Dear Sir/Madam,

Pursuant to Regulation 34 of the SEBI (Listing Obligations and Disclosure Requirement) Regulations, 2015, please find attached the Annual Report of the Company approved and adopted by the shareholders in the Annual General Meeting of the Company held at Dalmiapuram, Dist. Tiruchirapalli, Tamil Nadu on 9th September, 2016.

Thanking you,

Yours faithfully,

For **Dalmia Bharat Sugar and Industries Limited**

Dalmia Bharat Sugar has established one of the most attractive growth records in the Indian sugar industry.

Among the fastest growing in the sector over last 10 years

Possessing a locational advantage through a growing presence in Uttar Pradesh and Maharashtra

Enhancing efficiency and profitability in a challenging business

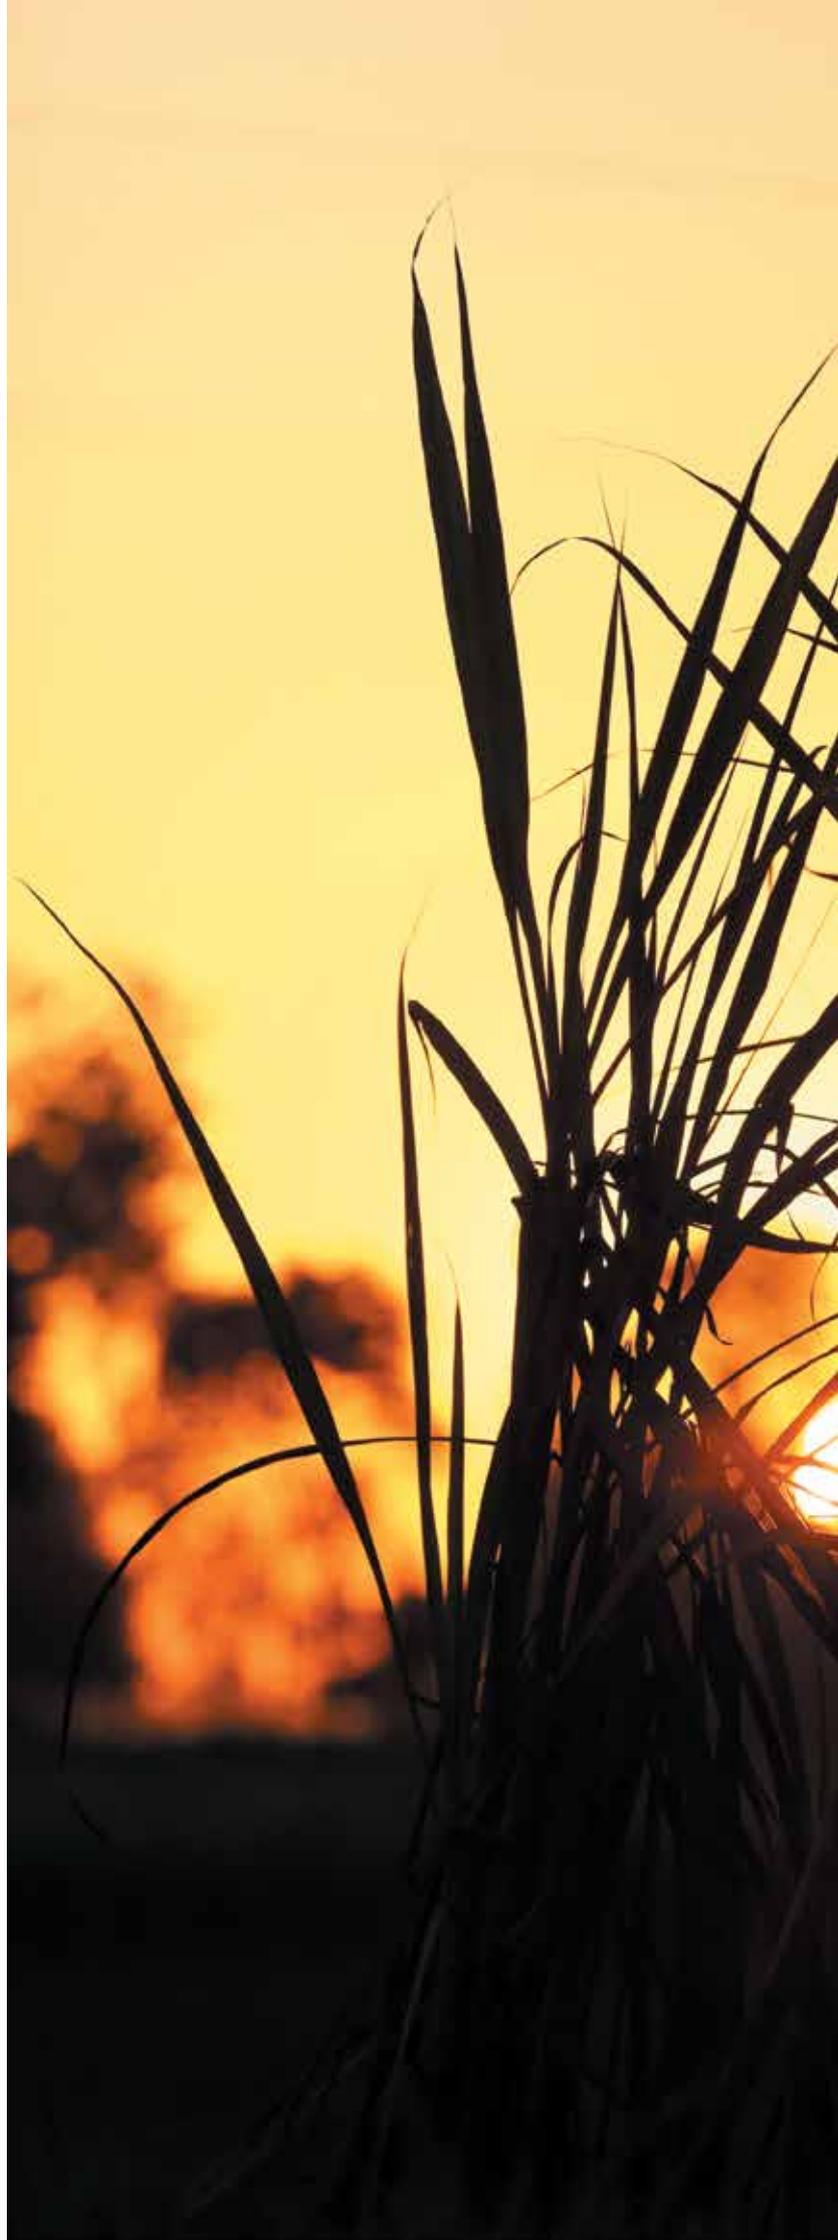

Now uniquely positioned to capitalise on the projected turnaround in the industry

The last decade was one of the most **challenging** for the Indian sugar industry.

Realisations **dropped**, viability declined, cash flows weakened, investments were deferred.

Dalmia Bharat Sugar demonstrated a contrarian approach: The Company invested in **capacities**, extended its **reach** and strengthened its **profitability**.

In doing so, Dalmia Bharat Sugar has emerged as the **fastest** growing Indian sugar company.

Letter to **shareholders**

Dear Shareholders

“Your Company is optimistic
of outperforming the broad
sectoral growth average”

Capitalising on the recovery

In recent years, Dalmia Bharat Sugar reinforced its operating culture around thrift and efficiency. The result is that as soon as sugar realisations revived, the improvement in the Company's bottomline was immediate and substantial – from ₹1.5 Crore in 2014-15 to ₹58.4 Crore in 2015-16.

The principal internal driver was a substantial improvement in our recovery. This improved across each of our operating units – our consolidated Uttar Pradesh recovery strengthened by 114 bps to 11.73%, which was indisputably the highest across all sugar manufacturing groups in Uttar Pradesh. Our Maharashtra recovery of 13.04% was amongst the best mills.

The substantial increase transpired for three reasons – an improvement in the varietal mix of cane, an improvement in the climatic environment and our initiatives to sweat resources better. The result was that improved recovery alone accounted for an increase in output by approximately 37,000 tonnes during the year under review, which represents a faithful index of how our superior performance translated into enhanced productivity capitalising on excellent climatic conditions.

It would be relevant to indicate that this peak productivity was the result of an exceptional convergence. This convergence may not recur, even as the benefits of improved varietal mix and corporate focus may sustain.

Some of our other achievements during the year under review comprised extensive benefits of our Kolhapur expansion, which became visible: increase in sugar manufacturing capacity from 3,500 TCD to 5,000 TCD, the commissioning of our 23 MW cogeneration plant, which was

commissioned last year with full benefits accruing this year and 60 KLPD distillery which was commissioned at the end of this year, the full benefit of which will accrue next year. This timely commissioning, stabilisation, integration and monetisation represented the principal achievement of this unit during the year under review.

Countering the challenges

Consider the challenges: cane yields were affected in drought-hit Maharashtra affecting plant operations; Dalmia Bharat Sugar ran its plant 178 days during this season.

Maharashtra reported a 19% decline in crushing during the season; Dalmia Bharat Sugar delivered a 38% increase in the quantum of cane crushed (to 9.5 lakh tonnes in the 2015-16).

The plant reported a 13.3% recovery in 2014-15 following which analysts predicted a decline; I am pleased to report that even as output increased in the 2015-16, we successfully protected our overall recovery in this unit, which translated into an attractive volume-value proposition.

Most observers forecasted that it would be difficult to enthruse farmers to deliver more cane given our relative inexperience in the geography; we generated a sizable increase in cane drawal at a time when most command areas reported lower output; virtually all our cane was drawn from within 60 kms, moderating logistic costs.

More upsides

The other highlight during the year under review was clearly the successful turnaround of our Sangli unit. At a time when most experts advised caution with our Maharashtra operations considering that we were still engaged in expanding and

widening our Kolhapur plant, we embarked on the stabilisation of the Sangli unit. Most indicated that getting farmers interested to grow cane would be time-consuming; we crushed 120,000 tonnes and reported an attractive 12.33% recovery. Most said that such a small plant would never be viable; we ran the plant for 100 days.

Outlook

Going ahead, we foresee a decline in Indian sugar production – from an estimated 255 lac tonnes in the sugar season 2015-16 to around 230 lac tonnes in 2016-17 due to drought in Maharashtra. On the other hand, we expect India's sugar consumption to sustain at the current level of 260 lac tonnes in 2016-17. This transformation is likely to draw down the country's sugar inventory from an estimated 3.5 months of consumption to around 2.3 months. We feel that this drawdown would create a positive sentiment for sugar realisations over the coming months. This in turn is expected to benefit sugar manufacturers, increase their capacity to remunerate farmers on time, eliminate the incidence of cane arrears and strengthen the country's rural fabric – a win-win for all.

Dalmia Bharat Sugar is attractively placed; we possess integrated and adequately-balanced capacities that could perform better than standalone or disproportionately sized integrated companies.

Yours sincerely,

Gautam Dalmia
Director

About the Company

Background

Dalmia Bharat Sugar entered the sugar industry in 1994 with its first 2,500 TCD sugar unit at Ramgarh village (Sitapur district, Uttar Pradesh). The Company belongs to the Dalmia Bharat Group .

Operations

The Company is among India's 10 largest sugar manufacturers on the basis of its cane crushing capacity (29,250 TCD). The Company's operations are fully integrated with a distillery (140 KLPD) and renewable energy capacity (119 MW).

Presence

The Company is headquartered in New Delhi with sugar plants in Uttar Pradesh (Ramgarh, Jawaharpur and Nigohi) and Maharashtra (Kolhapur and Sangli).

Systems

The Company invested in OHSAS, EMS and FSQ certifications.

Customers

The Company's longstanding institutional buyers comprise globally-respected brands. The Company has also been supplying sugar to the country's Defence sector for the last two years. It has also won a tender to supply PDS sugar to various states.

Excluding current maturities of long-term debt

Countering challenges

Delivering a superior value proposition.

Challenges: As Uttar Pradesh sugar manufacturers reported extensive losses, they were unable to remunerate cane farmers on time. The consequent arrears discouraged a number of farmers from planting more cane. Besides, unfavourable agro-climatic conditions threatened cane output. Any prospective decline in cane output threatened the viability of a number of sugar manufacturers, especially those investing in growing their business and reporting a large cane appetite.

Counter-challenges: Dalmia Bharat Sugar recognised that sustainable success in the challenging sugar industry would be derived through growing cane throughput. The Company responded to this priority through the creation of an overarching culture directed at encouraging farmers to plant more cane, plant a better variety, harvest on schedule and evacuate with minimal delay. The Company also invested in technology that facilitated faster and accurate crop survey. The Company deployed a large team of field professionals to engage with farmers, who were educated in advanced farm practices, provided subsidised farm inputs, shortlisted the highest-yielding cane varieties, strengthened road infrastructure, invested in technology to monitor vehicle transportation – a comprehensive micro-management translating into a culture of urgency.

Results: The Company reported the highest recovery across all sugar manufacturing groups in Uttar Pradesh.

Countering challenges

Strengthening viability across industry cyclicality.

Challenges: A NASA report indicated declining natural water tables across North India. Most parts of Maharashtra suffered near-drought conditions. The cane crop was consequently threatened.

Counter-challenges: Dalmia Bharat Sugar embarked on an organisation-wide priority to become water-neutral across its manufacturing facilities. The Company implemented the cutting-edge air-cooled condenser technology in its Kolhapur plant to moderate water consumption. Similarly, the Company assisted farmers in drawing half their water requirements through drip irrigation.

Result: The mix of these initiatives will strengthen ground water tables across the Company's command areas and make operations water-sufficient across climatic cycles.

Countering challenges

To enhance yield, we returned to the basics - encouraging ratoon farming.

Challenges: Low Uttar Pradesh yields affected cane farming viability.

Counter-challenges: Dalmia Bharat Sugar identified an opportunity in enhancing low ratoon yields in Uttar Pradesh. The Company intends to enhance the yield of ratoon crop across its command areas. Besides, it intends to enhance the coverage of the hugely successful Variety 238 from 25% of its command areas to 37% in a year.

Result: This initiative is expected to enhance cane yield across the Company's Uttar Pradesh command areas from a prevailing 400 quintals per hectare across the foreseeable future.

Countering **challenges**

To address problems on the outside, the Company focused on the inside.

Challenges: The sugar industry is marked by diverse variables – cane cost, climate, soil conditions and realisations – that are outside a manufacturer’s purview. Any reality alteration appeared virtually impossible.

Counter-challenges: Your Company resolved to maximise the efficiency of factors within its control. It invested in an overarching process-driven culture:

superior manufacturing technologies, shop floor training, 5S and TPM disciplines, higher target-setting, ongoing monitoring and the connection of individual key result areas to enhanced systemic efficiency.

Result: Auxiliary consumption declined to 7.9% in FY16 from 8.1% in FY15, the Company’s fuel-to-power ratio improved to 2.27 in FY16 from 2.30 in FY15 while sugar losses declined to 1.86%.

Particulars	UOM	FY2012	FY2013	FY2014	FY2015	FY2016
Auxiliary consumption	%	8.0	7.9	8.3	8.1	7.9
Fuel-to-power ratio	x	2.30	2.20	2.60	2.30	2.30
Sugar losses	%	1.94	1.97	2.02	1.88	1.86

Countering challenges

The more difficult they said it was, the more attractive the Company made it.

Challenges: In FY 2013, your Company extended its operations from Uttar Pradesh to Maharashtra. It acquired a Kolhapur sugar manufacturing plant. The terrain was unknown; the state was co-operative-driven; there was a trust deficit with farmers.

Counter-challenges: Your Company responded with passion. It commenced operations within two months of acquisition. It deployed a significant number of field workers to revive engagements with more than 30,000 farmers. It increased cane crushing capacity at its first Maharashtra plant from 2,500 TCD to 5,000 TCD within a year of plant commissioning; today it is a 5,000 TCD plant expanding to 7,500 TCD in FY 2016-17. The Company also

acquired a sugar manufacturing plant in Sangli, Maharashtra, of 1,750 TCD capacity enhancing the Maharashtra sugar capacity to 6,750 TCD.

We invested further in our Maharashtra capacities post acquisition and transformed them into integrated models with optimum distillery and co-generation capacities. We leveraged best practices to enhance operating efficiencies.

Result: The Kolhapur plant reported a surplus in each of the three years leading to 2015-16 (deep end of the sectoral downturn) and paved the way for the Company to expand its presence in Maharashtra.

Validating the philosophy that passion and prudence lead to profits.

Securing our **sugar cane resource**

In the business of sugar, a majority of our organisational profitability and sustainability is based around our success related to the education of farmers, cultivation, procurement and processing of cane. The better this competence, the more profitable the Company.

There are some good reasons for this critical correlation: cane represents the principal raw material for the Company's businesses (sugar, distillery, cogeneration and manure). Any improvement in cane availability, accessibility and affordability has extensive downstream implications. Over the years, Dalmia Bharat Sugar strengthened its cane-based competence in various ways.

Focus: Our focus is to make cane-growing highly remunerative for farmers, encourage cane planting and improve productivity (providing a large resource throughput for the Company and a base for widening operations).

Culture: The over-riding organisational culture is speed and sensitivity. In turn, this has been reinforced by meritocracy, delegation, empowerment and training, making it possible for a number of farmer-centric decisions to be taken as close to ground realities as possible.

Collaborative: The Company did not just procure cane from farmers; it engaged in an ongoing collaborative process, whereby it introduced farmers to new cane varieties, educated them in modern farming practices and provided subsidised fertilisers that enhanced farm viability.

Team: The Company invested in youthfulness (average age 38 as on 31 March 2016) and a large number of field officers entrusted with the responsibility of engaging personally with as many farmers

across the command areas, increasing delivered cane as a proportion of the registered quantity.

Varietal mix: The Company introduced high-yielding cane varieties (Co-0238) customised around diverse agro-climatic conditions of its plants. Rejected variety mix reduced significantly and resulted in a substantial increase in recoveries across all operating units.

Recovery maximisation: The Company invested in a complement of initiatives

– strengthening road infrastructure, engagement of a competent truck fleet, GPS monitoring of truck movements etc. – to shrink its cut-to-crush tenure (every 24-hour increase translated to a 0.2% recovery decline).

Superior practices: The Company invested in the best agricultural practices leading to higher ratoon yields. The Company increased planting through single bud, trench method, inter-crop and wider spacing.

Improved cane supply system: This comprised smart cane management system through superior IT use; increased use of electronic support; effective two-way checking of cane quality during cane weighment; priority to small growers in cane supply; cane calendaring based on the maturity trend of the sugar cane variety; control of cane balance.

