CHARTING A NEW GROWTH STORY

We are leveraging our substantial manufacturing capabilities by venturing into the Western Indian markets.

We intend to continue diversifying our product portfolio in a sustainable manner. We are committed to decrease our carbon footprint and are focused on improving our efficiencies to reduce wastage, sourcing materials locally to aid local economies and reduce transport emissions, reduce our freshwater usage and increasing our reliance on renewable power.

We are already working towards attracting more talent and expanding our management, which will act as catalysts in our transition to a more sustainable company. We are capitalising on the growth opportunities enabled by a growing middle class and the increasing focus by the government to boost economic growth.

We are actively working towards minimising our impact on the environment and the communities in and around which we operate. To ensure we fulfill our duties as a responsible corporate citizen, we continuously engage with our stakeholders to come up with the best and the most effective solutions for every situation.

ABOUT US

A NEW GROWTH PARADIGM

We have established ourselves as a premium manufacturer of iron and steel products. We have transformed ourselves into an integrated steel manufacturer mainly catering to the South Indian market. With a diverse product portfolio and an expanding market reach, we are poised to continue growing and enhancing value for all our stakeholders.

As we continue to become a prominent market player in the industry, we are planning to expand our geographical presence through increasing our product diversity and targeting markets with high growth potential.

Our Vision

To be one of the top-notch iron and steel suppliers in our segment, catering to industry needs

Our Mission

To develop our nation and make it a better place to live by building a robust economy coupled with strong infrastructure

OUR BUSINESS SEGMENTS

DIVERSIFIED PRODUCT BASKET

We are committed to provide a variety of products in order to meet the evolving needs and requirements of our clients. Our unwavering focus towards constant improvement in quality has been the reason for our success as we continue to establish our presence across the country.

Sponge Iron

The steel-melting scrap and sponge iron is used in the ratio of 30/70 for producing finished steel products. We recently forayed into sponge iron manufacture with production at our recently acquired unit

MS Billets

The MS billets as product and key input for the rolling mill to produce HR strips. We develop a wide range of best-quality billets for manufacturers of quality steel products to rolling mills

Key Applications & Downstream Industries

Self-consumption and as raw material by other steel manufacturers

Rolling of TMT Re-Bars of Fe500 and Fe550 grades and various other structural steel products such as round bar, flat bar, along with application as angles, channels and girders

Key Differentiator

Provides backward integration and quality control, along with an opportunity to monetise excess production to other users

Wide range of premium quality products with option to customise in terms of dimensions to specific requirements

To continue providing the best possible value for our consumers, we have been focusing on horizontal and vertical growth of our product portfolio.

HR Strips

These products are processed after the HR operation is conducted on MS billets in the rolling mill. We manufacture best-in-class HR Strips highly durable products using the latest technology

For simple bends, complex draws & structural applications in different industrial setups

Technology driven premium quality product available in varied shapes and sizes

MS Tubes & Pipes

The pipes and tubes are made from strips of Hot-Rolled (HR) steel passed through forming rolls and welded into various shapes. We develop superior quality round steel pipes, square steel pipes, rectangular steel pipes and D-shaped pipes and railing pipes

Residential as well as commercial applications across multiple industries

Products are available in varied diameter and thickness to cater to range of audience

Scaffolding

Scaffoldings are temporary platforms used to elevate and support workers and materials primarily during the construction, repair, or cleaning of a structure or machine. We offer our customers, products tailored to their requirements

Construction industry

Customisable premium quality products as per the requirement of the client

OUR STRENGTHS

LEVERAGING STRENGTHS FOR CONSISTENT GROWTH

We capitalise on our inherent strengths to create sustainable value for all our stakeholders.

Experienced and qualified team

Under the guidance of our senior management over the years, we have been able to establish a strong legacy. Our promoters and senior management team have worked tirelessly and guided us through various stages of our growth. As they have stayed with us for a long period of time, they are well-versed with our business strategies, making our operating model as efficient as possible.

Environment-friendly manufacturing process

We installed a hot charging production technique since it uses less coal and electricity. To enable a seamless transition from one manufacturing process to the next, we have synchronised our operations. Our smoke-emitting chimneys have pollution control devices installed to capture the dust particles, which are subsequently saved in filter bags for disposal.

Integrated nature of our operations

Our production process is both cost and time-efficient as we use iron ore to create sponge iron, which is then processed through several phases to build our final products, MS Pipes and Scaffolding. We have the flexibility to service to a wider range of customers across multiple sectors because to our ability to adjust the product mix in response to changes in market demand and supply dynamics.

Pricing advantage of our products

Since our products are the result of backward integration, we can successfully compete with other industry participants. In contrast to our competitors, we have the manufacturing flexibility to tailor our products' thickness, length, and quality, whereas they only produce and market goods in accordance with the conventional industry sizes or measurements.

Cost advantage in manufacturing our products

We devised a production procedure that reduces expenses, giving us a competitive price edge over other companies in the sector. We have coordinated our operations such that each product follows the other without a pause, which reduces costs and saves time. In Unit I, where we manufacture the whole spectrum of our products, from MS Billets to Mild Steel (MS) Pipes and Scaffolding, we have implemented several processes.

Strategic location of manufacturing units

Our Unit I is located near the Jadcherla industrial region, in the Mahabubnagar District, around 70 kilometres from Hyderabad. Because of this close proximity, we have easy access to raw materials, power, water and skilled labour.

Unit II is situated in the Andhra Pradesh district of Anantapur, about 18 kilometres from Bellary, one of the major centres to produce iron ore in South India. The advantages of logistics when taking accessibility and proximity into account, are provided by the connectivity between Unit II and southern markets.

MANAGING DIRECTOR'S MESSAGE

BUILDING PATHWAYS TO SUSTAINABLE GROWTH

I am extremely proud to be presenting our first Annual Report as a listed company. As we embark on this new journey, our sole focus will be on ensuring that we are able to deliver sustained value for all our stakeholders.

70.03%

INCREASE IN
REVENUE OVER
FY 2020-21

Dear shareholders,

I hope that this finds you well and your loved ones are safe and in good health.

I want to begin by extending my heartfelt gratitude towards the medical fraternity and governments across nations for their contribution and resilience during the COVID-19 pandemic. A multitude of initiatives were undertaken towards disaster management and addressing the economic disruptions. Timely roll-out of vaccinations, stringent measures to curb the spread of the virus and effective medical recourses offered to patients, have helped the world in gradually coming close to normalcy.

The last two years were probably the most challenging one in history as the advent of the pandemic brought about a set of completely unprecedented challenges. It is fair to say that none of the economies across the globe were immune to the disruptions it brought forth, including India.

However, I am pleased to say that I am extremely optimistic about the fact that the worst is behind us now. India demonstrated remarkable resilience, validated by the fact that it grew by 8.9% during CY2021, the fastest among major global economies. This was only made possible due to wide-scale vaccination campaigns across the country, easing of Covid restrictions in a phased manner, and proactive policy response from the Government of India and Reserve Bank of India (RBI).

As we embark on our journey as a listed company, it is imperative to note that certain industry developments have left us with extreme optimism about what the future holds for us. We have witnessed a transition of end-user preference from angles to pipes for aesthetics and lower weight, which is bound to bode well for us. In addition to this, the increase in purchasing power among the semi-urban and rural population has significantly increased the demand for branded products and is only expected to increase over the foreseeable future.

