ECONOMIC SCENARIO

Indian macroeconomic environment has looked volatile during the last year because of global concerns particularly the European debt crisis and slowdown in US economy. The fiscal year 2011-12 saw a new set of global challenges impacting the momentum of Indian growth through a complex play in Manufacturing, Financial and Services sector. The year started on a note of optimism through impressive growth in exports and high foreign exchange inflows, but the growth moderated as the year progressed through continued monetary tightening in response to the untamed inflationary pressures. Over the months, high inflation brought down the quarter on quarter growth. Additionally, as fiscal conditions deteriorated over the months, and in light of a perceivably weak macro-economic environment, a well-planned economic revival policy was required to get the Indian Economy back on the path to a stable and prosperous growth. Indian economy is inherently driven by domestic consumption with most investment funded by domestic savings. This makes our economy more resilient to external shocks. However the global financial crisis has led to reduced growth in exports and a significant decrease in foreign currency inflows. Despite the turbulent macroeconomic environment, India remains one of the stable economies of the world.

INDUSTRY OVERVIEW

Advisory Services

The advisory / consultancy service industry uses different methodology to design and construct new facilities and turnarounds. The two most common types of construction contracts are EPC "turn-key" and EPCM. Each of these methods have variations that can be adapted to each project as needed.

EPC (Engineering, Procurement and Construction): An EPC turn-key project is a well-known project management term refers to performing a complete project on a lump sum turnkey basis which encompasses the engineering, procurement and construction of the whole project. The FEED (front end engineering design) forms the basis of detailed design of the complete project, which in turn generates the basic data for the procurement and civil, mechanical, electrical and instrumentation (CME&I) works of an EPC project. The project objective is to ensure safe, timely, and successful completion of the EPC project within allocated budget.

EPCM (Engineering, Procurement and Construction Management): contracts encompasses to provide engineering, procurement and construction management services. Other companies are contracted by the Owner directly to provide construction services and they are usually managed by the EPCM contractor on the Owner's behalf. These are basically Professional Services contracts, where the project is largely Owner managed and the cost risk and control is weighted towards the Owner.

BUSINESS REVIEW

The Company, incorporated in India on November 09, 2010, is engaged in the business of providing consultancy to various other companies, which are or planning to venture into infrastructure projects including the business of generation, transmission and distribution of power or are in the process of setting up the power generation plants. The services inter-alia includes advising on finalization of bid documents, selection of equipments / suppliers / sourcing of raw materials, designing of the power plant, negotiations and finalization of the terms and conditions of various legal documents including sourcing agreements with suppliers, financial closures agreements, engineering contracts, agreements with the construction contractors etc. by the power generation/distribution companies.

The Company's major investment is in Indiabulls Power Limited. (IPL). Brief review of the Projects of IPL is as under:

PROJECTS OF IPL UNDER CONSTRUCTION

IPL is currently executing two coal based thermal power projects with an aggregate capacity of 5400 MW in the State of

Maharashtra viz. 2700 MW project in Nandgaonpeth of Amravati district and another 2700 MW in Sinnar of Nasik district. Both Amravati and Nasik Thermal Power Projects are being constructed in two phases each of 1350 MW.

During the current financial year, IPL has met all construction targets set for the year. Plants at both the locations i.e. Amravati and Nashik are ready. These projects have been constructed without any escalation in costs and as per the original financial closure and the project cost of BHEL manufactured 270 MW units at Rs. 5cr is the cheapest cost per MW by any IPP using BHEL equipment. Best in the class companies such as BHEL, ABB, Siemens, Areva, L&T, Shapoorji Pallonji, GDC and Paharpur, have been engaged to accomplish the task. The Boiler lightup of Amravati has been accomplished and the commercial production of electricity will start within 90 days. Boiler lightup of Nashik is scheduled to happen in October and the commercial production of electricity will start within 90 days from October, 2012.

Amravati Thermal Power Project (1350 MW Phase I):

The estimated cost of the Project is Rs. 6,888 Crores, being funded with Debt: Equity ratio of 75:25. The financial closure has been achieved with consortium of leading Financial Institutions & Commercial Banks with Power Finance Corporation Limited in the lead.

During the year, Boiler & ESP foundations for Unit # 1 to 5 were completed and erection work is in full swing. More than 20,000 MT Boiler & 11,150 MT ESP materials have been erected. The milestone activities of Boiler Drum lifting of Unit # 1 to 5 and Hydraulic test of Unit # 1 & 2 have been completed. On TG front, TG Decks for all the 5 Units have been completed and erection of Turbine Generator & Auxiliaries progressed as per schedule.

As regards Balance of Plant, the civil works of Twin Flue Chimney # 1 and Triple Flue Chimney #2 have been completed and flue-can erection is in progress. The Cooling Towers (IDCT), CW System, Cross Country Pipeline, Water Treatment Plant, Coal Handling Plant, Ash Handling Plant, Compressed Air System, Heating, Ventilation & Air Conditioning (HVAC) System, Fuel Oil System, Railway Siding works, 400 KV Switchyard, 400 KV Amravati - Akola Transmission line, Generator Transformers (GTs), Station Transformers(STs) and Unit Aux Transformers(UATs) are also progressing satisfactorily.

Amravati Thermal Power Project (1350 MW Phase II)

Project capacity is being expanded by additional 1350 MW in Phase II (Unit #6 to 10) within the existing 1,350 Acre land at an estimated cost of Rs.6,646 Crores which is being funded with Debt to Equity ratio of 75:25. The financial closure has been achieved with IDBI Bank Limited as Facility Agent/ Underwriter.

M/s Tata Consulting Engineers (TCE), Bangalore and M/s TPSC (I) Pvt. Limited, Hyderabad are the Owner's Consultants. The Statutory & Non Statutory Clearances / Approvals including Environmental Clearance and Coal linkage are available. The Unit configuration of 5x270 MW has been retained and BTG has been ordered on Bharat Heavy Electrical Limited (BHEL) and Balance of Plant is being sourced from other reputed vendors.

The BTG foundation work and Balance of Plant civil works for Cooling Towers, Chimneys & Coal Handling area are in progress. The Boiler erection work has been taken up in Unit # 6 & 7 and 1,500 MT has been erected.

Nashik Thermal Power Project (1350 MW Phase I):

1350 MW Nashik Thermal Power Project is being implemented by Indiabulls Realtech Limited (wholly owned subsidiary of IPL). The Project is estimated to cost Rs. 6,789 Crores with Debt: Equity ratio of 75:25 and financial closure has been achieved with Power Finance Corporation Limited as Lead Lender.

