Financial Highlights and Operations

Income from operations during the financial year ended 31st March 2018 was at Rs 19165.08 Lacs as against Rs 16972.56 Lacs representing an increase of approximately 12.83% over the previous year. Profit after Tax for the year under review amounted to Rs 2941.85 Lacs as against Rs 1628.25 Lacs in the previous year representing an increase of 80.68 %. The increase in profits during the year under review was on account of enhanced sales, improved product mix and operational efficiencies.

Research & Development & New Products

Research and Product Development programs at the NBIL have constantly undergone major scientific up-gradation over the last few years. Advance breeding strategies, with novel genetic resources, gene pyramiding with molecular-aided gene tracking systems, and extensive testing of genetic stocks, breeding lines and hybrids derived thereof, are generating a range of pre-determined designer products.

Our recently launched products in the Farmers' fields represent the new breed and benchmark of hybrid seeds. They are endowed with significant genetic enhancement for yield potential, as well as Climate Resilient capability.

NBIL continues to provide substantial financial allocations to further strengthen its Research & Development programs. The competitive environment in the area of hybrid seeds is rapidly growing. Therefore, it is no longer enough to offer high yielding hybrid varieties to the Indian Farmers. It is now becoming a mandatory requirement that such hybrids carry additional built-in value through seed embedded technologies/genes providing durable protection against specific diseases, pests and vagaries of nature (floods/drought/heat stress etc.)

Technological up-gradation remains a continual process at the NBIL. In cotton, in addition to stacking GM traits for bollworm protection, we are on the constant lookout for novel germplasm resources for imparting/enhancing resistance/ tolerance against some of the notorious sucking pests, as also dehydration-stress (drought). Big Boll size (for reduced labor and ease in picking) and excellent re-flushing abilities are the additional novelties our new Bt-Cotton products (for Central and South Zone) are almost invariably carrying.

To summarize, your company is constantly endeavoring to invest time, energy and money in Research and Development efforts to create high yield products to benefit the farming community at large.

INTERNATIONAL COLLABORATIONS:

Nath Bio-Genes, jointly with its sister concern Global Transgenes Ltd., had signed agreement for R & D collaboration and commercialization thereof, of Fusion-Bt. Cotton technology in Philippines. Due processes of trans-boundary regulations, in accordance to the provisions of the Cartagena Protocol, have been followed strictly for transfer of Fusion-Bt. Embedded cotton seeds.

PhilFIDA (Fibre Crops Development Authority, under Govt of The Philippines) is directly coordinating with NBIL-GTL of India, in view of our track record and scientific competence in pursuing the Fusion-Bt Technology approval process in India.

Qualified Institutional Placement

Your company made a QIP, by issuing further equity, in January 2018 to qualified institutions. The total QIP size was INR 136.50 Crores. The basic agenda of the fund usage was to repay all long-term loans of the company and to strengthen the working capital requirement. We plan to utilize the infused capital for better growth of the company.

Management Discussion & Analysis

A detailed report on the management discussion and analysis is provided as a separate section in this Annual Report.

Corporate Governance

The Company is committed to maintain the highest standards of Corporate Governance and adhere to the Corporate Governance requirements set out by SEBI. The Company has also implemented several best corporate governance practices as prevalent globally.

The Report on Corporate Governance as stipulated under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, Companies Act, 2013 and rules made thereunder is enclosed.

The Requisite Certificate from the Auditors of the Company, Ashok R Majethia, Chartered Accountants, conforming compliance to the conditions of Corporate Governance as stipulated under SEBI (Listing Obligations and Disclosure

Requirements) Regulations, 2015, is annexed to this Report

Dividend

Given the growth requirements of the business, the Directors have not recommended any dividend for the financial year 2017-18.

Deposits

Your company has not accepted any fixed deposits during the year under review.

Risk Management

The company has a Risk Management Committee which has been entrusted with the responsibility to assist the Board in (a) Overseeing and approving the Company's enterprise wide risk management framework; and (b) Overseeing that all the risks that the organization faces such as strategic, financial, credit, market, liquidity, security, property, IT, legal, regulatory, reputational and other risks have been identified and assessed and there is an adequate risk management infrastructure in place capable of addressing those risks.

