CHAIRMAN MESSAGE

Dear stakeholders,

I am pleased to share with you an update on your Company's performance for 2019-2020. Despite the challenging economic conditions, we had a productive year, growth, and transformation initiatives, expanding and deepening our relationships, and deploying very impactful solutions.

The recent global COVID-19 pandemic that has spread across the world has affected business, industry, and many aspects of our lives. At Vishal, we have taken significant steps to help minimize the health risks of all our associates and business partners.

Vishal Bearings Limited's Board of Directors continues to play a pivotal role in providing timely advice and serving as a source of inspiration. The Board's involvement in encouraging, guiding and challenging the team in various activities is unparalleled. I want to take this opportunity to thank them for their time and wisdom. We remain confident in our strategic direction and we thank all our Shareholders for your trust and faith, which have helped drive our success over the years. I would also like to thank all our associates for their hard work, and Stakeholders for their ongoing support.

Your company is focused on customer growth metrics and has successfully added new OEMs and Distributors which contributed to the overall revenue. The current status of your company's new order book in the pipeline from both domestic and exports customers is vibrant and healthy.

Your company has been closely monitoring the status of the pandemic outbreak and its potential unforeseen adverse impact. Anticipating the further time-scope of the current restrictions implemented by the Government of India, to curb the outbreak of virus in the coming days, all our critical business functions and support facilities have geared up to adapt to this novel working environment to create a robust dynamic structure for business continuity with contingency plans into action.

Our top priority is the safety and well-being of our employees, who are vital to support our customers and the communities we operate in. Considering the potential risks of safety we have implemented a number of preventative and precautionary actions with immediate effect to ensure employee well-being and continued service of our customers.

While Our Company has grown leaps and bounds over the years, we have stayed true to our core values and we will continue to move the world forward through our products and actions and delivering good results along the way.

Best Wishes,
Hiralal Changela
Chairman

OPERATIONAL OVERVIEW:

Overall business trends in 2019 were on downturn due to a reduction in domestic demand and global turmoil. Companies are trying to have their stand for sustainability in such tangible crisis, which has created the disruption in the market, your company is trying to maintain its continuity in the business as a coping mechanism.

Last quarter of financial year 2019-20 revealed the positive indication in terms of demands from domestic market. With the outbreak of COVID-19 in March 2020, possibility of improvement in Q1 in 2020-21 looks challenging.

Your company is optimistic about growth plan and expending the wings to reach the customers and provide cost effective Engineering & Bearing solutions. In continuation of last year, focus is to expand the distribution network and addition of new, OEM customers with expanding or product portfolio.

The export business focus is to add new dimensions in your company's export business by expanding geographical reach.

The market is very unpredictable, but company is trying to understand the new gradually evolving dynamics of the market.

In current crisis most of the employees were working from home which proved to be support system for maintaining the continuity in business in such limited resources. The Company is on experimental mode to try new avenues with help of technology in this digital era.

IMPACT AND IMPLICATIONS OF COVID-19 ON THE AUTOMOTIVE INDUSTRY

The COVID-19 pandemic has pushed humanity and the global economy into a crisis not seen since The Great Depression. In their effort to curb this pandemic, the Indian government, like many others, has enforced a national lockdown for 21 days. While the lockdown may have helped limit the spread of the virus, it has severely affected the economy, disrupting entire value-chains of most major industries in India. The automotive industry is no different.

The auto sector had already undergone considerable slowdown over the last 12-18 months due to structural changes beginning with the Goods and Services Tax, shift to Shared Mobility, Axle-load reforms, the Bharat Stage-IV (BS-IV) to Bharat Stage-VI (BS-VI) transition, Liquidity Crunch and so on. The COVID-19 lockdown has had a multiplier effect the industry has almost been at a complete stand still since 24th March. A prolonged truncation of consumer demand due to the lockdown is seen significantly affecting auto manufacturers (OEMs) revenues and cash flows.

In response, most of the companies are starving research and development (R&D) funding to sustain core operations and potentially setting back the progress made on alternate fuel and mobility technologies by 2-4 quarters. Eventually, some companies may even choose to take a strategic call to exit unprofitable markets and vehicle segments.

COVID-19

The World Health Organization declared a global pandemic of the Novel Corona virus disease (COVID-19) on February 11, 2020. To prevent the rapid rise of infections, governments almost all countries severely restricted travel, mandated extreme 'social distancing' measures and reduced demand supply chains to only those that are 'essential'. Office complexes, such as our campuses, our client offices and supplier offices, have been asked to operate with minimal or no staff for extended periods of time.

