Dear Dollar Parivar,

The journey of a thousand miles begins with a single step. Fifty years ago, on the auspicious day of Ram Navami, Dollar began its journey. And, today we stand witness to a glorious milestone in Dollar's history.

When we started our journey, the challenges were tremendous. But we stood tall. United. As one. And the result is in front of all of us. As one of the top innerwear manufacturers, we traverse the length of the country, making Dollar a part of every Indian closet and beyond.

The journey has been long and empathic. To be truthful, these 50 years have been nothing short of an adventure, and I have enjoyed every moment to the fullest. As I stand here, I have to be cognizant of the fact that this success story is as much yours as it is mine. Your contribution has been indelible and noteworthy.

I am extremely emotional and my words fail to express the gratitude I feel towards each and every one of you, including your family members

who have stood by us offering their moral support. To commemorate our success, we begin a year-long festivity where we celebrate half a century of hardwork, untiring effort and unabashed dedication. And, what better day to start the celebrations than today, the pious day of Ram Navami, once again.

As we stand at the crossroads of a milestone, now is the time to move forward with more zeal and passion than ever before. Let us propel ourselves forward to usher Dollar into the next fifty. Let our ambitions keep growing. Let our eyes be focused on growth. Let us soar higher. Let's plan for the next fifty.

We can. We must. And, we will grow together.

Warmest regards,

Din Dayal Gupta
Chairman Emeritus
Dollar Industries Limited

The making of Dollar

A first-generation learner from Haryana's Manheru village, young Din Dayal Gupta proved his ingenuity as an entrepreneur when he stepped into the hosiery hub of Kolkata in the 1960s. He was quick to learn that 'good quality, low price' was an unbeatable proposition to both entice customers and deflate competition. After singlehandedly steering a partnership venture to runaway success, he decided to go solo. Dollar was born.

1970s GROWING UP

Dollar became a premium brand in the portfolio of Bhawani Textiles, a joint enterprise Shri Din Dayal Gupta soon launched with his friends. In the first year of its launch, Dollar generated handsome revenue. On the back of his entrepreneurial gumption, the brand travelled to places – distant Madhya Pradesh, Odisha, Assam and even Rajasthan. He became the sole proprietor of Bhawani Textiles and brand Dollar when the partnership dissolved in 1985.

1990s SPREADING WINGS

The Nineties proved to be a turning point. Revenues grew by 50% from ₹15 crore in 1990-91 to ₹25 crore in 1998-99, and then by 52% to ₹38 crore within a single year, on the back of aggressive marketing drive across India and the growing popularity of a wide suite of products across all ranges. It was also a historic time as Dollar became the first Indian company to export to the Middle East, giving Indian expats the chance to wear something that was 'apna wala'. From then on, Dollar was unstoppable – by 2008-09, the Company had touched ₹228 crore in revenue.

2000s WINNING MOVES

Having established itself as a top-notch inner wear brand with high recall, Dollar began positioning itself as a brand for the millennials which is hip, fun and relevant. That is when the brand made its winning move – by roping in Salman Khan as its brand ambassador. Sales immediately went high. Steadily moving into athleisure, Dollar added to its appeal for fitness lovers by welcoming Akshay Kumar as brand ambassador in 2010. Smart branding, deep distribution reach – which has been reinforced by Dollar's focused efforts to strengthen its connect with dealers and influencers – and control over the entire value chain by virtue of its strong backward integration have helped Dollar grow to the size it is today.

Today

The Dollar of today

From a humble beginning as an innerwear brand, to a leading name in the innerwear segment, Dollar ranks among the top hosiery and garment manufacturing giants in India, covering the entire range of knitted garments, from basic wear to outer wear.

Behind our success, lays a saga of business transformation, dedication, courage and confidence to swim against the tide and go beyond the call of duty. The focus has always remained on the needs of a globalised world and customer satisfaction. Today, through our advanced quality products, we are focused on achieving global excellence in cost, quality and productivity.

Today, we are a household name in India, producing 3,00,000 pieces of garment every day at our state-of-the-art manufacturing facilities and growing exports.

Enhancing brand visibility

Dollar Yahan Hain

We kickstarted the summer campaign Dollar Yahan Hain TVC with our brand ambassador, Bollywood actor, Akshay Kumar. The concept of the TVC revolves around Akshay's vivacious personality and influential style quotient. The opening scene shows Akshay walking into the airport through the security check, when the officer present there stops and scans him. When asked what he was carrying with him, he replies "DOLLAR" with a smirk. In the next scene, we see that the airport officer checking his baggage but finding nothing. The lady officer therefore interrogates him sternly, "Where is the Dollar Sir?" to which he smiles playfully and replies "Dollar Yahan Hai", lifting his shirt and flaunting his brief elastic - which reveals that he is wearing Dollar brand's innerwear. This was a fun campaign validating the pride associated with wearing a Dollar brand product.

Dollar Yahan Hain

Dollar Upar Gaya

We launched another TVC with our brand ambassador Akshay Kumar. The film is set against the backdrop of a stock market. Akshay Kumar suddenly spots a delivery person carrying a Dollar packaging up the elevator. The reaction from Akshay saying, "Dollar Upar Gaya" creates a chain of hilarious events unfolds when the brokers misunderstand his reaction to be the rising value of the currency Dollar. This leads to action-packed sequences where Akshay runs to get hold of his favourite Dollar product, making this new film memorable and eye catchy.

Dugga Dugga Festival

RED FM initiated the 'Dugga Dugga Festival' during Durga Puja in FY 2021-22, an online experiential festival that brings Kolkata's iconic Durga Puja celebration to other parts of the country. The event was streamed online on BookmyShow live for all the viewers across the country. We were the official lifestyle partner for this initiative.

Dollar – Rajasthan Royals

We begin a new innings with 'Rajasthan Royals', as one of their Principal Sponsors for the 15th edition of the Indian Premier League (IPL), the annual cricketing extravaganza. As part of the multi-year partnership, the Royals will sport the Dollar logo in the Top Right Chest position of the official Rajasthan Royals team clothing. We became one of the principal sponsors for Rajasthan Royals in the 15th edition of the Indian Premier League (IPL). Through this partnership, we enhanced brand visibility of our athleisure product portfolio across India since IPL is one of the most closely followed and viewed tournaments in the country. We also released a series of TVCs with their marquee players.

Athleisure for yoga

We launched a digital campaign 'Athleisure for Yoga' on International Yoga Day to increase awareness, highlighting its importance and the significance of staying active in the present times. The campaign focused on the necessity for athleisure wear. Active clothing, no longer confined to the gym, has increasingly made its way into mainstream fashion and our daily life. In line with our mission to assist people in maintaining a holistic approach towards their health and well-being, we have introduced the athleisure wear category.

Leading with experience and insight

As we complete 50 years and look back with pride, we believe the true differentiator in Dollar's success story has been our ability to constantly reinvent ourselves and stay forever contemporary. If Dollar today is synonymous with quality and excellence, it is because we have managed to blend the best of both worlds – legacy and new-age thinking, making us a force to reckon with in the Indian innerwear space.

SOLID FOUNDATION TO PROPEL GROWTH

What has remained unchanged, though, is our unwavering commitment to offer the best to our customers, addressing their evolving needs and also enabling them to stay on trend. With a new zeal and a revamped brand architecture, we now have embarked on the next leg of our journey with the goal to become a ₹2,000 crore company by 2025.

Before we delve deeper into our performance and achievements, we would like to extend our heartfelt gratitude towards the medical fraternity and the governments across nations for their profound contribution and resilience during the COVID-19 pandemic. The timely rollout of vaccinations, stringent measures to curb the spread of the virus and the effective medical recourse offered to patients, helped the world in gradually coming closer to normalcy. We would also like to thank all our employees and channel partners, who continued to conduct their operations to ensure the demands of businesses and consumers were catered to during this critical period.

ROBUST PERFORMANCE

Our industry too faced a multitude of challenges over the past couple of years. The onset of the second and third waves resulted in localised lockdowns, which caused trade and supply disruptions. However, having passed through the first wave, we were able to mitigate most of these challenges due to a culmination of strengths like integrated operations, widespread reach, multi-brand portfolio and financial prowess, among others.

The challenges notwithstanding, we delivered an impressive set of numbers, with revenues growing 30% y-o-y to ₹1,350.32 crore. Our EBITDA stood at ₹223.24 crore, up 58%, with EBITDA margin expanding to 16.53%. We reported a 67% jump in our PAT to ₹145.87 crore. The overall financial improvement could be attributed to the organisational changes that we have been undertaking over the past few years, starting from widening our product basket and footprint, to investing in

“We are confident that the strategies we have in place will catalyse our growth journey over the foreseeable future.”

digitalisation and revamping our existing distribution network.

During the year, we brought 142 distributors under Project Lakshya, which resulted in increased market penetration, primary and secondary sales and a faster recovery of dues in retail. Our investments in digitalisation also resulted in more transparent engagements with retailers, deeper and real-time insights about on-ground realities and enhanced productivity and efficiencies.

STRATEGIC ADVANTAGE

We entered into a strategic partnership with G.O.A.T Brands Lab Ltd, Singapore for Pepe Jeans Innerfashion Pvt. Ltd, a joint venture company of Dollar. It is a multi-brand distributor for men, women and kids' undergarments under athleisure, sportswear, lingerie, leisure wear, sleepwear and lounge wear, and would enable us to undertake business operations in India, Sri Lanka, Nepal, Bangladesh and across the globe. We believe this partnership would provide us the opportunity to widen our supply of finished goods directly to end consumers through D2C channels and make our mark in the super premium segment.

We are confident that the strategies we have in place will catalyse our growth journey over the foreseeable future. In line with this, we are investing in a state-of-the-art integrated warehouse, which is expected to be commissioned in the latter half of this year. Instead of operating through six different warehouses in Kolkata, an integrated warehouse would enable us to improve efficiencies, inventory, productivity and quality, and reduce cost and wastage. In

addition, it would enable us to catalyse Project Lakshya distribution expansion and related ERP initiatives.

We are also making investments towards increasing our spinning capacity from 22,000 spindles to 42,000 spindles. This would help us a great deal in mitigating the irregular supply of yarn, maintaining quality, ensuring abundance of stock and increasing our in-house yarn capacity from 400 TPM to 600-700 TPM. We successfully forayed into the EBO segment with the launch of our first such outlet in Ayodhya, Uttar Pradesh, under the Franchise-Owned Franchise-Operated model to start with. By the end of FY 2022-23, we expect to have 25-30 more new EBOs in Uttar Pradesh and Rajasthan.

COMMITMENT TOWARDS PEOPLE, SOCIETY AND GOVERNANCE

At Dollar, we will continue to be a responsible corporate and work towards a greener future and reducing the disparities existing within communities. Our employees are the biggest drivers of growth and their safety and well-being continue to be our number one priority. During the year, we held COVID-19 vaccination camps in our Kolkata and Tirupur headquarters and ensured that all our employees and family members were inoculated free of cost.

Compliance and governance are deeply embedded in our processes and each department stringently adheres to standard protocols and guidelines.

A HEARTFELT GRATITUDE

We take this opportunity to thank each of our stakeholders for being a participant in our exciting journey so far. It is your support that helped us going, and we promise to ensure that Dollar will continue to be an organisation that you are proud of.

Cultivating robust governance

Dollar has thrived for half a century because of its core values. Our corporate governance goes much beyond the statutory norms, to safeguard the rights of our stakeholders and maximise the returns of our shareholders. Responsibility is ingrained in our organisational culture, ensuring the highest standards of ethics and transparency.

Specific operational areas are monitored by the Board of Directors and several committees constituted under the Board's supervision. Our entire management staff is hands-on and gives thorough reports to the Board of Directors on a regular basis to promote transparency and improve function monitoring. Our internal and external auditors guarantee that all legislative regulations are followed. Our digitisation and automation journey are gradually boosting the organisation's transparency and efficiency.

Empowering our biggest asset

Employee well-being has always been a key focus area for us. We constantly work towards providing a work environment that motivates our people to aspire more, aligned with our vision, mission and core values, and reward talents strictly based on merit. Our learning and development programmes are designed to stay abreast with the evolving trends and empower them to take on bigger responsibilities.

Employee engagement

As we look forward towards a future without a pandemic, we continue to push ourselves in establishing an evolving workspace which makes our employees happy to work with us. Our Human Resources (HR) team engages with our employees daily to address their grievances. Our HR team is always available for our employees and we intend to be with our employees through thick and thin.

Skill development

Over the years, we have become an industry leader in the country with an increasing global presence. Skill development has been pivotal for us in reaching this milestone as we continue to conduct regular on-the-job and off-the-job training sessions to upskill our employees. Through these training sessions, we ensure that our employees are well-versed with the latest industry developments and skillsets.

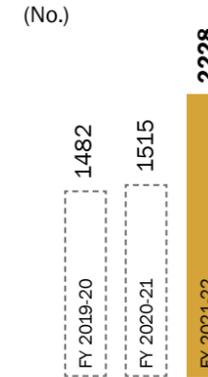

Diversity and inclusion

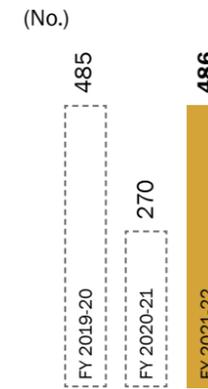

We have implemented various anti-harassment and anti-discrimination policies across our Company over the years. These policies are applicable to everyone across our Company including employees, suppliers and customers. A diverse and inclusive workforce is pivotal for us to head towards a sustainable and a balanced workforce.

We are constantly working towards reducing the gender gap and creating a safe working environment for women. We are engaging with women across verticals in our Company and analysing various roles which they can excel in. We provide a safe and sound working environment for women and intend to enhance this as we continue to grow.

Social responsibility in our DNA

Giving back is a wonderful idea. At Dollar, we believe in driving inclusive progress, in line with the nation's sustainable development agenda. Our CSR activities, carried out under the Dollar Foundation, focus on empowering and building sustainable communities.

We come up with community-specific CSR activities which have made our activities very successful. We engage with our stakeholders in the communities in order to get a first-hand idea as to which activity is going to maximise the value we create. We hand over our projects to these communities after actively involving them in our planning, implementation, monitoring and evaluation. We regularly intervene in these communities to establish sustainable ecosystems in the areas of education, health, environment and economic development.

Donations to schools

At Dollar, we envision a world where children get opportunities to pursue their ambitions and dreams. In accordance with that vision, we donated ~₹72 lacs to schools in Uttar Pradesh, Rajasthan, Chhattisgarh and Odisha to ensure that underprivileged children get the access to quality education. In addition to this, we have also sponsored an education institute called Ved Rakshak Arya Gurukul in Kharagpur, West Bengal, to improve the quality of living and livelihood for about 80 children by supporting them with basic amenities.

DONATIONS TO SCHOOLS

Caring for the local communities and animals

We partnered with Akhil Bharat Go Seva Sansthan near Kharagpur, to provide shelter and food to 750+ cows. Our gratuitous dispensary provides medical treatment facilities to the cows being sheltered as well as cows and calves of the locals from the community. We have also set up a gobar gas and a milk processing plant. From the latter, milk is distributed to children in the adjoining Gurukul.

Installing water huts and kiosks

We have installed water huts and kiosks across the states of Delhi NCR, Odisha, Rajasthan, Uttar Pradesh and Tamil Nadu, among others. From this year, our Company will be installing 35-40 water kiosks at Delhi Metro station and a significant number of the same in and around Puri in Odisha by 2025.

Donations to hospitals

Quality medical care is not available for many people across the country. At Dollar, we want to change that as we continue growing as a company. We donated ₹44 lacs to various hospitals in Bengal in order to enable them to upgrade their medical facilities and equipment. We will also be setting up eye testing camps for children at Sundarbans, West Bengal.

DONATIONS TO HOSPITALS

Donating sanitary napkins

We recognise the importance of sanitation when it comes to its impact on women's health. We donated sanitary napkins to underprivileged women residing in the slums of Kolkata and girl schools and spread awareness on the importance of sanitary napkins to eradicate social stigmas associated with menstruation under the #BeFreeBeYou campaign.

