irrespective of the non-applicability of the statutory requirements, the debt burden and the resultant financial crunch which the Company was trying to work its way around and which it has been largely successful in doing by way of a one-time settlement with the said erstwhile lenders, did not make it possible for the Company to do so.

The CSR Policy of the Company has been uploaded on the website of the Company and is available at the link: <http://www.rattanindia.com/rpl/policies>.

The Annual report on CSR forms a part of the Directors Report and is annexed hereto as Annexure-A

CONTRACTS AND ARRANGEMENTS WITH RELATED PARTIES

In due compliance with the requirements of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with Section 188 of the Companies Act, 2013 and the Rules 6A and Rule 15 of the Companies (Meetings of Board and its Powers) Rules, 2014, as amended upto date, a well formulated and meticulously framed policy of materiality of related party transactions has been in place in the Company since long, which is followed in letter and spirit. The anti-sexual harassment of women policy, in force in the Company has very effectively promoted and propagated an environment and culture in the Company which inculcates in the male employees, a spirit of utmost respect for the women workforce at every level. Towards this end training and awareness sessions for employees are held at regular intervals.

Equally important is the fact that the Policy has enough built in safeguards to make sure that no instances of sexual harassment take place in the Company. Towards this end a set of standing orders and rules have been laid down, which stipulate very harsh

Board's Report (contd.)

punitive measures against any employee found guilty of having or attempting to have sexually harassed a female employee, which without prejudice to the other actions taken against the offender, include immediate termination of his services

The fact that safety and security of the women workforce in the Company has been an area given the paramount importance in the Company explains why the Company can proudly boast of being among the safest work places for women in the Country.

As has been the case in the previous years, during the year under review as well, no complaints under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2015, were received by the committee.

ANNEXURE FORMING PART OF THE DIRECTORS' REPORT PURSUANT TO SECTION 134(3)(m) OF THE COMPANIES ACT 2013, READ WITH COMPANIES (ACCOUNTS) RULES, 2014 IN RESPECT OF CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

A ENERGY CONSERVATION AND TECHNOLOGY ABSORPTION

RattanIndia Power group is totally committed to efficient plant operation & energy conservation in it's Power Plants.

The Company has already taken following steps for Energy Conservation and Technology Absorptions;

A. STEPS TAKEN FOR CONSERVATION OF ENERGY

- Conventional HPSV Bulbs and Tube Lights of some BTG, BOP and Township areas are replaced with LED Bulbs, CFL and LED Tube Lights.
- Timer based Operation of Street Lights is introduced to optimize the ON and OFF timing as per Day Light conditions and save Energy.
- 80 MVA Reactor is kept OFF when not required as per Grid Voltage.
- Optimization of Trial Run of Motors for Cooling Water Pumps, Turbine Lube Oil Pumps, Turbine Jacking Oil Pumps, Service Water Pumps etc. was done to reduce the quantity of Import Power.
- Another major step for Energy Conservation Equipment and Technology Absorption is going to be taken through the procurement and installation of Medium Voltage Variable Frequency Drive (MVVFD) for Raw Water Intake Pumps at Morshi Pump House.
- Approximate Total Yearly Energy Saving of 9000 MWhr. is expected by all these measures which corresponds to a saving of approximately ₹ 5 Crores/Year.

B. CAPITAL INVESTMENT ON ENERGY CONSERVATION EQUIPMENTS

- Capital Expenditure which is already done for all the above is approximately ₹ 15 Lakhs.
- Internal Budget which is allocated for the procurement of MVVFD for Raw Water Intake Pumps at Morshi is approximately ₹ 1.5 Crores.

C. EXPENDITURE INCURRED IN RESEARCH AND DEVELOPMENT

- Expenditure incurred in Research & Development (R&D) in the field of Turbine and Generator is approximately ₹ 5 Lakhs.

To,
The Members,
RattanIndia Power Limited,
A-49, Ground Floor Road No. 4, Mahipalpur, New Delhi 110037

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by RattanIndia Power Limited (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, the explanations and clarifications given to me and the representations made by the Management and considering the relaxations granted by the Ministry of Corporate Affairs and Securities and Exchange Board of India warranted due to the spread of the COVID-19 pandemic, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2020 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance- mechanism in place to the extent, in the manner and subject to the reporting made herein after:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by RattanIndia Power Limited for the financial year ended on 31st March, 2020 according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;

SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1:

1. **Does the policy relating to ethics, bribery and corruption cover only the company? Yes/No. Does it extend to the Group/ Joint Ventures/Suppliers/Contractors/NGOs/Others.**

The Company has adopted a Code of Conduct for its Directors and Senior Management, a Code of Conduct for the employees in general and an Anti Bribery Policy. The said policies seek to ensure that highest standards of work ethics including total honesty, in the conduct of operations of the Company and the discharge of functional responsibilities towards this end, is observed.

As an aid to the strict enforcement of these policies, the Company has in place, a Whistle Blower Policy as well, whereby each and every employee irrespective of hierarchical level is free to report to the top management, any instances or fraudulent or unfair conduct or any discriminatory practices, with full confidentiality being maintained as to the name of the complainant. Further, the Chairperson of the Audit Committee is fully approachable by every employee for reporting of any instances of fraud or financial wrong doing.

The Policies extend to the Company's dealings with its suppliers, contracts and others.

2. **How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.**

The stakeholders of the Company could be placed under several broad heads including but not necessarily limited to:

- its shareholders
- Its lenders
- its suppliers and contractors
- its customer i.e. the Maharashtra State Electricity Development Corporation Limited
- the regulators and statutory authorities
- its employees and workers
- the community in general and the local area populations in the area where the power plant of the Company is located, in particular.

To cater to the interests of the shareholders and other security holders the Company has in place a committee constituted by its Board of Directors, namely the Stakeholders Relationship Committee, which has been vested with the responsibility of attending to the shareholders and the holders of other securities and redressing their grievances satisfactorily.

During the year 2019-20 the status of complaints received from the shareholder and resolved, is as under:

Shareholder complaints received	11
Shareholder complaints resolved	11
Percentage of Stakeholders complaints Resolved	100 %

The lenders and investors are attended to by a group of senior management personnel including the Chairman and the CEO, which holds meetings with them on a monthly basis, whereat they are briefed about the performance of the Company, the factors which have or could impact performance in the long or shorter run, the resources needed to be garnered, strategic decisions needed to be taken etc. In such meetings the concerns of the lenders and investors if any, are also taken up for consideration, thoroughly discussed and sorted out.

The suppliers and contractors are regularly interacted with by the project and functional heads and the issues arising with them, timely sorted out.

Business Responsibility Report (contd.)

As regards the regulators and statutory authorities, the Company has a system in place for tracking various regulatory/statutory requirements and ensuring proper and timely compliance with the same.

As for the employees, the Company can by virtue of its policies and systems in place, boast of a dedicated and motivated work force which has the ways and means available to it, to bring to the knowledge and attention of the management, its concerns and grievances and having the same acted upon.

The Company has also been committed to the welfare of the community, which manifests itself in a of measures undertaken for the welfare of the communities located in the vicinity of the area where the Company's power plant is located.

Additionally the Company has in place a CSR policy which outlines the various programs and projects sought to be undertaken for the welfare of the society. As soon as the financial condition of the Company permits a dedicated commitment of funds towards CSR, what has been set out under the CSR Policy, will find an active manifestation.

During the year 2019-20 there haven't been any complaints from any of the other stakeholders as referred to above, as to be highlighted in this report.

Principle 2:

1. List upto 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.

The product as also the service of the Company is Electricity. In the present day scenario the generation and supply of electricity across the length and breadth of the Country is an area of paramount importance for the government and it is a matter of pride for the Company that it has become a power supplying entity in the Country. While generation and supply of power is primarily a business activity of the Company, it has never lost sight of the fact that social and environmental concerns have to be factored into every facet of its activities which is why the same have been incorporated in the business design of the Company.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):

(a) Reduction during sourcing/production/ distribution achieved since the previous year throughout the value chain?

The main raw material for the company is coal which is converted into electrical power. Following data show the reduction in the raw materials per unit generation.

(b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?

Parameter	2018-19	2019-20
Station Heat RateKcal/Unit of generation	2383	2359
Water M3/MU	3403	2325

3. Does the company have procedures in place for sustainable sourcing (including transportation)? If yes, what percentage of your inputs was sourced sustainably?

The company has laid down procedure for sourcing raw materials, consumables and spares. The major sourcing is done for coal which is from mines at Korba belonging to South Eastern Coalfields Ltd, a Govt of India enterprises. There is a long term FSA (Fuel supply agreement with SECL for the purpose).

Second major sourcing is done for Raw water from VIDC, Govt of Maharashtra. There is long term agreement for taking raw water from VIDC.

4. Has the company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work? If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

Many goods and services are procured locally so as to reduce cost and generate direct / indirect employment in the area. Following are some of the major services being procured locally -

- Services like car and bus rentals for transportation of men and materials from the plant to Amravati town. School buses for kids in the township etc.
- Electrical motor repair and rewinding. Vehicle, HVAC maintenance.

Report on Corporate Governance

1. The Company's philosophy on Corporate Governance

RattanIndia Power Limited has a strong legacy of fair, transparent and ethical governance practices. The Company's philosophy on corporate governance oversees business strategies and ensures fiscal accountability, ethical corporate behaviour and fairness to all stakeholders comprising regulators, employees, customers, vendors, investors and the society at large. At RattanIndia, good corporate governance is a way of life and the way we do our business, encompassing every day's activities and is enshrined as a part of our way of working. Our actions are governed by our values and principles, which are reinforced at all levels of the organisation. These principles have been and will continue to be our guiding force in future.

The Company has adopted Governance Guidelines to help fulfil its corporate responsibility towards its stakeholders. The Governance Guidelines cover aspects related to composition and role of the Board, Chairman and Directors, Board diversity, directors' term and mandates of Board Committees. It also covers aspects relating to nomination, appointment, induction and development of directors, directors' remuneration and Board effectiveness review. These guidelines ensure that the Board will have the necessary authority and processes to review and evaluate its operations, when required.

The Company is in compliance with the requirements stipulated under Regulation 17 to 27 read with Schedule V and clauses (b) to (i) of sub-regulation (2) of Regulation 46 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), as applicable and other applicable regulations with regard to corporate governance.

Global health pandemic from COVID-19 : The World Health Organization declared a global pandemic of the Novel Coronavirus disease (COVID-19) on February 11, 2020. On March 24, 2020, the Government of India ordered a nation wide lockdown for 21 days, which was further extended till May 3, 2020 to prevent the community spread of Covid -19 in India and also certain guidelines were issued by the Government in this regard. In enforcing social distancing to contain the spread of the disease, our offices had been operating with minimal or no staff for extended periods of time. To effectively respond to and manage our operations through this crisis, the Company triggered its business continuity management program. In keeping with its employee-safety first approach, the Company quickly assured of their well-being. Our teams reacted with speed and efficiency, and quickly leveraged technology to shift the workforce to an entirely new 'work-from-home' model. Proactive preparations were done in our work locations during this transition to ensure our offices were safe.

9. “No Disqualification Certificate” from Company Secretary in Practice

Certificate from S.Khandelwal & Co., Practising Company Secretary, confirming that none of the Directors on the Board of the Company have been debarred or disqualified from being appointed or continuing as directors of companies by the Securities and Exchange Board of India, Ministry of Corporate Affairs, or any such other Statutory Authority, as stipulated under Regulation 34 of the Listing Regulations, is attached to this Report.

10. Compliance Certificate from the Practicing Company Secretary

A certificate from a Practicing Company Secretary certifying the Company’s compliance with the provisions of Corporate Governance as stipulated in Regulation 34(3) read with Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 is annexed to and forms a part of the Annual Report.

11. CEO & CFO Certification

The certificate in compliance with Regulation 17(8) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, signed by the Chief Executive Officer and Chief Financial Officer, was placed before the Board of Directors.

CEO and CFO have issued certificate pursuant to the Regulation 33(3)(d) of SEBI (LODR) Regulations, 2015, certifying that the consolidated financial statements do not contain any false or misleading statement or figures and do not omit any material fact which may make the statements or figures contained therein misleading.

12. Discretionary Requirements

Status of Compliance of Discretionary requirement in compliance with Part E of Schedule II of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 is as under:

(A) Non –Executive Chairman

The Company has a non-executive Chairman who works out of an office being maintained by the Company.

(B) Separate posts of Chairman and Chief Executive Officer.

While the Company has a non-executive Chairman, it separately has a Chief Executive Officer as well.

(C) Shareholders Rights

The Company is getting its quarterly/half yearly and annual financial results published in leading newspapers with wide circulation across the country and regularly updates the same on its public domain website. In view of the same individual communication of quarterly/ half yearly and annual financial results to the shareholders is not being made at present.

Further, information pertaining to important developments in the Company is brought to the knowledge of the public at large and to the shareholders of the Company in particular, through communications sent to the stock exchanges where the shares of the Company are listed and which then get updated on the websites of these exchanges, through press releases in leading newspapers and through regular uploads made on the Company website.

(D) Modified financial statements (standalone)

It has been and shall always be the endeavor of the Company, to put in place a system of operational and internal controls and procedures (including the financial controls) which would enable the Company to move towards a regime of unmodified financial statements.

Towards this end it is also ensured that the financial statements and the underlying books of account and other records give an absolutely true and fair view of the assets, transactions and affairs of the Company and there is no misstatement or untrue disclosure in the same.

However there could be circumstances where the Statutory Auditors may raise a concern or qualification, for other reasons.

Statutory Auditors of the Company had raised a qualification on the standalone financial statement of the Company in respect of non-current investment of ₹ 1,513.13 crore and inter corporate deposits of ₹ 25 crore recoverable from Sinnar Thermal Power Limited (STPL), wholly owned subsidiary of the Company which had an accumulated loss of STPL as on March 31, 2020 is ₹ 5,423.85 crore resulting its ability to continue as a going concern. However on expectation of resolution of debt with lenders within the available time frame and expectation of entering into a Power Purchase Agreement soon, management of the Company is of the view that STPL’s going concern basis of accounting is appropriate. Accordingly the

Report on Corporate Governance (contd.)

investment in the said subsidiary along with other current financial assets and trade receivables as stated above are considered good and recoverable by the Company.

(E) Reporting of Internal Auditor

The Company has an Internal Auditor, who was appointed by the Board of Directors. The Internal Auditor reports directly to the Audit Committee with his reports being subsequently forwarded to the Board of Directors by the Audit Committee.

Independent Auditors' Report

To the Members of RattanIndia Power Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

- 1) We have audited the accompanying consolidated financial statements of RattanIndia Power Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), as listed in Annexure 1, which comprise the Consolidated Balance Sheet as at 31 March 2020, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.
- 2) In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, of the consolidated state of affairs of the Group, as at 31 March 2020, and their consolidated profit (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

- 3) We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained, and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph 18 of the Other Matters section below, is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

- 4) We draw attention to Note 52 of the consolidated financial statement, which describes the uncertainties due to the outbreak of COVID-19 pandemic and the management's evaluation of the same on the consolidated financial statements as at balance sheet date. In view of these uncertainties, the impact on the Group's operations is significantly dependent on future developments. Our opinion is not modified in respect of this matter.
- 5) We draw attention to Note 57 to the consolidated financial statements which indicate that Sinnar Thermal Power Limited (STPL), a wholly owned subsidiary Company, which has incurred a net loss amounting to 163,633.04 lakhs during the year ended 31 March 2020 and, as of that date, STPL's accumulated losses from operations amounted to 541,467.88 lakhs and its current liabilities exceed its current assets by 585,636.75 lakhs. The STPL has also made defaults in repayment of borrowings from banks, including interest, by an amount aggregating to 477,909 lakhs up till 31 March 2020. These conditions along with other matters as set forth in such note, indicate the existence of material uncertainty that may cast significant doubt about the STPL's ability to continue as a going concern. However, in view of the ongoing discussions relating to restructuring of its borrowings and other debts with the lenders, better financial performance as a result of favourable business conditions expected in future and other mitigating factors mentioned in the aforesaid note, the management is of the view that going concern basis of accounting for STPL is appropriate. Our opinion is not modified in respect of this matter.
- 6) We draw attention to Note 53 to the consolidated financial statements with respect to capital work-in-progress (CWIP) aggregating to 43,773.01 lakhs, outstanding as at 31 March 2020, pertaining to construction of second 1350 MW power plant (Phase II) of STPL, which is currently suspended. Based on expected revival of the project and other factors described in the aforesaid note, the management believes that no adjustment is required to the carrying value of the aforesaid balances. Our opinion is not modified in respect of this matter.

Key Audit Matters

- 7) Key audit matters are those matters that, in our professional judgment and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

8) We have determined the matter described below to be the key audit matters to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter
<p>Recoverability of amounts due from Maharashtra State Electricity Distribution Company Limited (MSEDCL)</p> <p>The Holding Company has dues from MSEDCL amounting to 153,522.30 lakhs as at 31 March 2020.</p> <p>As detailed in Note no 32 to the consolidated financial statements, there are certain claims by the Holding Company which are disputed by MSEDCL including claim on account of Compensatory Claim (CCEA) amounting to 28,658.80 lakhs and Late Payment Surcharge (LPS) thereon and Change-in-law (CIL) claims. These are under litigation at various levels of regulatory authorities.</p> <p>The Holding Company has obtained a legal opinion from an independent counsel with respect to recoverability of 28,658.80 lakhs on account of CCEA claims and LPS thereon.</p> <p>Further, in respect of claim related to CIL, the Maharashtra Electricity Regulatory Commission, vide order dated 3 April 2018, has decided a methodology for computing the quantum of claim which is disputed by the Holding Company and the matter is pending for resolution under Appellate Tribunal for Electricity.</p> <p>Considering the materiality of the balances to the Group's consolidated financial statements and the judgements involved in the estimation of recoverability, this matter is considered to be a key audit matter for the current year audit.</p>	<p>Our audit work in relation to assessment of recoverability of amounts due from MSEDCL included, but was not limited to, the following:</p> <ul style="list-style-type: none"> • Obtained an understanding of the nature of litigations and key developments during the year from the management. • Tested the design, implementation and operating effectiveness of the controls that the Company has established in relation to recoverability of such dues. • Evaluated the reasonableness of the key assumptions used by the management in determination of recoverable amount based on our knowledge of the business and industry. • Obtained legal opinion from the Company's external legal counsel and analysed the same. Also considered the current industry practice. • Obtained and reviewed the necessary evidence which includes correspondence with the internal legal counsels and where necessary, inspected minutes of case proceedings available in public domain, to support the decisions and rationale for creation of provisions and / or disclosure of receivables in respect of each such litigation selected for testing. • Ensured appropriateness and adequacy of disclosures made in the consolidated financial statements with respect to the receivables are in accordance with the applicable accounting standards.
<p>Impairment of power plants at Amravati and Nasik</p> <p>Refer note 3 for the accounting policy for impairment of assets. The Holding Company and its subsidiary, STPL have a power generating plants and allied facilities valuing 13,213,65.44 lakhs and 74,356.42 lakhs, respectively.</p> <p>In accordance with Ind AS 36, Impairment of assets, the management identified that impairment indicators existed for the power plant(s) owing to the fact that there has been less than full capacity utilisation of the plant at Amravati since the commencement of operations, and currently, the plant is operating at around 27% capacity. Also, there are no operations in Nasik power plant due to non-availability of PPA.</p> <p>The aforesaid assessment of the impairment involves exercising a significant judgement with regard to assumptions, estimates involved in forecasting future cash flows and considering the impact of COVID-19. These assumptions include plant operating level, discount rates, estimation of terminal value.</p> <p>Changes in the management forecasts or assumptions can impact the assessment of the discounted cash flows and consequently the valuation of such power plants.</p>	<p>Our audit procedures included, but were not limited to, the following:</p> <ul style="list-style-type: none"> • Obtained an understanding of the management process and performed a walkthrough to evaluate design effectiveness and tested the operating effectiveness of key controls for identifying impairment indicators as well as determining the appropriate methodology to carry out impairment testing for plant, property and equipment. • Evaluated the appropriateness of applying relevant accounting standards in recognising the impairment loss. • Reconciled the cash flow projections to the business plans approved by the Company's board of directors; • Challenged management on the underlying assumptions used for the cash flow projections including the implied growth rates, discount rate, estimation of terminal value etc. considering the evidence available to support these assumptions and our understanding of the business and the recent changes in economic environment including the impact of COVID-19.

