CHAIRMAN MESSAGE

Dear Shareholders,

I trust that you and your families are keeping well.

Within a record short time, the COVID-19 pandemic has forcefully changed the rules of the game in the commercial and social sphere all over the world. It has taken all of us by surprise but also on the unprecedented challenges of the past year and the way in which everyone across the company has helped navigate our way through the most testing 12 months in our history.

When the last year started rolling with the successful IPO. The pandemic had started but we did not know the depth of the COVID-19 economic downturn, or its length. During the early days of the pandemic the outlook looked bleak for businesses challenges with our business operations and office closed for much of the year.

The business's response to these unprecedented challenges has been outstanding. Prudent and tough decisions on cost and cash controls meant sacrifices by many within the business. Colleagues demonstrated remarkable resilience as they embraced new ways of working, many working from home for over a year. As I look at how we finished financial year 2020-21 with lot of hurdles due to the impact of Covid 19 and with support all we have come out with the good results, and we were all looking forward with optimism and courage for an even better year ahead. and we believe our performance is very creditable.

I would like to express my deep thanks to the Company Staff and Management team and for their hard work and the sacrifices they have made to finish the year as positively and strongly as could have been imagined in those early months.

Our team have moved quickly to focus on areas of the business that will help us to return to growth as we emerge from the pandemic. From an increased and improved approach to business, a renewed focus on growth and ongoing new strategies and Innovative Ideas.

In Conclusion Tranway has navigated our way well through a tumultuous year and the effects of the pandemic. We did so thanks to the dedication, capability, and resilience of our people. We now look to governments across the world to play their part in the post-Covid recovery

and to create the positive conditions where companies and industries can grow and prosper. With clarity, focus and confidence in the future I am confident that we will emerge from the pandemic ready to build an even stronger Company.

Best Regards

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDIAN ECONOMIC SCENARIO

Within a record short time, the COVID-19 pandemic has forcefully changed the rules of the game in the commercial and social sphere all over the world. The economy was gradually turning towards recovery early this year until the much more severe second COVID-19 wave hit India in April. The comforting news is that improving business sentiments, coupled with a strong recovery among industrial nations, propelled growth in the January–March quarter of FY 2020–21. While substantial spending by the government provided the biggest boost to growth, private investments.

From April to June 2020, India’s GDP dropped by a massive 24.4%. According to the latest national income estimates, in the second quarter of the 2020/21 financial year (July to September 2020), the economy contracted by a further 7.4%. The recovery in the third and fourth quarters (October 2020 to March 2021) was still weak, with GDP rising 0.5% and 1.6%, respectively. This means that the overall rate of contraction in India was (in real terms) 7.3% for the whole 2020/21 financial year.

INDUSTRY STRUCTURE, DEVELOPMENTS AND OUTLOOK

The Company is engaged into IT Consulting, Software development and Staffing Resources for its clients across the Globe. The Company is majorly into Staffing Services. The Management has considered the impact of Covid-19 on the business of the Company and with support all we have come out with the good results, and we were all looking forward with optimism and courage for an even better year ahead.

We provide our clients with competitive advantages by applying various emerging technologies and ensuring cyber resilience and cyber assurance.

Given the proliferation of COVID-19 throughout India, the Company remained committed to its belief of protecting the health, safety and well-being of employees were its paramount objectives. Consequently, special attention was paid to and invested in health of its employees and related safety initiatives. As a step towards this, the employees were given ‘work from home’ (WFH) model from 22 March 2020 and still it is ongoing, and the Company’s HR business partners and team facilities are in constant touch with all employees to provide support, as required. “Despite the impediments due to Covid-19, company has taken innumerable steps to drive social protection to employees, which has led to an increase in

productivity. We will remain resolute in our goals of employee safety, business continuity and of being a trusted partner to our customers.

Further in the post COVID-19 era, it is most likely that the Company will focus on the core business activities and look at opportunities to relook at our business model.

OPPORTUNITIES, THREATS AND CHALLENGES

Company is finding new opportunities in digitalisation of the workforce and providing solutions to meet new challenges and demands from customers in times of Covid-19. Organization now started shifting to invest in digital platforms and technology capacity to master future challenges. The Company is continuously integrating new technologies in its portfolio to offer platform led digital transformation. This opens up more opportunities for the Company's business.

RISKS AND CONCERNS OVER THE BUSINESS OF THE COMPANY:

Under the present scenario the recruitment industry has been severely impacted and our own business is facing employee termination by many global flagship organization and also lesser hiring trends by the conglomerates.

The industry is witnessing an adoption of disruptive technologies, evolution in business models and consumer spending patterns. This is a threat to growth in traditional IT spends and technology obsolescence. The Indian IT companies and MNC IT service companies having sizable presence in low-cost geographies, deep pockets, strong client relationships, in-house and captive services companies etc. are competing with global players. This stiff competition can pressurize pricing, vendor consolidation and impact the Company's growth and profitability

INTERNAL CONTROL SYSTEM AND PLANNING:

Responsibilities for Audit of Standalone Financial Statement

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Responsibilities for Audit of the Consolidated Financial Statement

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on the internal financial controls with reference to the consolidated financial statements and the operating effectiveness of such controls based on our audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability including its subsidiary to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the such entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial information of the entities included in the consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

ANNEXURE – ‘B’ TO THE INDEPENDENT AUDITORS’ REPORT

(Referred to in paragraph(f) under ‘Report on Other Legal and Regulatory Requirements’ of our report of even date)

Report on the Internal Financial Controls with reference to Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated financial statements of the Company and its subsidiary as of and for the year ended 31st March 2021, we have audited the internal financial controls with reference to consolidated financial statements of **TRANWAY TECHNOLOGIES LIMITED** (“the Company”) and its subsidiary, which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of directors of the company and its subsidiary are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system with reference to consolidated financial statements.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A Company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to consolidated financial statements includes those policies and procedures that -

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company, its subsidiary, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2021, based on the internal control with reference to consolidated financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