BTG Package of 5x270 MW has been sourced from M/s BHEL and Balance of Plant packages have been awarded to reputed vendors viz. Shapoorji Pallonji, Gannon Dunkerly, L&T, Gammon, Paharpur, Doshion, Voltas, Areva and Siemens etc.

The Boiler and ESP foundations have been completed and approx. 16,170 MT Boiler & 7,540 MT ESP material has been

erected. The Boiler Drums of all 5 Units have been lifted and Hydraulic test of Unit # 1 has also been completed. TG-Decks have already been cast for Unit # 1 to 4 and Turbine Generator erection is in progress.

The Civil works of Chimney # 1 and 2 have been completed and erection of Flue-Can is in progress. The construction of Induced Draft Cooling Towers (IDCT), Coal Handling Plant, Ash Handling Plant, CW System, Cross Country Pipeline, Water Treatment Plant, Compressed Air System, HVDC System, Fire Fighting System, Fuel Oil System, 400 kV GIS Switchyard etc. are in progress. The work of 400 KV Transmission line is nearing completion and erection of Power Transformers viz. GTs, STs and UATs is in progress.

During the year 2011-12, Government of Maharashtra has approved purchase of 950 MW from Nasik Phase I by Maharashtra State Electricity Distribution Company Limited (MSEDCL) and BES&T Undertaking at a levelised tariff of Rs. 3.42/kWh. Power Purchase Agreement has already been initiated with MSEDCL for long term supply of 650 MW, PPA with BES&T Undertaking is also expected to be executed soon.

Nashik Thermal Power Project (1350 MW Phase II):

IPL is expanding the Project capacity by adding another 1350 MW in Phase II at an estimated cost of Rs.6,515 Crores with Debt: Equity of 75:25. The financial closure has been achieved with ICICI Bank Limited as Facility Agent/ Underwriter.

M/s Tata Consulting Engineers (TCE), Bangalore and M/s TPSC (I) Pvt. Limited, Hyderabad are the Owner's Consultants. The requisite Statutory & Non Statutory Clearances & Approvals including Environmental Clearance and Coal linkage are in place. Water Agreement for 90 MLD for Phasell has been signed with Irrigation Department of Government of Maharashtra.

The Main Plant Equipment i.e. 5x270 MW BTG has been ordered on Bharat Heavy Electrical Limited (BHEL) and the Balance of Plant is being sourced from reputed vendors. The construction works are in progress and 1,200 MT Boiler material has been erected. The work is also progressing in Balance of Plant areas viz. Chimneys, Cooling Towers & Coal Handling Plant etc.

COMPETITIVE STRENGTHS

The Company's competitive strengths are the in-house valuable practical experience of developing Mega Thermal Power Plants, bidding for long term power purchase agreements through tariff based competitive bidding process, working closely with the state and central governments, and its profound understanding of the regulatory framework of Indian Power sector. The Company has a strong regulatory perspective and is well versed with risks and commercial arrangements associated with development, construction and commissioning of various generation, transmission and distribution schemes.

STRATEGY

The Company is confident to utilize the rich hands-on in house experience and recruit more highly skilled & experienced staff to strengthen its competitiveness. The Company intends using its deep domain expertise in the sector to generate business and explore newer pastures.

Risks

The success of the Company substantially depends on the continuous growth of the Power sector in India which to a large extent is dependent on the construction & operation of Power Projects which in-turn is dependent on the uninterrupted availability of fuel, coal, water, gas etc., which are critical to the operations of the Power Plants, along with regulatory clearances among others. In the event, of non availability of these critical resources on regular basis, setting up of the Power Projects may get affected which may adversely affect the operations of the Company.

HUMAN RESOURCES

The Company accords utmost importance to the proper recruitment and training of its employees so as to have a committed work force with the right mindset and skills.

With strong belief in training and development your Company employs scientific methods to choose the right kind of talent and to groom the individuals chosen, into professionals of the highest quality and caliber.

To ensure that the Company's employees work with utmost zeal and passion and above all there is a sense of belonging to the organization, the Company has in place a work policy and culture which satisfies the intellectual facet of the employees.

INTERNAL CONTROL SYSTEMS

The Company has in vogue system of internal control commensurate with the nature and size of its operations, which effectively and adequately encompasses every facet of its operations and every functional area.

The effectiveness and deliverability of the internal control system is reviewed periodically so that measures if any needed for strengthening of the same, with the changing business needs of the Company, can be taken.

Annexure forming part of the Directors' Report

ANNEXURE FORMING PART OF THE DIRECTORS' REPORT

Information pursuant to section 217(1)(e) of the Companies Act, 1956, read with the Companies (Disclosure of Particulars in the Report of the Board of Directors) Rules, 1988, in respect of conservation of energy, technology absorption and foreign exchange earnings & outgo.

A. Conservation of Energy

The Company uses electric energy for its equipment such as office equipment, computers, lighting and utilities in the work premises. As an ongoing process, the following measures are undertaken to conserve energy:

- a) Implementation of viable energy saving proposals.
- b) Installation of automatic power controllers to save maximum demand charges and energy.
- c) Training front-end operational personnel on opportunities of energy conservation.
- d) Awareness and training sessions for maintenance personnel conducted by experts.

B. Technology Absorption

The Company believes that technological obsolescence is a practical reality. Our research activities will help us to prepare for future growth & opportunities.

At the Company we encourage continuous innovations with the prime purpose of providing maximum benefits to our clients and other users by working proactively (self driven research) and reactively (client driven research).

Our objective is to carry out applied research in the areas that are closely related to realization of the business objectives of the Company and seek to encash available business opportunities.

C. Foreign Exchange Earnings and Outgo

There were no foreign exchange earnings and Outgo during the year under review and the previous financial year.

1. The Company's philosophy on Corporate Governance

Sound Corporate Governance practices and responsible corporate behaviour contribute to long term performance of companies. Best practices on governance issues are an evolutionary and continuing process. There is no single template to define good governance. Broadly, however, good Corporate Governance practices should aim at striking a balance between interests of various stakeholders on the one hand and the duties and responsibilities of the Board and senior management in overseeing the affairs of the Company on the other.

The Corporate Governance policy in the Company encompasses the simple tenets of integrity, transparency and fairness in whatever the company does and what it basically aims at achieving is a complete adherence to the applicable statutes while at the same time ensuring a complete commitment to values and the highest ethical standards in every facet of its operations and in each of the functional areas. This in turn ensures that best in the class concept of Corporate Governance practices become a way of life in the Company.

In line with the nature and size of operation of the Company, the corporate governance framework in Indiabulls Infrastructure and Power Limited (IIPL) is based on the following main principles:

- Constitution of a Board of Directors of appropriate composition, size, varied experience and commitment to discharge their responsibilities and duties.
- Transparency and independence in the functions of the Board.
- Ensuring timely flow of information to the Board and its Committees to enable them discharge their functions effectively.
- Independent verification and assured integrity of financial reporting.
- Timely and balanced disclosure of all material information related to the Company to all stakeholders and protection of their rights and interests.
- A sound system of risk management and internal control.
- Compliance with applicable laws, rules and regulations in letter and spirit.