Besides this, we have noticed an increased awareness among the consumers regarding secondary steel products. Increased awareness about the durability, finish and product life among the consumers is expected to drive demand over the foreseeable future. The overall stock in inventory has gone down to almost negligible levels and we expect to witness an uptick in demand over the foreseeable future, especially during the heightened government activity in 2024.

Despite the multitude of challenges, we demonstrated remarkable resilience and recorded impressive numbers. We recorded revenue of ₹433.28 crores, an increase of 70.03% over the previous year. Our EBITDA stood at ₹58.83 crores and posted a profit after tax of ₹31.96 crores, a substantial

increase of 68.26% and 111.19% respectively. This growth could be attributed to a culmination of factors including the integrated nature of our operations, efficient processes, price advantage and good governance, among others.

Our focus going forward will be to ensure that we continually invest in our internal capabilities and capacities to ensure we are able to carve out a larger market share. Our successful listing places us in a favourable position to embark on these pathways to capitalise on future opportunities. In addition to this, we are also working towards widening our footprint across the country. Over the years, we have been able to solidify our position in the Southern markets. Leveraging our experience and expertise, our focus will be on deepening our footprint in the existing markets as well as becoming a prominent player in western India.

We have embedded sustainability as a part of our broad strategic pillars and place emphasis on sharpening our Environment, Social and Governance (ESG) focus. Guided by our experienced Board of Directors, we are striving to reach the levels of industry benchmarks. We have also put in place targets that are a testimony of our continued commitment to sustainability. As we move through the new normal, our focus on sustainability and ESG remain strongest to the core.

Considering the ambitions we have, it is imperative that we are backed by experienced professionals, who would help us achieve our goals. We are diligently working towards attracting the right talent and expanding our management bandwidth. In addition to this, employee safety and well-being is one of our top priorities and I am extremely proud to say that as a result of our concerted focus, we recorded zero fatalities during the year under review.

We have always been a responsible organisation and are always on the lookout to widen the overall prosperity cycle. We place immense focus on environment and community-driven initiatives, in line with our firm belief: a business is only successful if it brings about a transformative change in the community. Going forward as well, this will continue to be one of our major focus areas.

On behalf of the Board of Directors, I want to thank every stakeholder for their unwavering support as we made this transition to a public company. We will uphold the highest levels of ethics and transparency as we charter a growth story that you will be proud of.

Regards,

Rupesh Kumar Gupta

OUR FOCUS AREAS

TAKING STRIDES TO SUSTAIN VALUE

Since our inception, we have focused on improving our efficiencies and developing a healthy work environment for all our employees. Our priority remains to achieve sustainable growth and milestones in an ever-growing industry.

Upgrading our manufacturing facilities

We have been improving our value creation model on a regular basis. We have focused on optimising our resource utilisation, improving our manufacturing process and upskilling our workers. We have invested heavily in integrating the latest technologies into our facilities. Our chemists and engineers constantly try to come up with more innovative and efficient solutions to improve our manufacturing processes.

Increasing our operational efficiency

Over the years, we have achieved remarkable operational output due to our constant initiatives towards process improvement, customer service, quality and technology development. Going forward as well, we will continue to invest in improving our process efficiencies.

Expanding the value we provide

We are transitioning towards manufacturing value-added products which have historically resulted in better margins and a bigger market to cater to. We are revamping and extending our current manufacturing capabilities to manufacture certain value-added products. We are diversifying our product range by expanding horizontally and vertically across many of our existing products.

Expanding our manufacturing capacity

We are investing towards expanding our MS Pipe manufacturing capacity by setting up two more pipe mills alongside our Unit 1. This expansion is expected to increase our capacity from 84,000 MTPA to 1,32,000 MTPA. We are investing in expanding our Furnace Unit capacity from 95,832 MTPA to ~1,04,500 MTPA.

With our goal of becoming an end-to-end cost effective manufacturer of products, we are exploring backward and forward integration initiatives.

Expanding our geographical footprint

We have recently started serving the markets in Western India alongside Southern India. Our robust distribution channels which have been pivotal to our growth over the years, have only been further developing in our existing as well as new markets. We are focused on increasing our market penetration through these established distribution channels and improve our sales in markets with lower logistical expenses.

ENVIRONMENT

STRIVING TOWARDS A CIRCULAR ECONOMY

As a responsible organisation, we are always working towards ensuring that we are able to reduce our carbon footprint. Our goal is to produce steel in a sustainable manner, in line with global benchmarks. We have undertaken a multitude of initiatives in this regard and will continue to do so across all business verticals to achieve greener operations.

Recycling

In our bid to make steel in a sustainable manner and as part of our commitment to a circular economy, we recycle scrap steel and use it as a primary material in our production process. We have policies and processes in place for reducing energy usage and minimising our environmental footprint across the value chain through the usage of scrap steel and sponge iron for the production of our finished steel products.

Water management

We are always working on reducing water wastage in all our manufacturing units to ensure reduced depletion of our natural resources. We place great emphasis on aligning our water conversion and management policies, and is of paramount importance while making decisions, either for a new project or expansion of an existing one.

Pollution control

We understand the importance of maintaining the air quality in and around the areas of our manufacturing facilities. We constantly strive to reduce the emissions from our manufacturing processes and have strategies in place to further reduce it over the foreseeable future to ensure a safe environment for our employees, communities and have a positive impact on the environment.

Renewable energy

One of our major focus areas is to ensure the increase renewable power resources in our total energy mix. As of 31st March, 0.39% of our power requirements were met through renewable sources. We have also been procuring renewable energy from Indian Energy Exchange (IEX) for. By FY 2022-23, we intend on installing new solar rooftops with a power generation capacity of 1,500 Kwph in our manufacturing units.

Management Discussion & Analysis

Economic Review

As India continues to recover from a turbulent couple of years caused by the pandemic. The Government of India (GoI) rolled out many policies, initiatives and schemes to enable the economy to grow at a rapid pace. These were very successful as India's growth recovery was incredible with forecasts pointing towards a continued stable growth in the upcoming years. The Indian GDP grew at 8.7% in FY 2021-22 and is expected to register a growth of 7.4% in 2022-23.

Government initiatives

The Government of India rolled out many fiscal programmes to further boost the economic recovery of the country. Budget 2022-23 focuses on macro-economic issues and micro-economic issues to continue making an 'Aatmanirbhar Bharat' (self-reliant India). With many schemes across sectors, populations across the country will thrive and grow to strengthen the economy push for growth.

PLI Schemes

Aligning itself with India's "Make in India" policy, a Production-Linked incentive (PLI) scheme has been placed for the specialty steel industry. The country wants to lower its dependence on exports by expanding and improving its local production capacity of specialty steel products. The PLI scheme which will be applicable from FY2023-24 to FY2028-29, is expected to benefit all the steel players in the country irrespective of their size.

Outlook

We are confident that FY 2022-23 will be a prosperous year in terms of growth. The economies across the world have experienced a steady growth post-pandemic with India also being one of them. With a GDP of 8.7% for FY 2021-22, India has become one of the highest growing economies. This kind of recovery has only been made possible by consistent fiscal packages and quick changes in consumer habits. Investments in infrastructure across the country is going to enable this growth and we want to play a role in catalysing this growth. India's growth is not expected to slow down anytime soon however, geopolitical tensions might provide friction to this growth.