The crisis has affected, and continues to impact, our key stakeholders, employees, clients, vendor and the communities that we operate in. In responding to this crisis, our primary objective is to ensure the safety of our employees, to deliver our client commitments, and put in place mechanisms to protect the financial well-being of the Company and protect its long-term prospects.

 - d) The Securities and Exchange Board of India (Share based Employee Benefits) Regulations, 2014;

- e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 – **Not applicable as the company has not issued any debt securities;**
- f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client – **Not applicable as the company is not registered as Registrar to issue and Share Transfer Agent during the financial year under review;**
- g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 – **Not Applicable as the Company has not delisted / proposed to delist its equity shares from any Stock Exchange during the Financial Year under review;**
- h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 – **Not applicable as the Company has not bought back / proposed to buy-back any of its securities during the financial year under review.**
- i) Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Listing Agreements entered into by the Company with Bombay Stock Exchange (SME Platform).

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that having regard to the compliance system prevailing in the Company and on the review of quarterly compliance reports taken on record by the Board of Directors and on examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has complied with the labor and environmental laws as applicable.

I further report that the compliance by the Company of applicable financial laws, like direct and indirect tax laws, has not been reviewed in this Audit since the same has been subject to review by statutory financial auditor and other designated professionals.

I further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors, Independent Directors and Women Director. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views, if any, are captured and recorded as part of the minutes.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period there was no event/action having a major bearing on company's affair in pursuance of the above – referred laws, rules, regulations, guidelines, standards, etc;

STATEMENT OF CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

pursuant to provisions of section 134 of the Companies Act, 2013 read with the companies (Accounts) Rules, 2014

A) CONSERVATION OF ENERGY

The Company is making continuous efforts on ongoing basis for energy conservation by adopting innovative measures to reduce wastage and optimize consumption.

Energy conservation initiatives are being planned and implemented across manufacturing locations. Apart from regular practices and measures for energy conservation, many new initiatives were driven across all the units. Some of the key measures taken in all the plants are as follows:

- Energy efficient chillers.
- New Machinery with low power consumption is installed.
- Alternative energy efficient neutral atmosphere.
- Energy efficient motors for utilities and replacement of capacitor panels to meet the current specifications and requirements.
- More usage of electricity purchased from GEB.

These measures have also led to power saving, reduced maintenance time and cost, improved hygienic condition and consistency in quality and improved productivity.

Consumption	Year Ended 31.03.2020	Year Ended 31.03.2019
Electric, Power and Fuel	29,369,532	37,657,699

B) TECHNOLOGY ABSORPTION

- Improved production methods to achieve higher yield and lower wastage
- Continuous benchmarking of products to achieve world class processes

Operations of the company do not involve any kind of special technology and there was no expenditure on research & development during this financial year. However, your company continues to upgrade its technology (computer technology and telecom infrastructure) in ensuring it is connected with its clients across the globe.

MANAGEMENT DISCUSSION AND ANALYSIS

GLOBAL ECONOMY

The global economy witnessed a sluggish 2019, registering a growth of 2.9%. A sharp contraction in growth by 3% for 2020 is also estimated (Source: International Monetary Fund). Economic activities were principally upended by the general slowdown, rising trade disputes, intensifying geopolitical tensions, and the unprecedented Covid-19 pandemic. The global economy, even against the confluence of risks, is expected to grow by 5.8% in 2021. The economic activities are anticipated to normalize gradually. Appropriate support by various policies and the containment efforts are expected to steadily unwind whilst the pandemic fades slowly. (Source: International Monetary Fund World Economic Outlook, April 2020)