Auditors' Report

To the Board of Director's of Indiabulls Infrastructure and Power Limited

1. We have audited the accompanying consolidated financial statements of Indiabulls Infrastructure and Power Limited ("the Company") and its subsidiaries (collectively referred to as "the group") which comprise the consolidated Balance Sheet as at March 31, 2012 and the consolidated Statement of Profit and Loss and the consolidated Cash Flow Statement for the year ended on that date. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with the Standards on Auditing generally accepted in India. These Standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. We did not audit the financial statements of seventy nine subsidiaries, whose financial statements reflect Total Assets of Rs. 141,180,451,552 as at March 31, 2012, Total revenues of Rs. 19,069,726,819 and Net Cash Inflows of Rs. 810,531,345 for the year then ended. These financial statements and other financial information have been audited by other auditors whose reports have been furnished to us by the management of the Group, and our opinion is based solely on the report of other auditors.
4. We report that consolidated financial statements have been prepared by the company's management in accordance with the requirements of accounting standard (AS) 21, Consolidated financial statements, AS 23, Accounting for investments in associates in Consolidated financial statements and AS 27, Financial reporting of interest in joint ventures, as notified by the companies (Accounting Standards) Rules, 2006.
5. Based on our audit and on consideration of reports of other auditors on separate financial statements and on other financial information of the components, and to the best of our information and according to the explanations given to us, we are of the opinion that the attached consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:
 - (a) In the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at March 31, 2012;
 - (b) In the case of the Consolidated Profit and Loss Account, of the profit of the Group for the year ended on that date; and
 - (c) In the case of the Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

2. Significant Accounting Policies

2.1 Basis of Consolidation and Preparation

The consolidated financial statements are prepared in accordance with Accounting Standard 21 on "Consolidated Financial Statements" as notified under the Companies (Accounting Standards) Rules, 2006, as amended. Reference in these notes to Company, Holding Company, Companies or Group shall mean to include Indiabulls Infrastructure and Power Limited ("I IPL") or any of its subsidiaries, unless otherwise stated.

2.2 Principles of Consolidation

The Consolidated Financial Statements comprise of the Financial Statements of Indiabulls Infrastructure and Power Limited ("Parent Company") and its subsidiaries ("Subsidiary Companies"). The Consolidated Financial Statements are prepared according to uniform accounting policies, in accordance with accounting principles generally accepted in India.

The Consolidated Financial Statements are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealised profits or losses in accordance with Accounting Standard 21 (Consolidated Financial Statements as notified under the Companies (Accounting Standards) Rules, 2006, as amended).

2.3 Goodwill / Capital Reserve on Consolidation

Goodwill / Capital Reserve represents the difference between the Company's share in the net worth of subsidiaries, and the cost of acquisition at each point of time of making the investment in the subsidiaries. For this purpose, the Company's share of net worth is determined on the basis of the latest financial statements prior to the acquisition after making necessary adjustments for material events between the date of such financial statements and the date

of respective acquisition. Capital Reserve on consolidation is adjusted against Goodwill. The Goodwill on Consolidation recorded in these consolidated financial statements has

not been amortised, but instead evaluated for impairment whenever events or changes in circumstances indicate that its carrying amount may be impaired.

2.6 Basis of Accounting and preparation of financial statements

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) and comply with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared on an accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

2.7 Use of Estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/ materialise.

2.8 Cash and cash equivalents (for the purpose of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.9 Cash flow statement

Cash flows are reported using the indirect method, whereby profit/ loss before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.10 Revenue Recognition

Revenue from Power Consultancy/ Advisory Services is recognised when services are rendered. Interest income from deposits and others is recognised on an accrual basis. Dividend income is recognised when the right to receive the dividend is established. Profit/loss on sale of investments is recognised on the date of the transaction of sale and is computed as excess of sale process over its carry amount as at the date of sale.

2.11 Fixed Assets

Tangible fixed assets are stated at cost, net of tax/ duty credits availed, less accumulated depreciation and impairment losses, if any. Cost includes original cost of acquisition and installation, including incidental expenses related to such acquisition or installation.

Fixed assets acquired and put to use for the purpose of the project are capitalised and depreciation thereon is included in Expenditure during construction pending capitalisation till commissioning of the project.

Intangible assets are stated at cost, net of tax/ duty credits availed less accumulated amortisation and impairment losses, if any. Cost includes original cost of acquisition and construction, including incidental expenses related to such acquisition or construction. Subsequent expenditure on an intangible asset after its purchase/ completion is recognised as an expense when incurred unless it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably, in which case such expenditure is added to the cost of the asset.

Capital work-in-progress, comprising direct cost and related incidental expenses, is carried at cost, net of tax/ duty credits availed.

2.12 Depreciation/ Amortisation

Depreciation on fixed assets is provided on the Straight-Line Method at the rates and in the manner prescribed under Schedule XIV to the Companies Act, 1956.

Depreciation on additions/ deletions to fixed assets is provided on a pro-rata basis from/ upto the date the asset is put to use/ discarded. Individual assets costing upto ₹ 5,000 each are fully depreciated in the year of capitalisation. The acquisition value of Leasehold Land is amortized over the period of the Lease.

Intangible assets consisting of Software are amortized on a Straight Line basis over a period of four years from the date when the assets are available for use. The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation method is revised to reflect the changed pattern.

2.13 Expenditure during construction pending capitalisation

Any expenditure directly/ indirectly related and attributable to the construction of power projects and incidental to setting up power project facilities, incurred prior to the Commercial Operation Date (COD) of the power project, are accumulated under "Expenditure during construction pending capitalisation", to be capitalised on completion of construction of the respective power projects/ COD.

2.14 Impairment of Assets

The carrying values of assets/ cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in the case of revalued assets and the recoverable amount is reassessed and the assets is reflected at the recoverable amount.

2.15 Borrowing Costs

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalisation of such asset, are capitalised as a part of the cost of such assets. Any income earned on the temporary deployment/ investment of those borrowings is deducted from the borrowing costs so incurred. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss.

2.16 Investments

Investments are classified as long term and current. Long term investments are carried individually at cost less provision, if any, for diminution other than temporary in the value of such investment. Current investments are carried individually at the lower of cost and fair value.

2.17 Foreign Currency Transactions

Transactions denominated in foreign currencies are recorded at the exchange rate prevailing at the time of occurrence of the transaction. Foreign currency monetary items of the Company and its net investment in non-integral foreign operations outstanding at the Balance Sheet date are restated at the year-end rates. Non-Monetary items carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of the transaction.

