They are being closely monitored by the Board and are accountable for the performance of the Company as measured against the corporate goals and business targets set by the Board.

The Company provides background information about its history, mission and businesses to its directors. Directors are also invited to visit the Group's operational facilities from time to time and to meet with the management for gaining better understanding of business operations of the Group. Furthermore, the Board has separate and independent access to the senior management at all times. With prior request to the CEO, the Board is given access to independent professional advice any time when it thinks appropriate. Appropriate liability insurance for directors has been arranged for indemnifying their liabilities arising out of corporate activities. This insurance coverage is reviewed on an annual basis. The posts of Chairman and Chief Executive Officer (CEO) and Chief Financial Officer (CFO) of the Company are separate to ensure a clear distinction between the Chairman's responsibility to manage the Board and the Executive Officers responsibility to manage the Company's business.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

The Management of the Company is pleased to present this report covering the activities of the Company during the year ended on March 31, 2018

Industry structure and developments- Macro Economic Environment Overview

Economic outlook

The Indian economy's strength and the long-term dynamics continue to work in its favour, steering it towards establishing a leading global position. With positive indicators such as a stable annual growth pattern, adequate foreign exchange reserves, a robust capital market and rapidly expanding FDI inflows, India is competing with major international economies to emerge as a nation with global economic stature.

While new economic industries have shown robust growth, conventional economy segments like industrial and services segments, the manufacturing sector, transport and communication sectors and Real Estate have also been major contributors in the Indian growth process.

Real estate is one of the major contributors to the economy by supporting innumerable ancillary industries and providing employment to millions directly and indirectly. Growth in real estate has multiple efforts on the economy. Despite such strong fundamentals the government does not recognize real estate as an industry. It is time that real estate sector get an industry status. This would enable developers to raise funds at lower rates and cut down their cost of capital which would eventually have bearing on overall project costs.

Bold initiatives have been witnessed in the long term growth of the Real Estate Sector. Affordable Housing has been given "industrial status" which would go a long way in giving the much needed credence to the sector and would help it to negotiate favorable terms for long term funding.

The Company may source funds for its projects based on the industrial status accorded to the segment in which it operates. The creditability of the Company would get established & enhanced in affordable housing segment.

GST Impact on India Real Estate Sector

The Goods and Services Tax (GST) is beyond doubt the most revolutionary tax related reform to be seen in India in several decades, since it will eliminate the conflicting and cascading taxation structures which have confounded several industries over the past few decades. It will most certainly have a profound effect on India's economic prospects.

A single indirect tax which covers all goods and services will, in the long run, increase tax collection by making it easier for retailers and several other business to comply and also moderate overall taxation levels. It should be remembered that the favorable effects will become evident only 2-3 years of its implementation.

The tax rate applicable for real estate is 12% bracket. However, the GST rate is not the only important factor. The abatement rules as applicable under the service Tax regime and the input tax credit facility for developers will determine if the effective tax incidence on real estate is lower or higher under GST.

The GOI has offered some clarity on the abatement rules for under construction houses and input tax credit benefits for developers.

The Govt. has further announced that there would be a 8% GST on affordable housing. Further the Govt has also announced concessional interest to first time home buyers under the Credit Linked Subsidy Scheme. These two measures would go a long way in increasing the demand for housing in the low and middle ranges.

Real Estate (Regulation and Development) Act 2017 (RERA):

Real estate is one of the most dynamic sectors. It is the second largest employer in India after agriculture. The year 2017 brought some good as well as bad news for the sector. It saw the biggest changes in decades, especially on the policy front. Some of the biggest game-changing policies like GST and RERA cleared hurdles and were finally implemented. Demonetization with Benami transaction law also had its impact on the sector.

RERA made applicable for all Residential projects effective from May 2017. All the Projects of the Company has been registered with Maha Rera Authority. As RERA completed a year in May 2018, registration of over 16,000 under –construction real estate projects, resolution of more than 1200 consumer complaints, penalties for non-compliance and GPS enabled search for dream home are among the achievements by Maha RERA. The Authority has restored the confidence of the buyers and regulated the sector which was unregulated for long. This would benefit your Company in long term.