INDIAN ECONOMY

The Indian economy, backed by its partnerships and strong democracy, is one of the world's fastest-growing economies. As per a report released in April 2020, by the Global Rating Agency, Fitch, India's GDP growth rate is projected at 0.8% for 2020-21. It is further likely to rebound to 6.7% in 2021-22. The slowdown in the current year can be attributed to the Center-imposed lockdown, addressing the need of containment to limit the spread of Coronavirus. The relatively lower growth rate in the previous financial year can also be attributed to a credit squeeze, sluggish manufacturing growth, subdued consumption, and the global economic slowdown. Before the pandemic, even though the economic activities remained muted, survey indicators suggested improvement across both, manufacturing, and services sectors. Additionally, several monetary policies and reduced trade policy tensions assisted in improving the otherwise weakening financial conditions. The manufacturing Purchasing Managers Index (PMI) fell from 54.5 in February 2020 to 51.8 in March 2020. On the other hand, the Index of Industrial Production rose by 4.5% in February 2020 over the corresponding figure last year. However, it is expected to shrink in March, triggered by the Covid-19 crisis (Source: Bloomberg Quint dated April 09, 2020). It is indeed unfortunate that the first month of the current year, that began on a positive note, took a downward trend in March. However, the collapse in oil prices will aid in reducing the fiscal deficit, ease pressure on inflation, and interest rate, besides reviving the economic activities.

Measures taken by Government of India in 2019 – 20 like, RBI's repo-rate cut by 110 basis points since April 2019 to ease the credit flow in the economy and improve consumption growth, cut in the basic corporate tax rate to 22% from 30% for existing companies and to 15% from 25% for new manufacturing companies, announcement of INR 102 Lac Crore on infrastructure through the National Infra Pipeline (NIP) and many more such policy reforms, helped build some temporary positive sentiments to hold on the economy throughout the year. In the last quarter Indian Economy had started seeing some positive revivals where Industrial production in India jumped 2% in January 2020, following a revised 0.1% rise in December 2020, biggest annual gain in industrial output since August 2020.

But in January 2020 when CORONA Pandemic was at its infancy stage in few pockets outside India, few market analysts in their estimate had already started cutting down forecast for India's GDP growth for 2019-20 from 5.1 percent to 4.9 per cent, and from 5.9 per cent to 5.4 per cent for 2020-21. Slowly with the increasing outbreak of corona the entire world started grappling with the pandemic.

Indian bearing market is estimated at Rs. 95 billion and it constitutes less than 5% of global bearing demand. In terms of consumption, about 60% requirement is catered through domestic production while remaining is through imports.

Mainly Indian Industrial bearing market catered through domestically manufactured bearings except large size and special bearings. In terms of demand dynamics, OEMs constitute 60% of demand whereas rest is driven by aftermarket and exports.

Industrial segments constitute approximately 52% of domestic bearing demand which is largely driven by general machines/motors, electrical equipment (fans/appliances) as well as heavy industries. Increasing automation in manufacturing units, thrust by Government's 'Make in India' program, spending towards railways and metros will support growth of manufacturing and engineering sector, which augurs well for bearing industry. Usage of bearings is fairly diversified in industrial segments. Also, Indian bearing manufacturers derive sizeable share of their revenue from exports as well as aftermarket business which lends stability to the business as well as mitigates impact of cyclicity in any segment.

INDUSTRY STRUCTURE AND DEVELOPMENT

The global bearing market size is estimated to touch USD 186.1 billion by 2025, registering a CAGR of 9.1% during 2014-2025 (Source: Grand View Research, Inc., Report). The comprehensive usage of bearing and its subsequent use in all equipment makes it a significant element of the manufacturing eco system. It can be segregated into ball and roller bearing assemblies of various designs. The bearings' demand is mainly derived from two main user segments: automotive and industrial sectors. Primary sources i.e. Original Equipment Manufacturers (OEMs) constitute a larger share of the market demand. The secondary sources i.e. After-market make up for the rest. The automotive sector constitutes a larger market demand share. But even then, the industrial bearings market is far more widespread with a higher number of applications. The usage of bearings is fairly diversified in the automotive sector.

The Company is well-positioned to leverage opportunities. Firmly driven by its strategic focus on digitalization, world-class manufacturing, future workforce and developing cleantech, VISHAL is equipped to face the future with its strong resolve. This enables the Company to offer a comprehensive product portfolio to its customers, emphasizing high-quality standards and service aids, delivering value and sustainable growth.

AUTOMOTIVE SECTOR

The Indian automotive bearing market in 2019, was valued at INR 70 billion, and is estimated to reach INR 156.8 billion by 2024, registering a CAGR of ~18%, between 2020 and 2024 (Source: Business wire). The automobile sector was hit hard in fiscal 2020. Sales declined across vehicle segments, owing to lower discretionary incomes and a general economic slowdown, followed by plant shut-downs due to the Covid-19 crisis. However, the Government's Make in India initiative is pushing the automotive component manufacturers. It is encouraging higher capital allocations towards developing additional manufacturing capabilities or by launching new products or consolidating through mergers and acquisitions. Besides, expanding middle-class population and increasing disposable income, and for logistical requirements owing to an infrastructural push, is expected to spruce up the demand across all the segments. Thereby positively influencing the automotive bearings market.