Exchange differences arising on settlement/ restatement of short-term foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Statement of Profit and Loss. The exchange differences on restatement / settlement of loans to non-integral foreign operations that are considered as net investment in such operations are accumulated in the "Foreign Currency Translation Reserve" until disposal/ recovery of the net investment.

2.18 Employee Benefits

The Company's contribution to Provident Fund is charged to the Statement of Profit and Loss/ Expenditure during construction pending capitalisation, as applicable. The Company has unfunded defined benefit plans namely leave encashment (long term compensated absences) and gratuity for eligible employees, the liabilities for which are determined on the basis of actuarial valuations, conducted by an independent actuary at the end of the financial year using the Projected Unit Credit Method in accordance with Accounting Standard 15 (Revised 2005) – Employee Benefits, as notified under the Companies (Accounting Standards) Rules, 2006, as amended. Actuarial gains/ losses comprise experience adjustments and the effects of change in actuarial assumptions, and are recognised in the Statement of Profit and Loss as income or expenses/ Expenditure during construction pending capitalisation, as applicable.

2.19 Taxes on Income

Current tax is determined as the tax payable in respect of taxable income for the reporting year and is determined in accordance with the provisions of the Income-tax Act, 1961.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefits associated with it will flow to the Company.

Deferred tax resulting from timing differences between taxable income and accounting income is accounted for at the current rate of tax/ substantively enacted tax rates as on the Balance Sheet date, to the extent that the timing differences are expected to crystallize.

Deferred Tax Assets are recognised where realisation is reasonably certain whereas in case of carried forward losses or unabsorbed depreciation, deferred tax assets are recognised only if there is a virtual certainty of realisation supported by convincing evidence. Deferred Tax Assets are reviewed for the appropriateness of their respective carrying values at each Balance Sheet date.

2.20 Leases

In case of assets taken on operating lease, the lease rentals are charged to the Statement of Profit and Loss/ Expenditure during construction pending capitalisation, as applicable, in accordance with Accounting Standard 19 on Leases, as notified by the Companies (Accounting Standards) Rules, 2006, as amended.

2.21 Share Issue Expenses

Share issue expenses are adjusted against the Securities Premium Account as permissible under Section 78(2) of the Companies Act, 1956, to the extent of balance available and thereafter, the balance portion is charged off in the Statement of Profit and Loss.

2.22 Deferred Employee Stock Compensation Costs

Deferred Employee Stock Compensation Costs for Stock Options are recognised in accordance with the Guidance Note on "Accounting for Employee Share Based Payments" issued by the Institute of Chartered

Accountants of India, which establishes financial accounting and reporting principles for employee share based payment plans. The Company has elected to apply the Intrinsic Value method of accounting. Accordingly, employee stock compensation costs are measured as the difference between the intrinsic value of the company's shares of stock options at the grant date and the exercise price to be paid by the option holders. The compensation expense is amortised over the vesting period of the options. The fair value of options for disclosure purpose, is measured on the basis of an independent valuation performed by an independent firm of Chartered Accountants in respect of stock options granted.

2.23 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised only when there is a present obligation as a result of past events and when a reliable estimate of the amount of the obligation can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liability is disclosed for (1) Possible obligations which will be confirmed only by future events not wholly within the control of the Company or (2) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made. Contingent Assets are not recognised in the financial statements since this may result in the recognition of income that may never be realised.

2.24 Earnings Per Equity Share

Basic Earnings per Equity Share is computed using the weighted average number of equity shares outstanding during the year. Diluted Earnings per Equity Share is computed using the weighted average number of equity and dilutive potential equity shares outstanding during the year.

2.25 Preliminary Expenses

Preliminary Expenses are adjusted against Securities Premium Account (net of tax) to the extent of balance available and thereafter, the balance portion is charged off to the Statement of profit and loss, as incurred.

26. Project under Development:

(i) Amravati Thermal Power Project:

The Company's subsidiary Indiabulls Power Limited, is in process of setting up a Thermal Power Project at Amravati ("Amravati Project", "the Project") in the State of Maharashtra in two phases of 1,350 MW each, with an ultimate capacity of 2,700 MW. Project construction activities are in line with the estimated targets of the Management of the Company.

(ii) Nashik Thermal Power Project

The Company's step down subsidiary Indiabulls Realtech Limited is in process of setting up a Thermal Power Project at Nashik ("Nashik Project", "the Project") in two phases of 1,350 MW each, in the State of Maharashtra with an ultimate capacity of 2,700 MW. Project construction activities are in line with the estimated targets of the Management.

(iii) Bhaiyathan Thermal Power Project

The Company's step down subsidiary Indiabulls CSEB Bhaiyathan Power Limited (ICBPL) has entered into a Share Subscription Agreement ("CSEB – SSA") with Chhattisgarh State Electricity Board ("CSEB") dated October 13, 2008 pursuant to which CSEB shall acquire 26% equity stake in ICBPL, whether in cash or consideration other than cash, in such manner as may be indicated by CSEB in writing. Pursuant to the "CSEB – SSA", CSEB had agreed to subscribe to 26,000 fully paid-up equity shares of ICBPL of the face value of ₹ 10, representing 26 per cent of the issued, subscribed and paid-up share capital. ICBPL has agreed not to issue equity shares at a price or terms which are more favourable to the subscribers than price or terms on which CSEB has subscribed to the equity shares. Further, ICBPL shall not issue any equity shares unless CSEB is first offered the right to subscribe to, in CSEB's sole discretion, such number of equity shares as is required to enable CSEB to maintain its pre-issue shareholding percentage.

ICBPL is in the process of setting up a Thermal Power Project at Bhaiyathan ("Bhaiyathan Project") in the State of Chhattisgarh. The Bhaiyathan Project is planned to have two super-critical units of 660 MW each, with a combined capacity of 1,320 MW. The Ministry of Coal, Government of India has allocated captive coal blocks located in Gidhmuri and Paturia villages in the Korba district in the State of Chhattisgarh for the Bhaiyathan Project, subject to certain terms and conditions. Development work on the Bhaiyathan Project is currently progressing at a slow pace due to certain pending statutory clearances relating to the captive coal blocks allocated for the Project. The Company is hopeful of getting such clearances in the near future. Accordingly, all Project related costs incurred during the year have been charged to the Statement of Profit and Loss.

ICBPL has, as at the Balance Sheet date, accumulated losses aggregating to ₹ 11,709,177 which is in excess of the Share Capital of ICBPL amounting to ₹ 740,000. The continuity of the operations of ICBPL is dependent on the continued financial, technical and operational support of the Company. Further, the Company has confirmed to ICBPL that they will continue to provide the necessary financial, technical and operational support to enable ICBPL to meet its liabilities and obligations as they fall due. Consequently, the accounts of ICBPL have been prepared on a going concern basis.

