Dear Sir/Madam,

Sub: Disclosure under Regulation 30, and Regulation 34 (1) and other applicable regulations, if any, of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the “Listing Regulations”)

Re: 25th AGM Notice and Annual Report of Muthoot Finance Limited for the FY 2021-22

The 25th Annual General Meeting (AGM) of the members of the Company will be held on Wednesday, August 31, 2022 at 3:30 PM. (IST) through Video Conferencing (“VC”) / Other Audio Visual Means (“OAVM”) without the physical presence of the members in accordance with the applicable provisions of Companies Act, 2013, and the Listing Regulations.

We herewith enclose a copy of the Notice of the AGM including instructions for e-voting and the Annual Report for the FY 2021-22, which are being sent to the members of the Company in electronic mode.

In accordance with the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended from time to time, and Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard on General Meetings (SS-2) issued by the Institute of Company Secretaries of India, the Company is pleased to provide e-voting facility to the Members to cast their vote electronically on all resolutions as outlined in the Notice convening the AGM. Members may cast their votes remotely, using an electronic voting system (remote e-voting), which shall be available during the following voting period:

<table>
<thead>
<tr>
<th>Commencement of remote e-voting</th>
<th>Sunday, August 28, 2022 (9:00 A.M. IST)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Conclusion of remote e-voting</td>
<td>Tuesday, August 30, 2022 (5:00 P.M. IST)</td>
</tr>
</tbody>
</table>

Remote e-voting will not be allowed beyond the aforesaid date and time and the said facility shall be forthwith disabled by CDSL upon expiry of the aforesaid period.

The Cut-off date for determining the eligibility of Members entitled to vote at the AGM is Wednesday, August 24, 2022.
The voting rights of members shall be in the proportion to the shares held by them in the paid-up equity share capital of the Company as on the Cut-off date. Any person, who is a member of the Company as on the Cut-off date is eligible to cast vote electronically on all the resolutions outlined in the Notice of the AGM.

The Members who have cast their vote by remote e-voting prior to the AGM may also attend/ participate in the AGM through VC/ OAVM but shall not be entitled to cast their vote again.

The Notice of the AGM and the Annual Report for the FY 2021-22 is also available on the Company’s website at https://www.muthootfinance.com

Request you to kindly take on record the information.

Thank You,

For Muthoot Finance Limited

Rajesh A

ANNUAL REPORT
2021-2022

INVOLVED.
INCLUSIVE.
INNOVATIVE.
Our founder, Late Shri M. George Muthoot, envisioned the prospects of gold loan in India long back in 1939. His business insight and vision helped transform India's gold loan business. Guided by his values, we have strengthened our reputation over the years and established ourselves as a trusted pan-India brand.

Our visionary chairman Late Shri. M.G.George Muthoot was instrumental in making Muthoot Finance a Pan India Company and largest gold loan NBFC in India. Under his strategic leadership, the Muthoot group grew into a multi dimensional business behemoth from 31 branches in 4 states in 1979 to 4600+ branches across the country in 2021.

Forward-looking statement
This report and other statements – written and oral – that we periodically make, may contain forward-looking statements that set out anticipated results based on the management’s plans and assumptions. We have tried wherever possible to identify such statements by using words such as ‘anticipate’, ‘estimate’, ‘expects’, ‘projects’, ‘intends’, ‘plans’, ‘believes’, and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.
The general consensus around the definition of a successful business is:

| The business must generate good revenues. | The business must generate attractive profits. | The business must deliver robust returns to its shareholders. |

At Muthoot, we believe a business has to go beyond these ‘musts’. Since our inception, we have been clear about one thing: our sole goal was to bring about a transformative change in the lives of the people.

Starting from our customers, who were overlooked and did not have access to any formal line of credit, to the marginalised sections of the society who had been deprived of the basic necessities because of their economic status.

From the beginning itself, every business strategy that we have devised has been centred around the words: involvement, inclusion and innovation.

With regards to our business, we are the pioneers of gold loan business in the country. Over the years, we have been able to instil confidence among the people belonging to the lower rung of society that if no one else, Muthoot Finance is there for them. As a result, we have been able to eliminate the stigma surrounding the deposit of gold as collateral for loans. We are in the constant process of innovation to ensure that we are able to provide our customers a diversified set of offerings and a seamless and unmatched experience.

Our idea of inclusion is not restricted to just our customers who had no access to credit previously - it goes way beyond that. At Muthoot, we believe that our growth as a company is redundant if it does not translate into the upliftment of communities. For us, corporate social responsibility has never been a statutory obligation. Every year, we place immense focus to strategise how we could direct our initiatives in a way that brings forth a significant change in the lives of people. As a result of our concerted efforts, we have been recognised nationally on numerous occasions as one of the most responsible organisations.
CORPORATE IDENTITY

Promoting financial inclusion since inception

We were founded by Shri Ninan Mathai Muthoot in 1887 as a modest trading business and embarked upon the gold loan business in 1939 by his son Shri. M George Muthoot. Since then, the Muthoot Group has been able to establish itself as a major conglomerate promoting financial inclusion.

Today, we are India’s largest and most trusted gold loan company and have completely revolutionised India’s gold loan segment. Our primary goal has always been to cater to individuals who possess gold jewellery but do not have access to formal credit within a reasonable time, or for whom credit may not be available at all. As a result of our concerted efforts to serve the underserved and unserved, we have been able to empower millions of people across different strata of our society.

Core values

We take pride in our strong foundation. Our values reflect a culture of trust which is built on the following pillars:

**Ethics**
Our primary aim is to put the needs of the customer first. We strive to provide them with the best quality of service under the Muthoot Brand umbrella and we do it with a smile.

**Values**
Accountability for all our operations and services and towards the society makes us a socially responsible and intelligent corporate citizen. Our empire has grown in leaps and bounds on the basis of our values. The times may change, but our values will remain unchanged.

**Reliability**
With an unblemished track record throughout the markets we serve, and across national as well as global boundaries, Muthoot Finance values its commitment to customer service.

**Dependability**
We do not judge ourselves by the profits we make but by the trust and confidence that people have shown in us for the past 135 years. Millions of people have turned to us for help in their hour of need because of this guiding principle of ours.

**Trustworthiness**
We pledge loyalty in our operations, fairness in our dealings and openness in our practices. At Muthoot Finance, we embrace policies and practices that fortify trust.

**Integrity**
This value is innate to a corruption-free atmosphere and an open work culture. We, at Muthoot Finance, therefore cultivate transparency as a work ethic.

**Goodwill**
Muthoot Finance serves millions of customers across the country. We serve over 2,00,000 customers each day. With an unmatched goodwill, the Company shoulders the responsibility of providing its customers with services of the highest quality.

Dear Shareholders,

I hope that this finds you well and your loved ones are safe and in good health.

I want to begin by extending my heartfelt gratitude towards the medical fraternity and governments across nations for their contribution and resilience during the Covid-19 pandemic. A multitude of initiatives were undertaken by the governments towards the disaster management and addressing the economic disruptions. The timely rollout of vaccinations, stringent measures to curb the spread of the virus and effective medical recourses offered to patients have helped the world in gradually coming close to normalcy.

The last two years were probably the most challenging in history as the eruption of the pandemic brought about a set of completely unprecedented challenges. It is fair to say that none of the economies across the globe were immune to the disruptions it brought forth, including India.

However, I am pleased to say that I am extremely optimistic about the fact that the worst is behind us now. India demonstrated remarkable resilience, validated by the fact that it grew by 8.9% during CY2021, the fastest among major global economies. This was only made possible due to the wide-scare vaccination campaign across the country, easing of Covid restrictions in a phased manner, and proactive policy response from the Government of Indian and Reserve Bank of India (RBI).

“Our goal is to blur the line between physical and digital through the integration of technology to ensure we are able to create a contactless and seamless ecosystem.

George Jacob Muthoot
Chairman & Whole Time Director
Attractive opportunity at hand
We are of the belief that we are truly at an inflection point now. Gold demand had been growing consistently over the last decade till the outbreak of the pandemic which severely muted consumer sentiments. However, we have been noticing a gradual recovery in gold demand across the world, amidst the soaring inflation rates across major economies. A challenging period like this poses the question, ‘What is the safest investment option?’

The answer is simple: Gold.

With uncertainties looming large, especially the ongoing geo-political and impending economic crisis, investors are viewing the purchase of gold as a safe-haven asset.

In India, gold has always held a central role in our culture and is often considered a symbol for wealth and status, notably more among the rural population and people belonging to the lower-income groups in the cities. The effects of the pandemic-induced challenges trickled down the most to the lower-income households, MSMEs and SMEs. These individuals ended up resorting to gold loan to mitigate their financial exigencies. So even during this challenging period, we witnessed a considerable demand.

We do not expect the RBI policy benchmark rate hikes to dampen the overall demand scenario and feel that this growth will be sustained over the foreseeable future as gold loans are an easily accessible medium of relief during this period of uncertainty.

Our goal moving forward would be to ensure that we are constantly innovating to be attractively placed for capitalising on these opportunities.

Our performance
Despite the emergence of unprecedented headwinds, we continued on our trajectory of delivering consistent performance. During the year under review, our gross loan assets under management increased to ₹580,532 million, compared to ₹526,223 million in the previous year, recording an increase of 10%. We have noticed a significant increase in our average ticket size from ₹61,743 to ₹68,739, validating the growth momentum in the economy. Our gold loan portfolio increased by ~1% and reached ₹575,313 million during the year under review.

Our total revenue during the year increased by ~5% to reach ₹110,984 million compared to ₹105,744 million in the previous year, whereas our profit after tax reached ₹39,543 million, compared to ₹37,222 million in the previous year, an increase of ~6%. We feel these numbers demonstrate the resilience imbibed within the organisation, considering the culmination of headwinds that we had to endure during the year.

We have been growing consistently over the years as a company and I am pleased to say, as a result of our concerted efforts over the years, we have been able to reach a net worth of ₹183,445 million and achieve an Earnings per Share of ₹98.55 as on 31st March, 2022.
Looking back at the performance of our subsidiaries

Muthoot Homefin (India) Limited, our housing finance subsidiary, recorded revenues of ₹2,137 million compared to ₹2,446 million in the previous year, while profit after tax declined from ₹126 million in FY21 to ₹84 million in the year under review. We have been conservative in the housing loan business amidst the pandemic headwinds and with the uptick in the economy, our housing loan disbursements picked up in Q4 FY22.

Belstar Microfinance Limited, our microfinance arm, performed significantly well as it recorded revenues of ₹7,824 million, compared to ₹5,532 million in the previous year, an increase of ~41%, while recording a profit after tax of ₹451 million.

Asset Asia Finance PLC, our Sri Lankan subsidiary, recorded revenues of LKR 3,181 million, compared to LKR 2,952 million in the previous year, an increase of ~8%. Its profit after tax stood at LKR 118 million, compared to LKR 45 million, a significant increase of 162%.

Muthoot Money Limited, which is primarily engaged in extending loans for vehicles, registered revenue of ₹456 million compared to ₹697 million in the previous year. We incurred a loss of ₹66 million during the year compared to a profit of ₹37 million in the previous year. Due to the pandemic and consequent lockdowns, we have been selective in vehicle loan business and reported improved loan disbursements in Q4 FY22.

Muthoot Insurance Brokers Private Limited, registered a premium collection of ₹4,793 million, compared to ₹4,055 million in the previous year an increase of ~18%. Similarly, our number of policies issued also increased from 3.2 million to 3.6 million.

Enhancing value for our shareholders

Our responsibility towards our valued shareholders, who have placed their trust in the Company, has always been of paramount importance to your Board of Directors. Your support and encouragement are critical to your company's success. The Board and the executive leadership recognise their responsibility towards delivering value for your investment in us. I feel privileged to report that your Board has paid a 200% dividend on the face value of the shares, involving a payout of ₹8,027 million.

Technology

This is a new India and we are fully aware that the modern Indian is impatient, and needs access to solutions at their fingertips. Aware of this reality, we are moving forward with a digital blueprint. Our goal is to blur the line between physical and digital through the integration of technology to ensure that we are able to create a contactless and seamless ecosystem.

In line with this, we launched Loan@Home in 2020 and witnessed increased business volumes in the year under review. For years, borrowers would have to physically come to our branches, deposit their gold and get their loans. Our Loan@Home facility completely changes that convention. Under this offering, customers can avail loans from the comfort of their homes. This has been made possible due to the embrace of digital architecture with an open mindset.

At Muthoot, we are changing the way we have been functioning internally and replacing the manual with digital, and integrating automation across all our business verticals. This digital-first approach will not
only help us improve efficiencies, but completely transform the customer experience. We have introduced a series of mobile applications – from lead creation, loan repayment to, loan top-up, customer onboarding, customer engagement, collections and so on. In addition to this, we are using WhatsApp for customer alerts and systems integration for smoother KYC procedures. We are also leveraging the power of ‘artificial intelligence’ to strengthen our surveillance and security system.

We will also continue to further strengthen our IT governance and information security system across the organisation in line with the RBI Master Direction for IT Framework in NBFCs. We possess a dedicated team of software engineers, who have been engaged in designing, building and supporting all strategic software solutions to meet the ever-changing needs of the business. We truly believe that this digital mindset of ours will extend to all our concerned stakeholders and enhance value for them.

**Being a responsible organisation**

I can assure that anyone who has been associated with the organisation can vouch that for us, generating profits is not our sole motive, but doing it in a way that brings about a transformation in people’s lives. For years, we have been working extensively towards the upliftment of the marginalised communities in our society. We placed great focus in the areas of education, healthcare, societal development and women empowerment, among others. During the year as well, we continued to identify areas where we could intervene and bring about a change for the better. As a result of our concerted focus on community upliftment, we were awarded the ‘Golden Peacock’ award by the Institute of Director’s for the best CSR practices in the category on financial services for FY21-22.

**Looking forward to what lays ahead**

I want to thank each and every stakeholder for their continued support for all these years. We would not have reached where we are today if not for the undeterred grit and determination demonstrated by every single employee associated with the Company. I want to invite all the shareholders on this exciting journey of Muthoot, where we intend to transform the lives of millions across the country.

George Jacob Muthoot
Chairman & Whole Time Director

Golden opportunity at hand

The last couple of years have been extremely unpredictable for economies across the globe due to the eruption of the Covid 19 pandemic. The pandemic-induced challenges, coupled with the instabilities arising out of the geo political crisis, has resulted in significant increase in prices of key commodities resulting in soaring inflation. The uptick in gold demand and consumption could be attributable to investors resorting to purchase of gold as a safer option in this unpredictable scenario.

Global gold demand

Global gold demand had registered consistent growth over the decades till it was halted by the outbreak of the pandemic and the demand remained subdued for some time on account increased gold prices as well as uncertainty in income generation. However, the wide-scale vaccination across the globe, coupled with the substantial fiscal support from governments has resulted in the gradual improvement of the economic activity and corresponding income generation. The global gold demand during the year reached 4,021 tonnes, after recording a 10-year record high growth in the fourth quarter of CY 2021 (Source: Gold Org). Demand for gold in consumer-driven jewellery and technology sectors recovered significantly during the year, in line with the economic growth and sentiment. The purchase of gold by central banks in 2021 also outpaced the previous year. Investment demand was mixed in an environment of opposing forces: high inflation competed with rising yields for investors’ attention.

The soaring inflation rates across the world have resulted in investors to resort to the purchase of gold as a safe-haven asset on the back of other investment vehicles plummeting. With uncertainty surrounding the geo-political crisis, it is expected that investors will continue to explore gold purchase as a viable option during these uncertain times.
Gold demand in India

India is one of the largest markets for gold in the world. India’s total gold consumption increased to 797.3 tonnes in 2021, an increase of 78.6% over 444.6 tonnes in 2020 (source: IBEF), due to the recovery of consumer sentiment and pent-up demand on account of the improving Covid-19 situation. This growth was propelled by the increased jewellery demand during the year under review, which increased to 610.9 tonnes, compared to 315.9 tonnes in previous year (Source: Economic Times), an increase of a staggering 93%. Gold jewellery demand grew by ~2x, reaching a six-year high in the process. The increase in demand was fuelled by the wedding and festival season, thereby asserting the importance of gold and its deep-rooted socio-economic footprint in household finance.

The pandemic brought about its own set of challenges and affected almost everyone, especially the people belonging to the lower-income groups. During this crisis period, low-income households, unbanked customers, MSMEs and SMEs resorted to gold loan for meeting their exigencies. Thus, the demand for gold loans has been strong even in these trying times, and we expect the momentum to continue as businesses start to revive, alongside the gradual healing of the economy.

Our response

Over the years, we have been able to solidify our position as largest gold loan company in the country and have established a significant brand recall. In lieu of the emerging trends, we have always diversified our offerings and have gone beyond home loans to insurance, housing, retail financing and microfinancing among others that ensure our profitability across economic cycles.

Customer-centricity is the focal point of our entire business model. We are leveraging technology and digital adoption to cater to all needs of our customers at a faster pace across the country. Our focus on customer satisfaction has enabled us to become the preferred choice of millions across the country.

What sets us apart

- Trusted Brand
- Diversified offerings
- Customer-centricity
- Competitive interest rates
- Wide footprint
- Technology and innovation
Diversifying our growth

Muthoot Finance

We are India’s largest gold loan company in terms of loan portfolio and have always focused on providing financial services to the unserved or underserved sections of the society. We lend against security of ‘Household Used Gold Ornaments’ (HUGO) and do not deal in gold bullion. We endeavour to understand the specific requirements of individuals to be able to make funds available to them with alacrity. We provide free insured locker for the gold pledged; and the lending rates and other loan charges are intimated to each customer upfront to maintain transparency and ensure their complete understanding. We do not have any hidden charges or additional fees other than those specified. We also offer services like online gold loan, loan withdrawals, loan renewals, interest payments and loan repayments via our mobile app, iMuthoot, as well as the Muthoot online platform.

TECHNOLOGY

Always innovating to grow and provide better services

We are the undisputed pioneers and market leaders in the gold loan business. In line with the digital and technological waves sweeping across the country, we have been taking significant strides to enhance productivity and provide our customers a hassle-free experience.

Gold Unlocker

We introduced Gold Unlocker, an intuitive product that enables our customers to carry out all e-commerce transactions or even ATM cash withdrawals through plastic cards.

Online gold verification

Ensuring the security of our customers’ gold is our biggest priority. Our online Gold verification module enables quicker customer disposals and ensures customers get the true value for their security collateral. The online gold verification modules also helps our audit team to carry out cross verification and assessments of collaterals more securely and accurately.

Strengthening API framework

Application Programming Interface (API) allows seamless and secure exchange of information between our various internal and external systems. We have developed an in-house framework to strengthen the security-interfaced API, to ensure the data security and integrity. In addition to this, we have also strengthened security standards with additional encryption methodologies and Json web token. Our ready-to-use API stack significantly enhanced efficiencies and easiness to multiple interfaces with external applications in a reliable and secure manner.

KYC data refinement and customer data protection

We are constantly in the process of strengthening our applications to improve customer data and privacy. To ensure genuineness and authenticity of customer bank accounts, we have added multiple bank account verification channels, Digital KYC verification interfaces and customer biometric authentication.

Robotic Process Automation and Artificial Intelligence

We closely monitor technological advancements and implement them to ensure seamlessness in our operations. The Introduction of RPA (Robotic Process Automations) in the areas of bank reconciliation, payment gateway reconciliation and digital transaction reconciliation significantly streamlines the manual reconciliation process. We are also leveraging artificial intelligence to ensure the reduction of fraudulent biometrics. We are constantly in the process of improving our AI capabilities and models to ensure better accuracy.

Core Business Solutions (CBS) enhancements

Our core platform enhancements keep the availability, reliability and adaptability without losing the integrity of the application.

During the year we have enhanced the following.

• Product and network security
• API platform for easy and quick integration with third-party applications
• Digital repayment ecosystem by adapting different channels
• Moved to digital pledge forms to reaffirm our save environment policy
• Different business intelligent dashboards and MIS reports for quick and easy decision making
• Integration capabilities for the OTC (Over the Counter) products
• ICRP – Integrated Customer Retention ship programme for improving customer service
• Exclusive application for managing the take overs of loans seamlessly
• Loan at Home customer mobile applications, agent mobile application and branch modules for hassle-free loans for our customers from their home.
Mobile applications

iMuthoot - Android & iOS

We revamped our iMuthoot mobile app version 3.0 - ‘One App for All Loan Application & Repayment’ and provides the customers with the option to request for Gold loan, Home Loan, Personal Loan and Vehicle Loan, among others, from the comfort of their own homes. This enhanced version of the mobile application is a stepping stone to provide an enriched omni-channel experience to our customers. The users of the iMuthoot mobile App are offered significant convenience of interoperability of all their digital transactions without having to visit the branch.

Some of these services include:

- Repayment of Gold Loans, Home Loan, Personal Loan, Vehicle Loan with just one app
- Gold loan top-up and renewal without stepping out of home
- Making quick payments without any registration
- Assured security with Biometric Authentication Methods
- Intuitive loan calculator
- Easy link up of bank account and PAN
- Booking an appointment
- Payment of utility bills

Collection Mobile Applications for all verticals

This mobile-based collection of applications offers a robust tool for tracking and collecting Loan EMI’s from customers’ doorstep and maintaining records on a real-time basis. This significantly benefits the organisation as we can optimally utilise the resources, bringing about an improvement in the overall debt recovery and brings complete transparency in the process. The EMI collection solution has an inbuilt module for an agent onboarding, agent management, collection dashboards and tracking of agents and their activities.
**TECHNOLOGY**

**Click-to-call**
This is an enterprise mobile application for Muthoot Finance Branch employees to contact customers and conduct follow-ups for various campaigns. This application enables the branch users to track the customer interactions and allows regular follow up of various campaigns / initiatives. The application ensures data security by enabling call masking for both customers and employees.

**Field verification**
An internal mobility app solely for the employees of Muthoot Finance for submitting FVR (Field Verification Report). FVR App will equip Muthoot Finance branch staff to submit on premises verification reports of customers real-time through mobility devices. This empowers credit management division with the requisite transparency to refine portfolio strength of the customers.

**SalesNext**
This mobile application enables us to strengthen our marketing initiatives by allowing lead creation on the spot and works as a standalone system and acts as an extended arm of our centralised CRM application.

**Muthoot Online**
The Online payment system is an extension portal of Muthoot Core Banking System that can act independently as an online payment module as well. It is a dynamic, independent delivery channel which can be plugged into any Core Banking System.

This responsive web application for desktop, laptops, mobiles and tablets facilitates customers to make online repayments of loan. This online payment system enables easy payment of interest and principal with multiple options for payment such as debit card, direct debit through online banking, prepaid cards, mobile wallets, and other payment interfaces.

Using this portal, customers can make online repayments of their loans, make deposit booking, make fund transfers, statement print, tax payment, bill payment, etc. Unregistered customers also can transact through a quick payment option on the app. With this, user can repay loan amount directly (without logging in) by entering the gold loan number and the amount to be repaid.
Security and surveillance systems

Smart eye
We had designed and developed a security and surveillance software application named ‘SmartEye’ for Video Surveillance Systems and Health Monitoring Systems. This uses Artificial Intelligence (AI) and Machine Learning (ML) for movement detection, people counting, and other features, improving security across the board. In our south zone, the ‘SmartEye’ application is currently installed and operational, resulting in better efficiency.

Loan@Home application for Customers and Agents
The Loan@Home is an app-based digital service, through which any customer can apply for a gold loan through the ‘Loan@Home’ mobile application or web portal. As soon as the inquiry is verified and accepted, an agent gets assigned instantly. An appointment is made for the visit by Muthoot Finance agent to visit the customer’s home. The customer can get a gold loan from the comfort of their home without having to visit the branch at any stage of the procedure. Using loan at home application, an agent can perform loan initiation till the disbursement of the loan by sitting at customer premises.
BRANDING

Enhancing our brand recall

We have always held the belief that the more people identify with our brand, the more it helps us deliver our services to the underserved sections of the society. We, therefore, proactively focus on marketing and branding initiatives to powerfully communicate our services and enhance brand recall.

FY 2021-22 was no different from previous years in terms of how priorities were identified and marketing-cum-branding initiatives were created for greater brand visibility and engagement.
Metro Station branding

We renewed our semi-naming rights at Nandanam Metro Station and Greater Kailash Metro Station with the Chennai Metro Rail and Delhi Rail Corporation, respectively. These partnerships enabled us to enhance our brand visibility in the key locations of these two cities, thereby, enhancing the visibility of our Group’s impeccable corporate credentials, key products, and services offerings such as our widespread branch network, diversified business divisions and our loan at home facility.

Sunheri Soch Season 2

Heartened with the success of Muthoot Finance Sunheri Soch, Season 1, we created a Season 2 - a compilation of five inspiring real-life stories of common men and women, who were able to bring about a stark difference in their lives after availing a gold loan from Muthoot Finance. These individuals, who often came from humble backgrounds, were able to transform their lives, become self-reliant and run successful businesses after attaining timely interventions by our brand. Muthoot Finance Sunheri Soch Season 2 was centred around the theme of ‘Aatmanirbharta’ (self-reliance). The testimonial-based story-telling campaign was created to inspire millions of fellow Indians to follow the same path, while we at Muthoot Finance remain ever ready to play the role of a facilitator or catalyst in their journey.

This inspirational campaign enabled us to extend our reach deeper into mass audiences, influencing new and potential customers with our attractive and affordable schemes for our flagship Gold Loan product – disseminated through offline and online channels.

Mrs. Madhuri Dixit was featured as a storyteller or a ‘Kahanikaar’, for the first time on a radio platform. Season 2 of the Sunheri Soch campaign brought significant success as it resulted in 4x growth in terms of Gold Loan conversions as compared to Season 1. In addition to this, a significant increase in our digital visibility was also witnessed.
BRANDING

Haathi Pe Bharosa Karogey Toh Pakka Jeetoge

We launched a mega marketing campaign titled 'Haathi Pe Bharosa Karogey Toh Pakka Jeetoge!', which lifted the brand’s trust among the populace.

Shri. Amitabh Bachchan continued to be the main protagonist delivering our brand message in all the three films, which were centred on the game of chess. He is seen as a chess player who brings out an element common to our brand and the game of chess, with the rook or the elephant (also our brand emblem), playing a symbolic and defining role in winning the game. The ‘elephant’ comes across as the game-changer and is a metaphor for how an individual can win in real-life by placing his trust in the Muthoot’s Elephant, while availing a Gold Loan from Muthoot Finance.

In addition to this, it also highlighted the corporate strengths of the brand including unmatched pedigree and experience spanning across centuries, and establishing itself as India’s ‘Most Trusted Financial Services Brand’ for five years in a row. This integrated campaign had a multi-media release across television, print, outdoor, internet and point of sale, and turned out to be one of our most successful campaigns, translating into increase in gold loan conversions and visibility on digital platforms.

Loan@Home integrated marketing campaign

In order to ensure greater visibility of our Loan@Home offering, we executed an integrated marketing campaign across various mediums like TV, multiplexes, digital, outdoor and mobile applications, among others. In addition to this, we also collaborated with various aggregators to spread awareness about this offering.

As a result of a highly favourable response and positive feedback from customers, the Loan@Home service, which was initially limited to a select few cities in South India, expanded to PAN South locations and then was further expanded to cities across the country.
ESG APPROACH

Embedding ESG in everything we do

We are one of the leading financial institutions in the country and have been pioneers in many aspects over the years. ESG is also something that ranks very high on our list of priorities. As a result, we are always in process of benchmarking our environment, social and governance parameters against international standards and are taking significant strides towards improving these to ensure we are able to deliver enhanced value for all our stakeholders.

ESG approach

Employees

- We focus on employee diversity & inclusion, training and development, and employment practices
- We are a major employment creator in the country; for many of our employees, it is their first job

Financial inclusion

- Catering to the needy segment through our 4600+ branches located mostly in unbanked locations
- We serve 2 lakhs + customers every day, most of them being new to formal credit customers
- We provide credit to people who are not able to access formal credit within a reasonable time or to whom formal credit may not be available at all
- Through our products, borrowers availing loans from multiple money lenders are able to consolidate their debt with us at a reduced cost

Transparency with our stakeholders

- Our Code of Conduct ensures transparent dealings with internal and external stakeholders

Conduct and compliance

- As a listed company, we comply with the applicable provisions of the Listing Regulations, as amended with respect to Corporate Governance, including the appointment of the Independent Directors and constitution of the committees
- Our entire management is actively engaged and provides the Board of Directors with detailed reports on a timely basis for increased transparency and improved monitoring of functions
- Maximum thrust on compliance, minimum regulatory interventions
ENVIRONMENT

Moving towards greener pastures

Even though we are not involved in any manufacturing activities, we are always on the lookout for ways to minimise our carbon footprint.

Steel water bottle distribution

In line with our ideology of ‘Say NO to Plastic, Save the Environment,’ we distributed >10,000 stainless steel water bottles to the students of Government-aided Schools in South India under our Steel Water Bottle Distribution programme.

Donation of solar power

We truly believe solar power must be accessible to everyone. Not only will it go a long way to reduce our collective carbon footprint, but it is also more viable economically. In line with this we donated a 24 KVA solar panel to the National Association of Blind for the Blind in Delhi, which has enabled them to save up to ₹ 35,000 per month on electricity.

Besides this, we collaborated with the Aashayen Foundation for the donation of solar lamps to ~450 underprivileged tribal students belonging to Government schools in a bid to ensure that there is no hindrance to their education.

Inauguration of EV charging points

We believe that wide-scale adoption of EVs is inevitable to counter the impending climate change crisis. As part of our aim to promote clean and green energy, we are in the process of installing 100 EV charging points in Delhi at different residential and commercial locations. One such charging station was installed in Narmada Apartment RWA, Greater Kailash II, New Delhi.
Clean energy
The entire world is undergoing a severe climate crisis and it is imperative for every responsible organisation to ensure that they are taking adequate measures towards generating clean energy. As a result, we at Muthoot Finance, are operating three windmills with an aggregate power generation capacity of 100 million units for the last 16 years in Tamil Nadu.

Power consumption
For the past few years, we have been placing great focus on reducing the power consumption in all our branches. We have replaced CFL bulbs with LEDs in nearly 1830 branches, which has resulted in significant savings in power consumption. We plan on implementing this across all our branches by the end of FY22. Besides this, we had already started replacing the tube lights in our glow-signs with LED lights since 2016; this, in turn, has enabled us to make savings in the tune of ₹700 million. We have started with installing Inverter ACs in branches under the AC Project there by decreasing the use of power compared to normal ACs.

Green funding
We always strive to ensure that we do not fund any project that will have an adverse effect on the environment. Before making any investment, we carry out a thorough background check to ensure that we play no part in increasing our carbon footprint.

Waste management
Air/Sound Pollution
We have replaced the Generator used in almost 700 Branches with inverters and batteries, thereby reducing air pollution and decreasing petrol usage. This has also substantially reduced sound pollution as well.

E Waste
We have tied up with a few vendors for collecting used printer cartridges for recycling.

Digitalisation
The company has initiated digitalisation of Documents to reduce the use of Paper.

Solid waste management
• Use of biodegradable cleaning material in all our offices.
• We are ensuring proper segregation and disposal of waste in blue, green and black disposable bags.
• Electronic wastes are disposed of through authorised personnel.
• Single use plastic water bottles are being phased out.
• Old Batteries are sold to local resellers for the reuse of batteries.

Plantation drive
We organised plantation drives in Najafgarh area of New Delhi and Maharashtra in order to increase the overall green cover. Under these, we planted ~700 saplings in these areas. Local Women SHG’s members along with Muthoot Finance members from nearby branches participated in these drives.

~700 Total saplings planted
PEOPLE

Imbibing an all-inclusive work culture

At Muthoot, we have always focused on creating a work culture that every employee is proud of. Our employees are the biggest drivers of our growth, and we place great emphasis on ensuring that we are able to create an environment devoid of prejudices that focuses on the overall development of our employees.
Muthoot Career Development Program (MCDP)

Employee development, one of our major focus areas. We encourage our employees to take up managerial positions internally through fast-tracked promotions. Our philosophy is to provide growth opportunities to our top performers who possess the potential and behavioural competencies to take up managerial roles. In addition to their development, it also enables us to place role-fit resources which exhibit our core performance values. It enables us to create a future-ready leader pool and significantly reduces the overall training turnaround time that a new joiner for the same position would otherwise need.

1,655 hours
Total training hours conducted in FY22

Rewards and recognition

We believe that in order to maintain a motivating environment, it is imperative to ensure that we reward our employees based on their efforts. We conduct daily, weekly, monthly and quarterly contests where qualifying employees are rewarded with cash, gifts or foreign trips. These employees are also applauded in the morning meetings.

Besides this, we also provide Long Service Awards to employees who have been associated with us for more than 5 years and felicitate them with a certificate as a token of appreciation. Coupled with this, we also hand out monetary rewards to employees who have been associated with us for 10 years as a token of appreciation. We also hand out Service Excellence Awards to our staff working in branches upon completion of two years with the organisation.

Comprehensive internship programmes

In order to equip fresh graduates with practical knowledge and job-specific skills, we initiated a strategically laid out 6-month training programme ‘Pathshala’, in line with the National Apprenticeship Promotion Scheme. Under this, graduates are deployed as interns for practical training purposes in the branches. Upon successful completion of the training programmes, high performing candidates are posted to branches as junior relationship executives.

Safety and well-being

At the beginning of the pandemic we undertook a slew of initiatives starting from regular sanitisation of all our branches, to ensuring social distancing measures were followed. We reimbursed a cost of ₹1,500 to all the eligible employees on completion of two doses of vaccination. We also provided financial assistance to the families of employees who succumbed to the virus in the form of a monthly fixed amount as per approved slabs for upto two years.

Diversity and inclusion

We place great emphasis on diversity and inclusion parameters and are always working towards creating a more inclusive work place. One of our major hiring policies is to ensure that we recruit local talents in all our branches, and ensuring there is no form of discretion or biasness. Over the years, we have also been able to significantly increase the share of women employees in our organisation and will continue to do so over the foreseeable future.

26,716
Total employees
Muthoot Finance. An organisation making a difference

Muthoot Finance has always been an extremely responsible and sensitive organisation.

Even though we aspire to create a more inclusive environment through timely loans to the underserved sections of the society, our overarching goal is much more than that: It is to work towards widening the prosperity cycle.

We believe that our main goal as a business is to bring about transformative changes in the lives of people we engage with.

We believe that our CSR initiatives must be aligned with national and regional priorities.

We believe that our initiatives must extend beyond just providing financial assistance and engage at a much deeper level that would have a lasting impact.

We believe we must collaborate with specialised agencies, who possess deeper terrain experience to deliver greater impact.

We believe that our initiatives must not stop and should be tracked periodically.
Golden Peacock’ award

Muthoot Finance was awarded the Golden Peacock Award for CSR for FY22 by The Institute of Director’s (I.O.D). This Golden Peacock award was given to Muthoot Finance Ltd for the best CSR practices in the category of Financial Services.
COMMUNITY

Involved with a community-driven approach

We have always been of the belief that the measure of a company’s success can never be derived from financial metrics, but rather from the impact it has on the community as a whole. At Muthoot Finance, corporate social responsibility is an important aspect of our organisation and we work tirelessly to ensure a positive impact on the communities.

₹ 811.30 million
CSR spend in FY 2021-22

Our focus areas

- Education
- Healthcare
- Distress relief measures
- Environment
- Sustainable livelihood
- Societal development

Education

We believe education is one of the biggest areas of national concern. In line with this, through the Muthoot M George Foundation, we provided scholarships to 40 talented girl students to pursue their professional education. This event was inaugurated by the CUSAT Vice Chancellor Professor (Dr) K.S. N Madhusudan. We provided scholarships in the range of ₹ 2,00,000 each for 10 MBBS students, ₹ 1,00,000 each for 10 BTech students, ₹ 1,00,000 each for 10 BSc Nursing students and ₹ 45,000 each for 10 B.Com students.

In addition to this, we also distributed educational kits free of cost to 152 children with special needs. We also undertook initiatives to promote education among slum children, under which we distributed 110 educational kits consisting of notebooks, geometry boxes, drawing books and 1lt steel water bottles.
We also donated the ‘M. G. George Muthoot Memorial Hall’ to Government High School, Thanisandra in Bangalore, Karnataka. This event was inaugurated by Shri. George M. Alexander - Deputy Managing Director, Muthoot Finance, who handed over the keys to Smt. Rajeshwari. D - Head Mistress, Government High School, Thanisandra, Bangalore. The Memorial Hall has been built as part of our pan-India CSR activities launched to honour and pay tribute to Late Shri. M. G. George Muthoot - Former Chairman of The Muthoot Group of Companies. We made an investment of around 20 lakhs and this initiative is expected to benefit >1000 students.

Healthcare

As a result of the pandemic, we placed greater focus on healthcare. During the year under review, we provided financial assistance to set up a 16-bedded Covid hospital for Kanpur Police, which ended up benefitting >10,000 people. We also introduced the Snehasaraya Mobile Medical Van during the year, which provided Covid-testing to >8,500 individuals. In addition to this, we provided a pick-up and drop facilities to >7,200 individuals for their Covid vaccination.

We also collaborated with the Rotary Club of Cochin East to renovate the Oncology Palliative Care Ward and supplied necessary medical aids to Indira Gandhi Cooperative Hospital (IGCH) in Kadavantra, Kochi. Shri. Hibi Eden, MP, Ernakulam inaugurated the renovated Oncology Palliative ward and conducted the handing over ceremony of the medical equipment along with Chief Guest - Shri. T J Vinod, MLA, Ernakulam.

In total, we supported 15 hospitals across the country with medical equipment like beds, wheelchairs and donated other essentials like face masks, hand sanitisers, gloves and face shields to >94,000 people.
COMMUNITY

Distress relief measures
We supported the Indian Food Banking Network by providing food kits, nutrition kits and drink packs to ~37,000 people. Besides this, we provided ration to many families that were uprooted due to demolition of Yamuna Bank area in New Delhi. We also collaborated with the ANAMARTIA Foundation and distributed ~7000 ready-to-eat food packets to underprivileged people. >2.67 lakh underprivileged people were supported with cooked and dry ration during the year. Besides this, we also donated ~100 dry ration kits to the underprivileged people of the society.

A Food distribution van was also donated to India Food Banking Network, which uses the van to collect near to expiry food products from different manufacturing firms and distributes it to underprivileged communities for immediate consumption in slums and Jugi Jhopdai colonies in Delhi NCR.

Supporting differently-abled people
During the year under review, we distributed wheelchairs to 104 people to support their livelihood, enhance their skill sets and promote sports among differently-abled people. We also provided fully-automated wheelchairs to 24 selected people with severe disabilities under the Muthoot Snehasancharini Project in Trivandrum.

Sustaining livelihoods
We place great emphasis on self-employment practices and sustainable livelihood. In line with this, we donated scanning machinery, raw material for papad, pickle, namkeen making & e-cart for transportation of SHG’s products to five different self-help groups (SHGs). In addition to this, we also donated tricycles and manual cycle rickshaws to the marginalised sections and migrants across Punjab and Delhi.
Societal development

We conducted our Muthoot Vivaha Kanuka programme in 2021 in Hyderabad. It is a unique programme aimed at supporting widowed mothers, to meet the matrimonial needs of their daughters and overcome financial limitations to secure their daughters future. This event took place at Best Western Ashoka, Lakdikapul, Hyderabad. Under this programme, we provided financial assistance of ₹ 1 lakh each to 9 girls from Hyderabad.