1. Housing for All:

"Housing for all" is an ambitious project launched by PM Narendra Modi for construction of 11 mn units before year 2022. According to data more than 2.5 lakh homes in Maharashtra under the Pradhan Mantri Aawas Yojna have been sanctioned and construction work for more than 25,800 homes has already started.

The "Special Development Zone" demarcated in DP-2034 and also the construction of affordable homes in "No Development Zone" will add a boost to affordable housing sector.

2. Mumbai Development Plan 2034:

The recently unveiled Mumbai Development Plan (DP) 2034 speaks about creating 1 million affordable houses and 8 million jobs in the city of Mumbai. The DP envisages creating of theatres, museums, parks, play grounds, theme gardens, old age homes and shelters for homeless. However the effectiveness of the DP remains to be seen as the execution is always the crux of the issue. The DP talks of utilizing slat pan lands for affordable housing. According to the plan, out of 3,355 hectares in no-development zone, BMC has earmarked 2,100 hectares as well as 330 hectares of salt pan lands for affordable housing. Provided the environment activists allows the smooth transition. To create more jobs, the DP has given incentives for commercial structures to have extra FSI. Residential buildings will also be given extra FSI subject to road width. Data centres have been encouraged to set up more centres. The DP has also designated 12,859 hectares as natural spaces, a new category where no new construction will be allowed. However, there are caveats.

Opportunities

The Govt. of Maharashtra has realized that rapid urbanization of Mumbai City is of utmost importance and has accordingly drawn up ambitious plans. With the introduction of RERA, rapid urbanization and improved living standard, the demand for housing in affordable sector is robust and your Company would endeavor to derive it.

Industry Structure and Development :

SRA is planning to boost transparency by digitising its systems so that the redevelopment process— from a developer applying for a scheme to the allotment of tenements to eligible slum dwellers — can be tracked online. The body floated an e-tender on Friday to set up a web portal for "citizen centric processes in SRA".

It's good news for slum dwellers as the state government is now all set to give them bigger homes measuring 315-322 square feet from the current 269 square feet.

According to the SRA, more than 60 lakh people stay in slums and around 1.80 lakh slum dwellers have shifted to new homes under the

scheme in the past 21 years.

The state government is also planning to accord the status of 'special planning authority' to the Maharashtra Housing and Area Development Authority (Mhada).

Threats

A single window clearance mechanism for approvals, would go a long way in minimizing the time schedule for completing projects.

Segment-wise or product-wise performance

The focus of the Company at present is on the Slum Rehabilitation activities & high end residential segment. There is an increase in demand for the commercial space owing to rapid growth in Services sector such as ITES ,BFSI ,Telecom and owing to a raising demand from MNCs to establish offices in India.

Out Look

The real estate sector is one of the most globally recognized sectors. In India, real estate is the second largest employer after agriculture and is slated to grow at 30 per cent over the next decade. The real estate sector comprises four sub sectors - housing, retail, hospitality, and commercial. The growth of this sector is well complemented by the growth of the corporate environment and the demand for office space as well as urban and semi-urban accommodations. The construction industry ranks third among the 14 major sectors in terms of direct, indirect and induced effects in all sectors of the economy.

It is also expected that this sector will incur more non-resident Indian (NRI) investments in both the short term and the long term. Bengaluru is expected to be the most favoured property investment destination for NRIs, followed by Ahmedabad, Pune, Chennai, Goa, Delhi and Dehradun.

India's rank in the Global House Price Index has jumped 13* spots to reach the ninth position among 55 international markets, on the back of increasing prices in mainstream residential sector.

-Government Initiatives

The Government of India along with the governments of the respective states has taken several initiatives to encourage the development in the sector. The Smart City Project, where there is a plan to build 100 smart cities, is a prime opportunity for the real estate companies. Below are some of the other major Government Initiatives:

-In February 2018, creation of National Urban Housing Fund was approved with an outlay of Rs 60,000 crore (US\$ 9.27 billion).

-Under the Pradhan Mantri Awas Yojana (PMAY) Urban 1,427,486 houses have been sanctioned in 2017-18. In March 2018, construction of additional 3,21,567 affordable houses was sanctioned under the scheme.