Independent Auditors' Report (contd.)

<p>Considering the significance of the amounts involved, degree of judgement and subjectivity involved in the estimates and key assumptions used in determining the cash flows used in the impairment evaluation, we have determined impairment of power generating plant as a key audit matter.</p>	<ul style="list-style-type: none"> • Tested the discount rate and plant operating level used in the forecasts, including comparison to economic and industry forecasts where appropriate. • Evaluated the sensitivity analysis performed by the management in respect of the key assumptions discussed above to ensure that there was sufficient headroom with respect to the estimation uncertainty impact of such assumptions on the calculation. • Ensured that disclosures for the aforesaid balances and transactions are adequately disclosed in accordance with the applicable accounting standards
<p>Litigation and contingent liabilities</p> <p>We refer to the Note 32 of the consolidated financial statements of the Company for the year ended 31 March 2020 disclosures related to legal and regulatory cases. The Group operates in an industry which is heavily regulated which increases inherent risk of litigations. There are number of legal and regulatory cases, of which the most significant ones are claims by the Holding Company on MSEDCL as explained in the KAM on recoverability from MSEDCL and claims by the vendors / suppliers on the Group.</p> <p>The eventual outcome of these legal proceedings is dependent on the outcome of future events and unexpected adverse outcomes could significantly impact the Group's reported profits and balance sheet position.</p> <p>The amounts involved are material and the application of accounting principles as given under Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets, in order to determine the amount to be recorded as a liability or to be disclosed as a contingent liability, in each case, is inherently subjective, and needs careful evaluation and judgement to be applied by the management.</p> <p>Key judgments are also made by the management in estimating the amount of liabilities, provisions and/or contingent liabilities related to aforementioned litigations.</p> <p>Considering the degree of judgment, significance of the amounts involved, inherent high estimation uncertainty and reliance on external legal and tax experts, this matter has been identified as a key audit matter for the current year audit.</p>	<p>Our audit procedures included, but were not limited to, the following:</p> <ul style="list-style-type: none"> • Obtained an understanding of the management process for: <ul style="list-style-type: none"> - identification of legal and tax matters initiated against the Group; - assessment of accounting treatment for each such litigation identified under Ind AS 37 accounting principles; and - for measurement of amounts involved. • Evaluated the design and tested the operating effectiveness of key controls around above process. • Obtained an understanding of the nature of litigations pending against the Group and discussed the key developments during the year for key litigations with the management and respective legal counsels handling such cases on behalf of the Group. • Obtained and reviewed the necessary evidence which includes correspondence with the external and internal legal counsels, wherever applicable and inspected minutes of case proceedings available in public domain, to support the decisions and rationale for creation of provisions and / or disclosure of contingent liabilities in respect of each such litigation selected for testing. We focused on the developments in the existing litigations and new litigations, which could have materially impacted the amounts recorded as provisions or disclosed as contingent liability in the consolidated financial statements. • Assessed management's conclusions through discussions held with the in-house legal counsel and understanding precedents set in similar cases. • Obtained and read the correspondence with the regulatory authorities, including past judgements on the subject matter of specific significant litigations. • Assessed the appropriateness of methods used, and the reliability of underlying data for the underlying calculations made for quantifying the amounts involved. Tested the arithmetical accuracy of such calculations.

	<ul style="list-style-type: none"> Evaluated the adequacy of disclosures made by the management of the Holding Company in the financial statements in view of the requirements as specified in the Indian Accounting Standards.
<p>Resolution Plan between the Company and the lenders and further settlement with Asset Reconstruction Company ("ARC")</p> <p>We refer to the Note 18 and 54 to the consolidated financial statements for the details regarding the Resolution Plan implemented during the year under the Reserve Bank of India (Prudential Framework for Resolution of Stressed Assets) Directions 2019, with the lenders of the Holding Company for borrowings for phase I of the power project.</p> <p>Prior to the implementation of the Resolution Plan, the Holding Company had outstanding credit facilities from banks and financial institutions, aggregating to 864,947.80 lakhs.</p> <p>Considering the amounts involved of the over-due credit facilities and several discussions held with the lenders on the settlement of debt, the determination of the carrying amount of related liabilities at the date of approval of Resolution Plan was a complex exercise.</p> <p>Further, comprehending the terms of the Resolution Plan and settlement agreement with ARC and determining the appropriateness of the accounting treatment thereof, more particularly, the accounting treatment of derecognition of outstanding liabilities and recognition of new liabilities and equity issued on such settlement, required significant judgments and estimates.</p> <p>Accounting for the effects of the Resolution Plan is considered by us to be the matter of most significance due to its importance to intended users' understanding of the financial statements as a whole and materiality thereof. The application of significant judgments in this matter required substantial involvement of senior personnel on the audit engagement including individuals with expertise in accounting of financial instruments.</p>	<p>We have performed the following procedures to determine whether the effect of Resolution Plan and the settlement agreement with ARC have been appropriately recognised in the consolidated financial statements:</p> <ul style="list-style-type: none"> Obtained an understanding of the management's process for review and implementation of the Resolution Plan and settlement agreement with ARC. Reviewed the terms and conditions of the Resolution Plan and settlement agreement with ARC and evaluated the appropriateness of accounting treatment of the transactions arising on account of the same on the consolidated financial statements. Verified the balances of lenders as on the date of approval of Resolution Plan from supporting documents and computations. Verified the underlying documents supporting the receipt and payment of funds as per the Resolution Plan. Tested the implementation of terms and conditions of the Resolution Plan in computation of balances of lenders and ARC. Tested the computation of value of liabilities and equity recognised on settlement of dues of lenders and ARC in consolidated financial statements in accordance with principles of Ind AS. Evaluated whether the accounting principles applied by the management fairly present the effects of the transactions arising under the Resolution Plan and settlement agreement with ARC, in consolidated financial statements in accordance with the principles of Ind AS. Tested the related disclosures made in notes to the consolidated financial statements in respect of the implementation of the Resolution Plan.

Information other than the Consolidated Financial Statements and Auditor's Report thereon

The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Independent Auditors' Report (contd.)

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

- 10) The accompanying consolidated financial statements have been approved by the Holding Company's Board of Directors. The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated state of affairs (consolidated financial position), consolidated profit or loss (consolidated financial performance including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act. The Holding Company's Board of Directors is also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of consolidated Ind AS financial statements. Further, in terms of the provisions of the Act, the respective Board of Directors /management of the companies included in the Group, covered under the Act are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.
- 11) In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
- 12) Those Board of Directors are also responsible for overseeing the financial reporting process of the companies included in the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

- 13) Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
- 14) As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such

disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern; and

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group, to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the financial statements, of which we are the independent auditors. For the other entities included in the financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
- 15) We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- 16) We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- 17) From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- 18) We did not audit the financial statements of 7 subsidiaries, whose financial statements reflect total assets of 82,885.42 lakhs and net assets of (22,650.57) lakhs as at 31 March 2020, total revenues of 690.28 lakhs and net cash inflows (net) amounting to 61 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries are based solely on the reports of the other auditors.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors.

- 19) We did not audit the financial statements of 3 subsidiaries, whose financial statements reflects total assets of Nil and net assets of (135.94) crore as at 31 March 2020, total revenues of Nil and net cash inflows (net) amounting to Nil for the year ended on that date, as considered in the consolidated financial statements. These financial statements are unaudited and have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the aforesaid subsidiaries, and our report in terms of sub-section (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries are based solely on such unaudited financial statements. In our opinion and according to the information and explanations given to us by the management, these financial statements are not material to the Group.
- 20) Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matter with respect to our reliance on the financial statements certified by the management.

Report on Other Legal and Regulatory Requirements

- 21) As required by section 197(16) of the Act, based on our audit and on the consideration of the reports of the other auditors, referred to in paragraph 18, on separate financial statements of the subsidiaries, we report that the Holding Company, 1

Independent Auditors' Report (contd.)

subsidiary company, companies covered under the Act paid remuneration to their respective directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act. Further, we report that 6 subsidiary companies, companies covered under the Act have not paid or provided for any managerial remuneration during the year. Accordingly, reporting under section 197(16) of the Act is not applicable in respect of such subsidiary companies.

- 22) As required by Section 143 (3) of the Act, based on our audit and on the consideration of the report of the other auditors on separate financial statements and other financial information of the subsidiaries, we report, to the extent applicable, that:
- a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
 - b) in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;
 - c) the consolidated financial statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - d) in our opinion, the aforesaid consolidated financial statements comply with Ind AS specified under section 133 of the Act;
 - e) the matters described in paragraph 4 of the Emphasis of Matter, in our opinion, may have an adverse effect on the functioning of the Holding Company, STPL a subsidiary of the Holding Company;
 - f) on the basis of the written representations received from the directors of the Holding Company and taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies covered under the Act, none of the directors of the Group companies, are disqualified as on 31 March 2020 from being appointed as a director in terms of Section 164(2) of the Act;
 - g) with respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company, and its subsidiary companies covered under the Act, and the operating effectiveness of such controls, refer to our separate report in 'Annexure A'; and
 - h) with respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries:
 - i) the consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group, as detailed in Note 32 to the consolidated financial statements;
 - ii) the Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2020;
 - iii) there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies, covered under the Act, during the year ended 31 March 2020; and
 - iv) the disclosure requirements relating to holdings as well as dealings in specified bank notes were applicable for the period from 8 November 2016 to 30 December 2016, which are not relevant to these consolidated financial statements. Hence, reporting under this clause is not applicable.

Annexure A to the Independent Auditor's Report of even date to the members of RattanIndia Power Limited on the consolidated financial statements for the year ended 31 March 2020

Annexure A

Independent Auditor's Report on the internal financial controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

- 1) In conjunction with our audit of the consolidated financial statements of RattanIndia Power Limited (Formerly known as Indiabulls Power Limited.) (the 'Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), as at and for the year ended 31 March 2020, we have audited the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies, which are companies covered under the Act, as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

- 2) The respective Board of Directors of the Holding Company and its subsidiary companies, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company and its subsidiary companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

- 3) Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies, as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
- 4) Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
- 5) We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies as aforesaid.

Meaning of Internal Financial Controls with Reference to Financial Statements

- 6) A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Annexure A to the Independent Auditors' Report (contd.)

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

- 7) Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

- 8) In our opinion and based on the consideration of the reports of the other auditors on internal financial controls with reference to financial statements of the subsidiary companies, the Holding Company and its subsidiary companies, which are companies covered under the Act, have in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2020, based on the internal control over financial reporting criteria established by the Company and its subsidiary company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matter

- 9) We did not audit the internal financial controls with reference to financial statements insofar as it relates to 7 subsidiary companies, which are companies covered under the Act, whose financial statements reflect total assets of 82,885.42 lakhs and net assets of (22,650.57) lakhs as at 31 March 2020, total revenues of 690.28 lakhs and net cash inflows (net) amounting to 61 lakhs for the year ended on that date, as considered in the consolidated financial statements. The internal financial controls with reference to financial statements in so far as it relates to such subsidiary companies have been audited by other auditors whose reports have been furnished to us by the management and our report on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements for the Holding Company and its subsidiary companies, as aforesaid, under Section 143(3)(i) of the Act in so far as it relates to such subsidiary companies is based solely on the reports of the auditors of such companies. Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the reports of the other auditors.

Notes to the Consolidated Financial Statements (Contd.)

of RattanIndia Power Limited for the year ended 31 March 2020
(All amount in ₹ Lakhs, unless otherwise stated)

1. Corporate Information

Nature of Operations

RattanIndia Power Limited (the 'Holding Company' or 'RPL') along with its subsidiaries (together referred to as the 'Group') is principally engaged in the business of dealing in power generation, distribution, trading and transmission and other ancillary and incidental activities.

The Holding Company has setup a Thermal Power Project at Amravati ("Amravati Project", "the Project") in the State of Maharashtra in of 1,350 MW Upon COD of the Holding Company's Amravati Power Project - Unit-I (Phase-I) on 03 June 2013, Unit-II (Phase-I) on 28 March 2014, Unit-III (Phase-I) on 02 February 2015, Unit-IV (Phase-I) on 07 March 2015 and Unit-V (Phase-I) on 13 March 2015, the Plant & equipment and Building - plants of respective units were capitalised on respective CODs.

During the financial year 2014-15 pursuant to the announcements on restructuring of the promoters' inter-se roles, there had been declassifications in respect of certain Promoters/ Promoter Company Entities/ Persons Acting in Concert with Promoters (PACs) of the Holding Company, as was intimated by the Holding Company to NSE and BSE (the Stock Exchanges) on 18 July 2014 and 28 October 2014 respectively.

General information and statement of compliance with Ind AS

The consolidated financial statements of the Group have been prepared in accordance with the Indian Accounting Standards as notified under section 133 of the Companies Act 2013 read with the Companies [Indian Accounting Standards ("Ind AS")] Rules 2015 (by Ministry of Corporate Affairs ('MCA')). The Group has uniformly applied the accounting policies during the periods presented.

The consolidated financial statements for the year ended 31 March 2020 were approved by the Board of Directors on 26 June 2020.

2. Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from 1 April 2020.

3. Summary of significant accounting policies

a) Overall consideration

The consolidated financial statements have been prepared using the significant accounting policies and measurement basis as summarised below. These were used throughout all periods presented in the financial statements, except where the Group has applied certain accounting policies and exemptions upon transition to Ind AS.

Basis of preparation

The consolidated financial statements have been prepared on going concern basis under the historical cost basis except for the following –

- Certain financial assets and liabilities which are measured at fair value;
- Defined benefit plans – liability of which is recognised as per actuarial valuation; and
- Share based payments which are measured at fair value of the options

Principles of consolidation

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group.

The Group combines the financial statements of the Holding Company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed

where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

b) Revenue recognition

Revenue arises from the supply of power. Revenue is recognised when it is probable that the economic benefits will flow to the Group and it can be reliably measured. Revenue is measured at the fair value of the consideration received/ receivable net of rebates and taxes. The Group applies the revenue recognition criteria to each separately identifiable component of the sales transaction as set out below.

Revenue from operation of plant

Revenue from operation of plant is recognised on transfer of significant risks and rewards of ownership of the output of the plant to the buyer which is when delivered, and measured on an accrual basis based on the rates in accordance with the provisions of the Power Purchase Agreements (PPAs) entered into by the Group with the procurer/s of power. Claims for delayed payment charges and other claims are accounted by the Group on accrual basis in accordance with the provisions of the PPAs only when it is reasonable to expect ultimate collection. Sales exclude Sales tax and Value Added Tax, where applicable. Revenue from Power generated during trial runs is accounted on the basis of accruals and is reduced from the cost of the plant.

Refer policy on leased assets for accounting policy of customer contracts that contain a lease.

Service income

Revenue from power consultancy/ advisory services is recognised when services are rendered.

Interest income

Interest income is recorded on accrual basis using the effective interest rate (EIR) method.

Dividend income

Dividend income is recognised at the time when right to receive the payment is established, which is generally when the shareholders approve the dividend.

c) Borrowing costs

Borrowing costs include interest and amortisation of ancillary costs incurred to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction/ development of the qualifying asset up to the date of capitalisation of such asset are added to the cost of the assets. Any income earned on the temporary deployment/ investment of those borrowings is deducted from the borrowing costs so incurred. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use.

d) Property, plant and equipment

Recognition and initial measurement

Properties plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Any expenditure directly/ indirectly related and attributable to the construction of power projects and incidental to setting up power project facilities, incurred prior to the Commercial Operation Date (COD) of the Power Project, are accumulated under "Capital work-in-progress", to be capitalised on completion of construction of the respective power projects/ COD.

Notes to the Consolidated Financial Statements (Contd.)

of RattanIndia Power Limited for the year ended 31 March 2020
(All amount in ₹ Lakhs, unless otherwise stated)

Subsequent measurement (depreciation and useful lives)

Depreciation on property, plant and equipment is provided on the straight-line method, computed on the basis of useful lives prescribed in Schedule II to the Companies Act, 2013:

Properties plant and equipment acquired and put to use for the purpose of the Project are capitalised and depreciation thereon is included in capital work-in-progress till the Project is ready for its intended use.

The residual values, useful lives and method of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

De-recognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

Transition to Ind AS

On transition to Ind AS, the Group has elected to continue with the carrying value of all its property, plant and equipment recognised as at 1 April 2015 measured as per the provisions of Previous GAAP and use that carrying value as the deemed cost of property, plant and equipment.

e) Intangible assets

Recognition and initial measurement

Intangible assets are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent measurement (amortisation)

The cost of capitalized software is amortized over a period in the range of three to five years from the date of its acquisition.

