Chairman's Message

Dear Shareholders,

It gives me immense pleasure to welcome you all to the 45th Annual General Meeting of Mishra Dhatu Nigam Limited. It has been my privilege to lead the Company as Chairman and Managing Director for over 4 years and I am happy to present before you the Annual Report highlighting performance of the Company and plans ahead.

FY 2018-19 is a very memorable year in the history of MIDHANI as the shares of the company were listed on 4th April 2018 at both BSE and NSE and received a very positive response from the market. I am aware that positive response places an even greater responsibility and I would like to thank valued stakeholders, for the trust and faith reposed in the company.

New Aspirations:

The nation witnessed a smooth election in 2019 and a continuity of the Government at the centre. This definitely brings stability in governance and economy. With various regulatory changes in place, our country continues to be one of the most preferred economies in the world in terms of investment and growth. Government's vision of growth provides opportunities to special materials company like ours.

In tune with Government's vision, MIDHANI has also embarked upon a growth trajectory by taking steps for setting up a Spring plant at Hyderabad, an Armouring Unit at Rohtak, Haryana and an Aluminium Alloy Plant in Joint Venture with NALCO at Nellore, Andhra Pradesh. MIDHANI is all set to become a multi-unit organization by the end of current financial year.

The Government's Vision of 'Sabka Saath, Sabka Vikas' resonates deeply with your Company's commitment to sustainable and inclusive growth and a testament to this is the fact that MIDHANI incurred its highest CSR expenditure of ₹ 39.35 Million in the FY 2018-19 thereby taking the cumulative CSR spend by MIDHANI till FY 2018-19 to about ₹ 209 Million. Our CSR activities are primarily focused on Skill Development & Education, Health and Sanitation, Environment & Sustainability and Women Empowerment.

Performance Highlights:

FY 2018-19 helped us get back on our growth path, it has been an eventful year laced with achievements as MIDHANI has achieved its best ever Value of Production of ₹ 8,148.32 Million, highest ever Capital Expenditure of ₹ 1935.70 Million for modernisation and growth, highest ever expenditure towards R&D of ₹ 299.71 Million and highest ever CSR expenditure of ₹ 39.35 Million. Sales Turnover of ₹ 7108.46 Million was higher than last year and with a healthy Profit after Tax of ₹ 1305.56 Million.

Your Company's determined efforts to enter into international market have started yielding results and in the FY 2018-19 your company attained an Export Turnover of ₹ 80.53 Million. With this achievement in the background, your Company has set a higher export target of about ₹ 40 Cr. for FY 2019-20

This year also witnessed MIDHANI securing highest ever orders to the tune of ₹ 18440.60 million.

In the MoU performance front for the FY 2018-19, we expect to achieve 'Excellent' MoU Rating; however the same is subject to evaluation by Department of Public Enterprises.

Broadening horizons: Powering the MIDHANI of tomorrow

Your Company is a strategic material supplier/ partner to Indian Defence, Space and Energy sectors and this year MIDHANI's growth has been primarily driven by Space and Energy sector due to increased number of launches by ISRO and 'Make in India' program respectively. With the aspiration to be a leader in every business segment that we operate in, your company is set to grow from a single unit to multi-unit organization.

Commercial production of Vehicle and Personnel Armouring products at the Rohtak Plant is likely to come into operation by the end of FY 2019-20. We have also identified new areas of revenue in the areas of Armouring and have successfully completed first commercial Bullet Proof Vehicles order and handed over 15 Bullet Proof Vehicles to Central Armed Police Forces (CAPF) in the month of March 2019.

The Joint Venture with NALCO for establishment of an Aluminum Alloy Manufacturing plant at Andhra Pradesh under "Make in India" approach of Government of India for manufacturing of high end Aluminum Alloy products such as Sheets, Plates, Extrusions, Forgings, etc. is moving in positive direction with incorporation of Joint Venture Company with the name "Utkarsha Aluminium Dhatu Nigam Limited".

Our investments in different areas during the last two years will power our future growth. The endeavour now is not only to fortify the existing categories for delivering industry leading performance but also to foray into newer categories and sub-segments that are synergistic with your Company's institutional capabilities. A dedicated facility for the manufacture of Helical Compression Springs is being set up at the existing plant in Hyderabad. This facility would cater to various requirements in Indian Railways, Metro Coaches and Earth-Moving Equipment etc. We also seek to strengthen our existing product categories and to also enter new sectors such as Oil and Gas, Mining, Power, Railways, Chemical and Fertilizers to create new levers of growth having potential to catapult us to higher orbits of growth.

Cultivating an Innovative mind-set and value creation: Make in India Vision

In line with Government initiative, prime focus is placed on Indigenization, New Product Development, and Technology Development. We have successfully indigenized various grades of steels and also indigenously developed Automatic Billet Grinder, Mobile Grinder and LPG fired Furnaces. These initiatives have helped prevent outflow of foreign exchange. Substantive investments have been made in R&D to enhance the productivity and to be at par with the global technological progress.

Innovation in any business is of prime importance and in a very significant achievement, and under Mission Raksha Gyan Shakti (MRGS), 50 Trademarks/Copy Rights and 9 patents were filed during the FY 2018-19 and an Innovation cell under "Center of Excellence- Special Materials"

has been to promote Innovation and creativity and to promote applied and high end research for the development of Special Materials of National importance. Your company was also awarded two patents for the first time, one for manufacturing "Fine grained Cobalt based alloy" and another for an invention entitled "Newly designed Air Hardening Alloy Steel". Your company achieved its targets under Mission Raksha Gyan Shakti (MRGS) by implementing training in IPR to 320 employees with the help of National Research Development Corporation (NRDC). This will help ensure value capture and retention in the country and also help create value streams for brand ownership in perpetuity.

For promotion of Innovation for Defence Excellence (iDEX) an initiative of the Government of India launched by the Hon'ble PM, your company contributed a sum of ₹ 1 Million to Centre for Innovation Incubation & Entrepreneurship (CIIE).

Harnessing the technological breakthroughs:

World over increased focus has been placed on Artificial Intelligence (AI). AI has the potential to redefine the contours of business. Recognising the importance of the same and to drive transformational change, a dedicated team has been constituted to develop roadmap for Artificial Intelligence (AI) for alloy development and process optimization in your company. An in-house Research and Development team is working towards improvement of product quality and process innovation for meeting the expected demands at competitive prices.

Your company is aware of the threats that cyber-attacks, data breaches and identity theft can pose and has hence has strengthened the cyber security framework to prevent and mitigate such threats.