Technology: The Company invested in various IT services, improving farm mechanisation and soil health. The Company invested in water-saving manufacturing technologies (air-cooled condenser over waste power condenser)

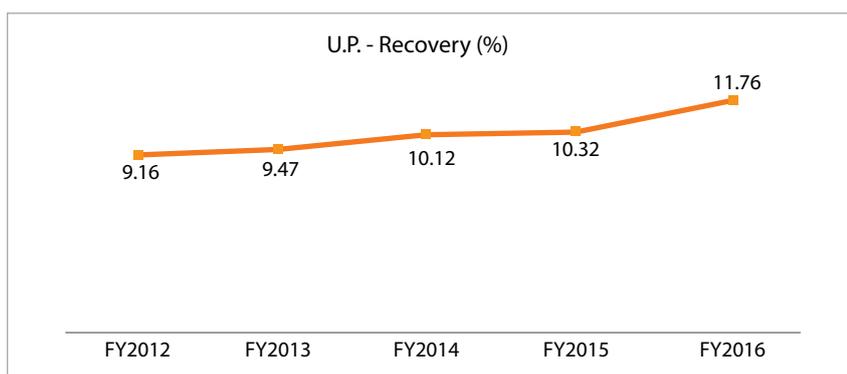

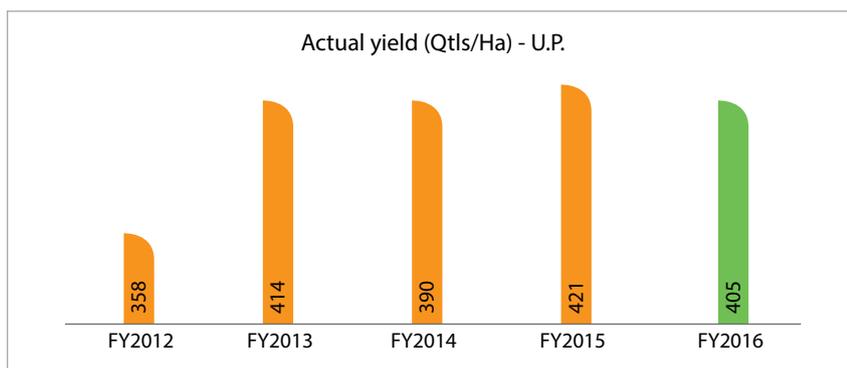

that enhanced resource availability and plant utilisation, strengthening cane offtake. The Company invested in key analytics through which critical cane management metrics (varietal composition, maturity-wise cane supply planning) became available ‘anytime anywhere’, which was extended to Finance, Inventory Management, Plant Operations, Quality Control and Sales functions. The Company deployed a unique hand-held device with GPS technology to capture cane planting area, varietal information, procurement planning, weighment and transportation, strengthening accurate procurement planning, reducing turnaround time and transit losses. The pilot introduction of a GPS-based vehicle tracking system was introduced in the Nigohi unit, significantly reducing vehicle turnaround. A Proof of Concept at the Kolhapur unit through the Plant Technical Information Management System (PTIMS) will enhance efficiency and preventive maintenance.

Engagement architecture: The Company engaged with farmers through Cane Development Assistants, responsible for covering villages (approximately

2,000) designated within the Company’s command area for development activities like cane plantation, varietal improvement, yield improvement, cane survey, plant protection measures and demonstration for scientific techniques etc. Following spring planting, the CDA conducted a grower-wise survey of cane fields by recording four field dimensions (plot owner, sowing date, crop condition and cane variety). CDA and officers were trained in technical and soft skills; they visited various research stations for practical insights on varietal identification, improved plantation methods, insect-pest symptoms and disease.

Farmer service: The Company commissioned two soil testing laboratories (Jawaharpur and Nigohi) to improve soil health and support farmers in crop improvement. The Kisan Seva Kendras at our plants cover 5-10 proximate centres to distribute agrochemicals, seeds etc.

Yield improvement: The Company strengthened yields through superior pest management and farmer training.

The challenges we countered in cane management

- Replacement of old, rejected and duplicate varieties.
- Poor yield especially in the ratoon crop.
- Implementation of an effective cane management system.
- Poor rains/ irrigation facilities especially in Ramgarh plant
- Cane diversion to Kolhus and proximate mills
- Small and marginal farmer community

Cutting-edge technology and Dalmia Bharat Sugar

The cyclical nature of the sugar industry warrants the highest operating efficiencies.

Dalmia Bharat Sugar responded to this priority through a progressive investment in cutting -edge technologies.

Cane selection: The Company propagated the use of the advanced variety Co-0238, which delivered superior farm yields and cane recovery. Other promising varieties were also propagated.

Farm survey: The Company leveraged the use of satellite surveys and handheld digital devices across its command areas leading to an accurate appraisal of crop area and crop state. The increasing use of handheld devices in our field centres enhanced data availability on cane drawal, delivery and reserves leading to informed decision-making.

Energy-efficiency: The Company invested in cutting-edge technologies to enhance the productivity (getting a larger output from a given resource quantity) of cane, molasses and bagasse. Investment in efficient high-

pressure boilers – used for the first time in the country - increased power generation in the Kolhapur plant, making it possible to run the facility for up to 300 days a year.

Water efficiency: The use of air-cooled condensers helped moderate water consumption.

Sugarcane processing: The Company was among the few in India to invest in energy-efficient hydraulic motors when it commissioned its Ramgarh plant in 1994, which was reinforced through investments in Falling Film Evaporators Technology, Distribution Control System and the use of advanced assets (electric motor drives, solid bowl decanters, fully-automated pans, and air-cooled condensers that use no water) almost zero water consumption in cane processing.

Distillation: A number of technologies are used across the distillation plants, minimising downtime.

Fuel efficiency: To save on fuel costs, slop (concentrated spent wash with CV up to 1500) is used as 80% of boiler fuel, protecting the environment.

Productivity: The Company invested in multi-pressure PLC-based distillation plants and integrated evaporator system.

Result: Up to 1 KG/BL of alcohol was produced using less steam, higher distillation efficiency of 98.5% was achieved, negligible distillation losses, 90% of the steam condensate was recycled and up to 800-900 KW surplus power was available for sale from the distillery turbine (Kolhapur).

Strengthening our business around **sustainability**

There is a growing need for organisational sustainability in the Indian sugar industry.

Dalmia Bharat Sugar focus on generating relatively counter-cyclical growth in a cyclical business.

We believe that this relatively counter-cyclicity needs to be manifested in a higher sugar recovery than the geographic average during an uptrend and a relatively lower decline than the corresponding sectoral average during a downtrend.

We believe that organisational sustainability is critical from a number of perspectives: it provides financiers (debt and equity) visibility that leads to additional funding and it helps attract professionals who make it possible to implement projects with efficiency. Besides, truly sustainable organisations make a more responsible use of finite resources, strengthening environmental integrity. The result is that sustainability is no longer merely recommended; it has become indispensable in corporate success.

The multi-business Dalmia Bharat Group has grown its businesses decisively in the last decade through a respect for environmental integrity, marked by a declining use of finite resources (fossil fuels, core raw materials, power and water) on the one hand and a consequent increase in industry respect. As an extension of this Groupwide priority, Dalmia Bharat Sugar invested extensively in plants, practices and processes designed to reconcile profit and planet protection.

This priority has been directed to deliver multi-stakeholder benefit. We create wealth through the transformation of raw material into usable products; we provide employment; we provide livelihoods for suppliers, contractors, distributors and service providers; we pay taxes to the

exchequer; we contribute to infrastructure and healthcare projects.

This environment responsibility is not incidental to our business model; it is integral to it. We utilise the bagasse generated as a byproduct in sugar manufacture to generate green electricity; we utilise the molasses generated to produce ethanol used as an automotive fuel blend; we utilise the press mud as organic manure to improve soil fertility.

Result: Our products are directed at making the world cleaner and greener.

Design-driven environment consciousness

We have designed our new greenfield plants around moderated water and energy consumption, coupled with effective waste management.

Kolhapur

The water conservation scheme comprised the following:

- Substantial reduction in water consumption in the power plant through the installation of an advanced Air Cooled Condenser instead of the water-intensive cooling tower.
- Reduction of water top-up for the same

amount of energy generation compared to low pressure boiler following investment in a state-of-the-art high pressure boiler (125 kg/cm²).

- Complete use of waste water generated from the water treatment plant in ash quenching instead of routing it to an effluent treatment plant, resulting in reduced ETP load.

Jawaharpur

The Company invested in a hydraulic cane unloader, truck tippler, 595 RPM LT motor at cutter, HT motor (1 MW),

hydraulic drive in the milling tandem and connection of milling control with the centralised distributed control system across operations, enhancing operational efficiency.

Besides, the plant reported the lowest auxiliary power consumption through an investment in energy-efficient equipment (VFD, energy-efficient motors, CFL lighting, LDR lighting control device and complete automation).

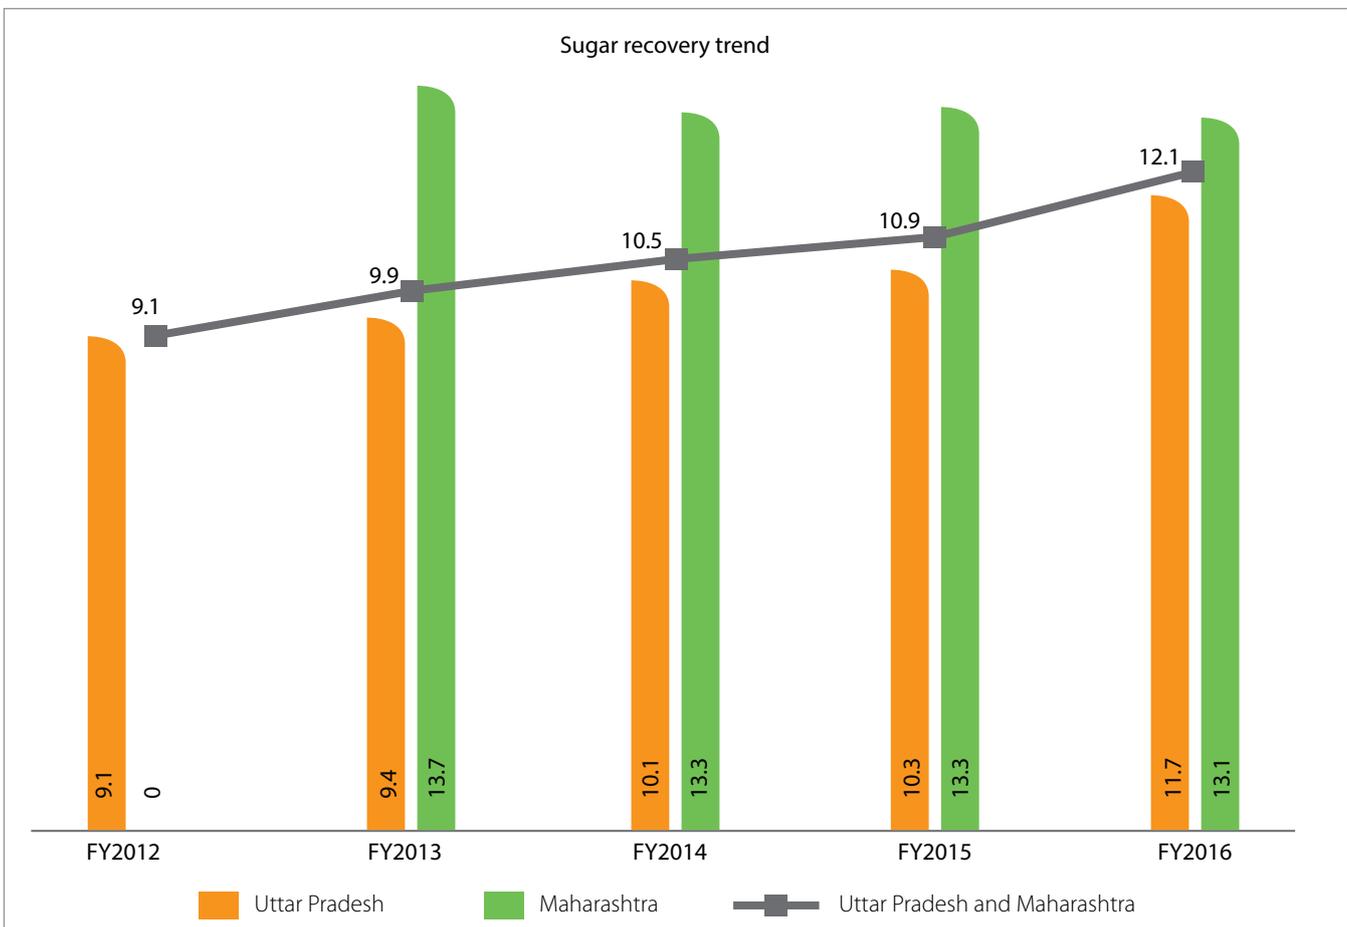

Our Project Unnati encourages farmers in growing more cane with fewer resources.

Resource efficiency

Resource efficiency lies at the core of our sustainability agenda. This is marked by the priority to maximise the generation of end products from a given resource quantity. Over the years, the Company invested in enhancing efficiencies across the business

– procurement of raw material to end product marketing – through prudent investments in training and technology that enhanced capacity utilisation and reduced our vulnerability to sectoral cyclicality.

The result is that the Company recorded overall average recovery of 12.1% in 2015-16, the highest in its existence. This translated into record cane crushing, record sugar output and maximised power evacuation.

Water: About 70% of the weight of the sugarcane plant is water, resulting in potentially higher effluents generation during sugar manufacture. At Dalmia Bharat Sugar, we re-cycle and re-use increasing water quantities in sugar and distillery operations and domestic consumption. The Company installed a re-circulation system for the recovery of cooling water, moderating fresh water intake. The highlights of these initiatives is that the Kolhapur distillery is being positioned as a zero discharge unit (concentration of spent wash and use as boiler fuel) comprising a state-of-the-art water recycling plant.

Energy: The Company addressed its energy requirements from within through captive generation (agro-waste accounted for 95%

of direct energy needs). Around 71% of the 102 MW co-generation throughput at the sugar mills was exported to distribution companies in Uttar Pradesh and Maharashtra, generating attractive revenues. The switch to green power through bagasse helped utilise a resource that was earlier wasted, to cleaner power source, reduce carbon emissions and generate additional income.

Emissions: All three co-generation projects at Jawaharpur, Nigohi and Ramgarh were registered under Clean Development Mechanism (CDM) of UNFCCC. The use of bagasse-based co-generation helped address a large part of the energy requirements, reducing dependence on fossil fuels and related greenhouse gas emissions. The Company planted saplings

to serve as carbon sinks.

Waste management: The Company optimised resource use through investments in distilleries (where molasses is fermented to produce alcohol), co-generation (based on bagasse) and a facility (press-mud converted to usable compost), which generate revenues. The Company's optimal waste management adopts bio-composting for press mud disposal, substituting imported potash. The bio-composting facility in Jawaharpur can produce about 30,000 MT organic manure per annum using the in-house availability of press mud from captive sugar factories. The Company also developed a Zero-Waste Society where the waste material is segregated and disposed as per standard norms.

Safety

Dalmia Bharat Sugar has invested in a robust safety management system, extending from policy framework to monitoring. This is built beyond regulatory reporting purposes with three out of five units being certified for OHSAS 18001.

Our locational safety committees comprise cross-functional teams (engineering,

production, environment, power plant etc.). The committee meets each quarter for appraisal around the concept that 'Clean and Green' is more profitable. A Safety Week is celebrated to enhance awareness on safety issues and best practices. Health checks for plant personnel are periodically conducted. An equipped dispensary in the

colony extends better health services to colony residents. Mock drills are regularly conducted at the units; employees are educated in firefighting. All our units are equipped with fire safety measures (water, dry chemicals, CO₂, sand, dolomite, foam etc.).

Community responsibility

21,100
Beneficiaries

9,200
Beneficiaries of health and sanitation initiatives

10,775
Beneficiaries of our energy conservation and climate and change mitigation programme

43
SHGs formed with more than 470 members in FY 2014-15

At Dalmia Bharat Sugar, our focus is to extend our prosperity to the communities in which we work. This initiative, based around Gandhian trusteeship principles, focuses on making a significant and sustainable difference in the lives of beneficiaries.

Our community engagement is directed around soil and water conservation, energy conservation and climate change mitigation, livelihood skill training and social development. These programmes are managed through the Dalmia Bharat Group Foundation (DBGF) and often implemented in conjunction with NGO partners.

The objective of our CSR policy is to accelerate social, economic and environmental progress for communities proximate to our manufacturing facilities and project sites (Uttar Pradesh and Maharashtra). Our CSR Policy can be accessed on <http://www.dalmiasugar.com/upload/policies/DBSIL-CSR-POLICY.pdf>.

Key CSR Programmes

Energy Conservation and Climate Change Mitigation

- Promotion of smokeless chullahs (cooking stoves), bio gas plants, solar lighting systems like lanterns, street lights, study lamps and home lighting systems.
- Launch of solar home light systems and solar lanterns to replace kerosene-driven lanterns.

- Launch of smokeless chulha programme, enhancing convenience and fuel-efficiency.
- Promotion of solar study lamps to local communities (miniature version of the solar lantern), addressing the lighting needs of Jawaharpur, Nigohi and Ramgarh locations.
- Promotion of solar lighting homes in villages (solar panel, battery, controlling unit, charging port and LED lights).

- Appraising the development of mini solar grids; two such grids developed by the Company have benefited 200 persons.

Livelihood Skill Training

- Commenced skill development programmes
- Provided training in mobile repair, bag making and others

- Facilitated the formation of self-help groups, helping them access loans and livelihood training

Mobile Repairing and Bag Making Training

- Conducted in collaboration with Pt. Deendayal Upadhyay Institute for the Physically Handicapped
- Established a Skill Training Centre in Jawaharpur under the Skill Development Training Programme of the Ministry of Social Justice and Empowerment.
- Converted training centre into a production centre.

Social Development

- Helping build basic community infrastructure (school sanitation blocks, low cost toilets, school buildings etc.)
- Arranged general and specialised health camps, providing medicines, immunisations, maternal and child health care and eye camps.

Initiatives

Health camps

- Conducted gynecological and pediatric camps at our Uttar Pradesh plants;

checked more than 1,800 people through gynecologist and pediatrician support.

- Organised eye check-up camps in schools, partnering the Health & Education Officer (HEO) of Sitapur District. Conducted six eye check-up camps in schools covering 350 students in Ramgarh.
- Organised a cataract identification camp with Sitapur Eye Hospital, Uttar Pradesh; 177 were found affected and treated.
- Organised a multi-specialty health check camp at Kolhapur; 165 residents were addressed.

Children's immunisation

- Organised polio immunisation drives in partnership with the local government for children and pregnant women in Ramgarh, Nigohi and Jawaharpur.

Low-cost toilets

- Assisted individuals to construct low-cost residential toilets in Ramgarh, Jawaharpur and Nigohi.

School sanitation block

- Launched a school toilet construction project with bio-digester technology, largely benefiting girl students in Bartal, Gopalpur and Raghapur villages.

Artificial limbs and aid distribution camps

- Collaborated with Pandit Deendayal Upadhyaya Institute for the Physically Handicapped in empowering the physically-disabled (estimated 600) through the distribution of assistive devices and mobility accessories.
- Conducted an assessment camp for the disabled at Mishrikh in collaboration with Pandit Deendayal Upadhyaya Institute for the Physically Handicapped in villages near Ramgarh and Jawaharpur; 548 were assessed for assistance devices.
- Established a Skill Training Centre in Jawaharpur under the Skill Development Training Programme of the Ministry of Social Justice and Empowerment, benefiting 60 persons with disabilities.

Social and cultural events

- Organised social events on World Water Day, International Women's Day, Children's Day, World AIDS Day, Independence and Republic Day, attracting more than 1200 people in FY 2015-16.