Risks and concerns

Apart from the increase in land prices, inputs costs have also been constantly increasing. Higher interest cost would dent margins and may have a direct effect on the customer's cash flow as well. Increase in end product prices coupled with tight liquidity may impact demand. The various taxes and levies would add to the costs and this is likely to squeeze margins as end product prices may not go up correspondingly.

The company has a Risk Management Policy, which is being periodically reviewed.

Internal control systems and their adequacy

The internal control commensurate with the activities is supplemented by continuous review by the management. The internal control system is designed to ensure that every aspect of the company's activity is properly monitored.

The Company has harmonious employee relations and there is close

interaction between the management and employees to facilitate smooth functioning of our organization activities.

We have audited the internal financial controls over financial reporting of Citadel Realty & Developers Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the Standalone Ind AS Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting
Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

Notes forming part of the standalone financial statements

Note: 1 Corporate Information

Citadel Realty & Developers Limited ("the Company") formerly known as Rohit Pulp & Papers Mills Ltd is a Company registered under the Companies Act, 1956. The Company is a leading real estate developer engaged primarily in the business of Real Estate construction, development and other related activities. The Company is domiciled in India and is listed on BSE Limited (BSE).

1 Significant Accounting Policies

A Statement of Compliance:-

The financial statements have been prepared in accordance with Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015. Up to the year ended 31 March 2016, the company has prepared its financial statements in accordance with the requirements of previous GAAP, which includes Standards notified under the Companies (Accounting Standards) Rules, 2006. These are the company's first Ind AS financial statements. The date of transition to Ind AS is 1 April 2017. Refer note no. 28 for the details of first-time adoption exemptions availed by the Company

1.1 Basis of Preparation of Financial Statements :-

- a. The financial statements comply with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standard) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 to comply with the Section 133 of the Companies Act, 2013 ("the 2013 Act") as applicable.

The financial statements up to the year ended 31st March 2017 were prepared in accordance with the accounting standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Companies Act, 2013.

These financial statements are the Company's first Ind AS financial statements and are covered by Ind AS 101, first time adoption of Indian Accounting Standards (Ind AS 101). The transition to Ind AS has been carried out from the accounting principles generally accepted in India ("Indian GAAP") which is considered as the "Previous GAAP" for purposes of Ind AS 101.

Refer Note 28 for an explanation of how the transition from the previous GAAP to Ind AS has affected the financial position, financial performance and cash flows of the Company.

b. Historical Cost Convention:-

The financial statements have been prepared on a historical cost basis, except for Certain financial assets and liabilities that is measured at fair value.

c. Functional and Presentation Currency:-

These financial statements are presented in Indian rupees, which is also the functional currency of the Company.

1.2 Basis of consolidation:-

The preparation of the financial statements in conformity with IND AS requires management to make estimates, judgments and assumption. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of financial statements and reported amounts of revenue and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in note no. 2.3. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate change in estimates are made as management become aware of change in circumstances surrounding the estimates. Change in estimates are reflected in the financial statements in the period in which changes are made and if material, their effect are disclosed in the notes to the financial statements.

- 1.3 The preparation of the financial statements in conformity with IND AS requires management to make estimates, judgments and assumption. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of financial statements and reported amounts of revenue and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate change in estimates are made as management become aware of change in circumstances surrounding the estimates. Change in estimates are reflected in the financial statements in the period in which changes are made and if material, their effect are disclosed in the notes to the financial statements.

1.4 Critical Accounting Estimates:-

a. Revenue Recognition:-

Revenue is recognized using the "Percentage Completion Method" in accordance with the "Guidance Note on Accounting for Real Estate Transactions (Revised 2012)" issued by Institute of Chartered Accountants of India. Use of percentage completion method requires the Company to estimate the total project revenue, project cost to complete and stage of completion. The stage of completion is again estimated based on cost incurred and certificate of architect. Provision for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimate at the reporting date.

b. Income taxes:-

Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid / recovered for uncertain tax positions

c. Deferred Tax:-

The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable

CITADEL REALTY AND DEVELOPERS LIMITED

income against which the deferred tax assets can be utilized. In addition, significant judgment is required in assessing the impact of any legal or economic limits.

