Management accepts responsibility for the integrity and objectivity of these financial reported statements. The estimates and judgments relating to the financial statements have been made on a prudent and reasonable basis, so that the financial statements reflect in a true and fair manner and reasonably present our state of affairs, profits and cash flows for the year.

INDUSTRY STRUCTURE AND REVIEW :

Your Company is a NBFC registered with the RBI to carry out NBFC activities under Section 45(IA) of the Reserve Bank of India Act, 1934 and it is engaged primarily in the business of investing / trading in securities and advancing loans. The Company is also involved in providing fund based financial services and funding solutions to the Indian Corporate, institutions, SME's etc.

NBFCs have been playing a complementary role to the other financial institutions including banks in meeting the funding needs of the economy. They help fill the gaps in the availability of financial services that otherwise occur in bank-dominated financial systems. NBFCs have traditionally focused on customer segments which were not served by banks like MSMEs, construction, mining and farm equipment, commercial vehicles (new and used) and plant and machinery; etc. NBFCs typically are specialized vehicles both in terms of products and the geographies in which they operate. This specialization provides them a unique framework to assess the risk in the undertaken business. The ability of NBFCs to produce innovative products in consonance with needs of their clients is well recognized. This, in addition to the proximity to the clients, makes the NBFCs distinct from its banking sector counterparts.

Your Company is keeping a consistent monitoring of all these developments and is continuously exploring new opportunities. Your Company has been the flag bearer for the NBFC sector for the last decade now and has been aggressively taking up the cause of the sector by way of regular interaction with the regulators and the Governments, both at the Centre and the States.

OPPORTUNITIES AND THREATS :

Opportunities:

Reports from the World Bank indicate that Non Banking Financial Ins turns act as critical pillars contributing to macroeconomic stability and sustained economic growth and prosperity, due to their ability to finance firms and individuals at a reasonable cost, reduce volatility by providing multiple

sources to finance and park funds and enable creation of a competitive environment characterized by a diverse array of products. This has been proven time and again in developed markets. Non-Banking Finance Companies (NBFCs) continue to play a critical role in making financial Services accessible to a wider set of India's population and are emerging as strong intermediaries in the retail finance space. Going forward, one should expect NBFCs to further strengthen their presence in retail finance and grow at a reasonably healthy pace.

Threats:

The biggest challenge before NBFCs is that they are facing off competition from banks and financial institutions, due to their ability to raise low cost funds which enables them to provide funds at much cheaper rate. More stringent capital adequacy norms have been stipulated by RBI for NBFCs which is making difficult for them to give cheaper finance. Ever-increasing competition from commercial counterparts whose capacity to absorb losses is higher, counter-party failures, recommendations being made to increase the purview of monitoring by regulatory authorities increase the threat of losing the essence of Non-banking Finance Companies which are specifically designed to reach out and finance certain target groups.

INDUSTRY OUTLOOK :

Non-banking finance companies in India are expected to see an 18 per cent compounded annual growth rate (CAGR) for the next two and a half years and raise their share in total credit to 19 per cent by 2020, according to rating agency CRISIL. In 2017, NBFCs increased their share in the total credit market to 16 per cent, from 13 per cent in 2015. The share of public sector banks (PSBs) reduced to 51 per cent, from 57 per cent in 2015. CRISIL says PSBs will see a further shrinking of their share to 47 per cent by 2020 as they battle with capital constraints. NBFCs replicating traditional banking services with innovative products and delivery systems would also chip away at PSBs' share.

The home loans segment, the largest business segment for NBFCs, is expected to grow at a steady CAGR of 18 per cent over the next three years as they focus on self-employed customers and lower ticket size. NBFCs are also set to

increase their market share in the wholesale finance business from 12 per cent in 2014 to 19 per cent in 2020. Currently, they have a market share of 12 per cent of the total real estate and structured credit segment, increasing to 14 per cent in 2020, the rating agency said with regulations and government policy pushing developers to focus on the affordable housing market, there is potential for growth by investing and financing these properties. Since the Pradhan Mantri Awas Yojana provides home buyers with a Credit Linked Subsidy Scheme, the effective rate of interest payment falls below rental yields.

Further, believes there are multiple drivers in the vehicle finance and real estate finance segments that will, in the coming years, pose good opportunities for NBFCs to invest and expand within. The most significant driver of growth will be the ability to create innovative products, delivered efficiently through the use of technology.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 10(f) of the Independent Auditor's Report of even date to the members of Suchitra Finance & Trading Company Limited on the financial statements for the year ended 31st March, 2018

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of Suchitra Finance & Trading Company Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing prescribed under section 143(10) of Act and the Guidance Note, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.