Our distinctive business model

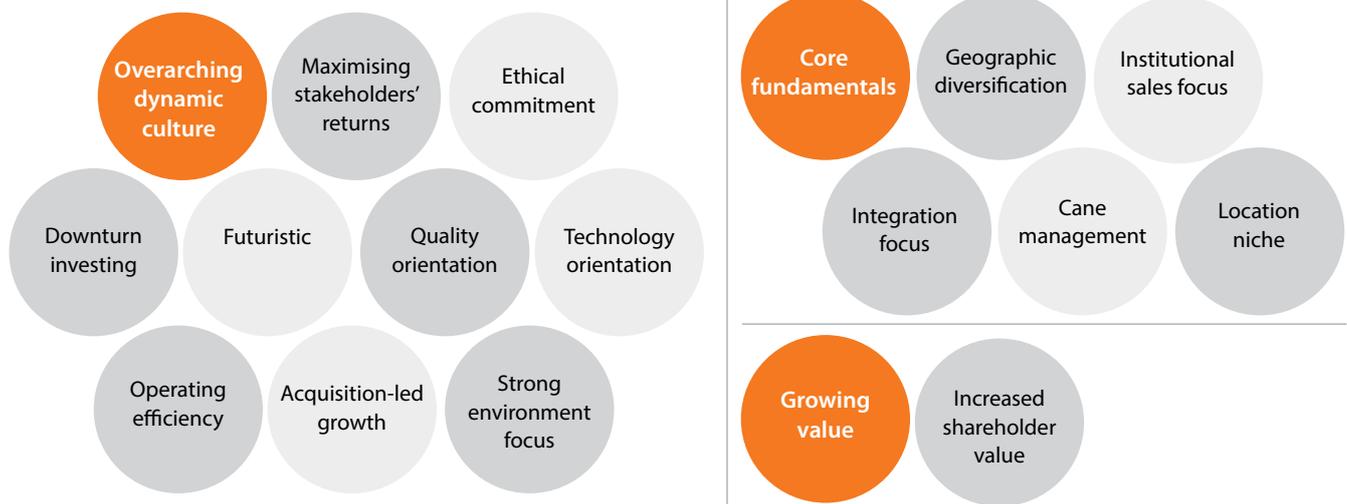

Dalmia Bharat Sugar and Industries Limited is not just another sugar company.

It is a cost leader in a challenging space.

It is one of the youngest sugar companies in an enduring sector.

It is one of the fastest growing in a sector marked by incremental gains.

It is one of the most dynamic companies in a stable sector.

Overarching dynamic culture

Maximising stakeholders' returns: Dalmia Bharat Sugar is focused on maximising returns from every invested rupee in its pursuit of growth. This is not only an overarching corporate strategy but one that influences every single initiative within our Company.

Futuristic: Dalmia Bharat Sugar is positioned around how a futuristic agro-based global company would need to be managed to remain sustainable across market cycles. This orientation has defined the soul of the Company, investments, product mix and geographic presence, making it possible to graduate beyond legacy practices.

Caution cum aggression: Dalmia Bharat Sugar is an aggressive industry investor, outperforming its sectoral investment average. And yet, the Company has been cautious in asset identification and selection without stretching its Balance Sheet that could affect prospective earnings.

Governance: Dalmia Bharat Sugar invested extensively in governance marked by a comprehensive values framework,

responsibility and accountability. The Company's governance commitment extended beyond the statutory, leading to corporate sustainability.

Operating efficiency: Dalmia Bharat Sugar achieved the highest process efficiencies through 5S and TPM initiatives. This focus translated into an 80%-plus capacity utilisation across plants, one of the highest recoveries across three mills in Uttar Pradesh and among the highest recoveries across all mills in Maharashtra.

Downturn investing: Dalmia Bharat Sugar distinguished itself as a prudent contrarian during the extended downturn in India's sugar industry. Even as most sugar companies froze investments, the Company invested ₹480 Crore (greenfield and brownfield) in the ten years leading to the end of 2015-16, strengthening its recovery-readiness.

Quality orientation: Dalmia Bharat Sugar focused on product quality – that made it possible to liquidate inventory in sluggish markets and price at a premium during

sectoral rebounds for retail consumers; besides, the Company's quality ensured a brand-enhancing institutional clientele.

Acquisition-led growth: Dalmia Bharat Sugar selected to make fast-tracked acquisitions over conventional greenfield commissioning. Nearly 29% of the Company's 2015-16 revenues were derived from acquired assets.

Technology orientation: Dalmia Bharat Sugar is a forward-looking technology-driven sugar manufacturer. The Company invested in the use of advanced and futuristic technologies with the objective to enhance data access, facilitate informed decision making, increase farm productivity and moderate resource use (energy and water).

Environment focus: Dalmia Bharat Sugar is an environment-respecting sugar producer, investing in environment-respecting plants, processes and practices with the objective to reduce its carbon footprint.

Core fundamentals

Size balancing: Dalmia Bharat Sugar believes in balancing its various capacities – sugar, distillery and cogeneration – across its various plants with the objective that the by-products generated by one business segment can be adequately utilised downstream, maximising cane productivity.

Geographic diversification: In India's sugar industry, most companies are based only in one state. Dalmia Bharat Sugar selected to be the contrarian; it extended the learnings of its Uttar Pradesh presence to diversify its presence across prudent locations within states with attractive cane growing potential and abundant resource (water) availability. The Company extended its presence to Maharashtra and emerged as one of the few listed sugar companies to establish its presence in two states - Uttar Pradesh and Maharashtra.

Financial operating leverage: Dalmia Bharat Sugar works with a multiple bank consortium; an adequate unutilised working capital line of credit made it possible to respond to unforeseen circumstances.

Integration focus: Dalmia Bharat Sugar has progressively focused on the integration of sugar and downstream by-products. The result is the downstream products proportion of its business grew to 22% in 2015-16; 47% of its investment in the last decade was directed towards the downstream products segment.

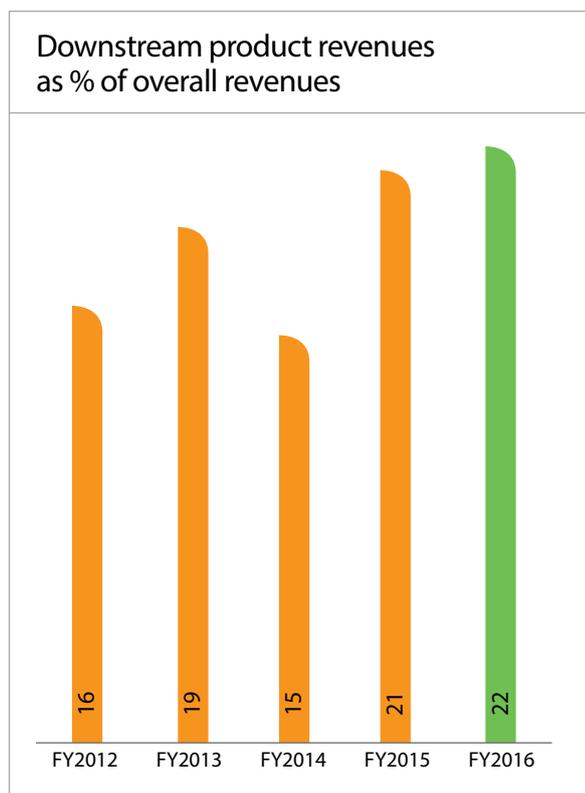

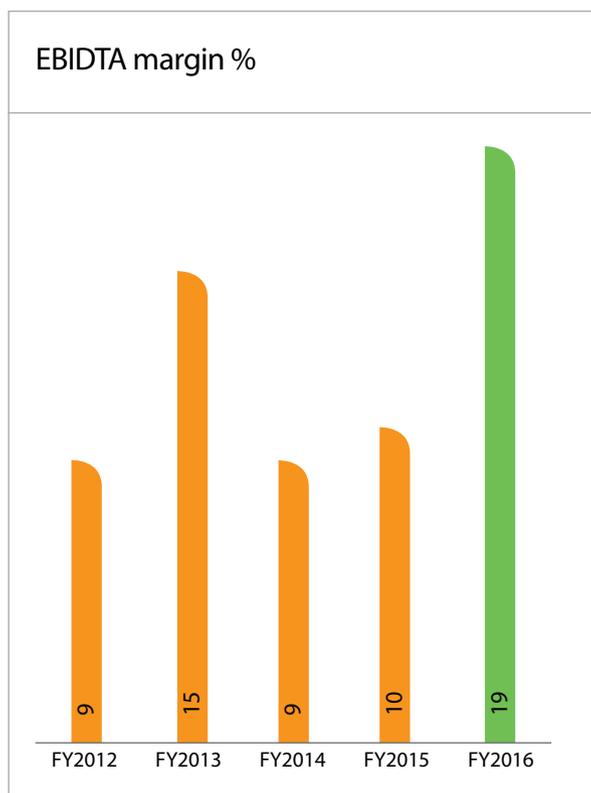

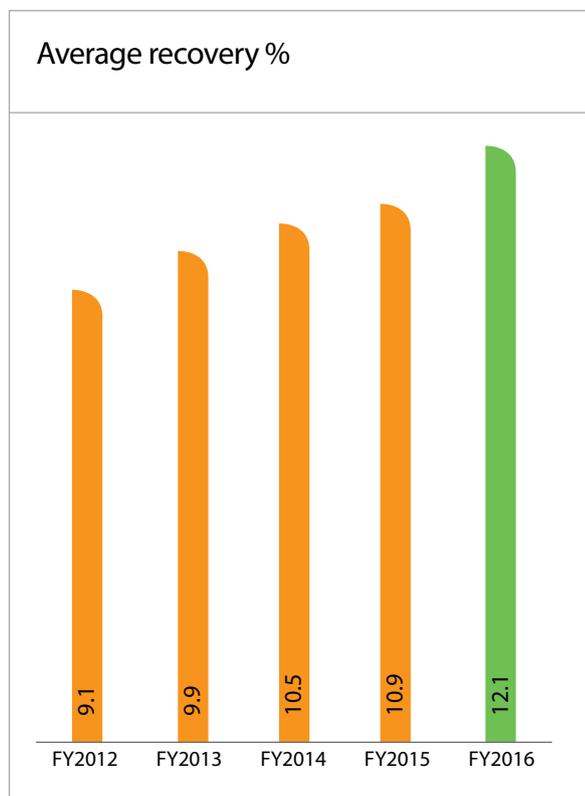

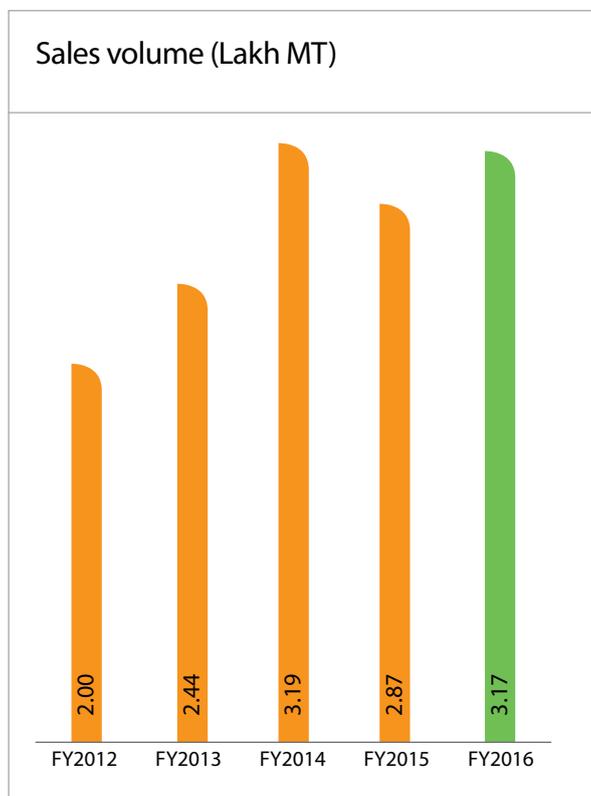

Cane management: Dalmia Bharat Sugar deployed a significant number of field officers to work closely with cane growers to adopt superior seeds and cane varieties. This made it possible for the Company to report the highest cane recovery in both

states, accounting for a sizable portion of its 2015-16 surpluses.

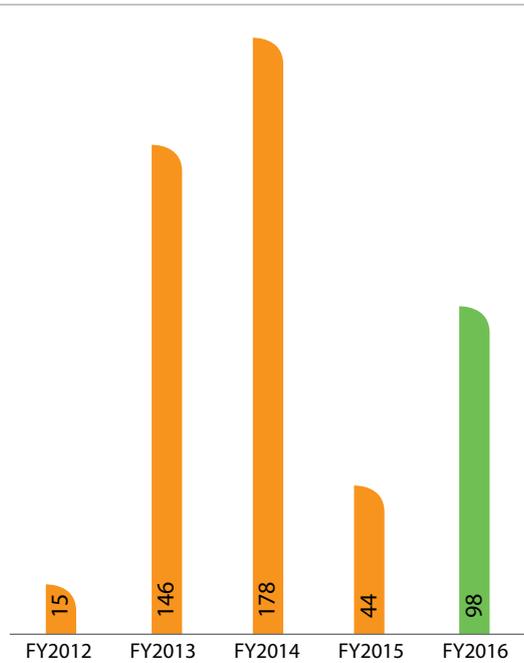

Institutional sales focus: Dalmia Bharat Sugar generates a substantial portion of revenues through institutional sales, which was a relevant strategy during the sectoral downtrend and the business-building phase of its existence. This engagement accelerated the transfer of best practices related to processes, quality, safety and certifications.

Cost leadership: Dalmia Bharat Sugar focused on organisationwide cost optimisation – financial cost reduction and manufacturing efficiency through inter-plant best practices transfer. Overall manufacturing costs (ex-interest, depreciation and tax) as a proportion of revenues declined across the years.

Management discussion and analysis

Economic overview

The Indian economy is headed for recovery, helped by a significant terms-of-trade gain (about 2.5% of GDP), positive policy actions and reduced external vulnerabilities. This reflected in a healthy increase in India's GDP growth from 7.2% in 2014-15 to 7.6% in 2015-16.

The improvement in economic fundamentals has been accelerated by strong government reforms. In the current year, the rupee value of exports and imports (of goods and services) are both projected to decline; the former on account of the sluggish global demand and the latter due to steep decline in international crude oil and commodity prices.

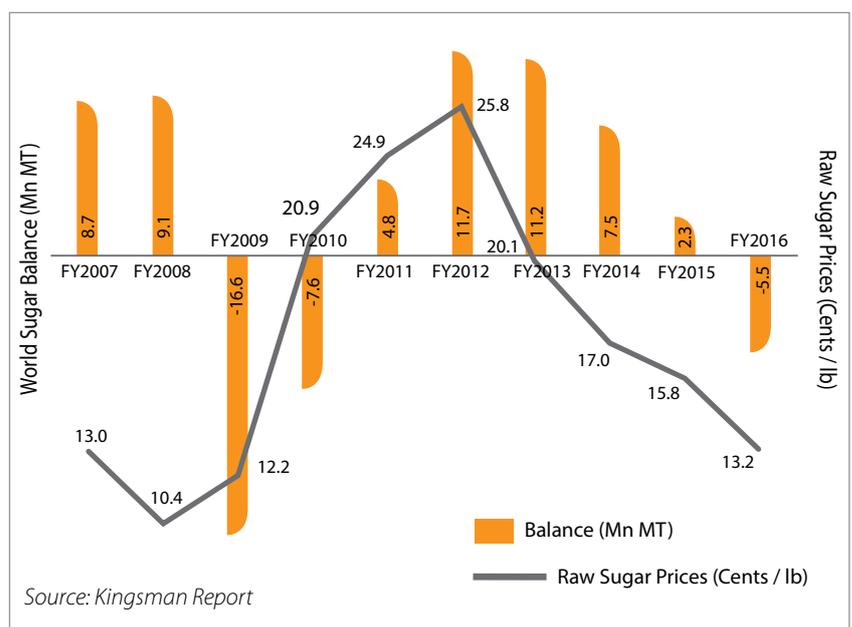

In the wake of controlled inflation and improved GDP growth and market sentiments, the Reserve Bank of India (RBI) reduced the repo rate and reversed the repo rate twice during the year, each by 0.75 bps to 6.75% and 5.75% respectively. There was an increase in the optimism, which led to a further reduction in the repo rate by 0.25% in April 2016, taking it to 6.50%.

According to the Economic Survey 2015-16, inflation, measured by the Consumer Price Index (CPI), which was an average 6.5% in 2014-15, declined to 5.5% in 2015-16, clearing the path for further monetary policy easing. Due to reduced vulnerabilities and improved prospects, India experienced large foreign direct investment inflows in 2015.

Global sugar industry overview

SY2015-16

As per the International Sugar Organisation (May 2016 report), global sugar production for 2015-16 has been estimated to decline for the third consecutive year (by 7.3 million tonnes) to 163.9 million tonnes with reductions in Brazil, India, China, Thailand, the European Union, and Ukraine, more than off-setting gains in Australia, Russia and Turkey. Consumption was projected to reach a record 170.6 million tonnes, drawing ending stocks down 7 million tonnes to 81 million tonnes. Global imports are expected to grow to a record 56.7 million tonnes.

Global sugar prices

Global raw sugar prices remained under pressure since February 2011, though demand has been inching up during these years. Part of the decline can be attributed to depreciation in the Brazilian Real which led local exporters to liquidate their stocks.

Raw sugar price declined from 36 cents per pound in February 2011 to 9 cents per pound in March 2015. In the three months (upto October 2015), sugar prices improved to 14 cents per pound. Improvement in global prices is likely to sustain in the near

term on the back of increasing demand and lower production in the current season. Based on demand exceeding production estimates for the current season and the next, the recovery in sugar prices is expected to sustain.

Indian sugar industry overview

India is the world's second largest sugar producer and the largest consumer of the sweetener. The sugar sector, which was saddled with excess inventory during the last three years, is currently witnessing some hope. Lower production on account of drought and mandatory exports in the sugar year 2015-16 is likely to reduce excess supply, albeit gradually.

SY2015-16: Sugar production in the 2015-16 crop marketing year, starting from October, is estimated to be around 25.1 million tonnes (million tonnes), about 3.2 million tonnes less than the previous year. The drop has been mainly due to extended dry weather in Maharashtra and Karnataka. Consumption in 2015-16 is estimated to be 25.6 million tonnes. It is estimated that due to the increased exports and reduction in sugar production in the year gone by, there will be a reduction in the carryover stock of 2.0 million tonnes to 7.1 million tonnes at the end of SY2015-16. As per the Agriculture Ministry's first estimate, sugarcane production is estimated to decline to 341.43 million tonnes in 2015-16 (July-June), as against 359.3 million tonnes in the corresponding period of the previous year.

However, till 31 March 2016, Indian sugar mills had produced 23.7 MT, down 1.1 MT from the last year's figures. As on 31 March 2016, out of the 366 sugar mills, only 215 mills were operating with adverse implications for overall sugar production. With only 58 out of the 135 mills operating, Maharashtra (the largest sugar producing state in the country) produced 8.2 MT, against last year's 9.36 MT. Another key producing state, Karnataka, produced only 4.01 MT against 4.24 MT last year. Production in U.P was also lower than previous year due to lesser cane yield. (Source: ISMA, media release 31 March 2016).

Governmental initiatives

In its effort to correct the excess supply in the system, the Central Government announced a subsidy of ₹4.5 per quintal in FY 2016. Exports are estimated to be higher than last year at 1.7 million tonnes despite contraction in export sugar prices.

The Central Government has come to the rescue of the ailing sugar industry by taking some bold steps to benefit the farmers and reduce cane arrears. Announcing a production subsidy linked to Minimum Indicative Export Quota (MIEQ) to the tune

of 4 million tonnes in SY2015-16, helped in reducing the closing inventory by about 19%. Although the depressed global prices do not make exports a profitable proposition, this initiative helped clear the domestic glut.

Initiatives

- The Central Government's push to increase exports by offering a ₹45 per tonne of cane subsidy for mills that completed their export quotas contributed to the reducing stock.
- Even as the Uttar Pradesh State Government did not link cane costs with sugar realisations, it extended a subsidy of ₹40 per quintal of cane crushed (including waiver of purchase tax, society commission and entry tax) for payment to sugar farmers.
- The Central Government empowered oil marketing companies to substantially increase their ethanol procurement and mandate a compulsory 5% blending ratio.

The aggregate impact of these initiatives will help restructure the country's sugar industry and lay the foundation for sustainable growth.

“Going forward, the Central Government plans to make **10% blending** mandatory, following which the requirement of ethanol would be around 2.3 billion litres per annum.”