d. Evaluation of Control:-

The Company applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets wherever applicable. This involves developing estimates and assumptions consistent with the market participants to price the instrument. The Company's assumptions are based on observable data as far as possible, otherwise on the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

1.4 Revenue Recognition

Real Estate Project:-

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is recognized upon transfer of significant risk and reward of ownership of such real estate project as per the terms of contracts entered into with the buyers, which generally coincides with the firming of sale contracts / agreements and significant risk & rewards are transferred when agreement is registered. Where the Company still has obligation to perform substantial acts even after the transfer of all significant risks and reward, revenue in such cases is recognized by applying percentage of completion method only if the following threshold have been met:

- i) All Critical approvals necessary for commencement of the project have been obtained.
- ii) the expenditure incurred on construction and development costs (excluding land cost) is not less than 25% of the total estimated construction and development costs:
- iii) at least 25% of the saleable project area is secured by contracts / agreements with buyers; and
- iv) at least 10% of the contracts / agreement value are realized at the reporting date in respect of such contracts / agreement.

Other income:-

- The Company's share in profit / loss from a firm / LLP / AOP where the Company is partner / member, is recognized when the same is credited to the Company's account on the basis of audited accounts of such firm / LLP / AOP, as per the terms of partnership deed.
- Interest income is recognized on time proportionate basis

1.5 Borrowing cost:-

Borrowing costs directly attributable to the acquisition or construction of a qualifying asset are capitalized as a part of the cost of that asset, during the period of time that is necessary to complete and prepare the asset for its intended use.

Transaction costs in respect of long-term borrowings are amortized over the tenor of respective loans using effective interest method. Other borrowing costs are expensed in the period in which they are incurred.

1.6 Inventories:-

Inventory comprises of stock of Land and properties under construction (Work in Progress). Work In Progress comprises cost of land, development rights, construction and development cost, cost of material, services and other overheads related to projects under construction. Inventory is valued at cost or net realizable value whichever is lower

1.7 Cash Flow Statement:-

Cash flows are reported using the Indirect method, whereby profit for the year is adjusted for the effect of transactions of a non-cash nature, any deferral or accruals of the past or future operating cash receipt or payment and item of income or expenses associated with investing cash flow. The cash flow from operating, investing & financing activities of the company are segregated. The Company has considered all highly liquid investment that are readily convertible to know amount of cash to be cash equivalent.

Amendment to Ind As 7:-

Effective April 1,2017, the company adopted the amendment to Ind As 7, which requires the entities to provide disclosure that enable users of the financial statement to evaluate changes in liabilities arising from financing activities , including both changes arising from cash flow & non cash changes, Suggesting inclusion of a reconciliation between the opening & closing balances in the Balance Sheet for the liabilities arising from financing activities to meet the disclosure requirement. The adoption of the amendment did not have any material impact on the financial statement.

1.8 Earnings Per Share :-

The Company reports basic and diluted earnings per share in accordance with Ind AS - 33 on 'Earnings per Share'. Basic earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of Equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all diluted potential equity shares except where the results are anti- dilutive. The number of equity shares & potentially dilutive equity shares are adjusted retrospectively for all periods presented for bonus shares issued.

1.9 Current and Deferred Taxes :-

Current Tax :-

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the local tax laws existing in the respective countries.

Deferred Tax

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible

and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized. The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax liabilities and assets measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively by the end of the reporting period. Deferred tax liabilities and assets measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively by the end of the reporting period.

1.10 Provisions, Contingent Liabilities and Contingent Assets:-

A provision is recognized when the Company has a present obligation as a result of past event and it is probable than an outflow of resources will be required to settle the obligation, in respect of which the reliable estimate can be made. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material) and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date adjusted to reflect the current best estimates.

Contingent liabilities and Contingent assets are not recognized in the financial statements.

1.11 Operating Cycle:-

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current

1.12 Financial Instruments:-

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized in profit or loss.

Effective interest method :-

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Financial assets at amortized cost:-

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value:-

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in profit or loss

Financial liabilities and equity instruments :-

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument. Financial liabilities are measured at amortized cost using the effective interest method. Financial liabilities at FVTPL are stated at fair value, with gains and losses arising on re-measurement recognized in profit and loss account.

