ANNEXURE A

MANAGEMENT DISCUSSION AND ANALYSIS REPORT 2015-16

During the year under review, the Company has no operations but has only one investment in Innovassynth Technologies (India) Limited (ITIL). Hence the Management Discussion and Analysis Report of ITIL shall be treated as the Management Discussion and Analysis Report of Innovassynth Investments Limited.

The Management Discussion and Analysis Report of ITIL as follows:

1. INDUSTRY STRUCTURE AND DEVELOPMENTS:

The Company is knowledge-based, chemical service company and it works in the following business segments –

Pharma intermediates,

DNA related building blocks,

Protected amino acid derivatives,

Perfumery and fragrance chemicals, and

Nutraceuticals.

The key business areas are customs synthesis, contract research and contract & toll manufacturing of specialty chemicals and working in diversified areas.

As a result of several years of hard work, there are several exclusive products in companies fold in the area of novel catalyst for polymerization process and intermediate to new drug developments which are already in phase III.

The company is working in the leading edge technologies in bio-tech area, supplying the building blocks for DNA and RNA to leading drug-discovery companies, Pharma companies in the world having several molecules in different clinical phases of clinical trials. The Company has developed hundreds of molecules for several of its internationally well known clients. Last eight years of hard work and presentation of company's technical capabilities have resulted in well known chemical and pharma MNCs accepting Company's status as a quality Research & Development company especially in several new areas.

The Company manufactures various products specifically as per the orders received from its customers. This year the company has also improved in various toll manufacturing projects to supply bulk chemical intermediates for local customers with their partnership.

The largest Contract Manufacturing the Company has with BASF is going in a very positive direction and the capacity has been increased by 25% in this year.

2. OPPORTUNITIES AND THREATS:

The Company has been recognized Internationally as one of the few companies in development and manufacture of nucleosides and amidites. This breakthrough opens up vast opportunities for the Company in this area. With the established rapport, the Company is able to collaborate with international drug Discovery Company to develop and scale up new molecules for drug delivery applications. There are several Pharma MNCs worldwide which are actively engaged in developing new drugs based on DNA analysis, Stem cell research etc. The progress of various modified nucleosides and phosphoramidites as therapeutic agents in different clinical stages has increased the product demand. The requirement for nucleosides and amidites used in manufacturing of oligonucleotides for different types for research as well as diagnostic

purpose offers unlimited opportunities. The Company is already in the supply chain of some of the large R& D and Pharma companies who are using the Company's products for their research. Some of the drugs developed by them are showing good results in the advanced stage of Clinical trials and once these are successful, the Company hopes to get multi ton orders from these companies for its products.

3. OUTLOOK:

The company has established many products in the area of Pharma Intermediates, specialty chemicals, etc. where it is one of the few companies worldwide having the right technology to produce these products. It has also kept its ties with the old customers, who are buying products for last several years. It has also added a few customers to its list and have started supplying some high end chemicals.

The company has established very firmly in the area of genome- based therapeutics as reliable supplier of various key intermediates for various drugs which are in pipe line. The company has emerged as a preferred supplier for regular amidites as well as wide variety of modified amidites used for development of several therapeutic applications. Also many drug discovery companies with exclusive therapeutic technologies (for example, siRNA, Antisense, MicroRNA, Aptamers, etc) are working in collaboration with us to optimize their technology and scale up to multi kilo scale level for supplying them the intermediates on a regular basis.

The company has added a few new customers in its fold, who are working in the new technology area. Our products have been well-accepted by these customers and are looking forward to increasing the quantum.

With many new molecules developed for next generation technologies working with world leading companies, the company is suitably poised to take those products to larger scales and become their strategic partner and reliable supplier.

4. RISK & CONCERNS:

As the Company is involved in research and development of new molecules and products there are possibilities of delay in its client's commercializing their development. Many of the clients who are carrying out clinical trials for drugs for which the Company has supplied the raw materials, are in advanced stage of trials. Once these trials are completed successfully and they commercialize the same, the Company can look forward to an exponential growth in the business as the requirement for the intermediates it supplies will also go up. There are possibilities that the client may not succeed in their development of their final products.

In view of several new products being developed simultaneously, it would be difficult to assess the capacity utilization which depends on the product mix. The company, however, attaches priority to high contribution products to improve its profitability.

The Company also depends for its growth on its vast skilled scientists and chemists whose continuance in service is a critical factor in spite of the high recurring and retention cost. The Company also increases the repertoire of areas (for example, developing skill set for producing useful molecules for drug delivery), so that new business avenues could be explored

Keeping in view the available infrastructure, the company has started working with a big Indian chemical Company for tolling business for a few of its niche products. This is also likely to generate substantial business for helping the company going forward.

5. INTERNAL CONTROL SYSTEMS AND ADEQUACY:

The Company has adequate internal control systems commensurate with its size and nature of operations. The Audit Committee set up by the Board reviews periodically the internal audit reports submitted by the internal auditors. The Management periodically interacts with the internal and statutory auditors and implement the suggestions make by them from time to time.

AUDITOR'S CERTIFICATE ON CORPORATE GOVERNANCE

To The Members of
Innovassynth Investments Limited

We have examined the compliance of conditions of corporate governance by Innovassynth Investments Limited ("the Company") for the year ended 31st March 2016, as stipulated in Clause 49 of the listing agreement of the Company with relevant stock exchanges for the period April 1, 2015 to November 30, 2015 and as per Regulations 17 to 27, clauses (b) to (i) of sub-regulation (2) of regulation 46 and paragraphs C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations 2015 for the period December 1, 2015 to March 31, 2016.

The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to a review of the procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us and the representations made by the Management except In the Audit Committee meeting held on 29/05/2015 only one independent Director was present instead of two.

we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Clause 49 of the listing agreement and Regulations 17 to 27, clauses (b) to (i) of sub-regulation (2) of regulation 46 and paragraphs C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations 2015, as applicable.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Independent Auditor's Report

To the Members of Innovassynth Investments Limited, Report on the Financial Statements

We have audited the accompanying financial statements of Innovassynth Investments Limited ('the Company') which comprise the Balance Sheet as at 31st March 2016, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in sub-section (5) of Section 134 of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Accounting Standards specified under section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing specified under sub-section (10) of section 143 of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2016, of its loss and its cash flows for the year ended on that date.