Muthoot Ashiyana Project

Under Project Ashiyana, we constructed ~200 houses for flood victims in Kerala in flood-prone locations such as Paravoor, Alwaye, Chengannur, Aranmula, Thiruvalia, Kozhencherry, Kuttanad, Kumarakom, Thodupuzha, Malappuram, Chellanam, Thrissur and Idukki.

Supporting sports

To promote sports among differently abled persons, 39 wheelchairs were provided to Wheelchair Cricket Association on 2nd Nov 2021 for their participation in national & international sports events. In addition to this, we also built a sporting complex in Dubaldhan village in Haryana to promote sports.
GOVERNANCE

Leading by example

We have a strategically sorted governance framework in place, primarily comprising our Independent Board of Directors and the constitution of the committees of the Board of Directors, as required under applicable laws. We strive to ensure that we maintain the highest levels of transparency, accountability, awareness and equity in all aspects of operations.

AWARDS AND ACCOLADES

Being recognised for our efforts

Gold Loan is Good campaign was awarded at the 8th edition of exchange4media’s Indian Marketing Awards for Best Use of TV. On behalf of The Muthoot Group, the award was received by Mr. Abhinav Iyer, General Manager- Marketing & Strategy, The Muthoot Group.

We have been ranked as India’s No. 1 Most Trusted Financial Services Brand for the year 2022, as per the TRA’s Brand Trust Report. We have received this recognition for 6 years since 2016.

We were recognised as one of the ‘Iconic Brands of India 2021’ by #ETIconicBrands.

Mr. Abhinav Iyer, General Manager- Marketing & Strategy, The Muthoot Group, was awarded at exchange4media’s Pitch Best CMO Awards 2022.
Dear Members,

Your Board of Directors is pleased to share with you the 25th Annual Report of Muthoot Finance Limited ("Company") enumerating the business performance along with the Audited Financial Statements (standalone and consolidated) for the financial year ended March 31, 2022.

2. Dividend

Your Board has declared an interim dividend at ₹ 20 per equity share (200% of face value) for the financial year 2021-22 on April 18, 2022. The dividend payout amounted to ₹ 8,026.90 million representing 20.30% of profit after tax for the year. The Board has decided to plow back the remaining profit after tax for business activities during the Financial Year.

The Dividend distribution policy in terms of Regulation 43 A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirement) Regulations, 2015 ("SEBI Listing Regulations") is available on the website of the Company at https://www.muthootfinance.com/sites/default/files/2020-08/Policy%20on%20Dividend%20Distribution.pdf. The list of unpaid dividend is available on the Company's website at https://www.muthootfinance.com/transfer-of-shares. Shareholders are requested to check the said list and if any dividend due to them is remaining unpaid in the said list. Shareholders can approach the Company or Registrar and Transfer Agent of the Company for the release of unclaimed dividends.

3. Transfer to Reserves

Your Board of Directors has transferred an amount of ₹ 7,908.62 million to the statutory reserve maintained under Section 45 IC of the Reserve Bank of India Act, 1934. Post transfer of profits to reserves, your Board proposes to retain ₹ 85,359.55 millions in the Retained Earnings.

4. Company’s Performance

During the Financial Year, Company achieved 6.24% increase in its profitability with a net profit of ₹ 39,543.04 million for the year ended March 31, 2022 as compared to ₹ 37,221.78 million for the year ended March 31, 2021. Profit before tax increased by 6.05% to ₹ 53,093.54 millions. Total Income has increased from ₹ 1,05,743.59 millions for the year ended March 31, 2021 to ₹ 1,10,983.93 millions for the year ended March 31, 2022, which is mainly due to the increase in Interest Income of the Company. Interest income of the Company increased to ₹ 1,09,560.28 millions from the previous year’s interest income of ₹ 1,03,285.29 millions.

Loan Assets Portfolio of the Company increased by ₹ 54,308.39 millions during the year reaching ₹ 5,80,531.76 millions as on March 31, 2022, as against...
₹5,26,223.37 millions as on March 31, 2021. The Return on Average Loan Asset stood at 7.24% in FY 2021-22 as against 7.99% in FY 2020-21. Interest yield was 20.06% as compared to 22.17% in FY2020-21. Net Interest Margin was 13.04 % as compared to 14.24% in FY 2020-21. The Company remitted to exchequer ₹15,547.23 millions as taxes.

5. Share Capital
During the financial year, no preferential issue of shares with differential rights as to dividend, voting as otherwise was carried out by the Company. The Company has also not carried out any buyback of its equity shares during the financial year under review.

Employee Stock Options
During the financial year, your Company allotted 1,49,410 equity shares of the face value of ₹10/- each under Muthoot ESOP 2013 pursuant to the exercise of 1,49,410 stock options at an exercise price of ₹50/- each by the employees.

The disclosures as required under Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 read with SEBI Circular CIR/CFD/POLICY CELL/2/2015 dated 16th June 2015 is attached to this report as Annexure 1 and is also available on the website of the Company at https://www.muthootfinance.com/esop-disclosure. Please refer note 46 of Notes forming part of Standalone Financial Statements for further disclosures on ESOPs. The Company does not have any scheme to fund its employees for the purchase of shares of the Company.

Your Company has received the certificate from the Secretarial Auditor of the Company certifying that the ESOP scheme is implemented in accordance with the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 and is in accordance with the resolution passed by the members of the Company. The certificate would be placed at the Annual General Meeting for inspection by members.

The Employee Stock Option Scheme is in compliance with the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 and there have been no material changes to this plan during the Financial Year 2021-22.

Investor Education and Protection Fund
During the financial year 2021-22, the Company has transferred the unclaimed dividends of ₹6,06,782 to Investor Education and Protection Fund ("IEPF"). Further, 1,185 equity shares on which the dividends were unclaimed for seven consecutive years were transferred to IEPF during the financial year 2021-22 as per the requirements of IEPF Rules.

No claim will lie on Company on account of the dividend after the dividend is transferred to IEPF.

6. Resource Mobilization
(a) Non-Convertible Debentures:
Your Company has successfully completed the 25th Issue of Non-Convertible Debentures through Public Issue during FY 2021-22 raising ₹17,000 million. The company has raised ₹15,318 millions through Private Placement of Non-Convertible Debentures during the financial year.

Subordinated Debts represent long-term source of funds for the Company and the amount outstanding as on 31st March, 2022 stood at ₹1,430.79 millions. Subordinated Debts qualify as Tier II capital under the Non-Banking Financial Company- Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016.

(b) Bank Finance
Bank Finance remains an important source of funding for your Company. Commercial Banks continued their support to your Company during Financial Year. As of 31st March, 2022, borrowings from banks stood at ₹2,73,870.92 millions as against ₹1,95,567.63 millions in the previous year.

8. **Internal Audit and Internal Financial Control**

Over the years, Company has evolved a robust, proper, and adequate internal audit system in keeping with the size of the Company and its business model. Your Company has developed well-documented internal audit and control systems for meticulous compliance from all layers of the Company. The control system ensures that the Company’s assets are safeguarded and protected. The audit system also takes care to see that revenue leakages and losses to the Company are prevented and our income streams are protected. The control system enables reliable financial reporting.

The Company has a well-structured Audit & Inspection department to perform timely and frequent internal audits to evaluate the adequacy of systems and procedures and also to evaluate the status of compliance with the Company’s guidelines and other statutory requirements. The department is manned by a team of over 1000 dedicated personnel who are constantly engaged in safeguarding your Company’s assets, ensuring the quality of assets pledged, and also evaluates the adequacy of risk management systems at its operating units. In keeping with the huge network and geographic outreach of the operating units spread across the length and breadth of the country, the audit functions have been decentralized through the setting up of Regional Audit offices in important Regional centers. The Regional Audit Offices exercise field-level control over the branches through onsite visits and online audit systems. The field-level Auditors report to Regional Audit offices who in turn share their findings with the Audit & Inspection Department at the Registered Office of the Company.

The Audit Committee of the Board of Directors is the apex Audit Authority of the Company. Under the present Audit Architecture, the Internal Audit Department reports to the Audit Committee regarding significant audit findings and also preventive and corrective measures to protect the interests of the Company. The audit committee undertakes an evaluation of the adequacy and effectiveness of internal control systems. It also oversees the implementation of audit recommendations especially involving risk management measures.

In addition to reviewing the internal control systems put in place by the Audit & Inspection Department, the Audit Committee also imparts guidance and crucial directions for the up-gradation of systems and controls on an ongoing basis.

At present, the Audit system prevalent in the Company is a completely autonomous function and built on the best corporate governance framework.

Reference is invited to Note 50 of Notes forming part of the standalone financial statements contained in the annual report regarding frauds committed by employees/customers of the Company which are dealt with according to Reserve Bank of India guidelines and are in nature of operation-related frauds due to nature of business of the Company. The company has taken or is in the process of taking disciplinary/legal action against such employees/customers.

9. **Human Resources**

As on March 31, 2022, the Company had 26,716 employees on its rolls at various levels of organizational structure. Our employees remain one of the company’s greatest assets. We at Muthoot, believe in recognizing and appreciating employees for their valuable contribution and loyalty. We offer equal opportunities to all our employees irrespective of gender to learn and grow in the organization. For the convenience of our employees and bringing new ways of working, we are promoting digitalization for our employees as well as our customers.

We at Muthoot, focus on creating a performance-focus and future-ready workplace which offers our people various opportunities to learn, grow and win together. We ensure the productivity of our people and their operational compliance through our best-in-Class learning & Development Function. The Program delivers training primarily through two channels i.e a) in-person (Classroom) & b) E-learning (Online). We use the E-learning channel to transfer microlearning units directly to people at regular intervals.
To equip the young and dynamic fresh graduates with practical knowledge and skills required in their field of work, your Company has initiated a thoughtfully designed 6 month training program called “Pathshala” in line with the National Apprenticeship Promotion Scheme. These Graduates were deployed as “Interns” for practical training purposes in the branches. Upon successful completion of the training program, Letters of proficiency are issued to them by the Company and they are posted to branches as Jr. Relationship Executive after proper assessment in each case.

At Muthoot, we encourage our employees to take up managerial positions internally through fast-track promotion. Our philosophy is to give growth opportunities to our top performers, who exhibit potential and possess the behavioral competencies to take up new challenges. This helps employees progress in their careers and take on higher roles in the organization. It enables us to place role-fit resources who exhibit our core performance values. This is a very high point to motivate employees and provide them with opportunities to aim higher and move up the ladder faster. This also ensures that we get internally trained, quality candidates who are experts in our internal processes and performance requirements and fit for promotion to the next level.

We have been going through some of the toughest challenges ever faced by humanity owing to the outbreak of Covid 19. Your Company continues to support all its employees in all possible ways and means in these tough times. To encourage vaccination among all the employees, a one-time payment of ₹ 1500/- was given to all the eligible employees on completion of 2 doses of vaccination. Awareness Campaign on COVID-19 Hygiene and Precautions was also carried out during the year. As assistance to families of employees who passed away due to Covid-19, your Company provided financial support through a monthly fixed amount to the affected families for up to 2 years.

10. Marketing & Promotion Initiatives

In partnership with such leading celebrities the Brand has launched many tailor-made marketing communications with the primary objectives of growing the Gold Loan Category as a whole and creating significant business impact to the brand in terms of new customer acquisition; besides creating substantial brand awareness and brand recall.

Few of the notable marketing initiatives undertaken by the Company during the financial year 2021-22 include:

a. **Haathi Pe Bharosa Karogey Toh Pakka Jeetogey Campaign**
   The marketing campaign titled "Haathi Pe Bharosa Karogey Toh Pakka Jeetogey!" is all about having belief and trust in the brand, which has two elephants in its logo which was anchored by the brand’s ambassador, Shri. Amitabh Bachchan;

b. **“Muthoot Finance Sunheri Soch Season-2”**
   “Muthoot Finance Sunheri Soch Season-2” (golden thoughts) is a compilation of 5 truly inspiring real-life stories of common men & women, who realized their dreams by availing a gold loan from Muthoot Finance. These are people from humble backgrounds who transformed their lives & became self-reliant & successful business persons with timely help from us.

c. **“Loan At Home” Integrated Marketing Campaign**
   The "Loan at Home" service launched in 2020, was actively supported by campaigns across media in FY 2021-22 also. After a strong “need” was established in the commercial films of Loan at Home, our brand ambassador Shri Amitabh Bachchan presented the brand message. The campaign showed the convenience and ease offered by our “Loan at Home” service, which allows our customers to avail of Gold Loan from Muthoot Finance, now from the comfort and safety of their homes.

d. **Chennai Nandanam Metro Station Branding**
   The semi-naming rights branding at Nandanam Metro Station in Chennai was renewed, extending the partnership with Chennai Metro Rail Limited. The partnership has aided us by establishing our brand presence in a key location in Chennai.

Awards & Recognitions:
During the year, your company has received the following awards and recognitions as hereunder:

a. Exchange4media Indian Marketing Awards – Gold loan is good
b. Most Trusted Financial Services Brand for the year 2022 By TRA’s Brand Trust Report 2022

<td>84.04</td>
<td>4,470.76</td>
<td>12,825.97</td>
<td>8,355.21</td>
</tr>
</tbody>
</table>

MHIL’s loan portfolio stood at ₹ 14,698.72 millions, a decrease of 14% during the year mainly on account of the cautious approach taken by the management on fresh disbursement due to uncertainties arising out of pandemic.

Total income for Financial Year 2021-22 stood at ₹ 2,136.84 millions as against previous year total income of ₹ 2,446.42 millions. It achieved a profit after tax of ₹84.04 millions in Financial Year 2021-22 as against previous year profit of ₹125.51 millions.

c. Muthoot Insurance Brokers Private Limited:
Muthoot Insurance Brokers Private Limited (MIBPL), is an unlisted Private Limited Company holding a license to act as Direct Broker from Insurance Regulatory and Development Authority of India (IRDA) since 2013. MIBPL is a Wholly-Owned Subsidiary Company of your Company. Its major financial parameters for Financial Year 2021-22 are as follows:

<table>
<thead>
<tr>
<th>Parameters</th>
<th>Total Income</th>
<th>Profit Before Tax</th>
<th>Profit After Tax</th>
<th>Equity</th>
<th>Total Assets</th>
<th>Total Outside Liabilities</th>
</tr>
</thead>
<tbody>
<tr>

18. Risk Management
The Board of Directors of the Company has formed a Risk Management Committee to frame, implement and monitor the risk management plan for the Company. The Committee is responsible for monitoring and reviewing the risk management plan and ensuring its effectiveness. The Audit Committee has additional oversight in the area of financial risks and controls. The major risks identified by the businesses and functions are systematically addressed through mitigating actions on a continuing basis. The development and implementation of risk management policy has been covered in the Management Discussion and Analysis, which forms part of this report. The Company has adopted and implemented a Risk Management Policy framework within the organization.

19. Corporate Social Responsibility

Details of the Corporate Social Responsibility and Business Responsibility Committee are provided separately in the Report on Corporate Governance annexed to the Board’s Report.
Regulation 34 of the SEBI Listing Regulations mandates the inclusion of the Business Responsibility Report ("BRR") as part of the Annual Report for top 1000 listed entities based on their market capitalization. The BRR is attached to this report as Annexure 3.

21. Particulars of Contracts or Arrangements made with Related Parties
The Board of Directors of your Company has put in place a policy for related party transactions, (Policy on Related Party Transactions and Materiality of Related Party Transactions), which has been approved by the Board of Directors. The policy provides for identification of RPTs, necessary approvals by the Audit Committee/ Board/Shareholders, reporting and disclosure requirements in compliance with the Act and provisions of the SEBI Listing Regulations. Policy is available on the website of the Company at https://www.muthootfinance.com/sites/default/files/2022-02/muthoot-finance-rpt-policy-v5_0.pdf.

All contracts executed by the Company during the financial year, with related parties, were on arm’s length basis and in the ordinary course of business. All such related party transactions were entered into in accordance with the Policy on Related Party Transactions and Materiality of Related Party Transactions of the Company.

Prior omnibus approval was obtained for related party transactions, under Section 188 (1) of the Act, which are of repetitive nature and entered in the ordinary course of business and at arm’s length. All related party transactions were placed before the Audit Committee for review and approval.

All transactions or arrangements with related parties referred to in Section 188 (1) of the Act, entered into during the year were on arm’s length basis or were in the ordinary course of business or with approval of the Audit Committee. During the year, your Company had not entered into any contract/arrangement/transaction with related parties which could be considered material in accordance with the Policy on Related Party Transactions and Materiality of Related Party Transactions. Further, there were no material related party transactions that required approval of shareholders as required under Chapter IV of SEBI Listing Regulations. The disclosure of related party transactions as required under Section 134(3) (h) of the Act in Form AOC 2 is attached to this report as Annexure 4.

The details of related party transactions with the related parties entered into during the financial year are disclosed in Notes to Standalone Financial Statements of the Company.

22. Audit Committee
Your Company has constituted an Audit Committee in accordance with the requirements of the Companies Act, 2013, RBI directions, and SEBI Listing Regulations. Details on Audit committee, terms of reference and meetings appear on the Report on Corporate Governance annexed to this report. All recommendations of Audit Committee were accepted by your Board during the financial year 2021-22.

23. Vigil Mechanism
The Company has established a Vigil Mechanism/Whistle Blower policy to enable Directors, and Stakeholders, including individual employees and their representative bodies to report, in good faith, unethical, unlawful or improper practices, acts, or activities. The said mechanism ensures that the whistleblowers are protected against victimization/any adverse action and/or discrimination as a result of such a reporting and provides direct access to the Chairman of the Audit Committee in exceptional cases. The Company hereby affirms that none of its personnel have been denied access to the Audit Committee. The whistle blower policy is available at website of the Company at https://www.muthootfinance.com/vigil-mechanism.

24. Listing
Equity Shares of your Company are listed on National Stock Exchange of India Ltd and BSE Limited. Non-Convertible Debentures issued by the Company through public issues and Private Placements are listed on BSE Ltd. Your Company has paid applicable listing fees to Stock Exchanges.

Senior Secured Notes issued by the Company are listed on the International Securities Market of London Stock Exchange.

25. Changes in Directors and Key Managerial Personnel
Appointments
Mr. Abraham Chacko was appointed as Independent Director of the Board effective September 18, 2021 pursuant to the resolution passed by the shareholders of the Company at the 24th Annual General Meeting. Further, Mr. George Muthoot George, Mr. George Muthoot Jacob, and Mr. George Alexander were appointed as Whole Time Directors on the Board with effect from December 15, 2021.
In order to comply with the Corporate Governance requirements of SEBI Listing Regulations and the Act, your Board proposes to appoint Mr. Chamacheril Abraham Mohan as Independent Director of the Company subject to approval of the shareholders in the upcoming Annual General Meeting. Mr. Chamacheril Abraham Mohan is a senior finance professional and a Chartered Accountant who has diversified experience for many years in the fields of finance and chartered accountancy. Detailed profile of Mr. Chamacheril Abraham Mohan is provided in the Notice of the AGM.

Cessation

The term of office of Mr. Pratip Chaudhuri as Independent Director on the Board of the Company is expiring at the ensuing Annual General Meeting. The Board places on record its sincere appreciation and gratitude to Mr. Pratip Chaudhuri for the guidance and support extended during the two consecutive term of directorship in the Company.

Directors Liable to retire by rotation

Mr. Alexander George and Mr. George Thomas Muthoot, Directors of the Company retire by rotation at the ensuing Annual General Meeting and being eligible, offer themselves for reappointment.

Your Board and the Nomination and Remuneration Committee has evaluated the eligibility criteria under RBI guidelines, the Act and Listing Regulations, of all directors seeking appointment / re-appointment at the ensuing Annual General Meeting and has recommended the appointment / re-appointments. Your Board believes that the proposal for appointment / re-appointment of Directors will have the support of shareholders. Necessary disclosures as required under the SEBI Listing Regulations and the Act are provided in the notice calling the Annual General Meeting.

The brief profiles of Directors seeking re-appointment are also available on the website of the Company at https://www.muthootfinance.com/our-directors

26. Meetings of the Board

During the Financial Year 2021-22, your Board of Directors met six times on April 12, 2021, June 02, 2021, August 06, 2021; November 04, 2021, November 19, 2021 and February 12, 2022. Details of various meetings of the Board are given in the Report on Corporate Governance which is a part of this report.

27. Declaration from Independent Directors

The Independent Directors have submitted necessary disclosures that they meet the criteria of independence as provided under Section 149(6) of the Act and Regulation 16 (1) (b) of the SEBI Listing Regulations. A statement by Managing Director confirming receipt of this declaration from Independent Directors is annexed to this report as Annexure 5. In the opinion of the Board, there has been no change in the circumstances which may affect their status as Independent Directors of the Company and the Board is satisfied of the integrity, expertise, and experience (including proficiency in terms of Section 150(1) of the Act and applicable rules thereunder) of all Independent Directors on the Board. Further, in terms of Section 150 read with Rule 6 of the Companies (Appointment and Qualification of Directors) Rules, 2014, as amended, Independent Directors of the Company have included their names in the data bank of Independent Directors maintained with the Indian Institute of Corporate Affairs.

During the year under review, the non-executive directors of the Company had no pecuniary relationship or transactions with the Company other than the sitting fees, commission, if any and reimbursement of expenses incurred for the purpose of attending the meetings of the Board or Committees of the Company.

28. Policy on Appointment and Remuneration of Directors and Performance evaluation of Board, Committees and Directors

a) Policy on Appointment and Remuneration of Directors

Board of Directors of your Company, on the recommendation of Nomination and Remuneration Committee, has formulated a policy for selection, appointment and remuneration of the directors, senior management personnel as required under Section 178(3) of the Act. The policy is available on the Company’s website at the weblink https://www.muthootfinance.com/sites/default/files/2020-08/1452753862Nomination%20and%20Remuneration%20Policy.pdf

During the year under review, there were no changes in the Key Managerial Personnel appointed pursuant to Section 203 of the Companies Act, 2013.
Terms of reference of the Nomination and Remuneration Committee and other relevant details of Nomination and Remuneration Committee are provided in the Report on Corporate Governance circulated along with this report.

b) Performance evaluation of Board, Committees and Directors
In compliance with the regulatory requirements, the Board carried out an annual evaluation of its own performance, its Committees, and of the individual Directors based on criteria and framework adopted by the Board and in accordance with regulations. The details of training, appointment, resignation, and retirement of Directors, if any, are dealt with in the report on Corporate Governance. Brief details of profile of each director appear in the Annual Report of the Company.

c) Independent Directors Meeting
During the year, a meeting of Independent Directors was held on March 30, 2022 as required under the Act and in compliance with the requirements under Schedule IV of the Act and SEBI Listing Regulations, and discussed and deliberated matters specified therein.

29. Report on Corporate Governance
Your Company has complied with the Corporate Governance norms as stipulated in Chapter IV of SEBI Listing Regulations. As per Regulation 34 of SEBI Listing Regulations, the detailed report on Corporate Governance is attached to this Report as Annexure 6.

30. Management Discussion and Analysis Statement
Management Discussion and Analysis detailing the industry developments, segment wise/ product wise performance and other matters is attached to this Report as Annexure 7.

31. Environmental, Social, and Governance (“ESG”)
The Board has instituted an Environmental, Social and Governance Committee ("ESG Committee") to discharge its oversight responsibility on matters related to organization-wide ESG initiatives, priorities, and leading ESG practices. Details of the constitution of the ESG Committee and its terms of reference are provided in the Report on Corporate Governance.

32. Conservation of energy, technology absorption, foreign exchange earnings and outgo:
The information pursuant to Section 134(3) (m) of the Act read with the Companies (Accounts) Rules, 2014 is as follows:

a) Conservation of energy
Your Company being a Non-Banking Finance Company, has no activities involving conservation of energy. However, your Company has taken adequate measures for conservation of energy and usage of alternative source of energy, wherever required.

b) Technology Absorption
Your Company being a Non-Banking Finance Company, has no activities involving adoption of any specific technology. However, your Company has been in the forefront in implementing latest information technology and tools towards enhancing our customer convenience.

Initiatives taken by the Company in information technology for improved business efficiency, ease of operation, improved risk management practice and for providing best stakeholders experience:
The Company continued its focus on various digital transformation initiatives during the year providing a great customer experience, improved business efficiencies, ease of operations, and effective risk management.

A few of the digital initiatives undertaken by the Company include:

Digital Channels and Digital Footprints
As the pioneer and leader in gold loan business, we at Muthoot Finance believe in extending the digital interface to our customers through various channels for better reach and convenience. Zero touch and transact hassle free is the vision for spreading our digital channels. Customers can perform the KYC creation process now using Video KYC, pledge the ornaments from the comfort of their homes using the Loan@Home option, top-up or repay using different digital channels and through Loan@Home option to close the active loans. We have added BBPS (Bharath Bill Payment System) interface for allowing the customer to transact with us using any platform integrated with BBPS or even allowing cash transactions through various Agents of BBPS.

AI-powered Chat engine integrated with our core system to enhance the chat experience for the customers and allow them to do real time transactions through the WhatsApp interface. This intuitive option allows customers with just basic digital experience also be part of our digital journey. We have enabled our communication of reminders using Whatsapp/E-mail/SMS. Initiatives like “Deep Link” allow customers to make repayment with a single click from our reminder SMS links.
Gold Unlocker
This new intuitive product facilitate our customers to use the power of plastic card for all e-commerce transactions or even for ATM cash withdrawals. Partnered with Yes bank and e-Wire, we have launched this product for better customer convenience.

KYC Data refinement and customer data protection
At Muthoot Finance, the privacy and security of our customer data is of utmost importance and we constantly strengthen our applications to enhance the veracity of customer data attributes. For ensuring the accuracy of customer bank accounts, we have added multiple bank account verification channels, Digital KYC verification interfaces, Customer biometric Authentication used to ensure the customer data updates are genuine and authentic. Through our agent mobile application, we continually enhance the customer address updates.

iMuthoot application
The revamped version of iMuthoot mobile App Version 3.0 a ‘One App for All Loan Application & Repayment’ offers the facility to customers to request for Gold loan, Personal Loan, from the comfort of their own homes. This enhanced version of the mobile application is a stepping stone to provide an enriched Omni channel experience to our customers. The users of the iMuthoot mobile App are offered a significant convenience of interoperability of all their digital transactions without having to visit the branch.

Loan@Home application
The loan at home is an app-based digital service, with which a customer can apply for a gold loan through the ‘Loan@Home’ mobile app and web portal. As soon as the inquiry is verified and accepted, an agent gets assigned instantly. An appointment is made by the Muthoot Finance agent to visit the customer’s home. The customer can avail of a gold loan from the comfort of their home without having to visit the branch at any stage of the procedure. Using loan at home application, an agent can perform loan initiation till the disbursement of the loan by sitting at customer premises.

Muthoot online
The Online payment system is an extension portal of Muthoot Core Banking System that can act independently as an online payment system as well. It is a dynamic, independent delivery channel which can be plugged into any Core Banking System.

33. Audits

a) Statutory Audit under Section 139 of the Act

Reserve Bank of India issued guidelines on appointment of statutory auditor(s) by Non-Banking Financial Company ("NBFC") vide Circular RBI/2021-22 / 25 Ref. No. DoS. CD.ARG/SEC.01/ 08.91.001/2021-22 dated April 27, 2021 ("RBI Auditor Guidelines"). Pursuant to RBI Auditor Guidelines, the Audit Firms completing a tenure of three financial years in the NBFC were not eligible to continue to hold office as Statutory Auditors of the NBFC. Since the RBI Guidelines were being implemented for the first time for NBFCs from Financial Year 2021-22 and in order to ensure that there is no disruption, the RBI had given flexibility to NBFCs to appoint new Statutory Auditors in the second half of the financial year ending March 31, 2022.

Pursuant to the RBI Auditor Guidelines, M/s Varma & Varma, Chartered Accountants, statutory auditors of the Company resigned with effect from November 10, 2021, owing to their ineligibility to continue as auditors of the Company as they have already exceeded the maximum tenure of three financial years stipulated therein for the statutory auditors of the Company.

M/s Elias George & Co (FRN: 000801S) and M/s Babu A. Kallivayalil & Co. (FRN: 05374S), Chartered Accountants, were appointed as Joint Statutory Auditors of the Company effective November 19, 2021, in compliance with the Guidelines for Appointment of Statutory Central Auditors (SCAs)/Statutory Auditors (SAs) of Commercial Banks (excluding RRBs), UCBs and NBFCs (including HFCs) (the “Guidelines”/ “Circular”). As per the Provisions of Section 139 (8) (i) of the Companies Act, 2013, the Shareholders of the Company had also approved the Appointment of Joint Statutory Auditors vide their Ordinary resolution passed through postal ballot dated December 27, 2021.

The Joint Statutory Auditors were appointed to hold their first term of office from November 19, 2021, till the conclusion of the 25th Annual General Meeting of the Company. The Board has recommended for the approval of the Members for the re-appointment of M/s Elias George & Co (FRN: 000801S) and M/s Babu A. Kallivayalil & Co. (FRN: 05374S), Chartered Accountants as the Joint Statutory Auditors for a further period of 2 years commencing from the conclusion of the 25th Annual General Meeting till the conclusion of the 27th Annual General Meeting of the Company to be held in the year 2024. The Audit Committee of the Company has evaluated the eligibility criteria of the Joint Statutory Auditors and has also recommended their re-appointment for conducting the statutory audits for the financial year 2022-23 and financial year 2023-24.

b) **Secretarial Audit under Section 204 of the Act**
M/s KSR & Co., Company Secretaries LLP, Coimbatore was appointed as Secretarial Auditors of the Company for the financial year 2021-22 pursuant to Section 204 of the Act. The Secretarial Audit report issued by the Secretarial Auditors is annexed to this report as Annexure 8.

c) **Annual Secretarial Compliance Report**
The Company has undertaken an audit for the financial year 2021-22 for all applicable compliances as per SEBI Regulations and Circulars/ Guidelines issued thereunder.

The Annual Secretarial Compliance Report was submitted to the stock exchanges within 60 days from the end of the financial year.

d) **Cost records and Cost Audit**
Maintenance of cost records and requirement of cost audit as prescribed under the provisions of Section 148(1) of the Act are not applicable for the business activities carried out by the Company.

e) **Auditors’ certificate on Corporate Governance**
The Auditors’ certificate confirming compliance with the conditions of corporate governance as stipulated under the SEBI Listing Regulations for financial year 2021-22 is provided along with the Report on Corporate Governance.

f) **Secretarial Auditors’ certificate on ESOP**
The secretarial auditors’ certificate on the implementation of share based schemes in accordance with the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021, will be made available at the AGM for inspection electronically.

g) **Certificate on Non-Disqualification of Directors**
Certificate on Non-Disqualification of Directors issued by M/s Sunil Sankar & Associates, Practising Company Secretaries is enclosed along with the Report on Corporate Governance.

h) **Explanations or comments by the Board on qualification, reservation or adverse remark or disclaimer on audits for financial year 2021-22**
There are no qualifications, reservation or adverse remark or disclaimer in the audit reports issued under Section 139 and Section 204 of the Act for financial year 2021-22.

34. **Reporting on Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013**
The Company has zero tolerance for sexual harassment at workplace and has adopted a Policy on Prevention, Prohibition and Redressal of Sexual Harassment at workplace as per the requirement of the Sexual Harassment of Women at workplace (Prevention, Prohibition & Redressal) Act, 2013 (‘POSH Act’) and Rules made thereunder.

With the objective of providing a safe environment, the Company has constituted Internal Committee to redress complaints received regarding sexual harassment. All employees – permanent, contractual, temporary and trainees are covered under this Policy.

Details of cases reported to Internal Complaints Committee during the financial year 2021-22 are as under:

35. **Personnel**
The Disclosure required under the provisions of Section 197 of the Act read with Rule 5 (1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 is annexed to this report as Annexure 9. The statement containing particulars of employees as required under Section 197(12) of the Act read with Rule 5(2) and 5(3) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 forms part of the Director’s Report. Further, the Director’s Report and the Accounts are being sent to the Members excluding the aforesaid statement. In terms of Section 136 of the Act, the said statement will be open for inspection upon request by the Members. Any Member interested in obtaining such particulars may write to the Company Secretary.

36. **Significant and material Orders passed by Regulators or Courts or Tribunals**
There are no significant and material orders passed by the regulators or courts or tribunals, which would impact the going concern status of your Company and its future operations.
37. **Material Changes and Commitments affecting the financial position of the Company between the end of the financial year to which Financial Statements relate and the date of the report**

No material changes and commitments affecting the financial position of your Company occurred between the end of the financial year to which Financial Statements relate and the date of this report.

38. **Directors’ Responsibility Statement**

Pursuant to Section 134(5) of the Act, the Board of Directors, to the best of its knowledge and ability, confirm that:

(a) in the preparation of the annual accounts, the applicable Indian Accounting Standards had been followed. There were no material departures from applicable Indian Accounting Standards;

(b) they have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit of the Company for that period;

(c) they have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

(d) they have prepared the annual accounts on a going concern basis;

(e) they have laid down internal financial controls to be followed by the Company and such internal financial controls are adequate and operating effectively.

(f) they have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

39. **Disclosure pursuant to Part A of Schedule V of SEBI Listing Regulations**

Disclosure pursuant to Part A of Schedule V read with Regulation 34(3) and 53(f) of SEBI Listing Regulations is attached as Annexure 10 of this report.

40. **Others**

- The details of difference between amount of the valuation done at the time of one time settlement and the valuation done while taking loan from the Banks or Financial Institutions along with the reasons thereof - **Not Applicable**.
- There has been no material change in the nature of business of the Company during the year under review.
- During the year under review, there were no instances of any frauds reported by the Statutory Auditors under section 143(12) of the Act.

41. **Acknowledgement**

Your Directors thank the Company’s stakeholders including investors, customers, banks, financial institutions, rating agencies, debenture holders, debenture trustees and well-wishers for their continued support during the year. Your Directors place on record their appreciation of the contribution made by the employees of your Company and its subsidiaries at all levels. Your Board reassures that in these challenging times, your Company will continue to support you and your family at all levels. Your Company’s consistent growth was made possible by their hard work, solidarity, cooperation and support. The Board sincerely expresses its gratitude to Reserve Bank of India, Securities and Exchange Board of India, Ministry of Corporate Affairs, and Stock Exchanges including various officials there at for the guidance and support received from them from time to time.

Your Directors mourn the loss of life due to COVID-19 pandemic and are deeply grateful and have immense respect for every person who risked their safety and life to fight this pandemic.

42. **Forward Looking Statements**

This Report(s) contains certain forward-looking statements within the provisions of listing agreements and hence reasonable caution is to be exercised by stakeholders while relying on these statements.

**For and On Behalf of the Board of Directors**

In computing the above information, certain estimates and assumptions have been made by the management which has been relied upon by the auditors.

iv) Description of the method and significant assumptions used to estimate fair value: -

The Securities Exchange Board of India (SEBI) has prescribed two methods to account for employee stock options; (1) the intrinsic value method; (2) the fair value method. The company adopts the fair value method to account for the stock options it grants to the employees. Intrinsic value is the amount, by which the quoted closing market price of the underlying shares as on the date of grant exceeds the exercise price of the option. The fair value of the option is estimated on the date of grant using Black Scholes options pricing model with following assumptions:-

</tbody>
</table>

**Note:**
- It is assumed that the options will be exercised within the exercise period.
- Volatility is estimated from the actual movement in share prices of the company for one year preceding the grant date. This historical volatility is the annualised standard deviation of the continuously compounded rates of daily stock returns.
- The risk-free rate is equated to the yield on Government of India securities corresponding to the expected life of options in each option series.
- The market value per share is equated with the market value as observed from the adjusted closing market price on grant date of listed shares of the Company.
Annual Report on CSR Activities

1 Brief outline on CSR Policy of the Company

(i) The objective of CSR Policy of Muthoot Finance Limited is to articulate Muthoot Finance Limited's core philosophy of social responsibility, to define the areas and to indicate activities chosen by Muthoot Finance Limited to impact the society with its efforts towards Corporate Social Responsibility and to define the governance & monitoring framework for ensuring effectiveness of the Policy.

(ii) To create a social impact nationwide by constantly giving back to the community by identifying and facilitating growth in areas which are less privileged.

(iii) To create change where it is needed most - among India's less privileged and to demonstrate our beliefs through an integrated social program that seeks social inclusion.

(iv) At Muthoot Finance Limited, our Corporate Social Responsibility policy will carry out its activities in the economic development, society progress and environmental hazards with the core objective of improving quality of life. It has been a constant endeavour of the Company to rightfully follow our vision and values up keeping it with good corporate governance to meet the expectations of our customers, employees, shareholders and society at large.

(v) The Board will have an oversight on the adherence to this Policy. The Corporate Social Responsibility Committee ("CSR Committee") of the Board, comprising a minimum of three Directors and at least one of whom will be an Independent Director of the Company, shall assist the Board in the overall governance of the Policy and the CSR Programmes pursuant thereto. The CSR Committee shall work under the superintendence and control of the Board.

(vi) The Company’s CSR policy is committed towards CSR activities as envisaged in Schedule VII of the Companies Act, 2013. The Details of CSR policy of the Company and CSR projects are available on the website of the Company at www.muthootfinance.com

11 Specify the reasons if the company has failed to spend two percent of the average net profit as per Section 135 (5): Not Applicable
BUSINESS RESPONSIBILITY REPORT

Business Responsibility Report For the year ended on March 31, 2022

Muthoot Finance Ltd has embraced The Muthoot Group’s core value of building ethical, inclusive, sustainable business by creating wealth for its stakeholders especially our customers and investors; improving lives of communities especially by way of extending loan to less privileged or not covered by formal banking system and by caring for society. Company has offered better line of financial products and services, practiced and established effective risk management capabilities, created improved system to check and control bad debts and non performing assets with better understanding of its customer segments especially segments neglected by banks, most importantly by accessible and affordable financial services which is not only complimenting the banking sector but many times substituting it. The Company has created a value based system and a responsible business with respect to all of its stakeholders and most important among them are customers and investors which placed their faith in responsible and financially inclusive business. Company has continued its sustainable business model by sticking to its core values even in tough times and we endeavor to continue our business in same spirit.

P9 Businesses should engage with and provide value to their customers and consumers in a responsible manner
P5 Businesses should respect and promote human rights

(b) If answer to the question at serial number 1 against any principle, is ‘No’, please explain why: (Tick up to 2 options)

Not Applicable

* Some of the policies and principles have been put into practice by the Founder Late Shri. M. George Muthoot decades back. The Company has not tested the policies for adherence to any National or International Standards. However, these policies are now framed based on applicable regulations and general practices.

** http://www.muthootfinance.com/policy/policy-investor
3 Governance related to BR

(a) Indicate the frequency with which the Board of Directors, Committee of the Board or CEO to assess the BR performance of the Company. Within 3 months, 3-6 months, Annually, More than 1 year.

Annually

(b) Does the Company publish a BR or a Sustainability Report? What is the hyperlink for viewing this report? How frequently it is published?

Yes. BR is available at https://www.muthootfinance.com/annual-reports. The report is published annually.

SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1

1 Does the policy relating to ethics, bribery and corruption cover only the company? Yes/ No. Does it extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others?

Yes. The policy covers only the company. It does not extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others.

2 How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

17 Complaints were received by the Company pertaining to Equity shares and NCDs issued by the Company. All the investor complaints were resolved satisfactorily within the timeliness. Moreover, 1033 customer complaints were received during the financial year of which 1023 complaints have been resolved on time.

Principle 2

1 List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.

Gold Loan - The flagship product of the Company i.e., loan against security of gold jewellery provides access to credit within a reasonable time to a person who otherwise do not have access to credit or access to credit within a reasonable time. We service about 2 lakh customers per day. This supports social well being as well as business activities.

e-KYC - To facilitate easier compliance to KYC norms by customers, we launched ‘e-KYC facility’. It is a customer-friendly and convenient digital KYC process based on Aadhaar with direct UIDAI link. The verification procedure is conducted by using customers’ fingerprints. This paperless and highly secure system enables faster loan processing and ensures 100% integrity in KYC verification. We are the first ‘Gold Loan NBFC’ to introduce this facility, with over 50% adoption rate in the first roll out.

iMuthoot- Mobile App - We developed a new mobile application called iMuthoot that allows customers to transact through their smartphones. This is our major initiative towards building a branch-less banking ecosystem for our customers. The app is available on Google Play and Apple Store. iMuthoot allows existing customers to view their loan statements and balance as well as Online Gold Loan facility. New customers can see our latest loan schemes, calculate loan eligibility, locate branches and fix appointments with their nearest branch officials and apply for gold loans. It is available in six languages. This app along with online payment facility has helped us a lot to move towards more and more digital transaction.

2 For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product(optional):

(a) Reduction during sourcing/production/distribution achieved since the previous year throughout the value chain?
(b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?

Not Applicable

3 Does the company have procedures in place for sustainable sourcing (including transportation)?

(a) If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

Not Applicable

4 Has the company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?

(a) If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

Not Applicable

5 Does the company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.

Not Applicable
Principle 3

1. Please indicate the Total number of employees as on March 31, 2022 26716
2. Please indicate the Total number of employees hired on temporary/contractual/casual basis. Nil
3. Please indicate the Number of permanent women employees. 4863
4. Please indicate the Number of permanent employees with disabilities. The company does not specifically track the information of employees with disability or make any discrimination on disability. Hence such an information is not available with the Company.
5. Do you have an employee association that is recognized by management. No
6. What percentage of your permanent employees is members of this recognized employee association? Not Applicable
7. Please indicate the Number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.

<table>
<thead>
<tr>

</tr>
<tr>
<td>3</td>
<td>Discriminatory employment</td>
<td>Nil</td>
<td>Nil</td>
</tr>
</tbody>
</table>

8. What percentage of your under mentioned employees were given safety & skill up-gradation training in the last year?
   (a) Permanent Employees All employees with the Company are covered by skill upgradation training programmes conducted through our "Regional Learning Centers" and "Muthoot Management Academies"
   (b) Permanent Women Employees All employees with the Company are covered by skill upgradation training programmes conducted through our "Regional Learning Centers" and "Muthoot Management Academies"
   (c) Casual/Temporary/Contractual Employees Not Applicable
   (d) Employees with Disabilities Please refer Sl.No.4 under Principle 3

Principle 4

1. Has the company mapped its internal and external stakeholders? Yes
2. Out of the above, has the company identified the disadvantaged, vulnerable & marginalized stakeholders. Yes
3. Are there any special initiatives taken by the company to engage with the disadvantaged, vulnerable and marginalized stakeholders. If so, provide details thereof, in about 50 words or so.
   Though we have identified the above stakeholders, we have not created any product or services specifically for them. Since loan against security of gold jewellery provides access to credit within a reasonable time to a person who otherwise do not have access to credit or access to credit within a reasonable time, we believe that our services will address the needs of the above stakeholders. Our presence through 4617 branches in 23 States and 6 Union Territories again will address the needs of the above stakeholders. However, we have taken special initiatives to address the needs of the above stakeholders through our CSR activities details of which are available in the Annual Report on CSR activities in the Annual Report
### Principle 4

1. Has the company mapped its internal and external stakeholders?
   - Yes

2. Out of the above, has the company identified the disadvantaged, vulnerable & marginalized stakeholders.
   - Yes

3. Are there any special initiatives taken by the company to engage with the disadvantaged, vulnerable and marginalized stakeholders. If so, provide details thereof, in about 50 words or so.
   - Though we have identified the above stakeholders, we have not created any product or services specifically for them. Since loan against security of gold jewellery provides access to credit within a reasonable time to a person who otherwise do not have access to credit or access to credit within a reasonable time, we believe that our services will address the needs of the above stakeholders. Our presence through **4617 branches in 23 States and 6 Union Territories** again will address the needs of the above stakeholders. However, we have taken special initiatives to address the needs of the above stakeholders through our CSR activities details of which are available in the Annual Report on CSR activities in the Annual Report.

### Principle 5

1. Does the policy of the company on human rights cover only the company or extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others?
   - The policy covers only the company

3. How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?
   - Nil

### Principle 6

1. Does the policy related to Principle 6 cover only the company or extends to the Group/Joint Ventures/Suppliers/Contractors/NGOs/others.
   - The policy covers only the company

2. Does the company have strategies/initiatives to address global environmental issues such as climate change, global warming, etc? Y/N. If yes, please give hyperlink for webpage etc.
   - No

3. Does the company identify and assess potential environmental risks? Y/N
   - No

4. Does the company have any project related to Clean Development Mechanism? If so, provide details thereof, in about 50 words or so. Also, if Yes, whether any environmental compliance report is filed?
   - No

5. Has the company undertaken any other initiatives on – clean technology, energy efficiency, renewable energy, etc. Y/N. If yes, please give hyperlink for webpage etc.
   - We have three windmills installed in Tamil Nadu with a combined power generation capacity of 3.75 Megawatt

6. Are the Emissions/Waste generated by the company within the permissible limits given by CPCB/SPCB for the financial year being reported?
   - Not Applicable

7. Number of show cause/legal notices received from CPCB/SPCB which are pending (i.e. not resolved to satisfaction) as on end of Financial Year.
   - Not Applicable

### Principle 7

1. Is your company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:
   - (a) Federation of Indian Chamber of Commerce & Industries
   - (b) Association of Gold Loan Companies
   - (c) Confederation Of Indian Industry
   - (d) Kerala Non-Banking Finance Companies Association

2. Have you advocated/lobbied through above associations for the advancement or improvement of public good? Yes/No; if yes specify the broad areas (drop box: Governance and Administration, Economic Reforms, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others)
   - No
## Principle 8

**1.** Does the company have specified programmes/initiatives/projects in pursuit of the policy related to Principle 8? If yes details thereof.

The flagship product of the Company i.e., loan against security of gold jewellery provides access to credit within a reasonable time to a person who otherwise do not have access to credit or access to credit within a reasonable time. Hence this will support inclusive growth and equitable development. Our presence through 4617 branches in 23 States and 6 Union Territories again will address the needs of larger section Indian population. Please refer to Annual Report on CSR Activities attached in the Annual Report.

**2.** Are the programmes/projects undertaken through in-house team/own foundation/external NGO/government structures/any other organization?

Majority of programmes/projects are undertaken directly by the Company. Please refer to Annual Report on CSR Activities attached in the Annual Report.

**3.** Have you done any impact assessment of your initiative?

Programmes are reviewed periodically for its effectiveness and whether its desired objectives are met.

**4.** What is your company’s direct contribution to community development projects- Amount in INR and the details of the projects undertaken.

Amount Spent on CSR activities is ₹ 811.30 millions. Please refer to Annual Report on CSR Activities attached in the Annual Report.

**5.** Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain in 50 words, or so.

CSR activities are constantly monitored for implementation and fresh support is given only where adoptions are at a better level. Please refer to Annual Report on CSR Activities attached in the Annual Report.

## Principle 9

**1.** What percentage of customer complaints/consumer cases are pending as on the end of financial year.

Less than one percent

**2.** Does the company display product information on the product label, over and above what is mandated as per local laws? Yes/No/N.A. /Remarks(additional information)

Yes

**3.** Is there any case filed by any stakeholder against the company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behaviour during the last five years and pending as on end of financial year. If so, provide details thereof, in about 50 words or so.

No

**4.** Did your company carry out any consumer survey/ consumer satisfaction trends?

Yes. Done periodically at select geographies

REPORT ON CORPORATE GOVERNANCE

1. **Company’s Philosophy on Corporate Governance**

   Good corporate governance helps to build an environment of trust, transparency and accountability necessary for fostering long-term investment, financial stability and business integrity, thereby supporting stronger growth.

   Effective fundamentals of Company which is ‘unchanging values in changing time’ is a frequently lauded and followed practice in your Company and is the founding stone of your Company and key to effective governance and business with an unblemished track record.

   The company’s philosophy of Corporate Governance is aimed at transparency in corporate decision-making, value creation, and keeping the interests of all stakeholders protected in the most inclusive way. The principal of inclusion has been the foundation of our business and governance practices.

   Corporate Governance has always been an integral element of the Company to have a system of proper accountability, transparency, and responsiveness and for improving efficiency and growth as well as enhancing investor confidence. The company believes in sustainable corporate growth that emanates from the top management down through the organisation to the various stakeholders which is reflected in its sound financial system and enhanced market reputation.

   Your Company has aligned and has its corporate governance practice in a manner to achieve the objectives of principles as envisaged in SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”).

2. **Board of Directors**

   A. **Composition of Board**

   The Board of Directors of your Company has an optimum combination of Executive and Non-Executive Directors in compliance with the requirements of Regulation 17 of SEBI Listing Regulations, and Section 149 of the Companies Act, 2013 (“Act”).

   As of March 31, 2022, Company’s Board consisted of 14 Directors of which 7 Directors are Executive Non-Independent Directors (50%) and 7 Directors are Independent Directors (50%). Your Company believes that the Independent Directors bring with them the rich experience, knowledge and practices followed in other companies resulting in imbibing the best practices followed in the industry.

   The day-to-day management of affairs of your Company is managed by the Management of your Company which includes Managing Director, Whole-Time Directors and functional heads, who function under the overall supervision and guidance of the Board of Directors.

   The Board of Directors of your Company plays the primary role as the trustees to safeguard and enhance stakeholders’ value through its effective decisions and supervision.

   The names, categories and other details of Directors as of March 31, 2022 are as follows:

*Mr. George Muthoot George, Mr. George Alexander and Mr. George Muthoot Jacob were appointed as Whole-Time Directors on the Board of Muthoot Finance Limited with effect from December 15, 2021.

**Mr. Abraham Chacko was appointed as a Director on the Board of Muthoot Finance Limited with effect from September 18, 2021.

Other directorships mentioned above do not include alternate directorships, directorships of private limited companies, Section 8 companies under the Act and of Companies incorporated outside India. Chairmanships/ Memberships of Board Committees include only Audit Committee and Stakeholders Relationship Committees. For determination of limit of the Board Committees, chairpersonship and membership of the Audit Committee and Stakeholders’ Relationship Committee has been considered as per Regulation 26(1)(b) of SEBI Listing Regulations.

All Independent Directors meet the criteria of independence as specified in SEBI Listing Regulations and the Act and have furnished individual declarations to the Board that they qualify the conditions of being an Independent Director in compliance of requirements under SEBI Listing Regulations and the Act. Independent Directors are non-executive directors as defined under Regulation 16(1)(b) of the SEBI Listing Regulations and Section 149(6) of the Act along with rules framed thereunder. In terms of Regulation 25(8) of SEBI Listing Regulations.
of SEBI Listing Regulations, they have confirmed that they are not aware of any circumstance or situation that exists or may be reasonably anticipated that could impair or impact their ability to discharge their duties. Based on the declarations received from the Independent Directors, the Board of Directors has confirmed that they meet the criteria of independence as mentioned under Regulation 16(1)(b) of the SEBI Listing Regulations and that they are independent of the management. Further, the Board is satisfied of the integrity, expertise, and experience (including proficiency in terms of Section 150(1) of the Act and applicable rules thereunder) of all Independent Directors on the Board. The Independent Directors have confirmed that they have included their names in the data bank of Independent Directors maintained with the Indian Institute of Corporate Affairs in terms of Section 150 of the Act read with Rule 6 of the Companies (Appointment & Qualification of Directors) Rules, 2014.

None of the Independent Directors are related to any other Directors on the Board of Directors in terms of the definition of “relative” given under the Act. Necessary disclosures regarding committee positions in other public companies as at March 31, 2022 have been made by the Directors.

Meetings, Attendance of each of Directors and other Details

During the Financial Year 2021-22, your Board of Directors met 6 times on 12-04-2021, 02-06-2021, 06-08-2021, 04-11-2021, 19-11-2021 and 12-02-2022. Your Board has met at least once in a calendar quarter and the maximum gap between these Board Meetings did not exceed one hundred and twenty days. The requisite quorum was present for all the meetings.

The composition and attendance of the Members in the Board meetings held during the FY 2021-22 and the Annual General Meeting (AGM) held on the 18th of September 2021 are as follows:

*Mr. George Muthoot George, Mr. George Alexander and Mr. George Muthoot Jacob were appointed as Whole-Time Directors on the Board of Muthoot Finance Limited with effect from December 15, 2021.

**Mr. Abraham Chacko was appointed as a Director on the Board of Muthoot Finance Limited with effect from September 18, 2021.
During FY 2021-22, information as mentioned in Part A of Schedule II of the SEBI Listing Regulations, was placed before the Board for its consideration.

B. **Meeting of Independent Directors**

In compliance with requirement under Schedule IV of the Act and SEBI Listing Regulations, a separate meeting of the Independent Directors was held on 30.03.2022. The meeting was attended by all Independent Directors. Independent Directors, at the meeting, reviewed and discussed various matters as required under the Act and SEBI Listing Regulations.

C. **Performance Evaluation of Board, Committees and Directors**

The Board of Directors carried out annual evaluation of its own performance, its Committees and individual Directors based on the criteria and framework adopted by the Board and in accordance with the existing regulations.

The Board has identified the following skills/expertise/competencies fundamental for the effective functioning of the Company which are currently available with the Board:

<table>
<thead>
<tr>
<th>Knowledge of Financial Service Industry</th>
<th>Understanding of the functioning of NBFC's across the length and breadth of the country and its regulatory jurisdictions.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Strategy and Planning</td>
<td>Appreciation of long-term trends, strategic choices, and experience in guiding and leading management teams to make decisions in uncertain environments.</td>
</tr>
<tr>
<td>Governance, Ethics and Regulatory Oversight</td>
<td>Experience in developing governance practices, serving the best interests of all stakeholders, maintaining board and management accountability, building long term effective stakeholder engagements, and driving corporate ethics and values.</td>
</tr>
<tr>
<td>Audit, Risk Management, Internal Control</td>
<td>Experience in both internal and external audit of Companies / body corporates in financial services industry.</td>
</tr>
</tbody>
</table>

Pursuant to Regulation 34(3) read with Schedule V Part (C) (2)(h) of SEBI Listing Regulations, the Board of Directors has identified the following requisite skills/expertise and competencies of the Board for the effective functioning of the Company. The profiles of Directors are available in the website of the Company at https://www.muthootfinance.com/our-directors

The eligibility of a person to be appointed as a Director of the Company is dependent on whether the person possesses the requisite skill sets identified by the Board as above and whether the person is a proven leader in running a business that is relevant to the Company's business or is a proven academician in the field relevant to the Company's business. Being a company in the financial services industry, the Company’s business runs across different geographical markets across the country. The Directors so appointed are drawn from diverse backgrounds and possess special skills/knowledge about the financial services industry.

The evaluation of performance of each Independent Director was carried out by all the directors except the Independent Director evaluated. The review of the performance of non-independent directors, the Board as a whole, the Chairperson of the Company, quantity and timeliness of flow of information was carried out by independent directors of the Company. Criteria for evaluation includes qualification, experience, age, participation, attendance, knowledge, quality of discussion, beneficial contribution etc. Annual Performance incentive and Commission payable to Directors were decided on the basis of performance review by the Board of Directors of your Company without the presence of the Director being reviewed.

The Committees were reviewed by the Board of Directors and whenever necessary the required changes are made in Committees by way of re-constitution to make them more effective by change in constitution and composition.

Brief profile of each of the directors on the Board are given below:

<table>
<thead>

Mrs. Usha Sunny has worked with Mashreq Bank PSC, Dubai, Standard Chartered Bank, Dubai, Indian Overseas Bank and Kerala State Drugs and Pharmaceuticals Limited in diversified roles. Mrs. Usha Sunny is a member of the Institute of Cost Accountants of India, New Delhi and holds a master’s degree in Commerce from University of Kerala.

14. Abraham Chacko
Independent Director
Mr. Abraham Chacko is an experienced banking professional with an experience of over 3 decades in India and abroad. During his early career, he served HSBC India for a period 14 years and has held varied roles over there. He was also the Country Manager in ABN AMRO Bank N.V before his elevation as the Executive Director at the Bank. He was also employed as the Executive Director at The Royal Bank of Scotland for a span of 2 years and he retired as Executive Director and the President - Treasury from The Federal Bank Limited, India, after serving a period of 4 years. Post retirement from a full-time career, he is currently the independent director of few companies.

Pursuant to Clause C(2)(i) of Schedule V read with Regulation 34(3) of SEBI Listing Regulations, in the opinion of the Board, all the independent directors fulfill the conditions as specified in the SEBI Listing Regulations and are independent of the management. Certificate from Company secretary in practice certifying that none of the Directors on the Board have been debarred or disqualified from being appointed or continuing as Director of the Company by SEBI/ Ministry of Corporate Affairs or any other statutory authority is annexed as Annexure-D to this report.

D. Familiarisation Programme
The Company has adopted a structured orientation of Independent Directors at the time of their joining so as to familiarise them with the Company- its operations, business, industry and environment in which it functions and the regulatory environment applicable to it. The Company updates the members of Board of Directors on a continuing basis on any significant changes therein and provides them an insight to their expected roles and responsibilities so as to be in a position to take well-informed and timely decisions and contribute significantly to the Company.

The Company through its Managing Director/ Senior Managerial Personnel makes presentations regularly to the Board and, the business strategies, operations review, quarterly and annual results, review of Internal Audit Report and Action Taken Report, statutory compliances, risk management, operations of its Subsidiaries etc. This enables the Directors to get a deeper insight into the operations of the Company and its subsidiaries. Functional Heads of various departments are required to give presentation in Board Meeting to familiarise the Board with their activities and allied matters. Company held a separate training and familiarisation programme for Independent Directors during the financial year which was conducted by experts to gain familiarisation with change in regulations especially in SEBI Listing Regulations and the Act and on allied matters including duties of Independent Directors and performance evaluation. The details of familiarisation program is available on the website of the company at www.muthootfinance.com

3. Committees and its terms of reference
The Board has constituted various sub-committees with specific terms of reference and scope in compliance with the provisions of the Act, SEBI Listing Regulations and RBI Directions. The composition of the Board Committees are available on the Company’s website https://www.muthootfinance.com/investors/board_committees and are also stated herein.
Details of various committees of the Board, as required to be constituted under various acts and regulations, as at March 31, 2022 are as under:

**Audit Committee**
The Audit Committee of the Board is constituted under Section 177 of the Act read with Rule 6 & 7 of Companies (Meetings of Board and its Powers) Rules, 2014, Regulation 18 of the SEBI Listing Regulations and Reserve Bank of India directions/guidelines.

**Composition and Attendance**
As on March 31, 2022, the Audit Committee of the Board consisted of four Members out of which three are Non-Executive Independent Directors. All the Members of the Committee are financially literate and have accounting and financial management expertise. The Company Secretary of the Company acts as the Secretary to the Committee.

Brief Terms of reference of the Nomination and Remuneration Committee:

- Identifying persons who are qualified to become Directors and who may be appointed as KMP’s or in Senior Management in accordance with criteria as laid down and recommend to the Board their appointment and removal;
- Review and carry out every Director’s performance, the structure, size and composition including skills, knowledge and experience required of the Board compared to its current position and make recommendations to the Board with regard to any changes;
- Plan for the succession planning of directors in the course of its work, taking into account the challenges and opportunities facing the Company, and what skills and expertise are therefore needed for Board in future;
- Determine and agree with the Board the framework for broad policies for criteria for determining qualifications, positive attitudes and independence of a director and recommend to the Board, policies relating to remuneration for the Directors, Key Managerial Personnel and other employees;
- Review the on-going appropriateness and relevance of the remuneration policy;
- Formulate ESOP plans and decide on future grants;

Managerial Remuneration:

Board of Directors of your Company aligns the remuneration of Directors with the long-term interest of the Company and its stakeholders. The non-executive Independent Directors were paid sitting fees of ₹65,000/- for each of the Board meeting attended and ₹20,000/- for Committee Meetings attended. There are no other pecuniary relationships or transactions by Non-Executive Directors with the Company.

The Managing Director and Executive Directors of the Company were paid remuneration as per terms of their appointment. No other remuneration was paid to the Directors. The criteria for payment of remuneration to non-executive directors are in accordance with Nomination and Remuneration Policy of the Company and they are eligible for commission within limits approved by the shareholders of the Company. Company has not given any options under ESOP Plan to any members of Board of Directors.

Nomination and Remuneration Policy of the Company is available at website of the Company at www.muthootfinance.com/policy/policy-investor

Details of remuneration paid to Directors including sitting fees paid during the FY 2021-22 are given below:

6. Transfer of unclaimed/unpaid amounts to the Investor Education and Protection Fund:

Section 124 of the Act, read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 (“the Rules”), as amended, mandates that companies transfer dividend that has remained unclaimed / un-encashed for a period of seven years from the unpaid dividend account to the Investor Education and Protection Fund (IEPF). Further, the Rules mandate that the shares on which dividend has not been claimed / encashed for seven consecutive years or more be transferred to the IEPF. The details of unclaimed dividend are available on the Company’s website www.muthootfinance.com. During the financial year 2021-22, the Company had transferred 1185 equity shares to the IEPF.

In order to educate the shareholders and with an intent to protect their rights, the Company also sends regular reminders to shareholders to claim their unclaimed dividends / shares before it is transferred to IEPF. Shareholders may note that both the unclaimed dividends and corresponding shares transferred to IEPF, including all benefits accruing on such shares, if any, can be claimed from IEPF following the procedure prescribed in the Rules. No claim shall lie in respect thereof with the Company.
7. **General Shareholder Information**

k. Share transfer system
The shareholders are free to hold the Company’s shares either in physical form or in dematerialized form. However, with effect from April 01, 2019, the shareholders are not allowed to transfer any shares in the physical form and hence, the dematerialisation of the shares is mandatory for transfer of shares. Thus, the Company encourages the holding of shares in dematerialized form. The shares held in dematerialized form can be transferred through the depositories without the Company’s involvement.

Pursuant to Regulation 40 (9) of the SEBI Listing Regulations, the Company obtains a certificate from a Company Secretary in Practice on a yearly basis to the effect that all the transfers are completed within the statutory stipulated period. A copy of the said certificate has been submitted to both the Stock Exchanges, where the shares of the Company are listed.

o. **Dematerialization of shares**

The Company has arrangements with both National Securities Depositories Limited and Central Depository Services (India) Limited to establish electronic connectivity of our shares for scrip-less trading. The shareholders can hold the Company's shares with any of the depository participants, registered with these depositories. The ISIN for the shares of the Company is INE414G01012.

As on March 31, 2022, 99.99% of shares of the Company were held in dematerialized form.

p. **Shares in Suspense Account**

No equity shares of the Company are held in demat-suspense account/unclaimed suspense account as on March 31, 2022.

q. **Outstanding Global Depository Receipts (GDRs) or American Depository Receipts (ADRs) or Warrants or any Convertible instruments, conversion date and likely impact on equity:**

The Company does not have any outstanding GDRs/ADRs/Warrants or any Convertible instruments as on date.

r. **Branch locations:**

Company has 4617 branches as on March 31, 2022. The details of locations are available on the Company’s website at: https://www.muthootfinance.com/branch-locator

s. **Commodity price risk or foreign exchange risk and hedging activities:**

The Company had no exposure to commodity and commodity risk during the FY 2021-22. Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk for the Company arises majorly on account of foreign currency borrowings and investments in foreign subsidiary companies. The Company’s foreign currency exposures are managed in accordance with its Foreign Exchange Risk Management Policy which has been approved by its Board of Directors. The Company has hedged its foreign currency risk on its foreign currency borrowings as on March 31, 2022 by entering into cross currency swaps and forward contracts with the intention of covering the entire term of foreign currency exposure.
The Company’s exposure on account of Foreign Currency Borrowings are provided in the Notes forming part of the financial statements.

CEO / CFO CERTIFICATION

The Board of Directors
Muthoot Finance Limited
Kochi - 18

We, George Alexander Muthoot, Managing Director, and Oommen K Mammen, Chief Financial Officer of Muthoot Finance Limited to the best of our knowledge and belief, certify that:

A. We have reviewed financial statements and the cash flow statement for the year ended on March 31, 2022 and that to the best of our knowledge and belief:
   (1) these statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading.
   (2) these statements together present a true and fair view of the Company's affairs and are in compliance with existing accounting standards, applicable laws and regulations.

B. There are, to the best of our knowledge and belief, no transactions entered into by the Company during the year which are fraudulent, illegal or violative of the Company's code of conduct.

C. We accept responsibility for establishing and maintaining internal controls for financial reporting and that we have evaluated the effectiveness of internal control systems of the listed entity pertaining to financial reporting and we have disclosed to the auditors and the audit committee, deficiencies in the design or operation of such internal controls, if any, of which we are aware and the steps we have taken or propose to take to rectify these deficiencies.

D. We have indicated to the auditors and the Audit committee;
   (1) significant changes in internal control over financial reporting during the year;
   (2) significant changes in accounting policies during the year and that the same have been disclosed in the notes to the financial statements; and
   (3) Instances of significant fraud of which we have become aware and the involvement therein, if any, of the management or an employee having a significant role in the Company's internal control system over financial reporting.

ANNEXURE C
INDEPENDENT AUDITOR’S CERTIFICATE ON CORPORATE GOVERNANCE

To,
The Members
Muthoot Finance Limited

1. This certificate is issued in accordance with the terms of our engagement letter dated December 30, 2021.

2. We have examined the compliance of conditions of Corporate Governance by Muthoot Finance Limited (“the Company”) for the year ended March 31, 2022, as stipulated in Regulations 17 to 27 and clauses (b) to (i) & (t) of Regulation 46(2) and Para C, D and E of Schedule V of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended, to the extent applicable (“Listing Regulations”).

Management’s Responsibility
3. The compliance of conditions of Corporate Governance is the responsibility of the Management. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of the Corporate Governance stipulated in Listing Regulations.

Auditors’ Responsibility
4. Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring the compliance with the conditions of Corporate Governance during the year ended March 31, 2022. It is neither an audit nor an expression of opinion on the financial statements of the Company.

5. We have examined the books of account and other relevant records and documents maintained by the Company for the purposes of providing reasonable assurance on the compliance of conditions of Corporate Governance by the Company.

6. We have carried out an examination of the relevant records of the Company in accordance with the Guidance Note on Certification of Corporate Governance issued by the Institute of the Chartered Accountants of India (“ICAI”), the Standards on Auditing specified under Section 143(10) of the Companies Act 2013, in so far as applicable for the purpose of this certificate and as per the Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

7. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.
8. Based on the procedures performed by us and to the best of our information and according to the explanations provided to us, in our opinion, the Company has complied, in all material respects, with the conditions of corporate governance, as stipulated in the Listing Regulations during the year ended March 31, 2022.

9. We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

Restriction on Use

10. This Certificate is issued solely for the purpose of complying with the aforesaid regulations and may not be suitable for any other purpose. Accordingly, we do not accept or assure any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come, without our prior consent in writing.

ANNEXURE – D

CERTIFICATE OF NON-DISQUALIFICATION OF DIRECTORS

(pursuant to Regulation 34(3) and Schedule V Para Clause (10) (i) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015)

To,
The Members
Muthoot Finance Limited
Muthoot Chambers, Opp. Saritha Theatre Complex,
Banerji Road, Ernakulam,
Kerala-682018.

I have examined the relevant registers, records, forms returns and disclosures received from the Directors of Muthoot Finance Limited having CIN L65910KL1997PLC011300 and having registered office at Muthoot Chambers, Opp. Saritha Theatre Complex, Banerji Road, Ernakulam, Kerala-682018 (hereinafter referred to as “the Company”), produced before me by the Company for the purpose of issuing this certificate, in accordance with Regulation 34(3) read with Schedule V Para-C Sub clause10(i) of the Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

In our opinion and to the best of our information and according to the verifications (including Directors Identification Number (DIN) status at the portal www.mca.gov.in) as considered necessary and explanations furnished to us by the Company and its officers. We hereby certify that none of the Directors on the Board of the Company as stated below for the Financial year ending on 31 March, 2022 have been debarred or disqualified from being appointed or continuing as Directors of Companies by the Securities Exchange Board of India, Ministry of Corporate Affairs, or any such other Statutory Authority.

1. Economic review

1.1 Global economic Review

After the challenging 2020, the global economy started with a note of optimism as vaccination drive started rolling out across the globe and resumption of economic activities. However, the onset of newer variants and the related challenges like disruptions in global supply chain kept the economy in tenterhooks. According to the April 2022 WEO report by IMF, the global economy achieved a growth of 6.1% compared to de-growth of 3.5% in CY 2020. The strength of the recovery was observed to vary significantly across countries, depending on access to medical interventions, the effectiveness of policy support, exposure to cross-country spillovers, and structural characteristics of the economy. For example, Advanced economies grew at an annual rate of 5.8% which was slower than Emerging and Developing economies, which grew at 6.8% in CY 2021. Among the important economic hubs of the world, India and China experienced the strongest recovery growing at an annual rate of 8.9% and 8.1% respectively. Another notable development during the year in the global economy was the rebound of international trade. According to the April WEO report by IMF, global trade volume recovery was sharper than output growth and it grew at an annual rate of 10.1% in CY 2021.

![World Economic Outlook Projections (%)](image)

World Economic Outlook Projections (%)

Source: IMF

1.2 Indian economic Review

The Indian economy started FY2021-22 with a sombre note owing to the spread of the delta variant which had a much sharper impact on the health of the population. The resultant restrictions, albeit localised, lowered the recovery pace during the first quarter of the financial year under review. After a de-growth of 6.6% in FY2020-21, the Indian economy reported a growth of 8.7%. The easing of COVID-related restrictions, accelerated vaccination campaign, and a strong policy response from the Government of India and the reserve bank were critical in ensuring this recovery. The RBI continued to maintain an accommodative stance throughout the year, aiding the recovery process. However, the growth stunted towards the second half of the year, largely driven by the global supply chain disruptions and an inflationary environment, driven by the steep increase in crude and other commodity prices.

**Outlook**

As per the latest estimates by CRISIL, India’s Gross Domestic Product (‘GDP’) is expected to report a growth of 7.3% in FY 2022-23, in line with the RBI’s expectation of 7.2% Real Growth. This growth is despite private consumption and investment being impacted by higher oil and commodity prices, elevated freight prices, and drag on exports with lower global growth projections. The growth projections face downsides risks emanating from the increased duration of the war as well as growing inflation.

**7.3%**

India’s Projected GDP growth in FY 2023
2. Industry review

2.1 Financial services industry

India has a diversified financial sector consisting of commercial banks, insurance companies, non-banking financial companies, housing finance companies, cooperatives, pension funds, mutual funds, and other smaller financial entities. The financial services industry plays an important role in ensuring the efficiency of capital allocation and driving high-return investments. In addition, the industry plays an important role in enabling more people to have access to capital. Financial inclusion driven by RBI has expanded the target market to semi-urban and rural areas. NBFCs especially those catering to the urban and rural poor namely NBFC-MFIs and Asset Finance Companies have a complementary role in the financial inclusion agenda of the country. The financial services sector is expected to rapidly grow this decade driven by rising incomes and heightened government focus on financial inclusion and digital adoption – India’s digital payments could pass $1 trillion by 2030.

Growth Drivers:

- Shift to better financial asset class by investors
  Important drivers of growth in the financial sector can be attributed to the rise in the personal wealth of the average Indian. According to new world wealth, the total private wealth of India stood at ₹8,893 billion and there were 357,000 HNIs in 2022\(^1\). Given India’s status as the fastest growing major economy in the world, the creation of new wealth is expected to rise the demand for more and better financial services.

- Rise of technology
  The integration of technology with the operations of finance has been an important driver in increasing the reach of financial services. In addition, the Indian government’s policy initiatives such as Jan Dhan Yojna and the integration of PAN and Aadhar are expected to further increase the share of savings in financial assets.

2.2 NBFC Sector

Non-banking financial companies (NBFCs) are a crucial component of the Indian finance industry and serve the financial needs of less-banked population such as the unorganised section such as the micro, small and medium enterprises (MSMEs). NBFCs enjoy a competitive edge in their superior understanding of regional dynamics, well-developed collection systems, and personalised services in the drive to expand financial inclusion in India. Lower transaction costs, quick decision-making, customer orientation, and prompt provision of services have typically differentiated NBFCs from banks. As a result, over the last decade, the NBFCs have become an increasingly important part of the Indian financial services sector. According to the RBI, NBFCs have slowly, but steadily increased their credit to GDP ratio from 8.6% in 2013 to reach 13.7% in 2021.

\[\text{Union Budget 2021-22 highlights}\]

The recent Union budget 2021-22 gave a boost to the financial services industry by:

- Privatisation of PSBs and government insurance companies and allowing greater FDI in insurance.
- Bolstering of Asset Reconstruction Company (ARC) set-up to reduce NPAs in India.
- Increased Capex at a y-o-y rate of 35.4% to crowd in private capital.

\end{array}
\]

\[\text{Source: RBI}\]

The NBFCs are tightly regulated by the RBI, with regulatory guidelines mandating that operating NBFCs have minimum net owned funds of ₹2 crore. In terms of ownership, the dominant form of NBFCs in terms of liability structure was NBFCs-ND in comparison to other forms of ownership. Out of a total 9733 NBFCs in 2021, 9.7% had an asset size of ~₹100 crore.

Types of NBFCs registered with RBI, as on 31st January, 2022

Source: RBI. NBFCs-ND stands for non-deposit taking NBFCs and NBFCs-D stands for deposit taking NBFCs.

The industrial sector is the largest recipient of credit extended by the NBFC sector, followed by retail loans and services. Within the industrial sector, large enterprises constitute the largest category where NBFCs have distributed credit, followed by micro and small enterprises and medium enterprises. Vehicle loans constitute the dominant form of retail loans given by NBFCs and commercial loans constitute the dominant form of credit given to services.

Distribution of NBFC Credit, September 2021

During the year, profitability indicators such as return on equity (RoE) and Net interest margin (NIM) reflect challenges in the NBFC sector. RoE and NIM, both, declined to 5.3% and 5.7%, respectively, during 2020-21 because of pandemic-induced slowdown, which impacted the informal economy more than the formal economy. However, the NBFC sector registered an improvement in asset quality during the year. This shows the resilience of the sector to headwinds in the operating environment. Based on the duration for which an asset remains non-performing, NPAs can be categorised into sub-standard, doubtful, and loss assets.

SWOT analysis of NBFC sector

<table>
<thead>
<tr>
<th>Strength</th>
<th>Weaknesses</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Diversification</strong></td>
<td><strong>Regulatory restrictions</strong></td>
</tr>
<tr>
<td>NBFCs offer a wide range of financial products and services including personal loans, commercial vehicle finance, housing loans, infrastructure finance, gold loans, microfinance, money transfer, insurance, education funding, and many more customised finance solutions. The diversity of products and services offered enables them to focus on under-served populations of the economy, and create a niche market for themselves.</td>
<td>The informal nature of the NBFC sector increases its regulatory risk. One of the ways this increased regulatory risk can be observed is the frequency of regulatory changes brought in by the RBI. For example, on April 19 2022, RBI issued guidelines for loans and advances by NBFCs and the disclosures they are required to make under a scale-based regulatory framework. A consequence of frequent regulatory changes are compliance costs that are borne by individual NBFCs, which reduces their ability to be competitive and protect their margins.</td>
</tr>
</tbody>
</table>

**Technology Adoption**

The recent few years have seen the emergence of integration of the NBFCs business operations with technology, to bring in productivity and efficiency. This enables companies operating in this space to offer simple, efficient, and cost-effective services such as credit score calculation, customer onboarding, loan disbursement, and collection among others.
Opportunity
• Increased penetration in the MSME segment with better integration of technology into business models
• Synergistic alliance with FinTech to increase market penetration.
• Development of more sophisticated financial products and services to serve the needs of the customer.
• Tapping into the fast-growing e-commerce segment
• Diversify assets by targeting new profitable segments and developing the capabilities required to serve the segments.
• A new wave of entrepreneurship creating a new demand for capital and financial services from NBFCs

Threats
• High cost of funds
• Inferior credit profile of borrowers
• Restrictions on deposit-taking NBFCs

2.3 Gold market
According to the World Gold Council, Indian households have US$1.5tn of gold, of which only 10% is used for financing. During the year, the gold market saw significant volatility in spot prices of gold, because of the persistent business shocks in the global economy, which made investors deal with an uncertain business environment. While the start of the year was relatively stable after COVID-related business risks had been sufficiently dealt with by Governments across the world with a global push for vaccination. The second half of the year saw one of the highest rallies of the year, with fresh concerns about inflation, rising interest rates, and geopolitical conflicts. The onset of the Ukraine-Russia conflict set off new waves of uncertainty and fears of a global economic slowdown, which triggered a bull run on the spot prices of gold.

Culture significance of Gold in India

Gold has a unique place in the social fabric of India. It is regarded as an item of value with a life of its own. Beyond being a symbol of wealth and status, gold is part of worship and culture -- a tradition that goes back thousands of years.¹

Religious connotations: Gold is an integral part of religious ceremonies in India, regardless of religion and is considered a prominent asset across all major religions in the country.

Family heirloom: Gold jewellery and ornaments are passed on from generation to generation, in a bid to keep family legacy alive. It is common for most households to pass on jewellery from a mother to a bride in weddings, irrespective of facts like change in design trends or value. Gold is an extremely sentimental part of certain traditions and continues to remain a cherished heirloom. Passing gold from one generation to another also helps people save money on gold.

Golden gifts: Gifting gold is considered auspicious in India, with gold gifts forming an integral part of all ceremonies. It is common to gift gold during weddings. In addition, gifts of gold are common for birthdays and child births even in smaller towns.

Status symbol: Ownership of gold is considered a status symbol, because of its historical importance across all strata’s of Indian society.

2.3.1 India’s gold jewellery market

According to ICRA, India’s gold jewellery demand reported strong growth of 25% during FY2022, despite a steep increase in gold prices. Gold consumption in FY2022 was spurred by pent-up demand in the second quarter and robust demand reported during the festive and wedding seasons. Further, the demand for gold jewellery in the fourth quarter also remained buoyant driven by limited impact of the third wave on store operations.

The report further expects a steady 11% growth in gold jewellery demand on FY2023 despite a higher base, driven by a robust wedding season, and festive purchases, given Indian consumer’s strong cultural affinity towards gold.