(iv) Other Projects:

The Company, through its step down subsidiary Company Poena Power Development Limited, is developing a Mega Thermal Power Project in Mansa, Punjab and through its four subsidiaries viz. Pachi Hydropower Projects Limited, Kaya Hydropower Projects Limited, Sepla Hydropower Projects Limited and Tharang Warang Hydro Power Projects Limited, medium sized Hydro Power Projects in the state of Arunachal Pradesh. Development work in these projects is at presently at nascent stages. The Company has entered into MOUs for sale of two Hydro Power Projects of its subsidiaries (Pachi Hydropower Projects Limited and Papu Hydro Power Projects Limited) with CESC Limited on January 11, 2012. However, as on date the same is yet to be finalised. The company intends to go through with this sale.

27. A. Contingent liability not provided for in respect of:

- Public Interest Litigation (PIL) instituted before the Hon'ble Bombay High Court (Nagpur Bench) by the Society for Backlog Removal & Development, Amravati (Help Line) & Others against State of Maharashtra and Others where the Company's subsidiary Indiabulls Power Limited. (IPL) is Respondent No. 5. The petition, amongst others, challenges the water allocation from the live reservoir of Upper Wardha Project to the thermal power plant being set up by the IPL in Amravati District to be against the directives issued by the Governor of Maharashtra under Article 371 (2) of the Constitution of India. There is no interim order in the matter.

A Writ Petition has been filed by the Company before the Hon'ble Bombay High Court (Nagpur Bench) challenging the powers of the Governor to issue directives under Article 371 (2) of the Constitution of India.

The Chief Justice of Bombay High Court has transferred both the matters from Nagpur Bench to the Principal Bench at Mumbai and has tagged them along with three other petitions filed by other parties on the issue of powers of the Governor under Article 371. The pecuniary risk involved in the present case cannot be quantified by the Company/ its legal counsel.

- Tata Power Trading Company Limited (TPTCL) had executed a PPA with the Company's subsidiary Indiabulls Power Limited. (IPL) for tying up power from the Amravati Power Plant. TPTCL have invoked the arbitration clause and filed a statement of claim before the Arbitral Tribunal. The Tribunal has directed that the Subsidiary company (IPL) shall not create any third party interest on the 150 MW power generated from the power plant without the leave of the Tribunal. The pecuniary cost involved in the present case is approximately ₹ 300,000.
- A Writ Petition has been filed before the Hon'ble High Court of Madras in the State of Tamil Nadu regarding the Tamil Nadu VAT reversal by BHEL and consequential recovery of the same from the subsidiary company (IPL), relating to supply agreement executed between BHEL and step down subsidiary Indiabulls Realtech Limited for supply of Boiler Turbine Generators (BTG) items for the Nashik Project. The matter was listed for hearing and the High Court has issued a notice and had ordered for Status Quo in the said case. The Notice for the same has been accepted by the State Counsel. The case will be listed in due course before the appropriate bench. The pecuniary cost involved in the present case is approximately ₹ 800,000.
- A suit has been filed before the Civil Judge, Junior Division, Sinnar, Nashik by the Plaintiffs with respect to the Pipe Line work which is being done in the Sinnar Nagar Palika area. It has been alleged that the said work carried out by the Company is against the public interest & safety and the authority who gave such permission have fulfilled their own interests. The pecuniary risk involved in the present case cannot be quantified by the Company/ its legal counsel.
- Two suits have also been filed before the Civil Judge, Junior Division, Sinnar, Nashik by the Plaintiffs with respect to the Pipe Line work which is being done in the Sinnar Nagar Palika area. It has been alleged that the land of the plaintiffs was not acquired for this purpose and the Company's activity of laying pipeline work in the plaintiffs' property is illegal and it will damage the crops, land and well of the plaintiffs' permanently. The pecuniary risk involved in the present case cannot be quantified.
- A petition had been filed before the Chhattisgarh State Electricity Regulatory Commission, Raipur by the Indiabulls CSEB Bhayathan Power Limited against the Chhattisgarh State Power Holding Co. Ltd. and another (CSPHCL). The petition, amongst others, challenges the notice dated May 26, 2010 whereby CSPHCL have sought to allege non-compliance of obligations by the Company under the Power Purchase Agreement dated October 13, 2008 (PPA). The Commission passed order on December 31, 2011 quashing the notice dated May 26, 2010 issued by CSPHCL and directed the parties to review the terms and conditions of the PPA so that the Project could be brought up. The Company has filed an appeal along with an interim application seeking interim relief against the order of CSERC before the Appellate Tribunal for Electricity on February 17, 2012 which came up for hearing on March 29, 2012 on which date

the same was admitted by the Appellate Tribunal. The Tribunal directed the Chhattisgarh State Electricity Board to file a reply to the appeal on or before May 04, 2012. There is no pecuniary cost involved at present.

- Guarantee provided on behalf of Papu Hydropower Projects Limited, a wholly owned step down subsidiary company, in respect of vehicle loan of ₹ Nil.
- Performance Bank Guarantee of ₹ 1,000,000,000 issued to Chhattisgarh State Electricity Board by Indiabulls CSEB Bhaiyathan Power Limited (formerly Indiabulls Bhaiyathan Power Limited), a step down subsidiary company, secured partly by pledge of Fixed deposits of ₹ 400,000,000 of the subsidiary company (IPL).
- Guarantee provided on behalf of Indiabulls Realtech Limited (IRL), a wholly owned step down subsidiary, towards Commitment Bank Guarantees of ₹ 835,223,070 issued to subsidiaries of Coal India Limited for issuance of Letter of Assurance for supply of coal for IRL's Nashik Thermal Power Project, partly secured by way of pledge of fixed deposits of ₹ 242,936,850 and partly by way of corporate guarantee of ₹ 198,641,850 of the company.
- A letter of comfort has been issued by the Indiabulls Realtech Limited in favour of ICICI Bank Limited as security for the repayment of the facility amounting to ₹ Nil sanctioned to Indiabulls Properties Private Limited (a subsidiary of associate company of the ultimate holding company - IBREL, upto March 31, 2011) secured partly by way of pledge of, amongst others, the Indiabulls Realtech Limited's Fixed Maturity Plan Mutual Funds of ₹ Nil.

- h) Proportionate share in the movement in Reserves and Surplus of the above mentioned Subsidiary Companies, during the year ended March 31, 2012.