India's sugar industry Balance Sheet

	2010-11	2011-12	2012-13	2013-14	2014-15	2015-16 (e)

(Source: ISMA)

Sugar prices

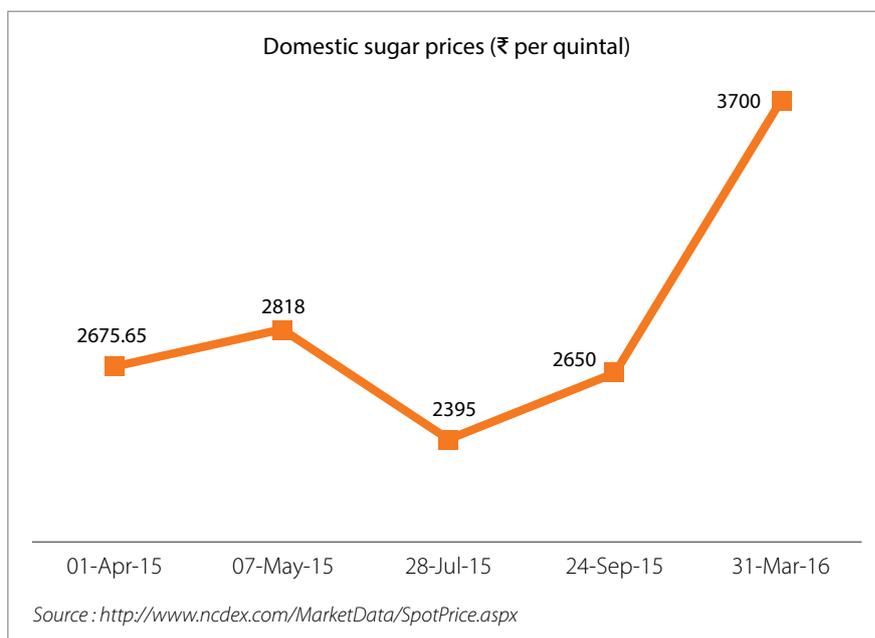

After falling by more than 20% during the January to July period in 2015, sugar prices climbed sizeably starting August 2015. This trend reversal was due to erratic monsoon rains in the major sugarcane-producing states of Uttar Pradesh, Karnataka and Maharashtra (cumulatively accounting for more than 70% of India's sugar output) and also on account of the Government notification of Export Quota. Some opinion makers were of the view that the price rise could also be due to an expected drop in sugarcane production in 2016-17 due to a prolonged El Nino impact that could adversely impact sugarcane production.

Ethanol production

The Government impetus on blending provided significant promise for the distillery segment of the sugar industry. Earlier, the Central Government had mandated a 5% blending of ethanol with petrol at an all-India level, actual blending achieved was only 1.4% in 2014. In 2015, an important step was taken to incentivise sugar mills – the excise duty of 12.5% on ethanol for sale to oil marketing companies

was waived, allowing a full benefit of ₹5 per litre in profitability. Requirement of 1 billion litres at 5% blending will lead to greater participation by sugar mills in ethanol purchase tenders. Going forward, the Central Government plans to make 10% blending mandatory following which,

the requirement of ethanol would be around 2.3 billion litres per annum. Though the distillery segment contributes about 8-12% of revenue for most companies, this business vertical supports the overall profitability and partly cushions the cyclicity of the sugar business.

Our **Uttar Pradesh** business

Overview

The Company entered Uttar Pradesh in 1994 with a plant of 2,500 TCD capacity.

In line with the rich potential within the state, one of the most attractive the world over for cane growth, the Company progressively invested in cane crushing and downstream byproduct processing.

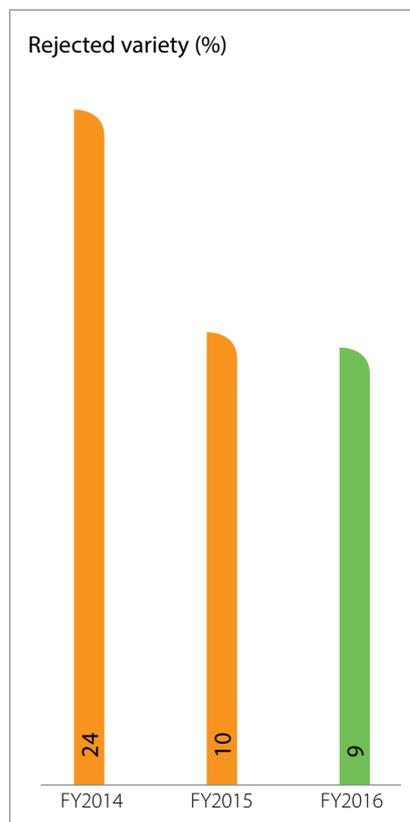

The Company possesses a mix of capacities (sugar, ethanol and cogeneration) and is amongst the ten largest sugar manufacturing groups in India today.

Achievements

The Company began with a capacity of 2,500 TCD at one location in U.P. Since then, the Company has grown, diversifying to three locations in Uttar Pradesh with a total capacity of 22,500 TCD.

Cane management: Our cane development initiatives have been focused around mutually-beneficial engagements

with farmers, supporting them with high yielding seed varieties and consistent education in innovative farming techniques translating into higher quantity of crushed cane, increased sugar recovery and lower varietal rejects. Our Kisan Sewa Kendras in the vicinity of sugar mills educated farmers on contemporary farming practices, which helped improve crop yield. These Kendras also helped distribute subsidised fertilisers, pesticides and farm equipment to farmers. The Company introduced Unnati, a comprehensive cane development programme in the catchment areas of its U.P.-based sugar units. The principal features of the project comprised the cultivation of early high-yield cane varieties, customised use of desired nutrients on the basis of scientific soil testing and varietal shift in cane mix. This objective is helping farmers grow more cane through the deployment of optimised resources (land, water, seed, nutrients and crop protection inputs).

Our **Maharashtra** business

Overview

Availability of superior cane due to fertile land and higher sugar recovery attracted the Company to Maharashtra.

Challenges

The challenges of creating a presence in Maharashtra comprised terrain inexperience, absence of corporate models of how Uttar Pradesh sugar companies needed to adapt in Maharashtra, co-operative-led model of working in that state (as opposed to private mill-driven environment in Uttar Pradesh), lingual difference and modes of everyday farmer engagement that differed from the way things worked in Uttar Pradesh, the state where the Company enjoyed extensive experience.

Achievements

The Company acquired its first plant in Maharashtra (Kolhapur). The Company commenced operations in 2012. It reactivated cane supply relationships, enhanced

operating efficiency (average recovery among the highest across Maharashtra), progressively increased capacity (in three tranches leading to 2016-17 sugar season), balanced it with downstream product capacities and turned this plant around within three seasons of acquisition.

The Company made its second plant acquisition in Maharashtra (Sangli), which had been closed for seven years. It reactivated dormant farmer relationships and commenced crushing within a short time span. The Company crushed 1,20,000 MT in FY2016, its first complete season across 100 days for a recovery of 12.33%, a creditable achievement considering the paucity of preparation.

Its sugar operations were also integrated with a distillery being commissioned in Maharashtra, which would take the distillery capacity to 140 KLPD. The cogen expansion at Maharashtra has increased the capacity to 102 MW.

Outlook

The Company is engaged in enhancing operational capacity from 5,000 TCD to 7,500 TCD effective from the 2016-17 sugar season at the Kolhapur Unit. Also, the Company is increasing crushing capacity of its Ninaidevi unit from 1,750 TCD to 2,500 TCD.

The Company integrated sugar operations in its Kolhapur through a cogen unit of 23 MW and distillery unit of 60 KLPD.

The Company intends to progressively increase sugarcane crushing capacity at the Sangli unit followed by subsequent integration once cane crushing achieves economies of scale.

Investment in Maharashtra operations scaled from 10% initially to 23% currently to 31% in the near-term in a span of five years.

Our **sugar** business

78

per cent of revenues,
2015-16

22

per cent of EBITDA,
2015-16

Overview

Sugar represents the bedrock of the Company's operations with the biggest influence on its profitability. Even as the Company entered the business of sugar manufacture in the mid-nineties, it reported extensive growth from 2013 when it increased crushing capacity and embarked on widening its geographic footprint.

Rationale for presence

The Company entered this business for its evident and latent advantages. Even as India enjoys a deep sugar consuming tradition (the annual increment in consumption is larger than the aggregate consumption of a number of countries), its low per capita consumption (20 kgs compared to an average 39.1 kgs in Europe and 34 kgs in North America) holds out the optimism

that a projected increase in disposable incomes could translate into increased sugar consumption.

Strengths

- The Company is among the ten largest sugar manufacturers in India and one of the fastest growing Indian sugar manufacturers over the last decade – its 15% growth in capacity compares favourably with the country's growth in sugar manufacturing capacity addition.
- The Company is unique in that it is probably the only Uttar Pradesh (private sector-driven) manufacturer with operations in Maharashtra (co-operative sector-driven), demonstrating its ability to address different sectoral environments leading to geographic de-risking

• The heart of the Company's competitiveness lies in its ability to inspire farmers to plant increasing cane quantities, the very basis for a rising sugar throughput.

• The Company is not just a larger producer; it is one of the most efficient as well; its aggregate Uttar Pradesh recovery has been acknowledged as the highest among the sugar manufacturing groups in that state.

Achievements, 2015-16

- Net sugar revenues were ₹853 crore (₹859 crore in the previous year)
- Sugar sales volume increased from 2.87 Lakh Tons to 3.17 Lakh Tons
- Uttar Pradesh accounted for 70% of the Company's sugar revenues; Maharashtra accounted for 30% (increasing from 23% of revenues in the previous year)

Our distillery business

Overview

The Company extended to the downstream processing of molasses (byproduct derived from the manufacture of sugar) through the commissioning of a 60 KLPD distillery at Kolhapur in FY2016.

Rationale for presence

The Company commissioned a distillery to enhance value to its captive-generated molasses. The Company banked on the fact that the country would need to make the blending of ethanol with automotive fuel mandatory with the objective to reduce emissions and progressively increase the blending ratio from 5% towards the level of 10% achieved in some of the developed nations. To encourage increased production, the country would need to remunerate ethanol manufacturers

attractively, the basis for the Company's entry in this business segment. In line with these improving prospects, the Company increased its aggregate distillery capacity from 80 KLPD to 140 KLPD (greenfield Kolhapur distillery commissioned in 2015-16).

Strengths

- The Company possessed the capacity to produce different grades of alcohol (ethanol, rectified spirit and extra-neutral alcohol).

Achievements, 2015-16

- Net distillery revenues were ₹79 crore (₹92 crore in the previous year),
- Ethanol accounted for 75% of the distillery production

- The Company reported an increase in average distillery realisations – from ₹39/ litre (ex-mill price) in 2014-15 to ₹42/ litre in 2015-16.

Our co-generation business

Overview

The Company entered the business of power cogeneration in 2007-08 following the commissioning of a 79 MW capacity attached to its Jawaharpur, Nigohi and Ramgarh plants. Further commissioning of 23 MW cogen plant at Kolhapur took the total cogen capacity to 102 MW. The business grew its organisational visibility from 8% of revenues in 2013-14 to 14% in 2015-16.

Rationale for presence

The Company entered this business segment with the objective to enhance value to the bagasse generated as a byproduct in sugar manufacture. The attractiveness of this business lay in the fact that the mode of generation is environment-friendly, the Company stood to 'export' a sizable portion (following

captive consumption) to the state electricity grid, earnings were secured through long-term power purchase agreements with the state government (with periodic escalation clauses).

Strengths

- The Company possessed sufficient capacity to cater to 100% of its power requirement.
- The Company introduced high-pressure boilers at Kolhapur, which enabled the cogen plant to run for 300 days in 2015-16.

Achievements, 2015-16

- Cogeneration revenues were ₹163 crore (₹143 crore in the previous year), increasing to 14% of the Company's overall revenues
- Cogeneration production increased from 4,174 lac Kwh in 2014-15 to 4,306 lac Kwh in 2015-16

- The Company exported 71% of the power generated at ₹5.33 per unit

14

2015-16

67

per cent of EBITDA,
2015-16

Analysis of financial statements

Consolidated Profit & Loss Analysis

The Company, on a consolidated basis, reported gross revenues of ₹1,209 crore in FY2016, compared to ₹1,190 crore in FY2015. Operating EBITDA on a consolidated basis stood at ₹226.73 crore for FY2016 as compared to ₹12.88 crore in FY2015. Depreciation and interest for the year were at ₹113.39 crore and ₹87.49 crore respectively. The Company recorded a PAT of ₹58.40 crores during FY2016 as against the a PAT of ₹1.49 crore in FY2015.

Operating EBITDA

Better sugar recovery resulted in a reduction

in the cost of production. Besides, improved realisations of sugar and value-added downstream products resulted in operating EBITDA of ₹226.73 crores for the year under review, compared to ₹112.88 Crore in the previous year.

Financial and Interest Expenses

Finance cost was ₹87.49 crore for FY2016 compared to ₹78.01 crores in FY2015. The increase was on account of additional loans for the Kolhapur expansion and working capital loan facility availed during the year.

Other Income

Other income stood at ₹21.56 crore for the current year.

Provision for Tax

Tax expense for FY2016 including current and deferred tax, amounted to ₹(10.99) crore.

Net profit

Net Profit for the year FY2016 amounted to ₹58.40 crore, up from ₹1.49 Crore in FY2015.

Consolidated Balance Sheet Analysis

Capital structure

The Company's paid-up equity share capital stood at ₹16.19 crore as on March 31, 2016, comprising 8,09,39,303 equity shares of ₹2 each (fully paid up).

Reserves and Surplus

The Company's reserves and surplus stood at ₹496.42 crore in FY2016. Of this, surplus in profit and loss account amounted to ₹454.68 crore, Debenture Redemption Reserve ₹25.00 crore, Revaluation Reserve ₹3.75 crore, Capital Reserve ₹4.07 crore and Other Reserves ₹8.92 crore.

Loan Profile

The total borrowed funds of the Company stood at ₹1,137.70 crore (including current maturities of Long Term Debt classified under the head "Other Current Liabilities" of ₹176.06 crore) as on 31 March 2016. Of this, long term loans were ₹747.05 crore and Short-term loans were ₹390.65 crore.

Total Assets

Total assets of the Company were ₹2,060.84 crore as on 31 March 2016. The Company's net fixed assets as proportion of total assets were 37% at the end of the year.

Fixed Assets

Fixed assets of ₹758.99 crores mainly comprised plant and machinery as well as land and buildings. It also included a small portion of capital work-in-progress amounting to ₹ 6.54 crores.

Investments

Out of the total investments of ₹93.57 crore, the Company had a major investment of ₹70.13 crore in fixed income money market mutual funds.

Inventories

Total Inventories were ₹915.47 crore as on 31 March 2016 comprising finished stocks of sugar and other products – ₹882.73 crore, and Raw Material, Store & Spares and Work in Progress of ₹32.74 crore.

Sundry Debtors

Debtors were ₹106.40 crore as on 31 March 2016, of which just ₹1.49 crore amounted to receivables above six months old.

Loans and Advances

Loans and advances comprised 6% of the Company's total assets. Loans and advances made by the Company was ₹113.44 crore as on 31 March 2016.

Cash and Bank Balance

The Company had a cash and bank balance of ₹46.25 crores as on 31 March 2016.

Current Liabilities & Provisions

Current liabilities and provisions stood at ₹524.98 crore (excluding short term borrowings of ₹390.65 crore), wherein Trade Payables stood at ₹240.87 crore, Other Current Liabilities of ₹280.29 and provisions included ₹3.82 crore.

Human Resource **management**

The Dalmia family see itself as an institution that puts human beings before everything and is engaged in nation building. The Dalmia family is young and restless, symbol of excellence, innovation and trust. 'The Dalmia Way' is based on these beliefs.

Our socially inclusive vision, the cohesive solidarity we have for each other, and our belief in the power of humanity, makes our Dalmia family stand apart. Our core purpose of existence is "To help unleash the potential of everyone we touch".

Business Partnership: As a strategic business partner, the HR department operates on a base strategy document built on business alignment and revolves around business sustenance and growth.

High Performance Organisation: For 'New Think' philosophy, Leadership Learning & Change is important. Innovation and new thinking are hallmarks of a high performing organisation. To this effect, Nalanda and business owners work hand in hand to develop and deliver contextual and high-quality learnings.

Some of the programs undertaken in 2015-16 comprised following:

Leadership programmes:

1. **Lakshya Program:** The programme acts as a 'finishing school' for our top performers and creates a pipeline of high value leaders ready to fill critical slots in our critical-to-business succession plan.

2. **Walk The Talk Program:** This has been designed on the principle that leaders thrive when challenged. In the process, participants experience nuances of leadership like courage, resilience, commitment, teamwork and confidence. This, coupled with LAKSHYA, makes the Leadership programme comprehensive and unique.

3. **Excellence in Execution Workshop:** Provides mechanism to overcome obstacles, provides step-by-step guidance for managers to become strong highly engaged managers.

Functional competence development

Functional Competence-based high end programmes are designed and delivered to identified participants to catalyse their domain expertise development on a continuous basis across the Group, covering Sales, Commercial, Finance, HR, Supply Chain and Legal functions.

Domain expertise development

Dalmia Training Institute (DTI), a division of Nalanda, deals with domain expertise and skill proficiency development in technical

areas viz, cane, engineering, production, quality, distillery and power plants. All such programs are designed with meticulous detailing after identifying precise needs and delivered through external and internal subject matter experts. Learnings implementation and comprehensive effectiveness assessment are part of the process.

We moved from a manufacturing-centric outlook to a customer-centric approach. We trained and redeployed existing talent by redefining their roles and responsibilities, moved people through role enhancements and acquired external talent where necessary.

The organisation continues to maintain cordial employee relationships and started encouraging value-based talent volunteering programs. Under this program, we actively promote and encourage our people to engage with communities through various NGOs (serving and empowering the underprivileged, educating the girl child, caring for human health, protecting the environment).

Information **management**

With the steady growth of the Group over the last decade and the rapid inorganic expansion in the sugar businesses, all information technology initiatives across the Group are designed to integrate new entities with Dalmia's way of working.

Information technology works as the glue that binds the different entities of the Dalmia Bharat Group to the collective ethos of excellence. The Group as a whole - and Dalmia Bharat Sugar and Industries Limited (DBSIL) in particular - have been early in adopting cutting-edge technologies to drive efficiency, ensure transparency and establish a competitive advantage. With the steady growth of the Group over the last decade and rapid inorganic expansion in the sugar businesses over the last few years, all information technology initiatives across the Group are designed to quickly integrate new entities with Dalmia's way of working.

In line with 'One Dalmia' philosophy formulated five years ago, we took a major initiative in operational standardisation. Project Udaan was started in FY2013-14, as a part of which functional templates were created for business management systems, bringing together best practices in controls and MIS. In 2015, a functional SAP template was deployed, with a successful 'go live' on May 1, 2015. The SAP implementation integrated all SAP modules with existing operational applications, such as Cane Management, Lab Management and Payroll. Availability of key analytics was ensured by creating dashboards for the sugar business in the critical area of cane management, wherein key supply planning parameters are available 'anytime, anywhere' to decision makers. The implementation of the SAP project strengthened the application backbone and provided the management with the necessary visibility the control and performance landscape.

The Management Information System plays a key role in directing management attention to business problems and in setting resource-allocation priorities.

Analytics is another thrust area covering Sales, Finance, Inventory Management and Plant Operations.

To provide reliable data on availability and quality of raw material, we deployed a mobile application using GPS technology to capture cane planting area, varietal information, procurement planning, weighment and transportation. The solution is successfully deployed for all manufacturing plants - in Uttar Pradesh and in Maharashtra - providing auditable online information on sugar cane availability. This helped the organisation in correct procurement planning, while reducing the turnaround time and transit losses.