Staying ahead of consumer trends

Consumer behaviour has undergone a multitude of changes over the past few years. With the advent of digitalisation, coupled with increased awareness among the consumers of today, we had to ensure that we were ever-ready to identify the emerging trends and adapt with agility to capitalise on these emerging opportunities.

Tomorrow

Building a brand for all

Over half a century, we have transformed our brand architecture through constant innovation, consumer focus and extensive market research.

When we restructured our brand architecture a few years ago, our main motive was to make 'Dollar' our Master Brand, through the reconciliation of our product and corporate brands. We have divided the reinvented 'Dollar' brand into five critical segments addressing five difference consumer sets – Man, Woman, Junior, Always and Thermals. Each of the segments have their respective collection which is made through detailed market research, influenced by the latest trends and constant innovation.

The flexibility provided by this restructuring helps us in improving our responsiveness to different consumer segments, enabling us to prove consumer specific solutions and enhancements driving our growth and value creation.

We have been able to significantly enhance our brand recall through our dedicated branding initiatives which has improved our business reputation. We have positioned ourselves in a way that would enable us to address the needs of a huge consumer spectrum through differentiated price categories: premium, mass premium and economy, further enhancing our image as a dynamic brand.

From being conceived as just a men's innerwear brand, we will now cover wide-age spectrum for men, women and children. We believe that our concerted efforts towards positioning Dollar centrally, coupled with our diverse offerings, would gradually change Dollar's position as a 'brand for all'.

Finding novelty in exclusivity

In consideration of the changing consumer behaviour over the past few years, we realised the importance of expanding our channels.

Since we have been able to establish a significant brand recall over the years, we decided to foray into the Exclusive Brand Outlet (EBO) segment with the launch of our first such outlet in Ayodhya, Uttar Pradesh, under the Franchise-Owned Franchise-Operated model. The 700 sq ft store, which is a one-stop destination for all Dollar products, will cater to the hosiery needs of men and women. With the new brand architecture and vision in place, the plush store will house a wide array of products such as briefs, vests, leggings, socks and athleisure under the brands - Big Boss, Missy, Bra, J Class, Force Nxt, Dollar Athleisure, Dollar Thermals and Socks.

We have seen increasing demand over the years and our products are available both in the retail market and the online space. We have continued to change and reinvent ourselves and revamped our brand and corporate to make ourselves contemporary with time. Through our Exclusive Brand Outlets, we want to

reach out to a wider mass and have a direct connect with our customers. As a part of our expansion plans, we would be having 50 EBOs by this fiscal year. Along with opening EBOs primarily in Tier 2 & Tier 3 cities, we would also look to open some EBOs in the metro cities as well. Our next EBOs would come up in Alwar and Sri Ganganagar in Rajasthan, Thane in Maharashtra, and Jamshedpur in Jharkhand, amongst others. As we are headquartered in Kolkata, the city of joy will also have its EBO soon.

EXPECTED EBOs BY FY 2024-25

Investing in capabilities and capacities

We realised that in order to capitalise on the increasing demand, we would need to significantly increase our investments towards enhancing our internal capabilities.

In line with this, we are investing ~₹50 crore towards an integrated warehouse in West Bengal. Compared to the six different warehouses that we currently possess, a single integrated warehouse would help us in improving our operational efficiencies, reduce waste and damage and save costs on rent and other such overheads of multiple warehouses. This will also help us have better control. The warehouse would also provide better control over inventory, productivity, quality and efficiency.

In addition, we have made investments of ~₹65 crore to expand our spinning capacity to 42,000, compared to almost 2x the current spinning capacity of 22,000 spindles. This would be a major step towards mitigating the irregular supply of yarn and maintaining high quality.

Changing the distribution game

At Dollar, we want to reinvent the entire distribution model and transition from a push model to a replenishment-based sales model to improve our market penetration. We implemented Project Lakshya to reinvent our entire distribution network by inculcating the data and information that we gather through our network. We want to decrease the time our product takes to reach the retailers which will essentially replace the traditional push model with a pull model.

This model also empowers retailers as they enjoy the flexibility of not buying an entire box of a product but can procure products on a per piece basis. At Dollar, we indirectly serviced the downstream needs of only 16% of retailers with our products in FY 2019-20. We identified the large headroom for potential and embarked on Project Lakshya.

We already experienced our stocks increasing at the retail level, helping us widen our geographical footprint. We have enrolled retailers in our programme and strengthened our retail network. Over the years, we have enjoyed an increasing market penetration across the country. We have experienced higher primary as well as secondary sales and a faster recovery of dues in retail because of this project. We have implemented this programme in 11 states with evident results.

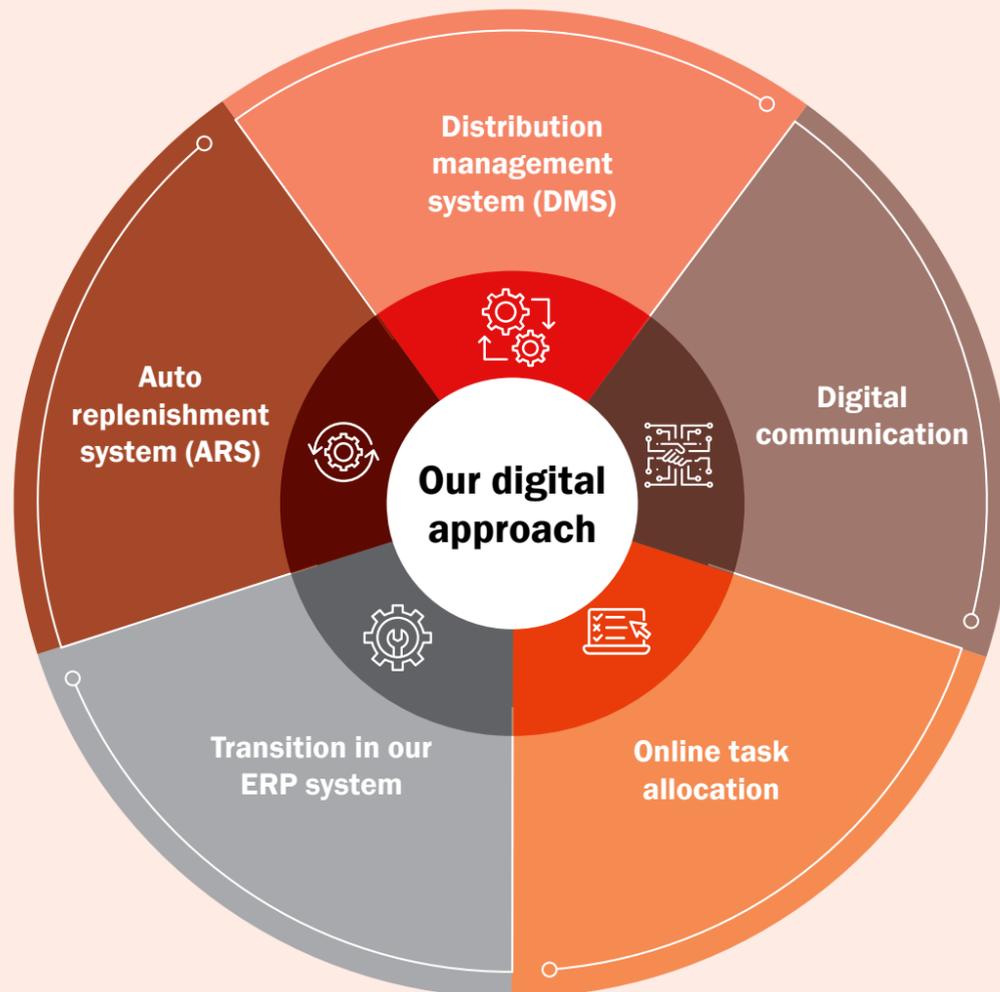

Tomorrow

Becoming smarter and sharper

The Dollar of yesterday only invested in technology for the purpose of record and documentation. With the advent of digitalisation across businesses across the globe, we realised it was imperative to integrate digitalisation across all levels of our business to enhance efficiencies.

In line with this, we ramped up our digital investments to engage more efficiently and proactively with our retailers and gain insights on their day-to-day operations and issues associated with it for the first time, which enabled us to know the real time responses of our markets. Leveraging cutting-edge technologies like Big Data, Internet of Things, Artificial Intelligence and Block Chain, among others, we expect to establish a multi-channel retail engagement across devices.

Partnering for accelerated growth

Dollar Industries Limited and G.O.A.T Brand Labs Pte. Limited entered into a (JVA) for shareholding of Pepe Jeans Innerfashion Private Limited. Dollar had a 50-50 joint venture partnership under the name Pepe Jeans Innerfashion Pvt. Ltd. with Pepe Jeans Europe B.V. vide a Joint Venture Agreement.

Pepe being desirous to exit from Pepe Jeans Innerfashion had offered Dollar to buy out Pepe's entire stake. Dollar agreed to the transfer of shares held by Pepe in favour of G.O.A.T, a multinational company incorporated under the laws of Singapore. Subsequently, G.O.A.T has purchased the entire stake of Pepe and thus executed a Share Purchase Agreement (SPA) with Pepe. Following the stake transfer, the existing JVA between Pepe and Dollar stood terminated. With the sale of its stake by Pepe to G.O.A.T, Dollar had entered into new JVA with G.O.A.T for its stake in Pepe Jeans Innerfashion. The existing License Agreement of Pepe Jeans Innerfashion Pvt. Ltd. with PJ Hungary KFT, Hungary for use of their brand name 'Pepe Jeans / Pepe Jeans London' would continue to be used by Pepe Jeans Innerfashion

Pvt. Ltd. The share transfer and new agreement will not affect the stake of Dollar and the business activity of Pepe Jeans Innerfashion Pvt. Ltd. will continue as it is. The new JV Partner, i.e. G.O.A.T, purchased 50% of the paid-up share capital in Pepe Jeans Innerfashion Pvt. Ltd. Additionally, G.O.A.T further subscribed to 2% of additional non-voting equity on the existing and increased paid up capital.

"The JVA will embark a new journey for Dollar Industries Limited with G.O.A.T. Mr. Rishi Vasudev has a remarkable history of growth acceleration, brand building and successful ventures in the fashion and lifestyle space. The new partner i.e. G.O.A.T Brands bring in expertise, knowhow and technology to enhance our D2C capabilities. With our

JV, we intent to enhance our product portfolio with more premium brands, thereby increasing our offerings", **Mr Vinod Kumar Gupta**, Managing Director, Dollar Industries Limited

"The innerwear market has always been a focus category for us. We are extremely excited to announce that G.O.A.T Brand Labs has partnered with Dollar Industries Limited for manufacture, sales and distribution of Pepe Jeans innerwear for Men, Women and Kids. Along with Dollar Industries Limited, we plan to create an extensive offline and online presence for the brand and add more brands in the future to our portfolio", **Mr Rishi Vasudev**, Founder of the G.O.A.T Brand Labs Pte Limited.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 AND REGULATION 36 OF SEBI (LISTING OBLIGATIONS AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2015:

The following Explanatory Statement, pursuant to Section 102 of the Companies Act, 2013 ("Act") and Regulation 36 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, sets out all material facts relating to the business mentioned at Item Nos. 4 to 7 of the accompanying Notice dated 23.05.2022:

ITEM NO. 4

M/s Singhi & Co., Chartered Accountants (Firm's Registration No. 302049E) were appointed as the Statutory Auditors of the Company for a consecutive term of five years till the conclusion of 29th Annual General Meeting (AGM) of the Company and hence, would retire at the conclusion of the ensuing AGM. Pursuant to Section 139(2) of the Companies Act, 2013, a listed entity may re-appoint an audit firm as its Statutory Auditors for a second term of five consecutive years.

Accordingly, M/s Singhi & Co., Chartered Accountants (Firm's Registration No. 302049E) is proposed to be re-appointed as the Statutory Auditors of the Company, for a second term of five consecutive years, commencing from the conclusion of the ensuing AGM till the conclusion of the 34th AGM to be held in the year 2027. M/s Singhi & Co., Chartered Accountants has consented to the said re-appointment and confirmed that their appointment, if made, would be within the limits specified under Section 141(3)(g) of the Act. They have further confirmed that they are not disqualified to be re-appointed as Statutory Auditors in terms of the provisions of the proviso to Section 139(1), Section 141(2) and Section 141(3) of the Act and the provisions of the Companies (Audit and Auditors) Rules, 2014.

None of the Directors / Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise in the Resolution set out at item No. 4 of the notice. The Board recommends the Resolution at Item No. 4 to be passed as an Ordinary Resolution.

ITEM NO. 5

The present terms of appointment of Mrs. Divyaa Newatia as an Independent Director would expire on February 11, 2023, pursuant to the provisions of Section 149 and all other applicable provisions of the Companies Act, 2013 and the rules made thereunder.

The Board at its meeting held on May 23, 2022, in accordance to the performance evaluation report and on the recommendation of Nomination and Remuneration Committee has re-appointed Mrs. Divyaa Newatia as an Independent Director for a second term of 5(five) years commencing from February 12, 2023,

subject to the approval of members in the ensuing Annual General Meeting of the Company.

The Board considers that her continued association would be immense beneficial to the Company and it is desirable to continue to avail services of Mrs. Divyaa Newatia as an Independent Director.

As per the provisions of Section 149 of the Companies Act, 2013 and the Rules made thereunder and pursuant to Regulation 25 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 the re-appointment of an Independent Director for the second term of 5 years may be done only by approval of the shareholders by means of special resolution. Accordingly, the Board recommends the resolution in relation to re-appointment of Mrs. Divyaa Newatia as an Independent Director for a second term upto February 11, 2028, for approval by the shareholders of the Company by means of Special Resolution.

Further, she shall not be liable to retire by rotation. Mrs. Newatia has given her consent to act as an Independent Director of the Company and has furnished requisite declaration confirming that she meets the criteria of Independence as laid down in Section 149(6) of the Act and Regulation 16(1)(b) of the SEBI (LODR) Regulations, 2015 and that she is not disqualified to be re-appointed under Section 164 of the Act. The Company has received notice in writing from a member of the Company under Section 160 of the Act proposing the candidature of Mrs. Divyaa Newatia for the office of Independent Director of the Company.

In accordance to the verification made by the Company and its Nomination & Remuneration Committee, the aforesaid Director is not debarred from holding of office as Director(s) pursuant to any SEBI Order.

In the opinion of the Board, Mrs. Divyaa Newatia is independent of the management and fulfils the conditions specified in the Companies Act, 2013 and rules made thereunder and SEBI (LODR) Regulations, 2015 for her re-appointment as an Independent Director.

A brief profile of Mrs. Divyaa Newatia including nature of her expertise and shareholding in the Company are annexed to the notice.

After taking into account the performance evaluation, during her first term of five years and considering the knowledge, expertise and proficiency in the field of Finance, Taxation, Audit and the professional contribution made by Mrs. Divyaa Newatia during her tenure as an Independent Director, the Nomination and Remuneration Committee at its meeting held on May 23, 2022

has considered, approved and recommended the re-appointment of Mrs. Divyaa Newatia as an Independent Director for a second term of five years with effect from February 12, 2023, to the Board of Directors for their approval.

Except Mrs. Divyaa Newatia, no Director, Key Managerial Personnel of your Company and their relatives, are in any way, financially or otherwise, directly or indirectly interested or concerned in the above resolution.

Accordingly, the Board recommends the Special Resolution set forth in Item no. 5, in relation to re-appointment of Mrs. Divyaa Newatia as an Independent Director, for approval by the shareholders.

Pursuant to Section 190 of the Companies Act, 2013, copy of draft letter of appointment setting out the terms of her re-appointment is open for inspection at the Registered Office of the Company by any members during business hours on all working days till the conclusion of the ensuing Annual General Meeting

ITEM NO. 6

The Companies Act, 2013 aims to ensure transparency in the transactions entered with the related parties of the Company. The provisions of Section 188(1)(f) of the Companies Act, 2013 governs the related party's appointment to any office or place of profit in the Company, its subsidiary company or associate company.