The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position and financial performance of the Company including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section

143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement, wherever found necessary, that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters, if any identified. We describe these matters, if any in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements.

As required by section 143(3) of the Act, we report that:

- a) we have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b) in our opinion, proper books of account as required by law have been kept by the Company, so far as it appears from our examination of those books;

- c) the Balance Sheet, Statement of Profit and Loss and Cash Flow Statement, dealt with by this report are in agreement with the books of account, as submitted to us;
- d) in our opinion, the aforesaid financial statements comply with the accounting standards specified under Section 133 of the Companies Act, read with Rule 7 of the Companies (Accounts) Rules, 2014, to the extent applicable;
- e) On the basis of written representations received from the directors, as on 31st March, 2020, and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164(2) of the Act;
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure – A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of Section 197(16) of the Act as amended: In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. There were no pending litigations which would impact the financial position of the Company.
 - ii. The Company has made all material provisions, except as mentioned in the notes to accounts, if any, as required under the applicable law or accounting standards, for material foreseeable losses, if any, and as required on long-term contracts including derivative contracts.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

As required by the Companies (Auditor’s Report) Order, 2016 (“the Order”), issued by the Central Government of India in terms of sub-section (11) of Section 143(11) of the Act, we give in the Annexure – B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

ANNEXURE – A TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of VISHAL BEARINGS LIMITED of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **VISHAL BEARINGS LIMITED** (“the Company”) as of 31st March 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2020 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

(i) Basis of preparation

These financial statements are prepared in accordance with Schedule III of the Companies Act, 2013 and under the historical cost basis of accounting and evaluated on a going concern basis, with revenues and expenses accounted for on their accrual to comply in all material aspects with the applicable accounting principles and applicable Accounting Standards notified under section 133 of the Companies Act, 2013 (The Act) read with rule 7 of Companies (Accounts) Rules, 2014. The accountings policies have been consistently applied by the Company; and the accounting policies not referred to otherwise, are in conformity with Indian Generally Accepted Accounting Principles ('Indian GAAP').

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year unless otherwise stated.

(ii) Use of Estimates:

The preparation of financial statements requires estimates and assumptions to be made that affect the reported balances of assets as on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Accounting estimates could change from period to period. Actual results could differ from these estimates. Appropriate changes in estimates are made as and when the Management becomes aware of the changes in the circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which the changes are made and if material, their effects are disclosed in the notes to the financial statements.

(iii) Revenue Recognition:

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

Sales of Goods:

Sales are recognized when significant risks and rewards of ownership of goods have been passed to the buyer.

Power Generation Income:

Power generation income is recognized on the basis of electrical units generated and eligible for captive consumption or captive consumed or sold as shown in the power generation reports issued by the concerned authorities. Power generation income is booked as the per unit electricity rate, being paid by the company / actually sold by the company.

Interest:

Revenue is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend:

Dividend Income is recognized when the Company's right to receive the amount has been established.

Insurance Claim:

Proceeds on maturity of life insurance policy of key managerial personnel have been recognized as income on accrual basis.

(iv) Property, Plant & Equipments:

Fixed assets are stated at their cost of acquisition plus all expenditure incurred for bringing the assets to their present location and condition including the installation costs, net of modvat / cenvat / other credits and includes amounts added on revaluation, less accumulated depreciation and impairment loss, if any. All costs, including specific financing cost till assets put to use, net charges on foreign exchange contracts and adjustment arising from foreign exchange rate variations attributable to the property, plant & equipments are capitalized.

(v) Depreciation / Amortization

The company has charged depreciation on Property, Plant & Equipments on Written Down Value (WDV) method on the basis of useful life / remaining useful life and in the manner as prescribed in, Part C, Schedule II of the Companies Act, 2013. Depreciation on additions/ disposals during the year has been provided on pro-rata basis with reference to the nos. of days utilized.

Depreciation on additions/ disposals during the year has been provided on pro-rata basis.