In FY 2016, efficiency improvement in plant operations was the focus area. A Plant Technical Information Management System (PTIMS) was deployed at all plants, which captures key operational parameters online; real-time KPIs and alerts are made available to decision makers to ensure preventive breakdown measures. Besides, technology has bridged distances between our boardroom in New Delhi and the plants, with a dashboarding technology beaming live the plant MIS for decision-makers at the corporate headquarters.

The year under review also brought us closer to our farming partners. Through a smartphone application, the Company enabled farmers to plan the engagement cycle - from crop planning to payment receipt - on a mobile-phone. Farmers get all pertinent details about their land-holding, crop quality, variety, cane pricing, dispatch schedules, and payment schedules through this application, securing our relationship with those that share our collective journey toward excellence.

In FY2016-17, this focus will accelerate decision-making: We will leverage the mobility platform to integrate with SAP, and provide approval solutions to our decision-makers on their palm-tops and hand-sets to enhance operating efficiency without sacrificing control.

Project Udaan has been initiated in line with 'One Dalmia' philosophy to bring together best practices in controls and MIS for business management systems.

Risk management

A Risk Management Committee was constituted by the Board of Directors to assist it to frame, implement and monitor a risk management plan. The Company's risk management framework is periodically reviewed to recognise and reduce risk exposure.

Industry risk

Implication: Adverse fluctuations (demand and prices) in sugar, ethanol and power can impact revenues and profits.

Risk mitigation: The Company employs forward contracts, hedging on exchanges and other methodologies to minimise the impact of price fluctuations. Since power prices are regulated across the long-term, volatility is minimal.

Government policies

Implication: Unfavourable government policies can affect industry prospects.

Risk mitigation: Progressive industry decontrol, based on the findings of the Rangarajan Committee, can strengthen industry prospects. The Company has proactively invested in quality products, efficient marketing network and a multi-activity bandwidth to capitalise on emerging opportunities.

Raw material

Implication: Inability to procure adequate cane (quantity and quality) can affect profits.

Risk mitigation: The Company engages with an increasing number of cane-growers, provide adequate knowledge, training and assistance to enhance their yields and incomes, resulting in increasing cane planting.

Directors' Report

FOR THE YEAR ENDED 31ST MARCH, 2016

THE DIRECTORS HAVE PLEASURE IN SUBMITTING THE ANNUAL REPORT AND AUDITED FINANCIAL STATEMENT OF THE COMPANY FOR THE YEAR ENDED 31ST MARCH, 2016.

Operations and Business Performance

Please refer to the chapter on Management Discussion and Analysis for a detailed analysis of the performance of the Company during 2015-16. In addition, working results for key businesses have been provided as an annexure to this report vide Annexure – 1.

Dividend

During the year under review the Company has distributed Interim Dividend of 30% per share amounting to ₹0.60 per equity share to those Shareholders holding shares on 23-3-2016.

Your Directors have decided not to recommend any final dividend and to treat Interim dividend as the final dividend for the financial year 2015-16.

Changes in Business

There have been no changes in business carried on by the Company.

Corporate Governance Report

The Company's Corporate Governance practices have been detailed in a separate chapter and is attached separately to this Report together with the Auditor's certificate thereon.

Subsidiaries

The report on the financial position of the Company's Subsidiaries, Himshikhar Investment Limited, Dalmia Solar Power Limited and Dalmia Sugar Ventures Limited, for the year ended 31-3-2016 is attached in Form AOC -1 and forms part of this report as Annexure-2.

The detailed Annual Reports of these subsidiaries are not being enclosed with this Annual Report. Any Member desiring to inspect the detailed Annual Reports of any of the aforementioned subsidiaries may inspect the same at the Head Office of the Company and that of the subsidiaries concerned. In event a member desires to obtain a copy of the Annual Report of any of the aforementioned subsidiaries, he may write to the Registered Office of the Company specifying the name of the subsidiary whose Annual Report is required. The Company shall supply a copy of such Annual Report to such Member. The Annual Report of the aforementioned subsidiaries are available at the Company's website www.dalmiasugar.com.

During the said financial year no company ceased to be a subsidiary of the Company or its subsidiary. The Company has no Associates and Joint Ventures.

The policy for determining material subsidiaries may be accessed on the Company's website at <http://www.dalmiasugar.com/upload/policies/DBSIL-Material-Subsidiary-Policy.pdf>.

Consolidated Financial Statements

As required under section 129(3) of the Companies Act, 2013 read with Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Accounting Standard - 21, this Annual Report also includes Consolidated Financial Statements for the financial year 2015-16.

Extract of Annual Return

In compliance with sub-section (3) of section 92 of the Companies Act, 2013, the extract of the annual return is attached in Form MGT-9 and forms part of this report as Annexure - 3.

Directors and Key Managerial Personnel

The independent Directors namely, Shri J.S. Baijal, Shri M. Raghupathy and Shri P. Kannan have given their respective declaration of independence under Section 149 of the Companies Act, 2013. A meeting of the Independent Directors excluding all other Directors and Officials of the Company was held as mandated by provisions of Rule 8 of Schedule IV to the Companies Act, 2013 wherein they apprised the performance of the Executive Directors.

The details of familiarisation programmes imparted to the independent Directors of the Company can be accessed at the website of the Company at <http://www.dalmiasugar.com/upload/policies/Familiarisation-Programme-For-Independent-Directors-2015-16.pdf>.

Shri Jai H. Dalmia, Vice Chairman, retires by rotation at the ensuing Annual General Meeting and being eligible offers himself for reappointment. He has furnished requisite declaration in Form DIR -8 pursuant to Section 164(2) of the Companies Act, 2013 read with Rule 14(1) of the Companies (Appointment and Qualification of Directors) Rules, 2014 to the effect that he is not disqualified from being reappointed as a Director of the Company.

The other Key Managerial Personnels, namely, Shri Gautam Dalmia, Managing Director, Shri Anil Kataria, Chief Financial Officer and Shri K.V. Mohan, Company Secretary continue to hold their respective offices during the year under review.

The Nomination and Remuneration Policy of the Company on Director's appointment and remuneration including criteria for determining qualifications, positive attributes, independence of the Directors and other matters provided in section 178(3) of the Companies Act, 2013 has been approved by the Board of Directors on the recommendation of the Nomination and Remuneration Committee. The Nomination and Remuneration Policy is attached as Annexure - 4 to this Report.

The Board of Directors have conducted a formal evaluation of its own performance and the performance of its Committees and individual Directors in accordance with norms laid down in the Nomination and Remuneration Policy aforesaid.

Board of Directors, Committees and Meetings

Reference is invited to the attached Corporate Governance Report for the details thereof.

The Board has accepted all recommendations made by the Audit Committee.

Corporate Social Responsibility

The Company has constituted the CSR Committee which has approved the CSR Policy and decided to expend an amount of ₹0.50 crore (which is more than 2% of average net profits of the Company made during three immediately preceding Financial Years) on CSR activities covering eradication of extreme hunger and poverty, promotion of education including special education, ensuring environmental sustainability and ecological balance, etc., health, and sanitation of which ₹0.11 crore is lying unspent. The said amount is expected to be spent in the current financial year on executions of certain projects under contemplation.

The CSR policy is available on the website of the Company at <http://www.dalmiasugar.com/upload/policies/DBSIL-CSR-POLICY.pdf>.

The Annual Report of CSR activities, in terms of Rule 8 of the Companies (Corporate Social Responsibility Policy) Rules, 2014, is attached as Annexure - 5 and forms part of this Report.

Risk Management

In the first phase all financial risks have been identified and the controls have been defined to avoid such risks. These controls have

been tested during the financial year and found to be working properly.

Related Party Policy and Transactions

The policy on related party transactions may be accessed on the Company's website at <http://www.dalmiasugar.com/upload/policies/DBSIL-Related-Party-Policy.pdf>.

During the year there were no material contracts or arrangements with the related parties referred to in section 188(1) of the Companies Act, 2013. Hence, Form AOC-2 is not being attached to this Report.

Investments, Loans and Guarantees

Report on Corporate Governance

Company's Philosophy on Corporate Governance

DBSIL (Dalmia Bharat Sugar and Industries Limited) believes in and remains committed to good Corporate Governance. The spirit of corporate governance has remained imbibed in the Company's business philosophy since long. This philosophy is shaped by the values of transparency, professionalism and accountability. Today, your Company's corporate governance practices are driven by strong Board oversight, timely disclosures, transparent accounting policies and high levels of integrity in decision-making.

In India, corporate governance standards for listed companies were initially regulated by the Securities and Exchange Board of India (SEBI) through Clause 49 of the Listing Agreement of the Stock Exchanges. Thereafter effective 1st December, 2015, the SEBI introduced the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (for short hereinafter referred to as the "LODR Regulations"), which lists out the requirements relating to Corporate Governance vide Schedule V thereof.

This chapter, along with the chapters on Management Discussion and Analysis and Additional Shareholders Information, reports on DBSIL's compliance with the LODR Regulations.

Board of Directors

Composition of the Board

As on 31st March 2016 the Company's Board comprised eight members — two Executive Directors, and six Non-executive Directors, of which three are Independent and one is a woman Director. Shri J.S. Bajjal, a Non-executive Independent Director, is appointed as the Chairman of the Board. The composition of the Board is in conformity with Regulation 17(1) of the LODR Regulations, which stipulates that if the Chairman is a Non-executive, and is not related to the promoters or persons occupying management positions at the Board level or at one level below the Board, one-third of the Board should comprise of Independent Directors, or else, 50 per cent of the Board should comprise Independent Directors.

Number of Board Meetings

The Board of Directors met six times during the year on 14-5-2015, 7-8-2015, 24-9-2015, 6-11-2015, 1-2-2016 and 4-3-2016. The maximum gap between any two meetings was less than 4 months.

Directors' Attendance Record and Directorships Held

As mandated by Regulation 26 of LODR Regulations, none of the Directors are members of more than ten Board level Committees nor are they Chairman of more than five Committees in which they are members. Table 1 gives the details of the composition of the Board, attendance and details of Committee Membership and Committee Chairmanship.

Table 1: Composition of the Board of Directors

Name of the Directors	Category	Attendance Particulars			No. of other Directorships and Committee Memberships/Chairmanships		
		Number of Board Meetings		Last AGM	Other Directorships@	Committee Memberships #	Committee Chairmanships #

 - Discussion with internal auditors of any significant findings and follow up there on;
 - Reviewing the findings of any internal investigations by the internal auditors into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the Board;
 - Discussion with statutory auditors before the audit commences, about the nature and scope of audit as well as post-audit discussion to ascertain any area of concern;
 - To look into the reasons for substantial defaults in the payment to the depositors, debenture holders, shareholders (in case of non-payment of declared dividends) and creditors;
 - To review the functioning of the Whistle Blower mechanism;
 - Approval of appointment of CFO (i.e., the whole-time Finance Director or any other person heading the finance function or discharging that function) after assessing the qualifications, experience and background, etc. of the candidate;
 - Carrying out any other function as is mentioned in the terms of reference of the Audit Committee.
 - The following information is reviewed by the Audit Committee
 - Management discussion and analysis of financial condition and results of operations;
 - Statement of significant related party transactions (as defined by the Audit Committee), submitted by management;
 - Management letters / letters of internal control weaknesses issued by the statutory auditors;
 - Internal audit reports relating to internal control weaknesses; and
 - The appointment, removal and terms of remuneration of the Chief internal auditor shall be subject to review by the Audit Committee.

b) Nomination and Remuneration Committee

As on 31st March 2016, the Nomination and Remuneration Committee comprised, Shri J.S. Bajjal, Shri M. Raghupathy and Shri P. Kannan, all independent Directors, with Shri M. Raghupathy as its Chairman. The Committee met thrice during the year on 14-5-2015, 7-8-2015 and 1-2-2016. The particulars of attendance of the members in the Meetings of this Committee is set out in Table 4 hereunder:

Table 4: Attendance record of DBSIL's Nomination and Remuneration Committee during 2015-16

Name of Members	Category	Status	No. of Meetings	
			Held	Attended
Shri M. Raghupathy	Independent	Chairman	3	3
Shri P. Kannan	Independent	Member	3	3
Shri J. S. Bajjal	Independent	Member	3	3

The Chairman of the Committee attended the Annual General Meeting of the Company held on 24th August, 2015.

The Committee is to carry out the following functions:

- i) identify persons who are qualified to become directors and persons who may be appointed in senior management in accordance with the criteria laid down and recommend to the Board their appointment and/or removal;
- ii) carry out evaluation of every director's performance;
- iii) formulate the criteria for determining qualifications, positive attributes and independence of a director and recommend to the Board a policy, relating to the remuneration for the directors, key managerial personnel and other employees. while formulating the aforesaid policy the Committee shall ensure that—
 - (a) the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate directors of the quality required to run the company successfully;
 - (b) relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
 - (c) remuneration to directors, key managerial personnel and senior management involves a balance between fixed and

incentive pay reflecting short and long-term performance objectives appropriate to the working of the company and its goals.

The performance appraisal of independent directors is being regularly done on the basis of attendance, preparedness and participation in items of business being discussed at the meetings of the Board and Committees and contribution in improving business performance besides pro-active availability for company's business purposes besides time given by them in Board meetings.

c) Stakeholders' Relationship Committee

The Stakeholders' Relationship Committee comprised Shri J.S. Bajjal, (Independent Director) as its Chairman, Shri Gautam Dalmia, Shri P. Kannan and Shri B.B. Mehta as its members.

Shri P. Kannan, a member of this Committee was authorised to attend the Annual General Meeting of the Company instead of the Chairman, who had authorised him to attend the same on his behalf.

The terms of reference to this Committee is to look into and redress the complaints received from investors, in coordination with the Company's Registrars and Share Transfer Agent. The Committee met thrice during the year on 14-5-2015, 6-11-2015 and 1-2-2016 and the attendance of the Directors is given below in Table 5:

Management

Management Discussion and Analysis

The Annual Report has a detailed report on Management Discussion and Analysis.

Disclosures

- (a) Related party transactions in the ordinary course of business have been disclosed in Note No. 45 of the attached Standalone Financial Statements. No materially significant related party transactions have been entered into during the year ended 31st March, 2016 that had the possibility of injuring the Company's interests. The web-link for the Company's policy on Related Party Transactions is www.dalmiasugar.com/upload/policies/DBSIL-Related-Party-Policy.pdf.
- (b) The Company complied with the regulatory requirements on capital markets. No penalties/strictures have been imposed against it by the Stock Exchanges, SEBI or any other authority on any matter related to capital markets during last three years.
- (c) The Company has framed a Whistle Blower policy and Vigil Mechanism, and the details of the same are hosted on the website of the Company at <https://www.dalmiasugar.com/upload/policies/DBSIL-Whistle-Blower-Policy-Vigil-Mechanism.pdf>. The Company also affirms that all persons have been permitted to access the Audit Committee.
- (d) The Company is fully compliant with the applicable mandatory requirements specified in Regulation 17 to 27 and clause (b) to (i) of sub regulation (2) of Regulation 46 of LODR Regulations. The discretionary/non-mandatory requirements as stipulated in regulation 27 (1) read with part E of schedule II of LODR Regulations other than item B (Half yearly declaration to shareholders) have not been adopted by the Company.

Disclosure of Accounting Treatment in Preparation of Financial Statements

DBSIL has followed the guidelines of Accounting Standards laid down by the Central Government under the provisions of section 129(1) of the Companies Act, 2013 in the preparation of its financial statements.

Code for Prevention of Insider-Trading Practices

In compliance with the SEBI regulations on prevention of insider trading, the Company has instituted a comprehensive code of conduct for its management and staff. The code lays down guidelines, which advises them on procedures to be followed and disclosures to be made, while dealing with shares of Company, and

cautioning them of the consequences of violations.

CEO/ CFO certification

The CEO and CFO certification of the financial statements for the year is enclosed at the end of the report.

Shareholders

Reappointment/Appointment of Directors

Pursuant to the provisions of section 149 of the Companies Act, 2013, the Shareholders have approved the appointment of the three Independent Directors on the Board, namely, Shri J.S. Baijal, Shri M. Raghupathy and Shri P. Kannan, for a period of 5 years with effect from the conclusion of the Annual General Meeting on 30-8-2014.

Each of the said Independent Directors have given their affirmation of Independence at the beginning of the financial year 2016-17 and have also confirmed that each of them are not disqualified from being appointed as a Director of the Company by furnishing requisite declaration as required under section 164(2) of the Companies Act, 2013.

Pursuant to the Articles of Association of DBSIL, at every Annual General Meeting of the Company, one-third of the rotational Directors retire by rotation or if their number is not three or a multiple of three, the number nearest to one-third retire from office. Accordingly, at the ensuing Annual General Meeting, Shri T. Venkatesan, Director and Shri Jai H Dalmia, Vice-Chairman of the Company retires by rotation and is eligible for re-appointment.

Means of Communication with Shareholders

The Board of Directors of the Company approves and takes on record the unaudited financial results in the format prescribed by the Stock Exchanges within forty-five days of the close of every quarter and such results are published in one financial newspaper, viz., Business Line, and one Regional Newspaper, Dinamani, within the stipulated time. The Company also publishes its annual audited results in these newspapers within the stipulated period.

As required under the LODR Regulations all the data related to quarterly and annual financial results, shareholding pattern, etc., is provided to the website of the Stock Exchanges and the Company within the time frame prescribed in this regard. All the details required to be forwarded to the Stock Exchanges are being sent by the Company from time to time. Investors presentations have been displayed at the Company's website www.dalmiasugar.com.

General Body Meetings

Table 10 gives the details of the last three Annual General Meetings (AGMs).

Table 10: Details of last three AGMs

Financial year	Date	Time	Location
2014-15	24 th August, 2015	11.30 a.m.	Community Centre, Dalmiapuram, Dist. Tiruchirapalli, Tamil Nadu, 621651.

AUDITORS' CERTIFICATE ON CORPORATE GOVERNANCE

To The Members of ,
Dalmia Bharat Sugar and Industries Limited

We have examined the compliance of conditions of Corporate Governance by Dalmia Bharat Sugar and Industries Limited ("the Company") for the year ended 31st March, 2016, as stipulated in Chapter IV of Securities and Exchange Board of India (Listing Obligations & Disclosure Requirement) Regulations, 2015 (erstwhile clause 49 of the Listing Agreement) with the documents and records maintained by the Company and the report on corporate governance as adopted by the Board of Directors.

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us and the representations made by the Directors and the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Regulations.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

District Tiruchirapalli, Tamil Nadu

Dear Sirs,

I do hereby certify that the all the Members of the Board of Directors of the Company and the Senior Management Personnel have affirmed their compliance with the Code of Conduct laid down by the Board of Directors of the Company in their Meeting held on 6-11-2015.

This certificate is being given in compliance with the requirement of Regulation 34(3) of Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulations, 2015.

Dated: 23-5-2016
Place: New Delhi

Gautam Dalmia
Managing Director & Chief Executive Officer

To
The Board of Directors,
Dalmia Bharat Sugar and Industries Limited
Registered Office: Dalmiapuram – 621651
District Tiruchirapalli, Tamil Nadu

Dear Sirs,

1. We have reviewed the Financial Statements and the Cash Flow Statements as at 31st March, 2016 and certify that to the best of our knowledge and belief:
 - 1) These Statements do not contain any materially untrue statement or omit any material fact or contain Statements that might be misleading;
 - 2) These Statements together present a true and fair view of the Company's Affairs and are in compliance with existing Accounting Standards, applicable laws and regulations.
2. We further certify that, to the best of our knowledge and belief, no transactions have been entered into by the Company during the year which are fraudulent, illegal or violative of the Company's Code of Conduct;
3. We accept responsibility for establishing and maintaining internal controls for financial reporting and that we have evaluated the effectiveness of the internal control systems of the Company pertaining to financial reporting and we have disclosed to the Auditors and the Audit Committee, deficiencies in the design or operation of such internal controls, if any, of which we are aware and the steps we have taken or propose to take to rectify these deficiencies;
4. We have indicated to the Auditors and the Audit Committee:
 - (i) Significant changes in internal control over financial reporting during the year;
 - (ii) Significant changes in accounting policies during the year and that the same have been disclosed in the notes to the financial statements; and
 - (iii) Instances of significant fraud of which we have become aware and the involvement therein, if any, of the management or an employee having a significant role in the company's internal control systems over financial reporting.