29. Employees Stock Options Schemes :

Stock Option Schemes of Indiabulls Power Limited. ("IPL"):

On January 10, 2008 the erstwhile IPSL, had established the IPSL ESOS Plan, under which, IPSL was authorised to issue upto 20,000,000 equity settled options at an exercise price of ₹ 10 per option to eligible employees. Employees

covered by the plan were granted an option to purchase equity shares of IPSL subject to the requirements of vesting. A Compensation Committee constituted by the Board of Directors of IPSL administered the plan. All these options were outstanding as at April 01, 2008.

Pursuant to a Scheme of Amalgamation under Sections 391 to 394 of the Companies Act, 1956, duly approved by the Hon'ble High Court of Delhi at New Delhi vide its order dated September 1, 2008, IPSL was amalgamated with Sophia Power Company Limited ("SPCL"). With effect from the Appointed Date the IPSL ESOS Plan was terminated and in lieu, in terms of Clause 14 (c) of the Scheme of Amalgamation, SPCL – IPSL Employees Stock Option Plan - 2008 ("SPCL – IPSL ESOP - 2008") was established in SPCL for the outstanding, unvested options for the benefit of the erstwhile IPSL option holders, on terms and conditions not less favourable than those provided in the erstwhile IPSL ESOS Plan and taking into account the share exchange ratio i.e. one equity share of SPCL of face value ₹ 10 each for every one equity share of IPSL of face value ₹ 10 each. All the option holders under the IPSL ESOS Plan on the Effective Date were granted options under the SPCL – IPSL ESOP - 2008 in lieu of their cancelled options under the IPSL ESOS Plan. The SPCL – IPSL ESOP - 2008 was treated as a continuation of the IPSL ESOS Plan and all such options were treated outstanding from their respective date of grant under the IPSL ESOS Plan. Accordingly, no compensation expense was recognised. No adjustment is required in respect of the number and exercise price of options as the share exchange ratio is one equity share of face value ₹ 10 each of SPCL for every one equity share of face value ₹ 10 each of IPSL.

During the year ended March 31, 2012, 2,108,000 ESOPs were surrendered by the eligible employees under the SPCL – IPSL ESOP - 2008 Scheme.

These options vest uniformly over a period of 10 years commencing one year after the date of grant. The Company follows the Intrinsic Value method of accounting as prescribed in the Guidance Note on Accounting for Employees Share Based Payments ("Guidance Note"), issued by the Institute of Chartered Accountants of India. There is no impact on the profits after taxes and the basic and diluted earnings per equity share of the Company on account of SPCL – IPSL ESOP - 2008.

During the financial year ended March 31, 2010, IPL had established the Indiabulls Power Limited. Employees' Stock Option Scheme 2009 ("IPL ESOS 2009"). IPL had issued 20,000,000 equity settled options at an exercise price of ₹ 14 per option under the IPL ESOS 2009 to eligible employees which gave them the right to subscribe to stock options representing an equal number of equity shares of face value ₹ 10 each of IPL. These options vest uniformly over a period of 10 years commencing one year after the date of grant. The Company follows the Intrinsic Value method of accounting as prescribed by the Guidance Note on Accounting for Employees Share Based Payments ("Guidance Note"), issued by the Institute of Chartered Accountants of India. There is no impact on the profits after taxes and the basic and diluted earnings per equity share of the Company on account of the IPL ESOS 2009.

During the year ended March 31, 2012, 653,000 ESOPs were surrendered under the IPL ESOS 2009 Scheme.

During the Financial Year ended March 31, 2012, IPL has established the "Indiabulls Power Limited. Employee Stock Option Scheme -2011 ("IPL ESOS -2011"): The Board vide its Resolution dated September 30, 2011 approved the IPL ESOS – 2011 for granting Employee Stock Options in the form of equity settled options at an exercise price equivalent to the fair market value of the equity shares of the company on the date of grant of option, linked to the completion of a minimum period of continued employment to the eligible employees of the Company monitored and supervised by the Compensation Committee of the Board of Directors in compliance with the provisions of the SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 (SEBI Guidelines) and amendments thereof from time to time. The Company follows the Intrinsic Value method of accounting as prescribed by the Guidance Note on Accounting for Employees Share Based Payments ("Guidance Note"), issued by the Institute of Chartered Accountants of India. There is no impact on the profits after taxes and the basic and diluted earnings per equity share of the Company on account of IPL ESOS 2011.

The vesting period of IPL ESOS 2011 is 10 years with 5 years exercise period for exercising the option to subscribe.

Fair Value Methodology:

As the IPL ESOS 2009 Plans were issued at a value higher than the fair value of the options on the date of the grant, there is no impact of the same on the net profit and earnings per equity share.

The SPCL – IPL ESOP – 2008 (re-grant) and IPL ESOS 2011 were issued at the Intrinsic value of the options on the date of the grant. Had the compensation cost for the stock options granted under ESOP – 2008 (including re-grant) and IPL ESOS 2011 been determined based on the fair value approach, the Company's net profit and earnings per equity share would have been as per the Proforma amounts indicated below:-

33. Employee Benefits

Contributions are made to Government Provident Fund and Family Pension Fund which cover all regular employees eligible under applicable Acts. Both the eligible employees and the company make pre-determined contributions to the Provident Fund. The contributions are normally based upon a certain proportion of the employee's salary. The company has recognised in Statement of Profit and Loss an amount of ₹ 262,071 towards employer's contribution towards Provident Fund.

Provision for unfunded Gratuity and Compensated absences payable to eligible employees on retirement/ separation is based upon actuarial valuation as at the year ended March 31, 2012. Major drivers in actuarial assumptions, typically, are years of service and employee compensation. After the issuance of the Accounting Standard (AS) 15 (Revised) on 'Employee Benefits', commitments are actuarially determined using the 'Projected Unit Credit Method'. Gains/ losses on changes in actuarial assumptions are accounted for in the Statement of Profit and Loss / Expenditure During Construction Pending Capitalisation, as applicable and as identified by the Management of the Company.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of Gratuity, Compensated Absences and Superannuation Benefits and the amounts recognised in the financial statements for the year ended March 31, 2012 as per Accounting Standard (AS) 15- Employee Benefits, as notified under the Companies (Accounting Standards) Rules, 2006, as amended:

34. Earnings Per Equity Share (EPS):

The basic earnings per equity share is computed by dividing the net profit/ loss after tax (including the post tax effect of extraordinary items, if any) attributable to equity shareholders for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share is computed by dividing the profit / loss after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per equity share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per equity share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits/ reverse share splits, bonus shares and share warrants and the potential dilutive effect of Employee Stock Options Plans, as appropriate.