(Source: Gold Org)

2.2.1 Organised gold loan market

The Indian gold loan market is divided into two segments – organised and unorganised. The organised gold loan market includes banks, NBFCs, and Nidhi companies, while the unorganised gold loan segment comprises individuals who provide secured loans to borrowers by keeping gold as collateral.

According to the national household survey of gold consumption by India Gold Policy Centre (IGPC), more than 75% of Indian households own gold in one form or another. In addition, the majority of the gold consumption is concentrated among middle-income households, with 56% of total market demand²

Prominent features of gold loans³

- **Secured**: Loans are borrowed against the gold deposited by the applicant.
- **Low disbursal times**: NBFCs and the unorganised sector disburse loans at a much faster pace as compared with other sources which may take more time.
- **Loan-to-value (LTV) ratios**: According to RBI guidelines, loans against gold ornaments have a maximum LTV ratio of 75%.
- **Tenure**: There is no minimum period for the loan and, if need be, one can return the loan amount the very next day. The average tenure of the loan is about 90 to 100 days. The tenure would normally do not exceed 1 year
- **Varied interest rates**: The interest rate depends on the tenure and amount of loan. It varies from 12% to 18% in the case of banks, while for NBFCs, it could reach 24%. The interest rates charged in the unorganised sector are much higher and can range from 30% to 50%. Reasonable rates of interest are especially applied if the loan to value (LTV) does not exceed 50-60%.
- **Multiple repayment options**: Repayment can be structured with the interest amount and principal being repaid at the end of the period in one lump sum. Repayment through EMI, covering interest as well as principal, is also another frequently used option.

The gold loan industry is increasingly becoming significant in India, with a steady rise in AUM of gold loan NBFCs\(^4\). The flexibility of NBFCs coupled with the average Indian's preferences for gold is an important driver in the gold loan market. According to the RBI, the value of outstanding gold loans by banks jumped 33% between January 2021 and January 2022 to ₹69,521 crore\(^5\). The jump in gold loans is being seen across specialised NBFCs as well as banks. The competitive advantages of NBFCs, inflationary pressures, and consumer preferences are some of the factors which are expected to be drivers of growth for specialised NBFCs operating in the gold loan market in FY23 and FY24, and as a result, the gold loan market is expected to become even more important in the future.

### Key advantages of specialised NBFCs in the gold loan market

- Enhanced capabilities across faster loan processing, accurate gold valuation, safekeeping, and auctioning
- Relatively small ticket size, secure nature of business, and wide variety of products, leading to minimal credit cost and stable growth
- As a trusted pan-India brand in the gold loan space, Muthoot Finance is revolutionising India's gold banking sector and empowering people across the social pyramid. Inspired by a rich legacy that goes back several generations, our team of 26,000+ employees serve 200,000+ customers every day.

### Technology disrupting the Indian gold loan sector

Digitisation and innovative technologies are leading to unprecedented disruption in the entire banking and finance sector including the gold loan sector. The gold loan business in the country has undergone a massive transformation with enhanced use of technology for faster loan processing, accurate gold valuation, safekeeping, auctions, and cost-cutting. Customers are required to visit only to deposit the physical gold.

### 3. Company review

Muthoot Finance Limited (MFL) is the flagship company of the Kerala-based business house, The Muthoot Group, which has diversified operations in financial services, healthcare, education, and hospitality. MFL was incorporated in 1997 and is India’s largest gold loan focussed NBFC with total loan assets (standalone) of ₹580,532 million and 4,617 branches as on 31st March 2022.

Muthoot Finance is revolutionising India’s gold banking sector and empowering people across the social pyramid. Inspired by a rich legacy that goes back several generations, our team of 26,000+ employees serve 200,000+ customers every day.

### SCOT analysis

#### Strengths

- **Strong Core Loan Portfolio**: Our gold loan portfolio is optimised by having a varied borrowed profile. The diversification of our gold loan portfolio allows the possibility of loss in the event of a loan default by customers, the gold collateral can be liquidated with relative ease and minimum loss. This allows us to consistently generate strong cash flows which strengthens our balance sheet.
• **Long-standing leadership**: Our position as an industry leader in the retail financial services business owing to our large geographic footprint, committed workforce, and customer-centricity.

• **Smart financial management**: Our prudent financial management teams allow us to have a competitive advantage over our competitors, which allows us flexibility in offering different services on attractive terms.

• **Smart solution**: Our commitment to offering a seamless and better customer experience allows us to maintain long-term relationships with them.

• **Excellent product mix**: Our unmatched combination of products based on customer needs to help us to maintain our leadership position. We offer attractive rates which allow us to attract new customers and retain our existing customers.

• **Brand legacy**: Our distinctive product offerings and the strategic market has allowed us to build a strong brand with high recall value among customers.

**Challenges**

• **Storage**: Gold must be always handled with caution during the loan’s life cycle due to its low quantity vs high value. Employees must be trained on how to recognise the possibility of theft and other fraudulent behaviours, as well as the procedures to be complied with to prevent them.

• **Operating expenses**: Providing secure storage hubs at each branch costs and reduces operating revenues at the branch level. There are also costs associated with strong electronic monitoring and cybersecurity protocols to protect client data.

**Opportunity**

• **Digital services**: The shift in consumer preferences to a more experience-based mode of consumption opens up the possibility of value creation for our customers through creating a seamless experience

• **Technology adoption**: The emergence of the possibility of integration of technology into our business operations to provide innovative solutions.

**Threats**

• **Increased competition and alternative products**: Our competition lies with other gold loan lenders as well as with other financial services providers in unsecured loans segment– providing the customers the option of availing funds without providing any collateral.

4. **Operational review**
   Please see Page 50 of the Annual report for details on operational highlights.

5. **Financial review**
   **Gross Loans under management**
   We achieved a gross loan assets under management of ₹580,532 million in FY22 at a y-o-y rate of 10% compared to ₹526,223 million in the previous year.

   **Gold Loan Assets under management**
   We achieved a gold loan assets under management of ₹575 billions at a y-o-y rate of 11% in FY22 compared to ₹519 billion in the previous year.

   **Revenue**
   Our total income grew by 5% y-o-y to reach ₹110,984 million in FY22 compared to ₹105,744 million in the previous year.

   **Profit before tax**
   We achieved PBT of ₹53,094 million in FY22 compared to ₹50,065 million in the previous year at a y-o-y rate of 6%.

   **Profit after tax**
   We achieved PAT of ₹39,543 million in FY22 compared to ₹37,222 million in the previous year at a y-o-y rate of 6%.

   **Capital Adequacy Ratio (CAR)**
   We were able to maintain our capital adequacy ratio well above the statutory requirement and achieved a CRAR of 29.97% in FY22 compared to 27.39% in the previous year. Our CRAR for tier I assets stood at 29.10% in FY22 compared to 26.31% in the previous year. Our CRAR for tier II assets fell from 1.08% to 0.87% in FY22.

   **Earnings per Share (EPS)**
   We recorded an increase in our EPS at a y-o-y rate of 6.21% and it stood at ₹98.55 in FY22 compared to ₹92.79 in the previous year.
6. **Risk management**

We are committed to identification of risks to our business, and place in robust risk management mechanisms that enable us to achieve our company’s mission and vision.

<table>
<thead>
<tr>
<th>Risk</th>
<th>Definition</th>
<th>Mitigation Measures</th>
</tr>
</thead>
<tbody>
<tr>
<td>Operational</td>
<td>The possibility of direct or indirect loss as a result of system, personnel, or process failures, or as a result of external occurrences.</td>
<td>To mitigate various operational risks, we have robust systems and stringent processes in place. We protect our branches with centralised monitoring and surveillance cameras. Employees are trained on how to spot a fraud, such as unauthentic gold, on a regular basis. We have a centralised system with dedicated audit personnel for overall risk management.</td>
</tr>
<tr>
<td>Collateral</td>
<td>Downward fluctuation in gold prices could lead to loss of profits</td>
<td>To address this risk, we have a policy of retaining at least 25% of the gold price of jewellery when calculating the loan amount, excluding design and production charges. Even if the collateral’s value falls below the repayment amount, the sentimental value of gold jewellery drives repayment and redemption.</td>
</tr>
<tr>
<td>Credit</td>
<td>Failure of counter-party to abide by the terms and conditions of any financial contract with us</td>
<td>We have a strict loan approval and collateral evaluation process in place, as well as an effective non-performing asset monitoring and collection approach. The risk is mitigated to some extent by the collateral’s liquidity, as there is a remote chance of recovering less than the amount due on account of adequate security margin.</td>
</tr>
<tr>
<td>Market</td>
<td>Fluctuations in interest rate</td>
<td>Interest rate hikes can be passed on to borrowers; fixed rates of interest for the bulk of borrowings, as well as all loans and advances, reduce interest rate risk.</td>
</tr>
<tr>
<td>Liquidity</td>
<td>The inability to raise cash from the market at the best possible price to meet operational and debt servicing needs.</td>
<td>We interact with the Asset and Liabilities Management Committee (Committee of Board Of Directors) and ALCO Committee (Committee of Executives) on a regular basis to examine the liquidity position based on future cash flows. Due to the nature of business of the company, which employs funds from a variety of sources, including debentures, external commercial borrowings, and bank loans with longer maturities than the loans given, there is less liquidity risk in operations.</td>
</tr>
<tr>
<td>Business cycle</td>
<td>Associated with the seasonal or cyclical nature of an industry.</td>
<td>Our extensive presence across India enables us to alleviate cyclical pressures on various regions’ economic growth.</td>
</tr>
</tbody>
</table>

7. **Human Resources**

Please see Page 52 of the Annual report for details on people practices.

8. **Internal Controls and Adequacy**

The Company has an adequate internal control system in place to safeguard assets and protect against losses from any unauthorised use or disposition. The system authorises, records and reports transactions and ensures that recorded data are reliable to prepare financial information and to maintain accountability of assets. The Company’s internal controls are supplemented by an extensive programme of internal audits, reviews by the management, and documented policies, guidelines and procedures.

9. **Cautionary Statement**

Statements in this Management Discussion and Analysis describing the Company’s objectives, projections, estimates and expectations may be ‘forward-looking statements’ within the meaning of applicable laws and regulations. Important developments that could affect the Company’s operations include a downtrend in the financial services industry, global or domestic or both, significant changes in the political and economic environment in India or key markets abroad, tax laws, litigation, labour relations, exchange rate fluctuations, interest and other factors. Actual results might differ substantially or materially from those expressed or implied. This report should be read in conjunction with the financial statements included herein and the notes thereto.

Our Secretarial Audit Report of even date is to be read along with this letter.

1. Maintenance of secretarial records is the responsibility of the management of the company. Our responsibility is to express an opinion on these secretarial records based on our audit.

2. Due threat of infection arising out of COVID-19 pandemic, we had to conduct our audit by examining various records and documents including minutes, registers, certificates and other records received through electronic mode as enabled by the company. We state that we have not done a physical verification of all the original documents and records. The management has confirmed that the records provided to us for audit through electronic mode are final, true and correct.

3. Further, our audit report is limited to the verification and reporting on the statutory compliances on laws / regulations / guidelines listed in our report and the same pertain to the financial year ended on 31st March, 2022. Our reporting does not include any statutory compliances whose dates are extended by Ministry of Corporate Affairs / SEBI / RBI, as the case may be, from time to time and accordingly such extended time limits remain beyond the date of our audit report.

4. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion.

5. Where ever required, we have obtained the Management representation about the compliance of laws, rules and regulations and happening of events or transactions.

6. We have not verified the correctness and appropriateness of financial records and Books of Accounts of the company.

7. The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. Our examination was limited to the verification of procedures on test basis. Further, compliance of the Act, Regulations, Directions listed under Para (vi) of the report is limited to issue of securities, corporate governance aspects and filing of forms and returns there under.

8. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the company.

ANNEXURE- 8
SECRETARIAL AUDIT REPORT

(Pursuant to Section 204(1) of the Companies Act, 2013 read with Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014

For the Financial Year ended 31st March, 2022

To,
The Members,
Muthoot Finance Limited
Muthoot Chambers, Opposite Saritha Theatre Complex,
2nd Floor, Banerji Road,
Kochi – 682 018

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Muthoot Finance Limited (CIN L65910KL1997PLC011300) (hereinafter called “the Company”). Secretarial Audit was conducted for the financial year ended on 31st March, 2022 in a manner that provided us reasonable basis for evaluating the corporate conduct / statutory compliances and expressing our opinion thereon.

On the basis of the above and on our verification of documents, books, papers, minutes, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of the Audit, We hereby report that in our opinion, the Company has, during the period covered under the Audit as aforesaid, complied with the statutory provisions listed hereunder during the year under review and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended 31st March, 2022 according to the provisions of:

(i) The Companies Act, 2013 and the Rules made there under.
(ii) The Securities Contracts (Regulation) Act, 1956 and the Rules made there under.
(iii) The Depositories Act, 1996 and the Regulations and Bye-Laws framed there under.
(iv) The Foreign Exchange Management Act, 1999 and the Rules and Regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings.
(v) The following Regulations and Guidelines prescribed under Securities and Exchange Board of India Act, 1992:-
   a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011
   b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015
   c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018
   d. The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014
   e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008
   f. The Securities and Exchange Board of India (Registrar to an Issue and Share Transfer Agents) Regulations, 1993.
   g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009
   h. The Securities and Exchange Board of India (Buy Back of Securities) Regulations, 1998
   i. Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015
(vi) The following laws, regulations, directions, orders applicable specifically to the Company:
   a) The Reserve Bank of India Act, 1934.
   b) Master Direction - Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016.
   c) Master Direction- Non-Banking Financial Company Returns (Reserve Bank) Directions, 2016.
   d) Raising Money through Private Placement of Non-Convertible Debentures (NCDs) by NBFCs - RBI Guidelines.
   e) Master Circular – Non-Banking Financial Companies – Corporate Governance (Reserve Bank) Directions, 2015.
We have also examined compliance with the applicable clauses of the following:

(i) Secretarial Standards 1 & 2 issued by The Institute of Company Secretaries of India.
(ii) Listing Agreement for equity and debt securities entered into with BSE Limited and National Stock Exchange of India Limited.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

On the basis of the information and explanation provided, the Company had no transaction during the period under Audit requiring the compliance of applicable provisions of Act / Regulations / Directions as mentioned above in respect of:

a) Foreign Direct Investment and External Commercial Borrowings.
b) Buy-back of securities.
c) Delisting of shares.
d) Substantial Acquisition of Shares or Takeovers.
e) Issue of securities other than Equity shares issued under Employee stock option scheme and issue of non-convertible debt securities.

We further report that The Board of Directors of the Company is duly constituted with the proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period covered under the Audit were carried out in compliance with the provisions of the Act.

Adequate notice and detailed notes on Agenda was given to all Directors at least seven days in advance to schedule the Board Meetings. There exist a system for seeking and obtaining further information and clarifications on the Agenda items before the Meeting and for meaningful participation at the Meeting.

Majority decision is carried through and recorded as part of the minutes. We did not find any dissenting directors’ views recorded in the minutes.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the period covered under the Audit, the Company has made the following specific actions having a major bearing on the company’s affairs in pursuance of the above referred laws, rules, regulations, guidelines, referred to above:

(a) The Company had raised a sum of ₹ 15,318 million from private placement of Non-Convertible Debentures during the financial year.
(b) The Company had raised a sum of ₹ 17,000 million from public issue of Non-Convertible Debentures during the financial year.

</table>

(1) Appointed as Whole-time Directors with effect from December 15, 2021
(2) Appointed as Independent Director with effect from September 18, 2021

b) the percentage increase in the median remuneration of employees in the financial year 2021-22: (3.06%) 

c) The number of permanent employees on the rolls of company as on March 31, 2022: 26,716 

d) average percentile increase already made in the salaries of employees other than the managerial personnel in the last financial year and its comparison with the percentile increase in the managerial remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the managerial remuneration;

The average percentile in the salaries of employees other than the managerial personnel decreased by 4.06%. The total managerial remuneration for the Financial Year 2021-22 was ₹828.85 millions as against ₹805.23 millions during the previous year, an increase of 2.93%. The increase in managerial remuneration is on account of 2.74% increase in remuneration of Managing Director and six Whole-Time Directors. This was based on the overall performance of the Company during the year. Loan Assets under management increased by 10% reaching an all-time high of ₹580,532 millions. Profit after tax increased by 6% at a record level of ₹39,543 millions. Hence the Board considered increasing variable Annual Performance Incentive of Managing Director and three Whole-Time Directors cumulatively from ₹546.76 millions (including commission on net profit) to ₹551.91 millions due to exceptional performance of the Company during the year. Commission to Non-Executive Directors were also increased by 13% for the above reasons. The above increase in managerial remuneration is within the limits approved by shareholders. There is no exceptional circumstance for increase in managerial remuneration except as stated above.

e) The remuneration paid is as per the remuneration policy of the Company.

INDEPENDENT AUDITORS’ REPORT

To The Members of MUTHOOT FINANCE LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion
We have audited the accompanying standalone financial statements of Muthoot Finance Limited (‘the Company’), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and Notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended (‘the Act’) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit, total comprehensive income, its cash flows and changes in equity for the year ended on that date.

Basis for Opinion
We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (‘SAs’), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the ‘Auditors’ Responsibilities for the Audit of the Standalone Financial Statements’ section of our Report. We are independent of the Company in accordance with the ‘Code of Ethics’ issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters
Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

<table>
<thead>
<tr>
<th>Key Audit Matter</th>
<th>Auditors’ Response</th>
</tr>
</thead>
</table>
• Obtained an understanding of the Company’s Expected Credit Loss (ECL) calculation and the underlying assumptions.  
• Tested the key controls over the assessment and identification of significant increase in credit risk and staging of assets.  
• Sample testing of the accuracy and appropriateness of information used in the estimation of Probability of Default (PD) and Loss Given Default (LGD) using historical information. Hence, we have considered the estimation of ECL as a Key Audit Matter.  
• Tested the arithmetical accuracy of the computation of PD and LGD and also performed analytical procedures to verify the reasonableness of the computation.  
• Assessed the disclosure made in relation to IND AS 109 for ECL allowance. Further, we also assessed whether the disclosure of key judgements and assumptions are adequate. |
2. Related Party Transactions

We identified related party transactions as a key audit matter due to the significance of related party transactions, regulatory compliance and risk of such transactions remaining undisclosed in the financial statements.

- Evaluated the Company’s policies, processes and procedures in respect of identifying and disclosing related party transactions.
- Read the minutes of meetings of the shareholders, Board and Audit Committee regarding the Company’s assessment of related party transactions for arm’s length pricing.
- Assessed the compliance with Companies Act 2013, including authorisation and approvals as specified in sections 177 and 188 of the Companies Act, 2013, and Rules thereon and the Securities and Exchange Board of India regulations with respect to related party transactions.
- Tested on a sample basis related party transactions with the underlying contracts and other documents.

3. Compliance and disclosure requirements

Compliance and disclosure requirements under the applicable Indian Accounting Standards, Reserve Bank of India (RBI) guidelines and other applicable statutory, regulatory and financial reporting framework.

- Assessed the systems and processes laid down by the Company to appropriately ensure compliance and disclosures as per the applicable Indian Accounting Standards, RBI guidelines and other applicable statutory, regulatory and financial reporting framework.
- Designed and performed audit procedures to assess the completeness and correctness of the details disclosed having regard to the assumptions made by the management in relation to the applicability and extent of disclosure requirements.
- Relied on internal records of the Company and external confirmations wherever necessary.

4. Litigations

The Company has various tax litigations pending under the Income Tax Act 1961, Goods and Services Tax Act 2017, service tax under Finance Act 1994 and Value Added Tax Acts of various states. The Company has disputed these in various forums and the outcome of these cases will depend on significant judgements, hence we have identified pending litigation as a Key Audit Matter.

In assessing the litigations, we have:

- Read the communications with the relevant tax authorities in respect to the pending tax litigations and also considered the submissions made by the management to the respective appellate authorities.
- We verified the accuracy of the disputed amounts with the relevant communication from the tax authority.

5. IT Systems and Controls

The Company uses Information Technology (IT) application for financial accounts and reporting process. Any gap in the financial accounting and reporting process may result in a misstatement, hence we have identified IT systems and controls over financial reporting as a Key Audit Matter.

- Understood the IT systems and controls over key financial accounting and reporting systems.
- Tested the general IT controls for design and operating effectiveness.
- Understood the changes made in the IT environment during the year and ascertained its effect on the financial statements controls and accounts.
- We also assessed, through sample tests, the information generated from these systems which were relied upon for our audit.

Information Other than the Standalone Financial Statements and Auditors’ Report thereon (Other Information)

The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Corporate Overview, Board’s Report, Management Discussion and Analysis Report, Business Responsibility Report and Report on Corporate Governance in the Annual Report of the Company for the financial year 2021-22, but does not include the standalone financial statements and our auditors’ report thereon. The reports containing the other information as above are expected to be made available to us after the date of this auditors’ report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

When we read the reports containing the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions as per applicable laws and regulations.

**Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error:

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

**Auditors’ Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error; and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in respect of financial statements in place and the operating effectiveness of such controls;

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of the management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors’ report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors’ report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that individually or in aggregate, make it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements are influenced.
statements may be influenced. We consider quantitative materiality and qualitative factors in
(i) planning the scope of our audit work and in evaluating the results of our work; and
(ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditors’ report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As per the Companies (Auditor’s Report) Order, 2020 (‘the Order’), issued by the Central Government of India in terms of sub section (11) of section 143 of the Act, we give in ‘Annexure A’, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by section 143(3) of the Act, we report that:
   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books. Since the key operations of the Company are automated with the key applications integrated to core banking system/MIS, the audit is carried out centrally as all the necessary records and data required for the purposes of our audit are available therein.
   c. The standalone Balance sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with books of account;
   d. In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
   e. On the basis of the written representation received from the directors as on March 31, 2022, taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2022, from being appointed as a director in terms of section 164(2) of the Act;
   f. With respect to the adequacy of the internal financial controls with reference to these standalone financial statements and the operating effectiveness of such controls, refer to our separate report in ‘Annexure B’ to this report;
   g. With respect to the other matters to be included in the Auditors’ report in accordance with section 197(16) of the Act, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V to the Act; and
   h. With respect to other matters to be included in the Auditors’ report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
      i. The Company has disclosed the impact of pending litigation on its financial position in its standalone financial statements – Refer Note 38 to the standalone financial statements.
      ii. The Company has made provisions, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts.
      iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
      iv. With respect to clause (e) of Rule 11 of the companies (Audit and Auditors) Amendment Rules, 2021;
         1. The Management has represented that, to the best of its knowledge and belief, as disclosed in the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company
to or in any other person(s) or entity(ies),
including foreign entities (“Intermediaries”),
with the understanding, whether recorded in
writing or otherwise, that the Intermediary
shall, whether directly or indirectly lend or
invest in other persons or entities identified in
any manner whatsoever by or on behalf of the
Company (“Ultimate Beneficiaries”) or provide
any guarantee, security or the like on behalf of the
Ultimate Beneficiaries.

2. The Management has represented, that, to the
best of its knowledge and belief, as disclosed in
the standalone financial statements, no funds
have been received by the Company from any
person(s) or entity(ies), including foreign entities
(“Funding Parties”), with the understanding,
whether recorded in writing or otherwise,
that the Company shall, whether directly or
indirectly, lend or invest in other persons or
entities identified in any manner whatsoever
by or on behalf of the Funding Party (“Ultimate
Beneficiaries”) or provide any guarantee, security
or the like on behalf of the Ultimate Beneficiaries.

3. Based on the audit procedures performed that
have been considered reasonable and appropriate
in the circumstances, nothing has come to our
notice that has caused us to believe that the
representations under sub-clause (i) and (ii) of
Rule 11(e) contain any material misstatement.

v. The dividend declared/paid during the year by the
Company is in compliance with section 123 of the Act.
In our opinion the Company is maintaining proper records showing full particulars including quantitative
details and situation of Property, Plant and Equipment ("PPE").

According to the information and explanation given to us, the Company has a regular programme of physical
verification of its PPE which in our opinion is reasonable having regard to the size of the company and nature of
its assets. Pursuant to the programme, the Management has physically verified the Property, Plant and Equipment
during the year and no material discrepancies were noticed on such verification.

In our opinion and according to the information and explanations given to us and on the basis of our examination
of the records of the Company, the title deeds of immovable property (other than properties where the Company
is the lessee and the lease agreements are duly executed in favour of the Company), disclosed in the financial
statements are held in the name of the Company. In respect of certain immovable properties acquired under a
scheme of amalgamation in a prior year, the title deeds continue to remain in the name of the erstwhile owners, the
details of which are as stated below:

</table>
d. According to the information and explanations given to us and based on the books of account of the Company examined by us, the Company has not revalued its PPE (including Right of Use assets) or intangible assets or both during the year.

e. According to the information and explanations given to us and based on our examination of the records of the Company, no proceedings have been initiated or are pending against the Company as at March 31, 2022, for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

ii. a. The Company is a Non-Banking Finance Company and its business does not require maintenance of inventories. Accordingly, the provision of clause 3(ii)(a) of the Order is not applicable to the Company.

b. The Company has been sanctioned working capital limits in excess of ₹ 5 Crores in aggregate from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly statements filed with banks or financial institutions are in agreement with the books of account.

iii. a. The principal business of the Company is to give loans, hence the requirement to report on clause 3(iii) (a) of the Order is not applicable to the Company.

b. During the year the investments made, guarantee provided, security given and the terms and conditions of the grant of all loans and advances in the nature of loans and guarantees are, in our opinion, not prejudicial to the Company’s interest.

c. In respect of loans and advances in the nature of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated. Being a Non-Banking (Non-Deposit Taking Systematically Important) Finance Company, there are instances where the repayment of principal and interest are not as per the stipulated terms.

d. In respect of loans and advances granted by the Company, Refer notes 8(1) and 42(I) to the Standalone Financial Statements for the total amount overdue for more than ninety days under the title ‘Stage 3’ loans. In our opinion and according to the information and explanations given to us, reasonable steps have been taken by the Company for recovery of the principal and interest.

e. The principal business of the Company is to give loans, hence the requirement to report on clause 3(iii) (e) of the Order is not applicable to the company.

f. The Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment. Hence the requirement to report loans granted to promoters, related parties as defined in clause 76 of section 2 of the Act or to any other parties on clause 3(iii) (f) of the Order is not applicable.

iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of sections 185 and 186 of the Act in respect of loans granted, investments made and guarantees given, where applicable. The Company has not provided any security for which the provisions of section 185 and 186 of the Act are applicable.

v. The Company has not accepted any deposits from the public or amounts which are deemed to be deposits during the year which attract the directives issued by the Reserve Bank of India. Being a Non-Banking Finance Company registered with Reserve Bank of India, the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Rules framed there under regarding acceptance of deposits are not applicable. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

vi. In our opinion and according to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the Company.

vii. a. In our opinion and according to the information and explanations given to us, the Company has generally been regular in depositing any undisputed statutory dues including goods and services tax, provident fund, employees’ state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues to the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees’ state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues were in arrears as at March 31, 2022, for a period of more than six months from the date they became payable.

b. In our opinion and according to the information and explanations given to us, there are no disputed amounts due to be deposited in respect of goods
and services tax, provident fund, employees’ state insurance, sales tax, duty of customs, duty of excise, value added tax and cess as at March 31, 2022, except the following:

According to the information and explanations given to us the following disputed amounts of income tax and service tax have not been deposited with the authorities as at March 31, 2022:

<table>

viii. In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no instances of any transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

ix. a. In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.

b. According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender.

c. In our opinion and according to the information and explanations given to us, the Company has utilized the money obtained by way of term loans for the purpose for which they were obtained.

d. According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have, prima facie not been utilized for long-term purposes by the Company.

e. According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

f. According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.

x. a. According to the information and explanations provided to us and the records of the Company examined by us, the Company has not raised monies by way of initial public offer or further public offer except for the public offer of debt instruments.

b. According to the information and explanations given to us, the Company has not made any preferential allotment/private placement of shares or convertible debentures (fully/partly/optionally convertible) during the year except Employee Stock Options issued during the year.

xi. a. To the best of our knowledge and according to the information and explanations given to us, there have been instances of fraud on the Company amounting to ₹ 13.30 million as included in Note 50 to the standalone financial statements. No fraud by the Company has been noticed or reported during the year, nor have we been informed of any such instance by the management.

b. No report under sub-section (12) of section 143 of the Act has been filed in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government during the year by the Statutory Auditors and up to the date of this Report.

c. As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

xii. The Company is not a Nidhi company as prescribed under Section 406 of the Companies Act. Accordingly,
the reporting requirement under clause 3 (xii) of the Order is not applicable.

xiii. In our opinion and according to the information and explanations given to us, all transactions with related parties are in compliance with Sections 177 and 188 of the Act, where applicable, and the details of such transactions have been disclosed in the financial statements as required by the applicable Indian Accounting Standards.

xiv. a. In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

b. The internal audit is performed as per a planned program approved by the management and those charged with governance of the Company. We have considered, during the course of our audit, the reports of the branch internal audits for the year under audit in accordance with the guidance provided in SA 610 'Using the Work of Internal Auditors' issued by the Institute of Chartered Accountants of India.

xv. According to the information and explanations given to us, in our opinion, during the year the Company has not entered into any non-cash transaction with its directors or persons connected with its directors and hence reporting requirement under Clause 3 (xv) of the Order are not applicable to the Company.

xvi. a. The Company is a Non-Banking Finance Company and is required to obtain Registration under section 45-1A of the Reserve Bank of India Act, 1934 and such registration has been obtained.

b. The Company has a valid Certificate of Registration (CoR) from the Reserve Bank of India (RBI) for conducting Non-Banking Financial activities and no business has been conducted by the Company without a valid CoR.

c. The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting requirements under clause 3 (xvi)(c) of the Order is not applicable.

d. As per the information and explanations given to us, there are no core investment companies as defined in the regulations made by the Reserve Bank of India as part of its group and hence the reporting requirements under clause 3 (xvi)(d) of the Order are not applicable.

xvii. The Company has not incurred any cash losses in the financial year and in the immediately preceding financial year.

xviii. The previous statutory auditors of the Company have resigned with effect from November 10, 2021, pursuant to the requirements of RBI circular on Guidelines for Appointment of Statutory Central Auditors (SCAs)/ Statutory Auditors (SAs) of Commercial Banks (excluding RRBs), UCBS and NBFCs (including HFCs) dated April 27, 2021 and hence there are no issues, objections or concerns raised by the outgoing auditors.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

xx. a. In our opinion and according to the information and explanations given to us, there is no unspent amount required to be transferred to a fund specified in Schedule VII of the Companies Act in compliance with second proviso to sub section 5 of section 135 of the said Act for the year.

b. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has transferred unspent amount under subsection 5 of section 135 of the Companies Act, pursuant to ongoing projects to a special account in compliance with the provision of section 135(6) of the Companies Act.
Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

Opinion
We have audited the internal financial controls over financial reporting of Muthoot Finance Limited ("the Company") as of March 31, 2022, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on ‘Audit of Internal Financial Controls Over Financial Reporting’ issued by the Institute of Chartered Accountants of India (the ‘Guidance Note’).

Management’s Responsibility for Internal Financial Controls
The Company’s management is responsible for establishing and maintaining internal standalone financial controls based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (‘the Act’).

Auditors’ Responsibility
Our responsibility is to express an opinion on the Company’s internal financial controls with reference to standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the Institute of Chartered Accountants of India ("ICAI") and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal standalone financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to financial statements
A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal standalone financial control with reference to standalone financial statements includes those policies and procedures that:

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;

2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the Company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1. **Corporate Information**

Muthoot Finance Limited ("the Company") was incorporated as a private limited Company on 14th March, 1997 and was converted into a public limited Company on November 18, 2008. The Company was promoted by Late Mr. M. G. George Muthoot, Mr. George Thomas Muthoot, Mr. George Jacob Muthoot and Mr. George Alexander Muthoot who collectively operated under the brand name of “The Muthoot Group”. The Company obtained permission from the Reserve Bank of India for carrying on the business of Non-Banking Financial Institutions on 13-11-2001 vide Regn No. N 16.00167. The Company is presently classified as Systemically Important Non-Deposit Taking NBFC (NBFC-ND-SI). The Registered Office of the Company is at 2nd Floor, Muthoot Chambers, Opposite Saritha Theatre Complex, Banerji Road, Kochi - 682 018, India.

The Company made an Initial Public Offer of 51,500,000 Equity Shares of the face value ₹ 10/- each at a price of ₹ 175/- raising ₹ 9,012.50 millions during the month of April 2011. The equity shares of the Company are listed on National Stock Exchange of India Limited and BSE Limited from May 6, 2011.

2. **Basis of preparation and presentation**

2.1 **Statement of Compliance**

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). These financial statements may require further adjustments, if any, necessitated by the guidelines / clarifications / directions issued in the future by RBI, Ministry of Corporate Affairs, or other regulators, which will be implemented as and when the same are issued and made applicable.

2.2 **Basis of measurement**

The financial statements have been prepared on a historical cost basis, except for following assets and liabilities which have been measured at fair value:

i) fair value through other comprehensive income (FVOCI) instruments,

ii) derivative financial instruments,

iii) other financial assets held for trading,

iv) financial assets and liabilities designated at fair value through profit or loss (FVTPL)

2.3 The financial statements of the Company are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis.

2.4 **Functional and presentation currency**

The financial statements are presented in Indian Rupees (INR) which is also its functional currency and all values are rounded to the nearest million, except when otherwise indicated.

2.5 **New Accounting Standards that are issued but not effective**

There are no standards that are issued but not yet effective on March 31, 2022.

3. **Significant accounting policies**

3.1 **Revenue Recognition**

3.1.1 **Recognition of interest income**

The Company recognises Interest income by applying the effective interest rate (EIR) to the gross carrying amount of a financial asset except for purchased or originated credit-impaired financial assets and other credit-impaired financial assets.

For purchased or originated credit-impaired financial assets, the Company applies the credit-adjusted effective interest rate to the amortised cost of the financial asset from initial recognition.

For other credit-impaired financial assets, the Company applies effective interest rate to the amortised cost of the financial asset in subsequent reporting periods.

The effective interest rate on a financial asset is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. While estimating future cash receipts, factors like expected behaviour and life cycle of the financial asset, probable
fluctuation in collateral value etc are considered which has an impact on the EIR.

While calculating the effective interest rate, the Company includes all fees and points paid or received to and from the borrowers that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Interest income on all trading assets and financial assets required to be measured at FVTPL is recognised using the contractual interest rate as net gain on fair value changes.

3.1.2 Recognition of revenue from sale of goods or services
Revenue (other than for Financial Instruments within the scope of Ind AS 109) is measured at an amount that reflects the considerations, to which an entity expects to be entitled in exchange for transferring goods or services to customer, excluding amounts collected on behalf of third parties.

The Company recognises revenue from contracts with customers based on a five-step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation

Revenue from contract with customer for rendering services is recognised at a point in time when performance obligation is satisfied.

3.1.3 Recognition of Dividend Income
Dividend income (including from FVOCI investments) is recognised when the Company’s right to receive the payment is established. This is established when it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably.

3.2. Financial instruments
A. Financial Assets
3.2.1. Initial recognition and measurement
All financial assets are recognised initially at fair value when the parties become party to the contractual provisions of the financial asset. In case of financial assets which are not recorded at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial assets, are adjusted to the fair value on initial recognition.

3.2.2. Subsequent measurement
The Company classifies its financial assets into various measurement categories. The classification depends on the contractual terms of the financial assets’ cash flows and the Company’s business model for managing financial assets.

a. Financial assets measured at amortised cost
A financial asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b. Financial assets measured at fair value through other comprehensive income (FVOCI)
A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and contractual terms of financial asset give rise on specified dates to
c. Financial assets measured at fair value through profit or loss (FVTPL)
   A financial asset which is not classified in any of the above categories are measured at FVTPL.

3.2.3. Investments in Subsidiaries, Associates and Joint Ventures
   The Company has accounted for its investments in Subsidiaries, Associates andJoint Ventures at cost less impairment loss, if any.

3.2.4. Other Equity Investments
   All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the changes in fair value through other comprehensive income (FVOCI).

B. Financial liabilities
3.2.5. Initial recognition and measurement
   All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs. The company’s financial liabilities include trade and other payables, non-convertible debentures loans and borrowings including bank overdrafts.

3.2.6. Subsequent Measurement
   Financial liabilities other than derivative financial instruments are subsequently carried at amortized cost using the effective interest method. Subsequent measurement of derivative financial instruments are at fair value as detailed under Note 3.7 ‘Derivative Financial Instruments’

3.3. Derecognition of financial assets and liabilities
3.3.1. Financial Asset
   The Company derecognizes a financial asset when the contractual cash flows from the asset expire or it transfers its rights to receive contractual cash flows from the financial asset in a transaction in which substantially all the risks and rewards of ownership are transferred. Any interest in transferred financial assets that is created or retained by the Company is recognized as a separate asset or liability.

3.3.2. Financial Liability
   A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of profit and loss.

3.4. Offsetting
   Financial assets and financial liabilities are generally reported gross in the balance sheet. Financial assets and liabilities are offset and the net amount is presented in the balance sheet when the Company has a legal right to offset the amounts and intends to settle on a net basis or to realise the asset and settle the liability simultaneously in all the following circumstances:
   a. The normal course of business
   b. The event of default
   c. The event of insolvency or bankruptcy of the Company and/or its counterparties

3.5. Impairment of financial assets
   In accordance with Ind AS 109, the Company uses ‘Expected Credit Loss’ model (ECL), for evaluating impairment of financial assets other than those measured at Fair value through profit or loss.

3.5.1. Overview of the Expected Credit Loss (ECL) model
   Expected Credit Loss, at each reporting date, is measured through a loss allowance for a financial asset:
   - At an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.
   - At an amount equal to 12-month expected credit losses, if the credit risk on a financial instrument has not increased significantly since initial recognition.
Lifetime expected credit losses means expected credit losses that result from all possible default events over the expected life of a financial asset.

12-month expected credit losses means the portion of Lifetime ECL that represent the ECLs that result from default events on financial assets that are possible within the 12 months after the reporting date.

The Company performs an assessment, at the end of each reporting period, of whether a financial asset’s credit risk has increased significantly since initial recognition. When making the assessment, the change in the risk of a default occurring over the expected life of the financial instrument is used instead of the change in the amount of expected credit losses.

Based on the above process, the Company categorises its loans into three stages as described below:

For non-impaired financial assets:
- Stage 1 is comprised of all non-impaired financial assets which have not experienced a significant increase in credit risk (SICR) since initial recognition. A 12-month ECL provision is made for stage 1 financial assets. In assessing whether credit risk has increased significantly, the Company compares the risk of a default occurring on the financial asset at the reporting date with the risk of a default occurring on the financial asset at the date of initial recognition.
- Stage 2 is comprised of all non-impaired financial assets which have experienced a significant increase in credit risk since initial recognition. The Company recognises lifetime ECL for stage 2 financial assets. In subsequent reporting periods, if the credit risk of the financial instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then entities shall revert to recognizing 12-months ECL provision.

For impaired financial assets:
Financial assets are classified as stage 3 when there is objective evidence of impairment as a result of one or more loss events that have occurred after initial recognition with a negative impact on the estimated future cash flows of a loan or a portfolio of loans. The Company recognises lifetime ECL for impaired financial assets.