Ind As 115, Revenue from contracts with customers:-

The Ministry of Corporate Affairs (MCA) has issued the Companies (Indian Accounting Standards) Amendment Rules, 2017 and Companies (Indian Accounting Standards) Amendment Rules, 2018 amending the following standard:

Ind AS 115 Revenue from contracts with customers

Ind AS 115 was issued on 29 March 2018 and establishes a five-step model to account for revenue arising from contracts with customers. Under Ind AS 115, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The new revenue standard will supersede all current revenue recognition requirements under Ind AS and the guidance note of real estate issued by ICAI. Ind AS 115 is applicable to the Group for annual periods beginning on or after April 1, 2018.

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investments in debt securities.

The carrying amount of the financial assets which represents the maximum credit exposure is as follows:

Trade and other receivables:-

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investments in debt securities.

CITADEL REALTY AND DEVELOPERS LIMITED

The carrying amount of the financial assets which represents the maximum credit exposure is as follows:

Cash and cash equivalents:-

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

(ii) Liquidity risk:-

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed condition, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of surplus funds, bank overdrafts, bank loans, debentures and inter-corporate loans.

The Group assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. The Group has access to a sufficient variety of sources of funding.

Market Risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. We are exposed to market risk primarily related to interest rate risk and the market value of certain commodities. Thus, our exposure to market risk is a function of borrowing activities and revenue generating and operating activities. The objective of market risk management is to avoid excessive exposure in our revenues and costs.

Interest rate risk:-

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

The Group's interest rate risk arises from borrowings. Borrowings issued at fixed rates exposes to fair value interest rate risk. The interest rate profile of the Group's interest-bearing borrowing as reported to the management of the Group is as follows.

Interest Rate Sensitivity	Increase / decrease in point	Effect on profit before tax
For the year ended March 31, 2018		
INR Borrowing	+50 (50)	(5.68) 5.68

Financial instruments and cash deposits

The Company considers factors such as track record, size of the institution, market reputation and service standards to select the banks with which balances and deposits are maintained. The Company does not maintain significant cash and deposit balances other than those required for its day to day operations.

Liquidity Risk

The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company relies on a mix of borrowings, capital infusion and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium term expansion needs. The Company monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Company does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities.

The Company is required to maintain ratios (including total debt to EBITDA / net worth, EBITDA to gross interest, debt service coverage ratio and secured coverage ratio) as mentioned in the loan agreements at specified levels. In the event of failure to meet any of these ratios these loans become callable at the option of lenders.

Competition and price risk:-

The Company faces competition from local and foreign competitors. Nevertheless, it believes that it has competitive advantage in terms of high quality products and by continuously upgrading its expertise and range of products to meet the needs of its customers.

Capital risk management:-

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The primary objective of the Company's capital management is to maximize the shareholder value. The Company's primary objective when managing capital is to ensure that it maintains an efficient capital structure and healthy capital ratios and safeguard the Company's ability to continue as a going concern in order to support its business and provide maximum

returns for shareholders. The Company also proposes to maintain an optimal capital structure to reduce the cost of capital. No changes were made in the objectives, policies or processes during the year ended March 31, 2018 and March 31, 2017.

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these Consolidated Ind AS Financial Statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Holding Company and its joint ventures in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act, read with relevant rules issued thereunder. The respective Boards of Directors of the Holding Company and its joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Holding Company and its joint ventures and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Ind AS Financial Statements by the Directors of the Holding Company, as aforesaid.

Auditors' Responsibility

Our responsibility is to express an opinion on these Consolidated Ind AS Financial Statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated Ind AS Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Consolidated Ind AS Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Ind AS Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the Consolidated Ind AS Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well

as evaluating the overall presentation of the Consolidated Ind AS Financial Statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their report referred to in subparagraph (i) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Ind AS Financial Statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate Ind AS financial statements and on the other financial information of the joint ventures, the aforesaid Consolidated Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Holding Company and its joint ventures as at March 31, 2018, their consolidated profit, consolidated changes in equity and their consolidated cash flows for the year ended on that date.