Transition to Ind AS

On transition to Ind AS, the Group has elected to continue with the carrying value of all its intangible assets recognised as at 1 April 2015 measured as per the provisions of Previous GAAP and use that carrying value as the deemed cost of intangible assets.

f) Leases

Determining whether an arrangement contains a lease

The Group has certain long term arrangements for sale of power. Such arrangements are evaluated to consider whether it contains a lease. It is considered to contain a lease if based on the substance of the arrangement:

- (i) fulfilment of the arrangement is dependent on the use of a specific asset or assets (the asset); and
- (ii) the arrangement conveys a right to use the asset.

An arrangement is considered to contain a lease if facts and circumstances indicate that it is remote that one or more parties other than the purchaser will take more than an insignificant amount of the output or other utility that will be produced or generated by the asset during the term of the arrangement, and the price that the purchaser will pay for the output is neither contractually fixed per unit of output nor equal to the current market price per unit of output as of the time of delivery of the output.

Group as a lessee

The Group adopted Ind AS 116 using the modified retrospective method of adoption with the date of initial application of 1 April 2019. Under this method, the standard is applied retrospectively with the cumulative effect of initially applying the standard recognised at the date of initial application. The Group elected to use the transition practical expedient to not reassess whether a contract is or contains a lease at 1 April 2019. Instead, the Group applied the standard only to

Notes to the Consolidated Financial Statements (Contd.)

of RattanIndia Power Limited for the year ended 31 March 2020
(All amount in ₹ Lakhs, unless otherwise stated)

RattanIndia

contracts that were previously identified as leases applying Ind AS 17 and Appendix C to Ind AS 17 at the date of initial application.

For any new contracts entered into on or after 1 April 2019, the Group considers whether a contract is, or contains a lease. A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'. To apply this definition, the Group assesses whether the contract meets three key evaluations which are whether:

- the contract contains an identified asset, which is either explicitly identified in the contract or implicitly specified by being identified at the time the asset is made available to the Group,
- the Group has the right to obtain substantially all of the economic benefits from use of the identified asset throughout the period of use, considering its rights within the defined scope of the contract the Group has the right to direct the use of the identified asset throughout the period of use.

The Group assess whether it has the right to direct 'how and for what purpose' the asset is used throughout the period of use.

At lease commencement date, the Group recognises a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Group, an estimate of any costs to dismantle and remove the asset at the end of the lease, and any lease payments made in advance of the lease commencement date (net of any incentives received).

The Group depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Group also assesses the right-of-use asset for impairment when such indicators exist.

At the commencement date, the Group measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Group's incremental borrowing rate.

Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero.

The Group has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in profit or loss on a straight-line basis over the lease term.

Determining the lease term of contracts with renewal and termination options where Group is lessee - The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination.

Classification of leases – The Group enters into leasing arrangements for various assets. The classification of the leasing arrangement as a finance lease or operating lease is based on an assessment of several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to purchase and estimated certainty of exercise of such option, proportion of lease term to the asset's economic life, proportion of present value of minimum lease payments to fair value of leased asset and extent of specialized nature of the leased asset.

Group as a lessor

Finance leases

Leases which effectively transfer to the lessee substantially all the risks and benefits incidental to ownership of the leased item are classified and accounted for as finance lease. Lease rental receipts are apportioned between the finance income and capital repayment based on the implicit rate of return. Contingent rents are recognised as revenue in the period in which they are earned.

Notes to the Consolidated Financial Statements (Contd.)

of RattanIndia Power Limited for the year ended 31 March 2020
(All amount in ₹ Lakhs, unless otherwise stated)

Operating leases

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. The respective leased assets are included in the balance sheet based on their nature. Rental income is recognized on straightline basis over the lease term except where scheduled increase in rent compensates the Group with expected inflationary costs.

Such lease is classified as operating lease, and as such the revenue is recognized on straight line basis. Considering that the capacity charges per unit is higher in the initial years, there is a negative impact to P&L on account of straightlining.

g) Impairment of non-financial assets

At each reporting date, the Group assesses whether there is any indication based on internal/ external factors, that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. All assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist. An impairment loss is reversed if the asset's or cash-generating unit's recoverable amount exceeds its carrying amount.

h) Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, unless the financial instrument is designated to be measured at fair value through profit or loss or fair value through other comprehensive income.

Financial assets

Subsequent measurement

i. **Financial assets at amortised cost** – the financial assets are measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. All other debt instruments are measured at Fair Value through other comprehensive income or Fair value through profit and loss based on Group's business model. All investment in mutual funds in scope of Ind-AS 109 are measured at fair value through profit and loss (FVTPL).

De-recognition of financial assets

A financial asset is primarily de-recognised when the rights to receive cash flows from the asset have expired or the Group has transferred its rights to receive cash flows from the asset.

Financial liabilities

Subsequent measurement

Subsequent to initial recognition, these liabilities are measured at amortised cost using the effective interest method. These liabilities include borrowings and deposits.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised

Notes to the Consolidated Financial Statements (Contd.)

of RattanIndia Power Limited for the year ended 31 March 2020

RattanIndia

in the statement of profit and loss.

Derivative contracts

A derivative contract is recognised as an asset or a liability on the commitment date. Outstanding derivative contracts as at reporting date are fair valued and recognised as financial asset/ financial liability, with the resultant gain/ (loss) being recognised in statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

i) Impairment of financial assets

In accordance with Ind-AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets carried at amortised cost.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive. When estimating the cash flows, the Group considers:

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables

The Group applies simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of receivables.

Other financial assets

For recognition of impairment loss on other financial assets and risk exposure, the Group determines whether there has been a significant increase in the credit risk since initial recognition and if credit risk has increased significantly, life time impairment loss is provided otherwise provides for 12 month expected credit losses.

j) Inventories

Inventories are valued at the lower of cost derived on weighted average basis and the net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to the point of consumption, including octroi and other levies, transit insurance and receiving charges.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and estimated necessary cost to make the sale.

k) Income taxes

Tax expense recognised in statement of profit and loss comprises the sum of deferred tax and current tax not recognised in OCI or directly in equity.

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961 and in the overseas branches/ companies as per the respective tax laws. Current income tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss in OCI or equity depending upon the treatment of underlying item.

Deferred income taxes are calculated using the liability method. Deferred tax liabilities are generally recognised in full for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss, unused tax credits or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Group's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Notes to the Consolidated Financial Statements (Contd.)

of RattanIndia Power Limited for the year ended 31 March 2020
(All amount in ₹ Lakhs, unless otherwise stated)

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss in OCI or equity depending upon the treatment of underlying item.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries where the Group is able to control the timing of reversal of temporary differences and it is probable that the differences will not be reversed in the foreseeable future.

l) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, demand deposits with banks/ corporations and short-term highly liquid investments (original maturity less than 3 months) that are readily convertible into known amount of cash and are subject to an insignificant risk of change in value.

m) Post-employment, long term and short term employee benefits

Defined contribution plans

The Group makes contribution to the statutory provident fund in accordance with the Employees Provident Fund and Miscellaneous Provision Act, 1952 which is a defined contribution plan and contribution paid or payable is recognised as an expense in the period in which the services are rendered.

Defined benefit plans

Gratuity is post-employment benefit and is in the nature of a defined benefit plan. The liability recognised in the financial statements in respect of gratuity is the present value of the defined benefit obligation at the reporting date together with adjustments for unrecognised actuarial gains or losses and past service costs. The defined benefit obligation is calculated at or near the reporting date by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the statement of OCI in the year in which such gains or losses are determined.

Other long-term employee benefits

Liability in respect of compensated absences becoming due or expected to be availed within one year from the balance sheet date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees. Liability in respect of compensated absences becoming due or expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are charged to statement of profit and loss in the year in which such gains or losses are determined.

Short-term employee benefits

Expense in respect of other short term benefits is recognised on the basis of the amount paid or payable for the period during which services are rendered by the employee.

n) Share based payments

The Holding Company has formulated Employee Stock Option Schemes (ESOS) and Employee Stock Purchase Schemes (ESOP) in accordance with the SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and are in compliance with the said guidelines and SEBI (Share Based Employee Benefits) Regulation, 2014. The Schemes provide for grant of options to employees of the Holding Company and some of the subsidiaries to acquire equity shares of the Holding Company that vest in a graded manner and that are to be exercised within a specified period.

Employee stock Purchase plan (ESOP)

The fair value of options granted under Employee Stock Option Plan is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number

RattanIndia

of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in statement of profit and loss, with a corresponding adjustment to equity.

Transition to Ind AS

On transition to Ind AS, the Group has elected to not consider the charge related to employee stock options for which the vesting period is already over.

o) Provisions, contingent assets and contingent liabilities

Provisions are recognized only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Group or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognised. However, when inflow of economic benefit is probable, related asset is disclosed.

p) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

q) Significant management judgement in applying accounting policies and estimation uncertainty

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the related disclosures.

Significant management judgements

The following are significant management judgements in applying the accounting policies of the Group that have the most significant effect on the financial statements:

Determining whether an arrangement contains a lease – Whether an arrangement contains a lease depends on whether purchaser will take more than an insignificant amount of the output or other utility that will be produced or generated by the asset during the term of the arrangement.

Recognition of deferred tax assets – The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilized. In addition, significant judgement is required in assessing the impact of any legal or economic limits or uncertainties under the relevant tax jurisdiction (see note 8).

Evaluation of indicators for impairment of assets – The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

Classification of leases – The Group enters into leasing arrangements for various assets. The classification of the leasing arrangement as a finance lease or operating lease is based on an assessment of several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to purchase and estimated certainty of exercise of such option, proportion of lease term to the asset's economic life, proportion of present value of minimum lease payments to fair value of leased asset and extent of specialized nature of the leased asset.

Recoverability of advances/ receivables – At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding receivables and advances.

Notes to the Consolidated Financial Statements (Contd.)

of RattanIndia Power Limited for the year ended 31 March 2020
(All amount in ₹ Lakhs, unless otherwise stated)

Defined benefit obligation (DBO) – Management’s estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, medical cost trends, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurements – Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm’s length transaction at the reporting date.

Provisions – At each balance sheet date on the basis of the management judgment, changes in facts and legal aspects, the Group assesses the requirement of provisions. However the actual future outcome may be different from this judgement.

Significant estimates

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be different.

Classification of leases – The classification of the leasing arrangement as a finance lease or operating lease requires several estimates like present value of unguaranteed residual value and present value of minimum lease payments.

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit (CGU) exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm’s length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounted cash flow (“DCF”) model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the asset’s performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. These estimates are most relevant to goodwill and other intangibles with indefinite useful lives recognised by the Group.

Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Useful lives of depreciable/ amortisable assets

Management reviews its estimate of the useful lives of depreciable/ amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of certain software and other plant and equipment.

32 Details of contingent liabilities, pending litigations and other matters:

A. Contingent Liabilities of pending litigations not provided for in respect of:

For Holding Company

- The Water Resource Department ('WRD' or "Respondent") vide their letter dated 29 January 2013 raised a demand of ₹ 23,218 lakhs on Company for payment of irrigation restoration charges @ ₹ 1 lakh per hectare as per Government Resolution (GR) dated 6 March 2009 instead of ₹ 0.50 lakh per hectare as provided in circular from Water Resources Department, Government of Maharashtra dated 21 February 2004. The Company had paid ₹ 11,657 lakhs (@ ₹ 0.50 lakh per hectare) and filed a Writ Petition with the Hon'ble Bombay High Court on 13 February 2013 challenging the validity of demand so raised by WRD. The Mumbai bench of Hon'ble Bombay High Court vide its Order dated 3 August 2015 transferred the matter to the Nagpur Bench. The Nagpur bench vide its order dated 5 May 2016 has partly allowed the petition and declared that demand at revised rate i.e. as per GR dated 6 March 2009 from the petitioner is illegal

and unsustainable. As per Nagpur Bench order, the rate prescribed in the GR dated 6 March 2009 is applicable prospectively from 1 April 2009 and is not applicable in case of the Company to whom water allocation was finalized on 12 December 2007. Pursuant to this, Maharashtra State Government filed a Special Leave Petition ("SPL") before the Hon'ble Supreme Court of India. The Hon'ble Court after hearing parties granted time to the Company to file its Counter Affidavit. The Company is ready with its reply which will be filed on or before next date of hearing. The next date of hearing in the matter is to be intimated. The Pecuniary risk in the matter cannot be quantified. Company is confident that the matter will be disposed off in their favour.

- 2 During the year ended 2010-11, the Company entered into a contract with Bharat Heavy Electrical Limited ('BHEL') for erection and supply of certain material for phase II of its power project at Amravati. Subsequent to this contract, BHEL supplied certain materials which were not warranted at that time and there were various communication made by the Company with BHEL to take off these materials from the site. Against this, BHEL initiated arbitration proceeding against the Company, alleging the payment outstanding against the Company in respect of the materials so supplied by them. The Hon'ble High Court also disposed off the petition upon the instruction to the parties that petition before Hon'ble High Court be treated as an application under Section 17 of the Arbitration and Conciliation Act, 1996 before the Arbitral Tribunal. Subsequent to this, BHEL filed the following applications on 14 April 2016 with Arbitral Tribunal: 1. Application under Section 17 of the Arbitration and Conciliation Act, 1996 seeking an interim prayer of release of bank guarantees. 2. Application seeking amendment of the Claim petition. 3. Application under Section 31(6) of the Arbitration and Conciliation Act, 1996 seeking an interim award on the basis of admissions. On BHEL's application for seeking interim award based on admissions, the tribunal has heard the arguments of both BHEL and the Company and the tribunal has passed an interim award of Rs 11,500 lakh against the Company vide its order dated 27 July 2017. The matter is now at the stage of recording of cross-examination on the witnesses whose affidavits have been filed. Further dates of hearing is 18 September 2020. A Petition has also been filed by BHEL praying the Hon'ble High Court to issue warrants of attachment/ or auction sale of immovable and movable assets of the Company for realizing the amount payable/due as per the Interim award dated 27 July 2017. The matter is now listed for proceedings. The next date of hearing in the matter is 18 August 2020. The pecuniary risk in the matter cannot be quantified. The Company filed an appeal against the said interim award on 16 October 2017 before the Hon'ble High Court. The matter is now listed for proceedings, the next date of hearing in the matter is 18 August 2020. The pecuniary risk involved in the present case cannot be quantified. Company is confident that the matter will be disposed off in their favour.
- 3 The Company had developed a railway line track and constructed a boundary wall around the railway yard and power plant at Amravati on the land allotted to the Company by MIDC. In this respect, Mr. Keshav Puranlal Bunde and others ('Plaintiffs') alleged that the approach road to their land has been obstructed and they are unable to access their land for cultivation. A suit for seeking declaration/ injunction for right of way was been filed before the Civil Judge, Senior Division, Amravati by the Plaintiffs against the Company during the year 2015-16. The Company denied the allegations in its written statement and is contesting the suit and the Hon'ble Court also declined the prayer of the Plaintiffs for grant of temporary injunction. The Plaintiffs then filed a civil appeal with regard to this matter against the Court's order of declining the prayer of the Plaintiffs for grant of temporary injunction. The matter is now listed for bringing on record the legal heirs of Keshav Puranlal Bunde due to the demise of Keshav Puranlal Bunde. The matter is listed for filing of amended plaint. The next date of hearing in the matter is 03 September 2020. The pecuniary risk involved in the present case cannot be quantified. For Holding Company

- 1 The holding Company is supplying power to Maharashtra State Electricity Distribution Company Limited (MSDCL) based on two power purchase agreements (PPAs) for supply of 1200 MW (450 MW + 750 MW respectively) of power for the period of 25 years. The PPAs were executed based on the fuel supply agreement (FSA) which provided that domestic coal linkages would be available to meet the fuel requirements. However, adequate coal supply was not made available which adversely impacted cost as the holding Company had to source fuel from alternate sources to meet the shortfall of coal supplied under FSA with coal supplier. The Cabinet Committee of Economic Affairs (CCEA) approved mechanism where after Ministry of Coal amended the National Coal Distribution Policy (NCDP) and communicated its decision to allow pass through of the incremental cost of procuring coal from alternative sources to meet the shortfall in supply of domestic coal under coal linkage. The holding Company filed a petition before Maharashtra Electricity Regulatory Commission ('MERC' or 'the Commission') in year 2013 for realizing the shortfall in supply under NCDP. MERC vide its Order on 15 July 2014 laid down methodology to recover compensatory fuel charges and vide Order dated 20 August 2014.

On 28 August 2014, the holding Company filed a review petition before MERC against the Orders dated 15 July 2014 as well as Order dated 20 August 2014 and MSEDCL further filed review petition against the Orders of MERC dated 20 August 2014. The review petition filed by MSEDCL got dismissed vide Order dated 16 July 2015 and the review petition filed by the holding Company also got dismissed vide Order 30 October 2015. As at the balance sheet date, the holding Company has accounted such claim in the books of accounts aggregating to Rs. 28,658.80 lakh and related late payment surcharge thereon. The holding Company then filed appeals before Appellate Tribunal for Electricity (APTEL) against Orders dated 15 July 2014, 20 August 2014 and 30 October 2015. The said appeals were disposed off by the Hon'ble Tribunal on 4 May 2017, remanding the matters to the MERC for fresh adjudication in the light of the direction of the Hon'ble Supreme Court in case of Energy Watchdog and Ors. v/s CERC and Ors. Dated 11 April 2017. MERC heard the matter on 15 November 2017 and reserved its Order. On 3 April 2018, MERC has passed the said Order, whereby MERC principally held that the holding Company is entitled to compensation and a methodology to recover compensatory fuel charges has been laid down. The holding Company filed an appeal before the Hon'ble APTEL vide appeal no. 264 of 2018 against the Ld. MERC order dated 03 April 2018, as in its view, the order passed by MERC is not fully on the principle of "restoration of the affected party to the same economic position as if the change in law event didn't not occur". The appeal is admitted by APTEL. Matter is part heard and listed for arguments on next hearing date, for which date is awaited.

- 2 There has been an increase in cost of power generation owing to increase in various statutory taxes, duties, levies, cess, surcharge etc. Based on various judgements from CERC involving similar situations, management has concluded that these charges are recoverable from MSEDCL under "Change in Law" clause of PPA and during the year the holding Company has recorded revenue of ₹ 296.15 lakhs (31 March 2019: ₹ 189.39 lakhs). The holding Company filed a petition with MERC on 15 June 2016 claiming approval of additional components of costs under change in law. MERC had issued order dated 5 April 2018 in this respect. Company has filed an appeal vide Appeal No. 263 of 2018 against the order dated 05 April 2018 before the APTEL on 06 June 2018. Appeal is admitted by APTEL. Pleadings are completed in the said appeal and listed for final arguments. The next date of hearing in the matter is to be intimated.