3.5.2. Estimation of Expected Credit Loss

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

- Probability of Default (PD) - The Probability of Default is an estimate of the likelihood of default over a given time horizon.

The Company uses historical information where available to determine PD. Considering the different products and schemes, the Company has bifurcated its loan portfolio into various pools. For certain pools where historical information is available, the PD is calculated considering fresh slippage of past years. For those pools where historical information is not available, the PD/default rates as stated by external reporting agencies is considered.

- Exposure at Default (EAD) - The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest from missed payments.

- Loss Given Default (LGD) – The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral.

Forward looking information
While estimating the expected credit losses, the Company reviews macro-economic developments occurring in the economy and market it operates in. On a periodic basis, the Company analyses if there is any relationship between key economic trends like GDP, unemployment rates, benchmark rates set by the Reserve Bank of India, inflation etc. with the estimate of PD, LGD determined by the Company based on its internal data. While the internal estimates of PD, LGD rates by the Company may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

To mitigate its credit risks on financial assets, the Company seeks to use collateral, where possible. The collateral comes in various forms, such as cash,
securities, letters of credit/guarantees, vehicles, etc. However, the fair value of collateral affects the calculation of ECL. The collateral is majorly the property for which the loan is given. The fair value of the same is based on data provided by third party or management judgements.

Loans are written off (either partially or in full) when there is no realistic prospect of recovery. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the Statement of Profit and Loss.

3.6. Determination of fair value of Financial Instruments
The Company measures financial instruments, such as, investments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

i. In the principal market for the asset or liability, or
ii. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant’s ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 financial instruments –Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments –Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument’s life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Company will classify the instruments as Level 3.

Level 3 financial instruments –Those that include one or more unobservable input that is significant to the measurement as whole.

3.7. Derivative financial instruments
The Company enters into derivative financial instruments such as foreign exchange forward contracts and cross currency swaps to manage its exposure to foreign exchange rate risk.

Derivatives are initially recognised at fair value on the date when a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date and carried as assets when their fair value is positive and as liabilities when their fair value is negative. The resulting gain/loss is recognised in the Statement of Profit and Loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the Statement of Profit and Loss depends on the nature of the hedge relationship. The Company has
designated the derivative financial instruments as cash flow hedges of recognised liabilities and unrecognised firm commitments.

**Hedge accounting**

In order to manage particular risks, the Company applies hedge accounting for transactions that meet specific criteria.

At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship and the risk management objective and strategy for undertaking the hedge. The company enters into derivative financial instruments that have critical terms aligned with the hedged item and in accordance with the Risk management policy of the company, the hedging relationship is extended to the entire term of the hedged item. The hedges are expected to be highly effective if the hedging instrument is offsetting changes in fair value or cash flows of the hedged item attributable to the hedged risk. The assessment of hedge effectiveness is carried out at inception and on an ongoing basis to determine that the hedging relationship has been effective throughout the financial reporting periods for which they were designated.

**Cash Flow Hedges**

A cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability (such as all or some future interest payments on variable rate debt) or a highly probable forecast transaction and could affect profit and loss. For designated and qualifying cash flow hedges, the effective portion of the cumulative gain or loss on the hedging instrument is initially recognised directly in Other Comprehensive Income (OCI) within equity (cash flow hedge reserve). The ineffective portion of the gain or loss on the hedging instrument is recognised immediately in the Statement of Profit and Loss. When the hedged cash flow affects the Statement of Profit and Loss, the effective portion of the gain or loss on the hedging instrument is recorded in the corresponding income or expense line of the Statement of Profit and Loss. When a hedging instrument expires, is sold, terminated, exercised, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss that has been recognised in OCI at that time remains in OCI and is recognised when the hedged forecast transaction is ultimately recognised in the Statement of Profit and Loss.

a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in OCI is immediately transferred to the Statement of Profit and Loss.

**3.8. Cash and cash equivalents**

Cash and cash equivalents consist of cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts if any, as they are considered an integral part of the Company’s cash management.

**3.9. Property, plant and equipment**

Property, plant and equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment, if any. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Advances paid towards the acquisition of fixed assets, outstanding at each reporting date are shown under other non-financial assets. The cost of property, plant and equipment not ready for its intended use at each reporting date are disclosed as capital work-in-progress.

Subsequent expenditure related to the asset are added to its carrying amount or recognised as a separate asset only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

**3.9.1. Depreciation**

Depreciation on Property, Plant and Equipment is calculated using written down value method (WDV) to write down the cost of property and equipment to their residual values over their estimated useful lives which is in line with the estimated useful life as specified in Schedule II of the Companies Act, 2013.
The estimated useful lives are as follows:

<table>
<thead>
<tr>
<th>Particulars</th>
<th>Useful life</th>
</tr>
</thead>
<tbody>
<tr>
<td>Furniture and fixture</td>
<td>10 years</td>
</tr>
<tr>
<td>Office equipment</td>
<td>5 years</td>
</tr>
<tr>
<td>Server and networking</td>
<td>6 years</td>
</tr>
<tr>
<td>Computer</td>
<td>3 years</td>
</tr>
<tr>
<td>Building</td>
<td>30 years</td>
</tr>
<tr>
<td>Vehicles</td>
<td>8 years</td>
</tr>
<tr>
<td>Wind Mill</td>
<td>22 years</td>
</tr>
</tbody>
</table>

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the Statement of Profit and Loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

3.10. Intangible assets

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

Subsequent expenditure related to the asset is added to its carrying amount or recognised as a separate asset only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably.

Intangible assets comprising of software is amortised on straight line basis over a period of 5 years, unless it has a shorter useful life.

Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

3.11. Impairment of non-financial assets: Property, Plant and Equipment and Intangible Assets

The Company assesses, at each reporting date, whether there is any indication that any Property, Plant and Equipment and Intangible Assets or group of assets called Cash Generating Units (CGU) may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset’s recoverable amount to determine the extent of impairment, if any.

An asset’s recoverable amount is the higher of an asset’s or cash-generating unit’s (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the
Company estimates the asset’s or CGU’s recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset’s recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the Statement of Profit and Loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

3.12 Employee Benefits Expenses

3.12.1 Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

3.12.2 Post-Employment Benefits

A. Defined contribution schemes

All eligible employees of the company are entitled to receive benefits under the provident fund, a defined contribution plan in which both the employee and the company contribute monthly at a stipulated percentage of the covered employee’s salary. Contributions are made to Employees Provident Fund Organization in respect of Provident Fund, Pension Fund and Employees Deposit Linked Insurance Scheme at the prescribed rates and are charged to Statement of Profit and Loss at actuals. The company has no liability for future provident fund benefits other than its annual contribution.

B. Defined Benefit schemes

Gratuity

The Company provides for gratuity covering eligible employees under which a lumpsum payment is paid to vested employees at retirement, death, incapacitation or termination of employment, of an amount reckoned on the respective employee’s salary and his tenor of employment with the Company. The Company accounts for its liability for future gratuity benefits based on actuarial valuation determined at each Balance Sheet date by an Independent Actuary using Projected Unit Credit Method. The Company makes annual contribution to a Gratuity Fund administered by Trustees and separate schemes managed by Kotak Mahindra Old Mutual Life Insurance Limited and/or ICICI Prudential Life Insurance Company Limited.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Re-measurement, comprising of actuarial gains and losses (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

3.12.3 Other Long term employee benefits

Accumulated compensated absences

The Company provides for liability of accumulated compensated absences for eligible employees on the basis of an independent actuarial valuation carried out at the end of the year, using the projected unit credit method. Actuarial gains and losses are recognised in the Statement of Profit and Loss for the period in which they occur.

3.12.4 Employee share based payments

Stock options granted to the employees under the stock option scheme established are accounted as per the accounting treatment prescribed by the SEBI (Share Based Employee Benefits) Regulations, 2014 issued by Securities and Exchange Board of India.
The Company follows the fair value method of accounting for the options and accordingly, the excess of market value of the stock options as on the date of grant over the fair value of the options is recognised as deferred employee compensation cost and is charged to the Statement of Profit and Loss on graded vesting basis over the vesting period of the options.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When the effect of the time value of money is material, the enterprise determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the Statement of Profit and Loss net of any reimbursement.

3.14. Taxes
Income tax expense represents the sum of current tax and deferred tax.

3.14.1 Current Tax
Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from ‘profit before tax’ as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible in accordance with applicable tax laws.

The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the end of reporting date in India where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e., either in other comprehensive income or in equity. Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

3.14.2 Deferred tax
Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities used in the computation of taxable profit and their carrying amounts in the financial statements for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

i. Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss

ii. In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

i. When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss

ii. In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit
3.15. Contingent Liabilities and Assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. The company does not have any contingent assets in the financial statements.

3.16. Earnings Per Share

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduce the earnings per share or increases loss per share are included.

3.17. Foreign currency transactions

Transactions in foreign currencies are translated into the functional currency of the Company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in the Statement of profit and loss.

3.18. Cash-flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.
3.19. Leases

Effective 01 April 2019, the Company had applied Ind AS 116 'Leases' to all lease contracts existing on 01 April 2019 by adopting the modified retrospective approach.

The Company evaluates each contract or arrangement, whether it qualifies as lease as defined under Ind AS 116. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset.

**The Company as a lessee**

The Company has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of less than or equal to 12 months and leases with low value assets. The Company determines the lease term as the non-cancellable period of a lease, together with periods covered by an option to extend the lease, where the Company is reasonably certain to exercise that option.

The Company recognises the lease payments associated with these leases as an expense in Statement of Profit and Loss on a straight-line basis over the lease term or another systematic basis if that basis is more representative of the pattern of the lessee's benefit. The related cash flows are classified as operating activities.

Wherever the above exception permitted under Ind AS 116 is not applicable, the Company at the time of initial recognition:

- measures lease liability as present value of all lease payments discounted using the Company's incremental cost of borrowing and directly attributable costs. Subsequently, the lease liability is increased by interest on lease liability, reduced by lease payments made and remeasured to reflect any reassessment or lease modifications specified in Ind AS 116 'Leases', or to reflect revised fixed lease payments.

- measures 'Right-of-use assets' as present value of all lease payments discounted using the Company's incremental cost of borrowing and any initial direct costs. Subsequently, 'Right-of-use assets' is measured using cost model i.e. at cost less any accumulated depreciation (depreciated on straight line basis over the lease period) and any accumulated impairment losses adjusted for any remeasurement of the lease liability specified in Ind AS 116 'Leases'.

**The Company as a lessor**

Leases under which the Company is a lessor are classified as finance or operating leases. Lease contracts where all the risks and rewards are substantially transferred to the lessee, the lease contracts are classified as finance leases. All other leases are classified as operating leases. Lease payments from operating leases are recognised as an income in the Statement of Profit and Loss on a straight-line basis over the lease term or another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished.

4. Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

**4.1. Business Model Assessment**

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect
the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company’s continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

4.2. Effective Interest Rate (EIR) method

The Company’s EIR methodology, recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, probable fluctuations in collateral value as well as expected changes to India’s base rate and other fee income/expense that are integral parts of the instrument.

4.3. Impairment of loans portfolio

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

It has been the Company’s policy to regularly review its models in the context of actual loss experience and adjust when necessary.

4.4. Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

4.5. Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgment includes considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

4.6. Determination of lease term

Ind AS 116 “Leases” requires lessee to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes assessment on the expected lease term on lease by lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of lease and the importance of the underlying to the Company’s operations taking into account the location of the underlying asset and the availability of the suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

4.7. Other estimates

These include contingent liabilities, useful lives of tangible and intangible assets etc.

Refer note 34 for details of property pledged as security.

The Company has not revalued its Property, Plant and equipment (including Right-of-Use asset) during the year.
The title deeds of immovable property (other than the properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company), disclosed in the financial statements are held in the name of the Company. In respect of certain immovable properties acquired under a scheme of amalgamation in a prior year, the title deeds continue to remain in the name of the erstwhile owners the details of which are as stated below:

21.2 Terms/ rights attached to equity shares

The Company has only one class of equity shares having a par value of ₹10/- per share. All these shares have the same rights and preferences with respect to the payment of dividend, repayment of capital and voting. The Company declares and pays dividends in Indian rupees. The interim dividend is declared and approved by Board of Directors.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive any of the remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

### 22.1 Nature and purpose of reserve

#### (a) Statutory reserve

Statutory Reserve represents the Reserve Fund created under Section 45 IC of the Reserve Bank of India Act, 1934. Accordingly an amount representing 20% of Profit for the period is transferred to the fund for the year.

#### (b) Securities Premium

This Reserve represents the premium on issue of equity shares and can be utilized in accordance with the provisions of the Companies Act, 2013.

#### (c) Debenture Redemption Reserve

Pursuant to Rule 18(7)(b)(iii) of the Companies (Share Capital and Debentures) Rules, 2014, as amended vide the Companies (Share Capital and Debentures) Amendment Rules dated August 16, 2019, the Company, being an NBFC registered with the Reserve Bank of India under Section 45 IA of the RBI Act, 1934, is not required to create a Debenture Redemption Reserve, in respect of public issue of debentures and debentures issued by it on a private placement basis.

#### (d) General Reserve

Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of profit for the period at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.
NOTES
forming part of Financial Statements

(e) Share Options outstanding account

The fair value of equity settled share based payments transactions is recognised in the Statement of Profit and Loss with corresponding credit to Share option outstanding account.

(f) Retained earnings

This Reserve represents the cumulative profits of the Company. This Reserve can be utilized in accordance with the provisions of the Companies Act, 2013.

(g) Other Comprehensive Income

Equity instruments through Other Comprehensive Income

The Company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated in the FVOCI equity investments reserve. The Company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised.

Effective portion of Cash Flow Hedges and Cost of Hedging Reserve

Effective portion of cash flow hedges represents the cumulative gains/(losses) arising on changes

22.2 Dividend proposed to be distributed to equity shareholders for the period

Dividend proposed to be distributed to equity shareholders for the period (not recognised as liability)

Interim dividend for 2021-22: ₹20/- per share
Date of declaration of interim dividend for the period April 18, 2022

NOTES
forming part of Financial Statements

(₹ in millions, except for share data and unless otherwise stated)

In accordance with the provisions of Section 115BAA of the Income Tax Act, 1961, the Company has opted to pay income tax at a reduced rate of 22% (plus surcharge @ 10% and cess @ 4%).

Reconciliation of the total tax charge:

The tax charge shown in the Statement of Profit and Loss differ from the tax charge that would apply if all the profits had been charged at India corporate tax rate. A reconciliation between the tax expense and the accounting profit multiplied by India’s domestic tax rate for the year ended March 31, 2022 and year ended March 31, 2021 is, as follows:

<table>
<thead>
<tr>

Building as above have been provided as security on first pari passu floating charge basis for specific secured debt securities. Vehicles as above have been provided as security for vehicle loans.

Note 35: Retirement Benefit Plan

Defined Contribution Plan

The Company makes contributions to Provident Fund which are defined contribution plan for qualifying employees. The Company recognized ₹404.44 millions (March 31, 2021: ₹347.59 millions) for Provident Fund contributions in the Statement of Profit and Loss.
Defined Benefit Plan

The Company has a defined benefit gratuity plan. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Every employee who has completed five years or more of service gets a gratuity on leaving the service of the company at 15 days salary (last drawn salary) for each completed year of service.

Gratuity liability is funded through a Gratuity Fund managed by Kotak Mahindra Old Mutual Life Insurance Limited and ICICI Prudential Life Insurance Company Limited.

The following tables summarise the components of net benefit expense recognized in the Statement of Profit and Loss and the funded status and amounts recognized in the Balance Sheet for the gratuity plan.

</table>

The sensitivity is performed on the DBO at the respective valuation date by modifying one parameter whilst retaining other parameters constant. There are no changes from the previous period to the methods and assumptions underlying the sensitivity analyses. The weighted average duration of the defined benefit obligation as at March 31, 2022 is 5 years (2021: 5 years). The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Description of Asset Liability Matching (ALM) Policy

The Company primarily deploys its gratuity investment assets in insurer-offered debt market-linked plans. As investment returns of the plan are highly sensitive to changes in interest rates, liability movement is broadly hedged by asset movement if the duration is matched.

Description of funding arrangements and funding policy that affect future contributions

The liabilities of the fund are funded by assets. The company aims to maintain a close to full-funding position at each Balance Sheet date. Future expected contributions are disclosed based on this principle.

The principal assumptions used in determining leave encashment obligations for the Company's plans are shown below:

The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations. The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments, mortality, withdrawals and other relevant factors.

Note 36: Maturity analysis of assets and liabilities

The table below shows the maturity analysis of assets and liabilities according to when they are expected to be recovered or settled and considering contractual terms. For Loans and advances to customers, maturity analysis is based on expected repayment behaviour.

### Note 40: Capital

#### Capital Management

The primary objective of the Company's capital management policy is to ensure that the Company complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximise shareholder value.

The Company manages its capital structure and makes adjustments to it in light of changes in economic conditions and requirements of the financial covenants. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

<table>

</tr>
</tbody>
</table>

Regulatory capital consists of CET1 capital, which comprises share capital, share premium, statutory reserve, share option outstanding account, retained earnings including current year profit. Certain adjustments are made to Ind AS–based results and reserves, as prescribed by the Reserve Bank of India. The other component of regulatory capital is other Tier 2 Capital Instruments.

### Note 41: Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques.

#### Fair Value Hierarchy of financial instruments measured at fair value

**Valuation methodologies of financial instruments measured at fair value**

Fair values of financial assets, other than those which are subsequently measured at amortised cost, have been arrived at as under:

**Investments at fair value through profit or loss**

For investments at fair value through profit and loss, valuation is done using quoted prices from active markets at the measurement date. The equity instruments which are actively traded on public stock exchanges with readily available active prices on a regular basis are classified as Level 1. Units held in mutual funds are measured based on their published net asset value (NAV), taking into account redemption and/or other restrictions are generally Level 1.

**Derivative Financial Instruments (assets/liabilities) at fair value through other comprehensive income**

The financial assets/liabilities on derivative contracts have been valued at fair value through other comprehensive income using closing rate and is classified as Level 2.

**Investments at fair value through other comprehensive income**

Equity instruments in non-listed entities are initially recognised at transaction price and re-measured as per fair valuation report on a case-by-case basis and classified as Level 2. The equity instruments which are actively traded on public stock exchanges with readily available active prices on a regular basis are classified as Level 1.

**Financial instruments not measured at fair value**

Set out below is a comparison, by class, of the carrying amounts and fair values of the Company's financial instruments that are initially measured at fair value and subsequently carried at amortised cost in the financial statements. This table does not include the fair values of investments in subsidiaries measured at cost.

NOTES
forming part of Financial Statements

(₹ in millions, except for share data and unless otherwise stated)

Valuation methodologies of financial instruments not measured at fair value

Short-term financial assets and liabilities
For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include cash and cash equivalents, trade receivables, balances other than cash and cash equivalents and trade payables without a specific maturity.

Loans and advances to customers
The fair values of loans and receivables are estimated by discounted cash flow models that incorporate assumptions for credit risks, probability of default and loss given default estimates. Since comparable data is not available, Credit risk is derived using historical experience, management view and other information used in its collective impairment models.

Fair values of portfolios are calculated using a portfolio-based approach, grouping loans as far as possible into homogenous groups based on similar characteristics i.e., type of loan. The Company then calculates and extrapolates the fair value to the entire portfolio using effective interest rate model that incorporate interest rate estimates considering all significant characteristics of the loans. The credit risk is applied as a top-side adjustment based on the collective impairment model incorporating probability of defaults and loss given defaults. Hence, the carrying amount of such financial assets at amortised cost net of impairment loss allowance is of reasonable approximation of their fair value.

Investments- at amortised cost
For Government Securities, the market value of the respective Government stock as on the date of reporting has been considered for fair value computations.

Debt Securities
The fair value of debt securities is estimated by a discounted cashflow model incorporating interest rate estimates from market observable data such as secondary prices for its traded debt itself.

Financial liabilities at amortised cost
The fair values of financial liabilities held-to-maturity (financial liabilities other than trade payables and debt securities) are estimated using effective interest rate model based on contractual cash flows using actual yields. Since the cost of borrowing on the reporting date is not expected to be significantly different from the actual yield considered under effective interest rate model, the carrying value of such financial liabilities at amortised cost is considered a reasonable approximation of their fair value.

Note 42: Risk Management
The Company’s principal financial liabilities comprise borrowings and trade and other payables. The main purpose of these financial liabilities is to finance and support the Company’s operations. The Company’s principal financial assets include loans, investments, cash and cash equivalents and other receivables that are derived directly from its operations. As a financial lending institution, Company is exposed to various risks that are related to lending business and operating environment. The principal objective in Company’s risk management processes is to measure and monitor the various risks that Company is subject to and to follow policies and procedures to address such risks.

The Company’s Risk Management Committee of the Board of Directors constituted in accordance with the Reserve Bank of India regulations has overall responsibility for overseeing the implementation of the Risk Management Policy. The committee meets at least twice in a year to review the Risk Management practices. Risk Management department periodically places its report to the committee for review. The committee’s suggestions for improving the Risk Management Practices are implemented by the Risk Management department.

Risk Management department shall be responsible for the following:

a) Identifying the various risks associated with the activities of the Company and assessing their impact on the business.

b) Measuring the risks and suggesting measures to effectively mitigate the risks.
However, the primary responsibility for managing the various risks on a day to day basis will be with the heads of the respective business units of the Company.

The Company is generally exposed to credit risk, liquidity risk, market risk and operational risk.

**I) Credit Risk**

Credit Risk arises from the risk of loss that may occur from the default of Company’s customers under loan agreements. Customer defaults and inadequate collateral may lead to loan losses.

The Company addresses credit risk through following processes:

a) Credit risk on Gold loan is considerably reduced as collateral is in the form of Gold ornaments which can be easily liquidated and there is only a distant possibility of losses due to adequate margin of 25% or more retained while disbursing the loan. Credit risk is further reduced through a quick but careful collateral appraisal and loan approval process. Hence overall, the Credit risk is normally low.

b) Sanctioning powers for Gold Loans is delegated to various authorities at branches/controlling offices. Sanctioning powers are used only for granting loans for legally permitted purposes. The maximum Loan to Value does not exceed the limit stipulated by the Reserve Bank of India under any circumstances.

c) Gold ornaments brought for pledge is the primary responsibility of Branch Manager. Branch executives should enquire with the customers about the ownership of the ornaments being pledged for loan and the loan should be granted only after they are convinced about the genuineness of the customer and his capacity to own that much quantity of gold. In addition to the above, customers are also required to sign a declaration of ownership of ornaments offered as security for the loan. Extra care is taken if the gold jewellery brought for pledge by any customer at any one time or cumulatively is more than 20 gm. The declaration should also contain an explanation specifically as to how the ownership was vested with the customer.

d) Auctions are conducted as per the Auction Policy of the Company and the guidelines issued by Reserve Bank of India. Auction is generally conducted before loan amount plus interest exceeds realizable value of gold. After reasonable time is given to the customers for release after loan becomes overdue and on exhausting all efforts for persuasive recovery, auction is resorted to as the last measure in unavoidable cases. Loss on account of auctions are recovered from the customer. Any excess received on auctions are refunded to the customer.

e) In case of loans other than Gold Loan, loans are given whether with primary/collateral security, like secured loans or without any primary/collateral security like unsecured loans, more than ordinary care is taken such that loans are granted only to persons/firms/companies of repute with credit worthiness, future cash flows to repay the loan and track record.

**Impairment Assessment**

The Company is mainly engaged in the business of providing gold loans. The tenure of the loans generally is for 12 months.

The Company also provides unsecured personal loans to salaried individuals and unsecured loans to traders and self employed. The tenure of the loans ranges from 12 months to 60months.

The Company’s impairment assessment and measurement approach is set out in this note. It should be read in conjunction with the Summary of significant accounting policies.

**Definition of default and cure**

“The Company considers a financial instrument as defaulted and therefore Stage 3 (credit-impaired) for Expected Credit Loss (ECL) calculations in all cases when the borrower becomes 91 days past due including the due date on its
contractual payments.

As a part of a qualitative assessment of whether a customer is in default, the Company also considers a variety of instances that may indicate unlikeness to pay. When such events occur, the Company carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations.7

It is the Company’s policy to consider a financial instrument as ‘cured’ and therefore re-classified out of Stage 3 when none of the default criteria have been present for at least three consecutive months. The decision whether to classify an asset as Stage 2 or Stage 1 once cured depends on the updated credit grade, at the time of the cure, and whether this indicates there has been a significant increase in credit risk compared to initial recognition.

Company’s internal credit rating grades and staging criteria for loans are as follows:

<table>
<thead>
<tr>
<th>Particulars</th>
<th>Loans Days past due (DPD) including the due date</th>
<th>Stages</th>
</tr>
</thead>
<tbody>
<tr>
<td>High grade</td>
<td>Not yet due</td>
<td>Stage 1</td>
</tr>

<tr>
<td>Past due but not impaired</td>
<td>61-90 DPD</td>
<td>Stage 2</td>
</tr>
<tr>
<td>Individually impaired</td>
<td>91 DPD or More</td>
<td>Stage 3</td>
</tr>
</tbody>
</table>

Exposure at Default (EAD)

The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest.

Probability of Default (PD)

The Probability of Default is an estimate of the likelihood of default over a given time horizon. To calculate the ECL for a Stage 1 loan, the Company assesses the possible default events within 12 months for the calculation of the 12 month ECL. For Stage 2 and Stage 3 financial assets, the exposure at default is considered for events over the lifetime of the instruments. The Company uses historical information wherever available to determine PD. PD is calculated using Incremental 91 DPD approach considering fresh slippage using historical information.

</tbody>
</table>

Based on its review of macro-economic developments and economic outlook, the Company has assessed that no adjustment is required for temporary overlays to determine qualitative impact on its PD’s as at March 31, 2022 and March 31, 2021. Reference is drawn to Note 65 which explains the impact of COVID-19 pandemic.
Loss Given Default (LGD)

LGD is the estimated loss that the Company might bear if the borrower defaults. The Company determines its recovery (net present value) by analysing the recovery trends, borrower rating, collateral value and expected proceeds from sale of asset.

<table>
<thead>

</tr>
</tbody>
</table>

LGD Rates have been computed internally based on the discounted recoveries in defaulted accounts that are closed/written off/repossessed and upgraded during the year.

When estimating ECLs on a collective basis for a group of similar assets, the Company applies the same principles for assessing whether there has been a significant increase in credit risk since initial recognition.

Company has adopted 65% as the LGD which is the rate drawn reference from Internal Rating Based (IRB) approach guidelines issued by Reserve Bank of India for Banks to calculate LGD where sufficient past information is not available.

(₹ in millions, except for share data and unless otherwise stated)

**Collateral and other credit enhancements**

The amount and type of collateral required depends on an assessment of the credit risk of the counterparty. Guidelines are in place covering the acceptability and valuation of each type of collateral.

The tables on the following pages show the maximum exposure to credit risk by class of financial asset. They also show the total fair value of collateral, any surplus collateral (the extent to which the fair value of collateral held is greater than the exposure to which it relates), and the net exposure to credit risk.

The main types of collateral are as follows:

Company provides loans against security of gold ornaments. The gold ornaments are pledged with the company and based on the company policy of loan to value ratio, the loan is provided.

1 Including equity instruments

II) Liquidity risk

Liquidity risk is the risk of being unable to raise necessary funds from the market at optimal cost to meet operational and debt servicing requirements. The purpose of liquidity management is to ensure sufficient cash flow to meet all financial commitments and to capitalise on opportunities for business expansion. Board of Directors will have overall responsibility of monitoring, supervision and control of the Asset Liability Management (ALM) mechanism. Board will have a sub-committee of Directors (ALM Committee) to review the ALM position of the Company on at least half yearly intervals. An Asset Liability Committee (ALCO) consisting of senior executives of the Company including the Managing Director shall be responsible for the day to day as well as periodic monitoring and control of Asset Liability management.

Asset Liability Management (ALM)

The table below shows the maturity pattern of the assets and liabilities. In the case of loans, contracted tenor of gold loan is maximum of 12 months. However, on account of high incidence of prepayment before contracted maturity, the below maturity profile has been prepared by the management on the basis of historical pattern of repayments. In case of loans other than gold loan, the maturity profile is based on contracted maturity.
Maturity pattern of assets and liabilities as on March 31, 2022:

*represents adjustments on account of EIR/ECL
The table below shows the maturity of the Company’s contingent liabilities and commitments based on estimates of the management and contractual expiry. Each undrawn loan commitment is included in the time band containing the earliest date it can be drawn down.

For issued financial guarantee contracts, the maximum amount of the guarantee is allocated to the earliest period in which the guarantee could be called.

III) Market risk

Market Risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market factor. Such changes in the values of financial instruments may result from changes in the interest rates, credit, liquidity, and other market changes. The objective of market risk management is to avoid excessive exposure of our earnings and equity to loss and reduce our exposure to the volatility inherent in financial instruments. The Company is exposed to four types of market risk as follows:

a) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is subject to interest rate risk, primarily since it lends to customers at fixed rates and for maturity periods shorter than the funding sources. Majority of our borrowings are at fixed rates. However, borrowings at floating rates give rise to interest rate risk. Interest rates are highly sensitive to many factors beyond control, including the monetary policies of the Reserve Bank of India, domestic and international economic and political conditions, inflation and other factors. In order to manage interest rate risk, the Company seeks to optimize borrowing profile between short-term and long-term loans. The Company adopts funding strategies to ensure diversified resource-raising options to minimize cost and maximize stability of funds. Assets and liabilities are categorized into various time buckets based on their maturities and Asset Liability Management Committee supervise an interest rate sensitivity report periodically for assessment of interest rate risks. The Interest Rate Risk is mitigated by availing funds at very competitive rates through diversified borrowings and for different tenors.

The following table demonstrates the sensitivity to a reasonably possible change in the interest rates on the portion of borrowings affected. With all other variables held constant, the profit before taxes affected through the impact on floating rate borrowings are as follows:

<table>
<thead>
<tr>
<th>Impact on Profit before taxes</th>
<th>As at March 31, 2022</th>
<th>As at March 31, 2021</th>
</tr>
</thead>
<tbody>
<tr>
<td>On Floating Rate Borrowings</td>
<td></td>
<td></td>
</tr>
<tr>
<td>1% increase in interest rates</td>
<td>2400.21</td>
<td>1,817.50</td>
</tr>
<tr>
<td>1% decrease in interest rates</td>
<td>(2,400.21)</td>
<td>(1,817.50)</td>
</tr>
</tbody>
</table>

b) Price risk

Sudden fall in the gold price and fall in the value of the pledged gold ornaments can result in some of the customers to default if the loan amount and interest exceeds the market value of gold. This risk is in part mitigated by a minimum 25% margin retained on the value of gold jewellery for the purpose of calculation of the loan amount. Further, we appraise the gold jewellery collateral solely based on the weight of its gold content, excluding weight and value of the stone studded in the jewellery. In addition, the sentimental value of the gold jewellery to the customers may induce repayment and redemption of the collateral even if the value of gold ornaments falls below the value of the repayment amount. An occasional decrease in gold prices will not increase price risk significantly on account of our adequate collateral security margins. However, a sustained decrease in the market price of gold can additionally cause a decrease in the size of our loan portfolio and our interest income.

Equity price risk is the risk that the fair value of equities decrease as the result of changes in level of equity indices and individual stocks. The trading equity price risk exposure arises from equity securities classified at FVTPL and the non-trading equity price risk exposure arises from equity securities classified at FVOCI.
NOTES
forming part of Financial Statements

(₹ in millions, except for share data and unless otherwise stated)

A 10% increase/(decrease) in the equity price (traded and non-traded) would have the impact as follows:

<table>
<thead>
<tr>
<th>Particulars</th>
<th>Increase/(Decrease) in percentage</th>
<th>Sensitivity of profit or loss</th>
<th>Sensitivity of Other Comprehensive Income</th>
</tr>
</thead>
<tbody>
<tr>
<td>As at March 31, 2022</td>
<td>10/(10)</td>
<td>0.00/(0.00)</td>
<td>196.05/(196.05)</td>
</tr>
<tr>
<td>As at March 31, 2021</td>
<td>10/(10)</td>
<td>0.00/(0.00)</td>
<td>189.90/(189.90)</td>
</tr>
</tbody>
</table>

c) Foreign currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk for the Company arises majorly on account of foreign currency borrowings. The Company’s foreign currency exposures are managed in accordance with its Foreign Exchange Risk Management Policy which has been approved by its Board of Directors. The Company has hedged its foreign currency risk on its foreign currency borrowings as on March 31, 2022 by entering into cross currency swaps and forward contracts with the intention of covering the entire term of foreign currency exposure. The counterparties for such hedge transactions are banks.

The Company’s exposure on account of Foreign Currency Borrowings at the end of the reporting period expressed in Indian Rupees are as follows:

<table>
<thead>
<tr>
<th>Particulars</th>
<th>Foreign currency</th>
<th>As at March 31, 2022</th>
<th>As at March 31, 2021</th>
</tr>
</thead>
<tbody>
<tr>
<td>External Commercial Borrowings - Senior Secured Notes</td>
<td>USD</td>
<td>76,815.78</td>
<td>74,097.06</td>
</tr>
<tr>
<td>(principal amount and interest accrued but not due on reporting date)</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Since the foreign currency exposure is completely hedged by equivalent derivative instrument, there will not be any significant impact on sensitivity analysis due to the possible change in the exchange rates where all other variables are held constant. On the date of maturity of the derivative instrument, considering the hedging for the entire term of the foreign currency exposure, the sensitivity of profit and loss to changes in the exchange rates will be Nil.

d) Prepayment risk

Prepayment risk is the risk that the Company will incur a financial loss because its customers and counterparties repay or request repayment earlier or later than expected, such as fixed rate loans when interest rates fall.

IV) Operational and business risk

Operational risk is the risk of loss arising from systems failure, human error, fraud or external events. When controls fail to operate effectively, operational risks can cause damage to reputation, have legal or regulatory implications, or lead to financial loss. The Company cannot expect to eliminate all operational risks, but it endeavours to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes including the use of internal audit.

Note 43: Disclosure with regard to dues to Micro Enterprises and Small Enterprises

Based on the information available with the Company and which has been relied upon by the auditors, none of the suppliers have confirmed to be registered under “The Micro, Small and Medium Enterprises Development (‘MSMED’) Act, 2006”. Accordingly, no disclosures relating to principal amounts unpaid as at the period ended March 31, 2022 together with interest paid/payable are required to be furnished.
**Note 44: Dividend remitted in foreign currency**

There was no dividend remitted in foreign currency during the year ended March 31, 2022 and March 31, 2021.

**Note 45: Segment reporting**

The Company is engaged in the business segment of Financing, whose operating results are regularly reviewed by the entity’s chief operating decision maker to make decisions about resources to be allocated and to assess its performance, and for which discrete financial information is available. Further other business segments do not exceed the quantitative thresholds as defined by the Ind AS 108 on “Operating Segment”. Hence, there are no separate reportable segments, as required by the Ind AS 108 on “Operating Segment”.

**Note 46: Share based payments**

Pursuant to approval by the shareholders at their meeting held on September 27, 2013, the Company has established “Muthoot ESOP 2013” scheme administered by the ESOP Committee of Board of Directors. The following options were granted as on March 31, 2022. The fair value of the share options is estimated at the grant date using a Black-Scholes pricing model, taking into account the terms and conditions upon which the share options were granted. However, the above performance condition is only considered in determining the number of instruments that will ultimately vest.

I. The Company has formulated various share-based payment schemes for its employees. Details of all grants in operation during the year ended March 31, 2022 are as given below:

<table>

</tr>
</tbody>
</table>

The expected life of the share options is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. Volatility is estimated by the actual movement in share prices of the company for one year preceding the grant date. This historical volatility is the annualised standard deviation of the continuously compounded rates of daily stock returns.

The expected life of the share options is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. Volatility is estimated by the actual movement in share prices of the company for one year preceding the grant date. This historical volatility is the annualised standard deviation of the continuously compounded rates of daily stock returns.

### 8. Details of the Auctions conducted with respect to Gold Loan

The Company auctioned 9,51,143 loan accounts (Previous Year: 49,915 accounts) during the financial year. The outstanding dues on these loan accounts were ₹74,405.94 millions (March 31, 2021: ₹3,852.66 millions) till the respective date of auction. The Company realised ₹65,370.15 millions (March 31, 2021: ₹3,254.80 millions) on auctioning of gold jewellery taken as collateral security on these loans. Company confirms that none of its sister concerns participated in the above auctions.

Disclosures on risk exposures of derivatives

Qualitative disclosures

“The Company has a Board approved policy in dealing with derivative transactions. The Company undertakes derivative transactions for hedging foreign currency exposures to mitigate the foreign currency risk. During the year, the company has hedged its foreign currency borrowings through forward exchange contracts and Cross Currency Swaps. The Asset Liability Management Committee monitors such transactions and reviews the risks involved.

The derivative transactions are accounted in accordance with Ind AS 109 and the accounting policy for recording hedge and non-hedge transactions and valuation of outstanding contracts is detailed in Note 3.7.

</table>

The aggregate impairment loss on application of expected credit loss method (ECL) as per Ind AS, as stated above, is more than the provisioning required under IRACP norms (including standard asset provisioning). Further, as stated in Note 19.1 the company has retained provision in excess of ECL in the books of account as a matter of prudence.

**Note 54: Disclosure on Liquidity Coverage Ratio**

Disclosure as per the circular no. RBI/2019-20/88 DOR.NBFC (PD) CC. No.102/03.10.001/2019-20 dated November 04, 2019 issued by Reserve Bank of India regarding Liquidity Coverage Ratio (LCR)

**Maintenance of Liquidity Coverage Ratio (LCR)**

Reserve Bank Of India vide its notification no. RBI/2019-20/88 DOR.NBFC (PD) CC. No.102/03.10.001/2019-20 dt 04, November 2019 introduced Liquidity Coverage Ratio for certain categories of NBFCs w.e.f December 01, 2020. All non-deposit taking NBFCs with asset size of ₹ 10,000 crore and above, and all deposit taking NBFCs irrespective of their asset size, shall maintain a liquidity buffer in terms of LCR which will promote resilience of NBFCs to potential liquidity disruptions by ensuring that they have sufficient High Quality Liquid Asset (HQLA) to survive any acute liquidity stress scenario lasting for 30 days. The stock of HQLA to be maintained by the NBFCs shall be minimum of 100% of total net cash outflows over the next
30 calendar days. The LCR requirement shall be binding on NBFCs from December 1, 2020 with the minimum HQLAs to be held being 50% of the LCR, progressively reaching up to the required level of 100% by December 1, 2024, as per the time-line given below:

<table>

NOTES
forming part of Financial Statements

(₹ in millions, except for share data and unless otherwise stated)

Note:

1) Unweighted values are calculated as outstanding balances maturing or callable within 30 days (for Cash inflows and Cash outflows).

2) Weighted values are calculated after the application of respective haircuts (for HQLA) and stress factors (on cash inflow/cash outflow) as per RBI guidelines.

3) ‘Average’ for all the quarters for the year ended March 2022 is computed as simple averages of daily observations for the quarter.

4) ‘Average’ for the quarter ended March 2021 is computed as simple averages of monthly observations for the quarter (i.e. January 2021, February 2021 and March 2021).