The Board of Directors at its meeting held on August 7, 2021, on recommendation of Nomination & Remuneration Committee appointed Mr. Ankit Gupta, son of Mr. Vinod Kumar Gupta (Managing Director) as Vice-President (Marketing) on a monthly remuneration of ₹2.00 lacs. The existing remuneration need to be revised in consonance to the works responsibilities entrusted to him from time to time and may exceed the prescribed limits of ₹30.00 lacs and any such upward revision requires approval of shareholders in the general meeting as per the provisions of Section 188 of the Companies Act, 2013 and Rules made thereunder. The Board proposes to fix the overall limit of ₹150.00 lacs to avoid repeated approval of Shareholders in the general meetings.

Similarly, Mr. Aayush Gupta, son of Mr. Vinod Kumar Gupta (Managing Director) and Mr. Gaurav Gupta son of Mr. Binay Kumar Gupta (Jt. Managing Director) were appointed as Vice-Presidents in the Company on recommendation of Nomination & Remuneration Committee and presently drawing a remuneration of ₹1.50 lacs per month by each of them. The Board also proposes to fix the overall limit of ₹150.00 lacs to each of them to avoid repeated approval of Shareholders in the general meetings.

Keeping in view the responsibilities as entrusted on them and their professional expertise as availed by the Company and for keeping the remuneration commensurate with their future roles and responsibilities in the Company, the Board of Directors recommends the passing of the resolution at Item No. 6 of the Notice convening the Meeting for the approval of the Members under Section 188 of the Companies Act, 2013 by way of Ordinary Resolution.

Regulation 23 of the SEBI (LODR), Regulations, 2015 prevents related party shareholders to vote in favour of the resolution. However, they can cast vote negating the said resolution.

Pursuant to the Companies Act, 2013, the documents related to aforesaid resolution is open for inspection at the registered office of the Company during business hours till the conclusion of the ensuing Annual General Meeting.

Mr. Vinod Kumar Gupta, Mr. Bajrang Kumar Gupta, Mr. Krishan Kumar Gupta, Mr. Binay Kumar Gupta and Mr. Ankit Gupta, Mr. Aayush Gupta, Mr. Gaurav Gupta and other relatives of the Directors except KMPs other than the Managing Directors are deemed to be financially or otherwise, directly or indirectly, concerned or interested in the above resolution.

ITEM NO. 7

The Board, on the recommendation of the Audit Committee, has approved the appointment of M/s. Santiram Chattopadhyay & Associates, Cost Auditors, to conduct the audit of the cost records of the Company for the financial year 2022-23 at a remuneration of ₹1.50 lacs plus applicable taxes and out of pocket expenses, if any as their audit fees.

In accordance with the provisions of Section 148 of the Companies Act, 2013, read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors needs to be ratified by the shareholders of the Company in the general meeting. Accordingly, consent of the members is sought for passing the Resolution as set out in Item No. 7 of the Notice for ratification of the remuneration payable to the Cost Auditors for the financial year 2022-23.

Your Board of Directors recommends the above Ordinary Resolution set out in Item No. 7 of the accompanying notice for your approval.

None of the Directors of the Company or any Key Managerial Personnel or their relatives are in any way, financially or otherwise, directly or indirectly, concerned or interested in the said resolution.

- 29.** Subject to casting of requisite number of votes in favour of the resolution(s), the resolution(s) shall be deemed to be passed on the date of Annual General Meeting of the Company.

30. THE INTRUCTIONS FOR SHAREHOLDERS FOR REMOTE E-VOTING ARE AS UNDER:

- i. The voting period begins on July 25, 2022 at 9:00 A.M. and ends on July 27, 2022 at 5:00 P.M. During this period shareholders' of the Company, holding shares either in physical form or in dematerialised form, as on the cut-off date (record date) of July 21, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- ii. Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- iii. Pursuant to SEBI Circular No.: SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple E-voting Service Providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders. In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- iv. In terms of SEBI circular No.: SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and e-mail Id in their demat accounts in order to access e-Voting facility.

- v. Login method for e-Voting and joining virtual meeting for **shareholders other than individual shareholders & physical shareholders.**

The shareholders should log on to the e-voting website www.evotingindia.com.

Click on "Shareholders" module.

Now enter your User ID

- a. For CDSL: 16 digits beneficiary ID,
- b. For NSDL: 8 Character DP ID followed by 8 Digits Client ID,
- c. Shareholders holding shares in Physical Form should enter Folio Number registered with the Company.

Next enter the Image Verification as displayed and Click on Login.

If you are holding shares in demat form and had logged on to www.evotingindia.com and voted on an earlier e-voting of any company, then your existing password is to be used.

If you are a first time user follow the steps given below:

	For Shareholders holding shares in Demat Form other than individual and Physical Form
PAN	Enter your 10 digit alpha-numeric PAN issued by Income Tax Department (Applicable for both demat shareholders as well as physical shareholders) Shareholders who have not updated their PAN with the Company/Depository Participant are requested to use the sequence number which is printed on Postal Ballot / Attendance Slip indicated in the PAN field.
Dividend Bank Details OR Date of Birth (DOB)	Enter the Dividend Bank Details or Date of Birth (in dd/mm/yyyy format) as recorded in your demat account or in the Company records in order to login. If both the details are not recorded with the depository or company please enter the member id / folio number in the Dividend Bank details field as mentioned in instruction (v).

After entering these details appropriately, click on "SUBMIT" tab.

Shareholders holding shares in physical form will then directly reach the Company selection screen. However, shareholders holding shares in demat form will now reach 'Password Creation' menu wherein they are required to mandatorily enter their login password in the new password field. Kindly note that this password is to be also used by the demat holders for voting for resolutions of any other company on which they are eligible to vote, provided that company opts for e-voting through CDSL platform. It is strongly recommended not to share your password

with any other person and take utmost care to keep your password confidential.

For shareholders holding shares in physical form, the details can be used only for e-voting on the resolutions contained in this Notice.

Click on the EVSN for the relevant **DOLLAR INDUSTRIES LIMITED** on which you choose to vote.

On the voting page, you will see "RESOLUTION DESCRIPTION" and against the same the option "YES/NO" for voting. Select the option YES or NO as desired. The option YES implies that you assent to the Resolution and option NO implies that you dissent to the Resolution.

Click on the "RESOLUTIONS FILE LINK" if you wish to view the entire Resolution details.

After selecting the resolution you have decided to vote on, click on "SUBMIT". A confirmation box will be displayed. If you wish to confirm your vote, click on "OK", else to change your vote, click on "CANCEL" and accordingly modify your vote.

Once you "CONFIRM" your vote on the resolution, you will not be allowed to modify your vote.

You can also take a print of the votes cast by clicking on "Click here to print" option on the Voting page.

If a demat account holder has forgotten the login password then Enter the User ID and the image verification code and click on Forgot Password & enter the details as prompted by the system.

Shareholders can also cast their vote using CDSL's mobile app "m-Voting". The m-Voting app can be downloaded from respective store. Please follow the instructions as prompted by the mobile app while Remote Voting on your mobile.

Shareholders holding shares in dematerialised form are requested to provide the said details to their respective Depository Participants.
- (b) In line with the General Circular No. 20/ 2020 dated May 5, 2020 issued by the MCA, in case the Company is unable to pay the dividend to any shareholder by the electronic mode, due to non-availability of their latest bank account details (Core Banking Solutions Enabled Account Number, 9 digit MICR and 11 digit IFSC Code), the Company/ RTA shall dispatch the dividend warrant/ cheque to such shareholder by post.
- (c) Shareholders holding shares in dematerialised form are hereby informed that bank particulars registered against their respective depository accounts will be used by the Company/ RTA for payment of dividend. The Company/ RTA cannot act on any request received directly from the Shareholders holding shares in dematerialised form for any change of bank particulars or bank mandates. Such changes are to be advised only to the Depository Participant of the Shareholders.

3 Pursuant to the Finance Act 2020, dividend income will be taxable in the hands of Shareholders with effect from April 1, 2020 and the Company is required to deduct tax at source from dividend paid to the Shareholders at the prescribed rates. For the prescribed rates for various categories, the Shareholders are requested to refer to the Finance Act, 2020 and amendments thereof. The Shareholders are requested to update their PAN with the Company/ RTA (in case of shares held in physical mode) and their respective Depository Participants (in case of shares held in dematerialised form). A Resident individual shareholder with PAN and who is not liable to pay income tax can submit a yearly declaration in Form No. 15G/15H, to avail the benefit of non-deduction of tax at source by E-mail to investors@dollarglobal.in by 21st July, 2022. Effective April 1, 2020, as per the Income Tax Act, 1961, the dividend income is taxable in the hands of shareholders. Accordingly, if any **resident individual shareholder** is in receipt of dividend exceeding ₹5,000 in a fiscal year, entire dividend will be subject to TDS @ 10%. The rate of 10% is applicable provided the shareholder has updated his/ her Permanent Account Number (PAN) with the depository/ Registrar and Transfer Agent (RTA). Shareholders are requested to note that in case their PAN is not registered, the tax will be deducted at a higher rate of 20%. Resident shareholders who are eligible for deduction of TDS at a concessional or Nil rate as per Section 197 of the Income-Tax Act, 1961, can submit the certificate/letter issued by the Assessing Officer, to avail the benefit of lower rate of deduction or non-deduction of tax at source by E-mail to investors@dollarglobal.in by July 21, 2022. Non-resident Shareholders can avail beneficial rates under tax treaty between India and their country of residence, subject to providing necessary documents i.e. No Permanent Establishment and Beneficial Ownership Declaration, Tax Residency Certificate, Form 10F, any other document which may be required to avail the tax treaty benefits by sending an E-mail to investors@dollarglobal.in. The aforesaid declarations and documents need to be submitted by the Shareholders by July 21, 2022. The aforesaid Form No. 15G/15H can be downloaded from website of the Company i.e. www.dollarglobal.in.

4 In terms of the provisions of Sections 124 and 125 of the Companies Act, 2013, dividend which remains unpaid/unclaimed for a period of 7 (seven) years from the date of declaration is required to be transferred to the Investor Education and Protection Fund ("IEPF") established by the Central Government. Further, in terms of the provisions of Section 124 of the Act read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("IEPF Rules"), Equity Shares, in respect of which dividend has not been paid or claimed for 7 (seven) consecutive years or more from the date of declaration, are also required to be transferred to an account viz. IEPF Suspense Account, which is operated by the IEPF Authority pursuant to the IEPF Rules. All equity shares of the Company on which dividend has not been paid or claimed for 7 (seven) consecutive years or more, shall be transferred by the Company to the IEPF from time to

time. Details of unpaid / unclaimed dividend and equity shares transferred to IEPF are uploaded on the website of the Company as well as that of the Ministry of Corporate Affairs, Government of India ("MCA"), if any. No claim shall lie against the Company in respect of unclaimed dividend amount and equity shares transferred to the IEPF and IEPF Suspense Account, respectively, pursuant to the IEPF Rules. Shareholders can however claim both the unclaimed dividend amount and the equity shares from the IEPF Authority by making an online application in web Form No. IEPF-5, the details of which are available at www.iepf.gov.in.

- In terms of the provisions of Regulation 40 of SEBI Listing Regulations and various notifications issued in that regard, requests for effecting transfer of securities (except in case of transmission or transposition of securities) could not be processed since April 1, 2019 unless the securities are held in the dematerialised form with the depositories. In view of the same, Shareholders are requested to take action to dematerialise the Equity Shares of the Company, promptly.
- SEBI has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Shareholders holding shares in dematerialised form are, therefore, requested to submit their PAN to the Depository Participants with whom they maintain their demat accounts. Shareholders holding shares in physical form should submit their PAN to the Company/ RTA.
- Shareholders are requested to intimate changes, if any, pertaining to their name, postal address, E-mail ID, telephone / mobile numbers, PAN, mandates, nominations, power of attorney, bank details (such as name of the bank and branch details, bank account number, MICR code, IFSC code, etc.), with necessary documentary evidence, to their Depository Participants in case the shares are held by them in dematerialised form and to the Company/ RTA in case the shares are held by them in physical form.
- In terms of the provisions of Section 72 of the Act, the facility for making nomination is available for the Shareholders in respect of the shares held by them. Shareholders who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. Shareholders holding shares in dematerialised form are requested to submit the said details to their Depository Participant(s) and the Shareholders holding shares in physical form, are requested to submit the said details to the Company or RTA. A) CONSERVATION OF ENERGY -

(i) Steps taken or impact on conservation of energy

Conservation of energy is a fundamental process for overcoming energy crisis, environmental degradation and global competitiveness. The Company has been effectively utilising the power units, generated in its own windmills. However, the manufacturing process of the products of the Company is not power intensive except its spinning, elastic and process divisions. The Company always put its endeavors to save energy, wherever possible.

(ii) Steps taken by the Company for utilising alternate sources of energy

The proposed extended commissioning of Company's existing 4 Mega Watt solar power plant by additional 2 Mega Watt at its manufacturing unit in Tirupur is under process due to pending statutory approvals from the concerned local/state regulatory authorities and the same is likely to be completed in the financial year 2022-23. The solar power generation is part of Dollar's 'Green Mission' initiative and the existing solar plant has a capacity of generating 75 lacs power units annually.

Dollar's objective for installing the solar plant is not only to reduce costs but also make the spinning unit at Tirupur sustainable and self-reliant.

(iii) Capital investment on energy conservation equipment

Not ascertainable.

Management Discussion and Analysis

PRELUDE

Dollar Industries Limited was established at Bhawani Textiles in 1972 and we have fortified our presence as one of the India's most recognised innerwear manufacturers. We offer a wide range of products such as innerwear, athleisure, casual wear, camisoles, kurtis and thermals to name some, in order to meet the changing needs of men, women, and children. We have four state-of-the-art production plants in Kolkata, Tirupur, Delhi, and Ludhiana. In FY 2019-20, we revamped our brand profile to assure long-term growth.

Dollar has a strong presence in 28 Indian states. Additionally, we also expanded beyond the country's borders, becoming the most popular Indian innerwear brand in the UAE and the Middle East, as well as in several other nations. Dollar, as a responsible corporation, has always prioritised environmentally friendly operations and renewable energy sources. Between 2008 and 2013, the company installed four windmills with a total capacity of 4.96 MW, capable of generating roughly 70 lacs units of electricity per year. Dollar installed a 4 MW solar power plant at its Tirupur manufacturing facility in FY 2019-20. The solar project, which is part of Dollar's "Green Mission" effort, has a power generation capacity of 75 lacs units per year.

INDIAN ECONOMY LANDSCAPE

India's economy has been on the mend since the onslaught of the second wave of COVID-19 in FY 2021-22, which negatively impacted trade activities globally. With a quick vaccination programme roll-out and the government's support, India was able to recover from the economic downturn. India's GDP growth for FY 2022-23 is estimated at 8 to 8.5%.

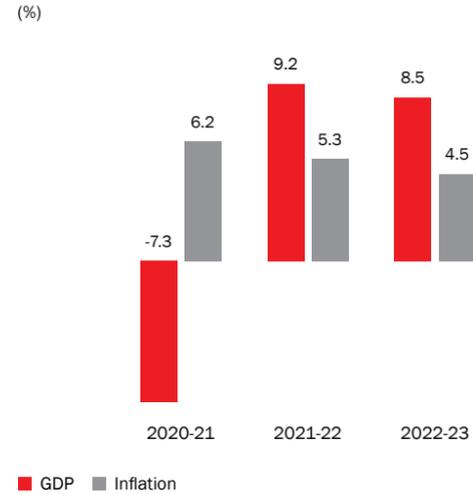

Given that roughly 80% of the population will be fully vaccinated by the second quarter of 2022, domestic consumption growth shall pick up speed. Investment returned significantly in FY 2021-22, increasing by almost 16%, and is expected to increase by another 7% in FY 2022-23.

The Indian economy is expected to gain from supply-side reforms and regulatory simplification, strong export growth, and budgetary space to increase capital spending. Inflation remained at 5.3% in FY 2021-22. Inflation in the CPI is predicted to fall to 4.5% in FY 2022-23.

The gross Goods and Services Tax collection for FY 2022-23 reached a new high of ₹27.07 lacs crore, indicating a robust resurgence in the country's economic activities. The significant growth in corporation tax and customs contributed to the tax-to-GDP ratio reaching a two-decade high of 11.7%.