Employees covered by the plan were granted an option to purchase equity shares of IPLSL subject to the requirements of vesting. A Compensation Committee constituted by the Board of Directors of IPLSL administered the plan. All these options were outstanding as at 1 April 2008.

Pursuant to a Scheme of Amalgamation under Sections 391 to 394 of the Companies Act, 1956, duly approved by the Hon'ble High Court of Delhi at New Delhi vide its order dated 1 September 2008, IPLSL was amalgamated with Sophia Power Company Limited ("SPCL"). With effect from the Appointed Date the IPLSL ESOS Plan was terminated and in lieu, in terms of Clause 14 (c) of the Scheme of Amalgamation, SPCL – IPLSL Employees Stock Option Plan - 2008 ("SPCL – IPLSL ESOP - 2008") was established in SPCL for the outstanding, unvested options for the benefit of the erstwhile IPLSL option holders, on terms and conditions not less favorable than those provided in the erstwhile IPLSL ESOS Plan and taking into account the share exchange ratio i.e. one equity share of SPCL of face value ₹ 10 each for every one equity share of IPLSL of face value ₹ 10 each. All the option holders under the IPLSL ESOS Plan on the Effective Date were granted options under the SPCL – IPLSL ESOP - 2008 in lieu of their cancelled options under the IPLSL ESOS Plan. The SPCL – IPLSL ESOP - 2008 was treated as a continuation of the IPLSL ESOS Plan and all such options were treated outstanding from their respective date of grant under the IPLSL ESOS Plan. During the year ended 31 March 2015, pursuant to the name change of the Company from Indiabulls Power Limited. to RattanIndia Power Limited, the name of the ESOP scheme SPCL - IPLSL Employees' Stock Option Plan 2008 ("SPCL-IPLSL ESOP 2008") was changed to RattanIndia Power Limited Employees' Stock Option Plan 2008 ("RPL ESOP 2008"). These options vest uniformly over a period of 10 years commencing one year after the date of grant.

RPL ESOS 2009

During the financial year ended 31 March 2010, the Company had established the "Indiabulls Power Limited Employees' Stock Option Scheme 2009" ("IPL ESOS 2009"). The Company had issued 20,000,000 equity settled options at an exercise price of ₹ 14 per option under the IPL ESOS 2009 to eligible employees which gave them the right to subscribe to stock options representing an equal number of equity shares of face value ₹ 10 each of RPL. During the year ended 31 March 2015, pursuant to the name change of the Company from Indiabulls Power Limited. to RattanIndia Power Limited, the name of the ESOS scheme IPL ESOS 2009 was changed to RattanIndia Power Limited Employees' Stock Option Scheme 2009 ("RPL ESOS 2009"). These options vest uniformly over a period of 10 years commencing one year after the date of grant.

RPL ESOS 2011

During the Financial Year ended 31 March 2012, the Company has established the "Indiabulls Power Limited Employee Stock Option Scheme -2011" ("IPL ESOS -2011"). The Company had issued 50,000,000 equity settled options at an exercise price of ₹ 12 per option equivalent to the fair market value of the equity shares of RPL on the date of grant of option under the IPL ESOS -2011 to the eligible employees of the Company which gave them the right to subscribe an equal number of equity shares of face value of ₹ 10 each of RPL. During the year ended 31 March 2015, pursuant to the name change of the Company from Indiabulls Power Limited. to RattanIndia Power Limited, the name of the ESOS scheme IPL ESOS 2011 was changed to RattanIndia Power Limited Employees' Stock Option Scheme 2011 ("RPL ESOS 2011"). These options vest uniformly over a period of 10 years commencing one year after the date of grant.

The Fair values of the options under the RPL ESOP – 2008, RPL ESOS 2009 and RPL ESOS 2011 using the binomial pricing model based on the following parameters, is ₹ 1.00 per option for RPL ESOS 2009, as certified by an independent firm of Chartered Accountants. The fair value of the re-granted options under the RPL ESOP - 2008 plan is ₹ 1.58 per option and under RPL ESOS 2011 plan is ₹ 1.78 per option as certified by an independent firm of Chartered Accountants.

36 Employee benefits

Defined contribution:

Contributions are made to the Government Provident Fund and Family Pension Fund which cover all regular employees eligible under applicable Acts. Both the eligible employees and the Group make pre-determined contributions to the Provident Fund. The contributions are normally based upon a proportion of the employee's salary. The Group has recognized in the Statement of Profit and Loss an amount of ₹ 43.45 lakhs (31 March 2019: ₹ 37.52 lakhs) and in expenditure during construction ₹ Nil (31 March 2019 ₹ Nil) towards employer's contribution towards Provident Fund.

Defined benefits:

Provision for unfunded Gratuity payable and Superannuation benefits payable to eligible employees on retirement/ separation is based upon an actuarial valuation as at the year ended 31 March 2020. Major drivers in actuarial assumptions, typically, are years of service and employee compensation. The commitments are actuarially determined using the 'Projected Unit Credit Method' as at the year end. Gains/ losses on changes in actuarial assumptions are accounted for in the other comprehensive income/ Capital work-in-progress, as applicable and as identified by the Management of the Company.

Other benefits:

Provision for unfunded compensated absences payable to eligible employees on availment/ retirement/ separation is based upon an actuarial valuation as at the year ended 31 March 2020. Major drivers in actuarial assumptions, typically, are years of service and employee compensation. The commitments are actuarially determined using the 'Projected Unit Credit Method' as at the year end. Gains/ losses on changes in actuarial assumptions are accounted for in the Statement of Profit and Loss/ Capital work-in-progress, as applicable and as identified by the Management of the Company.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of Gratuity, Compensated Absences and Superannuation and the amounts recognised in the financial statements for the year ended 31 March 2020:

37 Earnings Per Equity Share (EPS):

The basic earnings per equity share is computed by dividing the net profit/ loss after tax attributable to equity shareholders for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share is computed by dividing the profit/ loss after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per equity share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per equity share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits/ reverse share splits, bonus shares and share warrants and the potential dilutive effect of Employee Stock Options Plans, as appropriate.

38 Leases disclosure as lessee

The Holding has entered into a Power Purchase Agreement with MSEDCCL (Lessee) for the supply of electricity for a term of 25 years, which has been considered as an embedded lease arrangement for the Group's power plant. Such lease is classified as operating lease, and as such the revenue is recognized on straight line basis. Considering that the capacity charges per unit is higher in the initial years, there is a negative impact to P&L on account of straight lining. Accordingly, capacity charges charged by the Group are treated as lease rentals. The minimum lease payments under non-cancellable operating leases to be charged by the Group are as follows:

(Amount in ₹ Lakhs)

Minimum lease rentals receivables	31 March 2020	31 March 2019
Within one year	69,247.80	98,556.48

40 Financial instruments

i) Fair values hierarchy

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

ii) Financial assets and liabilities measured at fair value - recurring fair value measurements

(iii) Fair value of financial assets and liabilities measured at amortised cost

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values. (Refer note 41(i)).

(iv) Valuation process and technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

(a) Mutual funds: Use of NAV's obtained from the asset manager.

ii) Risk Management

The Group is exposed to various risks in relation to financial instruments. The Group's financial assets and liabilities by category are summarised in note 41(i). The main types of risks are market risk, credit risk and liquidity risk. The most significant financial risks to which the Group is exposed are described below:

The Group's risk management is carried out by a central finance department (of the Group) under direction of the Board of Directors. The Board of Directors provides principles for overall risk management, and covering specific areas, such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity.

A) Credit risk

Credit risk is the risk that a counterparty fails to discharge an obligation to the Group. Credit risk arises from cash and cash equivalents, trade receivables, investments carried at amortised cost and deposits with banks and financial institutions. The Group's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at 31 March, as summarised below:

(Amount in ₹ Lakhs)

Particulars	31 March 2020	31 March 2019
Loans (i)	1,224.71	1,378.26
Trade receivables (ii)	153,522.02	124,936.45
Cash and cash equivalents (iii)	7,133.72	2,249.01
Other bank balances (iii)	6,709.45	5,135.44
Other financial assets (i)	14,499.61	17,527.88

The Group continuously monitors defaults of customers and other counterparties, and incorporates this information into its credit risk controls. The Group's policy is to deal only with creditworthy counterparties.

The Group's management considers that these financial assets that are not impaired or past due for each of the reporting dates under review are of good credit quality.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an on-going basis throughout each reporting period. In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 30 days past due. A default on a financial asset is when the counterparty fails to make contractual payments when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

- The Group's management considers assets other than trade receivables, which are 30 days past due and analyses facts and circumstances surrounding each such defaults separately. If the facts indicate a probability of loss of value, the assets then expected cash flows are plotted in an present value based impairment model to determine the amount of impairment loss. Amounts are written off only in the following circumstances: a) no probable legal recourse is available for recovery, b) the counterparty is bankrupt, c) the cost of recovery is more than the amount or d) after all possible efforts the Group is unable to recover amounts after a period of 3 years.

RattanIndia

- (ii) Group's major trade receivables are only with, government owned counterparty and are recovery under the power purchase agreement and bulk power transmission agreements. Therefore, these trade receivables are considered high quality and accordingly no life time expected credit losses are recognised on such receivables based on simplified approach. Any provisions against such receivables are for liquidated damages and not related to credit worthiness of the counterparty. The Group considers that trade receivables are not credit impaired as these are receivable from Government undertaking.
- (iii) The credit risk for cash and cash equivalents and other bank balances is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Group maintains flexibility in funding by maintaining availability under committed facilities. Management monitors rolling forecasts of the Group's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Group takes into account the liquidity of the market in which the entity operates.

Maturities of financial liabilities

The tables below analyse the Group's financial liabilities into relevant maturity groupings based on their contractual maturities for all non-derivative financial liabilities.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

*Borrowings excludes finance lease obligations, refer note 38 for disclosure of maturity profile of finance lease obligations.

C) Market Risk

a) Foreign currency risk

The Group is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US Dollar. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the Group's functional currency.

Foreign currency risk exposure:

The Group's exposure to foreign currency risk at the end of the reporting periods is Nil.

b) Interest rate risk

i) Liabilities/assets

The Group's policy is to minimise interest rate cash flow risk exposures on long-term financing. At 31 March 2019, the Group is exposed to changes in market interest rates through bank borrowings at variable interest rates. The Group's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Interest rate risk exposure

Below is the overall exposure of the Group to interest rate risk:

(Amount in ₹ Lakhs)

42 Capital management

The Group's capital management objectives are

- to ensure the Group's ability to continue as a going concern
- to provide an adequate return to shareholders

The Group monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet.

Management assesses the Group's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Group's various classes of debt. The Group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt. The amounts managed as capital by the Group for the reporting periods under review are summarised as follows:

(Amount in ₹ Lakhs)

49 In respect of amounts as mentioned under Section 125 of the Companies Act, 2013, there were no dues required to be credited to the Investor Education and Protection Fund as at 31 March 2020 and 31 March 2019.

50 During the year, pursuant to the debt settlement scheme, Holding Company issued equity shares as follows:

- 805,724,169 equity shares of face value of ₹ 10 each to the existing lenders of the Holding Company,
- 805,724,169 equity shares of face value of ₹ 10 each to the ABARC,
- 375,400,000 equity shares of face value of ₹ 10 each to RRIPL in conversion of equivalent number of 0.001% compulsorily convertible debentures (CCDs) of ₹ 10/- held by RRIPL.

In consequence of the above, the paid up equity share capital of the Company increased from ₹ 295,293.34 lakhs divided into 2,952,933,353 fully paid up equity shares of face value ₹ 10/- each, to ₹ 493,978.17 lakhs divided into 493,97,81,691 fully paid up equity shares of face value ₹ 10/- each.

51 During the previous year, one of the lender of the Holding Company adjusted ₹ 394.03 lakhs of its dues on the Company, by selling of 92.28 lakhs shares out of total invoked 300 lakhs pledged equity shares of the Company issued to RRIL. To replenish it, 'IPL-PPSL scheme trust' transferred 75 lakhs equity shares to RRIL, and for remaining 225 lakh shares, liability towards RRIL has also been recognized by the Company. Pursuant to this transaction, corpus of the 'IPL-PPSL trust' in the books of the Holding Company is reduced by ₹ 75 lakhs being value of 7,500,000 equity shares and balance ₹ 245.24 lakhs has been credited to Capital Reserve.

52 The SARS-CoV-2 virus (COVID-19 pandemic) continues to spread across the globe and India, which has contributed to a significant decline and volatility in global and Indian Financial Markets and a significant decrease in the economic activities. On 11 March 2020, the COVID-19 outbreaks declared as a global pandemic by the World Health Organization subsequent to which, on 24 March 2020 the Indian Government had announced a strict 21 days lockdown which was further extended by 19 days up till 3 May 2020. Subsequently, the Government has announced extension of lockdown by two weeks till 17 May 2020 and further by two weeks till 31 May 2020 and has provided guidelines for restrictions and relaxations in different zones across India subsequent to this period.

Due to outbreak of COVID-19 globally and in India, the Company made initial assessment of likely adverse impact on economic environment in general and financial risks on account of COVID-19. The Company is in the business of generation of electricity which is an essential service as emphasized by the Ministry of Power, Government of India. The availability of power plant to generate electricity as per the demand of the customers is important. Hence, the Company has ensured the availability of its power plant to generate power. However, for the short-term period the demand of power is expected to be lower and accordingly, the Company may have lower demand than earlier periods and has to operate power plants at lower load factor. The Power Ministry has also clarified on 6 April 2020 that State Distribution Entities (Discoms) will have to comply with the obligation to pay fixed capacity charges as per PPA. This will largely mitigate the stress on cash flows, if any, during the period of COVID-19. The Company is also having sufficient stock of coal and has also tied up further supply of coal so as to maintain supply of electricity. On long term basis also, the Company does not anticipate any major challenge in meeting its financial obligations. Basis above, the management has estimated its future cash flows for the Company which indicates no major change in the financial performance as estimated prior to COVID-19 impact and hence, the Company believes that there is no impact on its ability to meeting its liabilities as and when they fall due. However, the impact assessment of COVID-19 is a continuing process given its nature and duration. The Company will continue to monitor any material changes to future economic conditions.

53 The consolidated financial results include capital work in progress (CWIP) balance of ₹ 43,773.01 lakhs as at 31 March 2020 in respect of 1350 MW power plant (Phase II) of STPL. The construction activities of the project is currently suspended. The management believes that the suspension is temporary and is not likely to lead to impairment of the aforementioned CWIP. STPL has all necessary environmental clearances and infrastructure which are difficult to secure in the current environment. Further the cost of setting up this plant is significantly lower than setting up a new plant due to common facilities available with STPL.

In view of the aforementioned factors along with external factors such as increasing power consumption and related demand in market, management is confident that the Project is fully viable and hopeful of reviving this Project at appropriate time. Considering these factors and the ongoing discussion with suppliers, the management believes, no impairment is required to the aforementioned carrying amount of CWIP in these consolidated financial results.

54 Exceptional Items include:

- a) During the year, Binding Settlement Proposal was approved by the competent authorities of all the lenders in relation of debt availed by the Holding Company for Phase I of the Holding Company's Amravati power project. Pursuant to the binding settlement through a resolution plan under the Reserve Bank of India (Prudential Framework for Resolution of Stressed Assets) Directions 2019, the Holding Company has paid Rs. 5,000 lakhs upfront towards repayment of existing facilities and issued certain securities including 805,724,169 equity shares of face value ₹ 10 each, 250,000,000 redeemable preference shares of face value ₹ 10 each and 37,69,20,000 optionally convertible cumulative redeemable preference shares of face value ₹ 10 each. The settlement amount from issue of these securities amounts to ₹ 74,616.72 lakhs to existing lenders towards reduction of part of the total debt (including interest) of ₹ 864,947.80 lakhs and remaining debt of ₹ 785,331.08 lakhs was assigned in favor of Aditya Birla ARC Limited (ABARC), an incoming investor by existing lenders. Subsequently, all existing lenders of Holding Company's Phase I Amravati power project have issued 'No Dues Letter' to the Holding Company. Gain of ₹ 5,593.45 lakhs on account of modification in terms of new securities issued is recorded as exceptional item in the Statement of Profit & Loss.

By issue of equity shares of face value of ₹ 80,572.42 lakhs, the existing lenders settled dues of ₹ 11,924.72 lakhs and the differential ₹ 68,647.70 lakhs are adjusted with balance of securities premium on other equity.

Further, the Holding Company issued 805,724,169 equity shares of ₹ 10 each amounting to ₹ 80,572.42 lakhs to ABARC. The fair value of equity shares issued is ₹ 15,308.76 lakhs and thus balancing amount of ₹ 65,263.66 lakhs is adjusted in retained earnings. The remaining debt of ₹ 704,758.66 lakhs has been reconstituted as:

- (i) Facilities A amount of Rs. 266,500.00 lakhs, Facility A1 of ₹ 33,446.00 lakhs, Facility B of ₹ 66,550.00 lakhs and Facility C of ₹ 45,000.00 lakhs as facilities having terms and conditions set out under agreement with ABARC;
- (ii) ₹ 127,815.00 lakhs as assignment of debt to RR Infralands Private Limited ("Sponsor" / "RRIL"),
- (iii) ABARC has waived off balance unsustainable debt portion of ₹ 165,447.66 lakhs which is recorded as exceptional item in Statement of Profit & Loss.

Also, gain of ₹ 112,619.10 lakhs on account of modification in terms of new facilities and equity shares issued is recorded as exceptional item in Statement of Profit & Loss.

Subsequent to assignment of debt from ABARC, the terms of total dues amounting to ₹ 225,572.42 lakhs has been reconstituted as

- (i) issued of 805,724,169 Compulsory Convertible Debentures (CCDs) of ₹ 80,572.42 lakhs convertible into equivalent numbers of equity shares, and (ii) ₹ 145,000 lakhs of Inter-corporate deposits having terms and conditions set out in the agreement which include existing exposure of ₹ 17,185 lakhs.

The gain amounting to ₹ 27,261.87 lakhs on account of modification in terms of intercorporate deposit forming part of debt assigned by ABARC is recognised as exceptional item in Statement of Profit & Loss and gain amounting to ₹ 3,679.80 lakhs on existing exposure is adjusted with retained earnings as being debt waived by an existing shareholder.

Also, the fair value of CCD issued to RRIL amounts to ₹ 15,308.76 lakhs and thus the balance amount of ₹ 65,263.66 lakhs is adjusted in retained earnings.

Post restructuring, 375,400,000 CCDs are converted into equivalent number of equity shares of face value of ₹ 10 and therefore, corresponding fair value impact of ₹ 30,407.40 lakhs is adjusted with retained earnings.

