MANAGEMENT DISCUSSION AND ANALYSIS

Industry Structure and Development

The Company is engaged in the business of providing diversified financial services with a primary focus in assisting small and medium enterprises (SMEs) in corporate and non-corporate sector in their financial planning, corporate advisory and fund syndication requirements. We are also engaged in the business of investing in shares and other securities by leveraging our disciplined investment approach developed by our in-house experienced senior management team. We have our registered office in Mumbai, from where we carry out the businesses of corporate advisory.

Industry Overview:

The Indian financial services industry has experienced significant changes in the last few years. The has been considerable broadening and deepening of the Indian financial markets due to various financial market reforms undertaken by the regulators, the introduction of innovative financial instruments in recent years and the entry of sophisticated domestic and international players.

Strong economic growth, favourable demographics, increased geographic penetration, growth of small and medium enterprises and the increasing needs for capital among Indian corporations are expected to continue to drive India's financial services industry.

Operational Performance

During the current period, your Company has shown an Increase in revenue to the extent of 48.80% from Rs. 32.05 Lakhs during FY 2014-15 to Rs. 47.69 Lakhs during FY 2015-16. PAT has shown an Increase of 12.93% from Rs. 8.17 Lakhs during FY 2014-15 to Rs. 9.23 Lakhs during FY 2015-16.

Outlook

As per the latest GDP growth estimates, Indian economy grew by 7.9% in FY 16 compared to 7.4% in FY 15, mostly driven by improved economic fundamentals and revision of GDP methodology calculation. Even inflation showed signs of moderation, a welcome sign - wholesale price and consumer price inflation declined. Reduced inflation, falling crude oil prices, stable Rupee, improved purchasing power and consumer spending, higher capital inflows supported by the government policy reforms have already put India on an accelerating growth track an improved the business outlook.

Reforms like e-auctions of coalmines and telecom, FDI hike in insurance, speedier regulatory approvals etc. will be critical growth enablers to de-bottleneck stalled projects, improve the investment outlook and the ease of doing business in the country. Reforms currently underway such as GST implementation, Amendment on Land Acquisition Bill, Labour Reforms, etc. are expected to provide the requisite thrust for growth in the medium-term.

Opportunities and Challenges

Being a major employer in India coupled with strong industry linkages with the rural economy augurs trading and investment activities as one of the most significant sectors with an incremental growth potential. Rural economy has seen a spurt in income levels the last few years and this is the right time to promote trade and investment. Being one of the key focus sectors under the Government's "Make in India" campaign is a testimony to the huge growth potential the trading and investment activities. Globally, favourable trade policy reforms would also allow the trade and investment to expand its trade partners, improve its export competitiveness and contribute substantially to the nation's income.

However, the trading and investment are constrained with many challenges including rising costs (wages, inventory and interest costs), intensified competition from other low cost countries and political risk to implement the reforms like GST etc. Such issues need to be addressed to result in unlocking maximum growth potential

ANNEXURE B: TO THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF SANGAM ADVISORS LIMITED AS OF 31.03.2016**Report on the Internal Financial Controls****Under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of SANGAM ADVISORS LIMITED ("the Company") as of 31st March, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that, (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has maintained, in all material respects, adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as of 31st March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