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of Citadel Realty and Developers Limited on the Consolidated Ind AS Financial Statements for the year ended March 31, 2018]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the Consolidated Ind AS Financial Statements of the Company as of and for the year ended March 31, 2018, we have audited the internal financial controls over financial reporting of the Holding Company and its joint venture which is a company incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Boards of Directors of the of the Holding Company and its joint venture which is a company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a

process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its joint venture which is a company incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to its one joint venture which is a company incorporated in India, is based on the corresponding report of the auditors of such company incorporated in India.

CITADEL REALTY AND DEVELOPERS LIMITED

Notes forming part of the Consolidated financial statements

Note: 1 Corporate Information

Citadel Realty & Developers Limited ("the Company") formerly known as Rohit Pulp & Papers Mills Ltd is a Company registered under the Companies Act, 1956. The Company is a leading real estate developer engaged primarily in the business of Real Estate construction, development and other related activities. The Company is domiciled in India and is listed on BSE Limited (BSE). The consolidated financial statement comprises financial statements of the Company together with its joint arrangements (collectively referred to as the 'Group') for the year ended March 31, 2018.

1 Significant Accounting Policies

A Statement of Compliance:-

The financial statements have been prepared in accordance with Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015. Up to the year ended 31 March 2016, the company has prepared its financial statements in accordance with the requirements of previous GAAP, which includes Standards notified under the Companies (Accounting Standards) Rules, 2006. These are the company's first Ind AS financial statements. The date of transition to Ind AS is 1 April 2017. Refer note no. 28 for the details of first-time adoption exemptions availed by the Company

1.1 Basis of Preparation of Financial Statements :-

- a. The financial statements comply with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standard) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 to comply with the Section 133 of the Companies Act, 2013 ("the 2013 Act") as applicable.

The financial statements up to the year ended 31st March 2017 were prepared in accordance with the accounting standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Companies Act, 2013.

These financial statements are the Company's first Ind AS financial statements and are covered by Ind AS 101, first time adoption of Indian Accounting Standards (Ind AS 101). The transition to Ind AS has been carried out from the accounting principles generally accepted in India ("Indian GAAP") which is considered as the "Previous GAAP" for purposes of Ind AS 101.

Refer Note 28 for an explanation of how the transition from the previous GAAP to Ind AS has affected the financial position, financial performance and cash flows of the Company.

b. Historical Cost Convention:-

The financial statements have been prepared on a historical cost basis, except for Certain financial assets and liabilities that is measured at fair value.

c. Functional and Presentation Currency:-

These financial statements are presented in Indian rupees, which is also the functional currency of the Company.

1.2 Basis of consolidation:-

The consolidated financial statements comprise of financial statements of the Company and its Associate for which the Company fulfils the criteria pursuant to Ind AS 110 and associate within the scope of Ind AS 28.

Associates is entity over which the company has significant influence but not control. Investment in associate is accounted for using equity method of accounting. The investment is initially recorded at cost and carrying amount is increased or decreased to recognized the investor's share of profit or loss of investment after the acquisition date. The group's investment in associates includes goodwill identified on acquisition.

- 1.3 The preparation of the financial statements in conformity with IND AS requires management to make estimates, judgments and assumption. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of financial statements and reported amounts of revenue and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate change in estimates are made as management become aware of change in circumstances surrounding the estimates. Change in estimates are reflected in the financial statements in the period in which changes are made and if material, their effect are disclosed in the notes to the financial statements.

1.4 Critical Accounting Estimates:-

a. Revenue Recognition:-

Revenue is recognized using the "Percentage Completion Method" in accordance with the "Guidance Note on Accounting for Real Estate Transactions (Revised 2012)" issued by Institute of Chartered Accountants of India. Use of percentage completion method requires the Company to estimate the total project revenue, project cost to complete and stage of completion. The stage of completion is again estimated based on cost incurred and certificate of architect. Provision for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimate at the reporting date

b. Income taxes:-

Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid / recovered for uncertain tax positions

c. Deferred Tax:-

The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized. In addition, significant judgment is required in assessing the impact of any legal or economic limits.

d. Evaluation of Control:-

The assessment as to whether the Group exercises control, joint control or significant influence over the entities in which it holds less than 100 percent voting rights.

