### Additional Information

### **Moments that Count**

The financial year 2017-18 was a landmark year for SBI Life Insurance Company, as we achieved multiple milestones that will shape our future and further solidify our positioning in the private life insurance sector.

It was a year wherein we expanded our horizons to become the second life insurance company to be listed on the bourses. The response from the investor community has been encouraging as reflected in the 3.58 times subscription to the overall issue and 12.56 times subscription by institutional investors.

It was also a year when our Assets Under Management (AUM) crossed ₹1 trillion, serviced through 13,000+ employees and 108,261 agents across 825 offices, while our social outreach programmes positively impacted lakhs of Indians.

We further enhanced our reach to achieve one of the highest individual new business premium among private life insurers and thereby having a total of  $\sim 23$  million lives covered as at the end of the year. We also strengthened our brand equity in the year and were bestowed with prestigious awards and recognitions.

These moments could not be created without the unstinting support of our customers, who have ensured that we remain one of the most trusted private life insurers in India. Their trust is leading us to drive customer-centricity further, by providing innovative products, adopting the industry's best practices and leveraging best-in-class technology that elevates customer experience and makes life insurance accessible to many more.

With an objective of achieving greater satisfaction among our customers, shareholders, partners, employees and associates, we are well on our way to create many more 'Moments that Count' for all our stakeholders.

### **Key Financial Parameters**

The business of life insurance is unique as the investments made in its products are for longer durations. Given this differentiated nature, the factors used to measure the performance of a life insurance company are also unique. In this section, we explain some of the key financial parameters used to assess the financial health of a life insurance company and how they are measured.

Premium is the primary income of a life insurance company and is received over a period.

#### 1) Gross Written Premium (GWP)

The total premium written by the Company before deductions for reinsurance ceded.

### 2) New Business Annualised Premium Equivalent (APE)

The sum of annualised first-year premiums on regular premium policies, and 10% of single premiums, written by the Company during the fiscal year from both retail and group customers.

#### 3) Individual Rated Premium (IRP)

Premiums written by the Company under individual products and weighted at the rate of 10% for single premiums.

#### 4) Renewal Premium

Life insurance premiums falling due in the years subsequent to the first year of the policy.

#### 1) Value of New Business (VoNB)

VoNB is the present value of expected future earnings from new policies written during a specified period and reflects the additional value to shareholders expected to be generated through the activity of writing new policies during a specified period.

### 2) Value of New Business Margin (VoNB Margin)

VoNB Margin is the ratio of VoNB to New Business APE for a specified period and is a measure of the expected profitability of new business.

Profitability of life insurance companies is measured via the value of new business. This metric reflects the earnings from new policies written during a given period.

#### VALUE OF A LIFE INSURANCE COMPANY

The value of a life insurance company is measured via a metric called Embedded Value. It considers future profits from existing policies.

#### 1) Indian Embedded Value

The measure of the consolidated value of shareholders' interest in the covered life insurance business, which is all life insurance business written by the Company since inception and in-force as on the valuation date (including lapsed business which have the potential of getting revived).

Embedded value determined as per the requirements and principles set forth by the Institute of Actuaries of India, in accordance with Actuarial Practice Standard 10.

#### 1) Persistency ratio

Is the ratio of life insurance policies remaining in force to all policies issued in a fixed period. Persistency can be measured in terms of number of policies or in terms of premium.

STATUTORY REPORTS

customers.

The quality of customer service offered by a life insurance company is measured in the efficiency with which it settles claims. It is also assessed by the sales practices and transparency adopted by a company.

### 1) Death claims settlement ratio

Ratio of death claims settled to death claims reported to the Company and outstanding at the beginning of the year.

### 2) Unfair business practice

Number of grievances with respect to unfair business practice that are reported to the Company divided by policies issued by the Company in the same period.

### 1) Solvency Ratio

Every insurer is required to maintain an excess of the value of admissible assets over the amount of liabilities of not less than an amount prescribed by the IRDAI, which is referred to as a Required Solvency Margin. The actual excess of admissible assets over liabilities maintained by the insurer is termed as Available Solvency Margin. The ratio of Available Solvency Margin to the Required Solvency Margin is called as Solvency Ratio.

The solvency ratio measures how financially sound an insurer is and its ability to pay claims. In India, insurers are required to maintain a minimum ratio of 1.5.

### Chairman's Address

The Indian insurance industry is set to achieve significant growth in protection products in the coming years... SBI Life remains a key participant in this space

#### Dear Shareholders,

It gives me great pleasure to place before you the highlights of your Company's performance during the FY 2018. The enclosed Annual Report details the achievements and initiatives taken by your Company for the FY 2018.

The bygone financial year was a landmark year for SBI Life as it got listed on the Indian stock exchanges. For a company to get listed is a once in a lifetime event and the response we have received from our investors has strengthened our belief that our hard work and sustained efforts to provide financial protection to millions of customers have been appreciated.

The Company achieved robust performance in FY 2018 due to its consistent customer centric strategy, strong leadership and dedication and hard work of its employees. As we embark on this journey of continuous growth and success I would like to express my gratitude to all our stakeholders for their continuous support and encouragement. I am confident that we will continue to perform well in the coming years.

Global economy experienced broad based growth in 2017. In particular, economic activity gained momentum in the US and the Euro area. Meanwhile, emerging market and developing economies have also performed better with growth pick-up in emerging Europe and emerging Asia being the major contributors to growth. Overall, global GDP is expected to grow at 3.9% in 2018 with the advanced and emerging economies to post 2.5% and 4.9% growth respectively. Having said that, increase in protectionist policies, geo-political uncertainty and the escalation

Your Company has used technology to offer greater convenience to its customers and improve overall experience of purchasing life insurance.

of US sanctions on Iran with the consequent impact on oil price represent the key risks to global growth.

Indian economy is expected to grow at 7.4% in FY 2019 from 6.7% in FY 2018 against the backdrop of improved global demand, better monsoon prospects, credit uptick and continued reforms undertaken by the Government. Furthermore, speeding up of the resolution process of distressed assets under the Insolvency and Bankruptcy Code is likely to improve confidence in the economy. Increasing oil prices though remains a major risk to the country's external balance.

The Indian life insurance industry has evolved rapidly over the last decade. A competitive market and regulatory initiatives focused on high-quality products that meet the needs of the customer have laid the foundation for future growth.

The Indian insurance industry is set to achieve significant growth in protection products in the coming years. Lower levels of penetration, a favourable demography, and government initiatives aimed at enhancing financial inclusion, rising financial literacy and increasing domestic savings as a result of rising per capita incomes are expected to support the growth of the insurance sector. SBI Life remains a key participant in this space being one of the largest private sector life insurance company and shall continue to support the needs of an aspiring population.

India is undergoing a digital transformation and witnessing an accelerated pace of innovation and technology adoption. As the digital

economy is flourishing, your Company is also progressing with its technological advancements and growing its presence in multi-channel platforms. Your Company has used technology to offer greater convenience to its customers and improve overall experience of purchasing life insurance.

We are committed towards transforming ourselves into a digitalised organisation, supported by technology enabled backend operations. Along with the digitalisation of consumer facing operations, we continue to invest in the automation of our internal processes to improve efficiency, risk management, reduce cost of operations and re-deploy employees in revenue accretive roles.

We will continue to focus on meeting the diverse needs of our customers and create sustainable value for all our stakeholders. We believe our strategies will enable us to be in compliance with regulations, improve our performance in customer satisfaction and trust and allow us to create value for all the stakeholders. The Company will continue to tread on the path of profitable growth and emerge as market leaders.

I thank all our shareholders and Board of Directors for their continued faith in our strength and capabilities, our customers for their valuable support and trust and our employees for their tireless efforts towards achieving our goals.

Warm Regards,

Rajnish Kumar Chairman

### MESSAGE TO OUR STAKEHOLDERS

MD & CEO's Message

Dear Shareholders.

SBI Life has delivered yet another year of consistent and balanced profitable growth. Your Company has completed 17 years of successful operations and this year being a landmark year in the history of Your Company as it is now a listed company. It gives me immense pleasure to welcome all our new shareholders to SBI life family.

Your Company with its unparalleled distribution network, strong management team, committed team members and best in class customer service ratios is at a leadership position in India's life insurance space.

I am delighted to share with you the highlights of our performance of FY 2018, which saw us grow in terms of productivity, profitability, persistency and operational efficiencies. FY 2018 saw us achieving multiple performance milestones. From registering our highest-ever AuM to gaining market share in the individual rated premium space, we recorded exemplary performance during the year. We believe that this performance has only been possible due to the dedication and commitment of all our employees and partners, and the trust our customers place on us.

### **PROMISING PERFORMANCE**

Your Company is a leading private sector life insurance company in India in terms of individual rated premium and new business premium in FY 2018. Our consistent focus on retail business has reported a significant growth of 31.1% on individual rated premium as against the industry growth rate of 19.2%. Also, your Company registered an increase in overall industry market share in individual rated premium from 11.2% in FY 2017 to 12.3% in FY 2018.

The individual new business premium of the Company has grown by 30.0% to ₹84.07 billion (€1.04 billion) in FY 2018. Renewal premiums have shown an equally good growth where the Company collected a Renewal Premium of ₹143.88 billion (€1.78 billion) during FY 2018 from various distribution channels, with growth of 32.3% as compared to previous year. The Gross Written Premium collected grew by 20.6% to ₹253.54 billion (€3.14 billion) in FY 2018. This revenue growth was a function of healthy addition of new policies at 1.43 million and increasing productivity of both bancassurance and agency channels.

Our profitability, too, grew during the year. Our profit after tax stood at ₹11.50 billion (€0.14 billion) and grew 20.5% over the preceding year. Our Indian Embedded Value stands at ₹190.70 billion (€2.37 billion), as on March 31, 2018 as compared to ₹165.38 billion (€2.05 billion), as on March 31, 2017. The value of new business (VoNB) grew 33.6% during the year to ₹13.85 billion (€ 0.17 billion) and the VoNB margin expanded from 15.4% to 16.2%. In addition to revenue growth, reduction in operating expense ratio from 7.8% in the previous year to 6.8% during the year was another catalyst behind the healthy profitability.

During the year, we further improved our bancassurance channel as well as our number of agents. However, there is significant scope to expand our reach and we will continue to strengthen our network going forward. Our growing footprint will help us acquire more customers and enable us to serve them better.

Backed by increasing premium inflow and persistency, the Company has achieved a milestone by crossing ₹1 trillion mark in terms of Assets under Management during the financial year registering a growth of 19.0% to ₹1,162.61 billion (€14.42 billion) as against ₹977.37 billion (€12.12 billion) reported at the end of the previous financial year.

The quality of our earnings also improved during the year as reflected in the increase of our 13<sup>th</sup> month persistency ratio from 81.1% in FY 2017 to 83.0% in FY 2018. The decline witnessed in our surrender ratio and unfair business practice (mis-selling) ratio is a testimony to the fair, transparent and efficient manner in which we acquire new customers and service the existing ones. We have reduced our complaints related to mis-selling to 0.14% of the policies sold.

(€ 1 = ₹ 80.6222) (Source: RBI Reference Rate, March 28, 2018)

Based on the Company's profitability, cash flow situation and financial position, we declared an interim dividend of ₹ 2.0 per share at 20% of paid up equity share capital in FY 2018 amounting to ₹ 2.41 billion (€ 0.03 billion) (including dividend distribution tax).

The performance is the result of our sustained efforts to improve the quality of business and customer focus.

#### WIDE RECOGNITION

I am happy to share that we have been Adjudged as one of the 'Most Trusted Brand' for the seventh year in a row as per ET Brand Equity and Nielsen Survey. We were awarded 'India's leading insurance company – life' (Private sector) at the Dun & Bradstreet BFSI Summit 2018. We also won the 'Legal Era Risk Award 2017' under the 'Most Innovative Risk Management Strategy' category for 2017.

Such recognitions reinstate our belief that we are implementing an appropriate strategy to achieve higher efficiencies and growth in our business.

### **OTHER INITIATIVES**

FY 2018 was a year of renewed focus on customer service, delivery, process automation and enhancements in business process and quality. We have sought to consistently improve our performance in terms of customer service quality and delivery.

The Company has continued to remain committed to the cause of providing innovative products to our customers. We have launched two new products in FY 2018 namely, SBI Life-Sampoorn Cancer Suraksha and SBI Life-Poorna Suraksha. Sampoorna Cancer Suraksha is a comprehensive insurance plan which helps one to prepare financially on diagnosis of cancer, while Poorna Suraksha is a unique term plan which provides death benefit with an inbuilt critical illness cover.

We are also working towards increasing our geographical reach by opening new branch offices. This reinforces our commitment to invest in growing regions which will support the overall premium growth of the Company.

Our digital platforms provide high value proposition for our customers as they offer speed and convenience to them throughout the different stages of engagement with us. We are undertaking automation of our sales processes in order to achieve higher efficiencies and bring down the cost of customer acquisition. These initiatives will provide a substantial boost to the value we create for our customers as well as enhance our overall efficiencies. This year Company's technological initiatives include upgradation of the policy management system and customer relationship management system. This has helped the Company improve the quality of customer service and reduce TAT for issuance of new policies.

We are a socially responsible organisation and have touched the lives of over 2.2 lakh people through our CSR initiatives. During the year, we made substantial progress in the areas of child education, skill development, rural development, healthcare, environmental upgrade and insurance awareness to achieve responsible and sustainable growth. At SBI Life, educating our customers to enhance their understanding of insurance, their benefits and consequently empowering them to choose the right products has been a constant effort of the Company.

### **WAY FORWARD**

The life insurance industry will see increased growth, more participation and superior product solutions in the forthcoming year. Customer centric products, digital transformation coupled with favourable changes in India's macroeconomic environment will help insurance industry grow in double digits in the forthcoming years.

SBI life is well poised to take advantage of this growth in the life insurance industry. Customer satisfaction, and new business acquisition are important factors that determine the profitability and business excellence. We continue to aim on improving our processes by adapting to changing technology and customer needs, lowering our operational costs and strengthening our distribution channels. Alongwith focusing on product innovation we will continue to monitor the performance of the Company in terms of customer service and satisfaction. Our focus remains on serving our customers in the best possible way alongwith creating sustainable value for our shareholders.

As we embark on another exciting year ahead, I would like to thank the regulator for their continuous guidance and support, our customers for giving us the valuable opportunity to serve them and our stakeholders for their continued trust and belief. I count on your continued support as we aspire to drive profitable growth and maximise value for all our stakeholders in a sustainable manner. Special thanks to our shareholders who have shown their trust by staying invested with us.

I want to extend my heartfelt gratitude to all the employees of SBI Life who dedicate their best to the organisation everyday – empowering us to conquer new horizons.

We remain committed to our pledge of providing Protection and encourage our existing and potential customers to wholeheartedly embrace Digital Life and to celebrate life!

#### **INNOVATIONS AT SBI LIFE**

Moments that count:

# Delighting customers through innovation

At SBI Life, we have worked earnestly to build a strong and lasting bond with our customers. We are dedicated to put our 'customer first' and have been developing innovative products and solutions to cater to their ever-evolving needs. We, at SBI Life noticed one such trend emerging in India. The changing lifestyles of people in India has led to an increase in non-communicable diseases and lifestyle based diseases. Studies suggest that over 1/3<sup>rd</sup> of Indians suffer from lifestyle diseases¹ and that only about 15% of India's population is covered under health insurance².

In order to cover both these critical aspects of protection of life and health, we have launched two unique product offerings during the year so that an individual can celebrate life at every moment.

# SBI Life - Sampoorn Cancer Suraksha plan (UIN: 111N109V01)

- Launched in August 2017, this plan helps individuals prepare financially after diagnosis of cancer
- It covers the costs associated with treatment across three stages of cancer – minor, major as well as advanced
- It provides comprehensive support through medical second opinion on diagnosis, pay-out independent of actual expense depending on the stage of cancer, option of availing pay-out as monthly income, while also giving the option to reset the sum assured
- o The plan provides tax benefits under Section 80D

### SBI Life - Poorna Suraksha plan (UIN: 111N110V01)

- o Launched in January 2018, this plan provides dual benefits of life cover and critical illness cover
- o Under the plan, with increase in age, the life cover decreases and the critical illness cover increases by the same amount. This means that the plan provides increasing critical illness cover without any additional premium
- o The plan offers coverage for a wide range of 36 critical illnesses
- o If a critical illness is detected, the plan offers waiver of future premiums with continued life cover
- o In case of critical illness, the customer will be financially prepared i.e., with an automatic life stage re-balancing, before the treatment period as the pay-out of the critical illness sum assured is made on diagnosis
- o The premium remains fixed throughout the policy term

We are enthused by the encouraging response to these two new plans. Our customer-centric products and services are directed towards reducing the stress associated with sudden, unavoidable situations arising in our customers' lives and enabling them to navigate

through them with relative ease. We believe, we are the life-long partners to provide financial solutions to our customers and in making them prepared for the future with much less worry, today.