Systems for Social Sustainability:

We take pride in the fact that we, through our CSR and Sustainability initiatives, conduct business in a manner that is beneficial to both, business and society. Your company views CSR as a way of conducting business that enables the creation and distribution of wealth for the betterment of its stakeholders through the implementation and integration of ethical systems and sustainable management practices.

Your company is also setting up a state-of-the-art Skill Development Center called 'Center of Excellence – Special Materials' under its CSR initiative for Imparting skill & knowledge to women, youth and people from weaker sections of the society i.e. SCs, STs, OBCs etc. to enhance their employability.

Talent management:

MIDHANI's transformational journey over the years stands testimony to the capabilities of its world class Human Resource. Your Company today has a diverse talent pool with an average age of employees at 42 years, the value added per employee is ₹ 6.60 Million for FY 2018-19. This talent pool of professionals and a committed team will help your company uphold industry-leading quality standards while catering to customer requirements in a timely manner and pursue competitive growth.

Corporate Governance Practises:

MIDHANI also continues to maintain excellent grading in terms of compliance with the Corporate Governance enunciated by the Department of Public Enterprises. We have always attached great importance to sound, responsible management and supervision geared towards the creation of sustainable value addition. Our success has always been based on close and efficient co-operation between Board members, consideration of shareholders' interests, an open style of corporate communication and proper accounting and auditing procedures, as well as a responsible approach to risk and to statutory and in-house rules and regulations. We uphold high ethical standards and reaffirm our obligation to ensure the continued existence of the enterprise and sustainable value creation in conformity with good governance principles.

Conclusion:

I can confidently state that the achievements made by MIDHANI's can only be attributed to the unrelenting support that we have received from all our Stakeholders. I on behalf of the Board, thank all our valued Shareholders for your continued support and goodwill and for your unwavering faith as we thrive to build a valuable national institution.

I also express my sincere appreciation and gratitude to the successive generations of committed employees, who have diligently contributed to the success of your company.

I also acknowledge the enormous amount of goodwill and support that we have received from our customers, the Department of Defence Production and all Government agencies and particularly the Government at the Centre, State and local bodies who have provided valuable guidance and support in company management.

To conclude, I reaffirm our commitment to our core mantra i.e. "Together we can" (Samashti Krishi, Vummadi Vridhi)

Thanking You,

Jai Hind!!

5. PERFORMANCE AGAINST MoU

- 5.1 For the FY 2018-19, MIDHANI's MoU performance qualifies for an overall "EXCELLENT" rating, however, the same is subject to evaluation and confirmation by Department of Public Enterprises (DPE).

6. INDIGENIZATION AND IMPORT SUBSTITUTION:

- 6.1 Indigenously developed Automatic Billet Grinder, 6T Mobile Grinder and 25T LPG fired Furnace were commissioned for commercial production with a total savings of approx ₹ 10 Cr.
- 6.2 Indigenous Procurement as percentage (%) of VoP is 62.92% during the FY 2018-19 as against 83.89% during FY 2017-18. Indigenous procurement is low due to global increase in raw material prices and percentage of direct import to value of production has increased from 16% to 31% based on customer order requirement.

Year	Indigenization (%)
2018-19	62.92
2017-18	83.89

- 6.3 By using alternate input materials (i.e. scrap, plant reverts) MIDHANI could substitute ₹ 27.62 Cr. of imported raw material (Cobalt, Nickel, Low Carbon Ferrochrome, Molybdenum, Pure Iron, Chromium Metal).

7. MODERNISATION, EXPANSION & UPGRADATION PROGRAM OF THE COMPANY:

- 7.1 The up gradation and modernization of the Company over the last decade contributed towards setting up of additional facilities, increase in production tonnage capacity and product diversity. The Company has successfully positioned itself to serve existing and new customers in domestic markets as well as entered into new business areas of strategic and national importance.
- 7.2 Additions amounting Rs. 1039.60 million to the Gross block was made during the year under report.

These include all statements other than statements of historic fact, including those regarding the financial position, business strategy, management plans and objectives for future operations.
- 1.2 Forward-looking statements can be identified by words such as 'believes', 'estimates', 'anticipates', 'expects', 'intends', 'may', 'will', 'plans', 'outlook' and other words of similar meaning in connection with a discussion of future operational or financial performance.
- 1.3 Forward-looking statements are necessarily dependent on assumptions, data or methods that may be incorrect or imprecise and that may be incapable of being realized, and as such, are not intended to be guarantee of future results, but constitute our current expectations based on reasonable assumptions. Actual results could differ materially from those projected in any forward-looking statements due to various events, risks, uncertainties and other factors. We neither assume any obligation nor intend to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
- 1.4 The financial statements are prepared under historical cost convention, on accrual basis of accounting and in accordance with the provisions of the Companies Act, 2013 (the "Act") and comply with the Accounting Standards specified under Section 133 of the Act. The management of Mishra Dhatu Nigam Limited ("MIDHANI" or "the Company") has used estimates and judgments relating to the financial statements on a prudent and reasonable basis in order that the financial statements reflect in a true and fair manner, the state of affairs for the year.
- 1.5 The following discussions on our financial condition and result of operations should be read together with our audited consolidated financial statements and the notes to these statements included in the annual report.

2.0 INDUSTRY STRUCTURE AND DEVELOPMENTS:

- 2.1 Mishra Dhatu Nigam Limited (MIDHANI) was established in the year 1973 under Ministry of Defence as Government of India Enterprise. The production unit of MIDHANI, located at Kanchanbagh, Hyderabad, was commissioned in the year 1982. It was set up with a view to achieve self-reliance in production and supply of various super alloys, special steels, materials to Strategic Sectors of our country.
- 2.2 MIDHANI's diversification initiatives will define its future growth. With 45 years of glorious past, MIDHANI is poised to grow from a single unit organization to a multi-unit organization. The Armour Manufacturing facility at Rohtak is expected to be commissioned by the end of 2019-20. MIDHANI's Joint Venture proposal with NALCO for setting up Aluminium Alloy Plant at Nellore, Andhra Pradesh is also moving in positive direction with respect to Government approvals.

3.0 ORGANISATION:

- 3.1 The commitment to fulfill the ever increasing demands with stringent specifications/ requirements by the Strategic customers of the Company provides the basic thrust and is the driving force that motivates the organization to suitably frame its policies and procedures in every sphere of organizational activity to discharge its goal effectively.
- 3.2 The main operating divisions/ departments of the company consist of Production Planning & Control, Production Divisions, Technology, R&D Dept, Projects and Quality Control. The production function is further optimally integrated to Material planning & procurement, Marketing, Finance, HR and other logistic functions.
- 3.3 The manufacturing facilities at MIDHANI include Primary and Secondary melting furnaces such as Electric Arc Furnace with Ladle Refining Furnace, Vacuum Degassing/ Vacuum Oxygen Decarburisation, Vacuum Induction Melting Furnace, Vacuum Induction Refining Furnace, Vacuum Arc Re-Melting Furnace, Electro Slag Re-Melting Furnace and Electron Beam Melting Furnace. Subsequent operations are carried out at 6000T/1500T Forge Presses, Ring Rolling Mill, Hot Rolling and Cold Rolling Mills, Bar and Wire Drawing Mills etc. based on the output, form and sizes required. The auxiliary supporting services like conditioning, heat treatment, machining, pickling, quality control also form part of our manufacturing processes.