OUTLOOK

Increase in several indicators, including the mobility index, direct tax collections, and electricity demand, shows that the economy is expanding. Despite an increase in Covid-19 cases across the country, the IMF has raised its Indian GDP growth prediction to 9.2% in FY 2022-23 and 8.5% in FY 2023-24.

To promote a more resilient and robust economy, the government has also provided various policy supports. COVID-19 vaccinations will cost ₹35,000 crore (\$4.80 billion) in FY 2022-23. The PLI system has been widely promoted. The PLI programmes included 13 industries as of November 2021, with a total budgeted spending of ₹1,970 billion (\$26.48 billion). Its goal is to improve India's manufacturing capacity and promote export-oriented manufacturing. Aside from these factors, India's economic story is expected to be driven by favourable demographics, rising population, and urbanisation.

INDIAN TEXTILE AND APPAREL INDUSTRY SYNOPSIS

With an unrivalled raw material base and manufacturing capabilities across the value chain, India's textile industry is one of the world's largest. India is the world's sixth largest exporter of textiles and apparel. Textile and apparel (T&A), which includes handicrafts, accounted for a considerable 11.4% of India's

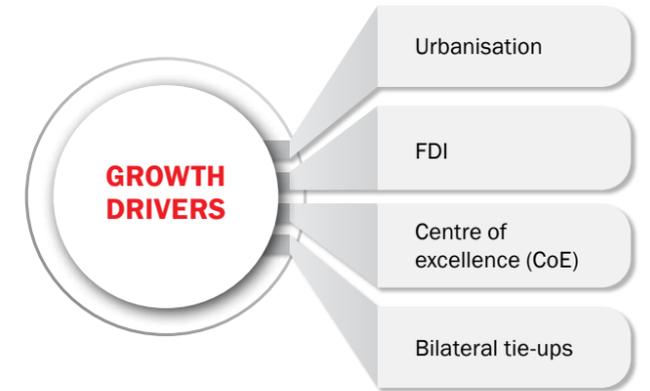

overall exports in FY 2020-21. India's textile and clothing sector accounts for 4% of global trade.

Millions of people, particularly women and rural residents, rely on the textile sector for direct and indirect work and a source of income. Make in India, Skill India, Women Empowerment, and Rural Youth Employment are all significant government programmes that the sector perfectly aligns with. The textile industry employs over 45 million people, with 3.5 million of them working in the handloom industry. In FY 2021-22, India's textile and apparel exports totalled \$30.4 billion. By FY 2026-27, the Indian textile and apparel sector is estimated to reach a value of \$190 billion.

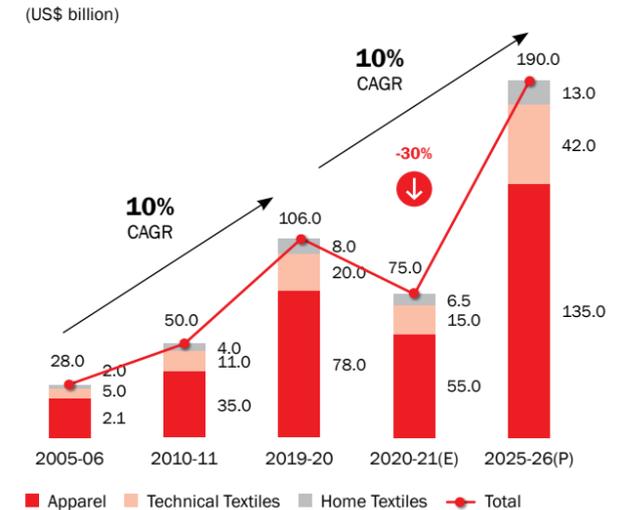

The Ministry of Textiles and GIZ (Deutsche Gesellschaft für Internationale Zusammenarbeit) signed a Memorandum of Understanding in October 2021 to carry out the 'Indo German Technical Cooperation' project. The project's goal is to boost the country's value added from sustainable cotton production. Pakistan allowed the reintroduction of cotton and sugar imports from India in March 2021, signifying a thawing of bilateral relations.

The CoEs intend to establish testing and evaluation facilities, as well as resource centres and training centres. BTRA for Geotech, SITRA for Meditech, NITRA for Protech, and SASMIRA for Agrotech would be upgraded in terms of incubation centre development and prototype development support. Funding would be made available to hire professionals to help develop these facilities.

INDIAN INNERWEAR INDUSTRY SYNOPSIS

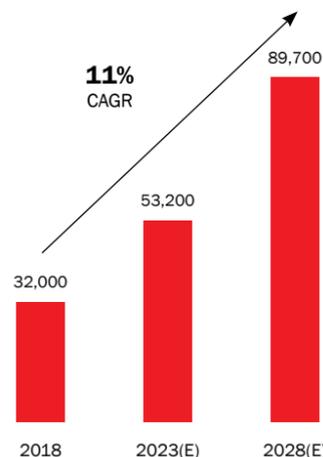

In terms of athleisure, comfort wear, t-shirts, shorts, and sportswear, the casualisation trend has been gaining pace. Customers are becoming more comfortable with the idea of wearing high-end, dressed-up, casual apparel, which is perfectly represented by the athleisure category. The shift to a work-from-home culture, combined with rising fitness awareness among people, fuelled the athleisure business, as customers' preferences shifted toward more comfortable clothing.. The athleisure market in India is now developing at a rate of 18-20%, with a market value of ₹540 billion. The men's wear segment grew by 8-10%, while the women's and children's wear segments grew by 11-15% each. This athleisure movement, which is mostly driven by millennials, is likely to spread beyond urban India to tier II and tier III cities. While the scenario appears muted in the aftermath of the epidemic, the athleisure segment's fundamental strength is projected to become more apparent as consumer sentiment improves.

COMPANY OVERVIEW

We have adopted an omni-channel strategy for our growth. We successfully forayed into the exclusive brand outlet (EBO) segment. Our first EBO is in Ayodhya, Uttar Pradesh. EBO is established under the FOFO model (Franchise-owned Franchise operated). We have planned to establish total of 125 EBOs by 2025.

Our key strategic priorities include leveraging new brand overhaul, investing in digitisation, growth through project Lakshya and partnering for growth. Dollar is the principal sponsor of Rajasthan Royals for the 15th edition of the Indian Premier League, which would act as a catalyst for the athleisure segment.

ENTERPRISE RISK MANAGEMENT

We firmly believe that business has always involved and will continue to involve risks. In terms of their impact, the possibility of occurrence, and, more significantly, the speed with which they can occur, are continually evolving and changing. We regularly examine the external environment for developing risks and assess their potential influence on our goals. We are dedicated to addressing these risks and reducing them to acceptable levels. In this process, we are ably guided by the Board's Risk Management Committee, which examines the management's enterprise-wide risk management efforts. We are always working to optimise the resources at our disposal in order to turn possibilities into reality.

Safety risk: The manufacturing operations of our Company require employees to interact with plant, machinery, and material handling equipment's, all of which carry an inherent risk of injury. To address this risk, our Company has an overall safety policy that it adheres to in letter and spirit. Through training and third-party inspection, these risks are mitigated to a larger extent. Expert opinion is taken and with well-designed plants the human interface with machinery has been minimised. Behaviour-based safety approach is implemented at the plants. All safety incidents, including unsafe acts, are reported, and reviewed by the management.

Sustainability risk: Our Company believes in reducing the environmental impact of its operations. Water conservation and replenishment, reduction in power consumption and hazardous waste generation, and using renewal energy have been the focus areas for our Company. We have made investments in solar power plants and use wind energy as an alternate source in our manufacturing location. We also invested extensively in an effluent treatment plant with zero liquid discharge with a production capacity of 13.5 tonnes per day as required in the dyeing unit. It comprises six High Pressure High Temperature (HPHT) machines and has a capacity of 1000 KL Zero Liquid Discharge with multiple evaporators, in compliance with the numerous labour laws and quality system.

Demand and Supply risk: The customer is always changing and so are their expectations and aspirations. Because of economic growth, increased disposable incomes, dual-income homes, and other factors, the lower class is migrating towards the middle class, and the current middle class will eventually transition to the upper-middle class. This has resulted in significant changes in people's lifestyles. They have more disposable cash and are becoming more brand sensitive, preferring higher-quality goods and services. We offer a diverse product portfolio and are active throughout the value chain. The lockdown led to a move towards a work-from-home lifestyle, with the demand for casual wear and activewear picking up after initially being restrained. Our diversified portfolio of products comprises vests, briefs, trunks, gym vests, socks, athleisure, casual wear, camisoles, and thermals, for men, women, and children. These are suitably categorised under our brands Dollar Man, Dollar Woman, Dollar Junior, Dollar Always and Dollar Thermal. Our proactive collaborations with celebrities over the years have resulted in an enhanced brand visibility and recall.

Procurement risk: If we look at the raw material side of things, the domestic market is facing a shortage of cotton yarn, which resulted in the rising prices of Indian innerwear and knitwear products. Despite the headwinds, since we have worked with a number of suppliers, we have developed strong bonds with them over time. We have strict quality controls in place and monitor the quality of raw materials on a regular basis.

Statutory compliance risk: In the past few years, the country has seen wide-ranging changes to various laws and regulations that our Company needs to adhere to. Many of these laws are new and have not been subjected to judicial scrutiny and interpretations. We take steps to adhere to all laws in its true spirit. Our Company has a well-designed mechanism and corporate professionals to monitor these changes and all necessary steps are taken to be compliant with the laws and regulations of the land.

Information security risk: Threats of cyber-attacks and hacking are all well-known and are a very high risk to the business operations of any company. There are high risks of information being leaked or changed by individuals within the company. To protect, we actively monitor security logs to detect any attempts to hack and take the necessary steps. Data, while in creation, storage, transit and retrieval, is adequately protected.

Human capital risk: Our Company takes active steps in constantly engaging with the employees to understand their aspirations, needs and any issues they may have. We create sustainable value for our employees through prudent use of multiple resources and relationships. We judiciously deploy our resources with appropriate and flexible scenario planning and meticulous risk-reward analysis.

Currency risk: A significant part of the raw materials and capital equipment are imported by our Company. We have operations in a number of countries. Any adverse movement in the local currency vis-à-vis the US dollar can have an impact on our financials. We take all necessary steps to monitor the exchange rate and hedge some of the open risks.

Geography risk: Increased reliance on a single location could have an impact on revenue if that region's economy suffers a setback. Ever since we commenced our journey, our singular focus has been to be a part of every Indian household with a differentiated portfolio of brands. For nearly half a century, we have pursued this vision, and have crossed many milestones along the way. We have presence in the Middle East and have a good hold on the markets there.

HUMAN RESOURCES

The organisation continued its endeavour of attracting best-in-class talent through multiple talent engagement initiatives. The culture of competency-based structured interviewing was further strengthened this year and has helped in building a talent pipeline that can be fostered along its values. During the fiscal year under review, we made significant investments in our talent development efforts and safety measures. Development of talent through learning journeys anchored around the competency frameworks and organisational values continues. The leadership competency framework for the organisation has been fully integrated with various HR processes such as recruitment and people review process. Functional competency frameworks for different functions in the Company have been developed and are now being used to create learning curriculum/academies and drive excellence in each function. Programmes and conversations around safety, health, etc. were conducted, the internal network of women within the organisation. A detailed study on the challenges of women in sales was taken up, which is now being worked on to create a more inclusive workplace. As on March 31, 2022, we had a total employee base of 2,228 employees. The male workforce was 1,742, women workforce 486 and no differently-abled employees.

CORPORATE SOCIAL RESPONSIBILITY

Since our inception, we have always focused on contributing towards the development of marginalised communities and society in line with our vision by delivering economic, social, and environmental benefits across all our stakeholders. We invested ₹2.06 crore towards our CSR activities predominantly focusing in the areas of education, healthcare, and women empowerment, among others.

Dollar Industries Limited collaborated with the West Bengal government to conduct a free immunisation push for its

employees and their families. Dollar's vaccination push gave first dose immunisations to around 1,500 people, keeping the health and safety of its employees and their families in mind.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company's internal control systems are commensurate with the nature of its business and the size and complexity of its operations. Appropriate internal control policies and procedures have been set up to provide reasonable assurance on the following objectives:

- Effectiveness and efficiency of its operations
- Reliability of financial reporting
- Compliance with applicable laws and regulations
- Prevention and detection of frauds and errors
- Safeguarding its assets

Compliance to these policies and procedures is an integral part of the management review process. Adequacy and effectiveness of these internal controls are routinely tested by internal auditors based on their risk-based audit plan. The audit plan covers the key process across the functions, including plants, depots and other establishments. Suggestions to further strengthen the processes or make them more effective are shared with the process owners and changes are made suitably.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Dollar Industries Limited (hereinafter called 'the Company') bearing CIN: L17299WB1993PLC058969. Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Dollar Industries Limited books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on March 31, 2022, has complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by Dollar Industries Limited ('the Company') for the financial year ended on March 31, 2022, to the extent Acts / provisions of the Acts applicable, according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;

v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'), to the extent applicable:-

- (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
- (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
- (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
- (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
- (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
- (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021;
- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; and
- (i) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

I further report that, having regards to compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, on test check basis and on representation made by the Company and its officers for compliances under other applicable Acts, laws and Regulations to the Company, the Company has complied with the laws applicable to the Company.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.

- (ii) The Listing Agreement entered into by the Company with the National Stock Exchange Ltd and The Bombay Stock Exchange Ltd.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that -

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all the Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and

obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

None of the Directors in any meeting dissented on any resolution and hence there was no instance of recording any dissenting member's view in the minutes.

I further report that subject to our observation there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines except certain delays in compliance in other applicable laws to the Company.

I further report that during the audit period, the Company has no reportable specific events, actions having a major bearing on the Company's affairs in pursuance of the laws, rules, regulations, guidelines, standards, etc. referred to above.