**PEOPLE AT SBI LIFE** 

# Engaging people

SBI Life values its employees and believes that they are the biggest asset to the organization. Continuing in its endeavour to be the 'Employer of Choice', the organization places immense focus on greater employee involvement to develop a sense of ownership. The organization goes beyond the usual transactions of recruitment, confirmation and performance review and believes in providing appropriate interventions which help employees build a long and rewarding career.

### **Employee Engagements**

An internal survey 'Pulse' was launched during the year, to which an overwhelming response was received from all employees. The enthusiastic participation reflects the tremendous faith the employees have in the organization. The findings are being used to design specific interventions, policies and processes which are expected to increase the overall employee engagement with the Company. This initiative will help us in strengthening our focus on creating a vibrant and a more meaningful workplace. Employee engagement and customer experience go hand in hand. With a view to gauge the engagement levels in the organization.

'Innoviti' – SBI Life's innovation contest continued to receive tremendous response and support in its third edition. A large number of innovative projects related to customers, employees and the organization, which were implemented in 2017, were nominated by the employees for this award. The best entries were selected for participation in BNP Cardif Innovation Awards.

'Town Halls' were organized across the country enabling employees to connect directly with the leadership group.

Under the Going Extra Miles (GEMs) scheme the extraordinary efforts of the employees were recognized and rewarded. Success stories were shared through the corporate magazine 'Bandhan' and the regional e-magazines.

SBI Life proactively encourages employees to give ideas and suggestions regarding products, services, concepts, processes etc. along with an implementation plan. Under All Idea Matters (AIM) scheme, the best ideas received from employees are rewarded and the departments concerned take it up for implementation.

The company promotes employee bonding and camaraderie through programs like inter-departmental off-site meets, team dinners and the Annual Day event 'Sangam' where employees and their families showcase their cultural talents.

SBI Life has continued with its philosophy of continuous skill development of employees, which would result in capability building for the organization. This has been achieved by giving cross-functional exposures and incentives to employees to acquire industry specific higher technical qualifications.

During the year, competency assessments were conducted for leadership and managerial roles. Based on the assessments, individual development plans have been designed and these plans are assisting the Company in planning and executing customized Learning and Development interventions as per the individual needs. Capability building workshops were also conducted for senior leaders to sensitize them to the assessment & development process and other talent management activities.

SBI Life has also strengthened the performance management system with introduction of an improved assessment process 'LEAP' (Leading through Excellence and Performance) and Balanced Scorecards. Under 'LEAP' the Company dashboard parameters were translated into tactical goals and operational plans and formed a part of individual Key Performance Areas.

Also, the individual rewards were aligned with the accomplishment of organizational goals. The goal setting, mid-year reviews and annual performance assessments were completed well in time with an emphasis on continuous feedback being given to the employees. These features made the performance management more objective & transparent, and played a key role in driving organizational growth.

At SBI Life, the HR ideology partners with business in all its activities. The people management & development activities at the Company are synchronized with business requirements leading to enhanced outcomes. The interactions between HR & Business have grown to a level where the HR policies and processes are completely aligned with the wider goals of the organization and playing a key role in driving business.

The company believes in simplification and automation of processes by leveraging technology in the HR area to reduce manual work and improve TAT, leading to better results, employee delight and improved efficiencies. SBI Life has also created multiple employee touch points which facilitate seamless interactions between employees and the HR team, leading to a better employee experience.

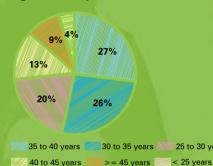

As the organization recognizes the feats for the year, it also understands that these are stepping stones towards the fulfilment of its vision to become the most trusted and preferred employer.

### Management Discussion & Analysis

#### I. GLOBAL ECONOMIC ENVIRONMENT

The global economy is experiencing a cyclical recovery, reflecting a rebound in investment, manufacturing activity and trade. This improvement comes against the backdrop of benign global financing conditions generally accommodative policies, rising confidence and firming commodity prices. Global economic activity gathered momentum in the second half of last year and it continues to grow in 2018. World GDP growth recovered to an estimated 3.8% in 2017 compared to 3.2% in the previous year. Both the developed and the developing countries performed well, growing at 2.3% and 4.8% respectively (Source: World Economic Outlook – IMF).

Looking ahead, as per IMF projections the world economy is poised to grow at 3.9% in 2018 as well as in 2019. However, looming threat of trade wars against the background of increase in tariffs by the US and retaliation by China is one of the risks to global growth. Another major development having an impact on global economy is the oil price which has recovered to over US\$80 per barrel recently.

#### II. INDIA'S ECONOMIC SCENARIO

India's economic growth is expected to gather momentum in FY2019, benefitting from a conducive domestic and global environment. The factors that will help in achieving 7.4% GDP growth in FY2019 compared to 6.7% in FY2018 (Source: RBI) are: (i) the troubles relating to implementation of the GST have been sorted out, (ii) credit off-take has improved and is becoming increasingly broad-based, (iii) large resource mobilisation from the primary market strengthening investment activity, (iv) the process of recapitalisation of PSBs and resolution of distressed assets under the Insolvency and Bankruptcy Code may improve the business and investment environment, (v) global trade growth has accelerated, which should encourage exports and reduce the drag from net exports and (vi) the thrust on rural and infrastructure sectors in the Union Budget 2018-19 could rejuvenate rural demand and also encourage private investment.

Inflation, both CPI and WPI remain under control for entire FY2018. Average CPI was 3.6% in FY2018 compared to 4.5% in FY2017, while the corresponding figures for WPI are 2.9% and 1.8%, respectively. Assuming a normal monsoon and no

major exogenous/policy shocks, CPI is expected to remain in the range of 4.0- 4.5% for FY2019 and even go below 3.5% for some months in Q3 FY2019. Major risks to the inflation outlook are crude oil and other commodity prices and fiscal slippage at both the central and state levels.

India has enormous growth potential compared to other emerging economies with implementation of comprehensive reforms. In all likelihood, India is going to register higher growth rate than other major emerging market economies in next decade. To materialise its potential, India needs to take steps to boost investment prospects. India is also undertaking measures in terms of non-performing loans and productivity. India's prospects will further improve with improved labour market reforms, education and health reforms as well as relaxing investment bottleneck, though increasing oil prices remain a major risk to country's external balance. India has favourable demographic profile which is rarely seen in other economies.

#### III. INSURANCE INDUSTRY STRUCTURE AND DEVELOPMENTS

The size of the Indian life insurance industry is ₹ 4.18 trillion on a total premium basis as of fiscal 2017. In terms of total premium, the Indian life insurance industry is the 10<sup>th</sup> largest market in the world and the fifth largest in Asia based on Swiss Re, sigma No. 3/2017 report. New business premium constituted 41.9% of the total premium as of fiscal 2017. The industry's Assets under Management (AuM) grew to ₹ 28.54 trillion in fiscal 2017. Total premium has grown at a stupendous 17% CAGR during fiscal 2001 to fiscal 2017, after the privatisation in 2000. (Source: IRDAI Annual Report).

Within the premium bucket, new business premium (NBP) grew at 9% CAGR during fiscals 2007 to 2018 to ₹ 1.94 trillion, with fiscal 2018 seeing an 11% year-on-year rise (Source: Life Council). The Industry witnessed double digit growth from FY 15 to FY 18 with CAGR of 20% after a period of subdued growth between FY 11 to FY 15. Growth was driven by expectations of an improvement in economic growth, cooling inflation, an increase in financial savings, and healthy returns provided by equity and debt markets during this period.

STATUTORY REPORTS

Source: IRDAI Annual Report, Life Council

Despite this, India continues to remain underpenetrated with life insurance penetration of 2.7% and density at 46.5 USD in FY17. (Source: Swiss Re Sigma 3/2017)

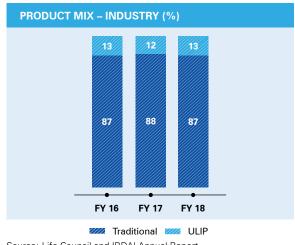

According to the India Brand Equity Foundation (IBEF), the Indian insurance industry is expected to grow to USD 280 billion by FY2020, owing to the solid economic growth and higher personal disposable incomes in the country.

#### Market share

The Life insurance industry in India comprises of 24 players including Life Insurance Corporation of India (LIC). The LIC has a market share of 69.4% of total new business premium while the private players have a share of 30.6% in FY 2018. In terms of Individual rated premium, private players fare better capturing a market share of 56.2% while LIC has a share of 43.8% in FY 2018 (Source: Life Council).

#### New business product mix

The domestic life insurance industry registered 11% y-o-y growth for new business premium in 2017-18. Private players grew by 18.1% while LIC grew by 8.1% (Source: Life Council).

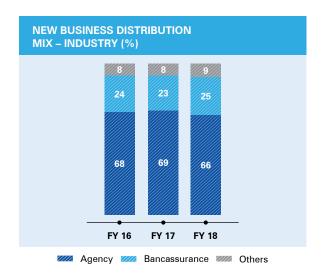

Source: Life Council and IRDAI Annual Report

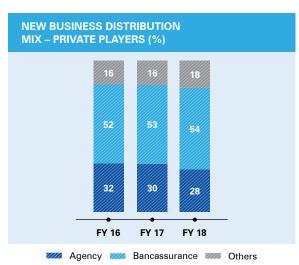

There has been not much change in the product mix of the industry in the recent years. LIC focuses more on traditional products while private players have a well balanced mix of traditional and Ulip products. For private life insurers, share of traditional products has reduced to 56% in FY 18 from 57% in FY 16. Correspondingly, share of ULIPs has increased from 43% in FY 16 to 44% in FY 18.

#### Individual new business distribution mix

In terms of distribution mix, private players are strengthening their presence through the bancassurance channel in the recent years. However agency channel continues to be the predominant channel for LIC. Share of agency channel in new business premium of private players has reduced from 32% in FY 16 to 28% in FY 18 while bancassurance share has increased from 52% in FY 16 to 54% in FY 18.

## IV. OPPORTUNITIES, THREATS, RISKS AND CONCERNS AND FUTURE OUTLOOK

#### A. Opportunities and Threats

#### i. Favourable demographics

Currently, India is one of the nations with the highest young populations, with a median age of 28 years. 87% of Indians will still be below the age of 60 by 2030 and 64% are expected to be between the age of 15-59. (Source: United Nations – World Population Prospects, 2018) The number of individuals in the age of 25-49, which is the target population for the industry, is increasing in India and would boost industry growth. A large share of the working population, coupled with rapid urbanisation and rising affluence, is expected to propel Indian life insurance sector growth.

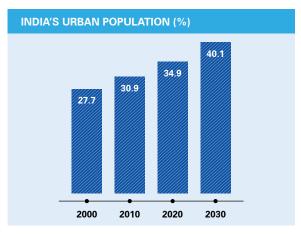

Source: United Nations – World Population Prospects, 2018

## ii. Rising urbanisation

India has a very low urbanisation rate as compared to its Asian peers like China, Japan and Thailand. The share of the urban population rose steadily from 27.7% in 2000 to an estimated 33.6% in 2017 and is expected to increase upto 40.1% in 2030. Urbanisation is expected to accelerate, translating into 2.4% CAGR

in the urban population between 2015 and 2020, compared with overall population growth of 1.1% during the same period. (Source: United Nations - World Urbansiation Prospects, 2018) Further, the increase in urbanisation will also aid the increase in GDP per capita. Also, increasing urbanisation will enhance financial literacy among consumers, thereby supporting the growth of the life insurance industry.

STATUTORY REPORTS

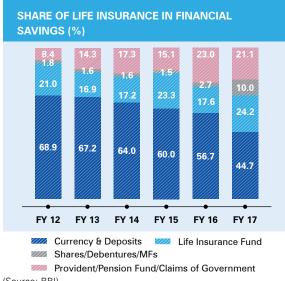

www % of population staying in urban areas

Source: United Nations - World Urbansiation Prospects, 2018

#### Financial and household savings iii.

The pattern of household's financial savings was significantly different in 2016-17 vis-à-vis the preceding 5 years. While the overall financial savings of the households registered an increase of over 20% in 2016-17, (significantly higher than the growth witnessed in any of the preceding 5 years), there was a decline in the savings in the form of currency by over 250 per cent (of about ₹ 5 lakh crore). This decline primarily owed to the withdrawal of high denomination currency notes in November 2016 and partial remonetisation by end March 2017. The savings channeled into bank deposits, life insurance funds and shares and debentures increased by 82%, 66% and 345% respectively in 2016-17. (Source: Economic Survey)

The share of life insurance in financial savings has increased from 17.6% in FY 16 to 24.2% in FY 17. Therefore, the increased financial savings, coupled with the expected increase in the share of insurance as a percentage of financial savings, due to a significant improvement in product proposition and delivery mechanisms, are expected to drive growth for the life insurance sector.

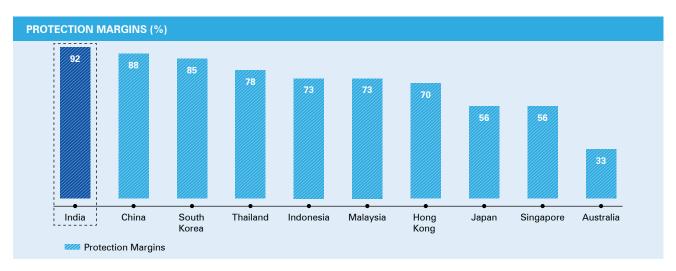

(Source: RBI)

## Protection margin & gap

Protection margin is the ratio between protection gap and protection needs. Protection gap is difference of resources required to maintain standard of living and resources readily available (such as savings, life insurance, etc). The protection gap for India stood at US\$8.5 trillion as of 2014, which was much higher compared to its Asian counterparts. The protection margin for India was the highest amongst all the countries at 92% in Asia Pacific, as per a Swiss Re report. This means that for US\$100 of insurance protection requirement, only US\$8 was actually insured as of 2014. This indicates the absence or inadequacy of pure protection coverage (term insurance) for a large part of the population. Further, with the penetration of retail products being low in India; financiers are aggressively focusing on retail credit, the growth of which will support insurance growth.

(Source: Swiss Re, Economic Research & Consulting 'Mortality Protection Gap Asia-Pacific 2015')

#### v. Focus on Financial Inclusion

With a focus on financial inclusion, the Union Government launched the Pradhan Mantri Jan-Dhan Yojana. The inclusion of so many people in the financial system opens avenues for investments in insurance and other savings products. Concurrently, the Government launched Pradhan Mantri Jeevan Jyoti Bima Yojana in March 2015 with the aim of providing life cover at a nominal cost to anyone in the age group of 18-50 having a bank account. Under the scheme, a life insurance cover of ₹ 200,000 is provided on payment of premium of ₹ 330 per annum. As the adoption of insurance cover under this scheme gains traction, so will the awareness about insurance as a product and its associated benefits.

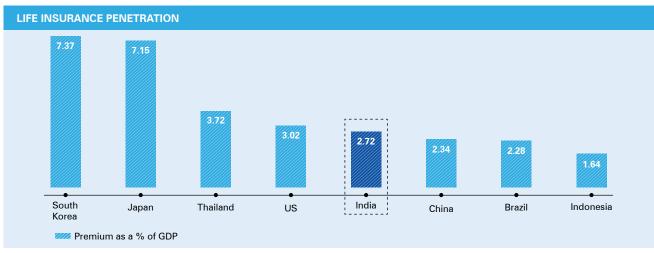

#### vi. Digitization

The Indian e-commerce industry has evolved significantly in the last 5-7 years with digitization lending a disruptive edge to many businesses and impacting the ecosystems around which such businesses operated. Internet penetration in India grew from just

4 per cent in 2007 to 34.42 per cent in 2017. According to IBEF, India's e-commerce industry is expected to grow from US\$38.5 billion as of 2017 to US\$200 billion by 2026. With growing penetration of internet and mobile technology, new distribution channels have gained importance. Improving technology also helps insurers identify customer needs and provide customised solutions through data analytics. Digitalization thus presents a growing opportunity to improve market share for the insurers.