Corporate Social Responsibility At NBIL

At NBIL, Corporate Social Responsibility (CSR) is being embedded in the long-term business strategy of the Company. For NBIL, business priorities and social commitments are meant to co-exist in harmony for the development of people and communities at large. The Company's CSR initiatives in rural development would help elevate the quality of life of millions of farmers. We further plan to venture into healthcare, education and rural employment over a period of time.

Your Company has been making systematic efforts at educating the farming community on the best agriculture cultivation practices to aim at rural development. We combine a judicious mix of technology, material and information with specific focus on agriculture. We are continuously working on enhancing opportunities by disseminating information relevant to improving livelihood options among rural communities. We deploy locally-relevant solutions to promote agriculture and other farm-based activities. We focus on building the capacity of farming communities from the time that we engage them by ensuring their participation in the resource mapping and planning exercise. Need-based training programs are conducted to further enhance the skills and knowledge of small and marginal farmers. Trainings on sustainable agricultural practices, soil and water conservation, pest management, use of fertilizers, are imparted.

MANAGEMENT DISCUSSION AND ANALYSIS

In order to have a sustainable business model we have always given due emphasis to all aspects of growth, from R & D to HR and we must say that we are progressing well on the growth path. We can say with conviction that FY 18 was a year in which the foundation for a long term sustainable growth was laid. Essentially, Research, Production and Marketing are the three cornerstones of any seed company, and we identified and addressed the gaps in each of these areas. But still we assure our shareholders that we are not complacent and would continue to work for the best interest of all our stakeholders.

Research, Product Development

Research is all about performing a methodical study to prove a hypothesis. In our industry, Research and Product Development is typically a 5-7 years period, before you can see any tangible results. Financial Year 2018 was a turning point as some of the products on which the company has been working for last few years started to yield results. Your company has developed a family of products across verticals of Cotton, Paddy, Mustard, Pearl Millet, Maize, Okra, Tomato, Gourds, Chilli and crop nutrition supplements. Your company also has a strong pipeline in each of the verticals for the next 3-4 years.

Nath Bio-Gen has a formidable research team led by Dr. Satish Raina and his energetic team of agricultural scientists and breeders. Company has a dedicated team of research scientists working on each crop. Company has set up 18 stations for evaluating research products across agro-climatic zones. It is not just about making high yields seeds but creating seed embedded technologies to protect against specific biotic / abiotic stressors. Your company is also working closely with number of national / international research institutions.

Cotton: Your company products are leading in per acre yield, fibre quality, resistance across climatic conditions and soil conditions. Our claim has been confirmed by number of research and testing trials conducted by recognised institutions. The products like King 101, NBC 102 and NBC 1022 have displayed excellent results and have been well accepted by the farming community. Now the challenge is to scale up production as the demand picks up.

Paddy: In paddy, our presence is largely in the hybrid segment. Here we compete with large MNC's and large domestic companies. We have been able to maintain a steady growth based on product quality. Given the superiority of hybrids over natural seeds, hybrids paddy has been witnessing superior growth over the naturals and this trend is likely to sustain. We expect to grow higher than industry, backed by our strong product portfolio. We also are enhancing our presence in the OP segment. The induction of Dr. Ish Kumar to spearhead the Paddy growth for the company would definitely support our endeavours.

Other Cereal Crops: Apart from the above two main crops, we are also into other cereal crop like Maize, Wheat, Jowar, Mustard etc. Each crop has a potential to be a chart buster. Although currently these crops add a minor contribution to the sales, the research efforts are on to take each crop to its deserved height. Your company maintains its presence in all these crops, to ensure visibility as also presence in all areas.

Vegetables: In order to provide the desired impetus to vegetable segment, we have created a separate Vegetable Vertical. In house research of your company, led by Dr. Chandra Pathak, has managed to develop a balance product portfolio comprising chilli, okra, tomato, brinjal, bottle gourd, bitter gourd, sponge gourd, ridge gourd and cucumber. Few of our products in chilli, tomato and okra are considered to be amongst the best in the industry on a range of parameters. Since vegetables are grown through the year, the vertical would provide stability to the revenues. Backed on our product superiority, we expect strong growth in vegetable seeds in the years to come.