The Group makes assumptions, when assessing whether it exercises control, joint control or significant influence over entities in which it holds less than 100 percent of the voting rights. These assumptions are made based on the contractual rights with the other shareholders, relevant facts and circumstances which indicate that the Group has power over the potential subsidiary or that joint control exists. Changes to contractual arrangements or facts and circumstances are monitored and are evaluated to determine whether they have a potential impact on the assessment as to whether the Group is exercising control over its investment

e. Fair Value Measurements:-

The Company applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets wherever applicable. This involves developing estimates and assumptions consistent with the market participants to price the instrument. The Company's assumptions are based on observable data as far as possible, otherwise on the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

1.5 Revenue Recognition

Real Estate Project:-

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is recognized upon transfer of significant risk and reward of ownership of such real estate project as per the terms of contracts entered into with the buyers, which generally coincides with the firming of sale contracts / agreements. Where the Company still has obligation to perform substantial acts even after the transfer of all significant risks and reward, revenue in such cases is recognized by applying percentage of completion method only if the following threshold have been met:

- i) All Critical approvals necessary for commencement of the project have been obtained.
- ii) the expenditure incurred on construction and development costs (excluding land cost) is not less than 25% of the total estimated construction and development costs:
- iii) at least 25% of the saleable project area is secured by contracts / agreements with buyers; and
- iv) at least 10% of the contracts / agreement value are realized at the reporting date in respect of such contracts / agreement.

Other income:-

- The Company's share in profit / loss from a firm / LLP / AOP where the Company is partner / member, is recognized when the same is credited to the Company's account on the basis of audited accounts of such firm / LLP / AOP, as per the terms of partnership deed.

- Interest income is recognized on time proportionate basis

1.6 Borrowing cost:-

Borrowing costs directly attributable to the acquisition or construction of a qualifying asset are capitalized as a part of the cost of that asset, during the period of time that is necessary to complete and prepare the asset for its intended use.

Transaction costs in respect of long-term borrowings are amortized over the tenor of respective loans using effective interest method. Other borrowing costs are expensed in the period in which they are incurred.

1.7 Inventories:-

Inventory comprises of stock of Land and properties under construction (Work in Progress). Work In Progress comprises cost of land, development rights, construction and development cost, cost of material, services and other overheads related to projects under construction. Inventory is valued at cost or net realizable value whichever is lower.

1.8 Cash Flow Statement:-

Cash flows are reported using the Indirect method, whereby profit for the year is adjusted for the effect of transactions of a non-cash nature, any deferral or accruals of the past or future operating cash receipt or payment and item of income or expenses associated with investing cash flow. The cash flow from operating, investing & financing activities of the company are segregated. The Company has considered all highly liquid investment that are readily convertible to know amount of cash to be cash equivalent.

Amendment to Ind As 7:-

Effective April 1,2017, the company adopted the amendment to Ind As 7,which requires the entities to provide disclosure that enable users of the financial statement to evaluate changes in liabilities arising from financing activities , including both changes arising from cash flow & non cash changes, Suggesting inclusion of a reconciliation between the opening & closing balances in the Balance Sheet for the liabilities arising from financing activities to meet the disclosure requirement. The adoption of the amendment did not have any material impact on the financial statement.

1.9 Earnings Per Share :-

The Company reports basic and diluted earnings per share in accordance with Ind AS - 33 on 'Earnings per Share'. Basic earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of Equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive. The number of equity shares & potentially dilutive equity shares are adjusted retrospectively for all periods presented for bonus shares issued.

1.10 Current and Deferred Taxes :-

Current Tax :-

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to / recovered from

CITADEL REALTY AND DEVELOPERS LIMITED

the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the local tax laws existing in the respective countries.

Deferred Tax

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized. The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax liabilities and assets measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively by the end of the reporting period

Deferred tax liabilities and assets measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively by the end of the reporting period

1.11 Provisions, Contingent Liabilities and Contingent Assets:-

A provision is recognized when the Company has a present obligation as a result of past event and it is probable than an outflow of resources will be required to settle the obligation, in respect of which the reliable estimate can be made. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material) and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date adjusted to reflect the current best estimates.