Independent Auditors' Report

To the Members of
Dalmia Bharat Sugar and Industries Limited

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **Dalmia Bharat Sugar and Industries Limited** ("the Company"), which comprise the balance sheet as at 31st March, 2016, the statement of profit and loss, and the cash flow statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those

Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2016, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The balance sheet, the statement of profit and loss, and the cash flow statement dealt with by this report are in agreement with the books of account;
- d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- e) On the basis of the written representations received from the directors as on 31st March, 2016 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2016 from being appointed as a director in terms of Section 164 (2) of the Act;
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigation on its financial position in its financial statements as referred to in Note 30 to the standalone financial statements.
 - ii. Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund by the Company.

Annexure A to the Independent Auditor's Report to the members of Dalmia Bharat Sugar and Industries Limited dated May 23, 2016

Report on the matters specified in paragraph 3 of the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Companies Act, 2013 ("the Act") as referred to in paragraph 1 of 'Report on Other Legal and Regulatory Requirements' section.

- 1 (a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
- (b) The fixed assets have been physically verified by the management during the year, the frequency of which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.
- (c) In our opinion, and according to the information and explanations given to us, the title deeds of immovable properties are held in the name of the company except for 2.79 acres (having gross block and net block of Rs. 0.13 Crores) of land at Salem for which all dues for transfer of land in favour of the Company has been paid and transfer of title in the name of company is awaited.
- ii. In respect of the Company's inventories:
 - (a) As explained to us the Management has conducted physical verification of inventory at reasonable intervals during the year, except stocks lying with third parties which have been verified with reference to correspondence received from third parties.
 - (b) In our opinion and according to the information and explanations given to us, the procedures of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
 - (c) In our opinion and according to the information and explanations given to us, the Company has maintained proper records of its inventories. The discrepancies noticed on physical verification of inventories as compared to book records were not material and have been properly dealt with in the books of accounts.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under section 189 of the Act. Accordingly clauses 3(iii) (a) to (c) of the Order are not applicable.
- iv. In our opinion and according to the information and explanations given to us, provisions of section 185 and 186 of the Act in respect of loans to directors including entities in which they are interested and in respect of loans and advances given, investments made and, guarantees, and securities given have been complied with by the company.
- v. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of directives issued by the Reserve Bank of India and provisions of sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder are not applicable.
- vi. We have broadly reviewed the Cost Accounting records maintained by the Company pursuant to the Rules prescribed by the Central Government for the maintenance of cost records under sub-section (1) of section 148 of the Act and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We are, however, not required to make a detailed examination of such books and records.
- vii. a) According to the records of the Company examined by us and the information and explanations given to us, the Company has generally deposited its statutory dues including Employees' Provident Fund, Employees' State Insurance, Investor Education and Protection Fund, Income Tax, Wealth Tax, Service Tax, Custom Duty, Excise duty, Cess and any other material statutory dues within the prescribed time with the appropriate authorities during the year and there are no such undisputed amounts payable which have remained outstanding as at March 31, 2016 for a period of more than six months from the date they became payable.

- b. According to the records of the Company, the details of dues of Income-tax, Sales-tax, Wealth-tax, Service-tax, Customs Duty, Excise Duty and Value added tax which have not been deposited on account of any dispute and the forum where the dispute is pending, are as follows :

Annexure B to the Independent Auditor's Report to the Members of Dalmia Bharat Sugar and Industries Limited on its standalone financial statements

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act as referred to in paragraph 2(f) of 'Report on Other Legal and Regulatory Requirements' section

We have audited the internal financial controls over financial reporting of the Company as of March 31, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- c) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2016, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

Notes to Standalone Financial Statements for the year ended 31st March, 2016

1.1: Company overview:-

The Company was incorporated as Dalmia Cement Bharat Limited. Name of the company was changed from Dalmia Cement (Bharat) Limited to Dalmia Bharat Sugar and Industries Limited ("The Company") vide fresh certificate of incorporation dated 7th September, 2010 issued by registrar of companies, Tamilnadu.

The company is mainly engaged in manufacturing of sugar, generation of power, manufacturing of Industrial alcohol and manufacturing of refractory products.

The Company is listed on the National Stock Exchange of India and Bombay Stock Exchange of India. These financial statements are presented in Indian Rupees (Rs).

1.2: Significant accounting policies:-

A. Basis of preparation

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules 2014. The financial statements have been prepared under the historical cost convention on an accrual basis except in case of assets for which revaluation is carried out. The accounting policies have been consistently applied by the Company and are consistent with those used in the previous year.

B. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Difference between the actual results and estimates are recognised in the period in which the results are known/ materialized.

C. Fixed assets

Fixed assets are stated at cost (or revalued amounts, as the case may be), less accumulated depreciation and impairment losses if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

Intangible assets are recognised on the basis of recognition criteria as set out in the relevant Accounting Standard.

Expenditure related to and incurred on implementation of new/ expansion-cum-modernisation projects is included under capital work-in-progress and the same is allocated to the respective tangible asset on completion of its construction/erection.

D. Depreciation / amortisation

Depreciation on fixed assets is calculated on the basis of useful lives as prescribed under Schedule II to the Companies Act, 2013. The following methods of depreciation are used for fixed assets:

"Plant and machinery" at Salem (excluding earth moving machinery) and on all fixed assets at Wind Farm Unit, Bangalore Works and Dalmia Chini Mills (Sugar Units) excluding machinery in Power Plants.	Straight line method
Leasehold land	Amortised over the period of lease, i.e., 99 years
Remaining tangible fixed assets	Written down value method
Computer software	Amortised over a period of 3-5 years on a Straight line basis.
Other intangible assets	Amortised over a period of maximum 10 years on a straight line basis.

During the current year, the Company has changed the method of charging depreciation from Straight Line Method to Written Down Value Method for Power Cogeneration plant & Machinery (other than Boiler, which is already being depreciated as per Written Down Value method) considering that there is higher wear and tear and that the revised carrying values approximates the current replacement values.

Notes to Standalone Financial Statements for the year ended 31st March, 2016

E. Impairment of assets

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

Previously recognised impairment losses are reversed to the extent the recoverable amount exceeds the carrying amount.

F. Leases

Where the Company is the lessee

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

Where the Company is the lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognised in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of Profit and Loss.

G. Government grants and subsidies

Grants and subsidies from the government are recognized when there is reasonable assurance that the grant / subsidy will be received and all attaching conditions will be complied with.

When the grant or subsidy relates to an expense item, it is recognized as income over the periods necessary to match them on a systematic basis to the costs, which it is intended to compensate.

Where the grant or subsidy relates to an asset, its value is deducted from the gross value of the asset concerned in arriving at the carrying amount of the related asset.

H. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

I. Segment reporting

Identification of segments

The Company's operating businesses are organized and managed separately according to the nature of products manufactured and services provided, with each segment representing a strategic business unit that offers different products. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

Inter segment transfers

The Company accounts for inter-segment sales and transfers as if the sales or transfers were to third parties at current market prices.

Allocation of common costs

Common allocable costs are allocated to each segment on reasonable basis.

Unallocated items

Includes general corporate income and expense items which are not allocable to any business segment.

Segment policies

The company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

Notes to Standalone Financial Statements for the year ended 31st March, 2016

J. Employee benefits

- a. Employee benefits in the form of the Company's contribution to provident fund, pension fund, superannuation fund and ESI are considered as defined contribution plan and charged to the Statement of Profit and Loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contributions payable to the respective funds.
- b. Retirement benefits in the form of gratuity and provident fund contribution to Dalmia Cement Provident Fund Trust are defined benefit plans. Gratuity is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Contributions to Dalmia Cement Provident Fund Trust are charged to the Statement of Profit and Loss of the year when the contributions to the fund are due. Shortfall in the funds, if any, is adequately provided for by the Company.
- c. Leave encashment including compensated absences are provided for based on actuarial valuation at the year end. The actuarial valuation is done as per projected unit credit method.
- d. Actuarial gains/losses are immediately taken to Statement of Profit and Loss and are not deferred.
- e. Payments made under the Voluntary Retirement Scheme are charged to the Statement of Profit and Loss in the year in which the same are incurred.

K. Inventories

- a. Finished goods are valued at lower of cost or net realisable value. In case of Dead Burnt Magnesite Dust Stocks to the extent these are considered saleable, valuation is done at raw materials cost plus packing charges or net realizable value, whichever is lower. By-products are valued at net realisable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty. Cost is determined on a weighted average basis.
- b. Work in progress is valued at lower of cost or net realisable value. Cost is determined on a weighted average basis.
- c. Stores, Spares and Raw Materials are valued at lower of cost or net realisable value. However materials & other items of inventories held for use in the production are not written below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on a weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

L. Investments

Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined for each category separately. Long-term investments are carried at cost on individual investment basis. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments in case of long term investments.

M. Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Sale of goods

Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer. Excise Duty deducted from turnover (gross) are the amount that is included in the amount of turnover (gross) and not the entire amount of liability that arose during the year. Sale is net of trade discount and sales tax.

Dividends

Revenue is recognised when the shareholders' right to receive payment is established by the Balance Sheet date.

Insurance claim

Claims lodged with the insurance companies are accounted on accrual basis to the extent these are measurable and ultimate collection is reasonably certain.

Notes to Standalone Financial Statements for the year ended 31st March, 2016

N. Foreign currency transactions

(i) Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

(iii) Exchange differences

Exchange differences arising on a monetary item that, in substance, form part of the Company's net investment in a non-integral foreign operation is accumulated in a foreign currency translation reserve in the financial statements until the disposal of the net investment, at which time they are recognised as income or as expenses.

Exchange differences arising on the settlement of monetary items not covered above, or on reporting such monetary items of Company at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

iv) Forward exchange contracts not intended for trading or speculation purposes

The premium or discount arising at the inception of forward exchange contracts is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognised in the Statement of Profit and Loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or as expense for the year.

O. Income taxes

Tax expense comprises of current and deferred. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. Deferred income tax reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

At each balance sheet date the Company re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the Minimum Alternative tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

Notes to Standalone Financial Statements for the year ended 31st March, 2016

P. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue, bonus element in a rights issue to existing shareholders, share split, and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Q. Provisions

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are shown by way of note in the Notes to Accounts in respect of obligations where based on the evidence available, their existence at the Balance Sheet date is considered not probable. Contingent assets are neither recognized in the accounts nor disclosed.

R. Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short term investments with an original maturity of three months or less.

Notes to Standalone Financial Statements for the year ended 31st March, 2016

40. Gratuity and Other Post Employment Benefit Plans:

Gratuity

The Company has defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service. The Scheme is funded with an insurance Company in the form of a qualifying insurance policy.

The following tables summarise the components of net benefit expense recognised in the Statement of Profit and Loss and the funded status and amounts recognised in the Balance Sheet for the plan.

Statement of Profit and Loss

Net employee benefit expense (recognised in Employee Benefit Expenses)

Particulars	Gratuity Funded	
	2015-16	2014-15
Current Service Cost	1.54	1.38
Interest Cost	1.34	1.19
Expected return on plan assets	(1.42)	(1.35)
Net Actuarial (Gain)/ Loss	(0.05)	0.57
Past Service cost	-	-
Total Expense	1.40	1.80
Actual return on plan assets	1.19	1.33

Balance Sheet

Particulars	Gratuity Funded	
	2015-16	2014-15
Present value of obligation as at year-end	19.20	17.22
Fair value of plan assets as at year-end	16.56	15.78
Less : Unrecognised past service cost	-	-
Funded status {Surplus/(Deficit)}	(2.64)	(1.44)
Net Asset/(Liability) as at year end	(2.64)	(1.44)

Changes in the Present Value of the Defined Benefit Obligation are as follows:

Particulars	Gratuity Funded	
	2015-16	2014-15
Opening defined benefit obligation	17.22	14.92
Interest cost	1.34	1.19
Current service cost	1.54	1.38
Benefits paid out of funds	(0.61)	(0.83)
Actuarial (gains)/ losses on obligation	(0.29)	0.56
Closing defined benefit obligation	19.20	17.22

Notes to Standalone Financial Statements for the year ended 31st March, 2016

40. Gratuity and Other Post Employment Benefit Plans: (contd.)

Changes in the Fair Value of Plan Assets are as follows:

Particulars	Gratuity Funded	
	2015-16	2014-15
Opening fair value of plan assets	15.78	15.23
Expected return	1.42	1.35
Contribution by employer	0.20	0.05
Benefits paid	(0.61)	(0.83)
Actuarial gains/ (losses) on obligation	(0.23)	(0.01)
Closing fair value of plan assets	16.56	15.78

(₹ Crore)

The Major Categories of Plan Assets as a Percentage of the Fair Value of Total Plan Assets are as follows:

Particulars	Gratuity Funded	
	2015-16	2014-15
Qualifying Insurance Policy	100%	100%
Bank Balance	-	-

The overall expected rate of return on assets is determined based on the market prices prevailing on that date, applicable to the period over which the obligation is to be settled.

The Principal Assumptions used in determining Gratuity for the Company's plans are shown below:

Particulars	Gratuity Funded	
	2015-16	2014-15
Discount Rate	7.75%	7.75%
Expected rate of return on assets	9.00%	9.00%
Mortality Table	LIC (2006-08)	LIC (2006-08)
Salary Escalation	7.00%	7.00%

The estimates of future salary increases, considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Amounts for the Current and previous four years in respect of Gratuity are as follows:

Particulars	Gratuity				
	2015-16	2014-15	2013-14	2012-13	2011-12
Defined benefit obligation	19.20	17.22	14.92	14.08	12.66
Plan assets	16.56	15.78	15.23	14.81	13.49
Surplus / (deficit)	(2.64)	(1.44)	0.31	0.73	0.83

40. Gratuity and Other Post Employment Benefit Plans: (contd.)

Provident Fund

The Guidance note issued by Accounting Standard Board (ASB) on implementing AS 15, Employee Benefit (Revised 2005) states that provident funds set up by the employers, which require interest shortfall to be met by the employer, needs to be treated as defined benefit plan. The fund does not have any existing deficit or interest shortfall.

41. Segment Information

Primary Segment: Business Segment

The Company's operating businesses are organized and managed separately according to the nature of products manufactured and services provided. The identified reportable segments are Own Manufactured Sugar, Power and Others.

The "Own Manufactured Sugar Segment" includes manufacture and marketing of Sugar.

The "Power Segment" includes generation and sale of Power. Power is also used for captive consumption by the Company.

The "Others' segment" includes Magnesite, Distillery, Travel, and Electronics activities of the Company.

The Company caters mainly to the needs of the domestic market. The export turnover is not significant in the context of total turnover. As such there are no reportable Geographical Segments.

		(0.01)	(0.01)

48. Foreign Currency Exposures

The amount of foreign currency exposures as at March 31, 2016 that are not hedged by a derivative instrument or otherwise are as under:-

(₹ Crore)

Particulars	Foreign Currency (FC)	Amount in FC	₹ Crore
Amount Receivable			
Trade Receivables		-	-
	USD	(8,500)	(0.05)

There is no hedged foreign currency exposure as on the balance sheet date.

49. Figures less than Rs. Fifty thousand which are required to be shown separately have been shown at actual in double brackets.

50. The Company has changed the method of charging depreciation from Straight Line Method to Written Down Value Method for Power Cogeneration plant & Machinery (other than Boiler, which is already being depreciated as per Written Down Value method) considering that there is higher wear and tear and that the revised carrying values approximates the current replacement values.

In compliance to the accounting standard (AS-6), depreciation has been recomputed from the date of commissioning of these plants at WDV rates applicable to those years. Consequent to this there is an additional charge for depreciation during the year of Rs. 59.65 Cr which relates to previous years. Additional depreciation on account of current year is Rs 4.99 Cr. Consequently the net block of Fixed Assets and profits are lower by Rs. 64.64 Cr.

Notes to Standalone Financial Statements for the year ended 31st March, 2016

51. In the opinion of the Management there is no reduction in the value of any assets, hence no provisions is required in terms of Accounting Standard AS 28 "Impairment of Assests".
52. In the opinion of the Board and to the best of their knowledge and belief, the value on realisation of loans, advances and current assets in the ordinary course of business will not be less than the amount at which they are stated in the Balance Sheet.
53. **Previous Year Comparatives**
Figures in brackets pertain to previous year. Previous year's figures have been regrouped where necessary to conform to this year's classification.

Independent Auditors' Report

To the Members of
Dalmia Bharat Sugar and Industries Limited

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of **Dalmia Bharat Sugar and Industries Limited** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), comprising of the consolidated balance sheet as at 31st March, 2016, the consolidated statement of profit and loss, the consolidated cash flow statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities, the selection and application of appropriate accounting policies, making judgments and estimates that are reasonable and prudent, and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Holding Company has an adequate internal financial controls system over financial reporting in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group as at March 31, 2016, and their consolidated profit and their consolidated cash flows for the year ended on that date.

Other Matters

We did not audit the financial statements/financial information of three subsidiaries whose financial statements reflect total assets of ₹6.44 crores as at 31st March, 2016, total revenues of ₹0.10 crores and net cash outflows amounting to ₹Nil for the year ended on that date, as considered in the consolidated financial statements.

These financial statements/financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, insofar as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
 - b) In our opinion proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;
 - c) The consolidated balance sheet, the consolidated statement of profit and loss, and the consolidated cash flow statement dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - d) In our opinion the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2016 taken on record by the Board of Directors of the Holding Company and the reports of the other statutory

auditors of its subsidiaries incorporated in India, none of the directors of the Group incorporated in India is disqualified as on 31st March, 2016 from being appointed as a director in terms of Section 164 (2) of the Act;

- f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group– Refer Note 31 to the consolidated financial statements.
 - ii. The Group did not have any long term contracts including derivative contracts for which there were any material foreseeable losses; and
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, and its subsidiary incorporated in India.

Annexure A to the Independent Auditor's Report to the Members of Dalmia Bharat Sugar and Industries Limited dated May 23, 2016 on its consolidated financial statements

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 2(f) of 'Report on Other Legal and Regulatory Requirements' section

In conjunction with our audit of the consolidated financial statements of **Dalmia Bharat Sugar and Industries Limited** as of and for the year ended March 31, 2016, we have audited the Internal Financial Controls Over Financial Reporting of Dalmia Bharat Sugar and Industries Limited (hereinafter referred to as the "Holding Company") and its subsidiary companies (the Holding Company and its subsidiaries together referred to as "the Group"), which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the of the Holding Company, its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- c) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper

management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies which are companies incorporated in India, have, maintained in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to three subsidiaries, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Notes to Consolidated Financial Statements for the year ended 31st March, 2016

1.1: Company overview:-

The Company was incorporated as Dalmia Cement Bharat Limited. Name of the Company was changed from Dalmia Cement (Bharat) Limited to Dalmia Bharat Sugar and Industries Limited ('The Company') vide fresh certificate of incorporation dated 7th September, 2010 issued by registrar of companies, Tamilnadu.

The Company is mainly engaged in manufacturing of sugar, generation of power, manufacturing of Industrial alcohol and manufacturing of refractory products.

The Company is listed on the National Stock Exchange of India and Bombay Stock Exchange of India. These financial statements are presented in Indian Rupees (₹).