5) *LCR was implemented w.e.f December 01, 2020 and consequently, disclosure as at December 31, 2020 is based on relevant data as on December 31, 2020.

6) The figures used for the quantitative disclosure are based on the estimates and assumptions of the management, which have been relied upon by the auditors.

B) Qualitative Disclosure

“The Company has adopted Liquidity Risk Management (LRM) framework on liquidity standards as prescribed by the RBI guidelines and has put in place requisite systems and processes to enable periodical computation and reporting of the Liquidity Coverage Ratio (LCR). The mandated regulatory threshold is embedded into the Liquidity Risk Management framework of the Company thus subjecting LCR maintenance to Board oversight and periodical review. The Company computes the LCR and reports the same to the Asset Liability Management Committee (ALCO) as well as to the ALM Committee of the Board.

The Company follows the criteria laid down by RBI for calculation of High Quality Liquid Assets (HQLA), gross cash outflows and inflows within the next 30-day period. HQLA predominantly comprises unencumbered Cash and Bank balances, Government securities (viz., Treasury Bills, Central and State Government securities, Investments in TREPs (Triparty Repo trades in Government Securities provided by The Clearing Corporation of India)).

All significant outflows and inflows determined in accordance with RBI guidelines are included in the prescribed LCR computation template.

The Company monitors the concentration of funding sources from significant counterparties, significant instruments/products as part of the LRM framework. The Company follows internal limits on short term borrowings which form part of the LRM framework. The Company’s funding sources are fairly dispersed across sources and maturities.”

“The Board shall have the overall responsibility for management of liquidity risk. The Board shall decide the strategy, policies and procedures to manage liquidity risk in accordance with the liquidity risk tolerance/limits decided by it from time to time.

The ALM Committee of the Board of Directors shall be responsible for evaluating the liquidity risk.

The Asset-Liability Management Committee (ALCO) consisting of the NBFC’s top management shall be responsible for ensuring adherence to the risk tolerance/limits set by the Board as well as implementing the liquidity risk management strategy of the NBFC. The Managing Director heads the Committee. The role of the ALCO with respect to liquidity risk include, inter alia, decision on desired maturity profile and mix of incremental assets and liabilities, sale of assets as a
source of funding, the structure, responsibilities and controls for managing liquidity risk, and overseeing the liquidity positions of the Company.

The ALM Support Group headed by Chief Financial Officer and consisting of operating staff who will be responsible for analysing, monitoring and reporting the liquidity risk profile to the ALCO. The Asset-Liability Management Committee (ALCO) consisting of the NBFC’s top management shall be responsible for ensuring adherence to the risk tolerance/limits set by the Board as well as implementing the liquidity risk management strategy of the NBFC. The Managing Director heads the Committee. The role of the ALCO with respect to liquidity risk include, inter alia, decision on desired maturity profile and mix of incremental assets and liabilities, sale of assets as a source of funding, the structure, responsibilities and controls for managing liquidity risk, and overseeing the liquidity positions of the Company.”

*represents the closing balance of loan accounts as on 31 March 2022

Note 56: Details of Benami Property Held

No proceedings have been initiated or pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder in the financial years ended March 31, 2022 and March 31, 2021.

Note 57: Wilful Defaulter

The Company has not been declared as a wilful defaulter by any bank or financial institution or other lender in the financial years ended March 31, 2022 and March 31, 2021.

Note 58: Relationship with struck off Companies

The company has no transaction with the companies struck off under section 248 of Companies Act, 2013 or section 560 of Companies Act, 1956.

Note 59: Registration of Charges or satisfaction with Registrar of Companies (ROC)

All charges or satisfaction are registered with ROC within the statutory period for the financial years ended March 31, 2022 and March 31, 2021. No charges or satisfactions are yet to be registered with ROC beyond the statutory period.
Note 60: Compliance with number of layers of companies
The Company has complied with the number of layers prescribed under clause (87) of section 2 of the Act read with Companies (Restriction on number of Layers) Rules, 2017 for the financial years ended March 31, 2022 and March 31, 2021.

Note 61: Compliance with approved Scheme(s) of Arrangements
The Company has not entered into any Scheme of Arrangements which requires the approval of the Competent Authority in terms of sections 230 to 237 of the Companies Act, 2013 for the financial years ended March 31, 2022 and March 31, 2021.

Note 62: Utilisation of Borrowed funds and Share premium
The Company, as part of its normal business, grants loans and advances, makes investment, accepts non-convertible debentures from its customers, other entities and persons and borrows money from banks, financial institutions, other entities and persons. These transactions are part of Company's normal non-banking finance business, which is conducted ensuring adherence to all regulatory requirements.

We state that no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”) with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly, or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate beneficiaries.

The Company has also not received any fund from any other persons or entities, including foreign entities (Funding Party) with the understanding whether recorded in writing or otherwise, that the Company shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

Note 63: Undisclosed Income
The company does not have any transaction which is not recorded in the books of account but has been surrendered or disclosed as income during the year in tax assessments under the Income tax Act, 1961.

Note 64: Details of Crypto Currency or Virtual Currency
The Company has not traded or invested in Crypto currency or Virtual currency during the financial years ended March 31, 2022 and March 31, 2021.
Note 65: Impact of COVID-19

The global outbreak of Coronavirus (COVID-19) pandemic has not caused any significant impact on the operations and financial position of the Company for the year. Due to the uncertainties caused by the pandemic, the management is continuously monitoring the situation, including the economic factors affecting the operations of the Company.

In the opinion of the management the impairment loss as stated in Note 8 and provision as stated in Note 19.1 is considered adequate to cover any future uncertainties on account of the above.

Note 66: Other Developments

a) The Code on Social Security, 2020 (the Code) has been enacted, which would impact contribution by the Company towards Provident Fund and Gratuity. The impact of changes if any arising on enactment of the Code will be assessed by the company after the effective date of the same and the rules thereunder are notified.

Note 67: Previous year’s figures have been regrouped/rearranged, wherever necessary to conform to current year’s classifications/disclosure.

Notes on accounts form part of standalone financial statements

CONSOLIDATED FINANCIAL STATEMENTS
INDEPENDENT AUDITORS’ REPORT

To The Members of MUTHOOT FINANCE LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Muthoot Finance Limited (hereinafter referred to as ‘the Holding Company’), and its subsidiaries (the Holding Company and its subsidiaries together referred to as ‘the Group’), which comprise the consolidated Balance Sheet as at March 31, 2022, the consolidated Statement of Profit and Loss (including other comprehensive income), the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and Notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as ‘the consolidated financial statements’).

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries, referred to in the Other Matters section below, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013, as amended (‘the Act’) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended (‘Ind AS’) and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2022, and its consolidated profit, its consolidated total comprehensive income, its consolidated cash flows and consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the ‘Auditors’ Responsibilities for the audit of the consolidated financial statements’ section of our Report. We are independent of the Group in accordance with the ‘Code of Ethics’ issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the other matters section below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

A) Key Audit Matters with reference to the Holding Company

<table>
<thead>
<tr>
<th>Key Audit Matters</th>
<th>Auditors’ Response</th>
</tr>
</thead>
</table>
• Obtained an understanding of the Company’s Expected Credit Loss (ECL) calculation and the underlying assumptions.  
• Tested the key controls over the assessment and identification of significant increases in credit risk and staging of assets.  
• Sample testing of the accuracy and appropriateness of information used in the estimation of Probability of Default (PD) and Loss Given Default (LGD).  
• Assessed the disclosure made in relation to IND AS 109 for ECL allowance. Further, we also assessed whether the disclosure of key judgements and assumptions are adequate. |

The Company recognises Expected Credit Losses (ECL) on loan assets under IND AS 109 “Financial Instruments” based on the Expected Credit Loss model developed by the Company. The estimation of ECL on financial instruments involves significant judgement and estimates. Key estimates involve determining Exposure at Default, Probability at Default and Loss Given Default using historical information. Hence, we have considered the estimation of ECL as a Key Audit Matter.

Refer Note 44 (Risk Management) to the consolidated financial statements.
### 2. Related Party Transactions

We identified related party transactions as a key audit matter due to the significance of related party transactions, regulatory compliance and risk of such transactions remaining undisclosed in the financial statements. 

- Evaluated the Company’s policies, processes and procedures in respect of identifying and disclosing related party transactions.
- Read the minutes of meetings of the shareholders, Board and Audit Committee regarding the Company’s assessment of related party transactions for arm’s length pricing.
- Assessed the compliance with Companies Act 2013, including authorisation and approvals as specified in sections 177 and 188 of the Companies Act, 2013, and Rules thereon and the Securities and Exchange Board of India regulations with respect to related party transactions.
- Tested on a sample basis related party transactions with the underlying contracts and other documents.

### 3. Compliance and disclosure requirements

Compliance and disclosure requirements under the applicable Indian Accounting Standards, Reserve Bank of India (RBI) guidelines and other applicable statutory, regulatory and financial reporting framework. 

- Assessed the systems and processes laid down by the Company to appropriately ensure compliance and disclosures as per the applicable Indian Accounting Standards, RBI guidelines and other applicable statutory, regulatory and financial reporting framework.
- Designed and performed audit procedures to assess the completeness and correctness of the details disclosed having regard to the assumptions made by the management in relation to the applicability and extent of disclosure requirements.
- Relyed on internal records of the Company and external confirmations wherever necessary.

### 4. Litigations

The Company has various tax litigations pending under the Income Tax Act 1961, Goods and Services Tax Act 2017, service tax under Finance Act 1994 and Value Added Tax Acts of various States. The Company has disputed these in various forums and the outcome of these cases will depend on significant judgements, hence we have identified pending litigation as a Key Audit Matter.

- Read the communications with the relevant tax authorities in respect to the pending tax litigations and also considered the submissions made by the management to the respective appellate authorities.
- We verified the accuracy of the disputed amounts with the relevant communication from the tax authority.

### 5. IT Systems and Controls

The Company uses Information Technology (IT) application for financial accounts and reporting process. Any gap in the financial accounting and reporting process may result in a misstatement, hence we have identified IT systems and controls over financial reporting as a Key Audit Matter.

- Understood the IT systems and controls over key financial accounting and reporting systems.
- Tested the general IT controls for design and operating effectiveness.
- Understood the changes made in the IT environment during the year and ascertained its effect on the financial statements controls and accounts.
- We also assessed, through sample tests, the information generated from these systems which were relied upon for our audit.

### B) Key Audit Matters with reference to subsidiaries

There are no specific key audit matters reported to us by the auditors of the subsidiary companies not audited by us, except as reported by the auditors of three subsidiary companies in their standalone audit report and reproduced by us, as below:

#### (i) In respect of subsidiary, Belstar Microfinance Limited

<table>
<thead>
<tr>
<th>Key Audit matters</th>
<th>Auditors’ Response</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Expected Credit Losses on loan assets</strong></td>
<td>Our audit focused on assessing the appropriateness of Management’s judgement and estimates used in the impairment analysis through procedures that included, but where not limited to, the following:</td>
</tr>
<tr>
<td></td>
<td>• Obtain an understanding of the modelling techniques adopted by the Company including the key inputs and assumptions. Since modelling assumptions and parameters are based on historical data, we assessed whether historical experience was representative of current circumstances and was relevant in view of the recent impairment losses incurred within the portfolios.</td>
</tr>
</tbody>
</table>
The Expected Credit Loss ("ECL") approach as required under Ind AS 109, Financial instruments, involves high degree of complexity requiring significant judgement of the Management and the use of the different modelling techniques and assumptions which could have a material impact on the accompanying financial statements.

The Management is required to determine the ECL that may occur over either 12-month period or the remaining life of an asset, depending on the categorization of the individual asset. Significant management judgement and assumptions involved in measuring ECL include:

- Categorisation of loans in Stage 1, 2 and 3 based on identification of exposures with Significant Increase in Credit Risk (SICR) since their origination and individually impaired/default exposures.
- Techniques used to determine Probability of Default, Loss Given Default and Exposure at Default.
- Factoring in future economic assumptions.

These parameters are derived from the Company’s internally developed statistical models, other historical data and trends observed in macro-economic factors.

Considering the significance of the above matters to the overall standalone financial statements, additional complexities involved in the current year on account of the ongoing impact of COVID-19 and extent of the Management’s estimates and judgements involved and also the significant auditor attention required to test such complex accounting estimates, we have identified this as Key Audit Matters for the current year audit.

We also draw attention to Note 2.3 of the accompanying standalone financial statements, which describes the potential impact of the continuing COVID-19 pandemic considering the uncertainties involved and on the appropriateness of the impairment losses provided on the above-mentioned loan assets as on March 31, 2022, as the same is fundamental to the understanding of the users of standalone financial statements.

As part of our Audit, we have carried out testing of the IT general controls, application controls and IT dependent manual controls.

We tested the design and operating effectiveness of the Company’s IT access controls over the key information systems, including changes made to the IT landscape during the audit period, that are critical to financial reporting.

We tested IT general controls in the nature of controls over logical access, changes management, and other aspects of IT operational controls.

Where deficiencies were identified, we tested compensating controls or performed alternate procedures.
(ii) In respect of subsidiary, Muthoot Homefin (India) Limited

<table>
<thead>
<tr>
<th>Key Audit matters</th>
<th>Auditors’ Response</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>1. Expected Credit Loss (ECL) on Loans and Advances</strong></td>
<td>Our Audit Approach:</td>
</tr>
</tbody>
</table>

As at March 31, 2022, the carrying value of loan assets measured at amortized cost, aggregated to ₹ 1,029,63 million (net of allowance of ECL ₹ 257,12 million).

The estimation of ECL on financial instruments involves significant judgement and estimates. As part of our risk assessment, we determined that the allowance for ECL on loan assets has a high degree of estimation uncertainty, with a potential range of reasonable outcomes for financial statements.

The elements of estimating ECL which involved increased level of audit focus are the following:

a) Data inputs – The application of ECL model requires several data inputs.

b) Model estimations – Inherently judgemental models are used to estimate ECL which involves determining Probabilities of Default (“PD”), Loss Given Default (“LGD”), and Exposures at Default (“EAD”). The PD and the LGD are the key drivers of estimation complexity in ECL and as a result are considered the most significant judgemental aspect of the Company's modelling approach.

c) Qualitative and quantitative factors used in staging the loan assets measured at amortized cost.

d) Economic scenarios – IND AS 109 requires the Company to measure ECL on an unbiased forward-looking basis reflecting a range of future economic conditions. Significant management judgement is applied determining the economic scenarios and the probability weights applied to them.

Our audit approach was a combination of test of internal controls and substantive procedures which included the following:

a) Testing the design and effectiveness of internal controls over the following:

b) Key controls over the completeness and accuracy to the key inputs, data and assumptions into the IND AS 109 impairment model.

- Key controls over the application of the staging criteria consistent with the definitions applied including the appropriateness of the qualitative factors.

Management’s controls over authorization and calculation of post model adjustments and management overlays to the output of ECL model.

On sample basis, ECL allowance on loan assets were tested over the following:

- Sample testing over key inputs, data and assumptions impacting ECL calculations to assess the completeness, accuracy and relevance of data, reasonableness of economic forecasts, weights, and model assumptions applied.

We evaluated reasonableness of LGD estimates by comparing actual recoveries post the loan asset becoming credit impaired with estimates of LGD; and

We tested the mathematical accuracy and computation of the allowances by using the same input data used by the Company.

We also evaluated the adequacy of the adjustment after stressing the inputs used in determining the output as per the ECL Model.

- Testing management’s controls on compliance with disclosures to confirm the compliance with the provisions of IND AS 109 and RBI.

- Evaluating the appropriateness of the Company's IND AS 109 impairment methodologies and reasonableness of assumptions used, including management overlays.

- For models which were changed or updated during the year, evaluating whether the changes were appropriate by assessing the updated model methodology.

- Read and assessed the disclosures included in the IND AS financial statements in respect of expected credit losses with the requirements of IND AS 107 and IND AS 109.
(iii) In respect of foreign subsidiary, Asia Asset Finance PLC

Key Audit matters

Impairment of loans and receivables
The Company’s gross loans and receivables amount to LKR 17.34 billion as at March 31, 2022 (2021: LKR 14 billion) and impairment allowance for the year amounts to LKR 493 million (2021: LKR 383 million)

Due to significance of loans and receivables it was considered to be a key audit matter.

The impairment provision is considered separately on an individual and collective basis.

In calculating the impairment provision on a collective basis, statistical models are used. The following inputs to these models require significant management judgement:

- The Probability of Default (PD);
- The Exposure at Default (EAD);
- The Loss Given Default (LGD); and
- The Effective Interest Rates

In assessing loans and receivables on an individual basis, significant judgements, estimates and assumptions have been made by management to:

- Determine if the loan or advance is credit impaired;
- Evaluate the adequacy and recoverability of collateral;
- Determine the expected cash flows to be collected; and
- Estimate the timing of the future cash flows

Key areas of significant judgements, estimates and assumption used by management related to the impact of COVID-19 in the assessment of the impairment allowance included the following:

- The probable impacts of COVID-19 and related industry responses (e.g., government stimulus packages and debt moratorium relief measures granted by the Company);
- The determination on whether or not customer contracts have been substantially modified due to such COVID-19 related stimulus and relief measures granted and related effects on the amount of interest income recognised on affected loans and advances;
- Forward-looking macroeconomic factors, including developing and incorporating macroeconomic scenarios, given the wide range of potential economic outcomes and probable impact from COVID-19 that may affect future expected credit losses.

Auditors’ Response

Our procedures included the following:

- We obtained an understanding of management’s process and tested controls over credit origination, credit monitoring and credit remediation.
- We assessed the appropriateness of the accounting policies and loan impairment methodologies applied by comparing these to the requirements of SLFRS 9: Financial Instruments including consideration of current economic crisis, COVID-19 impact and related industry response based on the best available information up to the date of our report.
- We test-checked the underlying calculations and data.

In addition to the above, we performed the following specific procedures:

- We assessed the completeness of the underlying information in loans and receivables used in the impairment calculations by agreeing details to the Company’s source documents and information in IT systems.
- We also considered the reasonableness of macro-economic and other factors used by management by comparing them with publicly available data and information sources. This included assessing and challenging the reasonableness of macroeconomic scenarios considered and certain forward-looking economic data developed by the Company, with a particular focus on the impact of current economic crisis and COVID-19 in light of certain available information and consensus views.

For loans and receivables individually assessed for impairment:

- We assessed the main criteria used by the management for determining whether an impairment event had occurred.
- Where impairment indicators existed, we assessed the reasonableness of management’s estimate future recoveries including the expected future cash flows, discount rates and the valuation of collateral held.
- Evaluating the reasonableness of the provisions made with particular focus on the impact of COVID-19 on the elevated risk industries, strategic responsive actions taken, collateral values, and the value and timing of future cash flows.

For loans and advances affected by government stimulus and debt moratorium relief measures granted:

- Assessing the appropriateness of judgements, reasonableness of calculations and data used to determine whether customer contracts have been substantially modified or not and to determine the resulting accounting implications; and
- Evaluate the reasonableness of the interest income recognised on such affected loans and advances

Information Other than the Consolidated Financial Statements and Auditors’ Report thereon

The Holding Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Corporate Overview, Board’s Report, Management Discussion and Analysis Report, Business Responsibility Report and Report on Corporate Governance in the Annual Report of the Holding Company for the financial year 2021-22, but does not include the consolidated financial statements, and our Auditors’ Report thereon. The reports containing the other information as above are expected to be made available to us after the date of this Auditors’ report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

When we read the reports containing the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions as per applicable laws and regulations.

Responsibilities of Management and those Charged with Governance for the consolidated financial statements

The Holding Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate its respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the respective companies in the Group.

Auditors’ responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

• Identify and assess the risk of material misstatements of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

• Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

• Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.

• Conclude on the appropriateness of Management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditors’ report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditors’ report. However, future events or conditions may cause the Group to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the consolidated financial statements including the disclosures, and whether the consolidated financial
Interest benefits of such communication.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of business activities included in the consolidated financial statements of which we are the independent auditors. For the business activities of other subsidiaries included in the consolidated financial statements, which has been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in

(i) planning the scope of our audit work and in evaluating the results of our work; and

(ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements, of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the current year and are therefore the key audit matters. We describe these matters in our Auditors’ report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters
We did not audit the financial statements/financial information of six subsidiaries (incorporated in India) and one foreign subsidiary, whose financial statements reflect total assets of ₹57,617.83 million as at March 31, 2022, total revenue ₹3,512.45 million and net cash flows of ₹2,088.63 million for the year ended March 31, 2022, as considered in the consolidated financial statements. These financial statements/financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of such other auditors.

Our opinion above on the consolidated financial statements, and our report on ‘Other Legal and Regulatory Requirements’ below, is not modified in respect of the above matter with respect to our reliance on the work done and reports of the other auditors.

Report on Other Legal and Regulatory Requirements
1. As per the Companies (Auditor’s Report) order 2020 (‘the Order’), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in ‘Annexure A’, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements of the subsidiaries referred to in the other matters section above, we report, to the extent applicable, that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;

b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Group so far as it appears from our examination of those books, returns and the reports of the other auditors. Since the key operations of the Holding Company are automated with the key applications integrated to core banking system/MIS, the audit of the Holding Company is carried out centrally as all the necessary records and data required for the purposes of our audit are available therein.
c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and Consolidated Statements of Changes in Equity dealt with by this Report are in agreement with books of account maintained for the purpose of preparation of the consolidated financial statements.

d. In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

e. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2022 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies, is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.

f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Group and the operating effectiveness of such controls, refer to our separate report ‘Annexure B’ to this report which is based on the auditors’ reports of the Holding Company and subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to financial statements of those companies.

g. With respect to the other matters to be included in the Auditors’ report in accordance with section 197(16) of the Act, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Holding Company and Subsidiary Companies incorporated in India to its directors during the year is in accordance with the provisions of section 197 read with Schedule V to the Act; and

h. With respect to other matters to be included in the Auditors’ report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

   i. The Group has disclosed the impact of pending litigation on its financial position in its consolidated financial statements – Refer Note 41 to the consolidated financial statements.

   ii. The Group has made provisions, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts.

   iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India during the year ended March 31, 2022.

   iv. With respect to clause (e) of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended;

      a) The respective Managements of the Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, other than as disclosed in the consolidated financial statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or any of such subsidiaries.
to or in any other person(s) or entity(ies), including foreign entities (Intermediaries), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

b) The respective Managements of the Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, other than as disclosed in the consolidated financial statements, no funds (which are material either individually or in the aggregate) have been received by the Company or any of such subsidiaries from any person(s) or entity(ies), including foreign entities (Funding Parties), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and those performed by the auditors of the subsidiaries companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditors’ notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

i. The dividend declared/paid during the year by the Group is in compliance with section 123 of the Act.
‘ANNEXURE A’ REFERRED TO IN PARAGRAPH 1 UNDER THE HEADING “REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS” OF OUR INDEPENDENT AUDITORS’ REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF MUTHOOT FINANCE LIMITED FOR THE YEAR ENDED MARCH 31, 2022

In terms of the information and explanations sought by us and given by the Holding Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief and based on the consideration of report of respective auditors of the subsidiary companies, incorporated in India, we state that:

xxi. There are no qualifications or adverse remarks by the respective auditors in their report on Companies (Auditors Report) Order, 2020 of the companies included in the consolidated financial statements.

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2022, we have audited the internal financial controls with reference to financial statements of Muthoot Finance Limited (hereinafter referred to as the Holding Company) and its subsidiary companies incorporated in India, as of that date.

Opinion

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the other matters paragraph below, the Holding Company and its Subsidiary Companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to consolidated financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022, based on the criteria for internal financial controls with reference to consolidated financial statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on 'Audit of Internal Financial Controls Over Financial Reporting' issued by the Institute of Chartered Accountants of India (the 'Guidance Note').

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to consolidated financial statements criteria established by the Holding Company and its subsidiary companies incorporated in India considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (‘the Act’).

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the Institute of Chartered Accountants of India and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies incorporated in India in terms of their reports is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system with reference to consolidated financial statements.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to six subsidiary companies incorporated in India is based on the corresponding reports of the auditors of such companies.

Our opinion is not modified in respect of the above matter.
Meaning of Internal Financial Controls over Financial reporting

A company’s internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to consolidated financial statements includes those policies and procedures that:

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

3. provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements reporting

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1. Corporate Information

Muthoot Finance Limited ("the Company") was incorporated as a private limited Company on 14th March, 1997 and was converted into a public limited company on November 18, 2008. The Company was promoted by Late Mr. M. G. George Muthoot, Mr. George Thomas Muthoot, Mr. George Jacob Muthoot and Mr. George Alexander Muthoot who collectively operated under the brand name of "The Muthoot Group". The Company obtained permission from the Reserve Bank of India for carrying on the business of Non-Banking Financial Institutions on 13-11-2001 vide Regn. No. N 16.00167. The Company is presently classified as Systemically Important Non-Deposit Taking NBFC (NBFC-ND-SI). The Registered Office of the Company is at 2nd Floor, Muthoot Chambers, Opposite Saritha Theatre Complex, Banerji Road, Kochi - 682 018, India.

The Company made an Initial Public Offer of 51,500,000 Equity Shares of the face value ₹ 10/- each at a price of ₹ 175/- raising ₹ 9,012.50 million during the month of April 2011. The equity shares of the Company are listed on National Stock Exchange of India Limited and BSE Limited from May 6, 2011.

Basis of Consolidation

The Consolidated financial statements relate to Muthoot Finance Limited and its subsidiaries which constitute the 'Group' hereinafter. Following subsidiary companies have been considered in the preparation of the consolidated financial statements:

<table>

As stated in Note 9.2 of the consolidated financial statements, the Company held 2,163,000 equity shares of Nepalese Rupee 100/- each in United Finance Limited as at March 31, 2021. Since the management did not have significant influence over the entity as specified in Ind AS-28 - Investments in Associates and Joint Ventures; had elected to recognise and measure the investment at fair value through OCI as per the requirements of Ind AS 109 – Financial Instruments. On July 11, 2021, United Finance Limited was acquired by Nabil Bank Limited, Nepal in share swap 1 : 0.35 and accordingly the Company holds 1,011,418 equity shares of Nepalese Rupee 100/- (i.e. 0.5468% shareholding) each as at March 31, 2022.

2. Basis of preparation and presentation

2.1 Statement of Compliance

These consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, (as amended from time to time). These financial statements may require further adjustments, if any, necessitated by the guidelines / clarifications / directions issued in the future by RBI, Ministry of Corporate Affairs, or other regulators, which will be implemented as and when the same are issued and made applicable.

2.2 Principles of Consolidation

2.2.1 Business Combination:

The Group applies Ind AS 103, Business Combinations, to business combinations. In accordance with Ind AS 103, the Group accounts for these business combinations using the acquisition method when control is transferred to the Group. The consideration transferred for the business combination is generally measured at fair value as at the date the control is acquired (acquisition date), as are the net identifiable...
2.2.4. Loss of control

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related NCI and other component of equity. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost. Any resulting gain or loss is recognised in the Statement of Profit and Loss.

2.2.5. Transactions eliminated on consolidation

Intra group balances and transactions, and any unrealised income and expenses arising from intra group transactions are eliminated.

2.2.6. Foreign operations

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising on acquisition, are translated into at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into at the exchange rates at the dates of the transactions.

The Group recognises foreign currency translation differences in OCI and accumulated in equity (as exchange difference on translating the financial statements of foreign operations), except to the extent that the exchange differences are allocated to NCI.

When a foreign operation is disposed off in its entirety or partially such that control or significant influence is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified to the Statement of Profit and Loss as part of the gain or loss on disposal. If the Group disposes off part of its interest in a subsidiary but retains control, then the relevant proportion of the cumulative amount is reattributed to NCI.

2.2.7. The financial statement of the subsidiary companies used in the consolidation are drawn up to the same reporting date as that of the Company i.e., year ended March 31, 2022.

2.2.8. Consolidated financial statements are prepared using uniform accounting policies except as stated in Notes 3.9 and 3.10 of Consolidated Financial Statements. The adjustments arising out of the same are not considered material.

2.3. Basis of measurement

The consolidated financial statements have been prepared on a historical cost basis, except for following...
NOTES
forming part of Financial Statements

assets and liabilities which have been measured at fair value:

i) fair value through other comprehensive income (FVOCI) instruments,
ii) derivative financial instruments,
iii) other financial assets held for trading
iv) financial assets and liabilities designated at fair value through profit or loss (FVTPL)

2.4. The financial statements of the Group are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis.

2.5. Functional and presentation currency
The consolidated financial statements are presented in Indian Rupees (INR) which is also its functional currency and all values are rounded to the nearest million, except when otherwise indicated.

2.6. New Accounting Standards that are issued but not effective
There are no standards that are issued but not yet effective on March 31, 2022.

3. Significant accounting policies
3.1. Revenue Recognition
3.1.1. Recognition of interest income
The Group recognises Interest income by applying the effective interest rate (EIR) to the gross carrying amount of a financial asset except for purchased or originated credit-impaired financial assets and other credit-impaired financial assets.

For purchased or originated credit-impaired financial assets, the Group applies the credit-adjusted effective interest rate to the amortised cost of the financial asset from initial recognition.

For other credit-impaired financial assets, the Group applies effective interest rate to the amortised cost of the financial asset in subsequent reporting periods.

The effective interest rate on a financial asset is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. While estimating future cash receipts, factors like expected behaviour and life cycle of the financial asset, probable fluctuation in collateral value etc are considered which has an impact on the EIR.

While calculating the effective interest rate, the Group includes all fees and points paid or received to and from the borrowers that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Interest income on all trading assets and financial assets required to be measured at FVTPL is recognised using the contractual interest rate as net gain on fair value changes.

3.1.2. Recognition of revenue from sale of goods or services
Revenue (other than for Financial Instruments within the scope of Ind AS 109) is measured at an amount that reflects the considerations, to which an entity expects to be entitled in exchange for transferring goods or services to customer, excluding amounts collected on behalf of third parties.

The Group recognises revenue from contracts with customers based on a five-step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the respective company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract
that has more than one performance obligation, the respective company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the company expects to be entitled in exchange for satisfying each performance obligation.

**Step 5:** Recognise revenue when (or as) the respective company satisfies a performance obligation.

Revenue from contract with customer for rendering services is recognised at a point in time when the performance obligation is satisfied.

### 3.1.3. Recognition of Dividend Income

Dividend income (including from FVOCI investments) is recognised by the Group when the respective Company’s right to receive the payment is established. This is established when it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably.

### 3.2. Financial instruments

#### A. Financial Assets

**3.2.1. Initial recognition and measurement**

All financial assets are recognised initially at fair value when the parties become party to the contractual provisions of the financial asset. In case of financial assets which are not recorded at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial assets, are adjusted to the fair value on initial recognition.

**3.2.2. Subsequent measurement**

The Companies in the Group classify its financial assets into various measurement categories. The classification depends on the contractual terms of the financial assets’ cash flows and the respective company’s business model for managing financial assets.

- **Financial assets measured at amortised cost**
  
  A financial asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **b. Financial assets measured at fair value through other comprehensive income (FVOCI)**
  
  A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and contractual terms of financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **c. Financial assets measured at fair value through profit or loss (FVTPL)**
  
  A financial asset which is not classified in any of the above categories are measured at FVTPL.

#### 3.2.3. Other Equity Investments

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Group has elected to present the changes in fair value through other comprehensive income (FVOCI).

#### B. Financial liabilities

**3.2.4. Initial recognition and measurement**

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs. The Group’s financial liabilities include trade and other payables, Non-Convertible Debentures loans and borrowings including bank overdrafts.

**3.2.5. Subsequent Measurement**

Financial liabilities other than derivative financial instruments are subsequently carried at amortized cost using the effective interest method. Subsequent measurement of derivative financial instruments are at fair value as detailed under Note 3.7 ‘Derivative Financial Instruments’.

### 3.3. Derecognition of financial assets and liabilities

#### 3.3.1. Financial Asset

The Group derecognizes a financial asset when the contractual cash flows from the asset expire or it transfers its rights to receive contractual cash flows from the financial asset in a transaction in which substantially all the risks and rewards of ownership are transferred. Any interest in transferred financial assets that is created or retained by the Group is recognized as a separate asset or liability.
An entity has transferred the financial asset if, and only if, either:

a) it has transferred its contractual rights to receive cash flows from the financial asset or

b) it retains the rights to the cash flows, but has assumed an obligation to pay the received cash flows in full without material delay to a third party under a ‘pass-through’ arrangement

Pass-through arrangements are transactions whereby the respective Company retains the contractual rights to receive the cash flows of a financial asset (the ‘original asset’), but assumes a contractual obligation to pay those cash flows to one or more entities (the ‘eventual recipients’), on satisfying specific conditions.

3.3.2. Financial Liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of profit and loss.

3.4. Offsetting

Financial assets and financial liabilities are generally reported gross in the balance sheet. Financial assets and liabilities are offset and the net amount is presented in the balance sheet when the Group has a legal right to offset the amounts and intends to settle on a net basis or to realise the asset and settle the liability simultaneously in all the following circumstances:

a. The normal course of business

b. The event of default

c. The event of insolvency or bankruptcy of the Group and/or its counterparties

3.5. Impairment of financial assets

In accordance with Ind AS 109, the Group uses ‘Expected Credit Loss’ model (ECL), for evaluating impairment of financial assets other than those measured at Fair value through profit or loss. The Group follows simplified approach for recognition of impaired loss allowance on:

a) Trade Receivables or contract revenue receivables; and

b) All lease receivables resulting from transactions within the scope of Ind AS 116.

3.5.1. Overview of the Expected Credit Loss (ECL) model

Expected Credit Loss, at each reporting date, is measured through a loss allowance for a financial asset:

- At an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.

- At an amount equal to 12-month expected credit losses, if the credit risk on a financial instrument has not increased significantly since initial recognition.

Lifetime expected credit losses means expected credit losses that result from all possible default events over the expected life of a financial asset.

12-month expected credit losses means the portion of Lifetime ECL that represent the ECLs that result from default events on financial assets that are possible within the 12 months after the reporting date.

The Group performs an assessment, at the end of each reporting period, of whether a financial asset’s credit risk has increased significantly since initial recognition. When making the assessment, the change in the risk of a default occurring over the expected life of the financial instrument is used instead of the change in the amount of expected credit losses.

Based on the above process, the Group categorises its loans into three stages as described below:

For non-impaired financial assets

- Stage 1 is comprised of all non-impaired financial assets which have not experienced a significant increase in credit risk (SICR) since initial recognition. A 12-month ECL provision is made for stage 1 financial assets. In assessing whether credit risk has increased significantly, The Companies in
the Group compares the risk of a default occurring on the financial asset as at the reporting date with the risk of a default occurring on the financial asset as at the date of initial recognition.

- Stage 2 is comprised of all non-impaired financial assets which have experienced a significant increase in credit risk since initial recognition. The Companies in the Group recognises lifetime ECL for stage 2 financial assets. In subsequent reporting periods, if the credit risk of the financial instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then entities shall revert to recognizing 12 months ECL provision.

For impaired financial assets:
Financial assets are classified as stage 3 when there is objective evidence of impairment as a result of one or more loss events that have occurred after initial recognition with a negative impact on the estimated future cash flows of a loan or a portfolio of loans. The Group recognises lifetime ECL for impaired financial assets.

3.5.2. Estimation of Expected Credit Loss

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

Probability of Default (PD) - The Probability of Default is an estimate of the likelihood of default over a given time horizon.

The Group uses historical information where available to determine PD. Considering the different products and schemes, the Group has bifurcated its loan portfolio into various pools. For certain pools where historical information is available, the PD is calculated considering fresh slippage of past years. For those pools where historical information is not available, the PD/default rates as stated by external reporting agencies is considered.

Exposure at Default (EAD) - The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected draw downs on committed facilities, and accrued interest from missed payments.

Loss Given Default (LGD) – The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral.

Forward looking information
While estimating the expected credit losses, the Group reviews macro-economic developments occurring in the economy and market it operates in. On a periodic basis, the Group analyses if there is any relationship between key economic trends like GDP, unemployment rates, benchmark rates set by the Reserve Bank of India, inflation etc. with the estimate of PD, LGD determined by the Group based on its internal data. While the internal estimates of PD, LGD rates by the Group may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

To mitigate its credit risks on financial assets, the Group seeks to use collateral, where possible. The collateral comes in various forms, such as cash, securities, letters of credit/guarantees, vehicles, etc. However, the fair value of collateral affects the calculation of ECLs. The collateral is majorly the property for which the loan is given. The fair value of the same is based on data provided by third party or management judgements.

Loans are written off (either partially or in full) when there is no realistic prospect of recovery. This is generally the case when the Group determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the Statement of Profit and Loss.

3.6. Determination of fair value of Financial Instruments

The Group measures financial instruments, such as, investments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:
i. In the principal market for the asset or liability, or

ii. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant’s ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 financial instruments – Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Group has access to at the measurement date. The Group considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments – Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument’s life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Group will classify the instruments as Level 3.

Level 3 financial instruments – Those that include one or more unobservable input that is significant to the measurement as whole.

3.7. Derivative financial instruments

The Company enters into derivative financial instruments such as foreign exchange forward contracts and cross currency swaps to manage its exposure to foreign exchange rate risk.

Derivatives are initially recognised at fair value on the date when a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date and carried as assets when their fair value is positive and as liabilities when their fair value is negative. The resulting gain/loss is recognised in the Statement of Profit and Loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the Statement of Profit and Loss depends on the nature of the hedge relationship. The Company has designated the derivative financial instruments as cash flow hedges of recognised liabilities and unrecognised firm commitments.

Hedge accounting

In order to manage particular risks, the Company applies hedge accounting for transactions that meet specific criteria.

At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship and the risk management objective and strategy for undertaking the hedge. The Company enters into derivative financial instruments that have critical terms aligned with the hedged item and in accordance with the Risk management policy of the company, the hedging relationship is extended to the entire term of the hedged item. The hedges are expected to be highly effective if the hedging instrument is offsetting changes in fair value or cash flows of the hedged item attributable to the hedged risk. The assessment of hedge effectiveness is carried out at inception and on an ongoing basis to determine that the hedging relationship has been effective throughout the financial reporting periods for which they were designated.
Cash Flow Hedges
A cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability (such as all or some future interest payments on variable rate debt) or a highly probable forecast transaction and could affect profit and loss. For designated and qualifying cash flow hedges, the effective portion of the cumulative gain or loss on the hedging instrument is initially recognised directly in OCI within equity (cash flow hedge reserve). The ineffective portion of the gain or loss on the hedging instrument is recognised immediately in the Statement of Profit and Loss. When the hedged cash flow affects the Statement of Profit and Loss, the effective portion of the gain or loss on the hedging instrument is recorded in the corresponding income or expense line of the Statement of Profit and Loss. When a hedging instrument expires, is sold, terminated, exercised, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss that has been recognised in OCI at that time remains in OCI and is recognised when the hedged forecast transaction is ultimately recognised in the Statement of Profit and Loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in OCI is immediately transferred to the Statement of Profit and Loss.

3.8. Cash and cash equivalents
Cash and cash equivalents comprise of cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consist of cash and short-term deposits, as defined above and investment in reverse re-purchase against treasury bills and bonds, net of outstanding bank overdrafts if any, as they are considered an integral part of the Group’s cash management.