Crop Supplements: Win-chi-win is a bio growth enhancer for cereals, vegetables crops, fruits, etc. It is a promising product which your company is aggressively pursuing for growth. We believe that there is a large market for this product and market size is manifold and just waiting to be tapped. We plan to make this product a chart buster in the years to come.

Marketing

Marketing is one area which always requires complete attention. Even with the best of product portfolio, company cannot achieve the desired heights without a strong marketing support. Under the able leadership of Mr. Madhav Dhande your company was able to attract some of the finest marketing talents in the industry. The important changes brought in by Mr. Dhande during the year like Creating a rating mechanism for distributors, focusing on the performing and good potential distributors, reduction in number of active distributors, Rationalizing the portfolio of products, working extensively with farmers to help them improve their yields and Rejuvenating the sales team and bringing in fresh new talent at different levels in the marketing set up of your company have commenced to show results. He is confident of the products and their sales potential.

Financials

The company is gearing up for an enhanced growth during the coming years. During FY 2018, we inducted fresh equity through Qualified Institutional Placement for repayment of Long-term Loans as also to strengthen the Working Capital. Accordingly, all long-term loans were duly paid by the company and balance funds parked with the company bankers for working capital needs. The company plans to use these funds judiciously to achieve target growth.

The revenues saw a reasonable upward trend of 12.82 %. The growth can be attributed to enhanced Cotton, Paddy, Vegetables and Win-Chi-Win sales. Cotton and Paddy continued to contribute around 20% and 40 % of the total sales. However, PNS segment contributed around 10% and the better margins in this segment resulted in better margins. The Net Profit (PBT) increased by astounding 79%. Part of the increase was due to better product mix and increased margins. The reduction in discounts and schemes also contributed as a major factor towards the same.

The Inventory holding has been gradually reducing over the last 2-3 years. It is basically due to controlled production and enhanced sales. However, the debtors have shown an increase over the last year. The company reduced the Cash Discount schemes at the year end, thereby enhancing debtors but increasing the profit margin. Advances to production growers have also increased over the year. Seed production for the coming years, especially cotton and paddy, can only be ensured with quality producers, by making advance booking of their lands. And we plan to exponentially enhance cotton sales. Our cotton products have been well accepted and are in demand. Similarly, the trade payables have reduced in FY 18. The reduction in payable period facilitates the trade confidence.

Finally, the financial year 2018 was a progressive year and the efforts of renewed marketing vigour have started showing results. The products are being recognised for their yield and quality. At Nath Bio-Gen we are undergoing a complete transformation and there is an energy, passion and focus to achieve something meaningful over the years to come. Nath Bio-Gen is essentially a company devoted to the services of the farmers. Your company will strive to help increasing the income level of farmers and do its bit to achieve government mission of doubling farm income by 2022. We believe that seed technology must be at the forefront for the Government to achieve its objective.

INDEPENDENT AUDITOR'S REPORT

To,
The Members of
Nath Bio-genes (I) Limited
Aurangabad

Report on the Financial Statements

1. We have audited the accompanying financial statements of Nath Bio-genes (I) Limited having CIN: L01110MH1993PLC072842 ("the Company"), which comprise the Balance Sheet as at 31st March 2018, the Statement of Profit and Loss (including other comprehensive income), Cash Flow Statement and Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Ind AS Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation and presentation of these Ind AS financial statements to give a true and fair view of the financial position, financial performance (including other comprehensive income), cash flows and changes in the equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified in the Companies (Indian Accounting Standards) Rules, 2015 (as amended) under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.
4. We have taken into account the provisions of the Act and the rules made thereunder including the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and rules made thereunder.
5. We conducted our audit of the Ind AS financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's directors, as well as evaluating the overall presentation of the Ind AS financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Ind AS financial statements.

Qualified Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2018 and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Emphasis of Matter

9. We draw attention to Note No 32 to the financial statements which describe that Trade Receivable, Trade Payable, Unsecured Loans, Employee balances, Deposits, Loans and Advances (including advances given to growers and inter party transfer & balances) are subject to confirmation and reconciliation.
Our opinion is not qualified in respect of these matters.