1.2: Significant accounting policies:-

A. Basis of preparation

The Consolidated Financial Statements have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules 2014. The Consolidated Financial Statements have been prepared under the historical cost convention on an accrual basis except in case of assets for which revaluation is carried out. The accounting policies have been consistently applied by the Company and are consistent with those used in the previous year.

The CFS relates to Dalmia Bharat Sugar and Industries Limited (hereinafter referred as the "Company") and its Subsidiaries, Associate and Joint Venture (hereinafter referred as the "Group").

B. Principles of Consolidation

In the preparation of these Consolidated Financial Statements, investment in Subsidiaries, Associate and Joint Venture have been accounted for in accordance with Accounting Standard (AS) 21 – Consolidated Financial Statements, Accounting Standard (AS) 23 – Accounting for Investments in Associates in Consolidated Financial Statements and Accounting Standard (AS) 27 – Financial Reporting of Interests in Joint Ventures. The Consolidated Financial Statements have been prepared on the following basis:

- a) Subsidiaries have been consolidated on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating all significant intra-group balances and intra-group transactions and also unrealised profits or losses, except where cost cannot be recovered.
- b) Minorities' interest in net profit of consolidated subsidiaries for the year is identified and adjusted against the income in order to arrive at the net income attributable to the shareholders of the Company. Their share of net assets is identified and presented in the Consolidated Balance Sheet separately. Where accumulated losses attributable to the minorities are in excess of their equity, in the absence of the contractual obligation on the minorities, the same is accounted for by the Holding Company.
- c) Interests in the assets, liabilities, income and expenses of the joint venture are consolidated using proportionate consolidation method. Intra group balances, transactions and unrealised profits/ losses are eliminated to the extent of Company's proportionate share.
- d) The difference of the cost to the Company of its investment in subsidiaries and joint venture over its proportionate share in the equity of the Investee Company as at the date of acquisition of stake is recognized in the Consolidated Financial Statements as Goodwill or Capital Reserve, as the case may be.
- e) Investment in entities in which the Group has significant influence but not controlling interest, are reported according to the equity method i.e. the investment is initially recorded at cost adjusted thereafter for post-acquisition change in the Company's share of net assets of the associates. The Consolidated Statement of Profit and Loss includes the Company's share of the result of the operations of the associate.
Unrealised profits and losses resulting from transactions between the investor (or its consolidated subsidiaries) and the associate have been eliminated to the extent of the investor's interest in the associate. Unrealised losses have not been eliminated if and to the extent the cost of the transferred asset cannot be recovered.
- f) Goodwill/capital reserve arising on the acquisition of an associate by an investor is included in the carrying amount of investment in the associate and is disclosed separately.

Notes to Consolidated Financial Statements for the year ended 31st March, 2016

- g) The Consolidated Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Company's separate Consolidated Financial Statements. Differences in accounting policies have been disclosed separately.
- h) The difference between the proceeds from disposal of investment in subsidiary and the carrying amount of its assets less liabilities as of the date of disposal is recognized in the Consolidated Statement of Profit and Loss as the profit or loss on disposal of investment in subsidiary.
- i) The accounts of all the Group Companies are drawn up to the same reporting date as the parent entity (i.e. financial year ended March 31, 2016).

C. Use of Estimates

The preparation of Consolidated Financial Statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the Consolidated Financial Statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Difference between the actual result and estimates are recognised in the period in which the results are known/ materialized.

D. Fixed assets

Fixed assets are stated at cost (or revalued amounts, as the case may be), less accumulated depreciation and impairment losses if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

Intangible assets are recognised on the basis of recognition criteria as set out in the relevant Accounting Standard.

Expenditure related to and incurred on implementation of new/ expansion-cum-modernisation projects is included under capital work-in-progress and the same is allocated to the respective tangible asset on completion of its construction/erection.

E. Depreciation / amortisation

Depreciation on fixed assets is calculated on the basis of useful lives as prescribed under Schedule II to the Companies Act, 2013. The following methods of depreciation are used for fixed assets:

"Plant and machinery" at Salem (excluding earth moving machinery) and on all fixed assets at Wind Farm Unit, Bangalore Works and Dalmia Chini Mills (Sugar Units) excluding machinery in Power Plants.	Straight line method
Leasehold land	Amortised over the period of lease, i.e., 99 years
Remaining Tangible Fixed Assets	Written Down Value Method
Computer Software	Amortised over a period of 3-5 years on a Straight line basis.
Other Intangible Assets	Amortised over a period of maximum 10 years on a straight line basis.

During the current year, the Company has changed the method of charging depreciation from Straight Line Method to Written Down Value Method for Power Cogeneration plant & Machinery (other than Boiler, which is already being depreciated as per Written Down Value method) considering that there is higher wear and tear and that the revised carrying values approximates the current replacement values.

E. Impairment of Assets

The carrying amounts of assets are reviewed at each Consolidated Balance Sheet date if there is any indication of impairment based on internal / external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

Previously recognised impairment losses are reversed to the extent the recoverable amount exceeds the carrying amount.

Notes to Consolidated Financial Statements for the year ended 31st March, 2016

G. Goodwill on Consolidation

Goodwill represents the difference between the Groups' share in the net worth of the investee companies and the cost of acquisition at the date of investment. For this purpose, the Groups' share of equity in the investee companies is determined on the basis of the latest Consolidated Financial Statements of the respective companies available as on the date of acquisition, after making necessary adjustments for material events between the date of such Consolidated Financial Statements and the date of acquisition.

H. Leases

Where the Company is the lessee

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

Where the Company is the lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognised in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of Profit and Loss.

I. Government grants and subsidies

Grants and subsidies from the government are recognized when there is reasonable assurance that the grant / subsidy will be received and all attaching conditions will be complied with.

When the grant or subsidy relates to an expense item, it is recognized as income over the periods necessary to match them on a systematic basis to the costs, which it is intended to compensate.

Where the grant or subsidy relates to an asset, its value is deducted from the gross value of the asset concerned in arriving at the carrying amount of the related asset.

J. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

K. Segment reporting

Identification of segments

The Company's operating businesses are organized and managed separately according to the nature of products manufactured and services provided, with each segment representing a strategic business unit that offers different products. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

Inter segment transfers

The Company accounts for intersegment sales and transfers as if the sales or transfers were to third parties at current market prices.

Allocation of common costs

Common allocable costs are allocated to each segment on reasonable basis.

Unallocated items

Includes general corporate income and expense items which are not allocable to any business segment.

Segment policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the Consolidated Financial Statements of the Company as a whole.

L. Employee benefits

- a. Employee benefits in the form of the Company's contribution to provident fund, pension fund, superannuation fund and ESI are considered as defined contribution plan and charged to the Statement of Profit and Loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contributions payable to the respective funds.

Notes to Consolidated Financial Statements for the year ended 31st March, 2016

- b. Retirement benefits in the form of gratuity and provident fund contribution to Dalmia Cement Provident Fund Trust are defined benefit plans. Gratuity is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Contributions to Dalmia Cement Provident Fund Trust are charged to the Statement of Profit and Loss of the year when the contributions to the fund is due. Shortfall in the funds, if any, is adequately provided for by the Company.
- c. Leave encashment including compensated absences are provided for based on actuarial valuation at the year end. The actuarial valuation is done as per projected unit credit method.
- d. Actuarial gains / losses are immediately taken to Statement of Profit and Loss and are not deferred.
- e. Payments made under the Voluntary Retirement Scheme are charged to the Statement of Profit and Loss in the year in which the same are incurred.

M. Inventories

- a. Finished goods are valued at lower of cost or net realisable value. In case of Dead Burnt Magnesite Dust Stocks to the extent these are considered saleable, valuation is done at raw materials cost plus packing charges or net realizable value, whichever is lower. By-products are valued at net realisable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty. Cost is determined on a weighted average basis.
- b. Work in progress is valued at lower of cost or net realisable value. Cost is determined on a weighted average basis
- c. Stores, Spares and Raw Materials are valued at lower of cost or net realisable value. However materials & other items of inventories held for use in the production are not written below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on a weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

N. Investments

Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined for each category separately. Long-term investments are carried at cost on individual investment basis. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments in case of long term investments.

O. Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Sale of goods

Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer. Excise Duty deducted from turnover (gross) are the amount that is included in the amount of turnover (gross) and not the entire amount of liability that arose during the year. Sale is net of trade discount and sales tax.

Dividends

Revenue is recognised when the shareholders' right to receive payment is established by the Consolidated Balance Sheet date.

Insurance claim

Claims lodged with the insurance companies are accounted on accrual basis to the extent these are measurable and ultimate collection is reasonably certain.

P. Foreign currency transactions

(i) Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Notes to Consolidated Financial Statements for the year ended 31st March, 2016

(ii) Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

(iii) Exchange differences

Exchange differences arising on a monetary item that, in substance, form part of the Company's net investment in a non-integral foreign operation is accumulated in a foreign currency translation reserve in the Consolidated Financial Statements until the disposal of the net investment, at which time they are recognised as income or as expenses.

Exchange differences arising on the settlement of monetary items not covered above, or on reporting such monetary items of Company at rates different from those at which they were initially recorded during the year, or reported in previous Consolidated Financial Statements, are recognized as income or as expenses in the year in which they arise.

iv) Forward exchange contracts not intended for Trading or Speculation Purposes

The premium or discount arising at the inception of forward exchange contracts is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognised in the Consolidated Statement of Profit and Loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or as expense for the year.

Q. Income taxes

Tax expense comprises of current and deferred. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. Deferred income tax reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Consolidated Balance Sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

At each Consolidated Balance Sheet date the Company re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets are reviewed at each Consolidated Balance Sheet date. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the Minimum Alternative tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT Credit Entitlement. The Company reviews the same at each Consolidated Balance Sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

Notes to Consolidated Financial Statements for the year ended 31st March, 2016

R. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue, bonus element in a rights issue to existing shareholders, share split, and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

S. Provisions

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Consolidated Balance Sheet date. These are reviewed at each Consolidated Balance Sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are shown by way of note in the Notes to Accounts in respect of obligations where based on the evidence available, their existence at the Consolidated Balance Sheet date is considered not probable. Contingent assets are neither recognized in the accounts nor disclosed.

T. Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short term investments with an original maturity of three months or less.

Notes to Consolidated Financial Statements for the year ended 31st March, 2016

2. Share Capital

(₹ Crore)

e)	Guarantee issued by the Company's banker on behalf of the Company	20.48	13.54

- The Company assesses its obligation arising in the normal course of business including pending litigations, proceedings with tax authorities and other contracts including derivative & long-term contracts. A provision for material foreseeable losses is recognised in accordance with the applicable accounting standards. Disclosure of contingent liabilities is made as applicable.
- Based on favourable decisions in similar cases, legal opinion taken by the Company, discussions with the solicitors etc, the Company believes that there is a fair chance of favourable decisions in respect of the items listed above and hence no provision is considered necessary against the same.

Notes to Consolidated Financial Statements for the year ended 31st March, 2016

32. Capital and other commitments:

Particulars	(₹ Crore)	
	2015 - 16	2014 - 15
Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances)	1.84	46.42

	2015-16	2014-15
Lease payments for the year	0.48	0.75
Total	0.48	0.75

There are no non-cancellable operating leases.

Notes to Consolidated Financial Statements for the year ended 31st March, 2016

37. Gratuity and Other Post Employment Benefit Plans:

Gratuity

The Company has defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service. The Scheme is funded with an insurance Company in the form of a qualifying insurance policy.

The following tables summarise the components of net benefit expense recognised in the Statement of Profit and Loss and the funded status and amounts recognised in the balance sheet for the plan.

Statement of Profit and Loss

Net employee benefit expense (recognised in Employee Benefit Expenses)

(₹ Crore)

Particulars	Gratuity Funded	
	2015-16	2014-15
Current Service Cost	1.54	1.38
Interest Cost	1.34	1.19
Expected return on plan assets	(1.42)	(1.35)
Net Actuarial (Gain)/ Loss	(0.05)	0.57
Past Service cost	-	-
Total Expense	1.40	1.80
Actual return on plan assets	1.19	1.33

Consolidated Balance Sheet

(₹ Crore)

Particulars	Gratuity Funded	
	2015-16	2014-15
Present value of obligation as at year-end	19.20	17.22
Fair value of plan assets as at year-end	16.56	15.78
Less : Unrecognised past service cost	-	-
Funded status {Surplus/(Deficit)}	(2.64)	(1.44)
Net Asset / (Liability) as at year end	(2.64)	(1.44)

Changes in the Present Value of the Defined Benefit Obligation are as follows:

(₹ Crore)

Particulars	Gratuity Funded	
	2015-16	2014-15
Opening defined benefit obligation	17.22	14.92
Interest cost	1.34	1.19
Current service cost	1.54	1.38
Benefits paid out of funds	(0.61)	(0.83)
Actuarial (gains)/ losses on obligation	(0.29)	0.56
Closing defined benefit obligation	19.20	17.22

Notes to Consolidated Financial Statements for the year ended 31st March, 2016

37. Gratuity and Other Post Employment Benefit Plans: (contd.)

Changes in the Fair Value of Plan Assets are as follows:

Particulars	Gratuity Funded	
	2015-16	2014-15
Opening fair value of plan assets	15.78	15.23
Expected return	1.42	1.35
Contribution by employer	0.20	0.05
Benefits paid	(0.61)	(0.83)
Actuarial gains/ (losses) on obligation	(0.23)	(0.01)
Closing fair value of plan assets	16.56	15.78

(₹ Crore)

The Major Categories of Plan Assets as a Percentage of the Fair Value of Total Plan Assets are as follows:

Particulars	Gratuity Funded	
	2015-16	2014-15
Qualifying Insurance Policy	100%	100%
Bank Balance	-	-

The overall expected rate of return on assets is determined based on the market prices prevailing on that date, applicable to the period over which the obligation is to be settled.

The Principal Assumptions used in determining Gratuity for the Company's plans are shown below:

Particulars	Gratuity Funded	
	2015-16	2014-15
Discount Rate	7.75%	7.75%
Expected rate of return on assets	9.00%	9.00%
Mortality Table	LIC (2006-08)	LIC (2006-08)
Salary Escalation	7.00%	7.00%

The estimates of future salary increases, considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Amounts for the Current and previous four years in respect of Gratuity are as follows:

Particulars	Gratuity				
	2015-16	2014-15	2013-14	2012-13	2011-12
Defined benefit obligation	19.20	17.22	14.92	14.08	12.66
Plan assets	16.56	15.78	15.23	14.81	13.49
Surplus / (deficit)	(2.64)	(1.44)	0.31	0.73	0.83
Experience adjustment on plan assets	(0.23)	(0.01)	(0.12)	0.15	0.04
Experience adjustment on plan liabilities	0.28	(0.56)	(0.03)	0.11	(0.28)

(₹ Crore)

Provident and Other Funds

Contribution to Defined Contribution Plans:

Particulars	Gratuity	
	2015-16	2014-15
Pension Fund/Superannuation funds/ESI/PF	4.14	4.08

(₹ Crore)

Notes to Consolidated Financial Statements for the year ended 31st March, 2016

37. Gratuity and Other Post Employment Benefit Plans: (contd.)

Provident Fund

The Guidance note issued by Accounting Standard Board (ASB) on implementing AS 15, Employee Benefit (Revised 2005) states that provident funds set up by the employers, which require interest shortfall to be met by the employer, needs to be treated as defined benefit plan. The fund does not have any existing deficit or interest shortfall.

38. Segment Information

Primary Segment: Business Segment

The Company's operating businesses are organized and managed separately according to the nature of products manufactured and services provided. The identified reportable segments are Own Manufactured Sugar, Power and Others.

The "Own Manufactured Sugar Segment" includes manufacture and marketing of Sugar.

The "Power Segment" includes generation and sale of Power. Power is also used for captive consumption by the Company.

The "Others' segment" includes Magnesite, Distillery, Travel, and Electronics activities of the Company.

The Company caters mainly to the needs of the domestic market. The export turnover is not significant in the context of total turnover.

As such there are no reportable Geographical Segments.

Segment Information

The following table presents segment revenues, results, assets & liabilities in accordance with AS-17 as on March 31, 2016:

(₹ Crore)

Segment Particulars	Sugar	Power	Others	Total

(d) Particulars of Security Deposit: NIL

Notes to Consolidated Financial Statements for the year ended 31st March, 2016

44. Foreign Currency Exposures

The amount of foreign currency exposures as at March 31, 2016 that are not hedged by a derivative instrument or otherwise are as under:-

Particulars	Foreign Currency (FC)	Amount in FC	(₹ Crore)
			₹ Crore
Amount Receivable			
Trade Receivables		-	-
	USD	(8,500)	(0.05)

There is no hedged foreign currency exposure as at the balance sheet date.

45. Additional information as required by paragraph 2 of the general instructions for preparation of consolidated financial statements to Schedule III to the Companies Act, 2013

Name of the Entity	As on the Balance Sheet date			
	Net assets, i.e., total assets minus total liabilities		Share in profit or loss	
	As % of consolidated net assets	(₹ Crore)	As % of consolidated profit or loss	(₹ Crore)
Himshikhar Investment Limited (HIL)	1.22%	6.25	0.17%	0.10
	(-1.34%)	(6.15)	(-2.42%)	(0.04)
Dalmia Solar Power Limited (DSPL)	-0.03%	-0.17	-0.24%	-0.14
	(0.00%)	(-0.03)	0.00%	(-0.00)
Dalmia Sugar Ventures Limited (DSVL)	0.00%	-0.01	-0.01%	-0.00
	(0.00%)	(-0.00)	0.00%	(-0.00)

46. Figures less than ₹Fifty thousand which are required to be shown separately have been shown at actual in double brackets.

47. In the opinion of the Management there is no reduction in the value of any assets, hence no provisions is required in terms of Accounting Standard AS 28 "Impairment of Assets".

48. The Company has changed the method of charging depreciation from Straight Line Method to Written Down Value Method for Power Cogeneration plant & Machinery (other than Boiler, which is already being depreciated as per Written Down Value method) considering that there is higher wear and tear and that the revised carrying values approximates the current replacement values.

In compliance to the accounting standard (AS-6), depreciation has been recomputed from the date of commissioning of these plants at WDV rates applicable to those years. Consequent to this there is an additional charge for depreciation during the year of ₹59.65 Cr which relates to previous years. Additional depreciation on account of current year is ₹4.99 Cr. Consequently the net block of Fixed Assets and profits are lower by ₹64.64 Cr.

49. Previous Year Comparatives

Figures in brackets pertain to previous year. Previous year's figures have been regrouped where necessary to conform to this year's classification.