- b) During the year, the Company has settled dues with IDBI Bank and ICICI Bank under one-time settlement and resultant gain of ₹ 10,476 lakhs is recorded as exceptional item in standalone statement of profit & loss account.
- c) The Company has incurred ₹ 54,657 Lakhs for development of Phase II of Amaravati Project. Post restructuring of Lending facility, the Company has considered not to construct the Phase II and accordingly, after considering the realizable value net of expected cost for dismantling the phase II, the Company had recognized impairment loss amounting to ₹ 54,657 lakhs against Capital work-in-progress. This has been recorded as exceptional item in statement of profit & loss.

During the previous year, the exceptional items primarily included, as per the re-assessment done by the management, an amount of ₹ 233,505.32 lakhs as provided on account of impairment of investments in /amount receivable from wholly owned subsidiaries and certain other receivable which are uncertain on their recoverability. The exceptional items also include, as per the re-assessment done by the management, an amount of ₹ 225.54 lakhs as written off on account of certain other receivable/payables from other vendor. Such impairment loss / write off are not in ordinary course of business of the Company and hence considered as exceptional in nature.

- 55** In the light of the direction of the Hon'ble Supreme Court in case of Energy Watchdog dated 11 April 2017, Maharashtra Electricity Regulatory Commission (MERC) vide its order dated 3 April 2018 principally held that the Holding Company is entitled to compensation for procurement of additional coal for fulfilling its obligations under the PPA signed with MSEDCL. MERC also provided mechanism for computation of the compensation. The Holding Company has filed an appeal against the MERC order since the methodology passed by MERC is not fully on the principle of "restoration of the affected party to the same economic position as if the change in law event did not occur". The Holding Company is confident that, the Hon'ble Tribunal is likely to set out a mechanism for compensation restoring the Holding Company to the same economic position as if such Change in Law has not occurred. Hence, it would not be unreasonable to expect the ultimate collection of an equivalent amount of compensation including related late payment surcharge recorded in books of account on account of aforesaid matter.
- 56** Pursuant to the enactment of the Taxation Law (Amendment) Act 2019 ("Act") which is effective from 01 April 2019 domestic company have the option to pay the income tax at 22% plus surcharges and cess ("new tax regime") subject to certain condition. Holding Company has decided to opt for new tax regime and file its return under section 115BAA. Accordingly the tax liabilities for FY 2019-20 are computed based on provision of section 115BAA.
- 57** Sinnar Thermal Power Limited (STPL), one of the subsidiary company of the Holding Company is yet to commence operations. Subsequent to defaults in payment by STPL, the lenders of STPL invoked Strategic Debt Restructuring (SDR). However, subsequent to RBI's circular dated 12 February 2018, all debt restructuring schemes (including SDR) were repealed with immediate effect which impacted progress made by STPL under SDR. The Hon'ble Supreme Court vide its order dated 2 April 2019 has quashed RBI's circular dated 12 February 2018. Further, RBI on 7 June 2019 issued directions called Reserve Bank of India (Prudential Framework for Resolution of Stressed Assets) Directions 2019 with a view to providing a framework for early recognition; reporting and time bound resolution of stressed assets. STPL is in active discussion with lenders for successful resolution of debt.
- On 30 April 2019, MSEDCL has issued letter of intent to STPL for execution of PPA of 507 MW (net capacity). STPL was required to furnish Contract Performance Guarantee (CPG) in 3 months. Lenders of STPL have also shown interest in starting operations and in granting required working capital and non-fund based facilities so as to implement aforementioned PPA with MSEDCL. Considering the effect of COVID 19, the Company was not able to furnish the requested CPG, and have requested additional time till 30 September 2020 to furnish CPG with MSEDCL.
- Conditions explained above, indicate existence of uncertainties that may cast significant doubt on STPL's ability to continue as a going concern due to which STPL may not be able to realise its assets and discharge its liabilities in the normal course of business. However, on expectation of resolution of debt with lenders within the available time frame and implementation of PPA soon, management is of the view that STPL's going concern basis of accounting is appropriate and believes no additional provision for impairment is required to be created against the amount in investment and loans (net of provision for impairment).
- 58** The Chief Operating Decision Maker ("CODM") reviews the operations at the Group level. The operations of the Group fall under "power generation and allied activities" business only, which is considered to be the only reportable segment in accordance with the provisions of Ind AS 108 – Operating Segments.

Independent Auditors' Report

To the Members of RattanIndia Power Limited

Report on the Audit of the Standalone Financial Statements

Qualified Opinion

- 1) We have audited the accompanying standalone financial statements of RattanIndia Power Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.
- 2) In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matter described in the Basis for Qualified Opinion section of our report, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, of the state of affairs of the Company as at 31 March 2020, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Qualified Opinion

- 3) As explained in Note 56 to the accompanying standalone financial statement, the Company has a non-current investment of Rs. 151,313.13 lakhs (net of impairment provision) and inter corporate deposits (classified under current assets) of Rs. 2,500.00 lakhs, recoverable from Sinnar Thermal Power Limited (formerly RattanIndia Nasik Power Limited) (STPL), a wholly owned subsidiary of the Company, as at 31 March 2020. The subsidiary company has incurred losses since its inception and is yet to commence operations. The accumulated losses in the subsidiary company amount to Rs. 541,468 lakhs as at 31 March 2020, and the management of the subsidiary company had determined that a material uncertainty exists as at 31 March 2020, that may cast significant doubt about the subsidiary company's ability to continue as a going concern. The management of the Company, based on an internal estimate, has recorded an impairment of Rs. 151,313.13 lakhs against carrying value of investment in STPL in previous year. In the absence of evidence for such impairment assessment performed by the management, we are unable to obtain sufficient appropriate evidence to comment on any adjustment that may further be required to be made to the balance carrying value of the above mentioned non-current investment of Rs 151,313.13 lakhs and inter corporate deposits of Rs. 2,500.00 lakhs as at 31 March 2020 and the consequential impact thereof on the accompanying standalone financial statements.

Our audit report for the year ended 31 March 2019 were also qualified with respect to this matter.

- 4) We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Emphasis of Matter – Impact of COVID 19

- 5) We draw attention to Note 58 of the accompanying standalone financial statements, which describes the uncertainties due to the outbreak of COVID-19 pandemic and the management's evaluation of the same on the standalone financial statements as at balance sheet date. In view of these uncertainties, the impact on the Company's operations is significantly dependent on future developments

Our opinion is not modified in respect of this matter.

Key Audit Matters

- 6) Key audit matters are those matters that, in our professional judgment were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
- 7) In addition to the matter described in the Basis for Qualified Opinion we have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter
<p>Recoverability of amounts due from Maharashtra State Electricity Distribution Company Limited (MSEDCL)</p> <p>The Company has dues from MSEDCL amounting to Rs. 153,522.30 lakhs as at 31 March 2020.</p> <p>As detailed in Note no 32(A) to the standalone financial statements, there are certain claims by the Company which are disputed by MSEDCL including claim on account of Compensatory Claim (CCEA) amounting to Rs. 28,658.80 lakhs and Late Payment Surcharge (LPS) thereon and Change-in-law (CIL) claims. These are under litigation at various levels of regulatory authorities.</p> <p>The Company has obtained a legal opinion from an independent counsel with respect to recoverability of Rs. 28,658.80 lakhs on account of CCEA claims and LPS thereon.</p> <p>Further, in respect of claim related to CIL, the Maharashtra Electricity Regulatory Commission, vide order dated 3 April 2018, has decided a methodology for computing the quantum of claim which is disputed by the Company and the matter is pending for resolution under Appellate Tribunal for Electricity.</p> <p>Considering the materiality of the balances to the Company's standalone financial statements and the judgements involved in the estimation of recoverability, this matter is considered to be a key audit matter for the current year audit.</p>	<p>Our audit work in relation to assessment of recoverability of amounts due from MSEDCL included, but was not limited to, the following:</p> <ul style="list-style-type: none"> • Obtained an understanding of the nature of litigations and key developments during the year from the management. • Tested the design, implementation and operating effectiveness of the controls that the Company has established in relation to recoverability of such dues. • Evaluated the reasonableness of the key assumptions used by the management in determination of recoverable amount based on our knowledge of the business and industry. • Obtained legal opinion from the Company's external legal counsel and analysed the same. Also considered the current industry practice. • Obtained and reviewed the necessary evidence which includes correspondence with the internal legal counsels and where necessary, inspected minutes of case proceedings available in public domain, to support the decisions and rationale for creation of provisions and / or disclosure of receivables in respect of each such litigation selected for testing. • Ensured appropriateness and adequacy of disclosures made in the financial statements with respect to the receivables are in accordance with the applicable accounting standards.
<p>Impairment of power plant at Amravati</p> <p>Refer note 3 for the accounting policy for impairment of assets. The Company has a power generating plant and allied facilities valuing Rs. 622,013.56 lakhs and Rs. 59,252.94 lakhs, respectively.</p> <p>In accordance with Ind AS 36, Impairment of assets, the management identified that impairment indicators existed for the power plant owing to the fact that there has been less than full capacity utilisation of the plant since the commencement of operations, and currently, the plant is operating at around 27% capacity.</p> <p>The aforesaid assessment of the impairment involves exercising a significant judgement with regard to assumptions, estimates involved in forecasting future cash flows and considering the impact of COVID-19. These assumptions include plant operating level, discount rates, estimation of terminal value.</p> <p>Changes in the management forecasts or assumptions can impact the assessment of the discounted cash flows and consequently the valuation of such power plant.</p> <p>Considering the significance of the amounts involved, degree of judgement and subjectivity involved in the estimates and key assumptions used in determining the cash flows used in</p>	<p>Our audit procedures included, but were not limited to, the following:</p> <ul style="list-style-type: none"> • Obtained an understanding of the management process and performed a walkthrough to evaluate design effectiveness and tested the operating effectiveness of key controls for identifying impairment indicators as well as determining the appropriate methodology to carry out impairment testing for plant, property and equipment. • Evaluated the appropriateness of applying relevant accounting standards in recognising the impairment loss. • Reconciled the cash flow projections to the business plans approved by the Company's board of directors; • Challenged management on the underlying assumptions used for the cash flow projections including the implied growth rates, discount rate, estimation of terminal value etc. considering the evidence available to support these assumptions and our understanding of the business and the recent changes in economic environment including the impact of COVID-19. • Tested the discount rate and plant operating level used in the forecasts, including comparison to economic and industry forecasts where appropriate.

Independent Auditors' Report (contd.)

<p>the impairment evaluation, we have determined impairment of power generating plant as a key audit matter.</p>	<ul style="list-style-type: none"> • Evaluated the sensitivity analysis performed by the management in respect of the key assumptions discussed above to ensure that there was sufficient headroom with respect to the estimation uncertainty impact of such assumptions on the calculation. • Ensured that disclosures for the aforesaid balances and transactions are adequately disclosed in accordance with the applicable accounting standards.
<p>Litigation and contingent liabilities</p> <p>We refer to the Note 32 of the standalone financial statements of the Company for the year ended 31 March 2020 disclosures related to legal and regulatory cases. The Company operates in an industry which is heavily regulated which increases inherent risk of litigations. There are number of legal and regulatory cases, of which the most significant ones are claims by the Company on MSEDCL as explained in the KAM on recoverability from MSEDCL and claims by the vendors / suppliers on the Company.</p> <p>The eventual outcome of these legal proceedings is dependent on the outcome of future events and unexpected adverse outcomes could significantly impact the Company's reported profits and balance sheet position.</p> <p>The amounts involved are material and the application of accounting principles as given under Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets, in order to determine the amount to be recorded as a liability or to be disclosed as a contingent liability, in each case, is inherently subjective, and needs careful evaluation and judgement to be applied by the management.</p> <p>Key judgments are also made by the management in estimating the amount of liabilities, provisions and/or contingent liabilities related to aforementioned litigations.</p> <p>Considering the degree of judgment, significance of the amounts involved, inherent high estimation uncertainty and reliance on external legal and tax experts, this matter has been identified as a key audit matter for the current year audit.</p>	<p>Our audit procedures included, but were not limited to, the following:</p> <ul style="list-style-type: none"> • Obtained an understanding of the management process for: <ul style="list-style-type: none"> - identification of legal and tax matters initiated against the Company; - assessment of accounting treatment for each such litigation identified under Ind AS 37 accounting principles; and - for measurement of amounts involved. • Evaluated the design and tested the operating effectiveness of key controls around above process. • Obtained an understanding of the nature of litigations pending against the Company and discussed the key developments during the year for key litigations with the management and respective legal counsels handling such cases on behalf of the Company. • Obtained and reviewed the necessary evidence which includes correspondence with the external and internal legal counsels, wherever applicable and inspected minutes of case proceedings available in public domain, to support the decisions and rationale for creation of provisions and / or disclosure of contingent liabilities in respect of each such litigation selected for testing. We focused on the developments in the existing litigations and new litigations, which could have materially impacted the amounts recorded as provisions or disclosed as contingent liability in the standalone financial statements. • Assessed management's conclusions through discussions held with the in-house legal counsel and understanding precedents set in similar cases. • Obtained and read the correspondence with the regulatory authorities, including past judgements on the subject matter of specific significant litigations. • Assessed the appropriateness of methods used, and the reliability of underlying data for the underlying calculations made for quantifying the amounts involved. Tested the arithmetical accuracy of such calculations. • Evaluated the adequacy of disclosures made by the Management of the Company in the financial statements in view of the requirements as specified in the Indian Accounting Standards.

<p>Resolution Plan between the Company and the lenders and further settlement with Asset Reconstruction Company ("ARC")</p> <p>We refer to the Note 17 and 45 to the standalone financial statements for the details regarding the Resolution Plan implemented during the year under the Reserve Bank of India (Prudential Framework for Resolution of Stressed Assets) Directions 2019, with the lenders of the Company for borrowings for phase I of the power project.</p> <p>Prior to the implementation of the Resolution Plan, the Company had outstanding credit facilities from banks and financial institutions, aggregating to Rs. 864,947.80 lakhs.</p> <p>Considering the amounts involved of the over-due credit facilities and several discussions held with the lenders on the settlement of debt, the determination of the carrying amount of related liabilities at the date of approval of Resolution Plan was a complex exercise.</p> <p>Further, comprehending the terms of the Resolution Plan and settlement agreement with ARC and determining the appropriateness of the accounting treatment thereof, more particularly, the accounting treatment of derecognition of outstanding liabilities and recognition of new liabilities and equity issued on such settlement, required significant judgments and estimates.</p> <p>Accounting for the effects of the Resolution Plan is considered by us to be the matter of most significance due to its importance to intended users' understanding of the financial statements as a whole and materiality thereof.</p> <p>The application of significant judgments in this matter required substantial involvement of senior personnel on the audit engagement including individuals with expertise in accounting of financial instruments.</p>	<p>We have performed the following procedures to determine whether the effect of Resolution Plan and the settlement agreement with ARC have been appropriately recognised in the standalone financial statements:</p> <ul style="list-style-type: none"> • Obtained an understanding of the management's process for review and implementation of the Resolution Plan and settlement agreement with ARC. • Reviewed the terms and conditions of the Resolution Plan and settlement agreement with ARC and evaluated the appropriateness of accounting treatment of the transactions arising on account of the same on the standalone financial statements. • Verified the balances of lenders as on the date of approval of Resolution Plan from supporting documents and computations. • Verified the underlying documents supporting the receipt and payment of funds as per the Resolution Plan. • Tested the implementation of terms and conditions of the Resolution Plan in computation of balances of lenders and ARC. • Tested the computation of value of liabilities and equity recognised on settlement of dues of lenders and ARC in standalone financial statements in accordance with principles of Ind AS. • Evaluated whether the accounting principles applied by the management fairly present the effects of the transactions arising under the Resolution Plan and settlement agreement with ARC, in standalone financial statements in accordance with the principles of Ind AS. • Tested the related disclosures made in notes to the standalone financial statements in respect of the implementation of the Resolution Plan.

Information other than the Financial Statements and Auditor's Report thereon

- 8) The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

- 9) The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of

Independent Auditors' Report (contd.)

the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

- 10) In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
- 11) Those Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

- 12) Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
- 13) As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation;
- 14) We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- 15) We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- 16) From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 17) As required by section 197(16) of the Act, based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.
- 18) As required by the Companies (Auditor's Report) Order, 2016 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure A a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 19) Further to our comments in Annexure A, as required by section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:
- a) we have sought and, except for the matter described in the Basis for Qualified Opinion section, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;
 - b) except for the possible effects of the matter described in the Basis for Qualified Opinion section, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) the standalone financial statements dealt with by this report are in agreement with the books of account;
 - d) except for the possible effects of the matter described in the Basis for Qualified Opinion section, in our opinion, the aforesaid standalone financial statements comply with Ind AS specified under section 133 of the Act;
 - e) the matter described in paragraph 3 under the Basis for Qualified Opinion section, in our opinion, may have an adverse effect on the functioning of the Company;
 - f) on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2020 from being appointed as a director in terms of section 164(2) of the Act;
 - g) the qualification relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion section;
 - h) we have also audited the internal financial controls with reference to financial statements of the Company as on 31 March 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date and our report dated 26 June 2020 as per Annexure B expressed unmodified opinion; and
 - i) with respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i) the Company, as detailed in Note 32 to the standalone financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2020;
 - ii) the Company did not have any long-term contract including derivative contracts for which there were any material foreseeable losses as at 31 March 2020;
 - iii) there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2020; and
 - iv) the disclosure requirements relating to holdings as well as dealings in specified bank notes were applicable for the period from 8 November 2016 to 30 December 2016, which are not relevant to these standalone financial statements. Hence, reporting under this clause is not applicable.

