MANAGEMENT DISCUSSION & ANALYSIS REPORT

INDUSTRY STRUCTURE & DEVELOPMENT

Tourism being one of the important and leading industries plays a vital role and also ensures the strong presence of India in Global Scenario. The Industry also provides substantial growth to the country across various socio-economic segments with a strong platform for generation of Foreign exchange. Of course for the present industry is facing challenges as there have been many footfalls in the inbound tourism lately, As the consequence arrivals from abroad have been drastically reduced. Paradoxically domestic tourists' influx has indeed shown a rising graph.

Accordingly in order to provide extra attractions to the incoming tourists, the Company has planned several VALUE ADDED offerings and expects an appreciable outcome with such plans.

OUTLOOK, OPPORTUNITIES AND THREATS

Despite high level and aggressive thrust both from the State side and also the tourism related Agencies no one can be sure as to the actual levels of tourists' inputs in the coming season, still struggling for substantial growth. However, uncertainty is never a threatening point for the entrepreneurs with intrinsic business acumen and challenge loving Executives.

RISK & CONCERNS

Tourism is considered to be quite sensitive to socio-political situations in a country. Hence basically being a seasonal business; lower revenues in the non peak season do make significant dents in the revenues and call for quite a discreet spending under various heads of expenditure. Your Management hence has been monitoring the situation both from quantitative and availability point of view. Course corrections are implemented which are definitely beneficial to achieve the growth.

INTERNAL CONTROL SYSTEMS

The Company has built adequate systems of internal controls towards achieving efficiency and effectiveness in operations, optimum utilization of resources, and effective monitoring thereof as well as compliance with all applicable laws The internal control mechanism comprises a well-defined organisation structure, documented policy guidelines, predetermined authority levels and processes commensurate with the level of responsibility.

HUMAN RESOURCES MANAGEMENT

The Company's belief in trust, transparency and teamwork improved employee efficiency at all levels. The Company's commitment to harmonious industrial relations resulted in enhancing effectiveness of operations and enabled the achievement of international benchmarks in tourism business The company's ongoing objective is to create an inspirational work climate where talented employees engaged in creating sustained value for the stakeholders,

Training and orientation programs are being arranged periodically, to update the employees in the work techniques. The overall human resources are positive and we would be able to effectively achieve the desired objectives. The Company has developed an environment of harmonious and cordial relations with its employees.
