MANAGEMENT DISCUSSION & ANALYSIS

A Overview - Financial Performance:

The standalone total income during the year shows an increase of 7.48% over the previous year, and Profit Before Tax shows an increase of 7.15% over the previous year. The consolidated income shows a marginal increase of 1.06% over the previous year, the consolidated Profit Before Tax is at 1055.30 Lacs, almost the same as last year and continues to have a healthy EBITDA margin of 26.22%.

B Industry Structure & Development:

The Company is an Investment Holding Company having investments primarily in Tamboli Castings Limited (TCL), the wholly owned subsidiary of the Company and financial instruments. The Company's subsidiary is engaged in the manufacturing of ready to use investment castings of high complexity and fully machined components. The profitability of the Company is linked to the performance of the said investments.

As conveyed last year, the Company's subsidiary has made a small progress via Government's "Make in India" initiative and received its first orders from Public Sector Undertakings. Additionally it has also received its first order for supply of investment castings to the Indian Defense Sector. The Company's subsidiary continues to supply majority of its products to its reputed customers in Europe and U.S.A and continues its efforts to cater to segments like Aerospace and Defense in India. The Company and its subsidiary have successfully implemented systems under the new tax regime viz. GST.

C Opportunities, Risks, Threats and Concerns:

The performance of the Company, at present, is linked to the performance of its Wholly Owned Subsidiary viz., Tamboi Castings Limited (TCL) and financial investments. The Company's subsidiary continues to supply high quality products to its existing customers, few of which are world leaders in their respective segments.

Opportunity for TCL is seen in supply volume increase to its existing customers and by adding more clientele in the domestic markets.

Global uncertainty, trade wars and political developments are the risk factors for the subsidiary's export market and may impact its top line.

East Asian countries continue to give fierce competition on the pricing front. Appreciation of INR against EURO and USD from these levels, may impact the subsidiary company's profitability margin.

D Outlook:

The outlook of the Company's subsidiary viz. TCL for the coming year is dependent on the growth in volumes of supplies to the existing export customers and progress in the new domestic sectors.

E Internal Control Systems and Their Adequacy:

The company has a system of internal Control which is reviewed by the Management. The Management evaluates the functioning and quality of the internal controls and provides assurance through periodical reporting. The Management reviews the Internal Audit Reports and the adequacy of internal control on regular basis which is also minimizing any possible risk in the operations of the company.

F Human Resources:

The Human relations continue to be cordial and productive during the year.

G Cautionary Statement:

Statement in the Management discussion and analysis describing the Company's objectives, projections, estimates, expectations may be "forward looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include, among others, economic conditions affecting demand/supply and price conditions in the domestic and overseas markets, change in the Government regulations, Tax Laws and other statutes and incidental factors.

ANNEXURE-B TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)
We have audited the internal financial controls over financial reporting of Tamboli Capital Limited ("the Company") as of 31st March, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that -

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that -

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary company which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