3.4 A representation of the product portfolio of MIDHANI is as under:

3.4.1 Products grades manufactured at MIDHANI are Special Alloys (Ferritic, Austenitic, Martensitic, Maraging, Armour Steel), Super Alloys (Iron/Cobalt/Nickel Based), Titanium Alloys in the form of melted, forged, rolled and drawn product. Special Steels and Titanium Alloy grades constitute a major portion of production tonnage.

3.4.2 The primary raw materials used by our Company for manufacturing various products are: (a) Nickel metal; (b) Cobalt metal; (c) Various Master Alloys; (d) Pure Iron; (e) Titanium sponge; (f) Chromium metal; (g) Mild Steel scrap/ Stainless Steel scrap; (h) High Carbon/Low Carbon Ferro Chrome; (i) Aluminium metal; (j) Manganese Metal; and (k) Various Ferroalloys.

4.0 MARKET OVERVIEW: HIGH VALUE SPECIALITY STEEL, SUPERALLOY AND TITANIUM ALLOY PRODUCTS: (Source: KPMG research)

- 4.1 With 6-8% growth in GDP and subsequent growth in infrastructure in power & industrial sectors and advancements in space sector, there exists significant opportunities for MIDHANI. To tap these opportunities, MIDHANI has to formulate new strategies and augment its facilities to cater to the enhanced demands.
- 4.2 **HIGH VALUE SPECIALITY STEEL:** Specialty Steel market in India is currently estimated at ~3.8 to 4.5 lakh Tons, primarily driven by Auto sector. Projects worth INR ~15,000 Billion are planned in Defense which will drive the demand for Specialty steel in the country. Addressable market for MIDHANI is ~0.4 to 0.5 Lakh tons, coming from Defence, Power and Niche Engineering sectors. In MIDHANI's addressable market, Defense sector is expected to drive the demand for Specialty Steel. Defense sector in India is expected to grow at a CAGR of 8% between FY17 to FY25.
- 4.3 **TITANIUM ALLOY PRODUCTS:** Most of the needs of Indian Aerospace and Defence industry are currently met through imports. Unlike the global market which is dominated by commercial aerospace, Indian Aerospace & Defence Titanium demand is dominated by Defence. The Titanium market size in India for FY18 is 3098 TPA and is expected to increase to 5231 TPA in the FY 25 with a CAGR of ~ 7.8%. MIDHANI can aggressively target import substitution to increase its market share.
- 4.4 **SUPERALLOY:** India market for super alloys has increased at 14% CAGR for the last 2 years. MIDHANI is the only domestic manufacturer of super alloys and rest of the demand is mostly imported. Current MIDHANI market share is only ~1% and rest of the volumes is imports. Future Demand Drivers for Super Alloys in India are:

- Among applications, where aerospace segment is expected to dominate the market due to increasing need for lightweight and high strength materials that can withstand high temperatures.
 - Strategic Power Project and Power Plants will drive the demand for super alloys in India.
- 4.5 In Space sector, demand will be driven by ISRO's ongoing and future satellite programs with increased launches and the upcoming Chandrayaan-2 mission apart from the many current projects.

5.0 SECTOR WISE PERFORMANCE:

- 5.1 Presently, more than seventy percent of MIDHANI's products (value wise) cater to strategic customers and operates mainly in Defence, Space, Energy and Commercial sectors. MIDHANI has traditionally banked on orders from Defence sector for sustenance and growth. About 50% of orders come from Defence sector and Space sector has shown cyclical nature in terms of order position.
- 5.2 In line with the thrust given by Government of India on "Defence preparedness", MIDHANI has focused more on Defence sector. In addition, MIDHANI also supplies special alloys to private commercial sector which also finally goes into Defence and Atomic energy sectors of our country. But in FY 18-19, Space was the best performing sector and grew by ~ 46 % primarily due to increased number of launches.

6.0 FUTURE OUTLOOK:

- 6.1 MIDHANI primarily operates in Defence, Space, Energy and Commercial sectors, MIDHANI predominantly caters to strategic customers. With increased competition and dynamic environment, venturing into new businesses and opting for collaborative approach becomes all the more important for staying competitive in the market. We need to optimally utilize our production capacities and be pragmatic in formulating policies and decision making.
- 6.2 MIDHANI also looks forward for geographical expansion within India and beyond and to operate from multiple locations. At present, our Company intends to start two new manufacturing units based in Rohtak, Haryana and Nellore, Andhra Pradesh.
- 6.3 We intend to improve our focus on advanced technology products and pursue new collaborations that allow us to add to our product portfolio. In line with the above approach, MIDHANI is planning to setup metal powder production unit capable of producing high quality for a variety of special alloys: Ti & Ti-alloys, Ni-alloys, Co alloys and refractory metal and alloys for application in aerospace and bio medical sectors.
- 6.4 MIDHANI plans to explore the feasibility for production of cobalt in India using material from secondary sources (Cobalt- Hydroxide) / plant reverts. Towards this, MIDHANI plans to set up cobalt recovery plant through public private partnership under Indigenization program from internal plant reverts.
- 6.5 A brief on the new projects planned/proposed for the coming years is as under:
- **Aluminium Alloy Plant:** MIDHANI & NALCO intend to set up High end Aluminium Alloy Production plant through a JV Company at Nellore. To establish green field project of Aluminium Alloy production the state government of Andhra Pradesh has allotted 110 Acres of Land to MIDHANI. Activities like Land survey, soil testing, ground water survey and construction of compound wall are complete. M/s MECON has prepared DPR for setting up the project. NITI AYOG examined the project proposal and has recommended for setting up of Aluminium Alloy plant and subsequent action for incorporating JV Company and other activities like engaging Engineering, Procurement and Construction Management Consultant and Technology provider have been initiated.
 - **Tungsten and Tungsten Carbide powder Production Facilities:** Tungsten powder is the main ingredient material for production of High Kinetic Energy Penetrators and Pre-fragments for Defence applications and presently these requirements are fulfilled through imports. For indigenization of such strategic material, MIDHANI is exploring to setup a facility to produce 500TPA tungsten powder.
 - **Carbon Fiber Prepegs Manufacturing:** In pursuance of Make in India initiative, Ministry of Defence identified Procurement / Production of Strategic / Critical materials like Carbon Fiber Prepegs as it is used in strategic programs. MoU is signed with NAL for development of aero quality carbon fibers. In addition, International Joint ventures for production of prepegs is also being examined to meet such demand.