Independent Auditor's Report

To the Members of Dollar Industries Limited

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying standalone financial statements of **Dollar Industries Limited** ("the Company"), which comprise the Standalone Balance sheet as at March 31, 2022, the Standalone Statement of Profit and Loss, (including Other Comprehensive Income), the Statement of Cash Flow and the Standalone Statement of Changes in Equity for the year then ended, and notes to the Standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at March 31, 2022, its profit (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants (ICAI) of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

Descriptions of Key Audit Matter	How we addressed the matter in our audit
<p>1. Estimation of rebates, discounts and sales returns</p> <p>(Refer Note 3.10 to the standalone financial statements)</p> <p>The Company sells its products through various channels like distributors, retailers, e-commerce etc. and recognizes liabilities related to rebates, discounts and sales returns.</p> <p>As per the accounting policy of the Company, the revenue is recognised upon transfer of control of goods to the customer and thus requires an estimation of the revenue taking into consideration the rebates, discounts and sales returns as per the terms of the contracts. With regard to the determination of revenue, the management is required to make significant estimates in respect of following:</p> <ul style="list-style-type: none"> the rebates/ discounts linked to sales, which will be given to the customers pursuant to schemes offered by the Company; provision for sales returns, where the customer has the right to return the goods to the Company; and compensation (discounts) offered by the customers to the ultimate consumers at the behest of the Company. <p>The matter has been determined to be a key audit matter in view of the involvement of significant estimates by the management.</p>	<p>Our procedures included, but was not limited to the following:</p> <ul style="list-style-type: none"> Obtained a detailed understanding from the management with regard to controls relating to recording of rebates, discounts, sales returns and period end provisions relating to estimation of revenue, and tested the operating effectiveness of such controls; Tested the inputs used in the estimation of revenue in context of rebates, discounts and sales returns to source data; Assessed the underlying assumptions used for determination of rebates, discounts and sales returns; Ensured the completeness of liabilities recognised by evaluating the parameters for sample schemes; Performed look-back analysis for past trends by comparing recent actuals with the estimates of earlier periods and assessed subsequent events; Tested credit notes issued to customers and payments made to them during the year and subsequent to the year end along with the terms of the related schemes. <p>Our Conclusion:</p> <p>Based on the above procedures, we did not identify any significant deviation to the assessment made by management in respect of estimation of rebates, discounts and sales returns.</p>

Descriptions of Key Audit Matter	How we addressed the matter in our audit
<p>2. Recoverability of trade receivables</p> <p>(Refer Note 3.4.a and 16 to the Standalone financial statements)</p> <p>The Company has trade receivables amounting to ₹40,208.65 lacs (net of provision for expected credit losses of ₹330.48 lacs) as at March 31, 2022 as detailed in Notes 16 to the standalone financial statements.</p> <p>Due to the inherent subjectivity that is involved in making judgements in relation to credit risk exposures to determine the recoverability of trade receivables and significant estimates and judgements made by the management for provision for loss allowance under expected credit loss model. Based on above, the matter has been considered to be a key audit matter.</p>	<p>Our procedures included, but was not limited to the following:</p> <ul style="list-style-type: none"> Evaluated and tested the controls relating to credit control and approval process and assessing the recoverability of overdue receivables by comparing management's views of recoverability of overdue receivables to historical patterns of receipts, in conjunction with reviewing receipts subsequent to the financial year end for its effect in reducing overdue receivables at the financial year end. Checked on sample basis balance confirmations from customers to test whether trade receivables as per books are acknowledged by them. Reviewed at the adequacy of the management judgements and estimates on the sufficiency of provision for doubtful debts through detailed analyses of ageing of receivables and assessing the adequacy of disclosures in respect of credit risk. <p>Our Conclusion :</p> <p>Based on the above procedures, we did not identify any significant deviation to the assessment made by management in respect recoverability of trade receivables.</p>
<p>3. Inventories valuation and existence:</p> <p>(Refer Note 3.7 and 15 to the standalone financial statements)</p> <p>The Company has Inventories of ₹47,520.93 lacs as at March 31, 2022 as detailed in Notes 15 to the standalone financial statements.</p> <p>Inventories valuation and existence has been determined to be a key audit matter as inventories may be held for long periods of time before being sold making it vulnerable to obsolescence. This could result in an overstatement of the value of the inventories if the cost is higher than the net realisable value. Furthermore, the assessment and application of inventories provisions are subject to significant management judgement.</p>	<p>Our procedures included, but was not limited to the following:</p> <ul style="list-style-type: none"> Obtained a detailed understanding and evaluated the design and implementation of controls that the Company has established in relation to inventory valuation and existence. Observed the physical verification of inventories count at the financial year end and assessed the adequacy of controls over the existence of inventories. Obtained assurance over the appropriateness of management's assumptions applied in calculating the gross profit margin and discounts to be deducted from sales price to arrive at cost of goods. Evaluated management judgement with regards to the application of provisions to the inventories. <p>Our Conclusion :</p> <p>Based on the above procedures, we did not identify any significant deviation to the assessment made by management in respect Inventories valuation and existence.</p>

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Standalone financial statements and our auditor's report thereon.

Our opinion on the Standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the Standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those charged with governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our

auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

Annexure 'A' to the Independent Auditor's Report

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Dollar Industries Limited of even date)

We report that:

- I. (a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, which is in the process of further updation.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has a programme of verification of property, plant and equipment to cover all the items in a phased manner over a period of three years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain property, plant and equipment were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than properties where the Company is the lessee, and the lease agreements are duly executed in favour of the lessee) as disclosed in the standalone financial statements are held in the name of the Company.
- (d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) and intangible assets during the year.
- (e) Based on the information and explanations furnished to us, no proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in its standalone financial statements does not arise.
- II. (a) According to the information and explanations given to us, the inventory (excluding inventory lying with third parties and material in transit) has been physically verified by the management during the year and in our opinion, the frequency of verification is reasonable and procedure and coverage as followed by the management were appropriate. In respect to inventory lying with third parties, these have substantially been confirmed by them and for goods in transit, subsequent evidence of receipts has been linked with inventory records. The discrepancies noticed on physical verification of inventory as compared to book records were not 10% or more in aggregate for each class of inventory.
- (b) During the year, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, from banks on the basis of security of current assets. The Company has filed quarterly returns or statements with such banks, which are not in agreement with the books of accounts. However, such differences between the amount disclosed to the banks and those as per books of accounts as given in the table below have been reconciled. Also refer Note 21.4 to the standalone financial statements.

(₹ in Lacs)

Name of the Bank	Aggregate working capital limits sanctioned	Amount utilised during the quarter	Quarter ended	Amount disclosed as per quarterly return / statement#	Amount as per books of account#	Difference	Reason or variance
	14,900.00	11,209.55	June 30, 2021	64,533.39	71,514.34	(6,980.95)	The differences are on account of statement filed with the banks prepared based on provisional financial statement.
State Bank of India and consortium of banks	14,900.00	14,322.80	September 30, 2021	75,108.87	79,778.65	(4,669.78)	
	20,000.00	17,638.71	December 31, 2021	78,710.77	82,605.66	(3,894.89)	
	20,000.00	20,293.31	March 31, 2022	82,229.75	87,729.58	(5,499.83)	

The above consist of book debts and inventory as on end of respective quarters.

- III. a. The Company has not made any investment during the year other than additional investment made in Joint Venture. The Company has not granted secured/unsecured loans/advances in the nature of loans to any Company/Firm/Limited Liability Partnership/other party during the year. The Company did not stand guarantee, or provided security to any Company/Firm/Limited Liability Partnership/other party during the year.
- b. In respect of the aforesaid investment, the terms and conditions under which such investments were made are not prejudicial to the Company's interest.
- VI. Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its Spinning Division. We have broadly reviewed the same and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- VII. According to the information and explanations given to us and on the basis of our examination of the records of the Company:
 - a. The Company is generally regular in depositing undisputed statutory dues including provident fund, employee's state insurance, income tax, sales tax, service tax, duty of customs, value added tax, cess, Goods and Services tax and other statutory dues with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance income tax, sales tax, services tax, duty of customs, value added tax, Goods and Service tax, cess, and other material statutory dues were in arrears as at March 31, 2022 for a period of more than six months from the date they became payable.

Accordingly, the requirement to report on clause 3(iii)(a) to (f) (other than investment made in joint venture) are not applicable to the Company.

- IV. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 185 and 186 of the Act, with respect to the loans and investments made, guarantees and security provided by it, as applicable.
- V. According to information and explanations given to us, the Company has not accepted deposits from public within the meaning of Section 73 to 76 of the Companies (Acceptance of Deposits) Rules, 2014 (as amended) during the year. Accordingly, the provisions of Clause 3(v) of the Order are not applicable.
- b. According to the information and explanations given to us, the details of disputed dues of sales tax, income tax, customs duty, Goods & Services Tax, service tax, and Cess, as at 31st March, 2022, are as follows:

Name of the Statute	Nature of Dues	Amount (net of payments) (₹ in Lacs)	Period to which the Amount relates Assessment Year	Forum where dispute is pending
Income Tax Act, 1961	Tax and Interest	1.49	2009-10	DCIT

Income Tax Act, 1961	Tax and Interest	3.44	2014-15	CIT(A)
Income Tax Act, 1961	Tax and Interest	23.50	2015-16	CPC
Central Excise Act, 1944	Tax and Interest	3.06	1 st April, 2003 to July, 2004	CESTAT
Goods & Service Tax, 2017	Tax and Interest	23.96	1 st July 2017 to 31 st March 2018	Office of Assistant Commissioner
Goods & Service Tax, 2017	Tax and Interest	23.77	1 st July 2017 to 31 st March 2018	Office of CT & GST Officer

- VIII. According to the information and explanations given to us, there are no transactions which were not recorded in the books of account and have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961) that has not been recorded in the books of account.
- IX. (a) According to the records of the Company examined by us and the information and explanations given to us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender during the year.
- (b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared Wilful Defaulter by any bank or financial institution or government or any government authority.

- (c) In our opinion, and according to the information and explanations given to us, the term loans have been applied, on an overall basis, for the purposes for which they were obtained.
- (d) On an overall examination of the financial statements of the Company, no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) According to the information and explanations given to us, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its joint ventures.
- (f) According to the information and explanations given to us, the Company has not raised loans during the year on the pledge of securities held in its joint ventures.
- X. (a) The Company has not raised any money by way of initial public offer and through debt instruments by way of further public offer during the year. Accordingly, Clause 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has not made any preferential allotment or private placement of shares or fully or partially or optionally convertible debentures during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.
- XI. (a) According to the information and explanations given to us and as represented by the Management and based on our examination of the books and records of the Company and in accordance with generally accepted auditing practices in India, no material case of frauds by the Company or on the Company has been noticed or reported during the year.
- (b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.
- (c) According to the information and explanations given to us, no whistle blower complaints were received by the Company during the year.
- XII. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company and therefore, the reporting under Clause 3 (xii) (a), 3(xii) (b) & 3(xii) (c) of the Order is not applicable.
- XIII. The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the standalone financial statements as required under Indian Accounting Standard 24 "Related Party Disclosures" specified under Section 133 of the Act.
- XIV. (a) In our opinion and according to the information and explanation given to us, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) The internal audit reports of the Company issued till the date of audit report for the period under audit have been considered by us.
- XV. In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions specified under section 192 of the Act with directors, or persons connected with directors and therefore, reporting under clause (xv) of the Order is not applicable to the Company.
- XVI. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.
- (b) The Company has not conducted non-banking financial / housing finance activities during the year. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clause 3(xvi)(c) of the Order is not applicable to the Company.
- (d) Based on the information and explanations provided by the management of the Company, the Group has two CICs as part of the Group. We have not, however, separately evaluated whether the information provided by the management is accurate and complete.
- XVII. In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the financial year 2021-22 and in the immediately preceding financial year 2020-21.
- XVIII. There has been no resignation of the statutory auditors during the year and accordingly clause 3(xviii) is not applicable.
- XIX. According to the information and explanations given to us and on the basis of the financial ratios (also refer Note 46 to the standalone financial statements), ageing and expected

dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

XX. The Company has during the year spent the amount of Corporate Social Responsibility as required under subsection (5) of Section 135 of the Act. Accordingly, reporting under clause 3(xx) of the Order is not applicable to the Company. The matter has been disclosed in Note 38 to the standalone financial statements.

XXI. The reporting under Clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements. Accordingly, no comment in respect of the said clause has been included in this report.

Annexure ‘B’ to the Independent Auditor’s Report

(Referred to in paragraph 2 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of **Dollar Industries Limited** of even date)

Report on the Internal Financial Controls with reference to standalone financial statement under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

1. We have audited the internal financial controls with reference to Standalone financial statements of **Dollar Industries Limited** (“the Company”) as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT’S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

2. The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR’S RESPONSIBILITY

3. Our responsibility is to express an opinion on the Company’s internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls with reference to standalone financial statement and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and

plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to standalone financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

6. A company’s internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company’s assets that could have a material effect on the standalone financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

8. In our opinion and to the best of the information and explanations given to us, the Company has, in all material respects, an adequate internal financial controls with

reference to financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2022, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The Company is a Public Limited Company incorporated as per the provision of Companies Act applicable in India. The Company is primarily engaged in manufacture and sale of hosiery products in knitted inner wears, casual wears and thermal wears. It also has a Power Generation Unit sourced from Windmill and Solar. The shares of the Company are listed on National Stock Exchange of India Limited and Bombay Stock Exchange.

- the asset is intended for sale or consumption;
- the asset/liability is held primarily for the purpose of trading;
- the asset/liability is expected to be realized/settled within twelve months after the reporting period;
- the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- in the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

The Company classifies all other assets and liabilities as non-current.

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing and their realization in cash and cash equivalents.

2 BASIS OF ACCOUNTING

2.1 Statement of compliance

These standalone financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as prescribed by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 (the Act), read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended), other relevant provisions of the Act and other accounting principles generally accepted in India.

The financial statements of the Company for the year ended March 31, 2022 have been approved by the Board of Directors in their meeting held on May 23, 2022.

2.2 Basis of measurement

The financial statements have been prepared on historical cost basis, except certain financial assets and liabilities (including derivative instruments) that is measured at fair value/amortised cost.

2.3 Functional and presentation currency

The financial statements have been presented in Indian Rupee (₹), which is also the Company's functional currency. All financial information presented in ₹ has been rounded off to the nearest lacs as per the requirements of Schedule III, unless otherwise stated.

2.4 Current/Non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

The asset/liability is classified as current if it satisfies any of the following conditions:

- the asset/liability is expected to be realized/settled in the Company's normal operating cycle;

2.5 Use of estimates and judgements

The preparation of financial statements require judgements, estimates and assumptions to be made that affect the reported amount of assets and liabilities including contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between actual results and estimates are recognized in the period prospectively in which the results are known / materialized.

3 SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the financial statements is as given below. These accounting policies have been applied consistently to all the periods presented in the financial statements.

3.1 Property, Plant and Equipment

a) Recognition and Measurement

Property, plant and equipment held for use in the production or/and supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost, less any accumulated depreciation and accumulated impairment losses (if any).

Cost of an item of property, plant and equipment acquired comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting any trade

Notes forming part of the Standalone Financial Statements

for the year ended March 31, 2022

discounts and rebates, any directly attributable costs of bringing the assets to its working condition and location for its intended use and present value of any estimated cost of dismantling and removing the item and restoring the site on which it is located.

In case of self-constructed assets, cost includes the costs of all materials used in construction, direct labour, allocation of directly attributable overheads, directly attributable borrowing costs incurred in bringing the item to working condition for its intended use, and estimated cost of dismantling and removing the item and restoring the site on which it is located. The costs of testing whether the asset is functioning properly, after deducting the net proceeds from selling items produced while bringing the asset to that location and condition are also added to the cost of self-constructed assets.

If significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

b) Subsequent Expenditure

Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced.

Major Inspection/ Repairs/ Overhauling expenses are recognized in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied. Any unamortized part of the previously recognized expenses of similar nature is derecognized.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as Capital Advances under other non-current assets.

c) Depreciation and Amortization

Depreciation is provided on written down method at the rates determined based on the useful lives of respective assets as prescribed in the Schedule II of the Act.

As per the Above policy, depreciation on the solar plant have been provided at the rate which are different from the corresponding rates prescribed in Schedule II based on the estimated useful life of the project.

	Useful life estimated by the management	Useful life as per schedule II
Solar Plant	25 years	-

Depreciation on additions (disposals) during the year is provided on a pro-rata basis i.e., from (up to) the date on which asset is ready for use (disposed off).

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

d) Disposal of Assets

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

e) Capital Work in Progress

Capital work-in-progress is stated at cost which includes expenses incurred during construction period, interest on amount borrowed for acquisition of qualifying assets and other expenses incurred in connection with project implementation in so far as such expenses relate to the period prior to the commencement of commercial production.

3.2 Intangible Assets

Software which is not an integral part of related hardware is treated as intangible asset and are stated at cost on initial recognition and subsequently measured at cost less accumulated amortization and accumulated impairment loss, if any.

a) Recognition and Measurement

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortised on a straight line basis over their estimated useful economic lives.

b) Subsequent Expenditure

Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. All other expenditure is recognized in the Statement of Profit & Loss.

Notes forming part of the Standalone Financial Statements

for the year ended March 31, 2022

c) Amortization

- Intangible assets are amortized over a period of 3 years.
- The amortization period and the amortization method are reviewed at least at the end of each financial year. If the expected useful life of the assets is significantly different from previous estimates, the amortization period is revised accordingly.

d) Disposal

Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the Statement of Profit & Loss.

e) Intangible Assets under Development

Intangible Assets under development is stated at cost which includes expenses incurred in connection with development of Intangible Assets in so far as such expenses relate to the period prior to the getting the assets ready for use.

3.3 Investment in Joint Ventures

Investments in joint venture is carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of investment is assessed and an impairment provision is recognised, if required immediately, to its recoverable amount. On disposal of such investments, difference between the net disposal proceeds and carrying amount is recognised in the Statement of Profit and Loss.

3.4 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a) Financial Assets

Recognition and Initial Measurement:

All financial assets are initially recognized when the Company becomes a party to the contractual provisions of the instruments. A financial asset is initially measured at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Classification and Subsequent Measurement:

For purposes of subsequent measurement, financial assets are classified in four categories:

- Measured at Amortized Cost;

- Measured at Fair Value Through Other Comprehensive Income (FVTOCI);
- Measured at Fair Value Through Profit or Loss (FVTPL); and
- Equity Instruments measured at Fair Value through Other Comprehensive Income (FVTOCI).

