Global economic overview

COVID-19 pandemic is inflicting high and rising human costs worldwide. Protecting lives and allowing health care systems to cope have required isolation, lockdowns, and widespread closures to slow the spread of the virus. The health crisis is therefore having a severe impact on economic activity. As a result of the pandemic, the global economy is projected to contract sharply by -3 percent in 2021, much worse than during the 2008-09 financial crisis.

In a baseline scenario, which assumes that the pandemic fades in the second half of 2021 and containment efforts can be gradually unwound, the global economy is projected to grow by 5.8 percent in 2021 as economic activity normalizes, helped by policy support. There is extreme uncertainty around the global growth forecast. The economic fallout depends

on factors that interact in ways that are hard to predict, including the pathway of the pandemic, the intensity and efficacy of containment efforts, the extent of supply disruptions, the repercussions of the dramatic tightening in global financial market conditions, shifts in spending patterns, behavioral changes (such as people avoiding shopping malls and public transportation), confidence effects, and volatile commodity prices. Many countries face a multi-layered crisis comprising a health shock, domestic economic disruptions, plummeting external demand, capital flow reversals, and a collapse in commodity prices.

Indian economy

According to Crisil report published in June 2020, The Indian economy will contract 5% in fiscal 2021. with non-agricultural GDP to contract by 6% and agriculture could cushion the blow by growing at 2.5%. This is premised on the following: an extension of restrictions and lockdown, especially in states where Covid-19 cases are still rising; a normal monsoon that supports the kharif crop and agriculture incomes; softer crude oil prices; and, limited fiscal support to prop up an immediate growth revival. Overall, risks remain tilted to the downside and hinge on further extension in containment measures, slipping of global growth and a sub-normal monsoon.

Outlook

Covid-19 has put the biggest question mark on the economic recovery of India and the world, even as nations began to phase out their lockdowns by the second half of May 2020. There were fears on several fronts viz. (i) of the infection rate soaring as people came out of self-isolation; (ii) of the virus mutating to a more virulent strain; and (iii) of a vaccine not being found soon enough. Despite the challenges of a global recession, currency risks and liquidity concerns, long-term prospects for the Company's business remain positive. Our focus will continue on sustainable growth by taking measures for increasing our market share of existing products and creating new business in niche industry customers. Your company has started exploring new ways of utilising its valuable assets such as Plant and Machineries, technical know how, etc.

Opportunities and Threats

The Chemical Industry is critical for the economic development of our country, providing products and enabling technical solutions in virtually all sectors of the economy. The in-house R&D Department has been developing quality products and is also striving for achieving cost efficiencies. Your company is facing competition in domestic market from Foreign competitors, specifically from China.

Risks & Concerns

Even after the severe downgrade to global growth, downside risks to the outlook persist.

The key risks are:

1. The effects of the health crisis on economic activity and financial markets could turn out to be stronger and longer lasting than initially estimated, testing the limits of central banks to backstop the financial system and further raising the fiscal burden of the shock.
2. As of mid-May 2020, the path of the Covid-19 pandemic remains uncertain. Strong containment efforts to slow the spread of the virus may need to remain in force for longer than first half of CY 2020 if the pandemic proves to be more persistent than assumed in the WEO baseline.
3. For several reasons, the recovery of the global economy could be weaker than expected even after the pandemic recedes for now. These reasons include lingering uncertainty about the return of the contagion, confidence failing to improve, establishment closures, massive job losses and purchasing power erosion and structural shifts in business and household behaviour, leading to more supply chain disruptions and weak aggregate demand.
4. Related to the uncertainty around Covid-19, an extended risk-off episode in financial markets and tightening of financial conditions could cause deeper and longer-lasting downturns in a number of countries.

Presently, your company is focusing best manufacturing methods keeping in view safety measures. Managing Director is reviewing safety in process from time to time.

Internal Control System and Adequacy

The Company has suitable and adequate internal control system and adequacy system for safeguarding the assets. Board of Directors is reviewing the system from time to time for benefits of the company. Reviews are conducted on an on-going

Annual Report 2020-21

basis, based on a comprehensive risk based audit plan, which is approved by the Audit Committee at the beginning of each year. The Audit Committee meets on a quarterly basis to review and discuss the various Internal Audit reports and follow up action plans of past significant audit issues and compliance to the audit plan.

Human Resources

The company is providing sufficient motivation for better performance of human resources. Company's main emphasis is on developing skill and expertise in employees. Steps are taken for reskilling and upskilling Company's talent pool with future-ready and future-engaged competencies. This includes functional capability, behavioural or managerial capability and leadership capability.

Preparation and Presentation of Financial Statements

Basis of Preparation & Measurement

The financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standard) Rules, 2015. The Presentation of the Financial statement is based on Ind AS Schedule III of the Companies Act, 2013.

The financial statements have been prepared on an accrual basis and in accordance with the historical cost convention, unless otherwise stated. All assets and liabilities are classified into current and non-current generally based on the criteria of realisation/settlement within a twelve-month period from the balance sheet date.

Current/Non- Current Classification

Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is:

- (i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- (ii) Held primarily for the purpose of trading
- (iii) Expected to be realised within twelve months after the reporting period, or
- (iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- (i) It is expected to be settled in normal operating cycle
- (ii) It is held primarily for the purpose of trading
- (iii) It is due to be settled within twelve months after the reporting period, or
- (iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

Company classifies all other liabilities as non-current. Company has identified twelve months as its operating cycle.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in India requires the management to make estimates and assumptions that affect the reported amount of assets and liabilities as of the Balance Sheet date, reported amount of revenues and expenses for the year and disclosure of contingent liabilities as of the Balance Sheet date.

Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about the assumptions and estimates may result in outcomes requiring a material adjustment to the carrying amount of assets or liabilities in future periods. Difference between actual results and estimates are recognized in the Profit and Loss Statement in the year in which the results are known/ materialized.

Property, Plant and Equipment

Items of Property, Plant and Equipment are valued at cost, namely, cost of acquisition and other incidental expenses directly related to their installation/erection less accumulated depreciation and impairment, if any. Capital work-in-progress comprises of the cost of fixed assets that are not yet ready for their intended use at the reporting date. Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefit from the existing asset beyond its previously assessed standard of performance.

On transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognized as at April 1, 2016 measured as per the previous Indian GAAP and use that carrying value as the deemed cost of property, plant and equipment.

Depreciation on tangible assets (other than Leasehold Land) is generally computed on a pro-rata basis on the basis of the estimated life specified in Schedule II of the Companies Act, 2013 under Straight line method. The useful life of assets prescribed in Schedule II to the Companies Act, 2013 are considered for the purpose of Computation of Depreciation. Depreciation charge on additions / deletions is restricted to the period of use.

No depreciation is provided for leasehold land since as per the lease agreements; the leases are renewable at the option of the Company for a further period of 99 years at the end of the lease period of 99 years, without / with marginal payment of further premium.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Impairment

Assessment is done at each Balance Sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset / cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognized for an asset in prior accounting periods may no longer exist or may have decreased.

Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone Ind AS financial statements. Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the Standalone Ind AS Financial Statements and our Auditor's Report thereon.

Annual Report 2020-21

Our opinion on the Standalone Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management and Those Charged with Governance for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS Financial Statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Ind AS Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the Standalone Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on

the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the Standalone Ind AS Financial Statements, including the disclosures, and whether the Standalone Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Ind AS Financial Statements for the financial year ended March 31, 2021 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