Details of useful life of an asset and its residual value estimated by the management:

Type of Asset	Useful Life as per management's estimate
Factory Building	30 Years
Plant & Machinery *	20 Years
Furnace	15 Years
Electrification	15 Years
Furniture & Fixtures	10 Years
Computers	3 Years
Computer Software	6 Years
Refrigerator	15 Years
EPBX System	15 Years

Fax Machine	15 Years
Water Filter	15 Years
Mobile & Telephone	15 Years
CCTV System	15 Years
Weighing Scale Machine	15 Years
Motor Cars	8 Years
Motor Cycles	10 Years

Windmill Plant & Machinery	22 Years
----------------------------	----------

In none of the case, residual value of an asset is more than five per cent of original cost of the asset.

* For this class of asset, based on internal assessment and independent technical evaluation carried out by chartered engineer, the useful life is estimated to be 20 Years from the date of its put to use, whereas the useful life for the said class of asset as per Schedule II is 15 Years.

(vi) Inventories

Inventories of Raw Materials, Semi-Finished Goods, Finished Goods and Waste & Scrap are stated at cost or net realizable value, whichever is lower. Cost comprises all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formula used is 'Average cost'. Due allowance is estimated and made for defective and obsolete items, wherever necessary, based on the past experience of the Company.

(vii) Retirement Benefits and other employee benefits

Defined Contribution Plans

Defined contribution to provident fund is charged to the profit and loss account on accrual basis.

Defined Benefit Plans

Provision for gratuity liability is provided based on actuarial valuation made at the end of the financial year.

Leave encashment expenditure is charged to profit and loss account at the time of leave encashed and paid, if any. Bonus expenditure is charged to profit and loss account on accrual basis.

(viii) Foreign Currency Transactions:

Transactions denominated in foreign currencies are recorded at the exchange rate prevailing on the date of transaction.

Foreign currency current assets and current liabilities outstanding at the balance sheet date are translated at the exchange rate prevailing on that date and the net gain or loss is recognized in the profit and loss account.

Foreign currency translation differences relating to liabilities incurred for purchasing Property, Plant & Equipments from foreign countries are adjusted in the carrying cost of Property, Plant & Equipments for differences up to the year-end in the year of acquisition, whereas differences arising thereafter to be recognized in the profit and loss account. All other foreign currency gain or losses are recognized in the profit and loss account.

(ix) Operating Lease

Assets acquired as leases where a significant portion of risk and rewards of ownership are retained by the lesser are classified as operating lease. Lease rentals being income or expense are booked to the profit and loss account as incurred.

Initial direct costs in respect of the lease acquired are expenses off in the year in which such costs are incurred.

(x) Borrowing Cost

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. Costs incurred in raising funds are amortized equally over the period for which the funds are acquired. All other borrowing costs are charged to profit and loss account.

(xi) Taxes on Income

Tax expenses comprise Current Tax / Minimum Alternate Tax (MAT) and deferred tax charge or credit.

Current Tax: Provision for current tax / Minimum Alternate Tax (MAT) is made based on tax liability computed after considering tax allowances and exemptions, in accordance with the provisions of The Income Tax Act, 1961.

Deferred Tax: Deferred tax assets and liability is recognized, on timing differences, being the differences between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets arising mainly on account of brought forward losses, unabsorbed depreciation and minimum alternate tax under tax laws, are recognized, only if there is a virtual certainty of its realization, supported by convincing evidence. At each Balance Sheet date, the carrying amount of deferred tax assets are reviewed to reassure realization. The deferred tax asset and deferred tax liability is calculated by applying tax rate and tax laws that have been enacted or substantively enacted by the Balance Sheet date.

(xii) Earnings/(Loss) per Share

Basic earnings/(loss) per share are calculated by dividing the net profit / (loss) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the year and also after the balance sheet date but before the date the financial statements are approved by the board of directors.

(xiii) Provisions, contingent liabilities and contingent assets

A provision is recognized when the company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on best estimates required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent liabilities are disclosed by way of notes to the accounts.

Contingent assets are not recognized.

(xiv) Investments

Investments being Non-Current Investments consists investments made in equity oriented mutual funds (quoted) and shares in co-operative banks (non-quoted). Investments are stated at cost of acquisition. Provision for diminution in the value of long-term investments is made only if such decline is other than temporary.

(xv) Cash and Cash Equivalents

Cash and cash equivalents in the cash flow statement comprise cash at bank and in hand, cheques on hand and short-term investments with an original maturity of three months or less.

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. Cash flows from operating, investing and financing activities of the Company are segregated, accordingly.