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

Measured at Amortized Cost: A debt instrument is measured at the amortized cost if both the following conditions are met:

- The asset is held within a business model whose objective is achieved by both collecting contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method.

Measured at FVTOCI: A debt instrument is measured at the FVTOCI if both the following conditions are met:

- The objective of the business model is achieved by both collecting contractual cash flows and selling the financial assets; and
- The asset's contractual cash flows represent SPPI.

Debt instruments meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at fair value with any gains or losses arising on remeasurement recognized in other comprehensive income, except for impairment gains or losses and foreign exchange gains or losses. Interest calculated using the effective interest method is recognized in the Statement of Profit and Loss in investment income.

Measured at FVTPL: FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as amortized cost or as FVTOCI, is classified as FVTPL. In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. Debt instruments included within the FVTPL category are

Notes forming part of the Standalone Financial Statements

for the year ended March 31, 2022

measured at fair value with all changes recognized in the Statement of Profit and Loss.

Equity Instruments measured at FVTOCI: All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are, held for trading are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. In case the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment.

Derecognition

The Company derecognizes a financial asset on trade date only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

Impairment of Financial Assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and/ or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

b) Financial Liabilities

Recognition and Initial Measurement

Financial liabilities are classified, at initial recognition, as fair value through profit or loss, loans and borrowings, payables or as derivatives, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent Measurement

Financial liabilities are measured subsequently at amortized cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and

losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest rate method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on de-recognition is also recognized in Statement of Profit and Loss.

De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the counterparty.

c) Derivative financial instruments

The Company enters into derivative financial instruments viz. foreign exchange forward contracts to manage its exposure to interest rate and foreign exchange rate risks. The Company does not hold derivative financial instruments for speculative purposes.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognized in profit or loss immediately.

3.5 Impairment of Non-Financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. An asset is treated as impaired when the carrying cost of the asset exceeds its recoverable value being higher of value in use and net selling price. Value in use is computed at net present value of cash flow expected over the balance useful lives of the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (Cash Generating Units – CGU).

An impairment loss is recognized as an expense in the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in

Notes forming part of the Standalone Financial Statements

for the year ended March 31, 2022

earlier accounting period is reversed if there has been an improvement in recoverable amount.

3.6 Income Tax

Income Tax comprises current and deferred tax. It is recognized in the Statement of Profit and Loss except to the extent that it relates to an item recognized directly in equity or in other comprehensive income.

a) Current Tax

Current tax liabilities (or assets) for the current and prior periods are measured at the amount expected to be paid to (recovered from) the taxation authorities using the tax rates (and tax laws) that have been enacted or substantively enacted, at the end of the reporting period.

b) Deferred Tax

Deferred Tax assets and liabilities shall be measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes (i.e., tax base). Deferred tax is also recognized for carry forward of unused tax losses and unused tax credits.

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period. The Company reduces the carrying amount of a deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or that entire deferred tax asset to be utilized. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profit will be available.

Deferred tax relating to items recognized outside the Statement of Profit and Loss is recognized either in other comprehensive income or in equity. Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

3.7 Inventories

Inventories are valued at Cost or Net Realizable Value, whichever is lower. Costs incurred in bringing each product to its present location and condition are as follows:

Raw materials, consumables, and packing materials:

Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a weighted average.

Work-in-progress and Finished goods: Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of work-in-progress, (measured in Kgs) is determined on weighted average basis and cost of work-in-progress (measured in Pieces) is determined on retail sales price method. Cost of finished goods is determined on retail sales price method.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

3.8 Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short term deposits with an original maturity of three months or less, which are subject to an insignificant risk of change in value.

3.9 Provisions, Contingent Liabilities and Contingent Assets

a) Provisions

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost.

b) Onerous Contracts

Present obligations arising under onerous contracts are recognized and measured as provisions. An onerous contract is considered to exist when a contract under which the unavoidable costs of meeting the obligations exceed the economic benefits expected to be received from it.

Notes forming part of the Standalone Financial Statements

for the year ended March 31, 2022

c) Contingent Liabilities

Contingent liability is a possible obligation arising from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events but is not recognized because it is not possible that an outflow of resources embodying economic benefit will be required to settle the obligations or reliable estimate of the amount of the obligations cannot be made. The Company discloses the existence of contingent liabilities in other Notes to Financial Statements.

d) Contingent Assets

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits. Contingent Assets are not recognized though are disclosed, where an inflow of economic benefits is probable.

3.10 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the Government.

a) Sale of Goods

Sale of goods is recognised at the point in time when control of the goods is transferred to the customer. The revenue is measured on the basis of the consideration defined in the contract with a customer, including variable consideration, such as discounts, volume rebates, or other contractual reductions. As the period between the date on which the Company transfers the promised goods to the customer and the date on which the customer pays for these goods is generally one year or less, no financing components are taken into account.

Certain contracts provide a customer with a right to return the goods within a specified period. The company uses the expected value method to estimate the goods that will not be returned because this method best predicts the amount of variable consideration to which the company will be entitled. The requirements in Ind AS 115 on constraining estimates of variable consideration are also applied in order to determine the amount of variable consideration that can be included in the transaction price for goods that are expected to be returned instead of revenue the

Company recognises a refund liability. A right of return asset and corresponding adjustment to change in inventory is also recognised for the right to recover products from a customer.

b) Sale of Services

In contracts involving the rendering of services, revenue is measured using the completed service method.

c) Other Operating Revenue

Export incentive and subsidies are recognized when there is reasonable assurance that the Company will comply with the conditions and the incentive will be received. Insurance & other claims, where quantum of accruals cannot be ascertained with reasonable certainty are recognized as income only when revenue is virtually certain which generally coincides with receipt/acceptance.

d) Interest Income

For all financial instruments measured at amortized cost, Interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset.

e) Dividend Income

Dividend Income from investments is recognized when the Company's right to receive payment has been established.

3.11 Government Grants

Government grants are recognized at their fair values when there is reasonable assurance that the grants will be received and the Company will comply with all the attached conditions. When the grant relates to an expense item, it is recognized as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. Grants related to purchase of property, plant and equipment are included in non-financial liabilities as deferred income and are credited to the Statement Profit and Loss on a straight line basis over the expected useful life of the related asset and presented within other operating revenue.

3.12 Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease

Notes forming part of the Standalone Financial Statements

for the year ended March 31, 2022

components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the lease term or useful life of right-of-use asset.

The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and re-measuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognises the amount of the re-measurement of lease liability due to

modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

Lease liability and ROU asset have been disclosed separately on the face of the Balance Sheet and lease payments have been classified as financing cash flows.

Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease. If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 Revenue from contracts with customers to allocate the consideration in the contract.

3.13 Foreign Currency Transactions

The financial statements of the Company are presented in Indian Rupees (₹) which is the functional currency of the Company and the presentation currency of the financial statements.

Foreign currency transactions are translated into the functional currency using the spot rates of exchanges at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rate of exchanges at the reporting date.

Notes forming part of the Standalone Financial Statements

for the year ended March 31, 2022

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities are generally recognized in Statement of Profit and Loss in the year in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those qualifying assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings, the balance is presented in the Statement of Profit and Loss within finance costs.

Non-monetary items are not retranslated at period end and are measured at historical cost (translated using the exchange rate at the transaction date).

3.14 Employee Benefits

a) Short Term Benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related services are provided. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employee's services up to the end of the reporting period.

b) Post-Employment Benefits

The Company operates the following post-employment schemes:

Defined Benefit Plans

The liability or asset recognized in the Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.

The liability recognized for defined benefit plans is the present value of the defined benefit obligation at the reporting date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation.

Remeasurement of the net defined benefit obligation, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling, are recognized in other comprehensive income. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the Statement of Profit and Loss.

Defined Contribution Plan

Defined contribution plans such as provident fund, ESI etc. are charged to the Statement of Profit and Loss as and when incurred.

3.15 Borrowing Cost

Borrowing Costs consists of interest and other costs that an entity incurs in connection with the borrowings of funds. Borrowing costs also include exchange difference to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs directly attributable to the acquisition or construction of a qualifying asset are capitalized as a part of the cost of that asset that necessarily takes a substantial period of time to complete and prepare the asset for its intended use or sale. The Company considers a period of twelve months or more as a substantial period of time.

Transaction costs in respect of long term borrowing are amortized over the tenure of respective loans using Effective Interest Rate (EIR) method. All other borrowing costs are recognized in the Statement of Profit and Loss in the period in which they are incurred.

3.16 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

3.17 Measurement of Fair Values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

Notes forming part of the Standalone Financial Statements

for the year ended March 31, 2022

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 – Inputs which are unobservable inputs for the asset or liability.

External valuers are involved for valuation of significant assets & liabilities. Involvement of external valuers is decided by the management of the Company considering the requirements of Ind AS and selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

3.18 Operating Segment

The Company's business activity falls within a single significant primary business segment i.e. 'hosiery and related service'. They are reviewed regularly by the chief operating decision maker to make decisions about resources to be allocated to the segments and assess their performance.

3.19 Recent Indian Accounting Standards (Ind AS) issued not yet effective

Ministry of Corporate Affairs ("MCA") notified new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 01, 2022, as below:

Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 16 – Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in statement of profit or loss. The Company does not expect the amendment to have any impact in its recognition of its property, plant and equipment in its financial statements.

Ind AS 37– Provisions, Contingent Liabilities and contingent assets

The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April1,2022, although early adoption is permitted. The Company does not expect the amendment to have any significant impact in its financial statements.

3.20 Earnings per share

Basic earnings per share is computed by dividing profit or loss for the year attributable to equity holders by the weighted average number of shares outstanding during

Notes forming part of the Standalone Financial Statements

for the year ended March 31, 2022

the year. Partly paid up shares are included as fully paid equivalents according to the fraction paid up.

Diluted earnings per share is computed using the weighted average number of shares and dilutive potential shares except where the result would be anti-dilutive.

SIGNIFICANT JUDGEMENTS AND KEY SOURCES OF ESTIMATION IN APPLYING ACCOUNTING POLICIES

4 Information about significant judgements and key sources of estimation made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is included in the following notes:

- a) **Revenue recognition:** Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions and incentives, if any, as specified in the contract with the customer. The Company exercises judgment in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.
- b) **Recognition of Deferred Tax Assets:** The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized. In addition, significant judgement is required in assessing the impact of any legal or economic limits.
- c) **Useful lives of depreciable/ amortisable assets (tangible and intangible):** Management reviews its estimate of the useful lives of depreciable/ amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to actual normal wear and tear that may change the utility of plant and equipment.
- d) **Defined Benefit Obligation (DBO):** Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in

discount rates, medical cost trends, anticipation of future salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate. However, any changes in these assumptions may have a material impact on the resulting calculations.

e) **Provisions and Contingencies:** The assessments undertaken in recognising provisions and contingencies have been made in accordance with Indian Accounting Standards (Ind AS) 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events is applied best judgement by management regarding the probability of exposure to potential loss.

f) **Impairment of Financial Assets:** The Company reviews its carrying value of investments carried at amortized cost annually, or more frequently when there is indication of impairment. If recoverable amount is less than its carrying amount, the impairment loss is accounted for.

g) **Allowances for Doubtful Debts:** The Company makes allowances for doubtful debts through appropriate estimations of irrecoverable amount. The identification of doubtful debts requires use of judgment and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.

h) **Fair value measurement of financial instruments:** When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The input to these models are taken from observable markets where possible, but where this not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

i) **Extension and termination option in leases :** Extension and termination options are included in many of the leases. In determining the lease term the Management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. This assessment is reviewed if a significant event or a significant change in circumstances occurs which affects this assessment and that is within the control of the Company.

b) Defined Benefit Plan

The following are the types of Defined Benefit Plans:

(i) Gratuity Plan

Every employee who has completed five years or more of service is entitled to gratuity on terms not less favourable than the provisions of The Payment of Gratuity Act, 1972. The present value of defined obligation and related current cost are measured using the Projected Unit Credit Method with actuarial valuation being carried out at Balance Sheet date.

(ii) Provident Fund

Provident Fund (other than government administered) as per the provisions of the Employees Provident Funds and Miscellaneous Provisions Act, 1952.

c) Risk Exposure

Defined Benefit Plans

Defined benefit plans expose the Company to actuarial risks such as: Interest rate risk, Salary risk and Demographic risk.

- Interest rate risk:** The defined benefit obligation calculated uses a discount rate based on government bonds. If the bond yield falls, the defined benefit obligation will tend to increase.
- Salary risk:** Higher than expected increases in salary will increase the defined benefit obligation.
- Demographic risk:** This is the risk of variability of results due to unsystematic nature of decrements that includes mortality withdrawal disability and retirement. The effect of these decrements on the defined benefits obligations is not straight forward and depends on the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of the short career employee typically costs less per year as compared to a long service employee.

d) Reconciliation of the net defined benefit (asset)/ liability

The following table shows a reconciliation from the opening balances to the closing balances for the net defined benefit (asset)/ liability and its components:

j) Sensitivity Analysis

The sensitivity analysis below have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

(₹ in Lacs)

Variable	Sensitivity Level	Effect on Defined Benefit Obligations			
		March 31, 2022		March 31, 2021	
		Increase	Decrease	Increase	Decrease
Discount rate	+/- 0.5%	558.74	664.29	486.03	579.82
Salary escalation rate	+/- 0.5%	661.31	561.95	576.65	488.47
Attrition rate	+/- 0.5%	604.99	611.99	527.24	533.24
Mortality rate	+/- 10%	607.94	608.99	529.65	530.80

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

43 FAIR VALUE OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES

43.1 The Company has measured its financial asset and financial liabilities at amortised cost, except as stated below:

Particulars	(₹ in Lacs)	
	March 31, 2022	March 31, 2021
Foreign exchange forward contract (MTM) - Profit/(Loss) (Level 1- Quoted price in active markets)	9.34	-

43.2 The management has assessed that the fair values of cash and cash equivalents, trade receivables, trade payables, lease liabilities, short term borrowings and other current financial liabilities approximates their carrying amounts largely due to the short-term maturities of these instruments. The management has assessed that the fair value of floating rate instruments approximates their carrying value.

43.3 The fair values of non-current borrowings are based on the discounted cash flows using a current borrowing rate. They are classified as Level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including own credit risks, which was assessed as on the balance sheet date to be insignificant.

44 FAIR VALUE HIERARCHY

The fair value of financial instruments are classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The categories used are as follows:

- **Level 1:** Quoted prices for identical instruments in an active market;
- **Level 2:** Directly or indirectly observable market inputs, other than Level 1 inputs; and
- **Level 3:** Inputs which are not based on observable market data.

a) The following are the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair value are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels of fair value measurement as prescribed under the Ind AS 113 "Fair Value Measurement".

b) There are no transfers between levels during the year.

45 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's activities expose it to the following risks:

- a) Credit risk
- b) Liquidity risk
- c) Market risk

45.1 Credit risk

Credit risk is the risk that counter party will not meet its obligations under a financial instruments or customer contract leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities including deposits with banks and financial institutions, investments, foreign exchange transactions and other financial instruments.

Notes forming part of the Standalone Financial Statements

for the year ended March 31, 2022

Trade and other receivables

Customer credit risk is managed by the Company subject to the Company's established policy, procedures and control relating to customer credit risk management. Concentration of credit risk with respect to trade and other receivables are limited, due to the Company's customer / other party base being large and diverse. All trade and other receivables are reviewed and assessed for default on a quarterly basis. Our historical experience of collecting receivables is that credit risk is low. Outstanding customer receivables / other party are regularly monitored and major customers / other party are generally secured by obtaining security deposits/bank guarantee or other forms of credit insurance. The maximum exposure to credit risk at the reporting date is the carrying value of trade receivable as disclosed in Note 16.

45.2 Liquidity risk

It is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Typically the Company ensures that it has sufficient cash on demand to meet expected short term operational expenses. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank loans/internal accruals. The table below provides details regarding the remaining contractual maturities of significant financial liabilities at the reporting date.