NOMINATION AND REMUNERATION POLICY

- 1) **Objective:** This Policy is laid down to comply with the provisions of section 178 of the Companies Act, 2013 read along with the Rules made thereunder, and the amended Clause 49(IV) of the Listing Agreement.
- 2) **Definitions:**
- "Act" means the Companies Act, 2013 and Rules framed thereunder, as amended from time to time.
 - "Board" means the Board of Directors of the Company.
 - "Directors" means the Directors of the Company as may be appointed from time to time.
 - "Independent Director" means a Director who has been appointed as such and who satisfies the criteria and conditions laid down in S.149(6) of the Companies Act, 2013
 - "Key Managerial Personnel" (KMP) means the following persons as defined in S.2(51) of the Companies Act, 2013 and (i) Managing Director or Manger or Chief Executive Officer; (ii) Company Secretary; (iii) Whole-time Director; (iv) Chief Financial Officer; and (iv) such other officer as may be prescribed.
 - "Senior Management Persons" (SMP) means the following persons, as defined in Explanation to S.178(8) of the Companies Act, 2013, being personnel of the Company who are members of its core management team, excluding Board of Directors, comprising all members of management, one level below the executive directors including all functional heads.
- 3) **Constitution of the Committee and matters relating there to:**
- Constitution:**
 - The Committee shall consist of minimum 3 Non-Executive Directors, majority of them being Independent Director.
 - Minimum two members shall constitute a quorum for the meeting.
 - Constitution and membership of the Committee shall be disclosed in the Annual Report of the Company.
 - The Chairman of the Committee shall be an Independent Director.
 - The Chairman of the Company may be nominated as a member of the Committee but shall not be its Chairman.
 - The Chairman of the Nomination and Remuneration Committee is required to be present at the Annual General Meeting or he may nominate some other member to answer the shareholders' queries.
 - Frequency of Meetings:**
The meeting of the Committee shall be held at such regular intervals as may be required.
 - Secretary:**
The Company Secretary of the Company shall act as the Secretary of the Committee.
 - Procedure to be followed in meetings of the Committee:**
 - A member of the Committee is not entitled to be present when his or her own remuneration is being discussed at the meeting or when his or her own performance is being evaluated.
 - All matters shall be decided by a majority of votes cast by the members present and such decision shall for all purposes be treated as the decision of the Committee. In case of equality of votes, the Chairman shall have the casting vote.
 - Head HR or a representative nominated by him shall be present at all meetings of the Committee to provide clarifications, if any, sought by the Committee.
 - The Committee is also entitled to engage professionals to assist it in the performance of its duties and such costs shall be borne by the Company.
 - Proceedings of all meetings must be minuted and signed by the Chairman of the Committee at the subsequent meeting. Minutes of the Committee meetings will be tabled at the subsequent Board and Committee meeting.
- 4) **Role of the Committee:**
The Committee shall :-
- Formulate the criteria for determining qualifications, positive attributes and independence of a director. [S.178(3), Clause 49(IV)(B) of Listing Agreement]
 - Recommend to the Board, a Policy relating to Remuneration of Directors, KMPs, and other employees. [S.178(3)]. This Policy has to be disclosed in the Board's Report [S.178(4)]. As per S.178(4), while formulating this policy, Committee has to ensure that:-
 - Level and composition of remuneration is reasonable and sufficient to attract, retain and motivate the Directors of the quality required,

- (ii) Relationship of remuneration to performance is clear, and meets appropriate performance benchmarks,
 - (iii) Remuneration to Directors, KMPs, and SM, involves a balance between fixed and incentive pay, reflecting short and long term performance objectives, appropriate for the Company.
- (c) Carry out evaluation of every Director's performance. [S.178(2)]
- (d) Devise a policy on Board Diversity. [Clause 49(IV)(B)(3) of Listing Agreement]
- (e) Identify persons who are qualified to become Directors, and who may be appointed as KMPs / SMPs in accordance with the criteria laid down in this policy. [S.178(2)]
- (f) Recommend to the Board the appointment and removal of KMPs and SMPs, in accordance with the criteria laid down. [S.178(2)]
- 5) Policy on Remuneration:**
- (a) **Directors (including MDs and WTDs):**
- (i) It would have to be within the ceiling as may be prescribed by law from time to time.
 - (ii) It would have to be with such approvals as may be prescribed by law.
 - (iii) In case of MDs / WTDs, it shall involve a balance between fixed and incentive pay, reflecting short term and long term performance objectives
 - (iv) In case of non WTDs, total remuneration payable in accordance with law, be distributed amongst themselves, keeping in view (a) Responsibilities (e.g Chairmanship / Membership of important committees), (b) Tenure on the Board, (c) Devoting of time outside Board meetings, for Company's work etc, as may be decided by the Board.
- (b) **KMPs and other employees:**
- (i) It would be based on TCTC concept. Within this TCTC, it could be made flexible, as per the needs of employees, in a fair and transparent manner.
 - (ii) It would be based on Annual Compensation Surveys, followed by industry benchmarks, position benchmarks, performance benchmarks, comparative, and percentile position analysis.
 - (iii) It would be in compliance with laws and regulations.
- 6) Policy on Board Diversity**
- The Board would comprise of persons having diverse qualifications, experience and exposure in any area including but not limited to finance, accounts, human relations, marketing, selling, administrative, engineering, economic, legal, tax and manufacturing functions.
- 7) Criteria for determining qualifications, positive attributes and independence of Directors:**
- (a) Criteria for determining independence would be as laid down in S.149(6) of the Act.
 - (b) No academic qualification is envisaged, but should be able to contribute positively to the deliberations at Board Meetings.
- 8) Criteria for identifying persons for appointment as SMPst:**
- (a) Should fulfill the Job Description, for the relevant position, as may be in force from time to time.
 - (b) Should clear the Dalmia BEI (Behavioural Evaluation Interview)
- 9) Evaluation of every Director's performance (Suggested Criteria):**
- (a) % attendance at Board Meetings.
 - (b) Participation in discussions
 - (c) Preparedness for Board Meetings, by reading of the relevant papers.
 - (d) Contribution in terms of improving Business performance.
 - (e) Proactive availability for Company's business, besides Board meetings.
- 10) General:**
- (a) The persons selected for the positions of KMPs and SMPs should have the desired qualifications, expertise and experience for the position he/she is considered for appointment. The Committee shall have the discretion to decide whether the qualifications, expertise and experience possessed by a person is sufficient for the concerned position.
 - (b) The Committee shall approve the selection of candidates to the position of Key Managerial Personnel and Senior Management persons as given by the HR Department and recommend to the Board, his or her appointment.
 - (c) The Committee shall not recommend the appointment of or continuation of appointment of any person to the above positions who have attained the age of seventy five years. In the event it is decided by the Committee to breach the above age limit, the Committee shall make such recommendation subject to approval of shareholders by way of a Special Resolution.[Sec 196(3)(a) and proviso thereto]

(d) Term/Tenure of appointment of Directors:

(i) Managing Director/Manager/Whole-time Director:

The term of appointment or re-appointment of any person as a Managing Director/Whole-time Director or Manager shall not exceed five years at a time. The re-appointment shall not be made earlier than one year before the expiry of the current term of appointment. [Sec 196(3)]

(ii) Independent Directors:

An Independent Director shall hold office for a term upto five consecutive years and can be reappointed on passing of a Special Resolution by the Shareholders of the Company for a further term of five years. [sec 149(10)]

No Independent Director shall hold office for more than two consecutive terms. An Independent Director who has completed the two consecutive terms of appointment of five years each, can however be appointed as an Independent Director after the expiry of three years of his ceasing to become an Independent Director provided he otherwise qualifies for being appointed as an Independent Director. [sec 149(11)]

At the time of appointment of an Independent Director it should be ensured that he is not an Independent Director of more than seven listed companies. If however, the Independent Director is serving as a Whole-time Director of a listed company, then it should be ensured that he is not an Independent Director of more than three listed companies. [Clause 49(ii)(B)(2) of Listing Agreement]

(iii) Key Managerial Personnel/Persons in Senior Management persons:

The term of appointment to the above positions, except that of Managing Director, Manager or Whole time Director, shall be determined by the Nomination and Remuneration Committee at its own discretion and may vary from position to position.

(e) Evaluation of Key Managerial Personnel and person in Senior Management persons:

The Committee shall carry out evaluation of performance of every Director preferably at regular yearly intervals. For this purpose, the Board may engage the services of a professional for advising it on the process of evaluation, etc, and the cost of such professional shall be borne by the Company.

The Committee shall go through the recommendations of the evaluations by the HR Department of the persons holding Key Managerial Personnel (excluding the Managing Director and Whole time Director) and Senior Management persons and approve the same with or without modifications.

(f) Removal:

The Committee may recommend to the Board with reasons recorded in writing the removal of a Director, Key Managerial Personnel or a Senior Management person for reasons of misconduct or negligence of duties.

A Director can be removed from his office if the shareholders pass an ordinary resolution pursuant to the provisions of section 169 of the Companies Act, 2013.

A Director shall also be required to continue to qualify as a Director in terms of section 164 of the Act and is not liable to vacate his office in terms of section 167 of the Act.

(g) Retirement:

The Director, Key Managerial Personnel and Senior Management Persons shall retire as per the provisions of the Act and the policy of the Company. Subject to the provisions of Clause 4(B), the Board will, however, have the discretion to retain the Director, Key Managerial Personnel and Senior Management Persons in the same position, including remuneration or otherwise even after his attaining the age of retirement in the interest of the Company.

(h) The Remuneration policy will be disclosed in the Annual Report of the Company.

(i) This Remuneration Policy shall apply to all future employment agreements with members of Company's Senior Management including Key Managerial Personnel and Board of Directors. In other respects, the Remuneration Policy shall be of guidance for the Board.

(j) Any or all the provisions of this Policy would be subject to the revision/ amendment in the Companies Act, 2013, related rules and regulations, guidelines and the Listing Agreement on the subject as may be notified from time to time. Any such amendment shall automatically have the effect of amending this Policy without the need of any approval by the Nomination and Remuneration Committee and/or the Board of Directors. However, any such amendment shall be annexed to this Policy and put on the website of the Company for ready reference of all concerned persons and placed before the Nomination and Remuneration Committee.

Annexure - 5

ANNUAL REPORT ON CSR ACTIVITIES FOR THE FINANCIAL YEAR 2015-16

1. A brief outline of the company's CSR policy, including overview of projects or programs proposed to be undertaken and a reference to the web-link to the CSR policy and projects or programs.

CORPORATE SOCIAL RESPONSIBILITY

Dalmia Bharat Sugar and Industries Limited is a part of Dalmia Bharat Group which was founded in 1935 and has been following the concept of giving back and sharing with the under privileged sections of the society for more than seven decades. The CSR of the company is based on the principal of Gandhian Trusteeship. For over seven decades the company has addressed the issues of health and sanitation, education, rural infrastructure, women empowerment and other social development issues.

The prime objective of our CSR Policy is to hasten social, economic and environmental progress. We remain focussed on generating systematic and sustainable improvement for local communities surrounding our plants and project sites.

In the recent years company has realigned its CSR to focus on issues material to the company and its stakeholders. The approach is to make significant and sustainable difference through our programmes in the lives of beneficiaries by working in partnership with our stakeholders. Stakeholder engagements and baseline studies highlighted the issues of erratic power supply, unemployment amongst rural youths and basic rural infrastructure needs in our neighbouring community. The company realized that these issues were more material to their Group's businesses as well as to the communities around their facilities. Dalmia Bharat Group thus planned their CSR programmes in sectors of Energy conservation and climate change mitigation; Skill development & livelihood Training and Social Development and started aiming at creation of shared values for all stakeholders.

Our CSR Policy can be accessed on <https://www.dalmiasugar.com/upload/policies/DBSIL-CSR-POLICY.pdf>

Presently, Dalmia Bharat Sugar and Industries Limited is working in two states of Uttar Pradesh and Maharashtra.

PROGRAMME OUTREACH DURING FY2016

Our Key Focus Areas

1. **Renewable Energy:** Promoting energy conservation

Energy is another major concern in Indian Villages, with majority of the populations dependent on depleting fuel

wood and erratic electricity supply. We are thus trying to promote more energy efficient and sustainable solutions in our community. We promote fuel-efficient chulhas, bio gas plants, Solar lighting systems like lanterns, street lights, study lamps and home lighting systems. These solutions also help in reduction of CO2 emissions.

Activities Undertakes:

- 302 fuel efficient chullahs distributed
- 875 solar lanterns distributed
- 819 solar study lamps distributed
- 45 solar home lighting system installed
- 357 tons of CO2 reduced

2. **Livelihood & Skill Development:** Capacity building through vocational training

Unemployment amongst the youth in the neighbouring communities is high. Aiming at long term benefits for the youths and their family, the company has started many Skill Development programmes and provided training in areas like Para-military training, Driver Training, Computer Course, and many others. For women, the company has enabled formation of many SHGs and helped them get loans and also provided them trainings on many livelihood alternatives.

Activities Undertakes:

- 6 Skill Development training Centres have been setup
- 2 centres in partnership with Institute of Physically Handicapped
- 309 trainees being trained in Training Centres
- 46 SHGs were formed
- 40 women are being trained in Basket Making training

3. **Social Development:** Addressing health & sanitation, education, rural infrastructure development and social campaigns

The stakeholder engagement highlighted the issue of poor basic infrastructure which hinders the daily life as well as development of these villages. The company is helping in building the basic infrastructure needs of the community like School Sanitation blocks, low cost toilets, community halls, school buildings etc. Health is another concern among the community and company has pitched in by arranging General as well as Specialized Health Camps, providing medicines, Immunizations, Maternal and Child health Care.

Activities Undertakes:

- 111 rural low cost toilets constructed
- 16 special medical camps conducted
- 290 beneficiaries benefitted through medical camps
- 8500 children covered under 14 immunization drives
- 5 School eye check-up camps conducted, benefitting 450 children
- 3 Cataract Identification Camps organized, 685 patients screened and 284 surgeries done
- 28 anganwadi / schools were supported in infrastructure
- Social events on World Water day, International Women's day, Children day, World AIDS day, Independence and Republic Day were observed over across locations

2. The Composition of the CSR Committee.

Composition of the CSR Committee of Dalmia Bharat Sugar and Industries Limited is:

1. Shri J.S. Bajjal, Chairman, Independent Director
2. Shri B.B. Mehta, Member, Non-Executive Director
3. Shri Gautam Dalmia, Member, Executive Director

3. Average net profit of the company for last three financial

years – ₹7.88 Cr.

4. Prescribed CSR Expenditure (two per cent of the amount as in item 3 above) – ₹0.16 Cr**5. Details of CSR spent during the financial year:**

- (a) Total amount to be spent for the financial year; ₹0.50 Cr
- (b) Amount unspent, if any; ₹0.11 Cr
- (c) Manner in which the amount spent during the financial year is detailed below;

Attached in ANNEXURE 5A

6. In case the company has failed to spend the two per cent, of the average net profit of the last three financial years or any part thereof, the company shall provide the reasons for not spending the amount in its Board report.

The unspent amount is expected to be spent in current financial year on execution of certain projects under contemplation.

7. A responsibility statement of the CSR Committee that the implementation and monitoring of CSR Policy, is in compliance with CSR objectives and Policy of the company.

The implementation and monitoring of Dalmia Bharat Sugar and Industries Limited CSR programmes is in compliance with the CSR objectives and policy of the Company.

MR-3

SECRETARIAL AUDIT REPORT

(For the financial year ended 31-3-2016)

To,
The Members,
Dalima Bharat Sugar and Industries Limited
Dalmiapuram, Tiruchirapalli Distt.,
Tamil Nadu

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Dalima Bharat Sugar and Industries Limited, (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, e-Forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit. We hereby report that in our opinion, the company has, during the audit period covering the financial year ended on 31st March, 2016 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place.

We have examined the books, papers, minute books, e-forms and returns filed and other records maintained by Dalima Bharat Sugar and Industries Limited ("the Company") for the financial year ended on 31st March, 2016 according to the provisions of:

- 1) The Companies Act, 2013 (the Act) and the rules made there under;
- 2) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- 3) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- 4) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- 5) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
 - e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
 - h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;
- 6) As per our discussion with the management and based on the compliance certificates placed before the Board by the respective head of the departments in respect of the following other Acts:
 - Electricity Act, 2003
 - Food Safety and Standards Act, 2006
 - Food Safety and Standards (Licensing and Registration of Food Business) Regulations, 2011
 - Essential Commodities Act, 1955
 - Sugarcane (Control) Order, 1966
 - Industries (Development and Regulation) Act, 1951
 - Molasses Control (Regulation of Fund for Erection of Storage Facilities) Order, 1976
 - Sugar Cess Act, 1982 and Sugar Cess Rules, 1982
 - Employees State Insurance Act, 1948 and Employees State Insurance (General) Regulations, 1950
 - Payment of Bonus Act, 1965 and Payment of Bonus Rules, 1975
 - Employee Provident Fund and Miscellaneous Provisions Act, 1952
 - The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013
 - Contract Labour (Regulation and Abolition) Act, 1970

- Employees Compensation Act, 1923
- U.P. Industrial Disputes Act, 1947
- Maternity Benefit Act, 1961
- Minimum Wages Act, 1948
- Payment of Gratuity Act, 1972
- Payment of Wages Act, 1936
- Industrial Employment (Standing Orders) Act, 1946
- Sales Tax (Central plus VAT)
- Central Excise Act, 1944, and
- Factories Act, 1948

Compliances in respect of other laws as stated above was generally made during the year 2015-16.

- 7) Secretarial Standards I & II as issued by The Institute of Company Secretaries of India.
- 8) We have also examined compliance with the applicable clauses of the Listing Agreements and Regulations of SEBI (LODR) Regulations, 2015 in connection with listing of its securities with Bombay Stock Exchange and National Stock Exchange;

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above, subject to the following:

Few e-forms were filed beyond the stipulated period of 30 days as prescribed under the Act but within the extended period of 300 days from the date of event.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and

Independent Directors. There were no changes in the composition of the Board of Directors during the period under review.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines, however, we have been informed that there was no transaction reported under the provisions of FEMA relating to point no. 4 supra, during the year under report.

We further report that in respect of three show cause notices received during financial year 2014-15, from the Registrar of Companies, Chennai under the Companies Act, 1956 and on Company's petitions before the Hon'ble High Court of Madras at Chennai, the Hon'ble High Court has stayed the proceedings and there are no further development in the matter.

PARTICULARS WITH RESPECT TO CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE OUTGO AND EARNINGS

a) A consolidated statement relating to your unit with respect of:

(A) Conservation of Energy:

- I. The steps taken/impact on conservation of energy:-
 - a) Installation of Falling Film Evaporators and plate evaporators resulting in reduction in Steam consumption.
 - b) Installation of AC Variable Frequency Drives and high efficiency helical gearboxes for mill drive.
 - c) Installation of Automatic Batch type centrifugal with AC Variable Frequency Drives.
 - d) Installation of multi pressure PLC based distillation plants along with integrated evaporator system.
 - e) Installation of captive power plant with slop fired boiler and energy efficient turbine in Kolhapur distillery, which has resulted in 800- 900 KW surplus power.
- II. The steps taken by your unit for utilizing alternate sources of energy.

The company is primarily using the renewable source of energy. Also the company is planning to take measures to install solar heating & Lighting system in near future.
- III. The capital investment on energy conservation equipments.

Company has invested around ₹4.00 Crore during the F.Y. 2014-15 to conserve the energy.

(B) Technology Absorption :

- I. The efforts made towards technology absorption.
 - a. Distributed control system (DCS): Operations of Cane Milling, Pan boiling, Co-Gen, Decanters, etc. are automated and controlled by these systems. Development of very high reliability multi-layer ceramic chip capacitors for space application.

- b. Air-cooled condensers: Surface condensers without use of water are environment friendly.
- c. Water management: Various schemes are implemented to conserve use of water for cane processing. Almost ZERO water consumption in sugar cane processing has been achieved.

- II. The benefits derived like product improvement, cost reduction, product development, import substitution, etc.

The Company as a result of the efforts made has achieved lower stoppage days, which has resulted in better crush rates and consistent improvement in the utility of sugar manufactured.

- III. In case of imported technology (imported during the last 3 years reckoned from the beginning of the financial year), following information may be furnished :

- (a) Details of technology imported.
- (b) Year of import.
- (c) Whether the technology been fully absorbed.
- (d) If not fully absorbed, areas where absorption has not taken place, and the reasons thereof; and
No technology has been imported for the last five years.

- iv. Expenditure incurred on Research and Development
NIL

(C) Foreign Exchange Earnings And Outgo

- i. Foreign Exchange earned in terms of actual inflows during the year
₹18.85 Crores
- ii. Foreign Exchange outgo during the year in terms of actual outflows
₹0.04 Crore

Forward-looking statement

In this annual report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements – written and oral – that we periodically make, contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipates', 'estimates', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion on future performance.

We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions.

Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected.

We undertake no obligation to publicly update any forwardlooking statements, whether as a result of new information, future events or otherwise.