Auditors' Report

To the Members of Indiabulls Infrastructure and Power Limited

1. We have audited the accompanying financial statements of Indiabulls Infrastructure and Power Limited ("the Company") which comprise the Balance Sheet as at March 31, 2012 and the Statement of Profit and Loss and the Cash Flow Statement for the year ended on that date. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
 2. We conducted our audit in accordance with the Standards on Auditing generally accepted in India. These Standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
 3. As required by the Companies (Auditor's Report) Order, 2003, as amended by the Companies (Auditor's Report) (Amendment) Order, 2004, issued by the Central Government of India in terms of sub-section (4A) of Section 227 of 'The Companies Act, 1956' of India (the 'Act'), we enclose in the Annexure, a statement on the matters specified in paragraph 4 and 5 of the said order.
 4. Further to our comments in the Annexure referred to above, we report that:
 - i) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - ii) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - iii) The Balance Sheet, Statement of Profit and Loss and Cash Flow Statement, dealt with by this report are in agreement with the books of account;
 - iv) In our opinion, the Balance Sheet, Statement of Profit and Loss and Cash Flow Statement, dealt with by this report comply with the Accounting Standards referred to in sub-section (3C) of Section 211 of the Act;
- v) On the basis of written representations received from the directors, as at March 31, 2012 and taken on record by the Board of Directors, we report that none of the directors are disqualified as at March 31, 2012 from being appointed as a director in terms of Section 274 (1) (g) of the Act;
 - vi) In our opinion and according to the information and explanations given to us, the said financial statements read with the notes thereon give the information required by the Act, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
 - (a) In the case of Balance Sheet, of the state of affairs of the Company as at March 31, 2012;
 - (b) In the case of Statement of Profit and Loss, of the loss of the Company for the year ended on that date; and
 - (c) In the case of Cash Flow Statement, of the cash flow of the Company for the year ended on that date.

Annexure

to the Auditor's Report

Annexure to the Auditor's Report of even date to the Members of Indiabulls Infrastructure and Power Limited on the financial statements for the year ended March 31, 2012(Refer to in paragraph 3 of our report of even date)

Based on the Audit Procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into the consideration the information and explanation given to us and the books of account and other records examined by us in the normal course of audit, we report that:

- i) In respect of fixed assets of the Company, in our opinion:
 - a) The Company has maintained proper records, showing full particulars, including quantitative details and situation of fixed assets.
 - b) The Company has a programme of physical verification of its fixed assets by which they are verified annually. In accordance with this programme, fixed assets were verified during the year and no discrepancies were noticed on such verification. In our opinion, the frequency of the physical verification is reasonable having regards to the size of the Company and nature of fixed assets.
 - c) The Company has not disposed off any fixed assets during the year. Therefore the going concern assumption is not affected.
- ii) The Company does not have any Inventory. Accordingly, the provisions of paragraph 4 clause (ii) of the Order are not applicable
- iii) The Company has not taken loan from companies, firms or other parties covered in the register maintained under section 301 of the Companies Act, 1956. In respect of loans, secured or unsecured, granted to companies, firms or other parties covered in the register maintained under Section 301 of the Companies Act, in our opinion:
 - a) The Company has granted unsecured loans to one party covered in the register maintained under Section 301 of the Companies Act, 1956. The maximum amount outstanding at any time during the year aggregated to Rs.301,000,000/- and the balance outstanding at year end is Rs. 293,400,000/-.
 - b) In our opinion rate of interest, wherever stipulated and other terms and conditions of

such loans are, in our opinion, prima facie not prejudicial to the interest of the Company.

- c) The payments of principal amount and interest wherever stipulated in respect of such loans have been regular.
- d) There is no overdue amount with regard to principal amount and interest wherever stipulated.
- iv) In our opinion, there is an adequate internal control system commensurate with the size of the Company and nature of its business with regards to the purchase of fixed assets and sale of services. The activities of the Company do not involve in purchase of inventories and sale of goods. We have not observed any major weakness in the internal control system during the course of the audit.
- v) In our opinion, the Company has not entered into any contracts or arrangements referred to in Section 301 of the Companies Act, 1956, the particulars of which are required to be entered in the register, maintained section 301.
- vi) The Company has not accepted any deposits from the public within the meaning of section 58A and section 58AA or any other relevant provisions of the Act and the Companies (Acceptance of Deposits) Rules, 1975 with regard to the deposits accepted from the public. No order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal.
- vii) The Company is not a listed company, neither the paid up capital and reserves of the company does not exceed Rs 50 Lakhs, nor the annual turnover exceeds five crores for a period of three consecutive financial years preceding the current financial year. The provisions of paragraph 4 clause (vii) of the Order are not applicable.
- viii) In our opinion, the maintenance of cost records prescribed under section 209(1)(d) of the Companies Act, 1956, is not applicable to the company.
- ix) In respect of disputed and undisputed Statutory Dues of the Company and according to information and explanations given to us and on the basis of our examination of the records of the Company
 - a. Amounts deducted / accrued in the books of accounts in respect of Provident Fund, Investor Education and Protection Fund, Employees'

State Insurance, Income tax, Sales Tax, Wealth Tax, Service Tax, Customs Duty, Excise Duty and any other material Statutory Dues have generally been regularly deposited during the year by the Company with the appropriate authorities, to the extent applicable. There were no dues on account of Cess under Section 441A of the Companies Act, 1956 since the aforesaid section has not yet been made effective by the Central Government.

According to the information and explanations given to us, no undisputed amounts payable in respect aforesaid dues were in arrears, as at March 31, 2012 for a period of more than six months from the date they became payable.

- b. There are no dues of Income-Tax, Sales Tax, Service Tax, Customs Duty, Wealth Tax, Excise Duty and Cess which have not been deposited on account of any dispute.
- x) The Company has not been registered for a period of more than 5 years. Accordingly, the provisions of paragraph 4 clause (x) of the Order are not applicable.
- xi) Based on our audit procedures and in our opinion, the Company has not defaulted in repayment of dues to financial institutions or banks or debenture holders.
- xii) The Company has not granted any loans and advances on the basis of security by way of pledge of shares, debentures and other securities. Accordingly, the provisions of paragraph 4 clause (xii) of the Order are not applicable.
- xiii) The Company is not a Chit Fund or a Nidhi/Mutual Benefit fund/society. Accordingly, the provisions of paragraph 4 clause (xiii) of the Order are not applicable.
- xiv) In our opinion the Company is not dealing or trading in shares, debentures, securities and other investments. Accordingly, the provisions of paragraph 4 clause (xiv) of the Order are not applicable.