Steel industry overview

The demand for steel is expected to increase substantially due to government's continues investments in public infrastructure coupled with the rapid recovery of the economy. All the forecasts predict a steady run for the steel industry in FY2022-23. With the Ukraine-Russia conflict, there is a possibility of increase demand for exports for the industry in the coming years.

The demand for steel is expected to grow at ~8% in FY2022-23 according to Investment Information and Credit Rating Agency of India (ICRA) limited. Due to many fiscal policies and changes in the entire environment over the years, the steel industry is now more resilient to changes with industry capacity utilization expected to be ~80%.

Risk Management

Liquidity risk

Expansion projects have always put more pressure on our liquidity. To mitigate this risk, we fund majority of our projects through internal accrual, with cash generated from the projects already completed getting ploughed back to our capital expenditure. We expect the risk on balance sheet to diminish significantly as we are transitioning towards a digital mode, leading to a decrease in our financial leverage.

Quality risk

Over the years, we have established such a leading market position because of our quality of products and our approach to consumer engagement. We recognize that failure to maintain this quality can drastically impact our market position. We constantly review our operations to identify any gaps there might which can potentially impact the quality and take necessary measures to ensure that those gaps are filled.

Customer risk

We value each and every consumer of ours and recognize the revenue each and every consumer brings. As we continue to expand our horizons and add more consumers to our client base, we diversify our source of revenue which helps us ensure that we are not reliant on only a few number of clients.

Price risk

Supply chain disruptions and inflation can impact pricing of our raw materials, to tackle this we have transitioned to a backward integration model which has enabled us to control our margins. Our premium products have led to an increase in our profitability margins as we expand our product portfolio to continue this trend.

Regulatory risk

Our internal control system and stringent compliance process ensure that we comply with all the policies and regulations. We have established a 'zero tolerance' internal policy when it comes to non-compliance.

Financial performance

- We posted revenues of ₹ 433.28 crores compared to ₹ 254.82 crores in the previous year, a substantial increase of 70.03%.
- Our EBITDA stood at ₹ 58.83 crores compared to ₹ 34.97 crores in the previous year, an increase of 68.26%.
- We posted a profit after tax of ₹ 31.96 crores, compared to ₹ 15.13 crores in the previous year, a significant increase of 111.19%.

Independent Auditors' Report

To the Members of Hariom Pipe Industries Limited
 (Formerly known as "Hariom Concast & Steel Private Limited")

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Hariom Pipe Industries Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS"), and the other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022, and its profit including other comprehensive income, the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date.

We have determined the matters described below to be the key audit matters to be communicated in our report.

The key audit matters	How our audit addressed the key audit matter
Key audit matter description 1. Borrowings: Non-Current ₹ 3449.97 (refer note 12) During the year, the company has obtained new loans from Canara Bank and Kotak Mahindra Prime Limited (finance Company) for ₹ 1130 Lakhs and ₹ 17.85 lakhs respectively. The outstanding loan amounts which are included in the above outstanding are ₹ 1130 lakhs and ₹ 11.83 Lakhs (excluding ₹ 5.57 lakhs classified as current maturity of long-term borrowings) at the year end. We considered the above matter as a key audit matter to ascertain whether a) the procedure followed for the borrowings made by the company was in accordance with the provisions of the Act b) the Companies (Registration of Charge) Rules 2014 have been complied with by the company. c) The repayments of the loans are made in accordance with the sanction letters. d) There is any default in repayment of any instalment of the loan. e) Proper disclosure is made in the financial statements.	Principal Audit Procedures We reviewed the: i. Board minutes for the acceptance of the loan with reference to the borrowing powers of the Board in accordance with the provisions of section 180 of the Act. ii. The sanction letters received from the respective bank and finance company. iii. The e-forms (CHG 1) filed with the Ministry of Corporate affairs in accordance with the provisions of the Companies (Registration of Charge) Rules 2014 for creation/modification of charge. iv. Other supporting documents in relation to the above such as Invoices and purchase Orders for acquiring the property, plant and equipment financed against the above loans. We concluded that: (a) the borrowings made by the Company during the year were within the power of the Board in accordance with the provisions of section 180 of the Act (b) The charge in respect of secured loan was created with the Ministry of Corporate Affairs (MCA) as required by the Companies (Registration of Charge) Rules 2014. (c) The instalments of the loans were repaid where applicable in accordance with the terms and conditions of the sanction letter and there was no default or delay in the repayment of loan instalment or interest thereon. (d) The borrowings were properly disclosed in the financial statements based on the securities provided.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Financial Statements for the financial year ended 31st March, 2022. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and

presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies

Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the IND AS specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these Financial Statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" to this report. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us.
 - (i) The company has disclosed the impact of pending litigations as on 31st March, 2022 on its financial position in its financial statements refer notes 32.
 - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - (iii) There are no amounts required to be transferred to the Investor Education and Protection Fund by the Company.
 - (iv)(a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded

in writing or otherwise, that the Intermediary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries (Refer Note 8(iv) to the standalone financial statements).

- (b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries (Refer Note 8(v) to the standalone financial statements); and

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-para (a) and (b) contain any material misstatement.

(d) The company has not declared any dividend during the year. Therefore it is not in compliance with section 123 of the Act.

3. With respect to the matter to be included in the Auditors' Report under section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure “A” to the Independent Auditor’s Report

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Hariom Pipe Industries Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. In respect of the Company’s Property, Plant and Equipment and Intangible Assets:
 - a. (i) The Company is maintaining proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment. The Company does not have any right of use assets
 - (ii) The Company is maintaining proper records showing full particulars of intangible assets.
 - b. The Property, Plant and Equipment have been physically verified by the management at regular intervals. No material discrepancies were noticed on such verification and therefore no adjustments are required to be made in the books of account.
 - c. As per the information and explanations given to us, we report that, the title deeds of properties, disclosed in the financial statements included under Property, Plant and Equipment are held in the name of the Company as at the balance sheet date. The Company does not have any leased properties.
 - d. The Company has not revalued any of its Property, Plant and Equipment and intangible assets during the year. The Company does not have any right –of-use assets.
 - e. As per the information and explanations given to us, no proceedings have been initiated or are pending against the Company as at 31st March, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988, as amended) and rules made thereunder.
- ii. a. The physical verification of inventory has been conducted at reasonable intervals by the management and in the opinion, the coverage and procedure of such verification by the management is appropriate. No discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such verification
- b. As per the information and explanations given to us, the company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets during the year and the quarterly returns or statements filed by the company with such banks or financial institutions are in agreement with the books of account of the Company.
- iii. The Company has not made any investments in, nor provided any guarantees or security, nor granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties, during the year. Accordingly, para 3(iii) of the Order is not applicable.
- iv. The Company has not granted any loans, made any investments, given any guarantees and securities during the year. Accordingly, provisions of sections 185 and 186 are not applicable. Hence para 3(iv) of the Order is not applicable.
- v. The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, para 3(v) of the Order is not applicable
- vi. In our opinion and according to the information and explanation given to us, the Company has maintained cost records specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013. However, we have not carried out a detailed examination of the above records.
- vii. In respect of statutory dues:

- a) In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, duty of customs, cess and other material statutory dues applicable to it with the appropriate authorities. The company is not liable to sales tax, service tax, duty of excise, value added tax. There are no arrears of outstanding statutory dues as at 31st March, 2022 for a period of more than six months from the date they became payable except the following:

						₹ In Lakhs
Name of the statute	Name of the Dues	Amount (₹)	Period to which the amount relates	Due Date	Date of Payment	Remarks if any
Employee's State Insurance Act, 1948	Employee State Insurance	0.30	February ,2020 & March ,2020	15 th May, 2020	-	Due to technical problems at ESI

- b) In our opinion and as per the information and explanations given to us, no statutory dues referred to in para (a) have not been deposited on account of any dispute, except the following amounts :

						₹ In Lakhs
Name of the Statute	Name of the Dues	Amount (Net of Payment)	Amount paid	Assessment Year	Forum where the dispute is pending	
Income Tax Act, 1961	Income Tax	*35.05	29.04	2009-10	Tribunal	
Income Tax Act, 1961	Income Tax	555.50		2017-18	CIT (Appeals)	
Income Tax Act, 1961	Income Tax	2.15		2019-20	CIT (Appeals)	

*The ITAT has decided the appeal in company's favour by dropping the disputed demand of ₹ 35.05 Lakhs as per its order dated 05th October, 2016. However, appellate order effect is yet to be given by the income tax department

- viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix. (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or any other lender.
- (c) In our opinion, the term loans were applied for the purpose for which these were obtained.
- (d) Based on the examination of the financial statements of the Company, funds raised on short term basis have, prima facie, not been utilised for long-term purposes by the Company.
- (e) Since the Company does not have any subsidiary, the question of taking any funds from any entity or person on account of or to meet the obligations of its subsidiaries does not arise. Therefore, para 3(ix)(e) of the Order is not applicable.
- (f) Since the Company does not have any subsidiaries, joint ventures or associate companies, the question of raising any loan on the pledge of securities held in their name does not arise. Therefore, para 3(ix)(f) of the Order is not applicable.
- x. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence para 3(x)(a) of the Order is not applicable.
- (b) In respect of allotment of equity shares made during the year on private placement basis, the provisions of section 42 have been complied with by the Company and the funds raised have been used for the purpose for which these funds were raised. There were no preferential allotments of any shares or convertible debentures during the year

- xi. (a) No fraud by the Company or any fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed by the Auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year with the Central Government and upto the date of this report.
- (c) As per the information and explanations given to us, no whistle blower complaints have been received by the Company during the year
- xii. The Company is not a Nidhi Company. Therefore, paras 3(xii) (a), 3(xii)(b) and 3(xii)(c) of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- xiv. (a) In our opinion, the Company's internal audit system needs to be strengthened to commensurate with the size and the nature of its business.
- (b) We have considered the internal audit reports for the year under audit, issued to the Company during the year and till date. However, we have not reassessed or modified our audit procedures in determining the nature, timing and extent of our audit based on the internal audit.
- xv. In our opinion, the Company has not entered into any non-cash transactions with its directors or persons connected with them. Hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, paras 3(xvi)(a), 3(xvi)(b) and 3(xvi)(c) of the Order are not applicable.
- (b) In our opinion, the Company has not conducted any Non-Banking Financial or Housing Finance activities during the year. Therefore, the question of conducting the above activities without a valid Certificate of Registration does not arise.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Therefore, the condition of fulfilling the criteria for CIC is not applicable. The Company is neither an exempted nor an unregistered CIC and therefore the continuing the criteria of a CIC, by the Company are not applicable.
- (d) As per the information and explanations given to us, since the Company is not a Core Investment Company, the Group does not have any CIC investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly para 3(xvi)(d) of the Order is not applicable.
- xvii. The Company has not incurred cash losses during the financial year and the also during the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year. Therefore, the question of taking into consideration any of issues, objections or concerns raised by the outgoing auditors does not arise. Accordingly para 3(xviii) of the Order is not applicable.
- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx. (a) As per the information and explanations given to us, since the Company does not have any other than ongoing projects, no unspent amount is required to be transferred to a Fund specified in Schedule VII to the Companies Act within a period of six months of the expiry of the financial year in compliance with second proviso to sub-section (5) of section 135 of the said Act.
- (b) In our opinion, there is no amount remaining unspent under sub-section (5) of section 135 of the Companies Act, pursuant to any ongoing project, which is required to be transferred to special account in compliance with the provision of sub-section (6) of section 135 of the said Act.
- xxi. Since the company is not a holding company, the para 3(xxi) of the order 2020 “ is not applicable.

Annexure “B” to the Independent Auditor’s Report

on the Financial Statements of Hariom Pipe Industries Limited

(Referred to in paragraph 2 (f) under ‘Report on Other Legal and Regulatory Requirements’ of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Para (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of HARIOM PIPE INDUSTRIES LIMITED (“the Company”) as of 31st March, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting with reference to these Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these Financial Statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting with reference to these Financial Statements.

Meaning of Internal Financial Controls Over Financial Reporting

A Company’s internal financial control over financial reporting with reference to these Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting with reference to these Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with reference to these Financial Statements.

Because of the inherent limitations of internal financial controls over financial reporting with reference to these Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these Financial Statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes

to Ind AS financial statements for the period ended 31st March 2022

Company Background:

Hariom Pipe Industries Limited, (“the Company”) is a public limited Company incorporated in India under the Companies Act 1956 (now replaced with the Companies Act 2013) on 21st June’ 2007 with its registered office situated in Hyderabad, India. The name of the Company was changed from Hariom Concast and Steels (Private) Limited to Hariom Pipe Industries (Private) Limited on 27th December 2017. Subsequently the Company was converted into a Public Limited Company and renamed as Hariom Pipe Industries Limited on 17th January 2018. The Company has grown consistently, securing a dominant position in South India as a premium manufacturer of iron and steel products, catering to diverse industrial needs across multiple sectors. The Company has two manufacturing units, one each situated at a) Works 3-45/1, Sy.No.62 & 63, Sheriguda Paddayapally(G.P.) Balanagar Mahbubnagar, Telangana, and b) Survey number 98, D Hirehal Village, Ananthapur, Andhra Pradesh. The Company is listed on Bombay stock Exchange (BSE) (BSE scrip code-543517) and National Stock Exchange (NSE) (NSE symbol- HARIOMPIPE) from 13th April ,2022.

1. Significant Accounting Policies

(a) Statement of compliance:

The company’s financial statements have been prepared in accordance with the provisions of the Companies Act, 2013 and the Indian Accounting Standards (“Ind AS”) notified under the Companies (Indian Accounting Standards) Rules, 2015, as amended, issued by Ministry of Corporate Affairs in respect of sections 133 of the Companies Act 2013 (“the Act”). In addition, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also applied except where compliance with other statutory promulgations require a different treatment. These Ind AS financials statements have been approved for issue by the Board of Directors at their meeting held on 06th May 2022.