## vii. Penetration and density

Inspite of the huge potential, insurance industry continues to grapple with low penetration and density as compared to its global counterparts and it stood at 2.7% and \$ 46.5 respectively in 2017 (IRDAI Annual Report 2016-17). The sum assured to GDP is a measure of protection coverage and sum assured to GDP ratio is lower in India compared to rest of the world. This suggests the untapped potential of the Indian life insurance market, which continues to remain a challenge for the industry.

## viii. Highly competitive industry

The life insurance industry is highly competitive. Out of the 23 private life insurance companies, top 7 companies account for 77.8% of the NBP private market share. Insurance companies need to consistently improve their operating margins while coming up with innovative strategies and meet customers' demand for customised products. Insurance companies need to tap the digital medium and use technology effectively to reach the end users.

#### В. Risks and concerns

The Indian life insurance sector is highly competitive and is driven by changes in customer preferences and regulations in both products and distribution. The industry faces risks in terms of regulatory changes, changes in customer preferences, security risks due to increased dependency on digital medium and unpredictable changes in macro economic factors.

Macroeconomic factors that may adversely affect the Indian economy include:

- global slowdown of the financial market and economies contributing to weakness in the Indian financial and economic environment;
- any increase in Indian interest rates or inflation;
- changes in India's tax, trade, fiscal or monetary policies;
- occurrence of natural or man-made disasters;
- increased volatility of commodity prices;
- financial difficulties faced by certain financial institutions or intermediaries;
- increase in India's trade deficit;
- downgrading of rating of India, and

 other significant regulatory or economic developments in or affecting India or its insurance sector.

The Company has instituted an enterprise risk management framework which details the governance and management of all aspects of risks that we face. Company's risks and its approach towards managing them has been highlighted in the Enterprise Risk Management section of the Annual Report.

### C. Future Outlook

- The life insurance industry in India is riding on a lot of positives with favourable demographics, rapidly increasing incomes and savings and growing digitization.
- Companies have a wide market to capture which is evident from the large protection gap and low sum assured to GDP.
- Simplifying products and the customer on-boarding process, focusing on protection products and staying customer-centric are the critical factors which will help insurance companies gain competitive advantage.
- Data science, deep learning tools, automation, mobility, block chain technology and cloud computing will help companies make their processes frictionless, reduce costs and improve their agility.

The future looks promising for large players if they embrace the digitization and focus on the digital medium to expand their distribution reach.

#### V. REGULATORY UPDATES AND DEVELOPMENTS

The regulator has released a number of guidelines and other exposure drafts providing indication of the upcoming regulatory changes in the pipeline. The key highlights on recent regulatory changes impacting the Indian life insurance sector are as follows:

## a) IRDAI (Payment of Commission or Remuneration or Reward to Insurance Agents and Insurance Intermediaries) Regulations, 2016

IRDAI (Payment of Commission or Remuneration or Reward to Insurance Agents and Insurance Intermediaries) Regulations, 2016 has come in to force w.e.f. April 1, 2017. The Regulation prescribed maximum limit for payment of first year and renewal commission or remuneration to insurance agents and intermediaries. Insurers

are now allowed to pay up to 20% of First Year Commission over the prescribed limits as 'Reward' to insurance agents and insurance intermediaries whose revenue from other than insurance intermediation is less than 50% of their total revenue. Commission and incentive structure of insurance products have changed due to this regulation.

## b) IRDAI (Protection of Policyholders' Interests) Regulations, 2017

These regulations supersede IRDA (Protection of Policyholders' Interests) Regulations, 2002. The objective of this Regulation is to ensure that interests of policyholders' are protected. Insurer is required to have a Board approved policy and publish on their website new service parameters and turnaround times. Insurer is also required to have a designated Grievance Redressal Officer.

# c) IRDAI (Outsourcing of Activities by Indian Insurers) Regulations, 2017

The Regulation prescribes prudent practices for effective oversight and adequate due diligence for outsourcing. It defines 'Outsourcing as use of third party to perform activities which normally can be undertaken by Insurer, now or in future'. Outsourcing services does not include services that insurers are generally not expected to carry out internally like courier, canteen expenses, etc. Additional due diligence required for material activities and activities outsourced to related parties of insurer and intermediary, etc.

## d) IRDAI Master Circular (Unclaimed Amounts of Policyholders), 2017

The Master Circular was issued to comply with the Senior Citizens' Welfare Fund Act, 2015. The Unclaimed amount held by insurers beyond 10 years need to be transferred into Senior Citizens' Welfare Fund (SCWF) after a period of 10 years. Insurers are required to identify the unclaimed amounts and prepare a list of accounts containing details of the unclaimed amount by 30th September each financial year and transfer to SCWF on or before March 1st each year.

### e) Implementation of Ind AS in the Insurance Sector

The IRDAI has issued a circular dated June 28, 2017, deferring the implementation of Ind AS in insurance sector in India for a period of two years to be effective from FY 2020-21. The Authority

has constituted a working group on new standard 'Ind AS 117 – Insurance Contracts' primarily to review the standard and to identify relevant areas or aspects which require suitable adoption in Indian context and changes in regulations or guidelines. Further, the Accounting Standards Board of ICAI issued the exposure draft of Ind AS 117 Insurance Contracts (equivalent standard to IFRS 17) on February 12, 2018.

# f) Prevention of Money-laundering (Maintenance of Records) Second Amendment Rules, 2017

Aadhaar and PAN/Form 60 have been made mandatory for all new life insurance policies. In case of existing policies, the date for collection of Aadhaar has been deferred until pronouncement of final judgement by Supreme Court.

#### VI. SEGMENT-WISE BUSINESS PERFORMANCE

The life insurance sector can be classified on the basis of products into non-linked and unit-linked products. Non-linked products are traditional products with a protection and savings element built in or only pure-protection products. Non-linked products are further classified into participating products and non participating products. Participating products have variable returns, as it is linked to the performance of the insurance company. Linked products' returns, on the other hand, are tied to the performance of debt and equity markets.

New business performance of the Company can be analysed based on the following segments:

A brief description of the segments is given below:

### 1. Participating Segment

Participating life insurance products are products where the insured participates in the profits of the underlying investment pool during the term of the policy. These are savings cum protection products that provide a guaranteed sum assured and long term returns through participation in surplus, if any, generated from these policies. The policyholder is entitled to at least a 90% share of the surplus emerging in the participating fund and the remaining belongs to the shareholders. The Company offers participating insurance products that are designed to provide benefits over the entire life of the policyholders (whole life insurance), as well as products that provide benefits over defined periods (endowment life insurance).

New business premium from participating segment has increased at a 3 year CAGR of 11.8% from FY 15 to FY 18 and constitutes 18.5% of the total new business premium of FY 18.

## 2. Non Participating Segment

The non-participating segment comprises of individual savings, group savings and protection segments. These products covers the insured for a specific period and the insured do not participate in profits of the underlying investment pool. Surplus arising in case of non-participating business is transferred to shareholders' account on recommendation of Appointed Actuary.

## i) Individual Savings

The individual savings segment comprises of an endowment product, a variable insurance plan and an immediate annuity product.

An endowment product pays the sum assured to the beneficiary in case of any unfortunate event before the maturity date or pays the amount to the insured on completion of the specified term.

In a variable insurance plan, the benefits are partially or wholly dependent on the performance of an approved external index/benchmark which is linked to the product.

An immediate annuity product guarantees a defined income, commonly known as pension, for the life time of the policyholder thereby covering their longevity risk. These payouts begin immediately on purchasing the product.

New business premium from individual savings segment comprises 1.9% of the total new business premium of FY 18 and has increased by 24.2% from ₹ 1.72 billion in FY 17 to ₹ 2.13 billion in FY 18.

## ii) Group Savings

Group savings segment consists of group fund management products and an immediate annuity product.

Fund based group insurance products cater to the needs of employers looking at financial solutions to fund their employees' benefit schemes including superannuation and leave encashment.

Group immediate annuity product is primarily for corporate clients (employer-employee groups) and other informal groups, who wish to purchase an annuity to provide for their annuity liability.

New business premium from group savings segment has decreased by 39.2% in FY 18 as compared to FY 17. This is in line with the company's strategy to focus on the retail segment.

## iii) Protection

The protection segment includes both individual as well as group products.

Individual protection products offer benefits that are guaranteed in absolute terms on

occurrence of a particular event at the beginning of the policy. They expire without value if the designated event does not occur. The risk covered in most cases covers death of the insured but may also include permanent disability or diagnosis of critical illness. This segment also includes health products which insure against expenses arising due to medical emergencies such as hospitalisation or critical illness.

Group protection segment includes credit life products which provide insurance to banks, financial institutions in relation to repayment of outstanding loan amount in event of death or disability of the insured members of the group.

Group protection segment also includes products which provide life insurance coverage to a group of individuals, where, upon the death of a member, the sum assured is paid to the member's nominee.

New business premium from protection segment has increased at a 3 year CAGR of 11.8%. The company continues to focus on increasing share of protection business.

## 3. Linked Segment

Linked products provide the benefit of investment as well as protection. They provide returns directly linked to the performance of the underlying funds and have a transparent charge structure which is explicitly stated at the outset. The investment risk on these products is borne by the policyholder. This segment also includes a fund based group gratuity product for employers. Surplus arising in case of unit-linked business is transferred to shareholders' account on recommendation of Appointed Actuary.

New business premium from linked segment has increased at a 3-year CAGR of 46.9% and comprises 19.7% of the total new business premium of FY 18. The growing popularity of linked products is due to favourable market movement over a few years.

- a) Gross written premium has increased by 20.6% from ₹210.15 billion in FY 2017 to ₹253.54 billion in FY 2018 mainly due to increase in individual new business premium and individual renewal premium.
- b) Individual new business premium has increased by 30.0% from ₹ 64.68 billion in FY 2017 to ₹ 84.07 billion in FY 2018 due to increase in new business premium from Par life, Par variable insurance and linked pension products.
- c) The group new business premium has decreased by 30.4% from ₹ 36.76 billion in FY 2017 to ₹ 25.59 billion in FY 2018 mainly on account of decrease in new business premium from fund based products.
- d) The renewal business has increased by 32.3% from ₹ 108.71 billion in FY 2017 to ₹ 143.88 billion in FY 2018 majorly due to increase in individual renewal business from Par life, Par variable insurance and linked life products.

Total income from investment was ₹ 84.51 billion in FY 2018 comprised of ₹ 39.73 billion under unit-linked portfolio and ₹ 44.79 billion under traditional portfolio. Total investment income has decreased by ₹ 8.47 billion from ₹ 92.98 billion in FY 2017 to ₹ 84.51 billion in FY 2018.

### **Traditional Portfolio (Par and Non Par):**

Total investment income under traditional portfolio has increased by ₹ 7.07 billion from ₹ 37.72 billion in FY 2017 to ₹ 44.79 billion in FY 2018 majorly due to following:

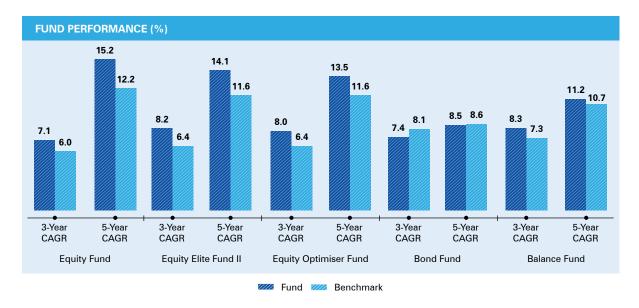

a) Interest income (net of amortization and accretion) under traditional portfolio has increased by ₹ 4.65 billion from ₹ 33.55 billion in FY 2017 to ₹ 38.20 billion in FY 2018 due to increase in investment of debt securities by 14.1% under traditional portfolio.

b) Net profit on sale of investment under traditional portfolio has increased by ₹ 2.28 billion from ₹ 3.73 billion in FY 2017 to ₹ 6.01 billion in FY 2018 due to higher profit booking.

#### **Unit Linked Portfolio**

Total investment income under unit linked portfolio has decreased by ₹ 15.53 billion from ₹ 55.26 billion in FY 2017 to ₹ 39.73 billion in FY 2018 due to fair value change. Fair value change has decreased by ₹ 22.05 billion from a gain of ₹ 15.20 billion in FY 2017 to a loss of ₹ 6.85 billion in FY 2018 primarily due to lower mark to market gains in the unit linked segment in FY 2018 as compared to previous year. During FY 2018, Nifty has increased by 10% as against an increase of 19% in the previous year. The change in fair value is an off-set with the corresponding decrease in unit-linked liability (fund reserves) as it is pass-through to linked policyholders'.

The performance of the fund vis-a-vis the benchmark as on March 31, 2018 is given below:

The Company has outperformed benchmarks across the major fund categories over both, medium and long-term horizon. As on March 31, 2018, around 77% of the equity investments are in large cap Nifty 50 Index stocks and approximately 90% (including Central Government Securities, State Government Securities and Other Approved Securities) of the rated debt investments are in AAA or equivalent rating for long term and A1+ or equivalent rating for short term instruments.

#### iii. Other miscellaneous income

Other miscellaneous income includes fees and charges, income on unclaimed fund, etc. Other miscellaneous income for FY 2018 and FY 2017 has remained flat at ₹ 0.69 billion.

#### D. Cash Flow Statement

The summary of Cash Flow Statement is given below:

|  |                | (₹ in billion) |
|--|----------------|----------------|
| Particulars  | Year ended     | Year ended     |
|  | March 31, 2018 | March 31, 2017 |
| Net cash generated from/(for) operating activities | 103.94         | 85.25          |
| Net cash generated from/(for) investing activities | (89.10)        | (90.31)        |
| Net cash generated from/(for) financing activities | (2.21)         | (1.44)         |

## Cash flows from operating activities

Net cash flows generated from operating activities increased from ₹ 85.25 billion in FY2017 to ₹ 103.94 billion in FY2018. This increase was primarily due to an increase in premium collection which is partially off-set by increase in policy benefits paid.

### **Cash flows from investing activities**

Net cash flows used in investing activities decreased from ₹ 90.31 billion in FY2017 to ₹ 89.10 billion in FY2018. This decrease was primarily due to an increase in net proceeds from sale of investments (net of purchase cost), interest received and dividend income.

## **Cash flows from financing activities**

Net cash flows used in financing activities increased from ₹ 1.44 billion in FY2017 to ₹ 2.21 billion in FY2018. This increase was due to an increase in dividends (including dividend distribution tax) payout.

## **VIII. KEY PERFORMANCE INDICATORS**

Following are the key parameters on which performance of the Company is measured:

#### IX. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has aligned its internal financial control system with the requirements of the Companies Act, 2013, on lines of globally accepted risk based framework as issued by Committee of Sponsoring Organizations (COSO). The internal control framework is intended to increase transparency and accountability in an organization's process of designing and implementing a system of internal control. The framework requires the Company to identify and analyse risks and manage appropriate responses. The Company has successfully laid down the framework and ensured its effectiveness.

The Company's internal financial control framework is based on 'three lines of defence model'. The Company has laid down standard operation procedures and policies to guide the business operations and has a well-defined delegation of power with authority limits for approving revenue and capital expenditure. Statutory, Concurrent and Internal Auditors undertake

rigorous testing of the control environment of the Company. The Company also has a Chief Audit Officer with a dedicated internal audit team which is commensurate with the size, nature and complexity of operations of the Company. The internal audit plan covers Information System Audit, different process audit as well as transaction based audits at the Head office, Regional Offices and across various branches of the Company. The approach of the audit is to verify compliance with the regulatory, operational and system related controls.

## X. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES

SBI Life values its employees and believes that they are the biggest asset to the organization. HR at SBI Life acts as an enabler for unlocking the full potential of employees, leading to significant business results.

In line with the above philosophy, the organization continued to provide professional development opportunities to employees by giving them cross-

functional exposure and rewarding them upon acquiring business specific higher technical qualifications. A new performance management process 'LEAP' (Leading through Excellence and Performance) was deployed by the company. Through LEAP, the organizational dashboard parameters were converted into tactical goals and operational plans and the individual rewards were linked with the achievement of organizational goals. These features have made the performance management more objective & transparent, and played a key role in driving organizational growth. Competency assessments were conducted for leadership and managerial roles. The leadership group was also given trainings on assessment & development process and other talent management initiatives.