Other Matter

10. The financial information of the company for the year ended 31st March 2017, and the transition date opening balance sheet as at 1st April 2016 included in these Ind AS Financial Statements, are based on the previously issued statutory financial statements for the years ended 31st March 2017 and 31st March 2016 prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (as amended), which were audited by previous auditors, on which they have not expressed modified opinion dated 30th May 2017 and 30th May 2016 respectively. The adjustments to those financial statements for the differences in accounting principles adopted by the company on transition to the Ind AS have been audited by us. Our opinion is not qualified in respect of these matters.

Report on Other Legal and Regulatory Requirements

11. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, and on the basis of such checks of the books and records of the company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure "A", a statement on the matters specified in paragraph 3 and 4 of the Order.

12. As required by section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The Balance Sheet, the Statement Profit and Loss (including other comprehensive income), the Cash Flow Statement and statement of change in equity dealt with by this report are in agreement with the books of account;
- d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act;
- e) On the basis of written representations received from the directors as on 31st March 2018, and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2018, from being appointed as a director in terms of section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the company and operating effectiveness of such controls, refer to our separate report in Annexure "B"; and
- g) With respect to the other matters to be included in the Auditors Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our knowledge and belief and according to the information and according to the explanation given to us:
 - i. the company has disclosed the impact of pending litigations as at 31st March 2018 on its financial position in its Ind AS financial statements-Refer Note No. 34 to the Ind AS financial statements.
 - ii. the Company does not have long term contracts or derivative contracts which require provision.
 - iii. there is no amount required to be transferred to investor education and protection fund.

ANNEXURE “B” TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

1. We have audited the internal financial controls over financial reporting of **Nath Bio-genes (I) Limited** (“the Company”) as of 31st March, 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.
5. We believe that the audit evidence, we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