Annexure A to the Independent Auditors' Report

Annexure A to the Independent Auditor's Report of even date to the members of RattanIndia Power Limited, on the standalone financial statements for the year ended 31 March 2020

Annexure A

Based on the audit procedures performed for the purpose of reporting a true and fair view on the standalone financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- i) a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- b) The Company has a regular program of physical verification of its fixed assets under which fixed assets are verified in a phased manner over a period of three years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this program, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification.
- c) The title deeds of all the immovable properties (which are included under the head 'Property, plant and equipment') are held in the name of the Company except for the following properties:

(Amount in ₹ Lakhs)

Nature of property	Total number of cases	Whether leasehold/freehold	Gross block as on 31 March 2020	Net block on 31 March 2020
Land	1	Freehold	337.35	337.37

- ii) In our opinion, the management has conducted physical verification of inventory at reasonable intervals during the year, except for goods-in-transit and stocks lying with third parties. For stocks lying with third parties at the year-end, written confirmations have been obtained by the management. No material discrepancies were noticed on the aforesaid verification.
- iii) The Company has not granted any loan, secured or unsecured to companies, firms, Limited Liability Partnerships (LLPs) or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the provisions of clauses 3(iii)(a), 3(iii)(b) and 3(iii)(c) of the Order are not applicable.
- iv) In our opinion, the Company has complied with the provisions of Sections 185 and 186 of the Act in respect of loans, investments, guarantees and security.
- v) In our opinion, the Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- vi) We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under sub-section (1) of Section 148 of the Act in respect of Company's products and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- vii) a) The Company is regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, to the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they become payable.
- b) The dues outstanding in respect of income-tax, sales-tax, service-tax, duty of customs, duty of excise and value added tax on account of any dispute.
- viii) On 23 December 2019, the erstwhile lenders (banks and financial institutions) of the Company has approved the terms of the Resolution Plan, One Time Settlement Scheme, submitted by the Company, pursuant to which debts owed by the Company as at that date have been partially settled through repayment, waiver and balance amount has been novated by the erstwhile lenders to the incoming investor, Aditya Birla Asset Reconstruction Company Limited ('ABARC'). Part of such novated debt has been subsequently been waived off and other part is restructured. Accordingly, the Company has not defaulted in repayment of loans or borrowings to any financial institution or a bank or any dues to debenture-holders during the year. The Company has no loans or borrowings payable to government.

- ix) The Company did not raise moneys by way of initial public offer or further public offer (including debt instruments). In our opinion, the term loans were applied for the purposes for which the loans were obtained, though idle funds which were not required for immediate utilisation have been invested in liquid investments, payable on demand.
- x) No fraud by the Company or on the company by its officers or employees has been noticed or reported during the period covered by our audit.
- xi) Managerial remuneration has been paid and provided by the Company in accordance with the requisite approvals mandated by the provisions of Section 197 of the Act read with Schedule V to the Act.
- xii) In our opinion, the Company is not a Nidhi Company. Accordingly, provisions of clause 3(xii) of the Order are not applicable.
- xiii) In our opinion all transactions with the related parties are in compliance with Sections 177 and 188 of Act, where applicable, and the requisite details have been disclosed in the financial statements etc., as required by the applicable Ind AS.
- xiv) During the year, the Company has made preferential allotment / private placement of shares / fully convertible debentures. In respect of the same, in our opinion, the Company has complied with the requirement of Section 42 of the Act and the Rules framed thereunder. Further, in our opinion, the amounts so raised have been used for the purposes for which the funds were raised. During the year, the Company did not make preferential allotment / private placement of partly convertible debentures.
- xv) In our opinion, the Company has not entered into any non-cash transactions with the directors or persons connected with them covered under Section 192 of the Act.
- xvi) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

Annexure B to the Independent Auditors' Report

Annexure B to the Independent Auditor's Report of even date to the members of RattanIndia Power Limited on the standalone financial statements for the year ended 31 March 2020

Annexure B

Independent Auditor's Report on the internal financial controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

- 1) In conjunction with our audit of the standalone financial statements of RattanIndia Power Limited ('the Company') as at and for the year ended 31 March 2020, we have audited the internal financial controls with reference to financial statements of the Company as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

- 2) The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

- 3) Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
- 4) Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
- 5) We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

- 6) A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

- 7) Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become

inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified opinion

- 8) We have not been provided sufficient and appropriate audit evidence with respect to assessment of the carrying value of investment in a wholly owned subsidiary. In the absence of sufficient audit evidence, we are unable to comment on adequacy and operating effectiveness of controls over the impairment assessment process and it's the potential impact on carrying value of investment and the consequential impact on the accompanying standalone financial statements.
- 9) In our opinion, except for the possible effects of the material weakness described above on the achievement of the objectives of the control criteria, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2020, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.
- 10) We have considered the material weakness identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the standalone financial statements of the Company as at and for the year ended 31 March 2020, and the material weakness do not affect our opinion on the standalone financial statements of the Company.

Standalone Notes Part of the Financial Statements (Contd.)

of RattanIndia Power Limited for the year ended 31 March 2020
(All amount in ₹ Lakhs, unless otherwise stated)

RattanIndia

1. Corporate Information

Nature of Operations

RattanIndia Power Limited ("the Company", "RPL") is principally engaged in the business of dealing in power generation, distribution, trading and transmission and other ancillary and incidental activities.

General information and statement of compliance with Ind AS

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards as notified under section 133 of the Companies Act 2013 read with the Companies (Indian Accounting Standards) Rules 2015 (by Ministry of Corporate Affairs ('MCA')). The Company has uniformly applied the accounting policies during the periods presented.

The standalone financial statements for the year ended 31 March 2020 were approved by the Board of Directors on 26 June 2020.

2. Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from 1 April 2020.

3. Summary of significant accounting policies

a) Basis of preparation

The standalone financial statements have been prepared using the significant accounting policies and measurement basis as summarised below. These were used throughout all periods presented in the financial statements, except where the Company has applied certain accounting policies and exemptions upon transition to Ind AS.

The standalone financial statements have been prepared on going concern basis under the historical cost basis except for the following –

- Certain financial assets and liabilities which are measured at fair value;
- Defined benefit plans – liability of which is recognised as per actuarial valuation; and
- Share based payments which are measured at fair value of the options

b) Revenue recognition

Revenue arises from the supply of power. Revenue is recognised when it is probable that the economic benefits will flow to the Company and it can be reliably measured. Revenue is measured at the fair value of the consideration received/ receivable net of rebates and taxes. The Company applies the revenue recognition criteria to each separately identifiable component of the sales transaction as set out below.

Revenue from operation of plant

Revenue from operation of plant is recognised on transfer of significant risks and rewards of ownership to the buyer which is when delivered, and measured on an accrual basis based on the rates in accordance with the provisions of the Power Purchase Agreements (PPAs) entered into by the Company with the procurer/s of power. Claims for delayed payment charges and other claims are accounted by the Company on accrual basis in accordance with the provisions of the PPAs only when it is reasonable to expect ultimate collection. Excise Duty is not applicable on generation and sale of power. Sales exclude Sales tax and Value Added Tax, where applicable.

Revenue from Power generated during trial runs is accounted on the basis of accruals and is reduced from the Pre-operative expenses.

Refer policy on leased assets for accounting policy of customer contracts that contain a lease.

Interest Income

Interest income is recorded on accrual basis using the effective interest rate (EIR) method.

Late payment surcharge

Late payment charges and interest on delayed payment for power supply are recognized based on reasonable certainty to expect ultimate collection.

Standalone Notes Part of the Financial Statements (Contd.)

of RattanIndia Power Limited for the year ended 31 March 2020
(All amount in ₹ Lakhs, unless otherwise stated)

Dividend income

Dividend income is recognised at the time when right to receive the payment is established, which is generally when the shareholders approve the dividend.

c) Borrowing costs

Borrowing costs include interest and amortisation of ancillary costs incurred to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction/ development of the qualifying asset up to the date of capitalisation of such asset are added to the cost of the assets. Any income earned on the temporary deployment/ investment of those borrowings is deducted from the borrowing costs so incurred. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use.

d) Property, plant and equipment

Recognition and initial measurement

Properties plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Any expenditure directly/ indirectly related and attributable to the construction of power projects and incidental to setting up power project facilities, incurred prior to the Commercial Operation Date (COD) of the Power Project, are accumulated under "Capital work-in-progress", to be capitalised on completion of construction of the respective power projects/ COD.

Subsequent measurement (depreciation and useful lives)

Depreciation on property, plant and equipment is provided on the straight-line method, computed on the basis of useful lives prescribed in Schedule II to the Companies Act, 2013.

Properties plant and equipment acquired and put to use for the purpose of the Project are capitalised and depreciation thereon is included in capital work-in-progress till the Project is ready for its intended use.

The residual values, useful lives and method of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

De-recognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

e) Intangible assets

Recognition and initial measurement

Intangible assets are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent measurement (amortisation)

The cost of capitalized software is amortized over a period in the range of three to five years from the date of its acquisition.

f) Leases*Determining whether an arrangement contains a lease*

The Company has certain long term arrangements for sale of power. Such arrangements are evaluated to consider whether it contains a lease. It is considered to contain a lease if based on the substance of the arrangement:

- (i) fulfilment of the arrangement is dependent on the use of a specific asset or assets (the asset); and
- (ii) the arrangement conveys a right to use the asset.

An arrangement is considered to contain a lease if facts and circumstances indicate that it is remote that one or more parties other than the purchaser will take more than an insignificant amount of the output or other utility that will be produced or generated by the asset during the term of the arrangement, and the price that the purchaser will pay for the output is neither contractually fixed per unit of output nor equal to the current market price per unit of output as of the time of delivery of the output.

Company as a lessee

The Company adopted Ind AS 116 using the modified retrospective method of adoption with the date of initial application of 1 April 2019. Under this method, the standard is applied retrospectively with the cumulative effect of initially applying the standard recognised at the date of initial application. The Company elected to use the transition practical expedient to not reassess whether a contract is or contains a lease at 1 April 2019. Instead, the Company applied the standard only to contracts that were previously identified as leases applying Ind AS 17 and Appendix C to Ind AS 17 at the date of initial application.

For any new contracts entered into on or after 1 April 2019, the Company considers whether a contract is, or contains a lease. A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'. To apply this definition the Company assesses whether the contract meets three key evaluations which are whether:

- the contract contains an identified asset, which is either explicitly identified in the contract or implicitly specified by being identified at the time the asset is made available to the Company,
- the Company has the right to obtain substantially all of the economic benefits from use of the identified asset throughout the period of use, considering its rights within the defined scope of the contract the Company has the right to direct the use of the identified asset throughout the period of use.

The Company assess whether it has the right to direct 'how and for what purpose' the asset is used throughout the period of use.

At lease commencement date, the Company recognises a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Company, an estimate of any costs to dismantle and remove the asset at the end of the lease, and any lease payments made in advance of the lease commencement date (net of any incentives received).

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

At the commencement date, the Company measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Company's incremental borrowing rate.

Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero.

The Company has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in profit or loss on a straight-line basis over the lease term.

Determining the lease term of contracts with renewal and termination options where Company is lessee - The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination.

Classification of leases – The Company enters into leasing arrangements for various assets. The classification of the leasing arrangement as a finance lease or operating lease is based on an assessment of several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to purchase and estimated certainty of exercise of such option, proportion of lease term to the asset's economic life, proportion of present value of minimum lease payments to fair value of leased asset and extent of specialized nature of the leased asset.

Company as a lessor

Finance leases

Leases which effectively transfer to the lessee substantially all the risks and benefits incidental to ownership of the leased item are classified and accounted for as finance lease. Lease rental receipts are apportioned between the finance income and capital repayment based on the implicit rate of return. Contingent rents are recognised as revenue in the period in which they are earned.

Operating leases

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. The respective leased assets are included in the balance sheet based on their nature. Rental income is recognized on straightline basis over the lease term except where scheduled increase in rent compensates the Company with expected inflationary costs.

Such lease is classified as operating lease, and as such the revenue is recognized on straight line basis. Considering that the capacity charges per unit is higher in the initial years, there is a negative charge to Statement of Profit and loss account of straightlining.

g) Impairment of non-financial assets

At each reporting date, the Company assesses whether there is any indication based on internal/ external factors, that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. All assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist. An impairment loss is reversed if the asset's or cash-generating unit's recoverable amount exceeds its carrying amount.

h) Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, unless the financial instrument is designated to be measured at fair value through profit or loss (FVPL) or fair value through other comprehensive income (FVOCI).

Financial assets

Subsequent measurement

- i. Financial assets at amortised cost – the financial assets are measured at the amortised cost if both the following conditions are met:
 - The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

Standalone Notes Part of the Financial Statements (Contd.)

of RattanIndia Power Limited for the year ended 31 March 2020
(All amount in ₹ Lakhs, unless otherwise stated)

RattanIndia

- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. All other debt instruments are measured at FVOCI or FVTPL based on Company's business model. All investments in mutual funds in scope of Ind-AS 109 are measured at FVTPL.

De-recognition of financial assets

A financial asset is primarily de-recognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Financial liabilities

Subsequent measurement

Subsequent to initial recognition, these liabilities are measured at amortised cost using the effective interest method. These liabilities include borrowings and deposits.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Derivative contracts

A derivative contract is recognised as an asset or a liability on the commitment date. Outstanding derivative contracts as at reporting date are fair valued and recognised as financial asset/ financial liability, with the resultant gain/ (loss) being recognised in statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

i) Investments in subsidiaries

The Company has accounted for its investments in subsidiaries at cost in its standalone financial statements in accordance with Ind AS- 27, Standalone Financial Statements.

Profit/ loss on sale of investments is recognised on the date of the transaction of sale and is computed with reference to the original cost of the investment sold.

j) Impairment of financial assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive. When estimating the cash flows, the Company considers –

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables

The Company applies approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of receivables.

Standalone Notes Part of the Financial Statements (Contd.)

of RattanIndia Power Limited for the year ended 31 March 2020
(All amount in ₹ Lakhs, unless otherwise stated)

Other financial assets

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition and if credit risk has increased significantly, life time impairment loss is provided, otherwise provides for 12 month expected credit losses.

k) Inventories

Inventories are valued at the lower of cost derived on weighted average basis and the net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to the point of consumption, including octroi and other levies, transit insurance and receiving charges.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and estimated necessary costs to make the sale.

l) Income taxes

Tax expense recognised in statement of profit and loss comprises the sum of deferred tax and current tax not recognised in OCI or directly in equity.

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961 and in the overseas branches/ companies as per the respective tax laws. Current income tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss in OCI or equity depending upon the treatment of underlying item.

Deferred income taxes are calculated using the liability method. Deferred tax liabilities are generally recognised in full for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss, unused tax credits or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss in OCI or equity depending upon the treatment of underlying item.

m) Cash and cash equivalents

Cash and cash equivalents comprise Cash on hand, demand deposits with banks/ corporations and short-term highly liquid investments (original maturity less than 3 months) that are readily convertible into known amount of cash and are subject to an insignificant risk of change in value.

n) Foreign currency translations

In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency are recognised at the rate of exchange prevailing at the date of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in profit and loss in the period in which they arise.

o) Post-employment, long-term and short-term employee benefits

Defined contribution plans

The Company makes contribution to the statutory provident fund in accordance with the Employees Provident Fund and Miscellaneous Provision Act, 1952 which is a defined contribution plan and contribution paid or payable is recognised as an expense in the period in which the services are rendered.

Defined benefit plans

Gratuity is in the nature of a defined benefit plan. The liability recognised in the standalone financial statements in respect of gratuity is the present value of the defined benefit obligation at the reporting date together with adjustments

RattanIndia

for unrecognised actuarial gains or losses and past service costs. The defined benefit obligation is calculated at or near the reporting date by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the statement of OCI in the year in which such gains or losses are determined.

Other employee benefits

Liability in respect of compensated absences becoming due or expected to be availed within one year from the balance sheet date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees. Liability in respect of compensated absences becoming due or expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are charged to statement of profit and loss in the year in which such gains or losses are determined.

Short-term employee benefits

Expense in respect of other short term benefits is recognised on the basis of the amount paid or payable for the period during which services are rendered by the employee.

p) Share based payments

The Company has formulated Employee Stock Option Schemes (ESOS) and Employee Stock Purchase Schemes (ESOP) in accordance with the SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and are in compliance with the said guidelines and SEBI (Share Based Employee Benefits) Regulation, 2014. The Schemes provide for grant of options to employees of the Company and its subsidiaries to acquire equity shares of the Company that vest in a graded manner and that are to be exercised within a specified period.

Employee stock Purchase plan (ESOP)

The fair value of options granted under Employee Stock Option Plan is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in statement of profit and loss, with a corresponding adjustment to equity.

q) Provisions, contingent assets and contingent liabilities

Provisions are recognized only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company, or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognised. However, when inflow of economic benefit is probable, related asset is disclosed.

q) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

r) **Significant management judgement in applying accounting policies and estimation uncertainty**

The preparation of the Company's standalone financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the related disclosures.

Significant management judgements

The following are significant management judgements in applying the accounting policies of the Company that have the most significant effect on the standalone financial statements –

Determining whether an arrangement contains a lease – Whether an arrangement contains a lease depends on whether purchaser will take more than an insignificant amount of the output or other utility that will be produced or generated by the asset during the term of the arrangement.

Recognition of deferred tax assets – The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilized. In addition, significant judgement is required in assessing the impact of any legal or economic limits or uncertainties under the relevant tax jurisdiction (see note 9).

Evaluation of indicators for impairment of assets – The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

Classification of leases – The Company enters into leasing arrangements for various assets. The classification of the leasing arrangement as a finance lease or operating lease is based on an assessment of several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to purchase and estimated certainty of exercise of such option, proportion of lease term to the asset's economic life, proportion of present value of minimum lease payments to fair value of leased asset and extent of specialized nature of the leased asset.

Recoverability of advances/ receivables – At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding receivables and advances.

Defined benefit obligation (DBO) – Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, medical cost trends, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurements – Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

Provisions – At each balance sheet date on the basis of the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions. However the actual future outcome may be different from this judgement.

Significant estimates

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be different.

Classification of leases – The classification of the leasing arrangement as a finance lease or operating lease requires several estimates like present value of unguaranteed residual value and present value of minimum lease payments.

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is

Standalone Notes Part of the Financial Statements (Contd.)

of RattanIndia Power Limited for the year ended 31 March 2020
(All amount in ₹ Lakhs, unless otherwise stated)

RattanIndia

based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. These estimates are most relevant to goodwill and other intangibles with indefinite useful lives recognised by the Company.

Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Useful lives of depreciable/ amortisable assets

Management reviews its estimate of the useful lives of depreciable/ amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of certain software, customer relationships, IT equipment and other plant and equipment.

Contract asset is the right to consideration in exchange for goods or services transferred to the customer. Contract liability is the entity's obligation to transfer goods or services to a customer for which the entity has received consideration from the customer in advance. Contract assets are transferred to receivables when the rights become unconditional and contract liabilities are recognized as and when the performance obligation is satisfied.

There are no contract assets and the contract liabilities during the year (31 March 2019: Nil), therefore disclosure regarding significant changes in contract assets and contract liabilities is not given.