(b) Basis of Preparation:

The Company maintains accounts on accrual basis following the historical cost convention, except for certain financial instruments that are measured at fair value in accordance with Ind AS. The carrying value of all the items of property, plant and equipment and investment property as on date of transition is considered as the deemed cost. Fair value measurements under Ind AS are categorised as below based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

Level 1 - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the company can access at measurement date;

Level 2 - inputs are inputs, other than quoted prices included in level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 - inputs are unobservable inputs for the valuation of assets/liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

(c) Presentation of financial statements

The Ind AS Balance Sheet and the Ind AS Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III Division (ii) to the Act. The statement of cash flows has been prepared and presented as per the requirements of Ind AS 7 “Statement of Cash flows”. The disclosure requirements with respect to items in the Balance Sheet , Statement of Profit and Loss and statement of change in equity as prescribed in the Schedule III Division (ii) to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified IND AS.

(d) Use of estimates and critical accounting judgments:

In preparation of the financial statements, the Company makes judgments, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, and future periods affected.

The following are the critical judgements, apart from those involving estimations that the directors have made in the process of applying the Company’s accounting policies and that have the most significant effect on the amounts recognised in the financial statements.

Deferred income tax assets and liabilities:

Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

Notes

to Ind AS financial statements for the period ended 31st March 2022

The amount of total deferred tax assets could change if estimates of projected future taxable income or if tax regulations undergo a change.

Income Taxes:

Deferred tax assets are recognized to the extent that it is regarded as probable that deductible temporary differences can be realized. The Company estimates deferred tax assets and liabilities based on current tax laws and rates and in certain cases, business plans, including management's expectations regarding the manner and timing of recovery of the related assets. Changes in these estimates may affect the amount of deferred tax liabilities or the valuation of deferred tax assets and thereby the tax charges in the Statement of Profit or Loss.

Provision for tax liabilities require judgements on the interpretation of tax legislation, developments in case law and the potential outcomes of tax audits and appeals which may be subject to significant uncertainty.

Therefore, the actual results may vary from expectations resulting in adjustments to provisions, the valuation of deferred tax assets, cash tax settlements and therefore the tax charge in the Statement of Profit or Loss."

Useful lives of Property, plant and equipment ('PPE'):

The Company reviews the estimated useful lives and residual value of PPE at the end of each reporting period. The factors such as changes in the expected level of usage, technological developments and product life-cycle, could significantly impact the economic useful lives and the residual values of these assets. Consequently, the future depreciation charge could be revised and thereby could have an impact on the profit of the future years.

Defined benefit plans:

The cost of the defined benefit plans and the present value of the defined benefit obligation ('DBO') are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Fair value measurement of Compound Financial Instruments:

The Company recognizes separately the components of a financial instrument that (a) creates a financial liability of the entity and (b) grants an option to the holder of the instrument to convert it into an equity instrument of the entity. From the perspective of the Company, such an instrument comprises two components: a financial liability (a contractual arrangement to deliver cash or another financial asset) and

an equity instrument (a call option granting the holder the right, for a specified period of time, to convert it into a fixed number of ordinary shares of the entity).

Estimation of uncertainties relating to the global health pandemic from COVID-19:

The Company has assessed the impact of Covid-19 pandemic on its business operations and has considered relevant internal and external information available up to the date of approval of these financial statements, in determination of the recoverability and carrying value of property, plant and equipment, inventories, and trade receivables. Based on current estimates, the Company expects the carrying amount of these assets will be recovered. Further, the management believes that there may not be significant impact of Covid-19 pandemic on the financial position and performance of the Company, in the long-term. The Company will continue to closely monitor any material changes to future economic conditions.

(e) Current and non-current classification and operating cycle:

All the assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

Assets:

An asset is classified as current when it satisfies any of the following criteria:

it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;

it is held primarily for the purpose of being traded;

it is expected to be realised within twelve months after the reporting date; or

it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

Liabilities:

A liability is classified as current when it satisfies any of the following criteria:

it is expected to be settled in the Company's normal operating cycle;

it is held primarily for the purpose of being traded;

it is due to be settled within twelve months after the reporting date; or

the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the

Notes

to Ind AS financial statements for the period ended 31st March 2022

reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other assets/ liabilities are classified as non-current.

(f) Functional and presentation currency:

The financial statements are presented in Indian rupee (INR), which is functional and presentation currency.

(g) Revenue recognition:

The revenue is recognized once the entity satisfied that the performance obligation & control are transferred to the customers.

(i) Sale of goods:

The Company derives revenue from Sale of Goods and revenue is recognized upon transfer of control of promised goods to customers in an amount that reflects the consideration the Company expects to receive in exchange for those goods in accordance with IND AS 115 "Revenue from Contracts with Customers". To recognize revenues, the Company applies the following five step approach: (1) identify the contract with a customer, (2) identify the performance obligations in the contract, (3) determine the transaction price, (4) allocate the transaction price to the performance obligations in the contract, and (5) recognize revenues when a performance obligation is satisfied.

Any change in scope or price is considered as a contract modification. The Company accounts for modifications to existing contracts by assessing whether the services added are distinct and whether the pricing is at the standalone selling price.

The Company accounts for variable considerations like, volume discounts, rebates and pricing incentives to customers as reduction of revenue on a systematic and rational basis over the period of the contract. The Company estimates an amount of such variable consideration using expected value method or the single most likely amount in a range of possible consideration depending on which method better predicts the amount of consideration to which we may be entitled.

Revenues are shown net of allowances/ returns, goods and services tax and applicable discounts and allowances.

(ii) Other income

A. Interest income is accrued on a time basis by reference to the principal outstanding and the effective interest rate.

B. Other items of income are accounted as and when the right to receive such income arises and it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably

(h) Foreign currency translation:

(i) The financial statements are presented in Indian rupee (INR), which is functional and presentation currency.

(ii) Transactions and balances:

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in Statement of Profit and Loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Statement of Profit and Loss, within finance costs. All other foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within other gains/(losses).

(i) Segment reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components, and for which discrete financial information is available. Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker ('CODM').

The Company's Board has identified the CODM who is responsible for financial decision making and assessing performance. The Company has a single operating segment as the operating results of the Company are reviewed on an overall basis by the CODM.

(j) Exceptional items:

An item of income or expense which by its size, type or incidence requires disclosure in order to improve an understanding of the performance of the company is treated as an exceptional item and the same is disclosed in the notes to accounts.

(k) Property, plant and equipment and capital work-in-progress:

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Cost is inclusive of inward freight, net of tax/duty credits availed, if any, and incidental expenses related to acquisition or construction. All upgradation / enhancements are charged off as revenue expenditure unless they bring similar significant additional benefits. An item of property, plant and equipment is derecognised upon disposal or when no

Notes

to Ind AS financial statements for the period ended 31st March 2022

future economic benefits are expected to arise from the continued use of asset.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of Profit or Loss during the reporting period in which they are incurred.

Projects under which tangible property, plant and equipment are not yet ready for their intended use are carried at cost, comprising direct cost, related incidental expenses and attributable interest in case of qualifying assets.

Machinery spares which can be used only in connection with an item of property, plant and equipment and whose use is expected to be irregular are capitalised and depreciated over the useful life of the principal item of the relevant assets.

Capital work-in-progress:

Projects under which tangible fixed assets are not yet ready for their intended use are carried at cost, comprising direct cost, net of tax/duty credits availed, if any, related incidental expenses and attributable interest, in case of qualifying assets.