Contingent liabilities and Contingent assets are not recognized in the financial statements.

1.12 Operating Cycle:-

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current

1.13 Financial Instruments:-

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized in profit or loss.

Effective interest method :-

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Financial assets at amortized cost:-

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value:-

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in profit or loss

Financial liabilities and equity instruments :-

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument. Financial liabilities are measured at amortized cost using the effective interest method. Financial liabilities at FVTPL are stated at fair value, with gains and losses arising on re-measurement recognized in profit and loss account.

1.14 Recent Accounting pronouncements

Ind As 115, Revenue from contracts with customers:-

The Ministry of Corporate Affairs (MCA) has issued the Companies (Indian Accounting Standards) Amendment Rules, 2017 and Companies (Indian Accounting Standards) Amendment Rules, 2018 amending the following standard:

Ind AS 115 Revenue from contracts with customers

Ind AS 115 was issued on 29 March 2018 and establishes a five-step model to account for revenue arising from contracts with customers. Under Ind AS 115, revenue is recognized at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The new revenue standard will supersede all current revenue recognition requirements under Ind AS and the guidance note of real estate issued by ICAI. Ind AS 115 is applicable to the Group for annual periods beginning on or after April 1, 2018.

Note 28:- Financial Risk Management

a. The Companies principal financial liabilities comprise of borrowings, trade and other payable. The main purpose of financial liabilities is to manage finance for the Company's operations. The Company has loan and trade receivables and cash and short term deposits that arise directly from its operations. The Company's activities exposes it to variety of financial risk.

(i) Credit Risk:-

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investments in debt securities.

The carrying amount of the financial assets which represents the maximum credit exposure is as follows:

Trade and other receivables:-

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However credit risk with regards to trade receivable is almost negligible in case of its residential sale as the same is done to the fact that in case of its residential sell business it does not handover possession till entire outstanding is received.

Cash and cash equivalents:-

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

(ii) Liquidity risk:-

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed condition, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of surplus funds, bank overdrafts, bank loans, debentures and inter-corporate loans.

The Group assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. The Group has access to a sufficient variety of sources of funding.

(iii) Market Risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. We are exposed to market risk primarily related to interest rate risk and the market value of certain commodities. Thus, our exposure to market risk is a function of borrowing activities and revenue generating and operating activities. The objective of market risk management is to avoid excessive exposure in our revenues and costs.

Interest rate risk:-

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

The Group's interest rate risk arises from borrowings . Borrowings issued at fixed rates exposes to fair value interest rate risk. The interest rate profile of the Group's interest-bearing borrowing as reported to the management of the Group is as follows.

Interest Rate Sensitivity	Increase / decrease in point	Effect on profit before tax
For the year ended March 31, 2018 INR Borrowing	+50 (50)	(5.68) 5.68

Financial instruments and cash deposits

The Company considers factors such as track record, size of the institution, market reputation and service standards to select the banks with which balances and deposits are maintained. The Company does not maintain significant cash and deposit balances other than those required for its day to day operations.

Liquidity Risk

The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company relies on a mix of borrowings, capital infusion and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium term expansion needs. The Company monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Company does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities.

The Company is required to maintain ratios (including total debt to EBITDA / net worth, EBITDA to gross interest, debt service coverage ratio and secured coverage ratio) as mentioned in the loan agreements at specified levels. In the event of failure to meet any of these ratios these loans become callable at the option of lenders.

Competition and price risk:-

The Company faces competition from local and foreign competitors. Nevertheless, it believes that it has competitive advantage in terms of high quality products and by continuously upgrading its expertise and range of products to meet the needs of its customers.

Capital risk management:-

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The primary objective of the Company's capital management is to maximize the shareholder value. The Company's primary objective when managing capital is to ensure that it maintains an efficient capital structure and healthy capital ratios and safeguard the Company's ability to continue as a going concern in order to support its business and provide maximum returns for shareholders. The Company also proposes to maintain an optimal capital structure to reduce the cost of capital. No changes were made in the objectives, policies or processes during the year ended March 31, 2018 and March 31, 2017.