- xv) In our opinion, the Company has not given any guarantee in terms of paragraph 4 clause (xv).
- xvi) In our opinion and to the best of our knowledge and belief no term loans were obtained during the year.
- xvii) In our opinion and according to the information and explanations given to us, funds raised on short-term basis, prima facie, have not been used for the long term investment by the Company.
- xviii) In our opinion Company has not made any preferential allotment of shares to parties or companies covered in the register maintained under section 301 of the Companies Act, 1956.
- xix) In our opinion and according to the records examined by us, no debentures were issued during the year.
- xx) The Company has not raised any monies by way of public issue during the year. Accordingly, the provisions of paragraph 4 clause (xx) of the Order are not applicable.
- xxi) In our opinion, no material fraud on or by the Company has been noticed or reported during the period covered by our audit.

2. Significant Accounting Policies

2.1 Basis of Accounting and preparation of financial statements

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) and comply with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared on an accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

2.2 Use of Estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/ materialise.

2.3 Cash and cash equivalents (for the purpose of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.4 Cash flow statement

Cash flows are reported using the indirect

method, whereby profit/ loss before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.5 Revenue Recognition

Revenue from Power Consultancy/ Advisory Services is recognised when services are rendered. Interest income from deposits and others is recognised on an accrual basis. Dividend income is recognised when the right to receive the dividend is established. Profit/ loss on sale of investments is recognised on the date of its sale and is computed as excess of sale proceeds over its carry amount as at the date of sale.

2.6 Fixed Assets

Tangible fixed assets are stated at cost, net of tax/duty credits availed, less accumulated depreciation and impairment losses, if any. Cost includes original cost of acquisition and installation, including incidental expenses related to such acquisition or installation.

Fixed assets acquired and put to use for the purpose of the project are capitalised and depreciation thereon is included in Expenditure during construction pending capitalisation till commissioning of the project.

2.7 Depreciation/ Amortisation

Depreciation on fixed assets is provided on the Straight-Line Method at the rates and in the manner prescribed under Schedule XIV to the Companies Act, 1956.

Depreciation on additions/ deletions to fixed assets is provided on a pro-rata basis from/ upto the date the asset is put to use/ discarded. Individual assets costing upto Rs. 5,000 each are fully depreciated in the year of capitalisation. The acquisition value of Leasehold Land is amortized over the period of the Lease.

2.8 Impairment of Assets

The carrying values of assets/ cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment

exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in the case of revalued assets and the recoverable amount is reassessed and the assets is reflected at the recoverable amount.

2.9 Borrowing Costs

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalisation of such asset, are capitalised as a part of the cost of such assets. Any income earned on the temporary deployment/ investment of those borrowings is deducted from the borrowing costs so incurred. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss.

2.10 Investments

Investments are classified as long term and current. Long term investments are carried individually at cost less provision, if any, for diminution other than temporary in the value of such investment. Current investments are carried individually at the lower of cost and fair value.

2.11 Employee Benefits

The Company's contribution to Provident Fund is charged to the Statement of Profit and Loss/ Expenditure during construction pending capitalisation, as applicable. The Company has unfunded defined benefit plans namely leave encashment (long term compensated absences) and gratuity for eligible employees,

the liabilities for which are determined on the basis of actuarial valuations, conducted by an independent actuary at the end of the financial year using the Projected Unit Credit Method in accordance with Accounting Standard 15 (Revised 2005) – Employee Benefits, as notified under the Companies (Accounting Standards) Rules, 2006, as amended. Actuarial gains/ losses comprise experience adjustments and the effects of change in actuarial assumptions, and are recognised in the Statement of Profit and Loss as income or expenses/ Expenditure during construction pending capitalisation, as applicable.

2.12 Taxes on Income

Current tax is determined as the tax payable in respect of taxable income for the reporting year and is determined in accordance with the provisions of the Income-tax Act, 1961.

Deferred tax resulting from timing differences between taxable income and accounting income is accounted for at the current rate of tax/ substantively enacted tax rates as on the Balance Sheet date, to the extent that the timing differences are expected to crystallize.

Deferred Tax Assets are recognised where realisation is reasonably certain whereas in case of carried forward losses or unabsorbed depreciation, deferred tax assets are recognised only if there is a virtual certainty of realisation supported by convincing evidence. Deferred Tax Assets are reviewed for the appropriateness of their respective carrying values at each Balance Sheet date.

2.13 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised only when there is a present obligation as a result of past events and when a reliable estimate of the amount of the obligation can be made. Provisions (excluding retirement benefits) are not discounted to their

present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liability is disclosed for:-

- (a) Possible obligations which will be confirmed only by future events not wholly within the control of the Company or;
- (b) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made. Contingent Assets are not recognised in the financial statements since this may result in the recognition of income that may never be realised.

2.14 Share Issue Expenses

Share Issue Expenses are adjusted against Securities Premium Account to the extent of balance available and thereafter, the balance portion is charged off to the Statement of profit and loss, as incurred.

2.15 Earnings Per Equity Share

Basic Earnings per Equity Share is computed using the weighted average number of equity shares outstanding during the year. Diluted Earnings per Equity Share is computed using the weighted average number of equity and dilutive potential equity shares outstanding during the year.

2.16 Preliminary Expenses

Preliminary Expenses are adjusted against Securities Premium Account (net of tax) to the extent of balance available and thereafter, the balance portion is charged off to the Statement of profit and loss, as incurred.

21. Employee Benefits

Contributions are made to the Government Provident Fund and Family Pension Fund which cover all regular employees eligible under applicable Acts. Both the eligible employees and the company make pre-determined contributions to the Provident Fund. The contributions are normally based upon a proportion of the employee's salary. The company has recognized in the Statement of Profit and Loss an amount of Rs. 450 (Previous Year: Rs.Nil) towards employer's contribution towards Provident Fund.

Provision for unfunded Gratuity and Compensated absences payable to eligible employees on retirement/separation is based upon an actuarial valuation as at the year ended March 31, 2012. Major drivers in actuarial assumptions, typically, are years of service and employee compensation. After the issuance of Accounting Standard (AS) 15 (Revised) on 'Employee Benefits', commitments are actuarially determined using the 'Projected Unit Credit Method'. Gains/ losses on changes in actuarial assumptions are accounted for in the Statement of Profit and Loss as applicable and as identified by the Management of the Company.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of Gratuity and Compensated Absences and the amounts recognised in the financial statements for the year ended March 31, 2012 as per Accounting Standard (AS) 15- Employee Benefits, as notified under the Companies (Accounting Standards) Rules, 2006, as amended:

22. Earnings Per Equity Share (EPS):

The basic earnings per equity share is computed by dividing the net profit/ loss after tax (including the post tax effect of extraordinary items, if any) attributable to equity shareholders for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share is computed by dividing the profit / loss after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per equity share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per equity share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits/ reverse share splits, bonus shares and share warrants and the potential dilutive effect of Employee Stock Options Plans, as appropriate.