45.3 Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three type of risks:

Commodity price risk, Foreign exchange risk, and Interest rate risk.

1) Commodity price risk

The Company primarily imports cotton and rubber. It is exposed to commodity price risk arising out of movement in prices of such commodities. Such risks are monitored by tracking of the prices and are managed by entering into fixed price contracts, where considered necessary.

2) Foreign currency risk

The Company has Foreign Currency Exchange Risk on imports of input materials, Capital Equipment(s) in foreign currency for its business. The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. Certain transactions of the Company act as a natural hedge as a portion of both assets and liabilities are denominated in similar foreign currencies. For the remaining exposure to foreign exchange risk, the Company adopts a policy of selective hedging based on risk perception of the management using derivative, wherever required, to mitigate or eliminate the risk.

The Company's exposure to foreign currency risk at the end of the reporting period are as follows:

(I) Unhedged foreign currency exposure as at reporting date

3) Interest rate risk

The Company is exposed to risk due to interest rate fluctuation on long term borrowings. Such borrowings are based on fixed as well as floating interest rate. Interest rate risk is determined by current market interest rates, projected debt servicing capability and view on future interest rate. Such interest rate risk is actively evaluated and is managed through portfolio diversification and exercise of prepayment/refinancing options where considered necessary.

Independent Auditor's Report

To the Members of Dollar Industries Limited

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited the accompanying consolidated financial statements of **Dollar Industries Limited** (hereinafter referred to as "the Company") and its joint-venture which comprise the consolidated Balance sheet as at March 31, 2022, the consolidated Statement of Profit and Loss, (including Other Comprehensive Income), the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Company and its joint-venture as at March 31, 2022, its consolidated profit (financial performance, including other comprehensive income), its consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the consolidated Financial Statements' section of our report. We are independent of the company and its joint-venture in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants (ICAI) of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

Descriptions of Key Audit Matter	How we addressed the matter in our audit
<p>1. Estimation of rebates, discounts and sales returns</p> <p>(Refer Note 3.10 to the consolidated financial statements)</p> <p>The Company sells its products through various channels like distributors, retailers, e-commerce etc. and recognizes liabilities related to rebates, discounts and sales returns.</p> <p>As per the accounting policy of the Company, the revenue is recognised upon transfer of control of goods to the customer and thus requires an estimation of the revenue taking into consideration the rebates, discounts and sales returns as per the terms of the contracts. With regard to the determination of revenue, the management is required to make significant estimates in respect of following:</p> <ul style="list-style-type: none"> the rebates/ discounts linked to sales, which will be given to the customers pursuant to schemes offered by the Company; provision for sales returns, where the customer has the right to return the goods to the Company; and compensation (discounts) offered by the customers to the ultimate consumers at the behest of the Company. <p>The matter has been determined to be a key audit matter in view of the involvement of significant estimates by the management.</p>	<p>Our procedures included, but was not limited to the following:</p> <ul style="list-style-type: none"> Obtained a detailed understanding from the management with regard to controls relating to recording of rebates, discounts, sales returns and period end provisions relating to estimation of revenue, and tested the operating effectiveness of such controls; Tested the inputs used in the estimation of revenue in context of rebates, discounts and sales returns to source data; Assessed the underlying assumptions used for determination of rebates, discounts and sales returns; Ensured the completeness of liabilities recognised by evaluating the parameters for sample schemes; Performed look-back analysis for past trends by comparing recent actuals with the estimates of earlier periods and assessed subsequent events; Tested credit notes issued to customers and payments made to them during the year and subsequent to the yearend along with the terms of the related schemes. <p>Our Conclusion:</p> <p>Based on the above procedures, we did not identify any significant deviation to the assessment made by management in respect estimation of rebates, discounts and sales returns.</p>

Descriptions of Key Audit Matter	How we addressed the matter in our audit
<p>2. Recoverability of trade receivables</p> <p>(Refer Note 3.4.a and 16 to the Consolidated financial statements)</p> <p>The Company has trade receivables amounting to Rs. 40,208.65 lacs (net of provision for expected credit losses of Rs. 330.48 lacs) as at March 31, 2022 as detailed in Notes 16 to the consolidated financial statements.</p> <p>Due to the inherent subjectivity that is involved in making judgements in relation to credit risk exposures to determine the recoverability of trade receivables and significant estimates and judgments made by the management for provision for loss allowance under expected credit loss model. Based on above, the matter has been considered to be a key audit matter.</p>	<p>Our procedures included, but was not limited to the following:</p> <ul style="list-style-type: none"> Evaluated and tested the controls relating to credit control and approval process and assessing the recoverability of overdue receivables by comparing management's views of recoverability of overdue receivables to historical patterns of receipts, in conjunction with reviewing receipts subsequent to the financial year end for its effect in reducing overdue receivables at the financial year end. Checked on sample basis balance confirmations from customers to test whether trade receivables as per books are acknowledged by them. Reviewed at the adequacy of the management judgements and estimates on the sufficiency of provision for doubtful debts through detailed analyses of ageing of receivables and assessing the adequacy of disclosures in respect of credit risk. <p>Our Conclusion :</p> <p>Based on the above procedures, we did not identify any significant deviation to the assessment made by management in respect recoverability of trade receivables.</p>
<p>3. Inventories valuation and existence:</p> <p>(Refer Note 3.7 and 15 to the consolidated financial statements)</p> <p>The Company has Inventories of Rs. 47,520.93 lacs as at March 31, 2022 as detailed in Notes 15 to the consolidated financial statements.</p> <p>Inventories valuation and existence has been determined to be a key audit matter as inventories may be held for long periods of time before being sold making it vulnerable to obsolescence. This could result in an overstatement of the value of the inventories if the cost is higher than the net realisable value. Furthermore, the assessment and application of inventories provisions are subject to significant management judgment.</p>	<p>Our procedures included, but was not limited to the following:</p> <ul style="list-style-type: none"> Obtained a detailed understanding and evaluated the design and implementation of controls that the Company has established in relation to inventory valuation and existence. Observed the physical verification of inventories count at the financial year end and assessed the adequacy of controls over the existence of inventories. Obtained assurance over the appropriateness of management's assumptions applied in calculating the gross profit margin and discounts to be deducted from sales price to arrive at cost of goods. Evaluated management judgment with regards to the application of provisions to the inventories. <p>Our Conclusion :</p> <p>Based on the above procedures, we did not identify any significant deviation to the assessment made by management in respect Inventories valuation and existence.</p>

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and Those Charged with Governance for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and its joint-venture and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement,

whether due to fraud or error, which have been used for the purpose of the Consolidated Financial Statement by the Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective management and Board of Directors of the Companies included of the Company and its joint venture is responsible for assessing the Company and its joint venture's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company and its joint venture or to cease operations, or has no realistic alternative but to do so. The respective Board of Directors of the Company and its joint venture are responsible for overseeing the financial reporting process of the Company and its joint-venture.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company and its Joint venture's

ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company and its joint venture to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Company or business activities of the Company and its Joint Venture to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such Company and its joint venture or business activities included in the Consolidated Financial Statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3(xx) Order.
2. As required by section 143 (3) of the Act, based on our audit referred to in the other matter paragraph above, we report, to the extent applicable that:

 - (f) With respect to the adequacy of the internal financial controls with reference to consolidated financial statement of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B", which is based on the audit report of the company. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting. The joint venture has been exempted from the requirement of its auditor reporting on whether the Company has adequate internal financial controls in place and operating effectiveness of such controls (clause (i) of section 143(3));

- (g) In our opinion, the managerial remuneration for the year ended 31st March, 2022 has been paid/ provided by the Company and its joint venture to its directors in accordance with the provisions of section 197 read with Schedule V to the Act; and
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Consolidated Ind AS financial statements has disclosed the impact of pending litigations on its Consolidated financial position of the Company and its joint venture in its Consolidated financial statement- Refer Note 39;

Report on the Internal Financial Controls with reference to financial statement under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls with reference to financial statements of **Dollar Industries Limited** ("the Company") as of March 31, 2022 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date. The joint venture has been exempted from the requirement of its auditor reporting on whether the Company has adequate internal financial controls with reference to financial statements in place and operating effectiveness of such controls (clause (i) of section 143(3));

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of

Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to consolidated financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

6. A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

8. In our opinion and to the best of the information and explanations given to us, the Company has, in all material respects, an adequate internal financial controls system

with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

2 BASIS OF ACCOUNTING

2.1 Statement of compliance

These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as prescribed by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 (the Act), read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended), other relevant provisions of the Act and other accounting principles generally accepted in India.

The consolidated financial statements of the Company for the year ended March 31, 2022 have been approved by the Board of Directors in their meeting held on May 23, 2022.

2.2 Basis of measurement

The consolidated financial statements have been prepared on historical cost basis, except certain financial assets and liabilities (including derivative instruments) that is measured at fair value/amortised cost.

2.3 Functional and presentation currency

The consolidated financial statements have been presented in Indian Rupee (₹), which is also the Company's functional currency. All financial information presented in ₹ has been rounded off to the nearest lacs as per the requirements of Schedule III, unless otherwise stated.

2.4 Current/Non-current classification

The Company presents assets and liabilities in the consolidated balance sheet based on current/ non-current classification.

The asset/liability is classified as current if it satisfies any of the following conditions:

- the asset/liability is expected to be realized/settled in the Company's normal operating cycle;
- the asset is intended for sale or consumption;
- the asset/liability is held primarily for the purpose of trading;
- the asset/liability is expected to be realized/settled within twelve months after the reporting period;
- the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- in the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

The Company classifies all other assets and liabilities as non-current.

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing and their realization in cash and cash equivalents.

2.5 Use of estimates and judgements

The preparation of consolidated financial statements require judgements, estimates and assumptions to be

Notes forming part of the Consolidated Financial Statements

made that affect the reported amount of assets and liabilities including contingent liabilities on the date of the consolidated financial statements and the reported amount of revenues and expenses during the reporting period. Difference between actual results and estimates are recognized in the period prospectively in which the results are known / materialized.

3 SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the consolidated financial statements is as given below. These accounting policies have been applied consistently to all the periods presented in the consolidated financial statements.

3.1 Property, Plant and Equipment

a) Recognition and Measurement

Property, plant and equipment held for use in the production or/and supply of goods or services, or for administrative purposes, are stated in the consolidated balance sheet at cost, less any accumulated depreciation and accumulated impairment losses (if any).

Cost of an item of property, plant and equipment acquired comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting any trade discounts and rebates, any directly attributable costs of bringing the assets to its working condition and location for its intended use and present value of any estimated cost of dismantling and removing the item and restoring the site on which it is located.

In case of self-constructed assets, cost includes the costs of all materials used in construction, direct labour, allocation of directly attributable overheads, directly attributable borrowing costs incurred in bringing the item to working condition for its intended use, and estimated cost of dismantling and removing the item and restoring the site on which it is located. The costs of testing whether the asset is functioning properly, after deducting the net proceeds from selling items produced while bringing the asset to that location and condition are also added to the cost of self-constructed assets.

If significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

b) Subsequent Expenditure

Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced.

Major Inspection/ Repairs/ Overhauling expenses are recognized in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied. Any unamortized part of the previously recognized expenses of similar nature is derecognized.

Advances paid towards the acquisition of property, plant and equipment outstanding at each consolidated balance sheet date is classified as Capital Advances under other non-current assets.

c) Depreciation and Amortization

Depreciation is provided on written down method at the rates determined based on the useful lives of respective assets as prescribed in the Schedule II of the Act.

As per the Above policy, depreciation on the solar plant have been provided at the rate which are different from the corresponding rates prescribed in Schedule II based on the estimated useful life of the project.

	Useful life estimated by the management	Useful life as per schedule II
Solar Plant	25 years	-

Depreciation on additions (disposals) during the year is provided on a pro-rata basis i.e., from (up to) the date on which asset is ready for use (disposed off).

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

d) Disposal of Assets

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognized in the consolidated statement of Profit and Loss.

Notes forming part of the Consolidated Financial Statements

e) Capital Work in Progress

Capital work-in-progress is stated at cost which includes expenses incurred during construction period, interest on amount borrowed for acquisition of qualifying assets and other expenses incurred in connection with project implementation in so far as such expenses relate to the period prior to the commencement of commercial production.

3.2 Intangible Assets

Software which is not an integral part of related hardware is treated as intangible asset and are stated at cost on initial recognition and subsequently measured at cost less accumulated amortization and accumulated impairment loss, if any.

a) Recognition and Measurement

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortised on a straight line basis over their estimated useful economic lives.

b) Subsequent Expenditure

Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. All other expenditure is recognized in the Statement of Profit & Loss.

c) Amortization

- Intangible assets are amortized over a period of 3 years.
- The amortization period and the amortization method are reviewed at least at the end of each financial year. If the expected useful life of the assets is significantly different from previous estimates, the amortization period is revised accordingly.

d) Disposal

Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the Statement of Profit & Loss.

e) Intangible Assets under Development

Intangible Assets under development is stated at cost which includes expenses incurred in connection with development of Intangible Assets in so far as such expenses relate to the period prior to the getting the assets ready for use.

3.3 Investment in Joint Ventures

Investments in joint venture is carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of investment is assessed and an impairment provision is recognised, if required immediately, to its recoverable amount. On disposal of such investments, difference between the net disposal proceeds and carrying amount is recognised in the consolidated statement of Profit and Loss.

3.4 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a) Financial Assets

Recognition and Initial Measurement:

All financial assets are initially recognized when the Company becomes a party to the contractual provisions of the instruments. A financial asset is initially measured at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Classification and Subsequent Measurement:

For purposes of subsequent measurement, financial assets are classified in four categories:

- Measured at Amortized Cost;
- Measured at Fair Value Through Other Comprehensive Income (FVTOCI);
- Measured at Fair Value Through Profit or Loss (FVTPL); and
- Equity Instruments measured at Fair Value through Other Comprehensive Income (FVTOCI).

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

Measured at Amortized Cost: A debt instrument is measured at the amortized cost if both the following conditions are met:

- The asset is held within a business model whose objective is achieved by both collecting contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2022

of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method.

Measured at FVTOCI: A debt instrument is measured at the FVTOCI if both the following conditions are met:

- The objective of the business model is achieved by both collecting contractual cash flows and selling the financial assets; and
- The asset's contractual cash flows represent SPPI.

Debt instruments meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at fair value with any gains or losses arising on remeasurement recognized in other comprehensive income, except for impairment gains or losses and foreign exchange gains or losses. Interest calculated using the effective interest method is recognized in the consolidated statement of Profit and Loss in investment income.

Measured at FVTPL: FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as amortized cost or as FVTOCI, is classified as FVTPL. In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the consolidated statement of Profit and Loss.

Equity Instruments measured at FVTOCI: All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are, held for trading are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. In case the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment.

Derecognition

The Company derecognizes a financial asset on trade date only when the contractual rights to the cash flows from the

asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

Impairment of Financial Assets

The Company assesses at each date of consolidated balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and/ or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

b) Financial Liabilities

Recognition and Initial Measurement

Financial liabilities are classified, at initial recognition, as fair value through profit or loss, loans and borrowings, payables or as derivatives, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent Measurement

Financial liabilities are measured subsequently at amortized cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest rate method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on de-recognition is also recognized in consolidated statement of Profit and Loss.

De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the consolidated balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2022

and in the event of default, insolvency or bankruptcy of the counterparty.

c) Derivative financial instruments

The Company enters into derivative financial instruments viz. foreign exchange forward contracts to manage its exposure to interest rate and foreign exchange rate risks. The Company does not hold derivative financial instruments for speculative purposes.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognized in profit or loss immediately.

3.5 Impairment of Non-Financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. An asset is treated as impaired when the carrying cost of the asset exceeds its recoverable value being higher of value in use and net selling price. Value in use is computed at net present value of cash flow expected over the balance useful lives of the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (Cash Generating Units – CGU).

An impairment loss is recognized as an expense in the consolidated statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in earlier accounting period is reversed if there has been an improvement in recoverable amount.