The organization places immense focus on the employee engagement and have regularly sought feedback from the employees. The employee engagement survey 'Pulse' was launched during the year, to which an overwhelming response was received from all employees. 'Town Halls' were organized across the country facilitating a direct connect between the employees and the leadership group. Events like off-site meets, team dinners and the Annual Day event 'Sangam' further nurtured the employee bonding and camaraderie. The extraordinary efforts of the employees have been recognized and rewarded under the Going Extra Miles (GEMs) scheme. Organization also awarded the employees for innovative projects under the 'Innoviti' contest.

The organization will continue its endeavour to become the 'employer of choice' to provide a better employee value proposition to attract, develop and retain talent. The Company, one of the most trusted private Life insurance brands, is now more than 17 years old. ### 3. INDUSTRY AND COMPANY OUTLOOK

In India, life insurance industry is poised for a sustainable and profitable growth in long run. Multiple factors, stemming from macro-economic, demographic and regulatory changes are catalyzing the growth of the life insurance market.

Over the years, the industry has undergone fundamental shifts such as rapid expansion, rebalancing of distribution mix, transitions of product mix, digital transformation, capital inflows, and approach towards customer-centricity. As a result, Industry has shown creditable growth both in new business premium collection and new policies sold. In FY2018, Industry reported 11% growth in new business premium collection with the help of both Private Players and Life Insurance Corporation. Private life insurers enjoyed a healthy growth of 18% during financial year.

Despite under penetration and low sum assured in life insurance segment, industry has a considerable amount of potential to grow exponentially in upcoming year. Life Insurers' ability to innovate products matching risk profile of policyholders, reengineering the distribution, focus on adopting digital tools to reduce cost to serve, making sales and marketing more responsible and answerable, and regulatory support to encourage transparency and accountability offers more avenues in the wake of this fast growing economic environment.

Life insurance industry is supported by government policy actions and reform measures which are aimed at financial inclusion, clean up and consolidation of banking sector, more foreign investment friendly measures, better tax compliance, and digital connectivity.

Additionally, the regulator has issued various regulations/circular for the life insurance sector such as IRDAI (Payment of commission or remuneration or reward to insurance agents and insurance intermediaries) Regulations, 2016, IRDAI (Outsourcing of Activities by Indian Insurers) Regulations, 2017, Prevention of Money-laundering (Maintenance of Records) Second Amendment Rules, 2017, IRDAI (Protection of Policyholders' Interests) Regulations, 2017, IRDAI Master Circular (Unclaimed Amounts of Policyholders), 2017.

With several changes in regulatory framework which are expected to further changes in the way the industry conducts its business and engages with its customers. Demographic factors such as growing middle class, young insurable population and growing awareness of the need for protection and retirement planning will support the growth of Indian life insurance.

Sustained efforts towards creating awareness and working to enhance the industry's reach will lead to fruition of the objective of having a country of individuals who are financially protected.

The Company strategy focuses on the following:

- Leveraging life insurance industry growth through deeper penetration, increasing share of protection business and increasing market share through a balanced portfolio of protection and savings products.
- Increasing geographical reach by using our expansive distribution network and strengthening our distribution mix by leveraging relationships with new corporate agents, broker partners and web aggregators.
- Maximising customer satisfaction by offering comprehensive suite of products of transparent nature at competitive prices and improving customer experience from client on-boarding to claims settlement.
- 4. Digitisation and automation of sales processes to improve distribution and operational efficiencies.

## 8. PRODUCTS

SBI Life has a wide range of products catering to various customer needs in the life, health, pension & micro-insurance segments. These products are customer centric, simple to understand and have competitive features.

To maintain its competitive edge in the market, the Company had launched two new individual products

and eight existing products (individual and group) with modifications during FY 2018. The details of the new products launched in FY 2018 are as follows:

- SBI Life Sampoorn Cancer Suraksha (UIN: 111N109V01):
   This is an individual non-linked, non-participating health insurance product.
- 2. SBI Life Poorna Suraksha (UIN: 111N110V01): This is an individual non-linked, non-participating term insurance product with in-built critical illness cover.

#### 9. CUSTOMER AND PARTNER SERVICE ENABLEMENT

Being a customer centric organization, the operations group at SBI Life maintains a consistent focus on enhancing and upgrading their work processes and systems with the aim of creating greater value in all its customer interactions across all customer touch points. With a view to meet and exceed customer expectations and remain competitive in the market place, the functional departments have undertaken several initiatives in line with the emerging technologies.

These initiatives will help the organization to build processes that are more robust, consistent and scalable. They will also result in the empowerment of the front line staff across all customer touch points to service our customers more efficiently. Some of the key initiatives undertaken by different departments of the Company are described below:

## A. Client Relationship

The client relationship department is pivotal in ensuring that customer queries and grievances are resolved to the full satisfaction of the customer within defined timelines, and therefore our initiatives this year have been to empower our employees to improve the query and grievance handling mechanisms.

**Upgradation of Customer Relationship Management** (CRM) Module: - CRM Next, is an automated workflow that has been created for handling customer grievances, obtaining sales comments & recommendation from the Regional Leadership group, initiating investigation wherever necessary, and seeking necessary approvals from the Competent Authority. It is a digital platform for conducting a root cause analysis of all the customer complaints and queries. It also facilitates quality check of the grievance handling mechanism to ensure that any gaps are identified and plugged immediately.

Under the Customer 360 degree view, the details of all the policies held by customer and his service request history are maintained. Additionally, real time information on the plan details, service history records of the policy life cycle along with the policy status is provided, which helps in resolution of customer grievances.

With the launch of CRM Next, we have moved towards a paperless complaints handling process. This has brought in perfectly consistent a coherent workflow with better record maintenance and process efficiency. It has also helped in reducing the overall resolution time of complaints.

- Parivartan:- This is a module designed to empower SBI to log in SBI Life customer queries/ complaints received at their end for better tracking and faster resolution of queries/ complaints.
- Root Cause Analysis:- The existing process of root cause analysis of complaints and queries has been improvised and a well defined procedure has been laid down. Every month, the complaints that arise due to service deficiencies are analyzed in depth and the observations are taken up for improving the process or systems. This procedure has helped in identifying and addressing process gaps thereby strengthening our processes by making them more efficient and customer centric. It has also led to reduction in instances of similar complaints.

#### B. Customer Engagement

The customer engagement department has seen multiple strategic initiatives to connect with our customers in a more professional, yet personalized manner. Apart from the customer awareness campaigns that the Company executed through email and SMS to spread awareness about Life Insurance and other initiatives to provide enhanced service experience to HNI clientele, the year 2017-18 also saw the introduction of two major Customer Centric initiatives:

 Introduction of the Net Promoter Score (NPS) to gauge what the customers think about the organization, by reaching out to customers at Critical Moments of Truth in the Policy life Cycle. Feedback is now being sought at the policy issuance stage, at Payment of 4th year Renewal Premium and at Maturity of the policies. NPS implementation is currently at the initial stage and is a rich source of feedback. Data will be integrated with CRM Next (our new CRM module) for a complete view of the customers and form the basis of improving our processes to benefit customers. The knowledge of earlier customer feedback/ grievances will also enable the subsequent servicing agents to interact with the customers in a better manner.

• Introduction of the Chat-Bot, named Real Intelligent Assistant (RIA), the automated online chat system that is available on our website. Currently, it is empowered to provide responses to most frequently asked questions, and going forward it is being developed to provide policy specific information to the existing/ potential prospects after due authentication.

## C. New Business

- a. PIWC in RiNn Raksha Housing Loan: Pre issuance Welcome Call (PIWC) has been initiated for the RiNn Raksha Housing Loan cases. This has been done to ensure that:
- the customer is covered under the right policy as per his/ her choice & needs.
- Information provided by the customer in the proposal is correct.
- the customer has understood the product features.
- b. Revamping of Pre-Issuance Welcome Call (PIWC) calling scripts and reference to FAQ: Based on an analysis of the various queries that are put forward by the customers during the PIWC call, a complete revamp of the call centre scripts was undertaken to ensure greater clarification of customer queries during the PIWC. A set of FAQs were also shared with the call centre agents to help them with their query resolution process.

## D. Underwriting

With an objective to further improve upon our underwriting practices as well as to reduce the risk of selection of any adverse lives, some of the

notable initiatives undertaken by the Company are shared below:

- Implementation of risk score based underwriting that will alert the underwriters of a probable high risk factor at the selection stage itself. This will prevent any inconvenience at a later stage, after the policy is issued.
- Organized 360 degree training programme for all underwriters at Hubs (Regional underwriting Units) located at 16 regional centres with a view to create a better informed and well trained workforce.
- New Business work flow implemented to make the issuance process faster and streamlined.
- Financial underwriting based on credit information and score thereby reducing the financial requirements.

## E. Policy Servicing

 Revival Mela: - Revival campaign was conducted in FY 2017-18 with the motive of reviving lapsed policies and rebuilding the relationship with our policyholders. A total of 71,887 polices were revived leading to a renewal collection of ₹ 2.39 billion.

## Predictive Analytics for Revival of Lapse policies:

- For revival of lapsed policies, predictive data analytics was used to identify the likelihood of revival of policies. The lapsed policies were classified into four categories with the help of different variables, so as to help the optimization of efforts to revive lapse policies during the campaign.
- Proactive Surrender Prevention:- In order to prevent surrender in a proactive manner, surrender prevention analytics has been undertaken, where in Surrender-able policies of linked and non linked types are divided into three risk categories of Red, Amber and Green based on multiple variables like policy vintage, state, past-lapsation, lock-in period, educational qualifications and surrender related queries. Various SMS, email campaigns are being triggered to these customers highlighting the benefits

- of the product on a regular basis and as part of an active engagement strategy.
- Centralized Surrender Prevention Calling: Centralized Surrender calling commenced in FY 2017-18 through the outbound call centre. The calling is done by a specially trained team having detailed knowledge about products and the corresponding advantages which help them to convince customers to retain the policies till the end of the term. A total of 2,619 policies amounting to ₹ 0.55 billion have been retained in FY 2017-18 through Centralized Surrender Calling activity. This activity is over and above the "face-to-face" counselling activity in the branches.
- **Go Green:** Under the ongoing Go Green campaign, policyholders are encouraged to register for Electronic communications. A total of 7,18,285 policies were registered for Go Green in FY 2017-18.
- of changing dynamics and increasing digitization of services across platforms, all new customers are being registered on our My Policy Customer Self Service Portal to enable customers to have one view of all their policies and also do various transactions online. Unlike previous years where they were communicated of this facility, this year we are registering all new customers and communicating the user IDs to them to enable login and activity in the e-portal.
- Premium collection through digital medium: In our endeavour to push digital transactions, the Company has tied up with "Paytm" services for renewal premium collection and customers can now pay renewal premium through "Paytm".
- Auto-mailer Available Anytime Anywhere:- A series of auto mailers for renewal has been rolled-out during the FY 2017-18 covering various critical monitoring parameters, customized to different Groups (both from Operations and Sales) at different frequencies directly benefiting regional team and making data & analysis availability handy even when they are on field/tour.

## F. Group Operations

## a. Go App Mobile application

Launched a Mobile based application for Key Accounts Managers (KAM) & Business Development Managers (BDM) of Group Business to resolve basic queries related to Fund and Group Term Business Products.

The information available under the application is stated below:

- Fund Products New business list, mini fund statement, requirement upload, master policy search, claim view.
- Sampoorn Suraksha New Business list, renewal list, lapsation list, master policy search, member view, claim view, requirement upload, view of members for underwriting.

#### b. Group Customer Portal

- Enhancement of Group Customer Portal for Annuity customers. Group Members can now view COE (Certificate of Existence) Status and group members can generate and download Annuity certificates.
- Facility for the nominee/claimant to check the claim settlement status of the PMJJBY policies.

## c. E-issuance of Group Term Master Policy documents

### G. Outsourcing of activities

- Outsourcing of Refund Initiation: The refund process has been partially outsourced so as to improve customer service by reducing the servicing time.
- Outsourcing of Living Benefit claims processing:
   This has led to reduction in claims settlement
   TAT (Turnaround Time), better manpower management and cost efficiency.

#### 10. CLAIMS

Claims Management is a very important aspect of the insurance business. At SBI Life, customer focus at claims stage is ensured by providing efficient services, striving to exceed the customer expectations by creating avenues for increasing self service facilities,

including setting up of programmes for effective resolution of customer grievances. In FY 2017-18, the claim settlement ratio for individual policies stood at 96.8% and for Group policies at 99.4%.

- Post Issuance Profile Verification (PIPV): Profile verification of high risk cases through external investigation commenced since April 2017. In lieu of the revised Section 45 of the Insurance Act 1938, a policy cannot be called in question after three years from the commencement or revival even on the grounds of fraud. Hence, the process to conduct Post Issuance Profile Verification (PIPV) was introduced for existing policyholders. This exercise helps us to identify fraudulent cases and initiate appropriate action to curb fraud
- Decentralization of Individual Fast Track (Non Early) claims: Claims processing for cases where sum assured is up to 5 lakhs has been decentralized to branches all over India (only admissible cases other than lapse, open title & indemnity bond (in case of lost original policy document) cases). The branches have been empowered through the release of proper training and reference materials.
- Maturity and Survival Benefit under Business Process Management (BPM) module: End to end workflow has been introduced for Maturity and Survival Benefits in BPM platform so as to reduce Turn around Time and help in effective monitoring. Also, as a step towards digitalization, the existing Scan Flow system has been integrated with the BPM module to enable branches to view the documents received from policyholders on one platform.
- **First Time Right learning series:** First Time Right learning series for claims processes was circulated to all employees periodically. The content reiterates and emphasizes on various documental requirements depending upon the claim type. This in turn will helps us to obtain all the documents required correctly at first place itself leading to faster processing of claim and customer satisfaction.
- All India Investigators' Meet was conducted to sensitize the Investigators about concerns and expectations regarding the quality of investigations to be done as part of claims settlement process.

#### 11. INFORMATION TECHNOLOGY

At SBI Life, as a practice, we are committed to implement innovative solutions and adopting the newer technology to provide more and more convenient options to customers. Few of such innovative and customer centric solutions are listed below:

STATUTORY REPORTS

#### Infrastructure

- Upgrade of firewalls at Data Center (DC) and Disaster Recovery (DR) with Next Generation Firewall having Advance Persistence Threat (APT) solution using Sandblast technology to protect against Ransomware, malware, zero attack, unknown threat in DC & DR.
- Augmentation of DR capacity to host more applications along with Infrastructure such as Core CISCO Nexus Switch and Infrastructure for Customer Relationship Manager (CRM), Data Loss Prevention (DLP) etc.

#### **Process Area**

Following are the major process improvements done:

- During the financial year, all the policies were issued and serviced from the New Policy Management System - Ingenium. The old policies also will get migrated in the New System in the coming years. This would increase the quality of the customer servicing further more.
- New Customer Relationship Management (CRM) system - Phase 1 is implemented in this year. The further enhancements are targeted for next financial year. This will help the end user servicing the customer to understand the complete details of the customer interactions at the customer touch points.
- The New Business Workflow system is implemented during this financial year. This will provide mechanism for faster completion and issuance of the new policies.

## 12. INVESTMENTS

Equity markets gave good returns for the year amidst increased volatility across both domestic and international markets. Sensex gave a return of

11.3% for the year. Domestic debt markets were extremely volatile with a mixed bag of positive and negative developments. Indian Economy witnessed good growth as we continued to recovery from the 'post-demonetization' slowdown. Higher imports as a result of stronger domestic demand combined with higher global crude oil prices weakened the current account balance. INR weakened very marginally by 0.04% at ₹ 65.17 despite external pressures owing to our strong Forex reserves, which hit an all time high of USD 424 billion.

Yield on 10-year Government of India Bond hardened by 64 basis points to end the year at 7.33%. Markets reacted negatively to higher inflation, wider fiscal deficits for FY 2018 and FY 2019 and series of rate hikes in US. Crude Oil prices moved up by 30% to USD 69 per barrel and added further pressure to India's macroeconomic fundamentals. The introduction of GST, a landmark reform aimed at streamlining indirect taxes, met with initial challenges. The revenue collections continued to fall short of expectations. Moody's Investor Services upgraded India's sovereign ratings by one notch in November, but this failed to enthuse markets amidst pressures on the government's finances.