3.9. Property, plant and equipment
Property, plant and equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment, if any. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Advances paid towards the acquisition of fixed assets, outstanding at each reporting date are shown under other non-financial assets. The cost of property, plant and equipment not ready for its intended use at each reporting date are disclosed as capital work-in-progress.

Subsequent expenditure related to the asset are added to its carrying amount or recognised as a separate asset only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

3.9.1. Depreciation
Depreciation on Property, Plant and Equipment is calculated by the Company and subsidiary companies incorporated in India using written down value method (WDV) to write down the cost of property and equipment to their residual values over their estimated useful lives which is in line with the estimated useful life as specified in Schedule II of the Companies Act, 2013 or useful life estimated by the respective management based on technical evaluation.

The estimated useful lives are as follows:

<table>
<thead>
<tr>
<th>Particulars</th>
<th>Useful life</th>
</tr>
</thead>
<tbody>
<tr>
<td>Leasehold Improvements</td>
<td>10 years</td>
</tr>
<tr>
<td>Furniture and fixture</td>
<td>10 years</td>
</tr>
<tr>
<td>Plant</td>
<td>15 years</td>
</tr>
<tr>
<td>Office equipment (MML, MHIL, BML, MFL)</td>
<td>5 years</td>
</tr>
<tr>
<td>Office equipment (MIBPL)</td>
<td>10 years</td>
</tr>
<tr>
<td>Server and networking</td>
<td>6 years</td>
</tr>
<tr>
<td>Computers</td>
<td>3 years</td>
</tr>
<tr>
<td>Building</td>
<td>30 years</td>
</tr>
<tr>
<td>Vehicles (MML, MFL)</td>
<td>8 years</td>
</tr>
<tr>
<td>Vehicles (MIBPL, BML)</td>
<td>10 years</td>
</tr>
<tr>
<td>Wind Mill</td>
<td>22 years</td>
</tr>
</tbody>
</table>

In respect of foreign subsidiary AAF, the Property, Plant and Equipment are depreciated on straight line method over the estimated useful life of the assets.
The estimated useful lives are as follows:

<table>
<thead>
<tr>
<th>Particulars</th>
<th>Useful life</th>
</tr>
</thead>
<tbody>
<tr>
<td>Building</td>
<td>8 years</td>
</tr>
<tr>
<td>Plant</td>
<td>8 years</td>
</tr>
<tr>
<td>Furniture and fixture</td>
<td>6 years</td>
</tr>
<tr>
<td>Office equipment</td>
<td>6 years</td>
</tr>
<tr>
<td>Vehicles</td>
<td>6.5 years</td>
</tr>
<tr>
<td>Computers</td>
<td>6 years</td>
</tr>
</tbody>
</table>

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income/expense in the Statement of Profit and Loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

3.10. Intangible assets

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Group.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

Subsequent expenditure related to the assets added to its carrying amount or recognised as a separate asset only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably.

Intangible assets comprising of software is amortised by the Company and MML and MIBPL on straight line basis over a period of 5 years, unless it has a shorter useful life. In respect of BML and AAF computer software are amortized over a period of 3 years and 8 years respectively. In respect of MHIL, intangible assets are amortised on a WDV basis over a period of 5 years, unless it has a shorter useful life.

Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

3.11. Investment Property

Properties, held to earn rentals and/or capital appreciation are classified as investment property and measured and reported at cost, including transaction costs.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of property is recognised in the Statement of Profit and Loss in the same period.

The fair value of investment property is disclosed in the notes accompanying the consolidated financial statements. Fair value has been determined by independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued.

The Group assesses, at each reporting date, whether there is any indication that any Property, Plant and Equipment, Intangible Assets, investment property or group of assets called Cash Generating Units (CGU) may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset’s recoverable amount to determine the extent of impairment, if any.
An asset’s recoverable amount is the higher of an asset’s or cash-generating unit’s (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset’s or CGU’s recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset’s recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the Statement of Profit and Loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

### 3.13. Employee Benefits Expenses

#### 3.13.1. Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

#### 3.13.2. Post-Employment Benefits

**A. Defined contribution schemes**

All eligible employees of the Group are entitled to receive benefits under the provident fund, a defined contribution plan in which both the employee and the Group contribute monthly at a stipulated percentage of the covered employee’s salary. Contributions are made to Employees Provident Fund Organization in respect of Provident Fund, Pension Fund and Employees Deposit Linked Insurance Scheme at the prescribed rates and are charged to Statement of Profit and Loss at actuals. The Group has no liability for future provident fund benefits other than its annual contribution.

**B. Defined Benefit schemes**

**Gratuity**

The Company and its subsidiaries BML, MHIL and MML provides for gratuity covering eligible employees under which a lump sum payment is paid to vested employees at retirement, death, incapacitation or termination of employment, of an amount reckoned on the respective employee’s salary and his tenor of employment with the Group. The said companies in the Group accounts for its liability for future gratuity benefits based on actuarial valuation determined at each Balance Sheet date by an Independent Actuary using Projected Unit Credit Method. The Companies makes annual contribution to a Gratuity Fund administered by Trustees and separate schemes managed by Kotak Mahindra Old Mutual Life Insurance Limited and/or ICICI Prudential Life Insurance Company Limited. In respect of subsidiary BML, contribution to gratuity fund is made through Life Insurance Corporation of India group gratuity fund. In respect of subsidiaries MHIL and MML gratuity liability is not funded. In respect of its foreign subsidiary AAF, future gratuity benefits are accounted for as liability based on actuarial valuation by Project Unit Credit Method in accordance with LKAS 19. The gratuity liability is not externally funded.

The obligation is measured at the present value of the estimated future cash flows.
An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Re-measurement, comprising of actuarial gains and losses (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

3.13.3. Other Long term employee benefits
Accumulated compensated absences
The Group provides for liability of accumulated compensated absences for eligible employees on the basis of an independent actuarial valuation carried out at the end of the year, using the projected unit credit method. Actuarial gains and losses are recognised in the Statement of Profit and Loss for the period in which they occur.

3.13.4. Employee share based payments
Stock options granted to the employees of the Company under the stock option scheme established are accounted as per the accounting treatment prescribed by the SEBI (Share Based Employee Benefits) Regulations, 2014 issued by Securities and Exchange Board of India.

The Company follows the fair value method of accounting for the options and accordingly, the excess of market value of the stock options as on the date of grant over the fair value of the options is recognised as deferred employee compensation cost and is charged to the Statement of Profit and Loss on graded vesting basis over the vesting period of the options.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

3.14. Provisions (other than employee benefits)
Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When the effect of the time value of money is material, the enterprise determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the Statement of Profit and Loss net of any reimbursement.

3.15. Taxes
Income tax expense represents the sum of current tax and deferred tax.

3.15.1. Current Tax
Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from ‘profit before tax’ as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible in accordance with applicable tax laws.

The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the end of reporting date where the respective Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e., either in other comprehensive income or in equity. Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

3.15.2. Deferred tax
Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities used in the computation of taxable profit and their carrying amounts in the consolidated financial statements for financial reporting purposes.
Deferred tax liabilities are recognised for all taxable temporary differences, except:

i. Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss

ii. In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

i. When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss

ii. In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e., either in other comprehensive income or in equity. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are not offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

3.16. Contingent Liabilities and Assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. The Group does not have any contingent assets in the financial statements.

3.17. Earnings Per Share

The Group reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.
For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

3.18. Foreign currency transactions
Transactions in foreign currencies are translated into the functional currency of the Group at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in the Statement of Profit and Loss.

3.19. Cash-flow statement
Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Group are segregated.

3.20. Leases
Effective 01 April 2019, the Group had applied Ind AS 116 ‘Leases’/SLFRS 16 to all lease contracts existing on 01 April 2019 by adopting the modified retrospective approach.

The Group evaluates each contract or arrangement, whether it qualifies as lease as defined under Ind AS 116/SLFRS 16. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset.

The Group as a lessee
The Group has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of less than or equal to 12 months and leases with low value assets. The Group determines the lease term as the non-cancellable period of a lease, together with periods covered by an option to extend the lease, where the Group is reasonably certain to exercise that option.

The Group recognises the lease payments associated with these leases as an expense in Statement of Profit and Loss on a straight-line basis over the lease term or another systematic basis if that basis is more representative of the pattern of the lessee’s benefit. The related cash flows are classified as operating activities.

Wherever the above exception permitted under Ind AS 116 is not applicable/or as per SLFRS 16, the Group at the time of initial recognition:

- measures lease liability as present value of all lease payments discounted using the Group’s incremental cost of borrowing and directly attributable costs. Subsequently, the lease liability is increased by interest on lease liability, reduced by lease payments made and remeasured to reflect any reassessment or lease modifications specified in the standard, or to reflect revised fixed lease payments.

- measures ‘Right-of-use assets’ as present value of all lease payments discounted using the Group’s incremental cost of borrowing and any initial direct costs. Subsequently, ‘Right-of-use assets’ is measured using cost model i.e. at cost less any accumulated depreciation (depreciated on straight line basis over the lease period) and any accumulated impairment losses adjusted for any re-measurement of the lease liability specified in the standard.

The Group as a lessor
Leases under which the Group is a lessor are classified as finance or operating leases. Lease contracts where all the risks and rewards are substantially transferred to the lessee, the lease contracts are classified as finance leases. All other leases are classified as operating leases. Lease payments from operating leases are recognised as an income in the Statement of Profit and Loss on a straight-line basis over the lease term or another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished.
4. Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods. Although these estimates are based on the management’s best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the consolidated financial statements is included in the following notes:

4.1. Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The respective companies in the Group determine the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group’s continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

4.2. Effective Interest Rate (EIR) method

The Group’s EIR methodology, recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, probable fluctuations in collateral value as well as expected changes to India’s base rate and other fee income/expense that are integral parts of the instrument.

4.3. Impairment of loans portfolio

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

It has been the Group’s policy to regularly review its models in the context of actual loss experience and adjust when necessary.

4.4. Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

4.5. Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where
this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

4.6. Determination of lease term

Ind AS 116 “Leases” requires lessee to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes assessment on the expected lease term on lease by lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of lease and the importance of the underlying to the Group’s operations taking into account the location of the underlying asset and the availability of the suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

4.7. Other estimates

These include contingent liabilities, useful lives of tangible and intangible assets etc.

### 8.1 Disclosures on Credit quality and analysis of ECL allowance of the company and its subsidiaries incorporated in India

#### 8.1.1 Muthoot Finance Limited

Credit Quality of Loan Assets

The table below shows the credit quality and the maximum exposure to credit risk based on the Company’s internal credit rating system and year-end stage classification. The amounts presented are gross of impairment allowances. Details of the Company’s internal grading system are explained in Note 44.

<table>
<thead>

ECL provision is not created on staff loan as there is no credit risk. Any amount due if not paid is deducted from salary.

8.2 Belstar Microfinance Limited

Belstar Microfinance Limited has sold some loans and advances measured at fair value through other comprehensive income, as a source of finance. As per terms of the deal, risk and reward has been transferred to the customer. Hence, as per the derecognition criteria of IND AS 109, including transfer of substantially all risks and rewards relating to assets being transferred to the buyer being met, the assets have been derecognised.
The table below summarises the carrying amount of the derecognised financial assets as in BML:

<table>
<thead>
<tr>
<th>Particulars</th>
<th>March 31, 2022</th>
<th>March 31, 2021</th>
</tr>
</thead>
<tbody>
<tr>
<td>Carrying amount of derecognised financial assets</td>
<td>6,543.26</td>
<td>4,395.41</td>
</tr>
<tr>
<td>Interest only strip</td>
<td>427.59</td>
<td>417.13</td>
</tr>
<tr>
<td>Gain/(loss) from derecognition</td>
<td>458.73</td>
<td>242.68</td>
</tr>
</tbody>
</table>

* In previous year derecognized financial asset changed from Gross value to carrying value.

**Transferred financial assets that are not derecognised in their entirety**

BML uses securitisations as a source of finance and a means of risk transfer. BML securitised its microfinance loans to different entities. These entities are not related to the BML. Also, BML neither holds any equity or other interest nor control them.

As per the terms of the agreement, BML is exposed to first loss amounting to 5% to 10% of the amount securitised and therefore continues to be exposed to significant risk and rewards relating to the underlying microfinance loans. These receivables are not derecognised and proceeds received are recorded as a financial liability under borrowings.

The table below outlines the carrying amounts and fair values of all financial assets transferred that are not derecognised in their entirety and associated liabilities.

<table>
<thead>
<tr>
<th>Particulars</th>
<th>March 31, 2022</th>
<th>March 31, 2021</th>
</tr>
</thead>
<tbody>
<tr>
<td>Carrying amount of assets re-recognised due to non transfer of assets</td>
<td>-</td>
<td>78.58</td>
</tr>
<tr>
<td>Carrying amount of associated liabilities</td>
<td>-</td>
<td>6.16</td>
</tr>
</tbody>
</table>

The carrying amount of above assets and liabilities is a reasonable approximation of fair value.

**Interest in unconsolidated structured entity:**

These are entities which are not consolidated because BML does not control them through voting rights, contract, funding agreements, or other means.

The following table describes the types of structured entities that BML does not consolidate but in which it holds an interest.

<table>
<thead>
<tr>
<th>Type of Structured Entity</th>
<th>Nature and Purpose</th>
<th>Interest held by BML</th>
</tr>
</thead>
<tbody>
<tr>
<td>Securitisation Vehicle for loans</td>
<td>To generate - Funding for BML’s lending activities - Spread through sale of assets to investors - Fees for servicing loan</td>
<td>- Servicing fee - Credit Enhancement provided by BML - Excess interest spread</td>
</tr>
</tbody>
</table>

8.3 Muthoot Homefin (India) Limited has assigned a pool of certain loans amounting to ₹1,679.43 million (PY: ₹1,000 million) by way of a direct assignment transaction. These loan assets have been de-recognised from the loan portfolio of the company as the sale of loan assets is an absolute assignment and transfer on a ‘no-recourse’ basis. The Company continues to act as a servicer to the assignment transaction on behalf of assignee. In terms of the assignment agreement, the Company pays to assignee, on a monthly basis, the pro-rata collection amounts.

24.2 Terms/ rights attached to equity shares

The Company has only one class of equity shares having a par value of ₹10/- per share. All these shares have the same rights and preferences with respect to the payment of dividend, repayment of capital and voting. The Company declares and pays dividends in Indian rupees. The interim dividend is declared and approved by Board of Directors.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive any of the remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

### 25.1 Nature and purpose of reserve

#### (a) Statutory reserve

Statutory Reserve represents the Reserve Fund created under Section 45 IC of the Reserve Bank of India Act, 1934. Accordingly an amount representing 20% of Profit for the period is transferred to the fund for the year.

#### (b) Securities Premium

This Reserve represents the premium on issue of equity shares and can be utilized in accordance with the provisions of the Companies Act, 2013.

#### (c) Debenture Redemption Reserve

Pursuant to Rule 18(7)(b)(iii) of the Companies (Share Capital and Debentures) Rules, 2014, as amended vide the Companies (Share Capital and Debentures) Amendment Rules, August 16, 2019, the Company, being an NBFC registered with the Reserve Bank of India under Section 45 IA of the RBI Act, 1934, is not required to create a Debenture Redemption Reserve, in respect of public issue of debentures and debentures issued by it on a private placement basis.
(₹ in millions, except for share data and unless otherwise stated)

(d) General Reserve
Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of profit for the period at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

(e) Share Options outstanding account
The fair value of equity settled share based payments transactions is recognised in the Statement of Profit and Loss with corresponding credit to Share option outstanding account.

(f) Retained earnings
This Reserve represents the cumulative profits of the Company. This Reserve can be utilized in accordance with the provisions of the Companies Act, 2013.

(g) Capital Redemption Reserve
The amount in Capital Redemption Reserve is equal to nominal amount of the Non-Convertible Redeemable Preference Shares redeemed. The Group may issue fully paid up bonus shares to its members out of the capital redemption reserve account.

(h) Capital Reserve
A capital reserve is used for contingencies or to offset capital losses. It is derived from the accumulated capital surplus created out of capital profit.

(i) Other Comprehensive Income
Equity instruments through Other Comprehensive Income
The Company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated in the FVOCI equity investments reserve. The Company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised.

Effective portion of Cash Flow Hedges and Cost of Hedging Reserve
Effective portion of cash flow hedges represents the cumulative gains/(losses) arising on changes in fair value of the derivative instruments designated as cash flow hedges through OCI. The amount recognized as effective portion of Cash flow hedge is reclassified to profit or loss when the hedged item affects profit or loss. The company designates the spot element of foreign currency forward contracts as hedging instruments. The changes in the fair value of forward element of the forward contract on reporting date is deferred and retained in the cost of hedging reserve.

Remeasurement of defined benefit plans
It represents the gain/(loss) on remeasurement of Defined Benefit Obligation and of Plan assets.

<td><strong>(194.38)</strong></td>
</tr>
</tbody>
</table>

In accordance with the provisions of Section 115BAA of the Income Tax Act, 1961, the companies in the Group incorporated in India have opted to pay income tax at a reduced rate of 22% (plus surcharge @ 10% and cess @ 4%).
Reconciliation of the total tax charge:

The tax charge shown in the Statement of Profit and Loss differs from the tax charge that would apply if all profits had been charged at tax rate applicable to the companies in the Group. A reconciliation between the tax expense and the accounting profit multiplied by substantively enacted tax rate for the year ended March 31, 2022 and year ended March 31, 2021 is, as follows:

Note 36: Earnings per share

Basic earnings per share (EPS) is calculated by dividing the net profit for the year attributable to equity holders of Parent Company by the weighted average number of equity shares outstanding during the year.

Diluted EPS is calculated by dividing the net profit attributable to equity holders of Parent Company (after adjusting for interest on the convertible preference shares and interest on the convertible bond, in each case, net of tax, if any) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

Note 37: Segment Information

The Group is engaged primarily in the business of Financing, where operating results are regularly reviewed by the respective entity's chief operating decision maker to make decisions about resources to be allocated and to assess its performance, and for which discrete financial information is available. Further other business segments do not exceed the quantitative thresholds as defined by the Ind AS 108 on "Operating Segment". Hence, there are no separate reportable segments, as required by the Ind AS 108 on "Operating Segment".

Note 38: Retirement Benefit Plan

Defined Contribution Plan

The Group makes contributions to Provident Fund which are defined contribution plan for qualifying employees.

Defined Benefit Plan

The Company and five subsidiaries (AAF, BML, MHIL, MML and MIBPL) have defined benefit gratuity plans. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Every employee who has completed five years or more of service gets a gratuity on leaving the service of the Group at 15 days salary (last drawn salary) for each completed year of service. Gratuity schemes are funded by Insurance companies except in the case of AAF.

The following tables summaries the components of net benefit expense recognized in the Statement of Profit and Loss and the funded status and amounts recognized in the Balance Sheet for the gratuity plan.

<td>(1.83)</td>
</tr>
</tbody>
</table>

The sensitivity is performed on the DBO at the respective valuation date by modifying one parameter whilst retaining other parameters constant. There are no changes from the previous period to the methods and assumptions underlying the sensitivity analyses. The weighted average duration of the defined benefit obligation As at March 31, 2022 is 5 years for the Company, BML, & MIBPL and 2 years for MML & MHIL (As at March 31, 2021; 5 Years for the company, MML and MIBPL, 2 years for MHIL and 6 years for BML). The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

A quantitative sensitivity analysis for significant assumption As at March 31, 2022 and March 31, 2021 of AAF are as below:

<table>

</table>

Description of Asset Liability Matching (ALM) Policy

The Group primarily deploys its gratuity investment assets in insurer-offered debt market-linked plans. As investment returns of the plan are highly sensitive to changes in interest rates, liability movement is broadly hedged by asset movement if the duration is matched.
Description of funding arrangements and funding policy that affect future contributions
The liabilities of the fund are funded by assets. The Group aims to maintain a close to full-funding position at each Balance Sheet date. Future expected contributions are disclosed based on this principle.

The principal assumptions used in determining leave encashment obligations for the Group’s plans are shown below:
The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations. The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments, mortality, withdrawals and other relevant factors.

Note 39: Maturity analysis of assets and liabilities
The table below shows the maturity analysis of assets and liabilities according to when they are expected to be recovered or settled. For Loans and advances to customers, the Group uses the same basis of expected repayment behaviour as used for estimating the EIR. Issued debt reflect the contractual coupon amortisations.

(C) Lease Disclosures

Finance Lease:

The Group has not taken or let out any assets on financial lease.

Operating Lease:

Lease disclosures under Ind AS 116

For the operating lease agreements entered into by the Group which are considered as short term leases under Ind AS 116, right-of-use asset and lease liability has not been recognised during the year. The lease rental payments for such short term leases amounting to ₹2,434.78 millions (₹2,260.60 millions for the year ended March 31, 2021) are recognised as 'Rent' in the Statement of Profit and Loss. For all other lease arrangements under Ind AS 116, the Group has recognised right-of-use asset and lease liability.

Lease rentals received for assets let out on operating lease ₹2.53 millions (₹1.97 millions for the year ended March 31, 2021) are recognized as income in the Statement of Profit and Loss under the head 'Other Income'.

Note 43: Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques.

Valuation methodologies of financial instruments measured at fair value

Fair values of financial assets, other than those which are subsequently measured at amortised cost, have been arrived at as under:

Investment at fair value through profit and loss

For investment at fair value through profit and loss, valuation is done using quoted prices from active markets at the measurement date. The equity instruments which are actively traded on public stock exchanges with readily available active prices on a regular basis are classified as Level 1. Units held in mutual funds are measured based on their published net asset value (NAV), taking into account redemption and/or other restrictions are generally Level 1.

Derivative Financial Instruments (assets/liabilities) at fair value through other comprehensive income

The financial assets/liabilities on derivative contracts has been valued at fair value through other comprehensive income using closing rate and is classified as Level 2.
Investments at fair value through other comprehensive income

Equity instruments in non-listed entities are initially recognised at transaction price and re-measured as per fair valuation report on a case-by-case and classified as Level 2. The equity instruments which are actively traded on public stock exchanges with readily available active prices on a regular basis are classified as Level 1.

Loans at fair value through other comprehensive income

For loans at FVOCI, valuation is done using a discounted cash flow model based on contractual cash flows using actual or estimated yields.

II. The following tables show the reconciliation of the opening and closing amounts of Level 3 financial assets and liabilities measured at fair value:

</tr>
</tbody>
</table>

The respective subsidiary company (BML) has taken one discount rate to discount the loans. The discount rate taken in March 2021 is 20.86%.

IV. Sensitivity of fair value measurements to changes in unobservable market data

Although the subsidiary company (BML) believes that its estimates of fair value are appropriate, the use of different methodologies or assumptions could lead to different measurements of fair value. For fair value measurements in Level 3, changing one or more of the assumptions used to reasonably possible alternative assumptions would have the following effects.

Valuation methodologies of financial instruments not measured at fair value

**Short-term financial assets and liabilities**

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and cash equivalents, trade receivables, balances other than cash and cash equivalents and trade payables without a specific maturity.

**Loans and advances to customers**

The fair values of loans and receivables are estimated by discounted cash flow models that incorporate assumptions for credit risks, probability of default and loss given default estimates. Since comparable data is not available, Credit risk is derived using, historical experience, management view and other information used in its collective impairment models.

Fair values of portfolios are calculated using a portfolio-based approach, grouping loans as far as possible into homogenous groups based on similar characteristics i.e., type of loan. The respective company then calculates and extrapolates the fair value to the entire portfolio using effective interest rate model that incorporate interest rate estimates considering all significant characteristics of the loans. The credit risk is applied as a top-side adjustment based on the collective impairment model incorporating probability of defaults and loss given defaults. Hence, the carrying amount of such financial assets at amortised cost net of impairment loss allowance is of reasonable approximation of their fair value.

**Investments- at amortised cost**

For Government Securities, the market value of the respective Government stock as on the date of reporting has been considered for fair value computations.

**Debt Securities**

The fair value of debt securities is estimated by a discounted cash flow model incorporating interest rate estimates from market observable data such as secondary prices for its traded debt itself.
Financial liabilities at amortised cost

The fair values of financial liabilities held-to-maturity (financial liabilities other than trade payables and debt securities) are estimated using effective interest rate model based on contractual cash flows using actual yields. Since the cost of borrowing on the reporting date is not expected to be significantly different from the actual yield considered under effective interest rate model, the carrying value of financial liabilities at amortised cost is considered a reasonable approximation of their fair value.

Note 44: Risk Management

Risk is an integral part of the Group’s business and sound risk management is critical to the success. Further, the Group is exposed to risks that are particular to its lending and the environment within which it operates and primarily includes credit, liquidity and market risks. The companies in the Group has a risk management policy which covers risk associated with the financial assets like loans, investments, cash and cash equivalents, other receivables, etc. and financial liabilities like borrowings, debt securities, subordinate liabilities, trade and other payables. The risk management policy is approved by the Board of Directors.

The Group has identified and implemented comprehensive policies and procedures to assess, monitor and manage risk throughout the Group. The risk management process is continuously reviewed, improved and adapted in the changing risk scenario and the agility of the risk management process is monitored and reviewed for its appropriateness in the changing risk landscape. The process of continuous evaluation of risks includes taking stock of the risk landscape on an event-driven basis.

The Group has an elaborate process for risk management. Major risks identified by the businesses and functions are systematically addressed through mitigating actions on a continuing basis. The Group is generally exposed to credit risk, liquidity risk, market risk and operational risk.

A. Credit Risk

Credit risk is the risk that a customer or counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group’s major income generating activity is gold loan, housing loan, receivables through financing activity, vehicle loan, personal loans and others. Therefore credit risk is a principal risk. Credit risk mainly arises from loans and advances to customers and investments in debt securities that are an asset position. The Group considers all elements of credit risk exposure such as counterparty default risk, risk of not taking collateral against loans, geographical risk and sector risk for risk management purposes. The Group also follow a systematic methodology in the opening of new branches, which takes into account factors such as demand for credit in the area; income and market potential; and socio-economic and law and order risks in the proposed area.

I. Policies and procedures for credit risk for different products

The Group addresses credit risk by following different processes for different products:

a) Gold Loan

   a) Credit risk on Gold loan is considerably reduced as collateral is Gold ornaments which can be easily liquidated and there is only a distant possibility of losses due to adequate margin of 25% or more retained while disbursing the loan. Credit risk is further reduced through a quick but careful collateral appraisal and loan approval process. Hence overall, the credit risk is normally low.

   b) Sanctioning powers for Gold Loans is delegated to various authorities at branches/controlling offices. Sanctioning power is used only for granting loans for legally permitted purposes. The maximum Loan to Value does not exceed the limit stipulated by the Reserve Bank of India under any circumstances.

   c) Gold ornaments brought for pledge is the primary responsibility of Branch Manager. Branch executives should enquire with the customers about the ownership of the ornaments being pledged for loan and the loan should
NOTES forming part of Financial Statements

(₹ in millions, except for share data and unless otherwise stated)

be granted only after they are convinced about the genuineness of the customer and his capacity to own that much quantity of gold. In addition to the above, customers are also required to sign a declaration of ownership of ornaments offered as security for the loan. Extra care is taken if the gold jewellery brought for pledge by any customer at any one time or cumulatively is more than 20 gm. The declaration should also contain an explanation specifically as to how the ownership was vested with the customer.

d) Auctions are conducted as per the Auction Policy of the Group and the guidelines issued by Reserve Bank of India. Auction is generally conducted before loan amount plus interest exceeds realizable value of gold. After reasonable time is given to the customers for release after loan becomes overdue and exhausting all efforts for persuasive recovery, auction is resorted to as the last measure in unavoidable cases. Loss on account of auctions are recovered from the customer. Any excess received on auctions are refunded to the customer.

e) In case of loans other than Gold Loan, loans are given whether with primary/collateral security, like secured loans or without any primary/collateral security like unsecured loans, more than ordinary care is taken such that loans are granted only to persons/firms/companies of repute with credit worthiness, future cash flows to repay the loan and track record.

b) Housing loan and Vehicle loan

The credit risk management policy of the Group seeks to have following controls and key metrics that allows credit risks to be identified, assessed, monitored and reported in a timely and efficient manner in compliance with regulatory requirements:

- Standardize the process of identifying new risks and designing appropriate controls for these risks.
- Minimize losses due to defaults or untimely payments by borrowers.
- Maintain an appropriate credit administration and loan review system.
- Establish metrics for portfolio monitoring.
- Design appropriate credit risk mitigation techniques.

Risk assessment and measurement

Group is having a robust risk assessment framework to address each of the identified risks. The following is the framework implemented in order to ensure completeness and robustness of the risk assessment for housing loan and receivables under financing activity.

- Selection of client base - Adequate due diligence is carried out for selection of customers.
- Credit assessment - credit rating and credit bureau check.
- Follow up and regular monitoring of the group.

Risk Mitigation

The following risk mitigation measures have been suggested at each stage of loan life cycle:

- Loan Origination - site screening, independent visit by manager, adequate training to officers.
- Loan underwriting - Risk rating, independent assessment, etc.
- Loan Pre and Post Disbursement - disbursement at the branch premises and in the bank account only, tracking to avoid misuse of funds.
- Loan monitoring - credit officers to attend group meeting, reminder of payment of EMI’s on time, etc.
- Loan collection and recovery - monitor repayments, confirmation of balances.
c) Receivables under financing activity

Risk Identification
Credit risk may originate in one or more of the following ways mentioned below:
- Adverse selection of members for group formation (e.g. bogus members, defaulters, etc.).
- Adverse selection of groups for undertaking lending activity (unknown members due to geographical vicinity, etc.).
- Gap in credit assessment of borrower's credit worthiness (Failure to collect KYC documents, verify residential address, assess income source, etc.).
- Undue influence of Animator/Representative on group members (misuses of savings of group, etc.).
- Sanction of higher loan amount.
- Improper use of loan amount than the designated activity.
- Over-concentration in any geography/branch/zone etc.
- Change in the savings pattern/meeting pattern of group post availing loan (e.g. failure of members to deposit minimum savings amount each month, absence of members from meetings, etc.).

Risk assessment and measurement
Group is having a robust risk assessment framework to address each of the identified risks. The following is the framework implemented in order to ensure completeness and robustness of the risk assessment.
- Selection of client base for group formation - Adequate due diligence is carried out for selection of women borrowers who are then brought together for SHG formation. (e.g. members with same level of income, only one member from family, annual per capita income, etc.).
- Adequate training and knowledge of SHG operations.
- Credit assessment - credit rating and credit bureau check.
- Follow up and regular monitoring of the Group.

Risk Mitigation
- Loan origination - site screening, independent visit by manager, adequate training to officers.
- Loan underwriting - Risk rating, independent assessment, etc.
- Loan pre and post disbursement - disbursement at the branch premises and in the bank account only, tracking to avoid misuse of funds.
- Loan monitoring - credit officers to attend group meeting, reminder of payment of EMI on time, etc.
- Loan collection and recovery - monitor repayments, confirmation of balances.

II. Impairment assessment

Definition of default and cure
The Group considers a financial instrument defaulted and therefore stage 3 (credit - impaired) for ECL calculations in all cases when the borrower becomes 90 days past due on its contractual payments.

As a part of a qualitative assessment of whether a customer is in default, the Group also considers a variety of instances that may indicate unlikeness to pay. When such event occurs, the Group carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as stage 3 for ECL calculations.

It is the Group's policy to consider a financial instrument as 'cured' and therefore re-classified out of Stage 3 when the due amount have been paid. The decision whether to classify an asset as Stage 2 or Stage 1 once cured depends on the updated credit grade, at the time of the cure, and whether this indicates there has been a significant increase in credit risk compared to initial recognition.
NOTES
forming part of Financial Statements

(₹ in millions, except for share data and unless otherwise stated)

Group’s internal credit rating grades and staging criteria for loans are as follows:

<table>
<thead>
<tr>
<th>Rating</th>
<th>Loans Days past due (DPD)</th>
<th>Stages</th>
</tr>
</thead>
<tbody>
<tr>
<td>High grade</td>
<td>Not yet due</td>
<td>Stage 1</td>
</tr>
<tr>
<td>Standard grade</td>
<td>1-30 DPD</td>
<td>Stage 1</td>
</tr>
<tr>
<td>Sub-standard grade</td>
<td>31-60 DPD</td>
<td>Stage 2</td>
</tr>
<tr>
<td>Past due but not impaired</td>
<td>61-90 DPD</td>
<td>Stage 2</td>
</tr>
<tr>
<td>Impaired</td>
<td>91 DPD or More</td>
<td>Stage 3</td>
</tr>
</tbody>
</table>

Exposure at Default (EAD)
The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest.

Probability of Default (PD)
The Probability of Default is an estimate of the likelihood of default over a given time horizon. To calculate the ECL for a Stage 1 loan, the Group assesses the possible default events within 12 months for the calculation of the 12month ECL. For Stage 2 and Stage 3 financial assets, the exposure at default is considered for over the lifetime of the instruments. The Group uses historical information where available to determine PD. Considering the different products and schemes, the Group has bifurcated its loan portfolio into various pools. PD is calculated using Incremental 91 DPD approach considering fresh slippage using historical information.

Based on its review of macro-economic developments and economic outlook, the Group has assessed that no adjustment is required for temporary overlays to determine qualitative impact on its PD’s as at March 31, 2022 and March 31, 2021.

Loss Given Default (LGD)
LGD is the estimated loss that the Group might bear if the borrower defaults. The Group determines its recovery (net present value) by analysing the recovery trends, borrower rating, collateral value and expected proceeds from sale of asset.

The LGD rates have been computed internally based on the discounted recoveries in default accounts that are closed / written off / repossessed and upgrade during the year. When estimating ECLs on a collective basis for group of similar assets, the group applies same principles for assessing whether there has been a significant increase in credit risk since initial recognition.

B. Liquidity Risk
Liquidity risk refers to the risk that the Group may not meet its financial obligations. Liquidity risk arises due to the unavailability of adequate funds at an appropriate cost or tenure. The objective of liquidity risk management, is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Group consistently generates sufficient cash flows from operating and financial activities to meet its financial obligations as and when they fall due. The Group mobilises funds from multiple sources, including from banks, financial institutions and capital markets to maintain a healthy mix of sources. The focus is on diversifying fund raising sources, managing interest rate risks and maintaining a strong relationship with banks, financial institutions, mutual funds, insurance companies, other domestic and foreign financial institutions and rating agencies to ensure that credit concerns are addressed and thereby liquidity risk is well addressed.

The maturity schedule for all financial liabilities and assets are regularly reviewed and monitored. The companies in the Group has an asset liability management (ALM) policy and ALM Committee to review and monitor the liquidity risk and ensure the compliance with the prescribed regulatory requirement. The ALM Policy prescribes the detailed guidelines for managing the liquidity risk.

The table below provide details regarding the contractual maturities of significant financial assets and liabilities (including balances on account of Inter-company transactions) of the Company, BML, MHIL, MML and AAF as on:-

### C. Market Risk

Market Risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market factor. Such changes in the values of financial instruments may result from changes in the interest rates, credit, liquidity, and other market changes. The objective of market risk management is to avoid excessive exposure of our earnings and equity to loss and reduce our exposure to the volatility inherent in financial instruments. The Group is exposed to two types of market risk as follows:
(a) Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group is subject to interest rate risk, primarily since it lends to customers at fixed rates and for maturity periods shorter than the funding sources. Majority of our borrowings are at fixed rates. However, borrowings at floating rates gives rise to interest rate risk. Interest rates are highly sensitive to many factors beyond control, including the monetary policies of the Reserve Bank of India, domestic and international economic and political conditions, inflation and other factors. In order to manage interest rate risk, the Group seek to optimize borrowing profile between short-term and long-term loans. The Group adopts funding strategies to ensure diversified resource-raising options to minimize cost and maximize stability of funds. Assets and liabilities are categorized into various time buckets based on their maturities and Asset Liability Management Committee supervise an interest rate sensitivity report periodically for assessment of interest rate risks. The Interest Rate Risk is mitigated by availing funds at very competitive rates through diversified borrowings and for different tenors.

The following table demonstrates the sensitivity to a reasonably possible change in the interest rates on the portion of borrowings affected. With all other variables held constant, the profit before taxes affected through the impact on floating rate borrowings are as follows:

<table>
<thead>
<tr>
<th>Muthoot Finance Limited</th>
<th>Effect on Statement of Profit and Loss for the year 2021-22</th>
<th>Effect on Statement of Profit and Loss for the year 2020-21</th>

<td>97.33</td>
<td>134.60</td>
</tr>
<tr>
<td>1% decrease in interest rates</td>
<td>(97.33)</td>
<td>(134.60)</td>
</tr>
</tbody>
</table>

(b) Price Risk

For Gold loan

Sudden fall in the gold price and fall in the value of the pledged gold ornaments can result in some of the customers to default if the loan amount and interest exceeds the market value of gold. This risk is in part mitigated by a minimum 25% margin retained on the value of jewellery for the purpose of calculation of the loan amount. Further, we appraise the jewellery collateral solely based on the weight of its gold content, excluding weight and value of the stone studded...
in the jewellery. In addition, the sentimental value of the gold jewellery to the customers may induce repayment and redemption of the collateral even if the value of gold ornaments falls below the value of the repayment amount. An occasional decrease in gold prices will not increase price risk significantly on account of our adequate collateral security margins. However, a sustained decrease in the market price of gold can additionally cause a decrease in the size of our loan portfolio and our interest income.

Equity price risk is the risk that the fair value of equities decrease as the result of changes in level of equity indices and individual stocks. The trading equity price risk exposure arises from equity securities classified at FVTPL and the non-trading equity price risk exposure arises from equity securities classified at FVOCI.

A 10% increase/(decrease) in the equity price (traded and non-traded) would have the impact as follows:

<table>
<thead>
<tr>
<th>Particulars</th>
<th>Increase / (Decrease) in percentage</th>
<th>Sensitivity of profit or loss</th>
<th>Sensitivity of other comprehensive income</th>
</tr>
</thead>
<tbody>
<tr>
<td>As at March 31, 2022</td>
<td>10/(10)</td>
<td>0.00/(0.00)</td>
<td>196.05/(196.05)</td>
</tr>
<tr>
<td>As at March 31, 2021</td>
<td>10/(10)</td>
<td>0.00/(0.00)</td>
<td>189.90/(189.90)</td>
</tr>
</tbody>
</table>

For Housing loan and receivables under financing activity

The Group’s exposure to price risk is not material and it is primarily on account of investment of temporary treasury surplus in the highly liquid debt funds for very short durations. The Group has a board approved policy of investing its surplus funds in highly rated debt mutual funds and other instruments having insignificant price risk, not being equity funds/ risk bearing instruments.

(c) **Prepayment risk**

Prepayment risk is the risk that the Group will incur a financial loss because its customers and counterparties repay or request repayment earlier or later than expected, such as fixed rate loans like ours when interest rates fall.

(d) **Foreign currency risk**

Foreign currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk for the Company arises majorly on account of foreign currency borrowings. The Company’s foreign currency exposures are managed in accordance with its Foreign Exchange Risk Management Policy which has been approved by its Board of Directors. The Company has hedged its foreign currency risk on its foreign currency borrowings as on March 31, 2022 by entering into cross currency swaps and forward contracts with the intention of covering the entire term of foreign currency exposure. The counterparties for such hedge transactions are banks.