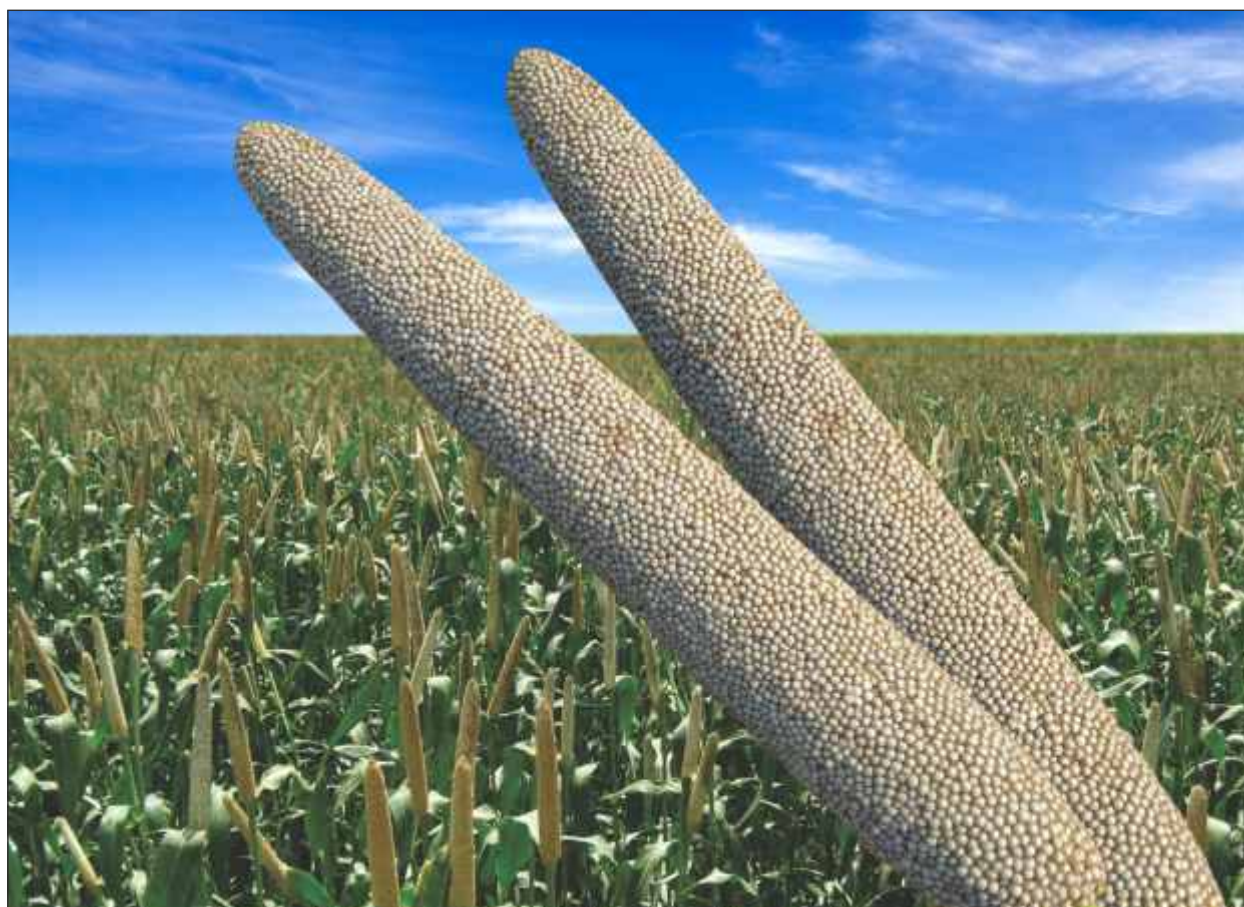

Opinion

8. In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Note No .1 :

General Information

Nath Bio-Genes (India) Limited (CIN L01110MH1993PLC072842) is incorporated under the Companies Act, 1956 with its registered office at Nath House, Nath Road, Aurangabad. The company is engaged in the business of Production, Processing, and Marketing of Hybrid and GM Seeds. The Company has a product range of Field crops, Vegetable crops and Plant Nutrient Supplements. The major Processing Plants are situated at Aurangabad (MS), and Munipalli, Nizamabad (TG). The company has a Pan India presence for sales through an extensive network of distributors.

The financial statement for the year ended 31st March 2018 are approved by the Board of Directors and authorised for issue on 30th May 2018.

Note No. 2 :

Significant Accounting Policies:

A Statement of Compliance

The company has adopted all the Ind AS and the adoption was carried out in accordance with Ind AS 101, First Time Adoption of Indian Accounting Standard. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014. Reconciliations and descriptions of the effect of the transitions have been summarised in the annexed notes no 31.

B Basis of Preparation and Presentation

- i) The financial statements are prepared on historical cost basis in accordance with applicable Indian Accounting Standards (Ind AS) and on accounting principles of going concern except fixed assets which are measured at fair values. These financial statements have been prepared to comply with all material aspects with the Indian accounting standards notified under section 133 of the Act, (the "Act") read with Rule 7 of the Companies (Accounts) Rules, 2014, and the other relevant provisions of the Act.
- ii) Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policies hitherto in use.
- iii) As the quarter and year figures are taken from the source and rounded to the nearest digits, the figures already reported for all the quarters during the year might not always add up to the year figures reported in this statement.
- iv) All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current classification of assets and liabilities.

C Revenue Recognition

- i) Revenue is measured at the fair value of the consideration received or receivable where the ownership and significant risk has been transferred to the buyer.
- ii) Interest on overdue debtors is accounted for as and when received, as the collection cannot be ascertained with reasonable certainty.
- iii) Sales return are accounted for / provided for in the year in which they pertain to, as ascertained till finalization of the books of account.
- iv) Compensation on account of crop quality discounts are accounted for as and when settled.

D Property, Plant And Equipments

- i) Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at deemed cost less and accumulated depreciation. Freehold land is not depreciated.
- ii) Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.
- iii) Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.
- iv) An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.
- v) New product development expenditure is capitalized to Gene/Seed Development Know-how. The same is written off in ten equal yearly installments commencing from the year in which the tangible benefits start accruing to the Company.

E Capital Work-in-progress

Expenditure related to and incurred during the implementation of the projects is included under Capital Work-in- Progress and the same are capitalized under the appropriate heads on completion of the projects.