7.0 RISKS, CONCERNS AND MITIGATION:

- 7.1. A strategic sector company like MIDHANI operates in a very dynamic environment where raw material prices are volatile, technology is ever-changing and competition with the private players is greater than ever. Currently, majority of MIDHANI's business (4/5th of volumes) comes from High performance steel. Going forward, this market segment is expected to witness high competition from private companies with similar/substitute products.

- 7.2 Timely and satisfactory execution of our contractual commitments depends upon numerous factors. Lack of additional primary melting facilities like Vacuum Induction Melting Furnace, Vacuum Arc Melting Furnace and compacting press may prove to be bottleneck in the long run. This may also impact the lead time for delivery of the products and the cost of the product as some of our contracts provide for liquidated damages in the event that we are unable to perform and deliver in accordance with the contractual schedule; this may impact our operating and financial performance.
- 7.3 The volatile nature of prices exchange rate fluctuations coupled with limited availability and supply of raw materials such as Nickel and Cobalt, which are used by our Company for manufacturing various products, can result in an increase in the price of the products and play adversely on the competitive edge of the Company
- 7.4 Most of our revenue is derived from the work performed under Government contracts and change in Government priorities may affect a decision to fund or the amount of funding available to existing or proposed strategic programmes.
- 7.5 MIDHANI also faces competition from Imports which may, in some cases, be cheaper. This may in some cases also hamper our export potential.
- 7.6 **RISK MITIGATION PLANS:**
- 7.6.1 To protect the core business, relationship marketing on Defence and Space sectors is planned.
- 7.6.2 We are enhancing competitiveness through improved execution, delivery capabilities (on time and within cost), customer service etc.
- 7.6.3 Major imported raw materials procured by MIDHANI are Cobalt, Nickel, Molybdenum, Chromium etc. In order to reduce the cost of raw material procurement, several strategies have been deployed, including procuring of buffer stock of raw material and timely procurement of raw materials in view of anticipated orders from major customers.
- 7.6.4 Efforts to mitigate the risk of limited availability of raw Materials include optimization of consumption and reuse of reverts in the manufacture of various alloys, based on the application and agreed quality norms as well as extensive recycling of internal scrap and R&D initiatives to segregate valuable metals components from the scrap generated internally.
- 7.6.5 We are enhancing end use industry portfolio to diversify risk –expansion in Power, Oil and gas and Engineering sectors. Even Machine tool, Bearings and Industrial Valve steels are being considered with forward integration into end products/components –Compression Springs, Armoured products, etc.,
- 7.6.6 To promote exports, we have identified certain product categories to tap the global market and has ambitious plan to achieve export revenue.

8.0 SWOT ANALYSIS:

8.1 Strengths:

- (a) Capability to manufacture a wide range of advanced materials.
- (b) Strong Research & Development capability to indigenously develop customized products/ alloys for programs of national importance.
- (c) Rich experience gained over 45 years of operation and maintenance of high technology equipments, processes and systems.
- (d) Unique and complex quality control practice to deliver superior quality of products

8.2 Weakness:

- (a) In select products, lack of economies of scale makes products non-competitive at global level.
- (b) Dependence on orders from Government Sector
- (c) Lack of technology and infrastructure for developing finished components using own materials which leads to reduced value addition.
- (d) Limited control over sales realization.

8.3 Opportunities:

- (a) Demand for special alloys and steel is increasing.
- (b) Government initiatives like "Make in India", Indigenization, Make II etc. allowing Indian organizations to penetrate existing markets within the country and abroad.
- (c) Opportunity for long-term tie-ups in the form of Joint ventures and strategic alliances etc.
- (d) Diversification opportunities exists in strategic materials

8.4 Threats:

- (a) Competition from private sector in India and abroad
- (b) High volatile prices of some of the critical imported raw materials coupled with their restricted availability.
- (c) Risk of obsolescence in technology, processes and products-metals being replaced with composites/materials.
- (d) Change in Government Policies.

9.2 MOU 2018-19 PERFORMANCE AND WORKING RESULTS:

9.2.1 The company is expected to achieve "Excellent" MoU rating subject to evaluation by Department of Public Enterprise (DPE) against the overall Financial and Operational performance for the year 2018-19.

9.2.2 The MoU performance rating is expected to improve to "Excellent" from "Very Good" last year as a result of focused efforts in the areas such as Production, Exports, R&D, Capital Expenditure planning and Specific LPG consumption, HR parameters. Export Sales of ₹ 80.53 million is a significant achievement considering MIDHANI's occasional venture into exports in the past. The company also registered highest ever VoP of ₹ 8148.32 million in the current year. Revenue from operations of ₹ 7108.46 Million as against the target of ₹ 8150.00 Million., but it has improved compared to last year's performance. The issues related to converting VoP into sales are being analyzed and addressed at the planning level for improved sales performance in the future years.

9.2.3 The significant highlights of the performance for the financial year 2018-19 and comparison with the previous two years is as under:

SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1

1. Does the policy relating to ethics, bribery and corruption cover only the company? Does it extend to the Group/Joint Ventures/ Suppliers/Contractors/NGOs/Others?
 - ▶ No, a model Code of Business Conduct and Ethics is applicable to all Board Members and Senior Management of the Company. Further, to ensure transparency and integrity in all contracts, MIDHANI is signing "Integrity Pact" with respective bidders in all procurements of estimated value exceeding ₹ 4 Million. This enables the bidders to raise any issues with respect to high value tenders floated from time to time with the Independent External Monitor (IEM). An IEM is appointed by the Central Vigilance Commission (CVC) to oversee implementation of the said Integrity Pact. The pact is essentially an agreement for ethical conduct of the business and any violations of the same would entail disqualification of the bidders and exclusion from future business dealings.
2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so
 - ▶ During the past financial year about 40 complaints from shareholders were lodged with the RTA/Company and all the grievances were resolved by the RTA/Company within the stipulated time. Only one complaint against the company was lodged in the SCORES portal; however the same was resolved without any implications on the company. Majority of the complaints were pertaining to Dividend payment and were successfully resolved.

INDEPENDENT AUDITOR'S REPORT

To
The Members,
Mishra Dhatu Nigam Limited.