The Assets under Management (AUM) of the Company has increased by 19.0% to ₹ 1,162.61 billion as on March 31, 2018 from ₹ 977.37 billion as at March 31, 2017. The AUM was made up of ₹ 613.25 billion of traditional funds (including shareholders' funds) and ₹ 549.36 billion of Unit Linked Funds. The Unit linked portfolio majorly comprises of Equity funds, Bond funds and NAV guaranteed funds. The performance of both traditional and unit linked funds was satisfactory with majority of funds, equity and bond funds comfortably beating the benchmark and their respective peers.

#### **Board Meetings**

### **Notice, Agenda and Minutes**

The meetings of the Board of Directors are usually held in Mumbai where the registered office of the Company is situated. The Board meets at least once in every quarter, a minimum of four (4) meetings are held in a financial year to review financial results and other regular agendas. The Board also meets as and when necessary to address specific issues concerning the businesses of the Company.

The Board Meetings are governed by a structured Agenda. The Agenda along with detailed explanatory notes and supporting material are circulated in advance before each meeting to all the Directors for facilitating effective discussion and decision making. The proceedings of each meeting of the Board and its Committees are conducted in accordance with the provisions of the Companies Act, 2013 and rules made thereunder.

The Companies Act, 2013 read with rules issued there under, allows conducting of meetings through audiovisual means or video-conferencing. Accordingly, the Directors are given an option to participate at the meetings through video conferencing mode.

In case of a special and urgent business need, the Board's approval is taken by passing resolutions by circulation, as permitted by the Companies Act, 2013, which is confirmed in the next Board Meeting.

The Company Secretary is responsible for collation, review, preparation and distribution of the Agenda papers submitted to the Board and preparation of minutes. The Company Secretary attends all the meetings of the Board and its Committees. The Company Secretary acts as a mediator between the Board of Directors and other stakeholders to ensure proper flow of information for the smooth functioning of the business operations.

With a view to leverage on technology and as a Go Green initiative, the notice and agenda papers of Board and Board Committee meetings including presentations are circulated to the members and invitees in soft copy.

- I. Board IPO Committee

#### A. Board Audit Committee

The Board Audit Committee assists the board of directors to fulfill its corporate governance and overseeing responsibilities in relation to an entity's financial reporting, internal control system, risk management system and internal and external audit functions. Its role is to provide advice and recommendations to the Board within the scope of its terms of reference.

The Committee acts as a link between the Management, Auditors and Board of Directors. As per Corporate Governance Guidelines, the association of the Managing Director and Chief Executive Officer in the Board Audit Committee is limited to eliciting any specific information concerning audit findings. The Chief Financial Officer, Chief Audit Officer, Compliance Officer and Appointed Actuary are the permanent invitees to the meetings.

The Committee monitors the Company's financial reporting process and appropriate disclosure of financial information to ensure that the financial statements are accurate and credible. The role of the Committee includes oversight of the financial reporting process, the audit process, the adequacy of internal controls, transactions with related parties and compliance with applicable laws and regulations.

The Committee reviews with the Management all the quarterly, half yearly and annual financial statements prior to recommending the same to the Board for approval. The Committee also reviews any additional work entrusted to the auditors.

The Audit Committee in co-ordination with Internal and Statutory Auditors on regular intervals reviews the adequacy of Internal Control Systems within the Company.

#### Composition

The composition of the Board Audit Committee is governed by the provisions of Companies Act, 2013, Listing Regulations and Corporate Governance Guidelines, 2016 issued by IRDAI.

The Company has a qualified Independent Audit Committee consisting of five (5) Independent Directors and two (2) Non-Independent Directors. All the members of the Committee are financially literate and have necessary accounting & financial management expertise/background. IRDA/F&A/GDL/LSTD/155/08/2016 dated August 5, 2016 requires the Company to make following disclosures on remuneration on an annual basis in their Annual Report:

#### A. Qualitative Disclosures

#### 1. Board Nomination & Remuneration Committee

Board Nomination & Remuneration Committee ("the Committee") oversees the appointment and remuneration aspects of Key Managerial Personnel including Managing Director and Chief Executive Officer. The functions of the Committee include recommending appointments of Directors to the Board, identifying persons who are qualified and carrying requisite specialization to become Directors of the Company and who may be appointed as key managerial personnel in accordance with the criteria laid down, recommend to the Board their appointment and removal, and formulate a criteria for evaluation of every director's performance and recommend to the board a policy relating to the remuneration (including variable pay or performance linked bonus) of the key managerial personnel and other employees based on the financial and strategic plan approved by the Board. The Committee also evaluates the performance of Managing Director & Chief Executive Officer's and Non-Executive Director's once in a year.

#### 2. Objectives and key features of Remuneration Policy

The purpose of the remuneration policy is to put in place a framework for remuneration of

Directors, Key Managerial Personnel and other employees, keeping in view various regulatory and other requirements. This policy is guided by the set of principles and objectives as particularly envisaged under Section 178 of the Companies Act 2013, which include principles pertaining to determining the qualifications, positive attributes, integrity and independence of Director etc.

The basic objectives of the Remuneration Policy are given below:

- To be compatible with the organization's Vision and Mission,
- To be externally & internally equitable
- To ensure relationship of remuneration to performance is clear and meets appropriate performance benchmarks.
- To provide to Key Managerial Personnel and Senior Management reward linked directly to their effort, performance, dedication and achievement relating to the Company's operations.
- To retain, motivate and promote talent and to ensure long term sustainability of talented managerial persons and create competitive advantage.
- While making appointment of employees for particular positions their relevant qualification, experience and expertise shall be taken into account.

The Remuneration Policy was reviewed and approved by the Board of Directors in its meeting held on March 23, 2018.

### 3. Remuneration of Managing Directors and Other Senior Management Personnel

As per Article of Association of the Company, the Managing Director and Chief Executive Officer

of the Company is appointed by State Bank of India and the appointment is subject to Insurance Regulatory and Development Authority of India (IRDAI) approval. The remuneration of Managing Director and Chief Executive Officer is governed by SBI Officers Service Rules and is being reimbursed by the Company to State Bank of India.

The appointment of other Key Management Personnel & Senior Management staff at SBI Life and their removal from services of the Company are governed by the HR policies of the Company and approved by the Managing Director and Chief Executive Officer / Board wherever applicable.

Remuneration aims to motivate personnel to deliver Company's key strategies, create a strong performance-oriented environment and reward achievement of meaningful targets over the short and long term.

The Company has an annual increment and variable pay policy which is based on merit pay philosophy. The performance linked incentive is based on both individual as well as Company's performance. Various performance parameters for the Company (based on the financial and strategic plan approved by the Board) are reviewed by the Committee and approved by the Board at the beginning of every year.

Based on the pre defined parameters the actual performance of the Company is reviewed by the Committee to award a performance rating. The Company performance rating is approved by the Board based on the recommendations of the Committee at the end of every financial year. The framework of annual increment and performance linked Variable Pay for all SBI Life employees is also reviewed by the Committee and approved by the Board every year.

### ANNUAL REPORT ON CORPORATE SOCIAL RESPONSIBILITY (CSR) ACTIVITIES

(As prescribed under Section 135 of the Companies Act, 2013 and The Companies (Corporate Social Responsibility Policy) Rules 2014)

 A Brief Outline of the Company's Corporate Social Responsibility ("CSR") Policy, Including Overview of Projects or Programs Proposed to be Undertaken and a Reference to the web-link to the CSR Policy and Projects or Programs:

SBI Life believes in 'Protection of Life', which is blatantly reflected in its services, and that the development of children holds the key to progress of the nation. We thus promote and facilitate children to emerge as productive assets, in a sustained and scalable manner. The company has concentrated majorly towards providing education to the financially disadvantaged children, supporting preventive healthcare and wellness, rural development and environmental upgrade. We continue to remain focused on improving the quality of life and serving communities through CSR initiatives. The amount of CSR expenditure in last four financial year from FY 2015 to FY 2018 is ₹ 46.26 crores.

Details about the CSR policy and initiatives taken by the Company on CSR during the year are available on our website:

### Sbi Life's CSR Efforts in FY 2018

### Education

SBI Life believes that every child in the country is an asset; and an educated child is the greatest resource of the country. Education is the medium through which children can evolve into valuable human capital and thrust nation's economy. More importantly, education can play a vital role to break the cycle of poverty, which is prevalent in thousands of families in India. SBI Life's focus on child education and overall development stems from the thought that children are the future of our nation and education will give them the power to pull a family and a country out of financial distress. In FY 2018, SBI Life supported child education through different initiatives:

 For children who cannot afford basic education, SBI Life extends a helping hand to support the cost of education and overall development of

- these children. Under this cause, the Company has supported 20,000+ students studying across 50 schools/educational institutions throughout the country.
- School environment and infrastructure plays a vital role in the continual education of a child. Poor infrastructure weakens the quality of education, consequently resulting in early dropouts. SBI Life has benefited more than 1 lakh+ students studying in 452 schools/educational institutions across 19 states in the country through capacity building and infrastructure improvement of the schools/educational institutions. Under this category, SBI Life has also provided for school buses and vans to various institutions in order to enable smoother transportation of school children.
- Academic essentials are the primary necessities that aid in education, and the company took a conscious effort to reduce school dropouts due to this reason. It has provided for basic educational and stationery essentials to 34,000+ children across 10 states of the country, in an effort to enable uninterrupted education of these children.

### Healthcare

For India to achieve the highest possible level of good health and well-being, through preventive healthcare, and universal access to quality healthcare services without anyone having to face financial hardship, even minuscule contributions from various entities play an extremely significant role. The purpose of SBI Life to invest in healthcare is to make a meaningful difference in the lives of people who still lack access to basic healthcare facilities and/or cannot afford it. The company has taken tiny steps to ensure that its CSR contribution is helping the needy in the most effective manner.

SBI Life has provided for essential medical equipment and/or preventive healthcare materials to 20 hospitals/medical institutions across the country. Ambulances/vans have been provided to 5 hospitals/NGOs for to enable smoother transportation of patients and people in need.

- The company also contributed towards cancer awareness and screening camps across Madhya Pradesh, Maharashtra and Noida. General medical camps were held across 50 villages in Gujarat. Another initiative undertaken in Odisha aimed at creating hygiene awareness among 4,000 students across 20 schools in Jajpur and Bhadrak districts.
- Apart from this, the company also contributed towards cost of treatment of 100 patients suffering from Chronic Myeloid Leukemia across Rajasthan, and towards the cost of intra-ocular lens surgeries of 1,750 underprivileged people from Odisha.

### **Rural Development and Environment**

Through its rural development initiatives undertaken in the states of Maharashtra, Karnataka, Kerala and Tamil Nadu, SBI Life has impacted the lives of more than 5,000 villagers. These initiatives include provision of sanitation and lavatory facilities, safe drinking water, and even compost machines. This year, rural development was not just limited to the aforementioned causes. It also encompassed the development of rural youth through training and workshops, educating them about advanced techniques in agriculture, better livelihood opportunities, and financial literacy.

Every year, the company does its bit to reduce its carbon footprint by planting trees in different states. In FY 2018, SBI Life planted 50,000 trees near Himalayan monasteries, schools and forests in the North Eastern state of Sikkim. The plantations not only aided in securing wildlife habitat and beautifying the area, but also created around 4,093 workdays of jobs for the rural communities.

### **Disaster Relief**

Different national entities, corporate or otherwise, coming forward to help the victims during a natural calamity is very crucial in order to restore the nation's well-being. The continuous downpour that caused floods in the North Eastern states in June 2017, resulted in many families losing their homes and lacking access to basic hygiene facilities. SBI Life extended help to the victims of these floods by providing them with relief materials. 22,600 flood-affected people spread across the states of Uttar Pradesh, West Bengal, Bihar and Assam, were the direct beneficiaries of this initiative.

### **CSR Partnerships**

The traces of improvement that the company leaves behind on any community or individual have been possible only because of the long-standing and sustainable relationships with its CSR partners. Cherishing these partnerships has been a crucial aspect of our CSR ideology. Successful social interventions with NGOs like Smile Foundation, Umang Foundation, Nai Dharti, CanKids..KidsCan, SPJ Sadhana School, GrowTrees, Isha Foundation, Child in Need Institute, Concern India Foundation, AIM FOR SEVA, have left a significant impact on our beneficiaries over the years.

### 2. The Composition of the CSR Committee:

### **Enterprise Risk Management**

### **RISK MANAGEMENT FRAMEWORK**

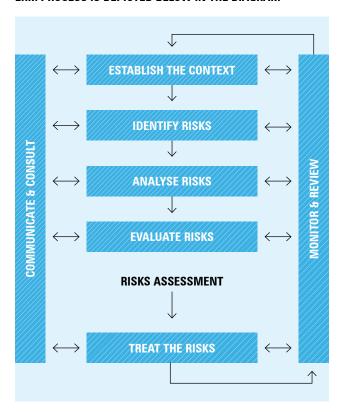

Effective management of risks is essential to achieve Company's strategic and operational objectives and goals with a certain degree of assurance. In line with its quest for implementation of Enterprise Risk Management, SBI Life has developed a robust Risk Management Framework to identify, assess and mitigate its key business & strategic risks. This framework drives the overall Risk Management methodology at SBI Life. The Company has formulated a Risk Appetite Framework so as to integrate risk management with strategic business objectives and define the overall risk appetite for the organisation.

The Enterprise Risk Management at SBI Life encompasses all risks including Strategic Risk, Operational Risk, Insurance Risk, Investment / Market Risk, Fraud Risk, Information & Cyber Security Risk, Compliance Risk and Business Continuity Risk.

The ISO 31000:2009 'Statement of Compliance' issued by British Standards Institution (BSI), in April 2017, for Enterprise Risk Management System of SBI Life covers all departments and functions at Corporate Office, Central Processing Centre, Regional & Branch Offices of the Company.

SBI Life in its Risk Management policy has defined operational risk management to manage its operational risks involving business continuity management, fraud monitoring and Information security. The company is governed by various Committees' to manage its risks. The Company considers risk management to be fundamental to prudent management practice and a significant aspect of Corporate Governance. The Risk Management framework encompasses risk management activities integrated with the Business Objectives of SBI Life and forms the base for compliance, monitoring & reporting of those activities.

### **ERM PROCESS IS DEPICTED BELOW IN THE DIAGRAM**

The key focus areas of the framework are:

- Strategic Risk Assessment & Capital Planning
- Governance
- Risk Universe
- Risk Awareness
- a. Strategic Risk Assessment & Capital Planning

SBI Life conducts Strategic Risk Assessment activity for identification, assessment, mitigation, monitoring and controlling Top risks facing the Company on

### b. Governance

A risk reporting process has been formulated and implemented to manage risk governance requirements. Risk management is considered to be the responsibility of every employee of SBI Life and the same is driven by the Board.

SBI Life conducts an annual risk assessment exercise to identify the major risks faced by the Company for the ensuing year. Based on the same, top risks are identified and assigned to relevant risk owner for appropriate mitigation. Mitigation plans are monitored on a periodic basis.

A quarterly Risk Management Committee (RMC) of Executives and Asset Liability Committee (ALCO) is convened to discuss the ongoing risk management issues. In accordance with the IRDA Corporate Governance guidelines, SBI Life has also set up RMC at the Board level. These Committees meet on a quarterly basis. The RMC of the Board provides directions on Risk Management & Asset Liability Management.

### c. Risk Universe

The Company is exposed to several risks in pursuit of its business goals and objectives. The Company has put in place adequate safeguard(s) to mitigate these risks. In the capital adequacy framework, various risks are assessed and quantified by allocating capital to each risk at the desired level of confidence. Some of the key risk areas and their assessment are detailed below:

**Operational Risk**-Operational risks are managed through tools like Risk Registers, Risk Control Self Assessment (RCSA), Incident Reporting, Business Continuity Planning, Information Security assessments and Key Risk Indicators (KRIs). The risks are discussed with stakeholders and mitigation strategies are devised with appropriate monitoring and control.