F Depreciation / Amortization

- i) Depreciation on tangible Fixed Assets is provided for on basis of useful life specified in Schedule II to the Act.
- ii) Intangible assets such as Gene/Seed Development Know-How are amortized in ten equal yearly installments commencing from the year in which the tangible benefits start accruing to the Company from such assets.
- iii) Depreciation is charged as per the provisions of Schedule II to the Act based upon useful life of assets. The useful life is adopted for the purpose of depreciation is as under.

Assets	Useful life year
i) Factory Building	30
ii) Plant & Machineries	15
iii) Laboratory Equipment	10
iv) Agricultural Equipments	15
v) Office Equipments	15
vi) EDP Equipments	3
vii) Furniture & Fixture	10
viii) Motor Car & Light Vehicle	8

G Impairment

Assessment is done at each Balance Sheet date as to whether there is any indication that an asset may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

H Research And Development Expenditure:

The research expenditure incurred has been charged off to the Statement of Profit & Loss.

I Inventories:

- i) Inventories comprise of Unprocessed seeds, Under- Processed Seeds, Processed Seeds, Packing Material and traded goods. Inventories are valued at the lower of cost or the net realisable value after providing for obsolescence and other losses, where considered necessary. Cost is determined on Weighted Average basis. Cost includes all charges in bringing the goods to their present location and condition and receiving charges.
- ii) The cost of Under-Processed Seeds and Processed Seeds comprises of direct labour, other direct costs and related production overheads. Net realizable value is the estimated selling price in the ordinary course of business less the

J Foreign Currency Transactions:

- i) Transactions in foreign currency are recorded at the rate prevailing on the date of the transaction.
- ii) Current Assets and Current Liabilities in foreign currency outstanding as at the year-end are stated at the rates of exchange prevailing at the close of the year. The resultant gains/losses of the year are recognized in the Statement of Profit and Loss.

K Government Grants

- i) Grants are accounted for where it is reasonably certain that the ultimate collection will be made.
- ii) Grants relating to Fixed Assets in the nature of Project Capital Subsidy are credited to Capital Reserve.
- iii) Others are credited to Statement of Profit and Loss.

L Employees Benefits:

Liability as at the year end in respect of retirement benefits is provided for and/ or funded and charged to Statement of Profit and Loss as follows:

i) Provident Fund / Family Pensions:

At a percentage of salary/wages for eligible employees.

ii) Retirement benefit costs and termination benefit

The Company determines the present value of the defined benefit obligation and recognizes the liability or asset in the balance sheet. The present value of the obligation is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each year

Defined benefit costs are composed of:

(a) service cost – recognized in profit or loss; service cost comprises (i) current cost which is the increase in the present value of defined benefit obligations resulting from employee service in the current period, (ii) past service cost which is the increase in the present value of defined benefit obligations resulting from employee service in the prior periods resulting from a plan amendment, and (iii) gain or loss on settlement.

(b) remeasurements of the liability or asset - recognized in other comprehensive income.

(d) remeasurements of the liability or asset essentially comprise of actuarial gains and losses (i.e. changes in the present value of defined benefit obligations resulting from experience adjustments and effects of changes in actuarial assumptions).

Short-term benefits: A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave and other short term benefits in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Other long-term benefits: Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date

iii) Bonus

The company recognises a liability and expense for bonus. The company recognises a provision where contractually obliged or where there is past practice that has created a constructive obligation.

M Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use. All other borrowing costs are recognised in the Statement of Profit and Loss in the period in which they are incurred. The Company determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the period less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that an entity borrows funds specifically for the purpose of obtaining a qualifying asset. In case if the Company borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalisation are determined by applying a capitalisation rate to the expenditures on that asset. The Company suspends capitalisation of borrowing costs during extended periods in which it suspends active development of a qualifying asset

N Taxation

Income Tax

Provision for Current Tax is made and retained in the accounts on the basis of estimated tax liability as per applicable provisions of Income Tax Act 1961.

Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Current and deferred tax for the period

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination. The Company recognises interest levied and penalties related to Income Tax assessments in the tax expense.

O Agricultural Activities

- i) Income from the agricultural activities is accounted for up to the stage of dispatch of goods by the Company to the customer after processing.
- ii) Expenses which are directly related to the agricultural activities have been accounted for in the books of account under the respective activities. Expenses which are not related to the specific activities are allocated on the basis of turnover (net of return and Schemes & Discounts) of Agricultural activities and Trading activities.