Report on the Audit of Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **MISHRA DHATU NIGAM LIMITED**, ("the Company"), which comprise the Balance Sheet as at 31st March, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and a summary of Significant Accounting Policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2019, the profit and total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing (SA's) specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with Independence requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no Key Audit Matters to communicate in our Report.

Emphasis of Matter

We draw attention to the following matter in the Notes to the Standalone Financial Statements:

Note No. 9 (Other Non-Current Assets), Note No. 14 (Other Financial Assets), Note No. 15 (Other Current Assets), Note No. 22 (Other Non-current Liabilities), Note No. 24 (Trade Payables), Note No. 25 (Other Financial Liabilities) and Note No. 26 (Other Current Liabilities) to the Standalone Financial Statements are subject to receipt of confirmation of balances/reconciliation.

Our opinion is not modified in respect of the above matter.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance or conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of Act, with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, the changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting

frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirement

- 1) As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the Annexure A, a Statement on the Matters specified in the Paragraph 3 and 4 of the Order, to the extent applicable
- 2) As required by Section 143(3) of the Act, based on our audit we report that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) the Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account;

- d) in our opinion, the aforesaid Standalone Financial Statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act, read with the of the Companies (Indian Accounting Standards) Rules, 2015, as amended;
- e) in terms of Ministry of Corporate Affairs GSR No. 463 (E) dated 5th June 2015, Government companies are exempt from the applicability of the provisions of section 164(2) of the Act. Hence no comments offered.
- f) with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure C. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) As required by Section 143(5) of the Act, we give in Annexure D, a statement on the matters contained in directions issued by the Comptroller & Auditor General of India in terms of aforesaid section.
- h) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us :
 - i) The Company has disclosed the impact of pending litigations in its financial position in its Standalone Financial Statements. Refer to Note No. 43 of the Notes on Accounts to the Standalone Financial Statements.
 - ii) The company did not have any long term contracts including Derivative Contracts for which there were any material foreseeable losses.
 - iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE 'C' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under "Report on Other Legal and Regulatory Requirements" of our report to Members of Mishra Dhatu Nigam Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of the Company, as of 31st March 2019 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls:

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by ICAI and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting including obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion:

In our opinion, to the best of our information and according to the explanation given to us, the Company has, in all material respects, an adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as on 31st March, 2019, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF MISHRA DHATU NIGAM LIMITED, HYDERABAD FOR THE YEAR ENDED 31 MARCH 2019

The preparation of financial statements of MISHRA DHATU NIGAM LIMITED, HYDERABAD for the year ended 31 March 2019 in accordance with the financial reporting framework prescribed under Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditor appointed by the Comptroller and Auditor General of India under section 139(5) of the Act is responsible for expressing opinion on the financial statements under section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 29 May 2019.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the financial statements of MISHRA DHATU NIGAM LIMITED, HYDERABAD for the year ended 31 March 2019 under section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the statutory auditor and is limited primarily to inquiries of the statutory auditor, company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditors' report under section 143(6)(b) of the Act.

Amendment to Ind AS 7:

Effective from April 1, 2017 the company adopted the amendment to Ind AS 7 which require the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non cash changes, suggesting inclusion of reconciliation between the opening and closing balances in the Balance Sheet for liabilities arising from financing activities, to meet the disclosure requirement. The adoption of amendment did not have any material impact on the financial statements.

SIGNIFICANT ACCOUNTING POLICIES

1. GENERAL INFORMATION

Mishra Dhatu Nigam Limited ("the Company") a Government of India enterprise was set up in 1973 and is engaged in the business of manufacturing of superalloys, titanium, special purpose steel and other special metals. The Company has its registered office at 'P.O. Kanchanbagh, Hyderabad, 500058'.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

i. Statement of compliance

The financial statements are prepared and presented in accordance with Indian Accounting Standards (Ind AS) [as notified under section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015], to the extent applicable, the provisions of the Companies Act, 2013 and these have been consistently applied.

ii. Functional and presentation currency

The standalone financial statements are presented in Indian rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the entity operates. All financial information presented in Indian rupees has been rounded to the nearest millions except share and per share data.

iii. Use of estimates and judgment

The preparation of financial statements in conformity with Ind AS require estimates and assumptions to be made that affect the application of accounting policies and reported amounts of assets and liabilities, and the reported amounts of revenues and expenses during the reporting period. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised.

2.2 Summary of significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these standalone financial statements, unless otherwise stated.

2.3 Revenue recognition

Revenue is recognized when significant risks and rewards of ownership and effective control on goods have been transferred to the buyer. Revenue from the sale of manufactured goods is recognized upfront at the point in time when the goods are delivered to the customer. The supply of alloys may include supply of third-party equipment or material. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the company is acting as the principal or as an agent of the customer. The company recognizes revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, liquidated damages, performance bonuses and incentives, if any, as specified in the contract with the customer.

Sales revenue is measured at fair value net of returns, trade discounts and volume rebates. Revenue is recognized when persuasive evidence exists, usually in the form of an executed sales agreement, that the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement with the goods and the amount of revenue can be measured reliably. The appropriate timing for transfer of risks and rewards varies depending on the individual terms and conditions of the sales contract.

In case of Ex-works contract, revenue is recognized when the goods are handed over to the carrier/agent for dispatch to the buyer and wherever customer's prior inspection is stipulated; revenue is recognized upon acceptance by customer's inspector.

In case of sales on FOR/FOB destination contracts, revenue is recognized considering the expected time in respect of dispatches to reach the destination within the accounting period, subject to adjustments based on actual receipt of material at destination.

Claims for additional revenue in respect of sales contracts/orders against outside agencies are accounted on certainty of realization.

Revenue on rendering of service: Revenue is recognized when the outcome of the services rendered can be estimated reliably. Revenue is recognized in the period when the service is performed by reference to the contract stage of completion on the reporting date.

Contract assets are recognized when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognized when there is a billing in excess of revenues.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation a cumulative adjustment is accounted for.

Use of significant judgments in revenue recognition:

The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identify distinct performance obligations in the contract. Identification of distinct performance obligation involves judgment to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgment is also required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company uses judgment to determine an appropriate standalone selling price for a performance obligation. The Company allocates the transaction price to each performance obligation on the basis of the relative stand-alone selling price of each distinct product or service promised in the contract. Where standalone selling price is not observable, the Company uses the expected cost plus margin approach to allocate the transaction price to each distinct performance obligation.

The Company exercises judgment in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Contract fulfillment costs are generally expensed as incurred except for certain software license costs which meet the criteria for capitalization. The assessment of this criterion requires the application of judgment, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

2.4 Foreign currencies

Foreign currency monetary items are recorded in the Functional Currency at the closing rate of the reporting period. Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

Exchange differences arising on account of settlement / conversion of foreign currency monetary items are recognized as expense or income in the period in which they arise.