Market Risk - The Investments department complies with all regulations on Investments issued by IRDAI from time to time. Investments are done strictly in line with the IRDAI regulations. The Investment Policy is exhaustive and covers all the key areas of risk management & reporting with regard to Market Risk. Market risk is further mitigated by matching assets and liabilities by type and duration and matching cashflows. A strategic asset allocation is approved by the ALCO for each business segment optimizing risk and reward of each asset class in the context of the asset liability profile of the segment. Guarantees provided on the products are assessed and monitored on an ongoing basis.

The Company undertakes an economic capital assessment periodically to assess its capital adequacy on an economic basis.

Insurance Risk - Insurance risk is managed at the process level through appropriate system validations and functional structuring with the aid of analytical & modeling tools. The Actuarial team has formulated policies like Stress Test Policy, Reinsurance Policy and ALM Policy for Asset Liability Management.

### d. Risk Awareness

Sensitization and awareness creation of Risk Management across the Company is done through Training, Workshops, E-mailers, Seminars, Conferences, Quizzes, and Compendium of Loss incidents. 1st September of every year is celebrated as Risk Awareness Day wherein customized audio visuals are broadcasted to enhance the risk awareness levels among employees. 30th November of every year is observed as 'Computer Security Day.' This occasion is used to create awareness in respect of information and cyber security in the Company.

The Company certifies that the values of all the assets have been reviewed on the date of Balance Sheet and the amounts reflected under 'Loans', 'Investments' (excluding fixed income securities held in the Shareholders' account and non-linked Policyholders' account which are carried at amortised cost), 'Agents balances', 'Outstanding Premium', 'Interest, Dividend and Rents outstanding', 'Interest, Dividends and Rents accruing but not due', 'Amount due from other persons or Bodies carrying on insurance business', 'Sundry Debtors', 'Bills Receivable', 'Cash' and the items specified under 'Other Accounts' did not exceed their respective realizable or market value.

### 7. INVESTMENTS OF LIFE INSURANCE FUNDS

The Company certifies that no part of the life insurance fund has been directly or indirectly applied in contravention of the provisions of the Insurance Act, 1938 (amended by Insurance Laws (Amendment) Act, 2015), and all investments made are in accordance with IRDAI (Investment) Regulations, 2016, and orders/directions issued by IRDAI thereafter.

### 8. RISK EXPOSURE AND MITIGATION

The Company has a comprehensive Risk Management Policy covering a wide gamut of risks. The policy is reviewed on an annual basis. Together with policies on all key functions and a system of documented standard operating procedures, the Company's risk management policy ensures a robust risk management framework for its operations. The Risk Management Committee and the Asset Liability Committee are responsible for overseeing the Company's risk management program and for ensuring that significant risks to the Company are monitored and reported to the Board on a timely basis.

### (I) Risk Mitigation Strategies

Risk mitigation strategies for major risks faced by the Company are as under:

### (a) Market risk:

To manage the interest risk the Company monitors the duration of assets and liabilities for different portfolios on quarterly basis. Also, expected cash-flows of the assets and liabilities are monitored closely to identify any potential reinvestment risk.

Investment strategy for each line of business is laid down so that the assets are appropriately matched by the nature and duration of liabilities. A range is provided for each asset class and the investment front office takes tactical investment decision within the stated range. The Corporate Risk Appetite is the basis on which the risk reward framework is optimized for this purpose.

All investments are made strictly in compliance to the IRDAI Investment Regulations issued from time to time.

Market risk is monitored at the Fund level and the Company level. This risk is measured using some real world stress test scenarios. The results provide insights into the ability the Company has in terms of asset allocation. The limit on some volatile/risky assets is decided based on the risk appetite/limits laid down by the Board. Within these constraints, the Company decides on a strategy so as to improve client and company value.

The Company's product mix is also monitored in the context of the level and concentration of market risk within overall risks of the Company.

### (b) Credit risk:

The Company manages the credit risk of its investments through the following measures:

 Exposure limits for companies, groups and industries are in accordance with

- IRDAI (Investment) Regulations, 2016, and regulations/orders/directions issued by IRDAI thereafter.
- (ii) Constant monitoring of the Investment portfolio for credit ratings.
- (iii) Limit Credit Exposure by setting a range for investments in Corporate Bonds.
- (iv) Counterparty risk is mitigated by placing reinsurance only with reputed and highly rated reinsurers.

### (c) Liquidity risk:

The Company faces limited liquidity risk due to the nature of its liabilities & business structure. The cash investment along with expected future premium from existing business is sufficient to cover expected outgo of the Company as forecasted by the ALM team.

### (d) Morbidity and Mortality risk:

The Company uses the following approaches to manage its mortality and morbidity risk:

- (i) Reinsurance: The Company uses a combination of surplus, quota share and catastrophe reinsurance treaties. The reinsurance treaties are reviewed and compliant with the related IRDAI regulations.
- (ii) Experience Analysis: The Company monitors the expected vs. actual mortality experience on quarterly basis and takes corrective action, if need be.
- (iii) Repricing: The Company reserves the right to review risk charges, in case of adverse experience, with appropriate IRDAI approval.
- (iv) Underwriting and claims controls: Underwriting and claims policies and procedures are in place to assess and manage the risks. The Company conducts periodic reviews of both underwriting and claims procedures and policies to ascertain the mortality risk experience. The underwriting norms are generally aligned to the pricing basis.

- (v) Others: Various measures have been recently introduced to combat fraudulent death claims and as response to the modification of section 45 of the Insurance Act. These include:
  - Monitoring the early claims at agent, unit manager, branch and regional level.
  - Introduction of risk based underwriting through claim analysis.

### (e) Persistency risk:

The persistency risk is managed with the following approaches:

- (i) Experience analysis: The Company conducts its experience analysis quarterly to ensure that corrective action can be initiated at the earliest opportunity and that assumptions used in product pricing and embedded value are in line with experience.
- (ii) Product features: The Company uses features like bonuses, guaranteed additions and additional allocation of units to encourage policyholders to continue with the policy. However, such features are included strictly in compliance with the IRDAI product regulations issued from time to time.
- (iii) Service initiatives: The Company uses a combination of proactive and reactive interventions to manage persistency. The interventions could include sending communication via different media like email, mailers, SMS to customers and distributors, reminders and telephonic interviews with customers, and visits to customers. Various customer education initiatives are also taken up for this cause.
- (iv) Aligning key performance areas: The Company uses different key performance areas for different levels of hierarchy in Sales and Operations to align interests and ensure adequate focus on persistency. Persistency Managers at regional level help focus on the need and requirements matching of the customers besides contributing to the renewal business.

### (f) Expense risk:

The Company actively monitors its expense levels, which are then fed back into new product pricing, calculation of reserves and management reporting. In case of any adverse deviations between actual unit costs and planned unit costs, mitigation measures are taken.

Regular monitoring ensures that the actual expense does not vary a great deal from the budgeted expense level.

Stress testing for Expense Risk is being done with deterministic shocks as per historical experience given for entire portfolio.

### (g) Operational risk:

The Company manages its Operational Risks through-

### (i) Risk Registers

Risk Registers document the high level risks for all the offices based on likelihood & impact rating. Controls in place to manage the risks are captured and rated to arrive at the residual risk.

### (ii) Risk Control Self Assessment (RCSA)

RCSA requires each business unit within the Company to identify and assess inherent risks and controls relevant to the risk. The risk events are then mapped to the existing control framework to determine the residual risk. The controls are periodically assessed for its effectiveness.

### (iii) Incident Reporting

The Company also has a web-based incident reporting process to collect loss incidents to track the extent of operational risk. The incident reporting tool has helped the company in development of system based modules for operational efficiency and to prevent recurrence. Loss data records may be used to estimate the capital required for operational risk.

### (iv) Risk Control Unit (RCU)

A 'Risk Control Unit' (RCU) has been formulated to undertake proactive measures for detecting process gaps / weakness

so as to mitigate frauds / leakages. Lacunae observed shall be addressed in consultation with the relevant stakeholder. The RCU carries out 'Risk Based Audits,' reviews processes and provide inputs to mitigate risks.

### (v) Fraud Monitoring

The Company takes a holistic approach to identify, measure, control and monitor fraud risk through the Fraud Prevention Policy.

### (vi) Information Security

The Company complies with relevant regulatory and statutory information security requirements and is ISO 27001 certified. To further enhance the information security the Company conducts user awareness sessions across locations.

### (vii) Business Continuity Management

The Company has requisite business continuity and disaster recovery plans in place and is ISO 22301 certified. The Company adheres to the Business Continuity requirements notified by the Authority.

### (h) Regulatory risk:

Compliance function monitors critical compliance risks based on suitable monitoring mechanisms. Relevant regulatory requirements and clarifications are communicated to relevant business functions on a timely basis. Suitable training is imparted to ensure adherence to applicable regulations.

### (i) Reputational risk:

The Company has a structured process for identifying and managing Reputational and other external events. Events impacting the reputation are monitored through the Corporate Risk Appetite statement.

### (j) Legal risk:

Litigation cases are reviewed periodically by the senior management and appropriate steps are taken to adequately represent the Company in various forums.

### (k) Country Risk:

The Company has obtained necessary regulatory approvals for opening branch office in Kingdom of Bahrain from IRDAI and Central Bank of Bahrain (CBB) for carrying out life insurance business. The target market will be Non-Resident Indian (NRI) and Person of Indian Origin (PIO) only. Currently, the key risks for Bahrain branch operations would be regulatory, reputational and legal as the operation at branch is yet to commence. The Company is in the process of analyzing this as well as other risks faced by the Company, so as to undertake suitable mitigation measures in this regard.

### (II) Risk Quantification, Capital Allocation and Concentration

The Company has a mechanism to allocate risk capital to various risks on an economic basis. The exposure level to various risks is monitored so as to ensure that concentration does not happen in any particular area of risk.

### 9. OPERATIONS IN OTHER COUNTRIES:

The Company has obtained necessary regulatory approvals for opening branch office in Kingdom of Bahrain from IRDAI and Central Bank of Bahrain (CBB) for carrying out life insurance business. The target market will be Non-Resident Indian (NRI) and Person of Indian Origin (PIO) only.

The book value and the market value of these investments are as follows:

(₹ ′000)

| Particulars   | As at Marc  | h 31, 2018   | As at March | 1 31, 2017   |
|---|-------------|--------------|-------------|--------------|
|   | Book Value  | Market Value | Book Value  | Market Value |
| Non-linked and shareholder funds Investments valued at book value subject to amortisation of premium & discount | 527,461,026 | 536,937,083  | 472,670,438 | 494,236,085  |
| Non-linked and shareholder funds Investments valued at market value   | 74,895,807  | 85,789,241   | 50,337,807  | 58,965,264   |
| Total investments in non-linked and shareholder funds   | 602,356,834 | 622,726,324  | 523,008,245 | 553,201,348  |

In the Unit-linked funds, debt securities including Government securities & redeemable preference shares with remaining maturity of more than one year are valued at prices obtained from Credit Rating Information Services of India Limited ('CRISIL'). Debt securities including Government securities, redeemable preference shares with remaining maturity of less than one year are valued on yield to maturity basis, where yield is derived using market price provided by CRISIL on the day when security is classified as short term. Money market securities are valued at historical cost subject to amortisation of premium or accretion of discount on yield to maturity basis. Fixed Deposit and Reverse Repo are valued at cost.

Listed equity, equity related instruments & preference shares other than redeemable preference shares are measured at fair value on the Balance Sheet date. The fair value is considered as the closing price at primary exchange i.e. National Stock Exchange of India Limited ('NSE'). If NSE price is not available on a particular valuation day, closing price of the secondary exchange i.e. BSE Limited ('BSE') is considered. Unlisted equity securities are measured at historical cost. In case of Security Lending & Borrowing (SLB), Equity Shares lent are valued as per valuation policy for

Equity shares as mentioned above. AT1 bonds classified under "Equity" as specified by IRDAI vide the Circular dated November 30, 2016, are valued prices obtained from Credit Rating Information Services of India Limited ('CRISIL'). Investments in mutual funds are recorded at fair value. The fair value is considered as the previous day's Net Asset Value (NAV). Alternate investment funds are valued at the latest available net asset value of the respective fund.

STATUTORY REPORTS

Unrealised gains or losses In Non Linked funds arising due to change in the fair value of equity, equity related instruments, preference shares, mutual fund units, alternate investment funds & AT-1 Bonds are recognised in the Balance Sheet under "Fair value change account".

Unrealised gains or losses in Linked fund arising due to change in fair value are recognised in the Revenue Account.

Securities with call options are valued at the lower of the values as obtained by valuing the security to the final maturity date or to the call option date by using the benchmark rate based on the matrix released by CRISIL on daily basis. In case there are multiple call options, the security is valued at the lowest value obtained by valuing the security to the various call dates or to the final maturity date.

Securities with put options are valued at the higher of the value as obtained by valuing the security to the final maturity date or to the put option date by using the benchmark rate based on the matrix released by CRISIL on daily basis. In case there are multiple put options, the security is valued at the highest value obtained by valuing the security to the various put option dates or to the final maturity date.

### **Independent Auditors' Report**

STATUTORY REPORTS

To, The Members of SBI Life Insurance Company Limited

### REPORT ON THE FINANCIAL STATEMENTS

1. We have audited the accompanying financial statements of SBI Life Insurance Company Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2018, the related Revenue Account (also called the "Policyholders' Account" or the "Technical Account"), the Profit and Loss Account (also called the "Shareholders' Account" or "Non-Technical Account") and the Receipts and Payments Account for the year then ended and a summary of significant accounting policies and other explanatory information.

### MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the Balance Sheet, the related Revenue Account, the Profit and Loss Account and the Receipts and Payments Account of the Company in accordance with accounting principles generally accepted in India, including the provisions of The Insurance Act, 1938 as amended from time to time including amendment brought by Insurance Laws (Amendment) Act, 2015 (the "Insurance Act"), the Insurance Regulatory and Development Authority Act, 1999 (the "IRDA Act"), the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2002 (the "IRDA Financial Statements Regulations"), orders/directions/circulars issued by the Insurance Regulatory and Development Authority of India (the "IRDAI"/"Authority") in this regard, and the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 further amended by Companies (Accounting Standards) Amendment Rules, 2016.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the

accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

### **AUDITOR'S RESPONSIBILITY**

3. Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud and error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

### **OPINION**

4. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required in accordance the Insurance Act, the IRDA Act, the IRDA Financial Statements Regulations and the Act to the extent applicable and in the manner so required, and give a true and fair view in conformity with accounting principles generally accepted in India, as applicable to Insurance companies:

- i. in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2018;
- ii. in the case of the Revenue Account, of the net surplus for the year ended on that date;
- iii. in the case of the Profit and Loss Account, of the profit for the year ended on that date; and
- iv. in the case of the Receipts and Payments Account, of the Receipts and Payments for the year ended on that date.

### **OTHER MATTER**

The actuarial valuation of liabilities for life policies in force is the responsibility of the Company's Appointed Actuary (the "Appointed Actuary"). The actuarial valuation of these liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists as at March 31, 2018 has been duly certified by the Appointed Actuary, and in his opinion, the assumptions for such valuation are in accordance with the guidelines and norms issued by IRDAI and the Institute of Actuaries of India in concurrence with the Authority. We have relied upon the Appointed Actuary's certificate in this regard for forming our opinion on the valuation of liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists on financial statements of the Company.

### Independent Auditors' Report

### Annexure "II" forming part of Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").

We have audited the internal financial controls over financial reporting of SBI Life Insurance Company Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

### MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **AUDITORS' RESPONSIBILITY**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an

understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

### INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

#### **OPINION**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

### Comments of C&AG

Comments of the Comptroller and Auditor General of India under Section 143(6)(b) of the Companies Act, 2013 on the financial statements of SBI Life Insurance Company Limited for the year ended 31 March 2018.

The preparation of financial statements of the SBI Life Insurance Company Limited for the year ended 31 March 2018 in accordance with the financial reporting framework prescribed under the Insurance Act, 1938 read with the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2002 and the Companies Act, 2013 (Act) is the responsibility of the management of the Company. The Statutory Auditor appointed by the Comptroller and Auditor General of India under section 139(5) of the Companies Act, 2013 are responsible for expressing opinion on the financial statements under section 143 of the Companies Act, 2013 based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Companies Act, 2013. This is stated to have been done by them vide their Audit Report dated 26th April 2018.

I, on the behalf of the Comptroller and Auditor General of India have conducted a supplementary audit under section 143(6)(a) of the Companies Act, 2013 of the financial statements of SBI Life Insurance Company Limited, for the year ended 31 March 2018. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records. On the basis of my audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditor's report.

The equity shares of the Company were listed on National Stock Exchange Limited ('NSE') and Bombay Stock Exchange Limited ('BSE') on October 03, 2017.

#### B. Significant Accounting Policies

#### a. Basis of preparation and presentation

The Financial Statements are prepared under the historical cost convention, on accrual basis in accordance with the generally accepted accounting principles in India (Indian GAAP) and in compliance with the Accounting Standards notified under Section 133 of the Companies Act, 2013, read together with Rule 7 of the Company (Accounts) Rules, 2014, further amended by Companies (Accounting Standards) Amendment Rules, 2016, to the extent applicable, the provisions of the Insurance Act, 1938, as amended by the Insurance Laws (Amendment) Act, 2015, the Insurance Regulatory and Development Act, 1999, the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations, 2002 (The Accounting Regulations), the Master Circular on Preparation of Financial Statements and Filing of Returns of Life Insurance Business dated December 11, 2013 and various circulars and notifications issued by the Insurance Regulatory and Development Authority of India thereafter.

The accounting policies followed are consistent with those followed in the previous year.

#### Use of estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amount of assets, liabilities, revenues and expenses and disclosure of contingent liabilities as of the date of the financial statements. The reliance upon estimates and assumptions used in the accompanying financial statements are based on management's evaluation of the relevant facts and circumstances as of the date of the financial statements. Actual results may differ from the estimates and assumptions used in preparing the accompanying financial statements. Difference between the actual and estimates are recognised in the period in which the actual results materialise or are known. Any revision to accounting estimates is recognised prospectively in current and future periods.

#### b. Revenue recognition

#### i. Premium Income

Premium of non-linked business is recognised as income (net of service tax/ goods and service tax) when due from policyholders. In respect of linked business, premium income is recognised when the associated units are allotted. In case of variable insurance products (VIPs), premium income is recognised on the date when the Policy Account Value is credited. Uncollected premium from lapsed policies is not recognised as income until such policies are revived.

Top up premiums are considered as single premium.

#### ii. Income from Linked funds

Income from linked funds which includes fund management charges, policy administration charges, mortality charges, etc. are recovered from linked fund in accordance with terms and conditions of policy and recognised when recovered.

#### **Investment Income**

Dividend income for quoted shares is recognised on ex-dividend date, for non quoted shares the dividend is recognised when the right to receive dividend is established.

STATUTORY REPORTS

Interest income is recognised on accrual basis. Pre acquisition interest paid/received to/from counterparty on purchase/sale transaction is debited/credited to interest accrued and not due account. Accretion of discount and amortisation of premium in respect of debt securities are effected over the remaining term of such instruments on the basis of the related Yield-to-Maturity.

Realised gains and losses in respect of equity securities and units of mutual funds are calculated as the difference between the net sales proceeds and their cost. In respect of debt securities, the realised gains and losses are calculated as difference between net sales proceeds or redemption proceeds and weighted average amortised cost. Cost in respect of equity shares and units of mutual fund are computed using the weighted average method.

Fees received on lending of equity shares under Securities lending and borrowing scheme (SLB) is recognised as income over the period of the lending on straight-line basis.

#### **Income from loans**

Interest income on loans is recognised on an accrual basis. Loan processing fee is recognised on receipt basis.

#### **Rental Income**

Rental income is recognised in the income statement on the straight line basis over the lease period.

#### Reinsurance premium ceded

Premium ceded on re-insurance is accounted in accordance with the terms of the re-insurance treaty or in-principle arrangement with the re-insurer.

#### Liability for life policies (Policy liabilities)

The actuarial liability of all the life insurance policies has been calculated by the Appointed Actuary in accordance with the Insurance Act 1938, and as per the rules & regulations and circulars issued by IRDAI

from time to time and the relevant Guidance Notes (GN) and / or Actuarial Practice Standards (APS) issued by the Institute of Actuaries of India.

Non-linked business is reserved using a prospective gross premium valuation method. Mathematical reserves are calculated based on future assumptions having regard to current and future experience e.g. interest rates, mortality and expenses.

For participating products, vested bonuses are those which were distributed by the company consequent to the actuarial valuations carried out annually at the end of each financial year dated 31st March, 2002 to 31st March, 2017. For participating pension products, special one-time bonus declared during financial year 2003-04 and 2004-05 have been taken into account. Appropriate future bonus assumptions have been made.

For Group-Par-Pension, the reserve is the Accumulated Fund Value.

For Non-Linked – Individual fund-based products and Non-Linked – Group fund-based products, the policy liability in respect of savings portion is equal to the fund value as on the date of valuation.

The unit liability in respect of Individual – Linked and Group - Linked business has been considered as the value of the units standing to the credit of the policy holders, using the net asset value (NAV) as on the valuation date.

The adequacy of charges under individual unit linked policies to meet future expenses has been tested and provision made as appropriate. Provision has also been made for the cost of guarantee under Unit Linked products offered with Guarantee.

Variable insurance policies (VIPs) have also been valued in a manner similar to the ULIP business by considering liability as the policy account standing to the credit of the policyholders plus additional provisions for adequacy of charges to meet expenses.

Appointed Actuary is satisfied that the nature and extent of re-insurance arrangements require no additional reserve to be set aside apart from reinsurance reserves set aside based on UPR methodology.

Considering the prudence of the valuation basis and the margins in the assumptions, our assessment is

that, the reserve set aside is sufficient to meet all future policy outgoes under adverse conditions.

#### e. Funds for future appropriation

For non-linked participating business, the balance in the funds for future appropriations account represents funds, the allocation of which, either to participating policyholders' or to shareholders', has not been determined at the Balance Sheet date. Transfers to and from the fund reflect the excess or deficit of income over expenses and appropriations in each accounting period arising in the Company's policyholders' fund. In respect of participating policies any allocation to the policyholder would also give rise to a shareholder transfer in the required proportion.

The fund for future appropriations held in the unitlinked funds, represents surplus that has arisen from lapsed policies unlikely to be revived. This surplus is required to be held within the policyholders' fund till the point at which the policyholders' can no longer revive their policy.

#### f. Benefits paid

- Claims cost consist of the policy benefit amounts and claims settlement costs, where applicable.
- Claims by death and rider are accounted when intimated. Intimations up to the end of the period are considered for accounting of such claims.
- Claims by maturity are accounted on the policy maturity date.
- Survival and annuity benefit claims are accounted when due.
- v. Surrenders and withdrawals are accounted as and when intimated. Benefits paid also includes amount payable on lapsed policies which are accounted for as and when due. Surrenders, withdrawals and lapsation are disclosed at net of charges recoverable.
- vi. Repudiated claims disputed before judicial authorities are provided for based on management prudence considering the facts and evidences available in respect of such claims.
- vii. Amount recoverable from re-insurers are accounted for in the same period as the related claim and are reduced from claims.

#### g. Acquisition costs

Acquisition costs such as commission, medical fees, etc. are costs that are primarily related to the acquisition of new and renewal insurance contracts. The same are expensed in the period in which they are incurred.

#### h. Fixed assets, intangibles and depreciation

#### **Fixed assets**

Fixed assets are stated at cost, less accumulated depreciation and impairment, if any. Cost includes the purchase price and any other cost which can be directly attributed to bringing the asset to its working condition for its intended use. Subsequent expenditure incurred on existing fixed assets is expensed out except where such expenditure increases the future economic benefits from the existing assets.

#### Intangibles

Intangible assets are stated at cost, less accumulated amortisation and impairment, if any. Expenditure incurred on major application software and their customisation or further development is recognised as an intangible asset. The same is capitalised under fixed assets if such expenditure results in a benefit of enduring nature. Other software expenses are expensed in the period in which they are incurred. Subsequent expenditure incurred on existing assets is expensed out except where such expenditure increases the future economic benefits from the existing assets, in which case the expenditure is amortised over the remaining useful life of the original asset

#### **Capital work-in-progress**

Costs of assets as at the Balance sheet date not ready for its intended use are disclosed as capital work-inprogress. Advances paid towards the acquisition of fixed assets and intangibles at the Balance Sheet date are disclosed as capital work-in-progress.

#### **Depreciation/ amortisation**

The Company is following straight line method of depreciation provided on pro rata (monthly) basis for period of use for the following type of assets based on useful life as prescribed under Part "C" of Schedule II to the Companies Act, 2013:

STATUTORY REPORTS

| Nature of Asset                  | Useful life |
|----------------------------------|-------------|
| Furniture & fittings             | 10 Years    |
| Office equipments                | 5 Years     |
| Vehicles                         | 8 Years     |
| Building                         | 60 Years    |
| Information technology equipment | 3 Years     |
| Servers & networks               | 6 Years     |

Software expenses are amortised over a maximum period of 3 years.

Leasehold improvements are amortised equally over the period of lease. Capital expenditure on individual assets up to ₹ 1,000 are not capitalized and expensed out as revenue expenditure. Assets individually costing more than ₹ 1,000 and up to ₹ 20,000 are fully depreciated in the month of acquisition.

Depreciation is charged to Revenue and Profit & Loss Account based on the "put to use" criteria as per IRDAI guidelines.

#### Impairment of fixed assets i.

The carrying values of assets at each Balance Sheet date are reviewed for impairment. If any indication of such impairment exists, the recoverable amounts of those assets are estimated and impairment is recognised, if the carrying amount of those assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived by discounting the estimated future cash flows to their present value based on an appropriate discount factor. If at the Balance sheet date, there is an indication that an impairment loss recognised for an asset in earlier accounting periods is no longer required or has decreased; reversal of impairment loss is recognised. The recoverable amount is reassessed and the asset is reflected at recoverable amount, subject to a maximum of depreciable historical cost.

#### Foreign currency transactions

Transactions denominated in foreign currencies are recorded at the exchange rate prevailing on the date of transaction.

Monetary assets and liabilities in foreign currency as at the Balance Sheet date are converted at the exchange rates prevailing on that date.

Non-monetary items like fixed assets which are recorded at historical cost are reported using the exchange rate at the date of transaction.

Non-monetary items other than fixed assets, which are recognised at fair value or other similar valuation are reported using exchange rate at the date when such value was determined.

Exchange differences either on settlement or on translation are recognised in the Revenue Account or Profit and Loss Account, as the case may be.

#### Investments

Investments are made and accounted in accordance with the Insurance Act, 1938, Insurance Regulatory and Development Authority of India (Investment) Regulations, 2016, and Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2002, Investment Policy of the Company and various other circulars/ notifications as issued by IRDAI from time to time.

Investments are recorded on the trade date at cost, which includes brokerage, security transaction tax, education cess and stamp duty, wherever applicable and excludes interest paid, if any, on purchase.

Bonus entitlements are recognised as investments on the 'ex- bonus date'. Rights entitlements are recognised as investments on the 'ex-rights date'.

#### **Classification of Investments**

Investments maturing within twelve months from balance sheet date and investments made with the specific intention to dispose off within twelve months from balance sheet date shall be classified as shortterm investments.

Investments other than Short-term investments are classified as "Long-term investments".

Valuation - shareholders' investments and non-linked policyholders' investments

#### **Debt securities**

Debt securities, including Government securities and money market securities are stated at historical cost subject to amortisation of premium or accretion of discount over a period of holding/ maturity on yield to maturity basis.

Investments in Fixed Deposits with banks and Reverse Repo are valued at cost.

#### **Equity, equity related instruments & preference shares**

Listed equity shares, equity related instruments & preference shares are measured at fair value on the Balance Sheet date. For the purpose of determining fair value, the closing price at primary exchange i.e. NSE is considered. If NSE closing price is not available for any security, then BSE closing price is used for valuation.

Unlisted equity shares, equity related instruments & preference shares are measured at historical cost.

In case of Security Lending & Borrowing ('SLB'), Equity Shares lent are valued as per valuation policy for equity shares as mentioned above.

Additional Tier 1 (Basel III Compliant) Perpetual Bonds classified under "Equity" as specified by IRDAI, are valued at prices obtained from Credit Rating Information Services of India Limited ('CRISIL').

Unrealised gains or losses arising due to change in the fair value of equity shares are recognised in the Balance Sheet under "Fair value change account".

On each balance sheet date, the Company assess whether impairment of listed equity securities has occurred. Any impairment loss is recognised as an expense in the Revenue or Profit and Loss Account to the extent of the difference between the remeasured fair value of the security or investment and its weighted average cost as reduced by any previous impairment loss recognised as an expense in the Revenue or Profit and Loss Account. Any reversal of impairment loss, earlier recognised in Revenue or Profit and Loss Account, is recognised in the Revenue or Profit and Loss Account.

#### **Mutual funds**

Investments in mutual funds are valued at the previous day's Net Asset Value (NAV). Unrealised gains or losses arising due to change in the fair value of mutual fund units are recognised in the Balance Sheet under "Fair value change account".

#### **Alternative Investment Funds (AIFs)**

Investments in Alternative Investment Funds (AIFs) are valued at latest available NAV. Unrealised gains or losses arising due to change in the fair value of Alternative Investment Funds (AIFs) are recognised in the Balance Sheet under "Fair value change account".

#### Valuation - Linked business

#### **Debt securities**

Debt securities including Government securities with remaining maturity of more than one year are valued at prices obtained from CRISIL.

Debt securities including government securities with remaining maturity of less than one year are valued on yield to maturity basis, where yield is derived using market price provided by CRISIL on the day when security is classified as short term. If security is purchased during its short term tenor, it is valued at amortized cost using yield to maturity method. In case of securities with options, earliest Call Option / Put Option date will be taken as maturity date for this purpose.

Money market securities are valued at historical cost subject to amortisation of premium or accretion of discount on yield to maturity basis.

Investments in Fixed Deposits with banks and Reverse Repo are valued at cost.

#### Equity, equity related instruments & preference shares

Listed equity shares, equity related instruments & preference shares are measured at fair value on the Balance Sheet date. For the purpose of determining fair value, closing price at primary exchange i.e. NSE is considered. If NSE closing price is not available for any security, then BSE closing price is used for valuation.

Unlisted equity shares, equity related instruments & preference shares are measured at historical cost.

In case of Security Lending & Borrowing (SLB), Equity Shares lent are valued as per valuation policy for equity shares as mentioned above.

Additional Tier 1 (Basel III Compliant) Perpetual Bonds classified under "Equity" as specified by IRDAI, are valued at prices obtained from CRISIL.

Unrealised gains or losses arising due to change in the fair value are recognised in the Revenue Account.

#### **Mutual funds**

Investments in mutual funds are valued at the previous day's Net Asset Value (NAV). Unrealised gains or losses arising due to change in the fair value of mutual fund units are recognised in the Revenue Account.

STATUTORY REPORTS

#### **Transfer of investments**

In the case of deficit in Revenue Account, transfer of securities from shareholders to policyholders is done as below:

- Debt securities are transferred at lower of net amortised cost or market value on the date of transfer
- (ii) Equity securities are transferred at lower of cost or market value on the date of transfer.

In the case of surplus in Revenue Account, transfer of securities from policyholders' to shareholders' is done as below:

- Debt securities are transferred at net amortised
- (ii) Equity securities are transferred at market value on the date of transfer.

No transfer of investments is carried out between non-linked policyholders' funds. In case of unit linked fund, inter schemes transfers are affected at prevailing market value at the time of transfer.

#### Loans

Investments in Loans are stated at historical cost, less repayments, subject to provision for impairment losses & non performing asset (NPA) provision, if any.

#### **Provision for Standard Assets**

In accordance with the IRDAI guidelines on 'Prudential norms for income recognition, asset classification, provisioning and other related matters in respect of debt portfolio' vide the Master circular, adequate provisions are made for estimated loss arising on account from/under recovery of loans and advances (other than loans and advances granted against insurance policies issued by the insurer) outstanding at the balance sheet date in respect of standard assets.

#### **Employee benefits**

Post-employment benefit

**Defined benefit plans** 

#### **Provident Fund**

The Company makes contribution towards provident fund, a defined benefit retirement plan. The provident fund is administered by the trustees of the SBI Life Insurance Company Limited Employees PF Trust. The contribution paid or payable under the schemes is charged to the Revenue Account during the period in which the employee renders the related service. Further, an actuarial valuation is conducted annually by an independent actuary to recognise the deficiency, if any, in the interest payable on the contributions as compared to the interest liability as per the statutory rate.

#### **Gratuity**

The Company has incorporated a gratuity trust. The Company makes contribution to a Gratuity Fund administered by trustees of SBI Life Insurance Co. Limited Employees Gratuity Fund. The plan provides a lump sum payment to vested employees at retirement or termination of employment based on the respective employee's salary and the years of employment with the Company.

The Company accounts for the liability for future gratuity benefits based in accordance with Accounting Standard - 15 (Revised). The net present value of the Company's obligation towards the same is actuarially determined based on the projected unit credit method as at the Balance Sheet date. Actuarial gains and losses are recognised in the Revenue Account.

#### (ii) Other long-term employee benefits

#### **Compensated Absences and Long Term Service Awards**

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the defined benefit obligation at the Balance Sheet date.

Long Term Service Awards are recognised as a liability at the present value of the defined benefit obligation at the Balance Sheet date.

Company accrues the liability for compensated absences and long term service awards in accordance with Accounting Standard - 15 (Revised). The net present value of the Company's obligation is determined based on the projected unit credit method as at the Balance Sheet date.

#### (iii) Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid for the services rendered by employees is recognised during the period when the employees renders the service. These benefits include salaries and bonuses, short term compensated absences, premium for staff medical insurance (hospitalization), premium for employee group term insurance scheme etc.

#### o. Accounting for Leases

#### (i) Operating Lease

#### Where the Company is the lessee

Such leased asset acquired are capitalised at fair value of the asset or present value of the minimum lease rental payments at the inception of the lease, whichever is lower.

#### p. Taxation

#### **Direct Taxes**

Provision for current income tax, if any, is made on an accrual basis after taking credit for all allowances and exemptions in accordance with the Income Tax Act, 1961.

Deferred income tax is recognised for future tax consequences attributable to timing differences between income as determined by the financial statements and the recognition for tax purposes. The effect of deferred tax asset or liability of a change in

the tax rates are recognised using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are recognised only to the extent that there is a virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets or liabilities are reviewed as at each Balance Sheet date and written down or written up to reflect the amount that is reasonably or virtually certain to be realised.

#### **Indirect Taxes**

Goods and service tax liability on output service is setoff against the input tax credits available from tax paid on input services. Unutilised credits, if any, are carried forward under "Advances and other assets" for future set off and are deferred for recognition to the extent there is reasonable certainty that the assets can be realised in future.

#### q. Segmental reporting

As per Accounting Standard 17 on "Segmental Reporting" read with IRDA (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2002, the Company has classified and disclosed segmental information into par, non par and linked businesses, which are further segmented into Individual life, group, health, pension, variable and annuity.

#### r. Provisions and contingent liabilities

The Company recognises a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made. Loss contingencies arising from litigation etc. are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated.

Contingent assets are neither recognised nor disclosed.

#### **Earnings per Share** S.

Basic earnings per share are calculated by dividing the net profit or loss for the period in the shareholders' account by the weighted average number of equity shares outstanding during the period.

STATUTORY REPORTS

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

#### t. Cash and Cash Equivalents

#### **Actuarial assumptions**

The actuarial assumptions certified by the Appointed Actuary are as under:

In the actuarial valuation all the policies, which were in the books of the Company and where there is a liability as at March 31, 2018 have been taken into account. The portfolio consists of Participating, Non-Participating and Linked segments.

'Participating' segment is further classified in to the following Lines of Businesses (LoBs): Individual - Life - Participating, Individual - Pension - Participating, Group - Pension - Participating and Individual - VIP -Participating.

'Non-Participating' segment is further classified in to the following LoBs: Individual - Life - Non-Participating, Individual – Pension – Non-Participating, Group Savings – Non-Participating, Group One Year Renewable Group Term Assurance (OYRGTA) - Non-Participating, Group Other - Non-Participating, Annuity - Non-Participating (Individual and Group), Health - Non-Participating (Individual and Group) and VIP - Non-Participating (Individual and Group).

'Linked' segment is further classified in to the following LoBs: Individual - Life - Linked, Group - Linked and Individual - Pension - Linked.

- For policies which are likely to get cancelled during their "free look period", premium less stamp duty and medical expenses as per the policy contract need to be refunded. Adequate provision is kept for such policies.
- The following parametric values are used to carry out the actuarial valuation:

For mortality assumption under life business 'Indian Assured Lives (2006-2008) Ultimate Mortality table' and under general annuity business 'Mortality for Annuitants-LIC (a) (1996-98) Ultimate Rates' has been used. For Morbidity assumption, the Morbidity Tables provided by re-insurer has been used with suitable adjustment.

The interest rate for valuation lies in the range of 5.65% to 6.00% per annum as shown in the table below. While allocating expenses for the current year, the entire policyholders' expenses have been allocated product-wise.

| Line of Business  | Valuation basis as on<br>March 31, 2018 | Valuation basis as on<br>March 31, 2017 |
|-------------------|---|---|
| Participating     | 5.95%                                   | 5.95%                                   |
| Non-Participating | 5.65%                                   | 5.65%                                   |
| Unit Linked       | 5.65%                                   | 5.65%                                   |
| Annuity           | 6.00%                                   | 6.00%                                   |
| Health            | 5.65%                                   | 5.65%                                   |

As regard for future expenses, on the basis of experience available, fixed expenses are considered separately for single premium products and regular premium products.

| Segment / Product   | Fixed Expenses Assumptions (Amounts in ₹)              |   |  |  |
|---|--|---|--|--|
|   | Regular Premium  | Single Premium  |  |  |
| Participating - Individual Life, Individual Pension,<br>Individual VIP<br>Non-Participating - Individual Life, Individual Pension,<br>Annuity (Individual and Group), Health (Individual) | Ranging from 100 to 605 based on the nature of product | Ranging from 75 to 450 based on the nature of product |  |  |
| Linked - Individual Life, Individual Pension  | 700  | 525   |  |  |
| Non-Participating - Group Other, Group Savings -<br>Swarnaganga, Health (Group)<br>Linked - Group (Per life basis)  | Ranging from 4 to 300 based on the nature of product   | Ranging from 12 to 225 based on the nature of product |  |  |

For fully paid-up and reduced paid-up policies, fixed expenses are considered same as for single premium policies.

An inflation rate of 5.50% per annum (previous year ended March 31, 2017: 5.50% per annum) has been assumed while estimating future expenses.

For participating products, the vested bonuses are those which were distributed by the Company consequent to the actuarial valuations carried out annually at the end of each financial year dated March 31, 2002 to March 31, 2017. Regarding bonus provisions for the current financial year and bonus provision for future years, the bonus rates have been assessed by carrying out Bonus Earning Capacity (BEC)/ asset share investigations and taking into consideration the policyholder's reasonable expectations.

Margin for Adverse Deviation (MAD) has been separately provided, wherever applicable and required.

In addition to this, Incurred but Not Reported (IBNR) claims reserve is also provided wherever required.

The above parameters and the MAD provision have been observed to ensure prudence and are in accordance with the GN / APS issued by the Institute of Actuaries of India and in concurrence with the Regulations and circulars of IRDAI.

The Surplus emerged from Non-participating segment has been transferred to Profit & Loss Account for the year ended March 31, 2018 based on the recommendation of the Appointed Actuary and the necessary fund transfer will be made after the year end on the basis of Audited financials with required recommendations by the Appointed Actuary.

#### Notes:

- a) Discount rate is based on benchmark rate available on Government Securities for the estimated term of the obligations.
- b) The expected rate of return on plan assets is based on the average long-term rate of return expected on investments of the Fund during the estimated term of the obligations.
- c) The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors.

#### (ii) Provident Fund

The rules of the Company's Provident Fund administered by a Trust require that if the Board of Trustees are unable to pay interest at the rate declared for Employees' Provident Fund by the Government under para 60 of the Employees' Provident Fund Scheme, 1952 for the reason that the return on investment is less or for any other reason, then the deficiency shall be made good by the Company. Based on an actuarial valuation conducted by an independent actuary, there is no deficiency as at the Balance Sheet date.

#### 39. Segment reporting

In accordance with the Accounting regulations read with Accounting Standard - 17 on "Segment reporting" notified under Section 133 of the Companies Act, 2013, read together with Paragraph 7 of the Company (Accounts) Rules, 2014, further amended by Companies (Accounting Standards) Amendment Rules, 2016, life insurance companies are required to prepare Segmental Revenue Account and Segmental Balance Sheet. The Company's business is segmented into traditional -par business, non-par business and unit-linked business. Since the Company has conducted business only in India, the same is considered as one geographical segment. The accounting policies used in segmental reporting are same as those used in the preparation of the financial statements.

STATUTORY REPORTS

#### **Segmental Revenue Account**

The methodology for determining segmental revenue and expenses adopted in the current year is described below:

Premium income, commission, investment income and profit or loss on sale or disposal of investments is directly allocated to the respective segments to which they relate. Within the Non-Participating segment, investment income and profit or loss on sale or disposal of investments are directly allocated if a segregated investment portfolio is maintained. The remaining investment income and profit or loss on sale of investments is apportioned on the basis of the average policy liabilities in the individual business and the group business.

Operating expenses that are directly attributable and identifiable to the business segments are allocated on actual basis. Other operating expenses, which are not directly identifiable and attributable, are allocated after considering the following:

- i. Cost centres identified by the Management
- ii. Channels used for the business segments
- New business premium and renewal premium iii.
- iv. New lives added during the year
- Total number of lives covered as at the end of the year V.
- New business sum assured
- vii. Actuarial Liability

## (b) Segmental Balance Sheet

Investments are effected from the respective funds and have been reflected accordingly. Fixed assets have been allocated to shareholders funds, net current assets have been directly allocated among shareholders, life business, pension business, group business, unit - linked business and variable insurance business segments. Other net current assets have been allocated to life business and pension business in the ratio of the respective policy liabilities as at the year end.

Within life business, certain assets and liabilities have been directly identified to the respective segments. Other assets and liabilities under Life business have been allocated in the ratio of the respective policy liabilities as at the year end.

## **Appointed Actuary's Certificate**

For the year ended 31st March 2018

(Amounts in thousands of Indian Rupees)

I have valued the policy liabilities of SBI Life Insurance Company Limited as at 31st March 2018, in accordance with accepted actuarial practice and in line with relevant professional guidance issued by the Institute of Actuaries of India, including that covering the selection of appropriate assumptions.

In my opinion, the amount of policy liabilities ₹ 1,104,917,531 (net of reinsurance) makes appropriate provision for all policyholders' obligations, and the financial statements fairly present the result of the valuation.

#### 3. METHODOLOGY AND APPROACH

IEV is calculated as the sum of Adjusted Net Worth (ANW) and Value of In-Force business (VIF).

ANW comprises Free Surplus (FS) and Required Capital (RC).

VIF consists of the following components:

Present Value of Future Profits (PVFP) expected to emerge from the covered business;

Less: Frictional Cost of Capital (FCoC);

Less: Time Value of Financial Options and Guarantees (TVFOG);

Less: Cost of Residual Non-Hedgeable Risks (CRNHR).

#### 3.1 Components of Adjusted Net Worth (ANW):

This is the value of all assets allocated to the covered business that are not required to back the liabilities of the covered business.

**Free Surplus (FS):** Free Surplus represents the market value of any assets in excess of liabilities and Required Capital which is potentially distributable to shareholders immediately. Free Surplus has been calculated as the excess of ANW over the Required Capital.

Required Capital (RC): Required Capital is the amount of assets attributed to the covered business over and above that required to back liabilities for the covered business, whose distribution to shareholders is restricted. Required Capital has been set at 180% of the Required Solvency Margin (RSM), based on the Company's internal capital target. RSM has been projected by applying the solvency margin factors prescribed by the IRDAI appropriate to each line of business.

### 3.2 Components of Value of Inforce (VIF) business:

**Present Value of Future Profits (PVFP):** PVFP represents the present value of future post taxation shareholder cash-flows projected to emerge from the in-force covered business and the assets backing liabilities of the in-force covered business. The PVFP incorporates an allowance for the intrinsic value of financial options and guarantees.

**Frictional Cost of Capital (FCoC):** FCoC reflects the impact of taxation on investment returns and investment costs on the assets backing required capital. FCoC has been estimated as the present value of:

- tax on investment earnings on assets backing the required capital; and
- investment expenses (after tax) incurred in holding such assets.

Required Capital is assumed to be maintained throughout the lifetime of the underlying liabilities, at the internal target level of 180% of the RSM, calculated based on the prescribed factors.

**Time Value of Financial Options and Guarantees (TVF0G):** Allowance is made for asymmetric impact on shareholder value due to any financial options and guarantees within the covered business.

**Cost of Residual Non-Hedgeable Risks (CRNHR):** A bottomup assessment of risks has been undertaken to allow for the cost of residual non-hedgeable risks not already allowed for elsewhere. CRNHR has been estimated using a cost of capital approach.

### 3.3 Assumptions used for IEV Calculation:

The expense assumptions used in the IEV (Indian Embedded Value) estimation represent the unit costs arising out of actual experience of the FY 2018 and makes no allowance for any productivity gains/cost efficiencies beyond what is achieved up to the valuation date. Allowance has been made for future inflation on the expenses. Further, any one-off costs incurred during FY 2017-18 and development expenditure have not been identified separately or excluded when determining the unit cost assumptions.

The Required Capital is taken at 180% of the Statutory RSM, which is the internally approved norm for the company.

The rate of income tax applied to the surplus is set at 14.56%. Tax deductions available by way of dividend income from equity etc. are not taken into consideration. Rate of taxation applied to individual pension business is zero.

The zero coupon government bond yield curve published by FIMMDA-PDAI was used as the assumed reference rates.

STATUTORY REPORTS

## **Independent Actuary's Opinion**

25 April 2018 The Directors SBI Life Insurance Company Limited Natraj, M.V. Road and Western Express Highway Junction Andheri (East), Mumbai - 400 069

Dear Sirs,

### Willis Towers Watson Opinion on Embedded Value as at 31 March 2018

Willis Towers Watson Actuarial Advisory LLP ("Willis Towers Watson", "we", "us" or "our") has been engaged by SBI Life Insurance Company Limited ("SBI Life" or "the Company") to review and provide an independent actuarial opinion on the embedded value results prepared by SBI Life. The review covered the embedded value as at 31 March 2018 and the value of one year's new business written during the period 1 April 2017 to 31 March 2018 (together, "embedded value results").

#### Scope of work

#### Our scope of work covered:

- A review of the methodology and assumptions used to determine the embedded value results;
- A review of the results of SBI Life's calculation of the embedded value results;
- A review of the analysis of movement in embedded value for FY 2017 -18; and
- A review of select sensitivities as defined by the Company.

#### **Opinion**

Willis Towers Watson has concluded that the methodology and assumptions used to determine the embedded value results of SBI Life comply with the standards issued by the Institute of Actuaries of India within the Actuarial Practice Standard 10 ("Indian Embedded Value Principles"), and in particular that:

- the economic assumptions used are internally consistent and result in the projected cash-flows being valued in line with the prices of similar cashflows that are traded on the capital markets;
- the operating assumptions have been set with appropriate regard to the past, current and expected future experience;
- the Required Capital has been determined and projected on the basis of SBI Life's internal capital target of 180% of the Required Solvency Margin and has been assessed from a shareholders' perspective;
- allowance has been made for the Cost of Residual Non-Hedgeable Risks; and
- for participating business, the assumed bonus rates, and allocation of profit between policyholders and shareholders, are consistent with the projection assumptions, established company practice and local market practice.

Willis Towers Watson has also performed a number of checks on the models, processes and results of the calculations performed by SBI Life. On the basis of this review, Willis Towers Watson has confirmed that no issues have been discovered that have a material impact on the disclosed embedded value as at 31 March 2018, the value of one year's new business written during the period 1 April 2017 to 31 March 2018, the analysis of movement in embedded value for FY 2018, and the sensitivity analysis.

In arriving at these conclusions, Willis Towers Watson has relied on data and information provided by SBI Life. This Opinion is made solely to SBI Life in accordance with the terms of Willis Towers Watson's engagement letter dated 12 March 2018. To the fullest extent permitted by applicable law, Willis Towers Watson does not accept or assume any responsibility, duty of care or liability to anyone other than SBI Life for or in connection with its review work, the opinions it has formed or for any statements set forth in this opinion.