P Earning Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit for the year attributable to equity share holders. The weighted average number of equity shares outstanding during the year and for all years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

Q Use Of Estimates

The preparation of Financial Statements requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of Financial Statements and the reported amounts of revenues and expenses during the reporting period. Difference between the actual results and the estimates are recognised in the period in which the results are known/ materialised.

R Provision And Contingent Liabilities

Provisions: Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value.

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

S Cash And Cash Equivalents

In the Cash Flow Statement, cash and cash equivalents includes cash on hand, demand and short term deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

T Financial Assets At Amortised Cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

U Financial Assets At Fair Value Through Other Comprehensive Income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and a contractual terms of the financial assets give rise on the specified dates to cash flows that are solely payment of the principal and interest on the principal amount outstanding.

V Financial Assets At Fair Value Through Profit Or Loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of assets and liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

W Financial Liabilities

Financial liabilities are measured at amortised cost using the effective interest method, if tenure of repayment of such liability exceeds one year.

X Equity Instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. The Company recognises equity instruments at proceeds received net off direct issue cost.

Y Reclassification of Financial Assets

The Company determines classification of the financial assets and liabilities on initial recognitions. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the company's operations. Such changes are evident to external parties. A change in the business model occurs when a company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognized gains, losses (including impairment gains and losses) or interest.

Z Offsetting of Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet if there is currently enforceable legal right to offset the recognized amounts and there is on intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

31 First Time adoption of Ind AS

Transition to Ind AS .

These are the Company's first financial statement prepared in accordance with Ind AS.

29.1 emptions and exceptions availed

The accounting policies set out in Note 1, have been applied in preparing the financial statements for the year ended March 31, 2018, the comparative information presented in these financial statements for the year ended March 31, 2017 and in the preparation of opening Ind AS balance sheet as at April 1, 2016. In preparing its opening balance sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP). An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes.

29.1 emptions and exceptions availed

Ind AS optional exemptions cost.

29.1.1. Deemed cost:- Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as for the previous GAAP and use that as its deemed cost as at date of transition after making necessary adjustments for decommissioning liabilities. The exemption can also be used for intangible assets covered by Ind -38 Intangible Assets. Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying values as at April 1, 2016.

29.1.2 Leases: Appendix -C to Ind AS 17 requires an entity to assess whether a contract or arrangement contains a lease. In accordance with Ind AS 17, this assessment should be carried out at the inception of the contract or arrangement. Ind AS 101 provides an option to make this assessment on the basis of facts and circumstances existing at the date of transition to Ind AS, except where the effect is expected not to be material. The Company has elected to apply this exemption for such contracts / arrangements, wherever applicable.

29.1.3. Decommissioning liability included in the cost of property, plant and equipment: An entity need not to comply with the requirements of Appendix A of Ind AS -16 changes in Existing Decommissioning, Restoration similar liabilities for liabilities occurred before the date of transition to Ind AS. An entity can measure the liability as at the date transition. The Company has elected to measure such liabilities as on the date of transition and on the basis of such evaluations no liabilities need to be recognised, wherever applicable.

29.2. Ind AS mandatory exceptions

29.2.1. De-recognition of financial assets and liabilities: Ind As 101 requires a first time adopter to apply the de-recongnition provisions of Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows a first-time adopter to apply the de-recognition requirements in Ind AS 109 restrospectively from a date of the entity's choosing, provided that the information needed to apply AS 109 to financial assets and Financial liabilties de-recongnised as a result of past transactions was obtained at the time of initially accounting for those transactions. The Company has elected to apply the de-recognition provisions of Ind AS 109 prospectively from the date of transition to Ind AS, wherever applicable.

29.2.2 Classification and measurement of financial assets: Ind AS 101 requires an entity to assess classification and measurement of financial assets (investment in debt instruments) on the basis of the facts and circumstances that exist at the date transition to Ind AS.

29.2.3. Impairment of financial assets: An entity shall determine the approximate credit risk at the date that financial instruments were initially recognized and compare that to the credit risk at the date of transition to Ind. This should be based on reasonable and supportable information that is available without undue cost or efforts. If any entity is unable to make this determination without undue cost or effort, it shall recognise a loss allowance at an amount equal to lifetime expected credit losses at each reporting date untill that financial instrument is de-recognised. The Company has this exception to analyse credit risk of the financial assets as the date of transition instead of the date of initial recognition.

