MANAGEMENT DISCUSSION & ANALYSIS

ABOUT THE INDUSTRY:

So far, non-banking finance companies (NBFCs) have scripted a great success story. Their contribution to the economy has grown in leaps and bounds. With the ongoing stress in the public sector banks due to mounting bad debt, their appetite to lend (especially in rural areas) is only going to deteriorate, thereby providing NBFCs with the opportunity to increase their presence. The success of NBFCs can be clearly attributed to their better product lines, lower cost, wider and effective reach, strong risk management capabilities to check and control bad debts, and better understanding of their customer segments.

Going forward, the latent credit demand of an emerging India will allow NBFCs to fill the gap, especially where traditional banks have been wary to serve. Additionally, improving macroeconomic conditions, higher credit penetration, increased consumption and disruptive digital trends will allow NBFC's credit to grow at a healthy rate over the next five years. Clearly, NBFCs are here to stay.

NBFC REGULATIONS:

Over the past several decades, NBFCs have emerged as important financial intermediaries, particularly for the small-scale and retail sectors, in underserved areas and unbanked sectors. NBFCs have turned out to be growth engines in an arena where increased importance is assigned to financial inclusion. The growing importance of the NBFC segment in the Indian financial system has led to a changing landscape of the NBFC framework. The evolution of the regulatory framework for NBFCs in India has gone through a cyclical phase—from simplified regulations to stringent and extensive regulations and finally towards rationalisation as part of the recently revised NBFC regulatory framework.

Annexure A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of RGF CAPITAL MARKETS LIMITED ("the Company") as of 31 March, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. RGF CAPITAL MARKETS LIMITED
Annual Report 2021-2022

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

RGF CAPITAL MARKETS LIMITED
Annual Report 2021-2022

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2022 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SIGNIFICANT ACCOUNTING POLICY :

Basis of Accounting :

The financial statements are prepared under historical cost convention, on an accrual basis and in accordance with relevant presentational requirements of the Companies Act, 2013 and the applicable mandatory Accounting Standards as prescribed under section 133 of Companies Act, 2013 and other relevant provisions of the Act.

Recognition of Income and Expenditure :

Income and expenditure are accounted for on accrual basis. Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable. Dividend income is recognized when the shareholder's right to receive payment is established by the balance sheet date.

Depreciation on Fixed Assets:

Depreciation on Fixed Assets has been provided based on useful life assigned to each asset prescribed in accordance with Part - "C" of Schedule-II of the Companies Act, 2013.

Fixed Assets:

Fixed Assets are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

Impairment of Assets:

- I. The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing the value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.
- II. After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

Investment :

In accordance with Accounting Standard (AS13) on " Accounting for Investments" and the guidelines issued by Reserve Bank of India, Investments are either classified as current or long term based on management's intention at the time of purchase. Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as Non Current / Long term Investments. Current investments are stated at lower cost and market rate on an individual investment basis, unless there is decline other than temporary in the value, in which case adequate provision is made.

Earnings per share:

- Earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders, by the weighted average number of equity shares outstanding during the year.
- For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

Provision and Deferred Tax :

The Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income Tax Act, 1961.

Deferred Tax resulting from "timings difference" between book and taxable profit is accounted for using the tax rates and laws that have been enacted or substantially enacted as on the Balance Sheet date. The Deferred Tax Asset is recognized and carried forward only to the extent that there is a reasonable certainty that the assets will be realized in future.

Contingencies:

These are disclosed by way of notes on the Balance sheet. Provisions is made in the accounts in respect of those contingencies which are likely to materialize into liabilities after the year end , till the finalization of accounts and material effect on the position stated in the Balance Sheet .