The Company’s exposure on account of Foreign Currency Borrowings at the end of the reporting period expressed in Indian Rupees are as follows:

<table>
<thead>
<tr>
<th>Particulars</th>
<th>Foreign currency</th>
<th>As at March 31, 2022</th>
<th>As at March 31, 2021</th>
</tr>
</thead>
<tbody>
<tr>
<td>External Commercial Borrowings - Senior Secured Notes</td>
<td>USD</td>
<td>76,815.78</td>
<td>74,097.06</td>
</tr>
</tbody>
</table>

Since the foreign currency exposure is completely hedged by equivalent derivative instrument, there will not be any significant impact on sensitivity analysis due to the possible change in the exchange rates where all other variables are held constant. On the date of maturity of the derivative instrument, considering the hedging for the entire term of the foreign currency exposure, the sensitivity of profit and loss to changes in the exchange rates will be Nil.

D. **Operational and business risk**

Operational risk is the risk of loss arising from systems failure, human error, fraud or external events. When controls fail to operate effectively, operational risks can cause damage to reputation, have legal or regulatory implications, or lead to financial loss. The Group cannot expect to eliminate all operational risks, but it endeavours to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes, including the use of internal audit.
Note 45: Disclosure with regard to dues to Micro Enterprises and Small Enterprises

Based on the information available with the Group and has been relied upon by the auditors, none of the suppliers have confirmed to be registered under The Micro, Small and Medium Enterprises Development (‘MSMED’) Act, 2006. Accordingly, no disclosures relating to principal amounts unpaid as at the period ended March 31, 2022 together with interest paid / payable are required to be furnished.

Note 46: Dividend remitted in foreign currency

There was no dividend remitted in foreign currency during the year ended March 31, 2022 and March 31, 2021.

Note 47: Frauds during the year

During the year, frauds committed by employees and customers of the Group amounted to ₹44.17 million (March 31, 2021: ₹36.95 million) which has been recovered /written off / provided for. Of the above, fraud by employees of the group amounted to ₹6.55 million (March 31, 2021: ₹31.41 million).

Note 48: Corporate Social Responsibility (CSR)

The gross amount required to be spent by the respective companies in the Group for CSR activities undertaken in accordance with Schedule VII and as per Section 135 of the Companies Act, 2013 is ₹841.63 million (March 31, 2021: ₹696.10 million) and the total amount spent (including amount spent by foreign subsidiary - AAF) is ₹845.96 million (March 31, 2021: ₹578.58 million) as detailed below:

<table>
<thead>

</tr>
</tbody>
</table>

* MFL had created provision for unspent expenditure on CSR amounting to ₹120.49 million during FY20-21.

There is no shortfall in the CSR amount required to be spent by the group as per section 135(5) of the Act for the financial year ended March 31, 2022.

CSR activities include activities for employment enhancing vocational skills, social business projects, promotion of education, promoting and supporting technology and innovations, promoting sports activities, medical assistance to poor patients, environmental protection activities and activities for sustainable development, and various other activities including assistance and support in disaster management activities which are specified under Schedule VII of the Companies Act, 2013.

Note 49: Utilization of proceeds of Public Issue of Non-Convertible Debentures

The Group has during the year raised through public issue ₹17,257 million of Secured Redeemable Non-Convertible Debentures. As at March 31, 2022, the Group has utilised the entire proceeds of the public issue, net of issue expenses in accordance with the objects stated in the offer documents.

Note 50: Share based payments

Pursuant to approval by the shareholders at their meeting held on September 27, 2013, the Company has established “Muthoot ESOP 2013” scheme administered by the ESOP Committee of Board of Directors. The following options were
granted as on March 31, 2022. The fair value of the share options is estimated at the grant date using a Black-Scholes pricing model, taking into account the terms and conditions upon which the share options were granted. However, the above performance condition is only considered in determining the number of instruments that will ultimately vest.

I  The Company has formulated various share-based payment schemes for its employees. Details of all grants in operation during the year ended March 31, 2022 are as given below:

Note: The amounts stated above have been considered from the respective financial statements of the companies, without adjusting the inter company transactions.

**Note 52: Details of Benami Property Held**

No proceedings have been initiated or pending against the Group for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder in the financial years ended March 31, 2022 and March 31, 2021.
Note 53: Wilful Defaulter
The Group has not been declared as a wilful defaulter by any bank or financial institution or other lender in the financial years ended March 31, 2022 and March 31, 2021.

Note 54: Relationship with struck off Companies
The Group has no transaction with the companies struck off under section 248 of Companies Act, 2013 or section 560 of Companies Act, 1956.

Note 55: Registration of Charges or satisfaction with Registrar of Companies (ROC)
All charges or satisfaction are registered with ROC within the statutory period for the financial years ended March 31, 2022 and March 31, 2021. No charges or satisfactions are yet to be registered with ROC beyond the statutory period.

Note 56: Compliance with number of layers of companies
The Group has complied with the number of layers prescribed under clause (87) of section 2 of the Act read with Companies (Restriction on number of Layers) Rules, 2017 for the financial years ended March 31, 2022 and March 31, 2021.

Note 57: Compliance with approved Scheme(s) of Arrangements
The Group has not entered into any Scheme of Arrangements which requires the approval of the Competent Authority in terms of sections 230 to 237 of the Companies Act, 2013 for the financial years ended March 31, 2022 and March 31, 2021.

Note 58: Utilisation of Borrowed funds and Share premium
The group, as part of its normal business, grants loans and advances, makes investment, accept non-convertible debentures from its customers, other entities and persons and borrows money from banks, financial institutions, other entities and persons. These transactions are part of Group's normal non-banking finance business, which is conducted ensuring adherence to all regulatory requirements.

We state that no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Group to or in any other persons or entities, including foreign entities (Intermediaries) with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly, or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the ultimate beneficiaries.

The Group has also not received any fund from any other persons or entities, including foreign entities (Funding Party) with the understanding whether recorded in writing or otherwise, that the Group shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

Note 59: Undisclosed Income
The Group does not have any transaction which is not recorded in the books of account but has been surrendered or disclosed as income during the year in tax assessments under the Income tax Act, 1961.

Note 60: Details of Crypto Currency or Virtual Currency
The Group has not traded or invested in Crypto currency or Virtual currency during the financial years ended March 31, 2022 and March 31, 2021.
NOTES
forming part of Financial Statements

(₹ in millions, except for share data and unless otherwise stated)

**Note 61: Impact of COVID-19**
The global outbreak of Coronavirus (COVID-19) pandemic has not caused any significant impact on the operations and financial position of the Group for the year. Due to the uncertainties caused by the pandemic, the management is continuously monitoring the situation, including the economic factors affecting the operations of the Group.

In the opinion of the management of the Company, the impairment loss as stated in Note 8 and provision as stated in Note 22.1 is considered adequate to cover any future uncertainties on account of the above.

**Note 62: Previous year’s figures have been regrouped/rearranged, wherever necessary to conform to current year’s classifications/disclosure.**

**Notes on accounts form part of consolidated financial statements**

To re-appoint Mr. Vadakkakara Antony George (holding DIN: 01493737) as Independent Director and in this regard to consider and if thought fit, to pass, the following resolution as a Special Resolution:

“RESOLVED THAT pursuant to the provisions of Sections 149, 150, 152 and any other applicable provisions of the Companies Act, 2013 and the Rules made thereunder (including any statutory modification(s) or re-enactment thereof, for the time being in force) read with Schedule IV to the Companies Act, 2013, Mr. Vadakkakara Antony George (holding DIN: 01493737), be and is hereby reappointed as an Independent Director of the Company to hold office for a second consecutive term of five years from this Annual General Meeting till August 30, 2027.”

By Order of the Board of Directors
For Muthoot Finance Limited

Sd/
Rajesh A
Company Secretary
FCS7106
NOTES:

1. Pursuant to the General Circulars 2/2022, 19/2021, 20/2020, 17/2020 and 14/2020 issued by the Ministry of Corporate Affairs (MCA) and Circular SEBI/HO/CFD/CMD2/CIR/P/2022/62 dated May 13, 2022 issued by SEBI (hereinafter collectively referred to as “the Circulars”), companies are allowed to hold AGM through Video Conferencing (“VC”) / Other Audio Visual Means (“OAVM”), without the physical presence of members at a common venue. Hence, in compliance with the Circulars, the AGM of the Company is being held through VC/OAVM. The deemed venue for holding AGM will be the Registered Office of the Company.

2. An explanatory statement pursuant to Section 102 of the Companies Act, 2013 (the Act), setting out material facts relating to businesses under Item Numbers 4 to 8 to be transacted at the AGM, is annexed hereto and forms part of this Notice.

3. The relevant details, pursuant to Regulations 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 and Secretarial Standard on General Meetings issued by the Institute of Company Secretaries of India, in respect of Director seeking appointment/re-appointment at this AGM is annexed.

4. In case of joint holders, the Member whose name appears as the first holder in the order of the names as per the Register of Members of the Company will be entitled to vote at the meeting.

5. The Company has appointed Central Depository Services (India) Limited (CDSL) as the authorised agency to provide VC/OAVM facility for the AGM of the Company.

6. SINCE THIS AGM IS BEING HELD PURSUANT TO THE MCA CIRCULARS THROUGH VC/OAVM, PHYSICAL ATTENDANCE OF MEMBERS DOES NOT ARISE. ACCORDINGLY, THE FACILITY FOR APPOINTMENT OF PROXIES BY THE MEMBERS WILL NOT BE AVAILABLE FOR THE AGM CONDUCTED THROUGH VC/OAVM AND HENCE THE PROXY FORM AND ATTENDANCE SLIP ARE NOT ANNEXED TO THIS NOTICE.

7. The Company has appointed Dr. C.V. Madhusudhanan, Practising Company Secretary (Membership No. FCS 5367; CP 4408) or failing him Dr. K.S. Ravichandran, Practising Company Secretary (Membership No. FCS 3675; CP 2160), Partners of M/s. KSR & Co., Company Secretaries LLP, Coimbatore as the Scrutinizer to scrutinize the e-voting process in a fair and transparent manner, on resolutions proposed in the Notice.

8. The Company has fixed Wednesday, August 24, 2022 as the ’Cut-off Date’ to record the entitlement of the shareholders to cast their voting through remote e-voting/e-voting during the AGM.

9. Any person who is not a Member on the Cut-off date should treat this Notice for information purposes only.

10. Members holding shares in physical form are requested to note that except in case of transmission or transposition of securities, requests for effecting transfer of securities shall not be processed unless the securities are held in dematerialized form with a depository. Members holding shares in physical form are required to dematerialize their holdings at the earliest as it will not be possible to transfer shares held in physical form.

11. The facility for joining AGM through VC/OAVM will be available for up to 1,000 members and members may join on first come first serve basis. However, the above restriction shall not be applicable to members holding more than 2% or more shareholding. Promoters, Institutional Investors, Directors, Key Managerial Personnel(s), the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholder’s Relationship Committee, Auditor’s, Scrutinizers etc. Members can login and join 30 (thirty) minutes prior to the scheduled time of meeting and the window for joining shall be kept open till the expiry of 30 (thirty) minutes after the scheduled time.

12. Members attending the AGM through VC/OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.

13. Institutional/Corporate Shareholders (i.e. other than individuals/HUF, NRI etc.) are required to send a scanned copy (PDF/JPG Format) of its Board or governing body Resolution/Authorization etc, authorizing its representative to attend the AGM through VC/OAVM on its behalf and to vote through remote e-voting. The said Resolution/Authorization shall be sent to the Scrutinizer by email through its registered email address to madhu@ksrandco.in or ksr@ksrandco.in with a copy marked to rajesh.warrier@muthootgroup.com

14. The Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Act, and the Register of Contracts or Arrangements in which the directors are interested, maintained under Section 189 of the Act, will be available electronically for inspection by the members during the AGM. All documents referred to in the Notice will also be available for electronic inspection without any fee by the Members.
15. The Register of Members and Share Transfer Books of the Company will remain closed from August 24, 2022 to August 31, 2022 (both days inclusive). Transfers received during book closure will be considered only after reopening of the Register of Members.

16. Members are requested to note that, dividends if not encashed for a consecutive period of 7 years from the date of transfer to Unpaid Dividend Account of the Company, are liable to be transferred to the Investor Education and Protection Fund ("IEPF"). The shares in respect to such unclaimed dividends are also liable to be transferred to the demat account of the IEPF Authority. In view of this, members whose dividends/shares have been transferred to IEPF, may claim the same by making an online application to the IEPF Authority in web Form No. IEPF-5 available on www.iepf.gov.in. For details, please refer to the Corporate Governance report which forms part of this Annual Report and Company’s website, www.muthootfinance.com.

17. Members may please note that there is a facility for nomination, in the prescribed form, available at request, from the Company or Registrar and Transfer Agent of the Company to any person to whom shares in the Company held by such Member, shall vest in the event of his/her death. Members holding shares in dematerialized form may contact their Depository Participant for recording the nomination in respect of their holdings.

18. Members should notify the changes in their address immediately to the Registrar and Transfer Agent of the Company/Depository Participants (DP) as the case may be. Members who are holding shares in Dematerialised form (Demat) are requested to keep their Bank Account details including IFSC and/or MICR updated with their respective DPs (Depository Participant) and those members who are holding shares in physical form, by sending a request to the Registrar and Transfer Agent by quoting their Folio No, PAN along with cancelled cheque or other acceptable Bank Account proof.

19. Members are requested to intimate changes, if any, pertaining to their name, postal address, email address, telephone/mobile numbers, Permanent Account Number (PAN), mandates, nominations, bank details such as name of the bank and branch details, bank account number, MICR Code, IFSC Code, etc., to their DPs and in case the shares are held by them in electronic form and, to Link Intime India Private Limited in case the shares are held by them in physical form. The process for registration of e-mail address is mentioned below:

<table>
<thead>
<tr>
<th>Physical Holding</th>
<th>Please send a request to the Registrar and Transfer Agents of the Company, Link Intime India Private Limited at <a href="mailto:coimbatore@linkintime.co.in">coimbatore@linkintime.co.in</a> providing the Folio No, Name of Shareholder, scanned copy of the share certificate (front and back), PAN (self-attested scanned copy of PAN Card), Aadhaar (self-attested scanned copy of Aadhaar Card) for registering email address.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Demat Holding</td>
<td>Please contact your Depository Participant (DP) and register your email address in your demat account, as per the process advised by your DP.</td>
</tr>
</tbody>
</table>

20. A brief profile of the Directors, who are appointed/re-appointed, nature of their expertise in specific functional areas, names of Companies in which they hold directorships and memberships/chairmanships of Board Committees, shareholding and relationships between directors inter-se as stipulated under Chapter IV of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 are provided as annexure to this notice.

21. Notice of the AGM including instructions for e-voting along with the Annual Report for the FY 2021-22 are being sent through electronic mode only to those Members whose email addresses are registered with the Company/DP. Members may note that the Notice and Annual Report for the FY 2021-22 will also be available on the Company’s website, www.muthootfinance.com, websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively, and on the website of CDSL, https://www.evotingindia.com.

22. Since the AGM will be held through VC/OAVM, the Route Map is not annexed in this Notice.

23. In continuation of this Ministry’s General Circular No.02/2022, dated May 05, 2022 and after due examination, it has been decided to allow companies whose AGMs become due in the year 2022, to conduct their AGMs on or before 31.12.2022, in accordance with the requirements provided in paragraphs 3 and 4 of the General Circular No. 20/2020, as per MCA circular no. 02/2021 dated January,13,2021.

24. Instructions for e-voting and joining AGM through VC/OAVM are as follows:

The remote e-voting period commences on Sunday, August 28, 2022 at 09:00 A.M (IST) and ends on Tuesday, August 30 2022 at 05:00 P.M (IST). The remote e-voting module shall be disabled by CDSL for voting thereafter.
The Members, whose names appear in the Register of Members/ Beneficial Owners as on the record date (cut-off date) i.e. Wednesday, August 24, 2022, may cast their vote electronically. The voting rights of shareholders shall be in proportion to their share in the paid-up equity share capital of the Company as on the cut-off date, being Wednesday, August 24, 2022.

THE INSTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

Option 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Option 2: Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

(i) The voting period begins on Sunday, August 28, 2022 at 09:00 A.M (IST) and ends on Tuesday, August 30, 2022 at 05:00 P.M (IST). During this period shareholders’ of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of Wednesday, August 24, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.

(ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.

(iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020 under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders’ resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

(iv) Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Option 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.
Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings for Individual shareholders holding securities in Demat mode CDSL/NSDL is given below:

<table>
<thead>
<tr>
<th>Type of shareholders</th>
<th>Login Method</th>
</tr>
</thead>
</table>
| Individual Shareholders holding securities in Demat mode with CDSL Depository | 1) Users who have opted for CDSL Easi / Easiest facility, can login through their existing user id and password. Option will be made available to reach e-Voting page without any further authentication. The URL for users to login to Easi / Easiest are [https://web.cdslindia.com/myeasi/home/login](https://web.cdslindia.com/myeasi/home/login) or visit [www.cdslindia.com](http://www.cdslindia.com) and click on Login icon and select New System Myeasi.  
  2) After successful login the Easi / Easiest user will be able to see the e-Voting option for eligible companies where the e-voting is in progress as per the information provided by company. On clicking the e-voting option, the user will be able to see e-Voting page of the e-Voting service provider for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting. Additionally, there is also links provided to access the system of all e-Voting Service Providers i.e. CDSL/NSDL/KARYV/LINKINTIME, so that the user can visit the e-Voting service providers’ website directly.  
  3) If the user is not registered for Easi/Easiest, option to register is available at [https://web.cdslindia.com/myeasi/Registration/EasiRegistration](https://web.cdslindia.com/myeasi/Registration/EasiRegistration)  
  4) Alternatively, the user can directly access e-Voting page by providing Demat Account Number and PAN No. from a e-Voting link available on www.cdslindia.com home page or click on [https://evoting.cdslindia.com/Evoting/EvotingLogin](https://evoting.cdslindia.com/Evoting/EvotingLogin) The system will authenticate the user by sending OTP on registered Mobile & Email as recorded in the Demat Account. After successful authentication, user will be able to see the e-voting option where the e-voting is in progress and also able to directly access the system of all e-Voting Service Providers. |
| Individual Shareholders holding securities in Demat mode with NSDL Depository | 1) If you are already registered for NSDL IDEAS facility, please visit the e-Services website of NSDL. Open web browser by typing the following URL: [https://eservices.nsdl.com](https://eservices.nsdl.com) either on a Personal Computer or on a mobile. Once the home page of e-Services is launched, click on the “Beneficial Owner” icon under “Login” which is available under ‘IDEAS’ section. A new screen will open. You will have to enter your User ID and Password. After successful authentication, you will be able to e-Voting services. Click on “Access to e-Voting” under e-Voting services and you will be able to see e-Voting page. Click on company name or e-Voting service provider name and you will be re-directed to e-Voting service provider website for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting.  
  2) If the user is not registered for IDEAS e-Services, option to register is available at [https://eservices.nsdl.com](https://eservices.nsdl.com). Select “Register Online for IDEAS Portal or click at [https://eservices.nsdl.com/SecureWeb/IdeasDirectReg.jsp](https://eservices.nsdl.com/SecureWeb/IdeasDirectReg.jsp)  
  3) Visit the e-Voting website of NSDL. Open web browser by typing the following URL: [https://www.evoting.nsdl.com/](https://www.evoting.nsdl.com/) either on a Personal Computer or on a mobile. Once the home page of e-Voting system is launched, click on the icon "Login" which is available under ‘Shareholder/Member’ section. A new screen will open. You will have to enter your User ID (i.e. your sixteen digit demat account number hold with NSDL), Password/OTP and a Verification Code as shown on the screen. After successful authentication, you will be redirected to NSDL Depository site wherein you can see e-Voting page. Click on company name or e-Voting service provider name and you will be redirected to e-Voting service provider website for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting.  
  You can also login using the login credentials of your demat account through your Depository Participant registered with NSDL/CDSL for e-Voting facility. After Successful login, you will be able to see e-Voting option. Once you click on e-Voting option, you will be redirected to NSDL/CDSL Depository site after successful authentication, wherein you can see e-Voting feature. Click on company name or e-Voting service provider name and you will be redirected to e-Voting service provider website for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting. |

**Important note:** Members who are unable to retrieve User ID/ Password are advised to use Forget User ID and Forget Password option available at abovementioned website.

Option 2: Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

(i) Login method for e-Voting and joining virtual meetings for Physical shareholders and shareholders other than individual holding in Demat form.

1) The shareholders should log on to the e-voting website www.evotingindia.com.
2) Click on “Shareholders” module.
3) Now enter your User ID
   a) For CDSL: 16 digits beneficiary ID,
   b) For NSDL: 8 Character DP ID followed by 8 Digits Client ID,
   c) Shareholders holding shares in Physical Form should enter Folio Number registered with the Company.
4) Next enter the Image Verification as displayed and Click on Login.
5) If you are holding shares in demat form and had logged on to www.evotingindia.com and voted on an earlier e-voting of any company, then your existing password is to be used.
6) If you are a first-time user follow the steps given below:

   For Physical shareholders and other than individual shareholders holding shares in Demat.
   
<table>
<thead>
<tr>
<th>Field</th>
<th>Details</th>
</tr>
</thead>
<tbody>
<tr>
<td>PAN</td>
<td>Enter your 10 digit alpha-numeric *PAN issued by Income Tax Department (Applicable for both demat shareholders as well as physical shareholders)</td>
</tr>
<tr>
<td>Dividend Bank Details OR Date of Birth (DOB)</td>
<td>Enter the Dividend Bank Details or Date of Birth (in dd/mm/yyyy format) as recorded in your demat account or in the company records in order to login.</td>
</tr>
<tr>
<td>Shareholders who have not updated their PAN with the Company/Depository Participant are requested to use the sequence number sent by Company/RTA or contact Company/RTA.</td>
<td></td>
</tr>
<tr>
<td>Shareholders holding shares in Physical Form should enter Folio Number registered with the Company.</td>
<td></td>
</tr>
<tr>
<td>If both the details are not recorded with the depository or company, please enter the member id / folio number in the Dividend Bank details field.</td>
<td></td>
</tr>
</tbody>
</table>

(ii) After entering these details appropriately, click on “SUBMIT” tab.

(iii) Shareholders holding shares in physical form will then directly reach the Company selection screen. However, shareholders holding shares in demat form will now reach ‘Password Creation’ menu wherein they are required to mandatorily enter their login password in the new password field. Kindly note that this password is to be also used by the demat holders for voting for resolutions of any other company on which they are eligible to vote, provided that company opts for e-voting through CDSL platform. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential.

(iv) For shareholders holding shares in physical form, the details can be used only for e-voting on the resolutions contained in this Notice.

(v) Click on the EVEN for Muthoot Finance Limited on which you choose to vote.

(vi) On the voting page, you will see “RESOLUTION DESCRIPTION” and against the same the option “YES/NO” for voting. Select the option YES or NO as desired. The option YES implies that you assent to the Resolution and option NO implies that you dissent to the Resolution.

(vii) Click on the “RESOLUTIONS FILE LINK” if you wish to view the entire Resolution details.
(viii) After selecting the resolution, you have decided to vote on, click on “SUBMIT”. A confirmation box will be displayed. If you wish to confirm your vote, click on “OK”, else to change your vote, click on “CANCEL” and accordingly modify your vote.

(ix) Once you “CONFIRM” your vote on the resolution, you will not be allowed to modify your vote.

(x) You can also take a print of the votes cast by clicking on “Click here to print” option on the Voting page.

(xi) If a demat account holder has forgotten the login password then Enter the User ID and the image verification code and click on Forgot Password & enter the details as prompted by the system.

Explanatory Statement Pursuant to Section 102 Of the Companies Act, 2013

The following statement sets out all material facts relating to ordinary and special businesses mentioned in the accompanying Notice:

Item Nos. 4 & 5

Reserve Bank of India, vide its circular dated 27 April 2021, issued Guidelines for Appointment of Statutory Central Auditors (SC As)/Statutory Auditors (SAs) of Commercial Banks (excluding RRBs), UCBs, and NBFCs (including HFCs) (the “Guidelines”/“Circular”), which mandated NBFCs (including HFCs) with an asset size of ₹15,000 crores and above to appoint minimum two audit firms as joint auditors for a continuous period of three years. Further, the Guidelines also specified that an auditor who had completed a period of 3 years (counted as one tenure) as on the date of the Circular shall not be eligible for re-appointment in the same entity for six years (two tenures) after completion of one tenure of 3 years. Subsequently, the RBI had also released Frequently Asked Questions (FAQs) dated 11 June 2021, inter alia, clarifying that the existing statutory auditors who have completed 3 years with an entity would not be able to continue as auditors with effect from the second half of the financial year 2021-22, even though they may not have completed their present tenure as approved by the Members of the said entity.

Consequently, in terms of the RBI Guidelines and related FAQs, M/s. Varma & Varma, Chartered Accountants (“Previous Auditor”) had tendered their resignation on 10 November 2021.

The Board of Directors, based on the recommendation of the Audit Committee, at their meeting held on 19 November 2021, had approved the appointment of M/s. Elias George & Co., Chartered Accountants, (Firm Registration No. 000801S) and M/s. Babu A. Kallivayalil & Co., Chartered Accountants, (Firm Registration No. 05374S) as Joint Statutory Auditors for a period of 3 years to conduct the statutory audit of the financial statements of the Company for the financial years ended 31 March 2022, 31 March 2023 and 31 March 2024, as under:

<table>
<thead>
<tr>
<th>Term</th>
<th>Period</th>
</tr>
</thead>
<tbody>
<tr>
<td>First Term</td>
<td>From November 19, 2021, till the conclusion of the 25th Annual General Meeting, to conduct the statutory audit of the accounts of the Company for the financial year ending 31 March 2022.</td>
</tr>
<tr>
<td>Second Term</td>
<td>From the conclusion of the 25th Annual General Meeting till the conclusion of the 26th Annual General Meeting to conduct the statutory audit of the accounts of the Company for the financial year ending 31 March 2023.</td>
</tr>
<tr>
<td>Third Term</td>
<td>From the conclusion of the 26th Annual General Meeting till the conclusion of the 27th Annual General Meeting to conduct the statutory audit of the accounts of the Company for the financial year ending 31 March 2024.</td>
</tr>
</tbody>
</table>

The appointment of Joint Statutory auditors in the casual vacancy caused by the resignation of the Previous Auditor owing to regulatory intervention was approved by the shareholders of the Company through a resolution passed through a Postal Ballot in compliance with the requirements of the Companies Act, 2013.

In terms of the provisions of Section 139 (8) of the Companies Act, 2013, the Joint Statutory Auditors appointed in the casual vacancy caused by the resignation of the Previous Auditor due to regulatory intervention, will hold office till the conclusion of the 25th Annual General Meeting of the Company.

The Audit Committee of the Company has reviewed the eligibility of the Joint Statutory Auditors and has recommended the appointment. The Board of Directors, on the recommendation of the Audit Committee, has recommended the appointment of M/s. Elias George & Co., Chartered Accountants, (Firm Registration No. 000801S) and M/s. Babu A. Kallivayalil & Co., Chartered Accountants, (Firm Registration No. 05374S) as Joint Statutory Auditors of the Company for a further term of two years in compliance with RBI Guidelines and to hold office from the conclusion of this 25th Annual General Meeting till the conclusion of 27th Annual General Meeting to be held in the year 2024 on such remuneration plus out of pocket expenses, if any, as may be mutually agreed upon between the Board of Directors of the Company and the said joint Statutory Auditors.

Both the Joint Statutory Auditors have confirmed that their appointment if made, will be within the limit specified under the Act and RBI Guidelines. They have also confirmed that they are not disqualified to be appointed as statutory auditors in terms of the provisions of Section 141 of the Act and the provisions of the Companies (Audit and Auditors) Rules, 2014 and the RBI Guidelines. Consent letters issued by the Joint Statutory Auditors are available at the registered office of the Company for inspection by any member of the Company.
Disclosure under Regulation 36(5) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

**Proposed statutory audit fee of Joint Statutory Auditors for the Financial Year 2022-23 and 2023-24**
Auditee fees of Joint Statutory Auditors shall be fixed by the Board of Directors as may be mutually agreed upon between the Board of Directors of the Company and the said Joint Statutory Auditors.

The proposed audit fee commensurate with various parameters including the volume, scale, complexity, scope of work, activities, and functions of the joint statutory auditors for conducting the statutory audit of accounts of the Company for the financial year 2022-23 and 2023-24.

**Term of appointment**
M/s. Elias George & Co., and M/s. Babu A. Kallivayalil & Co., the Joint Statutory Auditors of the Company, shall hold office commencing from the conclusion of the 25th Annual General Meeting up to the conclusion of the 27th Annual General Meeting to be held in the year 2024 to conduct the audit of accounts of the Company for the financial year ending March 31, 2023, and March 31, 2024, on such terms and conditions as may be agreed upon between the Joint Statutory Auditors and the Board of Directors of the Company.

**Material change in fee payable to the Joint Statutory Auditors for the financial year 2022-23**
There are no material changes in the audit fee payable to the Joint Statutory Auditors. The proposed fee payable to the Joint Statutory Auditors will be relatively higher compared to the Previous Auditor on account of the appointment of two Joint Statutory auditors as against sole auditor.

The proposed audit fee commensurate with various parameters including the volume, scale, complexity, scope of work, activities, and functions of the Joint Statutory Auditors for conducting the statutory audit of accounts of the Company.

**Basis of recommendation and auditor credentials**

In compliance with the general circular no. 02/2022 issued by the MCA, this item is considered unavoidable and hence forms part of this Notice.

None of the Directors or Key Managerial Personnel and their relatives are concerned or interested (financially or otherwise) in this Resolution.

The Board recommends the Ordinary Resolution as set out in Item Nos. 4 & 5 for the approval of the members.
**Item No. 6: Appointment of Mr. Chamacheril Abraham Mohan ("CA Mohan") as an Independent Director**

The Board of Directors of the Company in line with the requirements of Section 149 of the Companies Act, 2013 and Regulation 17 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 proposes to induct an Independent Director on the Board of Directors subject to the approval of the shareholders of the Company.

Mr. CA Mohan (holding DIN: 00628107), an experienced Chartered Accountant by profession has consented for the appointment as Independent Director on the Board of Directors of the Company.

Mr. CA Mohan is a senior finance professional and a Chartered Accountant who has diversified experience for many years in the fields of finance and chartered accountancy. Brief profile of Mr. CA Mohan, nature of his expertise in specified functional areas and names of companies in which he holds directorships and memberships/chairmanship of Board Committees, shareholding and relationships between Directors inter-se as stipulated under Regulation 36 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, read together with Secretarial Standards – 2 are provided at the end of this Notice.

The Board of Directors of your Company, based on the recommendation of the Nomination and Remuneration Committee, considers that given the professional background and financial services industry experience, the association of Mr. CA Mohan as an Independent Director on the Board of Directors of the Company will be of immense value add to the Company and all the stakeholders. In the opinion of the Board, Mr. CA Mohan fulfils the eligibility criteria specified under the Companies Act, 2013, the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, and the Fit and Proper Criteria prescribed by the RBI.

The nomination and remuneration committee of the Board has evaluated the ‘Fit and Proper Criteria’ prescribed by the Reserve Bank of India (RBI) in accordance with the RBI Master Circular - “Non-Banking Financial Companies - Corporate Governance (Reserve Bank) Directions, 2015” and has recommended the appointment. The Company has also received a notice under Section 160 of the Companies Act, 2013 from a member, nominating Mr. CA Mohan to the office of independent director on the Board of Directors of the Company.

Pursuant to the provisions of Section 149, 160 and other applicable provisions, of the Companies Act, 2013 read with Rules made thereunder, the Board of Directors, on the recommendation of the Nomination and Remuneration Committee, proposes the appointment of Mr. CA Mohan as an Independent Director subject to the approval of Members in the annual general meeting.

The Company has received all statutory disclosures/declarations including, (i) consent in writing to act as director in Form DIR-2 pursuant to Rule 8 of the Companies (Appointment & Qualification of Directors) Rules, 2014 ("the Appointment Rules"), (ii) intimation in Form DIR-8 in terms of the Appointment Rules to the effect that he is not disqualified under subsection (2) of Section 164 of the Act, and (iii) a declaration to the effect that he meets the criteria of independence as provided in sub-section (6) of Section 149 of the Act.

The Board, therefore, seeks the support and approval of Shareholders for the appointment of Mr. CA Mohan as an independent director, not liable to retire by rotation, to hold office from this Annual General Meeting till the 28th Annual General Meeting of the Company to be held in the year 2025, pursuant to Sections 149, 152 and other applicable provisions of the Act and the Rules made thereunder (including any statutory modification(s) or re-enactment(s) thereof).

A copy of the draft Letter of Appointment, setting out the terms and conditions of appointment of Independent Director is available for inspection at the Registered Office of the Company during business hours on any working day and is also available at the website of the Company on the link https://www.muthootfinance.com/themes/bartik/uploads/ID_Terms_of_Appointment.pdf.

In compliance with the general circular no. 02/2022 issued by the MCA, this item is considered unavoidable and hence forms part of this Notice.

None of the Directors or Key Managerial Personnel and their relatives are concerned or interested (financially or otherwise) in this Resolution.

The Board recommends the Special Resolution as set out in Item No. 6 for the approval of the members.

**Item No. 7: Re-appointment of Mr. Ravindra Pisharody as an Independent Director**

Mr. Ravindra Pisharody (holding DIN: 01875848) was appointed as Independent Director of the Company by the Members of the Company at their 22nd Annual General Meeting held on September 28, 2019, for a period of three years commencing with effect from September 28, 2019, till the ensuing 25th Annual General Meeting scheduled on 31 August, 2022.

During his first term as Independent Director of the Company, Mr. Ravindra Pisharody has made substantial contributions to the Board and his vast knowledge and experience in the field of corporate business leadership and management benefited the Board’s decision-making process. Based on the evaluation of his skills, knowledge, experience, and the substantial contribution made by him to the Board during his tenure, the Board feels that the continued association with Mr. Ravindra Pisharody as
Independent Director of the Company would be beneficial to the Company. The Nomination and Remuneration Committee of the Company, after evaluating the fit and proper criteria as per the RBI directions, recommended the re-appointment of Mr. Ravindra Pisharody as an Independent Director of the Company for a further period of five years.

The present resolution is for the re-appointment of Mr. Ravindra Pisharody as the Independent Director for a second consecutive term in terms of requirements of Section 149, 150, 152 read with Schedule IV of Companies Act, 2013 and Chapter IV of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Pursuant to provisions of Section 149(10) of the Companies Act, 2013, the present appointment of Mr. Ravindra Pisharody (holding DIN: 01875848) is to hold office for a term of five years, from this Annual General Meeting till August 30, 2027.

In terms of Sections 149, 150, 152, 160 read with Schedule IV of the Companies Act, 2013, the Board of Directors has reviewed the recommendation made by the Nomination and Remuneration Committee for the re-appointment of Mr. Ravindra Pisharody as Independent Director of the Company. Further, the Board has reviewed the declarations made by Mr. Ravindra Pisharody (holding DIN: 01875848) that he meets the criteria of independence as provided in Section 149(6) of the Companies Act, 2013, and the Board is of the opinion that he fulfills the conditions specified in the Companies Act, 2013 and the rules made thereunder and is independent of the management. Particulars of the proposed appointee as required under Chapter IV of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 are annexed to the notice.

In view of the above provisions, the proposals for the appointment of Mr. Ravindra Pisharody (holding DIN: 01875848) as Independent Director, not liable to retire by rotation, for a period as specified in proposed resolution is placed for the approval of shareholders by means of a Special Resolution.

The Board of Directors also considers that the appointment of Mr. Ravindra Pisharody (holding DIN: 01875848) as Independent Director will be beneficial to the Company. The Board recommends resolution No. 7 for the approval of the members as a Special Resolution.

In compliance with the general circular no. 02/2022 issued by the MCA, this item is considered unavoidable and hence forms part of this Notice.

Except Mr. Ravindra Pisharody (holding DIN: 01875848) being appointee in this resolution, none of the Directors nor Key Managerial Personnel or relatives thereof are in any way, concerned or interested (financially or otherwise) in the above resolution.

**Item No. 8: Re-appointment of Mr. Vadakkakara Antony George as an Independent Director**

Mr. Vadakkakara Antony George (holding DIN: 01493737) was appointed as Independent Director of the Company by the Members of the Company at their 22nd Annual General Meeting held on September 28, 2019, for a period of three years commencing with effect from September 28, 2019, till the ensuing 25th Annual General Meeting scheduled on 31 August, 2022.

In the opinion of the Board, Mr. Vadakkakara Antony George is a well-experienced business leader who has more than four decades of experience in the corporate field, in both public and private sectors. Mr. Vadakkakara Antony George has always been an active contributor to the Board's decisions. Based on the evaluation of his skills, knowledge, experience and substantial contribution made by him to the Board during his tenure, continued association with Mr. Vadakkakara Antony George as Independent Director of the Company would be beneficial to the Company. The Nomination and Remuneration Committee of the Company, after evaluating the fit and proper criteria as per the RBI directions, recommended the re-appointment of Mr. Vadakkakara Antony George as an Independent Director of the Company for a further period of five years.

The present resolution is for the re-appointment of Mr. Vadakkakara Antony George as the Independent Director for a Second term in terms of requirements of Sections 149, 150, 152, and 160 read with Schedule IV of Companies Act, 2013 and Chapter IV of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Pursuant to provisions of Section 149(10) of the Companies Act, 2013, the present appointment of Mr. Vadakkakara Antony George (holding DIN: 01493737) is to hold office for a term of five years, from this Annual General Meeting till August 30, 2027.

In terms of Sections 149, 150, 152, and 160 read with Schedule IV of the Companies Act, 2013, the Board of Directors has reviewed recommendations made by the Nomination and Remuneration Committee for the appointment of Mr. Vadakkakara Antony George as Independent Director of the Company. Further, the Board has reviewed the declarations made by Mr. Vadakkakara Antony George (holding DIN: 01493737) that he meets the criteria of independence as provided in Section 149(6) of the Companies Act, 2013, and the Board is of the opinion that he fulfills the conditions specified in the Companies Act, 2013 and the rules made thereunder and is independent of the management. Particulars of the proposed appointee as
required under Chapter IV of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 are annexed to the notice.

In view of the above provisions, the proposals for the appointment of Mr. Vadakkakara Antony George (holding DIN: 01493737) as Independent Director, not liable to retire by rotation, for a period as specified in the proposed resolution is placed for the approval of shareholders by means of a Special Resolution.

The Board of Directors considers that the appointment of Mr. Vadakkakara Antony George (holding DIN: 01493737) as Independent Director will be beneficial to the Company. The Board recommends resolution No. 8 for the approval of the members as a Special Resolution.

In compliance with the general circular no. 02/2022 issued by the MCA, this item is considered unavoidable and hence forms part of this Notice.

Except Mr. Vadakkakara Antony George (holding DIN: 01493737) being an appointee appointee in this resolution, none of the Directors nor Key Managerial Personnel or relatives thereof are in any way, concerned or interested (financially or otherwise) in the above resolution.