3.6 Income Tax

Income Tax comprises current and deferred tax. It is recognized in the consolidated statement of Profit and Loss except to the extent that it relates to an item recognized directly in equity or in other comprehensive income.

a) Current Tax

Current tax liabilities (or assets) for the current and prior periods are measured at the amount expected to be paid to (recovered from) the taxation authorities using the tax rates (and tax laws) that have been enacted or substantively enacted, at the end of the reporting period.

b) Deferred Tax

Deferred Tax assets and liabilities shall be measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled based on tax

rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes (i.e., tax base). Deferred tax is also recognized for carry forward of unused tax losses and unused tax credits.

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period. The Company reduces the carrying amount of a deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or that entire deferred tax asset to be utilized. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profit will be available.

Deferred tax relating to items recognized outside the consolidated statement of Profit and Loss is recognized either in other comprehensive income or in equity. Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

3.7 Inventories

Inventories are valued at Cost or Net Realizable Value, whichever is lower. Costs incurred in bringing each product to its present location and condition are as follows:

Raw materials, consumables, and packing materials: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a weighted average.

Work-in-progress and Finished goods: Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of work-in-progress, (measured in Kgs) is determined on weighted average basis and cost of work-in-progress (measured in Pieces) is determined on retail sales price method. Cost of finished goods is determined on retail sales price method.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2022

3.8 Cash and Cash Equivalents

Cash and cash equivalents in the consolidated balance sheet comprise cash at banks and on hand and short term deposits with an original maturity of three months or less, which are subject to an insignificant risk of change in value.

3.9 Provisions, Contingent Liabilities and Contingent Assets

a) Provisions

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the consolidated balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost.

b) Onerous Contracts

Present obligations arising under onerous contracts are recognized and measured as provisions. An onerous contract is considered to exist when a contract under which the unavoidable costs of meeting the obligations exceed the economic benefits expected to be received from it.

c) Contingent Liabilities

Contingent liability is a possible obligation arising from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events but is not recognized because it is not possible that an outflow of resources embodying economic benefit will be required to settle the obligations or reliable estimate of the amount of the obligations cannot be made. The Company discloses the existence of contingent liabilities in other Notes to consolidated Financial Statements.

d) Contingent Assets

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits. Contingent Assets are not recognized though are disclosed, where an inflow of economic benefits is probable.

3.10 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the Government.

a) Sale of Goods

Sale of goods is recognised at the point in time when control of the goods is transferred to the customer. The revenue is measured on the basis of the consideration defined in the contract with a customer, including variable consideration, such as discounts, volume rebates, or other contractual reductions. As the period between the date on which the Company transfers the promised goods to the customer and the date on which the customer pays for these goods is generally one year or less, no financing components are taken into account.

Certain contracts provide a customer with a right to return the goods within a specified period. The company uses the expected value method to estimate the goods that will not be returned because this method best predicts the amount of variable consideration to which the company will be entitled. The requirements in Ind AS 115 on constraining estimates of variable consideration are also applied in order to determine the amount of variable consideration that can be included in the transaction price for goods that are expected to be returned instead of revenue the Company recognises a refund liability. A right of return asset and corresponding adjustment to change in inventory is also recognised for the right to recover products from a customer.

b) Sale of Services

In contracts involving the rendering of services, revenue is measured using the completed service method.

c) Other Operating Revenue

Export incentive and subsidies are recognized when there is reasonable assurance that the Company will comply with the conditions and the incentive will be received. Insurance & other claims, where quantum of accruals cannot be ascertained with reasonable certainty are recognized as income only when revenue is virtually certain which generally coincides with receipt/acceptance.

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2022

d) Interest Income

For all financial instruments measured at amortized cost, Interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset.

e) Dividend Income

Dividend Income from investments is recognized when the Company's right to receive payment has been established.

3.11 Government Grants

Government grants are recognized at their fair values when there is reasonable assurance that the grants will be received and the Company will comply with all the attached conditions. When the grant relates to an expense item, it is recognized as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. Grants related to purchase of property, plant and equipment are included in non-financial liabilities as deferred income and are credited to the Statement Profit and Loss on a straight line basis over the expected useful life of the related asset and presented within other operating revenue.

3.12 Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and

adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the lease term or useful life of right-of-use asset.

The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the consolidated statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and re-measuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and consolidated statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in consolidated statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2022

Lease liability and ROU asset have been disclosed separately on the face of the Balance Sheet and lease payments have been classified as financing cash flows.

Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease. If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 Revenue from contracts with customers to allocate the consideration in the contract.

3.13 Foreign Currency Transactions

The consolidated financial statements of the Company are presented in Indian Rupees (₹) which is the functional currency of the Company and the presentation currency of the consolidated financial statements.

Foreign currency transactions are translated into the functional currency using the spot rates of exchanges at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rate of exchanges at the reporting date.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities are generally recognized in consolidated statement of Profit and Loss in the year in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those qualifying assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings, the balance is presented in the consolidated statement of Profit and Loss within finance costs.

Non-monetary items are not retranslated at period end and are measured at historical cost (translated using the exchange rate at the transaction date).

3.14 Employee Benefits

a) Short Term Benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related services are provided. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period.

b) Post-Employment Benefits

The Company operates the following post-employment schemes:

Defined Benefit Plans

The liability or asset recognized in the consolidated balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.

The liability recognized for defined benefit plans is the present value of the defined benefit obligation at the reporting date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation.

Remeasurement of the net defined benefit obligation, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling, are recognized in other comprehensive income. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the consolidated statement of Profit and Loss.

Defined Contribution Plan

Defined contribution plans such as provident fund, ESI etc. are charged to the consolidated statement of Profit and Loss as and when incurred.

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2022

3.15 Borrowing Cost

Borrowing Costs consists of interest and other costs that an entity incurs in connection with the borrowings of funds. Borrowing costs also include exchange difference to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs directly attributable to the acquisition or construction of a qualifying asset are capitalized as a part of the cost of that asset that necessarily takes a substantial period of time to complete and prepare the asset for its intended use or sale. The Company considers a period of twelve months or more as a substantial period of time.

Transaction costs in respect of long term borrowing are amortized over the tenure of respective loans using Effective Interest Rate (EIR) method. All other borrowing costs are recognized in the consolidated statement of Profit and Loss in the period in which they are incurred.

3.16 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

3.17 Measurement of Fair Values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to

generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 – Inputs which are unobservable inputs for the asset or liability.

External valuers are involved for valuation of significant assets & liabilities. Involvement of external valuers is decided by the management of the Company considering the requirements of Ind AS and selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

3.18 Operating Segment

The Company's business activity falls within a single significant primary business segment i.e. 'hosiery and related service'. They are reviewed regularly by the chief operating decision maker to make decisions about resources to be allocated to the segments and assess their performance.

3.19 Recent Indian Accounting Standards (Ind AS) issued not yet effective

Ministry of Corporate Affairs ("MCA") notified new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 01, 2022, as below:

Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2022

assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 16 – Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in statement of profit or loss. The Company does not expect the amendment to have any impact in its recognition of its property, plant and equipment in its financial statements.”

Ind AS 37– Provisions, Contingent Liabilities and contingent assets

The amendment specifies that the ‘cost of fulfilling’ a contract comprises the ‘costs that relate directly to the contract’. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted. The Company does not expect the amendment to have any significant impact in its financial statements.

3.20 Earnings per share

Basic earnings per share is computed by dividing profit or loss for the year attributable to equity holders by the weighted average number of shares outstanding during the year. Partly paid up shares are included as fully paid equivalents according to the fraction paid up.

Diluted earnings per share is computed using the weighted average number of shares and dilutive potential shares except where the result would be anti-dilutive.

SIGNIFICANT JUDGEMENTS AND KEY SOURCES OF ESTIMATION IN APPLYING ACCOUNTING POLICIES

4 Information about significant judgements and key sources of estimation made in applying accounting policies that have the most significant effects on the amounts recognized in

the consolidated financial statements is included in the following notes:

- a) **Revenue recognition:** Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions and incentives, if any, as specified in the contract with the customer. The Company exercises judgment in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.
- b) **Recognition of Deferred Tax Assets:** The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company’s future taxable income against which the deferred tax assets can be utilized. In addition, significant judgement is required in assessing the impact of any legal or economic limits.
- c) **Useful lives of depreciable/ amortisable assets (tangible and intangible):** Management reviews its estimate of the useful lives of depreciable/ amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to actual normal wear and tear that may change the utility of plant and equipment.
- d) **Defined Benefit Obligation (DBO):** Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, medical cost trends, anticipation of future salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate. However, any changes in these assumptions may have a material impact on the resulting calculations.
- e) **Provisions and Contingencies:** The assessments undertaken in recognising provisions and contingencies have been made in accordance with Indian Accounting Standards (Ind AS) 37, ‘Provisions, Contingent Liabilities and Contingent Assets’. The evaluation of the likelihood of the contingent events is applied best judgement by

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2022

management regarding the probability of exposure to potential loss.

- f) **Impairment of Financial Assets:** The Company reviews its carrying value of investments carried at amortized cost annually, or more frequently when there is indication of impairment. If recoverable amount is less than its carrying amount, the impairment loss is accounted for.
- g) **Allowances for Doubtful Debts:** The Company makes allowances for doubtful debts through appropriate estimations of irrecoverable amount. The identification of doubtful debts requires use of judgment and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.
- h) **Fair value measurement of financial instruments:** When the fair values of financial assets and financial liabilities recorded in the consolidated balance sheet cannot be

measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The input to these models are taken from observable markets where possible, but where this not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

- i) **Extension and termination option in leases :** Extension and termination options are included in many of the leases. In determining the lease term the Management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. This assessment is reviewed if a significant event or a significant change in circumstances occurs which affects this assessment and that is within the control of the Company.

b) Defined Benefit Plan

The following are the types of Defined Benefit Plans:

(i) Gratuity Plan

Every employee who has completed five years or more of service is entitled to gratuity on terms not less favourable than the provisions of The Payment of Gratuity Act, 1972. The present value of defined obligation and related current cost are measured using the Projected Unit Credit Method with actuarial valuation being carried out at Balance Sheet date.

(ii) Provident Fund

Provident Fund (other than government administered) as per the provisions of the Employees Provident Funds and Miscellaneous Provisions Act, 1952.

c) Risk Exposure

Defined Benefit Plans

Defined benefit plans expose the Company to actuarial risks such as: Interest rate risk, Salary risk and Demographic risk.

a) Interest rate risk: The defined benefit obligation calculated uses a discount rate based on government bonds. If the bond yield falls, the defined benefit obligation will tend to increase.

b) Salary risk: Higher than expected increases in salary will increase the defined benefit obligation.

c) Demographic risk: This is the risk of variability of results due to unsystematic nature of decrements that includes mortality withdrawal disability and retirement. The effect of these decrements on the defined benefits obligations is not straight forward and depends on the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of the short career employee typically costs less per year as compared to a long service employee.

d) Reconciliation of the net defined benefit (asset)/ liability

The following table shows a reconciliation from the opening balances to the closing balances for the net defined benefit (asset)/ liability and its components:

i) Maturity Analysis

At March 31, 2022, the weighted average duration of the defined benefit obligation was 24 years (previous year 23 years). The distribution of the timing of benefits payment i.e., the maturity analysis of the benefit payments is as follows:

Expected benefits payment for the year ending	Gratuity (Unfunded)
March 31, 2023	13.08
March 31, 2024	7.14
March 31, 2025	6.37
March 31, 2026	11.19
March 31, 2027	33.35
March 31, 2028 to March 31, 2032	164.13
March 31, 2033 and beyond	2,653.06

Notes forming part of the Consolidated Financial Statements

j) Sensitivity Analysis

The sensitivity analysis below have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

Variable	Sensitivity Level	Effect on Defined Benefit Obligations			
		March 31, 2022		March 31, 2021	
		Increase	Decrease	Increase	Decrease
Discount rate	+/- 0.5%	558.74	664.29	486.03	579.82
Salary escalation rate	+/- 0.5%	661.31	561.95	576.65	488.47
Attrition rate	+/- 0.5%	604.99	611.99	527.24	533.24
Mortality rate	+/- 10%	607.94	608.99	529.65	530.80

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

43 FAIR VALUE OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES

43.1 The Company has measured its financial asset and financial liabilities at amortised cost, except as stated below:

Particulars	(₹ in Lacs)	
	March 31, 2022	March 31, 2021
Foreign exchange forward contract (MTM) - Profit/(Loss) (Level 1- Quoted price in active markets)	9.34	-

43.2 The management has assessed that the fair values of cash and cash equivalents, trade receivables, trade payables, lease liabilities, short term borrowings and other current financial liabilities approximates their carrying amounts largely due to the short-term maturities of these instruments. The management has assessed that the fair value of floating rate instruments approximates their carrying value.

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2022

43.3 The fair values of non-current borrowings are based on the discounted cash flows using a current borrowing rate. They are classified as Level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including own credit risks, which was assessed as on the balance sheet date to be insignificant.

44 FAIR VALUE HIERARCHY

The fair value of financial instruments are classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The categories used are as follows:

- **Level 1:** Quoted prices for identical instruments in an active market;
 - **Level 2:** Directly or indirectly observable market inputs, other than Level 1 inputs; and
 - **Level 3:** Inputs which are not based on observable market data.
- a) The following are the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair value are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels of fair value measurement as prescribed under the Ind AS 113 "Fair Value Measurement".
- b) There are no transfers between levels during the year.

45 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's activities expose it to the following risks:

- a) Credit risk
- b) Liquidity risk
- c) Market risk

45.1 Credit risk

Credit risk is the risk that counter party will not meet its obligations under a financial instruments or customer contract leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities including deposits with banks and financial institutions, investments, foreign exchange transactions and other financial instruments.

Trade and other receivables

Customer credit risk is managed by the Company subject to the Company's established policy, procedures and control relating to customer credit risk management. Concentration of credit risk with respect to trade and other receivables are limited, due to the Company's customer / other party base being large and diverse. All trade and other receivables are reviewed and assessed for default on a quarterly basis. Our historical experience of collecting receivables is that credit risk is low. Outstanding customer receivables / other party are regularly monitored and major customers / other party are generally secured by obtaining security deposits/bank guarantee or other forms of credit insurance. The maximum exposure to credit risk at the reporting date is the carrying value of trade receivable as disclosed in Note 16.

45.2 Liquidity risk

It is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Typically the Company ensures that it has sufficient cash on demand to meet expected short term operational expenses. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank loans/internal accruals. The table below provides details regarding the remaining contractual maturities of significant financial liabilities at the reporting date.

45.3 Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three type of risks:

Commodity price risk, Foreign exchange risk, and Interest rate risk.

1) Commodity price risk

The Company primarily imports cotton and rubber. It is exposed to commodity price risk arising out of movement in prices of such commodities. Such risks are monitored by tracking of the prices and are managed by entering into fixed price contracts, where considered necessary.

2) Foreign currency risk

The Company has Foreign Currency Exchange Risk on imports of input materials, Capital Equipment(s) in foreign currency for its business. The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. Certain transactions of the Company act as a natural hedge as a portion of both assets and liabilities are denominated in similar foreign currencies. For the remaining exposure to foreign exchange risk, the Company adopts a policy of selective hedging based on risk perception of the management using derivative, wherever required, to mitigate or eliminate the risk.

The Company's exposure to foreign currency risk at the end of the reporting period are as follows:

Sensitivity analysis

The analysis is based on assumption that the increase/decrease in foreign currency by 5% with all other variables held constant, on the unhedged foreign currency exposure.

Variable	Change	March 31, 2022		March 31, 2021	
		Impact on		Impact on	
		Profit before tax	Other equity	Profit before tax	Other equity
USD sensitivity (Increase)	+5%	129.52	96.92	35.70	26.71
USD sensitivity (Decrease)	-5%	(129.52)	(96.92)	(35.70)	(26.71)

3) Interest rate risk

The Company is exposed to risk due to interest rate fluctuation on long term borrowings. Such borrowings are based on fixed as well as floating interest rate. Interest rate risk is determined by current market interest rates, projected debt servicing capability and view on future interest rate. Such interest rate risk is actively evaluated and is managed through portfolio diversification and exercise of prepayment/refinancing options where considered necessary.