Foreign currency gains and losses are reported on a net basis. This includes changes in the fair value of foreign exchange derivative instruments, which are accounted at fair value through statement of profit and loss.

2.5 Employee benefits

i. Defined Contribution Plan

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions to a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution pension plans are recognized as an employee benefit expense in the statement of profit and loss in the periods during which services are rendered by employees. The Company has Post Retirement Medical Benefit Scheme (PRMBS) and Pension Scheme under this category.

ii. Defined Benefit Plan

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognized past service costs and the fair value of any plan assets are deducted. The discount rate is the yield at the reporting date on government bonds, in the absence of deep market for high quality corporate bonds that have maturity dates approximating the terms of the Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid. The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Company, the recognized asset is limited to the total of any unrecognized past service costs and the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements that apply to any plan in the Company. An economic benefit is available to the Company if it is realizable during the life of the plan, or on settlement of the plan liabilities.

When the benefits of a plan are improved, the portion of the increased benefit relating to past service by employees is recognized in the statement of profit and loss on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits vest immediately, the expense is recognized immediately in the statement of profit and loss. The Company recognizes all actuarial gains and losses arising from defined benefit plans in other comprehensive income.

The Company has Gratuity and contribution towards Provident Fund under this category.

iii. Compensated Absence

The Company accounts for its liability towards compensated absences based on actuarial valuation done as at the balance sheet date by an independent actuary using the Projected Unit Credit Method. The liability includes the long term component accounted on a discounted basis and the short term component which is accounted for on an undiscounted basis.

iv. Other Employee Benefits

Other employee benefits are estimated and accounted for based on the terms of the employment contract.

2.6 Property, plant and equipment

Land is capitalized at cost to the Company. Development of land such as leveling, clearing and grading is capitalized along with the cost of building in proportion to the land utilized for construction of building and rest of the development expenditure is capitalized along with the cost of land. Development expenditure incurred for the purpose of landscaping or for any other purpose not connected with construction of any building is treated as cost of land.

All other items of Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses. The company opted to adopt the previous GAAP value as the 'deemed cost' for the purposes of preparation of opening balance sheet as at 01 April 2015.

The cost of property, plant and equipment includes expenditures arising directly from the construction or acquisition of the asset, any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and, when the Company has an obligation to remove the asset or restore the site, an estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

The cost of replacing a part of an item is recognized in the carrying amount of the item of property, plant and equipment, if the following recognition criteria are met:

- a) It is probable that future economic benefits associated with the item will flow to the Company and;
- b) The cost can be measured reliably.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. Useful lives of the significant components are estimated by the internal technical experts.

The carrying amount of the replaced part is de-recognized at the time the replacement part is recognized. The gain or loss arising from the de-recognition of an item of property, plant and equipment is included in statement of profit and loss when the item is de-recognized. The costs of the day-to-day servicing of the item are recognized in statement of profit and loss as incurred.

The present value of expected cost for the dismantling and restoration are included in the cost of respective assets if recognizing criteria for provision are met.

Pending disposal, unserviceable fixed assets are removed from the Fixed Assets Register and shown under "Other Current Assets" as a separate line item at the lower of their net book value and net realizable value. As and when the disposal of such assets takes place, the difference between the carrying amount and the amount actually realized will be recognized as Loss / Profit from sale of Fixed Assets.

Advance paid towards the acquisition of property, plant and equipment, outstanding at each balance sheet date is classified as capital advance under "Other non-current assets" and the cost of assets not put to use before such date are disclosed under 'capital work-in-progress'.

Customer funded assets: As per the guidance of Appendix C of erstwhile Ind AS 18 "Transfer of Assets from Customers" are recognized as an item of property, plant and equipment in accordance with Ind AS 16 in the books of accounts and depreciation is charged accordingly.

As per para 8 of Ind AS 16, items such as spare parts, stand-by equipment and servicing equipment are recognised in accordance with this Ind AS when they meet the definition of property, plant and equipment and are expected to be used for more than one accounting year. Otherwise, such items are classified as inventory.

Depreciation

Depreciation is calculated using the straight line method to allocate their cost, net of residual values, over the estimated useful life.

The useful lives have been determined to be equal to those prescribed in Schedule II to the Companies Act, 2013. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Assets whose actual cost does not exceed ₹5000/-, depreciation is provided at the rate of hundred percent in the year of capitalization.

Disposal:

Gain and losses on disposal are determined by comparing net sale proceeds with carrying amount. These are included in statement of profit and loss.

2.7 Intangible assets

i. Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses. For transition to Ind AS, the Company has elected to continue with the carrying value of all its intangible assets recognized as of April 1, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

ii. De-recognition of intangible assets

An intangible asset is de-recognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognized in statement of profit and loss when the asset is de-recognized.

iii. Useful lives of intangible assets

Amortization is calculated using the straight line method to allocate their cost, net of residual values, over the estimated useful life.

The useful lives have been determined in accordance with guidance provided at Schedule II to the Companies Act, 2013.

The assets' useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

2.8 Inventories

Inventories are valued on the following basis:

- i. **Raw materials, consumables, spares and Tools and Instruments in Central Stores**
At weighted average cost
- ii. **Raw materials in Shop floor/ Sub-stores in the shops**
At weighted average rate of Central Stores, at the end of the year
- iii. **Consumables in Shop floor/Sub-stores**
All consumables drawn from the Central Stores are charged off to expense. Only in respect of 'A' and 'B' class consumables identified by Management from time to time, the stock at the Shop floor/Shop sub-stores are brought to inventory at the close of the year at the weighted average rate. However, moulds, rolls, dies etc., in use at the close of the year, are valued at issue rates with reference to the balance life, technically estimated.
- iv. **Re-usable process scrap, process rejections and sales rejections with customers for return**
At estimated realizable value for scrap.
- v. **Tools and Gauges**
Issued tools, instruments, gauges etc. are amortized uniformly over their estimated life.
- vi. **Work-in-process**
At cost or estimated realizable value appropriate to the stage of production based on technical evaluation, whichever is less. However, the WIP of 5 years old and above is valued at the realizable scrap rate.
- vii. **Finished Goods**
At cost or net realizable value (at shop finished stage) whichever is less. However, the Finished Goods of 5 years old and above is valued at the realizable scrap rate.
- viii. Goods in transit are valued at cost.
- ix. Stores declared surplus / unserviceable are transferred to salvage stores for disposal, and charged to revenue.
- x. Provision for the non-moving raw materials, consumables and spares for over three years is made as under:
Raw materials: 85% of the book value
Consumables and Spares (which do not meet definition of PPE): 50% of the book value
- xi. Stationery, uniforms, medical and canteen stores are charged off to revenue at the time of receipt.