32 Details of contingent liabilities, pending litigations and other matters:

A. Contingent Liabilities of pending litigations not provided for in respect of:

- The Water Resource Department ('WRD' or "Respondent") vide their letter dated 29 January 2013 raised a demand of ₹ 23,218 lakhs on Company for payment of irrigation restoration charges @ ₹ 1 lakh per hectare as per Government Resolution (GR) dated 6 March 2009 instead of ₹ 0.50 lakh per hectare as provided in circular from Water Resources Department, Government of Maharashtra dated 21 February 2004. The Company had paid ₹ 11,657 lakhs (@ ₹ 0.50 lakh per hectare) and filed a Writ Petition with the Hon'ble Bombay High Court on 13 February 2013 challenging the validity of demand so raised by WRD. The Mumbai bench of Hon'ble Bombay High Court vide its Order dated 3 August 2015 transferred the matter to the Nagpur Bench. The Nagpur bench vide its order dated 5 May 2016 has partly allowed the petition and declared that demand at revised rate i.e. as per GR dated 6 March 2009 from the petitioner is illegal and unsustainable. As per Nagpur Bench order, the rate prescribed in the GR dated 6 March 2009 is applicable prospectively from 1 April 2009 and is not applicable in case of the Company to whom water allocation was finalized on 12 December 2007.

Pursuant to this, Maharashtra State Government filed a Special Leave Petition ("SPL") before the Hon'ble Supreme Court of India. The Hon'ble Court after hearing parties granted time to the Company to file its Counter Affidavit. The Company is ready with its reply which will be filed on or before next date of hearing. The Pecuniary risk in the matter cannot be quantified. Company is confident that the matter will be disposed off in their favour.

- During the year ended 2010-11, the Company entered into a contract with Bharat Heavy Electrical Limited ('BHEL') for erection and supply of certain material for phase II of its power project at Amravati. Subsequent to this contract, BHEL supplied certain materials which were not warranted at that time and there were various communication made by the

Standalone Notes Part of the Financial Statements (Contd.)

of RattanIndia Power Limited for the year ended 31 March 2020

(All amount in ₹ Lakhs, unless otherwise stated)

Company with BHEL to take off these materials from the site. Against this, BHEL initiated arbitration proceeding against the Company, alleging the payment outstanding against the Company in respect of the materials so supplied by them. The Hon'ble High Court also disposed off the petition upon the instruction to the parties that petition before Hon'ble High Court be treated as an application under Section 17 of the Arbitration and Conciliation Act, 1996 before the Arbitral Tribunal. Subsequent to this, BHEL filed the following applications on 14 April 2016 with Arbitral Tribunal:

1. Application under Section 17 of the Arbitration and Conciliation Act, 1996 seeking an interim prayer of release of bank guarantees.
2. Application seeking amendment of the Claim petition.
3. Application under Section 31(6) of the Arbitration and Conciliation Act, 1996 seeking an interim award on the basis of admissions.

On BHEL's application for seeking interim award based on admissions, the tribunal has heard the arguments of both BHEL and the Company and the tribunal has passed an interim award of Rs 11,500 lakh against the Company vide its order dated 27 July 2017. The matter is now at the stage of recording of cross-examination on the witnesses whose affidavits have been filed. Further dates of hearing is 18 September 2020.

A Petition has also been filed by BHEL praying the Hon'ble High Court to issue warrants of attachment/ or auction sale of immovable and movable assets of the Company for realizing the amount payable/due as per the Interim award dated 27 July 2017. The matter is now listed for proceedings. The next date of hearing in the matter is 18 August 2020. The pecuniary risk in the matter cannot be quantified.

The Company filed an appeal against the said interim award on 16 October 2017 before the Hon'ble High Court. The matter is now listed for proceedings, the next date of hearing in the matter is 18 August 2020. The pecuniary risk involved in the present case cannot be quantified. Company is confident that the matter will be disposed off in their favour.

- 3 The Company had developed a railway line track and constructed a boundary wall around the railway yard and power plant at Amravati on the land allotted to the Company by MIDC. In this respect, Mr. Keshav Puranlal Bunde and others ('Plaintiffs') alleged that the approach road to their land has been obstructed and they are unable to access their land for cultivation. A suit for seeking declaration/ injunction for right of way was been filed before the Civil Judge, Senior Division, Amravati by the Plaintiffs against the Company during the year 2015-16. The Company denied the allegations in its written statement and is contesting the suit and the Hon'ble Court also declined the prayer of the Plaintiffs for grant of temporary injunction.

The Plaintiffs then filed a civil appeal with regard to this matter against the Court's order of declining the prayer of the Plaintiffs for grant of temporary injunction. The matter is now listed for bringing on record the legal heirs of Keshav Puranlal Bunde due to the demise of Keshav Puranlal Bunde. The matter is listed for filing of amended plaint. The next date of hearing in the matter is 03 September 2020. The pecuniary risk involved in the present case cannot be quantified. Further, based on legal appraisal, the management believes that no liability will devolve on the Company.

- 4 The Company is using various Microsoft programs/ softwares. During the year ended 31 March 2015, Microsoft Corporation alleged that there is shortfall in the entitled software licenses being used by the Company in its offices and thus the Company has infringed copyright in the Microsoft program/software titles. A suit has been filed by Microsoft Corporation before Hon'ble High Court of Delhi on 18 December 2015 against the Company praying for permanent injunction against the Company and further prayed for rendition of accounts of profits and for damages. The matter is currently listed for evidence of the parties before the Ld. Joint Registrar. The next date of hearing in the matter is 08 July, 2020. The pecuniary risk involved in the present case cannot be quantified. Further, based on legal appraisal, the management believes that no liability will devolve on the Company.
- 5 A vendor had done work for supply, plantation and maintenance of 100,000 trees at the Company's power plant pursuant to work order dated 25 May 2012. The Company terminated the contract vide letter dated 6 February 2014 due to unsatisfactory performance and also claimed liquidated damages from the vendor. On termination of contract by the Company, vendor alleged that the contract was wrongly terminated by the Company, only to avoid outstanding payment. The vendor has filed an Civil Suit on 03 December 2015 before Civil Judge Senior Division, Amravati claiming ₹ 116.25 Lakhs and court fees of ₹ 1.54 Lakhs against the work done. The Company has filed an application under section 8 of the Arbitration and conciliation Act for the dismissal of the suit. The matter is now listed for for orders on the application for misjoinder of party. The next date of hearing in the matter is 15 September 2020. The pecuniary risk involved in the present case cannot be quantified. Based on the legal appraisal of the case, Company is confident that the matter will be disposed off in their favour.

- 6 During the year ended 2015-16, Tahsildar of Amravati vide its order dated 24 February 2016 directed the Company to deposit the amount of ₹ 400 lakhs towards the payment of royalty for using the minor minerals excavated during the construction of the power plant of the Company and utilized in the embankment work of railway line on the plot of MIDC allotted to the Company. The Company has filed a writ petition before the Nagpur bench of Hon'ble Bombay High Court against the order passed by Tahsildar. The Hon'ble Court vide its Order dated 15 December 2016 has issued a stay in the matter. The pecuniary risk involved in the present case cannot be quantified. Further, based on legal appraisal, the management believes that no liability will devolve on the Company.
- 7 Becquerel Industries Private Limited has filed a suit for recovery of ₹ 20.73 lakhs against M/s Preeti Engineering before Civil Court at Nagpur on 15 April 2015 alleging that their dues are pending against M/s Preeti Engineering to whom the Non-Distractive Testing work had been sublet by M/s Brothers Engineering. The work to M/s Brothers Engineering was been sublet by BHEL to whom contract was awarded by the Company. The summons were serviced to M/s Preeti Engineering, M/s Brothers Engineering, BHEL and the Company. The Company has filed its reply and the matter is now listed for summons. The next date of hearing in the matter is 06 October 2020. The pecuniary risk involved in the present case cannot be quantified. Further, based on legal appraisal, the management believes that no liability will devolve on the Company.
- 8 A Suo Moto Public Interest Litigation ('PIL') has been registered before Hon'ble Bombay High Court on 27 August 2014 with regard to the occupation hazards of the employees working in various thermal power plants stations in the country. The Company (due to its plant at Amravati) has been made a party in the said PIL. The Company has filed its reply before Bombay High Court. One of the parties (Respondent) has filed an Application for Intervention. The matter is listed for hearing in respect to the Application for Intervention along with the PIL. In respect of the other claims, the Company believes, these claims do not constitute material litigation matters and with its meritorious defenses, the ultimate disposition in these matters will not have material adverse effect on these financial statements.

C. Other pending litigations as on 31 March 2020 are:

- 1 The Company is supplying power to Maharashtra State Electricity Distribution Company Limited (MSDCL) based on two power purchase agreements (PPAs) for supply of 1200 MW (450 MW + 750 MW respectively) of power for the period of 25 years. The PPAs were executed based on the fuel supply agreement (FSA) which provided that domestic coal linkages would be available to meet the fuel requirements. However, adequate coal supply was not made available which adversely impacted cost as Company had to source fuel from alternate sources to meet the shortfall of coal supplied under FSA with coal supplier. The Cabinet Committee of Economic Affairs (CCEA) approved mechanism where after Ministry of Coal amended the National Coal Distribution Policy (NCDP) and communicated its decision to allow pass through of the incremental cost of procuring coal from alternative sources to meet the shortfall in supply of domestic coal under coal linkage.

The Company filed a petition before Maharashtra Electricity Regulatory Commission ('MERC' or 'the Commission') in year 2013 for realizing the shortfall in supply under NCDP. MERC vide its Order on 15 July 2014 laid down methodology to recover compensatory fuel charges and vide Order dated 20 August 2014.

On 28 August 2014, the Company filed a review petition before MERC against the Orders dated 15 July 2014 as well as Order dated 20 August 2014 and MSEDCL further filed review petition against the Orders of MERC dated 20 August 2014. The review petition filed by MSEDCL got dismissed vide Order dated 16 July 2015 and the review petition filed by the Company also got dismissed vide Order 30 October 2015. As at the balance sheet date, the Company has accounted such claim in the books of accounts aggregating to ₹ 28,658.80 lakh and related late payment surcharge thereon.

The Company then filed appeals before Appellate Tribunal for Electricity (APTEL) against Orders dated 15 July 2014, 20 August 2014 and 30 October 2015. The said appeals were disposed off by the Hon'ble Tribunal on 4 May 2017, remanding

the matters to the Maharashtra Electricity Regulation Commission ('MERC') for fresh adjudication in the light of the direction of the Hon'ble Supreme Court in case of Energy Watchdog and Ors. v/s CERC and Ors. Dated 11 April 2017. MERC heard the matter on 15 November 2017 and reserved its Order. On 3 April 2018, MERC has passed the said Order, whereby MERC principally held that the Company is entitled to compensation and a methodology to recover compensatory fuel charges has been laid down. The Company filed an appeal before the Hon'ble APTEL vide appeal no. 264 of 2018 against the Ld. MERC order dated 03 April 2018, as in its view, the order passed by MERC is not fully on the principle of "restoration of the affected party to the same economic position as if the change in law event didn't occur". The appeal is admitted by APTEL. Matter is part heard and listed for arguments on next hearing date, for which date is awaited.

- 2 There has been an increase in cost of power generation owing to increase in various statutory taxes, duties, levies, cess, surcharge etc. Based on various judgements from CERC involving similar situations, management has concluded that these charges are recoverable from MSEDCL under "Change in Law" clause of PPA and during the year the Company has recorded revenue of ₹ 296.15 lakhs (31 March 2019: ₹ 189.39 lakhs). The Company filed a petition with MERC on 15 June 2016 claiming approval of additional components of costs under change in law. MERC had issued order dated 5 April 2018 in this respect. Company has filed an appeal vide Appeal No. 263 of 2018 against the order dated 05 April 2018 before the Hon'ble Appellate Tribunal for Electricity ("APTEL") on 06 June 2018. Appeal is admitted by the Hon'ble APTEL. Pleadings are completed in the said appeal and listed for final arguments. The next date of hearing in the matter is to be intimated.
- 3 The Company has taken large risk insurance policy no 500300/11/406/00000170 was for the period 01 June 2014 to 31 May 2015 for business interruption. The generator of unit -2 was damaged on 30 October 2014 and complaint informed to office of public insurance (OPI) of the damaged on 31 October 2014. During the period November 2014 to December 2017 surveyor kept delaying the claim by asking for irrelevant document and information, despite complete cooperation by the company. On date 15/02/2018 OPI repudiated the company claim, through a detail letter dated 11 June 2018, the complainant strongly protested to OPI against the wrongful repudiation of its claim but no avail.

A complaint has been filed dated 04 October 2018 by RattanIndia Power Limited against United India Insurance Company Limited & another before National Consumer Disputes Redressal Commission praying that-

1. The OPI be held deficient in providing services to the RattanIndia Power Limited and the repudiation of the claim under Large Risk Insurance Policy No. 500300/11/14/06/00000170 is without any basis and is invalid.
2. The claim amount of along with Interest from 30 October 2014 to be paid to RattanIndia Power Limited, and RattanIndia Power Limited should also be compensated for harassment and mental agony by the OPI as well as for the litigation costs.

The matter is listed for completion of pleadings. The next date of hearing in the matter is 22 September 2020. The pecuniary risk involved in the present case cannot be quantified.

- 4 The Company operates a 1350 MW (5x270 MW) coal based power plant located at Nandgaonpeth, Amravati district in the state of Maharashtra, at the time of commissioning the performance guarantee test conducted by BHEL noted that the maximum generation at rated capacity was upto 277.8MW (in non VWO mode), which corresponds to ex-bus capacity upto 252 MW. This was further corroborated by the CPRI report. In view of above company requested MSLDC to increase the ex-bus export capacity for all five unit from 252MW to 258 MW, However MSLDC rejected company's request, Accordingly the Company has filed petition vide Case No. 59 of 2018 before the Ld. Maharashtra Electricity Regulatory Commission ("Ld. MERC") under Sections 32, 33 And 86 Of The Electricity Act, 2003 read with the Maharashtra Electricity Regulatory Commission (State Grid Code) Regulations, 2006. The matter was heard by MERC on 3 October 2018 and has reserved its order. The Ld. MERC has dismissed the Case No. 59 of 2018 vide Order dated 23 October 2018. RPL has preferred an appeal against the impugned order of the Ld. MERC before the Hon'ble Appellate Tribunal of Electricity vide Appeal No. 35 of 2019. Appeal has been admitted by the Hon'ble APTEL and pleadings have to be completed. Subsequently, RPL has filed application for seeking directions against BHEL for conducting Performance Test. The Hon'ble Tribunal vide order dated 18.12.2019 directed BHEL to give test report. However, BHEL has filed review petition against the said order vide DFR 57 of 2020. The matters are listed for further consideration, the next date of hearing is to be intimated.
- 5 Due to low despatch of power schedule by MSEDCL, SECL has imposed penalty on account of non-procurement of minimum quantity of fuel by Company under the FSA. The Company has filed a petition vide Case No. 146 of 2018 the Ld. Maharashtra Electricity Regulatory Commission ("Ld. MERC") under Section 86 of the Electricity Act, 2003 seeking compensation from MSEDCL for penalty of ₹ 3,976.79 lakhs in accordance with Clause 4.5 of Schedule 4 of the PPA

The actuarial valuation in respect of commitments and expenses relating to unfunded gratuity and compensated absences are based on the following assumptions which if changed, would affect the commitment's size, funding requirements and expenses:

(a) Economic Assumptions

Particulars	31 March 2020	31 March 2019
Discount rate	6.80%	7.65%
Expected rate of salary increase	5.00%	5.00%

(b) Demographic Assumptions

Particulars	31 March 2020	31 March 2019
Retirement Age	60 Years	60 Years
Mortality Table	IALM (2012 - 14)	IALM (2006 - 08)
Ages	Withdrawal Rate (%)	Withdrawal Rate (%)
Upto 30 Years	3	3
From 31 to 44 Years	2	2
Above 44 Years	1	1

The employer's best estimate of contributions expected to be paid during the annual period beginning after the balance sheet date, towards gratuity and compensated absences is ₹ 127.01 lakhs (31 March 2019: ₹ 110.83 lakhs) and ₹ 56.86 lakhs (31 March 2019: ₹ 43.45 lakhs) respectively.

(c) Sensitivity analysis of defined benefit obligation

(Amount in ₹ Lakhs)

Particulars	31 March 2020	31 March 2019
a) Impact of the change in discount rate		
i) Impact due to increase of 0.50% (31 March 2019: 0.50%)	(40.01)	(27.88)
ii) Impact due to decrease of 0.50% (31 March 2019: 0.50%)	43.91	30.74
b) Impact of the change in salary increase		
i) Impact due to increase of 0.50% (31 March 2019: 0.50%)	45.08	32.41
ii) Impact due to decrease of 0.50% (31 March 2019: 0.50%)	(42.31)	(28.78)

Sensitivities due to mortality & withdrawals are not material & hence impact of change not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

(d) Maturity profile of defined benefit obligation

(Amount in ₹ Lakhs)

Particulars	31 March 2020	31 March 2019
Less than 1 year	162.87	130.85
Year 1 to 5	92.66	86.95
More than 5 years	646.65	603.62

37 Earnings/ (loss) per equity share (EPS):

The basic earnings per equity share is computed by dividing the net profit/ loss after tax attributable to equity shareholders for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share is computed by dividing the profit/ loss after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per equity share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion

to equity shares would decrease the net profit per equity share from continuing ordinary operations or increase the net loss per equity share. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits/ reverse share splits, bonus shares and share warrants and the potential dilutive effect of Employee Stock Options Plans, as appropriate.

39 Financial instruments

i) Fair values hierarchy

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

ii) Financial assets and liabilities measured at fair value - recurring fair value measurements

ii) Risk Management

The Company is exposed to various risks in relation to financial instruments. The Company's financial assets and liabilities by category are summarised in note 40(i). The main types of risks are market risk, credit risk and liquidity risk. The most significant financial risks to which the Company is exposed are described below:

The Company's risk management is carried out by a central finance department (of the Company) under direction of the Board of Directors. The Board of Directors provides principles for overall risk management, and covering specific areas, such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity.

A) Credit risk

Credit risk is the risk that a counterparty fails to discharge an obligation to the Company. Credit risk arises from cash and cash equivalents, trade receivables, investments carried at amortised cost and deposits with banks and financial institutions. The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at 31 March, as summarised below:

(Amount in ₹ Lakhs)

Particulars	31 March 2020	31 March 2019
Loans (i)	22,908.90	17,359.25
Trade receivables (ii)	153,522.30	123,307.42
Cash and cash equivalents (iii)	6,332.05	2,109.41
Other bank balances (iii)	6,150.50	4,360.17
Other financial assets (i)	14,499.62	17,527.88

The Company continuously monitors defaults of customers and other counterparties, and incorporates this information into its credit risk controls. The Company's policy is to deal only with creditworthy counterparties.

