CHAIRMAN'S COMMUNIQUE'

Dear Shareholders

You all will be delighted to know that the Company has successfully completed twenty four years in serving the nation's need of money. What we call financial assistance is their dream. India, the largest growing economy has come onto its urge of being the Developed Nation; we can proudly say that we were a part of its journey which our country has gone through since its Independence.

The global economy is estimated to have grown by 3.2% in 2017, the best growth rate recorded since 2011. This growth was broad based with most major developed economies showing a positive growth trajectory while the return of global growth is good for exports and developing economies like India in general, a consequence of the growth is tighter monetary policy at the margin by the leading central banks.

India became the fifth largest global economy in US\$ terms in 2018. India continued on its structural reform path, which is beginning to receive global acknowledgement.

The economic activity is expected to gather pace in FY 2018-19, benefitting from a conducive domestic and global environment. The key drivers supporting growth will largely be domestic and policy driven. The economy is poised to benefit from receding implementation troubles on **Goods and Service Tax ("GST")** resulting in higher tax collections, the re-capitalisation of public sector banks and the resolution of distressed assets under the Insolvency and Bankruptcy Code, 2016. Given that this is a run up to the election year, the Government's thrust on Rural and Infrastructure Sectors could rejuvenate Rural demand as well as Infrastructure and Consumer spending.

In this conducive economic and business Environment, the Company has a cautiously optimistic outlook for the next financial year. Improving growth dynamics, domestic consumption and infrastructure spending and supportive tailwinds from global growth are likely positives for **FY 2018-19**.

I would like to assure the Stakeholders of the Company that the induction of young and new blood in the management of the Company will put it's best efforts in knocking various possible new opportunities in the Financial Sector and taking the Entity to new heights thereby satisfying the ultimate objective of **Value Creation** for all.

With this note, I would like to place on record my sincere appreciation to the Board of Directors for their guidance. I also express my sincere gratitude to our customers, employees, management and our investors for their continuing faith in the Company. We undertake to safeguard this faith and continue to labor in the best interest of their welfare.

Annexure- III**THE MANAGEMENT DISCUSSION AND ANALYSIS REPORT (“MDAR”)****1. INDUSTRY STRUCTURE AND DEVELOPMENT**

Indian economy is going through a period of rapid ‘financial liberalization’. Today, the ‘intermediation’ is being conducted by a wide range of financial institutions through a plethora of customer friendly financial products. The segment consisting of NBFCs, such as equipment leasing/hire purchase finance, loan and investment companies, etc. have made great strides in recent years and are meeting the diverse financial needs of the economy. These NBFCs provide a variety of services including fund-based and fee-based activities and cater to retail and non-retail markets and niche segments. They are being recognized as complementary to the banking sector due to their customer-oriented services, simplified procedures, flexibility and timeliness in meeting the credit needs of specified sectors.

2. OPPORTUNITIES AND THREATS

The NBFC sector in India is large with significant growth potential and has consistently created value for its shareholders. The NBFC sector has a double digit credit market share and has consistently gained market share from banks over the last 10 years. The growth in the sector appears sustainable as India has a low GDP to credit penetration. Further, many structural factors are supportive of NBFC growth namely weak banks, initiatives of the Reserve Bank of India (“RBI”) on policy alignment and latent credit demand in certain segments not catered to by banks. The sector has been delivering on average, approximately 1.5% to 2% better ROEs, as compared to select banks over the last many years. In order for the sector to sustain its advantages, companies in the sector need to grow in a prudent manner while focusing on automation, financial innovation, analytics, digital and adequate risk management systems and procedures.

The RBI constantly issues new regulations and / or modifies existing regulations endeavouring to balance the multiple objectives of financial stability, consumer and depositor protection and regulatory arbitrage concerns. The RBI, however, implements major changes in a structured manner providing companies operating in the sector adequate time to adapt and adjust.

The long term outlook for the NBFC Sector remains positively backed by the lower credit penetration and huge capital formation requirement of the Country. However in the short term the sector may find the macro – economic environment challenging for growing quality book on account of overall bearish sentiments, volatile stock market and high interest rates.

Annexure - B To The Independent Auditors' Report of even date on the Standalone Financial Statements of F MEC INTERNATIONAL FINANCIAL SERVICES LIMITED the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of The Companies Act, 2013 ("The Act")

We have audited the internal financial controls over financial reporting of F MEC INTERNATIONAL FINANCIAL SERVICES LIMITED. ("The Company") as of 31 March 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the

auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