The management assessed that the fair values of short term financial assets and liabilities significantly approximate their carrying amounts largely due to the short term maturities of these instruments. The fair value of financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction among willing parties, other than in a forced or liquidation sale. The Company determines fair values of financial assets and financial liabilities by discounting contractual cash inflows/ outflows using prevailing interest rates of financial instruments with similar terms. The fair value of investment is determined using quoted net assets value from the fund. Further, the subsequent measurement of all finance assets and liabilities (other than investment in mutual funds) is at amortized cost, using the effective interest method.

Discount rates used in determining fair value

The interest rate used to discount estimated future cash flows, where applicable, are based on the incremental borrowing rate of the borrower which in case of financial liabilities is the weighted average cost of borrowing of the Company and in case of financial assets is the average market rate of similar credits rated instrument. The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. In addition, the Company internally reviews valuation, including independent price validation for certain instruments. Fair value of financial assets and liabilities is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

The following methods and assumptions were used to estimate fair value:-

- Fair value of short term financial assets and liabilities significantly approximate their carrying amounts largely due to the short term maturities of these instruments.
- The fair value of the Company's interest borrowing received are determined using discount rate reflects the entity's borrowing rate as at the end of the reporting period. The own non performance risk as at the end of reporting period was assessed to be insignificant.

Fair value hierarchy

All financial instruments for which fair value is recognized or disclosed are categorized within the fair value hierarchy described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

Level -1 :

Quoted (unadjusted) price is active market for identical assets or liabilities

Level 2:

Valuation technique for which the lowest level input that has a significant effect on the fair value measurement are observed, either directly or indirectly.

Level 3 :

Valuation technique for which the lowest level input has a significant effect on the fair value measurement is not based on observation market data.

33 Financial Instruments and Risk Review

i) Capital Management

The Company's capital management objectives are:-

The Board policy is to maintain a strong capital base so as to maintain investor, creditors and market confidence and to future development of the business. The Board of Directors monitors return on capital employed.

The Company manages capital risk by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings to- equity ratio on a monthly basis and implements capital structure improvement plan when necessary.

The Company uses debt ratio as a capital management index and calculates the ratio as Net debt divided by total equity. Net debt and total equity are based on the amounts stated in the financial statements.

Debt-to-equity ratio is as follows

Particular	As At 31st March 2018 (₹)	As At 31st March 2017 (₹)	As At 31st March 2016 (₹)

* Net Debts includes Non-Current borrowings, Current borrowings, Current Maturities of non current borrowing net off Current Investment and cash and cash equivalent

** Equity Include Paid up Share Capital and Other Equity.

ii) Credit Risk

Credit risk is the risk of financial loss arising from counter-party failure to repay or service debt according to contractual terms or obligations. Credit risk encompasses both, the direct risk of default and the risk of deterioration of credit worthiness as well as concentration of risks. Credit risk is controlled by analyzing credit limit and creditworthiness of customers on a continuous basis to whom the credit has been granted offer necessary approvals for credit.

Financial instruments that are subject to concentration of credit risk principally consists of trade receivable investments, derivative financial instruments and other financial assets. None of the financial instruments of the Company results in material concentration of credit risk

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk is as under, being the total of the carrying amount of balances with trade receivables.

As on	Amount in Rs
31st March, 2018	82,04,92,719
31st March, 2017	51,82,45,541
1st April, 2016	45,31,14,590

Trade receivables

Ind AS requires expected credit losses to be measured through a loss allowance. The Company assesses at each date of financial statement whether a financial asset or group of financial assets is impaired. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to 12 months expected credit losses or at an amount equal to the life time expected credit losses, if the credit risk on the financial asset has increased significantly since initial recognition. Before accounting any new customer, the Company uses an external/internal credit scoring system to assess potential customer's credit quality and defines credit limits by customer. Limits and scoring attributed to customer are reviewed periodic basis

iii) Liquidity Risk

a) Liquidity risk management

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.