The Company's management considers that all of the above financial assets are not impaired and/ or past due for each of the above assets reporting dates under review are of good credit quality.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an on-going basis throughout each reporting period. In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 30 days past due. A default on a financial asset is when the counterparty fails to make contractual payments when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

- (i) The Company's management considers assets other than trade receivables, which are 30 days past due and analyses facts and circumstances surrounding each such defaults separately. If the facts indicate a probability of loss of value, the asset's then expected cash flows are plotted in an present value based impairment model to determine the amount of impairment loss. Amounts are written off only in the following circumstances: a) no probable legal recourse is available for recovery, b) the counterparty is bankrupt, c) the cost of recovery is more than the amount or d) after all possible efforts the Company is unable to recover amounts after a period of 3 years.

Similarly, substantial part of Company's financial assets, other than trade receivables are recoverable from

Standalone Notes Part of the Financial Statements (Contd.)

of RattanIndia Power Limited for the year ended 31 March 2020

(All amount in ₹ Lakhs, unless otherwise stated)

Company's subsidiaries, which the management of the Company believes are not credit impaired and there are no 12 month expected credit losses that are required to be recognised.

- (ii) The Company has no such assets where credit losses have been recognised as none of the assets are credit impaired. Company's trade receivables are only with a single, government owned counterparty and are to be recovered under the power purchase agreement. Therefore, these trade receivables are considered high quality and accordingly no life time expected credit losses are recognised on such receivables based on simplified approach. Any provisions against such receivables are for liquidated damages and not related to credit worthiness of the counterparty.
- (iii) The credit risk for cash and cash equivalents and other bank balances is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates.

Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all non-derivative financial liabilities.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

C) Market Risk

a) Foreign currency risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US Dollar. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the Company's functional currency.

Foreign currency risk exposure:

The Company's exposure to foreign currency risk at the end of the reporting years is Nil.

Sensitivity

The sensitivity of profit or loss and equity to changes in the exchange rates arises mainly from foreign currency denominated financial instruments and the sensitivity risk at the end of the reporting years is Nil.

b) Interest rate risk

i) Liabilities/assets

The Company's policy is to minimise interest rate cash flow risk exposures on long-term financing. At 31 March 2020, the Company is exposed to changes in market interest rates through bank borrowings at variable interest rates. The Company's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

41 Capital management

The Company's capital management objectives are

- to ensure the Company's ability to continue as a going concern
- to provide an adequate return to shareholders

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet.

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Company's various classes of debt. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

- 44 During the previous year, one of the lender of the Company adjusted ₹ 394.03 lakhs of its dues on the Company, by selling of ₹ 92.28 lakhs shares out of total invoked 300 lakhs pledged equity shares of the Company issued to RR Infralands Limited (RRIL), a Company having significant influence. To replenish it, 'IPL-PPSL scheme trust' transferred 75 lakhs equity shares (31 March 2018: 1,000 lakhs equity shares) to RRIL, and similarly for remaining 225 lakh shares (31 March 2018: Nil), liability towards RRIL has also been recognized by the Company. Pursuant to this transaction, corpus of the 'IPL-PPSL trust' in the books of the Company is reduced by ₹ 75 lakhs being value of 75 lakhs equity shares and balance ₹ 245.24 lakhs has been credited to Capital Reserve.

45 Exceptional Items include:

- a) During the year, Binding Settlement Proposal was approved by the competent authorities of all the lenders in relation of debt availed by the Company for Phase I of the Company's Amravati power project. Pursuant to the binding settlement through a resolution plan under the Reserve Bank of India (Prudential Framework for Resolution of Stressed Assets) Directions 2019, the Company has paid ₹ 5,000 lakhs upfront towards repayment of existing facilities and issued certain securities including 805,724,169 equity shares of face value ₹ 10 each, 250,000,000 redeemable preference shares of face value ₹ 10 each and 37,69,20,000 optionally convertible cumulative redeemable preference shares of face value ₹ 10 each. The settlement amount from issue of these securities amounts to ₹ 74,616.72 lakhs to existing lenders towards reduction of part of the total debt (including interest) of ₹ 864,947.80 lakhs and remaining debt of ₹ 785,331.08 lakhs was assigned in favor of Aditya Birla ARC Limited (ABARC), an incoming investor by existing lenders. Subsequently, all existing lenders of the Company's Phase I Amravati power project have issued 'No Dues Letter' to the Holding Company. Gain of ₹ 5,593.45 lakhs on account of modification in terms of new securities issued is recorded as exceptional item in the Statement of Profit & Loss.

'By issue of equity shares of face value of ₹ 80,572.42 lakhs, the existing lenders settled dues of ₹ 11,924.72 lakhs and the differential ₹ 68,647.70 lakhs are adjusted with balance of securities premium on other equity.

Further, the Company issued 805,724,169 equity shares of ₹ 10 each amounting to ₹ 80,572.42 lakhs to ABARC. The fair value of equity shares issued is ₹ 15,308.76 lakhs and thus balancing amount of ₹ 65,263.66 lakhs is adjusted in retained earnings. The remaining debt of ₹ 704,758.66 lakhs has been reconstituted as:

- Facilities A amount of ₹ 266,500.00 lakhs, Facility A1 of ₹ 33,446.00 lakhs, Facility B of ₹ 66,550.00 lakhs and Facility C of ₹ 45,000.00 lakhs as facilities having terms and conditions set out under agreement with ABARC;
- ₹ 127,815.00 lakhs as assignment of debt to RR Infralands Private Limited ("Sponsor" / "RRIL"),
- ABARC has waived off balance unsustainable debt portion of ₹ 165,447.66 lakhs which is recorded as exceptional item in Statement of Profit & Loss.

Also, gain of ₹ 112,619.10 lakhs on account of modification in terms of new facilities and equity shares issued is recorded as exceptional item in "Statement of Profit & Loss.

Standalone Notes Part of the Financial Statements (Contd.)

of RattanIndia Power Limited for the year ended 31 March 2020
(All amount in ₹ Lakhs, unless otherwise stated)

Subsequent to assignment of debt from ABARC, the terms of total dues amounting to ₹ 225,572.42 lakhs has been reconstituted as

- (i) issued of 805,724,169 Compulsory Convertible Debentures (CCDs) of ₹ 80,572.42 lakhs convertible into equivalent numbers of equity shares, and
 - (ii) ₹ 145,000 lakhs of Inter-corporate deposits having terms and conditions set out in the agreement which include ₹ existing exposure of ₹ 17,185 lakhs. "The gain amounting to ₹ 27,261.87 lakhs on account of modification in terms of intercorporate deposit forming part of debt assigned by ABARC is recognised as exceptional item in Statement of Profit & Loss and gain amounting to ₹ 3,679.80 lakhs on existing exposure is adjusted with retained earnings as being debt waived by an existing shareholder. Also, the fair value of CCD issued to RRIL amounts to ₹ 15,308.76 lakhs and thus the balance amount of ₹ 65,263.66 lakhs is adjusted in retained earnings. Post restructuring, 375,400,000 CCDs are converted into equivalent number of equity shares of face value of ₹ 10 and therefore, corresponding fair value impact of ₹ 30,407.40 lakhs is adjusted with retained earnings.
- b) During the year, the Company has settled dues with IDBI Bank and ICICI Bank under one-time settlement and resultant gain of ₹ 10,476.43 lakhs is recorded as exceptional item in standalone statement of profit & loss account.
 - c) The Company has incurred ₹ 54,657.35 Lakhs for development of Phase II of Amaravati Project. Post restructuring of Lending facility, the Company has considered not to construct the Phase II and accordingly, after considering the realizable value net of expected cost for dismantling the phase II, the Company had recognized impairment loss amounting to ₹ 54,657.35 lakhs against Capital work-in-progress. This has been recorded as exceptional item in Statement of Profit & Loss.

During the previous year, the exceptional items primarily included, as per the re-assessment done by the management, an amount of ₹ 233,505.32 lakhs as provided on account of impairment of investments in /amount receivable from wholly owned subsidiaries and certain other receivable which are uncertain on their recoverability. The exceptional items also include, as per the re-assessment done by the management, an amount of ₹ 225.54 lakhs as written off on account of certain other receivable/payables from other vendor. Such impairment loss / write off are not in ordinary course of business of the Company and hence considered as exceptional in nature.

46 The disclosure as per Regulation 34 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 related to loans and advances in the nature of loans given to subsidiaries, associates and others and investments in shares of the Company by such parties is covered in the related party disclosures. (refer note 38)

47 The Company considers its investment in subsidiaries as strategic and long term in nature and accordingly, in the view of the management, there is no impairment loss that needs to be recorded for such investments other than already recorded in these financial statements .

- 50** The Chief Operating Decision Maker ("CODM") reviews the operations at the Company level. The operations of the Company fall under "power generation and allied activities" business only, which is considered to be the only reportable segment in accordance with the provisions of Ind AS 108 – Operating Segments.

Revenue of ₹ 177,388.46 lakhs (31 March 2019 ₹ 190,926.97: lakhs) are derived from a single external customer and the Company operates in one geography.

51 Leases disclosure as lessee

The Company has entered into a Power Purchase Agreement with MSEDCCL (Lessee) for the supply of electricity for a term of 25 years, which has been considered as an embedded lease arrangement for the Company's power plant. Such lease is classified as operating lease, and as such the revenue is recognized on straight line basis. Considering that the capacity charges per unit is higher in the initial years, there is a negative impact to P&L on account of straight lining. Accordingly, capacity charges charged by the Company are treated as lease rentals. The minimum lease payments under non-cancellable operating leases to be charged by the Company are as follows:

(Amount in ₹ Lakhs)

Minimum lease rentals receivables	31 March 2020	31 March 2019
Within one year	69,247.80	98,556.48
One to five years	277,180.92	277,180.92

Standalone Notes Part of the Financial Statements (Contd.)

of RattanIndia Power Limited for the year ended 31 March 2020
(All amount in ₹ Lakhs, unless otherwise stated)

Lease liabilities are presented in the statement of financial position as follows:

(Amount in ₹ Lakhs)

Particulars	31-Mar-20	31-Mar-19
Current	220.31	185.97
Non-current	1,621.00	1,466.27
Total	1,841.31	1,652.24

At 31 March 2020, the Company had not committed to leases which had not commenced.

The undiscounted maturity analysis of lease liabilities at 31 March 2020 is as follows:

(Amount in ₹ Lakhs)

Particulars	Less than 1 year	1-5 year	More than 5 years	Total
Lease payments	258.09	973.01	15,777.32	17,008.42
Finance charges	220.39	821.57	14,125.14	15,167.10
Net present values	37.70	151.44	1,652.18	1,841.32

The Company has elected not to recognise a lease liability for short term leases (leases of expected term of 12 months or less) or for leases of low value assets. Payments made under such leases are expensed on a straight-line basis. In addition, certain variable lease payments are not permitted to be recognised as lease liabilities and are expensed as incurred.

52 During the year, pursuant to the debt settlement scheme, the Company issued equity shares as follows:

- 805,724,169 equity shares of face value of ₹ 10 each to the existing lenders of the Company,
- 805,724,169 equity shares of face value of ₹ 10 each to the ABARC,
- 375,400,000 equity shares of face value of ₹ 10 each to RRIPL in conversion of equivalent number of 0.001% compulsorily convertible debentures (CCDs) of ₹ 10/- held by RRIPL.

In consequence of the above, the paid up equity share capital of the Company increased from ₹ 295,293.34 lakhs divided into 2,952,933,353 fully paid up equity shares of face value ₹ 10/- each, to ₹ 493,978.17 lakhs divided into 493,97,81,691 fully paid up equity shares of face value ₹ 10/- each.

- The Company has non-current investment of ₹ 43,277.11 lakhs in, and loan under non-current financial assets of ₹ 12,258.04 lakhs recoverable from Bracond Limited, a wholly-owned subsidiary of the Company. Bracond Limited had further invested in two wholly-owned subsidiaries namely Renemark Limited and Genoformus Limited who had given advances to non-related parties for business purposes. The management has undertaken assessment of recoverability and has created provision of these financial assets wherever necessary.
- In the light of the direction of the Hon'ble Supreme Court in case of Energy Watchdog dated 11 April 2017, Maharashtra Electricity Regulatory Commission (MERC) vide its order dated 3 April 2018 principally held that the Company is entitled to compensation for procurement of additional coal for fulfilling its obligations under the PPA signed with MSEDCL. MERC also provided mechanism for computation of the compensation. The Company has filed an appeal against the MERC order since the methodology passed by MERC is not fully on the principle of "restoration of the affected party to the same economic position as if the change in law event did not occur". Company is confident that, the Hon'ble Tribunal is likely to set out a mechanism for compensation restoring the Company to the same economic position as if such Change in Law has not occurred. Hence, it would not be unreasonable to expect the ultimate collection of an equivalent amount of compensation including related late payment surcharge recorded in books of account on account of aforesaid matter.
- In respect of amounts as mentioned under Section 125 of the Companies Act, 2013, there were no dues required to be credited to the Investor Education and Protection Fund as at 31 March 2020 and 31 March 2019.
- The Company has non-current investment of ₹ 15,1313 lakhs in and loans under current financial assets of ₹ 2,500 lakhs (net of provision for impairment) recoverable from, Sinnar Thermal Power Limited ('STPL'), a wholly-owned subsidiary of the Company.

STPL has incurred losses since its inception and is yet to commence operations. Subsequent to defaults in debt repayments, STPL initiated discussion with consortium of lenders for restructuring of debt under Strategic Debt Restructuring Scheme ('SDR') as per the Reserve Bank of India (RBI) guidelines. However, RBI's notification dated 12 February 2018 repealed all debt restructuring schemes (including SDR) which resultantly impacted progress made by STPL under SDR. STPL is in active discussion with lenders for successful resolution of debt. In the meanwhile, PFC (Lead lender) filed an application under IBC before NCLT Delhi on 10 September 2018 which was subsequently withdrawn on 14 May 2019.

On 30 April 2019, MSEDCL has issued letter of intent to STPL for execution of PPA of 507 MW (net capacity). STPL was required to furnish Contract Performance Guarantee (CPG) in 3 months. Lenders of STPL have also shown interest in starting operations and in granting required working capital and non-fund base facilities so as to implement aforementioned PPA with MSEDCL. Considering the effect of COVID 19, the Company was not able to furnish the requested CPG, and have requested additional time till 30 September 2020 to furnish CPG with MSEDCL.

Conditions explained above, indicate existence of uncertainties that may cast significant doubt on STPL's ability to continue as a going concern due to which STPL may not be able to realise its assets and discharge its liabilities in the normal course of business. However, on expectation of resolution of debt with lenders within the available time frame and implementation of PPA soon, management is of the view that STPL's going concern basis of accounting is appropriate and believes no additional provision for impairment is required to be created against the amount in investment and loans (net of provision for impairment).

- 57** Micro and small enterprises under the Micro, Small and Medium Enterprises Development Act, 2006 have been determined based on the information available with the Company and the required disclosures are given below:

(i) Principal amount remaining unpaid to any supplier as at the end of the accounting year;	Nil	Nil
(ii) Interest due thereon remaining unpaid to any supplier as at the end of the accounting year;	Nil	Nil
(iii) The amount of interest paid by the buyer in terms of section 16 of The Micro, Small and Medium Enterprises Development Act, 2006, along with the amount of the payment made to the supplier beyond the appointed day;	Nil	Nil
(iv) The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under The Micro, Small and Medium Enterprises Development Act, 2006;	Nil	Nil
(v) The amount of interest accrued and remaining unpaid at the end of the accounting year;	Nil	Nil
(vi) The amount of further interest remaining due and payable even in the succeeding years, until such date when interest dues above are actually paid to the small enterprise, for the purpose of disallowance of a deductible expenditure under section 23 of The Micro, Small and Medium Enterprises Development Act, 2006.	Nil	Nil

The above information and that given in Note 22 - 'Trade Payables' regarding Micro, Small and Medium Enterprises has been determined to the extent such parties have been identified on the basis of information available with the Company. This has been relied upon by the Auditors.

- 58** The SARS-CoV-2 virus (COVID-19 pandemic) continues to spread across the globe and India, which has contributed to a significant decline and volatility in global and Indian Financial Markets and a significant decrease in the economic activities. On 11 March 2020, the COVID-19 outbreaks declared as a global pandemic by the World Health Organization subsequent to which, on 24 March 2020 the Indian Government had announced a strict 21 days lockdown which was further extended by 19 days up till 3 May 2020. Subsequently, the Government has announced extension of lockdown by two weeks till 17 May 2020 and further by two weeks till 31 May 2020 and has provided guidelines for restrictions and relaxations in different zones across India subsequent to this period.

Due to outbreak of COVID-19 globally and in India, the Company made initial assessment of likely adverse impact on economic environment in general and financial risks on account of COVID-19. The Company is in the business of generation of electricity which is an essential service as emphasized by the Ministry of Power, Government of India. The availability of power plant to

generate electricity as per the demand of the customers is important. Hence, the Company has ensured the availability of its power plant to generate power. However, for the short-term period the demand of power is expected to be lower and accordingly, the Company may have lower demand than earlier periods and has to operate power plants at lower load factor. The Power Ministry has also clarified on 6 April 2020 that State Distribution Entities (Discoms) will have to comply with the obligation to pay fixed capacity charges as per PPA. This will largely mitigate the stress on cash flows, if any, during the period of COVID-19. The Company is also having sufficient stock of coal and has also tied up further supply of coal so as to maintain supply of electricity. On long term basis also, the Company does not anticipate any major challenge in meeting its financial obligations. Basis above, the management has estimated its future cash flows for the Company which indicates no major change in the financial performance as estimated prior to COVID-19 impact and hence, the Company believes that there is no impact on its ability to meeting its liabilities as and when they fall due. However, the impact assessment of COVID-19 is a continuing process given its nature and duration. The Company will continue to monitor any material changes to future economic conditions.

- 59 Revenue from operations on account of Change in Law events in terms of Power Purchase Agreements (PPA) with MSEDCL is accounted for by the Company based on the best management estimates including orders of Regulatory Authorities in some cases, which may be subject to adjustments on account of final orders of Respective Authorities.
- 60 Pursuant to the enactment of the Taxation Law (Amendment) Act 2019 ("Act") which is effective from 01 April 2019 domestic company have the option to pay the income tax at 22% plus surcharges and cess ("new tax regime") subject to certain condition. Company has decided to opt for new tax regime and file its return under section 115BAA. Accordingly, the tax liabilities for FY 2019-20 are computed based on provision of section 115BAA.