Depreciation methods, estimated useful lives and residual value:

Depreciation is systematically allocated over the useful life of the asset as specified in Schedule II of the Act. Depreciation on property, plant and equipment added/disposed off during the year is provided on pro-rata basis with reference to the date of addition/disposal. Freehold land is not depreciated.

(l) Intangible assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment. Administrative and other general overhead expenses that are specifically attributable to acquisition of intangible assets are allocated and capitalised as a part of the cost of the intangible assets.

Research and development expenditure on new products:

Expenditure on research is expensed under respective heads of account in the period in which it is incurred.

Development expenditure on new products is capitalised as intangible asset, if all of the following can be demonstrated:

- A. the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- B. the company has intention to complete the intangible asset and use or sell it;
- C. the company has ability to use or sell the intangible asset;
- D. the manner in which the probable future economic benefits will be generated including the existence of a market for output of the intangible asset or intangible asset itself or if it is to be used internally, the usefulness of intangible assets;
- E. the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- F. the company has ability to reliably measure the expenditure attributable to the intangible asset during its development.

Development expenditure that does not meet the above criteria is expensed in the period in which it is incurred. Intangible assets not ready for the intended use on the date of the Balance Sheet are disclosed as "intangible assets under development". Intangible assets are amortized on straight line basis over the estimated useful life. The method of amortization and useful life are reviewed at the end of each accounting year with the effect of any changes in the estimate being accounted for on a prospective basis. Amortization on impaired assets is provided by adjusting the amortization charge in the remaining periods so as to allocate the asset's revised carrying amount over its remaining useful life.

(m) Impairment of assets:

At each balance sheet date, the Company reviews the carrying values of its property, plant and equipment and intangible assets to determine whether there is any indication that the carrying value of those assets may not be recoverable through continuing use. If any such indication exists, the recoverable amount of the asset is reviewed in order to determine the extent of impairment loss (if any). Where the assets do not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the highest of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. An impairment loss is

Notes

to Ind AS financial statements for the period ended 31st March 2022

recognised in the statement of profit and loss as and when the carrying value of an asset exceeds its recoverable amount.

Where an impairment loss subsequently reverses, the carrying value of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount so that the increased carrying value does not exceed the carrying value that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years.

(n) Employee benefits:

(i) Short-term obligations:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the Balance Sheet.

(ii) Other long-term employee benefit obligations:

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations:

Defined contribution plans: The Company's contribution to provident fund are considered as defined contribution plans and are charged as an expense to the Statement of Profit and Loss based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plans: For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in the Other Comprehensive Income in the period in which they occur. Past service cost is recognised immediately to the

extent that the benefits are already vested and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, as reduced by fair value of plan assets (being the funded portion).

The Company operates a defined benefit gratuity plan, which requires contributions to be made to a separately administered fund managed by an insurance company.

(o) Lease

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

(i) the contract involves the use of an identified asset

(ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease, and

(iii) the Company has the right to direct the use of the asset

At the date of commencement of the lease, the Company recognizes a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses

Right-of-use assets are depreciated on a straight-line basis over the lease term. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using

Notes

to Ind AS financial statements for the period ended 31st March 2022

the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows

(p) Financial instruments – initial recognition, subsequent measurement and impairment:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A. Investments and other financial assets

(i) Classification:

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in the statement of profit or loss or other comprehensive income.

The classification criteria of the Company for debt instruments are provided as under:

Debt instruments:

Depending upon the business model of the Company, debt instruments can be classified under following categories:

- Debt instruments measured at amortised cost
- Debt instruments measured at fair value through other comprehensive income
- Debt instruments measured at fair value through profit or loss

The Company reclassifies debt instruments when and only when its business model for managing those assets changes.

(ii) Measurement:

At initial recognition, the Company measures a

financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the statement of profit or loss.

Debt instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in the statement of profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through other comprehensive income:

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/(losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss: Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in the statement of profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

(iii) Impairment of financial assets:

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on

Notes

to Ind AS financial statements for the period ended 31st March 2022

whether there has been a significant increase in credit risk. Note 36 details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Expected credit losses are measured through a loss allowance at an amount equal to the following:

- (a) the 12-months expected credit losses (expected credit losses that result from default events on financial instrument that are possible within 12 months after reporting date); or
- (b) Full lifetime expected credit losses (expected credit losses that result from those default events on the financial instrument).

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivable. Under the simplified approach, the Company does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from initial recognition.

The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

Individual receivables which are known to be uncollectible are written off by reducing the carrying amount of trade receivable and the amount of the loss is recognised in the Statement of Profit and Loss within other expenses.

Subsequent recoveries of amounts previously written off are credited to other income.

(iv) Derecognition of financial assets:

A financial asset is derecognised only when:

- the Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset but assumes a contractual

obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

B. Financial Liabilities:

(a) Classification:

The Company classifies its financial liabilities in the following measurement categories:

- Financial liabilities measured at fair value through profit or loss
- Financial liabilities measured at amortized cost

(b) Measurement:

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities measured at fair value through profit or loss:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading. At initial recognition, such financial liabilities are recognised at fair value.

Financial liabilities at fair value through profit or loss are, at each reporting date, measured at fair value with all the changes recognized in the Statement of Profit and Loss.

Financial liabilities measured at Amortized Cost:

At initial recognition, all financial liabilities other than fair valued through profit and loss are recognised initially at fair value less transaction costs that are attributable to the issue of financial liability. Transaction costs of financial liability carried at fair value through profit or loss is expensed in the statement of profit or loss.

After initial recognition, financial liabilities are subsequently measured at amortised cost using the effective interest method. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the statement of profit or loss over the period of the financial liabilities using the effective interest method. Fees paid on the establishment of loan facilities are recognised as

Notes

to Ind AS financial statements for the period ended 31st March 2022

transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

(c) De-recognition of financial liability:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in the statement of profit or loss as other income or finance costs.

(d) Compound financial instruments:

Compound financial instruments issued by the company which can be converted into fixed number of equity shares at the option of the holders irrespective of changes in the fair value of the instrument are accounted by separately recognising the liability and the equity components. The liability component is initially recognised at the fair value of a comparable liability that does not have an equity conversion option. The equity component is initially recognised at the difference between the fair value of the compound financial instrument as a whole and the fair value of the liability component. The directly attributable transaction costs are allocated to the liability and the equity components in proportion to their initial carrying amounts.

Subsequent to initial recognition, the liability component of the compound financial instrument is measured at amortised cost using the effective interest method. The equity component of a compound financial instrument is not remeasured subsequently.

(q) Offsetting financial instruments:

Financial assets and liabilities are offset, and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

(r) Inventories:

Raw materials, consumable stores, stores and spares, and finished goods inventories are valued at the lower of cost (using weighted average method) and the net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes cost of purchase, all charges in bringing the goods to the point of sale, including indirect levies, net of recoveries, if any, transit insurance and receiving charges. Finished goods include appropriate

proportion of overheads and, where applicable. Cost of inventories also includes all other costs incurred in bringing the inventories to their present location and condition.

Raw materials and stores are considered to be realisable at cost if the finished products in which they will be used, are expected to be sold at or above cost.