2.9 Income tax

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

- i. **Current income tax**
Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted by the reporting date and applicable for the period. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously.
- ii. **Deferred income tax**
Deferred income tax is recognized using the balance sheet approach. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred income tax liabilities are recognized for all taxable temporary differences.

2.10 Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation taking into account the risks and uncertainties surrounding the obligation.

A provision for onerous contracts is recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before such provision is made, the Company recognizes any impairment loss on the assets associated with that contract.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimates. If it is no longer probable that an outflow of resources embodying economic benefits will be required to settle the obligation, the provision is reversed.

2.11 Financial instruments

i. Financial assets

The Company initially recognizes loans and receivables and deposits on the date that they are originated. All other financial assets are recognized initially on the trade date at which the Company becomes a party to the contractual provisions of the instrument.

The Company de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in transferred financial assets that is created or retained by the Company is recognized as a separate asset or liability. Financial assets and liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legally enforceable right to offset the amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

A financial asset shall be measured at amortized cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. Financial assets are measured initially at fair value plus transaction costs and subsequently carried at amortized cost using the effective interest method, less any impairment loss.

The Company's financial assets include security deposits, cash and cash equivalents, trade receivables and eligible current and non-current assets.

Cash and cash equivalents comprise cash balances and term deposits with original maturities of one year or less. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalents for the purpose of the statement of cash flows.

ii. Financial liabilities

The Company initially recognizes debt securities issued and subordinated liabilities on the date that they are originated. All other financial liabilities are recognized initially on the trade date at which the Company becomes a party to the contractual provisions of the instrument.

The Company de-recognizes a financial liability when its contractual obligations are discharged or cancelled or expired.

The Company has the following financial liabilities: loans and borrowings and trade and other payables.

Such financial liabilities are recognized initially at fair value through profit or loss and stated net off transaction cost that are directly attributable to them. Subsequent to initial recognition these financial liabilities are measured at amortized cost using the effective interest method.

2.12 Impairment

i. Financial assets

A financial asset not carried at fair value through profit or loss is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

Objective evidence that financial assets are impaired can include default or delinquency by a debtor, restructuring of an amount due to the Company on terms that the Company would not consider otherwise, indications that a debtor or issuer will enter bankruptcy, or the disappearance of an active market for a security.

ii. Non-financial assets

At the end of each reporting period, the Company reviews the carrying amount of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of the fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

2.13 Borrowing costs

Borrowing costs incurred for obtaining assets which takes substantial period to get ready for their intended use are capitalized to the respective assets wherever the costs are directly attributable to such assets and in other cases by applying weighted average cost of borrowings to the expenditure on such assets. Other borrowing costs are treated as expense for the year.

Transaction costs in respect of long-term borrowings are amortized over the tenure of respective loans using effective interest method.

2.14 Finance income and costs

Finance income comprises interest income on funds invested. Interest income is recognized as it accrues in the statement of profit and loss, using the effective interest method.

Finance costs comprise interest expense on borrowings, unwinding of the discount on provisions, impairment losses recognized on financial assets. Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognized in the statement of profit and loss using the effective interest method.

2.15 Earnings per share

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period, adjusted for own shares held. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares.

2.16 Segment reporting

Operating segments are identified in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Company is in the business of manufacturing of super alloys and other special metals. Considering the core activities of the Company, management is of the view that the Company operates a single business segment. Further, the Company has only domestic turnover. Therefore, there is no other reportable segment.

2.17 Claims by / against the Company:

Claims on underwriters/carriers towards loss / damage are accounted when monetary claims are preferred.

Claims for refund of customs duty including project imports/port trust charge/excise duty are accounted on acceptance/receipt.

Liquidated Damages on suppliers are accounted on recovery.

Liquidated damages levied by the customers are netted-off from revenue on recovery/advice by the customers. A provision is created for the likely claims of Liquidated Damages for shipments made where a reliable estimation can be made.

Disputed/Time barred debts from Govt. Depts. & PSUs are not treated as Doubtful Debts. However, on a review appropriate provisions/write offs are made in the books of accounts on a case to case basis.

Provision for Doubtful Debts is made on the amounts due from other than Govt. Depts. & PSUs using expected credit loss provisional matrix.

Provision for Contingencies & Warranty to take care of rejected / returned material by customers is provided at an average of percentages of rejections over turnover related to manufactured products for the previous 5 years.

2.18 Research and development expenses:

Research expenditure is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technical feasibility has been established, in which case such expenditure is capitalized. Tangible assets used in research and development are capitalized.

Expenditure incurred towards other development activity where the research results or other knowledge is applied for developing new or improved products or processes, are recognised as an Intangible Asset if the recognition criteria specified in Ind AS 38 are met and when the product or process developed is expected to be technically and commercially usable, the company has sufficient resources to complete development and subsequently use or sell the intangible asset, and the product or process is likely to generate future economic benefits.

2.19 Physical verification of Fixed Assets and Inventory:

Fixed Assets under the heads Land & Development, Roads & Bridges, Drainage, Sewerage and water system and Buildings & Internal Services are verified once in 3 years. All other Fixed Assets are verified once in the Financial Year.

Inventories of work-in-process, finished goods, raw materials and consumables in the Company premises are verified at the end of the financial year.

Inventories of raw materials, stores and spares in the Central Stores are verified on perpetual basis as per norms fixed from time to time and reconciled. Provisional adjustments are made to revenue, in respect of discrepancies pending reconciliation.

2.20 Cash Flow Statement:

Cash flow statement has been prepared in accordance with the indirect method prescribed in Ind AS 7- Statement of Cash Flows.

2.21 New standards and interpretations not yet effective:

A number of new standards, amendments to standards and interpretations are not yet effective for the year ended 31 March 2019, and have not been applied in preparing these financial statements. The effect of the same is being evaluated by the Company.

2.22 Government Grants:

- i. Grants from the Government are recognized at their fair value where there is reasonable assurance that grant will be received and the Company will comply with all attached conditions.
- ii. Government grants relating to income are deferred and recognized in the profit and loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income. Alternatively, they are deducted in reporting the related expense.
- iii. Grants related to non-depreciable assets may also require the fulfilment of certain obligations and would then be recognized in profit or loss over the periods that bear the cost of meeting the obligations.
- iv. Government Grants received either as subsidy or otherwise for acquisition of depreciable assets are accounted as deferred income. If the grant/subsidy is absolute, amount corresponding to the depreciation is treated as income over the life of the asset. If the grant/subsidy is attached with any conditions, such as repayment, income is accounted as per the terms of the grant/subsidy.

39. Financial risk management

Risk management framework

The Company has a Board approved Risk Management Policy and the Risks involved at the various processes in the Company are also being discussed in the internal Production Review Meetings and Corporate Management Committee Meetings. The identification of the risk elements faced by the company is listed out in Management Discussion and Analysis and also listed out in the form of SWOT analysis.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company has put in place all required internal controls and systems to meet all the canons of financial propriety. External Audit firms who were engaged to carry out internal audit, continue their efforts to ensure adequacy of such systems, controls and report thereon which were subject to periodical review by Audit Committee appointed by the Board.

The Board of Directors monitors the compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

The Company has exposure to the following risks arising from financial instruments:

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables	Aging analysis	Diversification of bank deposits, credit limits and letters of credit
Liquidity risk	Other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital.

Further quantitative disclosures are included throughout these financial statements.

i. Credit risk

a) Credit risk management

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the demographics of the Company's customer base, including the default risk of the industry and country in which customers operate, as these factors may have an influence on credit risk. Majority of trade receivables of the Company, originate from Government owned entities, which are not exposed to high risk, the Company is making specific provisions based on case to case reviews and approved by Board. Whereas, for other customers risk is measured using the expected credit loss provisional matrix and provision is recognized accordingly.

b) Provision for expected credit loss

The Company provides for expected credit loss based on the following :

Expected credit loss for loans, security deposits

The Company's loans and security deposits are high quality assets having negligible credit risk, hence expected credit loss have not computed

Expected credit loss for trade receivables

c) Reconciliation of loss allowance provision - trade receivables (₹ in Million)

Loss allowance on 31 March 2018	149.75
Changes in loss allowance	(52.17)
Loss allowance on 31 March 2019	97.58

Expected credit loss on trade receivables has been disclosed in note 11

The Company establishes an allowance for impairment that represents its estimate of expected losses in respect of trade and other receivables.

At March 31, 2019, the maximum exposure to credit risk for trade receivables by geographic region was as follows.

Particulars	Carrying amount (₹ in Million)	
	March 31, 2019	March 31, 2018
India	3,537.00	4,284.09
Outside India	83.02	-
	3,620.02	4,284.09

At March 31, 2019, the maximum exposure to credit risk for trade receivables by type of counterparty was as follows:

Particulars	Carrying amount (₹ in Million)	
	March 31, 2019	March 31, 2018
Government and Government undertakings	3,605.43	4,200.03
Others	14.59	84.06
	3,620.02	4,284.09

Impairment

Majority of trade receivables originate from Government owned entities, which are not exposed to high risk, the Company is making specific provisions based on case to case reviews and approve by Board. Whereas, for private customers, provision is determined using expected credit loss provisional matrix.

Cash and cash equivalents

The Company held cash and cash equivalents of ₹ 1400.42 million at March 31, 2019 (March 31, 2018: ₹ 851.08 million).

The Company is investing in Fixed Deposits with various banks empanelled by the Investment Committee which is approved by the Board. All such deposits are made only with the approval of the Investment Committee. Further, management believes that cash and cash equivalents are of low risk in nature and hence no impairment has been recognized.

ii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Company ensures that it has sufficient cash on demand to meet expected operational expenses, including the servicing of financial obligations; this excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters. In addition, the Company maintains the following lines of credit.

Maturities of financial liabilities

The amounts disclosed in the table are the contractual undiscounted cash flows. Balance due within 12 months equal their carrying balances as the impact of discounting is not significant.

Contractual maturities of financial liabilities	(₹ in Million)					
	Less than 3 months	3 months to 6 months	6 months to 1 year	Between 1 year to 2 years	Between 2 years to 5 years	Total
31 March 2019						
Non derivatives						
Borrowings	1060.86					1060.86
Trade payables	1202.53	2.24	81.72			1286.49
Other financial liabilities	629.34					629.34
Total non-derivative liabilities	2892.73	2.24	81.72	-	-	2976.69

iii. Market risk

(a) Foreign currency risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return. Since majority of the company's operations are being carried out in India and since all the material balances are denominated in its functional currency, the company does not carry any material exposure to currency fluctuation risk.

(b) Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates. The Company's external borrowings carries a fixed interest rate of 8.70% per annum, hence, no interest rate risk has been determined."

40. Capital Management**(a) Risk management**

The Board's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Board of Directors monitors the return on capital, which the Company defines as result from operating activities divided by total shareholders' equity.

The Board seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position. In comparison the weighted average interest expense on interest-bearing borrowings (excluding liabilities with imputed interest) was 8.70 percent (2018: 8.35 percent).

The Company's debt to adjusted capital ratio at the end of the reporting period was as follows:

		(₹ in Million)
Particulars		As at 31 March 2019
Total liabilities		9,899.60
Less : Cash and cash equivalent		1,979.94

45. The previous period figures have been regrouped/reclassified, wherever necessary to conform to the current presentation.

46. Impact of implementation of Goods and Service Tax (GST) on the financial statements

In accordance with Ind AS 18 on "Revenue" and Schedule III to the Companies Act, 2013, Sale for the period from 1st April 2017 to 30th June 2017 were reported gross of Excise Duty and net of Value Added Tax (VAT) / Sales Tax. Excise Duty was reported as a separate expense line item. Consequent to the introduction of Goods and Service Tax (GST) with effect from 1st July 2017, VAT/Sales Tax, Excise Duty etc. have been subsumed into GST. Further, GST is not recognized as part of sales as per the requirements of Ind AS 18. This has resulted in lower reported sales in the current year in comparison to the sales reported under the pre-GST structure of indirect taxes corresponding to the excise component subsumed in GST.

47. Ind AS-115 Revenue from Contracts with Customers:

The Ministry of Corporate Affairs (MCA), on 28 March 2018, notified Ind AS 115, Revenue from Contracts with Customers as part of the Companies (Indian Accounting Standards) Amendment Rules, 2018. The new standard is effective for accounting period beginning on or after 1st April 2018. The new standard replaces existing revenue recognition standards Ind AS 11 Construction Contracts and Ind AS 18 Revenue and revised guidance note of the Institute of Chartered Accountants of India (ICAI) on Accounting for Real Estate Transactions for Ind AS entities issued in 2016 and also incorporating the consequential changes in some other Indian Accounting Standards. The objective of this Standard is to establish the principles that an entity shall apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from a contract with a customer. The core principle of this Standard is that revenue should be recognized when an entity transfers control of goods or services to a customer at the amount to which the entity expects to be entitled.

In line with the above, accounting policy 2.3 "Revenue recognition" has been modified and implemented w.e.f 1st April 2018