Assessment of net realisable value is made in each subsequent period and when the circumstances that previously caused inventories to be written-down below cost no longer exist or when there is clear evidence of an increase in net realisable value because of changed economic circumstances, the write-down, if any, in the past period is reversed to the extent of the original amount written-down so that the resultant carrying amount is the lower of the cost and the revised net realisable value.

(s) Cash and cash equivalents:

Cash and bank balances include fixed deposits, margin money deposits, earmarked balances with banks and other bank balances which have restrictions on repatriation. Short-term and liquid investments being subject to more than insignificant risk of change in value, are not included as part of cash and cash equivalents.

(t) Securities premium account:

Securities premium includes the difference between the face value of the shares and the consideration received in respect of shares issued.

The issue expenses of securities which qualify as equity instruments are written off against securities premium account, if and when such expenses are incurred, and as per the decision of the management.

(u) Borrowing costs:

General and specific borrowing costs (includes interest expense calculated using the effective interest method, other costs and expenses in relation to the borrowing) that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which these are incurred.

Notes

to Ind AS financial statements for the period ended 31st March 2022

(v) Cash Flow Statement:

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

Short term borrowings, repayments and advances having maturity of three months or less, are shown as net in cash flow statement.

(w) Income tax:

The income tax expense for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each year adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Current and deferred tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in Other Comprehensive Income. In such case, the tax is also recognised in Other Comprehensive Income.

Hitherto the Company was liable to tax at normal rate of 30% on its income. During the year, the company has opted for application of section 115BAA of the Income Tax Act 1961 for computing its tax liability. Accordingly MAT Credit is not allowed to be carried forward and adjusted from its future tax liability. Therefore, henceforth MAT Credit will not be included as an item of deferred tax assets in compliance with the above provisions of the Act.

(x) Provisions:

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

(y) Contingent liabilities:

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent liabilities, contingent assets and commitments are reviewed at each Balance Sheet date.

(z) Earnings per share:

Basic earnings per share is computed by dividing the profit/(loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/(loss) after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the

Notes

to Ind AS financial statements for the period ended 31st March 2022

weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been adjusted prospectively, if appropriate.

(za) Borrowings:

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in Statement of Profit and Loss over the period of the borrowings. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in Statement of Profit and Loss as other gains/(losses).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the company does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

(zb) Recent accounting developments

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1st, 2022, as below:

- Indian Accounting Standard (Ind AS) 103 –Business Combinations

Reference to Conceptual Framework:

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103.

- Indian Accounting Standard (Ind AS)16 – Property, Plant and Equipment

Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss.

- Indian Accounting Standard (Ind AS)37– Provisions, Contingent Liabilities and Contingent Assets

Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that that the ‘cost of fulfilling’ a contract comprises the ‘costs that relate directly to the contract’. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts.

- Indian Accounting Standard (Ind AS)109 –Financial Instruments

The amendment clarifies which fees an entity includes when it applies the ‘10 percent’ test of Ind AS 109 in assessing whether to derecognise a financial liability.

- Indian Accounting Standard (Ind AS)116 –Leases

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration.

12.2 The Company had issued in FY 2015-16, Zero percent (0%) Redeemable Non Cumulative Preference Shares (NCPS) with an option to the Board to redeem these NCPSSs at a premium of 5 % at any time within a period of 5 years or at a premium of 10% within a period of 10 years or at a premium of 20% if the shares are redeemed after a period of 10 years. As the tenure of Preference Shares was about to complete 5 years the Board initiated the process for KYC and redemption of the said preference shares with the consent of such preference shareholders.

On non receipt of KYC from one of the preference shareholder, a board meeting was called up during 2021-22 on 25th October, 2021 and instead of redemption, the company decided and passed a Board resolution for change in terms of redemption i.e. no premium on redemption with a maturity period at the end of 20 years (against earlier period of 5 years or 10 years or beyond 10 years as the case may be) and the same was approved in the adjourned preference shareholders' meeting held on 26th November, 2021 with one shareholder present. The necessary filings for the same is complied with the Ministry of Corporate Affairs.

30 Disclosure pursuant to Ind AS 19 “Employee Benefits”

(a) Defined contribution plans:

The Company makes Provident Fund contributions which are defined contribution plans, for qualifying employees. Under the schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The company recognised ₹ 19.20 Lakhs (Year ended March 31, 2021 ₹ 8.18 Lakhs) for Provident Fund contributions in the statement of profit and loss. The contributions payable to these plans by the company are at rates specified in the rules of the schemes. The obligation of the company is limited to the amount contributed and it has no further contractual nor any constructive obligation.

(b) Defined benefit plans:

Employee benefit Obligation :

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 to 30 days salary payable for each completed year of service. Vesting occurs upon completion of five years of service. The Company makes annual contributions to gratuity funds established as trusts or insurance companies. The Company accounts for the liability for gratuity benefits payable in the future based on a year end actuarial valuation.

	Total financial liabilities		9,415.47	9,415.47	-	-	9,415.47	9,415.47

The carrying amounts of trade receivables, trade payables, capital creditors and cash and cash equivalents and other bank balances are considered to be the same as their fair values, due to their short-term nature.

The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

35.2 Fair Value Measurement

(i) Fair Value hierarchy

Level 1 - Quoted Prices (Unadjusted) in active markets for identical assets or liabilities

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from price)

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

Note 36 Financial risk management

The Company's activities expose it to a variety of financial risks namely

- Market risk,
- Credit risk and
- Liquidity risk.

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established the processes to ensure that executive management controls risks through the mechanism of properly defined framework.

The Company's risk management framework are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management systems are reviewed by the board annually to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Board of Directors is responsible for overseeing The Company's risk assessment and management policies and processes

i. Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The company is exposed to the credit risk from its trade receivables, financial assets and other current assets. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets.

The history of trade receivables shows a no provision for bad and doubtful debts. Therefore, the Company does not expect any material risk on account of nonperformance by any of the Company's counterparties. The assessment is carried out considering the segment of customer, impact seen in the demand outlook of these segments and the financial strength of the customers in respect of whom amounts are receivable.

Reconciliation of loss allowance provision – Trade receivables

Opening balance	-	-	-
Changes in loss allowance	-	-	-
Closing balance	-	-	-

ii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation

Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the dynamic nature of the underlying businesses, Company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected future cash flows. This is generally carried out at unit level and monitored through corporate office of the Company in accordance with practice and limits set by the Company. These limits vary by location to take into account requirement, future cash flow and the liquidity in which the entity operates. In addition, the Company's liquidity management strategy involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

iii. Market risk

Market risk is the risk of any loss in future earnings, in realisable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as result of changes in interest rates, foreign currency exchange rates, liquidity and other market changes. Future specific market movements can not be normally predicted with reasonable accuracy.

iv. Foreign currency risk

The Company does not have any currency risk as there are no foreign currency transactions entered in to by the company having such risks

v. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk because funds are borrowed at both fixed and floating interest rates. Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rate. The borrowings of the Company are principally denominated in rupees with a mix of fixed and floating rates of interest.

Currently the Company's borrowings are within acceptable risk levels, as determined by the management, hence the Company has not taken any swaps to hedge the interest rate risk.

- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 9th December, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting for Individual shareholders holding securities in Demat mode CDSL/NSDL is given below:

Type of shareholders	Login Method

Statement Pursuant to Section 102(1) of the Companies Act, 2013 (“The Act”)

Item No. 3:

Mr. Soumen Bose (DIN: 09608922) was appointed as an Additional Director in the category Non-Executive Independent Director of the Company by the Board of Directors in their Meeting held on 10th June, 2022 to hold office of Independent Director up to the ensuing Annual General Meeting or 3 (Three) months from the date of appointment whichever is earlier.

In accordance with the provisions of Section 149 read with Schedule IV to the Act, appointment of Independent Directors requires approval of the members of the Company. Further, in terms of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“Listing Regulations”), a listed entity shall ensure that approval of shareholders by way of Special Resolution for appointment of a person on the Board of Directors is taken at the next general meeting or within a time period of three months from the date of appointment, whichever is earlier. Accordingly, the appointment of Mr. Soumen Bose would require the approval of the members of the Company by way of Special Resolution.

Based on recommendations of Nomination and Remuneration Committee, Board have approved the appointment of Mr. Soumen Bose (DIN: 09608922) as Non-Executive Independent Director of the Company, not liable to retire by rotation to hold office for a period of 5 (Five) years i.e., from 10th June, 2022 to 09th June, 2027 subject to approval of the Shareholders.

Section 149 of the Act and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“Listing Regulations”) inter alia prescribe that an Independent Director of a Company shall meet the criteria of independence as provided in Section 149(6) of the Act and regulation 16(1)(b) of the Listing Regulations.

Mr. Soumen Bose is not disqualified from being appointed as Directors in terms of Section 164 of the Act and has given his consent to act as a Director. The Company has also received declarations from him that he meets with the criteria of independence as prescribed both under sub-section (6) of Section 149 of the Act and under the Listing Regulations.

In the opinion of the Board, Mr. Soumen Bose fulfill the conditions for appointment as Independent Director as specified in the Act and the Listing Regulations and is independent of the management.

He shall be paid remuneration by way of sitting fee for attending meetings of the Board or Committees thereof and reimbursement of expenses for participating in the Board or committees.

The details of Mr. Soumen Bose, nature of his expertise in specific functional areas and names of company in which he hold directorships, shareholding and relationships between directors are provided in “Annexure” to the Notice pursuant to the provisions of (i) the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and (ii) Secretarial Standard on General Meetings (“SS-2”), issued by the Institute of Company Secretaries of India.

Copy of draft letter of appointment of Mr. Soumen Bose setting out the terms and conditions of appointment are available for inspection by the members at the registered office of the Company. Except the appointee Director with regard to the resolution of his appointment, none of the other Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution.

The Board recommends the Special Resolution set out at Item No. 3 of the Notice for approval of the shareholders.

Except Mr. Soumen Bose, being the appointee, no other Director or Key Managerial Personnel of the Company or their respective relatives is/ are concerned or interested, financially or otherwise, in the said Resolution.

In terms of provisions of section 178 of the Companies Act, 2013, the Nomination and Remuneration Committee of the Company shall recommend to the Board of the Directors, the appointment/ reappointment of a Director. In terms of provisions of section 149(10) of the Companies Act, 2013, an independent director shall hold office for a term up to five consecutive years on the Board of a Company, but shall be eligible for reappointment on passing of a special resolution by the Shareholders of the Company and disclosure of such appointment in the Board’s report. The Independent Directors shall be appointed by the Board of Directors of the Company, based on the nomination received from Nomination and Remuneration Committee of the Company, constituted by the Board, in accordance with Applicable Law and the Independent Director(s) to be so appointed shall be persons of high standing, good repute and widely acknowledged as experts in their respective field, which the Board deems beneficial to the Company.

The Company has received the consent from Mr. Pramod Kumar Kapoor to act as the Director in the prescribed Form DIR-2 under Section 152(5) of the Act and Rule 8 of the Companies (Appointment and Qualifications of Directors) Rules, 2014 along with the declaration on criteria of Independence as per Section 149(6) of the Act. After taking into account the performance evaluation, during his first term of five years and considering the knowledge, acumen, expertise and experience in respective fields and the substantial contribution made by Mr. Pramod Kumar Kapoor during his tenure as an Independent Director since his appointment, the Nomination and Remuneration Committee at its meeting held on 10th August, 2022 has considered, approved and recommended the re-appointment of Mr. Pramod Kumar Kapoor as an Independent Directors for a second term of five years with effect from 08th January, 2023, to the Board of Directors for their approval. The Board of Directors at its meeting held on 10th August, 2022 has approved the proposal for

reappointment of Mr. Pramod Kumar Kapoor as an Independent Director for a second term of five consecutive years with effect from 08th January, 2023.

Pursuant to Regulation 17(1A) of the SEBI (Listing Obligations and Disclosure Requirements), (Amendment) Regulations, 2018 the Board also recommends the resolution in relation to the continuation of directorship of Mr. Pramod Kumar Kapoor as Chairman & Independent Director of the Company even after he attains the age of 75 years, till the expiry of his term of re-appointment.

The Board recommends the Resolution for approval of the Members as a Special Resolution as set out in the item no. 4 of the notice.

Except Mr. Pramod Kumar Kapoor, being the appointee, no other Director or Key Managerial Personnel of the Company or their respective relatives is/ are concerned or interested, financially or otherwise, in the said Resolution.

Item No. 5:

The Board on the recommendation of Audit Committee, has approved the appointment and remuneration of M/s. Seshadri & Associates., Cost Accountants (Regn. No 101476), Hyderabad to conduct the Audit of the Cost records of the Company at a remuneration of ₹ 75000/- (Rupees Seventy Five Thousand only) for the Financial year ending 31st March, 2023.

In Accordance with the provisions of Section 148 of the Companies Act, 2013, read with Companies (Audit and Auditors) Rules, 2014, the remuneration payable to Cost Auditor as recommended by the Audit Committee and approved by the Board, has to be ratified by the members of the Company.

Accordingly, consent of the Members is sought for passing an Ordinary Resolution as set out at Item No. 5 of the Notice for ratification of the remuneration payable to the Cost Auditors for conducting the audit of the cost records of the Company for the Financial Year ending 31st March, 2023.

The Board commends the Ordinary Resolution set out at Item No. 5 of the Notice for approval by the members.

None of the Directors and Key Managerial personnel or their relatives of the Company are in any way concerned or interested, financially or otherwise, in the resolution.

Item No. 6:

Pursuant to Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter called as "the Listing Regulations"), all Related Party Transactions shall require prior approval of the Audit Committee and all material transactions with related parties shall require approval of the Members of the Company through a resolution and all related parties shall abstain from voting on such resolution.

"Material Related Party Transaction" under the Listing Regulations means any transaction(s) entered into individually or taken together with previous transactions during a financial year exceeding 10% of the annual consolidated turnover of a company as per its last audited financial statements.

The annual consolidated turnover of the Company for the financial year 2021-22 is ₹ 430.57 Crores. Accordingly, any transaction(s) by the Company with its related party exceeding ₹ 43.05 Crores (10% of the Company's annual consolidated turnover) shall be considered as material transaction and hence, the approval of the Members will be required for the same. It is therefore proposed to obtain the Members' approval for the following arrangements/ transactions/contracts which may be entered into by the Company with its related party from time to time:
